

The Power 381

Chapter 381 Experience

Just when Wanyan Zongwang was a little disappointed with this nephew, Wanyan Zancheng was like a martial arts master who had suddenly opened up Ren Du's second vein, "Uncle Wang, Princess Duanxian is a little younger, but her status is here. You know, the Xie family is a top gentry family in Dayong, and she has excellent medical skills, just based on this alone, she is also worthy of being a nephew."

Wanyan Zongwang nodded, "My Dalou Kingdom is different from Dayong. Dayong has one wife and multiple concubines. The prince of Dalou can marry the fourth concubine. If you marry her, it will not prevent you from marrying other women. It's just a status, but marrying her has a different meaning. A girl's young age has its advantages. If you get closer to her these days, it's best to let her propose to marry you."

Wanyan Zancheng didn't understand this point, and asked blankly, "If Dayong's emperor issued an imperial edict, could she still disobey it?"

"You have underestimated the Xie family. Although His Royal Highness the fourth prince promised to guarantee that the emperor will issue an order, the gentry in the Central Plains can compete with the imperial power, and the Xie family is a family of scholars. Just in case, let Princess Duanxian Personal promise is the best."

In order to welcome the envoys of Lou State, the emperor held a dinner in the side hall of Danhuai Hall to welcome the envoys of Lou State. Xie Zhiwei was naturally among the invited ones, not to mention that, the emperor also ordered Xie Zhiwei to bring Xie Mingxi with him.

Xie Zhiwei was still very happy to let her younger brother see the world. After she made arrangements for her elder brother and younger sisters, she took Xie Mingxi from Tingtao Villa to Taohua Villa, where she was welcomed into the Stone Buddha Pavilion by the father-in-law Mi Tuan himself.

The Stone Buddha Pavilion is next to the Danhuai Hall, which is one of the eight inner scenic spots.

Here was originally a stone forest. The skilled craftsmen carved solemn and solemn Buddha statues according to the shape of the stone forest.

Yuan Jia and Ling Hua have arrived and are playing chess with the third princess Wanyan Baoxian. Xie Zhiwei is extremely uncomfortable seeing Yuan Jia's expression.

Mi Tuan whispered to Xie Zhiwei, "The eldest princess has already lost three games of chess. Although this game took a little longer, look at it, it's even more uncomfortable than before."

Mi Tuan doesn't know how to play chess, but the people in the palace who can survive are all masters of observation.

Xie Zhiwei is well versed in the way of Go, and when he heard this, his face sank. Since sister Yuan Jia had already lost three games, it is obvious that she is not in the same weight class as Wanyan Baoxian, and Wanyan Baoxian, she still knew a little bit about it in her previous life. , is known as a national player in Lou State, and it is only natural that sister Yuan Jia is not her opponent.

As for, it took a long time to play this game, Mituan didn't understand, she understood it as soon as she heard it, this is Wan Yanbao playing with sister Yuan Jia, sister Yuan Jia saw it, but she was helpless, this is humiliated.

How unreasonable!

Xie Zhiwei settled down, quickly collected his mood, and walked up the steps calmly.

Seeing Xie Zhiwei coming, Wanyan Baoxian glanced at Xie Mingxi contemptuously, and said arrogantly to Xie Zhiwei, "I heard that the princess is very good at chess, and I have also learned Go from a national player. I wonder if I can learn a little today?"

She had been waiting for Xie Zhiwei for a long time. After the conversation last night, Uncle Wang asked someone to investigate Xie Zhiwei. She already knew that Xie Zhiwei and Princess Dayong were sisters, and they had superb chess skills.

This is why she asked the eldest princess to play chess with her, but she wanted to take this opportunity to see how good Xie Zhiwei is?

It's just that Wanyan Baoxian forgot that she is five years older than Xie Zhiwei. However, Wanyan Baoxian never expected to lose.

Xie Zhiwei glanced at the chess game in front of Wanyan Baoxian, and he had a clear picture of the chess moves of the two of them before.

Wanyan Baoxian gave Xie Zhiwei a knowing look, and ordered the servants to pick up the chess pieces separately, but Xie Zhiwei stopped him, "Playing a game of chess will take a lot of time, I'm afraid halfway through the game, the banquet will start, and I won't be able to enjoy myself to the fullest. Do you want to continue this game of chess with the third princess?"

Wan Yan Bao now sees Xie Zhiwei coming, and she is too lazy to tease Yuan Jia like a cat teasing a mouse. She just dropped one word, directly cutting off all of Yuan Jia's retreats. In her opinion, Yuan Jia has nowhere to go.

Xie Zhiwei actually wanted to revitalize this game of chess, Wanyan Baoxian sneered in his heart, and wanted to see if Xie Zhiwei was really good at it, or if he didn't know how to live or die, so he didn't object.

Yuan Jia lost a game of chess, and the loss was very miserable. She was tortured and killed by Wanyan Baoxian, and she felt uncomfortable. Hearing that Xie Zhiwei wanted to turn things around for her, she was naturally relieved. She was naturally relieved to not lose face in front of Princess Lou. I couldn't help but give up my seat to Xie Zhiwei, "Sister Wei, sit down!"

Linghua naturally wouldn't doubt Xie Zhiwei's level, she led Xie Mingxi to watch the battle from the sidelines.

The two had just sat down when the emperor led people from Dayong and Lou Guo to pass by. He saw Xie Zhiwei playing chess with Wanyan Bao. He heard that Xie Zhiwei was trying to win a game for Yuan Jia. He was also very interested and asked Wanyan Zongwang, "The third princess of your country can also play chess?"

"Your Majesty, the three princesses of our country have been taught by Honinbo Doce since they were young. After the age of twelve, they have no rivals in our country!"

Everyone's expressions were serious, Honinbo Doce is known as a chess master in Ryukyu, such a person will naturally not accept disciples casually, and being able to fall in love with Wanyan Baoxian proves that Wanyan Baoxian is extremely talented. People were not curious, so they went to the Shifo Pavilion to watch the battle.

Xie Zhiwei hasn't made a move yet, the chess game is clear at a glance, Wanyan Zancheng can't help but look at Xie Zhiwei, the little girl has bright eyes and white teeth, her face is picturesque, of course, a pair of glazed eyes are shining brightly, she is staring at the chessboard, two green onions Jade fingers pinched a black chess piece, which made her fingers even whiter.

While everyone was thinking about how Xie Zhiwei should make this move, she had already made a move in the northeast corner, and no one could see what her strategy was. They all thought that she was going to give up a large number of pieces and find another way.

Wanyan Baoxian let out a sneer, not concealing her contempt for Xie Zhiwei, and decisively landed a son in the east and west, sweeping away a large area of Xie Zhiwei's mountains and rivers without mercy.

Xie Zhiwei glanced at her indifferently, not in a hurry, and fell down again. At this time, everyone still didn't see what Xie Zhiwei's purpose was, but Wanyan Baoxian seemed to understand something vaguely, but time could not tolerate her Think about it, as long as Xie Zhiwei's retreat is cut off, so what if she has the power to recover?

Wanyan Baoxian also dropped a son, showing her characteristics, decisive in killing and attacking, with the style of a general.

It was Xie Zhiwei's turn, she smiled slightly, and holding a chess piece between two fingers, it landed lightly in the middle of the large lost river and mountain. The angry voice made the emperor couldn't help but look at Xie Zhiwei with joyful eyes.

The third update!

Chapter 382 Defeated

If it is said that Yan Bao has the style of a general, in this game of chess, Xie Zhiwei's performance is elusive, it is considered exhaustive!

Wanyan Zancheng kept his eyes on Xie Zhiwei, although such a young girl, he already had three wives and four concubines, and he was over twenty years old, so he was not interested at all, but if he could marry her back home, it would be very interesting to raise her like a daughter for a few years .

I also agreed to this marriage in my heart, and thought of actively fighting for it.

Xiao Xun's eyes were on fire, after seeing Yan Zancheng's playful eyes on Xie Zhiwei, if his sharp eyes had any substance, they could poke Wanyan Zancheng out.

With three pieces, Wanyanbao is now defeated!

She stared blankly at the chessboard, and really didn't understand how such a great shift of the universe was realized. The pride in her heart was like a flood that burst a bank, and the expression on her face was constantly changing. She didn't know what to do for a while. good!

"Sister Wei, you are amazing!" Yuan Jia happily gave Xie Zhiwei a thumbs up.

Xie Zhiwei was still thinking about Wanyan Baoxian's teasing and humiliation to Yuan Jia just now, she glanced at Wanyan Baoxian lightly, her contemptuous eyes pierced Wanyan Baoxian's broken heart like a sword, and said with a smile, "My subordinates It's just a defeat!"

Wanyan Baoxian burst into tears. After she was twelve years old, she has never lost again. Even if she loses, it won't be a terrible loss in just three hands. At most, she will only lose one or two hands. Like now, A loss is a blockbuster, and there has never been a situation where there is no power to recover.

The words "defeated general" were like the last straw that broke the camel's back. Wanyan Bao stood up immediately, and rushed out of the Stone Buddha Pavilion without hesitation.

Wanyan Zongwang took a deep look at Xie Zhiwei, killing people and punishing their hearts is nothing more than that, this little girl seems harmless, her medical skills are excellent, and the doctors are benevolent, but in fact she is cruel, ruthless, attacking her heart, she clearly did it on purpose .

"Hurry up and chase after your sister, and comfort her well!" Wanyan Zongwang instructed Wanyan Zancheng to chase her out, he turned to Emperor Dayong and said, "Your Majesty, the third princess is the princess of the king's brother, who has always been favored, and has never been defeated like this before." , it is difficult to accept for the time being, I hope the emperor will forgive me for being rude!"

Emperor Shoukang laughed, looking at Xie Zhiwei's eyes, it was unavoidable that Yuan Jia lost to Wanyan Baoxian's three moves, and Xie Zhiwei's three moves turned the world around, she returned all the humiliation Wanyan Baoxian had done to Yuan Jia, how could the emperor do not like?

"Second Marshal, you are polite, children are playing around, we adults don't have to get involved!" Having said that, the emperor turned his head and said to Lu Yan, "Give me the set of Go that the governor of the south of the Yangtze River brought up a few days ago. Princess Duanxian."

This is a reward for Princess Duanxian!

Xiao Changxuan took a look at Xie Zhiwei and saw her thanking her calmly, her every move was elegant and neat, as if measured with a ruler, but in Xiao Changxuan's eyes, this so-called aristocratic daughter was extremely hypocritical, not at all as good as his Qing'er Pure and simple.

It was late, and Lu Yan came over to invite the emperor to a table, and the emperor led a group of people to the side hall of the Danhuai Hall. In the huge hall, there were short tables on the left and right sides, waiting for everyone to take their seats. Come up one by one.

Xie Mingxi was at the same table with Xie Zhiwei. Although he was only five or six years old, he learned the ancient rituals well and sat upright without any effort.

Accompanying the emperor is Yu Xuanshi. In just two days, this woman seems to have been completely reborn. She is dressed in a luxurious dress and her head is surrounded by emerald beads. It is not at all obvious that she is from a boat girl, but she is graceful.

Xie Zhiwei took a deep look at Yu Xuanshi, and raised his eyes to look at Lu Yan. Ruyi's profile became more and more coquettish against the candlelight all over the hall, and his bright red lips were slightly raised. There was a stream of light flowing from his lips. It was charming and touching.

As if he had sensed something, he looked over from the corner of his eyes, and unexpectedly, the corners of his lips were raised a little higher, and a demon poured out from the corners of his eyes and lips, no male monster could beat him.

Xie Zhiwei couldn't help but have deep doubts, is this boat girl really a boat girl?

Here the singing and dancing are peaceful, but heart-piercing cries came from Feicui Pavilion. Xue Wanqing stood at the door blankly, watching Concubine Wan crying recklessly, she was a little puzzled, why everything was not in line with the book. Is it the same?

In "Pearl on the Palm", even if Concubine Wan came out of the brothel and was welcomed into the palace by the emperor, she was very favored and gave birth to her son safely and soundly. The child was almost made a prince. Now that she is helping her, why is it so unsatisfactory?

Concubine Wan's child was finally aborted.

"I'm going to see the emperor, and I blame Princess Duanxian. If it weren't for her, my son wouldn't have been lost. She's not worthy of being a human being!" Concubine Wan struggled to get out of bed.

Xue Wanqing walked over and held her down, "At the moment, I need to take care of my body as soon as possible, and when the emperor is lucky, I'd better be able to conceive another child."

Concubine Wan looked at Xue Wanqing incredulously, she thought for a while, then shook her head, "No, it won't happen!"

The emperor now has a newcomer. The most important thing is that they found out that Zheng Changdong had been questioned by Dongchang. Surprisingly, Zheng Changdong was released by Dongchang. When they searched for him, Zheng Changdong had disappeared.

"The emperor will never visit me again." Concubine Wan grabbed Xue Wanqing's hand, "Did the emperor believe Zheng Changdong's words?"

Xue Wanqing was also very speechless, "When I asked you, you said you were an orphan, but you never told me that you still have a fiancé. If your fiancé is dead, it's fine, but he is still alive."

"I never dreamed that he would find me. I thought I entered the palace, but everyone said that once I entered the palace, the gate was as deep as the sea. I don't think he will ever see me in this life. I don't want to cause trouble."

In fact, after dealing with Xue Wanqing, she didn't want to hold this handle in Xue Wanqing's hands. Moreover, without this trip to Taohuawu, as Li Wanfen thought, it would be impossible for her to meet Zheng Changdong in her life. She is the emperor's concubine Concubine, Zheng Changdong is just a

down-and-out scholar, if she hadn't been separated from Zheng Changdong, she wouldn't be down and down to the point of begging and selling herself.

Xue Wanqing also felt that what Li Wanfen said made sense. If Li Wanfen had told her about this earlier, she would not have the ability to find Zheng Changdong. Right now, she would have to give up this chess piece, thinking about how to build her own career. Could it be that she had to rely on Xiao Changxuan?

Thinking of this, Xue Wanqing was upset for a while. After comforting Li Wanfen, she walked out of Feicui Pavilion, stood on the high steps, and looked at the lights of Danhuai Hall. Help, she is so vicious at such a young age, it seems that after Xiao Changxuan was dethroned in the book, it is not too much to cast her into limbo.

She actually took such a passive step! Xue Wanqing clenched her wrists unconsciously, her heart was full of unwillingness, now she could only count on Xiao Changxuan's side, if Xie Zhiwei could be sent away, Xiao Xun's place would be vacant, and she could seize the opportunity to let Xiao Xun see myself.

Today's update!

I am climbing the list, please do me a favor, if you have votes, please vote more!

Chapter 383 Qin Jin

The atmosphere of the banquet gradually became better as Yiwuhou and Wanyan Zongwang had a happy conversation, but Wanyan Zongwang became more interested in Xie Zhiwei, and today Xie Zhiwei's performance exceeded his expectations, so he couldn't help laughing, "I'm really handsome!" I don't know, there is such a sweet-hearted girl as Princess Duanxian in the world, if Princess Duanxian is interested, she can go to our country to play, and I will welcome you!"

Xie Zhiwei pinched the chopsticks, her eyes swept across Wanyan Zongwang and Wanyan Zancheng's brother and sister lightly, Wanyan Zongwang's gaze was very appreciative, Wanyan Zancheng looked at her with scrutiny and scrutiny, and Wanyan Baoxian looked at her. The look of gloating at others' misfortune made her think deeply.

"What's so interesting about Lou State?" King Xiang said without waiting for Xie Zhiwei to speak, "My Dayong has a vast land and abundant resources. The north and the south are very different, and the products are rich. According to this king, the second commander-in-chief might as well stay here. Otherwise, the third princess It's okay to stay in Dayong with the fourth prince. You see, the third princess is still a disciple of the master of chess. She is so good in your Lou country, but as soon as the result came, she was compared with Duanxian princess. It can be seen that there is a shortage of talents on your side. , I don't know much."

One word from King Xiang lowered the atmosphere of the banquet to freezing point. Wanyan Zongwang's complexion was very ugly, and Wanyan Baoxian became even more annoyed. He pointed at Xie Zhiwei and said, "I want to compete with you again!"

This is a challenge!

Now that Wanyan Bao has lost, Wanyan Zongwang also feels that his face is dull. If things go on like this, Wanyan Bao has this inner demon, and he is afraid that there will be no progress in the game of Go. He also agrees and stands up. Said to the emperor, "Please allow His Majesty the Emperor Dayong to complete it!"

The emperor couldn't help looking at Xie Zhiwei, and asked, "Duan Xian, what do you think?"

Xie Zhi took a sidelong glance at Wanyan Baoxian, stood up and looked at Wanyan Zong, "Second Marshal, there is no one who initiates a challenge without a reason, and no one accepts a challenge without a reason. How dare you win or lose?"

Wanyan Bao just wanted to bully and humiliate Xie Zhiwei, so she stood up abruptly, pointed at Xie Zhiwei and said, "If I win, you will come back to Lou with me obediently, and let me be your slave and handmaid from now on, if I lose, at your disposal!"

"Presumptuous!" Wanyan Zongwang looked at this niece very disappointed, where is her former demeanor? It can be seen that it is impossible for a person who has never been defeated to have great achievements. There are people who are invincible and unafraid of humiliation. Such a person is definitely not Wanyan Baoxian.

Wanyan Zongwang clasped his fists at the emperor guiltily, "Your Majesty, please forgive my handsome niece's rudeness, but Princess Duanxian is an extremely dazzling pearl of great Yong, and anyone who has seen her demeanor will be impressed by her. Once our country can take back this pearl, the conditions of the covenant can be raised by your country, and our country will have no objection."

The emperor was taken aback, but King Xiang was furious, his eyes were so fat that they could not be seen, and he wanted to eat Wanyan Zongwang.

A cold light flashed in Lu Yan's bewitching eyes. He glanced at Xiao Changxuan and lowered his eyes.

Xiao Xun sat on the seat, holding the wine glass tightly with one hand, the enamel lotus pond wine glass in his hand slowly cracked, and the peach blossom wine contained in it overflowed silently.

If Mae-Mei can recognize himself, wouldn't he have a position to defend Mae-Mei at this time?

Xiao Xun couldn't help looking at Xie Zhiwei, seeing her eyes drooping and her face calm, it seemed that the person everyone was discussing was not her, which was confusing.

Could it be said that Mae-Mei is not afraid of leaving home and going to other countries?

Anyone with a discerning eye can understand what Lou Guoren is up to.

Xiao Changxuan was overjoyed. He never expected that Lou Guo would be able to offer such a condition in order to get Xie Zhiwei. In this way, after Dayong regained Yanyun in the future, he would not have to think hard about how to keep his promise.

Although he can't see the value of Xie Zhiwei, he doesn't need to know, as long as he can get Xie Zhiwei away, he won't be afraid that his brothers will take Xie Zhiwei's idea, and everyone can compete fairly up.

If it wasn't for Qing'er, he wouldn't reject Xie Zhiwei's marriage, but now, he wants Jiangshan and a beauty, and he doesn't want to give up, so Xie Zhiwei seems to be particularly in the way.

"Hehe!" Xiao Xun sneered twice, looking very abrupt in the empty and quiet hall, the emperor suddenly woke up, and asked displeasedly, "King Chen, what are you laughing at?"

Just now, the emperor was tempted.

The agreement negotiated between Dayong and Lou State was that the two countries jointly conquer Beiqi, and after the recovery of the sixteen prefectures of Yanyun, it will be returned to Dayong, and the annual gold paid by Dayong to Beiqi will be returned to Lou State. If Lou State can agree For Dayong's conditions, at the very least, Xie Zhiwei can offset the annual pension that Dayong has to take out every year.

300,000 pieces of cloth and 200,000 taels of silver per year, if they can be saved, at least an army of 100,000 people can be raised.

And I want to go to Taishan to enshrine Zen, the household department has been clamoring that there is no money, this money is more than enough for enshrining Zen, and I can do other things, several palaces are dilapidated, and several palaces in the palace always have no money to repair , including Linde Hall, can also take the opportunity to renovate... Thinking of this, the emperor couldn't hide his excitement.

The expression on Emperor Shoukang's face could not be concealed from the old and cunning Wanyan Zongwang. He had heard that the emperor was dissatisfied with Prince Xiang's Mansion, and he also heard that Prince Xiang's Mansion wanted to hire Princess Duanxian as his daughter-in-law. It is also necessary for the emperor to have a rift with King Xiang because of Princess Duanxian.

"When the two countries discuss state affairs, they discuss state affairs. What do you do with women? The minister is making fun of the second commander's short-sightedness. I heard that the second commander uses soldiers like gods. Is the invincible second prince worthy of the name!"

Xiao Xun said the last sentence to Wanyan Zongwang. He was full of murderous intent. In Wanyan Zongwang's eyes, Wanyan Zongwang understood that it was Xiao Xun's intention that Prince Xiang's mansion asked to marry Princess Duanxian.

Wanyan Zongwang was at least two rounds older than Xiao Xun, so of course he would not be irritated by Xiao Xun's few words, but instead said sincerely, "To tell the truth from the county prince, this time, if the commander, the princess and the prince were not Duanxian princess , I'm about to lose my life, Princess Duanxian is our savior, our country treats the savior like a reborn parent, it's not too much to enshrine the savior, please forgive me!"

The emperor thought so, and breathed a sigh of relief. He was afraid that Xie Zhiwei had a secret that no one knew, and the people of Lou knew it, but he didn't.

"Father, my son is really moved by the sincerity of the second marshal. My son thinks that Duanxian Princess is a noble person. It just so happens that the fourth prince of Lou Kingdom has no direct wife. Why don't the two countries get married because of this, making Qin and Jin good!" Xiao Changxuan suggested.

The first update!

Chapter 384 proposed

Xie Zhiwei raised his head abruptly, and looked at Xiao Changxuan. His smiling face, in Xie Zhiwei's view, was extremely hateful.

Xie Zhiwei firmly suppressed the urge to throw the wine glass in his hand at Xiao Changxuan, and was about to speak when Yuan Jia stood up, "Brother Sihuang, when it comes to marriage, it should be the duty of us princesses, and then it is the princess of the imperial family, and it is not yet the turn of Princess Duanxian!"

Xie Zhiwei was surprised, and looked at Yuan Jia in surprise. Yuan Jia happened to look over, and she couldn't hide the grief and indignation in her eyes, and she also suppressed her with her eyes, not allowing Xie Zhiwei to speak.

King Xiang breathed a sigh of relief, and said with a smile at this time, "Yuanjia, silly boy, what are you talking about about getting married? It hasn't reached the point yet. Even if you get married, it doesn't necessarily mean that the princess of Dayong will marry to Lou Kingdom. Well, since Lou Guo brought the princess here, he is naturally planning to keep the princess, this is the sincerity."

Of course Yuan Jia didn't want to go to marry her, but she was even more unwilling to feel sorry for Weimei. Weimei had saved her mother and queen twice. At such a young age, how could she let Weimei go to Lou country to marry?

She didn't expect that the fourth brother would actually make such a request, which was beyond her imagination.

"This is a state matter, and the two countries need to discuss it in detail. Let's stop here today!"

After the emperor finished speaking, he got up and left, and Lu Yan followed behind him. The hem of the unicorn robe embroidered with red color crossed the high threshold and disappeared into the night.

Today's banquet was really a turnaround. I don't know if the peach blossom wine was too intoxicating. People on both sides didn't seem to suppress it, but exposed their ambitions.

The night is intoxicating, and there is a faint fragrance of flowers floating in the air. A round of light red crescent moon is inlaid in the black velvet night sky. Caressed on the shoulder.

Emperor Shoukang folded his hands behind his back, he couldn't bear it, he turned his head and asked Lu Yan, "Ah Yan, tell me, what's Lou Guo's idea?"

Lu Yan pondered for a while, with a slight smile in his soft voice, "I never thought about it, I was just curious. How could His Royal Highness the Fourth Prince be happy to see such an absurd and unrealistic request from Lou Guo?"

Which superior person would give up his pension year after year for a woman?

The emperor's heart skipped a beat, and a sentence from the queen suddenly sounded in his mind, "Even if the palace gave birth to a son-in-law, and the fourth prince has grown up, what's the problem with him?"

It has to be said that this sentence pierced a thorn in the emperor's heart from the very beginning, but at this time, the thorn became deeper and deeper, deep enough to make him vigilant.

Fortunately, the emperor is not very old and does not have a deep city, otherwise, he would not have proposed at the banquet today, but ordered others to help him speak out, the emperor sneered.

Sure enough, his sons all grew up.

Also stupid as a pig.

If it was him, the emperor could not help but think that, with the dignity of the prince, he would marry Xie Zhiwei, and with the importance the Xie family attached to Xie Zhiwei, he would definitely do his best to support the prince's son-in-law behind his back. Although Xie Tiao has kept a low profile these years, the four major families The old disciples of the old school are also scattered all over the government and the public, and they are intertwined, so why worry about nothing!

Thinking of this, the emperor couldn't help but say, "Princess Duanxian has also reached the age of discussing marriage. Since ancient times, there have been hundreds of daughters in the family, and now Xie Tiao should have a headache."

A dark light flashed in Lu Yan's bewitching eyes, he raised his hand to pick up a peach branch full of peach blossoms for the emperor, and said, "I heard that Mr. Xie has an appointment with the Cui family, because the Feng family killed Cui Da. Madame, to express my apology, Mrs. Xie is willing to marry any daughter of the Xie family to the Cui family as a daughter-in-law, presumably the Cui family will choose Mrs. Xie."

The Cui family and the Xie family got married again? What are they up to?

The emperor was taken aback, but he didn't doubt Lu Yan's guess. Whoever it was, would choose the eldest daughter of a family. Those girls were carefully cultivated with all their efforts. The Cui family would only abandon Xie Zhiwei unless they were blind. And choose other.

"Does the fourth child know about this?" The emperor laughed loudly.

Lu Yan followed behind, respectfully said, "Prince Xiang also heard about it, and he is very anxious these days."

"I'm afraid after tonight, he will be even more anxious!" The emperor couldn't help but want to see his good brother, the bear like a dog biting a hedgehog and unable to bite.

Xie Tiao was also in a hurry, but right now, he had no choice but regretted not having settled Xie Zhiwei's marriage with the Cui family early, and after sending Xie Zhiwei and his brother back to the yard, Xie Tiao patted his calm granddaughter gently. On his shoulder, he comforted, "Some things are right to say, especially important matters related to the court. It has never been so easy to settle down. You can rest at ease, everything depends on your grandfather."

Xie Zhiwei was not in a hurry. Neither her grandfather nor her father would hand her over easily. After thanking her grandfather, she led her brother into the house.

Xie Mingxi was so sleepy that she couldn't open her eyes. Xie Zhiwei asked the maids to help her wash up first. She sat alone in the east study, thinking about what happened today. Apart from lamenting Xiao Changxuan's stupidity, she didn't know what to say. Say what.

She also knows that the most urgent task right now is to settle the marriage as soon as possible, so that there is no room for comment. However, if it is about the Cui family, does she really want to marry her second cousin or third cousin?

In the previous life, both the second cousin and the third cousin had good marriages. The Cui family was defeated because of her. When Xiao Changxuan purged the Cui family, the two cousins were valuable, but they never left each other. She didn't want to destroy this relationship. good marriage.

Bang bang bang!

Xie Zhiwei heard someone knocking on the window, she hurriedly raised her head, through the Qiang screen, she saw that it was Xiao Xun, hurriedly went to push the window open, and asked in a low voice, "Why are you here?"

"Why can't I come?" Xiao Xun turned in very bluntly, and was about to speak, when he heard Xie Mingxi yelling "sister" aggrievedly outside, Xie Zhiwei went out after hearing it.

Xie Mingxi had been placed in the green gauze cupboard by Nanny Qiu, he closed his eyes, stretched out his hand, and called his sister pitifully.

Xie Zhiwei hurried over to hold his younger brother's hand, stuffed it under the quilt, sat down by the bed, patted him gently, asked Xuanta to cover the candles in the room, and said in a low voice, "Is my sister here?" , sleep well, we will go back tomorrow."

Xie Mingxi listened to his sister's words, and soon fell into a deep sleep. Xie Zhiwei waited for him to sleep soundly, then covered him with the quilt, and returned to the study.

Xiao Xun hadn't left yet, sitting on the piano stool, staring at the bookcase in a daze, when he heard the movement, he raised his head and watched Xie Zhiwei sit down on the stool in front of the desk.

"Mae Mae, I have a proposal, do you want to hear it?"

Xie Zhiwei knew that what he was talking about was about today's dinner, and she was worried that she had no idea, she couldn't sit still and let the emperor really send her to Lou country, so she nodded, "Say it!"

The second update!

Chapter 385 Engagement

Xiao Xun thought for a while, but still didn't know how to speak. He looked at the bright young girl in front of him. Under the candlelight, her fair skin was more delicate than the finest suet jade, as smooth and smooth as if covered with a layer of enamel. And delicate.

Xiao Xun took a lot of effort to restrain his ready-to-move hands, he turned his face away, had an idea, and said, "Mei Mei, now you and I are in trouble."

Xie Zhiwei didn't understand, she was really embarrassed now, but Xiao Xun, is there anything embarrassing for him? He hurriedly asked, "What's the matter? What happened to you?"

"My father insists on betrothing me." Xiao Xun said this, pretending to be wronged.

Although he doesn't know Mei-mei's attitude towards him, one thing is for sure, Mei-mei cares about him very much, and he certainly doesn't want to see him in trouble.

Xie Zhiwei thought of his previous life, when Xiao Xun entered the palace, he was already approaching his age. At that time, he hadn't married yet, and he didn't hear that there was a concubine around him, but I didn't know later, did he have a queen?

If he establishes a queen, who will he establish? It's a pity that she was imprisoned in the cold palace for ten years at that time, and she no longer knew of any famous ladies in Beijing.

Thinking of this, she couldn't help but frown, the pain in her previous life made her very unhappy.

Xiao Xun, who has been secretly paying attention to Xie Zhiwei, naturally didn't let go of her mood swings at this moment, as if a puppy was having fun in her heart. Sure enough, Mei Mei was upset. When she heard that he was going to get engaged, she would not happy.

Who doesn't know, if he is really engaged, he will definitely treat the girl he is engaged to in the future, and he will not be able to play with Mei Mei in the future.

It's just that Xiao Xun feels like vomiting when he thinks of being nice to other girls.

Except when fighting, he always gets annoyed even when he gets close to Yuan Jia and the others.

"Who are you engaged to?" Xie Zhiwei didn't know herself. When she asked this question, she didn't understand the imperceptible grievance in her tone. How could Xiao Xun get engaged in this life?

In the previous life, did Xiao Xun ever get engaged to someone?

"I don't know either. My father asked me if I had a suitable candidate. I thought about it and thought of one, but I was afraid that she would not agree, so I said no, and my father said he would help me find one. ..." Xiao Xun held Xie Zhiwei's hand eagerly, "At this time, you should help me, and you should help yourself."

Xie Zhiwei froze for a moment, "How can I help you?"

Looking at Xie Zhiwei's clear eyes, bright black eyes, Xiao Xun thought of the method he was about to cheat, he scolded himself in his heart, but still had to ask, "If you can help me, or say, we If you can help each other, will you promise me?"

Xie Zhiwei's mind was still immersed in Xiao Xun's words, he thought of a girl, and was afraid that the girl would not agree, and would feel a little uncomfortable, Xiao Xun actually kept it from her, but why did Xiao Xun tell her?

She nodded absently, pulled her hand out, picked up the teapot pretending not to care, and poured a cup of tea for Xiao Xun, "Speak!"

"I don't want to be engaged to some unknown girls who I hate. Just right, Mei Mei, aren't you in a difficult situation right now? At this time, even if your grandfather has chosen a marriage partner for you, the other party must not dare I agree, or, Mei Mei, let's get engaged!"

Xiao Xun almost couldn't wait to say the last sentence. He leaned forward and looked at Xie Zhiwei eagerly. As long as Xie Zhiwei nodded, his wish would be half fulfilled. From now on, he can rely on his fiance's identity to treat Mae Mei unscrupulously. Well, Mae Mae will definitely like him too.

Xie Zhiwei looked at Xiao Xun's shining phoenix eyes, which were as bright as stars in the summer night sky. The hope in her eyes burned like fire, which burned her heart all of a sudden. She couldn't help thinking of her previous life, the moment before she died, Xiao Xun Xun rushed into the cold palace with a gun in hand. When he saw himself, there was grief and despair in his eyes, and his voice seemed to be heard in his ears, "Thank you, Miss!"

She is a destitute queen, but someone still calls her "Miss Xie".

However, at that moment, she wished she could go back to the past, when she was Miss Xie, and everything could start from scratch.

Could it be that the wish at that moment moved God, so that she could be reborn?

At this moment, Xie Zhiwei didn't think about anything. She nodded and said sincerely, "It's true that I would like to help you, but if that girl knows that you are engaged to me, if she also likes you in her heart, will she be sad? I think it's better for you to be cautious about this matter, and don't be self-defeating."

Xiao Xun just felt that he was hit too suddenly by happiness, he was a little dizzy, in the candlelight, his handsome face was like a blooming peony flower, gorgeous and luxurious, his pair of phoenix eyes were piercing, and he looked at Xie Zhiwei, "It's okay, you don't have to worry about this matter, you just need to promise me and help me. But, Mei Mei, don't worry, since we are engaged, as long as you don't regret it, I will never Repenting will definitely not ruin your reputation, nor will it ruin the Xie family's reputation."

After finishing speaking, he was afraid that Xie Zhiwei would go back on his word, so he told Xie Zhiwei to rest early, and as soon as he turned over, he jumped out of the window.

He jumped all the way, like a puppy, the rabbit ups and downs, and then he arrived outside the villa, and snapped his fingers at Mohen who was waiting here, "Let's go!"

Mo Hen listened to the chords and understood the elegant meaning. Seeing that his master was so happy that he was about to go to heaven, he thought to himself, what is the matter, hurriedly stepped forward, and asked, "Master, is there a happy event?"

"Hahaha, it's just a happy event, hurry up, don't ask, hurry back!" He was going to find his father and ask the emperor to seal the imperial edict tonight.

As soon as Prince Xiang rested, he was startled by the sound of knocking on the door. He heard his son jumping anxiously outside, and kept complaining, "Did you go to bed so early? Father, get up quickly, my son has something important to do with you." You say!"

Prince Xiang didn't dare to delay, quickly put on his clothes and got up, and then opened the door, Xiao Xun rushed in, jumped up with joy, "Father, it's done, Mei Mei promised me!"

"What happened?" Prince Xiang didn't know who Mei Mei was, but seeing his son's appearance, he guessed it, "You mean, Miss Xie agreed? Oh, it's a good thing, Dad will help you go tomorrow Ask for a marriage decree!"

"Father, you go now, go to Lu Yan, ask him to help, and ask for the marriage decree, so as not to have long nights and dreams."

Prince Xiang thought to himself that with him watching from the side, he would be afraid of long nights and dreams, but when he thought about it, Miss Xie's family is now like a sweet pastry, how many people are watching, if something goes wrong, even if things can be turned around in the future, it was not good to see, and it was not good to say it, so he quickly tidied up his clothes, told his son to be safe and calm, and he went to the Hall of Leshou.

The third update!

Chapter 386 Congratulations

The emperor was not asleep yet, and was listening to Yu Xuan's singing, and Lu Yan was not serving beside him, and was followed by rice balls.

"There are flowers in the depths of the floor, the curtains are half-rolled and the east wind is soft. Spring returns to the emerald land, the flat sand is soft and tender, and the weeping poplars are golden. Late in the day, the flowers are urged, and the rain in the light cloud pavilion is slightly cold and warm. I hate the world of fragrance and beauty, tourists. If there is no reward, I will give it all to Ying and Yan..."

Yu Xuanshi does have a good voice. If it were any other time, Prince Xiang would naturally listen for a while knowingly and wisely. He would only go in when the emperor had his fill of fun. Only at this time, he couldn't wait for a moment.

Naturally, Mi Tuan would not let Lord Xiang in easily. When the two were pushing and shoving outside the hall, the emperor had heard it long ago. To deal with important matters, the concubine should step down first, and wait for the concubine to drink some water to moisten her throat before singing to the emperor."

The emperor took a deep breath, with a sullen face, and ordered, "Let him in, I want to see, what is the important thing?"

King Xiang glared at Mi Tuan fiercely, flicked his sleeves, entered the hall, and complained, "Brother Emperor, Mi Tuan is a bit too courageous, even a servant dares to stop him!"

The emperor said angrily, "In the middle of the night, you rushed to the harem, what is the matter?"

"Brother Huang, didn't you say before that as long as the Xie family agrees, you will issue a marriage decree to my son? Brother Huang, write the decree now!"

The emperor was so angry that he broke into his harem at this time, just for a marriage decree? The emperor opened his mouth, wanting to reprimand him, but he swallowed his words when he saw that his younger brother was thick-skinned, no one served him tea, and he poured tea himself.

"The Xie family agreed?" The emperor was not very happy. The Xie family agreed at this time, obviously because they didn't want to put their daughter on the fire, but just asked him to give up the annual tribute. Wan is loyal to the emperor and loves the people, and when it comes to the critical moment, he is still so selfish and wise to protect himself.

Since ancient times, there have been many women who are willing to get married for the sake of national justice, why can't Xie Zhiwei?

The emperor of the Xiang Dynasty glanced at it, and quickly concealed the displeasure in his eyes. He urged, "Brother, who is the Xie family? If he refuses, can I ask for the imperial edict of marriage?"

"The important matter has not been agreed yet. Is it too hasty to make an order at this time?"

King Xiang sneered in his heart, but he pretended to be ignorant, "What's the big deal? What kind of country's big deal is related to the marriage of children? Brother Huang, you don't really want to send Princess Duanxian to Lou Country Right? You listen to my brother, if you really do this, not to mention that your mother doesn't agree, all the scholars in the world will drown you with their saliva."

King Xiang did not dare to say the word of drowning, but his words also alerted the emperor. What exactly does his good son Xiao Changxuan want to do? Do you want people in the world to scold him as an old man so that he can inherit the throne?

King Xiang didn't say a word, but the emperor also understood that Xie Zhiwei was a minister who contributed to quelling the epidemic in Juzhou. Her reputation has already been well-known across the country due to the spread of caring people. If he really sends Xie Zhiwei to marry him, The world will really scold him.

Thinking about it this way, the emperor didn't bother to care about this matter anymore, and ordered Mi Tuan to send the person in charge of pedestrians to draw up an order, and use the seal to send King Xiang away.

Lu Yan couldn't hide the matter from Leshou Palace. He was sitting in the study of Buyun Building, the candlelight on the three-color candlestick was bright, and the candlelight lightly licked his bright and flowery face. Lips with a picturesque side profile, long and narrow eyes drawn upwards, evil and charming but with a touch of coolness.

Mi Tuan stood at a distance of three feet from the book case. After the report was over, the governor did not move. He didn't know if the governor had heard clearly. He didn't know how to deal with himself when he heard Lu Yan's soft voice. Unhurriedly, the voice rang in the room filled with the sweet fragrance of peach blossoms, "The Xie family agreed?"

"Yes, that's what Prince Xiang said. The prince of the county just came back from Tingtao Mountain Villa, and the prince of Xiang broke into the Hall of Leshou. Originally, the prince of Xiang went to bed and got up from the bed. I heard that the prince of the county was so happy !" Mi Tuan's legs were trembling, and the governor seemed to be in a bad mood.

"That's...very good!" Lu Yan's lips pulled a smile with difficulty, he quickly adjusted his mood, and ordered, "The imperial decree is in triplicate, one copy is sent to the Ministry of Rites in the capital for record, and the two copies are announced separately. Do it!"

"Yes!" Mi Tuan went down tremblingly, and stood under the eaves. He couldn't help but glanced into the room, and saw that the governor had his eyes closed, and a wolf hair brush was folded in half in his hand, like a bamboo jade carving. His hand was stabbed, and blood dripped down.

When the imperial decree arrived, Xie Zhiwei had already fallen asleep. In the dark, she opened her eyes and felt a little uneasy. She actually promised Xiao Xun that she was willing to be married to him in order to help him. At that moment, she really didn't want to refuse.

Did she not want to see him in trouble, or did she have other ideas, until now, Xie Zhiwei didn't want to think about it, she wanted to be a quail for the time being.

But I couldn't sleep.

Unknowingly, the midnight drum sounded, Xie Zhiwei closed his eyes, and the door was slammed, and Du Yuan's voice was outside the door, shouting, "Sister Xuantao, wake up the girl quickly, the imperial decree is here, yes A will for the girl."

In the main hall of the outer courtyard, Lu Yan was wearing a red embroidered unicorn robe. He was holding a bright yellow jade scroll imperial decree in his hand. On the back of his white hand, he could vaguely see the bulging veins. There was a lamp on his left hand. Tea, but didn't move, sitting on the chair, Yao Mei's eyes looked so cold for the first time, looking at the door leading to the backyard, a little absent-minded, don't know what he was thinking?

Xie Tiao sat next to him, it's not that he didn't insinuate the imperial decree, but Lu Yan didn't say a word, which made Xie Tiao very anxious, and couldn't help thinking, if the emperor really wanted to send Wei girl to Lou country, the Xie family may have to resist the order and refuse to obey, even if they earn a living in the end, they will have to bite the bullet and earn it, and they will not agree no matter what.

Beads of sweat on his forehead kept bursting out and rolling down, and he raised his sleeves to wipe the sweat from time to time.

The incense case has been set up, and the preparations for receiving the order have been completed, but Xie Tiao knows that in the end, there are two opinions about whether to obey the order.

Xie Zhiwei came very quickly. When she walked to the door, she met Lu Yan's cold and bewitching eyes. She couldn't help being stunned for a moment, but soon, her gaze moved to Lu Yan's right hand, which was injured and hastily wrapped it carefully, probably because she was afraid of polluting the imperial decree.

The moment Lu Yan saw Xie Zhiwei, the frost between his brows and eyes melted like the warm sun of three springs, and became gentle. When his right hand touched Xie Zhiwei's gaze, he was severely burned, and quickly stood up, Walk over, "Princess, congratulations!"

Today's update!

I moved office today, I don't have time codes, I have to save manuscripts, girls, here are a few tickets to comfort me, and I'm climbing the list, votes support!

Chapter 387 Marriage

Xie Zhiwei was stunned for a moment, looked at the imperial decree in his hand, and asked with some uncertainty, "Where does the joy come from?"

If it had been the way it was in the past, when the lord came, Lu Yan should read the imperial decree, but at this time, he asked tentatively, "Prince Xiang's mansion asked the emperor for the imperial decree of marriage!"

He looked at Xie Zhiwei, and there was deep concern in his enchanting eyes. If Xie Zhiwei didn't agree, he might not announce the decree.

Xie Zhiwei breathed a sigh of relief, although she herself didn't know whether she did it right or wrong, but at this moment, there was a hand behind her pushing her forward, so she knelt down.

Even if she didn't agree to the marriage, she couldn't resist the decree. How could the members of the Xie family be charged with resisting the decree because of her?

Xie Tiao was stunned, there seemed to be countless bees buzzing in his mind, making him want to explode. In front of him, the bright red embroidered unicorn robe on Lu Yan was so obtrusive, it hurt his eyes intermittently. He wanted to ask Lu Yan, did he come to the wrong place to deliver the decree?

His granddaughter is only eleven years old, what kind of marriage is given?

"Princess Duanxian, listen to the decree!" Lu Yan unfolded the decree, and a feminine voice sounded in the main hall.

Reflexively, Xie Tiao knelt down, and he glanced nervously at his granddaughter. Although it was much better to marry into Prince Xiang's mansion than being plotted to go to Lou, but in case the granddaughter is not satisfied with the marriage Woolen cloth?

What's so good about Prince Xiang's Mansion? Although Xiao Xun is the king of the county, he is still the eldest son of a concubine after all, and Xiao Ke, although he is a descendant, has not been well-known in the capital these years, so he must not be an outstanding figure. As for the third son of King Xiang, Ma Fang Not to mention the Xiao Heng from the imperial concubine, it is a hundred and eight thousand miles away from Xiao Xun. If the emperor bestows sister Wei to Xiao Ke or Xiao Heng, Xie Tiao would think that Diaphragm should panic.

He has been hurting Sister Wei for so many years, but he hasn't hurt enough. Could it be that he is about to become someone else's family member?

In an instant, Xie Tiao felt dissatisfied with the emperor.

It was already the third watch, because it had nothing to do with the younger ones, therefore, only Xie Tiao and Xie Zhiwei, as well as the servants who came to listen to the decree, were kneeling on the cold and hard chiseled floor tiles, Xie Zhiwei lowered his head, staring at the powder-soled soap boots on Lu Yan's feet.

Lu Yan's soft voice sounded above her head:

"I received the empress dowager's kind words: Xie Zhiwei, the eldest daughter of the Xie family's eldest daughter Duanxian County, has a rich family crown, celebrates the etiquette training, is chaste and natural, and behaves well. To be a **** palace, to cooperate with the three good deeds, and to be a concubine." The device, Shichang Wanye. Prepare the decree, but the national chapter, the queen mother is very happy to hear it, and hereby refers to the marriage of the king of Chenjun. This is to order you to be the princess of Chenjun. It is the responsibility of the secretary to choose an auspicious date for marriage. Go, Qinzai! Its light bears the emblem's life, but you can't be careful!"

Xie Zhiwei was fine after hearing the imperial decree, but Xie Tiao was different. He quickly grasped two main points. One was that his granddaughter was indeed married to the Prince of Chenjun. Another imperial decree, the granddaughter was canonized as the concubine of Chenjun before she passed the family.

How is this going?

After all, he had been in the officialdom for decades, he soon came back to his senses, and couldn't help but look at Xie Zhiwei again, seeing her calm expression, as if the imperial edict of marriage was for someone else, at this time he raised his hands above his head, "Duan Xian accepts the edict, thank you Lord Ron!"

Xie Tiao had no choice but to kowtow, the granddaughter had already accepted the order, and he didn't even have a chance to ask her whether she was satisfied or not. Then he thought again, the granddaughter has always had her own opinions, even though she married the **** son of the king of Chenjun, at any rate, Chenjun The king's character is precious, both civil and military, and he is favored both in and out of the palace. It is much better than being conspired to go to Lou country.

No, Xie Tiao suddenly thought, Lou Guo asked for his granddaughter at the dinner party today, and now the imperial decree came overnight, does this mean something?

Could it be that the marriage was actually requested by the granddaughter herself?

"Congratulations, Mr. Xie, congratulations to the princess!" Lu Yan waited for Xie Zhiwei and Xie Tiao to get up, and said congratulations, he stroked his sleeves, and said in a low voice, "It's getting late, I have to go back to report, soon Stayed!"

"Wait!" Xie Zhiwei hurriedly said, she glanced at Lu Yan's hand, "Master Lu, please wait for a moment! It's so late, please trouble Master Lu to come by himself, anyway, please drink a cup of tea before leaving!"

Eunuch Mi Tuan was on the sidelines, hands and feet in shock. In the whole world, except for the emperor, no one dared to keep the governor for tea so forcefully.

However, Lu Yan, who had just turned around, stopped, and looked back at Xie Zhiwei, the corners of his lips were slightly raised, a pair of enchanting eyes were shining brightly, and the streamer of candlelight flickered on his unstained and vermilion lips, Very bright and moving.

Xie Zhiwei winked at Du Jun, Du Jun hurried to the backyard, Lu Yan returned to his original position and sat down to drink tea, Xie Zhiwei sat on his right hand, holding the imperial decree in his hand, looking at his right hand from time to time slip away.

Lu Yan felt uncomfortable, but fortunately Du Yan came soon, Xie Zhiwei took the gauze and ointment that Du Yuan brought over, and stretched out his hand to Lu Yan, "Lord Lu, your hand is hurt!"

Under the bright candlelight, Xie Zhiwei opened Lu Yan's casually wrapped hand, and seeing a large scratch on the palm, he couldn't help but glance at Lu Yan dissatisfied.

Lu Yan lowered his eyelids, his eyelashes trembling slightly like a row of small brushes.

Xie Zhiwei helped Lu Yan clean the wound. Fortunately, the wound was not too deep. She gently applied the green plaster to the wound, wrapped it up with gauze, and tied a beautiful bow on the back of her hand. The bottle was passed to Mi Tuan, "Mister Mi Tuan, twice a day, the wound should not get wet, so don't delay."

Mi Tuan took the jade bottle tremblingly, and replied, "Yes!"

Lu Yan looked at the bow on the back of his hand, then took a deep look at Xie Zhiwei, did not speak, and strode out.

Xie Tiao got up and sent Lu Yan a few steps. Looking back, he just pretended not to see the unusual relationship between his eldest granddaughter and Lu Yan, but pointed to the chair at the bottom of his left hand, "Sit, grandfather has something to say." tell you."

Of course Xie Zhiwei knew what his grandfather was going to ask. Logically, she should take the initiative to explain this matter clearly to him, but what should she say? Could it be that she wanted to tell her grandfather that she agreed to the marriage to help Xiao Xun?

"Miss Wei, this marriage is not a good one, but just now, my grandfather thought about it in his heart, and it's not too bad. When a girl grows up, she always has to leave the court, and the most important thing is to live in the backyard all her life. What matters is not the love of the parents-in-law, but the treasure of the husband."

Xie Tiao has always thought that his granddaughter is extremely intelligent, tenacious and decisive, but upon closer inspection, she is only an eleven-year-old girl. The ancestors greeted each other again.

Discussing relatives and discussing relatives is about discussing words. People like them naturally have to go through the aristocratic families in Beijing and outside Beijing. They really can't find a good son, so they will consider the rich and powerful. , Xie Tiao has always been against marrying powerful people.

A daughter who died young is a typical example. Although a granddaughter is more than a hundred times more secure than a daughter, which girl who is a daughter-in-law does not endure hardship and anger?

What's more, Xiao Xun is still the eldest son of a concubine, and his position in Prince Xiang's mansion is already very embarrassing, and Princess Xiang is still a merchant, and her granddaughter will marry there in the future, how will she live?

The first update!

Chapter 388 Joy

Xie Tiao felt bad when he thought about it, and he had to cheer up his granddaughter, "Although the emperor granted you a marriage, you are still young. If you get married, it will take several years. Grandpa will keep you for a few more years. No matter what, wait until Ji, two or three years later, and then leave the court at the age of seventeen or eighteen."

The more he thought about it, the more Xie Tiao felt that it was feasible, and he said to himself, "If at that time, Xiao Xun is still the same as he is now, and there are no messy people around him, my grandfather thinks he might as well agree to this marriage. If you are separated, doesn't Xiao Xun have a palace of his own? You can live in the palace of Chenjun. If Xiao Xun is not in good shape, grandpa will help you plan."

Xie Zhiwei held the imperial decree tightly, and looked at Xie Tiao's elegant and dignified side face. She couldn't help feeling very guilty. She didn't discuss with her grandfather beforehand, so she made this decision. She didn't want to embarrass him at first. It still worried my grandfather.

"Grandfather, although it is the best arrangement to marry the Cui family, according to the granddaughter, the emperor may not be willing to see the two families get married. This time, Juzhou City has been rewarded so generously for the fight against the epidemic. I'm almost catching up with the king of the county, and my granddaughter feels that there is nothing wrong with it, if the emperor had no arrangements for her granddaughter, he would not have awarded such a generous reward that exceeded the standard."

Xie Tiao also understood. He usually knew that his granddaughter was alert and intelligent, but he never thought that she had already reached such a level.

"Since the granddaughter has been named princess, no matter how the marriage is in the future, it is impossible not to speak to the palace and act according to the will of the palace. Instead of mixing with the princes, or being a fish on the chopping board, being plotted to go to a foreign country, my granddaughter thinks that Prince Chen is the best candidate."

Being engaged to Xiao Xun completely changed the fate of the previous life, and more importantly, Xiao Xun was the final winner.

At this moment, Xie Zhiwei's mind turned around and she was able to think. She even admired that she didn't use her brain before, and dared to make such a big decision.

When she returned to the backyard, she was thinking, why? Is it because of the trust in Xiao Xun from the previous life to the present?

It was the same in her previous life, she wanted to take revenge, but as a disused queen who was imprisoned in the harem, it was impossible to shake Xiao Changxuan's Taiping Dynasty. Xiao Xun teamed up.

"The girl is back!"

Xuan Tao, who had been frightened all the time, led the people out to greet her. Seeing that Xie Zhiwei was in a daze, she was immediately terrified, and helped Xie Zhiwei into the inner room.

"I'm fine." Xie Zhiwei handed the imperial decree to Xuantaos, "This is the imperial decree, put it away, and it will be enshrined in the ancestral hall after returning."

"Yes!" Xuantaos hurriedly took the imperial decree, put it aside and helped Xie Zhiwei lie down, and muttered, "When is the decree not good, the decree is issued in the middle of the night, and it is not afraid of people waking up and thinking that the imperial decree is a dream. Miss After being quarreled in the middle of the night, I don't know if I can sleep well."

"Okay, don't complain, listen, what are you talking about? Wouldn't it cause trouble if people listened to it?" Xie Zhiwei closed his eyes wearily.

Xuantaos helped her tuck the quilt up, and was about to put down the tent under the quilt as usual, when Xie Zhiwei stopped her, "I'm so bored, so I just opened half of it like this."

Xuantaos just went out when someone knocked on the window. Xie Zhiwei listened for a while, a little resigned to his fate, and had to get up to open the window for him. Xiao Xun was wrapped in night and cold, and after turning inside, he didn't dare to look at Xie Zhiwei.

Xie Zhiwei was afraid of the cold, so he quickly shrank into the quilt, hugged the quilt and looked at him, "Are you going to sleep tonight?"

"Mei Mei, have you heard the imperial decree? I heard that Master Lu came to proclaim the decree in person, did you hear it?" Xiao Xun still had the imperial decree in his arms, and he rushed over with his hands on the edge of the bed, as if only Xie Zhiwei If he said no, he would reopen the imperial decree for Xie Zhiwei to read.

"I see."

Xie Zhiwei looked into his sparkling eyes, saw that he was very happy, and heard his voice trembling, "Mei Mei, we will be a fiancée from now on!"

Xiao Xun's eyes were filled with anticipation, the nervousness and cautiousness of the previous moment seemed to be Xie Zhiwei's illusion, Xie Zhiwei nodded again, her back was a little cold, so she shrank into the quilt, thinking about the word "husband and wife", On the one hand, he was anxious, on the other hand, his face was hot, and only a pair of eyes were exposed to look at him.

He was wearing a solid black suit, with cloud patterns embroidered with silver thread on the neckline and cuffs, and a white pinched waist belt that bound his thin waist and outlined his slender legs.

The jet-black hair was tied into a ponytail as usual. When he lay down, the ponytail fell down and swept on the bedding. His eyebrows and eyes were picturesque, and there were two little hers reflected in his eyes.

Xie Zhi smiled, his brows and eyes curved, and asked, "But, didn't you say that you have a girl you fancy? Are you going to stop her?"

Xiao Xun sat down on the pedals, he leaned closer to Xie Zhiwei, blinked, his long and curly eyelashes, like the wings of a black phoenix butterfly, flickered and flickered, and he looked closely, "Hey, she is also engaged, Ah, no, she was also given a marriage."

What else do you not understand?

Xie Zhi pursed his lips and smiled, feeling a little shy, then turned over and fell asleep, a buzzing voice came from under the quilt, "Help me put down the curtains, put out the candles, go out and close the windows."

Seeing that she seemed to understand what he meant, Xiao Xun was also overjoyed. He just felt that in his life, there was no moment as sweet as this moment, which made him intoxicated. He was about to speak when he heard a voice from the green gauze cabinet, "elder sister!"

The two hurriedly held their breaths and listened. Xie Mingxi felt a little noisy, turned over, and fell asleep again.

Xiao Xun walked to the green gauze cabinet, took a look inside, and saw that the little brother-in-law had fallen asleep, so he went back to the bed, and familiarly put down the curtain from the silver hook, put it under the quilt, and blown it. Put out the candle, turn over and go out, and close the window.

He went up to a big tree in the yard, squatted on the tree, and didn't want to go back.

Listening to the main hall of Taoshan Villa, there was a faint fire coming from inside. With his ability, he could easily go in and get what he wanted, but he didn't want to move.

If Taoshanzhuang had not been given to Meimei, he would definitely have to go this once. Now that he thinks about it, there is really a saying that is right, there is God's will in the dark, who would have thought, going around, this is Taoshanzhuang. It still fell into his hands.

Well, that's right, although it is Mae-Mei's, Mae-Mei's is also his.

Thinking of this, Xiao Xun couldn't help but curved his lips into a smile, his eyes were brighter than the stars in the winter night sky, he jumped down from the tree, ran along the fence, and headed towards Peach Blossom Villa.

The second update!

Chapter 389 Brother-in-law

The four drums of the night have passed, Li Wanfen has gone to sleep in despair, Xue Wanqing has not yet fallen asleep, she came out of the Feicui Pavilion, dressed in the night, and came to Zhuoyun Pavilion again, Xiao Changxuan was wearing a big cloak, and was waiting anxiously.

"Father has just issued an imperial decree to marry Xiao Xun and Xie Zhiwei." Xiao Changxuan's face was filled with joy, and he looked at Xue Wanqing with a smile. We will be harmless."

Xiao Changxuan's original plan was that he didn't want to marry Xie Zhiwei, and Xie Zhiwei had better not marry his brothers. Everyone was competing on the same starting line. very satisfied.

Xiao Changxuan believed that the Xie family was afraid that Xie Zhiwei would really be sent to the country of Lou, so they made a hasty engagement with Prince Xiang's Mansion.

It's really cheap Xiao Xun, that bastard!

Xue Wanqing was dumbfounded, she looked at Xiao Changxuan in disbelief, her voice broke because of nervousness and panic, "What did you say? Xie Zhiwei was given to Xiao Xun?"

"yes!"

The lights around here are too weak, Xiao Changxuan did not see that Xue Wanqing's face was very ugly, his face was pale, and his whole body was trembling, he said happily, "I thought it would not be easy to get Xie Zhiwei to Lou country, thank you My family will never let it go, and I don't want to marry her. If my father decides to marry her to me, I will be very embarrassed. I didn't expect it to happen so suddenly, and it is developing in the direction we want ."

How could it be the direction she wanted?

Xue Wanqing looked at Xiao Changxuan with cold eyes, she felt that Xiao Changxuan was completely ignorant, and Xie Zhiwei was really shameless, how could the Xie family act like this? Do you want to harm Xiao Xun if you don't want to be sent to Lou country to get married?

I don't know what Xiao Xun will think, and I don't know if Xiao Xun is already in love with Xie Zhiwei at this time, probably not, Xie Zhiwei is only eleven years old, arrogant, arrogant and rude, and wants to shock the Lord if his merit is not high. , how could Xiao Xun see it?

Xiao Xun should not be so superficial.

"The Xie family is really deceiving people!" Xue Wanqing was trembling with anger, "In order to keep Xie Zhiwei, can the Xie family push Xiao Xun into the fire pit?"

"Yeah!" Xiao Changxuan also thought of this, "Xiao Xun is my uncle's lifeblood, his marriage, my emperor's uncle said nothing about it, if the emperor's grandmother knew that Xie's family used Xiao Xun in such a way, wouldn't it be You know how to get angry, don't worry, Xie Zhiwei will definitely not get you any favors if he passes through the door in the future."

Still waiting for Xie Zhiwei to come through? Xue Wan smiled angrily, if Xie Zhiwei passed the door, what about her? Does she still want to be Xiao Xun's concubine?

"Although the Xie family is my maternal ancestor's family, the Xie family has always done things unethically. I didn't know that they could actually destroy a person like this."

Xiao Changxuan said in his heart that Qing'er was still so upright, he couldn't see the injustice in this world, he couldn't help but feel distressed, he couldn't help stretching out his hand to wrap Xue Wanqing's shoulder, and comforted, "Qing'er, don't worry, Xiao Xun has the emperor's uncle and empress dowager, you can't afford to go, if you want to make a fuss, the Xie family will lose face in the end."

But Xue Wanqing was still worried about whether Xiao Xun would fall in love with Xie Zhiwei because of this. She didn't have much thought about Xiao Changxuan. She wanted to find an opportunity to ask Xiao Xun what he thought of this marriage.

The patrolling guards came not far away, and Xue Wanqing wanted to take the opportunity to get rid of Xiao Changxuan. Before Xiao Xun was captured, she didn't want to offend Xiao Changxuan, so she put her forehead on Xiao Changxuan's chest. It made Xiao Changxuan very distressed. When they were leaving, he turned his head frequently and saw Xue Wanqing walking in a hurry and quickly disappeared behind the peach blossom forest without a trace. He went back contentedly.

Almost at the same time, Wanyan Zongwang also got the news that the emperor had proposed marriage to Xie Zhiwei. He was stunned. He didn't expect that the Xie family would move so fast, and Xiao Xun was chosen as the marriage partner.

"These scholars are really not simple! Did Princess Duanxian ask for this marriage or Prince Xiang's? Can you find out the news?"

The guard who reported the news shook his head, "The palace kept the news very tightly, and only knew about this marriage. The governor of Xie's family went to announce the decree in person, and the king of Chenjun was the pedestrian secretary to announce the decree. The other subordinates If you wait for incompetence, you will not get news."

Wanyan Zongwang didn't care either. The people they brought were limited, and he was very satisfied to get the news so quickly. He nodded, "Then stop here, don't startle the snake."

Wanyan Baoxian was very dissatisfied, she hated Xie Zhiwei to death, "Uncle Wang, why don't you fight for it? If Xie Zhiwei can marry Brother Wang and follow us back to Dalou, it will be more useful than marrying a princess."

There is no doubt about this point. If you marry a princess, you must have servants of money and wealth; A great famous doctor, if he can bring some medicinal materials and go to Dalou with all his medical skills, he will make a lot of money.

While the princess has some, Xie Zhiwei also has them, and it is said that she has no shortage of wealth.

Wanyan Zancheng himself didn't have much interest in Xie Zhiwei at first, but now that he can't get it, he is very unwilling. He only thinks that Xiao Xun is obstructing it, so he can't help but angrily said, "Uncle Wang, this is clearly Duanxian County Master and Chen County King Slapping us in the face, when is it not good for them to get married, it is unreasonable to ask for a marriage order after discussing the marriage of Princess Duanxian!"

But, no matter what, the emperor of Dayong has already decreed, and it is useless to say more now.

However, with this incident, Wanyan Zongwang will definitely not give up. The most reliable guarantee for an alliance is marriage. He wants to see if the emperor is willing to let his daughter marry. If he is not willing, then Princess Duanxian How will you deal with yourself?

The emperor set off at 1:30, and Xie Tiao asked Xie Zhiwei and Xie Mingcheng to take the Xie family's children and drive back to Beijing in the emperor's car.

With the matter of giving a marriage, it is natural to return to Beijing as soon as possible to report the news to the elders in the family. Xie Zhihui and others did not expect that when they woke up, their eldest sister had already promised marriage. Among these children, Xie Mingxi was the only one who was very happy.

When Xiao Xun came to pick up Xie's siblings, he hurried over, instead of calling "Brother Junwang" before, he spontaneously shouted, "Brother-in-law, you are here to pick us up. Brother-in-law, I am going to let you teach me how to ride a horse!"

This "brother-in-law" brought Xiao Xun's excitement to the climax. He couldn't help but look at Xie Zhiwei. Seeing that Xie Zhiwei was flushed with shame, he climbed into the carriage without even looking at him. Xiao Xun couldn't help but burst out laughing. Laughing, "Brother Xi, when I return to Beijing, I will take you and your sister out for a horse race!"

The third update!

Chapter 390 Concubine

On the way back, it was still the same as when I came here, but some people were happy and some were worried.

Concubine Wan didn't wait for the emperor's decree to descend, and she was in the same carriage as when she came. She breathed a sigh of relief, Concubine Wan breathed a sigh of relief, and she was still a little happy, thinking that although the emperor bumped into Zheng Changdong and came to look for her, but in the end did not take this matter to heart.

Seeing that Concubine Wan was not as sad as yesterday, Xue Wanqing watched coldly, knowing that life in the palace was not as simple as she imagined, even if she had a status, if she didn't please those masters, as long as the masters stopped talking, The days will get harder and harder.

In the palace, it is the most flattering.

She was able to come out with Concubine Wan this time because Concubine Wan was favored before and there was a dragon in her belly. Next time, she will not be so lucky.

Xue Wanqing opened the carriage, and saw Xiao Changxuan riding beside her car intentionally or unintentionally, seeing his straight shoulders, no fat on his narrow waist, and slender legs, he couldn't help sighing, luckily he didn't quarrel with Xiao Changxuan before Turns out, it seems that for a long time to come, she will have to take advantage of Xiao Changxuan's influence, so she will have to make good plans for Xiao Changxuan.

If she can help Xiao Changxuan and make Xiao Xun suffer a few losses, will Xiao Xun value her?

this is a good idea.

She has never had a chance to ask Xiao Xun, but there is no doubt that Xiao Xun has not seen her value for the time being, and has no good looks towards her. She can understand people like Xiao Xun, and ordinary women cannot catch his eyes, I hope he will not foolishly think that Xie Zhiwei is qualified to stand side by side with him.

Xie Zhiwei was so stupid in his previous life that he sold himself and put the Cui Xie family to death. Speaking of being a daughter of a noble family, she has a high status, but in fact, she is just like thousands of women in this era, with little knowledge.

The emperor was in a hurry to return to the palace, and the road did not stop. At noon, the speed was only slowed down a little, and he used a little snack in the carriage. At Shenshi, the carriage entered Nanxun Gate, and Xiao Xun wanted to follow the emperor into the palace. Xie Zhiwei led his younger siblings back home.

This time outside, although a few things happened, it didn't affect the mood of Xie's siblings at all.

The carriage entered the east corner gate and stopped in the main courtyard. Yuan Shi led the two younger siblings and the maids and women at home to wait. When she saw her daughter and son get off the carriage, she went up to greet her and handed the two children one left and one right. Holding her in her arms, "Are you tired? Are you having fun outside? Are you having fun?"

Early this morning, the old man sent someone to hurry back, saying that the eldest girl was decreed to give her marriage to the king of Chen County. Until now, Yuan Shi felt that she was in a dream. She never dreamed that she would hold her The daughter who grew up in the palm of her hand is about to become a member of someone else's family.

"Big girl, congratulations!" After meeting Xiao and his daughter and son, they came forward and looked at Xie Zhiwei. They are all girls from the same family. Why did the big girl have such a good life? The person who came to report said, in the imperial decree, The girl was directly named the princess of the county.

How can there be such a reason?

Xie Zhiwei raised his eyes to look at Xiao Shi, displeased that she looked at him like this, smiled and said, "Thank you, Second Aunt!"

Mrs. Qian squeezed in, and she congratulated Xie Zhiwei with a happy smile, "It's really unexpected. In the blink of an eye, our eldest girl was given a marriage. I used to think, who in the world is worthy of our family?" Eldest girl, Prince Chen is young and promising, with a good literary and military skills, and a handsome face, he is really a good candidate."

"It's a pity, it's a concubine. After all, the eldest girl is the eldest daughter of the concubine, and she deserves a concubine, alas!" Xiao Shi continued.

Mrs. Qian's face flushed red, and the third wife is also a concubine. Mrs. Xiao, what does this mean?

"Second aunt, this marriage is the emperor's will, please be careful." After finishing speaking, she took Yuan's hand, "Mother, I'm tired after a day's journey, let's go back first!"

Because Haishi was a newlywed, he didn't come out. Xie Zhiwei went back to Yizhaoyuan and asked people to share some of the small things bought from Taohuawu for food, and asked Zimo to send them over, "Just say it's me and five The young master bought it together and gave it to Aunt Haibiao."

After she cleaned up, she saw Yuan Shi waiting in the room. Knowing that Yuan Shi was asking about the marriage, she took the initiative to talk about the dinner that night, "Compared to being sent to Lou country, this marriage has already been done." It's very good, mother doesn't have to worry about it."

Mrs. Yuan was a little upset. She regarded Xie Zhiwei as her own daughter, and felt that no man in the world was worthy of Xie Zhiwei.

"Although Prince Chen is better, your second aunt is right, but he is a concubine."

Xie Zhiwei thought of the Rong family who had been practicing in the small Buddhist hall all the year round. In her previous life, she had never seen Rong's face. She only heard that Prince Xiang loved Rong deeply. Had no choice but to enter the door, Rong had someone he liked in his heart, and he never pretended to speak to Prince Xiang, but Prince Xiang was determined to Rong.

Yuan was deeply disliked by her mother-in-law, "If you pass through the door in the future, you will serve your aunt. If Concubine Rong does not show up all year round, your aunt will definitely not like you, but what should I do!"

"Mother, that's all in the future. It's still early. Grandpa means that we won't get married until at least two or three years after I reach my age. Who can say what will happen in the future?"

"That's right. I heard that Princess Xiang has a bad temper. People like this usually have a short life. It's best that she's gone when you get married."

Xie Zhiwei was stunned. Her mother had always been kind, but now she wanted to curse someone to death because of her. She stroked her forehead and said, "Mother, don't say these words outside. It's too early to get married, so don't you I scare myself, Prince Chen already has a mansion, so we really can't get along, and it's not impossible to move out of Prince Xiang's mansion in the future."

When Yuan Shi heard this, she became happy and patted her thigh, "Oh, yes, speaking of it, the Chenjun Palace is quite close to our home. If you move to the Chenjun Palace in the future, you don't have elders above you Wouldn't it be nice if no one cared about you!"

After a while, he said again, "Starting tomorrow, I have to properly count your dowry. By the way, the Cui family will also send someone to deliver a letter. I knew I was in a hurry today. There is no master in the world, and these things have not been arranged. ."

"Tomorrow, send someone to talk to Cui's family. It's not a big deal. If cousin and cousin write a letter back to Boling, they will write a letter by the way. See, the day of the fourth uncle's wedding has arrived. Mother should settle this matter with peace of mind, and I can help mother tomorrow."

On the side of Prince Xiang's mansion, Princess Xiang only learned of the news after King Xiang returned to the mansion. She was stunned for a long time before she came back to her senses and said to the nurse beside her, "So, my niece from the natal family I can only get a side concubine in the future?"
