

The Order 8261

Chapter: 8261

The moment the runes were integrated into the city formation, the entire city shook violently. The black-robed monks turned pale, vomited blood, and flew backwards.

“My name is Chen Ping. I came to see your city lord to give him face. If anyone tries to stop me, don’t blame me for killing him!”

Chen Ping’s voice resounded throughout the city like a huge bell, and the lingering sound even caused cracks to appear in the clouds.

These black-robed monks made way with grim expressions.

When Chen Ping and his companions passed through the last city, the eaves of the city lord’s mansion were already in sight.

The vermilion gate slowly opened, and a middle-aged man in a golden python robe stood with his hands behind his back. It was Jie Zhong, the lord of Feihu City.

He glanced at Chen Ping and the other two and asked, “Who are you three? Why have I never seen you in Rhino City?”

The three of them stepped into the courtyard, and then an ancient jade slip flew out from Chen Ping’s sleeve: “City Lord Jie, it doesn’t matter who we are. What matters is that we can negotiate with you on behalf of City Lord Niu.”

Jie Zhong took the jade slip and his pupils suddenly contracted. The atmosphere in the courtyard froze in an instant, only the evening breeze blew the fallen leaves, swirling between the two people.

Jie Zhong certainly recognized this jade slip. It was the symbol of the Gadfly’s identity. With this jade slip, he could make any promise on behalf of the Gadfly.

“In that case, let’s talk...”

Jie Zhong returned the jade slip to Chen Ping and said!

“I’m talking to you. Can you make the decision?” Chen Ping asked!

“Nonsense, I am the mayor of Feihu City. If I can’t make the decision, who else can?”

Jie Zhong snorted coldly.

“Although you are the mayor of Feihu City, the person who can make the decision is probably not here, right?”

After Chen Ping finished speaking, he looked towards the west.

Because to the west of the City Lord’s Mansion, there is a mountain range heading west, and there are more than a dozen cities along the way, all of which are within the sphere of influence of Feihu City.

But Chen Ping discovered that the dozens of cities in Feihu City formed a formation. Although at first glance, these cities protected the main city in the middle.

However, Chen Ping realized that the core of the formation was on the mountain range. On the mountain range was a city of a very large area, the kind of small city that was looked down upon by others.

However, the core of the entire huge formation is located above this small town, which is obviously unreasonable.

Therefore, Chen Ping speculated that Xie Zhong was only the city lord in name only, and the person who truly controlled Feihu City must be in that small city.

“What are you talking about? I have no idea what you mean. If you don’t want to talk, then go ahead.”

“Anyway, I have the Gadfly’s son in my hands. I have plenty of time to wait for him to talk.”

Chapter: 8262

Jie Zhong seemed very angry and said with a cold face!

Seeing Jie Zhong’s expression, Chen Ping became more convinced that his guess was absolutely correct!

“Of course we want to talk, otherwise why would we travel thousands of miles to travel here!”

Chen Ping said!

“Okay, since you want to talk, then come inside!”

After Jie Zhong finished speaking, he walked into the room first!

“Brother, be careful of fraud...”

Seeing this, Fengxian reminded Chen Ping.

“My dear son-in-law, we better be careful. This Jie Zhong is obviously playing tricks on us and has even sent people to test us at the checkpoint.”

Bai Yi also reminded Chen Ping.

“You two wait outside. I’ll go in and take a look. If there’s any danger, you retreat immediately and don’t worry about me.”

Chen Ping said to Fengxian and Bai Yi.

“Brother, who do you think I am? I would rather die than let you get into danger.”

The Crazy Immortal said this with loyalty.

Bai Yi glared at Chen Ping and said, “My dear son-in-law, if I run away by myself, how can I explain to my daughter? Just go and talk. At worst, the three of us can fight together.”

Chen Ping nodded, then followed Jie Zhong into the room!

If there was only Jie Zhong, Chen Ping would not be afraid at all. With Jie Zhong’s strength, Chen Ping could still deal with him.

“Please sit down...”

After entering the room, Xie Zhong asked Chen Ping to sit down.

Then someone brought tea, and the person who served the tea was Li Tianbao, the owner of Tianbao Pavilion in Rhino City.

At this time, Li Tianbao had restored his identity and became a core figure in Feihu City.

“I didn’t expect City Lord Niu would send you here!”

Li Tianbao said with some surprise when he saw Chen Ping.

“It’s the same no matter who comes, isn’t it?”

Chapter: 8263

Chen Ping said this with a double meaning.

After hearing this, Li Tianbao smiled slightly and said, “Indeed, if City Lord Niu comes, I really don’t know how to face him.”

“Everyone serves his own master. You are not wrong. If someone else had abducted Niu Ben, he might have suffered. At least you won’t.” Chen Ping said!

When Li Tianbao heard this, the expression on his face changed, and finally he turned and left.

“Niu Ben is doing well in my place, you can rest assured. All I want is resources and territory. As for Niu Ben’s life, I am not interested.”

After Li Tianbao left, Xie Zhong said to Chen Ping.

“Tell me your conditions...” Chen Ping asked.

“The treasure land belongs to our Feihu City!” said Jie Zhong.

“No problem!” Chen Ping nodded and agreed without hesitation.

The treasure land is now a dead place with no treasure left. Of course Chen Ping can agree.

Seeing Chen Ping agree so readily, Xie Zhong became a little confused.

“City Lord Jie, you don’t have to wonder why I agreed so readily.”

“It will take time to open the treasure land. It is just a wasteland now. No one can enter. So this kind of place is not important to City Lord Niu.”

Chen Ping explained.

After listening to this, Jie Zhong nodded and said, “That’s true, but I don’t just want this treasure land, I also want one million immortal coins, plus the century-old resources of the three places in the south of Rhino City!”

“Okay...” Chen Ping nodded!

Xie Zhong was stunned: “Can you really make the decision?”

“Of course, when City Lord Niu asked me to come, he told me that I would be fully responsible and I would agree to all your conditions.”

Chen Ping said.

“Do you know how much the one million immortal coins and the century-old resources in the three places south of the city are?”

Xie Zhong asked Chen Ping in disbelief.

“I don’t know, but I know that if you lose immortal coins, you can earn them again, and if you lose resources, you can create new ones, but if my son is gone, then he is really gone.”

Chen Ping said calmly.

Xie Zhong looked at Chen Ping with a puzzled look on his face. He originally thought he would have to bargain and had already thought of the bottom price in his mind.

Chapter: 8264

Isn't negotiation all about give and take?

But now, Chen Ping agreed so readily that Jie Zhong was a little at a loss, feeling that Chen Ping was not playing by the rules.

"Can you really make the decision?" Jie Zhong asked again.

"Of course, but if I agree to your conditions, you have to let me meet Niu Ben. If I can't meet him, wouldn't everything we talked about be meaningless?"

Chen Ping said!

"That's right!" Jie nodded, then clapped his hands lightly. Li Tianbao, who had left, walked in with Niu Ben.

Niu Ben's face looked very ugly, and he was obviously frightened. When he saw Chen Ping, his face was full of confusion.

"Niu Ben, don't be afraid, I'm here to take you home."

Chen Ping stepped forward, patted Niu Ben's shoulder gently and said.

Just when Chen Ping patted Niu Ben's shoulder, a breath of energy had already been injected into Niu Ben's body!

“Brother Chen, did my dad ask you to come?” Niu Ben asked!

“Yes, you will be able to go home soon...” Chen Ping nodded.

Niu Ben finally smiled and was obviously much more relaxed.

At this time, Jie Zhong waved his hand and asked Li Tianbao to take Niu Ben away. Then he said to Chen Ping: “You have seen the man, where are the resources and immortal coins I need?”

“City Lord Jie, you also know that these things cannot be gathered all at once. Please allow me to inform City Lord Niu and ask him to gather them for you within three days and then send them over.”

“Of course, we will not leave Feihu City within these three days, but you must ensure our safety and the safety of Niu Ben.”

Chen Ping said!

“No problem. I told you, what I want is the territory and resources. Your lives are worthless to me.”

After Xie Zhong finished speaking, he stretched out his hand and shook hands with Chen Ping.

This negotiation went very smoothly for Jie Zhong...

Chen Ping walked out of the room, and Bai Yi and Feng Xian immediately came to greet him.

“Brother, how is it?” asked the Crazy Immortal!

“The talks went smoothly!” Chen Ping said with a smile.

“I hope everything goes well. I hope this guy doesn’t ask for too much, right?” said Fengxian.

Chapter: 8265

Chen Ping shook his head: "I feel fine. I only asked for one million immortal coins, as well as the century-old resources of the three places in the south of Rhino City, and of course the treasure land..."

"What?" Bai Yi was stunned. "Isn't this a very high price? Are you sure you agree to it?"

"Of course, even if he wants the entire Rhino City, I will agree to it. After all, I don't plan to really give it to him."

Chen Ping smiled faintly.

"You're not going to give it?" Bai Yi was stunned!

"Of course, I'm just buying time and looking for a chance to rescue Niu Ben. I don't need to give a single penny to Feihu City.

Chen Ping said!

"Brother, we passed through so many cities and checkpoints along the way. It would be difficult to rescue Niu Ben, right?"

The Crazy Immortal frowned slightly.

"There are always more solutions than problems. We still have time to find a solution!"

Chen Ping said very optimistically!

At this time, the people arranged by Jie Zhong came to take Chen Ping and his companions to rest. During these three days, Chen Ping and his companions could only stay in the City Lord's Mansion of Feihu City.

After Chen Ping and the others were settled, Xie Zhong stared towards the direction of the western mountains, and his figure slowly disappeared!

When Jie Zhong appeared here, he had already arrived at a small town on the mountains!

There was a group of monks in red robes in this small town, but no one saluted Jie Zhong when they saw him. Jie Zhong was not surprised.

Then Xie Zhong came to a luxuriously renovated house, where a masked man sat. The man's face was not very good. When he saw Xie Zhong coming, he asked in a cold voice: "Any results?"

"Sir, we have the result. One million immortal coins, a hundred years of resources, and the treasure land. Rhino City has agreed to it."

Jie Zhong said happily!

"Oh?" The man was obviously stunned: "Did they agree so readily?"

"Yes, I agreed immediately, and everything will be ready in three days!"

Jie nodded and said!

"I always feel that agreeing too quickly is not a good thing. You must not be careless in these three days." said the man!

"I understand!" Jie nodded!

The man waved his hand, turned around and left!

Chapter: 8266

After Jie Zhong left, the man coughed violently a few times and the black scarf on his face fell off.

If Chen Ping were here at this moment, he would definitely recognize the man in front of him.

This man turned out to be Huo Zhao, the eighth master of the temple.

At that time, Huo Zhao's soul was summoned by Huo Zhenfeng, the head of the Huo family, with a token. He ended up fighting with Chen Ping for a long time. Chen Ping possessed the body of the Red Cloud Demon Lord and beat Huo Zhao so badly that he finally ran away!

Huo Zhao, who ran back, has been weak and needs a lot of resources to nourish his body.

So Huo Zhao led the people of the Eight Palaces and occupied Feihu City. Now the Lord of Feihu City, Jie Chong, was just a puppet.

It was also Huo Zhao's idea to ask Rhino City for so many fairy coins and resources.

Chen Ping's guess was correct. The person who truly had the final say was not in the City Lord's Mansion of Feihu City!

However, Chen Ping did not know that the person who was secretly controlling Feihu City was from the Temple, and would be the Eighth Palace Master of the Temple, Huo Zhao.

Similarly, Huo Zhao did not know that Chen Ping would be among those coming to negotiate. He might not have guessed that Chen Ping would be able to reach heaven by climbing the ladder so quickly.

At this time, in the City Lord's Mansion of Feihu City, Chen Ping, Bai Yi and Feng Xian did not rest, but looked at the darkening night and quietly walked out of the room!

“This City Lord’s Mansion is so huge, where should we find Niu Ben?”

Bai Yi frowned slightly.

“Father-in-law, I have injected a trace of aura into Niu Ben’s body. Now you only need to sense my aura to find Niu Ben!”

After Chen Ping finished speaking, he slowly released his spiritual sense and began to explore the aura he left in Niu Bei’s body.

Soon, Chen Ping noticed it, and then followed the guidance of the breath and went to the backyard of the City Lord’s Mansion.

Although there were soldiers patrolling along the way, Chen Ping and his men managed to avoid them all.

Because the Feihu City Lord’s Mansion is located among dozens of cities, no bad guys would enter here, so the patrolling soldiers became slack.

Chen Ping stopped in a room in the backyard.

“Niuben is right here...”

Chen Ping pointed to the room and said.

It seems that Niu Ben was not abused and was not thrown into prison. Instead, he was imprisoned in a room, which is considered very good treatment.

“I’ll go rescue him...”

Upon seeing this, Fengxian rushed in to bring Niu Ben out.

Chapter: 8267

However, Chen Ping pulled him back: "Wait, let me see if there is any formation..."

Chen Ping slowly squatted on the ground, then drew a very strange rune on the ground with his hand, and then a stream of immortal power injected into the rune.

Buzz...

As the rune flickered, the house in front of them also began to flicker.

It was obvious that this room was also surrounded by a formation. If the crazy immortal had rushed in recklessly just now, the formation would definitely have been activated, and they would have had no chance of escaping then.

"Damn, these guys are really cautious. They set up a magic circle in such a tight place!"

Upon seeing this, the Crazy Immortal couldn't help but curse.

Chen Ping didn't say anything. He looked at the magic circle in front of him and slowly pressed his palm on it!

He wanted to break the formation by force and not look for the center of the formation. After all, they had limited time!

As golden light emanated from Chen Ping's palm, the formation surrounding the house began to gradually lose its light, and finally disappeared completely.

"alright....."

After Chen Ping finished speaking, Fengxian rushed into the room and dragged Niu Ben out!

Niu Ben was shocked and was about to shout, but when he saw Chen Ping, he shut his mouth instantly.

“Don’t talk, follow us, I will help you escape.”

Chen Ping said to Niu Ben.

Niu Ben widened his eyes and nodded vigorously.

Chen Ping and his men began to flee the City Lord’s Mansion with Niu Ben.

But just after leaving the backyard, he ran into Li Tianbao.

Li Tianbao came to deliver something to Niu Ben, and he didn’t want Niu Ben to suffer.

After all, Li Tianbao had been in Rhino City for so many years, and Gadfly had been very good to him, even letting him be the shopkeeper of Tianbao Pavilion.

But as a member of Flying Tiger City, Li Tianbao knew his mission, so there was nothing he could do.

When Li Tianbao bumped into Chen Ping and the others, both sides were stunned for a moment.

Chen Ping was quick-eyed and quick-handed, and slapped Li Tianbao with one palm.

He had to make Li Tianbao lose consciousness before he issued a warning, otherwise it would be difficult for them to take Niu Ben away from here!

Chapter: 8268

Li Tianbao instinctively wanted to fight back, but in the end, for some reason, he pulled his hand back, allowing Chen Ping to hit him hard on the chest.

Li Tianbao flew backwards, his head tilted and he fainted.

Looking at the unconscious Li Tianbao, Chen Ping frowned slightly. He could clearly feel that Li Tianbao deliberately did not resist and did not even make a sound.

At this moment, Chen Ping didn't have time to think about it, and quickly fled from the City Lord's Mansion with Niu Ben!

After leaving the City Lord's Mansion, Chen Ping looked around and decided to leave from the mountains in the west!

"Brother, we should go north to reach Rhino City the fastest. Why do we have to go west?"

The Crazy Immortal asked in confusion!

"We came all the way from the north, and we saw all those checkpoints. Each one was stricter than the other."

"As for the west direction, since it is not adjacent to Rhino City, there are fewer checkpoints in this direction."

Chen Ping explained!

In fact, Chen Ping went west because he wanted to take a look at the mountains, to see who was living in the small town on the mountains, and to see if his guess was true.

But just when Chen Ping and his companions left the City Lord's Mansion and headed towards the mountains in the west, a shrill alarm suddenly sounded throughout the City Lord's Mansion!

Figures rose into the sky from the City Lord's Mansion, and a large number of soldiers began to search for the whereabouts of Chen Ping and his men!

"Notify all cities to strictly guard the city gates. We must not let those guys from Rhino City escape."

Xie Zhong looked at the unconscious Li Tianbao and roared loudly.

He didn't expect that Chen Ping and his men would dare to rescue Niu Ben in his own territory.

Even if they escape from the City Lord's Mansion, they can't escape from the entire Feihu City. There are dozens of cities large and small around it, and they definitely can't escape even if they have wings.

Hearing the shrill alarm, Chen Ping knew he was exposed. The other party had already noticed that Niu Ben had been rescued.

"We need to speed up!" Chen Ping said!

The mad immortal carried the ox, and the four of them ran rapidly towards the west under the light of the night stars.

Chen Ping looked at the stars in the sky, each of them was extremely bright. Chen Ping knew that the stars he saw now should be the countless worlds, and the earth in the secular world should be one of them.

Chen Ping and his men ran faster and faster and did not dare to fly in the sky because the flying target was too big.

After leaving the City Lord's Mansion, there was a vast plain outside and there was no place to hide. However, fortunately, the cities were hundreds of miles apart, giving Chen Ping and his men some breathing space.

If the cities were built next to each other, it would be difficult for Chen Ping and his men to break out.

Chapter: 8269

It would take Chen Ping and his men less than an hour to cover the distance of several hundred miles.

When they arrived at the foot of a city, the guards were about to question Chen Ping and his men, but Chen Ping took action.

brush!

With a wave of the Dragon-Slaying Sword, countless sword beams fell towards the city gate like meteors!

The guards guarding the city didn't even have time to scream before they all died under Chen Ping's sword.

This is exactly the effect Chen Ping wanted, a quick victory and without alerting others.

If Jie Zhong knew that they were coming towards the west, he would definitely send a large number of troops to pursue them.

“Walk.....”

After Chen Ping killed the guard at the city gate with one sword, he jumped up without hesitation and flew across the city!

In this way, Chen Ping continued to kill the city gate guards in front, while Fengxian and Bai Yi protected Niu Ben.

They rushed through several cities in a row, and at this moment, the sky gradually brightened.

As he looked at the mountains getting closer and closer, Chen Ping became more and more nervous.

Now that it's daybreak, I believe Jie Zhong already knows the direction in which they escaped.

It is estimated that there are a large number of pursuers behind them now!

"I wonder how many cities are ahead?"

Bai Yi frowned slightly.

"Who cares? Just take as many as you can. We've already been through so many cities."

"This Feihu City only has a strong main city, the other cities are rubbish."

Said the Crazy Immortal.

After all, that night, Chen Ping solved every problem with just one sword, without any delay, which made Fengxian think that the strength of other cities in Feihu City was very poor.

"Don't be careless, let's go!"

Chen Ping said this, and the four of them continued on their way.

But soon, another city appeared in front of them, but this city was obviously much larger. Although it was not as big as the main city, it was larger than the other cities.

The most important thing is that the city gate is closed, and there is a gray-brown fog around it, making it impossible to see the city gate clearly.

Chapter: 8270

The whole city was shrouded in this fog. Even if Chen Ping flew into the air, it was difficult to see the scenery in the city!

Chen Ping tried to investigate with his spiritual sense and found that the fog had the ability to block spiritual sense. It was obvious that someone did it on purpose to cover up the situation in the city so that people would not know.

“It’s so strange. How come there seems to be no one in such a big city? I can’t detect any presence at all.”

The Crazy Immortal looked at the city that appeared before him and frowned slightly.

“Someone is deliberately covering up the city’s atmosphere. It seems that this city is considered to be more important in the entire Flying Tiger City.”

“If we want to pass through this city, it may not be as easy as it was at the beginning.”

Bai Yi said with a serious expression.

“There’s fog all around this city, we can’t see anything at all, why don’t we just fly over there?”

“If we can’t detect the people in the city, then the people in the city will definitely not be able to detect us either.”

Said the Crazy Immortal.

“We can’t get through. This fog is formed by a huge formation. Even if we fly over it, we will still be discovered.”

“We can only take it one step at a time now. We must first break the formation of this city, otherwise we will be in a passive position.”

Chen Ping decided to break the formation of the city in front of them first, otherwise they would not know the situation in the city, while the other side knew them well.

If this happens, it will be very passive.

When Chen Ping and his companions arrived at the city, they found that there was no one guarding the gate. It looked like they really wanted to create a dead city. However, Chen Ping knew that there could not be a dead city in the entire Feihu City area.

Chen Ping looked at the tall city gate in front of him, and slowly his eyes glowed with a faint red light.

This is Chen Ping opening his Tianming Eye. If Chen Ping were to break this huge formation by following the rules, it would probably take a long time.

And it is not certain that it can be broken, so now Chen Ping has to use the Tianming Eye to test this formation.

Buzz!

As the Tianming Eye opened, Chen Ping's vision changed dramatically.

The Tianming Eye opened, and the originally gray-brown mist slowly disappeared in Chen Ping's eyes. As the Tianming Eye continued to penetrate deeper, Chen Ping's vision actually penetrated the city gate and entered the city!

Although this formation blocks the aura and cannot be detected with spiritual sense, it is unable to stop the Sky Eye.

Chen Ping looked over and found that there was not a single person in the entire city, only soldiers in armor.

Countless soldiers were lined up in pairs, some were training, some were patrolling.

At this moment, Chen Ping finally understood that the city in front of him, which looked different, was not a city at all. It should be said that it was a huge barracks of Feihu City.

Those armored soldiers are trained in this place and then transported to various cities!

At this moment, Chen Ping became nervous and ran around, and actually ran to the most dangerous place.

Putting away the Sky Eye, Bai Yi whispered: "My dear son-in-law, how about it, can you break the magic circle in this city?"

"It's not broken, let's go somewhere else!"

After Chen Ping finished speaking, he turned and left!

"Brother, what are you doing? Are you scared?"

The Fengxian chased after Chen Ping in confusion.
