

## The Order 8661

Chapter: 8661

The wolf-headed sturdy man looked the two up and down, his eyes fell on the clan leader token in Hu Mazi's hand, and a hint of greed flashed in his eyes, "The jade pendant in that kid's hand looks good, hand it over, and grandpa will let you go!"

Hu Mazi's face sank, and he held the token tightly: "This is my heirloom, I will never hand it over!"

"If you don't accept my toast, you will be punished!"

The wolf-headed sturdy man roared, waving his axe and slashing at Hu Mazi, "Grab it for me!"

A dozen demon cultivators immediately surrounded them, and their swords and axes came out together, slashing at the two.

Chen Ping no longer hesitated, and the spiritual power in his body circulated, and the light golden shield enveloped the two.

At the same time, he sacrificed the Dragon Slaying Sword, and the golden sword energy swept out, instantly knocking away the demon cultivators who were rushing in the front.

The wolf-headed man didn't expect Chen Ping to be such a tough guy. He was shocked, but he quickly reacted. He roared and slashed at Chen Ping's shield with a sharp sound of wind.

With a crisp sound of "clang", the shield vibrated violently, but it was still intact.

"With this little ability, you dare to rob people on the road?"

Chen Ping snorted coldly, and the Dragon Slaying Sword pierced out like a stream of light, instantly piercing the wolf-headed man's shoulder.

“Ah ——”

The wolf-headed man screamed, covered his bleeding shoulder and retreated repeatedly, his eyes full of fear, “You... Who are you?”

“A passing monk.” Chen Ping said indifferently, “If you don’t want to die, get out of the way!”

The wolf-headed man looked at his men wailing on the ground, and then looked at the Dragon Slaying Sword in Chen Ping’s hand, which exuded a sharp breath. He knew that he was no match, so he quickly fled with his men.

“These demon cultivators are too vulnerable.”

Hu Mazi looked at the wolf-headed man’s fleeing back and said with some surprise.

“These are just some minions. The real masters should be in the Black Wind Village.”

Chen Ping put away the Dragon Slaying Sword, “Let’s keep going forward and be careful.”

The two continued to go deeper into the misty forest. After walking for about an incense stick of time, the fog in front gradually thinned, and a huge mountain village appeared in front of them.

The wall of the mountain village was built with huge black stones, with a black flag on it, and a ferocious wolf head pattern painted on the flag.

At the entrance of the mountain village stood two bear monsters three feet tall, holding huge hammers, and staring at the passers-by vigilantly.

“This is the Black Wind Village.”

Chen Ping looked at the bear monsters at the entrance of the mountain village, “The strength of these two bear monsters is not weak, equivalent to the second-grade cultivators of the Earthly Immortal Realm.”

Chapter: 8662

“How do we get in?” Hu Mazi asked.

“Go in directly.” Chen Ping said, “We will pretend to be cultivators who come to Black Wind Village and take the opportunity to find out the news.”

When the two walked to the gate of the village, the bear demon stopped them immediately: “Stop! Who are you? What are you doing in Black Wind Village?”

“We are cultivators passing by and want to go to Black Wind Village. Please inform us.”

Chen Ping said, and at the same time took out a few fairy stones from his arms and stuffed them into the bear demon’s hands.

The bear demon weighed the fairy stones in his hand, and a satisfied smile appeared on his face: “Wait, I will inform the village owner.”

Soon, the bear demon came back and said to the two: “The village owner lets you in.”

The two followed the bear demon into the village. The village was more lively than expected. There were demon cultivators everywhere, including wolf demons, tiger demons, snake demons, etc., with different shapes and exuding a strong demonic aura.

There was a huge meeting hall in the center of the village. At the door of the meeting hall stood two fox demons holding long swords. They had beautiful faces but extremely cold eyes.

The bear demon brought the two to the door of the meeting hall and said, “The village chief is inside, you can go in by yourselves.”

The two walked into the meeting hall and saw a middle-aged man in a black robe sitting in the middle of the meeting hall. He had a sinister face and a sneer on the corner of his mouth. He was the village chief of Black Wind Village, Black Wind Old Demon.

On both sides of Black Wind Old Demon stood more than a dozen demon cultivators, each with a strong aura, obviously the core members of Black Wind Village.

“Are you the cultivators who come to join me?”

Black Wind Old Demon looked at Chen Ping and Hu Mazi, and a glimmer of scrutiny flashed in his eyes.

“Yes, village chief.”

Chen Ping said, “We heard that Black Wind Village is powerful, and we want to join the village chief and serve him.”

“Oh? What are your abilities?”

Black Wind Old Demon asked.

“We know some simple spells and can charge for the village chief.” Chen Ping said.

“Hahaha...”

The Black Wind Demon laughed, “You two want to work for me? I don’t accept trash in my Black Wind Village!”

“If you don’t believe me, you can try our skills.” Chen Ping said.

“Okay! Then I’ll give you a chance.”

The Black Wind Demon said, "My Black Wind Village has had some grievances with the Green Snake Valley in the east recently. Go and kill the owner of the Green Snake Valley for me, and bring his head back to see me, and I'll take you in."

Chapter: 8663

Chen Ping's mind moved. Green Snake Valley is also a force outside Jiupan Mountain. The owner of the valley is a third-grade snake demon in the Earthly Immortal Realm.

The Black Wind Demon asked them to kill the owner of Green Snake Valley, obviously wanting to kill someone with a borrowed knife.

"No problem."

Chen Ping said, "We'll do it right away."

"Wait."

The Black Wind Demon said, "I'll send two people to go with you, so we can see your skills."

He pointed to the two wolf demons next to him: "You two go with them. If they dare to play tricks, kill them!"

The two wolf demons immediately stepped forward and bowed to the Black Wind Demon: "Yes, village chief!"

Chen Ping and Hu Mazi looked at each other, nodded, and followed the two wolf demons out of the meeting room.

Walking out of the meeting room, Hu Mazi whispered: "This old Black Wind demon really has bad intentions. He wants us and Green Snake Valley to lose both."

"I know."

Chen Ping said, "It just so happens that we also want to find out the news of Green Snake Valley. This is an opportunity. Let's go to Green Snake Valley first and act accordingly."

The two followed the two wolf demons out of Black Wind Village and walked towards Green Snake Valley in the east.

Along the way, the two wolf demons kept provoking Chen Ping and Hu Mazi, obviously not taking them seriously.

Chen Ping was too lazy to argue with them, and just hurried on his way silently.

After walking for about half a day, a dense bamboo forest appeared in front of them. The bamboo forest was filled with a faint green mist and a strong smell of snakes.

"The Green Snake Valley is ahead."

A wolf demon pointed at the bamboo forest and said, "The Lord of the Green Snake Valley is inside. You can go in by yourselves. We'll wait outside."

Chen Ping knew that the two wolf demons wanted to reap the benefits, so he didn't care. He said to Hu Mazi, "Let's go in."

The two walked into the bamboo forest. The fog in the bamboo forest became thicker and thicker, and the smell of snakes became heavier.

After walking for about an incense stick of time, a huge valley appeared in front of them. The valley was full of caves, and the entrances of the caves were full of poisonous snakes, exuding a dangerous atmosphere.

“This is the Green Snake Valley.”

Hu Mazi looked at the poisonous snakes in the valley and frowned. “There may be many snake demons here.”

“Be careful, the Lord of the Green Snake Valley is not weak, we must be prepared.” Chen Ping said.

Chapter: 8664

As soon as the two walked into the valley, they heard a “hissing” sound, and countless poisonous snakes crawled out of the caves and attacked them.

“Leave these poisonous snakes to me!”

Hu Mazi said, taking out a few pieces of talisman paper from his arms, quickly drawing a few fireball talismans, and throwing them at the poisonous snakes.

The fireball talismans burst into dazzling light in the air, instantly burning a large number of poisonous snakes to ashes.

But there were too many poisonous snakes, one after another, crawling out of the cave continuously, making the two of them a little overwhelmed.

At this moment, a cold voice came from the depths of the valley: “Who dares to break into my Green Snake Valley?”

As the voice sounded, a middle-aged man in a green robe walked out from the depths of the valley.

The man had a handsome face, sinister eyes, and a sneer at the corner of his mouth. He was the owner of the Green Snake Valley.

The Lord of the Green Snake Valley looked at the burning corpse of the poisonous snake on the ground, and a trace of anger flashed in his eyes: "Did the Black Wind Demon send you here?"

"So what?" Chen Ping said, "Today is your death day!"

The Lord of the Green Snake Valley sneered: "Just the two of you? You are too arrogant!"

He flashed and turned into a giant green snake that was dozens of feet long. He opened his huge mouth and bit the two people.

The green giant snake was extremely fast, and with a sharp sound of wind, it came in front of the two people in an instant.

The mouth of the giant snake exuded a strong fishy smell, which made people dizzy.

"Be careful!" Chen Ping shouted, and at the same time he sacrificed the Dragon Slaying Sword. The golden sword energy was like a barrier, blocking the two people.

With a crisp sound of "clang", the head of the green giant snake hit the sword energy barrier, making a loud noise, and the giant snake was shocked and retreated a few steps.

"Interesting."

The voice of the Green Snake Valley Master came from the giant snake's mouth, with a hint of surprise, "I didn't expect that you two little human monks would have such strength."

He opened his huge mouth again and sprayed a stream of green venom towards the two.

The venom turned into countless tiny arrows in the air, emitting a pungent smell, obviously containing a strong poison.

Chen Ping's eyes were stern, and the spiritual power in his body was running, and the light golden shield enveloped the two.

The venom fell on the shield, making a "sizzling" sound, but it could not penetrate the shield.

"Your venom is useless to us!"

Chen Ping said, and at the same time, the Dragon Slaying Sword turned into a stream of light and stabbed towards the seven inches of the green giant snake.

Chapter: 8665

The Green Snake Valley Master did not expect Chen Ping's attack to be so fierce, and quickly twisted his body to avoid the attack of the Dragon Slaying Sword.

But his tail was still scratched by the sword energy, leaving a deep wound that could be seen to the bone, and green blood gushed out.

"Looking for death!"

The Lord of the Green Snake Valley roared, and his huge body rolled in the valley, knocking down countless trees and splashing gravel.

Hu Mazi took the opportunity to take out a few pieces of talisman paper, quickly drew a few lightning talismans, and threw them at the green giant snake.

The lightning talisman burst into dazzling light in the air, and countless lightning struck the green giant snake.

The green giant snake was struck by lightning, and let out a painful scream, and its huge body trembled violently.

Chen Ping seized the opportunity and stabbed the Dragon Slaying Sword again, accurately piercing the seven inches of the green giant snake.

“Ah ——”

The Lord of the Green Snake Valley let out a shrill scream, and his huge body twitched on the ground for a few times, and finally stopped moving.

The two of them breathed a sigh of relief and sat on the ground gasping for breath.

“Finally... solved.”

Hu Mazi wiped the sweat from his face and said, “I didn’t expect the Green Snake Valley Master to be so powerful.”

Chen Ping said, “This is normal. When the demons and humans are at the same level, the demons are stronger than humans, including the demons. This is why humans are the most despised of the three races.”

Just then, cheers from two wolf demons came from outside the valley: “Great! They really killed the Green Snake Valley Master!”

The two wolf demons walked into the valley and looked at the Green Snake Valley Master’s body on the ground with greedy smiles on their faces.

“I didn’t expect you two to be so capable.” A wolf demon said, “However, the Green Snake Valley Master’s body and treasures are all from our Black Wind Village.”

“What do you want to do?” Hu Mazi looked at the two wolf demons vigilantly and asked.

“What?” Another wolf demon sneered, “Of course, to kill you and take the credit!”

The two wolf demons attacked Chen Ping and Hu Mazi at the same time.

Chen Ping's eyes turned cold. He didn't expect that these two wolf demons would dare to betray their promise. He used the Dragon Slaying Sword and killed one wolf demon instantly.

The other wolf demon was so scared that he turned around and tried to escape. Hu Mazi immediately took out a talisman paper, drew a body-fixing talisman, and threw it at the wolf demon.

The body-fixing talisman fell on the wolf demon, and the wolf demon was instantly fixed in place, unable to move.

"Spare my life! Spare my life!" The wolf demon was so scared that he begged for mercy again and again.

Chapter: 8666

"You are still useful." Chen Ping said, "Tell me, is the Black Wind Demon related to the genocide of the Hu family that year?"

The wolf demon was stunned for a moment, obviously not expecting Chen Ping to ask this question. He hesitated for a moment and said, "I don't know about the genocide of the Hu family. I'm just a small follower."

"You don't want to tell the truth, right?" Hu Mazi said, taking out a fireball talisman and threatening, "If you don't tell me, I'll burn you to ashes!"

The wolf demon looked at the flames burning on the fireball talisman, his face pale with fear, and hurriedly said, "I'll tell you! I'll tell you! I heard that the Black Wind Demon participated in the siege of the Hu family back then, but I don't know the details."

"Are you sure?" Chen Ping asked.

"I'm sure!" The wolf demon hurriedly said, "I heard this from the conversation between the village chief and the deputy village chief."

Chen Ping and Hu Mazi looked at each other, with a flash of anger in their eyes.

Unexpectedly, the Black Wind Demon also participated in the genocide of the year. It seems that the forces around Jiupan Mountain are all related to the genocide of the Hu family.

“You can die now.” Chen Ping said, and at the same time, he swung the Dragon Slaying Sword and killed the wolf demon.

“What should we do now?” Hu Mazi asked.

“First, dispose of the body of the Green Snake Valley Master, and then go back to report to the Black Wind Old Demon.”

Chen Ping said, “We have to pretend that we know nothing and take the opportunity to find out more information in the Black Wind Village.”

The two disposed of the bodies of the Green Snake Valley Master and the wolf demon, and then returned to the Black Wind Village with the head of the Green Snake Valley Master.

Back to the Black Wind Village, the two handed the head of the Green Snake Valley Master to the Black Wind Old Demon.

The Black Wind Old Demon looked at the head of the Green Snake Valley Master and showed a satisfied smile on his face: “Good! Good! Good! I didn’t expect that you two actually killed the Green Snake Valley Master. You are really capable! From today on, you are my Black Wind Village.”

“Thank you for taking me in.” Chen Ping said.

“You’re welcome.” The Black Wind Demon said, “I’ll arrange a place for you to stay. You can take a rest first. I’ll arrange tasks for you tomorrow.”

The Black Wind Demon asked his men to take Chen Ping and Hu Mazi to rest, and he took the head of the Green Snake Valley Master and walked into the secret room behind the meeting hall.

In the secret room, an old man in a gray robe was sitting on a chair with his eyes closed.

The old man had a haggard face and gray hair. He looked very old, but he exuded a powerful aura, no less than the Black Wind Demon.

“Master, the Green Snake Valley Master has been killed by me.” The Black Wind Demon bowed to the old man and said.

The old man slowly opened his eyes, a gleam of light flashed in his eyes: “Well done, how about the two human monks? Are they reliable?”

“It seems that there is no problem, but I don’t know their details.”

The old demon of Black Wind said, “I plan to observe them for a while. If they are reliable, I will use them; if they are unreliable, I will kill them.”

Chapter: 8667

“Yes.” The old man nodded, “Jiupan Mountain has been uneasy recently, and there are some movements in the Black Demon Palace. You have to be more careful.

In addition, you must keep your mouth shut about the things that happened to the Hu family in the past, and don’t let anyone know.”

“Disciple understands.” The old demon of Black Wind said.

The old man closed his eyes again, and after bowing, the old demon of Black Wind left the secret room.

On the other side, Chen Ping and Hu Mazi were taken to a guest room.

Although the guest room was simple, it was still clean.

“Who was that old man just now?” Hu Mazi asked, “I feel his aura is very strong, stronger than that of the Black Wind Demon.” “I don’t know.” Chen Ping said, “But what is certain is that his identity is not simple, and he may be the mastermind behind the Black Wind Village.” “What should we do now?” Hu Mazi asked. “Take a rest first, and then go to get information at night.” Chen Ping said, “The defense of the Black Wind Village is very tight, we must act carefully.” The two took a rest, waited until night fell, quietly left the guest room, and headed towards the secret room behind the meeting room. They knew that the Black Wind Demon and the old man were probably discussing important things in the secret room, and perhaps they could hear some clues about the genocide incident that year. The two carefully avoided the patrolling demon cultivators and came to the door of the secret room. The door of the secret room was made of black stone, with complex runes engraved on it, emitting a faint light, and it was obviously guarded by a ban. “This door is banned, how can we get in?” Hu Mazi asked.

“Let me try.” Chen Ping said, and at the same time took out a ban-breaking talisman from his arms and pasted it on the door of the secret room.

The runes on the ban-breaking talisman flashed a few times, and the rune light on the door of the secret room gradually dimmed, and the ban was broken.

The two quietly pushed open the door and walked into the secret room.

In the secret room, the Black Wind Demon and the old man were talking.

“Master, do you think the Black Evil Palace will know that we participated in the siege of the Hu family back then?” The Black Wind Demon asked.

“It shouldn’t be.”

The old man said, “The incident was done very secretly, and the people from the Black Demon Palace were also involved. They won’t expose themselves.”

“That’s good.” The Black Wind Old Demon breathed a sigh of relief and said, “I’m afraid they will use this as an excuse to attack our Black Wind Village.”

“Don’t worry, the Black Demon Palace is now busy with its own affairs and won’t easily attack us.” The old man said, “But we must also be prepared just in case.”

“Yes, Master.” The Black Wind Old Demon said.

Chen Ping and Hu Mazi hid at the door of the secret room and heard the conversation between the two. A trace of anger flashed in their eyes.

Unexpectedly, the Black Demon Palace and the Black Wind Village were both involved in the genocide incident that year, and they colluded with each other. They really deserved to die!

At this moment, the old man suddenly opened his eyes, looked towards the door, and shouted sternly: “Who’s outside?”

Chen Ping and Hu Mazi knew that they were discovered, so they stopped hiding and rushed out immediately.

“It’s you two!”

The Black Wind Demon looked at Chen Ping and Hu Mazi with a surprised and angry expression on his face, “How dare you eavesdrop on our conversation!”

“Black Wind Demon, you despicable villain!” Hu Mazi shouted angrily, “I didn’t expect you to be involved in the siege of my Hu family that year. I must avenge my people today!”

Chapter: 8668

“Revenge? Just you two?”

The Black Wind Demon sneered, “Since you heard something you shouldn’t have heard, don’t blame me for being cruel!”

The Black Wind Demon and the old man attacked Chen Ping and Hu Mazi at the same time.

Chen Ping and Hu Mazi were prepared and fought back immediately.

Chen Ping sacrificed the Dragon Slaying Sword and fought with the Black Wind Demon; Hu Mazi took out the talisman paper and fought with the old man.

The battle in the secret room was extremely fierce, and the shock wave generated by the collision of spiritual power shattered the tables, chairs and benches in the secret room.

The Black Wind Demon was extremely powerful, equivalent to a third-grade peak cultivator in the Earthly Immortal Realm. Although Chen Ping was not weak, it was difficult for him to win for a while.

The old man's strength was even more unfathomable. Hu Mazi was no match for him at all, and soon fell into a disadvantage, surrounded by danger.

"Master Hu, be careful!"

Chen Ping saw Hu Mazi in danger, and he was anxious and wanted to help, but he was entangled by the Black Wind Demon and could not get away.

At this critical moment, Hu Mazi suddenly remembered a talisman technique inherited from his ancestors, and quickly took out a few talisman papers and quickly drew a powerful talisman.

"The power of the ancestors, help me defeat the enemy!"

Hu Mazi shouted and threw the talisman towards the old man.

The talisman burst into a dazzling light in the air, forming a huge golden palm, and slapped towards the old man.

The old man did not expect Hu Mazi to be able to draw such a powerful talisman. He was shocked and quickly used his spiritual power to form a black shield to block him.

With a loud “bang”, the golden palm collided with the black shield, making a loud noise that shook the earth.

The black shield was instantly broken, and the old man was hit by the golden palm and flew backwards, spitting blood.

Hu Mazi also consumed a lot of spiritual power, his face was pale, and he staggered back a few steps.

Chen Ping seized the opportunity, swung the Dragon Slashing Sword, and stabbed at the chest of the Black Wind Demon.

The Black Wind Demon was distracted by the old man’s miserable condition and failed to avoid it in time. He was stabbed by the Dragon Slashing Sword, spitting blood and flying backwards.

“Let’s go!”

Chen Ping shouted, pulled Hu Mazi up, and rushed out of the secret room.

The Black Wind Demon and the old man wanted to chase them, but they were too seriously injured to move, and could only watch Chen Ping and Hu Mazi escape.

Chen Ping and Hu Mazi rushed out of the Black Wind Village and fled westward towards Jiupan Mountain.

Chapter: 8669

They knew that the people from the Black Wind Village would catch up soon, and they had to leave here as soon as possible.

After escaping from the Black Wind Village for dozens of miles, the two stopped to rest in a hidden cave.

Hu Mazi’s face was pale. He had just forced the talisman to consume too much spiritual power, and it was difficult for him to even raise his hand at this moment.

“You adjust your breath first, I will be on guard.”

Chen Ping handed a Qi-boosting pill to Hu Mazi, and walked to the entrance of the cave, spreading his spiritual consciousness, alert to the movements around him.

The strength of the Black Wind Demon and the mysterious old man was far beyond expectations, especially the latter, whose aura was almost close to the fifth level of the Earth Transformation Fairyland. If Hu Mazi hadn't used the ancestral talisman to catch them off guard, it would have been difficult for them to escape unscathed.

“Chen Ping, that old man was really fucking powerful just now. If I didn't have the ancestral talisman, and if my own strength was slowly recovering, I would have been killed just now.”

Hu Mazi swallowed the pill and circulated his spiritual power to recover, his voice was a little weak.

“It should be the master of the Black Wind Demon, whose cultivation is unfathomable.”

Chen Ping frowned, “There is such a strong man in a mountain village outside Jiupan Mountain. It seems that the water in Jiupan Mountain is deeper than we thought.”

He remembered the words of the wolf demon. The Black Wind Demon participated in the siege of the Hu family, and the old man, as his master, was probably also involved.

What concerned him more was that the old man mentioned that the Black Demon Palace was also involved, which meant that the extermination of the Hu family was likely caused by the joint efforts of multiple forces.

“When I regain some strength, we will go to the next force to investigate.”

Hu Mazi's eyes flashed with determination, “No matter how many people are involved, I must find out the truth.”

Chen Ping nodded and was about to speak, but suddenly his expression changed: "Someone is coming!"

As soon as the voice fell, a sound of breaking air came from outside the cave entrance, and three black shadows fell at the cave entrance like ghosts, blocking the way.

The leader was wearing a black robe, his face was covered by a hood, revealing only a pair of eyes flashing red, and it was the people of the Black Demon Palace!

"Mr. Chen, Master Hu, how are you?"

The black-robed man laughed hoarsely, his voice as harsh as sandpaper, "Her Highness the Witch invites you to go back with us."

"Youyue finally couldn't help it." Chen Ping clenched the Dragon Slaying Sword, and the spiritual power in his body quietly circulated, "How many people did she send?"

"To deal with the two of you, the three of us are enough."

The two people behind the black-robed man stepped forward, and the aura they exuded was comparable to Youyue's. They were obviously the top masters of the Demon Palace.

Hu Mazi stood up with all his strength and held the clan leader's token in his hand. The white light on the token echoed with the spiritual power in his body, which made him feel a little refreshed: "Want us to go back? Ask the talisman in my hand if it agrees first!"

"You don't know whether you live or die."

Chapter: 8670

The black-robed man on the left snorted coldly, and his figure flashed and approached, his five fingers formed claws, and he grabbed Hu Mazi's throat with a strong demonic aura.

The claw was extremely fast. Before the wind from the claw arrived, the foul evil spirit had already made the air in the cave thick.

Hu Mazi did not dare to neglect it. He injected the remaining spiritual power into the clan leader's token. The token burst out with dazzling white light, forming a light curtain in front of him.

With a crisp sound of "clang", the black-robed man's claw tip landed on the light curtain, which actually caused layers of ripples.

Hu Mazi only felt a huge force coming, and his blood was surging. He couldn't help but step back half a step.

"A grain of rice dares to shine?"

The black-robed man sneered, and the claw force increased by another three points. Spider-web-like cracks suddenly appeared on the light curtain.

At this moment, a golden sword energy came like a fairy from the sky, forcing the black-robed man to withdraw his offensive and dodge sideways.

Chen Ping followed closely behind, and the Dragon Slaying Sword stabbed out continuously, involving the other two in the battle.

"Your opponent is me!"

The leading black-robed man finally made a move, with a black long whip in his hand. The long whip twisted like a living snake, and whipped towards Chen Ping's face with a sound of breaking through the air.

The long whip was covered with tiny barbs, flashing with a faint green light, and was obviously poisoned.

Chen Ping did not dare to take it head-on, and his footwork changed, as if he was strolling in the garden

Chen Ping's figure shuttled through the forest like a ghost, holding the weak sesame seed in his left hand and holding the Dragon Slaying Sword in his right hand. From time to time, he turned around and swung out a golden sword energy to force back the black-robed man who was chasing him.

The leading black-robed man controlled the black long whip, and the long whip seemed to have life in his hand.

Sometimes it turned into a poisonous snake spitting out its tongue, and sometimes it turned into a giant python entangled him. Every attack was accompanied by a piercing chill, forcing Chen Ping to deal with it with distraction.

"Chen Ping, don't worry about me for now, just go!"

Hu Mazi struggled to break free, he knew he was a burden at the moment, if this continued, both of them would be caught up.

"Shut up, concentrate on recovery!"

Chen Ping shouted, changing his footwork, and cleverly avoided the entanglement of the long whip by taking advantage of the dense woods, "Since we came out together, there is no reason to abandon our companions!"

As soon as the voice fell, two black shadows behind him had already caught up, attacking from both sides.

The black-robed man on the left sacrificed a bone blade, which was covered with tiny holes and exuded a foul smell;

The black-robed man on the right made seals with his hands and muttered something, and suddenly countless black vines emerged from the ground, like chains, wrapping around the ankles of the two people.

There was a blockade in front and pursuers behind, the situation was precarious.

Chen Ping's eyes condensed, and the spiritual power in his body burst out without reservation. The Dragon Slaying Sword made a clear sword sound, and the golden sword energy surged like a tide, instantly shaking off the attacks on both sides.

"Take advantage of now!"

He seized this fleeting gap, exerted his strength, and soared into the sky with Hu Mazi, landing on the crown of a towering ancient tree.

The black-robed man followed closely and landed on the surrounding branches, forming a siege.

The leading black-robed man slowly raised his head, and the red light under his hood flickered: "Chen Ping, you can't escape. Follow us back to see the Witch Lady, maybe you can still save your life."

"Youyue sent you here just to kill people and silence them, right?"

Chen Ping sneered, and his eyes swept over the three people, "She is afraid that we will find out the truth about the extermination of the clan that year, so she wants to cut the grass and eradicate it."

The black-robed man heard the words, and his body stagnated slightly, obviously being said to be worried.

The leader's eyes glowed redder: "Since you know everything, I can't let you go!"

He swung his long whip violently, and the black long whip rushed to the treetops like a spirit snake, and the whip tip made a sharp sound of breaking through the air, going straight to Chen Ping's front door.

At the same time, the other two also launched an attack, and the bone blades and vines intertwined into a large death net, covering the treetops.

Chen Ping took a deep breath, and the indestructible golden body was activated, and pieces of golden scales covered his whole body.

He protected Hu Mazi behind him, and the Dragon Slaying Sword in his hand drew a dazzling sword flower, and slashed at the long whip.

“Dang!”

The sound of metal clashing resounded through the forest, and the golden sword energy collided with the black long whip, sparking sparks all over the sky.
