

## **The Order 8291**

Chapter: 8291

At this moment, Chen Ping above the old man's head disappeared again.

The old man looked around instinctively, and when he found Chen Ping, Chen Ping's Dragon Slaying Sword was already against his neck.

"I am the elder of Flying Tiger City. If you kill me, none of you will be able to escape."

The old man threatened Chen Ping.

"I never planned to escape, take us in!"

Chen Ping controlled the old man and said!

Although Chen Ping and his companions had already passed through the gate of the Heavenly Prison, they still needed the old man to lead them in if they wanted to get to the innermost part.

The old man was controlled and could only lead Chen Ping and the others towards the depths of the sky prison.

After passing through three doors in a row, a strong smell of blood came towards me!

Chen Ping and his companions all frowned, while Aisha's face was full of worry!

There is such a strong smell of blood, a lot of people must have died.

When Chen Ping and his companions passed through a door again, they were instantly stunned by the scene before them.

There were corpses lying all over the ground, and blood was flowing like a river!

These corpses include those of the elderly, the weak, women and children.

The smell of blood made it hard to breathe!

Seeing this scene, Aisha's eyes were full of anger, and she yelled at the old man: "Why, why did you kill them..."

"You can only be blamed for this. Who allowed you to escape? If one person escapes, then ten thousand people must be killed as punishment."

The old man said shamelessly!

Aisha's body was shaking, and her anger had made her unable to stand steadily.

"Good deeds will be rewarded and evil deeds will be punished. Your slaughter will eventually come back upon you."

Chen Ping looked at the old man coldly and swung the Dragon-Slaying Sword in his hand!

The old man's head was chopped off and flew very far away!

At this moment, screams were still being heard from deep within the prison, indicating that the massacre was still going on.

"Please, please save my people..."

Chapter: 8292

Aisha knelt down in front of Chen Ping and others!

Chen Ping said nothing, but the murderous intent in his eyes had already shown that Chen Ping could no longer bear it.

“Who are you?”

At this time, a soldier in armor discovered Chen Ping and his men and rushed towards them quickly!

brush!

Chen Ping swung the Dragon-Slaying Sword in his hand!

The soldier’s head suddenly flew out.

When the soldier’s head rolled to the feet of Chen Ping and the others, his eyes were wide open and his face was full of disbelief. He didn’t know how he died.

Aisha looked at Chen Ping in shock. She didn’t expect that Chen Ping, a first-level immortal, could have such powerful strength.

“Today, let’s have a good fight!”

Chen Ping stared at the Dragon-Slaying Sword in his hand and said!

Fengxian and Bai Yi both nodded.

The deaths of the elderly, the weak, women and children just now also made them extremely angry.

Although wars often broke out between the three tribes for resources.

But these were only attacks between armies, and there had never been such a massacre.

This is not a war, this is a massacre!

This is genocide...

Chen Ping and the others continued to move forward, while Aisha stayed behind to protect Niu Ben's safety!

"Who are you?"

A soldier holding a spear appeared, with the body of a child hanging on his spear.

The moment the soldier opened his mouth, Chen Ping's body disappeared.

brush!

Accompanied by a sword light shooting into the sky, the soldier had no time to react and his head was chopped off by Chen Ping.

Then several more soldiers appeared, their weapons still dripping with blood.

Chapter: 8293

“kill.....”

Fengxian and Bai Yi rushed forward with roars.

Accompanied by a overwhelming murderous intent, the heads of those soldiers were directly chopped off by Fengxian and Bai Yi.

Now they kill people by beheading, perhaps this is the only way to vent their anger.

Aisha’s eyes were full of excitement and shock!

She didn’t expect that Fengxian and Bai Yi were also very powerful.

In this way, they had hope of rescuing some of their tribesmen and breaking out of Feihu City.

Boom boom...

At this moment, the earth trembled, and then an extremely strong pressure came towards them!

Hundreds of soldiers were seen coming towards them in unison!

These hundreds of soldiers were extremely powerful, with bloodshot eyes. It was obvious that they had killed too many people and were extremely excited.

Now these soldiers only have killing in their eyes.

Chen Ping held the Dragon Slaying Sword, and streams of burning flames began to burn on the Dragon Slaying Sword!

Chen Ping wanted to burn these beasts to death.

Fengxian and Bai Yi also held their weapons tightly, with murderous intent in their bodies.

After seeing Chen Ping and his men, these soldiers did not stop, but continued to approach in an orderly manner!

The aura of hundreds of soldiers gathered together, making Chen Ping and his men feel extremely suffocated.

Chen Ping suddenly took a step forward!

He swung the Dragon-Slaying Sword in his hand, and a tremendous sword intent mixed with fire swept out in an instant.

In an instant, the entire sky prison turned into a sea of fire.

Looking at the sea of fire before them, the hundreds of soldiers finally stopped.

The sea of fire filled the sky and continued to press towards the soldiers.

The terrifying pressure just now, of course, disappeared under Chen Ping's sword!

Soon, a combat captain stood up, his eyes filled with confusion and puzzlement.

Chapter: 8294

“You are also a beastman, why do you want to save these humans?”

The captain of the combat team asked.

“Stop talking nonsense. I don’t like talking to the dead...”

After Chen Ping finished speaking, his body instantly turned into a stream of light and rushed forward!

As Chen Ping rushed forward, a flash of sword light mixed with fire covered the hundred soldiers.

“kill.....”

Captain Zhanbing did not flinch and roared with all his might!

Hundreds of soldiers rushed towards Chen Ping in unison!

Seeing this, Fengxian and Bai Yi rushed forward without hesitation.

Aisha really wanted to go up and kill these soldiers to avenge her tribe.

But she had to protect Niu Ben, so she could only retreat with Niu Ben and hide in a safe place.

Because she didn’t know whether Chen Ping and the other two could handle so many soldiers.

Chen Ping rushed into the crowd of hundreds of soldiers!

Among these one hundred warriors, there are more than thirty in the realm of scattered immortals, and the rest are all above the eighth level of the realm of transformed immortals.

I have to say that the soldiers in the Feihu City’s Sky Prison are extremely powerful!

When these people joined forces, Chen Ping's pressure instantly doubled.

If fighting alone, Chen Ping could kill any of them in seconds.

But with hundreds of soldiers joining forces, Chen Ping was really helpless.

Otherwise, he wouldn't have to take Fengxian and the others around.

There are tens of thousands of soldiers in this city. Even if Chen Ping just stands there and lets him kill them, he will probably be exhausted to death.

The moment the two sides came into contact, Chen Ping's figure exploded backwards.

At the same time, long spears flew straight towards Chen Ping.

Seeing this, Chen Ping swung the Dragon-Slaying Sword in his hand forward.

boom!

Chapter: 8295

Those spears were instantly shattered by the sword energy!

At the same time, Chen Ping clenched his left hand into a fist and then punched out.

"Holy Light Fist..."

boom!

In an instant, a huge gust of wind shot out from Chen Ping's fist, and the soldier in the front was directly hit by the punch!

The armor on their bodies shattered one after another, and the soldiers in front vomited blood one by one. Their internal organs were shattered by a punch, and they all died.

But soon, the soldiers behind him came up with guns in hand and stabbed Chen Ping's body with their spears.

"Indestructible golden body..."

Chen Ping's body burst out with golden light, and then an indestructible golden body covered his entire body.

The dazzling golden light startled the soldiers.

Long spears pierced Chen Ping's body, but they couldn't even break his indestructible golden body.

Even if the indestructible golden body was broken, Chen Ping's physical body was extremely strong, so it was impossible for him to be injured!

Chen Ping endured the stabbing of several spears and swung the Dragon-Slaying Sword in his hand, emitting a flash of sword light.

Puff, puff, puff...

With this sword, the heads of the soldiers who stabbed Chen Ping were directly cut off, and blood gushed out like a fountain.

However, these soldiers were fearless and continued to charge towards Chen Ping.

Chen Ping no longer retreated. His eyes were full of murderous intent. He wielded the Dragon-Slaying Sword in his hand and reaped the lives of those soldiers.

Now Chen Ping had only one thought in his mind, and that was to kill!

Fengxian and Bai Yi were on both sides of Chen Ping, protecting Chen Ping's wings, while also attacking those soldiers.

The three men cooperated with each other and attacked each other forward.

The more Chen Ping and his two companions killed, the more excited they became, and the soldiers also became more excited as the fighting went on.

Now both sides were caught in a frenzy of slaughter.

It was a bit difficult for Chen Ping to deal with hundreds of soldiers alone, but with Fengxian and Bai Yi around, Chen Ping felt much more relaxed.

The three men quickly slaughtered nearly half of the soldiers. The more the battle went on, the braver they became, while the soldiers became more frightened.

Chapter: 8296

“Don't just sit there, go and release your people!”

While fighting, Chen Ping looked at Aisha who was hiding and shouted.

When Aisha heard this, she told Niu Ben not to run around, then she rushed into the prison and began to rescue her people.

A captain of the combat troops saw this situation and knew that if they continued to waste time, all of them would die here.

Especially since the human prisoners were released, they would never be able to leave.

“Retreat, retreat from the prison...”

Captain Zhanbing shouted loudly!

He didn't want to continue to get entangled with Chen Ping and the others. As long as he broke out of the prison and got outside, there were tens of thousands of soldiers in the city outside.

It is impossible for Chen Ping and his men to escape from this city, so there is no need to fight to the death with Chen Ping!

The captain of the combat troops turned around and ran with the remaining soldiers!

Seeing this, Chen Ping and Fengxian jumped up and chased after the fleeing soldiers.

Chen Ping won't let these guys escape.

Killing someone for a life, paying off a debt...

These guys slaughtered so many people, how could we just let them get away so easily?

Seeing that Chen Ping and his men were holding on tightly, the captain of the battle troop frowned and said, “Speed up and get out of this prison...”

After saying that, the remaining soldiers rushed out of the prison together.

Chen Ping and the other three kept on biting their enemies, and soldiers died every minute.

Chen Ping was very fast, and the Dragon-Slaying Sword in his hand was even faster.

Sword beams followed like shadows, constantly killing the fleeing soldiers.

Seeing that the soldiers rushed to the gate of the prison, as long as they rushed out of the prison, they could quickly notify the soldiers in the city.

By then, we will surround this prison tightly and Chen Ping and his men will have no chance of leaving.

“No one can escape...”

Chen Ping pinched his fingertips, and a pattern of formations appeared faintly in the space, and then suddenly flashed.

The next moment, a formation suddenly appeared at the entrance of the sky prison. When the soldiers rushed to it, they were directly knocked away by a force.

Chapter: 8297

Seeing this, the soldier's expression suddenly became extremely ugly.

“You guys break the formation by force, and the rest of you will fight with me!”

Captain Zhanbing was still making arrangements at this time.

He ordered his men to break the formation by force, and then brought people to stop Chen Ping and the others.

Just hold on until the formation is broken.

Several soldiers began to break the formation by force, and the captain of the troop, with the remaining soldiers, turned around and looked coldly at Chen Ping and the other two.

“Why do you want to kill us all? Even if you kill us all, there are countless soldiers in the city outside the prison, and you will not be able to escape.”

Captain Zhanbing questioned Chen Ping.

“When you were killing those humans, did you ever think about why you wanted to kill them all?”

Chen Ping said coldly!

As Chen Ping finished his words, he disappeared instantly, and the Dragon-Slaying Sword in his hand slashed towards the captain of the combat team.

The captain of the battle squad had a ferocious look on his face and shouted, “Let’s fight...”

Three figures rushed into the ranks of soldiers again!

After just a stick of incense, the sound of fighting stopped.

Fengxian and Bai Yi sat on the ground panting. The two of them were really exhausted.

Chen Ping also consumed a lot of energy, but he could still hold on.

He was seen searching the soldiers' bodies. As long as they found storage bags or useful supplies, Chen Ping would take them away.

More than a hundred soldiers were killed entirely by Chen Ping and his men.

There were only more than a hundred soldiers, but Chen Ping and his men had such great difficulty killing them.

If there were tens of thousands of soldiers, Chen Ping wouldn't even dare to think about it.

Fortunately, the Gadfly had already led the soldiers of Rhino City to attack Flying Tiger City.

I believe that most of the soldiers will be transferred by Jie Zhong to resist the attack of Rhino City.

At this time, Aisha appeared, and behind her, there were thousands of human monks!

It seems that all these human monks are in their prime, and the old, weak, women and children should have been killed.

Chapter: 8298

The remaining young men can be used as slaves.

Aisha looked at the dead soldiers and said in disbelief, "You killed all these soldiers?"

Chen Ping nodded: "Kill them all..."

The Crazy Immortal glanced at the human cultivators and snorted coldly, "Thousands of human cultivators were slaughtered by more than a hundred soldiers, but no one resisted. It's sad, really sad..."

“Do you know why you human monks are the weakest and most likely to be bullied?”

“Because you were all thinking about yourselves and no one was willing to stand up, so many people were slaughtered by more than a hundred soldiers.”

“Even if you are ordinary people and cannot beat those soldiers, you still have to rub their snot all over them to disgust them.”

“It’s a pity that you humans are too smart. Your cleverness backfired.”

The words of the Crazy Immortal were like a steel needle, piercing deeply into the hearts of these human cultivators.

They were indeed all numb and no one thought of resisting.

After all, in the beast tribe’s prison, resistance means death. Perhaps if you endure, there is still a chance of survival.

It was this kind of thinking that allowed just over a hundred soldiers to massacre so many human monks.

Aisha was also ashamed by what the Crazy Immortal said, and whispered to Chen Ping: “What should we do next? I guess there will be many soldiers waiting for us after we get out of this prison.”

“There probably won’t be many soldiers outside now. We will hold them back when the time comes. You can take your people and leave.”

Chen Ping said to Aisha.

“We can do this together. There is strength in numbers.”

Aisha said!

Chen Ping shook his head: "You will only slow us down, you are of no use at all."

In fact, Chen Ping was also very disappointed when he saw these human monks.

There are so many people, all of them are passionate at this age, but they are all numb.

Chen Ping was still furious when he saw the dead elderly, the weak, women and children!

But how could these people turn a blind eye?

They are their people, their families...

"Thank you. If we can escape, I will definitely treat you well if you come to Cangxuan Continent one day."

Chapter: 8299

Aisha said!

"Let's talk about it later!"

Chen Ping removed the formation at the entrance of the prison and then walked out of the prison.

Niu Ben followed Chen Ping with admiration on his face, never leaving his side.

As Chen Ping had expected, there were obviously fewer soldiers in the city, and one could see figures rushing towards the border between Feihu City and Rhino City.

Shortly after Chen Ping and his men walked out of the Heavenly Prison, they ran into a dozen soldiers who were patrolling nervously with weapons in hand.

But when they saw Chen Ping and his people, they were stunned for a moment.

Both sides were silent!

The dozen or so soldiers trembled slightly when they saw the dark mass of human cultivators behind Chen Ping.

“Any findings here?”

“Nothing.”

“Let’s go patrol other streets.”

These soldiers talked to themselves, as if they didn’t notice Chen Ping and the others, and then turned around and left!

Seeing this, Chen Ping was speechless.

“What does this mean? Are those soldiers blind?”

The Crazy Immortal asked in confusion!

“They are not blind, they are just afraid...” Chen Ping smiled slightly, then looked at Aisha and said, “Go ahead. As long as you are united, it should be no problem to leave this city. No one can stop you.”

“As for how to return to Cangxuan Continent, that depends on your own luck. I can’t do anything about it. I am leaving now.”

“See you later!” Aisha nodded, then turned around and left with thousands of human monks!

As one figure after another rose into the air, a large group of people flew out of the city!

As expected, no soldier stood up to stop them. It was estimated that there were not many troops left in the city.

“Let’s go too...”

Chen Ping said!

But just when Chen Ping and his men were about to leave, the dozen or so soldiers suddenly turned back!

Seeing this, Chen Ping couldn’t help but laugh and said, “Didn’t you find out? Why are you back?”

“Stop talking nonsense. Who are you?” one of the soldiers asked Chen Ping.

“Did you see that there were only a few of us left and you felt like you were doing it again, so you came back?”

Chen Ping did not answer him, but asked.

“Humph, so what? Give me your life...”

The soldier waved his weapon and attacked Chen Ping!

Chen Ping's eyes were full of disdain, and he waved his hand.

puff!

The soldier was beaten into a pulp by Chen Ping's palm.

Facing this warrior, Chen Ping was too lazy to even use the Dragon Slaying Sword.

When the other soldiers saw this, they were all stunned, their faces looked extremely ugly, and then they turned around and ran away.

"You spineless thing..."

Chen Ping snorted coldly, then killed him with a punch.

This punch directly knocked the dozen soldiers away, and then their bodies exploded in mid-air.

Compared with the soldiers in the Heavenly Prison, these soldiers were obviously much weaker, and even their courage was quite different.

Chapter: 8300

Chen Ping searched the bodies of the dead soldiers but didn't find anything good. It was obvious that these soldiers were not very strong and did not have many resources.

"Let's go, we should leave while the chaos is going on!"

After Chen Ping finished speaking, he took Fengxian and the others and headed out of the city!

But just as they leaped up and were about to fly out of the city, suddenly a group of soldiers blocked their way.

“Finally I found you.”

I saw that Master Huo’s face was full of anger, and he spoke with gritted teeth.

When Chen Ping saw that it was Master Huo who only brought a few soldiers with him, he couldn’t help but laugh.

“You’re just bringing these few people to find us?”

Chen Ping smiled.

“Don’t mention these few people. Even if it’s me, it would be easy to capture you.”

“I don’t care who you are, just surrender and avoid physical pain.”

Master Huo snorted coldly.

“Hey, do you people of the God Clan like to show off so much? If you don’t show off, will you die?”

Chen Ping was speechless.

I don’t know what’s so great about these self-proclaimed gods and those who boast of noble bloodline?

But every member of the God Clan is complacent and looks down on others.

Master Huo was stunned and frowned, "Do you know my identity?"

"I don't just know your identity. Is your father Huo Zhao, the Eighth Palace Master of the Temple?"

"Come to think of it, your father was defeated by me, so you are even less of a match for me."

Chen Ping smiled faintly!

This time, Master Huo was even more confused. He looked at Chen Ping in disbelief. He didn't understand how Chen Ping knew his father's identity.

You have to know that the Eighth Palace controls Flying Tiger City. This is a secret and no one knows it.

It has always been the Lord of Feihu City, Jie Chong, who has been seen in public.

How come Chen Ping suddenly knows their background now?
