

The Order 9781

Chapter: 9781

The blood-red giant palm shattered with a deafening roar, transforming into a sky full of blood mist, completely swallowed by the chaotic fire domain, without even causing a ripple.

The entire arena fell silent.

Everyone stared wide-eyed, unable to believe what they were seeing.

Huo Fentian's mouth gaped open, speechless for a long time.

The disciples of the Earth Fire Pavilion were stunned, then erupted in thunderous cheers!

"Young Master is mighty!"

"Young Master is too powerful!"

The cultivators of the Evil Path Hall exchanged bewildered glances, their eyes filled with shock and confusion.

"How is this possible? The Vice Hall Master's Soul-Slaying Palm... was broken?"

"What kind of domain is that? It can actually devour the power of the Soul-Slaying Palm?"

"This kid... is strange!"

The expressions of the three Vice Hall Masters all turned solemn.

The Bone Demon Vice Hall Master narrowed his eyes: “No wonder the Hall Master wanted to capture him alive. This kid indeed has a great secret.”

The Soul Extinction Vice Hall Master stared intently at Chen Ping’s Chaotic Fire Domain: “That domain... is wrong. Chaos and fire fused together? This kind of power attribute is unheard of.”

The Soul-Slaying Vice Hall Master’s face was extremely ugly.

The little ant he originally thought he could crush with a flick of his wrist had actually broken his Soul-Slaying Palm in public, causing him to lose face completely.

“Kid...you’ve got some skill.”

He gritted his teeth. “But I only used seventy percent of my strength just now. You won’t be so lucky next time!”

He formed hand seals, his body surging with a frenzied aura of vengeance, and countless blood-red runes appeared on his skin.

“Boundless Sea of Blood!”

“Boom...!”

A colossal sea of blood appeared out of thin air, covering half the sky!

Within the sea of blood, countless hideous ghost faces emerged, emitting piercing shrieks, its power several times stronger than the previous Vengeful Palm!

This was the signature move of the Vengeful Deputy Hall Master, who had once used it to slaughter an entire city, turning millions of lives into nourishment for the sea of blood!

Chapter: 9782

“Chen Ping, be careful!”

Huo Fentian’s expression changed drastically. “This is his killing move!”

The hope that had just risen among the members of the Earth Fire Pavilion was extinguished by this terrifying sea of blood.

Faced with this world-destroying attack, Chen Ping remained calm.

He even... yawned.

“That’s it?”

Two words, spoken casually, were filled with disdain.

Before the words were finished, he pointed his left hand, fingers forming a sword shape, lightly at the sweeping sea of blood.

The movement was casual, as if he were surveying an empire.

“Earth Fire True Flame – Burning Heaven.”

“Boom...!”

From within the chaotic fire domain, crimson-gold earth fire true flames soared into the sky, transforming into a hundred-foot-long fire dragon!

The fire dragon was entirely condensed from earth fire true flames, lifelike, with clearly visible scales, and golden flames burning in its eyes.

It roared to the sky, its cry shaking the heavens, and then plunged into the blood-red sea!

The fire dragon collided with the sea of blood.

“Sizzle...!”

Like a red-hot iron rod piercing snow, wherever the earth fire true flames passed, the sea of blood rapidly evaporated and vanished!

The myriad ghosts in the sea of blood, upon touching the true flames of the earth fire, didn't even have time to scream before turning into wisps of smoke!

In just three breaths, the sky-covering, blood-red ocean was completely incinerated by the hundred-foot-long fire dragon!

Not even a wisp of blood mist remained!

“This...this is impossible!” The Vice Hall Master of the Soul Fiend Sect was deathly pale, retreating repeatedly, his eyes filled with horror.

His strongest divine power was actually broken so easily?

And by a mere junior at the peak of the second rank of the Heavenly Immortal Realm?

This completely overturned his understanding!

Chapter: 9783

Chen Ping withdrew the fire dragon, stood with his hands behind his back, his white robes fluttering, spotless, as if he had just done something insignificant.

He looked at the three Vice Hall Masters and said calmly, "The three of you can come at me together, to avoid trouble."

His tone was flat, as if he were saying, "The weather's nice today."

"Arrogant!"

"You're courting death!"

"Boy, you're too arrogant!"

The three vice hall masters roared in fury.

What were their identities?

Vice hall masters of the Evil Path Hall, peerless experts at the peak of the ninth rank of the Heavenly Immortal Realm!

They were usually unchallenged in the Twelfth Heaven, when had they ever been so looked down upon?

And by a mere junior at the peak of the second rank of the Heavenly Immortal Realm!

"Since you're courting death, don't blame us for ganging up on you!"

Vice hall master Bone Demon sneered, "Attack together, take him down!"

The three exchanged glances and attacked simultaneously!

This time, they held nothing back, using their full strength!

Vice hall master Soul Fiend unleashed Boundless Blood Sea once more, but this time the blood sea was more solid, the ghostly face more ferocious, and its power was thirty percent stronger than before!

The blood sea almost covered the entire sky, completely obscuring the sunlight!

The Bone Demon Deputy Hall Master summoned a hundred-foot-long bone staff, its tip inlaid with a grotesque skull, its eye sockets burning with eerie green flames.

He swung the staff, unleashing a torrent of bone spikes towards Chen Ping! Each spike contained terrifying death energy, capable of corroding life force and dissolving the soul!

The Soul Annihilation Deputy Hall Master was the most enigmatic. He transformed into a cloud of gray mist, from which countless pale hands emerged.

These hands formed complex hand seals, and invisible soul spikes materialized out of thin air, silently piercing towards Chen Ping's sea of consciousness!

This was a vicious divine power specifically designed to attack the soul, impossible to defend against. Many ninth-grade Heavenly Immortal realm experts had fallen victim to this move!

The combined power of three peak ninth-grade Celestial Immortals was terrifying.

The entire sky was shrouded in crimson, bone-white, and soul-gray hues. The terrifying pressure made it difficult for all the cultivators below to breathe; those with weaker cultivation even vomited blood and collapsed, unconscious!

Chapter: 9784

“Chen Ping!” Huo Fentian was frantic, wanting to help, but he was entangled by the other experts of the Evil Path Hall and couldn’t break free.

The members of the Earth Fire Pavilion were also sweating for Chen Ping, their hearts in their throats.

Faced with this world-destroying attack, Chen Ping remained calm.

Even... a hint of excitement flashed in his eyes.

It was the excitement of seeing an opponent worthy of serious consideration.

“Well done.”

He formed hand seals, his movements elegant and composed, as if playing a zither or painting.

“Chaotic Fire Domain – Heaven Opening!”

“Boom...!”

The Chaotic Fire Domain suddenly expanded, growing from a thousand feet in radius to three thousand feet!

Within the domain, chaotic energy and earth fire intertwined wildly, evolving into earth, water, fire, and wind—the four fundamental elements colliding and fusing, seemingly poised to create anew, recreating the chaos!

In an instant, the domain shone with the sun and moon, stars twinkled, mountains rose and fell, rivers flowed—a veritable miniature world!

The Blood Sea, Bone Spikes, and Soul Spikes, crashing into the domain, were like mud oxen entering the sea, their power greatly diminished!

The Blood Sea was decomposed by chaotic energy and burned by earth fire;

The Bone Spikes were eroded by the laws of water and scattered by the laws of wind;

The Soul Spikes were assimilated by chaotic energy and purified by the laws of fire!

The three great divine powers could barely move an inch within the chaotic fire domain!

“Dragon Slayer – Army Breaker!”

Chen Ping summoned the Dragon Slayer Sword and unleashed a single strike!

His movements remained casual, as if he were wielding a brush.

A hundred-foot-long sword aura tore through the heavens and earth. The golden-gray sword energy contained the power of chaos and the true flames of the earth. A five-clawed golden dragon could be vaguely seen swimming along the sword’s blade, its roar shaking the heavens!

This sword strike, seemingly simple and unadorned, contained the power to cleave the world!

Where the sword aura passed, seas of blood parted, bone spurs shattered, and soul thorns were annihilated!

One sword strike, shattering all laws!

Chapter: 9785

“What?!”

The three vice-hall masters' expressions changed drastically, and they hurriedly dodged.

But the sword aura was too fast, too fierce, seemingly transcending the limitations of time and space!

“Pfft!”

The Soul Fiend Vice-Hall Master couldn't dodge in time and was grazed on the left arm by the sword aura. His entire arm was severed at the root, and blood gushed out like a fountain!

Even more terrifying, the residual chaotic energy and the true flames of the earth at the wound frantically eroded his body, making it impossible to stop the bleeding or for the severed limb to regenerate!

The Bone Demon Vice Hall Master's bone staff was struck by the sword energy, a deep crack appearing on its shaft, nearly shattering!

He groaned, blood trickling from the corner of his mouth, his eyes filled with horror. This bone staff was his natal magic weapon, connected to his mind and spirit; its damage caused him a backlash!

The Soul Extinction Vice Hall Master fared the worst. His soul spikes were annihilated by the sword energy, causing a backlash to his soul. He groaned, blood seeping from his seven orifices! The gray mist fluctuated violently, nearly dissipating!

One sword, three wounded!

The entire arena fell silent once more.

This time, not even a breath could be heard.

Everyone gaped, their eyes wide, as if witnessing the most unbelievable thing in the world.

Huo Fentian stood frozen, his mind blank.

The Earth Fire Pavilion disciples were initially stunned, then erupted in deafening cheers, many weeping with joy!

The Evil Path Hall cultivators, however, were ashen-faced, their eyes filled with fear and bewilderment. “How is this possible... injuring three Vice Hall Masters with a single sword strike?”

“What kind of monster is he?”

“Peak of the second rank of the Celestial Immortal Realm... This is absolutely impossible!”

The three Vice Hall Masters were utterly horrified. They had never encountered such a bizarre situation before.

A mere junior at the peak of the second rank of the Celestial Immortal Realm not only easily neutralized their full-force attacks but also injured all three of them with a single sword strike?

This was completely beyond their comprehension!

“Boy... who exactly are you?!”

Vice Hall Master Po Sha clutched his severed arm, his voice trembling.

Chen Ping stood with his sword, a slight smile on his face. His smile was gentle, yet it sent chills down the spines of the three Vice Hall Masters.

Chapter: 9786

“The one who killed you.”

His tone remained calm, yet it contained an undeniable authority.

Huo Fentian watched this scene, his drool practically dripping with envy.

Their Earth Fire Pavilion’s top-secret technique had actually been passed down to Chen Ping by their ancestor.

He, the Pavilion Master, only knew a smattering of it and hadn’t mastered the complete technique.

Fortunately, Chen Ping was their son-in-law; otherwise, the Earth Fire Pavilion might have had to change its name and identity.

“Go, son-in-law! Your father-in-law supports you!”

Huo Fentian roared excitedly.

“Go, son-in-law!”

“Go, son-in-law!”

“Go, son-in-law!”

The disciples of the Earth Fire Pavilion raised their arms and cheered. At this moment, Chen Ping was no longer just a son-in-law in their eyes; he was a savior!

The three deputy hall masters were now green-faced, utterly humiliated.

“Attack together! Don’t hold back!”

Deputy Hall Master Bone Demon roared, a resolute glint in his eyes, “Use that move!”

The three exchanged glances and nodded simultaneously.

They knew that in a one-on-one fight, none of them could defeat Chen Ping. Only by joining forces and unleashing their strongest trump card could they have a chance of victory!

“With my essence and blood, I offer sacrifice to the sea of blood!”

“With my bones, I forge hell!”

“With my soul, I guide the Yellow Springs!”

The three simultaneously burned their essence and blood, offered sacrifices to their bones, and stripped away their souls, unleashing their most powerful forbidden divine abilities!

“Soul Fiend – Ten Thousand Ghosts Pay Homage!”

The Soul Fiend Deputy Hall Master’s body exploded, transforming into a vast sea of blood.

Within the sea of blood, a hundred-foot-tall King of Ten Thousand Ghosts slowly rose! This Ghost King had three heads and six arms, a blue face and fangs, six eyes burning with blood-red flames, its aura reaching the peak of the ninth rank of the Celestial Immortal Realm, even faintly touching the threshold of the Upper Immortal Realm!

“Bone Demon – White Bone Hell!”

The Bone Demon Deputy Hall Master’s body shattered inch by inch, each fragment transforming into a towering bone pillar!

Chapter: 9787

“Chen Ping!” Huo Fentian was frantic, wanting to help, but he was entangled by the other experts of the Evil Path Hall and couldn’t break free.

The members of the Earth Fire Pavilion were also sweating for Chen Ping, their hearts in their throats.

Faced with this world-destroying attack, Chen Ping remained calm.

Even... a hint of excitement flashed in his eyes.

It was the excitement of seeing an opponent worthy of serious attention.

“Well done.”

He formed hand seals, his movements elegant and composed, as if playing a zither or painting.

“Chaotic Fire Domain – Creation!”

“Boom...!”

The Chaotic Fire Domain suddenly expanded, growing from a thousand feet in radius to three thousand feet!

Within the domain, chaotic energy and earth fire true flames intertwined wildly, evolving into earth, water, fire, and wind. The four basic elements collided and fused, as if to create the world and recreate chaos!

Chapter: 9789

Chen Ping stood with his sword, a slight smile playing on his lips. His smile was gentle, yet it sent chills down the spines of the three Vice Hall Masters.

“The one who killed you.”

His tone remained calm, yet it carried an undeniable authority.

Huo Fentian watched this scene, his drool practically dripping with envy.

Their Earth Fire Pavilion’s top-secret technique had actually been passed down to Chen Ping by their ancestor.

“With my essence blood, I offer sacrifice to the sea of blood!”

“With my bones, I forge hell!”

“With my divine soul, I guide the Yellow Springs!”

The three simultaneously burned their essence blood, sacrificed their bones, and stripped away their divine souls, unleashing their most powerful, forbidden divine ability!

“Soul Fiend – All Ghosts Pay Homage!”

The Soul Fiend Deputy Hall Master’s body exploded, transforming into a vast sea of blood.

Chapter: 9790

Within the sea of blood, a hundred-foot-tall King of Ghosts slowly rose! This Ghost King had three heads and six arms, a blue face and fangs, its six eyes burning with blood-red flames. Its aura had reached the peak of the ninth rank of the Celestial Immortal Realm, even faintly touching the threshold of the Upper Immortal Realm!

“Bone Demon – Hell of White Bones!”

The Bone Demon Deputy Hall Master's body shattered inch by inch, each fragment transforming into a towering bone pillar!

Hundreds of bone pillars pierced the earth, forming a hell of white bones covering an area of ten miles!

Within this hell, deathly energy permeated the air, white bones gleamed, and countless skeletons crawled out of the ground, making cracking sounds!

“Soul Annihilation – Guide to the Underworld!”

The Soul Annihilation Deputy Hall Master transformed into a gray pillar of light, shooting straight into the sky, tearing open a spatial rift!

From the cracks, murky, filthy waters of the Yellow Springs surged forth, corroding even space itself into black holes!

The Yellow Springs waters exuded a dense aura of death, as if from the deepest hell, capable of corroding all life and dissolving all souls!

With the three forbidden divine powers unleashed simultaneously, the heavens and earth changed color, the sun and moon lost their light!

The entire area within a hundred miles of the Earth Fire Pavilion was shrouded in blood-red, bone-white, and soul-ash-like hues. The terrifying pressure caused the earth to crack, mountains to collapse, and rivers to flow backward!

Countless living beings trembled under this pressure, kneeling on the ground, unable to rise.

“Chen Ping, be careful!”

Seeing this, Huo Fentian's excitement vanished instantly, replaced by a hoarse cry, his eyes filled with despair.

Such an attack had already surpassed the realm of the Celestial Immortal, faintly touching the edge of the Upper Immortal realm!

Not to mention Chen Ping, even a true First-Rank Upper Immortal would have to temporarily retreat!

The members of the Earthfire Pavilion were ashen-faced; their newly glimmered hope was shattered once more.

The cultivators of the Evil Path Hall, however, wore cruel smiles, as if they could already see Chen Ping torn to shreds.

Facing this earth-shattering attack, Chen Ping took a deep breath, a hint of solemnity flashing in his eyes.

He knew he could no longer hold back.

"Since that's how it is... then I'll show you my true strength."

He raised the Dragon-Slaying Sword high, and the power of the Chaos Immortal Power, the Golden Dragon Bloodline, and the Earthfire True Scripture within him erupted simultaneously!

The three powers collided and fused wildly within him, ultimately transforming into a new power—chaotic and undefined, yet containing the might to cleave the heavens and earth!

"Chaos, Golden Dragon, Earthfire... the Three Absolutes United!"
