

The Order 851

Chapter: 851

Qin Xiaotian didn't believe that Chen Ping could come up with two billion, because he had already sent people to investigate Chen Ping. In a small place like Hongcheng, there was no such a tyrannical family, not to mention that Chen Ping was just an ordinary family, how could he have one? Two billion!

"Qin Xiaotian, if you don't believe that Mr. Chen has two billion, then my Bai family must have it. If Mr. Chen can't come up with the two billion, I, the Bai family, will come and get it!"

Bai Xiushan gritted his teeth and said to Qin Xiaotian!

Two billion, even if the Bai family is a wealthy family in Kyoto, it is not a small amount, but in order to curry favor with Chen Ping, Bai Xiushan is willing to pay this money!

"Okay!" Qin Xiaotian raised the corner of his mouth: "Since Mr. Bai has spoken, of course I believe that your Bai family can come up with two billion, then we will bet two billion!"

After Qin Xiaotian finished speaking, he looked at Master He with a heavy expression and said, "Master He, thank you for your help. When I beat that kid, I will give half of it to Master He..."

When Master He heard this, his face was filled with excitement. This half was one billion, which was an astronomical figure for him!

"Don't worry, Boss Qin, I will do my best..."

Master He nodded!

At this time, everyone focused their attention on Master He to see how he could see the special features of this Bagua Disk and what method he used to activate the formation of this Bagua Disk!

Zou Zhaolong followed Yuan Baozhong and looked at each other, with a flash of joy in their eyes.

With a bet of two billion, the price of this Bagua plate cannot be too low anyway. This time they came to Kyoto and made a lot of money!

Seeing Master He holding the Bagua plate and mumbling words, Bai Xiushan felt a little nervous. He glanced at Chen Ping from time to time, but found that Chen Ping had a calm face and didn't even look at Master He, as if Master He was going to explore the Bagua Pan, it has nothing to do with following you!

"Mr. Chen, have you already seen the usefulness of the Bagua Pan?"

Seeing Chen Ping's calm and confident look, Bai Xiushan couldn't help but ask.

Seeing Bai Xiushan ask this question, Qin Xiaotian and others also looked at Chen Ping, wanting to know if Chen Ping really knew the use of the Bagua Pan, otherwise how could he dare to bet two billion!

But who knows, Chen Ping shook his head and said nothing!

Seeing Chen Ping shaking his head, Qin Xiaotian burst into laughter: "Mr. Bai, I've already told you that he is just a stupid kid. Does he know what a magical weapon is? Has he seen a magical weapon? You really treat him like an onion..."

When the others heard this, they also laughed, and the laughter was full of sarcasm, which made Bai Xiushan look ugly!

While everyone was talking, Master He's eyes, which were slightly closed, suddenly opened. He put the Bagua plate on the table and tapped it lightly with two fingers. The originally mottled Bagua plate seemed to have been painted over. , suddenly became so brand new that it could even reflect people's silhouettes backwards.

When everyone saw this, they all exclaimed in surprise. Qin Xiaotian was even more surprised and said: "Master He is indeed a master of magic who has devoted himself to practicing for decades. He is different when he makes a move..."

Master He's face showed a trace of pride, and then he saw a flash of red light on his hand, and then the entire Bagua plate also glowed with red light, as if some treasure had arrived, and the entire room was shrouded in red light. Everyone felt like a spring breeze and felt so smooth all over!

But soon, the red light slowly faded away, and calm returned to the room. The Bagua disk was still the same, mottled with traces of time!

"Master He, do you already know the magical function of this Bagua Pan?"

Chapter: 852

Qin Xiaotian asked excitedly.

Master He nodded: "The Bagua Plate is indeed not a mortal thing. It contains the great dharma. If my guess is correct, it is definitely left by the ancient immortals!"

Upon hearing Master He's words, everyone's eyes showed greed, and even Bai Xiushan couldn't help but stare at the Bagua disk, wanting to take it for himself.

Looking at everyone's performance, Zou Zhaolong smiled broadly. If it were auctioned by bidding now, this Bagua plate would definitely fetch a good price!

"Boy, it's your turn. Shouldn't you also take a look at the origin of this Bagua Pan, and then let Master Yuan from Zhongkong make the decision to see which of us is right?"

Qin Xiaotian looked at Chen Ping and asked.

Everyone looked at Chen Ping, wondering how Chen Ping would activate the Bagua Pan's array!

But who would have thought that Chen Ping didn't even take the Bagua plate and said calmly: "What's the origin of a piece of rotten wood? A group of masters are complacent with a piece of rotten wood. I really don't know how you have been practicing all these years." achievement!"

Chen Ping's words made all the Palm Eye Masters present become furious. Although many of them did not see the role of the Bagua Pan, since Zou Zhaolong dared to take it out as the treasure at the bottom of the box, there must be something special, and There was also Yuan Baozhong sitting next to him, and they all thought that the Bagua Pan was a treasure.

This is the preconceived notion, coupled with Zou Zhaolong's exaggeration in advance, which makes these palm eye masters think that this Bagua disk is a treasure. The reason why they cannot see it is because their strength is too low!

This is like the emperor's new clothes. Although everyone can't see what's special about it, no one dares to say it. If they say it, it means they are not strong enough!

But now Chen Ping directly pointed out that this was just a piece of rotten wood, which made these palm masters unable to sit still and felt insulted and provoked.

Especially Zou Zhaolong and Yuan Baozhong. Although they also knew that the Bagua Pan was just a piece of rotten wood, Chen Ping said it in public, which was very detrimental to them!

"What does this little brother mean? I paid a lot of money for this Bagua Disk, and Master Yuan has also seen it. It does contain formations and is a rare magic weapon. You actually said it was a piece of rotten wood. If you don't speak clearly today, don't blame me for being rude..."

Zou Zhaolong said with a cold expression!

"Yes, Master He just activated the magic circle, and you actually said that this Bagua Disk is just a piece of rotten wood. I think it's because you can't find anything special about this Bagua Disk, right?"

Qin Xiaotian also took the opportunity to ridicule Chen Ping!

"Whether it's rotten wood or not, I believe they know better than me. I think there are some things I'd rather not explain..."

Chen Ping glanced at Master He and Zou Zhaolong indifferently. When the two people touched Chen Ping's eyes, they involuntarily dodged!

Of course Zou Zhaolong knew that the Bagua Disk was carved from a piece of rotten wood, and although Master He didn't understand, the so-called activation of the magic circle just now was just Master He using his own methods to make everyone mistakenly think that it was the activation of the Bagua Pan's magic circle. .

"My little friend, you don't even believe my eyes?"

Yuan Baozhong, who had been silent until now, spoke.

As the number one magic master in China and Hong Kong, Yuan Baozhong's words certainly carry a lot of weight. Even Master Na He is respectful to others!

"I only believe my own eyes!"

Chapter: 853

Chen Ping smiled coldly!

"Well, today I will convince you and let you see if this Bagua plate is really rotten wood..."

Master Yuan said, picked up the Bagua disk, and then pinched the magic weapon with one hand. At this time, the Bagua disk that everyone was looking at suddenly appeared strange. They saw a Bagua array reflected on the Bagua disk, and the Bagua array was flashing. The golden light is constantly rotating!

"Duh..."

Master Yuan shouted loudly, and saw the Bagua array suddenly exploded, followed by countless rays of light that formed a spell!

People with bright golden light can't open their eyes, and the whole room is like a fairyland!

But soon, the golden light disappeared, and the Bagua Pan returned to its original appearance!

But at this time, everyone was breathing rapidly, staring at the Bagua disk, their eyes were about to pop out, and everyone had disbelief in their eyes!

“Master Yuan is indeed the number one magic master in China and Hong Kong. We are ashamed, ashamed...”

Master He said with envy and reverence in his eyes.

“These magic weapons are really good things. If it weren’t for Master Yuan, we would probably have buried these good things!”

“I have never seen such a powerful magical weapon before!”

“I saw it today. Even if I lose everything, I still want to buy it...”

For a time, everyone was talking about it, and they were all gearing up to take action. No matter how much it cost, they would get this Bagua Plate!

Bai Xiushan has already called home to prepare more funds, because he knows that the competition will be very fierce!

Seeing this, everyone also called to raise money. It seems that the competition will be very cruel!

Zou Zhaolong and Yuan Baozhong looked at each other and smiled, feeling happy already!

“My little friend, did you still say that this Bagua plate is just a piece of rotten wood?”

Yuan Baozhong looked at Chen Ping with a mocking look and asked!

When Yuan Baozhong asked, everyone looked at Chen Ping with disdain on their faces!

“A stupid kid knows nothing, so the Bai family is blind, and he is treated as a guest of honor!”

“In front of so many masters, you dare to do tricks and challenge Master Yuan. It’s true that a newborn calf is not afraid of tigers!”

“If I were Master Yuan, I would have slapped him to death!”

“I really don’t know where this guy came from. I’ve never heard of him and yet he dares to come to Kyoto to show his disgrace!”

Chapter: 854

Everyone was mocking, even the Bai family was implicated, which made Bai Xiushan look ugly!

But Chen Ping looked indifferent!

“Boy, what is Master Yuan asking you? Why are you mute? If you admit defeat now and hand over two billion, we won’t care about you anymore...”

Qin Xiaotian looked at Chen Ping and said with a sneer!

“Rotten wood is rotten wood. No matter how sophisticated you are, it is useless. It cannot change the fact that it is just a piece of rotten wood...”

Chen Ping said calmly.

Seeing that Chen Ping dared to say this, everyone was stunned. Even Bai Xiushan looked shocked and hurriedly whispered: “Mr. Chen, please stop talking...”

Although Bai Xiushan knew that Chen Ping was a monk, he had never seen Chen Ping's ability with his own eyes. However, the ability that Master Yuan had just shown, what difference would it make if he followed the immortal method? He did not think that Chen Ping's ability could be higher than that of Yuan. Grandmaster!

Not to mention Yuan Baozhong, even Master He may not be able to compare with Chen Ping. After all, Chen Ping is still young. You must know that whether you are a warrior, a warlock, or a monk, you need time to hone your skills!

"Boy, are you blind? I just activated the formation in this Bagua plate. Didn't you see it? How dare you say that this is just a piece of rotten wood?"

Yuan Baozhong stared at Chen Ping coldly!

How could the dignified master of magic in China and Hong Kong tolerate the repeated provocations of a little kid!

Zou Zhaolong also looked at Chen Ping with an unhappy expression. If it weren't for Chen Ping, his Bagua plate would have been snatched up by everyone at a high price, and now this guy keeps causing trouble!

"Boy, you are really brave. Even Master Yuan dares to question you. Do you know how capable Master Yuan is?"

Then Master He looked at Chen Ping and said with a sneer.

Master He is stepping on Chen Ping to curry favor with Yuan Baozhong. What Yuan Baozhong showed just now is enough for other masters to pay homage to him!

"Hmph..." Chen Ping smiled coldly: "It is precisely because I am not blind that I will not be deceived by you. The so-called opening of the magic circle just now by the two of you was just relying on your own magic to deceive everyone. Where is the magic circle in the Bagua plate? Do you really think that no one can see it?"

Chen Ping's words immediately hit the sore spot of Master He and Yuan Baozhong. The two of them did use their own magic and did not activate any magic circle. However, Yuan Baozhong's magic was so good that no one could see it. Just come out.

As for Master He, some people saw it but didn't say it clearly. At least Yuan Baozhong knew that Master He was lying, but this was beneficial to him, so why should he expose Master He?

"Boy, what are you talking about? Could it be that the vision just now was caused by my own magic? Do you mean that everyone is blind and you are the only one who can see it?"

Yuan Baozhong shouted angrily and angrily!

Yuan Baozhong's words are obviously diverting trouble to the east and making everyone dissatisfied with Chen Ping!

Sure enough, as soon as Yuan Baozhong finished speaking, everyone started to curse Chen Ping!

"You're a fucking little brat, how dare you say that we are all blind? Who didn't see the strange phenomenon that the magic circle just activated?"

Chapter: 855

"Bai Xiushan, where did you invite this guy? What is this guy?"

"I have been studying magic for decades, could it be possible that I ended up blind?"

"I have never seen such a pretentious person. It seems that he has not been beaten by society!"

.....

You must know that the people who can sit here are all the major wealthy families in Kyoto, many of them are no worse than the Bai family, so Bai Xiushan could only look ugly when he heard the curses from everyone, and did not dare to say anything!

He can't make enemies of the entire wealthy circle in Kyoto, right? The Bai family is not powerful enough to dominate the entire Kyoto!

Seeing everyone cursing at Chen Ping, Master Yuan's expression softened slightly, and Qin Xiaotian was even smiling from ear to ear.

"Boy, you said that Master Yuan did not activate the Bagua Pan formation. What evidence do you have? You can't just talk in vain, right? You have to show some ability to convince everyone. If you don't have that ability, besides losing With the two billion lost, you won't even be able to leave Kyoto today..."

Qin Xiaotian's eyes were filled with murderous intent!

"Do you want evidence?" Chen Ping looked at Qin Xiaotian and asked playfully.

"Nonsense, there is no evidence to prove that this Bagua plate is a piece of rotten wood, then you lose, you are talking nonsense..."

Qin Xiaotian snorted coldly!

"Do you also want me to produce evidence?" Chen Ping looked at Yuan Baozhong and asked.

Just when Yuan Baozhong was about to speak, Chen Ping continued: "You have to think about it, you know best what this Bagua Pan is!"

Chen Ping's words really made Yuan Baozhong hesitate for a moment, and even Zou Zhaolong couldn't help but feel tense!

If Chen Ping really has the ability to produce evidence that the Bagua plate is just rotten wood, will these wealthy people in Kyoto let him leave easily?

Seeing Yuan Baozhong hesitate for a moment, everyone was stunned and all focused on Yuan Baozhong!

“Stop talking nonsense and bring it out if you have the ability. Of course I know what I have appraised!”

When Yuan Baozhong saw everyone looking at him, his face immediately darkened and he said to Chen Ping!

“Boy, do you hear me? If you have any ability, just use it. If you can’t prove it to us today, even if I don’t embarrass you, do you think other people will let you go?”

Qin Xiaotian sneered!

Chen Ping ignored Qin Xiaotian, but took out a coin from his pocket and put it on the table: “Everyone, I happen to have a magic weapon here to open your eyes!”

When everyone saw that what Chen Ping put on the table was just an ordinary coin, they immediately scolded: “What the hell is this? Isn’t it just a coin?”

“Is this also a magic weapon? If this were a magic weapon, wouldn’t there be hundreds of magic weapons in my house?”

Chapter: 856

“Are you taking us for fools? A steel hoe is also a magical weapon?”

Everyone yelled at Chen Ping!

However, Chen Ping disagreed and looked at Master Yuan: “Master Yuan, do you think this is a magical weapon I took out?”

Yuan Baozhong didn’t know what tricks Chen Ping was playing, but this was indeed just an ordinary coin, not a magic weapon!

“This is just an ordinary coin, how can it be a magical weapon!”

Yuan Baozhong said.

“It seems that you are not blind!” Chen Ping sneered: “You can actually see that this is just an ordinary coin!”

“Boy, what the hell are you saying?”

“If you dare to trick us, you will never leave Kyoto today!”

“A group of us were fooled by a little kid. If word gets out, how can we, the people in Kyoto, still get along?”

A group of people looked at Chen Ping angrily, and some even wanted to take action. Fortunately, Bai Xiushan was on the side to stop him!

“Although this is just an ordinary coin, I said it is a magical weapon, and he is a magical weapon...”

I saw Chen Ping holding the coin, using his fingers to drive a small flame array on the coin, and saw the coin burning directly!

The coin was surrounded by flames and kept burning, but the coin did not change at all!

“What is this? Magic?”

Qin Xiaotian looked at the burning coins and said with disdain.

“A high-level magician can do it better than you. Isn't it just burning coins? He knows some chemical principles. Is this how you fool these magic masters?”

“It’s so childish, I thought you had any abilities!”

“It’s so funny that he actually said this is a magical weapon. Then my fire machine is also a magical weapon and can burn!”

Everyone was ridiculing Chen Ping!

Even those palm-eye magic masters were dismissive of Chen Ping. Only Yuan Baozhong’s face changed again and again, with surprise and shock in his eyes!

He could see that the coin in Chen Ping’s hand was an ordinary coin, but when it burned, it was not magic or chemical reaction, but Chen Ping had put a small flame array into the coin. !

Although this flame formation is not an advanced formation, it is almost impossible to penetrate into an object quickly. Even if he wants to refine the magic weapon himself, it will take several days or even dozens of steps. It takes days to penetrate the formation into the object, and it also consumes a lot of energy!

However, Chen Ping actually penetrated the flame formation into a small coin in the blink of an eye, and it seemed to be very easy. At this point, Yuan Baozhong thought he could not do it!

Chapter: 857

Zou Zhaolong seemed to notice something was wrong with Yuan Baozhong’s expression, so he whispered in Yuan Baozhong’s ear: “Master Yuan, what’s wrong with you?”

“This kid is very skilled in magic, we underestimated him...”

Yuan Baozhong’s eyes were slightly focused, and his face was very solemn!

“What?” Zou Zhaolong’s pupils suddenly dilated and he looked at Chen Ping in disbelief!

For such a young person to be said so by Yuan Baozhong, it shows that he is indeed extraordinary!

“Then what should we do?” Zou Zhaolong asked.

“We can’t let him read the Bagua disk, find a way to get rid of the things quickly, and then leave...”

Yuan Baozhong said cautiously.

“Okay!” Zou Zhaolong nodded!

At this time, Chen Ping ignored everyone’s ridicule, but picked up the coin and gently rubbed it twice in his hand. After the flame went out, he put the coin in his pocket again!

“Master Yuan, bring the Bagua plate, and I will show you whether it is a piece of rotten wood...”

Chen Ping looked at Yuan Baozhong and smiled slightly.

But who would have thought that Yuan Baozhong picked up the Bagua Disk and said: “That’s it for today. As for whether this Bagua Disk is a magic weapon or rotten wood, I don’t want to argue anymore. Everyone knows that the magic weapon has a lifespan, and the formation has not been activated once.” Dharma will consume part of the energy in the instrument, and I don’t want to waste the energy in the Bagua plate for some useless arguments!”

“And if it is messed with by some people who don’t understand it, if it is broken, or burned by fire, it will be a loss to everyone. After all, this kind of high-level magic weapon is not common, so what kind of bet is it? I don’t want to ask, the things are here, it’s up to you to decide whether you believe it or not!”

As Yuan Baozhong spoke, he actually put the Bagua disk away again, not even letting him take a look at it!

At this time, everyone was a little surprised. Master Yuan was so aggressive just now, why was he suddenly not allowed to watch?

Is what Chen Ping said true, that this Bagua plate is just a piece of rotten wood?

“Master Yuan is right. The energy of this magic weapon is not inexhaustible. If it is damaged by some people who don’t understand, it will be troublesome. Anyway, my Qin family will decide on this Bagua tray...”

Qin Xiaotian said.

When Qin Xiaotian said this, everyone also reacted, but their emotions were not so high anymore, and they were afraid of spending a lot of money to buy a fake.

“Everyone, what this little friend just said is right, that is, anything before it is injected into the magic circle is an ordinary thing. If this Bagua tray does not have the Bagua array in it, it is just a piece of rotten wood. Now this Bagua tray There is a Bagua formation inside, and I will also inject some Feng Shui formations into it, which is guaranteed to prolong the life of those who bathe in this formation all year round, and also improve the family’s luck...”

Yuan Baozhong saw that everyone was not in high spirits, so he spoke again!

At this time, everyone’s breathing suddenly became rapid, and everyone’s eyes were red. Even if it is really a piece of rotten wood, Yuan Baozhong said that Feng Shui array should be injected into it, which is still a priceless treasure!

Seeing everyone’s renewed excitement, Zou Zhaolong and Yuan Baozhong looked at each other, feeling extremely proud!

Chapter: 858

“Boss Zou, this thing belongs to you, please hurry up and give me the lowest price!”

Qin Xiaotian asked impatiently.

Seeing how impatient Qin Xiaotian was, Chen Ping, who originally wanted to argue with Yuan Baozhong, immediately closed his mouth with a sneer on his face. Since these people all wanted to be deceived, why should he care about it!

“Okay, since everyone has seen the power of this Bagua Tray, and Master Yuan just said so, then I will set a minimum price, starting at a minimum of 100 million, and increasing the price at a minimum of 10 million each time. The higher bidder will get...”

Zou Zhaolong stretched out a finger and said.

“I will pay 200 million...”

As soon as Zou Zhaolong finished speaking, Qin Xiaotian couldn't wait to double the price!

As soon as Qin Xiaotian finished speaking, someone started bidding!

“I'll pay 210 million!”

“I'll pay 250 million!”

“I'll pay 280 million!”

“Three hundred million!”

In a short period of time, the price has climbed directly to 300 million, and it is still rising. You must know that the people sitting here are the rich in Kyoto, and a few hundred million is really nothing in their eyes!

Seeing these people desperately bidding, Chen Ping raised the corner of his mouth slightly, and actually leaned directly on the seat, closed his eyes slightly, and took a rest!

Bai Xiushan looked at Chen Ping and felt very anxious. This kind of magic weapon was rare. Moreover, Yuan Baozhong also vowed that he could set up a Feng Shui array to make the family's fortune prosperous. This was so tempting!

It's just that Chen Ping didn't say anything, so Bai Xiushan really didn't dare to bid privately. Now that he saw Chen Ping closing his eyes slightly and recharging his energy, Bai Xiushan was as anxious as an ant on a hot pot!

Now the price is still rising crazily. These people are all red-faced and trying their best to raise the price. They even call their families to raise money. They all want to give it a try!

Soon, the price climbed directly to 2 billion, which was a full 20 times higher than the base price. This made Zou Zhaolong and Yuan Baozhong look at each other, and they felt happy. It seemed that there were really many rich people in the inland.

"I offer three billion, and my Qin family is determined to win it today..."

Qin Xiaotian suddenly raised the price by one billion. He knew that a little increase would only make everyone increase the price crazily!

Sure enough, after Qin Xiaotian finished speaking, the scene fell silent for an instant!

Although these people are not short of money, the price suddenly increased by one billion. This kind of courage still surprised everyone!

Seeing that everyone was quiet, Zou Zhaolong glanced at everyone: "Everyone, is there any increase in price? If not, then this Bagua plate belongs to Boss Qin!"

Zou Zhaolong deliberately slowed down his speech, hoping that someone would not be able to help but add another wave. Although three billion has already exceeded his expectations, who thinks it is too much money? If you can sell more, it will be better!

Chapter: 859

"Everyone, today I, the Qin family, will remember you all as a favor. When my eldest brother comes out of confinement, I will definitely invite you all to gather together. Please also give this Bagua plate to my Qin family..."

Qin Xiaotian was also afraid that someone would suddenly increase the price, so he raised his hands and said!

Obviously, Qin Xiaotian moved his eldest brother out, which was a small threat to everyone!

After all, eldest brother Qin Xiaotian has been in seclusion for several years. No one knows where his strength has reached, so no one is willing to go against the Qin family!

“Since Boss Qin said so, I won’t argue...”

“I won’t argue anymore. It’s just a magic weapon. I believe that Boss Zou will be able to find more powerful magic weapons later...”

“Boss Qin, we all gave you a favor. You must not forget this favor...”

Everyone spoke one after another.

“Don’t worry, I will definitely tell my elder brother what happened today. Please give me the Qin family’s face. If you have something to do one day, my Qin family will definitely help you...”

Qin Xiaotian stood up and bowed to everyone!

After all, the people sitting here are all the bosses of various families in Kyoto, and Qin Xiaotian doesn’t dare to be too confident!

When Zou Zhaolong saw this, he felt a little disappointed. He also thought that others were increasing the price so that he could earn more!

“Since everyone is no longer arguing with Boss Qin, then this gossip plate belongs to Boss Qin, but I will tell the ugly story first. I don’t accept credit here, and the money must be transferred to my account!”

Zou Zhaolong said to Qin Xiaotian!

“Don’t worry, Boss Zou, I’ll arrange for someone to transfer the money right away...”

Qin Xiaotian said proudly!

“Wait a moment.....”

Just when Qin Xiaotian was about to transfer money, Bai Xiushan suddenly stood up!

He can’t just watch the Qin family buy this magic weapon. Then the gap between the Bai family and the Qin family may become wider and wider. Although the Bai family has Chen Ping, an immortal cultivator behind the Bai family, Chen Ping is too young after all. , who knows how long it will take for him to perfect his technique!

“Boss Bai, what’s the matter?”

Zou Zhaolong’s eyes suddenly lit up when he saw Bai Xiushan standing up.

“I want this Bagua Pan, and I’ll pay 3.1 billion!”

Bai Xiushan said directly to Zou Zhaolong!

At this time, Bai Xiushan didn’t dare to disagree with Chen Pingtong. He had to get the Bagua Pan!

Chapter: 860

Zou Zhaolong smiled and looked at Qin Xiaotian: “Boss Qin, you see that Boss Bai has made a bid, do you want to add more?”

Qin Xiaotian looked ugly and stared at Bai Xiushan!

“I will pay 3.2 billion!”

Qin Xiaotian gritted his teeth and shouted directly!

“3.3 billion!”

Before Qin Xiaotian could finish his words, Bai Xiushan directly raised the price again!

Seeing Bai Xiushan follow Qin Xiaotian on the bar, Zou Zhaolong's face burst into laughter. He could earn more money this time!

The others also looked at it as if they were laughing. No matter how far the Bai family and the Qin family fight in the end, they will still be the winners anyway!

There are only so many resources in Kyoto, and one more wealthy family means more competition. If these two families can defeat each other, it will be an opportunity for other wealthy families!

“Mr. Bai, are you going to quarrel with my Qin family?”

Qin Xiaotian gritted his teeth and asked with red eyes.

“Qin Xiaotian, the one with the highest price will win. How can I argue with your Qin family? If your Qin family can't afford the price, then give me the Bagua plate...”

Bai Xiushan smiled lightly and said!

“Don't even think about it...”

Qin Xiaotian gritted his teeth: “I'll pay four billion!”

“five billion.....”

Bai Xiushan said calmly, as if five billion is a piece of cake for the Bai family!

In fact, even if they are a wealthy family in Kyoto, it is not easy to come up with five billion at once. After all, they are not allowed to borrow money. They have to raise five billion in a very short time. I believe that no family can do it. several!

“It seems that the Bai family is really secretive. Five billion is such an understatement!”

“I heard that the Bai family makes a lot of money in medicine!”

“Hey, it seems that we people have to work hard, otherwise we will really be left behind by the Bai family!”

.....

All the rich people in the audience were talking about it. They were really powerful if they could spend five billion at once!

The corners of Qin Xiaotian’s eyes twitched twice. He didn’t expect Bai Xiushan to be so cruel. He suddenly increased it to five billion!
