

The Order 8241

Chapter: 8241

“Kill, kill, kill...”

Dozens of Flying Tiger City spies, each with murderous intent in their eyes.

Over the years, Rhino City and Flying Tiger City have been in constant conflict over resources.

There are not only conflicts among the three tribes, there are also conflicts among the same tribes. From ancient times till now, they are all conflicts driven by interests. Even if you reach the heaven and become an immortal, you cannot change this status quo!

Dozens of spies from the Flying Tiger City changed into the armor of the combat team, and then headed towards the City Lord’s Mansion in an orderly manner!

Because Rhino City has increased patrols, the streets are full of combat troops, so no one doubts the identity of this team of combat troops.

When they arrived at the gate of the City Lord’s Mansion, the group was stopped.

“Show me your token...”

A guard said to the leader.

The leader was the owner of Tianbao Pavilion. He readily took out the token and handed it over.

The guard took the token in his hand, and a flash of white light appeared, proving that the token was real and not a fake.

Seeing that the token was real, the guard returned it and said, “Go in...”

Soon, the shopkeeper of Tianbao Pavilion led his men into the City Lord's Mansion.

After entering the City Lord's Mansion, the shopkeeper of Tianbao Pavilion whispered, "Now divide the troops into two groups, try not to cause conflict, and find the residence of the City Lord's son and daughter."

Everyone nodded, and then split into two groups to look for Niu Li and Niu Ben.

Because the City Lord's Mansion is very large, these people don't know where exactly Niu Li and Niu Ben live, and they don't dare to use their spiritual sense to investigate, as that would easily expose them, so they can only search slowly!

However, these Flying Tiger City spies did not notice at this time that every blue brick under their feet was faintly flashing green light.

In order to prevent anyone from sneaking into the City Lord's Mansion, the City Lord the Gadfly had already spent a lot of money to set up a formation in the City Lord's Mansion.

Although these people had tokens and the armor of the combat team, unfortunately their aura was not recorded in the formation, so when they entered the City Lord's Mansion, the formation began to slowly activate.

At this moment, the Gadfly who was practicing in the Demon-Suppressing Tower suddenly opened his eyes and frowned tightly.

"What's wrong?" Chen Ping asked when he saw this.

"A stranger broke into the City Lord's Mansion. I want to go out and take a look..."

The Gadfly stood up and left the Demon-Suppressing Tower.

Seeing this, Chen Ping followed the Gadfly and left the Demon-Suppressing Tower, and then the two of them walked into the yard.

Chapter: 8242

Soon, the two discovered that there was a team of suspicious soldiers in the courtyard of the City Lord's Mansion.

"There has never been a patrol of the war troop in this palace at night..."

' said the Gadfly softly.

"It is very likely that this combat team is pretended to be someone else," said Chen Ping.

The Gadfly nodded, and took out a dark stone from his arms, on which were obscure symbols.

As the Gadfly injected immortal power into the stone, white light suddenly shot out from all around the City Lord's Mansion.

These white lights were connected and actually covered the entire City Lord's Mansion.

"It's bad, we've been discovered, retreat quickly..."

The shopkeeper of Tianbao Pavilion did not expect that they would be discovered as soon as they stepped into the City Lord's Mansion.

At the same time, shrill alarms sounded around the City Lord's Mansion, and countless guards rushed out!

Bai Yi and Feng Xian also ran out, looking nervous and asked, "What happened?"

"It's okay. Someone broke in. It should be a spy from Flying Tiger City. It will be dealt with soon."

The Gadfly comforted the two of them.

"Damn, why is this Feihu City never-ending? Are we really going to fight to the death?"

When Bai Yi heard this, he immediately became angry.

"Does this Rhino City have a feud with Flying Tiger City?"

When Chen Ping heard what Bai Yi said, it was obvious that this kind of thing happened frequently between the two sides.

"There's nothing wrong with it. It's just that Feihu City has few resources, so they often come to our territory to compete for resources."

"As for the Purgatory Field, Flying Tiger City is also jealous and wants to occupy it, so conflicts often occur."

"We are only thousands of miles away from Flying Tiger City. We are the two closest cities, so it is normal for us to have conflicts."

The gadfly, on the other hand, has a more open-minded view. It is normal to have disputes over resources.

"I think they are heading for the treasure place. It has been occupied by Rhino City, and Flying Tiger City is unwilling to give up."

Bai Yi said.

“The place where the treasure is buried?” Chen Ping was stunned, his face full of confusion!

Chapter: 8243

“Brother, I’ll tell you later, let’s deal with these people first.

After the Gadfly finished speaking, he flashed away and headed straight for those Western spies.

Seeing this, Chen Ping called out to Bai Yi and Feng Xian, “Let’s do it too. We can’t just eat and drink for free!”

After saying that, Chen Ping rushed forward instantly with the Dragon-Slaying Sword in hand!

Boom boom boom.....

Chen Ping made a move and slashed out three swords in succession!

But it was these three swords that directly took the lives of three Western Region spies.

You should know that these Western spies are wearing special armor made by the combat team. Not only are they extremely hard, but they are also soaked in turtle blood.

Now Chen Ping made a move and actually broke the armor and killed the man, which shocked those Western Regions spies!

They were already few in number, and now faced with a master like Chen Ping, their fighting spirit was gone in an instant!

“court death.....”

Upon seeing this, the shopkeeper of Tianbao Pavilion slashed at Chen Ping with a knife.

A blood-red sword rose into the sky and slashed down with an endless breath of death.

Seeing this, Chen Ping swung the Dragon-Slaying Sword in his hand, intending to block the attack.

“Damn it, you dare to touch my brother...”

When the Crazy Immortal saw someone attacking Chen Ping, he immediately became angry. He instantly stood in front of Chen Ping and then attacked with both palms.

The Crazy Immortal clapped his palms, and two balls of red flames rose from his palms, colliding with the blood-red sword of the owner of Tianbao Pavilion.

Amid the violent explosion, the blood-red sword broke into pieces, and the shopkeeper of Tianbao Pavilion flew backwards like a kite with a broken string, hitting the corridor column heavily. His helmet fell off, and a mouthful of blood spurted out, staining the warrior armor on his chest red.

“How is this possible...”

The shopkeeper of Tianbao Pavilion looked at Fengxian in horror, his eyes full of disbelief.

“You...are you a mad fairy?”

The shopkeeper of Tianbao Pavilion was shocked. It had been hundreds of years since the Crazy Immortal entered the Purgatory, and everyone thought he was dead, but he actually showed up today.

What shocked the shopkeeper of Tianbao Pavilion even more was that this crazy immortal actually called Chen Ping “Big Brother”?

He didn't know Chen Ping's identity, but the token was obtained from Chen Ping, which showed that Chen Ping had a special relationship with the City Lord's Mansion, otherwise he would not have the token!

Chapter: 8244

“It’s you?” Chen Ping was shocked when he saw the shopkeeper of Tianbao Pavilion!

The Gadfly also walked over and saw the other person’s face clearly. His pupils suddenly shrank and a look of shock appeared on his face.

“It’s you! Li Tianbao!”

The Gadfly’s voice was filled with anger and disappointment. “I trusted you so much that I handed Tianbao Pavilion over to you to manage. I didn’t expect you to be a spy from Feihu City!”

Li Tianbao struggled to get up from the ground, wiped the blood from the corner of his mouth, and sneered: “Gadfly, don’t be so naive. In this world where the strong prey on the weak, who doesn’t want to occupy more resources? Your Rhino City occupies the treasure land and monopolizes the resources. Flying Tiger City will naturally not sit idly by. ”

“shut up! ”

The Gadfly shouted angrily, his aura surging, “Today, none of you will leave alive!”

As he spoke, the magic words in the hands of the Gadfly changed, and the formation above the City Lord’s Mansion shone brightly. Chains emerged from the void and flew towards the remaining spies from Flying Tiger City.

Just when everyone was fighting fiercely, a scream suddenly came from a distance.

“Let me go!”

Niu Ben was seen walking out of the room being held hostage by a spy from Flying Tiger City. The spy’s hand was on Niu Ben’s throat. If he was not careful, Niu Ben’s life would be in danger.

“Father! Save me!”

Niu Ben's face was full of fear and he shouted for help.

The Gadfly paused, a trace of panic flashing in his eyes.

"If you dare to hurt my son, I will make you live a life worse than death!"

The Gadfly's eyes were wide open with anger, and his body was filled with murderous intent.

Seeing this, Li Tianbao was delighted. He endured the pain and struggled to walk to the spy who was holding Niu Ben hostage.

"Gadfly, you didn't expect that, did you? God will always find a way out." Li Tianbao said with a sinister smile, "Get out of the way and let us go, otherwise, your son will die."

The Gadfly's face was gloomy and uncertain. Looking at his son's frightened eyes, his heart was full of confusion.

As the lord of a city, he naturally couldn't let the spies from Feihu City leave so openly, but that was his own son, how could he watch his son fall into danger?

"Don't be impulsive."

Chen Ping stepped forward and whispered, "Let them leave first, and then we can make a long-term plan."

The Gadfly gritted his teeth and finally slowly put away the formation.

"You guys can go now, but I tell you, what Flying Tiger City did today, I, Rhino City, have remembered, we will settle this account sooner or later!"

Chapter: 8245

Li Tianbao smiled triumphantly and signaled his spies to slowly retreat.

“Gadfly, see you later. I hope you can still be so courageous when we meet next time.”

Watching the backs of the Flying Tiger City spies gradually disappearing into the distance, the Gadfly clenched his fists, his nails digging deeply into his palms, and blood dripped through his fingers.

“Father!” Niu Li also ran out of the room. Seeing her brother being held hostage, tears welled up in her eyes. “We must rescue my brother!”

“Don’t worry, I will definitely rescue Ben’er.” The Gadfly’s eyes were firm, “How dare the Flying Tiger City be so arrogant on the territory of my Rhino City? I will make them pay a heavy price!”

After the Gadfly finished speaking, he looked at the guards of the City Lord’s Mansion and shouted, “Who is guarding the door of the mansion today? How did these people get in?”

One needs a token to enter the City Lord’s Mansion. Now that so many Flying Tiger City spies have entered the City Lord’s Mansion, the guards did not stop anyone. This made the Gadfly very confused.

He suspected that there might be a spy in the City Lord’s Mansion. After all, even the owner of Tianbao Pavilion had become a spy of Feihu City. He began to not trust anyone.

“City Lord, we are on duty today. These Flying Tiger City spies entered with tokens, and the tokens have been verified and are genuine, so we let them in.”

A guard stepped forward and spoke cautiously.

“How did they get the token?” The Gadfly asked with a puzzled look on his face.

At this moment, Chen Ping seemed to have thought of something, and said a little embarrassedly: “Their tokens should have been given by me...”

Chen Ping remembered that he had pawned his token at Tianbao Pavilion.

“You?” The Gadfly was stunned: “Brother, how come you have the token of our City Lord’s Mansion?”

Before Chen Ping could speak, Niu Li noticed Chen Ping and asked in surprise, “Why is it you? Did you pawn my token?”

After hearing what Chen Ping said, Niu Li also remembered.

Chen Ping nodded embarrassedly: “I was short of immortal coins at the time, and I had no choice but to pawn the token at Tianbao Pavilion...”

The Gadfly looked at Niu Li and Chen Ping in confusion. He didn’t understand how his daughter got to know Chen Ping.

“No wonder I couldn’t find the token’s location when I tried to find out where you were later.”

When Niu Li heard this, she said with some complaints!

“I’m so sorry!” Chen Ping apologized again, and then explained to the Gadfly how the token came about.

After listening, the Gadfly did not pursue the matter any further. After all, he did not dare to say anything to Chen Ping, as Chen Ping was now his elder brother.

“Brother, you didn’t expect this to happen. It has nothing to do with you. It’s also my fault for not choosing the right person. I didn’t expect that Li Tianbao was actually a spy from Feihu City.”

When the Gadfly thought of the shopkeeper of Tianbao Pavilion, his face was filled with anger and he wished he could eat Li Tianbao alive.

Chapter: 8246

“Father, my brother has been captured. We must find a way to rescue him. If all else fails, we can just attack Feihu City and fight to the death.”

Niu Li said to the Gadfly.

“Don’t worry. Even though they captured your brother, they just wanted to blackmail me in exchange for the treasure and some resources.”

“They won’t do anything to your brother. Killing your brother won’t do them any good.”

The Gadfly was not worried at the time, because he knew that Feihu City did not want to kill anyone, they just wanted to threaten him.

“But you can’t not save your brother, right?” Niu Li said!

“Who said we won’t save them? We just have to wait. Flying Tiger City will contact us on its own initiative.”

The Gadfly glanced at Niu Li and said, “Go back to sleep. You don’t have to worry about this matter.”

Although Niu Li was not convinced, she turned around and left.

“Old Cow, where is the treasure? Can you take me to see it?”

Chen Ping was very curious about the treasure place.

“Brother, that treasure land can only be opened once every thousand years. Now is not the right time at all. If you force your way in, you will be suppressed by the way of heaven and your life span will be greatly reduced.”

said the Gadfly!

“Lifespan loss?” Chen Ping was somewhat surprised, “Why is there such a suppression by the heavens?”

“Take me to have a look first, but I don’t have to go in...”

Seeing that Chen Ping was determined to go, Gadfly could only nod and say, “Okay, I’ll take you there first, but don’t be impulsive. If you go in and don’t get out alive, it will be troublesome.”

“Don’t worry, I know what I’m doing!” Chen Ping nodded!

The Gadfly took Chen Ping to the treasure place, while Fengxian and Bai Yi chose to stay in the City Lord’s Mansion.

Chen Ping followed the gadfly and flew for several hours. When he felt that he was about to fly out of the entire beast tribe area, he finally stopped.

Seeing the barren land everywhere, Chen Ping frowned and asked, “Is this still the territory of your Rhino City?”

They have flown thousands of miles. If this is still the territory of Rhino City, then Rhino City is too big.

“Yes, this is still the territory of our Rhino City, but going forward is the territory of Flying Tiger City, and this treasure land is where Flying Tiger City and I often fight for it.”

“But there are still more than 300 years before the treasure land is opened. Why is Feihu City so impatient?”

The Gadfly was very confused. Why didn’t the Flying Tiger City wait until the treasure land was about to be opened before taking action?

Chapter: 8247

“Let’s go, let’s go down and take a look...”

After saying that, Chen Ping fell down first!

The Gadfly followed closely behind, and the two men fell to the ground. Chen Ping discovered that only a few miles away from them, there was a clear mark visible to the naked eye on the ground.

There seems to be a dividing line on the ground, and the color of the ground is different.

The land in the treasure land is a light red color, like the color of blood that has seeped into the soil for too long.

Chen Ping walked towards the treasure place. The Gadfly wanted to stop him, but saw that Chen Ping had already walked in!

As soon as he walked in, Chen Ping’s brows suddenly frowned!

Because he could clearly feel that the strength in his body was slipping away, and so was his lifespan.

Chen Ping quickly retreated, and that feeling disappeared instantly.

“It’s really like that...” Chen Ping said with a frown.

“Brother, how could I lie to you? Normally, no one dares to set foot on this land.”

“Let’s go back. It’s not worth wasting too much energy and life here.”

The Gadfly persuaded Chen Ping.

Chen Ping did not move, but stared at the treasure land in front of him, and then asked: “You said this is the suppression of the heavenly law. If we can break this heavenly law, will everything be fine?”

The Gadfly was stunned for a moment, then laughed and said, “Brother, although you do have some strength and you have the blood of a golden dragon, this place is under the suppression of the Heavenly Dao. How can you break through the Heavenly Dao?”

Chen Ping did not say anything, but instead summoned the Dragon-Slaying Sword and walked towards the treasure place again with a determined look in his eyes.

When he was climbing the ladder to heaven, he could break the seal of the Great Dao, and then he might as well break the Way of Heaven.

The Gadfly looked at Chen Ping and wanted to speak out to stop him, but then he changed his mind and decided to let Chen Ping suffer a little, maybe he would go back with him.

Chen Ping, holding the Dragon-Slaying Sword, walked into the treasure place again.

That strange feeling came again, but this time Chen Ping did not panic. Instead, the dragon crystal on his chest flickered and the dragon-slaying sword in his hand also emitted a golden light.

“break.....”

Chen Ping swung the dragon-slaying sword in his hand suddenly forward.

A sword energy transformed into a golden dragon, roaring and rushing towards the empty space in front.

Buzz!

Chapter: 8248

As the sword energy and golden dragon disappeared, the entire airspace began to tremble.

And that strange feeling disappeared instantly under this sword.

“Okay...” Chen Ping said as he put away the Dragon Slaying Sword!

“What?”

The Gadfly was stunned, then looked at Chen Ping.

“Come in and try it!”

Chen Ping waved at the Gadfly and said.

“Is that okay?”

The Gadfly was a little hesitant, and he walked slowly towards the treasure place.

When he carefully stepped into the treasure place, he was suddenly stunned, and then looked at Chen Ping with shock.

“This... is this possible?” The Gadfly’s face was full of disbelief!

“It’s just the way of heaven. It can’t suppress me at all!”

Chen Ping said this in a very pretentious manner.

“Big brother is that one, so awesome...”

The Gadfly gave Chen Ping a thumbs up.

“Stop flattering me and lead the way!”

Chen Ping let the Gadfly lead the way!

The two men walked towards the depths of the treasure land, but as they went deeper, Chen Ping discovered that there was actually a hint of evil spirit in this treasure land.

At the beginning, I couldn't notice it at all, but now I can feel it a little bit.

“Old Cow, could this treasure trove also be left behind by the demons?”

Chen Ping asked the Gadfly.

“I don't know either. Anyway, when the two major demon clans fought, it was said that tens of thousands of demon cultivators died. I haven't seen it, I just heard about it!”

' replied the Gadfly.

“You haven't been to this treasure land either?” Chen Ping continued to ask.

Chapter: 8249

“No.” The Gadfly shook his head: “No one knows what treasures are in this treasure land. It seems that no one who enters has ever left.”

“It’s just a legend passed down from generation to generation. There is a treasure in this area, and then it is called the Treasure Land.”

“Fuck...” Chen Ping wanted to curse immediately after hearing that.

Just for a fictitious treasure, Feihu City is fighting with Rhino City. What a fight!

If we fight for a long time and try to seize this piece of land, but in the end there is nothing left, wouldn’t we be so angry that we die?

“Don’t be angry, brother. Since there is such a legend, there must be treasure in this area. The less people have seen it, the more it proves that no one has touched the treasure. Then it will all be ours!”

Seeing that Chen Ping was about to get angry, The Gadfly hurried to persuade him.

“Let’s go. We’re all here. There’s no point in me getting angry!” Chen Ping said speechlessly.

The Gadfly took Chen Ping and continued to move deeper into the treasure land!

But after walking for a while, Chen Ping stopped suddenly.

“Brother, why did you stop?” The Gadfly asked in confusion.

“Do you see the big mountain in front?” Chen Ping asked, pointing ahead!

“Big mountains? Where can we find big mountains in this barren land?”

The Gadfly said this and looked in the direction Chen Ping pointed!

“Damn...” The Gadfly was also stunned for a moment, because he didn’t know when a towering mountain appeared in front of them.

“Is this not an illusion? I clearly didn’t see any mountain just now. This mountain must be fake.”

After the Gadfly finished speaking, he suddenly swung his palm towards the mountain in front of him.

If this mountain is fake, an illusion, then this palm strike will definitely miss.

Boom boom...

Accompanied by a deafening sound, sand and rocks flew everywhere.

This palm actually hit the mountain directly.

“real?”

The Gadfly’s face was full of shock!

“This mountain is real, not an illusion. If it were an illusion, it would not have escaped my eyes.”

Chapter: 8250

Chen Ping is a man who possesses the origin of illusion. If it is an illusion, it is impossible for him to be confused.

At this moment, a terrifying aura suddenly burst out from the mountain wall!

boom!

The gadfly didn’t have time to react and was blown away.

“Damn, this mountain can fight back. Is the mountain alive?”

The Gadfly was confused.

He hit the mountain with a palm, but he didn't expect that the mountain would hit him back.

Will this mountain also take revenge?

“There is a formation on this mountain. The palm strike you just made was counterattacked by the formation!”

Chen Ping said as he gazed at the mountains in front of him.

Chen Ping saw that there was golden light flashing on the mountain wall, and the aura that erupted was extremely powerful.

“Formation?” The Gadfly seemed a little speechless and said, “What should I do? I never knew there was a mountain in this treasure land, let alone a formation on the mountain.”

“A small formation can't stop me!”

Chen Ping walked to the foot of the mountain in a very pretentious manner, looked at the towering peak, spread out his palms, and the Dragon-Slaying Sword appeared instantly.

boom!

Chen Ping simply swung a sword towards the mountain wall, and the golden light on the mountain wall shattered, and the formation was directly broken.

After the formation was broken, a winding stone staircase appeared at the foot of the mountain. This stone staircase led directly to the belly of the mountain, giving people an eerie feeling.

“Brother is awesome...”

Seeing this, the Gadfly couldn't help but give Chen Ping a thumbs up.

You have to know that the Gadfly's current realm is much higher than Chen Ping's, but he just admits it.

Chen Ping's performance time and time again made The Gadfly bow down to him.

“Let's go in and take a look. You follow me, don't get into any danger or you'll die...”

Chen Ping said to the Gadfly.

“Yes!” The Gadfly nodded obediently and followed Chen Ping!

The two men walked along the stone steps into the mountain. Chen Ping walked in front, and the Gadfly followed nervously behind.

Even though Chen Ping was in front of him, Gadfly was still very nervous. The terrifying aura that the formation had just erupted from still made Gadfly feel frightened.

As the two men walked forward, the eerie feeling around them became stronger and stronger, and the evil spirit began to constantly invade their bodies.

The Gadfly just felt cold all over and very uncomfortable. He could only use the strength in his body to resist the invasion of this evil energy.

However, Chen Ping seemed to be doing it in a very natural way. He did not try to stop the evil spirits at all. He even activated the Concentration Mind Technique to absorb the evil spirits from all around him.

These evil auras are like poison to the gadflies, but to Chen Ping, they are resources for cultivation.

After the two had walked for a while, they suddenly found that the stone steps disappeared, and they saw a stone wall blocking their way!

Chen Ping and Gadfly stared at the stone wall in front of them. The wall was engraved with dense runes and emitted a strange glow.

The arrangement and combination of runes was completely beyond their understanding. It looked neither like common formation patterns nor had anything to do with any known writing system.

“What the hell is this?”

The Gadfly frowned and couldn't help complaining.

He stretched out his hand to touch the stone wall, but just as his fingertips were about to touch it, he felt an intense stinging pain.

As if being stabbed by countless tiny needles, he quickly retracted his hand and shook it off, “Damn, I can't even touch it!”
