

## **The Order 841**

Chapter: 841

Seeing what Chen Ping said, Gu Wentian stopped talking. The atmosphere in the car became very quiet, and he could only hear the sound of the car driving rapidly!

More than five hours later, the car drove into Kyoto. The prosperity of Kyoto was not comparable to that of Hongcheng, not even the capital of Jiangbei Province!

The towering high-rise buildings and the constant traffic flow express Kyoto's fast-paced lifestyle!

Everyone is in a hurry, running around for life!

And while these ordinary people were running around trying to earn a living, in the most prosperous area of Kyoto, a Christie's auction house covering an area of dozens of acres and more than ten stories high stood here. There were countless people in the auction house. There was an endless stream of wealthy merchants admiring the various antique porcelains on display!

Anything in this place cannot be earned by ordinary people in ten lifetimes. Even these wealthy businessmen are cautious and keep a distance when they visit, because they don't know which item here will be priceless.

"Let's find a place to eat first, and then go to the antique exhibition auction!"

Gu Wentian suggested!

Everyone nodded. After riding in the car for so long, they were indeed a little hungry!

At this moment, Chen Ping's cell phone rang. It turned out to be Zhao Wuji, asking if Chen Ping had come to participate in the auction!

After Chen Ping told Zhao Wuji that he had arrived in Kyoto, Zhao Wuji was so happy that he personally invited Chen Ping to a banquet!

Originally Chen Ping wanted to refuse because it was too troublesome, but thinking that there might be a place in Kyoto where Zao Wou-Ki could be used, Chen Ping agreed!

Zao Wou-ki chose an antique Beijing restaurant. When he saw Chen Ping and the others arriving, Zao Wou-ki hurriedly stood up to greet them!

Seeing Gu Wentian also coming, Zhao Wuji hurriedly laughed and said: "Gu, I didn't expect you to come too!"

"Pavilion Master Zhao..."

Seeing Zhao Wuji, Gu Wentian hurriedly saluted!

Not to mention that he has retired now, even when he was in power, he still had to salute Zhao Wuji when he saw him. The two of them are not on the same level at all!

"Gu Gu, you don't have to be so polite. You are an old senior. Wouldn't this offend me..."

Zhao Wuji said with a smile.

Gu Linger and Su Yuqi also said hello to Zhao Wuji!

"Mr. Chen, come and sit inside, I've made all the arrangements..."

Zhao Wuji invited Chen Ping and others into the private room!

After entering the private room, Chen Ping and the others were not polite and started eating while chatting. After all, they were already hungry!

“Mr. Chen, there are many people participating in the antique auction this time, and Qin Xiaotian from the Qin family will also attend, so I hope Mr. Chen will restrain himself when the time comes, but don’t worry, I will also warn Qin Xiaotian not to do anything wrong. Mr. Chen did it!”

Chapter: 842

Zhao Wuji said to Chen Ping!

Although he knew that Chen Ping was not afraid of the Qin family, if he really wanted to fight on such an occasion again, the impact would be very bad. As the head of the Kyoto Guardian Pavilion, he had an unshirkable responsibility!

“Don’t worry, Pavilion Master Zhao, as long as the Qin family doesn’t cause trouble for me, I won’t take action!” Chen Ping said calmly!

“This Qin Xiaotian has always been arrogant. If it weren’t for me, he would have died in a foreign land. How could the Qin family be as glorious as it is now...”

Gu Wentian said angrily!

At that time, the Qin family slowly developed in Kyoto with the help of Gu Wentian’s resources and connections, and even asked Qin Feng to get engaged with Gu Ling’er. For the sake of the Qin family, Gu Wentian spared no effort, but in the end Qin Feng unilaterally broke off the engagement. , the Qin family has also become a wealthy family in Kyoto, and they simply look down on their Gu family!

As Gu Wentian retired, the strength of the Gu family became even worse than before. They were directly left behind by the Qin family, and they could no longer even see their shadow. Now when the Qin family is mentioned, Gu Wentian feels aggrieved!

“Grandpa, what did it do in the past...”

Gu Ling’er frowned slightly and said to Gu Wentian!

Zhao Wuji also knew some things in the past, and he smiled awkwardly and said: “The Qin family did use any means to develop in those years, and Gu was not the only one who was used by the Qin family, so Gu Gu doesn’t need to take it too seriously!”

Gu Wentian sighed and said nothing more. He had been used and it was too late to say anything now!

After dinner, Zhao Wuji personally accompanied Chen Ping to the Christie’s auction house, in order to prevent Qin Xiaotian from causing trouble to Chen Ping!

As soon as he entered the exhibition hall, Chen Ping felt waves of spiritual energy fluctuations. It can be seen that there are indeed genuine items among these antiques, but the spiritual energy fluctuations are very weak.

The hundreds of square meters of hall are filled with various antiques, all covered with glass covers, telling their respective histories under the spotlight!

“Mr. Chen.....”

At this time, a burst of exclamation came!

Chen Ping looked and found that it was Bai Zhantang.

After seeing Chen Ping, Bai Zhantang walked over quickly: “Mr. Chen, I didn’t expect you to come too!”

Chen Ping smiled slightly: “When did you come back? Is Miss Shen okay?”

“I came back yesterday, specifically for this auction. Mengchen is doing well, and now Xuanyue Valley is on track!”

Bai Zhantang said!

Hearing this, Chen Ping felt relieved. After all, Shen Dianshan spent his life and died early for himself!

“Zhantang, is this Mr. Chen?”

At this time, an old man with childish face and gray hair came over!

Chapter: 843

“Grandpa, this is Mr. Chen...” Bai Zhantang said, explaining to Chen Ping: “Mr. Chen, this is my grandfather Bai Xiushan!”

“Old Bai...” Chen Ping nodded slightly!

“Mr. Chen is indeed a talented person, one of the best among men. I, the Bai family, are truly lucky to be able to work for Mr. Chen...”

Bai Xiushan was extremely respectful to Chen Ping!

Bai Xiushan’s attitude made many people around him look askance. They didn’t understand why the head of the Bai family in Kyoto was so polite to a young man and said such condescending words!

“The Master of the Bai family knows people well, no wonder your Bai family has been able to endure for a long time...”

Zhao Wuji praised Bai Xiushan from the side!

Obviously Bai Xiushan also knows Chen Ping’s true identity, so he is so humble. Knowing that there is an immortal cultivator behind the family will instantly increase the strength of the entire family!

“Pavilion Master Zhao is joking, don’t you also see that Mr. Chen is not an ordinary person?”

Bai Xiushan had already guessed that Zhao Wuji also knew Chen Ping's identity since he was following Zhao Wuji around Chen Ping!

From this point of view, Bai Xiushan's guess was correct, Chen Ping was indeed an immortal cultivator!

"Hahaha....."

Zhao Wuji laughed a few times!

"Mr. Chen, let's invite you inside. The exhibits here are just ordinary objects. The real treasures are all inside..."

Bai Xiushan made a gesture of invitation to Chen Ping!

Chen Ping nodded slightly and followed Bai Xiushan towards the lobby!

But at this moment, Chen Ping felt a look of murderous intent, and then a middle-aged man came over with an old man with gray hair!

The middle-aged man's eyes were filled with murderous intent, as if he wanted to eat Chen Ping alive!

Looking at the middle-aged man's eyes, Chen Ping knew without even thinking that he must be from the Qin family!

Sure enough, when the middle-aged man approached Chen Ping, Bai Xiushan's face turned cold and he stood in front of Chen Ping: "Qin Xiaotian, what do you want to do?"

"Mr. Bai, I just want to say a few words to this boy. Why are you so nervous? The Bai family has become someone else's dog, how can you protect the owner so soon?"

Bai Xiushan's face turned cold, while Bai Zhantang on the side rushed forward: "Qin Xiaotian, tell me one more damn thing..."

"When we adults are talking, is there any place for you, the junior, to interrupt?"

Qin Xiaotian's eyes narrowed slightly, and then a burst of momentum immediately shocked Bai Zhantang back again and again!

Chapter: 844

Zhao Wuji helped Bai Zhantang, then looked at Qin Xiaotian and said: "Qin Xiaotian, this is the Christie's auction house. If you dare to cause trouble, don't blame me for being rude!"

"Pavilion Master Zhao, I just want to say a few words. Is this illegal?"

Qin Xiaotian said with a playful smile!

Zhao Wuji said nothing, but looked at Qin Xiaotian coldly!

"Whatever you want to say, just say it..."

Chen Ping took two steps forward and looked at Qin Xiaotian calmly!

Qin Xiaotian looked Chen Ping up and down, and said with a cold expression: "Boy, no matter what kind of strength you have, if you dare to kill my nephew, my Qin family will never let you go. Once you come to Kyoto, don't even think about leaving. Already..."

Chen Ping didn't pay attention to Qin Xiaotian's threat to Chen Ping, but the people next to him were all shocked. They never expected that Chen Ping was the one who killed Qin Feng!

This is the young master of the Qin family. He will kill him as soon as he is told, and he dares to come to Kyoto. He is so courageous!

At this time, many people became very interested in Chen Ping's identity. He dared to kill Qin Feng and provoke the Qin family. Moreover, Bai Xiushan and Zhao Wuji were so respectful to him. His identity must not be simple!

"If you feel that the death of Qin Feng in the Qin family is not enough, you can continue to provoke me..."

Chen Ping said with a cold smile!

"You..." Qin Xiaotian's eyes widened and his bones creaked. If Zhao Wuji and Bai Xiushan weren't here, he would have taken action long ago!

"Boy, you have the guts, let's wait and see!" After Qin Xiaotian said that, he turned around with the old man and entered a room in the lobby!

"In the direction of Mr. Chen, in Kyoto, our Bai family will go all out to protect Mr. Chen..."

Bai Xiushan said with great determination!

Chen Ping smiled slightly and nodded!

Chen Ping followed Bai Xiushan into another room in the lobby, but only Chen Ping and Bai Xiushan could enter, and everyone else was blocked outside.

After entering, I saw that there were also some antique porcelain placed inside, but the number was obviously much smaller, and the aura inside was also fuller, proving that these antiques were older than the ones outside!

In the middle of the room, there is a large Eight Immortals table, with Taishi chairs placed around the table. Two people are sitting in the middle, one of them is a gentle middle-aged man wearing glasses, and next to the middle-aged man is He is an old man with an extraordinary temperament and an air of immortality!

“Mr. Chen, this is Hong Kong businessman Zou Zhaolong. Sitting next to him is Yuan Baozhong, the first magic master in China and Hong Kong. This time I heard that Zou Zhaolong brought an ancient magic weapon, so he invited Master Yuan to come. The people in this room are all from the big families in Kyoto, and no one else is qualified at all!”

Bai Xiushan introduced Chen Ping in a low voice!

Chen Ping nodded. There were not many people sitting around the Eight Immortals table. There was a master beside each person, who was probably invited to identify the authenticity and power of the magic weapon. Qin Xiaotian and the old man were also sitting there. in!

Bai Xiushan took Chen Ping and sat across from Qin Xiaotian. Beside Bai Xiushan, there was also a silver-haired old man, wearing a white button-down shirt. His body was a little cold, and his eyes were half-closed!

Chapter: 845

“Mr. Chen, this is Master He that I invited to palm my eyes specially...” Bai Xiushan followed Chen Ping’s introduction, and then said to Master He: “Master He, this is Mr. Chen...”

Then Master He ignored Bai Xiushan, didn’t even look at Chen Ping, and said in an indifferent voice: “Master Bai doesn’t trust me, why did you find someone else?”

“Master He misunderstood. Mr. Chen just came here to take a look. He will ask Master He to take action later...”

Bai Xiushan explained hurriedly!

Although Chen Ping is a monk, Bai Xiushan does not think that Chen Ping can surpass these experienced masters when it comes to antique magical instruments. After all, he has specialization in the art.

“Yes!” Seeing Bai Xiushan’s explanation, Master He nodded slightly.

Hong Kong businessman Zou Zhaolong, who was sitting in the main seat, looked at Chen Ping, then looked back and said: “Everyone, we are all old friends, so I don’t have to be polite. This time I brought a

few magic weapons, one of which is Master Yuan. The ones that have been polished and refined by oneself can remove evil spirits, ward off evil spirits, and prolong life...”

After Zou Zhaolong finished speaking, someone came forward and placed several wooden boxes. It was obvious that the magic weapon Zou Zhaolong mentioned was inside!

Everyone’s eyes were attracted to those wooden boxes, and they wanted to know what treasures were inside. In addition, the magic weapon polished by the first magic master in China and Hong Kong must be unmistakable!

Looking at everyone’s eager eyes, Zou Zhaolong smiled slightly: “We still have the same old rules, the highest bidder wins. If no one from your family bids, then I will take it to an outside auction. We are all old friends, so Good things still have to be chosen by you first!”

“Boss Zou, we all know the rules, you’d better take the things out and take a look first!”

Someone said impatiently.

Zou Zhaolong nodded, and then opened the first wooden box. When the wooden box was opened, a coolness suddenly hit him, and then the whole room felt a slight chill, and everyone’s spirits were lifted!

In the wooden box, I saw a black bead placed inside. It looked very ordinary, not even shiny. If it weren’t for the coolness when I just opened the wooden box, no one would probably follow such a bead. Compared with the device!

“Everyone, this is one of the rosary beads of Master Xuanzang. It has been scented by incense all year round. This rosary has the effect of cooling off the summer heat, refreshing the mind and praying for blessings. Moreover, this rosary has also been cast by Master Yuan, which can condense Feng Shui and allow all bosses to do business. Booming!”

Zou Zhaolong introduced it with a bit of arrogance in his tone!

Seeing what Zou Zhaolong said, everyone asked the master they invited for advice, wanting to know whether the rosary was real.

“Master He, do you think this rosary is real?”

Bai Xiushan asked quietly.

Master He’s eyes were still half-closed and half-opened, and he never looked at the rosary. He just said lightly: “It’s just a false appearance, just an ordinary thing...”

When Bai Xiushan heard this, he frowned slightly: “Master He, Boss Zou said these are Master Xuanzang’s rosary beads, and when he just opened the wooden box, the cool breath was very obvious!”

Bai Xiushan couldn’t believe it, how could this rosary be a mortal thing!

“If you don’t believe me, I can leave...”

Master He said in a somewhat unhappy tone!

Chapter: 846

“No, no, no, since I invited Master He to come, of course I will trust any master...”

Bai Xiushan said apologetically.

Chen Ping glanced at Master He and didn’t expect that this guy still had some skills and was not just someone who wanted to gain fame!

This rosary is just a mortal thing, just an ordinary wooden bead. It has just been slightly manipulated, so when you open the wooden box, you will feel a chill!

The others also followed the master they invited to discuss, and soon there was no sound. It seemed that the result of the routine had been achieved!

“Everyone, you can now bid on the rosary beads. The highest bidder will get it. The base price is three million, and each increase cannot be less than one hundred thousand...”

Zou Zhaolong saw that everyone had finished the discussion, so he smiled slightly and said!

But when Zou Zhaolong finished speaking, no one bid. Everyone looked at each other and no one bid. It seemed that everyone already knew that the rosary was fake!

Seeing that no one bid, Zou Zhaolong was slightly stunned and looked a little surprised: “Everyone, this rosary is definitely worth the money. If no one bids, I will auction it at an outside auction house...”

After Zou Zhaolong finished speaking, there was still no one bidding, which made Zou Zhaolong look a little embarrassed, and he secretly glanced at Yuan Baozhong next to him from time to time!

“Boss Zou, those who can sit here are not ordinary people. We have all hired masters. Maybe they are not as good as Master Yuan from China and Hong Kong, but we can still tell the difference between true and false. You can use an ordinary wooden bead to deceive us.” For us, this is a bit unreasonable, right?”

Qin Xiaotian said to Zou Zhaolong with slight dissatisfaction.

Qin Xiaotian’s words immediately embarrassed Zou Zhaolong: “What did Boss Qin say? I also spent a lot of money to buy this. If you think it is fake, then I will put it in an outside auction house. We have cooperated for many years, how can I I might deceive you...”

After saying that, Zou Zhaolong waved his hand, and someone immediately took the rosary away.

Immediately afterwards, Zou Zhaolong opened the second wooden box. When this wooden box was opened, there was a rusty bronze mirror inside, as if it had just been dug out of the soil!

When Zou Zhaolong took the bronze mirror out of the wooden box, there was a sudden buzzing sound, and then everyone felt a dazzling light emitting from the bronze mirror!

“Everyone, this bronze mirror has a history of thousands of years. I heard that it was used by Imperial Concubine Yang. It can ward off evil spirits and avoid disasters...”

As Zou Zhaolong said this, he suddenly looked at the bronze mirror towards everyone. In the bronze mirror, everyone saw black clouds above their heads, and their faces were pale and ferocious!

This time, everyone was so frightened that they all looked above their heads, and then looked around again, and found that there was nothing strange at all!

“As long as you look in the bronze mirror every day, all disasters can be avoided!”

Zou Zhaolong put away the bronze mirror and continued!

“It’s really a good thing...”

Master He, who had half-closed his eyes, opened his eyes and said excitedly!

“Master He, do you think this bronze mirror is real?”

Chapter: 847

Bai Xiushan was overjoyed!

Master He nodded: “This bronze mirror is indeed a magic weapon, but it has the ability to eliminate disasters and avoid disasters!”

Seeing what Master He said, Bai Xiushan was overjoyed and prepared to take down the bronze mirror!

The old man next to Qin Xiaotian also whispered in Qin Xiaotian’s ear. He didn’t know what he was talking about, but after listening to it, Qin Xiaotian was also full of excitement!

Seeing everyone's performance, Zou Zhaolong smiled slightly: "Everyone, the base price of this bronze mirror is 20 million. Each time you bid, at least add 1 million..."

"I will pay 20 million..."

As soon as Zou Zhaolong finished speaking, Bai Xiushan couldn't wait to shout!

"Twenty-one million..."

"Twenty-two million..."

Someone began to bid and compete, and the competition was very fierce!

"thirty million....."

Qin Xiaotian suddenly shouted out 30 million.

"Forty million..." Bai Xiushan directly increased the price by ten million. It seemed that he was bound to win!

"Lao Bai, this bronze mirror does not have the ability to avoid disasters. It is just an ordinary antique. Moreover, this bronze mirror is stained with a lot of resentment. Not only can it not prevent disasters, but if you put it in the bedroom, it will also affect your sleep. of! "

Chen Ping persuaded Bai Xiushan in a low voice!

"Mr. Chen also knows about magic weapons?" Bai Xiushan was stunned!

"I just understand a little bit!" Chen Ping said calmly.

“Hmph, at such a young age, you still dare to talk nonsense. Do you know that you can’t succeed even if you practice magic for decades, and the identification of this magic weapon requires extremely high experience. You haven’t grown a single hair. Do you dare to say that this guy knows a little bit about it?”

Then Master He looked angry and scolded Chen Ping in a cold voice!

When Chen Ping said this, it meant that he was wrong. How could Master He not be angry? What’s more, Chen Ping was only in his early twenties, and Master He felt even more insulted!

“Master He, don’t be angry, Mr. Chen just said it casually!” Bai Xiushan explained hurriedly, fearing that Master He would be angry and walk away.

“If you understand, you understand. If you don’t understand, you don’t understand. Why should you use age to measure it? You have practiced for decades to succeed. That proves that you are stupid. It does not mean that others are not good!”

Chen Ping said coldly.

“Boy, what did you say...”

Chapter: 848

Master He was so angry that he slapped the table and said!

Seeing Chen Ping quarreling with Master He, Qin Xiaotian was so happy that he could watch the joke from the sidelines!

“Master He, don’t be angry, don’t be angry...”

Bai Xiushan stood up hurriedly to persuade Master He.

“Master Bai, where did this kid come from? He is so arrogant. Now tell him to get out immediately, or I will leave. Today there is him without me, there is me without him...”

Master He roared at Bai Xiushan!

At this time, Bai Xiushan was dumbfounded, and his expression became very ugly.

He couldn't afford to offend these two people, and no one could leave. But now Master He's words made him very embarrassed!

"Master He, it seems that the Bai family doesn't take you seriously. You went against Master He's wishes for a young boy. If Master He doesn't mind, you can come to my Qin family. How much money will the Bai family pay? My Qin family can afford it too!"

Qin Xiaotian started to fan the flames at this time!

When Qin Xiaotian said this, Master He became even more angry. He glared at Bai Xiushan and said, "Master Bai, are you going to offend me for this kid?"

Bai Xiushan's face was uglier than crying now. He glanced at Chen Ping secretly and saw Chen Ping sitting calmly, as if nothing happened!

"Master He, Mr. Chen is a distinguished guest of my Bai family, so..."

"Huh, let me go then..."

Before Bai Xiushan could finish speaking, Master He snorted coldly, fluttered his sleeves and walked out!

"Master He stays..."

Seeing this, Qin Xiaotian quickly stood up and stopped Master He: "Master He, the Bai family is short-sighted, but my Qin family has always admired Master He. If Master He doesn't dislike it, how about being my Qin family's Mr. Palm Eye today..."

Master He looked at Bai Xiushan and Chen Ping, and then nodded: "Okay, since Boss Qin thinks highly of me, I will help Boss Qin take care of his eyes today..."

Master He sat next to Qin Xiaotian, and the old man next to Qin Xiaotian was sent away by Qin Xiaotian!

When Bai Xiushan saw this, he sat back with some embarrassment and looked at Chen Ping.

"Lao Bai, you made a wise choice today, you won't regret it..."

Chen Ping said calmly.

"From now on, the Bai family will be protected by Mr. Chen!" Bai Xiushan said in a low voice!

"Okay, the Bai family has paid 40 million. If no one bids, this bronze mirror will belong to the Bai family!"

Chapter: 849

Zou Zhaolong said lightly.

"I'll pay 45 million..." Qin Xiaotian hurriedly bid!

After Qin Xiaotian made his bid, everyone else looked at each other and did not follow the bidding. Although Bai Xiushan liked it very much, Chen Ping did not nod and could only watch the bronze mirror being taken away by Qin Xiaotian!

Immediately afterwards, treasures were taken out one after another, but Chen Ping did not let Bai Xiushan take action on any of them. On the contrary, Qin Xiaotian, under the persuasion of Master Na He, received almost every piece of treasure at a high price.

Bai Xiushan was anxious, but he didn't dare to say anything. However, Qin Xiaotian's proud look almost made Bai Xiushan angry to death!

“Mr. Bai, you don’t believe in a magic master like Master He, but you believe in a young boy. Even though he is very powerful at a young age, magic is not martial arts. Anyone can practice it casually, so you can’t. After living a long life, but in the end you were deceived by a little kid, wouldn’t it mean that you would bring shame to the entire Kyoto?”

Qin Xiaotian said with a proud look on his face.

Bai Xiushan was speechless and could only glare at Qin Xiaotian fiercely!

“You won’t be able to laugh anymore after a while!” Chen Ping picked up the cup of tea in front of him and took a sip!

“Hahaha...” Qin Xiaotian laughed: “Really, I want to see how you can stop me from laughing!”

“Okay, there is one last piece. I spent a lot of money to get it. This magic weapon is very powerful. Since you have invited Master Zhangyan, let’s see who can activate this magic weapon. The formation on the weapon!”

As Zou Zhaolong spoke, he opened the last box and saw a Bagua plate inside that looked like a mahogany carving. Because of its age, the wood was mottled and covered in dust!

After the Bagua Plate was taken out, everyone focused their attention on it. However, there was nothing special about the Bagua Plate. It was like a piece of rotten wood. If it were thrown on the street, no one would pick it up!

All the palm masters took the Bagua plate and looked at it carefully, but found nothing special. Even Master He frowned slightly and shook his head!

Only Chen Ping sat quietly, motionless, without even looking at the Bagua disk. He originally thought that this antique exhibition auction would be successful, but he didn’t expect that it turned out to be a scam!

This Bagua disk is actually just a piece of rotten wood. It contains no magic circle at all, let alone any magic weapon. That's why these palm-eye masters can't see anything!

"Master He....."

Qin Xiaotian looked at Master He and asked in a low voice: "What's so special about this Bagua Pan?"

Master He shook his head: "This Bagua Disk looks ordinary, but there must be some universe in it. I've only looked at it twice now, so I'm not sure yet!"

"Can Master He activate the magic circle on this Bagua disk?" Qin Xiaotian asked excitedly.

"It's hard to say, but I'm 50% sure..."

Master He said.

"Everyone, you have all seen it, but do you know what's special about this Bagua Pan? Is there someone who can open the magic circle inside?"

Zou Zhaolong asked with a slight smile.

Chapter: 850

At this time, the palm-eye masters looked at each other, but no one said anything because they couldn't see anything!

"You are all experts in magic. You can't even see a small Bagua disk, right?" Zou Zhaolong said with a slightly sarcastic tone when no one spoke.

"I'll try....."

Master He was aroused. He picked up the Bagua plate and prepared to study it carefully!

Seeing Master He like that, Chen Ping snorted. A bunch of ignorant guys looked around with a piece of rotten wood. What could they see?

Seeing Chen Ping snort, Master He frowned: "Why are you laughing? Could it be that you can activate the formation on this Bagua disk?"

"Laughing at your ignorance and fearlessness..."

Chen Ping said calmly!

"You..." Master He's face turned cold, and he gritted his teeth angrily and wanted to attack Chen Ping!

"Master He, don't be angry. Following this kind of ignorant brat's fighting spirit will ruin your reputation if word spreads about it. Since this kid is so arrogant, let's compare and see who can see what's special about this Bagua Pan. Who can activate the formation above, how about the losing side directly giving 200 million to the other side?"

Qin Xiaotian said and turned his attention to Bai Xiushan: "Mr. Bai, since your Bai family regards this boy as a god, do you dare to compete with us?"

"We are here to buy things, not to compete, what else can we compare..."

Bai Xiushan refused. In his opinion, even if Chen Ping was a monk, he would definitely not be as good as Master He. After all, he had devoted himself to practicing for decades!

"Hahaha, are you cowardly?" Qin Xiaotian laughed proudly!

"Is this even necessary? Master He must have won. So many of us didn't see it. What can a child like him see?"

"Even a fool knows the result. Who can compete?"

“Although two hundred million is not much to the Bai family, no one is willing to throw away money in vain...”

Everyone was talking about it, but no one thought highly of Chen Ping!

Listening to everyone’s discussion, Bai Xiushan looked at Chen Ping awkwardly and said: “Mr. Chen, I’m not afraid of throwing away 200 million. Two hundred million is nothing to my Bai family, but...”

Bai Xiushan wanted to explain to Chen Ping that it was not that he disapproved of Qin Xiaotian, or that he felt sorry for the two hundred million yuan!

But before Bai Xiushan finished speaking, Chen Ping waved his hand and interrupted Bai Xiushan, then looked at Qin Xiaotian who looked proud and said: “Since you want to bet, I can play with you, but two hundred million is a bit too much. If it’s less, it won’t be exciting at all. Why don’t we bet bigger? I have two billion here, so just bet this money!”

Chen Ping took out a bank card and threw it on the table, looking at Qin Xiaotian coldly!

Everyone was stunned when they saw Chen Ping’s offer of two billion. You must know that at Chen Ping’s age, it is really not easy for him to spend two billion. Even if he is a kid from a wealthy family, at this age, who would give two billion? pocket money!

Qin Xiaotian was stunned for a moment, then sneered: “Just throw out a bank card and say it’s two billion. Do you think two billion is waste paper?”
