

## **The Order 8321**

Chapter: 8321

“mighty!”

The morale of the Rhino City army instantly soared, and everyone’s fighting spirit was burning!

Jie Zhong slowly stood up. The wound on his chest was wrapped in black mist, which quickly repaired his body.

At the same time, he looked at Chen Ping with horror, holding a token in his hand, and then crushed it fiercely.

He is calling for help. If he doesn’t call for help at this time, he will probably be completely defeated.

At the same time, in that small mountain town, in the hall of the Eight Palaces.

Huo Zhao was listening to the report from the Great Elder, his face livid.

His own son was being robbed, but the elder did not rescue him and ran back.

“Palace Master, those two people are holding the prince hostage. One of them is a reincarnation and very powerful, but I can’t see through the other young man.”

“But I know that the young man’s status is probably more noble than that of the old man. In addition, they have the threat of the prince in their hands, so I didn’t dare to take action and came back to report.”

The Great Elder followed Huo Zhao’s explanation and was also trying to excuse himself.

“Are those two people from Rhino City?” Huo Zhao asked.

“It shouldn’t be. One of them is obviously a human. I think it has something to do with Cang Xuan Continent. After all, Feihu City just plundered the resources of Cang Xuan Continent some time ago and captured a lot of slaves.”

“This time, it is estimated that Cangxuan Continent sent people to rescue us, and it happened that Rhino City attacked Feihu City, so Feihu City’s defense was empty.”

“I checked. Those human slaves were all released. Master Huo went out at this time and was controlled by those people.”

The Great Elder never mentioned the matter of Niu Ben.

“It seems that there are still experts in Cang Xuan Continent who can actually find the reincarnation.” Huo Zhao’s eyes flickered, “No matter how many experts there are, if they dare to touch my son, I will destroy his entire Cang Xuan Continent.”

Huo Zhao was full of murderous intent, and the Cang Xuan Continent was implicated for no reason. They didn’t know yet that they were about to face revenge from the Temple.

At this moment, a red light suddenly flashed in the hall. Huo Zhao frowned and said, “Then Jie Zhong is in danger. He is such a loser. How can he not even defeat Rhino City and still want to dominate the entire beast tribe?”

After saying that, Huo Zhao glanced at the man in black beside him and said, “Go to the border and help relieve the burden!”

“Yes, sir!” The man in black nodded, and then disappeared in an instant!

But on the border, Chen Ping coldly watched Jie Zhong repairing his body without attacking.

“How about this? If you commit suicide, you can still leave an intact body, or if you surrender now, the entire Flying Tiger City will be merged into Rhino City.”

Chen Ping said to Jie Zhong.

Chapter: 8322

“Dream on!” Jie Zhong glared, “I’m telling you, I’ve called someone, they’ll be here soon!”

brush!

Just as Jie Zhong’s voice fell, a shadow shot out from the sky.

A man in black, holding a dark dagger in his hand, came up to Jie Zhong.

“The Palace Master said that you are a waste and asked me to come and help you.”

“Kill who?”

The man in black said coldly to Jie Zhong!

Although Xie Chong was very unhappy to hear this, he had no choice but to endure it since he was living under someone else’s roof.

“Kill him...” Jie Zhong pointed at Chen Ping!

The man in black just glanced at Chen Ping and started to attack without saying a word.

Chen Ping’s face was full of disdain and he was about to take action, but was blocked by Hu Mazi.

“I’ll deal with this little minions!”

Hu Mazi just punched out!

boom!

The man in black was forced back instantly, and Hu Mazi smiled coldly, and his body disappeared instantly.

The man in black frowned slightly and looked at Hu Mazi attacking him. His body began to fade away, and finally a trail of afterimages was left, attacking Hu Mazi from all directions.

Seeing this scene, Hu Mazi’s eyes narrowed slightly, and then he muttered something, and yellow talismans appeared one after another!

These talismans surrounded Hu Mazi, and the space around Hu Mazi trembled instantly. A powerful force suddenly surged towards the surroundings with Hu Mazi as the center.

At the same time, the talismans seemed to have eyes and chased after the afterimages.

The man in black was horrified and retreated repeatedly, but it was too late!

Suddenly, a talisman was attached to his body!

Bang!

With a loud bang, the man in black exploded on the spot!

Blood splattered everywhere.

Chapter: 8323

Even Jie Zhongren was dumbfounded.

What is going on?

The people sent by the Eighth Palace were killed so easily?

“Master Hu, you are old now, so stop pretending...”

Chen Ping looked at Hu Mazi and couldn't help but say!

“I can't pretend as well as you, so I'll leave the rest to you!” Hu Mazi said with a smile!

The two of them were talking and laughing, and they didn't even take the tens of thousands of troops from Feihu City seriously.

Jie Chong knew that at this moment he could only win by quantity!

“Kill him...”

Jie Chong shouted angrily!

The soldiers of Feihu City rushed towards Chen Ping with roars!

These armies directly changed the color of the sky and the earth. Chen Ping and Hu Mazi were really insignificant in front of these armies.

Seeing this, the Gadfly glared and said, "All Rhino City soldiers, listen up! Kill them until the last man stands!"

It was impossible for the Gadfly to watch Chen Ping and Hu Mazi deal with the tens of thousands of troops in Feihu City.

That's simply impossible.

As the Gadfly finished speaking, all the surviving Rhino City soldiers rushed forward with roars!

Their fighting spirit was rekindled by Chen Ping.

Fight till the last man standing!

This is the passion of every soldier.

"kill....."

Countless roars resounded through the sky.

Fengxian and Bai Yi looked at each other, then waved their weapons: "Kill..."

The melee occurs again!

At this time, Huo Zhao in the Eighth Palace Hall had a terribly gloomy expression on his face, because he had realized that the man in black he had sent out was dead!

Chapter: 8324

“What kind of expert is this in Rhino City that even Shadow is dead!”

Huo Zhao said with a stunned face!

“Palace Master, how about I take some people to take a look?” said the Great Elder!

“No need. You take people to Cang Xuan Continent and make sure to rescue the prince. Also, repair the entire Cang Xuan Continent.”

Huo Zhao said!

After saying that, Huo Zhao waved his hand lightly, and an old man in a gray robe appeared.

“You three should go to the border and take a look. You are formation masters, so you will have an advantage in fighting against those large armies!”

Huo Zhao said to the three gray-robed old men!

“Yes, sir...” The three gray-robed old men left!

Seeing this, the Great Elder had no choice but to appoint troops and head to Cang Xuan Continent to rescue Master Huo.

As for whether Chen Ping and the others are from Cang Xuan Continent, the Great Elder actually doesn't know and is just guessing.

After all, Hu Mazi is a human and cannot be from Rhino City.

At this moment on the border, the soldiers of Rhino City are fighting more and more bravely!

At the same time, Chen Ping turned into a stream of light, holding the Dragon-Slaying Sword, and continued to kill the elite soldiers of Feihu City.

Hu Mazi cast a spell, and soldiers from the Flying Tiger City died one after another under the spell!

Jie Zhong hid at the back, constantly repairing his body, his face full of worry and expectation.

He now hopes that the Eighth Palace can send someone over, and not send those rubbish people like he did just now. It's useless, as they will be killed instantly when they come.

Just then, three gray-robed old men arrived, each holding a black staff in his hand!

It was easy to relieve the stress, and I was immediately overjoyed!

“Three masters, please take action!”

Jie Zhong said!

“Don't be impatient...” said one of the gray-robed old men!

After saying that, the three grey-robed old men began to chant spells. At the same time, runes appeared in the void around them. At the same time, three mysterious forces were constantly spreading!

Three grey-robed figures stood in the air, the black staffs in their hands interweaving into a strange rune network.

Chapter: 8325

As the chanting became more and more rapid, a huge triangular light array suddenly appeared above the entire battlefield, with each corner corresponding to a gray-robed old man.

“Three Talents Absolute Spirit Formation – activate!”

The old man in the lead shouted loudly and slammed his staff heavily into the air.

Buzz! The spiritual energy between heaven and earth suddenly solidified.

The Rhino City soldiers were horrified to find that the spiritual energy in their bodies seemed to be frozen, and they were unable to perform even the simplest combat skills.

The long sword in the Fengxian’s hand suddenly became as heavy as a thousand pounds, and the arrow shot by Bai Yi fell down halfway.

“not good!”

Hu Mazi’s face suddenly changed. Just as he was about to make a gesture, he found that the talisman disappeared into the air as soon as it took shape.

Cold sweat oozed from his forehead: “This is an ancient forbidden formation that is specifically designed to suppress spiritual power...”

Xie Zhong was overjoyed when he saw this, and shouted, “Now is the time! Charge with all your forces!”

The Flying Tiger City army surged in like a tide, and a large number of Rhino City soldiers who had lost their spiritual power fell down in an instant.

The Gadfly barely managed to block the two spears, but was stabbed in the shoulder by the third enemy soldier, and his armor was stained with blood.

“Chen Ping!” Hu Mazi called out urgently, “This formation...”

“It’s just a trifle.”

Chen Ping sneered, and the Dragon-Slaying Sword suddenly let out a clear dragon roar.

He pointed his sword at the sky, and nine golden sword shadows appeared around him: “Break the formation!”

Nine sword lights hit a node of the triangular light array like meteors.

The three grey-robed old men groaned at the same time, and tiny cracks appeared in the formation.

Chen Ping’s eyes lit up, and the second sword followed: “Kill!”

The Dragon-Slaying Sword turned into a giant blade hundreds of feet long and chopped down, causing the entire formation to shake violently.

The old man in the lead spat out a mouthful of blood and said in horror: “How could he find the center of the formation?”

“Because you’re too stupid.”

Chen Ping suddenly appeared above the three people.

“Brother, this is for you...” Seeing this, the Gadfly threw a bronze mirror to Chen Ping!

Chapter: 8326

This is the bronze mirror in the Gadfly’s house, used to view the scenes in Purgatory.

Chen Ping took the bronze mirror and shone it towards the three old men.

The mirror reflected the panicked faces of the three old men. He said softly, "Now, it's my turn to be on the main field."

"The Myriad Illusionary Sky Technique!"

The bronze mirror burst out with a blinding white light, and the three old men subconsciously closed their eyes.

When I opened my eyes again, the battlefield around me had disappeared, replaced by endless fog.

"Illusion?" The old man on the left sneered, "Just an illusion..." Before he finished speaking, countless pale arms suddenly stretched out from the mist and dragged him into the abyss. Amid the shrill screams, the other two were horrified.

In the real world, three gray-robed old men suddenly froze in place, with expressions of fear, ecstasy, and pain appearing alternately on their faces.

Their staffs slipped from their hands and the light curtain of the formation shattered like glass.

"No...don't come over here!"

One of them suddenly knelt on the ground with his head in his hands, waving his arms wildly at the air, "I didn't kill Brother! Master forced me to do it!"

The other one stroked the void obsessively, muttering: "Junior sister... you finally agreed to see me..." Suddenly his expression twisted, "What? Is the baby of Senior Brother in your belly?"

The oldest old man was the most terrifying. He tore open his robe, revealing the dense curse runes on his chest, and knelt on the ground and kowtowed: "Master, please spare my life! I will never dare to secretly learn forbidden techniques again!"

The battlefield was silent.

The soldiers of Flying Tiger City watched in horror as the formation master they relied on talked to himself like a madman, and some even began to hurt themselves.

Xie Zhong's face was ashen and his legs were shaking uncontrollably.

"What...what did you do to them?"

His voice trembled.

Chen Ping put away the bronze mirror and said lightly, "It's just to let them see the truth that they fear the most." He turned to Hu Mazi, "Can you move now?"

Hu Mazi moved his wrists, and the yellow spell condensed on his fingertips again: "Old bones can still fight." He looked at the three old men who were trapped in the illusion and whispered: "This is more cruel than killing them."

That's true.

The flow of time in the illusion is different from that in reality. The three old men are experiencing the most unbearable memory cycle of their lives.

The eldest senior brother's curse before his death, the affair between the beloved junior sister and the enemy, the despair of being discovered by the master after secretly learning forbidden techniques...all the deeply buried dark secrets were dug out bloodily and played out repeatedly in full view of the public.

"Ah!!!" An old man suddenly started bleeding from all seven orifices and his crown was shattered by a palm strike.

Chapter: 8327

The other two also collapsed one after another, one bit off his tongue, and the other dug out his own eyes.

Xie Zhong finally broke down: "Retreat! The whole army retreats!"

But it was too late.

The recovered Rhino City warriors were like tigers out of the cage, Fengxian's long sword rolled up a bloody whirlwind, and Bai Yi's arrows took away several lives every time they left the bow. Although the Gadfly was injured, he rushed to the front: "For Rhino City!"

Chen Ping did not pursue the defeated soldiers, but looked towards the direction of the Eight Palaces in the distance. The Dragon-Slaying Sword sensed the master's desire to fight and emitted a buzzing vibration.

Hu Mazi came over and followed his gaze: "Waiting for a bigger fish?"

"The Eighth Palace will not send only these useless people." Chen Ping put away his sword, "But before that..." He suddenly turned around, pointing the tip of his sword at a certain void: "Have you seen enough?"

Ripples appeared in space, and a figure wearing a bronze mask slowly emerged.

Unlike the previous man in black, this man had eight jade plates hanging around his waist, each of which was engraved with a different pattern of a ferocious beast.

"The Temple Patrol Envoy?" Feng Xian's pupils shrank, and he whispered to Chen Ping, "Brother, this is really troublesome."

The masked man did not attack immediately, but first glanced at the three dead grey-robed elders, and said in a hoarse voice like metal friction: "What a wonderful illusion technique. Who did you learn this technique from?"

Chen Ping did not answer but asked: "What the hell does it have to do with you?"

The air froze instantly. The masked man exuded a terrifying pressure, and eight jade cards lit up at the same time: "It is you."

"I didn't expect that I, a mere inspector of the Eighth Palace, would run into an enemy of our temple. Your name is Chen Ping, and our Ninth and Tenth Palaces were all destroyed by you, right?"

"Yes, it's me, your grandfather!" Chen Ping nodded!

Anyway, it has come to this point, and Chen Ping has made up his mind. Since he has been discovered, he will admit it generously.

The masked man slowly pulled out the bone whip from his waist and said, "I will pull out your soul and hang it on the soul lamp in the temple to burn for a hundred years."

Hu Mazi was about to step forward, but was stopped by Chen Ping: "You can't handle this." He said softly, "Take everyone away, don't fight."

Chen Ping didn't know how powerful this inspector was, but it was definitely not low. He was probably stronger than Huo Zhao, the Eighth Palace Master.

Moreover, it was not known whether there were other people from the temple here, so Chen Ping could only let Hu Mazi and the others retreat first.

When the time comes and you really are no match for the opponent, you can still find a chance to escape.

If you can't beat them, it's okay to run away.

The masked man sneered: "No one can leave."

The bone whip suddenly extended a hundred feet and wrapped around Hu Mazi's neck like a living thing.

Chapter: 8328

But the whip shadow was cut off halfway by a golden sword light.

Chen Ping had already stood in mid-air without knowing when, and a huge golden dragon shadow appeared behind him: "Your opponent is me."

The masked man finally got serious: "Golden Dragon? Are you from the Dragon Clan?" He pulled off the mask, revealing a face covered with curse marks, "Then I can't let you live!"

The curse pattern squirmed like an earthworm and covered the entire body in a blink of an eye.

His body began to deform, growing scales and bone spurs, and eventually turned into a half-human, half-dragon monster.

The eight jade plates merged into his body, forming ferocious bone armor at the joints.

"Divine Dragon Transformation!" Feng Xian cried out in shock, "Brother, be careful! This is an ancient divine skill of the God Clan!"

The masked man who transformed into a dragon roared towards the sky, and the sound waves caused the rocks within a ten-mile radius to collapse.

He swung his sharp claws, and five black rays tore through the space and went straight for Chen Ping's throat.

Chen Ping did not dodge or evade, and the Dragon-Slaying Sword suddenly split into thousands and poured down like a rainstorm.

“You guys go quickly...”

Chen Ping yelled!

The aura of the temple’s patrol envoy made Chen Ping feel a sense of crisis, so he had to ask everyone to leave first!

“Brother, I won’t leave. We will help you!”

The Gadfly and the Crazy Immortal want to help Chen Ping!

“My dear son-in-law, I won’t leave either!” Bai Yi didn’t leave either.

“Chen Ping, I can’t leave anymore!” Hu Mazi said!

“Fuck! Get out of here now! If you stay, you will become a burden to me!” Chen Ping could only curse.

But what Chen Ping said was the truth. If they stayed, Chen Ping would still have the energy to protect them.

Even if he is no match for his opponent now, he can still escape!

If it really doesn’t work, just let the Red Cloud Demon Lord possess you, and it should be no problem to kill this patrol envoy!

But if the others stayed and were controlled by the inspector, Chen Ping would be in a dilemma!

When everyone heard Chen Ping say this, they were all stunned. Finally, Hu Mazi waved his hand and said, “Retreat. Don’t be a burden to Chen Ping.”

Everyone began to retreat, and Xie Zhong, along with the soldiers from Feihu City, managed to escape the disaster and was able to catch their breath for a while.

However, they also suffered heavy losses, with less than one-third of their troops left.

Chapter: 8329

The inspector's eyes looked at Chen Ping more and more coldly, and murderous intent rose in them!

Chen Ping felt the murderous intent from the inspector, and held the Dragon-Slaying Sword tightly in his right hand, his expression extremely solemn!

Facing the inspector who had transformed into a divine dragon, Chen Ping did not dare to be careless at all, otherwise he might lose his life!

"Senior, if I lose to you later, you must seize the opportunity to possess me and help me!"

Chen Ping said to the Demon Lord Chiyun!

"No matter!" Demon Lord Chiyun crossed his legs and lay in Chen Ping's sea of consciousness, feeling free and easy.

Chen Ping was stunned, and said angrily: "Damn it, you eat my food, drink my drinks, and live in my house, but now you are saying such cold words, where is your conscience?"

"Don't always rely on me, kid. You have to have confidence in yourself and push yourself. If you don't push yourself, how will you know how rubbish you are!" said the Red Cloud Demon Lord with a smile!

"Fuck..." Chen Ping was speechless!

At this time, the patrol envoy suddenly disappeared. Chen Ping frowned when he saw this. The next moment, he took a step forward with the Dragon-Slaying Sword in his hand, and then suddenly swung the sword from top to bottom!

boom!

When the sword was swung out, Chen Ping instantly felt a huge force blocking him, and then Chen Ping's body flew backwards!

The patrol envoy revealed his figure and punched Chen Ping!

This punch was filled with a strong and terrifying murderous intent. The heaven and earth instantly lost their color under this punch.

Chen Ping knew that if he was hit by this punch, he would be seriously injured if not killed!

But just when the patrol envoy was about to hit Chen Ping with his punch, suddenly a spear flew out of the air!

boom!

The enormous force made the patrol envoy retreat backwards!

Then a girl in white appeared, holding a spear and a Qiankun Ring around her neck!

All that's missing is a Hot Wheels...

"You are a patrol officer of the temple, but you attack a junior. Do you have any shame?"

The girl in white questioned the patrol envoy without any fear in her eyes.

“Who are you?” The patrol officer frowned and stared at the girl in white in front of him and asked!

The girl in white ignored him, but turned to look at the injured Chen Ping and asked, “Are you okay?”

Chapter: 8330

“I’m fine!” Chen Ping shook his head: “Thank you for saving me, young lady.”

“I should be the one thanking you for saving so many people in Cang Xuan Continent.” The girl in white said with a smile!

Chen Ping was slightly stunned: “Girl, are you from Cangxuan Continent?”

The girl in white shook her head.

Chen Ping was talking to the girl in white when the patrol officer got angry and yelled, “You are looking for death...”

As the voice fell, the patrol officer waved his hand forward, and a terrifying force burst out, and the entire space seemed to be compressed in an instant.

Chen Ping and the girl in white only felt that their bodies seemed to be imprisoned.

“Hmph, you don’t know your own limitations...”

The girl snorted coldly, then shook her wrist and stabbed out with the spear in her hand!

boom!

This shot directly pierced through the terrifying force, but the force did not weaken, and it directly forced the girl in white to retreat again and again!

Seeing this, Chen Ping let out a dragon roar with the Dragon-Slaying Sword in his hand and slashed out fiercely!

This sword directly shattered the terrifying force.

Chen Ping was just about to take a breath, but the inspector had already arrived in front of him.

Chen Ping didn't have time to swing his sword and could only punch out with all his might!

“Holy Light Fist...”

boom!

At the same time as he threw this punch, Chen Ping felt a lightness behind him, and he was pulled backwards by the girl in white!

“Don't touch him, you are no match for him!”

After saying that, the girl in white thrust out a spear, and purple rays of light flashed on the tip of the spear!

The patrol envoy's face changed and he punched out with his left hand!

“Mohist Spear?” The patrol envoy shouted as he threw a punch.

“I didn’t expect you to be so knowledgeable.”

The girl in white quickly stepped back, and at the same time, the tip of her gun shook, and a series of gun shadows appeared in front of the patrol envoy.
