

## **The Order 8311**

Chapter: 8311

The Great Elder looked at Hu Mazi, and suddenly his eyes flashed with a faint white light, which instantly enveloped Hu Mazi!

“Master Hu, be careful...” Chen Ping hurriedly reminded when he saw this.

“It’s okay, he can’t do anything to me!”

Hu Mazi didn’t move!

The great elder frowned slightly, suddenly took a step forward, and the white light in his eyes instantly turned golden.

At this moment, the Great Elder’s face turned even paler!

As the golden light continued to cover Hu Mazi’s body, the great elder’s expression became more and more ugly.

“You...you are actually a reincarnation?”

The Great Elder took several steps back and said.

“That’s right. If it weren’t for reincarnation, I wouldn’t even look at a fellow like you.”

Hu Mazi smiled coldly.

Chen Ping was a little surprised. He didn't expect that the great elder of the Eighth Hall had such ability to see Hu Mazi's reincarnation identity at a glance.

"You are quite capable. Look at who I am."

Chen Ping took off his armor and let the great elder see it.

The great elder glanced at Chen Ping, and golden light instantly flashed in his eyes, but after a moment, the golden light turned purple.

Cold sweat ran down the Great Elder's forehead, and he finally sat down on the ground with a thud!

Chen Ping was a little puzzled. He didn't resist at all and just took a look. Was it necessary to be like this?

The Great Elder slowly stood up and looked at Chen Ping with confusion and doubt in his eyes.

"Who are you?" the great elder asked Chen Ping!

"Fuck, you looked at it for a long time, but you didn't see anything?"

Chen Ping was speechless for a while.

"You have a mysterious energy protecting your body, so I can't see through it." The elder shook his head, then pointed at the sesame seed and said, "But your status must be much nobler than his."

"Fuck, how can you talk like that? I'm just a cheapskate." Hu Mazi got anxious!

As he was about to take action, he said that he was not noble, but Hu Mazi disagreed!

"Master Hu, don't be angry. Don't care what others say." Seeing this, Chen Ping hurriedly persuaded.

“I’m not angry. This guy is not accurate at all.” Hu Mazi said calmly!

Even though he said he was not angry, he had already punched the great elder.

Unexpectedly, the great elder retreated again and again and refused to fight with Hu Mazi at all.

Suddenly, he waved his hand to his dozen men and said, “Let’s retreat...”

“Grand Elder, Grand Elder...”

Master Huo was dumbfounded. Why did they retreat before saving him?

Besides, there are only Chen Ping and Hu Mazi now, but they have so many people on their side. If they take action, they will definitely win!

How come he ran away after just taking two looks?

Chapter: 8312

The great elder acted as if he didn’t hear anything and ran away with his men, not even trying to save the prince!

“You still want to run? No way!”

Hu Mazi shouted loudly to stop the great elder and others!

“Master Hu, don’t chase after desperate enemies. Let them go.”

Chen Ping grabbed Hu Mazi.

Chen Ping now just wants to leave Feihu City as soon as possible and does not want to provoke the temple for the time being. Now his foundation in the heavenly realm is not stable. If he invites all the people from the temple, it will be a bit troublesome.

“Then kill this kid?” Hu Mazi said to Master Huo!

“Don’t kill me, don’t kill me...”

Master Huo quickly begged for mercy.

“I can’t kill him. I still need to use his life to exchange for resources.”

Chen Ping planned to use the life of Master Huo to exchange for some resources from the Lord of the Eighth Palace.

“It’s really boring. I came here for nothing and didn’t even get to stretch my muscles.”

Hu Mazi said dissatisfiedly!

“Let’s go to the border, then you’ll have your time!”

Chen Ping smiled slightly.

Chen Ping knew that the border must be in turmoil right now, with the armies of Rhino City and Flying Tiger City facing off against each other!

At this moment, on the thousands of miles border between Rhino City and Flying Tiger City, tens of thousands of troops were confronting each other!

The Gadfly's eyes were cold and his body was suspended in the air. Behind him were eight guardians!

"Anyone who surrenders in Flying Tiger City will not be killed..."

"Those who surrender will not be killed, those who surrender will not be killed..."

The eight guardians behind the Gadfly shouted with all their might!

The shout was deafening and everyone could hear it clearly.

At this time, Jie Zhong of Feihu City also slowly rose into the air, and behind him were thirty-six monks wearing black armor and holding heavy swords!

These people are also Jie Zhong's guards, and they seem to be quite powerful!

Chapter: 8313

"Gadfly, you dare to lead your troops to provoke me. Aren't you afraid that I will kill your son?"

Xie Zhong said to the Gadfly!

"Hahaha, if you have the guts, just kill him. I'm afraid you can't find my son now, right? I tell you, my son has been rescued a long time ago."

The Gadfly laughed and said!

"Impossible, they will never be able to escape from my Flying Tiger City." Jie Chong didn't believe it!

He had already ordered strict guards at all checkpoints along the way. It would be impossible for Chen Ping and his men to return to Rhino City so easily with Niu Ben.

“Believe it or not.” The Gadfly snorted coldly: “You sent spies to capture my son. I must regain my face today.”

“Then stop talking nonsense and start fighting!”

Jie Zhong said!

As soon as Jie Zhong finished speaking, the thirty-six monks in black armor behind him all swooped down. They were all second-grade monks in the realm of scattered immortals.

These thirty-six monks swooped down with an imposing manner like an army of thousands, which put a great pressure on everyone.

Seeing this, the Gadfly shouted, “Eight Dharma Protectors...”

As the voice fell, the eight guardians behind the Gadfly instantly rushed forward and headed straight for those monks in black armor!

Although the Gadfly had only eight guardians against the thirty-six black-armored monks from the Flying Tiger City, they were not inferior in momentum.

Xie Zhong looked relaxed and complacent, but the Gadfly had a worried look on his face.

The Gadfly was not sure whether his eight guardians could defeat the thirty-six opponents!

In the past, Feihu City was not very strong, but recently its strength has grown by leaps and bounds. It has plundered resources everywhere and even snatched many slaves and resources from the Cangxuan Continent.

Sure enough, after the fight, the eight guardians of Rhino City were quickly at a disadvantage.

Although the eight guardians of Rhino City are also extremely powerful, they are still somewhat weak compared to the thirty-six cultivators of Flying Tiger City.

After all, we are at a great disadvantage in terms of numbers.

When the Gadfly saw this, his expression became even uglier.

“How about we try it together?”

Xie Zhong said with a proud look on his face!

“Let’s try it!” Although the Gadfly didn’t want to fight, he could only distract Jie Zhong at this time to create a chance for Chen Ping and others to escape.

Chapter: 8314

Soon, the Gadfly collided with Jie Zhong!

At the same time, Jie Zhong shouted: “Attack...”

Boom boom...

Tens of thousands of soldiers from Flying Tiger City marched forward!

“Kill them all...”

Seeing this, the Gadfly knew that today was a life-and-death battle, so he also shouted angrily!

Tens of thousands of Rhino City soldiers also rushed out!

The two sides immediately engaged in a melee!

Strong winds blew up sand and gravel across thousands of miles of border, making the already dim sky even more chaotic.

The setting sun was dyed an eerie dark purple by the gun smoke, like a bleeding eye, helplessly overlooking this purgatory on earth.

The withered yellow weeds had long been trampled into mud by iron hooves, mixed with dark red blood, forming hideous veins on the muddy land.

Under the sky with blood-red clouds rolling, the armies of Rhino City and Flying Tiger City collided like two torrents.

Three hundred feet high in the sky, Jie Zhong snapped his fingers and thirty-six black heavy swords suddenly floated in the air.

The faint light bursting out from the sword body interweaves into a mysterious array of symbols.

In an instant, the air within a ten-mile radius twisted strangely and turned into countless sharp air blades, strangling the Rhino City camp.

Among the eight guardians of Rhino City, the snow-white-haired Elder Xuanbing was the first to react. He waved his sleeves and a biting frost spread from under his feet.

In the blink of an eye, a thousand layers of ice crystal barriers condensed on the ground. The air blade hit the ice surface, causing a deafening roar and ice crystals flying everywhere, like a dazzling galaxy falling.

However, the monks of Feihu City immediately used the "Netherworld Fire Rain". The pitch-black flames dragged long tails across the sky. Wherever they went, the ice melted instantly and billowing white smoke rose.

“Form a formation!”

The formation masters of Rhino City roared in unison, hundreds of cultivators formed seals with their hands, and huge golden formation patterns appeared under their feet.

Suddenly, a golden beam of light shot up into the sky and transformed into a golden shield, blocking most of the Netherworld’s rain of fire.

But there were still sporadic flames that penetrated the defense and fell among the Rhino City soldiers, instantly burning several monks to ashes, leaving only charred debris on the ground.

At the same time, the soldiers of Feihu City launched the “Black Python Strangling Formation”.

Dozens of monks formed seals with their hands, and suddenly countless black pythons jumped out from the ground, opening their bloody mouths and pouncing towards the Rhino City soldiers.

Chapter: 8315

The monks of Rhino City cast spells to fight back, some of them summoned hurricanes to blow the giant python all over the place;

Some of them gathered thunder and struck the giant python fiercely.

For a moment, the light of the spell and the dark shadow of the giant python intertwined, and the entire battlefield seemed to have become a huge furnace, with hot energy raging everywhere.

In the sky above the center of the battlefield, the confrontation between the Gadfly and Jie Zhong became increasingly fierce.

A dark demonic aura surrounded Jie Zhong, and he transformed into the shadow of a demonic wolf a hundred feet tall, opening his bloody mouth and biting towards the gadfly.

“You actually used magic to improve your cultivation.”

The Gadfly looked solemn, and the shadow of a golden divine bull appeared behind him.

The sacred bull raised its head, neighed, and charged towards the demon wolf.

The two forces collided, and the space instantly twisted, forming a huge vortex that drew the surrounding clouds into it.

“Gadfly, you will lose today!”

Xie Zhong let out a sinister laugh, and suddenly a black longbow appeared in his hand. He put an arrow on the bow and pulled the string. The arrow was condensed with terrifying black energy.

As the bowstring was released, the arrow turned into a black stream of light, cutting through the sky at a speed so fast that it was almost impossible to capture with the naked eye.

The Gadfly’s face changed drastically, and he quickly used the “Divine Bull Shield”. The golden light condensed into a huge shield around him.

The arrow hit the shield, causing an earth-shattering explosion.

The golden light and black energy collided with each other, and the aftermath swept around like a hurricane.

The monks below were blown all over the place, and many weaker monks were directly swept into the air, with their lives and deaths unknown.

On the other side, the battle between the eight guardians of Rhino City and the thirty-six black-armored monks of Flying Tiger City has also entered a white-hot stage.

Although the eight guardians were very powerful, they gradually became unable to cope with the large number of powerful opponents.

The “Blood Blade Protector” brandished a blood-red sword and charged left and right among the enemy group. Wherever the sword passed, blood splattered.

However, five monks in black armor soon surrounded him and performed the “Black Sword Combined” at the same time.

Five black sword lights shot towards the Blood Blade Protector like lightning.

The Blood Blade Protector was unable to resist in such a hurry, and the sword light pierced his body, blood gushing out. He roared unwillingly and fell from the air.

“Senior Brother!”

The other guardians were filled with grief and anger and fought even more frantically.

Chapter: 8316

But the monks of Feihu City took the opportunity to launch a more fierce attack, and one of the guardians was hit by a black lightning while fighting with the enemy’s spells.

The body instantly turned black and consciousness gradually became blurred.

He exerted his last bit of strength, performed “self-destruction”, and his body exploded.

The strong light and energy fluctuations swallowed up the surrounding enemies, but he himself disappeared from the battlefield forever.

“kill!”

The morale of the monks in Feihu City was boosted and they continued their frantic attack.

The defense line of Rhino City began to loosen, and more and more monks fell.

When Xie Chong saw this, a hint of ruthlessness flashed in his eyes. He quickly formed seals with his hands and muttered something.

A moment later, the sky was covered with dark clouds, and a huge black beam of light descended from the sky, suppressing the Gadfly.

The Gadfly felt the terrifying power contained in the beam of light and his face turned as pale as paper.

He gritted his teeth and burned his own blood. The shadow of the divine bull became more and more dazzling and rushed towards the black light column.

The two collided, and a strong light burst out. In the light, the figure of the Gadfly was shaking, and blood kept flowing from the corners of his mouth.

On the battlefield below, the monks of Rhino City were completely routed under the fierce attack of Flying Tiger City. The shadow of death loomed over everyone. Rhino City seemed to have reached a desperate situation...

“Father.....”

At this time, Fengxian and Bai Yi, along with Niu Ben, rushed out from the side of Feihu City!

If it weren't for the border melee, it would have been impossible for them to escape from Feihu City so easily.

“Ben'er...”

When the Gadfly saw his son, his expression suddenly brightened with joy.

But just when the Gadfly was distracted, Xie Zhong actually bent his bow and drew his arrow, and shot a sword at the Gadfly!

The gadfly couldn't dodge in time and was hit by a sword, falling heavily to the ground!

"Father..." Seeing this, Niu Ben rushed over worriedly!

When the Gadfly saw that his son was fine, he smiled with relief.

Fengxian and Bai Yi both looked extremely unhappy at this moment.

Now Rhino City is clearly at a disadvantage, and many monks from Flying Tiger City are watching in mid-air with a covetous look!

Chapter: 8317

There is a huge crowd of soldiers on the ground!

Even if the two of them offered to help, it would be just a drop in the bucket and would be of no use!

"I hope you two can send Niu Ben back to the city. I'll take care of it here!"

Although the Gadfly was injured, he was not dead, so he spoke to Fengxian and Bai Yi.

"City Lord Niu, can you do it?" Bai Yi said worriedly!

"How about we help you for a while, and when the big brother comes, it will be easier. Then we can kill those people from Flying Tiger City."

The Crazy Immortal said to the Gadfly.

Chen Ping's current strength far exceeds theirs. As long as he can kill Jie Zhong and the thirty-six monks in black armor, Feihu City will be leaderless and will be defeated and retreat.

"Aren't you with your brother?" asked the Gadfly.

"Someone is chasing us. My son-in-law is following Master Hu to block the pursuers. Otherwise, we wouldn't have escaped so easily."

Bai Yi explained.

Hearing this, the Gadfly became worried about Chen Ping's safety!

After all, Chen Ping came to Feihu City and put himself in danger just to save his son.

Although Chen Ping is very powerful, he is in the territory of Feihu City after all, and a hero cannot defeat a large number of people.

If anything happened to Chen Ping, The Gadfly would feel bad too.

"Gadfly, don't even think about letting your son escape. You are already defeated. No one can escape."

Xie Zhong looked at the Gadfly with a smug look on his face and said!

Now, the eight guardians of the Gadfly have almost no combat effectiveness, and more than half of the tens of thousands of soldiers are dead or wounded. Their overall strength is no match for the Flying Tiger City.

The Gadfly looked at Jie Zhong coldly, full of doubts, and said, "Jie Zhong, your Feihu City has never been a match for my Rhinoceros City, but I didn't expect that in such a short time, the strength of Feihu City could be improved so much."

"Hahaha, I have a master behind me. From now on, my Flying Tiger City will no longer be bullied by your Rhino City, and I will become the overlord of the entire beast tribe."

Jie Zhong laughed out loud.

"City Lord Niu, this Feihu City has the support of the Temple behind it, and Feihu City attacked the Cangxuan Continent and got a lot of resources and efforts, so its strength has increased so quickly."

Bai Yi followed the Gadfly and explained!

When Gadfly heard this, he couldn't help but frowned: "Jie Zhong, you are also a well-known city lord in the beast tribe, but I didn't expect that you are controlled by the human race. Do you still have any shame?"

Chapter: 8318

"Bullshit! The people in the temple are all gods, not humans. How could I be controlled by a mere human?"

"The Cangxuan Continent is the largest continent of the human race, yet I have plundered a large number of its resources and slaves."

"From now on, I will not only be the beastman, I will be the overlord of the entire heavenly realm..."

Jie Zhong became more and more excited as he spoke, as if he would soon realize his dream.

"How dare you!" The Gadfly spat fiercely.

“Since you don’t accept it, let’s fight again!”

Xie Zhong shouted loudly, and then the black-clad soldiers under his command jumped up instantly and rushed straight towards the Gadfly and his men!

“Fight...” Seeing this, the Gadfly could only shout.

Now they have no choice but to fight to the death.

He miscalculated. He didn’t expect that Feihu City’s strength would grow so rapidly, and he suffered a great loss!

But just as the Gadfly finished his words, the void suddenly trembled, and then two sword lights slashed past at a rapid speed.

Like a meteor, it appeared in an instant from a hundred feet away.

The heads of the two black-clad soldiers flew high into the air and then fell heavily to the ground.

brush.....

At the same time, two more sword lights appeared, and the heads of two more black-clad soldiers fell off.

Seeing this scene, Jie Zhong was a little dumbfounded. He didn’t understand who could have such means.

But he planned to stop it!

If this continues, all of his elite soldiers will probably be killed.

The Gadfly was overjoyed when he saw this, and when Jie Zhong was about to make a move, he jumped up and, regardless of his injured body, burst out with his strongest fighting power.

boom!

Accompanied by an explosion, Xie Zhong and the Gadfly retreated at the same time.

At this moment, more than a dozen of the black-clad soldiers had died, and their combat effectiveness dropped a lot in an instant.

And they didn't even see who did it before everyone died.

It's a one-shot kill!

Chapter: 8319

"Who is it? Who is it? Get out here!"

Jie Zhong's face changed drastically and he roared!

At this time, the figures of Chen Ping and Hu Mazi slowly appeared, and at the same time, the figure of Master Huo also appeared.

Seeing this scene, Xie Zhong frowned: "Master Huo? You...you..."

Master Huo lowered his head and said nothing. It was unclear whether he was scared by the beating or had lost consciousness.

“Brother, are you okay?”

When the Gadfly saw Chen Ping, he hurried forward and asked.

“It’s okay. With the strength of Feihu City, they can’t hurt me!” Chen Ping said with a smile.

“I’m glad you’re okay, my dear son-in-law. I was worried about you!”

Bai Yi was relieved to see that Chen Ping was fine.

When Chen Ping arrived at the battlefield, he saw that the people of Rhino City had suffered heavy casualties and their morale was low.

“What? Can’t defeat the Flying Tiger City?” Chen Ping asked!

The Gadfly said with embarrassment: “The strength of Feihu City has increased too fast recently. It is said that there is a temple behind it to support it. I am no match for it.”

“Success and failure are common in the military. Please help me keep an eye on this guy, and I will take care of the rest!”

Chen Ping asked Gadfly to keep an eye on Master Huo.

“Brother, there are so many of them, you...” The Gadfly was a little worried!

Although Chen Ping is strong, the opponent has tens of thousands of soldiers, and so many elite ones.

Jie Zhong’s strength is also not weak, especially since this guy also possesses magic skills.

“Don’t worry, I can kill them just like squashing ants!”

Chen Ping patted the gadfly’s shoulder and said.

After saying that, Chen Ping took a few steps forward and looked at Jie Zhong coldly: “Are you going to commit suicide, or do you want me to do it?”

“Boy, you are too arrogant for just being a first-grade immortal...”

After Xie Zhong finished speaking, the black bow and arrow appeared in his hand again. He drew the bow and put the arrow on it, ready to attack Chen Ping.

“Fuck, that’s garbage...”

Chapter: 8320

Chen Ping was disdainful and suddenly a bow appeared in his hand!

God King Bow...

What Chen Ping holds in his hand is the God King Bow, a true god-level weapon, which cannot be compared with Jie Zhong’s bow and arrow!

Chen Ping also drew the bow, and soon a golden arrow feather appeared.

Xie Zhong and Chen Ping released their bowstrings at the same time.

Whoosh.....

The two arrows were shot out at the same time and then collided in the middle.

There was no sound of collision, no sound of explosion, not even a trace of space tremor.

When Xie Zhong's black arrow feathers touched Chen Ping's golden arrow feathers, they disappeared instantly, as if they had disappeared completely.

The golden arrow did not slow down, dragging a golden light as it headed straight for Jie Zhong!

boom!

The arrow pierced through Jie Zhong's body, but its speed did not slow down!

Just like that, this golden arrow feather directly destroyed the army of Feihu City, and after killing countless people, it turned into a golden light and dissipated.

A deep groove appeared on the ground where the arrow had passed.

Wherever they passed, there were broken limbs and countless deaths and injuries.

Xie Zhong vomited blood, fell to his knees on the ground, his eyes full of fear.

He didn't expect that Chen Ping's arrow would have such terrifying power.

The others didn't expect this either, and they all looked at Chen Ping in shock.

Chen Ping himself looked relaxed!

"Brother is so powerful..."

Seeing this, the Gadfly raised his arms and shouted with joy.

The Rhino City army, whose morale was originally low and was on the verge of defeat, now began to cheer and follow suit!

“mighty!”

“mighty!”
