

The Power 431

Chapter 431 Leaving the cabinet

Even in modern society, if someone is a mistress and is taken care of by others, they won't be pointed at their noses and scolded. The girls from Xie's family and her are still cousins, but they dare to humiliate her face to face like this!

However, Xie Zhiwei's words also reminded Xue Wanqing that if she really came, would she still be able to talk to those noble ladies? Will anyone else take care of her?

But who caused all this today? She could obviously become Xiao Changxuan's main concubine, but she became the state she is today.

Xue Wanqing looked at Xie Zhiwei full of hatred, "Big cousin, why did I become the fourth prince and concubine? Others don't know, don't you?"

"Who is manipulating all this behind the scenes, others don't know, and don't you know?"

Xue Wanqing pressed Xie Zhiwei step by step, Du Yuan and Du Yun stepped forward, stopped Xue Wanqing, and said, "Miss Xue, speak as you say, if you dare to do something, don't blame us for being rude!"

Xue Wanqing looked at the two of them and sneered, "You two, don't think that I don't know where you two came from. I'm really curious, who is he who dares to take you two in!"

Du Yuan and Du Yun's expressions changed drastically. Just as they were about to make a move, Xue Wanqing said, "Wait a minute, what do you think will happen to you if I die here? What will happen to the Xie family?"

"No way!" Xie Zhiwei said, "If you die, you will die. Xue Wanqing, just scare the Xue family with your words. Don't bring them to the Xie family. For you and the Xie family?"

Xie Zhiwei actually wanted to say, with the current Xiao Changxuan, what can Xie Jia do?

In the previous life, when Xiao Changxuan was not on the throne and had a firm foothold in the court, he didn't dare to do anything to the Xie family. Even if his grandfather had died of illness, his father would have preferred to die.

What's more, in today's Xie family, grandfather has made further progress in his official career, and his father has even received an errand in Shenji Camp.

And she is the future princess of Chenjun.

Can Xiao Changxuan weigh his grandfather's prestige in the court, his father's soldiers, and Xiao Xun's prestige in the army?

Unless, Xiao Changxuan doesn't want that position anymore!

What Xie Zhiwei could think of, how could Xue Wanqing not think of it, she just didn't expect that Xie Zhiwei had grown to this stage before she knew it.

But she was still not reconciled, "Big cousin, you are right, but you still let me down. I didn't expect that you would bet your life on a man. When you were in your natal family, you relied on your father and brother. It depends on your husband. You look down on me, but do you think you can live happily ever after with this good marriage? Xiao Xun will never change his mind about you, won't take concubines, and won't give birth to a lot of concubines for you female?"

Xie Zhiwei frowned. She could just listen to her words, but the sisters are still on the sidelines?

Xie Zhihui had already spat at Xue Wanqing, "Bah, shameless, I'm really not ashamed to say such a thing!"

Xue Wanqing looked like she couldn't bear to see each other, "Although I am only a concubine today, but Xie Zhiwei, in this life, the road is so long, who knows the future?"

For some reason, Xie Zhiwei thought of the legendary Concubine Liang in the palace. He heard that Xue Wanqing had entered the palace to stay with Concubine Liang for a long time. Could it be that these thoughts were instilled in her by Concubine Liang?

"Miss Xue, it's too much to say if you don't speculate, please!"

Xie Zhiwei told the wives, "Good luck sending Miss Xue out!"

When Xue Wanqing came out of Yimen, he happened to meet someone from the Hai family who came to deliver the dowry, so the women grabbed Xue Wanqing and Cuixiang from left to right, and pressed them against the wall, preventing them from talking or moving.

Mrs. Yuan led two sisters-in-law and a sister-in-law to welcome the dowry. The dowry was carried out and placed in the main courtyard. Some relatives from Xie's family were watching around. He said nice words of compliment, and the yard was full of joy.

"I heard that the fourth wife is from the Hai family, but she behaves well and speaks very gently. Listen to her, no matter how bad her temper is, she can get better."

"Maybe it's done, our fourth wife."

"The girl who is the first daughter of Hai's family, can there be any problems? Our family got a big bargain this time!"

"Hahaha, look at your mouth, what are you talking about, when the time comes for the bride to enter the door, if you dare to say it, I will convince you!"

...

There was a lot of laughter, Xue Wanqing was listening, her heart gradually sank, she didn't know what she would be like when she came out of the cabinet in the future, but she was definitely not as decent as today.

Concubine Shu, the emperor specially created a rank for her, which is like a brand mark on her body, which is a lifetime of shame.

Xue Wanqing decided to wash away this shame with blood.

After sending Xue Wanqing out, Xie Zhiwei and others also went to see the dowry. When the time came, the dowry was sent to Ningxin Courtyard. The next day, Xie's family arranged for someone to come over to make the bed, and invited Brother Xi to roll on the new bed. , Brother Xi won a big red seal, which is a five taels of silver, and I want to give it to Xie Zhiwei.

"Sister, this is the silver I earned. I will buy you pearls and flowers." Xie Mingxi stuffed the silver coin to Xie Zhiwei.

In Yuan's house, the wife next door to Xie's family was sitting and talking. After seeing it, she couldn't help laughing. Grandma Hu teased Xie Mingxi, "Brother Xi, if you don't save the money you earned, you will pay it to your fourth uncle in the future." If you marry a good wife like this, what do you give your sister?"

The general and Xue Tuan rushed back and forth in the room, seeming to understand the words, they raised their heads one after another, and looked at Xie Mingxi with two round cat eyes, as did the other people in the room.

Xie Mingxi still doesn't know what it means to marry a wife, she opened her eyes wide and looked at Grandma Hu, and said for a long time, "I don't want to marry a wife, I just want to be good to my sister in the future!"

Grandma Hu and the others all laughed, and Grandma Quan smiled and said to Yuan Shi, "Auntie, I laughed so hard, brother Xi is really a good boy, and he is really kind to your sister!"

Xie Mingxi understood what he said, and couldn't help but smile, and nodded his head, "Of course I want to be nice to my sister, and my sister is also nice to me!"

He turned around, climbed onto Xie Zhiwei's lap, put his arms around Xie Zhiwei's neck and whispered in her ear, "Sister, can I go out with my brother-in-law? Brother-in-law said he would take me out for a horse ride?"

"Is it today? There are guests at home today, when did you see the county prince?"

"Didn't my brother-in-law come today? He said that my fourth uncle is getting married, so he is here to help!"

Xie Zhiwei was a little speechless, and it was not Xiao Xun's turn to help when his fourth uncle got married!

However, Xiao Xun was indeed in the front yard at this time. Not only did he come, but Xu Liang also followed. In the study, Xie Yuanbai and others were discussing who would go to meet his relatives tomorrow. Xu Liang hurriedly said, "Thank you, Mr. Would you like us from the Wucheng Bingma Division to help?"

The third update!

Xie Yuanbai had a headache, he pressed his forehead, "Xu Shizi, we appreciate your kindness, let Wucheng soldiers and horses help, so it's unnecessary!"

Xiao Xun kicked towards Xu Liang, and said, "Shut up, it's fine if you come to eat, there are so many nonsense."

Xie Yuanbai got more and more headaches, but last time, after Xiao Xun's leg was kicked by him, he met King Xiang on the street. He thought that King Xiang would say a few words more or less. The two are the same, putting his shoulders on his shoulders, "Dear family, thanks to your teaching, I said Xie's tutor is first-class. After living in Xie's house for a few days, Ah Xun is much more obedient than before. Already!"

Xie Yuanbai's face flushed with shame, wishing that the cracks would come out and swallow him up.

If King Xiang was not very sincere in both his tone and expression, he would have doubted whether King Xiang was making sarcastic remarks.

Although the son-in-law is a little hateful, but the son-in-law is respectful to him, and the in-laws attach great importance to him. The most important thing is that Xie Yuanbai can do nothing about the marriage given by the emperor, and he is really embarrassed to do anything to Xiao Xun.

"Ah Xun, tomorrow is the day, you and Xu Shizi will help out at home. When you welcome the relatives, you will follow. When you get there, bring over the cousins of the Cui family. The relatives at home and your younger generation, I will leave it to you and brother Cheng."

Xie Mingcheng got up hurriedly, and Xiao Xun also stood up to answer. This was the first time he was so obedient, and he was a little uncomfortable.

Xu Liang was also very uncomfortable. He came out of the study and asked Xiao Xun quietly, "Ah Xun, Xie's family is holding a wedding. Why are you joining in the fun? Aren't you also a guest here?"

Xiao Xun slapped him on the head, "What do you know, the princess is the biggest, and her younger brothers and sisters are all under her, and they all say that she is half a son-in-law. At such a critical time, who will I not help?"

Just as he was talking, Xie Mingxi ran out from the door of Yi and shouted from afar, "Brother-in-law, brother-in-law!"

Xiao Xun looked up and saw Xie Zhiwei standing at the door of Yi, looking towards him.

Xiao Xun immediately ran over as if he had been beaten with chicken blood, took Xie Mingxi's hand, walked up to Xie Zhiwei, "Mei Mei!"

Xie Zhiwei looked at Xiao Xun, he was wearing a black double-layer brocade straight gown with eight auspicious phoenix patterns, it was the clothes she made for him when he was young, it fit him well, he wore powder-soled soap boots on his feet, and a black long His hair was tied into a ponytail and thrown behind his head, the young man was handsome and flawless, just like a grand scene in June, a slight smile would make one's heart burn.

Xie Zhiwei's face turned a little red before she said anything, she pursed her lips, and stroked brother Xi's head, "My brother always wanted you to take him to a horse race, so you can take him for a lap, so as to save him trouble Think about it every day."

Xie Zhiwei raised his head, "Turn around and wait for you to run out, go to Brother Xi's yard to take a bath, and I'll send your clothes, shoes and socks over there to change."

Xiao Xun looked at the girl in front of him, she was born with good looks, every word, deed, and every action was beautiful in his eyes, he didn't even hear what Xie Zhiwei said clearly, he just said "um", and waited for him to return By God, Xie Zhiwei had already turned and left.

"Brother-in-law, what are you in a daze for? Take me to a horse race!" Xie Mingxi pulled Xiao Xun's hand, Xiao Xun was still unsatisfied, he came to Xie's house to help, it was fake, he wanted to see that Xie Zhiwei was real, and he saw it, And very dissatisfied, wishing to marry back now, hold it in the palm of my hand and watch it every day, and taste it before I am reconciled.

Looking at the red silk **** all over the yard, up and down, beaming with joy, Xiao Xun couldn't help sighing, how long would he have to wait for this day?

Xie Zhiwei naturally didn't know that Xiao Xun had so much resentment, she went back to the house and asked someone to send the extra clothes made for Xiao Xun to the front yard, "The prince of the county took the fifth young master to a horse race, send these clothes to the front yard to the ink mark in front of the county prince."

In the racecourse, Xiao Xun led Brother Xi to ride on the horse. The horse raised its hooves and ran fast. Brother Xi's cheerful laughter was flying in the racecourse.

After a while, several children from the Xie family came over, each with a horse, Xu Liang was dumbfounded, "These are all Hequ horses, and each of them has a horse, this... really rich!"

It costs a lot of money to buy a horse, and the money to raise a horse is not a small amount, not to mention that Hequ horses are used as war horses. Where can ordinary people buy them? Back then, Ah Xun told Xie Zhiwei to buy it to be a stallion!

Mohen sat by the side eating melon seeds and drinking tea, "The princess bought them for the young masters of the Xie family. What's the matter? My princess also has a horse farm. I heard from the prince that the horses raised in the horse farm of the princess I bought several good mares, and the county prince sent his horses over two days ago to have them bred."

Xu Liang snorted, "Mohen, the princess hasn't passed the door yet, isn't it too early for you to say it's your princess?"

Mo Hen didn't take it seriously, "What does Xu Shizi mean? Could it be that you still think that the marriage between my prince and princess is not going to work? The slave is also very curious, Xu Shizi, my county prince is here to help the Yue family, why did you come with me? "

As far as he knows, Uncle Yongxin's mansion has no friendship with the Xie family. This time, the fourth master of the Xie family got married. No invitations were received.

"To tell you the truth, I don't want to stay in Wucheng Bingmasi anymore. I want to go to Shenji Camp. Don't I want to follow the footsteps of Ah Xun's father-in-law?"

Mohen doesn't know what to say, Uncle Yongxin's mansion is in a mess now, Mrs. Yongxin is cowardly, she doesn't like Mrs. Tai, and she can't control the backyard, and several concubines are working as demons in the mansion all day long. Although Xu Liang is the son of the eldest son, he is stared at by his father's concubine all day long, trying to swallow his food all the time.

The two were talking, Xie Zhiwei led the younger sisters over, when Xu Liang saw it, he hurried forward to salute, Mo Hen stepped aside.

"It's you?" Xie Zhihui naturally knew Xu Liang. After all, Xu Liang taught the first lesson in life, so she couldn't help being very upset, "Why did you come to our house?"

"Why can't I come? Who stipulated that I can't come?" Xu Liang said angrily, "Is there anyone who treats guests like this? Princess, you can just judge and say whether I can come or not?"

Xie Zhiwei looked at Xie Zhihui, then at Xu Liang, and finally, she said to Xu Liang, "Xu Shizi, you haven't explained to my second sister what happened last time!"

People under the eaves had to bow their heads. Now that he had something to ask for Xie's family, Xu Liang had no choice but to hold his fists at Xie Zhihui and said, "Second girl, what happened last time was my fault. Please see that I was also frightened by sister Ling." For the sake of it, forgive me."

Today's update!

Girls, Piao Piao let's go! Love you guys!

By the way, I fell in the factory two days ago and almost became disabled. Do you want to vote more to appease me?

The epidemic is serious, everyone take care, go out less and read more novels.

Chapter 433 Jealous Guest

Xie Zhihui is not the kind to be unreasonable, she nodded, and said to Xu Liang, "You don't have to blame my eldest sister, if you didn't do that on purpose, my eldest sister would not scare you. If you don't behave yourself, you will be frightened."

Xie Zhiqian and Xie Zhiying listened inexplicably, Xie Zhiqian asked, "Second sister, what happened?"

Xie Zhihui led the two younger sisters to the side, and told them what happened that day, "Just remember, this kind of deceitful thing is absolutely unacceptable..."

Xu Liang heard it from the side, and just thought how could there be such a girl in the world? He even said that he was misbehaving, that he neither stole nor robbed, and he didn't want to do anything to her?

That day, he just wanted to test Xie Zhiwei, to see if she knew medical skills.

Xie Zhi smiled, "Xu Shizi, if you come tomorrow, I will send you an invitation card."

Xu Liangdao, "Princess, I want to ask your father to take me in. I don't want to stay in Wucheng Bingmasi anymore. Do you think it's okay?"

Xie Zhiwei said, "I don't know about this, but if I were you, I wouldn't come to beg my father."

When Xu Liang heard this, he cheered up quickly, "Princess, if you can show me a way, you will be my own sister, and if Ah Xun dares to bully you in the future, I will help you out. "

"What are you talking about?" Xiao Xun led Xie Mingxi over, he gave Xu Liang a hard look, Xu Liang trembled all over, and hurriedly said, "...that's my own sister-in-law!"

Xie Mingxi was sweating profusely, but his small face was filled with a bright smile like the sun. As soon as he came over, he leaned on Xie Zhiwei's lap, "Sister, brother-in-law is amazing, brother-in-law's horse rides really well. It is said that a famous teacher produces a great apprentice, I think I will definitely become a great general in the future."

Xie Mingxi's ambition is to be a general. He raised a cat named General, and changed the name of the parrot to Marshal. Now that the parrot is mature, it is not locked in a cage. , and snowballs were fighting in the yard, it was very lively.

"Of course!" Xie Zhiwei rubbed his head, and handed him over to Zi Mo, "Take Fifth Young Master back to the yard, let the nanny bathe him and change his clothes, so as not to catch a cold.

Xu Liang had already told Xiao Xun what Xie Zhiwei suggested. Xiao Xun was also very curious, sent Xie Mingxi away, and asked Xie Zhiwei, "What does the princess think?"

In front of outsiders, Xiao Xun would not call Xie Zhiwei's baby name.

Xie Zhi looked at Xiao Xun with a half-smile, "Why don't you let Shizi Xu follow you? I heard that Shizi Xu can speak with a lot of accents. After my grandfather became Minister of the Household Department, I heard that the treasury was empty, and the money and food were short-lived. It must be very difficult to raise funds. Many guards on the nine sides can't pay the military salary, but it is inevitable that Dayong and Beiqi will have a battle. Before that, if there is no battle to deter Xiliang, they will face the enemy. Xiliang and Dayong, There have always been trade routes between Beiqi and Dayong, including Uighur and Dayong, and I think this is also a way to make money."

The more Xiao Xun listened, the brighter his eyes became. He looked at Xie Zhiwei, as if he was looking at a rare treasure. If it wasn't for Xu Liang, he would definitely have hugged Mei Mei. At this moment, Xu Liang was an eyesore. .

"What the princess said, don't say a word outside, do you hear?"

It took Xu Liang a long time to come back to his senses, "Princess, you are really my reborn parents!"

After he finished speaking, he turned around and bowed to Xiao Xun to the end, "Ah Xun, you take me with you, I am a knife in your hand, wherever you point, I will hit there!"

Not long after, Yuan's sent someone to pass the meal, so Xiao Xun went to Xie Mingxi's yard, took a bath and changed his clothes.

Because many guests came today, all of them were from the same family, Mrs. Yuan set up several tables in the front hall, separated by sixteen gold-lacquered emerald glass screens in the middle.

Xie Zhiwei and Xie Mingcheng took their younger sister and younger brother respectively, and Xu Liang walked towards the front hall together. After walking a few steps, Xu Liang walked up to Xie Zhihui's side and said, "Second Miss, I was only in Huichun Hall that day. I'm just joking with you, the so-called acquaintance without a fight."

Xie Zhihui turned her head and glanced at Xu Liang. Just now, she saw Xu Liang and her eldest sister talking together, and her impression of Xu Liang was not that bad. "Well, I see, you just don't do this in the future."

Xu Liang rubbed his nose and slowed down silently, but Xie Zhiqian thought this man was quite interesting, turned her head to look at him, and asked Xie Zhihui in a low voice, "Second Sister, didn't he apologize just now? Why did you still talk to me?" Can you explain again?"

Xie Zhihui shook her head and gave Xie Zhiqian a "I don't know" look.

Xu Liang just thought that with someone like Xie Zhiwei around, the relationship with Xie's family will be closer in the future. It is best to please Xie's family and not let people have prejudice against him.

In the front hall, Xie Zhihui stepped into the threshold with the eldest sister, and heard the old lady in the second room asking, "My nephew and daughter-in-law, why is the second family sick again? This family only has major events a few times a year. Every time she gets sick, what's the point?"

Ms. Yuan was extremely embarrassed. After all, she and Mrs. Xiao were just sisters-in-law. Mrs. Xiao started saying that she was sick two days ago and was calling for a doctor. What can she do?

Although Xie Zhihui has now lived in Yiranju, she still has to go to the Fuhe Courtyard every day for morning and evening meditation. Her father has not returned to the courtyard for more than a month. Every time she goes there, her mother will complain, especially the elder sister. After being married to the Queen of Chenjun, the mother began to complain that she was incompetent.

Xie Zhihui was so ashamed at this time, she walked up to Yuan Shi, "Auntie, I'm going to see my mother tonight, if my mother is okay, I'm sure she will come out to help the family tomorrow."

Yuan's heart ached for this child, she smiled and said, "Good boy, this is a matter for the elders, it has nothing to do with you, everything has been arranged properly today, and the servants at home are also very capable, so you don't have to worry."

Mrs. Qian will not let go of such a good opportunity. She has been paying attention to the movement here, and she doesn't think Mrs. Yuan should save face for Mrs. Xiao, so she hurriedly squeezed over and smiled, "Sister Hui, you are such a good boy, Don't worry, there is my fourth aunt, your mother is sick, let her recuperate well."

Xie Zhihui was so ashamed that she was about to cry, Xie Zhiwei hurried over and took her sister's hand, "Okay, the elders are worried about family matters, you go to the banquet quickly, you have to get up early tomorrow, let's go there earlier, and see the bride in advance. "

On the male guest's side, Xiao Xun and Xu Liang took Xie's brothers to sit at the same table. The old man felt that it was inappropriate and insisted on letting Xiao Xun and Xu Liang sit at the main table. The third old man also said, "This son-in-law It's a jerk, the prince of the county should stop declining."

Xiao Xun hurriedly performed the junior ceremony humbly, "Third Grandpa, you should call me Ah Xun!"

I have to say that Xiao Xun's obedient appearance has pleased the elders of the Xie family. Everyone nodded secretly, thinking that this young man is not bad.

After the banquet, Xiao Xun was sent out of Xie's house. He rode his horse and went back to Yueyue Street. After freshening up, he changed into night clothes and came out of the palace. Dressed in the night, he flew all the way to the old Caomen Street. .

The first update!

Chapter 434 Happy Event

Before Lu Yan came back, Xiao Xun went through the window into Lu Yan's study, and lay down on the couch under the south window.

Xiao Xun heard the noise coming from outside when the second drum was played. He sat up and watched Mi Tuan come in holding the lamp. When the lights in the room were all on, he saw Lu Yan wearing a black jacket. The cloak came in, and an eagle was embroidered with silver thread on the hem. As the candle flames flowed, the eagle seemed to come alive.

When Lu Yan entered the door, he paused slightly and looked over vigilantly. Xiao Xun grinned at him and lay down again.

"Go down!" Lu Yan's soft voice sounded in the room, and Mi Tuan hurriedly went out with the candlestick, and closed the door considerably before going out.

Xiao Xun just got up, walked over, and sat down on the chair in front of the desk, "Brother, Mei Mei showed me a way today."

Lu Yan made a cup of tea for each of them, and he pushed one of the cups to Xiao Xun.

In the steaming teacup, the soup was orange-yellow and bright, the leaves were red and green, and the rich orchid fragrance was high and long-lasting. Lu Yan took a sip from the teacup, then raised his eyebrows and looked at Xiao Xun. In his long and narrow eyes, The enchantment blooms like a peony flower, captivating the soul.

Xiao Xun looked at Lu Yan in a daze for a while, then came back to his senses, picked up the teacup, and took a sip as if concealing it.

"It's said that they are not a family, and if I don't enter a family, I believe it today." Lu Yan smiled and asked, "You said the princess pointed out a road, what kind of road is it? What do you say? explain."

Xiao Xun didn't quite understand the words "it's not a family, don't enter the family", anyway, the eldest brother would not have any ill will towards him, so he stopped struggling and said, "Brother, tell me, even if it is Dayong and Xiliang, the North Qi is at war, and he can't resist those merchants going back and forth. It can be seen that the profits are huge. If you say that if I do this kind of business, I won't be afraid of being robbed by horse thieves. Will I be able to make huge profits? If so, I can raise soldiers, and you can train soldiers."

The more he talked, the more excited Xiao Xun became. A pair of beautiful phoenix eyes sparkled, and he looked at Lu Yan, "Brother, what do you think?"

Lu Yan also had to admit that this is an excellent idea, nodded and said, "The princess's idea is naturally excellent, but you decide to go by yourself?"

Lu Yan's words obviously did not agree, Xiao Xun grabbed his sleeve, "Brother, I have to go there in person, I originally planned to wait until Xie Siye's marriage is over, I will go there Today, Mei Mei told me that it is inevitable that Dayong and Beiqi will fight, but before that, in order to deter Xiliang, Dayong and Xiliang will definitely have to deal with each other. Brother, this is the best for us If the opportunity is missed, it may be difficult to wait for it in the future."

"You can go, but you can't, it's too dangerous!"

"It is most appropriate for me to go. In this battle with Xiliang, I must lead the army. I want to destroy Xiliang and make them pay for what they have done!"

Lu Yan lowered his eyes, and he was silent for a long time before he said, "Ah Yan, I chose this path myself. Since I have no complaints or regrets, why don't you let it go?"

"Brother, how do you let me let go?" He held Lu Yan's hand tightly, "Brother, I will be fine, you have to trust me!"

Lu Yan raised his head and looked at Xiao Xun's red eyes, "You are still so young, you shouldn't bear such a heavy burden."

"Brother, you are joking. I won't bear this burden. Who will bear it? I can't put all the burden on you. I am not young anymore, and I am engaged!"

Lu Yan laughed, "Okay, our ah Xun is engaged. But why do you leave Beijing?"

"If I want to go out of Beijing, it's not impossible. Even if the emperor finds out that I've gone to Xiliang, it's no big deal. My father and grandmother will protect me. Anyway, I don't plan to rebel and usurp the throne for the time being."

"Then who are you bringing out of Beijing?"

"Three thousand Iron Eagle Cavalry. The Youyun Cavalry left behind by my father will be kept for now. In the future, the Iron Eagle Cavalry will follow me on the battlefield. This is my own cavalry."

Lu Yan nodded, "I will find a way to get you out of Beijing, but you must take good care of yourself and save your life at any time!"

"I know!"

On April 18th, Xie's house was decorated with lanterns and festoons, a grand banquet was held, and Fourth Master Xie got married.

Early in the morning, Xie Zhiwei got up and was sitting in front of the mirror dressing up when Bai Ling came in and said to Xie Zhiwei, "Girl, the servants have already inquired clearly, and they said that they will do it tonight. What Aunt Zhuang said is to let the whole capital Everyone knows how the Xie family treats the old lady? In fact, Aunt Zhuang's plan was to kill the old lady, but the poor old lady didn't know, and said that when the old lady recovered, she would support Aunt Zhuang and let her Aunt Zhuang can be righted and become the serious master of the dealer."

Xie Zhiwei picked out a pair of newly custom-made ruby and pomegranate beads and handed them to Xuantao, saying, "Just wear this pair, it's festive and has a good meaning."

The day before yesterday, Yuan's sent someone a box of pearl flowers, including rubies, diamonds, turquoise, agate and pearls, made into the shapes of peonies, pomegranates and other flowers. The workmanship is exquisite, and the quality of the gemstones is also high. , Said to let Xie Zhiwei wear it for the past few days.

Xuantao combed Xie Zhiwei into a double flat bun, and put two red pomegranate pearl flowers on her head. In the mirror, Xie Zhiwei's bright and unparalleled face was suddenly reflected more and more like a begonia.

Xie Zhiwei walked to the door, stood in the yard, and called out "Songfeng", Xuantao and the others saw a man dressed in black with only one pair of eyes exposed, appearing like a ghost, and bowed his hands to Xie Zhiwei, "Princess! "

Xuantao and the others were taken aback. They didn't know when there was such a person beside the princess.

"Go and talk to Mr. Lu, just talk to someone, and ask him to send a few people to quietly guard near the family temple, in case someone shoots at the old lady tonight, and don't turn Xie's happy event into a funeral."

"Yes!" Songfeng twisted his waist and disappeared from the spot. Xuantao and others were all surprised.

On such a big day like today, Xiao Shi didn't even come out, saying that he was so sick that he didn't want to eat anymore.

Xie Sanniang looked at the stove, although today's banquet was contracted to Pan Lou to cook, but several traditional dishes of the Xie family still look good when they are cooked on the stove at home.

Xie Sanniang sneered after hearing this, "'Butcher Zhang is dead, don't eat **** pigs', this person, you should weigh yourself carefully, if you are capable, she has been sick for ten or eight years, look at Xie's family Would it be impossible to turn around without her?"

Xie Sanniang is the daughter-in-law of the Xie family. Xiao Shi has been in charge of Zhongfu in the Xie family for ten years. Soon, someone taught Xiao Shi these words. She is seventeen or eighteen years old, and she doesn't even have a husband's family. She is about to die of old age at her mother's house. What's there for her to do? She has only lived for a few days, and it doesn't show up. Wait for a long time, look at the nephew in this family Will the daughters-in-law give her a good face?"

The second update!

Chapter 435 Shooting the sedan chair

What Xiao means is that if her son wants to marry a daughter-in-law in the future, she dare not show embarrassment to Xie Sanniang, but it does not mean that her future daughter-in-law dare not show embarrassment to Xie Sanniang.

Xie Sanniang heard this very quickly, first she punished the woman who passed on the message, and then she smiled at her woman in charge, "How can a person like sister-in-law marry Brother Xi an ignorant daughter-in-law? I Believe me, Brother Cheng is a good boy, and he will definitely not indulge his daughter-in-law in the future, let's talk about the future!"

Haishi came to Cui's house a few days in advance. In the boudoir, the wives and girls of the Cui family and Hai's family surrounded Haishi. She had already changed into her wedding dress, opened her face, and then applied powder, eyebrows, and lip balm. , and then put on the phoenix crown.

There was a noise outside, Cui Nankou came in from the door, and said with a smile, "Hurry up, the bridegroom is here, and the girls from Xie's family are also here, saying they want to come in to see the bride!"

Haishi hurriedly looked towards the door, and seeing Xie Zhiwei as the leader, followed by the three girls from the Xie family, as soon as they entered, they exclaimed, "It's so beautiful, Fourth Aunt, the auspicious time is coming!"

Hai's shyness was hot for a while, and the female family members of the Cui family and the Hai family all laughed. The second wife of the Hai family saw Xie Zhiwei, and before she could salute the elders, she hurriedly greeted her and held Xie Zhiwei's hand , "Princess, our two families will be in-laws in the future. The princess must go to Jiangning to play when he has time. This is our big girl, Xueyun, come and get to know the princess!"

Xie Zhiwei came here today to welcome her new aunt, not to meet anyone, and she is a princess of the first grade, unless the relationship is very close, she avoids salutes, otherwise, ordinary people have to salute according to the rules when they see her. "

Hai Xueyun was about twelve or thirteen years old, with bright eyes and white teeth, and a pair of sharp almond eyes. She walked over and gave Xie Zhiwei a critical look, her expression was very proud.

The Second Mrs. Hai said, "Princess, our Xueyun is proficient in everything from piano, chess, calligraphy and painting. We behave in the world and observe etiquette everywhere. It is impossible for people to find fault. We are coming to the capital this time and plan to stay for a longer period of time. The princess If you need someone to accompany you when you are going out to play, enter the palace, or

participate in a flower festival or poetry meeting, you can call our family Xueyun, and you will definitely not embarrass the princess."

Xie Zhiwei was stunned, she smiled, "I don't know if you live in the capital, where do you live?"

If she remembers correctly, the fourth aunt was going to leave the cabinet that day, and it was impossible to leave the cabinet from the Xie family. The Hai family said that there was no house in the capital, so they sent the fourth aunt to the Cui family to leave the cabinet.

When Xie Zhiwei asked this question, even Xie Zhihui thought of this, but the second wife of Hai thought that Xie Zhiwei cared about them, so she hurriedly smiled, "We used to have a house at Nanjiaomenzi, and I had someone repair it a few years ago. fan..."

When she said this, Hai Xueyun tugged at her sleeves, and the second wife of Hai realized that Xie Zhiwei's face was very ugly. Thinking that when welcoming the bride, you have to cross the bridge, please ask Mr. Feng Shui to see it, it is a little unlucky, so... I think it is better to leave the pavilion from the Cui family."

No matter how good it is, you are borrowing someone else's house. How can you have the dignity of your own house?

Xie Zhi smiled, noncommittal, and did not respond, and led the younger sisters over to greet the second wife of the Cui family, "Second aunt!"

The second aunt of the Cui family was born in the Lu family. When the Lu family was destroyed and the Lu family suffered a lot, she looks a bit old now, but when she smiles, she looks very kind. She loves Xie Zhiwei so much, she hugs Xie Zhiwei into her arms, Ask some concerned words, when did you get up today? What have you been up to at home? How did you get here? Is it safe on the road?

Xie Zhiwei answered one by one, the second wife of Hai just offended Xie Zhiwei, and made up for it, "They are all of average age, our Xueyun is more than a star and a half behind the princess, look, the princess is acting like this, It's really a model for noble ladies from aristocratic families."

Hai Xueyun didn't want to listen to this, so she snorted coldly and said mockingly, "Princess, my mother can't wait for you to be her daughter, so she is happy, or can we change it?"

Hai Xueyun tilted her head, deliberately speaking innocently, but there was a cold light in her eyes, obviously, she felt that Xie Zhiwei blocked her way.

Mrs. Cui Er is not a fool either, she put her arms around her niece and smiled, "I don't agree with Sister Xue's words, we are not willing to give Sister Wei to you."

When she said a word, the girl from the Cui family and the girl from the Xie family started booing. Xie Zhihui had long disliked Mrs. Hai Er and the mother and daughter laughed, "Our eldest sister is the best, so we won't change it!"

Hai Xueyun suddenly became angry from embarrassment, "You are not willing to change, and neither is my grandmother!"

The second wife of Hai was worried that she would offend Xie Zhiwei, so she patted Hai Xueyun, and the auspicious time had come. I heard that my uncle and his classmates and friends had written more than

ten makeup reminder poems. After being knocked away, my uncle is about to come in, Mrs. Hai Er hurriedly said, "Hurry up, the bride puts on the hijab."

Hai Muxian came in and carried his sister on his back. In an instant, joy and reluctance intertwined, and Hai Muxian's eye circles were red. He carried his sister on his back and said, "If you go to Xie's house, Ji Bai will bully you." , must tell me, I will beat him!"

Hai Muqing lay on her brother's back, choked up and laughed, "He won't bully me!"

The wives and girls surrounded the bride and came to the main hall. The second master and second wife of the Cui family sat at the head.

Later, when Haishi opened the seal, he found out that what the Cui family gave Xie Jibai was a silver note of one thousand taels, but what they gave her was a village of more than 20 mu.

At that moment, she was full of gratitude.

But, these are things for later.

Wait for the bride to get on the sedan chair, the carriage of Xie Zhiwei and others took a shortcut back to Little Sweet Water Well Lane, and they still had to welcome the bride at home.

When Xie Zhiwei was shooting the sedan chair, Xie Zhiwei was standing behind the door watching, Xiao Xun didn't know when he came to her side, leaned into Xie Zhiwei's ear and said, "My head is more accurate than your fourth uncle's!"

The hot air from Xiao Xun's mouth made Xie Zhiwei's ears hot. She turned her head and met Xiao Xun's black eyes. The smile in those eyes was like an ocean, trying to drown her.

Xie Zhi pursed his lips and smiled, and said, "No matter how accurate you are, today is not your turn!"

"Of course, Mae Mae, I will only shoot your sedan chair."

That means, I will only marry you alone.

"Of course, otherwise, what else do you want?"

After Xie Zhiwei finished speaking, he lowered his head in shame, but Xiao Xun just smirked beside him. He was so happy that Mei Mei was making a request to him. Does it prove that Mei Mei also started to care about him?

The second update!

Chapter 436 Getting Married

"I don't want to do anything, I never think about what to do, Mei Mei, do you know that I only want to marry you from the beginning, I never want to marry someone else, as I said before, there is a girl, and that girl is you !"

There are other people around, Xie Zhiwei pursed his lips and petals, as if he was holding a rabbit in his heart, fluttering, afraid that what Xiao Xun said would be heard.

Fortunately, the newcomers were about to enter, and the people watching the ceremony had to get out of the way. Suddenly there were more people, Xie Zhiwei hid behind, Xiao Xun protected her, and came out from the main hall.

The wedding banquet was held in the newly built big flower hall, the two of them walked through the big flower hall, came out from the auditorium, and then went to the backyard, after the couple paid their respects to the hall, Xie Jibai wore a big red wedding gown and led Haishi out of the main hall with red silk, heading towards Ningxin Courtyard.

Xiao Xun's eyes were very hot, and excited, he held Xie Zhiwei's hand. Xie Zhiwei was startled, and struggled to pull his hand out.

"Mei Mei, do you want us to get married early?"

Xie Zhiwei jumped up in shock, quickly said "I don't want to", and ran towards Ningxinyuan with her skirt in hand.

Xiao Xun just stood there for a while, and he twirled his fingers. The delicate and warm feeling on Xie Zhiwei's skin seemed to take root in his skin, which would not go away for a long time.

Songfeng landed behind Xiao Xun, and said to Xiao Xun, "I was ordered by the princess to inform Mrs. Lu that someone was going to do something to the old lady at the Xie Family Temple, so I went to see it. If someone enters, there is a possibility that some of the subordinates will make a move at this time."

Seeing that the wedding banquet is about to begin, the wedding night will be next. If something happened to the Xie family today, a good wedding banquet would turn into a funeral banquet.

"Go and see!"

The two climbed over the flower wall and walked north along the back garden of Xie's house. After walking not far, they heard someone talking, "Has the person from Mr. Lu arrived?"

"Returning to the girl, the talented servants have gone to see it. Master Lu has arranged for someone, and he has arrived, but he dare not approach, for fear of scaring the snake."

Xiao Xun had already recognized Xie Zhiwei's voice. Immediately, he was overjoyed and shouted "Mei Mei", and jumped in front of Xie Zhiwei, "Mei Mei, I will accompany you!"

This is Xie's family scandal!

Xie Zhiwei saw Songfeng beside Xiao Xun, and understood that Xiao Xun probably knew everything, so he didn't struggle anymore, and the two groups of people became one group, and rushed towards the family temple.

Just arrived in front of the family temple, Xie Zhiwei saw a woman in a white cloak and hat, supported by a maid, entered the family temple.

The nun who practiced in the family temple all the year round came out and said, "Mrs. Zhuang, please come inside!"

The woman followed the nun and walked towards the inside of the Buddhist hall.

Xie Zhiwei glanced at Xiao Xun, Xiao Xun was overjoyed, felt that the opportunity had come, he did his part, and put his arms around Xie Zhiwei's waist, before she could exclaim, Xiao Xun led her all the way like flying on grass, Turning over, he climbed onto the fence, turned over from the fence again, stuck to the base of the wall, walked outside a small room, poked a hole in the window, he took a look, and gave the seat to Xie Zhiwei.

"Auntie, I didn't expect that I could stand in front of you, right?"

Xie Zhiwei saw Bai Meizhi appearing in the small room. She had already taken off the cloak and hat, revealing a high chignon. Her head was covered with pearl flowers and hairpins, but her face could no longer return to the delicate and tender face it used to be.

Feng knelt in front of the Buddha statue, she opened her eyes without eyeballs, tapped the wooden fish lightly in her hands, and ignored Bai Meizhi's words.

Bai Meizhi slowly revealed a small knife in her hand, the snow-white blade reflected white light, projecting on the window and Xie Zhiwei's eyes.

"My mother's life was ruined in your hands, and mine was also ruined in your hands. Feng Man, are you worthy of being a human being?"

Bai Meizhi said to herself, and approached Feng's step by step, "Today is the day when your youngest son gets married, you know, I once thought that there would be a day when my beloved man could put on a wedding dress for me, even if I can only be his concubine, and I am willing, but, Feng Man, I can't even realize such a humble wish."

"My life has been ruined in your hands. A person like you will only attack the relatives around you. Feng Man, are you worthy of being a human being?"

"Your son married Haishi. I heard that you don't like Haishi very much, right? Although Haishi came from the Hai family, what else does the Hai family have today? I heard that the house where Haishi came out of the court was borrowed from the Cui family." , Feng Man, you have collected money all your life, but your beloved youngest son married a poor family, are you happy?"

Boom!

The sound of knocking on the wooden fish became a little louder, Bai Meizhi heard it, and couldn't help being very happy, she took another step forward, but, as a lesson from the past, she didn't dare to get too close to Feng's.

"Miss Xie's eldest daughter was named princess, a princess of the first grade, the emperor gave her a marriage with the king of Chenjun, and she was named princess of Chenjun before she passed the family. I heard that the palace of Xiangwang is very important to the eldest girl. But , Feng Man, do you know how your beloved granddaughter is doing now?"

Feng's rhythm of knocking on the wooden fish was out of order. Holding the mallet in her hand, she stopped in the air for a long time, and did not knock down for a long time.

Bai Meizhi deliberately whetted her appetite and didn't speak. Finally, Feng Shi couldn't wait any longer, and asked in a hoarse voice, "Sister Qing, how is she? What did you do to her?"

"She, she was also given a marriage by the emperor, to His Royal Highness the Fourth Prince!"

The Feng family was so happy that she was going crazy, "My sister Qing is really capable, I knew that she would not disappoint me. Hmph, what is the Prince Xiang's mansion? No matter how king Chen is, he is nothing more than a king. He is the eldest son of a concubine, and in the future Xie Zhiwei will live in the hands of his aunt, how can he compare to my sister Qing, who will be a concubine in the future?"

Xiao Xun was angry when he heard it, but this is not the time to argue with a blind old woman, he looked at Xie Zhiwei in fear, afraid that Xie Zhiwei would listen to these words.

Xie Zhiwei didn't look at him, but his hand was held by Xie Zhiwei, and the soft little hand held his hand, shaking it gently, although Xie Zhiwei didn't say anything, but Xiao Xun understood what she meant, She doesn't care.

Xiao Xun was so moved that tears were about to come out. He never cared about his identity, the eldest son of a concubine should be the eldest son of a concubine, but if Xie Zhiwei cared, he couldn't accept it.

He is the eldest son of the concubine, but he treasures his Meimei so much, how can he let Meimei live in Zhuang's hands? In the future, he will give Mae Mae the highest honor.

In the small room, Bai Meizhi burst out laughing, "Xue Wanqing? Become a concubine? Aunt, what are you kidding? What is she? What qualifications does she have to be a concubine? Listen carefully, Xue Wanqing was given four His Royal Highness is a concubine concubine, concubine concubine, I heard that this is a position specially tailored for Xue Wanqing in the palace."

Today's update!

Dear friends, ask for a ticket!

Chapter 437 Back her

Feng's body swayed suddenly, she couldn't hold on, and almost fell off the futon.

"Impossible, no, how can Sister Qing be someone's concubine?" Feng Man struggled to get up, but Bai Meizhi held his neck with a knife, "Auntie, where are you going? I haven't said anything yet." It's over!"

"No, it's impossible. My sister Qing, how can she be a concubine? How can she be a concubine for the child I raised in the palm of my hand?" Feng Man was not even afraid of death, so she pushed her away. After opening Bai Meizhi, Bai Meizhi didn't expect that she was not afraid of death, she was caught off guard and fell to the ground, the dagger just stabbed her lower abdomen, bleeding profusely.

"Auntie!"

The dealer's servants fainted from fright, and rushed over to help Bai Meizhi up. Although the wound was not deep, Bai Meizhi's lower body suffered a **** arrhythmia, and the smell of blood could be smelled even through a layer of window paper.

"Ah!" Bai Meizhi curled up into a shrimp in pain, clutching her lower abdomen, "Hurry up, call a doctor!"

Seeing that someone was about to die, the people arranged by Lu Qiling couldn't wait any longer, so they rushed in and arranged for people to send Bai Meizhi to the nearest Huichun Hall.

Helplessly, the blood collapse was too severe, halfway, Bai Meizhi died, she held onto the servant girl's hand tightly, "Tell, tell the master, just say, yes, it was the old lady of the Xie family who killed me, I originally, originally I went to see her, after all, she is me, my aunt..."

Before she finished speaking, she died.

When the servants of Shuntian Mansion covered Bai Meizhi's face with a white cloth, Xie Zhiwei watched from the side. Seeing that Bai Meizhi finally died, she couldn't help but breathe a sigh of relief. Bai Meizhi finally died, she finally died.

For a moment, Xie Zhiwei had mixed feelings, and there was warmth in his eyes.

Xiao Xun held her hand tightly, and when Bai Meizhi was carried away, he took Xie Zhiwei's hand, "Mei Mei, let's go back!"

Xie Zhiwei took two steps forward, her legs gave way, and she almost fell to the ground. She couldn't even take a step.

Xiao Xun looked around, it was dark, the curfew was already on, and there were not many people on the road, he walked up to Xie Zhiwei, squatted down, Xie Zhiwei hesitated, and lay on his back.

On the way home, he carried her on his back.

Xiao Xun carried her in through the back door, walked through the back garden, carried her to the back of Yizhaoyuan, turned her in through the courtyard wall, and brought her to the inner room with ease, and put her on the Kang in the warm pavilion.

Xie Zhiwei sat on the kang, Xiao Xun squatted on the ground, he held Xie Zhiwei's hand, "Mei Mei, in fact, when you die, you have nothing left, don't be afraid, I will sleep on the crabapple tree in your backyard tonight, if you are afraid, just call me, okay?"

Xie Zhiwei shook his head, "I'm not afraid, the banquet in front is over now, right? You should go back."

"Mei Mei, tonight is your fourth uncle's bridal chamber wedding night!" Xiao Xun stood up and moved closer to Xie Zhiwei, his face rested next to Xie Zhiwei's cheek, breathing hot air, his unique breath, one after another The ground got into her nose, Xie Zhiwei's whole body was fumigated like a cooked shrimp, and his cheeks were as red as rouge.

Suddenly, there was a soft touch on the cheek, Xie Zhiwei hurriedly turned his head to look, and saw Xiao Xun kissed her on the cheek, and he was very embarrassed when he touched her, and he turned his face away, but he couldn't help it. Ken walked, held her hand, and gently kneaded her palm.

Xie Zhiwei quickly pulled out his hand, stood up, took two steps forward, and let out the window, "You still don't leave!"

"I'm leaving now!"

Xiao Xun's legs were a little weak, but fortunately, he quickly gathered his strength, supported himself on the window, went outside, supported the window, and called Xie Zhiwei, "Mei Mei, shall we go to Famen Temple the day after tomorrow?"

Xie Zhiwei nodded.

After Xiao Xun left, Bai Ling came in, "Girl, the old lady is making a lot of noise in the family temple. She is looking for death and life, and she says she wants to see the old lady."

Xie Zhiwei knew it was because of Xue Wanqing, she couldn't help but sneered, "Someone tell the old lady. Presumably, grandfather is in the mood to see the old lady today."

Not long after, Xie Zhiwei heard that the old man went to see the old lady, and Bai Ling went to inquire about it. About three o'clock, Xie Zhiwei hadn't fallen asleep, and Bai Ling came back, and told her that the old lady really told the old man about Xue Wanqing, and the old man said Even his granddaughter is the granddaughter of someone else's family, and the old man can't control it.

The old lady forced her to die, so the old man said, if the old lady died, no one in the family would honor her.

Xie Zhiwei didn't expect the old lady to be so decisive, but in fact, if the old lady really died, the Xie family would not be filial to the old lady in the face, but in fact, it can't be done if she really doesn't keep it, at least before marriage. Things must stop, and the banquet at other people's homes must not be easy.

Early the next morning, Xie Jibai led his bride to the ancestral hall. The old man wanted to take advantage of the family elders to open the ancestral hall, wrote Hai's name on the family tree, and recognized relatives in the ancestral hall.

Ms. Xiao was still sick and did not come. The old man was silent for a while, and said to Xie Zhongbai, "Send someone to tell Mrs. Xiao that if she doesn't come, let Mrs. Xu replace her for a while."

This confession, how can there be a replacement? Xie Zhiwei picked up the teacup and took a sip to hide the astonishment on her face.

Mrs. Xiao soon came, and after greeting the old man and the clan elders, he was about to take his seat when the old man said, "Second daughter-in-law, please sit down after listening to what I have to say. I have already said that this family has The rules of this family, in the past, the Feng family was the head of the family, and I never took care of the affairs of the inner courtyard, but it does not mean that I am blind or deaf. Today, the fourth daughter-in-law passed the door, I will say it again, Maybe in this life, I will only say this once."

"In this house, the man is the outside, the woman is the inside, I won't say much else. Brothers are of one heart, and their profits can cut through gold. Whoever is the wind around the pillow, loses his temper all day long, shakes his face, and makes the house restless. You guys Don't blame me for being cruel, second daughter-in-law, did you hear me?"

Ms. Xiao was trembling with anger. The old man actually made her so ashamed in front of her relatives. Is she still the daughter-in-law of this family?

But seeing Xie Zhongbai's face without any pity, Xiao didn't dare to make a mistake. She swallowed her anger, with tears in her eyes, and blessed her body, "Yes, father!"

As soon as Mr. Xiao took his seat, he saw Xie Sanniang's sarcastic face. After meeting her eyes, he turned his face away, as if he didn't take her seriously, and Mrs. Xiao got angry again.

It was only when Haishi came to greet her that Xiaoshi remembered what she was doing here. She didn't prepare a meeting gift for Haishi. As a last resort, she pulled a gold-plated and silver-plated hairpin from her head, and said with a sneering smile, "It's worthless stuff, use it to reward people!"

The first update!

Chapter 438 Travel

Xie Tiao was very dissatisfied, glared at Xiao Shi, held back his anger, and brought a pastel teacup.

He knew that this daughter-in-law would not be able to get on the stage, but he didn't expect that if she is so incapable of being a human being, what day is today? He didn't even prepare for the meeting ceremony, is this slapping himself in the face?

Hai's gift to several nieces and daughters is a skirt, the fabric is the same, only the color is different, Xie Zhiwei's skirt is embroidered with peonies, and Xie Zhihui's skirt is carp playing with lotus, all of which took a lot of effort.

Xie Zhihui liked it very much, and thanked Hai Shi happily, "Fourth Aunt, your needlework is really good, and your embroidery is so beautiful. Someday, I will ask you about needlework, but you have to teach me well." !"

"That's natural!"

Haishi has lived in Xie's family for the past few months, even if he doesn't like Xiaoshi, it has nothing to do with his nieces and nephews. What's more, Haishi likes the children of Xie's family very much, they are very sensible, and the nieces are also very considerate .

Coming out of the ancestral hall, Mrs. Xiao didn't hold back, and poked her daughter's forehead, "I haven't seen anything in the world, what's so good? It's worth it for you? In this family, good things get your turn? Isn't it for you?" big sister!"

Xie Zhihui glanced at the eldest aunt and the others in front of her, but she didn't speak. It can be seen that they all heard Cai Cai's mother's words, and immediately, they were so ashamed that they wanted to disappear on the spot.

She took two quick steps, caught up with the eldest sister, and walked side by side with several sisters.

"I'm going to Famen Temple tomorrow, do you want to go play together?" Xie Zhiwei asked.

"Big sister, are you not going to go to boudoir school again? Mr. said, the two of you are going to start a boudoir school in Beijing, and admission will be based on merit. Big sister, will you take the exam?"

"Me, I won't go, I want to study medical skills, so I won't waste time on these." Xie Zhiwei hesitated and made a decisive decision.

The main reason is that if you go to boudoir school, you have to get up early every day. She doesn't want to get up so early and take a day off every ten days.

The noble girls in Beijing want to enter the boudoir schools run by some female masters in order to gain a good reputation and find a good husband in the future. She is already engaged, why bother to compete for places with those girls who are not related Woolen cloth?

"Big sister, I'll go with you. I haven't been to Famen Temple for a long time." Xie Zhihui was in a bad mood and didn't want to go to boudoir school tomorrow.

"What are you going to do?" Xiao Shi quickly stepped forward and said, "If you don't go to boudoir school well, what will you do under the name of everyone in the exam in the future? Do you have the skills of your big sister? Yes Are you looking for a husband of the county prince?"

Xie Zhiwei couldn't listen anymore, she stopped, and looked at Xiao Shi with a particularly cold gaze, "Second Aunt, my girl from the Xie family, even if she doesn't pass the exam, she won't worry about a good marriage in the future The second sister is so old, the second aunt still has to save face for the second sister when she speaks and acts. The girl from the Xie family is not from a small family. She is taught by her husband on weekdays. When going out, whoever doesn't say hello, instead In the eyes of Second Aunt, everything is wrong!"

All the servants that Xiao saw looked at her, their eyes were very bad, full of sarcasm, she became angry from embarrassment, "Oh, big girl, I have you, the concubine of the county, at home, I am the second aunt. You can't even teach your own daughter a lesson?"

Xie Zhihui cried, "Mother, what are you talking about? Big sister hasn't passed the door yet, what are you talking about? Is that what big sister means?"

Xiao raised her hand and slapped Xie Zhihui in the face. Xie Zhihui closed her eyes, ready to bear it, but after a long time, the slap didn't land on her face. She opened her eyes involuntarily, seeing Xie Zhiwei hold Xiao's wrist, a pair of pretty eyes looked at her mother coldly.

Xie Zhiwei pulled the second younger sister behind her, let go of Xiao Shi's hand, and she shook her wrist, "Second aunt, I will go and make an agreement with my second uncle. Second sister will be taught by my mother in the future. Second Aunt Lao is bothering you, what do you think?"

Xiao's face turned white and red, and he was shaking with anger, "Why? I am Sister Hui's mother, and I'm not dead yet!"

Xie Zhiwei sneered, "Second Aunt, do you think the old lady is dead? Or do you want to serve the old lady filially?"

Ms. Xiao suddenly raised her head and looked at Xie Zhiwei. She finally knew she was afraid, and her teeth trembled, "You, what do you want? I am not an old lady, and the Xiao family is not the Feng family. My sister is still the princess of Prince Zhongjing's residence."

"Second Aunt, if you are not afraid, I would like to accompany you to try." Xie Zhiwei took a deep look at Xiao Shi, and said softly, "Second Aunt, the girl is a spoiled guest, and the Second Sister can stay at home for a few more years. ? If you don't even want to be nice to your second aunt, who else will be nice to her in the future?"

Xie Zhihui couldn't help but lay on Xie Zhiwei's shoulder, and burst into tears.

Ms. Xiao took a look at Xie Zhihui, a little moved, turned around to face east, and walked another way back to the yard.

"Miss Wei, are you going to Famen Temple tomorrow?" Xie Sanniang stepped forward and asked, "I'll go with you!"

"Okay!" Xie Zhiwei said happily, "Mother is going too, third aunt, you can go together too, fourth aunt, anyway, you and fourth uncle don't need to go back home three times, we will go to Famen Temple to relax together, you haven't seen it for a long time Went out."

"I, is it okay?" After all, Hai's just passed through the door, so he doesn't know the rules of Xie's family.

"What's wrong, you can go back and ask fourth uncle, if he agrees, you can go with us." Yuan said with a smile.

Haishi's face was flushed with shame, but at night, when Xie Jibo went back to the yard, when she was helping Xie Jibo change his clothes, she told about going to Famen Temple, "Elder sister-in-law and third sister-in-law both invited me, so I can't say no. Sister-in-law said let me ask you."

"What's the matter, you go with sister-in-law and the others." As he said, Xie Jibai handed a one thousand tael bank note to Hai Shi, "Hold it, if you want to buy anything, go buy it."

Hai Shi held the banknote in his hand, thought for a while, and told about Xie Zhiwei and Xiao Shi, "I never knew that Sister Wei was so powerful, much stronger than ordinary girls."

Xie Jibai didn't take it seriously, and said with a smile, "Father always regrets that Sister Wei is not a boy, and said that if it were a boy, the Xie family would be able to keep it for another fifty years. I think there is nothing wrong with being a girl. The younger brothers and sisters are extra protective, and with her as an example, the children in the family will be fine."

So, what a blessing it is for her to marry into such a family! Haishi couldn't help looking forward to tomorrow's trip.

The next day, together with Mrs. Xiao, more than a dozen people from the fourth house, and a total of more than ten vehicles, went out in a mighty way, came out from Nanxun Gate, and followed the official road to Famen Temple.

The Xie family's carriage had just left when the Wang family of Yiwuhou's mansion got the news. She made a decisive decision and took her daughter and son to Famen Temple.

The second update!

Chapter 439 Mother-in-law

In Famen Temple, Xiao Xun was by Rong's side. Behind the temple, on the top of Dongshan Mountain, the pink peaches were weeping peaches, the red ones were birthday peaches and crimson peaches, and the white peaches were as white as snow, pure and flawless. , Elegant and dignified.

The five-color green peach is like a shy and timid little girl, surrounded by peach blossoms of various colors, occupying the highest mountain and blooming in the morning glow.

Gusts of wind blew by, and the fallen flowers were colorful and beautiful.

Ms. Rong was in a good mood. The mother and son sat in the pavilion on the top of the mountain, boiled a pot of tea with a small red clay stove, and sipped the tea while talking.

At the end of the day, Huaying came up and said with a smile, "Madam, little master, the Xie family's carriage has arrived, and the girls have already got out of the carriage and are resting in the wing room. I guess they will come this way in a while."

In Famen Temple, the peach blossoms in spring are a great sight. After the peach blossoms in other places have bloomed and thanked, the small green peaches are hung up. The peach blossoms here have just begun to bloom. When the fragrance is exhausted, the peach blossoms in the mountain temple begin to bloom."

Rong said, "Have you prepared all the gifts for the Princess?"

"If you go back to your mother, this is naturally well prepared."

Ms. Rong was obviously very excited. She raised her hand to caress her son's hair, and sighed, "I never thought that my ah-xun is so old. Time flies so fast!"

Jacaranda's eyes couldn't help but get moist, the empress lives like a year every day, life is worse than death, but now, she utters such a sigh.

Xiao Xun couldn't sit still anymore, he moved his **** back and forth on the stone bench, and said coyly, "Mother, Mei Mei is here, if you can't see me, will you think I missed the appointment? Or, I still Go and say hello to Mrs. Yuan!"

Rong couldn't help laughing out loud until tears came out, pointing at Xiao Xun and said to Nanny Rong, "Look quickly, Madam Rong, does this mean that you have a daughter-in-law and forget your mother?"

"Mother!" Xiao Xun drew a long voice, obviously out of embarrassment, and Rong quickly pushed his son, "Go, if the Princess has rested, bring her to see me, I still have to stay here a little while."

There are three hundred personal guards of Xiao Xun, all brought out by him himself, Xiao Xun is not worried at all, after getting up, he tidied up his clothes and robes, and ran down the mountain cheerfully.

Looking at his son's back, Mrs. Rong smiled on her face but had tears in her eyes, and said to Nanny Rong, "I haven't seen Ah Xun so happy for a long time."

Nurse Rong laughed, "I want to see what kind of person the princess is. The little master likes it very much. I can't wait to see it."

Rong couldn't wait, and asked Huaying to look at the gift she was going to give Xie Zhiwei. It was indeed very appropriate, so she felt a little relieved, poured a cup of tea, and waited patiently.

After sitting in the car for more than an hour, Xie Zhiwei was still in good spirits. Brother Xi didn't come today, so she sat and drank tea in the wing room, watching her mother order Xuantao and the others to pack their things.

"Oh, by the way, Xue Xing, go and see how her fourth aunt is doing, do you want someone to help?" Yuan Shi ordered, and Xue Xing went.

Xie Zhiwei put down the teacup and walked up to Yuan Shi, "Mother, I have something to tell you."

Ms. Yuan has never seen her daughter so serious, she couldn't help feeling a little nervous, "Your child, just say what you want, and you're afraid that your mother won't agree?"

Xie Zhiwei took his mother's hand and sat down on the kang under the south window, "Mother, I'm here this time because Concubine Rong, the biological mother of the Prince of the County, wants to meet with my mother and me."

Ms. Yuan was taken aback. She quickly touched her hair and headgear, and called Dan Feng nervously, "Quick, bring me a target mirror. Let me see if there is anything wrong?"

Xie Zhiwei was amused, but also distressed, and pulled his mother's hand, "Mother, don't be like this. It's just a meeting, and my daughter is not nervous. What are you nervous about?"

When Yuan Shi heard it, it wasn't that. She wanted to meet her. To put it bluntly, she actually wanted to see her future daughter-in-law, right?

After a while Xiao Xun came. When he came in from the door, Xie Zhiwei looked at him. He was wearing a gown with gold brocade woven with python's nest and lotus flowers, a jade belt around his waist, a purse on one side, and a small Chinese jade pendant on the other. India, snow-white knee trousers, and powder-based soap boots.

The sun slanted in from the door and fell on him, illuminating his crow-feather-like black hair, "The beautiful boy with the golden whip, go jump the green horse", he is full of vigor, and his smiling face is as delicate as a peach blossom Beauty. Yan.

"The son-in-law has met his mother-in-law!"

"Quick, don't be polite! You child, why are you so particular?" Yuan Shi hurriedly let Xiao Xun sit down, ordered the maid in the room to pour tea for Xiao Xun, and asked, "I heard from Mei Mei that your mother is here? I don't know When can we meet?"

Xiao Xun came here just for this matter, Yuan Shi is the main wife, and his mother is just a concubine, he was worried that if he spoke up, Yuan Shi would think that he was very reckless and rude, which would have a bad influence on this marriage ?

Now that Yuan Shi took the initiative to mention it, Xiao Xun heaved a sigh of relief, and at the same time couldn't help but glance at Xie Zhiwei, very grateful.

"Mother-in-law, my mother originally wanted to have a meal together at noon, but the second aunt, third aunt and fourth aunt all came, and the mother-in-law wanted to have dinner with them, so my mother said that the mother-in-law and the princess should go to the back mountain for a drink together." A cup of tea, the peach blossoms there are in full bloom!"

"Then let's go!" Seeing that it was getting late, Yuan Shi got up quickly.

Mrs. Rong waited for about a meal, and then saw a group of people meandering forward on the path deep in the peach grove. The one walking in the front was a young woman with a round face. The kind eyebrows and kind eyes were particularly festive, and she hurriedly stood up.

Behind the woman, her son was talking with a little girl while walking, Rong saw that his son's eyes were eager to stick to the little girl, and the little girl raised her hand when she saw a flower petal on her son's head. Helping his son twist it, the two looked at each other and smiled, with affection in their eyes.

Mrs. Rong saw that the little girl was wearing a peach-red lace skirt with a butterfly pattern and a pleated skirt with scattered flowers. As she walked, a pair of pearls the size of thumbs on the shoes trembled tremblingly. Yaji, wearing a pair of pearl flowers strung together with pink pearls, walks among peach blossoms, she is more delicate than flowers.

As if feeling something, the little girl raised her eyes and looked over here, just in time to meet Rong's eyes, she was stunned for a moment, then bent her lips and smiled, a pair of watery, pretty peach blossom eyes, completed crescent moon.

Ms. Rong walked down quickly. When Mrs. Yuan saw Mrs. Rong, she also quickened her pace. The two met on the platform under the pavilion, and each shouted "mother-in-law!"

The moment Xie Zhiwei saw Rong, her heart was in turmoil. She did not expect that Xiao Xun's biological mother turned out to be the queen of Emperor Zhaoyang, the queen of Emperor Zhaoyang who was called the false emperor by Emperor Shoukang.

The third update!

Chapter 440 Missing you

Fifteen years ago, in that palace change, the current emperor besieged the city and forced Emperor Zhaoyang to death.

When Emperor Zhaoyang committed suicide at the gate of the palace, the Kunning Palace was on fire. Many people saw the Queen hanging herself from the beam in the fire, and shouted: "Xiao Yan, you will die!"

In the fire, the queen's face was so clear that even the current emperor did not have the slightest doubt that Emperor Zhaoyang would have heirs.

Because in the palace at that time, Emperor Zhaoyang had only the queen and no concubines.

But at this time, she unexpectedly saw Queen Zhaoyang here.

Xie Zhiwei only felt like she was dreaming, until Xiao Xun gently tugged her, she came back to her senses, raised her eyes to look at Rongshi, forced herself to calm down, and saluted Rongshi, "I have seen Rong Niangniang!"

In an instant, her heart was settled, yes, Xiao Xun was originally the posthumous son of Emperor Zhaoyang, when the palace changed, if Queen Zhaoyang had died, where did Xiao Xun come from?

At that time, Emperor Zhaoyang was gone, so he must try his best to preserve his blood. Now it seems that the person in the fire must not be Queen Zhaoyang.

Xie Zhiwei should not have known someone who should have died fifteen years ago.

But in her previous life, she had seen a portrait of Empress Zhaoyang in the palace. Legend has it that Empress Zhaoyang had an astonishing appearance and outstanding talent. When she saw the portrait, she was also deeply shocked. It is Queen Zhaoyang.

Both Rong Shi and Xiao Xun thought that Xie Zhiwei was shy, and they didn't take Xie Zhiwei's brief absence to heart.

Mr. Rong invited Yuan's mother and daughter to sit in the pavilion, and said with a smile, "I was reckless. I heard that the emperor issued an order, so I wanted to see the princess day and night. Please forgive me for the offense!"

Xie Zhiwei could no longer treat Rong as a prince and side concubine, she hurriedly stood up, and said respectfully, "What did you say, it should be the younger generation who took the initiative to greet your mother!"

"Good boy, sit down, you don't have to be so polite in front of me!" Rong's words and deeds still retain some of the way she used to be when she was a queen, but this is not annoying. On the contrary, she feels that a person like her, as it should.

"Mother, she is a child, you can let her go, as the saying goes, it is not surprising that there are many polite people!"

Mr. Yuan also spoke straight, and Mrs. Rong felt that she got along well with Mrs. Yuan, so she smiled and said to Xiao Xun, "Take the princess around, and Madam Yuan and I have a good talk."

Xiao Xun and Xie Zhiwei hurriedly got up, Xiao Xun led Xie Zhiwei to the mountain not far away, and said as he walked, "There are several peach blossoms of different colors over there. I heard from the monks

in the temple that they are called red peach blossoms. Bitao and Lvhuatao are also very pretty, let's go and have a look!"

The mountain was very humid, and green moss grew on some of the ground. Xiao Xun walked over first, and stretched out his hand to Xie Zhiwei. Xie Zhiwei handed it to him with confidence, and the two went to see the peach blossoms together.

Rong looked very happy in her heart, looked away, and said to Yuan, "Mrs. Yuan, I'm really sorry, my axun is a concubine in Xiangwang's mansion, and the princess is a concubine. This marriage is a high priority for us, but I really like the princess princess. I liked her very much the first time I saw her. In the future, if the princess passes through the door, I will also find a way to let the prince separate them and let the child suffer. Wronged."

When Yuan Shi heard this sentence, she felt relieved, no one in the capital knew that Prince Xiang doted on Concubine Rong and obeyed her words, Concubine Rong did not leave the door of the Buddhist hall for more than ten years. .

"Look at what the empress said, they are all one family, and it seems intimidating to say these things. Since ancient times, it has been said that heroes, regardless of their origins, in this capital city, there are many children born on the same day. There are not one or two in any family, but the children of other families Is there such a prospect as Ah Xun? Even our master said that there is no better child than Ah Xun, and our family is very satisfied with this marriage."

"That's good!" Rong Shi breathed a sigh of relief. Her son, who is the son of a dragon and the grandson of a phoenix, has the most noble status in the world, but in front of the world, he can only be the eldest son of a concubine. I don't want my son to be thanked for his family's disapproval.

A family with hairpin tassels like the Xie family is really different from the usual ones. It would be great if they have a unique vision and understand the truth that heroes don't care about their origins.

Xie Zhiwei's foot slipped, Xiao Xun quickly hugged her in his arms, and refused to let go, put his hand on her waist, feeling the heat from the inside out, his palm seemed to be burning , bursts of burning heat.

Xie Zhiwei didn't dare to move her whole body. Her eyes were fixed on a peach blossom, but the hairs on her body stood on end, every nerve was tense, and her perception seemed to be extremely sharp.

"Mei Mei!" Xiao Xun gently pulled Xie Zhiwei into his arms, every movement was cautious, he bent slightly, put his face close to her profile, and shouted in a low voice, "Mei Mei!"

Xie Zhiwei's back was pressed against Xiao Xun's chest, she was like a puppet, her whole body was stiff, her legs were weak, if it wasn't for Xiao Xun holding her in his arms, she would have sat down on the ground up.

Xie Zhiwei trembled violently, Xiao Xun couldn't help laughing, "Mei Mei, what do you think I'll do to you?"

He gently held Xie Zhiwei's hand, his fingers climbed up gently, pushed her sleeves away, pinched her wrist, and with a little force, Xie Zhiwei trembled even more.

"If you do this again, I, I will call someone."

"Who are you calling?" Xiao Xun's voice was a little hoarse, and he looked down at the thin blush creeping up her fair neck, dyeing a bully Saixue's face a blush.

"Shout, call Du Yuanhe, and Du Yan!" Xie Zhiwei couldn't speak fluently, and she always had a feeling that she would fall to the ground.

"Mei Mei, stop shouting, you know how much I miss you, I have been looking forward to today, I can be alone with you, don't you miss me?"

Xiao Xun spoke seriously, taking it for granted, as if he was talking about an ordinary thing.

Xie Zhiwei couldn't even breathe, she tightly grasped the clothes around Xiao Xun's waist, trembling all over, tremblingly said, "You, what are you talking about?"

Xiao Xun's fingers slid gently on her wrist, he leaned closer, and saw that her legs were close together, the insteps were arched inside the thin embroidered shoes, but she still pretended to be calm, then laughed, "Mei Mei, what did I say? Did you think about me?"

Xie Zhiwei knew that he was hateful, but she didn't expect him to be so hateful. However, she wasn't really angry, puffed up her cheeks, like an angry puffer fish, "Stop talking nonsense!"

Xie Zhiwei pulled out his hand suddenly and hit him, Xiao Xun quickly grabbed her hand and interlocked her fingers, "Mei Mei, don't be angry, it's my fault, I shouldn't tease you."

He lowered his head, leaned close to her ear, his lips were almost touching her cheek, and said softly, "However, I think you are real."
