

The Order 8281

Chapter: 8281

Chen Ping now only wants to leave Flying Tiger City as soon as possible and not expose his identity.

The most important thing now is to improve your strength. Once your strength is improved, you will not be afraid of being hunted down by the temple!

Another thing is to find Su Yuqi and Ning Zhi as soon as possible.

The two people were also led to the heaven by the avenue. If they had gone to the human area, it would be fine, but if they went to the beastman or demon area, it would be troublesome.

Chen Ping doesn't know yet that the blood of Su Yuqi and Ning Zhi has long become that of the demon clan.

In this way, Chen Ping and the others followed Master Huo obediently.

Looking at his pretentious appearance, although Chen Ping really wanted to beat up Master Huo, he still held back.

Soon, Master Huo arrived at a mansion, which was decorated very luxuriously. After stopping at the door, Master Huo waved his hand and said, "You all go back, I want to go home!"

"Yes, sir!" This team of soldiers all stopped!

After Master Huo entered the mansion, white light soon flashed in the mansion. As the white light rose into the sky, Master Huo's figure disappeared.

Looking at the white light, Chen Ping frowned slightly. There was actually a teleportation array in this guy's yard. It seemed that he used the teleportation array to teleport himself to the small town on the mountains.

If my guess is correct, Huo Zhao is probably in that small town.

“Okay, let’s all go.”

A soldier waved his hand and everyone dispersed.

These soldiers were unwilling to behave themselves, and now that they were disbanded, they could take off their heavy armor and have a comfortable rest.

The soldiers took off their armor one by one, but Chen Ping and the other four kept wearing them.

“Brother, we are all disbanded. Why are you still wearing your armor? Don’t you want to take a rest?”

At this time, the soldier who had just been talking to Chen Ping walked over and said!

“Oh, I’m afraid that Master Huo will suddenly come out, and it will be too late to summon us then.”

Chen Ping lied!

If they took off their armor, they would be recognized at a glance.

“Master Huo will not be back anytime soon. Didn’t you see that he has already used the teleportation array to go home? This mansion is just his temporary resting place. He will not stay here.”

“You’d better take off your armor. It’s so uncomfortable to wear it...”

Unexpectedly, this guy was quite enthusiastic. He walked up to Chen Ping and took off his helmet and armor.

Chapter: 8282

“Brother, I’d better wear it. I’m too ugly and I’m afraid I’ll scare you!”

Chen Ping hurried to stop him.

“How ugly can it be? It scares me...”

When the guy said this, he took off Chen Ping’s helmet.

But as soon as the helmet was taken off, an extremely terrifying and hideous face appeared, as if it had been burned by fire.

“Fuck...” The soldier was so scared that the helmet in his hand fell to the ground.

“I said I was afraid to scare you, but you didn’t listen.”

Chen Ping quickly put on his helmet.

“It’s so scary! Were you burned by fire?” The soldier took a deep breath, his face full of lingering fear!

But at this moment, a quick and sharp voice suddenly rang out, and the soldier’s face suddenly changed.

“A prisoner has escaped from the Heavenly Prison. It is a female cultivator of the human race. All soldiers are ready for battle immediately.”

An anxious voice sounded in the air.

“Damn it, you want to tire me to death!”

Those soldiers who had taken off their armor hurriedly put it on again and ran around the city nervously.

Chen Ping and the other three also took advantage of the chaos to run around in the city.

Originally, Chen Ping planned to go to the small town in the mountains to take a look, but now that he knew that the eighth master of the temple, Huo Zhao, was in that small town, he decided not to provoke him.

Now we can only find a way to leave Feihu City from another direction without alarming Huo Zhao.

“Let’s take this opportunity to find a place to hide. It’s too stuffy wearing this armor!”

Chen Ping said!

“Okay, let’s find a place to hide first.”

Fengxian also agreed.

The four men found a hidden place and planned to take off their heavy armor.

But just when they were about to take off their armor, a sharp sword light suddenly came.

This sudden sword strike startled Chen Ping and the other three.

Chapter: 8283

As Chen Ping thought about it, the Dragon-Slaying Sword appeared instantly and directly blocked the sword light.

It was then that Chen Ping and the other three discovered that there was a woman in black hiding in this place. The woman in black was holding a long sword in her hand and glaring at Chen Ping and the other three.

Looking at this woman's realm, she is at the first level of the Immortal Realm, and she exudes the aura of the human race.

It seems that the prisoner who just escaped should be the woman in front of him.

After being blocked by a sword, the woman attacked Chen Ping and the others again.

However, the woman did not release her full aura, but was very restrained. She was probably afraid that her aura would be exposed too much and be discovered by more people.

Seeing that the woman was timid, Chen Ping smiled coldly and moved forward without dodging or evading, allowing the woman's sword to hit his armor directly.

The armor of these soldiers is extremely hard, and Chen Ping has a strong body, so even if the armor is broken, Chen Ping is not afraid at all!

Chen Ping stepped forward, grabbed the woman's wrist, and then exerted force, and the sword in the woman's hand fell to the ground.

It was easy to subdue the woman.

"You beasts, you will not die well."

The woman struggled desperately and screamed!

"Stop yelling. If you keep yelling, the four of us will take turns to beat you..."

Chen Ping threatened the woman.

When the woman heard this, she seemed a little scared and shut her mouth.

Bai Yi blushed and said, "My dear son-in-law, don't talk nonsense. We are not allowed to play with the same woman."

"Father-in-law, I was just trying to scare her, why did you take it seriously?"

Chen Ping was speechless for a while.

It seems that Bai Yi really wants to play!

The woman was a little confused when she heard him calling her son-in-law a good son-in-law and father-in-law all the time.

At this time, Chen Ping took off his helmet, revealing his face, and then injected a human breath into the woman's body.

The woman sensed Chen Ping's human aura and her eyes widened immediately, her face full of disbelief.

"You...you..."

The woman looked at Chen Ping in shock, not knowing what to say for a moment.

Chapter: 8284

"We are not soldiers from Flying Tiger City. We sneaked in secretly and are now trying to find a way to escape."

Chen Ping said to the shocked woman.

When the woman heard this, she felt relieved and the hostility on her face disappeared instantly.

“Brother, we can’t even protect ourselves, why should we care about her?”

The Crazy Immortal said to Chen Ping!

“Shut up, you are the big brother, and I am the big brother?” Chen Ping said coldly!

“You are the eldest brother, I will listen to you!” Fengxian said hurriedly!

“Girl, who are you and why were you captured by Flying Tiger City?”

Chen Ping asked the woman.

Since the woman was in the realm of scattered immortals, it was impossible that she had just been led here by the Great Dao.

“My name is Aisha, and I’m from Cangxuan Continent. Our Cangxuan Continent was plundered by Feihu City. In addition to plundering our resources, they also captured tens of thousands of people as slaves.”

“I managed to escape from that prison with great difficulty. I hope you can save me. As long as you rescue me, my father will never treat you unfairly.”

Aisha begged Chen Ping.

When Chen Ping heard this, he didn’t expect that Aisha was actually a princess.

“Don’t talk nonsense. The Cang Xuan Continent has natural barriers and countless formations. It has never been invaded for so many years. How could a Feihu City plunder your Cang Xuan Continent?”

Bai Yi spoke.

“Father-in-law, do you know this Cang Xuan Continent?” Chen Ping asked curiously.

“Of course I know. This Cang Xuan Continent is the richest and most resource-rich place in the human race. Many human masters gather in that Cang Xuan Continent.”

“Let alone Feihu City, the King of Ten Thousand Beasts gathered the forces of several beast cities to attack Cangxuan Continent, but they all returned empty-handed in the end.”

Bai Yi followed Chen Ping and said!

Chen Ping felt that what Bai Yi said was right, so he looked at Aisha in confusion, wanting to see how the woman would explain it.

“If it was just Feihu City, it would indeed be impossible for it to invade our Cangxuan Continent. However, Feihu City had the help of some mysterious people. These people were very powerful. Both the natural barriers and the formations were destroyed, so Feihu City was able to invade our Cangxuan Continent.”

Aisha explained!

After hearing this, Chen Ping immediately understood that these mysterious people must be from the temple. The Feihu City must have become a dog of the temple, so it received the help of the temple and invaded the Cangxuan Continent.

Chapter: 8285

“Okay, let’s not talk about it for now, let’s find a way to leave here first!”

Chen Ping knew that although this place was hidden, it was not safe and he could be found at any time.

So he put his helmet back on, and then four men escorted Aisha out of the hiding place!

Because they were wearing warrior armor, no one suspected that they were holding Aisha.

But just as Chen Ping and his men were escorting Aisha towards the city gate, a group of soldiers suddenly blocked their way.

One of the captains said, “I didn’t expect you to catch me. Hand him over to me and you can go and have a rest.”

“Captain, we captured the man, why should we hand him over to you?”

Chen Ping said!

“How dare you! I’m the captain. You dare to talk back to me? Do you want to die?”

The captain of the combat team was furious and was about to kick Chen Ping.

Swish...

But just as the captain of the combat team stepped forward, he saw a flash of cold light!

Chen Ping took action, and with a swipe of the Dragon-Slaying Sword, the captain of the combat troops’ head flew high into the air.

Seeing Chen Ping taking action, Fengxian, Bai Yi and Aisha also took action at the same time.

This team of soldiers must be killed as quickly as possible to prevent them from raising the alarm.

Unfortunately, no matter how fast they acted, one soldier still sounded a shrill alarm when he was dying.

All of a sudden, a large number of soldiers in the city rushed towards Chen Ping and his men from all directions.

“What should we do?” Aisha asked nervously.

“Follow me...”

Seeing this, Chen Ping led everyone towards Master Huo’s residence.

Now there are soldiers everywhere, so the only thing we can do is go to that mansion and try the teleportation array. If we can be teleported to that small town, we can then find a way to leave!

After entering the mansion, there were no guards inside, and it was empty. Only in the middle courtyard, there was a circular formation, which was obviously a teleportation formation.

Chen Ping and his men took off their armor. Since they were already exposed, there was no point in wearing heavy armor anymore.

“Brother, can you make this teleportation array?”

Chapter: 8286

The Crazy Immortal asked!

After all, the way to open each teleportation array is different. Although Chen Ping understands the art of array formation, he may not be able to open other people's teleportation arrays.

"Don't underestimate my son-in-law. He knows everything."

Bai Yi said to the Fengxian!

"Come into the formation quickly, I will activate the teleportation formation."

"This thing is child's play in my eyes..."

Chen Ping said this without any boasting!

Everyone entered the teleportation array, and as Chen Ping's fingertips passed through the air, the array was really activated. Accompanied by a white light, everyone's figures disappeared instantly.

Soon, when Chen Ping and the others looked around, they discovered that they had arrived at a different courtyard!

The walls of this yard are built entirely with huge red stones and are a hundred meters high.

The surroundings were as silent as death, not even a single person was in sight!

But before Chen Ping and the others could react, the surrounding red walls began to move slowly.

Then one after another soldiers appeared from behind the high wall.

Master Huo also walked over with a cold and arrogant look on his face.

“How dare you use the teleportation array to enter the palace without permission? Aren’t you afraid of death?”

After Master Huo finished speaking, he suddenly frowned: “Human race?”

His eyes turned to Aisha.

“Prince, these people should be fugitives who accidentally triggered the teleportation formation and ran here.”

A combat captain stepped forward and spoke to Master Huo.

Master Huo looked at him grimly, then snorted coldly, “What a waste! What do you do for a living? You actually let the fugitive run to me?”

“Catch them and send them back directly...”

Master Huo said lightly.

boom!

The soldiers around them moved instantly, and the aura released from their bodies suppressed Chen Ping and the others.

Chapter: 8287

There are so many soldiers, all of them are elites, and their strength is obviously much higher than that of the soldiers in other cities.

It can be sensed from the aura emanating from these soldiers.

“Damn it, it seems like I have no choice but to fight to the death...”

When the Crazy Immortal saw this, the aura in his body exploded instantly, and he planned to start a killing spree.

Bai Yi and Aisha are also ready for battle!

Niu Ben’s face was full of nervousness, and he hid behind Chen Ping. After all, he was just a child.

“Don’t worry about it...”

After Chen Ping finished speaking, he raised his hand, and ripples spread throughout the space!

Soon, all the soldiers in this space stopped moving.

It was as if the whole time stopped at this moment.

When Master Huo saw this, his eyes widened and his face was full of disbelief.

Hundreds of soldiers were suspended in mid-air in strange postures at this moment, and when he turned around and wanted to run, he found that the ripple was passing by.

His body was completely motionless, and the entire space was still.

Even though he used up all his strength and unleashed the greatest spiritual power in his body, he still couldn’t move at all.

At this time, Chen Ping’s face was ashen, and there was a faint light on his palms.

“Time magic?” Fengxian’s eyes widened: “Brother, you can actually control time magic, so awesome!”

But Chen Ping ignored him and said, “Get ready, let’s go back...”

Chen Ping’s manipulation of time magic will consume a large amount of time essence, so Chen Ping can’t hold on for long.

Now Chen Ping has to take them back again. It will be very difficult to break out from here!

After all, there must be a large number of people from the Eight Palaces in this small town.

With a flash of white light, Chen Ping and the others disappeared instantly, and they returned through the teleportation array.

The moment Chen Ping disappeared, the entire space suddenly shook, and everyone fell to the ground!

Master Huo’s body also swayed and he almost fell to the ground!

“This guy actually knows time magic, we must catch him, chase him!”

After Master Huo finished speaking, he led his men into the teleportation array!

Because the teleportation array is too small, only a few people can be teleported at a time. It is not realistic to teleport all these soldiers.

Master Huo only brought a few soldiers with him, and then chased after Chen Ping and the others through the teleportation array.

Chapter: 8288

Chen Ping and his men returned to the city!

At this time, the city had already become a mess, with a large number of soldiers running around in the city.

Chen Ping frowned slightly. He knew that he had to rush out as soon as possible. Master Huo must have brought people to chase him through the teleportation array.

However, with so many soldiers, it is not easy for Chen Ping and his companions to break out.

“Niu Ben, do you have a way to contact your father?”

Chen Ping wanted to contact the Gadfly and ask him to send troops to attack Feihu City!

As long as the Gadfly leads his men to attack Feihu City, the soldiers of Feihu City will definitely be urgently transferred away.

That way, Chen Ping and the others would face much less pressure.

When Chen Ping came, he forgot to send the message to the Gadfly through the jade slip. Now he wants to contact him, but cannot.

“I have a way to contact my father.”

As Niu Ben spoke, he took out a token from his arms. This token was the same as the one Niu Li gave to Chen Ping at that time!

After Niu Ben dripped a drop of blood into the token, he soon got in touch with the Gadfly!

Chen Ping didn't waste any words and directly explained the situation to Gadfly!

The Gadfly led an army of hundreds of thousands and attacked Feihu City in a mighty manner.

"It is estimated that the soldiers here will not be able to be transferred away in a short time. Where can the five of us hide?"

Bai Yi asked Chen Ping!

Chen Ping was unfamiliar with the place and didn't know where to hide.

"I know a place. Come with me. All the people imprisoned there are human monks. If we rescue them, maybe we can rush out of the city together. The chances will be better."

Aisha spoke up!

"You just want us to rescue your people?" The Crazy Immortal rolled his eyes at Aisha and said, "We are not stupid. The security there must be even tighter."

"There aren't many guards, really..."

Aisha said anxiously!

She really wanted Chen Ping and the others to help her rescue all her clansmen, but she also wanted more people to rush out of the city together.

"You lead the way..."

Chapter: 8289

Chen Ping asked Aisha to lead the way.

Aisha nodded, and then took Chen Ping and the others around the city.

Aisha is obviously much more familiar with the structure of the city than Chen Ping and the others.

She was almost discovered by the soldiers several times, but Aisha managed to avoid them skillfully in the end.

Soon, Chen Ping and his companions arrived at a huge city wall, which was like a city within a city. The tall stone walls were actually blood red.

“All the human monks are imprisoned here.” Aisha pointed to the city wall, “Now many guards are searching for us, so there may not be many guards here.”

“And they couldn’t possibly have thought that we didn’t run away, but came back to this place, so they could catch them by surprise.”

Aisha said!

“Okay, let’s do as you say!” Chen Ping nodded: “Let’s put on our armor and go in first.”

Chen Ping and his men put on their armor again, and then took Aisha towards the city wall.

When they reached the door, an old man stopped them.

“This is the prison. No one is allowed to enter without a military order.”

The old man said coldly!

“We are here to escort this fugitive. She escaped from the prison and was captured by us.”

Chen Ping stepped forward, pointed at Aisha and said!

When the old man saw Aisha, anger suddenly burst out of his eyes.

“Damn it, I let you run away and got scolded for it.”

The old man stepped forward and slapped Aisha hard.

This slap made Aisha’s mouth and nose bleed, but she could only endure it and then looked at the old man angrily.

“Thank you for your hard work, brothers!” the old man said, waving his hand!

The huge city gate slowly opened.

Chen Ping followed the old man and took Aisha in!

Just as everyone walked in, the old man said to Chen Ping and the others, “Okay, leave the people here, and you can leave now.”

Seeing this, Chen Ping suddenly attacked the old man.

Chapter: 8290

The dragon-slaying sword in Chen Ping's hand made a buzzing sound, and then suddenly slashed towards the old man!

The old man's pupils shrank, he turned around suddenly, and punched out casually!

boom!

Accompanied by a powerful punch force, Chen Ping's sword was forcibly stopped, but the old man's body was also knocked back dozens of meters in an instant!

"Who are you anyway?"

The old man looked at Chen Ping and the others with a puzzled look on his face!

Chen Ping looked at Aisha, whose mouth was full of blood, and then took off his armor. He snorted at the old man and said, "Old man, you don't know how to be gentle with women. You are so cruel to women. I tell you, I hate people who beat women the most."

"Humph, since you guys came to my door, don't blame me for being rude."

The old man snorted coldly, then suddenly pushed his hands forward.

boom!

The surrounding space trembled suddenly, and countless terrifying auras were pressing towards Chen Ping and the others!

Fengxian and Bai Yi looked at each other, and then they suddenly attacked!

Boom!

The terrifying aura collapsed in an instant, and the old man's body was knocked back again.

Seeing this, the old man's face changed slightly and he began to think of retreating.

Seeing this, Chen Ping disappeared instantly, and appeared above the old man's head the next moment!

There was no way he could let the old man escape.

Chen Ping slashed at the old man's head with his sword.

The old man's face changed drastically and he instinctively stepped back, trying to avoid the attack.

But no matter how he retreated, he was enveloped by the sword light!

Brush, brush, brush...

Sword beams fell continuously like heavy rain.

"ah....."

The old man roared angrily, followed by a powerful aura shock that instantly shattered the sword beams.
