

The Power 391

Chapter 391 Marriage

Grandma Zhuang's family was the dowry of Princess Xiang. Back then, before marrying in with Princess Xiang, the mother of Princess Xiang, Mrs. Zhuang, specially promoted Nanny Zhuang's family and gave her the surname "Zhuang". Nanny Zhuang belonged to Princess Xiang. The nanny has always been very decent, and she is also a considerate person for Princess Xiang.

Grandma Zhuang couldn't help but feel sorry for the princess, "The eldest son can't understand the thoughts of the princess. The princess wants to marry her niece and daughter to the eldest son to ease the relationship with the eldest son. I'm afraid I have to give in now. I heard that In the imperial decree, the princess was directly named the princess of the county, and the position of the princess is probably very difficult."

"How can my Zhuang family's daughter be a side concubine?" Princess Xiang couldn't help being angry, "What's going on? Didn't it mean to accompany the emperor to have a spring outing, why did you decide on the marriage?"

Nurse Zhuang leaned into Princess Xiang's ear and told the news, "This Xie family is really powerful. In order to keep their daughter, they cheated our county prince."

Princess Xiang narrowed her eyes, thinking of the little girl she met at the family banquet in the New Spring Palace, she couldn't help but sneered, "Isn't she a formidable one? There is such a teaching outside, saying that the Xie family plotted against us, as I see it." , not necessarily, presumably the prince has already taken a fancy to the little girl, otherwise, why would he give food specially?"

She remembered something, "It's time for the county prince to come back, what are you doing?"

"I heard the news from the front yard that the county prince went to the small courtyard in the northeast corner as soon as he came back, and he hasn't come back yet."

"You arrange someone to watch and see what the county prince said when he came out. Did you send Hua Ying to say anything?"

The small courtyard in the northeast corner is the threshold courtyard. Concubine Rong has always ordered Huaying to convey any "will" she has. She and Mother Rong have never stepped out of the courtyard for more than ten years, only inside the courtyard. retreat.

Nurse Zhuang understood this and hurried out to make arrangements.

In the second room of the sill courtyard, candles were lit on bronze candlesticks, and the candlelight illuminated the room very warmly.

On the kang in front of the south window, Concubine Rong was wearing a lilac-colored white satin beanie with floral makeup, a pleated skirt with scattered flowers, a pendant bun on her hair, and a red gold comb inlaid with various gemstones. The earrings hung down on both sides, simple yet solemn, she looked at her son with a smile, and heard Xiao Xun talking about the marriage bestowed by spring.

"She also asked me, the emperor gave me a marriage with her, what about which girl? I said, that girl was also married by the emperor, mother, do you think Meimei knows what I'm thinking?"

Already married, Xiao Xun didn't shy away from Xie Zhiwei's baby name in front of his closest elders.

He really wanted to ask Mei Mei himself, did she know what he was thinking?

Seeing her son's eagerness, Concubine Rong could call out the baby name of her future daughter-in-law very easily, she smiled at Nanny Rong, "Look, this monkey is so anxious, I don't know who is following him, I used to I'm also worried that he won't talk about marriage in the future, as expected, what the ancestor said is correct, there is a dewdrop in a blade of grass, and he has never met his dewdrop before!"

Nurse Rong looked at Xiao Xun with a smile, her eyes were not lacking in love and respect, "Your Majesty is right, the little master has grown up, of course he is the governor."

Xiao Xun blushed, "Mother, my son is asking you something serious!"

Rong couldn't help laughing, "I can't answer this question for you. If you want to know, you should ask the princess. Mother wants to meet the princess and see your daughter-in-law!"

After all, Rong is a side concubine, even if she is ordered by rank, she is still a concubine, and her own son gets married. She can't personally ask about these three books and six rituals, let alone sit with her mother-in-law to discuss the two. Children's marriage.

Mother Rong felt extremely uncomfortable, and called out "Ma'am", and Mrs. Rong waved her hand, seeing her son slowly approaching and about to kneel down in front of her, Concubine Rong pulled her son up, "What's the matter? Didn't you say Are you doing well? What are you feeling sad about? Well, don't feel sorry for your mother. Think about your daughter-in-law first. In our situation, I'm sorry for her. In the future, you can't let the princess down. !"

"Yeah." Xiao Xun nodded with tears in his eyes, and buried his face in his mother's lap, "Mother, when do you want to meet Meimei? She is good everywhere, and she is very kind to her son. When you see her, you will definitely like her."

"Naturally, you should first talk to the princess about the date. Marry high and marry low. How can you let others accommodate us? See which temple the princess and Mrs. Yuan usually like to go to offer incense. When the day comes, I will go too, and we will Let's meet at the temple."

On the second watch, Xiao Xun came out from the courtyard, and he glanced in the direction of Ninghui Hall. These days, he has been thinking about how to decorate and repair Ninghui Hall, and he already has a draft in his heart. At that time, the impulse in his heart could not be suppressed, but he had to think about what his mother said, what should he do?

In Lu's residence on Old Caomen Street, after Lu Yan sent the emperor back to the harem, he took a shortcut back from Donghuamen, Zhima greeted him, and took the reins from the governor's hand.

Tang Yuan welcomed Mr. Lu in, and said, "The princess sent Du Yuan over to ask if the governor had applied the medicine properly, and also asked how the governor's hand was hurt, and whether it was serious or not? For the injured, it is said that two doses of medicine should be prescribed to drink, for fear of getting tetanus, it will not be easy to treat in the future."

Lu Yan's footsteps paused, his beautiful face was hidden by the flowers and branches, and the lanterns under the eaves illuminated indistinctly, like a male demon emerging from the flowers, which made people fascinated at a glance.

"Tell her that it wasn't the iron that hurt her. When I was writing, the pen broke, and I accidentally hurt my hand by using too much force."

Tangyuan's heart trembled when he heard it. The governor was explaining to the princess that the governor never liked people to ask about his affairs. When he passed the message just now, he was very energetic, for fear of making the governor angry. up.

"Yes. The servant will send someone to tell Miss Du." Seeing that Lu Yan did not object, he went straight into the study, wiped the sweat from his forehead, turned around and ran out.

Sitting behind the desk, Lu Yan took out a jade porcelain vase from the drawer, and just about to untie the gauze wrapped around his right hand with his left hand, he took the job with his jade-like hands. He raised his eyes and saw Xiao Xun's drooping Eyebrows, couldn't help but smiled, "Why are you here at this time?"

He simply put down his left hand, let Xiao Xun bandage his wound, took tea with his left hand, and took the time to watch Xiao Xun clumsily apply medicine to him, and saw his depressed expression, "It's just a marriage, why are you unhappy?"

Xiao Xun wrapped Lu Yan's hands into a rice dumpling, and then leaned helplessly against the desk, with a mournful face and infinite grievances in his voice, "My mother asked me if I had made up my mind?"

The first update!

Chapter 392 Live Geese

Lu Yan's expression turned away, and after the demons in the corners of his eyes were put away, he had the elegance and dignity of a nobleman in his whole body, and asked, "Then what do you think?"

He didn't want to force Xiao Xun, and couldn't bear to see him so sad, so he said softly, "No matter what decision you make, I will support you."

Xiao Xun closed his eyes and looked at Lu Yan, "Brother, have you had a hard time these years?"

"It's not easy, I'm not alone, Xun, you were not born at that time, many things have nothing to do with you. Since the empress asked you, I think, no matter what decision you make, she will have no complaints, we It's the same. We try our best to do it, as for the result, it depends on God's will."

Xiao Xun shook his head, "No, if the heavens had eyes, they would not have allowed rebellious officials and thieves to be in power fifteen years ago. I know this is very unfair to Mei Mei, but I want to fight. If things can't be done in the future, I will definitely find a way to keep her safe for the rest of her life."

Lu Yan smiled and said, "It's best if you think like this. Ah Xun, if you care about it, you will be chaotic. This marriage is very good, and the princess is also very good. Don't think about it in the future. If you

have this energy, why not Go catch two live geese, it will come in handy when performing the six salutes."

Xiao Xun scratched his head, regretting a bit, "When I was in Taohuawu, I should have taken advantage of the opportunity to catch a few geese, but the emperor came back in a hurry, and I happened to have other things, so I didn't know When is my father going to help me propose a marriage?"

Lu Yan couldn't help laughing, there seemed to be a flash of light in his bewitching eyes, and he reminded him, "Master Xie said that you will wait for the princess and Ji, and you will stay for two more years before giving it to anyone. Are you worried about this now? morning?"

"How is it possible!" Xiao Xun jumped up like a cat whose tail was trampled on, "Since the emperor gave me the marriage, Mei Mei is mine, and if I want to raise it, I will raise it myself, I don't want him to help me raise it. "

Lu Yan waved his hand at him, "You can go to Mr. Xie to discuss it yourself. I still have something to do here, so I won't leave you here. Be careful when you come and go, and don't let others see it."

"Who can see?"

After all, Xiao Xun also knew the seriousness of the matter, and was extra cautious when he left, but he didn't go back to Prince Xiang's mansion, but came to Xie's house, and squatted on the crabapple tree behind Xie Zhiwei's boudoir all night.

At the same time, Zhu Ying was also squatting on the tree. He was on duty tonight. Seeing the master coming in person, he was a little depressed. He wondered if he could take this opportunity to take a rest?

Back yesterday, Xie Zhiwei asked Du Yuan to drop by and post a message to the Cui family. She was going to visit her cousin and cousin early this morning, and by the way, take the pulse of the eldest cousin. At Cui's house, Cui Nanwan's health has improved. Hearing that Xie Zhiwei was engaged, she was very anxious to know the situation, so she asked someone to come back and tell the girl to come over earlier.

Xie Zhiwei got up early and sat in front of the mirror to do her makeup. Zi Mo combed her hair while chattering, "The ruby bead flower is the girl's favorite. It is very good to wear when I am at home. It is a good pair. I lost one. The rest One, why not take it to the silver shop, make a separate hairpin or something, and wear it when the girl is old enough in the future?"

Xie Zhiwei looked at a single ruby bead flower on the dressing table, and heard that this bead flower was made by her mother when she was pregnant with her. Over the years, if it wasn't for important banquets and invitations, she would like to wear it very much and lost it. One, what a pity.

"Sister Zimo, why did the girl's Zhuhua go outside?"

Qianmei held a bead flower in her hand, and came in from the outside, Xie Zhiwei looked in the mirror, the bead flower in her hand was not exactly the same as the one on the dressing table, if she hadn't seen the bead flower falling into Zhuxian Lake with her own eyes, She was going to suspect that this was the one.

"Show me to see!"

Qian Mei handed the bead flower to Xie Zhiwei, Xie Zhiwei took a closer look, and all the traces told her that this was the one she dropped in Zhuxian Lake, "Where did you find this?"

"It's on the girl's window sill. The servant just came from the garden behind. I saw it and wondered."

Zi Mo and Xie Zhiwei glanced at each other in the mirror, and said to Qian Mei, "Oh, I put it on by accident, it's really **** good, luckily Qian Mei saw it, if someone took it away, where can I find it?"

Zi Mo is Xie Zhiwei's big servant girl. She has always done things safely. Knowing that this matter is strange, she is afraid of being talked about, so she takes the responsibility on herself.

Shallow eyebrows undoubtedly belong to him, besides, she is just a little maid, for this credit, Xie Zhiwei casually gave her a pair of gold and ginkgo pearl flowers suitable for little girls, and she went down smiling.

Xie Zhiwei looked at the lost and recovered ruby bead flower, and after a sliver of sweetness filled his heart, his face sank. Although the bead flower was a thought left by his mother, it was dead. Risk your life?

The deepest part of Zhuxian Lake is said to be dozens of people deep, and the place where she threw pearl flowers is the deepest place of Zhuxian Lake. If you dive in, you will lose your life there if you are not careful. What is Xiao Xun doing?

Xie Zhiwei felt lingering fears in his heart, and then felt incredible. When did his every move start to affect his heart? Was it because he took such a risk to find Zhuhua for himself?

After grooming, Xie Zhiwei came to Fuyun Courtyard after eating breakfast. Mrs. Yuan came back from the auditorium and was talking to Mother Tian about Xie Jibai's marriage. Miss Hai lives in Cui's house, and I get up from Cui's house on the day of meeting the bride, I think it's good."

In the previous life, the cousin of the Hai family had no chance to marry the fourth uncle, and the day she died was in April. In this life, she has been given a marriage to Xiao Xun, and will never be married to Xiao Changxuan by the emperor again.

Xie Zhiwei stepped into the threshold, met Yuan Shi, and saw Xie Mingxi sitting on the kang in front of the window writing big characters. He looked at himself, his eyes were full of surprises, but he rushed over without leaving his homework as usual, looking at It seems to be a lot more sensible.

Xie Zhiwei sat down on the kang and listened to the conversation between Yuan Shi and Nanny Tian. It took only a cup of tea. After Xie Mingxi finished writing the last page of big characters, he put down his pen and threw himself into Xie Zhiwei's arms, "Sister, go to Cui's house Grandfather's house, can you take me there?"

Xie Zhiwei was worried that the tea in his hand would scald his younger brother's hair, so he put it down and stroked the top of his hair, "You don't have to go to school today?"

"Xu Mu today, my brother-in-law said he would teach me how to ride a horse, but I don't know when it is?"

The word "brother-in-law" made Xie Zhiwei blush. Before she could hear the news, Yuan Shi who was at the side heard it and scolded, "What are you talking about? Who told you to call me brother-in-law?"

The third update!

Chapter 393 Negative Jing

Xie Mingxi was dumbfounded by his mother's scolding, he didn't know what was wrong with him? Mingming's eldest brother also said that the emperor bestowed a marriage on the eldest sister, and the county prince will be their brother-in-law in the future.

Two bean-sized teardrops swirled in Xie Mingxi's big and bright eyes. He looked at his sister and then at his mother in aggrieved way.

Yuan Shi was fine, Xie Zhiwei was so distressed that tears were about to come out, he quickly hugged his younger brother in his arms, and said to Yuan Shi, "If mother has something to say to younger brother, it must be someone else who knows what a child like him knows. Said, he heard it, so he yelled like that."

Yuan also felt sorry for her son, but she was even more afraid that his son would yell and embarrass her daughter, so she murmured her lips twice, not knowing what to say.

Seeing that the siblings are making out, Mother Tian was happy to see it succeed, and said to Xie Zhiwei, "Miss, are you going to Cui's house? I don't know when to leave, the wife has already drawn up the gift list for Cui's house, and the maidservant will show it to the girl? "

"Don't worry about it, the Cui family asked me to go there earlier, so I'll leave now." She asked the little girl to come over to put on shoes for her younger brother, and said to Yuan Shi, "Mother, should I bring my younger brother?"

Yuan Shi has nothing to do. When the siblings left the house, Yuan Shi supported his forehead, "This child is so spoiled by his sister, don't turn around and spoil him."

"How could it be?" Mother Tian smiled, "The eldest girl is not the one who doesn't know how to be polite. The servants are watching, the fifth young master went out with the eldest girl this time, and when he came back, he was much more sensible. I heard that you can do it It's a unique thing for a fellow student from the ninth rank!"

Which family's children are already famous at the age of five or six?

It was precisely because he was afraid that Xie Mingxi would grow up without knowing the sky and the earth, Xie Tiao didn't send anyone back to say it, and he didn't celebrate at home, just pretending that this incident never happened. Moreover, Xie Mingxi is still young, even if he is a companion, he may be a companion to the queen's son in the future.

Several adult princes, the accompanying places are full. Except for the unborn sons, the emperor can't easily tie the Xie family with any prince.

This accompanying reading is just a fame right now.

But Yuan Shi was very happy in her heart, "This is all the benefits his sister earned for him. I hope he has a conscience and can treat his sister well when he grows up. Alas, thinking that Mei Mei is going to marry a Concubine, my heart hurts like a knife, in the future Meimei will live in the hands of my aunt!"

Nurse Tian also thinks that this marriage is really bad. Since ancient times, marriages have always paid attention to being well-matched. First of all, the identity is very asymmetrical, and I don't know what the emperor thinks.

Cui's side, Xie Mingxi was taken out to play by Cui Tingzhan.

Xie Zhiwei took Cui Nanwan's pulse. Her pulse condition was getting better and better, and her spirit was much better than three days ago. Xie Zhiwei adjusted the prescription for her. The four cousins sat in front of Cui Nanwan's bed and talked.

"When will Second Uncle and Second Aunt come?" Xie Zhiwei asked.

"It's time to arrive in two or three days." Cui Nanjia asked about Xie Zhiwei's marriage, "Although he has been crowned the king of the county, his background is not good enough. Now the emperor refuses to give the family any face."

However, Xie Zhiwei was satisfied with this marriage. She didn't want to hear people saying that Xiao Xun was not good, so she said, "Although the marriage was ordered by the emperor, the county prince and I have known each other for a long time. We have gotten along very well during this fight against the epidemic." It's much better than just knowing the basics and not knowing the character."

Cui Nanwan also agrees very much, "In the past, the family said that Second Young Master Zhang is from Xuandehou's Mansion, he is a descendant, and has a noble character, but you see, what will happen after I marry? We have worked together in the city, presumably Wei Cousin knows the details of the county prince, with this kind of affection, she will be better than me no matter what in the future."

Being obedient and listening to the sound, the three sisters of the Cui family heard what Xie Zhiwei meant, and knew that she was not dissatisfied with the marriage, so they were all relieved.

The four of them talked about the marriage of the fourth master of the Xie family. Xue Jian stumbled in and rushed in. When she crossed the threshold, she stumbled. Fortunately, Xie Zhiwei helped her in time, so she didn't fall to the ground.

"What's wrong with you? What made you panic like this?" Cui Nanjia frowned.

"Girl, it's not good. Mr. Zhang, he, he, he knelt at the gate of our house, with a thorn on his back, and said that he wanted to invite the eldest girl back."

Cui Nanwan's face changed suddenly, her blood faded away, her whole body was trembling, and her whole body was not feeling well.

Seeing this, Xie Zhiwei was taken aback, and quickly went up to hold her wrist, and comforted her, "Big cousin, don't do this, we won't let you go back with us, please rest assured, don't scare yourself."

Cui Nanwan couldn't relax, she was trembling all over, her lips were bruised, and after a few breaths, she passed out.

There was another turmoil in the room, Xie Zhiwei hurriedly asked Zimo to bring an needle pack, after giving Cui Nanwan the needle, it took about a cup of tea, her complexion improved slightly, and slowly, after relaxing all over, the whole body fell into a deep sleep .

When Xie Zhiwei pulled the needle out of her body, he was already sweating all over. Just now, if she hadn't guarded here, Cui Nanwan might have gone like this. It is really extremely dangerous.

Cui Nanjia called Xin Yi in to look at the big sister, she asked Xue Jian to take Xie Zhiwei down to change clothes, and walked around in the courtyard by herself, not knowing what to do, feeling helpless.

If we don't care about Zhang Hongqian, the Cui family will become famous in the capital this time, and outsiders don't know what to say about the Cui family. Instead of talking about things and winning the sympathy of the world, what the world sees is Zhang Hongqian's pleading guilty.

In this world, there are few people who help put out the fire. They watch the fire from the other side, stand and talk without back pain, and there are many people who are easily kidnapped by morality.

Sure enough, after a while, the woman in charge came in and asked for Cui Nanjia's instructions, "Second Master Zhang said he wanted to see the eldest girl, and said that between husband and wife, there were fights at the head of the bed and peace at the end of the bed. What's the matter, he told the eldest girl in person. , and said, no matter what, the eldest girl is Zhang Ergongzi's first wife, our family took the eldest aunt back regardless, and didn't let the husband and wife meet, what's going on?"

"What do people outside say?"

The woman in charge hesitated for a moment, and said, "They say that ten temples would be demolished rather than a single marriage broken. Some say that the eldest girl is jealous. She entered the house by herself for three years and had nothing to do. When she heard that my aunt was pregnant, she searched for life and ran back to her mother's house." , is really inappropriate."

Cui Nanjia was so angry that her face turned green, tears rolled in her eyes, and it took her a long time to hold back a sentence, "Hey, who are these people?"

Xie Zhiwei changed her clothes and came out of the wing room. She heard what the woman in charge said, and she also knew that Zhang Hongqian did this because the palace was putting pressure on Xuandehou's mansion. However, Zhang Hongqian had already made a big fool of himself. People, how can you get married? She told the woman in charge, "Go outside and ask Mr. Zhang, who else is there in the world? The married aunt goes back to her mother's house, and the in-law's family is so forced to come?"

The third update!

Chapter 394 Like

The mother-in-law got the order and went away happily, but Cui Nanjia was puzzled and said worriedly, "Cousin Wei, can't the big cousin go back with this person?"

These days, they can see that the eldest sister has picked up a life. If she is sent back to Xuande Hou Mansion, she may really die.

Cui Nankou came out of the house with a pale face. After seeing the dirty things in the mansions of the rich and powerful in Beijing, she just wanted to go back to Boling. powerful.

"Wei Cousin, my father wrote a letter the day before yesterday, saying that he will go to Beijing in the near future, and that he will go to discuss this matter with the Xuande Hou Mansion. I am worried that the situation will change when my father comes."

There is one thing Cui Nankou didn't say. In the letter, her father yelled at her and her elder sister, saying about the Cui family's affairs, how could she allow Wei cousin to jump up and down with a foreign surname, she was very sad. For this matter, the Xie family came forward to talk to Xuande Hou's mansion is fighting in the arena, if the father comes and cede the land to seek peace, where will the face of Donglou and Xie's family be put?

She didn't want to go to Xuandehou's Mansion, and she didn't want to be a continuation for someone like Zhang Hongqian. It's just that she was a woman and she couldn't control everything.

Xie Zhiwei understood some of Cui Nanwan's unfinished words, and she was not worried. If she really got to that point, she would have to use her trump card.

In the previous life, before Lu Yan died, she handed over the handles of the courtiers to her. She knew all about Xuan Dehou's messy things; she could even arrange the evidence properly. In the past, she belonged to the Xie family. The eldest daughter, she doesn't want to tear herself apart with these dignitaries. Now that she still has a second identity, what is she afraid of?

However, how to do it, let's wait for the master of Xilou to come.

At the door, Zhang Hongqian pleaded guilty, but he didn't dare to raise his head, when he heard the Cui family's mother-in-law say, "Eldest son-in-law, what's the matter with you? If you have anything to do, you have to wait for the second master and second wife to arrive. The eldest girl was picked up, but didn't the second young master come back and said that the eldest girl hadn't seen him for many years, and he would take her back to stay for a few days, and take care of her illness by the way, so why is it worth it?"

This woman of the Cui family is very good at talking, she sighs three times, and the onlookers know the whole story. It's not like what Zhang Hongqian said before, the Cui family wants to beat mandarin ducks, the eldest girl of the Cui family is jealous, etc. Yes, pointing and pointing, and began to say one-sidedly that Xuandehou's mansion bullied others, and the girl was married, and her mother's family was not allowed to go back to Yunyun.

Zhang Hongqian was so angry that if he didn't come, his grandmother would force him to come, and his grandfather would not be able to help him. He also said that if he wanted to keep the title of Marquis of Xuande, he should take Cui back.

He came and made such a gesture. Who knows, the Cui family doesn't even have a decent person, so it's unreasonable to send a woman to argue with him!

"Hey, isn't this the one who hung on the city wall the day before yesterday? Why did you come here?"

Hearing the familiar voice, Zhang Hongqian raised his eyes and saw that it was Xiao Xun, the demon king of the world, who was sitting on a tall horse with a black gold whip in his hand, and was approaching rattlingly. The horse came up to him and beat him. With a snort, Zhang Hongqian almost fainted.

Zhang Hongqian became angry when he saw Xiao Xun. They were still cousins after all. What is the reason for Xiao Xun not to open which pot?

The crowd around made a sound of sudden realization, and some people even said, "My God, it turned out to be the one hanging on the city wall. No wonder the daughter-in-law wants to go back to her mother's house and replace me. I would rather be divorced than be with this person." Pass it!"

"That's right, to lose such a big ugly, not to hide at home, but dare to come out to shame others, the skin is thicker than the city wall!"

"Why did the Cui family form such an in-law family? They don't even want face?"

"What do you know? We Boling people don't know that the Cui family is divided into the east building and the west building. The sons of the west building don't study hard, so they rely on marrying their daughters to cling to the powerful. The Cui family, Donglou took the eldest girl back because he couldn't stand it anymore, right?"

...

Every word was like a knife and gun poking Zhang Hongqian's heart. He couldn't kneel down anymore, and stood up abruptly, "Cousin, what does this matter have to do with you? What are you doing here?"

He was originally put up by Xiao Xun, but Xiao Xun didn't explain it to him until now, and he still made trouble.

"Dangran has nothing to do with me anymore. What does it matter to you if you come to plead guilty, and I come to visit relatives?" After finishing speaking, Xiao Xun got off his horse, walked up the steps, and said to the woman, "Please tell the second son !"

The woman was about to turn around and go in when she heard a crisp voice shout, "Brother-in-law, brother-in-law, you are finally here!"

Xiao Xun turned his head to look, and saw Xie Mingxi pounced towards him like a suckling swallow, he quickly reached out to catch it, Xie Mingxi ran up to him, stopped like a hot wheel, at least he didn't rush into his arms. In the picture, his immature face was flushed, Yuxue was cute, and Xiao Xun was very happy with his eyes that resembled Xie Zhiwei. He rubbed Xie Mingxi's head and asked, "Where's your sister?"

"My sister is inside, I will take my brother-in-law in."

Xie Mingxi took Xiao Xun's hand and was about to leave, but Xiao Xun didn't move. He turned his head to see that the second cousin came over with malicious intentions, glaring at his brother-in-law angrily, Xie Mingxi was startled, and hurriedly stopped in front of Cui Tingzhan, "Second cousin, you are not allowed to bully my brother-in-law."

Cui Tingzhan was really dizzy. Even though he was married, this little guy sold his sister from head to toe. It really is not the same mother, but it is different.

Xiao Xun knew what Cui Tingzhan was thinking just by meeting him. He pointed at Zhang Hongqian, "Can you settle it? If not, I'll take action. Don't make trouble with the princess again."

Cui Tingzhan blushed, seeing that the stalemate could not continue in the public, he had to deal with Zhang Hongqian's matter, "Second Master Zhang, what's the matter, please tell inside, your behavior will only embarrass the two families. My eldest sister is in better health. You make such a fuss, do you not want her to live?"

Zhang Hongqian is in a very difficult situation now, continue to kneel, he has no face to kneel down, if he goes back, if he doesn't take Cui back, his grandmother won't let him in.

"I'm here to pick up Nan Wan. She has lived in her mother's house for several days, and she doesn't know what's wrong with her body. If it's not good, she can take her back. At least she can ask the imperial doctor, so as not to worry the elders in the family."

The meaning is beyond words, Cui Nanwan is in the Cui family, and even the imperial doctor can't afford it, how can the Cui family have the nerve to keep someone?

Xiao Xun hadn't entered the door yet, when he heard it, he sneered, "Go and ask, which imperial doctor in this imperial hospital is better than the Cui family's medical skills? Besides, you have lost such a big shame and been stripped naked Hanging on the tower, even the mole on it can be seen clearly, which girl is shameless and can marry you?"

Today's update!

Lu Yan: No matter how the author treats me, I will help Mei Mei ask for votes!

Please help me stabilize the list!

Chapter 395 pick you up

Dare to doubt his wife's medical skills, Xiao Xun felt that Zhang Hongqian hadn't suffered enough.

The key point is that Zhang Hongqian didn't know where he offended Xiao Xun until now. He and Xiao Xun are relatives anyway, and they have no grievances in the past and no hatred in the present. Does Xiao Xun treat him as his brother?

Not only did Xiao Xun not apologize to him, but he kept telling him about his scandal. Zhang Hongqian blushed with anger, stepped forward, and pointed at Xiao Xun's nose, "Say, why did you do this? How did I offend you?" ?"

"Seeing that you don't like me, the king is happy, what's the matter? Can't you?" Xiao Xun grabbed Zhang Hongqian's wrist, grinding his teeth and said, "Dare to point at this king, believe it or not, this king will take you Broken arm?"

Zhang Hongqian backed away in fright, "Xiao Xun, don't overdo it, I'm your cousin! Just wait, I'm going to sue you in front of the emperor!"

"Go, hurry up, don't spend the night!" Xiao Xun hurriedly pushed him, although Zhang Hongqian was about to be a round older than Xiao Xun, where was his opponent, he took a few steps back, confiscated his posture, and sat down on the ground, Severe pain came from the tailbone, and a cold sweat broke out all over his body, and he couldn't help screaming "Aw".

The young servants of the Zhang family rushed forward, helped their son up, put him on the horse, turned around and left, not daring to stay longer.

The twig was still on Zhang Hongqian's back, and several uncut branches made his back hurt. Zhang Hongqian's wailing could be heard along the road.

A farce, just like this shifted the battlefield.

Xiao Xun felt it was a pity, but Cui Tingzhan felt it was unbelievable. The manager said that Zhang Hongqian was causing trouble at the door, so he hurried back. As a result, without saying a few words, Zhang Hongqian came and left quickly.

The three entered the main hall. Xie Zhiwei was already waiting in the main hall when he heard the report. When he saw Xiao Xun, he came up to him and asked, "Why are you here?"

In an instant, Xiao Xun felt a dislocation in time and space, as if many years later, when his daughter-in-law left relatives, he came to pick him up.

He couldn't help laughing, and said poorly, "I'm here to pick you up!"

Xie Zhiwei blushed because of his lack of skin and face, and gave him a hard look, but the smile in her eyes was hard to hide, without power at all, but in Xiao Xun's eyes, she was charming and cute, which made him quarrel. There are nine cat tails sweeping back and forth in my heart, itching my whole body so badly.

Cui Tingzhan watched the two get along, and then believed that Xie Zhiwei was probably happy about this marriage, and his attitude towards Xiao Xun was much better. He kept Xiao Xun for dinner, and in the evening, it was Xiao Xun who sent Xie Zhiwei back.

In Xuandehou's mansion, Xuandehou's son listened patiently to his wife and children crying and telling the story. He was furious and squinted at Mrs. Han, "And then? What do you want? Go to the emperor to file a petition ? Do you think you can win the case?"

"Could it be that the eldest princess just watched her grandson being bullied like this?" When Han talked about the eldest princess, she was full of complaints. She knelt in front of the Qingshou Palace for a day and a night. If she didn't come, she copied "The Commandments for Women" a hundred times, and her face was lost in both houses.

She is a daughter-in-law, so it's fine if she doesn't like the eldest princess, but her own son is of the eldest princess's bloodline. Xiao Xun suffered this humiliation and broke his tail bone. Could it be that the eldest princess just doesn't care about it? Do not ask?

"Stupid woman!" Xuande Hou Shizi didn't want to say a word to the Han family. Even the prince in the palace dared not take advantage of him in front of the Chenjun king. His son actually dared to provoke Xiao Xun.

"Since you dare to provoke Xiao Xun, you should be prepared to be bullied by him. I can't help but look for me."

The dignitaries are also divided into three, six, and nine grades. Xiao Xun's kind is of course the top dignitaries.

The eldest princess doesn't have close contact with the palace, the sons and grandchildren of Xuande Hou's mansion are not very capable, and in the capital, they can only be regarded as third-rate dignitaries at most, Zhang Hongqian is comparable to cousin Xiao Xun, in fact, they have no contacts at all .

"My son didn't provoke him!" Zhang Hongqian lay on the couch, feeling extremely wronged. He and Xiao Xun couldn't play together, so how could he provoke Xiao Xun?

"You don't do business all day long. You don't have the ability to ask you to bring your wife back. If you don't provoke him, he Xiao Xun will have eyes for you and attack you. You are too overestimated. own."

Mrs. Han felt sorry for her son, and frowned, "Master, you can't say that. How can you say that about your son? According to what Master said, it is the honor of Xiao Xun to attack the second child?"

Xuande Hou Shizi couldn't get angry, pointed at Han's nose and said, "If it weren't for you, this matter would have come to this point today? It's all you have to do with Cui's family. Princess Duanxian is here, not only will you not live well Entertaining, offending people to death, you still want to say something else, let me see how this matter ends in the end!"

Han was trembling with anger, she stood up abruptly, "Who is the Princess Duanxian? To put it bluntly, she is a princess. Is she related to the Xiao family or is she a relative? A junior, bossing around in front of me, I am that It's easy to bully, let her bully? Why should I just keep my voice low?"

"Mr. Cui, to put it bluntly, she is from the Cui family. Can the east building and the west building be compared? Isn't she sold to our family by the Cui family? She still wants to gain face in front of me. Who in the world is a daughter-in-law who is not the mother-in-law?" Let's set the rules, she is so delicate, why don't you just stay at home and recruit a husband?"

Is this speaking human language?

Xuande Hou Shizi really didn't expect that the Han family was so stupid. It can be seen that some people, even if you have slept with her for many years, it is still difficult to read people's hearts until the critical moment.

Princess Duanxian had nothing to do with the Xiao family before, but now she has nothing to do with the Xiao family? Han Shi still can't see how favored she is by the emperor as the Princess of the County without passing through the door. Is Han Shi old and confused?

Xuande Hou Shizi was trembling with anger, pointed at Han's nose, said "yes" several times, and finally said, "I don't care about this matter, you have the ability, you take care of it!"

After finishing speaking, Prince Xuande Hou walked away, and after a while, Mrs. Han heard that Prince Xuande Hou pulled the servant girl who served in the study, and the two of them achieved good deeds in broad daylight. people in the house.

Han was so angry that she smashed everything in the house clean. She never dreamed that she would be surrounded by people looking around, and in the end, her husband slapped her in the face in front of the whole family.

The eldest son is taking revenge on her. Han embraced his son in his arms and cried, "Your father is not trying to make a face for me. I have worked hard to support this family and bear children for him. I have never He didn't do anything wrong, why did he treat me like this?"

The first update!

Chapter 396 Consummation

When these words reached the ears of the son of the world, Zhang Yanqing just sneered twice, "In this capital city, which master has three wives and four concubines? If I don't make face for her, she is shameless herself. What is the face for her?"

The servants in Xuandehou's mansion dared not walk on the ground, everyone was frightened, for fear of offending the masters, the atmosphere was gloomy, as if a white wedding had happened at home.

Cui Nanwan asked Xin Yi to tell her what she had heard from Xuande Hou's mansion, and she couldn't help showing a smile on her face. She, who cared about women's morals very much, couldn't help saying "serve it", sighed Tone, "I'm just afraid of ruining Wei Cousin's reputation."

After all, Wei Cousin is still venting her anger for her!

Xin Yi took the medicine brought by the little maid, and while feeding it to Cui Nanwan, he said, "I heard that Cousin saved the lives of the empress and the dragon in her belly twice. The empress is very happy. With this marriage, the maidservant sees that the county prince values the cousin girl very much, presumably the cousin girl has something to rely on, and doesn't care what the unexpected leader says?"

Xie Zhiwei didn't know what people outside said about her, and she didn't care. Xiao Xun came again as usual, and stayed in her boudoir.

Xie Zhiwei leaned on the head of the bed, wrapped in a quilt, watched him drink two bowls of tea in a row, and thought to himself, why won't he change for a while?

When he went to change clothes, she called Du Yuan and Du Yan in to guard them. Although they were a fiancé couple, they still had to avoid suspicion. It was really bad for him to keep barging into his boudoir like this.

"Mei Mei, I came today to say goodbye to you."

"Huh? Where are you going?" Xie Zhiwei thought about it, but he didn't hear that there was any war.

"Don't worry, I'll be leaving Beijing for a few days, and I'll be back in three or five days at the latest. If you're lucky, I'll be back in a day or two."

Xie Zhiwei guessed what he was going to do, so he didn't want to ask any more, and only asked his own request, "You always come at night, in case someone finds out, it's not good, if you have something to do in the future, it's not good to come to the door in a serious manner?"

Xiao Xun was a little embarrassed, "If I come here more often, I'm afraid that the elders in the family will not have a good impression of me. Meimei, I heard that your grandfather said that he would not marry me until you were seventeen or eighteen years old. Is it real?"

Xiao Xun walked to the bed, put his hands on his knees, bent down, tried to meet Xie Zhiwei's eyes, and said beggingly, "Mei Mei, when will we have to wait? It's not good to wait so long!"

"What's wrong?" Xie Zhiwei deliberately teased him, "Then when do you want to get married?"

The two young children have never discussed marriage by themselves, Xie Zhi was so ashamed that his whole body was dry, he buried his face in the bed, only showing two eyes to look at Xiao Xun, seeing him frowning, he was a little embarrassed, but also seemed to be suffocating. Gained courage, "Of course, the sooner the better, but when you're ready, we'll... consummate the house!"

He didn't know what he thought of, his face flushed immediately, and he quickly added, "You ask the servant girl to come in to serve you" and then flew over the window and disappeared into the night.

Xie Zhiwei covered her face with the quilt, and laughed silently, but thinking of her previous life, she couldn't help but shed tears in her eyes again, as if she saw that decisive and ruthless young man again, he couldn't be suppressed because of Gu poison, and later became very Afraid of the cold, before autumn came, he wrapped himself in the thickest sable fur cloak, and asked her with stern eyes, "You don't want to leave the palace because you want to be buried with him?"

I don't know what happened to the Gu poison on his body. The reason why she agreed to this marriage is to detoxify him conveniently. The seven-star Gu poison is overbearing, and it will take at least two years to detoxify, and the preparation of medicinal materials is the most important thing. The most difficult thing is that she can't leave Beijing, so she can only contact her uncle and third cousin to see if she can get through them and know where some medicinal materials are?

In Fuyun Courtyard, Mrs. Yuan was receiving Xie Sanniang who came from afar. She arrived in the afternoon, wearing a white background, red bamboo leaves, plum blossom makeup, and satin facing the lapel, and two gold lilac hairpins on her head. , with clear eyes, seeing Yuan Shi, she yelled "Sister-in-law" and bowed down, Yuan Shi hurriedly supported her, "Sit down quickly, we are at home, don't talk about such empty etiquette."

After the two exchanged pleasantries, Yuan Shi placed Xie Sanniang in the Siya Courtyard. One was to be a companion with Haishi, and the other was that Haishi was about to leave the cabinet. Xie Sanniang

was comfortable living in Siyayuan alone. As for huddling with the nieces and daughters in the Xiulou of Yiranju!

After returning from Taohuawu, the girls of Xie's family moved to Yiranju, lived together, went to boudoir school together, and finished school together every day. There was a place to pass the time on weekdays, and it was very lively. .

Haishi and Xie Sanniang met before, and Xie Sanniang couldn't help being envious when she saw Haishi embroidering her wedding dress, but she kept her face calm and ordered the servant girl to put her things in the two vacant rooms on the east side. Once it was set up, some special products from Luzhou brought in were divided into shares and sent to each house.

The Yuan family and the Qian family sent someone to send a reciprocal gift, but the Xiao family threw away the things Xie Sanniang gave, "Where did the shabby ones come from? The long house needs to be taken in. The long house pays for it, don't spend the money from the public." ."

These words reached Yuan Shi's ears in just a cup of tea, and Yuan Shi couldn't help being stunned, "I can't write two words 'thank you' in one stroke, how could she say such a thing? Besides, Where did the family lose this little money?"

Since Xie Sanniang moved in, Haishi has a speaker. The two of them do needlework and talk together every day. When the maid taught Xie Sanniang the words, Haishi was by his side.

After Xie Sanniang heard it, she was neither irritable nor angry, but smiled slightly, and said, "Sister-in-law is right, you can't write two 'thanks' in one stroke, and second sister-in-law Ren said that I am a girl from the Xie family. With brother and sister-in-law, with whom? She loves to talk, so let her talk!"

Hei Shi suddenly felt that Miss Xie San was a wonderful person, everything should be on his own head, it depends on how he thinks, if it is someone else, he will feel that he is dependent on others, but Miss Xie is full of confidence, after all, this The confidence is also thanks to my family.

Hai's family looked on coldly, all the girls from the Xie family seemed to be very confident, it can be seen that the Xie family's family style dictated it.

She originally wanted to make Miss Xie San as a boudoir friend, but after hearing what Miss Xie San said, she had to adjust her position again. Once she passed the door, Miss Xie San would be her sister-in-law.

There were bursts of crying in the main courtyard of Prince Xiang's mansion. A girl was lying on Princess Xiang's knees, crying very sadly, "Auntie, you promised Fengzhi that Fengzhi would marry her cousin as an official. Concubine, how can you not count what you say?"

Princess Xiang was confused by her niece crying. Is this what she wants to see? "Do you think I am willing? This is not the emperor's sudden decree. Who can resist the decree?"

The second update!

Zhuang Fengzhi is the daughter of Uncle Zhuang's concubine. In this generation, only Zhuang Fengzhi has a daughter. The Zhuang family regards it as a treasure, so that Princess Xiang pushed all the daughters she raised aside and regarded this niece as a treasure. As oneself.

At this time, seeing Zhuang Fengzhi crying like tears, Zhuang's heart was torn in two, and he hugged his niece and daughter in his arms to comfort him, "Good boy, don't cry, there is always a way."

If it is said that Princess Xiang did not hate Xiao Xun to death before, and could tolerate a little, it was because her niece held a heart for him. Right now, the position of Concubine Xiao Xun is not needed for a while. After thinking about it, it was difficult for Princess Xiang to tolerate Xiao Xun.

Seeing that Zhuang Fengzhi was out of breath from crying, Sister Ji hiccupped, fearing that she would cry something wrong, so she comforted her, "Ciao girl, don't cry, even if the emperor gives orders, Princess Duanxian will still do it." A little baby, eleven years old, what can he do? The prince of the county is fourteen years old, if he wants to wait for Duanxian princess and Ji, when will he have to wait?"

Zhuang Fengzhi really didn't cry anymore, she figured out that she was fifteen years old, she was already at the age, and could consummate the house at any time, how many people at Xiao Xun's age in Beijing all had housemates, if she entered the door by herself, she would occupy Xiao Xun first It's best to wait for Xie Zhiwei to pass through the door, and he has a concubine's eldest son, so why worry about not being able to do things in the future?

"Auntie, you have to help me, woo woo woo, I can't live without my cousin, obviously he is mine, why should Xie Zhiwei want to **** him away, we grew up together, childhood sweetheart, if he really married someone else , I'm dead!"

Mrs. Zhuang felt very distressed, and was afraid that others would listen to her words and ruin her niece's reputation, so she hugged her in her arms to comfort her, "Don't worry, I will definitely find a way. What kind of girl is better than our sister Zhi, and more suitable for the eldest son?"

Xiao Lingsu raised the curtain and walked in, seeing this scene of hugging her head and crying again, she felt a shock in her heart, came over to salute her mother, sat down beside her, waited for Zhuang Fengzhi to cry, and asked, "What's the matter? Why is my cousin crying like this? Who else in this house can make my cousin angry?"

Logically, Xiao Lingsu is the only daughter of Prince Xiang, and with his status as Prince Xiang, if he asks for the seal for Xiao Lingsu, a princess can't escape.

Sui Wang's daughter, Xiao Lingyi, was named the head of Huayang County, and Changshou's daughter was named the head of Huihe County. However, Xiao Lingsu was nothing. For this reason, the Zhuang family was very angry, and she could do nothing to help King Xiang , so he took his anger out on Xiao Lingsu, blaming this daughter for not being able to please her father, and always treating her daughter very poorly.

Zhuang Fengzhi thought that Xiao Lingsu was here to see a joke, wiped away her tears, and got angry at Xiao Lingsu, "If you want to care, is it because you speak ill of me in front of my cousin all day long that he wants to marry someone else? "

Xiao Lingsu looked at Zhuang Fengzhi with the eyes of a monster. She knew what her mother and cousin were up to. Her mother wanted to marry her cousin to her eldest brother, but she didn't even look at it. The Zhuang family was just an imperial businessman. After all, he is just a servant of the royal family. The imperial grandmother loves the elder brother so much, how could he let the elder brother marry his cousin?

After she knew what was going on, she didn't bother to talk to Zhuang Fengzhi anymore, she just turned her head and said to Zhuang, "Mother, the eldest sister in the palace sent a message saying that she is organizing a polo team. I want to join and make a two-body riding suit." ."

"What kind of clothes do you make without festivals? Besides, you still have few clothes? If you want money, you can do it. I don't care. If you don't have money, you want to make it. Whoever you want to ask for money, don't Find me!"

Ms. Zhuang was in a bad mood, so she threw a few words bluntly. Xiao Lingsu got up when she heard it, and walked out without saluting her mother.

Mrs. Zhuang was so angry that her heart ached. She pointed at Xiao Lingsu's back, "Look, what's her attitude? I don't have enough clothes and jewelry for her? The money from the public is just a little bit less. With so much money, the prince asked me to find a way to prepare a small set of gifts for the eldest son, I still have a headache, where can I spare the money to make her some riding clothes now?"

"How old are you, and I'm about to discuss marriage, and I just want to run outside every day to see what kind of good family she can marry in the future." After finishing speaking, Mrs. Zhuang gently wiped away the tears of her niece, "Okay Don't cry, when I did the jewelry the day before yesterday, I specially made some jewelry for you, and asked the maid to dress you up well, your cousin should be back, after you meet him, talk to him well, Be gentle and he will understand what you mean."

"He's already married someone, how can I talk to him?" Zhuang Fengzhi played with a small temper, "We used to talk when we were young, but when we got older, I couldn't get close to him, who knows, he is actually Such a heartless person."

Xiao Lingsu didn't leave right away after going out. She knew that she was being rude just now, and hesitated whether to go back and apologize to her mother. After hearing these words, she vomited out the meal overnight and said to the maid beside her, "Go !"

Citron helped her own girl and walked out of Rongfu Hall, the courtyard of the Zhuang family. Will Princess Duanxian misunderstand?"

Xiao Lingsu thought for a while, "Elder brother has his own discretion. Let's not meddle in our own business. This family is like this. Who knows what kind of temper Princess Duanxian has. If they are like them, let them bite the dog." Go, if it's not the same, it must be right and wrong, she should be able to distinguish clearly."

Xiao Lingsu walked around to her own courtyard, entered the house, sat at the desk in front of the window, picked up the unfinished book, and began to read.

Citron made her a cup of tea and couldn't help asking, "Girl, what about the riding outfit?"

"Go and ask my second elder brother if he has any money. Lend me some money first, and I will return it to him when the monthly report is issued next month. Always make a riding outfit, otherwise, this Polo team, I can't get in."

Xiao Xun came back two days later, there were twenty geese in the carriage, all the way in from Nanxunmen, the wild geese along the way were cheering and cheering, attracting passers-by to stop and stare. Everyone in the capital knew that Prince Chen had caught live geese and came back to make a small order for Princess Duanxian.

Even Xie Zhiwei, who was sitting in the Fuyun courtyard, knew it. At that time, she was listening to Yuan Shi talking about how Xiao Dingli would move.

"These days, you don't want to go anywhere except to go to the palace to greet the empress. At least you make two sets of clothes for the prince of the county. Since the marriage was bestowed by the emperor, you don't need to ask for your name and Najib. You will turn around and wait for Prince Xiang's mansion to come over." Make an appointment, if you don't return the gift, it will be rude, why don't you go to a tailor shop and buy two sets of clothes to make do with it?"

Bai Ling stepped into the door, and seeing Yuan Shi and Xie Zhiwei looking over, she said happily, "The prince of the county went out to catch geese, and he loaded a cart full of geese. Now everyone in the capital is saying that the prince of the county values the girl so much. Go and catch live geese for Zhi ceremony."

The third update!

Chapter 398 Xiaoding

Yuan Shi was very happy when she heard this, and after Xie Zhiwei left, she couldn't help but said to Nanny Tian, "Although my uncle is a concubine, you should pay special attention to us Meimei from this posture. Don't you have wild geese in the garden? My uncle insists on catching them yourself, and doing it yourself is the only way to take us Meimei to heart."

Nurse Tian naturally followed suit with nice words.

Xie Zhiwei returned to Yizhaoyuan, her face was flushed, she didn't expect that Xiao Xun came to say goodbye to her two days ago in order to go outside to catch live geese, and he caught so many geese back, flaunting it in the market, for fear that others would not know that he wanted Xiaoding up.

Zhuang Fengzhi's tears hadn't been wiped away, and the hiccups became more and more severe. The servant girl from Rongfu Hall came in and reported, "Princess, the prince of the county is back. He is in the front yard at the moment. He has caught a car of live geese. The prince invited the concubine to come back." Go to discuss the matter of Xiao Dingli."

When Zhuang Fengzhi heard this, she immediately hugged Zhuang Shi, "Auntie, no, I don't want my cousin to make a small betrothal ceremony, my cousin's first wife can only be me, if he makes a small betrothal ceremony for other girls, I won't live."

Mrs. Zhuang's heart was broken when she heard this, and she also angered Xiao Xun, "Is he in such a hurry? The emperor's decree has only been issued for two days, and he can't wait for a day? The eleven-year-old girl of Princess Duanxian, Welcome in, what can it do?"

The maids didn't dare to answer these words. They lowered their heads and shrunk their shoulders, for fear that the princess would spread the fire on themselves.

Coincidentally, King Xiang couldn't wait any longer, and came here with Xiao Xun, heard Zhuang's words in his ears, and couldn't help saying angrily, "Then tell me, the emperor issued an imperial decree, are you going to delay it?" Don't do it? Hey, why doesn't this king know when the banker is so stubborn and dares to resist the order?"

What does this have to do with dealers?

Mrs. Zhuang was still holding her niece in her arms. The niece was twitching badly. She was very distressed and patted the back of the niece lightly. Zhuang Fengzhi quickly got up with her head down and bowed to King Xiang. The sweetheart standing beside her was startled and almost pouted. She immediately covered her face covered with tears and snot, turned around and walked to the next room. It was really embarrassing. Cousin wouldn't despise him, would he?

No, no, seeing myself crying, my cousin should be very distressed.

"My lord, this concubine doesn't mean that. What I mean is that the emperor has only made an order for two days. There is no need to make an order so quickly. Let people outside know that we are the girl who married the Xie family. It is not good to spread the word. ."

Mrs. Zhuang thought of how much the prince attached great importance to the eldest son of the concubine, and said, "It also contributed to the prestige of Miss Xie's family. If you marry in the future, disrespecting your husband and elders will not be the root of the family's troubles?"

Xiao Xun's face was darkened, he sat down on the chair and sneered, "Then what does the princess want?"

Mrs. Zhuang didn't hear the sarcasm and anger in Xiao Xun's tone. Seeing Xiao Xun sitting down, she thought he meant to have a long talk, and wondered if it was just seeing her niece, what was on her mind?

She hurriedly said, "According to me, since the imperial decree of granting marriage has been issued, there is no need to be so anxious, let her hang out for a few months, and let the Xie family know that the gate of my Prince Xiang's Mansion is not so easy..."

Before Zhuang's words were finished, King Xiang directly threw a cup of tea brought by the maid on the ground, and he squinted at Princess Xiang, "If you don't want to be the mistress of the house and not arrange marriages for the children, my king Please get an expert, you think the Xie family is climbing up my Xiang Palace, you are really stupid!"

The Zhuang family really didn't understand, you said it well, why did King Xiang get angry? She was also furious, for more than ten years, she did not dare to confront King Xiang, her face was pale, and her voice trembled, "Since the prince has spoken, I will go tomorrow."

Xiao Xun took a deep breath, looked at King Xiang, and then at Princess Xiang, "Princess, tomorrow is not an auspicious day, and you have to pay attention to the hour when you make the Xiaoding. The date calculated by Qin Tianjian is March 22. I will tell the Xie family about this date, and when the date arrives, I will ask the princess to help me make a trip."

After finishing speaking, Xiao Xun turned around and walked out.

King Xiang was also about to step out, but thinking of this matter, for the sake of face, he still had to rely on Princess Xiang, and he couldn't tear himself apart with her for the time being, so he had to swallow his anger and say, "There are still ten days, this little Ding Please worry more about the ceremony, for Ah Xun's marriage, this king will ask for an order and let the Ministry of Rites handle it."

Ministry of Rites? Only the weddings of princes and princesses will be handled by the Ministry of Rituals. It's not like Xiao Xun has no father or mother, so he let the Ministry of Rites to take care of it. How much respect is this for Xiao Xun and Xie Zhiwei?

If the person who is engaged to Xiao Xun is the dealer, then this dignity belongs to the dealer. Zhuang's heart is still very angry, but right now, this marriage is ordered by the emperor, unless Xie Zhiwei dies suddenly, otherwise, it will not be her turn to be the girl of the Zhuang family anyway.

Master Zhuang thought for a while, and said, "My lord, this marriage is a match made in heaven. I will definitely take it to heart. Even if the Ministry of Etiquette arranges it, I will keep an eye on it. Make it perfect."

Hearing this, King Xiang felt much more at ease, and felt that his concubine was not useless. If she could really do what she said, she might as well give her more dignity in the future.

"It's just that the prince has ever thought about it. The prince of the county is already fourteen years old, and the princess of Duanxian is only eleven years old. I heard that the Xie family will keep the girl until she is seventeen or eighteen years old. When are you going?"

King Xiang also heard the words from the Xie family. He was still thinking at the time, did the Xie family love the girl? Or is there another purpose? King Xiang is not afraid either, when the time comes to ask the Empress Dowager for a letter of honor, the Xie family dare not deny it.

At this moment, he turned his head and looked at Zhuang Shi with displeasure, "What do you want to say?"

"The concubine means that since the main concubine has already been decided and she is young, it is better to consider letting the side concubine enter the door first, not to ask for a concubine, but to stay in the prince's house to serve, and then invite the concubine to come in after the concubine passes the door. Feng, it will not hurt the dignity of the princess of the county."

Logically speaking, this is a good arrangement.

After all, Xiao Xun is not young anymore. An older son in an ordinary wealthy family already has a room, but Xiao Xun is surrounded by servants, and even a female mosquito cannot fly into the room.

King Xiang took a deep look at Mrs. Zhuang and sneered, "If you can persuade Ah Xun to accept your stupid niece, I have no objection!"

Mrs. Zhuang breathed a sigh of relief. For her, as long as the prince agrees, the matter is half successful. After King Xiang left, Zhuang Fengzhi came out from the next room. Just now, she heard what uncle and aunt said. Immediately with a smile on his face, he ran over and hugged Mrs. Zhuang's arm, "Auntie, uncle agrees? Then you go and tell your cousin now, why don't you also place a small order on March 22, and have a day with Miss Xie! "

Today's update!

I forgot to say happy Lantern Festival to everyone yesterday!

Remember to vote for me and help me stabilize the list, thank you!

Chapter 399 Joy

If you spend a day with Miss Xie, you will trample on Xie Zhiwei's face and rub it hard.

Mrs. Zhuang also thought of this, and only felt that her niece was a cunning one.

Sure enough, she is the girl cultivated by the dealer with all her efforts. All she needs now is an opportunity. Once she has the opportunity, she can soar into the sky.

She couldn't help stroking the back of her niece lovingly, "Okay, aunt is the only niece like you, since you don't want to marry your cousin, aunt might as well let go and help you, but in the future, if you can win over His heart, don't forget how kind your aunt is to you today."

"Don't worry, aunt. As long as I become my cousin's man, am I afraid that I won't be able to win his heart? In the future, I will definitely let my cousin treat my second cousin well. My uncle's title and the property of Prince Xiang's mansion must also belong to my second cousin." of."

"Stupid boy, it doesn't have to be your second cousin. The prince of the county is also the son of the prince. However, he is capable. He doesn't know how much better than your second cousin. It's enough for you to help him more in the future." !"

"It's natural. Auntie still doesn't believe in Zhi'er? In the future, Zhi'er will have to make a living in the hands of a serious mother-in-law like aunt. How dare Zhi'er not listen to auntie?"

After talking, the aunt and nephew both laughed, and Rongfu Hall was naturally full of joy.

"It's just that this matter needs to be carefully planned. You also know your cousin's firecracker temper. If you anger him, he doesn't know what will happen." Zhuang was worried.

"What is Auntie going to do?"

"For this matter, it is best to get the approval of the empress dowager in the palace. If she can support you, it will be the most secure." Zhuang's eyes revealed calculations, and she was not worried about the empress dowager not agreeing.

Bringing a side concubine in ahead of time is harmless. If Xiao Xun does not object, it would be best. If Xiao Xun objects, then it is Xie Zhiwei's fault. No elder in any family would like to see his son make trouble with his elders because of his daughter-in-law.

As a result, Xiao Xun was in a dilemma.

Xiao Xun didn't know that he was being missed, so he asked someone to raise the carload of wild geese in the small lake in Qiyun Garden, and told Mo Hen to take good care of him, "If one or two die, you can go Let it be buried with you!"

Mohen wanted to cry, "Your Majesty, this servant is really not suitable for raising wild geese. You see that you have even caught wild geese, so why don't you go and give the little ceremony in advance?"

Xiao Xun was full of sweetness in his heart, and his tone of voice was much warmer than usual, "Do you think I don't want to? But I heard from my mother that the Xie family sent someone to ask for my size, presumably to make me clothes, Wouldn't it be impolite if the small ceremony was made too hastily and the clothes over there were not ready in time?"

It makes sense, he is a filial son-in-law!

Mohen complained in his heart, but didn't show anything on his face. In order not to allow himself to be buried with these wild geese, he had no choice but to give his master an idea, "Your Majesty, why don't you invite a little **** who specializes in raising birds from the palace to serve these wild geese?" Right? The servant is afraid that the servant will really be raised to death, and it is a small matter for the servant to bury these wild geese. It is a happy event with some bad things, so it is not good."

No, the wild goose is dead, how unlucky it is!

"Okay, I will enter the palace tomorrow, and you will take care of me tonight."

Xiao Xun was tired for two days and was about to go back to have a rest when someone came to the door to report that someone from the Xie family had come to see the county prince. Xiao Xun was overjoyed and walked out while asking, "Who is here? Didn't say anything?"

"The one who came was a nanny surnamed Qiu next to the princess. She said that she was ordered by the princess to meet the prince and had something to say."

Xiao Xun knew the people around Xie Zhiwei very well, so he naturally knew that Mother Qiu was the first-class person, so he hurriedly said, "What are you waiting for, please come in and talk soon!"

In the main hall of Jiulin Courtyard, Mother Qiu waited for about half a cup of tea, Xiao Xun came over, and she hurriedly stepped forward to salute, "Your Majesty, this servant is ordered by the Majesty to come and measure your size."

Xiao Xun was stunned for a while, and said to himself, didn't he just ask someone to come and take his size, why did he have to measure it again? But, it's nothing, it must be because his Meimei is doing things safely, and worried about the size, so he sent Mother Qiu to take a special trip to measure, and she was very cooperative.

The one who recorded the size was also a little girl next to Xie Zhiwei, and the two of them settled the matter. Before going back, Madam Qiu reminded, "The princess, what the princess wants, I asked the mansion to give the size before, and this time I came to measure again. , I am afraid that those who are

interested will think that the princess is picky, if someone asks, please ask the prince to find another excuse."

"Princess, please rest assured!"

Before Mother Qiu and the little maid were leaving the house, Xiao Xun was offered a lot of rewards. He walked around the room, feeling uneasy, so he went to Ninghui Hall to look around again, and Zelan Courtyard didn't let him go. , Finally, someone called Uncle Cao, "Uncle Cao, I'm in the front hall and backyard, you hurry up and arrange for someone to come in and repair it, oh yes, the place that needs to be remodeled still needs to be remodeled, I don't know what the princess likes. Son?"

He also thought about it, although he owns the county palace, he will still live in this courtyard for a while, even if he lives for a day, he can't wrong Mei Mei.

He also needs to plan early on some things in the future and discuss with Mei Mei.

But the wedding must be immeasurable. Could it be that he still has to wait until the big things are done before getting married?

There is a saying that nights are long and dreams are many. It is safest for him to marry Mei Mei back as soon as possible and keep it by his side.

Cao Zhan was dumbfounded. It's all over and it's getting dark. Where can he find someone to repair the house for the county prince? Is the prince of the county insane?

"Your Majesty, surely you don't need to renovate the outer study in front of you?"

"My study has only been repaired for two years. What are you repairing? Do you understand? This king is going to get married soon. Does this king still plan to let the princess come in and live in the old house?"

Cao Zhanxin said, when the house is renovated, the prince will not renovate the one-third of the acre of the county prince? He had to persuade, "My lord, of course this servant knows what the prince of the county means, but what I mean by this slave is to show the map of this house to the princess to see what needs to be changed, what needs to be added or subtracted, and what is there to do. It's clear, and it's fixed in one go."

"You are right, I'll take out the blueprint right away."

"Even if you send the blueprints, you have to wait until tomorrow. At this moment, Xie's house may have closed."

Cao Zhan couldn't help but shook his head, the county prince is such a smart and capable person, the imperial decree of marriage made the county prince go crazy with joy.

Xiao Xun didn't listen to him, he sent Cao Zhan away and asked him to think about who was the most suitable and capable person from the Ministry of Industry who could help him repair the house. Without changing, he flew over the roof and went to Xie's house.

The first update!

Chapter 400 Uncle

Xie Zhiwei picked out the fabrics all afternoon, before picking out a gold brocade woven with blue ground, clouds, wind and dark flowers and a double-layer brocade with black and eight auspicious phoenix patterns to make two robes for Xiao Xun.

Holding the size given by Prince Xiang's Mansion in her hand, she glanced at it and sneered, "Throw it away!"

Zi Mo said indignantly, "If you want this servant to tell you, Princess Xiang's behavior is really too low."

"What's the matter, she is trying to show me off. Think about it, Xie's Xiao Dingli's gift in return is to be displayed in the hall for others to see, especially the clothes I made with my own hands. Could it be that Still not wearing a top? A girl with poor stitching won't let the embroiderer do it? But if the size is wrong, no matter what the reason is, there will be a joke."

Xie Zhiwei said it and let it go. She also remembered that in her previous life, Xiao Xun's younger brother married the niece of Zhuang's natal family, who was two years older than Xiao Ke. At first, she had a blind date with Zhuang's mother-in-law, and later, said that the niece disliked the son, and the Zhuang family didn't have a good look at the niece, and the quarrel between mother-in-law and daughter-in-law was particularly ugly.

Xiao Xun was squatting on the crabapple tree. He had sharp eyes and ears, and when he heard Xie Zhiwei's voice in the room, he was furious. It turned out that Princess Xiang was still playing such tricks in places he didn't know.

His marriage, can he count on Princess Xiang to arrange it for him?

He didn't expect that before this even started, Mei-Mei would be angry because of him. Xiao Xun was about to go back to trouble Princess Xiang when he saw Xie Zhiwei coming in through the back door and into the back ear room. It turned out that the maid had already brought two buckets of water and Xie Zhiwei was about to take a bath.

Xiao Xun's face turned red immediately. Although he couldn't see anything from here, he still felt it was inappropriate. He came down from the tree quietly, went around the west side, climbed over the railing of the veranda, and came in through the south window. Stay in the Warm Pavilion.

After taking a bath, Xie Zhiwei put on a middle coat and a jacket, and was about to go to the kang of the warm pavilion, when she felt a familiar breath, she walked sideways into the second room, sat down on the big bed, and let people She hugged the quilt and came over to snuggle up, and asked Zi Mo to wipe her hair.

Bai Ling came in and said that Mother Qiu and Qianmei were back, so Xie Zhiwei asked someone to come in, and the two saluted Xie Zhiwei. Mother Qiu handed the written size to Xie Zhiwei and said, "It is the same size as the one given by Prince Xiang's Mansion before. It's a lot worse, but fortunately the girl is more thoughtful, otherwise, the clothes made according to the previous size would be a waste of fabric effort, wouldn't it be a joke for my uncle to put on the upper body?"

"Ahem!" Xie Zhiwei winked at Nanny Qiu, wanting her not to call "Uncle", for fear that Xiao Xun would hear the joke.

The Nuan Pavilion where Xiao Xun was staying was only separated from this side by carved red sandalwood walls on four sides. When Xiao Xun heard Xie Zhiwei's servants calling him "uncle", his heart was soaked in a honey pot, and he was so happy that he almost fell on the kang. Rolled over.

Mother Qiu didn't understand what Xie Zhiwei meant, and she was talking about Xiao Xun asking someone to give her and Qianmei a reward, "Who would have thought that the county prince would give such a big reward of two silver ingots, each worth about ten taels? !"

"Since he gave you the old one, you can take it." Xie Zhiwei took the size, and let Qiu Momo and Qianmei go down to rest, thinking to himself, if I knew Xiao Xun would come, why let Momo grow old. How about this trip?

After drying her hair, Zi Mo took some ointment and smeared it on Xie Zhiwei's body, and said puzzledly, "Although the weather is getting warmer, this spring is also very cold. Girl, I will still put ointment on the bed from now on."

Xie Zhiwei let out a "hmm" and didn't say much. If she didn't suspect someone in the inner room, why would she apply the ointment here?

Xiao Xun heard what she was doing, his face flushed with shame, and he wanted to go out, but when he heard someone walking outside, he dared not move. He and Xie Zhiwei are unmarried couples, if something happened, it would be bad for Xie Zhiwei's reputation.

Xie Zhiwei sent all the servants out, went into the inner room, closed the door, walked to the Nuan Pavilion, opened the door, and stared fiercely at Xiao Xun.

"I'm not...I have something to look for you!" Xiao Xun quickly took out the blueprint in his arms, and handed it to her with both hands, "Mei Mei, don't be angry, I won't do this next time, I'm serious. If something happened, I couldn't wait for a moment, so I ran here."

Who knew, just ran into her body balm? Xiao Xun couldn't help thinking, after marriage, shouldn't the work of applying ointment be left to him?

He couldn't help but secretly glanced at Xie Zhiwei's wrist. As the book said, it was as white as snow, and he blushed again, turning his head away.

"What's this?"

Xie Zhiwei glanced at the drawings, but didn't understand, what was he trying to do with these for himself?

"It's the blueprint of the house. I plan to ask the Ministry of Industry to arrange people to come into the house tomorrow to repair the house. I don't know what kind of layout you want, so I will show you the blueprint. If you like it, we will give it a try." How do you transform the house, do you like it?"

Speaking of business, Xiao Xun finally became normal again. He pointed it to Xie Zhiwei, "This is the palace, and this is a wall. There is only a door on this side, which can lead to the palace. Normally, we only need to Close this door, and this is our own yard."

Only then did Xie Zhiwei understand that there are four gates in total facing the street in Prince Xiang's Mansion, and the five gates are usually not opened, and only the east and west corner gates are used, but the east corner gate faces east, and there are three black lacquered gates. After entering the gate, it is an independent courtyard, a spacious yard, walk in, open the Daoyi Gate, and on the left is a three-entry yard, which is Xiao Xun's study, Jiulinyuan.

After that, there is the three-storey Yimen, which leads into the zigzag veranda, two small halls, five main rooms in front, and three halls connected. There is a flower hall in the middle of the house, and to the east, there are three more rooms.

The veranda on the north side goes down three steps and passes through a courtyard, which is another courtyard named Zelan Courtyard.

The three small courtyards are connected together, the houses are scattered, the layout is ingenious, and they are independent of each other. The entrance of the courtyard in the north is a circular arch bridge, which leads to the back garden, which is a three-acre garden. Through the gate in the east, it is a huge garden, Qiyun Garden.

"It's already very good!" Xie Zhiwei returned the drawings to Xiao Xun, "It's all good, and I can't think of anything bad, so I have to change it."

"Is this true?" Xiao Xun worried that Xie Zhiwei was afraid of trouble, and said, "I don't think it's that good, Mei Mei, don't be too troublesome. If you say something needs to be changed, we will make a good change. If we live in the future Once inside, it is even more difficult to change."

"It's really unnecessary." Xie Zhiwei thought for a while, pointing to the five main rooms and said, "Since the main room is divided into front and back, why not simply separate the front from the back, set up seats here, and make two warm pavilions from east to west, and the five rooms in the back How about using it as a daily living place?"
