

The Order 8401

Chapter: 8401

Not long after, the runes gathered together, and then accompanied by a tremor, the stone door slowly opened.

Seeing the stone door open, Tianci smiled and said: "Elder Tong is really powerful. No formation can stop you."

But at the moment the formation opened, accompanied by the tremor of the void, a woman in a white robe and long hair appeared, and behind the woman, there were three black-robed old men.

Seeing these people appear, Tianci frowned.

Elder Tong's face also became a little ugly, and he sneered and said: "I didn't expect that you people in Shura Palace would play the trick of the mantis catching the cicada and the oriole behind."

"We just arrived and saw you open the stone door. It's just luck."

The woman in white robe smiled faintly, and then she was about to lead people into the stone door.

"You are not allowed to go in..." Tianci stopped him immediately.

"What? Does this relic belong to your Tianyuan Pavilion?" the white-robed woman asked.

"But we opened this stone door."

Tianci said!

“So what if you opened it? I can go in if I want. This is not your house.”

“Why do you, a guy who is neither male nor female, meddle in other people’s business?”

The white-robed woman snorted coldly!

Tianci’s face flushed with anger, but this murderous guy did not dare to attack a woman.

Elder Tong saw this and pulled Tianci to make way.

The white-robed woman led people in. Tianci’s face was gloomy. After calming down for a long time, he looked at Mo Qingyun and said, “Sister Qingyun, let’s go in too...”

Mo Qingyun nodded and followed Tianci and Elder Tong in!

Chen Ping followed in, and the man in green hesitated again and again, but finally couldn’t resist the temptation and followed in.

However, when everyone walked in, they were stunned for a moment. They saw that inside the stone gate, there was actually a chaotic airspace. There was nothing around. Even the stone gate they had just walked into slowly disappeared behind them.

The moment the stone gate disappeared, the surroundings fell into chaos.

Gray mist filled the surroundings, as if they were in nothingness, and even the ground under their feet became blurred.

Chapter: 8402

“Where... is this?” The man in green turned pale and his voice trembled.

Tianci snorted coldly: “Why are you panicking? Since it is a relic, it naturally has its mysteries.”

He turned his head to look at Elder Tong and whispered: “Elder Tong, can you see any clues?”

Elder Tong narrowed his eyes, and a faint red light appeared in his palm, as if sensing the energy fluctuations around him.

After a moment, he said in a deep voice: “This chaos is not an illusion, but a real space fault. We have been teleported to the core area of the ruins.”

“Space fault?” The white-robed woman frowned slightly, “So, we can’t get out for the time being?”

“Hmph, since we are in, why rush to get out?” Tianci sneered: “Since this ruins was left by the ancient sect, there must be treasures. Whoever finds it first will get it!”

After he finished speaking, he ignored the others and led Elder Tong and Mo Qingyun straight to the depths of the chaos.

Seeing this, the white-robed woman snorted coldly: “Arrogant guy.”

She turned to the three black-robed old men behind her and said: “Let’s go too, don’t let them get ahead.”

The man in green hesitated for a moment, but finally followed Tianci’s team.

After all, in this unknown environment, it is always safer to follow a strong man than to act alone.

Chen Ping stood in place, looking around, with a slight smile on his face.

“Interesting...”

He whispered to himself, and then followed.

This chaotic space seemed disordered, but Chen Ping could vaguely sense some rules.

His spiritual sense was far superior to that of the cultivators of the same level, and even more acute than that of the fifth-grade strong men in the scattered fairyland.

...

Deep in the chaos.

After walking for about half an hour, the fog in front suddenly became thinner, and a broken stone platform appeared in front of everyone.

On the stone platform, there were three coffins, all of which were blood red, and there were mysterious special symbols on them.

On both sides of the stone platform were two warriors wearing armor and holding broadswords!

Chapter: 8403

However, these two warriors were only stone statues, but they were lifelike, just like living people.

Seeing this scene, everyone was puzzled, wondering who was in the coffin.

Chen Ping was also full of curiosity, because he used his spiritual sense to explore and found that he could not detect any scene in the coffin at all, and the blood-red coffin exuded a strong bloody smell.

So everyone kept a distance from the broken stone platform, after all, no one knew whether it would be dangerous.

There was weirdness everywhere in the ruins, so everyone was very cautious.

Mo Qingyun instinctively approached Chen Ping, hiding half of her body behind Chen Ping.

She was also a little panicked in her heart. Now only by standing next to Chen Ping could she feel a little safe.

Tianci was furious when he saw this scene, because Mo Qingyun followed Chen Ping too closely.

However, in front of Elder Tong and the people of Shura Palace, Tianci did not dare to be presumptuous. He could only suppress his anger and squeeze out a smile, saying: "It seems that there is some secret in this coffin. We should send someone to explore the situation first."

Everyone looked at Tianci, especially the woman in white robe, who rolled her eyes and said: "Then you go and explore..."

Tianci shook his head: "I won't go!"

After that, he looked at Chen Ping and said: "You go and explore..."

Chen Ping was stunned and said: "Why don't you go?"

"I'm afraid of danger." Tianci said without hesitation.

"Then I'm afraid of danger too." Chen Ping was a little unhappy.

“If you don’t go, I will beat you to death. My strength is stronger than yours.”

“Between exploring and death, choose one.” Tianci asked.

“Fuck...” Chen Ping was speechless.

“Brother Tianci, he...” Mo Qingyun wanted to plead for Chen Ping.

“Sister Qingyun, stop talking. He is just a follower. Don’t protect him everywhere.”

Tianci was a little unhappy.

Mo Qingyun saw this and looked at Chen Ping helplessly.

Chapter: 8404

Chen Ping knew that in this society, the strong prey on the weak. Who made him only the first level of the scattered fairyland?

The white-robed woman on the side glanced at Chen Ping and showed a playful smile.

“What’s the difference between a first-level scattered fairyland coming here and looking for death?”

The white-robed woman laughed.

Chen Ping just smiled and didn’t say anything, but walked straight towards the broken stone platform.

“I’ll go with you...”

Mo Qingyun saw this and chased after Chen Ping.

“Sister Qingyun...”

Tianci wanted to stop him, but found that Mo Qingyun had already followed Chen Ping.

Tianci’s face turned green, his eyes widened with anger, and he gritted his teeth.

“Why are you going with me? What if there is danger?”

Chen Ping looked at Mo Qingyun and asked.

“If there is danger, we will deal with it together. Even if we die, we will have a companion on the road to the underworld.”

Mo Qingyun smiled slightly.

Chen Ping also laughed: “With me here, you won’t die...”

Chen Ping’s heart was calm, he knew he would not die.

Because if he died, there would be no future stories.

“Don’t you like that sissy guy?” Chen Ping asked!

“Needless to say, it makes me sick to see him.” Mo Qingyun nodded.

Then he said helplessly: "But Tianyuan Pavilion is very powerful. In order to get in touch with Tianyuan Pavilion, I must marry him."

"Have you ever thought about resisting?" Chen Ping asked!

"I don't have that strength!" Mo Qingyun shook his head.

"Wait for an opportunity, I will kill that sissy guy, and you will be free."

Chen Ping said as he followed Mo Qingyun.

Chapter: 8405

"You are not his opponent!" Mo Qingyun said.

"Maybe I'm not his opponent now, but I have helpers, killing him is easy."

Chen Ping smiled slightly, and then asked the Red Cloud Demon Lord: "Senior, if you kill that sissy guy, will you kill me?"

"Your body can withstand it. Not to mention that guy, I can kill everyone here." The Red Cloud Demon Lord said.

"That's good!" Chen Ping smiled!

"Who are you talking to?" Mo Qingyun looked confused.

"An old friend..."

Chen Ping smiled.

The two chatted and walked, and soon they arrived at the broken stone platform.

At this time, Chen Ping began to sacrifice the Dragon Slaying Sword and was on guard with all his heart and soul, especially the two warrior sculptures. He always felt that the two sculptures might attack him at any time.

The Dragon Slaying Sword in Chen Ping's hand was also trembling slightly, probably because he sensed the existence of danger.

Tianci, who was in the distance, looked at Chen Ping and Mo Qingyun coldly. The two of them were talking and laughing, and all of them fell into his eyes. He wanted to kill Chen Ping immediately.

However, even if he was angry, Tianci remained vigilant. If he found something wrong, they would run away immediately.

Although there are treasures in the ruins, they are also accompanied by dangers.

This is why many people know that there are ruins, but few people come to explore them. If they are not careful, people will die.

If people are dead, what is the use of treasures?

Especially the ruins in front of them are very strange, which makes everyone feel cautious. As long as there is a little movement, they will run away immediately, and dare not be careless.

Chen Ping followed Mo Qingyun and stood in front of the stone platform. The eyes of the two warrior statues were looking straight at them.

This made Chen Ping's cold light explode, and he was a little scared.

“Let’s go...”

Mo Qingyun pulled Chen Ping and walked towards the stone platform step by step. Their steps were very slow.

But when they walked to the three coffins, Chen Ping was surprised to find that the eyes of the two warrior statues had turned around at some point, still staring at them.

Chen Ping shook his head, thinking that he had seen it wrong, but when he looked carefully, the eyes of the two warrior statues really turned.

This time, Chen Ping’s heart was even more frightened, and the hand holding the Dragon Slaying Sword was trembling slightly.

“Miss Mo, have you found anything wrong with these two warrior statues?”

Chen Ping asked Mo Qingyun!

“No!” Mo Qingyun shook her head.

Her attention was on the three coffins, and she didn’t pay attention to the warrior statues.

Seeing this, Chen Ping didn’t say anything else. Since Mo Qingyun didn’t know, he didn’t tell her, so as not to scare her.

Chen Ping concentrated his mind, took a deep breath, and then focused on the three coffins.

There were three blood-red coffins. Upon closer inspection, one could actually see blood flowing on the surface of the coffins.

Chapter: 8406

“Could it be that this coffin is made of blood?”

Chen Ping was shocked when he took a closer look.

The coffin smelled very bloody, and there were some special symbols on it. Those symbols were moving slowly, like leaves floating randomly in the river.

Around the coffin, there was some mysterious energy, which kept penetrating into the coffin, as if being absorbed by the things inside the coffin.

Chen Ping and Mo Qingyun carefully looked at the three coffins and felt particularly magical.

Just when the two were motionless, Tianci couldn't sit still.

He thought the two had discovered something, but he didn't dare to go forward rashly.

“Go and take a look...”

Tianci said to the man in green!

The man in green frowned: “Why don't you go?”

“If you don't go, I'll kill you. Between death and going forward to take a look, you choose one!”

Tianci said to the man in green!

The green-clothed man's face suddenly became extremely ugly. Although he was very angry, it was useless.

After all, he was no match for Tianci. Even if he could beat Tianci, the other party still had Elder Tong, and he could not escape alone.

After hesitating again and again, the green-clothed man could only think of taking a step forward. After taking two steps, the green-clothed man turned his head and looked at the white-robed woman.

His eyes were full of desire for help, but the white-robed woman seemed not to see it.

In this society, no one sympathizes with the weak.

If you want to be respected, there is no other way except to become stronger.

This is the only way out.

The green-clothed man had no choice but to slowly walk towards Chen Ping and the others!

At this moment, Chen Ping and Mo Qingyun were still immersed in the three coffins and did not notice the green-clothed man at all.

Although Chen Ping and the others had already passed by, the green-clothed man was still very cautious.

When the man in green walked to the front of the stone platform, he couldn't help but look at the warrior statues on both sides.

At this time, the eyes of the warrior statues seemed to be staring at Chen Ping and Mo Qingyun. After taking a look, the man in green stepped onto the steps.

Chapter: 8407

But just as he stepped onto the steps, a gust of wind suddenly came. The man in green was shocked and quickly waved his sword to block it.

At this moment, the two warrior statues seemed to come alive, and the two swords slashed at him in unison.

Boom!

In an instant, the man in green was directly knocked out and fell heavily at the feet of Tianci and others.

The sword in the man in green broke into pieces, and his whole arm fell down weakly.

With just this one blow, the man in green was crippled.

The weapon was gone, and the arm was crippled...

So everyone was shocked, even Chen Ping and Mo Qingyun couldn't help but turn their heads and look back.

When Chen Ping saw that it was the two warrior statues that attacked, his face was extremely solemn. He had long felt that the two warrior statues were a little weird.

The man in green was a fifth-grade cultivator in the Tribulation Realm, how could he be destroyed by a single blow?

The strength of these two warrior statues was too awesome.

Chen Ping was alert with the Dragon Slaying Sword, and Mo Qingyun did not dare to be careless. She had never thought that the two warrior statues would attack.

However, Chen Ping waited for a long time with Mo Qingyun, and the two warrior statues just looked at the two with their eyes and did not attack.

The man in green slowly stood up, his eyes full of anger. He was very puzzled. He also followed Chen Ping's path. Why were Chen Ping and the others fine, but he was attacked?

Tianci and others were also puzzled. They couldn't understand what was going on.

"Elder Tong, do you know why?"

Tianci asked!

Elder Tong shook his head, "There is no formation on the two statues, and it is even less likely that they are controlled by the mind. Why did they suddenly attack? I don't understand."

"Why did they attack me and not the other two?" The man in green asked with some dissatisfaction.

"I just don't like you!" The woman in white said with a cold smile.

"You..."

The man in green was very angry, but he didn't dare to do anything to the woman in white.

The other party was from the Shura Palace, and his strength might be higher than his. He was injured now, let alone fighting. If something happened later, it would be difficult for him to escape.

"Maybe it's because of the woman. Why don't you try?"

Chapter: 8408

Tianci said to the woman in white!

Just now, Chen Ping followed Mo Qingyun, who was also a woman, so the warrior statue did not attack.

Now only the woman in white is a woman, so Tianci asked her to try.

“If that’s the case, go and try. These two statues won’t attack. Aren’t you half a woman?”

The woman in white robe sneered!

“You.....”

Tianci’s face flushed with anger.

He hates it most when others say he looks like a woman. Although he dresses like a woman every day, he doesn’t allow others to say that.

Perhaps this kind of sect genius has a perverted mentality.

“Is it because of women? Just let those two people come back, and let that boy of the first grade of Sanxianjing go there by himself, and you will know, right?”

The woman in white robe smiled faintly!

When Tianci heard it, he immediately said to Chen Ping and Mo Qingyun: “Sister Qingyun, both of you come back...”

Mo Qingyun didn’t speak and didn’t move.

Chen Ping looked at Tianci and said, "What do you want to do?"

"I'm just afraid that you two will get hurt. I have no ill intentions, but if you two don't come back, I will be angry."

"You should know the consequences of my anger..."

Tianci threatened Chen Ping and Mo Qingyun.

Mo Qingyun was a little scared and gently pulled the corner of Chen Ping's clothes.

The scene of Tianci killing someone just now was still in Mo Qingyun's mind.

"Don't be afraid, we'll just go back!"

Chen Ping comforted Mo Qingyun, and then the two walked back.

Seeing the two walking back, Tianci's eyes were filled with murderous intent, and he really wanted to kill Chen Ping with one palm.

But Chen Ping is still useful now, and he wants to use Chen Ping as a guinea pig.

"You're walking back..." Tianci said to Chen Ping!

Chapter: 8409

"Damn, you're a bit bullying..." Chen Ping was a little annoyed.

“Die, or walk back, you choose!”

Tianci threatened Chen Ping.

Chen Ping glanced at him coldly. At this moment, in Chen Ping’s heart, this Tianci had been sentenced to death.

Sooner or later, he would find an opportunity to kill this guy.

But now was not the right time, and Chen Ping could not turn his face.

Chen Ping took a deep breath and planned to go back again.

“I will accompany you...” Seeing this, Mo Qingyun was about to accompany Chen Ping back again.

But Tianci grabbed him and said, “Let him go by himself...”

“Don’t worry, I will be fine.”

Chen Ping smiled at Mo Qingyun, and then walked towards the stone platform again.

But this time, Chen Ping’s eyes were always fixed on the two statues.

As long as the two statues appeared, he had to dodge quickly.

Even the fifth-grade cultivator of the scattered fairyland could not withstand a blow, so Chen Ping did not dare to try.

Chen Ping walked up to the stone platform tremblingly. The two statues did not attack except that their eyes followed and turned and stared at Chen Ping.

“Huh?”

Tianci frowned slightly.

Others were also puzzled and didn't understand what was going on.

“It seems that it has nothing to do with whether it is a woman or not?”

The woman in white robe said!

“Why is this? Why only attack me?” The man in green was a little collapsed at this time.

“Maybe I am more handsome than you, so it's okay!”

Chen Ping stood on the high platform and said with a smile!

At this time, Chen Ping also relaxed his vigilance in his heart.

Chapter: 8410

“Bullshit, I am much more handsome than you!” The man in green was furious.

“Try again...”

Tianci said to the man in green!

The man in green had a very gloomy face. If he could beat Tianci, he would definitely kill this guy.

Unfortunately, he is not Tianci's opponent now.

He regretted coming in a little. It would be better if he didn't enter here in the first place.

Now he wants to escape, but he has no chance, because Tianci's breath has locked him long ago, in order to prevent him from escaping.

As long as he dared to have the slightest idea at this moment, Tianci would definitely attack without hesitation.

This guy is bloody and cruel.

But if he continued to walk over now, the warrior statue suddenly attacked, and he felt that he could not bear it.

Just when he was in trouble, Chen Ping said loudly: "If you think you are more handsome than me, then come over?"

"These two statues will not attack handsome guys..."

"What are you waiting for?" Tianci asked the man in green coldly.

"Mr. Tianci, can't you let others go? I have tried once, and I was seriously injured."

The man in green said with resistance.

"What? If you don't try, do you want me to try it myself?" Tianci said with his eyes fixed.

"You can..."

The man in green looked around and couldn't let the elder Tong go, and then stopped his eyes on the old men in black robes behind the woman in white robe.

"You can let them go..." said the man in green!

"What? You are afraid of Tianyuan Pavilion, but you are not afraid of our Shura Palace?" The white-robed woman's eyes flashed with murderous intent.

The green-clothed man shuddered and was too scared to speak.

"Ah..."

The green-clothed man sighed, his face was ashen, but facing the pressure, he could only bite the bullet and walk towards the stone platform again.

Every step he took, he stared at the two warrior statues, fearing that they would suddenly attack.
