

## **The Order 8391**

Chapter: 8391

“Chen Ping! What’s going on?” Mo Qingyun shouted in panic.

“The formation has been triggered!” Chen Ping gritted his teeth and tried to break free, but the suction was too strong. The two were swallowed up in a sudden space crack in the blink of an eye!

The world was spinning in front of them, and when they came to their senses, they were already in a strange ruin.

There were broken stone pillars and collapsed palaces all around, and the air was filled with an ancient and decayed atmosphere.

Not far away, a stone pillar as high as ten thousand feet broke through the sky, and there were many runes carved on the stone pillar.

Behind the stone pillar was a mountain, which seemed to be split in half, and carved into two statues of evil spirits.

“Who could be so generous as to carve the whole mountain?”

Mo Qingyun was shocked when he saw the scene in front of him.

Chen Ping did not speak, but stared at the two evil ghost statues with his eyes. His heart suddenly sank, as if something suddenly pinched him and suffocated him.

Chen Ping was shocked and retreated repeatedly, and shouted: “Back off, quickly back off...”

“Chen Daoyou, what’s wrong with you?” Mo Qingyun looked confused!

She didn’t understand why Chen Ping suddenly became like this.

Chen Ping was stunned when he saw that Mo Qingyun was fine, and at this moment, the suffocation he had just felt disappeared.

“Am I too nervous?”

Chen Ping took a long breath and looked at the two evil ghost statues again.

He knew that the ancients could not be so bored and carved the mountains casually. These two evil ghost statues must have a purpose.

But after taking two more glances, Chen Ping’s heart tightened again, and the feeling of suffocation seemed to come again.

“Break it for me...”

This time, Chen Ping did not retreat again, but held the Dragon Slaying Sword and slashed forward.

He wanted to break this feeling that made him fearful!

But no matter how Chen Ping burst out the breath in his body, the feeling of suffocation and fear could not be eliminated at all.

Chen Ping closed his eyes slightly and began to recite the Calming Mantra. He had to calm himself down first.

This feeling of fear would make many of his judgments wrong.

Chen Ping didn't understand why Mo Qingyun was fine, but he had this feeling?

Chapter: 8392

As the Calming Mantra continued to recite, the fear in Chen Ping's heart gradually disappeared, and finally calmed down!

Chen Ping opened his eyes and looked around, not daring to look directly at the two evil ghost statues.

The sky here was gray, and the sun and moon were not visible, as if isolated by some kind of power.

Mo Qingyun looked at Chen Ping nervously and asked, "Fellow Daoist Chen, where are we?"

Chen Ping took a deep breath and said in a deep voice, "We should have been sucked into the ancient ruins... Here, I'm afraid the real secret of the floating island is."

Mo Qingyun swallowed his saliva: "Then... can we still get out?"

Mo Qingyun was scared. If he couldn't get out, it would be troublesome. He was very scared when he saw the eerie atmosphere here.

Chen Ping didn't answer, but looked into the depths of the ruins, where a low roar was faintly heard, as if something was waking up...

At this time, a white light suddenly appeared, and Chen Ping and Mo Qingyun were startled.

As the white light dissipated, a man in green slowly appeared. This man was three feet tall, with a big knife on his back, and his aura was very strong.

After the man appeared, he was stunned when he saw Chen Ping and Mo Qingyun for the first time.

He looked at Chen Ping and the two of them with a face full of disbelief.

“How did you get here? Such a low realm?”

The man in green asked in confusion!

Chen Ping also took a look at the man in green and found that he was actually a fifth-grade cultivator in the Sanxian Realm, which puzzled Chen Ping.

According to the saying, a fifth-grade cultivator in the Sanxian Realm would not stay in the First Heaven, as there are very few such masters in the First Heaven.

But the man in green in front of him was actually a fifth-grade cultivator in the Sanxian Realm.

No wonder the man said that Chen Ping and his friends were at a low realm.

Chen Ping was only a first-grade cultivator in the Sanxian Realm, and Mo Qingyun was only a third-grade cultivator in the Sanxian Realm.

“Fellow Daoist, can’t you come here if your realm is low?”

Chen Ping asked!

“That’s not the case. I’m just curious. How did you, a first-grade cultivator in the Sanxian Realm, reach the Second Heaven?”

The man in green asked curiously!

“Second Heaven?” Chen Ping was stunned: “I didn’t go to the Second Heaven, I was in the First Heaven...”

Chapter: 8393

“Impossible, the entrance to this relic is in the Tianxuan Cave Mansion of the Second Heaven, how can you come here from the First Heaven.”

The man in green didn’t believe what Chen Ping said at all.

Chen Ping couldn’t figure out what was going on, and was about to explain, but he saw the void in front of him trembling!

I saw a man in white breaking through the air.

The man in white was holding a folding fan, and his body exuded a powerful aura, causing the surrounding void to tremble.

Chen Ping saw that the man in white was not weaker than the man in gray at all.

As soon as the man in white appeared, the man in gray frowned and cursed: “Damn it, you’re never going to stop...”

After that, the big knife behind the man in gray was pulled out and chopped directly at the man in white.

This knife instantly cut out a thousand-foot blade light, and terrible shock waves continued to hit the surrounding void.

Seeing this, Chen Ping took Mo Qingyun's hand and kept backing away to avoid being affected by the shock wave.

Although Chen Ping didn't understand why the two men fought as soon as they met.

But Chen Ping had nothing to do with them, so he didn't want to be affected by them.

Mo Qingyun's hand was white, tender, and soft as if it had no bones, and was held in Chen Ping's hand.

Chen Ping didn't react, but Mo Qingyun looked at Chen Ping and her face turned red.

It was the first time she was held by a man's hand.

And it was a man she liked in her heart.

Chen Ping didn't pay attention to Mo Qingyun's reaction at all. He held the Dragon Slaying Sword and released sword intent to block the waves of shock waves.

Mo Qingyun stood behind Chen Ping and watched Chen Ping trying to help him block those shock waves!

At this moment, Chen Ping's figure became taller in Mo Qingyun's eyes.

Mo Qingyun unconsciously leaned his head on Chen Ping's shoulder.

Chen Ping felt something was wrong, but he just took a look and didn't say anything. After all, the two men were fighting fiercely, and the surrounding void seemed to be about to collapse.

Chen Ping had to try his best to block the shock waves from the two men, otherwise the two men would be fine fighting, but he and Mo Qingyun would be in trouble.

Chen Ping protected Mo Qingyun and watched the two men fighting in front of him!

The strength of the man in white and the man in green was evenly matched, and neither of them could take advantage.

Chapter: 8394

After a hundred moves, the two men swung out a palm at the same time, and their figures suddenly separated by a hundred feet.

A series of terrible forces continued to hit Chen Ping and the others.

However, Chen Ping found that when the shock wave swung towards the evil ghost statue on the other side, it disappeared instantly in mid-air.

With such a terrifying force, if it were an ordinary stone mountain, it would have turned into powder at this moment.

And the pillar that reaches the sky also stood steadily, and was not affected by the two men at all.

Boom!

The two people who had just separated collided again. It seemed that they had a mortal feud and would not stop until one of them was defeated.

Beside the two people, time and space became distorted.

“Give me some face, both of you, and stop fighting...”

Chen Ping really couldn't bear it anymore, and swung the Dragon Slaying Sword in his hand.

A terrifying sword light slashed towards the two people.

The two people were shocked and hurriedly separated to avoid the sword light.

Both of them looked at Chen Ping in shock, with incredible eyes.

If they were fighting like this, other Sanxian Realm 1st Grade would have been affected long ago and would have bled to death long ago.

But now, Chen Ping was not only fine, but also separated the two of them with a sword.

Seeing the two separated, Chen Ping walked towards the two people with Mo Qingyun!

"Don't fight anymore? I've already said it, give me some face, after all, we are all here to seek wealth, why bother to fight and kill."

Chen Ping persuaded the two.

"Who are you?" the man in green asked Chen Ping!

"Didn't I say, I'm here to seek wealth..."

Chen Ping smiled faintly.

"You are a first-grade scattered fairy, but you have such strength. Are you a reclusive genius from Tianyuan Pavilion?"

The man in white frowned and asked Chen Ping!

Chen Ping didn't know what Tianyuan Pavilion was at all, so he shook his head and said, "I said, I'm here to seek wealth, not from Tianyuan Pavilion."

"You two, I'm the eldest lady of the Mo family, Mo Qingyun..."

Mo Qingyun took the initiative to mention her identity to the two.

"So you're from the Mo family?" The man in green was obviously stunned!

The man in white bowed and said, "So you are Miss Mo, I am so sorry..."

"Well, it is fate that we can come to this ruins at the same time. Let's see if there is any danger in this ruins."

"If there is any danger, we have to work together. If there is any hatred, let's leave here first."

Chen Ping persuaded the two people!

Neither of them said anything. It was Chen Ping's sword just now that stunned the two people.

If Chen Ping hadn't shown his skills, it would be a joke for him, who is at the first level of the Sanxian realm, to persuade two fifth-level monks in the Sanxian realm.

Maybe the two people would have taught him a lesson long ago.

If you want to mediate and make people listen to you, you must have real skills.

Seeing that the two did not speak, Chen Ping stopped caring and slowly walked towards the two evil ghost statues.

The closer he got, the stronger the feeling of depression and fear in Chen Ping's heart became.

However, looking at Mo Qingyun beside him, it seemed that he did not react at all. Chen Ping did not know if he was the only one who felt this way.

Suppressing the fear in his heart, Chen Ping took Mo Qingyun to the foot of the two evil ghost statues.

Compared with the two evil ghosts, Chen Ping and Mo Qingyun were as small as an ant.

Chen Ping saw that under a evil ghost statue, there was a stone door with mysterious runes carved on it.

The two men also followed Chen Ping to the statue at this moment, and the two stood behind Chen Ping!

Chapter: 8395

“What a strange rune...”

Chen Ping stepped forward and gently stroked the stone door, but the stone door did not change at all.

Suddenly, the man in white took a folding fan in his hand, jumped high, and waved the folding fan in his hand.

Boom!

A huge force went towards the stone door, which was to force the stone door open. After all, none of them understood the formation, let alone the runes on the stone door.

In this case, only violent breaking is the kingly way.

But at the moment when the terrifying force touched the stone door, the man in white's face changed, and the next moment he was knocked out by the huge recoil force!

The earth began to tremble, and blood slowly oozed from the corners of the man in white's mouth.

"You deserve it..." The man in green laughed in a low voice.

Chen Ping looked at the stone door in front of him with some disbelief. He didn't expect that the formation on the stone door would be so powerful.

He was able to block the attack of a fifth-grade cultivator in the Sanxian realm, and even injured the opponent.

The man in white walked to the stone gate again with a serious face, and this time he did not act rashly.

"Can you break the formation on the stone gate?"

Mo Qingyun asked Chen Ping!

In Mo Qingyun's eyes, Chen Ping should be an omnipotent existence.

"Of course, there is no formation in the world that I can't break."

Chen Ping smiled lightly with a pretentious look.

“Pretentious...” The man in white glanced at Chen Ping.

It can be seen that the man in white is also an arrogant person. Just now, he was repelled by the stone gate and injured, so Chen Ping’s words directly hit his self-esteem.

Chen Ping smiled coldly, and just as he was about to break the formation on the stone gate, he suddenly felt a terrifying breath coming towards him.

Then a huge firebird slowly cut through the void!

With the appearance of the firebird, everyone was slightly surprised!

On the firebird stood a man in gorgeous clothes. The man’s makeup was very seductive, and he looked neither male nor female.

Chapter: 8396

Next to the man, there was a woman in underwear, crawling at the man’s feet.

Chen Ping looked at the firebird in surprise. It was so big, and I don’t know how many times bigger it was than his fire unicorn.

“Tianci, the hidden pride of Tianyuan Pavilion?” The man in green saw this and breathed a little fast.

Mo Qingyun frowned, his expression became a little strange, and he quietly stood behind Chen Ping!

The firebird slowly landed, and the hot flames burned the surrounding air and twisted it.

Tianci gently stroked the long hair of the woman next to him, and his eyes swept over everyone, and finally stopped at Mo Qingyun who was hiding behind Chen Ping, with a flash of surprise in his eyes.

“Sister Qingyun, why are you here too?” Tianci’s voice was a little feminine, “I heard that you went to the first heaven, and I was planning to go to the first heaven to find you?”

Seeing this, the man in green bowed and saluted: “Mr. Tianci, I have heard of your name for a long time!”

Tianci didn’t even look at him, but just waved his hand casually, signaling him to leave.

The man in white stood there coldly, without saluting, and even had a hint of disdain in his eyes.

Tianci’s eyes slowly moved to him, and his eyebrows raised slightly: “Why, don’t you know me?”

The man in white said lightly: “So what if I know you?”

“Heh...”

Tianci chuckled, suddenly raised his hand, and a cold light flashed at his fingertips!

“Puff!”

The man in white was instantly pierced in the middle of his eyebrows, and blood gushed out. He didn’t even have time to react, and fell straight down.

The fifth level of the scattered fairyland was killed by the third level of the scattered fairyland in one blow!

Chen Ping’s pupils shrank suddenly, and he was extremely shocked: “This guy’s strength... is far beyond the realm!”

The man in green was sweating profusely, fortunately he had just greeted him.

Tianci retracted his hand, as if he had just crushed an ant to death: "Pretending in front of me is courting death."

After saying that, he turned his eyes to Chen Ping again: "What about you? Don't you know me?"

Chen Ping immediately clasped his fists and showed a respectful look: "Mr. Tianci is famous, how could I not know him? It's just that I just arrived and didn't react for a while."

Chapter: 8397

As the saying goes, a good man will not suffer a loss in front of him. Now the strength shown by Tianci is obviously beyond common sense, and he can also fight against opponents of higher levels, so Chen Ping needs to be more cautious.

When he doesn't know the opponent's strength, Chen Ping feels that it is better to develop slowly.

Tianci nodded with satisfaction, then looked at Mo Qingyun, and said with a creepy smile: "Sister Qingyun, you came back from the first heaven without telling me, how did you get here?"

Mo Qingyun was also shocked by Tianci's behavior just now. This guy killed people when he was unhappy. He was too rampant.

Mo Qingyun bit her lip and whispered: "I... I came here from the first heaven."

"First heaven?" Tianci sneered: "Sister Qingyun really likes to joke. How could there be an entrance to this ruins in the first heaven?"

“We...” Mo Qingyun wanted to emphasize that she came from the first heaven, but was stopped by Chen Ping.

“Mr. Tianci, we are just curious, come here to take a look, and see if we can find some treasures.”

Chen Ping didn't want people to know that there was an entrance in the first heaven.

If that were the case, Cangxuan Continent would be in danger. At that time, many cultivators from the second heaven would inevitably run to Cangxuan Continent in the first heaven.

“Who are you? Why are you with Sister Qingyun?”

Tianci's face turned cold and he questioned Chen Ping!

“I.....”

Chen Ping didn't know how to answer his relationship with Mo Qingyun.

“Brother Tianci, who is the woman next to you?” Mo Qingyun hurriedly spoke up and changed the subject.

She was afraid that Tianci would be bad for Chen Ping.

“Oh, this is just a maid who serves me. Sister Qingyun doesn't like her, so let her go.”

Tianci smiled slightly and slapped the woman next to him.

This palm directly killed the woman, and her head exploded.

Mo Qingyun was so scared that her body trembled slightly, and her face turned pale.

Chen Ping was also stunned, and there was a hint of solemnity and fear in his eyes.

It's not terrible to deal with masters, but it's the most headache to deal with such a madman.

Chapter: 8398

The man in green was almost scared to pee at this moment.

"Who are you to Sister Qingyun?"

After killing the woman, Tianci did not give up questioning Chen Ping!

"Brother Tianci, he is one of my servants. I saw that he was born in a humble family and his realm was low, so I thought of letting him be a servant to help me get things."

Mo Qingyun hurriedly followed Tianci and said.

Tianci looked at Chen Ping and said with a smile: "A first-grade cultivator in the scattered fairyland can actually come to the second heaven. It seems that you have some skills."

"Do you have any identity?"

Chen Ping hurriedly shook his head and said: "I was born in poverty and lived in the first heaven. I don't know why I was suddenly sucked away by a black hole and then appeared in the second heaven."

"Compared with Master Tianci, I am only worthy of being a servant..."

Listening to Chen Ping's words, Tianci was very pleased and smiled faintly: "The time and space of this and the second heavens are indeed often distorted, and some black holes appear. It seems that you are unlucky enough. If it weren't for my sister Qingyun's kindness, you would have died long ago."

“A first-grade cultivator in the scattered fairyland also wants to live in the second heaven. That’s just a foolish dream...”

The man in green on the side said nothing. Although he didn’t know Chen Ping’s identity, he knew that Chen Ping was not as incompetent as he said.

Just now, he saw with his own eyes how powerful Chen Ping’s sword was.

Moreover, Chen Ping was only a Sanxian Realm. If Chen Ping was promoted to Sanxian Realm 3rd Grade, his explosive power would be stronger than Tianci.

“Mr. Tianci is right. I was just lucky to be saved by Miss Mo.”

Chen Ping smiled flatteringly!

“Brother Tianci, can you open this stone door?”

Mo Qingyun asked Tianci.

“Of course, a small stone door can’t block my way!”

Tianci smiled coldly, then walked to the stone door, without any nonsense, and a dark short blade appeared in his hand.

Ding!

A cold light instantly sank into the stone door, but the stone door did not change at all.

Chapter: 8399

Then, a terrifying force attacked, and Tianci was unable to dodge and was forced to retreat a hundred feet away.

Seeing this scene, everyone was shocked!

Even Tianci couldn't shake the stone door at all!

Chen Ping looked carefully at the runes on the stone door. These runes were very special. Just when the power rebounded, the runes on it seemed to be alive, with different changes, which exuded a terrifying power.

Chen Ping's expression became solemn. It seems that this relic is not so easy to explore.

Tianci was shocked and felt embarrassed. He walked over with a gloomy face.

Looking at the stone door in front of him, he gently stroked it with his hand, but the stone door did not react.

"It seems that the formation on this stone door is very powerful. We need to let Elder Tong of Tianyuan Pavilion take a look. He has studied the formation."

Tianci said lightly!

Chen Ping didn't speak. In fact, if he was given time, he could also break the stone door. Although the formation on it is special, it is not difficult for Chen Ping to find the eye of the formation and then break it.

However, he is only at the first level of the scattered immortal realm, so it is impossible for him to reveal too much strength in front of others.

As a first level of the scattered immortal realm, he also knows the art of formation, so it is inevitable that he will be targeted by Tianci.

Now Chen Ping has to disguise himself as a small waste to paralyze Tianci's nerves.

If there are any treasures in this relic, Chen Ping can take them away unexpectedly.

But if Tianci is wary of Chen Ping, it will not be easy.

Tianci took out a token and crushed it with force!

While crushing the token, a drop of blood was forced out by Tianci, and this drop of blood continued to spread in the air, and finally became a blood mist.

Soon, the void in the blood mist began to tremble.

Then an old man with white hair slowly showed up and walked out of the blood mist.

This old man is Elder Tong of Tianyuan Pavilion.

"Tianci, what do you want to talk to me about? I'm playing chess with the Pavilion Master."

Elder Tong said.

Chapter: 8400

"Elder Tong, I came to the ruins to take a look, but there is a formation on this stone door, and I can't break it."

“I know Elder Tong is good at formations, so I want to ask Elder Tong for help to open this stone door.”

Tianci said to Elder Tong!

Tianci was much more polite to Elder Tong, and he didn't look arrogant at all.

Elder Tong nodded slightly, then walked to the stone door, and then carefully studied the runes on the stone door.

Elder Tong waved his hand casually, and a light curtain appeared, and then the runes on the stone door were all reflected on the light curtain.

As Elder Tong's fingers kept moving, the runes on the light curtain began to jump, and then kept changing their positions!

Chen Ping knew at a glance that Elder Tong was looking for the center of the formation.

To forcefully break this ancient formation, one must have enough strength. If the formation is broken and the center of the formation is found, it will be much easier.

Chen Ping watched quietly. This method of finding the center of the formation made Chen Ping feel a little curious.

“This formation is really tricky!”

Elder Tong frowned slightly, and the light curtain slowly disappeared.

Then, a mysterious circular light and shadow was constantly rotating on the stone door, and a mysterious force seemed to be gathering.

“Elder Tong, can't you break this stone door formation?”

Tianci asked Elder Tong!

“Don’t worry, this formation is a bit strange and takes time.”

Elder Tong said!

Tianci didn’t dare to speak anymore and could only wait quietly.

Chen Ping looked at Elder Tong and found it funny. It has been so long, and he is still hesitating.

If it were Chen Ping himself, he would have broken the formation by now.

But now is not the time for Chen Ping to take action, so he can only wait.

Elder Tong stared at the light on the stone door for a long time, and then a red light appeared on his palm. He slowly pressed on the stone door, and the runes on the stone door also emitted red light.
