

The Order 901

Chapter: 901

Chen Ping was both excited and nervous at the moment, because this was the first time he met an immortal cultivator other than Lao Longtou, but he didn't know whether the other party was a friend or foe, so why he wanted to investigate him.

He walked quietly into an alley. At this time, there were fewer and fewer people around, and the lights became a little dim. However, there were several hair salons with pink lights on both sides of the alley. Several scantily clad women stood.

"Brother, come in and play for a while..."

At this time, a scantily clad girl standing at the door of the hair salon waved to Chen Ping!

"Brother, come to my place, the girl here is young..."

The woman from the hair salon next to her also shouted at Chen Ping.

Many of the people who came here came to these hair salons, so when these women saw Chen Ping coming in, they greeted him warmly.

Chen Ping looked at the scene in front of him and felt slightly embarrassed. He walked in here not for this reason. He just felt that there were few people here and the lights were dim, so he wanted to see who was probing him.

However, Chen Ping did not dare to turn around rashly. Instead, he walked towards a woman. Seeing Chen Ping walking towards him, the woman immediately greeted him with a smile: "Brother, you are really discerning. I am the most beautiful in this area." Okay, is that person behind you with you? If you two are together, then I will have to pay more..."

The woman's words made Chen Ping turn his head slightly and saw a man in burly clothes following behind him only a few meters away.

After seeing that man, Chen Ping's heart instantly stirred up a storm. He knew that he had met an expert today, because along the way, Chen Ping just felt someone using his spiritual consciousness to probe him, and that spiritual consciousness seemed to be there but not there. , he didn't realize at all that this one was only a few meters away from him!

If that person attacked him from behind, he might not have a chance to dodge, which made Chen Ping very nervous.

"We are not together..."

Chen Ping shook his head at the woman.

He still didn't know what the man's intention was in following him, so Chen Ping didn't directly follow the man to make it clear.

"Aren't we together?" The woman was stunned for a moment, but soon walked towards the man behind Chen Ping with a smile on her face: "Brother, you are here to play too, right? You must be very strong looking at your body. I like it the most How about you give me a discount later?"

It seems that this woman is not planning to let anyone go, and wants to drag Chen Ping and this man into her hair salon.

"You shameless bastard, are you going to take away all the business? Are you going to let others live? Just because you are young, do you want to squeeze us away? You are not afraid of being killed..."

At this time, an older woman came over and walked up to the man cursing.

"Brother, don't look at me because I'm a bit older, but I can do it, but the younger ones can't. And I'm cheap, only fifty yuan..."

The older woman said to the man, and kept leaning towards the man.

But the man was like a piece of wood, unmoved at all. He just stared at Chen Ping with his eyes, without even looking at the two women.

“Brother, I’m just fifty...”

The young woman did not show weakness and moved towards the man.

Chapter: 902

“I don’t like this. Go back right away, turn off the lights and go to sleep...”

The man said expressionlessly.

But who would have expected that after the man finished speaking, the two women were stunned for a moment, and then they felt like they were being manipulated. They looked straight ahead and nodded dully: “Yes...”

The two women left, all returned to their hair salons, and then they turned out the lights.

As the lights went out, the alley became darker.

Chen Ping frowned slightly, and a look of solemnity flashed across his face.

He didn’t see the man cast any spells or recite any spells, but the two women seemed to be possessed, obeying the men’s words. This was a level of strength that Chen Ping thought he couldn’t do.

If the man attacks Chen Ping at this moment, Chen Ping knows that he has no chance of winning, and he may not even have a chance to fight back.

“Why are you following me?”

Chen Ping finally asked.

After Chen Ping asked the question, the man's expressionless face finally showed a sneer: "You can find that I have been following you, which is beyond my expectation. I didn't expect that you have entered the Bigu Realm. Now you are in He is considered invincible in front of those so-called warriors..."

The man did not answer Chen Ping's words, but directly stated Chen Ping's realm.

This time, Chen Ping was even more convinced that the man in front of him was also an immortal cultivator like him, but he felt that the man in front of him was hostile to him.

"Who are you? You can use your spiritual consciousness to detect, and you are at least in the Bigu realm. But you just said a word, and you made two women leave as if they were possessed by evil spirits. This strength must be higher than the Bigu realm. Could it be that you are Alchemy realm? Or Nascent Soul?"

Chen Ping looked at the man solemnly and asked.

"You don't have to guess. Anyway, my strength is beyond your reach. If you just follow me now, I won't hurt you..."

The man looked at Chen Ping with disdain and said.

"Where to go?" Chen Ping asked.

"You don't need to know this. You'll understand it when you get there!"

The man didn't want to tell Chen Ping.

"I won't leave with a stranger unless you tell me!"

Chen Ping will not follow the man in front of him. Even if he is defeated, Chen Ping will not sit back and wait for death. This is not his character.

“Do you think you still have a choice?”

After the man finished speaking, the aura from his body suddenly spread, directly covering Chen Ping.

Chapter: 903

Feeling the sudden aura, Chen Ping trembled all over, and huge spiritual power swarmed out of his body to resist the aura.

It's a pity that Chen Ping's resistance was like a trickle encountering a savage beast. He was vulnerable to a single blow and was defeated in an instant. Chen Ping's body could not bear the pressure. He knelt down on one knee with a pop and a mouthful of blood. Gushing out!

“Hahaha, the dignified Young Master Long is nothing more than that, and he is also a prodigal son who likes women...”

The man looked at Chen Ping and laughed.

Amidst the man's laughter, strong winds like sharp blades blew through Chen Ping's body, causing wounds to appear on Chen Ping's body and blood flowing freely. However, these wounds all avoided the vital points and did not fatal!

It was obvious that the man did not want to kill Chen Ping, otherwise Chen Ping would have died long ago.

“Master Long? Do you know my life experience?” Chen Ping frowned. He didn't care about his injuries, but was interested in the man's words about Master Long!

This person may know his life experience. Chen Ping has always wanted to know who he is and who his biological mother is. Ever since he found out that he was picked up and cured, Chen Ping has never given up on this idea.

“If you want to know your life experience, then follow me obediently, so as not to suffer any more physical pain...”

The man put down his momentum, and Chen Ping suddenly felt the pressure on his body relax, and another mouthful of blood spurted out from his mouth.

Seeing Chen Ping still spurting blood, the man shook his head: "Your body is too weak. I thought you could reach the Bigu stage and resist my momentum. It turns out you are a weakling. There is no such thing." Tempering body, fortunately I only used one-third of my strength, otherwise how could I receive the reward if you were dead..."

The man's eyes were full of disdain. Chen Ping's strength was worthless in his eyes.

Chen Ping, on the other hand, was directly told by the man that he was stupid. He had no idea what Body Tempering was. Although he had been practicing continuously and looking for resources everywhere for his cultivation, no one had ever told him what Body Tempering was. Even Lao Longtou didn't teach him!

"You just said you would use me to receive the reward. Did the Qin family invite you here?"

Chen Ping looked at the man in front of him. If the Qin family could hire such a master, then Chen Ping really couldn't underestimate the Qin family. If he fell into the hands of the Qin family, he might not get any good results at all.

"Qin family? Which Qin family?"

The man was also stunned, obviously not knowing what the Qin family Chen Ping was talking about.

"It's the Qin family in Kyoto. The owner of the family seems to be named Qin Xiaolin. Aren't you invited by them?"

After all, Chen Ping didn't have any enemies in Kyoto, he only had enemies with the Qin family.

"Tch!" The man curled his lips disdainfully: "The Qin family is nothing. When they see me, they all kneel down and kowtow to greet me. Can you please touch me?"

“Then why did you arrest me? Who asked you to come?”

Chen Ping wanted to know who wanted to arrest him.

“Don’t fuck your mother-in-law. You’ll know when you get there. If you don’t want to suffer, just come with me quickly...”

The man had lost his patience and didn’t want to continue chatting with Chen Ping.

Chapter: 904

“I won’t go with you!” Chen Ping shook his head.

Because he knew that the man would not kill him, Chen Ping knew that he had to fight hard and could not follow the man.

Seeing Chen Ping’s refusal, the man’s face became a little angry, and he stretched out his hand to grab Chen Ping: “Boy, it’s up to you whether you want to follow me or not...”

The man’s speed was so fast that Chen Ping had no time to react.

But at this moment, a figure suddenly stood in front of Chen Ping, and his speed was so fast that Chen Ping didn’t know when the person in front of him appeared. It seemed as if he had always been in front of him.

Bang!

After a dull loud noise, the man who was grabbing Chen Ping took three steps back, one hand trembling slightly.

At this time, Chen Ping saw clearly that the person standing in front of him and saving him was a middle-aged man with a medium build. Compared with the burly man in front of him, he looked a little thin, but he was such a person. With one move, he knocked back the burly man in front of him.

“Man Niu, with your virtues, do you dare to get involved in the Long family’s affairs?”

The middle-aged man standing in front of Chen Ping asked the burly man with disdain in his tone.

This barbarian bull was ridiculed so disdainfully by the person in front of him. He didn’t even show any anger at all. Instead, he grinned, showing his big white teeth and said: “Long Wu, I’m just joking. Don’t be angry. It’s about your Long family. If I dare to interfere, I will leave immediately...”

Chen Ping looked at the strength of this barbarian and looked disdainful of himself just now. However, after facing this middle-aged man named Long Wu, Chen Ping completely changed his attitude and became like his grandson.

But just when Man Niu turned around and was about to leave, Chen Ping didn’t notice how Long Wu moved in front of him, and actually blocked the way of Man Niu.

Man Niu was stunned: “Long Wu, I told you, it’s just a joke, can’t I just leave now?”

“Do you think you can still leave?”

Long Wu’s eyes had murderous intent.

When Man Niu saw this, the smile on his face disappeared, and he stared at Long Wu in front of him. Suddenly, Man Niu took action, and the aura erupting from his body was like a knife, attacking Long Wu with extremely sharp edges. At the same time, these The momentum is also heading towards Chen Ping!

Facing the knife-like aura, Chen Ping had no way to dodge, because he found that no matter where he dodged, he could not avoid this terrifying aura.

“Stand, don’t move...”

Suddenly, Long Wu’s voice sounded in Chen Ping’s ears.

Immediately afterwards, Chen Ping heard a clanking sound, and those knife-like momentums suddenly hit Chen Ping's body, like hitting steel, and they were bounced away. However, Chen Ping found that there was no one around him. There is no spiritual power fluctuation, which means there is no protective shield formed by spiritual power at all. But how was this terrifying momentum blocked?

Chen Ping was very puzzled, but he also knew at this time that with his little strength, if he really stepped into the world of immortal cultivation, he might not be as good as an ant. In the past, he only blamed himself for being a frog in the well. He had always wanted to meet an immortal cultivator. , now that I saw it, it gave Chen Ping such a big blow.

At this time, after the wild bull exploded with momentum, he didn't want to fight at all. Instead, he jumped up, tens of meters high, and wanted to escape between the buildings!

How could Long Wu let him escape? He jumped up and punched Man Niu directly on the shoulder. Man Niu's huge body fell rapidly from a high altitude and hit the ground hard, smashing the ground. Make a deep pit!

Chapter: 905

At such a high distance, if it were an ordinary person, he would probably be smashed into a pulp. Even if a master fell hard from such a high distance, his whole body would be broken. But after this bull fell to the ground, , stood up after a roll, and was not injured.

"Long Wu, do you have to kill me? I can pretend that I haven't seen anything and leave Kyoto forever..."

Man Niu looked at Long Wu with some horror and said.

"Are you sure I will believe it?" Long Wu smiled coldly, and then rushed towards the bull.

The Man Niu was startled, and stretched out his hand to block, but before he could, he heard a dull loud noise, and the Man Niu's huge body fell straight down.

Chen Ping looked closely and found a bloody hole the size of a thumb on the bull's face, and blood was still flowing out.

Looking at the dead Man Niu, Chen Ping suddenly felt sad for some reason. It was probably not easy to cultivate to Man Niu's strength, but he didn't expect to die so easily.

After killing the bull, Long Wu looked at Chen Ping slowly like he was killing a chicken and said, "Are you okay?"

Chen Ping shook his head: "It's okay, I can't die yet. Who are you? Why do you want to save me? Who am I?"

Chen Ping knew that the Long Wu in front of him must know his life experience, otherwise he would not save him. Thinking back to what the young man said he was, Young Master Long, and the middle-aged man in front of him was also named Long Wu. This was definitely not the case. coincide.

"Some things, the later you know, the better it is for you..."

Long Wu did not answer Chen Ping, but took out a pill from his body: "Take the pill back and take it. Don't come out casually in the future. Once the matter is done, leave Kyoto immediately..."

Chen Ping took the elixir, but unwillingly continued to ask Long Wu: "I beg you, tell me, who am I? Am I from the Long family? Do you know who my mother is??"

When Chen Ping talked about his mother, Long Wu's face was obviously slightly moved, but he quickly recovered and looked at Chen Ping coldly: "Stop asking, wait until after July 15th, You'll understand everything."

Chen Ping was stunned. He didn't expect that Long Wu also knew about the agreement between him and Lao Longtou, and then said with excitement: "You know Lao Longtou, right? Otherwise, how would you know about the agreement between me and him?"

Chen Ping grabbed Long Wu's shoulders excitedly. At this moment, Chen Ping suddenly felt that he met Lao Longtou in the prison. The old Longtou taught him the way to cultivate immortality, not accidentally, but Lao Longtou did it deliberately.

Before Long Wu could answer him, he saw four people wearing exactly the same clothes and wearing similar helmets on their heads walking over. Only one pair of eyes of the four people was exposed.

Looking at the four people who suddenly appeared, Chen Ping was stunned, because he felt that the auras of these four people were obviously much stronger than his, and they seemed to be one level higher than the bull.

It seems that Kyoto is really a place of crouching tigers, hidden dragons. In just one night, Chen Ping saw so many masters, and they were all capable of killing him instantly.

When Long Wu saw the four people coming, he showed no expression at all. He just looked at the four people quietly.

Four people walked up to Chen Ping and Long Wu. One of them just glanced at the dead Man Niu, and then said to Long Wu: "Long Wu, you know the rules of Kyoto. Cultivation of immortals is not allowed in this downtown area." What should I do if I get into a fight and injure innocent people?"

"Captain Xing, it was Man Niu who struck first. Have you seen these wounds? They are all the work of Man Niu..."

Long Wu pointed at the wounds on Chen Ping's body and said.

"You don't need to explain, I already know it, but let me remind you, I can't control how your Long family fights, but if innocent people are hurt, then don't blame me for being rude..."

Chapter: 906

Captain Xing said coldly.

"Understood!" Long Wu nodded, obviously still a little afraid of the person in front of him!

Seeing Long Wu's agreement, Captain Xing waved his hand towards the Man Niu corpse on the ground. I don't know what kind of magic was used. He saw that the Man Niu's body disappeared at a speed visible to the naked eye, and the hole that was smashed on the ground, He also recovered directly.

At this moment, Chen Ping was stunned. He really couldn't see how capable the man in front of him was.

However, Chen Ping has already guessed the identities of the people in front of him. They should be the people Chang Yuanjun and Zhao Wuji mentioned, the people who are not restricted by anyone and are in charge of the security of Kyoto.

The four people came and left quickly. From the beginning to the end, none of them looked at Chen Ping because Chen Ping was like an ant in their eyes.

The four of them walked back. Long Wu glanced at Chen Ping and thought about walking to the exit of the alley. However, Long Wu hadn't said what Chen Ping wanted to know. He couldn't just let Long Wu leave like this, otherwise he would I don't know when my life experience will be known.

Chen Ping caught up with Long Wu and blocked Long Wu's way: "Tell me, who am I? Who are you? Do you know Lao Longtou?"

Chen Ping asked anxiously.

"I said, after July 15th, you will understand. If you ask me now, I won't tell you. Hurry up and go back with the elixir I gave you. Your body is really... It's too weak..."

Long Wu looked at Chen Ping and shook his head slightly.

After ducking around Chen Ping, Long Wu continued to walk out of the alley, but this time Chen Ping didn't stop Long Wu, because he knew that Long Wu didn't want to say it, and it was useless for him to stop him, and Long Wu didn't stop him. Even if Wu wants to leave, he can't stop him!

"The qi sinks in the Dantian and the yin and yang change, the bones and flesh are separated and the blood dries up, the internal organs are all broken, and the body is reborn and the body is tempered..."

Long Wu was mumbling something as he walked, but Chen Ping could hear it clearly!

Listening to Long Wu's words, Chen Ping frowned slightly at first, not understanding what Long Wu was talking about. But after a while, Chen Ping took out the pill Long Wu gave him, and his eyes suddenly lit up.

"Body Tempering Pill, is this Body Tempering Pill?"

Chen Ping's face showed surprise. It seemed that what Long Wu just muttered was actually a body tempering formula, which was used to temper the body.

After thinking about this, Chen Ping wanted to thank Long Wu, but when he looked up, there was no trace of Long Wu anywhere.

Chen Ping excitedly returned to the hotel with the Body Tempering Pill and locked the door. Chen Ping sat cross-legged on the bed and took the Body Tempering Pill given by Long Wu. Chen Ping swallowed it in one gulp.

After the Body Tempering Pill entered his body, Chen Ping felt as if his internal organs were being burned. His whole body was very uncomfortable. The hot feeling made Chen Ping's forehead covered with sweat.

Chen Ping gritted his teeth and mobilized his spiritual power to resist the hot feeling, but it was of no use at all. But when he thought of Long Wu's words, Chen Ping hurriedly put away his spiritual power, because to temper his body, he needed to let his body Bear this pain in order to achieve a reborn body.

Putting away his spiritual power, Chen Ping silently recited the Heart Condensation Technique, guiding the hot feeling in his body to continuously circulate in his body. Chen Ping closed his eyes tightly. At this moment, his whole body had turned red, just like steel burned red by fire. generally.

Chen Ping gritted his teeth and persisted, without making a sound no matter how severe the pain was. And the sound of bone cracking came, and the heartbreaking pain shot through Chen Ping's whole body.

The bones in Chen Ping's body seemed to be unable to withstand this force and began to crack. However, the cracked bones also condensed quickly, as if they were joined together again.

Chapter: 907

The blood in Chen Ping's body also began to evaporate slowly under the heat. Through the red skin, you can see that the blood in Chen Ping's blood vessels is flowing, but the flow is getting slower and slower, and less and less.

Chen Ping did not use any spiritual power to resist except using the Heart Condensation Technique to guide him. The severe pain almost made Chen Ping faint several times, but Chen Ping gritted his teeth and endured.

I don't know how long it took, and Chen Ping didn't know that his bones had broken and grown, grown and broken several times. It wasn't until his body no longer felt that hot feeling that Chen Ping opened his eyes!

It was still dark outside the window at this moment, and the stars in the sky were twinkling, as if witnessing Chen Ping's growth!

Chen Ping looked at his body and found that the clothes on his body were gone. He was completely naked and did not emit any spiritual power. However, Chen Ping's body carried a coercive force, which was emitted by his pure body. momentum.

Chen Ping clenched his fists, looked down at himself, and found that the injuries on his body were long gone, not even a trace of scar was left. His whole body had turned bronze, and Chen Ping could even clearly feel the steel-like Bones, now even if Chen Ping doesn't use any spiritual power and just relies on his body, it will be difficult for ordinary people to hurt him.

"It feels like it's been a long time, but I didn't expect it to be useless all night..."

Chen Ping got up, walked into the bathroom, washed his body, and prepared to sleep.

Chen Ping had just finished rinsing his body and was about to go to bed when Zhao Wuji called!

"Mr. Chen, we found the people from the Miao Village, in a yard in the western suburbs..."

Zhao Wuji said to Chen Ping anxiously.

“Okay, I’ll be there soon...”

Chen Ping hung up the phone, changed his clothes, then took a taxi and headed towards the western suburbs.

At the same time, in a courtyard in the western suburbs, Zhao Wuji was leading people to surround the courtyard. Following Zhao Wuji in the confrontation were the five chief barbers of the Miao village. The status of these barbers in the Miao village was equivalent to that of a The gang’s guardians are average!

“Pavilion Master Zhao, we don’t want to conflict with you. Now get out of the way and we will return to the Miao Village immediately...”

Dali Tou looked at Zhao Wuji and said with a bit of solemnity on his face.

“I have spent so much effort to find you. Do you think I will let you go back easily? Your Miao village is so brave and dares to attack the son of leader Chang. I think you are impatient... ..”

Zhao Wuji shouted angrily.

“Pavilion Master Zhao, I have just learned about the attack on Leader Chang’s son. I will definitely investigate strictly. If someone from the Miao Village is found to have done something to Leader Chang’s son, I will definitely give an explanation to Pavilion Master Zhao and Leader Chang. I hope Pavilion Master Zhao believes in me...”

Dali Tou said pretentiously, pushing the matter away and saying that he didn’t know anything about it.

Looking at Dali Tou’s shameless look, Zhao Wuji sneered: “You are talking nonsense here, do you think I will believe it? Now that I have found you today, don’t even think about leaving.”

Zhao Wuji would not believe what Dali Tou said. After all, not everyone in Miao Village could cultivate a fist-sized puppet insect.

Seeing Zhao Wuji insisting on biting it, Dali Tou's expression became ugly.

"Pavilion Master Zhao, Young Master Chang has recovered now and is no longer in serious trouble. Moreover, we have no intention of murdering Young Master Chang. Why are you pressing forward every step of the way? If you really piss us off, just you guys can't do anything." Can't stop us..."

Chapter: 908

Dali Tou threatened Zhao Wuji.

Zhao Wuji saw that the big barber was losing his patience, and he kept beating the drum in his heart. Although Zhao Wuji and his gang had a large number of people, they might not be able to stop the five big barbers if they really took action.

Now he can only hope that Chen Ping will arrive soon, otherwise Zhao Wuji will be too embarrassed if he is really run away by these people from Miao Village.

Seeing that Zhao Wuji did not speak, Dali raised his mouth slightly. He knew that Zhao Wuji was afraid. After all, Zhao Wuji's strength could not compete with the five of them. As for the other people in the Dharma Protector Pavilion, they were just small fish and shrimps. Dali Tou didn't take it seriously at all.

"Pavilion Master Zhao, this matter is a misunderstanding. We will personally apologize to Leader Chang. Now we have other things to do. I hope you can forgive me..."

Dali Tou said, winking at the others, and the five people began to walk slowly outside the courtyard.

Zhao Wuji stretched out his hand and directly stopped the first few people in Dali: "You can leave, unless you step over my body..."

Zhao Wuji had made up his mind. Even if he died here, he could not let these people from Miao Village leave, otherwise he would not be able to follow Chang Yuanjun to explain.

Seeing how stubborn Zhao Wuji was, Dali Tou immediately became furious and said, "Zhao Wuji, don't think that since you are the master of the Dharma Protector Pavilion, I won't dare to attack you. Do you believe that I can slap you to death with just one slap?"

"Stop talking nonsense and let's do it..."

Zhao Wuji opened his battle array, and other members of the Guardian Pavilion also showed their weapons!

Seeing this, Dali Tou knew that he couldn't leave without taking action, so he said: "Brothers, restrain these people first. We are looking for Chen Ping. Remember, don't hurt their lives..."

Dali Tou knew that if the lives of people like Zhao Wuji were hurt in Kyoto, things would be difficult to handle, and he might draw out those perverts in Kyoto.

Whether they are monks or sorcerers, the reason why they dare not act recklessly in Kyoto is because they know that there is a secret team in Kyoto, secretly guarding the safety of Kyoto.

"You want to take revenge on Mr. Chen?" Zhao Wuji frowned. He did not expect that the people in the Miao Village would actually want to take revenge on Chen Ping. After all, it was Chen Ping who killed the puppet insect.

"Retaliation? We are too lazy to retaliate. Besides, Qian Feng deserves to die. It's just that we are entrusted by others. We should finish what we promised..."

Dali Tou thought that Zhao Wuji was talking about Chen Ping killing Qian Feng, the adopted son of King Miao.

Both men misinterpreted the other's meaning.

However, Zhao Wuji didn't care about the reason, but frowned every day and said: "Entrusted by others? Could it be that someone from the Qin family came to find you?"

In Kyoto, the only ones who have a grudge against Chen Ping are the Qin family.

“Don’t worry about it. Chen Ping is not from your Dharma Protector Pavilion, and he is also a warlock, not an ordinary person. Even if we kill him, it will not be considered a violation of the rules...”

Dali Tou didn’t say anything, but Zhao Wuji knew that it must be the Qin family!

And these people in Miao Village were indeed entrusted by Qin Xiaotian. Qin Xiaotian gave them benefits that they could not refuse. Only then did these people in Miao Village agree to Qin Xiaotian and help get rid of Chen Ping!

“Since you want to deal with Mr. Chen, you can’t leave, because Mr. Chen will be here soon...”

Chapter: 909

Zhao Wuji said to Dali Tou.

It was not that Zhao Wuji deliberately betrayed Chen Ping, but that Zhao Wuji knew that these few people in Miao Village could not be Chen Ping’s opponent.

Sure enough, as soon as Zhao Wuji finished speaking, the Dali Head was slightly startled: “Then Chen Ping is really here?”

“Of course, I called Mr. Chen!”

Zhao Wuji nodded.

Dali Tou looked at Zhao Wuji and suddenly sneered: “In that case, let’s wait for him. Do you want Chen Ping to come and stop us? When Chen Ping arrives later, I will let you know what you think. How childish and ridiculous, even though Chen Ping is very powerful, he has no power to fight back when he encounters five of our brothers.”

Dali Tou was not afraid of Chen Ping at all. Although Chen Ping had the ability to kill Qian Feng, force out his puppet insects, and kill his puppet insects, in Dali Tou’s eyes, these were nothing.

Although their individual strength may not be very high, the most terrifying thing about them is their alliance. After more than ten years of hard work, these five people have already cooperated with each other tacitly, as if they were one person.

Seeing Dali Tou's confident look, Zhao Wuji suddenly felt unsure. He didn't know whether he was right or wrong in calling Chen Ping over. If Chen Ping was really not the opponent of these five people, then how could he? Doesn't that mean he became an accomplice?

Just when Zhao Wuji was at a loss and wondering whether he should call Chen Ping, Chen Ping had already arrived.

"Pavilion Master Zhao..."

Chen Ping walked into the courtyard and shouted to Zhao Wuji.

When Zhao Wuji saw Chen Ping arriving, he hurriedly greeted him: "Mr. Chen, you have to be careful. These five guys in Miao Village are very difficult to deal with. As soon as you see something wrong, run away and leave us alone. They don't care about us." If you dare to kill us, they will kill you. I guess the Qin family has given them a lot of benefits..."

Zhao Wuji reminded Chen Ping, hoping that Chen Ping would run away if he couldn't beat him, so that he wouldn't die in vain!

Chen Ping glanced at the five people in the Miao village, smiled slightly at Zhao Wuji and said: "It's okay, I will pay attention to it, but I want to say it first. If they kill me, then if I kill them, I won't Will it bring trouble to Pavilion Master Zhao?"

"No, I will send someone to record it. If they really want to kill Mr. Chen, Mr. Chen will kill them in self-defense. If the people in the Miao village don't agree, I will show it to them. But when you are fighting, I'm afraid I can't be of much help..."

Zhao Wuji knew that if it was really a life and death fight, he would not be suitable to intervene in this capacity, and even if he intervened with his strength, it would probably be useless.

"I can do it myself!" Chen Ping was full of confidence. After the body tempering, Chen Ping had not fought yet. He was now eager to know what level his body had reached.

"Pavilion Master Zhao, you are very fast in finding people. How come you found these people in just half a day..."

Chen Ping looked at Zhao Wuji with admiration and said.

"Half a day?" Zhao Wuji was stunned for a moment: "Mr. Chen, this is already the third day. I used all my manpower to find these guys. If I can't find them tonight, you will leave tomorrow. , then I don't know what to do!"

"Well....."

Chen Ping was speechless for a while. He had no concept of time when he was quenching his body. When he opened his eyes, he saw that it was still night. He thought that only a few hours had passed, but he didn't expect that it had already been three days. He had been quenching his body for three full days...

"Mr. Chen, are you okay?" Looking at Chen Ping like that, Zhao Wuji asked with some worry.

Chapter: 910

"Oh, it's okay, I was confused..." Chen Ping smiled lightly, and then walked towards the five heads of Miao Village.

Dali Tou looked at Chen Ping, who was walking over, with a bit of surprise in his eyes, because he didn't expect that Chen Ping was so young and looked like he was only in his twenties, yet he had such strength.

"Are you Chen Ping?"

Dali asked Chen Ping.

“Yes, I am the one who killed your puppet...”

Chen Ping nodded unabashedly.

Dali Tou felt a chill in his eyes. He knew that Chen Ping said this just to deliberately anger him. After all, he had been cultivating that puppet insect for more than ten years.

“Boy, I admit that you are very strong. It is really rare to be able to achieve this kind of strength at such a young age. It’s a pity that you are too crazy. If I let you practice for ten years, maybe I will not be your opponent...”

Dali Tou said solemnly.

“You don’t have to practice for ten years, and you are no match for me now. If you just surrender, you might still be able to survive...”

Chen Ping said calmly.

“Hahaha, you are so arrogant. If this is the case, then I will kill you first and then...”

As Dali Tou said, he suddenly punched Chen Ping. His fist was wrapped in black air. Under the strong wind, the black air could condense and not disperse!

Chen Ping looked at Dali Tou who was attacking him. He was motionless and didn’t even make a move to resist. He was planning to resist Dali Tou’s punch forcefully.

Seeing that Chen Ping was motionless, Zhao Wuji panicked, and hurriedly reminded loudly: “Mr. Chen, don’t be careless, their fists are filled with poisonous gas...”

The black energy wrapped around Dali Tou's fists was all highly poisonous. Even if Chen Ping could not be killed with one punch, the poisonous energy on the fists would instantly fester the skin and cause the person to lose his fighting ability if the poisonous energy in his fists touched his skin.

However, Chen Ping seemed to have not heard Zhao Wuji's reminder and still stood motionless, which made Dali Tou feel at a loss.

He didn't know what Chen Ping was up to. Was there some kind of trap?

Dali Tou slowed down and observed Chen Ping carefully. He was afraid that he would fall into Chen Ping's trap!

"Are you scared if I stand still?"

Chen Ping raised the corner of his mouth and mocked Dali.

"court death....."

Dali Tou was enraged, and his slowed down movements sped up again, and his strength reached its peak. He wanted to kill Chen Ping with one punch!

The reason why Chen Ping angered this Dali Tou was to make him use his full strength to see what kind of attack his body could withstand.
