

The Order 8271

Chapter: 8271

Chen Ping remained silent, his face full of tension. If they alarmed the soldiers in the city, it would be difficult for them to escape.

“My dear son-in-law, if we bypass this place, I’m afraid we will have to walk a long way and encounter other checkpoints!”

Bai Yi said to Chen Ping!

We are already here and the mountains are right in front of us. If we take a detour, we will be wasting time.

“We have to take a detour. This is not a city at all, but a huge barracks filled with fully armed soldiers, probably tens of thousands of them.”

Chen Ping followed Bai Yi and Feng Xian and said!

“Take a detour, take a detour immediately...”

When Fengxian and Bai Yi heard this, they ran faster than Chen Ping.

In order to bypass the city and enter the mountains from another direction, Chen Ping and his companions walked hundreds of miles more.

But soon, another city appeared in front of them!

However, this city was obviously much smaller, and on top of the city gate stood a large number of soldiers in black armor.

Chen Ping and his men had just approached the city, with a range of hundreds of miles still to go, when they saw a large number of soldiers flying out of the city!

These soldiers headed straight for where Chen Ping and his men were.

“Hide your breath quickly. Who leaked it?”

Chen Ping was shocked when he saw this. They had clearly concealed their aura, so it was impossible for them to be discovered by those soldiers at such a distance.

“It’s me...” Niu Ben said somewhat embarrassedly.

It turned out that this guy had been hiding his aura for a long time, but his skills were not good enough, and finally his aura was leaked.

Seeing this, Chen Ping could only wave his hand, and a barrier appeared, blocking the breath of several people, and then he quickly left his original position!

A large number of soldiers surrounded the place where Chen Ping and his men started, but they did not find anyone.

“Look for them. They can’t run far.”

Captain Zhanbing immediately ordered his men to search everywhere!

Chen Ping and his men took advantage of the fact that the city was empty and tried to rush through the city quickly.

But just when Chen Ping and his men secretly arrived at the foot of the city, suddenly another team of soldiers rushed out of the city!

This time, neither side expected it and they met like this!

Chapter: 8272

brush.....

Chen Ping reacted quickly and swung the Dragon-Slaying Sword instantly, with thousands of sword energies slashing towards the soldiers in front of him!

These soldiers didn't even have time to react and all died tragically on the spot.

Chen Ping then had flames dancing in his palms, and then he ignited the fire and burned the corpses into ashes.

So many bodies lying at the city gate will soon be discovered.

Now that Chen Ping has destroyed the bodies and covered up all traces, it will take some time for the other party to find them!

“Walk.....”

Several people flew into the sky and rushed directly into the city.

Because there were no soldiers guarding the place, no one noticed the whereabouts of Chen Ping and his companions!

After passing through this city, the mountains finally came into view. The continuous mountains seemed to stretch as far as the eye could see, and were many times larger than the Tianmo Mountain in the heavenly world.

“Let’s go. There are fewer cities above this mountain range. Once we pass this mountain range, we will reach the territory of other beastmen. We don’t have to hide here and there anymore.”

Chen Ping saw the majestic mountains in front of him and let out a long sigh and said!

Building a city on the mountains requires enormous manpower and financial resources, so when it comes to the mountains, the size of Feihu City is obviously much smaller.

Chen Ping and his companions moved rapidly along the mountain range, and after traveling a thousand miles, they did not see a city.

“Brother Chen, can you take a break? I can’t keep up.”

Niu Ben said while panting.

After all, Niu Ben is still young, and the energy consumed in his body cannot be replenished quickly, so he must rest.

“Okay, take a break. Don’t run around. I’ll go check out the front!”

Chen Ping simply set up an illusion array and let Fengxian and the others enter it. If someone passed by, they would not be able to discover them.

After settling several people, Chen Ping disappeared in an instant.

Chen Ping ran quickly towards the depths of the mountains. Without Niu Ben’s drag, Chen Ping’s speed was much faster, and only a trail of afterimage could be seen.

As Chen Ping continued to go deeper into the mountains, two cities soon appeared before his eyes!

These two cities span almost the entire mountain range, blocking the way up the mountain.

There is only one passage between the two cities!

Chapter: 8273

These two cities are like two doors.

After seeing this scene, Chen Ping felt even more that the small town on the mountain was definitely extraordinary and there must be a big shot there!

Even the main city where Jie Chong was located did not have two cities to echo the defense, and the two cities that suddenly appeared now must be protecting the seemingly inconspicuous small city on the mountains!

There are a large number of soldiers standing on these two cities, and there is a huge disc on each city gate. Chen Ping doesn't know what it is used for!

But it is obvious that the scale and strength of these two cities are definitely stronger than other cities.

The most important thing is that there is no way to go around and get to the top of the mountains.

Moreover, there were many soldiers patrolling over these two cities, and the defense was extremely tight.

After observing for a while, Chen Ping quietly retreated!

“How about it? Can we cross the mountains and reach other beast tribe areas?”

Seeing Chen Ping coming back, Bai Yi asked Chen Ping!

Chen Ping shook his head solemnly and said, “There are two cities blocking the way ahead. We must get through them.”

“Brother, can’t we go around it?”

The Crazy Immortal asked.

“No, we have to get through. If we can’t get through, we can only go back, and then we will definitely be pursued.”

Chen Ping said!

“My dear son-in-law, what are the scales of these two cities? Are they easy to break into?” Bai Yi asked worriedly after hearing this.

“It’s not easy to break in. There must be tens of thousands of soldiers in these two cities.”

“Now we can only hope that their information is not in the right place and we can get away with it!”

Chen Ping said!

After all, they are all beastmen, so it is normal for them to come and go in and out of the city gate.

But Chen Ping was afraid that their news had already been passed here by Jie Zhong. In that case, they would probably be recognized as soon as they showed their heads.

“Try it, and be ready for a fight!”

Bai Yi nodded.

The four men walked towards the two cities. When they arrived at the foot of the city, they saw a large number of soldiers standing on the city gate. Each of them had a solemn expression and exuded a cold aura.

Chapter: 8274

Chen Ping took a deep breath and then walked towards the city gate!

“stop.....”

A group of soldiers stopped Chen Ping and his group, and then asked in a cold voice: “Where are you from?”

“We came from the main city and wanted to meet some friends.”

As Chen Ping spoke, he actually took out a bag of fairy coins, intending to bribe the captain of the soldiers guarding the city gate.

After all, this trick has been tried and tested in the secular world, and no one doesn't love money.

But who would have thought that as soon as Chen Ping took out the fairy coins, the captain of the combat troops frowned.

“Who are you? Surround them...”

Crash...

Chen Ping and his men were instantly surrounded by a team of soldiers.

Chen Ping was stunned for a moment. He didn't understand what the captain of the combat team meant. Was he dissatisfied with the lack of fairy coins?

"Are you dissatisfied that it's too little? I still have some left. Give them to the brothers to play with..."

Chen Ping took out another bag of fairy coins.

This time, the captain of the combat team looked even angrier.

"You are humiliating me. You are definitely not from our Flying Tiger City. Who are you?"

The captain of the combat team drew his weapon directly.

"Brother, there is no such rule in our beast tribe. Why did you give me a gift? Isn't this a slap in the face?"

When Fengxian saw Chen Ping's actions, he was speechless!

When Chen Ping heard the words of the Crazy Immortal, he felt a little embarrassed. He didn't expect that the heavenly world was so different from the secular world!

In the secular world, people never hit someone who gives them a gift. As long as you give a gift, basically anything can be done.

"If you don't want it, don't make it so tense!"

Chen Ping put away the immortal coins!

“Tell me, who are you? Otherwise, don’t blame me for being rude.”

The captain of the combat team roared!

Chapter: 8275

At the same time, the soldiers on the city gate also changed their aura and displayed their weapons one by one!

For a moment, the killing intent was overwhelming.

Chen Ping and his men instantly became the target of public criticism. If Chen Ping said something wrong now, he would probably be chopped into meat paste!

Feeling the murderous intent of the soldiers around them, Fengxian and Bai Yi became nervous, and even the aura in their bodies was constantly surging.

Niu Ben was so frightened that his face turned pale and he hid tightly behind Fengxian.

Chen Ping was not so worried at the moment. Since the other party suspected their identity, it proved that they had not received any information from the main city.

If I knew their identities, I would not have asked and would have taken action long ago!

Now we just have to find a way to deal with it. At worst we can just not leave this city!

Chen Ping took a quick look and saw that the area was already surrounded by soldiers, each of them was highly focused and ready to take action at any time!

The captain of the combat team was waiting for Chen Ping with a cold face!

“Misunderstanding, it’s all misunderstanding, please listen to my explanation...”

Chen Ping hurriedly followed the captain of the combat team in front of him and spoke!

At the same time, he was quietly drawing something on the ground.

No one noticed Chen Ping’s movements.

“Tell me, who are you?” the captain of the combat team shouted coldly!

“We are not actually from Feihu City. We just heard that Feihu City has good treatment, so we want to come and seek refuge there.”

Chen Ping could only tell lies temporarily to fool the captain of the combat team.

“You’re talking nonsense. If you want to flee to Flying Tiger City, you can go to the main city. Why are you here in the mountains?”

Captain Zhanbing didn’t believe Chen Ping’s words at all!

“Of course we want to go to the main city, but look at our strength and we have a child with us. I think City Lord Jie will definitely not want us.”

“So we thought about finding a remote town to stay in first and get an identity as a Flying Tiger City, so that we won’t be bullied.”

“We found the territory of Flying Tiger City, a small city on the mountain range, so we thought of taking refuge here.”

Chen Ping could only make up stories to delay time!

At this moment, Chen Ping did not stop moving, he kept carving a strange rune on the ground!

Chapter: 8276

“Don’t lie to me, do you really think I’m a child?”

The captain of the battle troop had a face full of anger, and then he waved his hand and said, “Come here, arrest them all and hand them over to the city lord for personal interrogation.”

As the captain of the combat team finished speaking, the combat soldiers around him all burst into energy and pressed towards Chen Ping and the others!

Seeing this, Chen Ping winked at Fengxian and Bai Yi.

If there is really no other way, then I have to take action. I can’t really get caught and sent to Jie Zhong.

By then, his identity would definitely be exposed.

But just when these soldiers were about to take action, suddenly an extremely powerful and domineering aura came from the city.

Then a huge tiger was seen walking out of the city!

Sitting on the tiger was a young man in gray. He was very handsome, but he had a very overbearing aura.

Especially those eyes, which seemed to look down on everything...

Seeing the person coming, all the soldiers knelt down.

“Meet Master Huo...”

The captain of the troop lowered his head, not daring to look the boy in the eyes.

“What’s going on? The city gate is in such a mess?”

The boy asked coldly!

“There are a few people who are not from Feihu City, but they are trying to break into the city gate without permission. I am about to capture them and hand them over to the city lord for interrogation!”

Captain Zhanbing said!

The young man glanced at Chen Ping, and Chen Ping also looked at the young man, and then his brows frowned instantly!

Because Chen Ping discovered that this young man did not have any beastman aura.

Even Fengxian and Bai Yi were surprised.

The boy actually exudes the aura of a human. How could a human boy suddenly appear in the territory of the beastmen?

And it seems that his status is very noble.

Could it be that Xie Chong of Feihu City has surrendered to the human race?

“They are just a few minions. There is no point in interrogating them. Just kill them...”

Chapter: 8277

The young man’s eyes were full of disdain, as if killing Chen Ping and the others was easier than crushing ants.

“Yes!” The captain of the soldiers nodded, and then ordered: “Kill them...”

But just when those soldiers were about to attack Chen Ping and the other three!

Suddenly, a flash of white light appeared under the feet of Chen Ping and his companions!

Everyone felt a darkness before their eyes, and when they looked again, they found that Chen Ping and the other four were gone.

He was clearly right in front of them, surrounded on all sides, but he suddenly disappeared.

Captain Zhanbing’s face suddenly became extremely gloomy!

His spiritual sense spread out, but he could not detect any aura of Chen Ping and the others, as if they had disappeared out of thin air!

“Hurry up and find it, hurry up and find it...”

The captain of the combat team seemed to be greatly humiliated and ordered the combat soldiers to find Chen Ping and the others!

But at this moment, the young man frowned slightly, and there was finally a hint of surprise in his eyes!

“Keep the change, please.....”

The young man walked to where Chen Ping was standing and looked down at the runes on the ground.

“They have already left through the teleportation array. I didn’t expect that among these inconspicuous guys, there is actually a master of array formation hidden.”

“You can secretly set up a teleportation array without making any noise.”

The young man was very interested in Chen Ping at this moment.

The captain of the combat troops stepped forward to take a look, and then said, “Sir, this small teleportation array won’t teleport too far. I believe they have already set up another teleportation array nearby. If we go after them now, we may still have time.”

“Well, go after them. Remember to capture them alive. This kind of talent may be useful to us!”

The boy nodded!

“Yes, sir...” The captain of the combat team immediately led tens of thousands of combat soldiers and began a massive search around.

However, Chen Ping and his companions had already returned to the place where they had rested. It turned out that Chen Ping had already set up a temporary teleportation array in this place.

If they really encounter danger, they can activate this temporary teleportation array and teleport them back.

Fortunately, Chen Ping made careful arrangements, otherwise they would all have been arrested by now!

“Brother, you actually prepared the teleportation array in advance. You are really a master of foresight!”

Chapter: 8278

The Crazy Immortal praised Chen Ping!

Bai Yi frowned at this moment, and said in disbelief: “How could there be a human race in Feihu City? And he looks very high-ranking?”

“Could it be that the Feihu City has surrendered to the human race?” Chen Ping said!

“Absolutely impossible. In this realm, the human race is the weakest. How could Jie Zhong be so foolish as to join the human race?”

Bai Yi shook his head.

“Never mind him, let’s just think of a way to leave here!” said the Crazy Immortal!

“I’m afraid we have no way to retreat now.” After Chen Ping scanned the area with his spiritual sense, he said with a serious face!

He discovered that tens of thousands of soldiers were searching for them on a large scale, and it was impossible for them to go back, so Xie Zhong must be leading his troops to look for them.

Now Chen Ping and his men are really like turtles in a jar...

“My dear son-in-law, I will lead those soldiers away, and you can take the opportunity to escape. If we stay together, no one can escape!”

Bai Yi said to Chen Ping!

“Father-in-law, don’t be so pessimistic. Maybe there are other ways.”

Chen Ping said!

“Is there any other way?” Bai Yi asked!

“There are tens of thousands of soldiers searching for us now. We can blend in with them. As long as we hide our presence well, we won’t be discovered.”

Chen Ping said!

“Brother, these soldiers are all wearing armor, but we don’t have any!” asked the Crazy Immortal.

“That’s easy. Just wait for me here!”

After Chen Ping finished speaking, his figure disappeared instantly!

When Chen Ping came back, he had four more sets of armor in his hands, which should have been stripped from those soldiers!

“Put on your armor quickly. I have dealt with the bodies of these four soldiers. They won’t be discovered in a short time.”

As Chen Ping spoke, he put on armor!

Soon, the four men put on their armor and hid their breath!

In this way, they can walk around openly without anyone suspecting anything!

Chapter: 8279

“You four, have you found anything?”

At this time, a team of soldiers came over, and the captain of the team asked Chen Ping and the other three.

“Report, nothing was found!”

Chen Ping said!

“This is really strange. Could these four guys really have disappeared?” The captain of the combat team was full of doubts.

“Let’s look somewhere else, maybe we can find it!”

After Chen Ping finished speaking, he was ready to take Fengxian and the others away.

“Don’t look for them anymore. Come back to the city with me. There’s no way the four of them can escape from this area.”

Captain Zhanbing said!

When Chen Ping heard this, he felt helpless, but he had no choice but to blend into the team and follow the captain of the combat team back to the city!

“How’s it going? Did you find it?”

The young man saw the captain of the war army coming back, so he asked!

“Your Highness, these people seem to have disappeared. We have searched all over this area, but we can’t find them at all. There is no trace of them either.”

Captain Zhanbing said cautiously!

“What a waste! Send more people to look for them tomorrow. There’s no way they’ve left this area.”

The boy said coldly!

“Yes, sir!” Captain Zhanbing said tremblingly.

The young man turned and left, but the captain of the combat troops chased after him and said, “Prince, there are people of unknown identity out there now. For your safety, you’d better have someone follow you!”

After the captain of the combat team finished speaking, he waved his hand towards Chen Ping and his team of combat soldiers and said, “You guys, protect Master Huo. If the Master is in any danger, none of you will survive!”

The young man did not refuse and took Chen Ping and dozens of other soldiers for a stroll on the streets of the city.

On the street, everyone who saw the young man stopped immediately, knelt on the ground and bowed to him.

But the young man had a cold and arrogant look on his face, and didn't even look at the people kneeling beside him.

"Who is this guy? Why is he so awesome? Do we have to bow down to him?"

Seeing this, Fengxian said in a low voice.

Chapter: 8280

"I've never heard of any powerful existence among the human race in the First Heaven. Could it be that this young man is from the Third Heaven?"

Bai Yi was also wondering what the young man's identity was that made all the beastmen in the city kneel down willingly.

"Okay, stop talking!"

Chen Ping gave a warning!

They are not out of danger yet. If they are discovered accidentally, they will be in trouble!

After saying that, Chen Ping stared at the young man intently. At this moment, Chen Ping's heart was full of doubts!

He looked at the young man in front of him and always had a sense of déjà vu, but he couldn't remember where he had seen him.

"Brother, this Master Huo is so arrogant. With so many people kneeling down to him, he didn't even look at them!"

Chen Ping found a soldier and said in a friendly manner!

“Hush...” The soldier was shocked: “You are asking for your life, how dare you say that about Master Huo.”

“Let me tell you, Master Huo is from the Temple. If he can even look at us straight in the eye, it means he thinks highly of us.”

When Chen Ping heard this, he was stunned. He didn't expect that this young man was from the temple.

No wonder he looks so awesome, it turns out he is a god.

They are obviously human, but they describe their bloodline as noble. These gods are the most pretentious.

Now Chen Ping finally understood why the Feihu City was afraid of a human race. It turned out that they were from the temple!

Buzz.....

Suddenly, Chen Ping seemed to remember something, and his eyes stared at the young man again!

At this moment, Chen Ping remembered everything.

No wonder he felt that the young man looked familiar, this guy looked very similar to Huo Zhao.

When in the Wuwang Land, Chen Ping fought with Huo Zhao. At that time, Huo Zhao was not his real body, but was summoned.

Even so, Chen Ping was no match for Huo Zhao. In the end, he relied on the possession of the Red Cloud Demon Lord to defeat Huo Zhao.

This young man now is most likely Huo Zhao's son.

Thinking of this, Chen Ping became nervous. He had just arrived in heaven not long ago. Was he going to meet someone from the temple?

He has a deep hatred for the Temple. If the Temple knew that he has now arrived in heaven, they would definitely hunt him down at all costs.
