

## **The Order 8371**

Chapter: 8371

Chen Ping said to Huo Zhao!

Huo Zhao looked at his son and daughter when he heard it, but it was difficult to make a choice!

“Father, save me, save me, my sister was just arrested, and I have been locked up for many days.”

“I don’t want to die, and I don’t want to be locked up and suffer. Save me!”

Shizi Huo shouted desperately, wanting Huo Zhao to save him.

Seeing this, Huo Jingjing said to Huo Zhao: “Father, please rescue my brother. I will be their hostage. I believe they dare not do anything to me.”

Huo Zhao could only nod his head. Seeing this, Chen Ping waved his hand and asked people to release Master Huo.

Just after being freed, Master Huo immediately showed his vicious side.

“Chen Ping, if you dare to arrest me, you wait for me. Our temple is not something you can contend with.”

“I will make you live a life worse than death...”

Master Huo said arrogantly!

Chen Ping looked at the arrogant look of Master Huo and smiled coldly: "If you don't want to leave, do you believe that I can catch you back now?"

"Don't forget, your father was defeated by me. If I catch you, no one can stop me!"

When Master Huo heard this, he immediately shut up and hurriedly pulled Huo Zhao and said: "Father, let's go, let's go quickly..."

Huo Zhao looked at Chen Ping coldly: "Chen Ping, if my daughter loses a hair, I will never forgive you."

"Even if you defeat me, I have the entire temple behind me, and the temple is behind the entire God Clan. You can't afford to provoke them."

"Don't worry, as long as you don't target Cangxuan Continent, your daughter will never be in trouble."  
Chen Ping said indifferently!

"Okay, I won't target Cangxuan Continent, but I won't let you go!" Huo Zhao said coldly!

"Whatever, even if you let me go, I don't plan to let the temple go."

Chen Ping said very casually!

"Jingjing, take care of yourself!" Huo Zhao said, and left with the people of the Eight Palaces!

After Huo Zhao left, the cultivators of Cangxuan Continent knelt down to Chen Ping!

It was Chen Ping who saved the entire Cangxuan Continent from being slaughtered and enslaved.

Mo Qingyun looked at Chen Ping with admiration and envy.

Chapter: 8372

A first-grade scattered immortal realm can actually have such strength.

You know, this is a society where the strong are respected.

Although Chen Ping's first-grade scattered immortal realm is looked down upon, the strength shown by Chen Ping is really enviable.

"Take us to see your Xuannv!"

Chen Ping said to the man at the beginning of Cangxuan Continent!

"Okay, okay..." The man nodded repeatedly, "Senior Chen, please follow me..."

Chen Ping and the others jumped up with the man and went to the palace where the blue lotus was!

Those cultivators of Cangxuan Continent did not stand up until Chen Ping and his group left!

An old cultivator murmured, "It was Senior Chen who saved us, and saved our entire Cangxuan Continent..."

"We will build a golden body for him, so that our descendants can worship him for generations..."

At this time, Chen Ping had no idea that they were going to build a golden body for him, and was still on his way to see the blue lotus.

Mo Qingyun would occasionally peek at Chen Ping and get angry.

Although he had not known Chen Ping for a long time, at this moment, Mo Qingyun felt that he seemed to be attracted to Chen Ping.

Especially when Chen Ping, who was a first-grade scattered fairyland, fought against Huo Zhao, who was a fifth-grade scattered fairyland, he was so handsome.

And Hu Mazi was looking at the subdued Huo Jingjing, drooling constantly.

After all, any man who saw Huo Jingjing's tights would have a reaction!

In a magnificent palace in Cangxuan Continent!

Lan Lianhua frowned slightly, feeling very anxious!

After such a long time, Mo Qingyun still hasn't arrived. If there is no help from the Mo family, relying on the Cangxuan Continent, there is no way to stop the attack of the Eight Palaces.

"Xuan Nu, are the helpers you called for coming? If you wait any longer, I don't know how many people in the Cangxuan Continent will be buried in the hands of that temple."

The King of Dongmeng asked anxiously!

"Wait a minute, it will probably be here soon!" Lan Lianhua said!

"Xuan Nu, I don't want to wait any longer. Our Dongmeng Kingdom is now under the iron hoof of that temple. If we don't think of a way, our Dongmeng Kingdom will be wiped out."

The King of Dongmeng couldn't wait any longer!

Chapter: 8373

“What do you want?” Ashnu asked!

“Since we are not opponents, we can only surrender. We can’t just watch everyone die.”

The King of Dongmeng said!

“You traitor, I know you will definitely surrender, I will chop you first...”

Ashnu said, and was about to start.

“Okay, don’t you think it’s not chaotic enough?” Blue Lotus shouted angrily!

At this time, no one spoke, and looked at Blue Lotus quietly, wanting to know what she thought.

But what could Blue Lotus think of? She could only wait.

But every minute and every second, there were monks from Cangxuan Continent dying.

At this moment, someone suddenly broke in, and then said excitedly: “Xuan Nu, retreat, all retreat...”

“What retreat?” Blue Lotus was very puzzled.

“The people in the temple retreated, all evacuated from our Cangxuan Continent...”

The person who came said!

“What’s going on?” Blue Lotus said happily!

“I don’t know!” The person who reported the news shook his head!

The other three kings were also shocked when they heard it. They couldn’t figure out why the people in the temple suddenly retreated?

“I know, it must be the helper I found. She must have driven away the people from the temple.”

Lan Lianhua’s eyes suddenly lit up.

Just as Lan Lianhua was talking, a huge breath suddenly approached, and then slowly landed in front of the palace gate.

“Xuan Nu, your friend wants to see you...”

The man who brought Chen Ping and the others said loudly.

“Hahaha, it’s her.” Lan Lianhua was overjoyed and hurriedly said, “Let them in...”

Mo Qingyun led Chen Ping and the others in!

After seeing Lan Lianhua, Mo Qingyun hurried over, and the two hugged each other tightly.

Chapter: 8374

“Qingyun, thank you so much, otherwise if you don’t help, I’m afraid that my Cangxuan Continent will be completely occupied by the people from the temple.”

Lan Lianhua said!

“Don’t thank me, I didn’t do anything, it’s all Chen Ping’s credit.”

Mo Qingyun pointed at Chen Ping and said!

“Chen Ping?” Lan Lianhua looked at Chen Ping curiously, and found that Chen Ping was only at the first level of the scattered fairyland, and suddenly became puzzled.

“Don’t look at his realm, his strength is very strong. The eighth palace master, who was at the fifth level of the scattered fairyland, was defeated by him.”

“That’s why those people withdrew from Cangxuan Continent...”

Mo Qingyun knew what Lan Lianhua was thinking, so she said.

“Xuan Nu, is this the helper you found? I saw that the people from the temple left, and it has nothing to do with the helper you found, right?”

The king of Dongmeng just glanced at it and snorted coldly!

As for the strength of Chen Ping and his friends, the highest one seems to be only Mo Qingyun’s peak third level of the scattered fairyland.

Hu Mazi and Chen Ping are not at a high level.

He simply didn’t believe that these few people drove away the people in the temple.

Lan Lianhua didn’t say anything, because she didn’t quite believe it either, after all, the realms of these people were too low.

Originally, she thought that Mo Qingyun would bring Mo family masters to help, but who would have thought that he would bring these two people.

“Xuan Nu, the people in the temple were indeed driven away by this senior Chen, and they also defeated the Eighth Palace Master of the temple. We all saw it with our own eyes, it can’t be fake.”

The man who brought Chen Ping and others here immediately began to prove it to Chen Ping.

If he hadn’t seen it with his own eyes, he wouldn’t have dared to believe that a first-grade scattered fairyland could defeat a fifth-grade scattered fairyland.

“Is this really the case?” Lan Lianhua was very surprised.

“What the hell are you talking about? Did you take their money to deceive us like this?”

“A first-grade scattered fairyland defeated a fifth-grade scattered fairyland cultivator, it’s simply bullshit.”

The King of Dongmeng shouted at the man!

The man’s face changed slightly, and it was obvious that he was very afraid of the King of Dongmeng.

“How can you believe it?” Chen Ping asked the King of Dongmeng.

Chapter: 8375

“Let us see it with our own eyes, so that we can be convinced.” The King of Dongmeng said!

“Then may I ask, what realm are you in now?”

Chen Ping asked!

“I am at the peak of the second level of the scattered fairyland. In time, I will soon reach the third level of the scattered fairyland.”

The King of Dongmeng said very proudly.

Pah...

But as soon as the voice fell, Chen Ping suddenly appeared in front of him and slapped him!

The King of Dongmeng was stunned by the beating, and after reacting, he was about to attack Chen Ping!

But he found that his body seemed to be imprisoned by something and could not move at all.

Chen Ping slapped him several times in a row!

Pah pah pah...

“How is it, do you believe it now?”

Chen Ping asked while hitting him.

This scene made the other two kings stunned.

Lan Lianhua took a breath of cold air, her face full of disbelief.

If she hadn't seen it with her own eyes, she would never believe it even if she was beaten to death. Even she didn't have the ability to beat the King of Dongmeng without fighting back.

Chen Ping, a first-grade scattered immortal, actually did it.

"Chen Ping, you're too much. Didn't you say that the pretentious thing should be left to me?"

Seeing this, Hu Mazi pulled Chen Ping away directly, and he shot at the King of Dongmeng left and right.

Hu Mazi slapped the King of Dongmeng again.

Chen Ping and Hu Mazi's realms did not let him, but in front of these two people, he was like a child, without even room for resistance.

"Chen Ping, Master Hu, that's enough, don't beat him to death."

Seeing this, Mo Qingyun hurriedly spoke out to stop it.

At this time, the face of the King of Dongmeng had already swollen like a pig's head.

Chapter: 8376

The man who brought Chen Ping and the others couldn't help but laugh.

Ashnu laughed without hesitation: "Hahaha, now you believe it, your face is swollen."

Although the king of Dongmeng was very angry, he began to fear the strength of Chen Ping and Hu Mazi.

Although the two people's realm is not high, their strength is too strong.

This is really a book of life!

"Qingyun, where did you know these two masters?"

Blue Lotus asked curiously!

"In Feihu City..." Mo Qingyun briefly recounted the whole story.

After hearing this, Ashnu suddenly became excited and stepped forward to grab Chen Ping's hand and said: "In Feihu City, you saved my daughter and my people, but you?"

"Your daughter?" Chen Ping was stunned!

"My daughter is Aisha..." Ashnu said!

Chen Ping remembered it instantly and nodded, "Yes, I rescued them from Feihu City..."

"Thank you so much, benefactor..."

Ashnu said, and was about to kneel down to Chen Ping.

Chen Ping stretched out his hand and gently lifted Ashnu, and Ashnu could no longer kneel down, which made Ashnu respect Chen Ping even more.

A young man with only the strength of the first level of Sanxian Realm has unfathomable strength.

Lan Lianhua was grateful when she heard that Chen Ping also rescued many people from Cangxuan Continent from Feihu City!

“Today, I will treat our guests from Cangxuan Continent well.”

Lan Lianhua said!

“Go to the floating island?” Mo Qingyun said!

“I knew you would definitely go there, I had already ordered people to prepare!”

Lan Lianhua smiled!

“Miss Mo, what is the floating island?”

Chen Ping asked curiously!

Chapter: 8377

“You will know when you go there, it is very beautiful.”

Mo Qingyun said!

Soon, everyone walked out of the hall, and Lan Lianhua saw that there were actually three women outside the hall!

One of them was Huo Jingjing, who was being guarded by Hu Mazi’s two women!

In order to prevent Huo Jingjing, the arrogant guy, from self-destructing, Chen Ping sealed the meridians in her body.

Huo Jingjing now is just like an ordinary person, and she can't self-destruct.

"Who are these three?" Lan Lianhua asked curiously!

Mo Qingyun introduced them, but when she knew that Huo Jingjing was Huo Zhao's daughter, Lan Lianhua's eyes were filled with angry flames.

Huo Zhao led people to kill so many people in Cangxuan Continent and robbed so many resources, how could she not be angry.

But in front of Chen Ping and others, Lan Lianhua couldn't do anything to Huo Jingjing, after all, Huo Jingjing was captured by Chen Ping and others.

And with Huo Jingjing, she could threaten Huo Zhao and not cause trouble for Cangxuan Continent.

Everyone flew towards the floating island!

Just as Chen Ping and his men were heading to the floating island, the Eighth Hall Master Huo Zhao led the Eighth Halls to the demon area.

Huo Zhao stopped in front of a blood-red city.

This was the territory of the Bone Erosion King. Huo Zhao looked at the blood-red skeleton soldiers on the city wall, and waved his palm gently, and instantly all the blood-red skeleton soldiers turned into powder.

"Who dares to go wild in my Bone Erosion City?"

There was only a roar, and then a burly, intimidating demon cultivator appeared on the city wall.

Behind him were thousands of skeletons, each holding a scimitar, with red eyes, looking very scary.

“Stop shouting, and get off now.”

Huo Zhao shouted coldly.

Seeing this, the Bone Erosion King shuddered slightly, and quickly grinned, revealing his teeth with a cold glow: “So it’s the Eighth Hall Master of the Temple. I’m sorry for not welcoming you from afar, I’m sorry for not welcoming you from afar...”

The Bone Erosion King appeared in front of Huo Zhao in an instant, and the thousands of skeletons behind him seemed to disappear out of thin air.

“I wonder what the Eighth Hall Master wants me to do?”

The Bone Erosion King asked!

Chapter: 8378

“You want our Hall Master to stand at the door and talk to you?” The Eighth Hall’s Great Elder frowned.

“Please, please come in...”

With a wave of the Bone Erosion King’s hand, the city gate slowly opened!

Huo Zhao led the Eighth Hall people into the city.

If there was no other place to go, Huo Zhao would not have come here. As a member of the God Clan, he looked down on this kind of magic cultivator the most.

Many magic cultivators like the Bone Erosion King rely on absorbing the Yinsha Qi of the dead to cultivate, and some refine corpses into puppets, and even some skeletons into skeleton soldiers.

This kind of demon cultivator is the most despicable existence among the demons. As a proud god, they are not willing to deal with such people.

But now, Huo Zhao must use these people.

When he came to the main hall of the Bone Erosion City, Huo Zhao took the initiative to sit in the main seat, and the Bone Erosion King dared not fart.

He would not dare to offend the people in the temple even if he had a hundred courage.

“Bone Erosion King, if I ask you to attack the Cangxuan Continent, are you sure?”

Huo Zhao asked!

Huo Zhao can't attack the Cangxuan Continent by himself now, because his daughter is still in Chen Ping's hands, but he can let others do it.

Huo Zhao felt uncomfortable without letting out this breath.

“Palace Master Huo, although my Bone Erosion City also has 100,000 soldiers, it is slightly inferior to the Cangxuan Continent.”

The Bone Erosion King said tactfully!

“Then unite with other demons, or beastmen, and you can divide up the resources of Cangxuan Continent.”

“And I can provide you with a million immortal stones for Bone Erosion City, what do you think?”

Huo Zhao said!

“A million immortal stones?” The Bone Erosion King was stunned for a moment, and after a while, he nodded repeatedly and said, “Okay, okay... I will contact people right now, and I will definitely destroy the Cangxuan Continent.”

“Palace Master Huo, please rest here first, let me find someone...”

“Go!” Huo Zhao waved his hand!

After the Bone Erosion King left, Master Huo looked at Huo Zhao and asked, “Father, where can we get a million immortal stones?”

If the Eight Palaces had a million immortal stones, they wouldn't have to come to the First Heaven to plunder everywhere.

Chapter: 8379

“It's just a big pie, otherwise why would they work for you!”

Huo Zhao smiled coldly!

Master Huo nodded as if he had realized something!

.....

Cangxuan Continent!

On a floating island, a waterfall falls like the Milky Way, and here there are birds singing and flowers blooming, just like a paradise on earth.

“It’s so beautiful...”

Mo Qingyun looked at the floating island in front of him and couldn’t help lying on the grass: “What I miss most in these years is this floating island.”

“You only miss this floating island, not me?” Lan Lianhua rolled her eyes and said!

“Yes, of course I miss you too!” Mo Qingyun smiled faintly.

On the floating island, Lan Lianhua had already ordered people to prepare spiritual fruit and fairy wine.

Everyone sat in a sea of flowers, surrounded by spiritual energy, cranes circling, like a paradise on earth.

“Come, Fellow Daoist Chen, try our Cangxuan Continent’s unique ‘Nine-turn Spiritual Wine’, which is brewed with thousand-year-old spiritual fruits and is of great benefit to cultivation!”

Lan Lianhua smiled and raised the glass, her eyes full of enthusiasm.

Chen Ping took the wine glass and took a sip. Suddenly, a warm spiritual power flowed into his limbs and bones, making him feel refreshed.

“Good wine!”

Chen Ping praised.

Hu Mazi had already gulped down the wine, his face full of intoxication: “Hahaha, this is much better than the wine in the mortal world!”

Mo Qingyun leaned against a spiritual tree, looking at the waterfall in the distance, with nostalgia in his eyes: “When I was a child, I often came here to practice. I always felt that this place was indescribably mysterious.”

Hearing this, Chen Ping’s heart moved slightly.

He looked around, and for some reason, he always felt that this floating island was a little strange.

Although the spiritual energy on the island was rich, it did not seem to be formed naturally, but was deliberately gathered by some force.

Even stranger was that when his consciousness was exploring, he faintly felt a faint restriction fluctuation, as if something was hidden.

“Could it be... there is a secret on this island?” Chen Ping thought to himself.

Chapter: 8380

Just as he was thinking, the deep voice of the Red Cloud Demon Lord suddenly came from his sea of consciousness:

“Boy, this place is not right.”

Chen Ping frowned and responded with his consciousness: “What did the senior find?”

“This island... is not naturally formed.”

The Red Cloud Demon Lord's voice was solemn, "It should be an ancient relic, forcibly lifted into the air by a formation, disguised as an ordinary floating island."

"Relics?!" Chen Ping was shocked.

"Yes, and the restrictions of this relic are extremely strong. I'm afraid even the peak of the scattered immortals will find it difficult to break it by force."

The Red Cloud Demon Lord pondered, "If there is a chance, you can explore it. Maybe you can find some good things."

Chen Ping's eyes flickered, and he was about to ask again, suddenly-

"Boom-!!!"

A loud noise came from the distant sky, and then the entire Cangxuan Continent shook violently!

"What's going on?!"

Lan Lianhua stood up suddenly, his face changed suddenly.

A cultivator from Cangxuan Continent hurried over, his face full of fear: "Report! Bone Erosion King is leading many demon cultivators to attack our border formation!"

"What?!" Everyone was shocked.

"We have never had any grudges with Bone Erosion City, why are they suddenly attacking us?"

"And the strength of Bone Erosion City is simply not the opponent of my Cangxuan Continent."

Blue Lotus said very puzzled!

Mo Qingyun's face was gloomy: "It must be Huo Zhao, it seems that this Eighth Palace Master is really unwilling to give up!"

Chen Ping's eyes flashed with cold light: "It seems that he wants to kill someone with a borrowed knife."

Blue Lotus gritted his teeth and said: "Let's go! Let's go to support immediately!"

Everyone stood up and prepared to leave the floating island.

Chen Ping looked back at this mysterious floating island, feeling a little unwilling, but the current situation was critical, so he could only give up the investigation temporarily.

"After solving the demon clan, I will come back to find out!" He thought to himself.
