

## The Order 931

Chapter: 931

Four unkempt and ragged guys followed Qin Xiaotian out, which made many Qin family servants very curious, and many people watched secretly.

Except for some senior officials of the Qin family and the head of the family, no one else knows about these four diamonds. Even Qin Gang, the young master of the Qin family, does not know the existence of the four diamonds. However, Qin Feng does know that in order to deal with it, Chen Ping, he also wanted to release the Four Diamonds privately, but was stopped by Qin Xiaotian.

But now, Qin Xiaotian didn't expect that he would be forced to use the Four Diamonds.

.....

In Kyoto, on the winding road out of the city, the taxi driver chatted with Chen Ping enthusiastically. Today was a big deal. The fare from Kyoto to Hongcheng was more than three thousand, which made the taxi driver very happy.

“Young man, what's your business? Not many people take taxis from Kyoto to Hongcheng..”

After all, most people would be reluctant to part with a fare of several thousand yuan.

“Start your own little business..”

Chen Ping smiled slightly and said casually to the taxi driver.

“There are not many young guys like you these days who can start their own business and make a name for themselves. The boy in my family is about the same age as you. Now he spends all day playing games on his mobile phone at home without even looking for a job. This is Raising a son is really a waste of time..”

The taxi driver followed Chen Ping and complained about his son.

Listening to the driver's complaint, Chen Ping could only smile lightly and didn't know what to say. After all, every family has its own problems. Although Chen Ping now has parents who love him, he really wants to know his biological parents. Who is it?

Just when the driver was chattering and Chen Ping was silent, two Land Rovers suddenly passed by the taxi very fast. The speed was so fast that the taxi driver was so frightened that he hurriedly turned aside and almost hit him. Go to the mountains.

"How do you drive? Are you blind? You drive so fast on such a steep mountain road, are you crying in mourning?"

The taxi driver rolled down the window and yelled: "You don't know your last name when you drive a luxury car. People like you will fall to death sooner or later..."

The taxi driver cursed and drove forward, but the two Land Rovers that had just rushed past suddenly stopped, and they stopped side by side, blocking the entire road.

Seeing the two cars stopped, the driver's face changed instantly, with fear in his eyes, and he stepped on the brakes.

Seeing several strong men coming out of the car, four of them were disheveled and ragged. They were very scary. The driver's whole body started to tremble. He didn't expect that he just cursed a few words and the other party actually stopped.

People who can drive a Land Rover are not ordinary people. The taxi driver knew that he couldn't afford to offend him. He hurriedly rummaged through the car and found a pack of cigarettes. Then he took out all the money he earned today and prepared to get out of the car to apologize and talk to him. Please talk about it.

"Hey, after today's beating, I'm afraid I won't be able to escape..."

The taxi driver sighed and opened the door!

Seeing the driver like that, Chen Ping couldn't help but feel funny. The driver was very arrogant when he was swearing just now, and he didn't look scared at all. Now he is so scared.

"Master, you don't have to be afraid. These people are looking for me. I can just get off the car from here. You can go back..."

Chen Ping knew from the moment he saw Qin Xiaotian getting out of the car in front of him that he was causing trouble for him.

Chapter: 932

"Looking for you?" The driver looked at Chen Ping and said, "Are you having any trouble? Young man, I can tell you that a good man will not suffer the consequences of his immediate loss. If not, I will call the police for you..."

With that said, the driver took out his mobile phone and prepared to call the police.

"No, I can handle it myself..." Chen Ping stopped the taxi driver and calling the police was of no use to them.

Chen Ping took out a wad of money from his pocket, totaling 10,000 yuan, and threw it on the taxi console: "Master, take the money and leave..."

When the taxi driver saw that Chen Ping had given so much money, he waved his hands hurriedly: "No, no, it's too much. How far have we traveled? We haven't arrived yet. How can we give so much!"

"Take it and leave quickly..."

Chen Ping opened the car door and got out.

The taxi driver hesitated for a moment, but turned around and left. He knew that these people were people he could not afford to offend.

Seeing Chen Ping get out of the taxi, Qin Xiaotian's eyes were full of murderous intent and he stared at Chen Ping: "Chen Ping, you killed my son and you just wanted to escape? Let me tell you, even if you escape Even to the ends of the earth, I can catch you..."

Qin Xiaotian gritted his teeth, his whole body filled with murderous aura.

Upon hearing this, Chen Ping knew that Qin Xiaotian had misunderstood that Qin Gang was killed by himself, but Chen Ping did not explain that Qin Gang was killed by Wu Meier. Chen Ping would not let Qin Xiaotian know, otherwise Wu Meier would be in danger.

"Your son provoked me, so he deserves to die..."

Chen Ping admitted it directly.

Seeing Chen Ping's admission, Qin Xiaotian gritted his teeth and said: "Okay, okay, okay... Just admit it if you dare. You killed my nephew, and now you killed my son. Even if the king of heaven comes today, I can't save you. I must kill you..."

After Qin Xiaotian finished speaking, he turned to the Four King Kongs and said, "You four, kill him for me..."

Qin Xiaotian's words were now an edict for the Four King Kongs. The four of them nodded and all took a step forward to face Chen Ping.

Chen Ping looked at the four beggars in front of him and raised the corner of his mouth slightly: "Is there no one in your Qin family? You actually found a few beggars to deal with me..."

"Chen Ping, don't be so proud, you won't be able to laugh anymore after a while!"

After Qin Xiaotian finished speaking, the eldest of the Four Vajra roared, and then his aura suddenly soared.

Feeling the aura of King Kong, the smile on Chen Ping's face disappeared. He could feel that the guy in front of him who looked like a beggar was so terrifyingly powerful.

As the momentum of King Kong's body increased, King Kong's body began to emit a faint red light, and the whole body seemed to be illuminated by something.

The red light became fainter and fainter, and then disappeared, and the skin of King Kong suddenly turned red, and the muscles bulged high. When he stepped out, the whole mountain was almost shaking, and the hard ground was deeply marked with a footprint.

"Chen Ping, these four diamonds have bronze heads and iron arms, and their muscles are harder than steel. These four people have been fed with elixirs by our Qin family for so many years, and they are now immortal. In front of them, you only have to die..."

Qin Xiaotian looked at Chen Ping with a high-spirited attitude and said.

Chapter: 933

Chen Ping didn't say anything, but he had long seen that these four people were practicing horizontal kung fu. Thinking that his body had also been tempered, he could just use these guys to train with him.

"Stop talking nonsense, let your four dogs come up and kill you, I still have to hurry..."

Chen Ping said with disdain.

"Arrogant, kill him..." Qin Xiaotian said coldly.

King Kong roared angrily, jumped up, and was in front of Chen Ping in the blink of an eye.

Chen Ping did not mobilize the spiritual power in his Dantian, but relied on his powerful body to rush directly towards King Kong. The two of them were like two fast-moving cars, about to hit each other hard. Together.

Qin Xiaotian was a little confused when he saw that Chen Ping didn't dodge and followed the King Kong directly. He didn't understand what Chen Ping was going to do.

He clearly knew that Donkey Kong had practiced hard qigong and his body was as strong as copper and iron, so why did Chen Ping dare to bump into him?

Bang.....

After a dull sound, Chen Ping's body flew out like a kite with its string broken, and then hit the mountain directly, causing rocks to fly horizontally, and stones continued to fall, burying Chen Ping.

But the King Kong only shook its body a few times, nothing happened!

Looking at Chen Ping who was buried under rocks, Qin Xiaotian was stunned: "Is this... so unbeatable? Isn't it a little too fast?"

Chen Ping was able to kill Qin Feng and also kill his capable subordinate Wild Wolf. He was definitely not an ordinary person. How could he die so easily?

Could it be that he knew he couldn't escape and didn't want to be caught and tortured, so he chose to die like this?

right! Definitely is!

After Qin Xiaotian figured it out, he raised his head and looked in the direction of his home: "My son, I have avenged you. I will take Chen Ping's head back to you now and put it in front of you!"

Qin Xiaotian burst into tears. Although Qin Gang was ignorant and incompetent, Qin Xiaotian was also furious, but after all, that was his biological son. Now that he was dead, how could he not be sad.

"Go dig out Chen Ping and twist his head off..."

Qin Xiaotian ordered to the King Kong.

King Kong walked towards the collapsed rocks, preparing to dig Chen Ping out of the rubble.

But just when he reached the rubble pile, King Kong was stunned. He only saw the rubble pile starting to move, and then Chen Ping rushed up from the rubble, holding a piece of foot in Chen Ping's hand. There are hundreds of kilograms of large rocks.

"I'll fucking crush you to death..."

Chen Ping was in mid-air, and after an angry roar, a boulder of hundreds of kilograms fell from the sky, and hit the head of the King Kong himself.

This sudden change shocked everyone, and they all looked at Chen Ping in disbelief.

Chapter: 934

Rumble.....

There was a loud noise that shook the sky, and a boulder of hundreds of kilograms hit the head of King Kong. The boulder became shattered, but the King Kong still stood, only shaking the gravel on his body, and was not injured at all.

"Hahaha, you are so naive. Do you want to hurt my Four Diamonds with just a piece of broken stone?" Qin Xiaotian laughed: "You have a hard life. It's a good chance that you didn't die. I will make you suffer all kinds of torture before you die..." ..."

"If one stone doesn't work, then replace it with another one..."

Chen Ping casually grabbed a boulder, but this one was much smaller.

Using the Heart Condensation Technique, Chen Ping injected spiritual power into the stone, making the stone as hard as steel.

“I kill you.....”

The King Kong roared angrily and rammed directly towards Chen Ping, like a mad bull.

The King Kong had no weapons. He was using his body as a weapon. He didn't have any moves. He just used the overwhelming power and the body of the Hundred Refined King Kong to crash towards Chen Ping.

Looking at the charging King Kong, Chen Ping quickly threw the stone in his hand and hit the King Kong hard on the chest.

“boom.....”

There was another loud noise, and the stone turned into powder again, but this time, the body of the Vajra paused, and the forward body stopped abruptly.

Looking at the chest of the King Kong, there is already a dent, and the ribs are obviously broken, but the King Kong can't feel pain at this time.

Seeing that Chen Ping actually injured Donkey Kong, Qin Xiaotian's expression became extremely surprised. Although it was not fatal, it could break Donkey Kong's body, but Chen Ping's strength was indeed impressive.

“You four come together...”

When Qin Xiaotian saw this, he hurriedly ordered loudly.

The four people were approaching Chen Ping, surrounding him in the middle, and they all glared at Chen Ping.

Facing four people, Chen Ping felt the pressure. Not only were these four people powerful, but they were also like puppets and had no idea of fear or pain. This gave Chen Ping a headache.

In addition to killing the Four King Kongs, otherwise without Qin Xiaotian's order, these four guys would not stop fighting. You must know that the Four King Kongs have great master strength, and they have developed a body of copper and iron bones, which makes them even more difficult to deal with.

After the four King Kongs surrounded Chen Ping, they punched Chen Ping at the same time. Their huge fists were like cannonballs, carrying endless power.

Chen Ping dodged desperately and continued to fight back. Even though Chen Ping had used the Heart Condensation Technique to the extreme and the spiritual power in his body was swarming out, it was still very difficult for him to fight one against four.

Bang!

Suddenly, Chen Ping was punched in the back. Although his body was not injured, the huge impact still made Chen Ping stagger and almost fall to the ground.

“Hahaha, just beat him like this, beat him to death...”

Chapter: 935

When Qin Xiaotian saw this, he shouted excitedly.

Chen Ping stared at the four King Kongs in front of him. If he had a good weapon at this time, it would be easier to deal with these four people.

Chen Ping decided that it was time for him to find a useful weapon, otherwise he would be very passive when encountering a horizontal refining master like the Four King Kongs.

“Use your hand as a sword, use your strength as your blade, the sword and man become one, and you can cut through the universe...”

Just when Chen Ping was annoyed that he had no weapons and could not deal with the Four King Kongs, a familiar voice suddenly sounded.

Chen Ping turned around hurriedly and found that the person coming was Long Wu. Long Wu was looking at him, but he didn't seem to mean to help.

“Using hands as swords?.....”

Chen Ping pondered Long Wu's words carefully and didn't understand what Long Wu said.

“Your body is now quenched harder than steel, turning your hand into a big knife. This is infinitely harder than any knife made of any material, but you don't know how to use it...”

Long Wu reminded Chen Ping.

When Chen Ping heard this, he immediately understood. He was overjoyed and listened carefully to Long Wu's words.

When Qin Xiaotian saw the sudden appearance of Long Wu, his face suddenly turned cold: “Who are you? If you don't want to die, just get away from me...”

Long Wu did not refute, but after taking a look at Chen Ping, he turned around and left. In the blink of an eye, there was no trace of Long Wu.

Chen Ping slowly stretched out his right hand, his eyes full of heat. He seemed to have understood a lot from Long Wu's words.

“Use your hand as a sword and your strength as a blade...”

Chen Ping murmured to himself, and the spiritual power in his Dantian swarmed around his right hand.

Chen Ping's right hand began to glow faintly, and finally a golden light appeared. It could be vaguely seen that Chen Ping's entire arm seemed to turn into a golden sword.

"What are you still doing? Kill him..."

When Qin Xiaotian saw this, he hurriedly shouted at the Four King Kongs.

Donkey Kong took the lead and punched Chen Ping. The sound of breaking through the air suddenly sounded, as if the air was torn apart.

Chen Ping looked at the punch coming from Donkey Kong, with a faint smile on his lips. Just when Donkey Kong's fist came in front of him, Chen Ping swung his sword down.

Uh-huh!

After a crisp sound, Donkey Kong's arm was cut off directly and then flew out.

Blood spurted out from Donkey Kong's broken arm, and Chen Ping took the opportunity to kick out Donkey Kong.

Chapter: 936

"It's nothing more than a brass head and an iron arm..."

Chen Ping chopped off Donkey Kong's arm with one blow, making him instantly confident.

"How can this be?"

Qin Xiaotian looked at the severed arm of King Kong with a look of disbelief on his face.

You must know that the hard qigong practiced by these four kings, coupled with the transformation of the Qin family, even if there is no luck, the bullets cannot hurt the bodies of the four kings, but Chen Ping unexpectedly killed him with a hand knife. Broken Donkey Kong's arm.

Chen Ping's strength has exceeded Qin Xiaotian's imagination, which made Qin Xiaotian's face become extremely ugly.

"Set up the formation....."

Qin Xiaotian roared with a ferocious expression.

After hearing Qin Xiaotian's order, the four Vajra suddenly stood side by side. Even the Vajra that had lost its arm was bleeding freely at this moment without caring.

I saw the four Vajras punching at the same time, hitting the air in mid-air, and felt that the whole space began to tremble.

One punch, two punches, three punches...

After punching eight times in the air, a strange scene appeared. In mid-air, a huge fist was slowly condensing, and then light erupted from the fist.

This huge fist was formed by condensing the energy of the four Vajras. Just now they punched in the air, not wasting their energy, but condensing their energy into the mid-air, and finally gathered it into This huge fist.

Huge waves of energy overflowed from the huge fist, and then the huge fist swept towards Chen Ping.

The wind generated by this punch was like a strong wind on the tenth level, whistling and sending sand and rocks flying in all directions.

Qin Xiaotian was so blown away that he couldn't open his eyes and hurriedly stepped back with a bit of pride on his face: "Chen Ping, let me see how you can survive such a punch."

Chen Ping narrowed his eyes and stared at the punch falling from the sky. He slowly raised his right hand and suddenly kicked it on the ground.

Kakakaka.....

As Chen Ping pushed hard, cracks appeared on the hard road surface, like spider webs, and the area under Chen Ping's feet began to crack in all directions.

The crack got bigger and bigger, and finally the entire palm could fit inside.

Looking at the cracks on the ground, Qin Xiaotian's expression suddenly turned cold.

This kick made the ground look like this. How strong should Chen Ping be?

Before Qin Xiaotian could react, there was a loud rumble, and Chen Ping jumped up and violently collided with the giant fist falling from the sky with his fist.

A dazzling golden light flashed, and the huge fist suddenly shattered under Chen Ping's blow, and finally turned into a wisp of cloud and smoke and was blown away by the wind.

Chapter: 937

Seeing this scene, the Four King Kongs were unwilling to give in, so they once again swung their fists into the air, and soon the huge fists condensed again.

Chen Ping had just hit hard and almost exhausted his spiritual power, but as soon as he hit the ground, he was hit by another punch.

Chen Ping raised his head, and in the blink of an eye, the huge punch landed on top of Chen Ping's head.

Chen Ping gritted his teeth and tried his best to resist the punch with his strong body.

boom!

After a loud noise, there was a violent explosion like a bomb falling from the sky.

The shock wave caused Qin Xiaotian not far away to feel waves of shaking, and dozens of kilograms of stones were blown everywhere.

The hard road surface was directly bombarded with a large pit of several meters, and Chen Ping was standing in the middle of the large pit, his clothes had been blown to pieces, exposing his bronze skin.

Upon seeing this, Qin Xiaotian hurriedly ran to the edge of the pit. He wanted to see if Chen Ping had been smashed into pulp by the punch, but when he saw Chen Ping standing in the middle of the pit, except for Apart from the broken clothes, there was nothing wrong with his body, not even a single scratch, which made Qin Xiaotian dumbfounded.

Chen Ping looked at his slightly embarrassed look and secretly rejoiced in his heart. His body was far more powerful than he imagined. No wonder a cultivator with Long Wu's strength wanted to get the body tempering pill. , and still have to go through all the troubles!

Chen Ping slowly raised his head, completely ignoring his current embarrassed appearance, and grinned at Qin Xiaotian, his mouth full of big white teeth, which almost made Qin Xiaotian angry to death.

“Trash, you are all fucking trash, keep beating me until you die...”

Qin Xiaotian roared angrily, and the four king kongs could only gather their strength again and blasted out into the air!

Rumble.....

A huge fist fell from the sky again. Chen Ping stood upright in the middle of the pit, bearing the thunderous blow!

When the giant fist struck Chen Ping, not only did Chen Ping not feel any pain, on the contrary, he felt very comfortable. It seemed that his tempered body would become more indestructible the more it was tempered.

The pit was bombarded with huge force and deepened a bit. After the smoke and dust dispersed, Qin Xiaotian, who was standing on the edge of the pit, saw Chen Ping still standing in the middle intact, looking at him with contempt in his eyes.

“ah.....”

Qin Xiaotian is going crazy: “You are all fucking waste. Haven’t you eaten? Use all your strength...”

Qin Xiaotian roared, and under Qin Xiaotian’s order, the four king kongs kept punching out into the air.

Soon, each of the four Vajras was covered in sweat, and the energy in their bodies was almost exhausted. Each time the giant fists were condensed, they became a little weaker.

“Qin Xiaotian, didn’t the four guys you brought with you eat?”

Chen Ping asked Qin Xiaotian with a mocking look on his face in the pit.

Qin Xiaotian was furious. When he was about to order the four King Kongs to take action, he found that all four King Kongs had fallen to the ground.

Chapter: 938

The four people were all puppets and obeyed Qin Xiaotian’s words. Until their energy was exhausted and they died of exhaustion, the four King Kongs did not stop. Now the four people fell to the ground, obviously lifeless.

When Qin Xiaotian saw that the Four Diamonds were dead, he slowly came to his senses, and panic began to flash in his eyes.

The Four Diamonds are the killers of the Qin family, and they are now exhausted to death by Qin Xiaotian. If his elder brother finds out about this, he will definitely not spare him.

Qin Xiaotian regretted it now. He should have known a long time ago that the strength of the Four King Kongs could not hurt Chen Ping, but at that time he was so stimulated by Chen Ping that he fainted, so he desperately ordered the Four King Kongs to take action. In the end, they all died of exhaustion. .

At this moment, Chen Ping, who was in the pit, saw that there was no movement, so he jumped up directly from the pit.

When he saw the four King Kongs lying on the ground and dead, he couldn't help laughing: "Hahaha, I wanted these four guys to practice with me, why did they die like this? ?Did he die from exhaustion of energy?"

Chen Ping's ridicule made Qin Xiaotian tremble all over. He pressed a hand on his waist, and a soft sword appeared in his hand.

"Chen Ping, I will kill you today..."

As Qin Xiaotian spoke, the soft sword in his hand shook and instantly turned into countless sword shadows, directly covering Chen Ping.

Ding-ding-ding-ding-ding-ding...

After a sound of metal colliding, Qin Xiaotian hurriedly took two steps back. The hand holding the sword began to tremble slightly, and he felt a dull pain in the tiger's mouth.

When he looked at his soft sword again, he found that the soft sword, which was made of tempered steel, had small gaps. At the gaps, the sword began to break and became countless pieces.

"Although your sword is good, it is not as good as my sword..."

Chen Ping looked at his right hand and said with great excitement on his face.

Qin Xiaotian threw away the hilt of the sword in his hand and looked at Chen Ping with anger in his eyes. However, he did not take action against Chen Ping because he knew that if he did, he would be asking for trouble. He was not Chen Ping's opponent.

"Since you don't take action, it's my turn..."

Chen Ping saw that Qin Xiaotian didn't dare to take action, so he jumped up.

Chen Ping's right hand moved gently in the air, and a sword light visible to the naked eye flashed out. The terrifying sword light brought about an endless storm. Before this sword light could reach Qin Xiaotian, Chen Ping struck out with another knife. Split out.

Dozens of knives were struck in succession, and the entire sky began to change color.

Dozens of sword lights enveloped Qin Xiaotian. No matter how Qin Xiaotian hid, it was impossible to escape. However, Qin Xiaotian did not hide. He had already prepared to die and closed his eyes slightly.

boom.....

With a loud noise, a huge gap was opened by Chen Ping around Qin Xiaotian, and smoke and dust flew everywhere, submerging Qin Xiaotian.

Chen Ping landed slowly, sweat already forming on his forehead. Drops of sweat fell to the ground and evaporated in an instant.

The blow just now exhausted Chen Ping's last spiritual power. At this moment, Chen Ping could no longer swing a sword.

Chapter: 939

The smoke slowly dispersed, and Qin Xiaotian's figure was revealed, but he was not dead. Chen Ping did not kill him.

Even though he was not dead, Qin Xiaotian was injured by the terrifying sword light, and his clothes became tattered, no better than Chen Ping.

“You...you won’t kill me?”

Qin Xiaotian looked at Chen Ping in surprise. The blow that Chen Ping had just struck was completely capable of killing him. Let alone killing him, it could simply blow him into pieces.

But Chen Ping didn’t kill him. Dozens of sword rays just hit Qin Xiaotian’s body. But even so, Qin Xiaotian’s body was seriously injured, and all the bones in his body seemed to have been broken. At this moment, Qin Xiaotian, He could only barely stand.

“If I don’t kill you, you can go away. If you still want to seek revenge from me, you can come to me at any time, but next time, you won’t have a chance to survive...”

Chen Ping said coldly.

Qin Xiaotian looked at Chen Ping, and after a long time, he turned around and left. After getting into a car, Qin Xiaotian stepped on the accelerator and left.

Chen Ping looked at Qin Xiaotian leaving, breathing heavily.

“If this body had not been tempered, I would be doomed today...”

Chen Ping looked at his exposed skin and couldn’t help but murmured.

“If those four guys are not puppets, even if you temper your body, you will still be doomed...”

At this time, Long Wu walked out from nowhere, still holding a set of clothes in his hand.

Chen Ping looked at Long Wu in surprise. It turned out that Long Wu had not left, but had been hiding in the dark and watching him.

“Hurry up and put on your clothes!” Long Wu threw the clothes to Chen Ping: “You can’t place all your hopes on your body. Even if you temper your body, you are not immortal. If The four guys today are not puppets. They have their minds controlled. You are not the opponent of the four of them. You are not allowed to be like today in the future. In the face of absolute strength, even with real steel and iron bones, you can still fight. Scrap copper and iron...”

After Long Wu finished speaking, he turned around and left. Now that Chen Ping was no longer in danger, Long Wu could really leave.

“Hey... dragon... dragon...”

Chen Ping wanted to call Long Wu, but for a moment he didn’t know what to call Long Wu.

“You can just call me Uncle Long. Calling me uncle is what you should do...”

Long Wu didn’t look back and said as he walked.

“Uncle Long.....”

Chen Ping shouted, but it was a pity that Long Wu didn’t answer, and the whole person had disappeared.

Looking at the direction in which Long Wu disappeared, Chen Ping stood for a long time!

He knew that this Long Wu must be related to his life experience, as well as the old dragon head. There would be no such coincidence in the world. Anyone who helped him would be named Long, unless this was arranged from the beginning.

Chapter: 940

Turning around and getting into the car driven by Qin Xiaotian and others, Chen Ping rushed directly towards Hongcheng.

After arriving in Hongcheng, Chen Ping abandoned his car, took a taxi, and returned to Panlongwan Villa.

Just after reaching the top of the mountain, strong spiritual energy rushed towards me. When I opened the courtyard door, I found that Song Tie had sent another cart of spiritual stones, and there was a note on the door. Look at the beautiful font on it. , obviously written by Song Tie.

Song Tie told Chen Ping that the amount of this kind of stone mined was becoming less and less, so it might take a long time to deliver a car to him in the future.

Chen Ping frowned slightly. Now there are fewer and fewer spiritual medicines and fewer spiritual stones. As his level increases, Chen Ping's need for spiritual energy is increasing, which gives Chen Ping a headache.

After tearing up the note, Chen Ping walked into the room. He wanted to take a good bath and rest first, but he didn't expect that Su Yuqi called at this time.

Chen Ping hurriedly answered the phone: "Yu Qi, why are you calling me at this time?"

It was getting dark now, and Su Yuqi rarely called Chen Ping at this time.

"I didn't call you, and you didn't even know to tell me when I called you. Do you want to avoid seeing me, or are you afraid that I might know?"

Su Yuqi's tone was questioning.

"How do you know I'm back?" Chen Ping was a little strange. How did Su Yuqi know that he was back home? The reason why he didn't tell Su Yuqi was because he wanted to take a rest first. Fighting with the four kings made Chen Ping very tired. .

“Hmph, do you think I won’t know if you don’t tell me? I have spies throughout Panlong Bay, and you still want to hide it from me?”

Su Yuqi snorted coldly.

Chen Ping smiled helplessly. He must have come back and was seen by someone, so he notified Su Yuqi.

“No, how could I hide it from you? I just finished taking a shower and was about to call you. I can’t go to see you all smelly!”

Chen Ping smiled and said.

“I don’t believe it!” Su Yuqi said half-jokingly: “You must have another woman in Kyoto and forget about me...”

“If you don’t believe it, then I’ll hang up the phone and go to bed. I’m so sleepy...”

Chen Ping was not going to argue with Su Yuqi on this matter. He also knew that Su Yuqi was just joking.

“If you dare to hang up the phone, I will go find you right now. You are not allowed to sleep...”

After Su Yuqi finished speaking, she didn’t hang up the phone and rushed directly to Panlong Bay Villa.

Chen Ping knew that he couldn’t sleep, so he could only make a cup of coffee, sit on the sofa, and wait quietly for Su Yuqi’s arrival.

Soon, the door rang, and Su Yuqi followed Gu Ling’er.

Chen Ping stood up and wanted to give Su Yuqi a hug as an apology.
