

## **The Order 961**

Chapter: 961

“That’s right, I haven’t heard that Dean Zheng has taken action to treat any incurable diseases!”

“You’re young and don’t know any better. You’d better stay where it’s cool...”

The rest of the Shen family also spoke coldly to Chen Ping.

After all, Chen Ping annoyed Zheng Xun, which was not good for the Shen family. If Zheng Xun was really angry, who would treat Shen Wansan?

“What do you know? Mr. Chen is not only excellent in medical skills, but he can also make elixirs. Don’t you want Mr. Chen to be compared to ordinary doctors...”

Zhou Zhiqian became anxious when he saw that everyone in the Shen family was speaking rudely to Chen Ping.

“Brother Zhou, we accept your kindness. You should go with this miracle doctor you found. We can rest assured that Dean Zheng is here. We don’t need such an awesome miracle doctor like you...”

Shen Wanfu actually issued an order to expel Zhou Zhigan...

This made Zhou Zhiqian very angry, but he had accompanied Chen Ping to sell Wannian Ginseng King. Even if he was angry, Zhou Zhiqian could not leave.

“Okay, okay, let’s talk about your brother’s symptoms first...”

Seeing that Chen Ping and Zhou Zhiqian were both silent, Zheng Xun waved his hand and asked Shen Wanfu.

Upon hearing this, Shen Wanfu hurriedly followed Zheng Xun to talk about his elder brother's situation. Zheng Xun frowned slightly through Shen Wanfu's description.

"Listening to what you said, your brother doesn't seem to be sick. He seems to be suffering from hysteria, and his mind has been confused by dirty things..."

Zheng Xun analyzed.

"ah....."

When everyone in the Shen family heard this, they all panicked.

Although the Shen family is rich, they are also ordinary people. They have occasionally heard about ghosts and gods, but they have never encountered them. Now when they heard what Zheng Xun said, they were all shocked.

But with Zheng Xun's reputation, they couldn't help but believe what he said, so Shen Wanfu hurriedly asked: "Dean Zheng, then... can my brother be saved?"

"Of course it can be saved. Since I'm here, I can cure even hysteria. Don't worry..."

Zheng Xun said confidently.

Hearing what Zheng Xun said, the Shen family's worries were relieved.

Chen Ping looked at Zheng Xun with some surprise. He didn't expect that the other party could see that it was hysteria and that he was possessed by a ghost.

Zheng Xun groped around on his body and quickly took out a beautiful small wooden box. After opening it, there was a thumb-sized, black pill inside.

When Zhou Zhiqian saw the pills, his eyes suddenly lit up, because they looked so familiar to him, and the small wooden box containing the pills was obviously made by someone he sent to package Xiaohuan Dan, and The black pill in Zheng Xun's hand is Xiao Huan Dan.

Chapter: 962

Chen Ping also laughed when he saw Zheng Xun taking out the Xiao Huan Dan from his arms, but he didn't say anything.

"Dean Zheng, what is this?"

Shen Wanfu asked puzzledly.

The other Shen family members also came forward and looked carefully at the pills in Zheng Xun's hand.

Seeing everyone's curious looks, Zheng Xun said with a proud face: "This pill is called Xiao Huan Dan. It has the effect of refreshing the brain and strengthening the body. But it is a magic pill. I spent millions and delayed it." I got it from within the pass, but I only got this one. If it weren't for your Shen family's Wannian Ginseng King, I would have been reluctant to take it out. This pill will ensure that the Shen family's mind can be restored... .."

Zheng Xun spoke very confidently, but the Shen family members were stunned for a moment!

After hearing Zheng Xun's words, Zhou Zhiqian's eyes widened in surprise. This elixir was sold by him, and the packaging box was designed and made by him, but he had never bought it for a price of millions!

Especially in front of Chen Ping, when Zheng Xun said this, didn't he frame Zhou Zhigan for taking dirty money?

You must know that Xiao Huan Dan was refined by Chen Ping and handed it over to Zhou Zhiqian and He Zhigang as an agent to sell it. The price was determined, and the amount of money they gave Chen Ping was also determined. If this elixir sold for several million, how much money would it cost? Would Chen Ping be happy to share such a small amount of money with Chen Ping?

Cold sweat broke out on Zhou Zhiqian's forehead. He looked at Chen Ping hurriedly, wanting to explain to Chen Ping, but Chen Ping stopped him with his eyes. Chen Ping believed that Zhou Zhiqian didn't dare to take black money because it was Zheng Xun who was bragging. Just nonsense.

Moreover, Chen Ping himself didn't know that the Xiao Huan Dan he refined could also treat hysteria. This was pure nonsense. Although Xiao Huan Dan could refresh the mind and strengthen the body, if he wanted to remove the internal organs from the human body, Forced out, Xiao Huan Dan still doesn't have this effect.

However, Chen Ping did not expose Zheng Xun on the spot. He had to continue to wait and see Zheng Xun's jokes. When the Shen family saw that Zheng Xun was useless, they would naturally beg for him.

"Dean Zheng, our Shen family will pay for this elixir, and we will never let Dean Zheng suffer..."

Shen Wanfu understood what Zheng Xun meant, so he said quickly.

"Master Shen Er is too polite. I didn't mean it like that. It's just a few million dollars, but I still don't take it seriously..."

Zheng Xun smiled and waved his hand, and then gave the Xiao Huan Dan to Shen Lang: "Go and give it to your father. I believe your father will be fine soon..."

Shen Lang thanked him repeatedly, carefully took the Xiao Huan Dan, and hurried towards the backyard.

Everyone in the Shen family is waiting anxiously, hoping that Xiao Huan Dan will really work.

About ten minutes later, Shen Lang ran back with a happy face.

"Lang'er, how is your dad?"

Shen Lang's mother asked.

“Mom, Dean Zheng’s Xiaohuandan is indeed effective. After my dad took it, he stopped making noises and called out my name. He knew me...”

Shen Lang said with excitement.

“Really? That’s great. I’m going to see him...”

Chapter: 963

Shen Lang’s mother said and was about to run to the backyard.

“Mom, my dad was only awake for a while and then fell asleep. It’s useless for you to go there...”

Shen Lang stopped his mother.

“Dean Zheng, my eldest brother fell asleep again. What happened?”

Shen Wanfu asked puzzledly.

“Master Shen’s mind has been damaged, his body has been controlled, and he has been overworked. Now that he suddenly wakes up, he must be very tired, so it is normal to fall asleep...”

Zheng Xun explained.

Upon hearing this, everyone in the Shen family felt that what Zheng Xun said was reasonable, and they all nodded, showing even more respect for Zheng Xun.

“Master Shen Er, I have cured your brother’s disease. Now is it time to show me the Wannian King Ginseng?”

Zheng Xun asked Shen Wanfu.

Shen Wanfu opened his mouth, but when he saw Zhou Zhiqian and Chen Ping, Shen Wanfu closed his mouth. After hesitating for a moment, he looked at Zhou Zhiqian and said: "Brother Zhou, you are back from the pass. , when you arrive at my Shen family, we should treat you to a meal as a landlord, but it is not convenient today. I hope Brother Zhou will take your people away. I will definitely come to the door in person someday to invite Brother Zhou. Have a meal....."

Shen Wanfu was giving Zhou Zhiqian an eviction order. After all, Zhou Zhiqian and Chen Ping were here, and Shen Wanfu had some things to say that were hard to say.

Shen Wanfu's words made Zhou Zhiqian look ugly, but he couldn't say anything. After all, Shen Wanfu said it politely, so he couldn't just stay here and not leave, right?

Helpless, Zhou Zhiqian could only look at Chen Ping, wondering what Chen Ping was thinking.

"Do you really think your brother is healed?"

Chen Ping looked at Shen Wanfu and asked.

"Ah, what's wrong? Didn't you hear what my nephew said just now? My eldest brother already recognizes him, and he just fell asleep now..."

Shen Wanfu was convinced, after all, Zheng Xun's identity was there!

"Hmph!" Chen Ping snorted coldly: "Xiao Huan Dan is a name for refreshing the brain, but it is just a tonic. It cannot cure diseases, let alone hysteria. Not to mention when was this Xiao Huan Dan worth millions? I do not know how?"

"Young man, are you doubting my little Huan Dan?"

Hearing Chen Ping's words, Zheng Xun was not happy. Didn't this clearly mean that he had falsely reported the price?

Seeing that Zheng Xun was unhappy, the Shen family members hurriedly criticized Chen Ping.

“You know nothing. Dean Zheng has been practicing medicine for many years, but you still don’t know whether Xiao Huan Dan can cure diseases?”

“That’s right, Dean Zheng asked a friend to buy this Xiao Huan Dan. Doesn’t he know how much it cost?”

Chapter: 964

“You kid, stop talking nonsense here, making it seem like you refined the Xiao Huan Dan...”

Everyone in the Shen family was talking to each other, and no one was looking at Zhou Zhiqian’s face.

“Boy, don’t rely on Brother Zhou to invite you. Our Shen family must respect you. No matter what kind of miracle doctor you are in Guan, when you get here, you are not qualified to question Dean Zheng...”

Shen Wanfu said in annoyance, if Zhou Zhiqian didn’t care about him, he would have driven Chen Ping away long ago. How could a child with no hair grow brag in front of Zheng Xun?

However, facing the sarcastic comments from everyone, Chen Ping was not angry. He came here to meet the King of Wannian Ginseng. How could Chen Ping leave without seeing the King of Wannian Ginseng.

“You’re right, that Xiao Huan Dan was really refined by me...”

Chen Ping’s words immediately stunned everyone!

Immediately afterwards, everyone burst into laughter and looked at Chen Ping mockingly.

Zheng Xun looked even more contemptuous: “You are so young, how dare you brag about such awesomeness? I heard that this Xiao Huan Dan was made by an alchemy master in the pass, and this master is obviously proficient in medical science.” , how could it be that you are just a little kid? I’m afraid you don’t even know the ingredients in Xiao Huan Dan, right?”

“I can testify that the Xiao Huan Dan was indeed refined by Mr. Chen, and I sell the Xiao Huan Dan in this kind of package. In the lower right corner of the package, our name of Renhe Tang is printed...”

Zhou Zhiqian couldn't stand it anymore and stood up to testify that Xiao Huan Dan was refined by Chen Ping.

After hearing what Zhou Zhiqian said, Shen Wanfu hurriedly took the exquisite packaging box, and sure enough, in the lower right corner, he saw the words Renhetang.

The Shen family all knew that Zhou Zhiqian was in the medicinal material business in Yuncheng and opened Renhetang, but they didn't know that Zhou Zhiqian was selling the Xiao Huan Dan.

“Brother Zhou, although it is true that Renhetang is printed here, as far as I know, there are quite a few drugstores called Renhetang in Guan...”

Shen Wanfu still couldn't believe that Zhou Zhiqian's Renhetang had the ability to sell millions of pills. You must know that this requires a lot of financial strength.

“Although there are many people in Renhetang, I am the only one in Yuncheng. Ask Dean Zheng if he bought this little Huandan from Yuncheng, and you will know...”

Zhou Zhiqian said with a slight smile.

Shen Wanfu looked at Zheng Xun, but at this time Zheng Xun had a bit of surprise on his face and was looking at Zhou Zhiqian: “Are you Boss Zhou Zhiqian?”

Zhou Zhiqian nodded: “Yes, I am Zhou Zhiqian...”

Zheng Xun was overjoyed and hurriedly stepped forward to shake hands with Zhou Zhiqian: “Boss Zhou, I really didn't expect that we could meet here. I just heard from my friend that you are also from the Northeast, but I have never met. I did ask a friend to buy this small Huandan from Yuncheng Renhetang. Now many people want to buy it, but they just have no way...”

Xiao Huan Dan is indeed very popular. After all, Chen Ping can only refine it. Although the medicinal materials for refining Xiao Huan Dan are ordinary medicinal materials, Chen Ping does not have time to refine Xiao Huan Dan all day long, nor can he just refine Xiao Huan Dan. Dan, you wasted too much of your spiritual energy.

“Dean Zheng, I hope I can explain something clearly today. The highest selling price of my little Huandan is not more than one million. When has it been sold for millions?”

The reason why Zhou Zhiqian asked Zheng Xun was to make him explain clearly in front of Chen Ping, but he could not let Chen Ping misunderstand him.

“this.....”

Chapter: 965

Zheng Xun looked embarrassed when he was asked. He didn't know how to answer Zhou Zhigan. He couldn't admit that he had falsely reported the price, could he?

At this time, Shen Lang saw Zheng Xun's embarrassment, so he hurriedly said: “Uncle Zhou, Dean Zheng must have been deceived by his friends. Although the price you sold Xiaohuan Dan for was not high, maybe his friend secretly increased the price. Woolen cloth.....”

Shen Lang's words made Zheng Xun instantly moved. He immediately nodded and said: “Yes, my friend must have cheated me. I must settle the score with him.”

Now that Zheng Xun has said so, Zhou Zhiqian can't say anything more.

“Uncle Zhou, is this Xiao Huan Dan really made by Mr. Chen?”

Shen Lang asked incredulously.

Since Zhou Zhiqian sells Xiao Huan Dan, he knows the origin of Xiao Huan Dan best.

“Of course, except for Mr. Chen, no one in the world can refine the Small Return Pill...”

Zhou Zhiqian nodded and said.

However, Chen Ping was a little embarrassed to say this. Xiao Huan Dan is the most basic elixir. I am afraid even some immortal cultivators can refine it. Now that Zhou Zhiqian directly praised him like this, Chen Ping was somewhat embarrassed. Awkward.

“Boss Zhou, I know that this alchemy skill cannot be learned overnight. This young man looks like he is only in his early twenties. Even if he learned it from his mother’s womb, he probably wouldn’t be able to master an elixir like Xiao Huan Dan, right?”

Although the Xiao Huan Dan was sold by Zhou Zhiqian, Zheng Xun still didn’t believe that Chen Ping could refine the Xiao Huan Dan.

After all, Chen Ping is too young. In Zheng Xun’s eyes, Chen Ping is just a child.

“I don’t quite believe that such a young person really learned from his mother’s womb. How advanced his medical skills can he be? Can he also refine elixirs?”

Shen Wanfu also didn’t believe that Chen Ping had the ability to make alchemy.

“I’m going to write a prescription now. You can take the medicine according to the prescription, and I’ll just refine one for you...”

Chen Ping didn’t have time to follow these people, so he wanted to make elixirs on the spot to convince these people.

“This is the best...”

Zheng Xun’s eyes lit up. He was very excited to be able to see the refining method of Xiao Huan Dan with his own eyes. Now that he knew the recipe and the refining method, Zheng Jun was confident that he could also make Xiao Huan Dan.

Soon, Chen Ping wrote a prescription, and Shen Lang sent someone to prepare the medicine according to the prescription. A total of more than a dozen kinds of medicinal materials were quickly prepared. After all, they were all common medicinal materials and could be purchased in every pharmacy.

“Young man, I bought the medicinal materials, how do you want to refine them? If you need to boil them, I can do it for you myself...”

Zheng Xun wanted to personally help Chen Ping make alchemy so that he could learn the method of making alchemy more intuitively.

“No, I don’t need to boil the elixir...”

As Chen Ping spoke, his fingers suddenly pinched, and then a ball of green flame danced on Chen Ping’s fingers.

Chapter: 966

At this time, everyone else was stunned. They thought Chen Ping could do magic. After all, they are ordinary people. Apart from the magic stage, I have seen people who rub their fingers to make fire appear. I have never seen it off the stage. Pass.

The flame in Chen Ping’s hand became more and more intense, and the temperature in the entire hall also increased a lot. Everyone watched quietly, wanting to see how Chen Ping made the elixir.

Even Lin Tianhu and Chi Feng were attentive. Although they knew Chen Ping’s abilities, they had not seen Chen Ping refining the elixir with their own eyes.

I saw Chen Ping throwing the flame in his hand towards the medicinal materials. The flames instantly surrounded the medicinal materials. The green flame instantly ignited the medicinal materials, but it did not attract other things in the room.

These things that look like flames are actually just the spiritual power in Chen Ping’s body. It is impossible to ignite other things. This is all under Chen Ping’s control.

Everyone watched in surprise as the medicinal materials burned more and more vigorously, and finally turned into clouds of white smoke. When the smoke dissipated, everyone was surprised to find a small returning pill lying on the ground!

“This...is this done?”

Zheng Xun’s eyes widened and his mouth opened so wide that he almost swallowed an egg.

He hurriedly ran over and picked up the Xiao Huan Dan on the ground. He looked at it again and again and smelled it again. After confirming that it was the Xiao Huan Dan, Zheng Xun turned to stone.

Others also looked at Chen Ping as if he were a god. They were all ordinary people and had never seen such a method before.

Even Lin Tianhu and Chi Feng had never seen someone refining elixirs like this before, and they couldn’t help but feel surprised!

Only Chen Ping raised his lips slightly. In fact, the way he actually refined Xiao Huan Dan was not like this, and it was impossible to refine it one by one. He did this just to scare the Shen family, so that the Shen family I didn’t dare question him.

“Do you believe that I refined these Xiao Huan Dan?”

Chen Ping said calmly.

“Believe it, believe it...”

Zheng Xun looked embarrassed. Originally, he wanted to learn it secretly, but now he realized that it was impossible for him to learn it.

Everyone in the Shen family was also embarrassed at this time, with wry smiles on their faces.

“Brother Zhou, Mr. Chen has such magical means, why didn’t you tell me earlier...”

Shen Wanfu said to Zhou Zhiqian.

“I said it, but you don’t believe it.”

Zhou Zhiqian said helplessly.

This time, Shen Wanfu was even more embarrassed. At first, Zhou Zhiqian said that Chen Ping was a miracle doctor, and they all doubted it. Later, when he said that Xiao Huan Dan was refined by Chen Ping, they still didn’t believe it, but now they were slapped in the face.

“Mr. Chen, since you refined the Xiao Huan Dan, then you just said that the Xiao Huan Dan can’t cure my father’s disease at all. Then why did my father and the others suddenly wake up?”

Shen Lang stepped forward and asked Chen Ping.

Chapter: 967

“Your father is not sick. He is just suffering from hysteria. He is possessed by ghosts. Xiao Huan Dan has the function of awakening the brain, but it cannot cure hysteria, so your father is not cured. The reason why he is sober and knows you is just a coincidence. That’s all...”

Chen Ping explained.

Just as Chen Ping finished speaking, there was suddenly a burst of roaring from the backyard, and then he heard the screams of the servants. Before anyone could react, a group of middle-aged men in pajamas with disheveled hair rushed to the front.

“dad.....”

Shen Lang shouted towards the middle-aged man.

This middle-aged man is Shen Wansan, the head of the Shen family.

“You ignorant guys have disturbed my Qingxiu and even want to steal my treasures. I will kill you all...”

Shen Wansan’s face was full of ferocity, his mouth was wide open, and he was yelling.

Following Shen Wansan’s roar, gusts of dark wind blew through the entire hall, and the temperature in the room suddenly dropped a lot.

“ah.....”

When many Shen family members saw this, they were so frightened that they thought about me and ran away, but just after running two steps, the door was closed by a gust of wind.

Looking at this scene, Shen Wanfu shivered with fright, and said tremblingly: “You... what kind of god are you? We don’t know how to disturb you. As long as you let us go, I, the Shen family, will worship you every year.” ...”

Zheng Xun frowned when he looked at this scene, and his legs were shaking slightly with fear. Although he had seen hysterical patients, he had never seen such a terrifying one.

“Hahaha... If you want to worship me, you are not worthy...”

Shen Wansan laughed loudly, and suddenly opened his mouth and sprayed out streams of black air. The whole room instantly became extremely dark, scaring everyone so much that they kept shouting.

Lin Tianhu and Chi Feng were also a little scared, but they all took out their weapons and stood closely beside Chen Ping, while Zhou Zhiqian had already hid behind Chen Ping.

“Help, help...”

Some members of the Shen family couldn't bear it anymore and shouted desperately.

"If you don't want to die, then all stand behind me..."

At this time, Chen Ping's voice sounded, and then the black fog in the room disappeared at a speed visible to the naked eye.

When the black mist completely disappeared, everyone realized that it was Chen Ping who opened his mouth and sucked all the black mist into his stomach.

All of these people were dumbfounded and looked at Chen Ping in shock. They also regarded Chen Ping as a monster.

"Do you all want to die if you don't come here?"

Chen Ping saw that the Shen family was stunned and motionless, so he said coldly.

Chapter: 968

After Chen Ping's reminder, everyone in the Shen family finally reacted and hurriedly hid behind Chen Ping.

"Chen...Mr. Chen, what kind of god is this?"

Hiding behind Chen Ping, Shen Wanfu asked stumblingly.

"Hmph, it's just a shapeless soul. It's nothing more than a god..."

Chen Ping snorted coldly.

But who knew that Chen Ping's words directly angered Shen Wansan.

“Boy, you dare to taunt me, you are looking for death!”

As he spoke, Shen Wansan waved his hands suddenly, and gusts of dark wind hit him. These winds were like sharp blades.

“Impatient...”

Chen Ping pinched his fingers and saw blue flames dancing on his ten fingertips.

Chen Ping waved his hand, and the flames instantly flew towards Shen Wansan, directly defeating the gusts of sinister wind, and then burned on Shen Wansan’s body.

“dad.....”

Seeing this scene, Shen Lang wanted to rush forward.

However, Shen Wanfu stopped him: “Lang’er, that’s not your dad anymore. Don’t go there...”

Seeing Shen Wansan’s body burning with blue flames and screaming in agony, everyone in the Shen family looked sideways and did not dare to look any further.

“Mr. Chen, the head of the Shen family...”

Although Zhou Zhiqian also knew that Shen Wansan had already possessed the ghost and was no longer himself, he still couldn’t watch Shen Wansan being burned to death!

“Don’t worry, this flame won’t hurt your body...”

Chen Ping explained.

After hearing what Chen Ping said, everyone in the Shen family breathed a sigh of relief.

The flames burned for ten minutes, and Shen Wansan screamed for ten minutes.

“Aren’t you coming out yet? Do you want me to use real fire to burn you to death...”

Chen Ping said with a cold face when he saw that the ghost had not come out of Shen Wansan’s body.

“Boy, if you have the guts, just wait for me...”

Chapter: 969

As he finished speaking, a stream of black energy emerged from Shen Wansan’s head, and then the black energy condensed into the shape of a man.

It could be vaguely seen that the man’s clothes were a little shabby, but his entire face was full of ferocity, with two fangs exposed.

This scared several people in the Shen family and fainted.

Shen Wanfu was so frightened that he collapsed on the ground and could not say a word.

When Chen Ping saw that the ghost had come out of Shen Wansan’s body, a ball of flame appeared in his palm. This time the flame was indeed red.

Seeing the red flame, the ghost’s face showed horror, and it turned into a gust of wind, blew open the window, and disappeared without a trace.

Chen Ping did not chase after him, but withdrew his spiritual power, looked at Shen Wansan who was lying on the ground, and gently tapped Shen Wansan on the forehead.

Shen Wansan's body moved a little, but soon became silent, as if he had fallen asleep.

Calmness returned to the hall, but many people were so frightened that they all went to change their clothes after seeing their ugly appearance.

"Mr. Chen, how is my dad? Can he be saved?"

Shen Lang asked Chen Ping hurriedly.

"Don't worry, your dad is fine and will wake up soon..."

Chen Ping said calmly.

"Thank you Mr. Chen, thank you Mr. Chen..."

Shen Lang thanked him repeatedly.

"It turns out that Mr. Chen is actually an expert in magic. I am really ignorant. I hope Mr. Chen won't be offended..."

Zheng Xun walked up to Chen Ping with admiration on his face and bowed deeply. He was no longer arrogant at the beginning.

Chen Ping just smiled and did not explain. He did not expect that Zheng Xun actually knew the warlock.

"Shen Lang, now that I have saved your father, can you, the Shen family, take out the Ten Thousand Years Ginseng King and let me see it?"

Chen Ping asked Shen Lang.

When Shen Lang heard this, he immediately looked embarrassed, and then looked at Shen Wanfu.

Shen Wanfu said hurriedly: "Mr. Chen, the Wannian Ginseng King is not here..."

"I already knew it wasn't here, so where is it? Take me to see..."

Chen Ping asked.

Chapter: 970

"In...in...in..."

Shen Wanfu hesitated and couldn't say a word.

"You don't have any Wannian Ginseng King at all, are you lying to me?"

Chen Ping said with a cold expression.

This shocked Shen Wanfu, and he waved his hands hurriedly: "No, no, no, how dare we lie to Mr. Chen? There is indeed the King of Ginseng, but we didn't dig it out. The King of Ginseng is still there." As for Heixiazi Lin, Mr. Chen also knows that digging ginseng requires experience and skills. If one ginseng bead is cut off, the value of the entire ginseng will be greatly reduced, so we did not dare to dig..."

Chen Ping knew that not just anyone could dig the ginseng, and it might destroy the ginseng. The Shen family didn't do this, so they didn't dare to dig it, which made sense.

"Then take me to Heixiazi Forest to have a look..."

Although Chen Ping doesn't know how to dig, if it is really the King of Ginseng, the worst he can do is practice directly next to the King of Ginseng until he absorbs the spiritual energy of the King of Ginseng, so there is no need to dig.

When Shen Wanfu heard this, he was so frightened that he waved his hands: “Mr. Chen, we don’t dare to go. My eldest brother became like this because he went to Heixiazilin and visited more than a dozen people. Only my eldest brother came back...”

“Then what happened to them in Heixiazi Forest?”

Chen Ping knew that ordinary ghosts would not easily possess people and harm people, let alone dare to follow them into the home. You must know that in ordinary Yang houses, there are more people and the Yang energy is stronger. Ghosts are the places they dislike the most. Now this ghost actually followed Shen Wansan back home and kept saying that he wanted to kill the Shen family. There must be something unknown about this.

“This...I’m not sure about this either. I’ll have to ask my elder brother...”

Shen Wanfu didn’t know what happened in Heixiazilin.

At this moment, Shen Wansan took a long breath and opened his eyes.

“Dad, Dad, you finally woke up...”

“Husband, you are finally awake...”

When Shen Lang and his mother saw that Shen Wansan was awake, they rushed forward excitedly.

Shen Wansan looked at his wife and children with a confused expression, frowning slightly: “Where am I? What’s wrong with me?”

Shen Wansan still didn’t know what happened to him.

Shen Lang told Shen Wansan exactly what happened. When Shen Wansan heard that he was possessed by a ghost, he was so frightened that he broke into a cold sweat.

“Brother, it was Mr. Chen who saved you, otherwise our Shen family would be doomed...”

Shen Wanfu said hurriedly to Shen Wansan.

“Yes, yes, please hurry up and thank Mr. Chen. I was scared to death just now...”

Shen Wansan’s wife also said.
