

The Order 8411

Chapter: 8411

However, just as he stepped onto the stone platform-

Boom! Boom!

The two statues suddenly opened their eyes and chopped down with the long swords in their hands!

“Damn it!”

The green-clothed man roared, frantically urging his whole body’s spiritual power to resist.

However, his defense was like paper in front of the statue’s attack, and was instantly chopped to pieces!

“Puff—”

Blood spurted wildly, and the green-clothed man was chopped and flew out, hitting the ground heavily, with a hideous wound on his chest, and his breath was extremely weak.

“Why...why only attack me?” He roared angrily and unwillingly.

Everyone looked at each other, all in confusion.

Why did the statue only attack the man in green, but not Chen Ping?

Tianci frowned, his eyes swept back and forth between Chen Ping and the statue, and finally said coldly: "It seems that the attack mechanism of these two statues is not simply based on gender or strength."

"What is that?" The woman in white frowned.

"Maybe... it's blood?" Tianci narrowed his eyes and stared at Chen Ping, "There may be something special about this kid."

Chen Ping's heart moved, but the surface remained calm, shrugged and said: "Maybe it's just good luck?"

"Humph!" Tianci snorted coldly, obviously not believing it.

But now, the man in green is seriously injured, and others dare not try easily. The only one who can get close to the stone platform is Chen Ping!

"Go, open those three coffins!" Tianci ordered.

Chen Ping glanced at him and said calmly, "Why should I listen to you?"

"Don't listen?" Tianci's eyes were filled with murderous intent, "Then I will kill you now!"

Mo Qingyun nervously pulled Tianci's sleeve and whispered, "Brother Tianci, don't be impulsive..."

Mo Qingyun was afraid that Tianci would really attack Chen Ping!

Now that Tianci and Elder Tong were together, Chen Ping was definitely not an opponent.

"I'll try..." The white-robed woman looked at Tianci with disdain, and then walked towards the stone platform!

Chapter: 8412

The white-robed woman's pace was very slow, and every step she took caused ripples in the void.

When she reached the stone platform, the white-robed woman took a deep breath and then slowly stepped onto the stone platform.

At the same time, a ball of hot light condensed on the white-robed woman's hand, ready to attack at any time to meet the attack of the two warrior statues.

But when the white-robed woman stepped onto the stone platform, the two warrior statues did not attack her.

Seeing this, the woman in white robes couldn't help but breathe a sigh of relief.

"What's going on?" Tianci frowned, looking a little embarrassed.

The woman in white robes waved her hand, and the three old men in black robes also walked towards the stone platform. The three of them were also very cautious, but fortunately, the two warrior statues did not attack.

Seeing that everyone in Shura Palace had reached the stone platform, Tianci couldn't wait any longer.

"Elder Tong, I'll try first..." Tianci said!

"Let's go together, these two statues probably won't attack again."

After saying this, Elder Tong walked towards the stone platform!

Seeing this, Tianci followed closely with Mo Qingyun.

When they climbed onto the stone platform, the two warrior statues did not attack. Tianci looked at the two statues in surprise, but didn't dare to look too closely.

"Ah...unfair..."

The man in green was lying on the ground, seriously injured.

Seeing that everyone had safely climbed onto the stone platform, he was hit in the heart.

"Why, why, why are you targeting me only..."

The man in green roared indignantly.

"I've already said it, it's because you're not handsome enough..." Chen Ping said calmly!

Puff...

The man in green spat out a mouthful of blood in anger and passed out.

But no one cared about him. After all, they were not related, and no one would waste time on an irrelevant person.

Everyone stood on the stone platform, looking at the three coffins in front of them.

The blood-like red color flowing on the coffins, as well as the bloody smell, made everyone very confused.

Chapter: 8413

The woman in white robe instantly emitted her spiritual consciousness, trying to find out what was in the coffin.

But the spiritual consciousness could not penetrate at all. The moment it touched the coffin, the spiritual consciousness disappeared.

Everyone tried, but it didn't work at all.

Chen Ping thought that his spiritual consciousness was the most powerful, and he couldn't penetrate the coffin, let alone others.

The woman in white robes looked carefully at the mysterious runes on the coffin, but she couldn't understand them at all.

Elder Tong slowly squatted down and studied it carefully. Tianci watched from the side and didn't dare to say anything!

Chen Ping pulled Mo Qingyun aside.

If there was anything strange about the coffin, they could escape in advance.

Although this relic has opportunities, it is also accompanied by risks. You must know that opportunities and risks are common.

"Senior, do you know which sect this relic belongs to?"

Chen Ping asked the Red Cloud Demon Lord.

“I don’t know. How can I know about this relic of the Second Heaven? Don’t forget that I am from the Ninth Heaven.”

The Red Cloud Demon Lord shook his head and said.

“You were not born in the Ninth Heaven. What’s wrong with asking?” Chen Ping rolled his eyes.

“Damn, I was born in the Ninth Heaven...”

The Red Cloud Demon Lord roared!

Chen Ping was speechless...

This guy is so lucky, he was born in Rome...

At this time, Elder Tong was still studying carefully, and even the people in Shura Palace were watching with bated breath.

They also knew that among these people, only Elder Tong knew the art of formation.

The runes on the coffin should be the formation runes.

Elder Tong used the method of opening the stone door, but he used it again, intending to open the three coffins.

Seeing this, Chen Ping pulled Mo Qingyun directly under the stone platform.

If the formation taboo is broken, and a big zongzi jumps out, it will be troublesome.

Chapter: 8414

Just when Chen Ping dragged Mo Qingyun to the bottom of the stone platform, the rune on the coffin suddenly burst out with terrifying power.

Everyone didn't react and was blown away by this power.

Fortunately, Chen Ping had foresight and took Mo Qingyun to the bottom of the stone platform, so this power did not cause any harm to the two people.

But the others were miserable. Everyone was pale and blood flowed from the corners of their mouths.

Especially Elder Tong, his face was extremely ugly, and his chest was sunken.

Tianci saw Elder Tong like this, and he had long lost his arrogant look, replaced by a solemn look.

He felt that it might not be so easy to get treasures from this relic.

And at this moment, the entire surrounding void was shrouded in a suppressed and fearful atmosphere.

Chen Ping looked at the stone platform, and the three coffins were still placed well, with no signs of opening.

But where did that terrifying force just now come from?

Chen Ping pulled Mo Qingyun back continuously, because he also realized that these three coffins were too strange and scary.

"Creaky, creaky..."

Suddenly, a sharp sound was heard, and the coffin in the middle was slowly opening by itself.

Seeing this scene, everyone was nervous, and they were alert and ready.

Chen Ping pulled Mo Qingyun behind him, holding the Dragon Slaying Sword, staring at the open coffin.

Tianci was so angry when he saw Mo Qingyun following Chen Ping again, and they looked very intimate.

But at this time, he couldn't go to Chen Ping.

After all, they were in danger, and everyone had to work together.

Chen Ping turned his head and glanced at the direction of the stone gate, whispering: "If the situation is not right, run immediately, don't fight to the end..."

"Yes!" Mo Qingyun nodded.

She always listened to Chen Ping. As long as Chen Ping ran, he would definitely run with him.

"Boom—"

The coffin lid in the middle slowly opened, and an ancient and vast breath instantly filled the entire ruins!

Then, an illusory figure emerged from the coffin and floated in the air.

Chapter: 8415

It was a white-haired old man wearing a simple robe, with eyes as deep as the starry sky, as if he could see through everything.

“Finally... someone is here.” The old man spoke slowly, his voice vicissitudes and majesty.

Everyone widened their eyes and stared at the old man, their eyes full of greed!

“Senior! I am Tianci of Tianyuan Pavilion, and I greet you!” Tianci immediately stepped forward and saluted respectfully.

“Bai Shuang from Shura Palace, hello, senior!” The woman in white robe also spoke quickly.

“Tianyuan Pavilion, Shura Palace?” The old man shook his head, “I don’t know, I haven’t heard of it...”

“I don’t know what sect the senior belongs to?” Chen Ping took two steps forward and asked.

“Gantian Sect...” The old man said slowly.

“Gantian Sect?” Everyone was confused.

What sect is this?

What a great name?

But everyone has never heard of this sect, nor has anyone ever mentioned it.

Seeing this, the old man smiled and said, “Our sect was tens of thousands of years ago. It has fallen to the present, and it is probably tens of thousands of years. You little kids certainly can’t have heard of it.”

“But the first, second and third heavens of this heaven were all opened up by my Gantian Sect.” The old man said.

“What?” This time, everyone was shocked.

“Senior, your Gantian Sect, does it mean to go against the will of heaven?” Chen Ping asked.

“Yes, it is against the heaven. Originally, this heaven only has thirty-three layers.”

“The three layers of heaven were opened up by our Gantian Sect. If it weren’t for us, those cultivators below the level of immortal transformation would not be able to reach the heaven unless they ascended.”

“It was me who created the three layers of heaven and set the rules. Those with extraordinary talents can be led to the heaven after passing the test.”

The old man said slowly.

Hearing the old man’s words, everyone was shocked and looked incredible.

None of them thought that the three layers of heaven were opened up by the old man in front of them.

The heaven only had thirty-three layers before. Being able to open up the world in the heaven shows the strength of this old man. No wonder he is called Gantian Sect.

He really did something to the heaven.

Chapter: 8416

After all, none of these people in front of them knew what happened tens of thousands of years ago, nor did they know whether what the old man said was true or false.

“Senior, is what the old man said true?”

Chen Ping could only ask the Red Cloud Demon Lord in his sea of consciousness.

After all, this guy has lived in the Ninth Heaven for many years, so he knows more.

But who would have thought that when Chen Ping asked in his sea of consciousness, the mysterious old man smiled faintly and said, "You don't need to ask the soul in your sea of consciousness, he doesn't know either, because he is not that old either."

Chen Ping was stunned. He didn't expect that he was talking to the Red Cloud Demon Lord in his sea of consciousness, and the mysterious old man in front of him actually knew it.

This is simply too magical and too powerful.

Tens of thousands of years are really too long.

"Your Gantian Sect was able to open up the world in the heaven, so why did it end up being destroyed?"

Mo Qingyun asked the mysterious old man!

This Gantian Sect has become a relic, which proves that Gantian Sect has been destroyed a long time ago. Only destroyed sects will become relics.

Chen Ping was shocked when he heard this, and hurriedly pulled Mo Qingyun, then said to the old man: "Senior, the little girl is ignorant, don't bother with him."

Chen Ping dared not even think about how terrifying the guy who was able to open up a world in the heaven and exist for tens of thousands of years must be.

Even if this mysterious old man is only a spirit body now, he still has a little strength, and they can't deal with him.

“Hahaha, I’ve been dead for so many years, I’ve let it go.”

The mysterious old man laughed: “There are mountains outside mountains, and people outside people. Even if my Gantian Sect can open up the three heavens in the heaven, so what?”

“Even this entire heaven was opened up by the Supreme God, what is my Gantian Sect?”

“The cycle of heaven, everything will wither, nothing can be truly immortal, only the cycle of heaven can make the entire universe develop steadily.”

“The destruction of my Gantian Sect is destined by heaven, what can I do to control heaven!”

After hearing the words of the mysterious old man, everyone’s face was extremely ugly.

Especially Tianci, who always thought he was a genius, arrogant and looked down on everyone.

But after listening to the mysterious old man, a deep sense of frustration arose.

They are still desperately trying to break through the three heavens and become immortals respected by others.

Little did they know that the entire heaven was opened up by the Supreme God. They are now fighting hard, and I am afraid that they are not even a speck of dust in the heaven.

“Senior, we have no intention of offending you. We just come to explore the ruins and look for opportunities.”

“Now that we have met you, it is our great honor. I wonder if you can teach me and help me improve my strength?”

Tianci put away his arrogant look and asked the mysterious old man politely like a good student who is diligent in learning.

“Hahaha, of course, the one who comes is the fate. I am so happy that someone can inherit the mantle of my Gantian Sect.”

The mysterious old man laughed.

“Please teach me, senior...”

Tianci knelt down in front of the mysterious old man.

The mysterious old man waved his hand lightly, and a flash of light flashed.

Tianci and the mysterious old man disappeared.

Chen Ping and his group were the only ones left at the scene. The two men seemed to have disappeared out of thin air.

“Tianci, Tianci...”

Elder Tong of Tianyuan Pavilion turned pale with fear when he saw this. He shouted loudly, but there was no response at all.

Chapter: 8417

Tianci is the pride of their Tianyuan Pavilion, able to fight beyond his level. If something unexpected happens, how will he explain it when he goes back?

At this time, Tianci was in a chaos with the mysterious old man.

“Your strength is too weak. Now you are just a small scattered immortal. I will directly promote you to the earthly immortal realm. Go to the fourth heaven to make a living.”

The mysterious old man said to Tianci!

Tianci was so excited that he wanted to cry when he heard it. He knelt on the ground and wanted to lick the toes of the mysterious old man.

“Thank you, senior, thank you, senior...”

Tianci kept kowtow!

The mysterious old man gently pressed his palm on Tianci’s head, and a stream of soft light wrapped Tianci.

Tianci only felt that his body was shaking violently, and the whole person seemed to be torn apart and was about to fall apart.

He gritted his teeth and persisted, and finally fell to the ground in sweat.

“You have good talent, but your body is too weak. You can’t bear it after only being promoted to the fifth level of the Sanxian Realm.”

The mysterious old man shook his head and said.

When Tianci heard this, he felt a little disappointed, but being promoted to the fifth level of the Sanxian Realm was not bad. He could fight against the fifth level of the Sanxian Realm and the seventh level of the Sanxian Realm.

“Thank you, senior...”

Tianci knelt down and kowtowed again.

The mysterious old man waved his hand, and when their figures reappeared in front of everyone, everyone’s eyes widened.

“Fifth level of the Sanxian Realm?!”

“It’s only been a short time, and you’ve been promoted two levels?!”

Elder Tong was so excited that he trembled all over, and hurried forward to check on Tianci’s situation.

Tianci looked proud, feeling the surging power in his body, and looked at Chen Ping proudly: “Huh, do you still dare to be arrogant in front of me now?”

Chen Ping frowned slightly, ignored Tianci’s provocation, and observed him carefully.

Something is wrong...

Tianci’s realm has indeed improved, but the whole person exudes a strange sense of decay, as if part of his vitality has been taken away.

“Senior, I also want to improve my strength!” The white-robed woman knelt down impatiently, her eyes full of desire.

Chapter: 8418

“Okay, okay...” The mysterious old man nodded with a smile, waved his hand again, and disappeared with the white-robed woman.

A moment later, the white-robed woman returned, and her realm also skyrocketed!

“Hahaha! I broke through!” She laughed excitedly, but there was a hint of hoarseness in her laughter, as if she had aged a little.

Immediately afterwards, Elder Tong and three black-robed old men also stepped forward and asked the mysterious old man for advice.

The mysterious old man accepted everyone and improved their realm one by one.

Soon, everyone was immersed in the joy of the surge in strength, but Chen Ping was more and more frightened the more he looked.

Although these people’s realms have improved, the vitality in their bodies is rapidly fading!

In this case, although they have improved their realm, they will not live for long, and their future cultivation will probably stagnate.

“Chen Ping, let’s go too!” Mo Qingyun pulled Chen Ping’s sleeve, with expectation in her eyes.

“No!” Chen Ping grabbed her and whispered: “There is something wrong with this old thing!”

“Ah?” Mo Qingyun was stunned, “But they have indeed improved...”

“Improved, but the price is life span!” Chen Ping said in a deep voice: “Didn’t you notice? The vitality in them has obviously declined!”

Mo Qingyun shook her head. She couldn't see any vitality at all. She only knew that the realms of these people had all improved.

"Then... what should I do?" Mo Qingyun was a little panicked.

Chen Ping narrowed his eyes and suddenly smiled: "Since he wants to play, I will play with him."

After that, he strode forward and respectfully bowed to the mysterious old man: "Senior, I think I have good talent, versatile, gifted, and hardworking, so I would like to ask you to pass on the mantle of the Gantian Sect to me."

"If I can get the mantle of the Gantian Sect and improve my realm, I will burn incense and pray for you every day."

A trace of imperceptible greed flashed in the eyes of the mysterious old man, and he smiled: "Okay, okay..."

The mysterious old man waved his hand, and Chen Ping instantly appeared in the chaotic space.

The mysterious old man still looked at Chen Ping with a smile: "Little guy, you have good qualifications, I can let you directly step into the earth fairyland."

Chen Ping pretended to be excited: "Thank you, senior!"

The mysterious old man raised his hand and pressed it on Chen Ping's head, and a soft light instantly enveloped Chen Ping's whole body.

"Come on, let me help you improve your cultivation..."

The old man's voice suddenly became gloomy, and his palm turned into a dark vortex, devouring Chen Ping's vitality crazily!

Chapter: 8419

However, just when he thought he had succeeded.

“Concentration Heart Technique!”

Chen Ping suddenly opened his eyes, and the Concentration Heart Technique in his body ran wildly, devouring the old man’s power in reverse!

“What?” The old man was shocked and wanted to pull his hand away, but found that his spirit was locked tightly!

“Old man, you can deceive others, but you can’t deceive me!” Chen Ping sneered, “Using realm improvement as bait, you actually devour other people’s lifespans, and want to borrow corpses to revive, right?”

“You...how did you get the ancient divine art?” The old man was terrified, and his spirit began to tremble violently.

“Unfortunately, you chose the wrong person.” Chen Ping’s eyes flashed with cold light, “Your cultivation, belongs to me!”

Boom...!

The violent devouring power erupted, and the old man’s spirit shrank at a speed visible to the naked eye!

“No!!!”

With a shrill scream, the old man’s spirit body completely shattered, turning into pure energy that poured into Chen Ping’s body!

Chen Ping's realm also began to improve, and in the blink of an eye he reached the third level of the scattered immortal realm.

Feeling his realm improve and his strength greatly increased, Chen Ping was so happy.

Now he no longer had to compromise. If Tianci dared to talk too much, Chen Ping would slap him in the face.

Chen Ping's third level of the scattered immortal realm was not afraid to fight against the eighth level of the scattered immortal realm.

...

When Chen Ping returned from the chaotic space alone, everyone was stunned.

"Where is the senior?" Tianci asked hurriedly.

Chen Ping glanced at him coldly: "What senior? He is just an old ghost who survives by devouring other people's lifespans!"

"What?!" Everyone's face changed drastically.

"You're talking nonsense!" Tianci shouted angrily, "My realm has obviously improved, but your realm has also improved, hasn't it?"

"Yes, it has improved, but look at how much life you have left?" Chen Ping sneered.

Tianci was stunned, and quickly looked inside himself, and then his face turned pale-

His life span is less than ten years!

Chapter: 8420

“No... This is impossible!” He shook his head frantically, unwilling to believe it.

The white-robed woman, Elder Tong and others also checked themselves, and then their faces turned pale.

“We... We were deceived...”

Mo Qingyun grabbed Chen Ping’s hand in fear: “Fortunately you found it...”

Chen Ping nodded and turned his eyes to the three coffins: “This remains of the Gantian Sect is basically a trap!”

“That old thing relies on devouring the life span of the intruder to maintain the immortality of the spirit body and wait for the opportunity to resurrect.”

Chen Ping said!

Although everyone was a little unconvinced, they felt the loss of vitality in their bodies at this moment.

They are just casual cultivators now, and they can’t achieve an infinite life span.

If their lifespan is exhausted and their realm cannot be improved again, they will completely decay and die.

“Ah.....”

Tianci attacked the coffin in front of him like crazy.

Except for the coffin in the middle that was smashed to pieces, the coffins on both sides did not move at all, and the mysterious runes on them kept flowing.

Chen Ping looked at the two coffins and decided to open them to see if there were any good things inside.

I can't come here in vain and leave without getting any treasures, right?

Chen Ping squatted down and began to study the mysterious runes on the coffin.

Seeing Chen Ping studying the runes, Elder Tong snorted coldly and said, "What do you know?"

Chen Ping glanced at Elder Tong coldly and suddenly thought of something.

If I open this coffin now, if there are treasures inside, these guys will definitely fight for it.

Although Chen Ping has now reached the third level of the Sanxian Realm and is not afraid of these people, if they join forces, Chen Ping is still a little afraid.

Thinking of this, Chen Ping looked at the remaining two coffins calmly, as if he had thought of something.

Chen Ping's palm glowed red, surrounding the two coffins, and the blood-red color flowing on the coffins began to merge with Chen Ping's red light!

Everyone looked at Chen Ping like that, and no one knew what Chen Ping was going to do.

“Get up...”
