

## The Power 541

### Chapter 541 Strange goods

Xie Zhiwei couldn't understand the sarcasm in her words, she smiled, "Although my aunt is the eldest daughter of the Xie family, it is really a pity, my grandmother has limited cultivation and did not teach my aunt well, although she has the blood of the Xie family, but after all, she is still poor and depraved in her bones, and she has never known what honor is in her whole life, so she taught her cousin that she doesn't know what is noble or humble."

Xue Wanqing's face changed drastically, Xie Zhiwei, what does this mean? Did you mean to look down on her? Does Xie Zhiwei know what is knowledge and mind? A woman who only knows how to compete for fame and fortune in the backyard, who has the right to teach her a lesson?

Xie Zhiwei took a deep look at her, seeming to see through Xue Wanqing's thoughts, she said with a smile, "Nobility is not something to be particular about, what kind of person lives what kind of life, don't climb, don't grow, don't be humble, don't be cheap. It's called education!"

"You mean, since I've come to the tea house, why don't I use the tea here? Because Xie's family has a family rule, if the daughter's family has no elders, brothers to accompany her, and if she doesn't have a capable and reliable mother-in-law to take care of her, she is not allowed to drink tea outside. Since I am the daughter of the Xie family, I should obey the family precepts of the Xie family."

Xue Wanqing sneered, "Big cousin, I'm sorry, I can't understand what you said, and I don't intend to understand. You and I are not the same way. Today, I invite you because I have a business to discuss with you."

Xie Zhiwei was funny, she smiled slightly, "Concubine Xue Shu, you know, I don't do business, the property under my name is taken care of by myself, I don't worry about it on weekdays."

"It's not an ordinary business, but... I wonder if the eldest cousin knows about Lu Buwei?"

Xie Zhiwei didn't speak, but took a sip from the cup of tea.

Xue Wanqing also realized that he said something nonsense, Xie Zhiwei has read poetry and books, how could he not know about Lu Buwei? She went on to say, "My cousin must have heard the story of strange goods that can live. In the past, Lu Buwei thought that strangers were strange goods. I don't know who is considered a strange goods in the eyes of big cousin today?"

Xue Wanqing was certain that Xie Zhiwei didn't know about the book "Pearl in the Palm", let alone imagined that in the plot in the book, Xiao Xun would eventually usurp the throne, seek to seize Xiao Changxuan's country, and become the Ninth Five-Year King.

After all, the son inherits his father's career, Xiao Xun is not the emperor's son, even if the emperor's son dies, it may not be Xiao Xun's turn to inherit the throne, how could Xie Zhiwei bet on Xue Wanqing?

Xie Zhiwei was taken aback. Sure enough, Xue Wanqing never had a normal time, and compared with the previous life, Xue Wanqing in this life has changed a lot.

Xie Zhiwei served tea, which meant to see off the guests, Xuan Tao hurriedly came to ask Xue Wanqing to go out.

Naturally, Xue Wanqing would not give up easily, "Big cousin, I have always admired you for being knowledgeable, quick-witted, and good at medicine. Are you really willing to spend your whole life around a man, confining your life to the backyard, and being a husband in the future?" Managing concubines, raising concubines and concubines, and preventing them from hindering your son, are you really willing to live such a life?"

Xuan Tao was really stunned, this cousin girl is crazy, right? She actually said this to the eldest girl, she hurriedly said, "Concubine Xue Shu, please, it's getting late, my girl is going back."

Xue Wanqing knew that people like Xie Zhiwei couldn't make sense in just a few words, she was not afraid, there was still a process of brainwashing, she didn't believe what she said, Xie Zhiwei couldn't think of it at all, she stood up and said with a smile, "Xuanta, I'm leaving now, but, big cousin, I hope you will carefully consider what I said, only when a woman has a powerful position can she control her husband, a husband and wife are often just a joke."

After Xue Wanqing left, Xie Zhiwei sat on the chair without saying a word for a long time. Xuanta was frightened to death, regretting that she should not let the girl talk to an abnormal person like Concubine Xue, she couldn't help but persuaded, "Girl, please don't According to Concubine Xue, you are different from Concubine Xue, you will be the main concubine of Chenjun Wang in the future, and even if Chenjun Wang accepts a side concubine in the future, you will not be able to surpass the girl."

Xie Zhiwei felt a little uncomfortable when she heard that Xiao Xun wanted to accept a side concubine. She scolded, "What are you talking about? It's not that time yet. What are you talking about?"

Although Xuan Tao heard that the girl's tone was not good, she was relieved that the girl didn't take those words to heart.

After Laba is the New Year, Yuan Shi is getting more and more busy. Fortunately, there are Qian Shi, Hai Shi, and three girls at home who can help, and she still has time to catch her breath every day. After noon, she is Fuyun After taking a rest in the courtyard, when she heard that Xie Zhiwei had returned from the palace, she hurriedly sat up and asked, "Where is the eldest girl?"

"Mother!" Xie Zhiwei came in through the curtain, and sat down beside Yuan Shi. Yuan Shi saw that her brows and eyes were a little tired, and she was very distressed, so she pulled her daughter into her arms, "Just sleep with me for a while, Look at you, you are so tired, you said you are only a little older, and you can't finish worrying all day long."

The next day, the family with more brothers started to eat New Year's dinner. Early in the morning, Yuan finished his work in the auditorium and returned to the yard. Xie Zhiwei was alive and well, staring at Xie Mingxi writing.

Yuan just took a sip of water, and was about to ask if the lamps in the house had been tidied up, and they were about to start replacing them in a while, when the woman at the second door came, saying that it was the second wife of the Hai family who asked to see her.

When Xie Mingxi heard that someone was coming, he pricked up his ears. Seeing that he couldn't calm down, Xie Zhiwei just let him rest for a while, and told him, "Don't run away, I won't finish writing these two words today, Lantern Festival, My sister won't take you to see the lanterns."

Xie Mingxi hurriedly got into her sister's arms, "Good sister, the best and best sister, I promise to finish writing the words well, okay?"

"Well, well, let's go!"

The second wife of the Hai family didn't hand in the post beforehand, so she just ran over and parked the car at the gate of Xie's house. Although Yuan Shi was angry, she had to let her in.

Xie Zhiwei was lying on the big bed in the Dongci Room, and Yuan invited the Second Mrs. Hai to the Ming Room. Xie Zhiwei could clearly hear the voices of the two talking.

The Second Mrs. Hai cried as soon as she entered the door, "Ma'am, you don't know the pain in my heart. You are a person who has been conferred by the emperor. You are the first-class Mrs. Guo. Please judge me. How can there be a concubine and a wife in this world?" At this level?"

Ms. Yuan has been busy at home these days and hasn't moved around much. She doesn't know anything about the outside world, so she asked, "What's going on? What's the matter? Tell me slowly!"

Second Mrs. Hai said, "My daughter is married to His Royal Highness the Fourth Prince as the main concubine. If you don't know, you think my daughter is the concubine, and Miss Xue is the main concubine. After all, Miss Xue has been raised by the Xie family for five years. Yes, why are you so impolite?"

The third update!

## Chapter 542 Ceremony

This blamed the Xie family. When Yuan Shi heard this, she was not happy, and said with a smile, "Second wife, you also said that it is Miss Xue. This Concubine Xue, her surname is not Xie! Even if it is in the The Xie family has educated her for five years, and she was not educated at my knees, Mrs. Hai, tell me this, what is it?"

The Second Mrs. Hai was already so angry that it was fine for her daughter and a concubine to pay homage to His Highness the Prince. When she learned that on her daughter's wedding night, the Fourth Prince didn't even step in the door of the new house, nor did he take off his hijab. She would rather be with a young girl at night than touch her daughter, her heart was broken.

Entering the palace to recognize relatives, the fourth prince actually brought that little \*\*\*\* Xue Wanqing in. Fortunately, the empress empress is polite, so she didn't let Xue Wanqing recognize relatives on the spot.

The Second Mrs. Hai was in a hurry, and even Xie's family was involved, and she laughed angrily when she heard Yuan's denial, "Mrs. , the Xue family has lost even the lintel, if it wasn't for the Xie family, would she be eligible to enter the gate of the prince's mansion? And make a concubine?"

"I don't know about that. After all, I didn't raise it. If I want to take care of me, I can only take care of my daughter. I can still take care of Xue's family?" , Even if I put these words in front of the old man, I dare to say that the granddaughter is a granddaughter after all, not a granddaughter, and the second wife of Hai must understand this truth."

After Yuan finished speaking, she served tea, "Before this year, the head of the house was busy, so I won't keep the second wife."

Second Mrs. Hai stood up angrily. If she hadn't been desperate or out of breath, would she have come to Xie's house? Who knows, Xie's family has raised Xue Wanqing for five years, but now, she has both hands, and she doesn't want to admit it. How can there be such a cheap reason in this world?

Su Xin sent Mrs. Hai to the door, and was about to turn around when she heard Mrs. Hai's voice loudly saying, "Oh, who sent this as a gift? It's the fourth prince's mansion, isn't that what Madam Yuan said?" , The Xie family has nothing to do with Concubine Xue Shu of the Fourth Prince's Mansion, isn't the granddaughter a granddaughter? Why is this a gift?"

The one who came to deliver the gift was the mother in Xue Wanqing's house, and she was not a dowry. Although Xue Wanqing was carried into the prince's mansion in a sedan chair, the dowry was limited. Among the dowry people, she only brought Cuixiang. Mammy was also the person who was pulled into her room by the prince's mansion to serve her.

Grandma didn't understand anything, and thought that Li Shi was laughing at her master, a concubine, so that she could send a boxing gift to the family of a second-rank official, so she couldn't help being very embarrassed, smiled coyly, and didn't speak.

When Su Xin saw that her head was big, she hurriedly winked at the woman on the door. The woman seemed to have grown scud, and quickly went to Fuyun Court to report. She hadn't reached Fuyun Court yet. After meeting Xie Zhiwei, he hurriedly said, "Miss, Concubine Xue Shu from the Fourth Prince's Mansion has brought a gift to our mansion."

Xie Zhiwei was upset when he heard that, and frowned and said, "How did you come here, how did you send it back, a concubine, but not a concubine, let someone go to the fourth prince's mansion to ask, why did the fourth prince and the fourth prince concubine humiliate me so much?" Thank you family?"

This meant that Xue Wanqing didn't intend to save any face! The mother-in-law replied yes, and Xie Zhiwei stopped her again, "Go to the Law Enforcement Hall and tell Nanny Xie or Lu Momo, if any of the mothers in the Law Enforcement Hall is free, help me out, it's considered a favor The Fourth Prince's Mansion will save face."

The two nuns in the Law Enforcement Hall used to be with Mrs. Lu. When the mother-in-law heard this, she was relieved and left in a hurry.

Xie Momo was older, so Lu Momo volunteered to do this errand. When Lu Shi was around, she was also a capable person beside Lu Shi. She was an old man brought by Lu Shi from her natal family. When he arrived at the door, he met the nanny of the fourth prince's mansion, and the nanny lowered her eyebrows and looked down, like a servant in front of Nanny Lu.

"Mother, you are an old man. Masters who are younger than you should know how to be polite. Masters have done something wrong. We should be more careful and follow along. This is not a trap for the master. In a dangerous place, trap yourself in injustice?"

This nanny dared not say a word, she was obsequious.

Nurse Lu took this car gift and went to the fourth prince's mansion. The Second Mrs. Hai saw her, and hurriedly followed behind, not far or near, but she wanted to see how the nanny of the Xie family would send the gift back. It was sent by the concubine, but it was obviously approved by the fourth prince.

Grandma Lu arrived at the fourth prince's mansion. In front of the brand-new mansion, there were two majestic and majestic stone lions. She parked the carriage here, took out Yuan's name card, and said, "I am begging to see you at the order of my master." Your Royal Highness Fourth Prince!"

After hearing this, the Second Mrs. Hai became very angry. What do you mean, this old man still wants to scold her daughter?

Hai Xueyun didn't know about rituals, and not long after she invited Nanny Lu in, she heard that her mother was coming, so she hurriedly asked her to invite her in, and Nanny Lu waited beside her for a while, until her mother and daughter were married. After seeing the gift, it was her turn to speak, and she just took out the gift list and handed it to Hai Xueyun.

"Your Highness the Fourth Prince, this is a gift arranged by the concubine in the house. I have thanked my family for generations, and now I have three first-rank orders. The old lady is the second-rank official, and the elder is the fourth-rank. The young master is qualified to be a minister in front of the emperor, I don't know why the family humiliated Xie's family like this?"

Second Mrs. Hai was trembling with anger. She originally came to question Yuan Shi, but Yuan Shi ignored her and sent an old godmother to question her daughter.

Immediately, the Second Mrs. Hai raised his eyebrows, "Where did you really start talking about this? Why did Concubine Xue give the Xie family a gift? Is your master lard fooled? Hehe, now you are still beating me up and coming to my daughter Come, it is simply unreasonable!"

Nanny Lu didn't even blink her eyes, and when the Second Mrs. Hai had finished speaking, she said calmly, "So the Second Mrs. Hai is still the home of the Fourth Prince's Mansion? Since the Second Mrs. Hai said that Concubine Xue is a concubine, the fourth prince's mansion Is it true that the servants are going to talk to a concubine? Please let the fourth prince express clearly, I wonder if the concubine is in charge of the family or the concubine is in charge of the house of the fourth prince?"

The Second Mrs. Hai was speechless, Hai Xueyun couldn't tell what was going on in her heart, so she stood up and apologized to Nanny Lu, "My family was rude. I'm afraid this is a misunderstanding. I will come to the door with a generous gift some other day." Apologize, and please go back and help me say a few words in front of Mrs. Yuan. I am young, so it is inevitable that there will be omissions. Concubine Xue must have just left the cabinet. It would be disrespectful."

Today's update!

Hey guys, please ask for a ticket!

## Chapter 543 Affectionate

After Nanny Lu left, Mrs. Hai Er was so angry that she threw away the teacup in her hand, and said angrily, "Mrs. Yuan is really deceiving people!"

Hai Xueyun didn't think so, and said, "Mother calm down, Mrs. Yuan is helping her daughter! The Xie family is worthy of being a hairpin for generations, and the poems and rituals are passed down to the family. All the rules are polite."

The Second Mrs. Hai didn't understand. Hai Xueyun held the teacup tightly and said, "I just realized today that whether I fight or not, in the eyes of the world, I am the head of the prince's mansion. If it's my turn, it will definitely be blamed on me, just like today."

After thinking about it, the Second Mrs. Hai realized that this was indeed the case. She had never encountered such a thing before, and she didn't know how to deal with it, so she asked her daughter, "Then what are you going to do?"

"Of course these gifts, I will return them to whoever gave them them. I have to let His Royal Highness the Fourth Prince understand that this mansion will never be without me as the concubine."

Hai Xueyun couldn't shed tears anymore. She suddenly went from a girl who was loved by her parents to a place like a wolf's den. She had to rely on her own wisdom to survive. She had to fight against a powerful opponent. , How difficult it is to fight a defense battle with no resources and no spoils.

However, this is a battle where either you die or I die.

The Second Mrs. Hai could not help but feel sad for her daughter. Right now, she can only comfort her daughter, "You should find a way to have a child as soon as possible. A daughter can only gain a firm foothold in her husband's family by relying on her son."

She thought for a while, "There is really no way, see if Princess Duanxian can help you, after all, Empress is your serious mother-in-law, and Princess Duanxian has always liked Empress."

But Hai Xueyun knows that the royal family is different from other families. The empress is the mother-in-law, but their daughters-in-law only enter the palace to greet the empress on the fifteenth day of each month, and they are not the empress's direct relatives. Daughter-in-law, she may not be able to help herself.

After seeing off her mother, Hai Xueyun asked someone to find out that His Highness the Fourth Prince was back, so she invited His Highness over.

Not long after, Hai Xueyun heard that the fourth prince had gone to the west courtyard. She took a deep breath, restrained her emotions, and went to the west courtyard with the gift list.

Xue Wanqing was lying on the table writing and drawing, Xiao Changxuan was holding a cup of tea, staring at Xue Wanqing, his eyes were full of tenderness, he knew that only Qing'er knew what he wanted, and only Qing'er could understand plan for him.

Hearing that Haishi is coming, Xiao Changxuan frowned impatiently. Xue Wanqing glanced at him, very satisfied, and said to Cuixiang, "Go and invite Sister Hai in!"

Haishi came in with the maid, Xue Wanqing couldn't get up and didn't salute, she didn't mind, she bowed to Xiao Changxuan, handed the gift list carefully, and said to Xue Wanqing, "Sister Xue, the gift you sent to Xie's house, the Xie family retreated to me. I told the people of the Xie family that it was not our disrespect. Sister Xue had been educated by the Xie family for five years. Now that it's just before the festival, sister Xue misses her grandfather's family and is anxious for a while, so she ignores the etiquette and sends the festival gift over."

Xue Wanqing didn't understand, but Xiao Changxuan did, and he was furious, "The Xie family is Qing'er's maternal ancestral family, even if outsiders look down on Qing'er's current status, the Xie family shouldn't follow the crowd, pretend to be noble, and Qing'er give gifts. Is it still wrong?"

He said, standing up abruptly, "I'm going to ask Xie Tiao about this truth!"

It was only then that Xue Wanqing understood what Hai Xueyun was beating around the bush. With tears streaming down her face, she stepped forward and hugged Xiao Changxuan's waist, crying, "Your Highness, why bother to do such an embarrassing thing for Qing'er?!"

Xiao Changxuan's heart was broken, he put his arms around her, and said in a low voice, "Qing'er, it's all my fault, I've wronged you!"

Hai Xueyun saw the affection between these two people, her lungs were going to explode, she really regretted it, what kind of prince, who has been raised in the Xie family for five years and knows how to be polite, these two people can really be regarded as the list of male thieves and female prostitutes up.

Hai Xueyun almost gritted her teeth, who knows, Xue Wanqing raised her head from Xiao Changxuan's arms, and said to Hai Xueyun, "Sister Hai, are you deliberately taking this gift list to see my jokes?"

Xiao Changxuan turned his head abruptly, and stared at Hai Xueyun with a pair of cannibalistic eyes, "Since the Xie family returned the gift list, why did it go to you? Shouldn't it be returned to Qing'er? Come here with the gift list, flaunting one's power, trying to embarrass who?"

Hai Xueyun got too angry, but calmed down, she blessed Fushen, "The Xie family sent a nanny surnamed Lu, I heard that it is an old man who once served Mrs. Lu, no Telling His Highness that Lu Nanny scolded my concubine in front of her mother, blaming the fourth prince's mansion for being rude to Xie's family. Your Highness, this concubine has no choice but to pay for it. Your Highness can just find today's concierge for this matter. People who serve in the hall or in the main hall can inquire about it."

Hai Xueyun was calmer than ever before, Xue Wanqing felt vigilant in her heart, she secretly looked at Hai Xueyun, seeing that she was neither angry nor irritable, she guessed, probably Hai Xueyun felt that it was impossible to get Xiao Changxuan's heart and body. Only then did he give up, planning to beg for a bowl of food from his own hands.

Since this is the case, she also intends to keep Hai Xueyun temporarily. After all, if Xiao Changxuan loses his wife, in his capacity, the emperor must remarry her, and right now, he is not qualified enough to be in charge.

Everything will wait until Xiao Changxuan becomes the emperor.

Xiao Changxuan understood Hai Xueyun's words and calmed down. The Xie family must not misunderstand the Fourth Prince's House. Firstly, Qing'er will rely on the Xie family to raise her status in the future. Second, the Xie family's status in the court is very important now. , if the Xie family objected, his dream of becoming a prince would not be fulfilled.

"Qing'er, it seems that the Xie family has misunderstood you and me. It is really impossible. You and I will send these gifts to Xie's family in person?"

Xue Wanqing nodded, "No matter what, I'm going to kowtow to my grandfather, and I still have to clarify some things with my grandfather."

Since she couldn't explain clearly to Xie Zhiwei, she would go to Xie Tiao to talk to her. She believed that with Xie Tiao's brain, she should be able to understand what she said.

Hai Xueyun was shocked to death, she didn't expect that these two people would personally deliver the gift to Xie's house.

However, she can be regarded as seeing that Xiao Changxuan and Xue Wanqing really have the same heart and temperament, and it may be difficult for ordinary people to resonate with these two people.

At the end of the year, Xie Tiao was so busy that he went to the Yamen on the fifth watch.

Xiao Changxuan and Xue Wanqing personally came to Xie's house with the ceremony, Xie Yuanbai was at home, received Xiao Changxuan, invited him to the study for tea, and said, "Your Highness, my daughter and Concubine Xue have always been at odds, and Xie's family is not Concubine Xue's family, besides, the emperor has always I don't like the prince making friends with ministers, the Xie family really can't accept these ritual gifts from His Highness!"

The first update!

## Chapter 544 Outsiders

While talking, Xue Wanqing came in, and when she heard this at the door, she couldn't help being extremely annoyed. It is said that those who know the current affairs are outstanding.

Following the trend is the way of a hero.

Blindly sticking to the rules and not knowing how to adapt, she really doesn't know how the Xie family can survive for so many years, the sky is simply blind!

"Qing'er has seen the eldest uncle!" Xue Wanqing ignored Xie Yuanbai's frown, and sat down calmly, "Eldest uncle, you don't have to blame the people below, I asked them to bring me here."

Xue Wanqing raised her wrist, straightened her sleeves, and looked like a lady, "Uncle, just now you said that the emperor does not allow princes to make friends with courtiers, and refuses to accept our gifts. Could it be that relatives do not move around?" Yet?"

Xie Yuanbai said in his heart, as a concubine, you are not qualified to communicate with my relatives of the Xie family, but he is an elder, and Xue Wanqing is from a daughter's family. There are some things that Xie Yuanbai can't say directly, so he served tea without saying a word.

The atmosphere in the study room became very depressing for a while, Xiao Changxuan moved his \*\*\*\* uneasily.

Xue Wanqing punched the cotton. I don't know why Xie Yuanbai didn't answer. Fortunately, she has known some rules for such a long time, so she sneered, "My uncle thinks that I am not His Highness's concubine, but just a concubine. A concubine is not qualified to associate with the Xie family, is that what you mean?"

"Eldest Uncle, this life is a matter of time and fortune, and this life is so long. I am just a fish trapped in the shoal for a while. If I tell Uncle that one day in the future, His Highness will get what he wants, Uncle thinks , am I still not qualified to associate with the Xie family?"

"Etiquette is where the last general has nothing to do. Please forgive me, Fourth Highness!" Xie Yuanbai did not answer Xue Wanqing's words from the beginning to the end.

Xiao Changxuan was furious, but he also knew that he could not conflict with the Xie family, and he wanted the support of the Xie family right now.

At the door, a young man was poking his head. Xie Yuanbai looked out and nodded. The young man came in hunched over, and said to Xie Yuanbai, "My lord, Prince Xiang's mansion is here to send gifts. The chief of the palace is here."

"Let the second master come forward to entertain you."

"If you go back to the old man, the old man and the three masters are not at home."

Xiao Changxuan had no choice but to stand up, "General Xie, please go ahead, Bengong and Qing'er are not outsiders, so don't be so polite."

Xie Yuanboxin said that Prince Xiang's Mansion is not an outsider.

Just as he was talking, Chang Shi heard that Xiao Changxuan was also there, so he was led over by someone, and after saluting with Xiao Changxuan, he greeted Xie Yuanbai and said apologetically, "My lord told me to apologize to General Xie no matter what. , This year is the first year, logically speaking, the gift should be delivered earlier, who knows that the prince is now obsessed with an opera by Ruixia Troupe, listening to it, he missed the time, which is why the delivery is late."

The matter of the ceremony has always been the matter of the head of the house, and Princess Xiang must be obstructing it. Xie Yuanbai didn't care too much, and said, "Your Majesty, you are welcome. Anyway, it is still early in the Chinese New Year, and there are still a few days left!"

Xie Yuanbai took the gift list, and casually asked the servant, "Did Madam send a boxing gift to Prince Xiang's Mansion?"

The young man didn't know, so he quickly went to inquire and said back and forth, "My wife said that the gift for Prince Xiang's mansion was delivered yesterday."

Xue Wanqing couldn't help but sneered, this year is the first year that Prince Xiang's Mansion and Xie's family exchange gifts, Xie's family is so impatient, and Xie's family will send them before Xiang Wang's Mansion delivers them?

Pay attention to etiquette all day long, but don't even care about face.

No matter what, Xiao Changxuan still insisted on keeping Li. On the way back, he saw Xue Wanqing was very disappointed, and couldn't help but feel very distressed, so he hugged Xue Wanqing in his arms, "Qing'er, you don't have to be like this, I know your heart, what do you do for me?" I've done enough!"

Xue Wanqing looked at the shops along the street outside the window, she couldn't help but think of Xiang Yunjian, and Xie Zhiwei slapped her in the face every time, if she let Xie Zhiwei go like this, she really couldn't do it.

There are refugees everywhere on the street. It seems that this year's harvest is not good, and the year is not easy.

Xiao Changxuan also saw it, and he couldn't help but think of Xue Wanqing's prophecy that this year, more than ten state capitals around the capital will encounter blizzards. If it comes down, they don't need to warn in advance. If the prediction is not accurate, none of them can afford the loss.

Xue Wanqing also said that her prediction is only 80% accurate, but Xiao Changxuan thinks it is very good, 80%, since it is a prediction, who can guarantee that it is 100% accurate?

When the carriage arrived at Yujie Street, there was a lot of voices in the teahouse next to it. Occasionally, a voice came out, "...even if it is to shoot and kill the captives? Have you forgotten that more than ten years ago, on the banks of the Wuding River, I How did Yong's Hanyu army get tricked into killing by Xiliang army?"

There was thunderous applause in the teahouse, and echoes echoed everywhere. Most of them were students, and their emotions were easily affected. They didn't come out for a few days. They didn't expect that the criticism against Xiao Xun's shooting and killing of the captives would turn positive now.

Xue Wanqing's heart moved, and he and Xiao Changxuan looked at each other. Xiao Changxuan knocked on the wall of the carriage, and the carriage stopped beside the teahouse. He took Xue Wanqing into the teahouse.

Xie Zhiwei, Yuan Jia and the others were sitting on the second floor. When she saw Xiao Changxuan and Xue Wanqing coming in, she only glanced at them and didn't pay much attention.

"I really don't understand that some people's brains were kicked by donkeys. Dayong and Xiliang have been fighting for so many years, and there are still people who speak for Xiliang." Linghua was filled with righteous indignation, and Chu Yining went to the battlefield to kill Xiliang human.

"I heard that half a month ago, Ah Xun fought Xiliang again. The 100,000 Xiliang army led by Tuoba Sigong lost 50,000 in Haoshuichuan."

There are no outsiders here, so Mu Guihong boldly stated the information he got, "I heard that Ah Xun led people to rob everywhere, and Xiliang set up a bureau in Haoshuichuan, planning to encircle Ah Xun there. Who can tell?" Thinking that Ah Xun was waiting there, he waited for Xiliang to deliver all the

food and grass, so he personally led three thousand cavalry and cut off the other side's reinforcements, here Liu Xingjun and his son, Chu Yining, and Pei Wujiu Together, they led an army to wipe out 50,000 enemies, beheaded Tuoba Sigong's lieutenant general, and the remaining 50,000 troops fled with heavy casualties. After this battle, Xiliang probably couldn't breathe for half a year."

"You mean, the third son of Chu also led the troops to the battlefield?" Linghua was very excited when she heard Chu Yining's name.

"Are you kidding? Who do you think Chu Yining is? He has always been Ah Xun's left vanguard. This time, Chu Yining will probably be promoted again." Mu Guihong said enviously, he still has a bad debt, I don't know when Ah Xun can spare time to help him.

The second update!

## Chapter 545 Bai Qi

Downstairs, two groups of students were still arguing endlessly, and one of them took Bai Qi, a general of Qin State, as an example.

"In the Battle of Yique, Bai Qi beheaded 240,000 troops from the Han and Wei coalition forces. In the Battle of Yanying, Bai Qi killed hundreds of thousands of people in Yancheng, Chu State. Needless to say, in the Battle of Changping, this battle beheaded and killed 450,000 Zhao troops. People, Bai Qi has been called the God of Killing, in my opinion, Xiao Xun is Bai Qi reincarnated! Sooner or later, this person will bring disaster to me, Dayong!"

As soon as this remark came out, the whole teahouse was silent. No one expected that someone dared to name the king of Chenjun by name. Could it be that this person does not plan to become an official in the court?

Someone recognized him as Yang Jingchuan, a student from Yin County.

Ten years of hard work are not easy, but all students know that they should try not to criticize current affairs. Since ancient times, there have been sensationalists, but more of them are careless.

It's all come to this step, just be patient and wait for the moment when the carp jumps over the dragon's gate.

Xie Zhiwei glanced at the man, and seeing that he was wearing a white mink fur jacket with a Buddha's head carved in green silk, he understood where this person's confidence came from, and who was behind it?

Xie Zhiwei glanced sideways at her, and Dou Xiuniang, who had been standing beside her all the time, raised her voice and asked, "I don't know what to call this young man who talks so much?"

Yang Jingchuan's heart inevitably tightened, and he raised his eyes and looked towards the second floor. The top of the corridor was covered with a layer of tulle curtains. Although the faces of the people behind him could not be seen clearly, from the clothes, it could be seen that the person sitting on the second floor People are either rich or expensive.

"In Yang Jingchuan, Xiayin County, I don't know what to call the nobleman?" Yang Jingchuan held a fan and bowed his hands politely.

Dou Xiuniang looked at Xie Zhiwei, Xie Zhiwei nodded slightly, and Dou Xiuniang said, "My princess is very grateful to you for comparing the prince of the county to Bai Qi today. Bai Qi has been the commander of the Qin army for more than 30 years and has attacked more than 70 cities. It can be said that he has made great achievements. Bai Qi's fate can be described as a sigh, I don't know if in Young Master Yang's opinion, will my county king also make great achievements in the future, and end up with a bad ending?"

Everyone looked at Yang Jingchuan, and Yang Jingchuan opened his mouth. He suddenly realized that he didn't know what to say. If the king of Chenjun will be like Bai Qi in the future, and he will not end well, then Bai Qi will be the master of meritorious service. He was not tolerated by the King of Qin, and he ended up being a cunning rabbit and a running dog. In turn, it shows that the King of Qin is not a good person either, because he is small-minded and will not tolerate heroes.

But if it is said that Prince Chen will not be like Bai Qi, and will have a happy ending in the future, what does that mean? The king of Chen County can bring disasters to Dayong, and if the emperor doesn't punish him, isn't he a fool?

If punished, wouldn't it be the same as King Qin?

This nanny said "my county master" and "my county prince". Although she didn't say who the nobleman is, no one can guess it. The one who speaks and defends Chen County King is naturally Princess Duanxian.

Princess Duanxian obviously changed the topic, and this topic was changed without leaving any traces, and Yang Jingchuan was speechless all of a sudden.

"Mr. Yang, after the Battle of Changping, Bai Qi once said something before killing Zhao Bing. Mr. Yang has read poems and books. You should still remember that my princess asked, what did you say?"

Yang Jingchuan blushed, lowered his head, and said with difficulty, "The former Qin Dynasty has uprooted the Shangdang, and the Shangdang people were not happy to return to Zhao for Qin. The Zhao soldiers repeated. If they must be killed, they may cause chaos."

This is a passage from "Historical Records Biography of Bai Qi and Wang Jian". Yang Jingchuan naturally remembered that even if many students present could not memorize it verbatim, they would still remember it very clearly.

I only heard a chuckle coming from the second floor, followed by a beautiful female voice, "Mr. Yang Fan talked about "Historical Records" with his ancestors in the past, and he also talked about this section. Back then, I Three years old, it was still yesterday. Later, when I heard that Mr. Yang Fan was driving to the west of the crane, my ancestors were still sighing. Unexpectedly, today, I have the honor to talk about this eternal song with Mr. Yang again, without rhyme. "Li Sao".

Through the thin veil, Xie Zhiwei's appearance is looming, and it is not difficult to see that his eyebrows are picturesque and his bearing is extraordinary.

"Big cousin can remember things at the age of three? From ancient times to the present, the world knows that people start to remember things at the age of six. Big cousin thinks it's a mistake?" Xue Wanqing couldn't help but speak.

Everyone understood it, and sure enough, the one who spoke was undoubtedly Duanxian Princess.

"That's right. The three-year-old memorandum of this princess is known to everyone in Cui Xie's family. It takes three or two times to memorize an article in the world. For this princess, it only takes one time to memorize it backwards. What's the difference?" Can't?"

Hiss!

There was a gasping sound in the lobby, and some people couldn't help discussing, "Well, it's a good thing that Princess Duanxian doesn't need to take the scientific examination, otherwise, I don't have to think about the head armor."

"Hehe, Princess Duanxian is being modest. I heard that Cui Xie and his family basically have a photographic memory. They are really more popular than others!"

"It seems that it is true to say that the seeds of the world's reading are in Cui Xie's family."

...

Xie Zhiwei didn't care about the whispers below, but said to Yang Jingchuan, "Just now I heard Mr. Yang say that the king of Chenjun shouldn't shoot and kill the prisoners of Xiliang. , can it work?"

Yang Jingchuan naturally didn't want to be defeated by a woman, and at this moment, he felt two sharp gazes, like lights on his back.

He took a deep breath, and after he regained his strength, he snorted coldly, "From ancient times to the present, no one agrees with Bai Qi's practice of killing gods. Since the princess is also well-read poetry and books, I wonder if he can remember how "Historical Records" Evaluating this move in vain?"

"It was a fraud to kill him" is a record in "Historical Records". A "fraud" can fully explain Sima Qian's evaluation of Bai Qi's move.

Xie Zhiwei smiled, "Young Master Yang, I don't know how to explain 'Learning without thinking is perilous'? The reason why I asked Young Master Yang to recite the words that Bai Qi said is because those words were spoken by Bai Qi, while "" The evaluation of Bai Qi's actions in "Historical Records" is the opinion of a family, how can it be compared?"

"Scholars talk about soldiers, what is the difference between Zhao Kuo and Zhao Kuo? In the battle of Changping, if the leader of the army was not Zhao Kuo, Zhao Guo would not have been defeated so badly! Since ancient times, civil servants and generals have performed their duties. Today, Young Master Yang still Not considered a civil servant, the carp has not jumped into the dragon gate, and is not yet a disciple of the emperor, so he criticizes the current affairs and calls the venerable by his name. It is really a pity to break the festival for five buckets of rice!"

All eyes were on Yang Jingchuan, and those with sharp eyes could see that his clothes were expensive, so they laughed, "Mr. Yang, you are made of Kesi and white ermine. Where do you get rich, and how many brothers will you support?"

The third update!

## Chapter 546 Si Chen

Xiao Changxuan's complexion changed immediately, this Yang Jingchuan is really in vain, Qing'er is already helping him, even Xie Zhiwei can't beat a woman, what's the use of coming?

Xie Zhiwei Bingxue is smart and has the ability to know how to see. He glanced at Xiao Changxuan and knew from his expression that Yang Jingchuan and Xiao Changxuan were inseparable. , she also has reason to suspect that behind Yang Jingchuan is Xiao Changxuan.

What does he want to do? What benefit can Xiao Changxuan get from ruining Ah Xun's reputation?

"Your Highness, the Fourth Prince, since you are interested in coming to listen, you must have your own opinions on whether the King of Chen County killed or not killed the captives. I wonder if His Highness the Fourth Prince thinks the King of Chen's move is appropriate or not?"

Xiao Changxuan didn't expect that Xie Zhiwei would dare to name him. It's really unreasonable. Xie Zhiwei, a domineering woman, dared to provoke him despite Qing'er who had bullied him many times?

"Princess Duanxian, I don't know if you have heard of the allusion of 'Menji Sichen'? Scholars comment on current affairs and criticize current malpractices, which is beneficial for the court to correct deviations in time. Courtiers help the government. Even the emperor always said that every student is a The future minister of pillars, Princess Duanxian here accuses Sang and scolds Huai, oppressing the people because of his own self-interest, it is really insulting to the style of the famous family!"

Everyone in the lobby held their breath, not even daring to breathe out, for fear that the gods would fight and harm them little ghosts.

Xie Zhi smiled slightly, and the atmosphere in the lobby became even more strange. She stood up and walked to the thin curtain. Dou Xiuniang helped her lift the curtain, and she stood in front of the world, with a beautiful face, elegant demeanor , it is not blasphemy.

"Your Highness, the fourth prince, the person next to you is a hen? You brought a generous gift to Xie's house today, but you borrowed the convenience of this hen and Xie's family? His natal family is in Yin County, so it is no wonder that His Highness the Fourth Prince wants to speak up to defend it. It is no problem, Duan Xian already knows the attitude of His Highness the Fourth Prince, and it seems that he thinks that what the Prince of Chen has done is inappropriate."

For Xie Zhiwei, it doesn't matter whether Xiao Changxuan answers positively or not, she naturally has a way to recognize Xiao Changxuan by pressing his head.

"Princess Duanxian, when did this palace say that it was wrong for the king of Chen County? Is it possible for you to speculate on what this palace means?" Xiao Changxuan has always known that Xie Zhiwei is a domineering woman. Unexpectedly, she It's so domineering!

"Duan Xian, on behalf of Prince Chen, thanked His Highness the Fourth Prince for his support!"

"You..." Xiao Changxuan raised his finger and pointed at Xie Zhiwei, "I said it, don't speculate on what I mean."

Xie Zhiwei glanced at him lightly, only felt that Xiao Changxuan's panic-stricken look was really off-putting, she had achieved her goal, and she didn't bother to care what Xiao Changxuan thought.

She raised her voice and said, "Everyone, this place is thousands of miles away from the western border. The ancients said, 'It's better to see it with your ears than to see it with your eyes; it's better to practice it with your eyes'. What you are talking about today is not what you have heard with your own ears. Listen, it's not that seeing is believing, but hearing and imposing opinions for others. Reading is for understanding, for self-cultivation, for governing the country, for the heart of the world, for the life of the people, for the succession of the sages, and for the eternal peace. If you lend your identity as a scholar to others, you will be willing to be humble and ruin your future."

"If you can listen to Duan Xian's words, go back and study well. In the next spring, you will write a good article and present a policy for the court. If you don't listen to it, you might as well use your tongue here, and you will be in trouble. bear!"

Seeing people leaving one after another, Xiao Changxuan's expression was very bad, Yang Jingchuan was sweating all over, and the students who were at the same table with him covered their faces and left, obviously regretting being at the same table with him, so they simply smashed the jar, "Princess Duanxian Are you threatening me to wait?"

Before he finished speaking, two groups of Dongchang Fanzi had already entered. Outside, Jin Yiwei surrounded the entire teahouse, and those who walked slowly were locked up and sent to the Yamen of Shuntian Prefecture for interrogation.

"What's the matter?" Xiao Changxuan had to stand up, Qu Chengyu glanced at Xiao Changxuan, and said calmly, "I have seen His Royal Highness the Fourth Prince, and I will be ordered by the emperor to arrest those who wantonly lie about the court!"

Xue Wanqing was furious when she saw it, and was about to speak when Xiao Changxuan grabbed her, and the two had to move aside.

Qu Chengyu went upstairs with a thud, and a few Dongchang fans were about to come, but he was chased away with a gesture. After meeting with Yuan Jia and others, he came to Xie Zhiwei, clasped his hands, and said, "Excuse me, Princess!" After drinking tea, the next official will leave after finishing his work, please wait patiently, the Princess."

"Qu Baihu, it's important for you, please do it!" Xie Zhiwei raised his hand, and Qu Chengyu just left in peace.

Yuan Jia and others saw it, and couldn't help laughing, "Sister Wei, Qu Baihu doesn't even pay attention to us princesses, so I respect you a lot."

Xie Zhiwei was a little embarrassed, she actually didn't know why Qu Baihu did this, she smiled, "Sister Yuanjia, you don't know, I have dealt with Qu Baihu several times, and he dared to come and talk to him because of some friendship. I'm talking, otherwise, wouldn't it be embarrassing if you ignored him when he came over to talk to Sister Yuan Jia?"

"That's the reason!" Yuan Jia also knew that there were some things that he couldn't care about.

In an instant, the teahouse became much quieter. After Qu Chengyu took the people away, Xie Zhiwei and the others sat down for a while. No one dared to talk anymore downstairs, and they left just now.

The news that Xie Zhiwei spoke for Xiao Xun in the teahouse quickly spread throughout the city. Xiao Changxuan's words "the rooster is in the morning" were not remembered. People greatly appreciate it.

In the East Nuan Pavilion of Linde Hall, Xie Tiao and others knelt on the ground, King Xiang sat on the side, and Lu Yan stood on the side. The levels were orderly. The emperor said angrily, "Who is fanning the flames? Leading these remarks?"

King Xiang was not afraid of the height of the stage when watching a play, and the courtiers didn't speak, but he said flatly, "Brother Huang, before, the ministers didn't know who was leading the speech, but today they know, it should be the fourth child."

The fourth child is Xiao Changxuan.

King Xiang said, "Brother Huang, listen to what the fourth child is saying? Fortunately, my brother's daughter-in-law is thick-skinned, and she is not ashamed to death by his scolding. If it is another girl, is she going to scold her to death?" "

The emperor was annoyed, and said to himself, what is a good quality to have a thick skin? King Xiang is actually complacent, besides, what kind of girl is Princess Duanxian? A girl from an ordinary family, who would talk to students in public?

"Brother Huang, other students, since they are being used by others, I will let them off for the time being. However, their names will be included in next year's spring ranking list. This Yang Jingchuan, Brother Huang, will be handed over to my younger brother." Come on, my brother wants to see who dares to instruct him to do this!"

Today's update!

Dear friends, thank you for your votes!

## Chapter 547 Random Fist

Ten years of cold windows, springs every three years, King Xiang said lightly, the future of these students was ruined like this.

In the spring of next year, no matter how beautiful their articles are, it is impossible for them to be on the list.

And three years later, how many people can stick to it again? The one who perseveres depends on whether King Xiang will remember this old account again, and even the examiner is afraid that King Xiang will think of retaliation one day, so he dare not hire him, so he crosses out his name.

Impulsive, leaving eternal hatred!

In Dongnuange, no one thought of this incident. People like Xie Tiao and Lu Qiling have been warned since they were children that "disaster comes from their mouths", and they will not easily criticize current affairs, and there is no need to do some grandstanding in the public, planted the root of the disaster, and naturally would not sympathize with these scholars.

The emperor was so angry when he heard that King Xiang accused his son, but he never dared to say what happened to King Xiang's son, even if Xiao Xun was responsible for the current situation.

He was angry, and Lu Yan said from the side, "Your Majesty, the student named Yang Jingchuan, why don't you leave it to the minister to deal with it!"

This was meant to make the pair of emperor brothers take a step back, but the emperor thought that Lu Yan was his man anyway, not that he gave in to King Xiang, and his face was better. At the moment, he said categorically, "Ah Yan, it's just right for you to handle it!"

Unable to understand what King Xiang said, King Xiang opened his mouth, but finally decided to shut up, and the emperor was satisfied.

However, the headaches for him were yet to come. The emperor resisted the urge to kick King Chaoxiang, and said to his courtiers angrily, "Now let's talk about Beiqi, Xiliang and Uighur together. There are already more than a million Chen soldiers at the border, and they are still deploying troops continuously, this is to swallow Dayong, what should we do?"

Han Jinyi and Han Zhen looked at each other, and they both saw a trace of joy in each other's eyes. Xiao Xun, a thief, is finally trapped in his own cocoon and committing crimes on his own. It doesn't cost them any effort!

"Your Majesty, I am willing to lead the army to fight Beiqi to the death!"

"Your Majesty, I am willing to lead the army to fight Xiliang to the death!"

This is all farting, but it's not enough if you don't let it go. If you don't make a statement, the two are worried that the emperor will doubt their loyalty.

Especially Han Zhen, who used to have a very close relationship with Yiwuhou. That idiot Hong Jizhong actually confessed to the emperor in order to protect himself.

Nowadays, it is ambiguous whether to be alive or not.

The emperor couldn't come up with a good solution when he asked, and he was exhausted himself, so he waved his hand and drove everyone away, "You go back and think about it, the meeting will be discussed tomorrow!"

After everyone left, the East Nuan Pavilion suddenly became quiet, and the emperor felt better. Since he fell ill last time, he was extremely fatigued and his mood fluctuated greatly.

Lu Yan handed a cup of herbal tea into the emperor's hand, and the emperor drank it in one gulp, only to feel a little clearer. He leaned on the pillow and asked, "Ah Yan, what do you think we should do now?"

Lu Yan knew that what the emperor was asking about was Xiao Xun's trouble with the three surrounding countries. Now, Xiliang, Beiqi and Uyghur are respectively at the border of Dayong, and they are calling for Dayong to hand over Xiao Xun. Come out, otherwise you will trample on it with iron hooves, and shoot swords and arrows at each other without mercy.

The emperor has been so worried that he can't sleep every day. The good news came yesterday. Xiao Xun broke another 100,000 troops in Xiliang, wiped out 50,000 enemies, and captured countless. He lost 8,000, which didn't make the emperor happy. Instead, he became more and more nervous.

For this reason, the empress dowager came back from Mount Wutai. Although she didn't say anything, it was obviously to put pressure on the emperor. If anyone really dared to hand over Xiao Xun, the empress dowager would definitely not obey.

Lu Yan thought for a while, and said, "The king of Chenjun is young and vigorous, just like a wild horse without a bridle, he kills the battlefield with his own will. The emperor is filial and considers brotherhood, and the king of Chenjun is now another. And after winning battles again and again, the emperor can only reward the king of Chenjun, but not punish him, and I think that after the new year, the king of Chenjun has passed the year of dancing spoons, and it is appropriate to get married."

When the emperor heard this, it was a really good idea. Put a bridle on Xiao Xun, a wild horse, and use someone to restrain him. Wouldn't everything be solved easily?

"Ah Yan, you are still thoughtful, just keep talking!"

Lu Yan put a piece of incense into the incense burner, pondered for a while, and said, "Your Majesty, I think that the Emperor can negotiate a condition with the King of Chenjun. If the King of Chenjun can capture a certain city, he can turn that piece of land into a piece of land. As the fiefdom of the king of Chenjun, ordering the king of Chenjun to be a vassal, and ordering the vassal to guard the gate of the country, the emperor will naturally be able to rest easy in the future."

The emperor's eyes lit up immediately, and he looked at Lu Yan with burning eyes, "Ah Yan, you mean the sixteen prefectures of Yanyun?"

Isn't this an empty glove white wolf?

Lu Yan frowned and thought for a while, then his eyes lit up, and a gleam of light flashed across the corners of his long and narrow eyes. He immediately cupped his hands and said, "Your Majesty is wise, this was originally the rule set by Emperor Taizu. King Xiang has always wanted to do something for Chen County." The king please make a prince, instead of allocating a vassal land in Dayong, it is better to make a fuss about the sixteen prefectures of Yanyun."

Kill two birds with one stone!

The emperor laughed loudly, pointing at Lu Yan, "You, you, Ah Yan, this matter, the law will not be passed on to the six ears, you must not let my good brother know, otherwise, even I will not be able to protect you!"

This is obviously plotting against Xiao Xun. If King Xiang knows it, he is afraid that it will kill Lu Yan.

Lu Yan blushed, "Your Majesty, I will never go to the King Xiang to displease you. I also ask the Emperor to save my life so that I can serve the Emperor!"

When the emperor was in a good mood, he got up and said, "Ah Yan, you can walk with me. But, if I order Ah Xun to only take down the sixteen prefectures of Yanyun, but you see, he has been using a hammer here today and hacking that one tomorrow." One axe, I really can't do anything with this nephew!"

"Your Majesty, I think you need to plan it slowly. Your Majesty might as well first turn Zhending Mansion into the fiefdom of the King of Chenjun, and allow the sixteen prefectures of Yanyun. In this way, since the Emperor gave the King of Chenjun a fief, he ordered the King of Chenjun to Fan, the princess of Chenjun naturally had to follow, with the princess of Chenjun here, the king of Chenjun must think twice before doing anything."

He paused, and said, "If this is the case, the king of Chenjun can't be restrained. The emperor might as well order the king of Chenjun to take care of his side concubine."

This is really wonderful, put the two shields in Zhending Mansion, let's see if Xiao Xun dares to punch like this.

The more the emperor listened, the more wonderful it became, "Ah Yan, hurry up and ask Qin Tianjian to see an auspicious day for Prince Chen, so that King Chen and Princess Duanxian can get married as soon as possible."

Xiao Xun brought his family to the feudal domain early, and he could also take the opportunity to release his military power, so as to avoid troubles all day long. He is also a fierce general, so he can be placed in the northwest and used at any time, which can also deter Xiliang and Beiqi.

"The minister leads the decree!" Lu Yan hesitated to speak, but the emperor waved his hand, "Ah Yan, if you have anything to say, you might as well speak it out!"

The first update!

## Chapter 548 Ming Jun

Lu Yan hurriedly said, "Your Majesty, I think that Lou's envoys must be dispatched as soon as possible. If Lou fights with Beiqi, the pressure on Dayong's border will be relieved a lot."

"Besides, in the peace treaty between Lou State and Dayong, Dayong and Lou State attacked Beiqi together. Now, Dayong has restrained one-third of Beiqi's troops. Even if Lou State attacks Beiqi, Beiqi will only send another third of the troops. Dayong has fulfilled the contract, and it is time for Lou to fulfill his promise."

The emperor was very troubled. It wasn't that he didn't want to form an alliance with Lou State, but Lou State insisted that Dayong marry a princess from Lou State, and Lou State also wanted to marry Dayong's princess. Even for this matter, Lou State had already sent a princess here .

Who will marry the princess of Lou State is a troublesome matter, and up to now, Chang Shou has firmly refused to allow Huihe to get married, and has entered the palace to quarrel with him more than once. "

When Lu Yan saw the emperor's face, he knew what he was thinking. A trace of contempt flashed in the enchanting eyes, but it disappeared soon. He bowed and begged for his life, "Your Majesty, the eldest princess is the first princess. Since ancient times, it has been rare for the first princess to condescend and marry her. I am afraid that the Marquis of Wu'an will not agree, and the third princess is the daughter of Concubine Yun. I think it is not suitable; The head of Huihe County is a princess, and she is related to Lou Guo, and when she gets married in the future, she will dowry as a princess, this is the honor of Dongping Bofu."

When the emperor heard it, yes, although Huihe is the daughter of Changshou, she is also the daughter of Dongping Bofu, not the daughter of the Xiao family.

The emperor made a decisive decision, "I can't blame you for this, Chang Shou is reluctant to part with this daughter, but since Huihe has achieved good things with the fourth prince of Lou Kingdom, even if my uncle keeps her, what else can she have in Dayong in the future?" Good future?"

"The emperor's words are justified. Dayong has a wise emperor like the emperor. It is really a blessing for the people and a blessing for the community!"

The emperor smiled heartily, "Ah Yan, you are flattering me again. Alright, then you can make an order. Feng Hui and the county head will be the first-rank princesses and enjoy the county king's salary."

In Princess Changshou's mansion, Father Tangyuan came to announce the decree. Huihe was shocked when he heard the decree, and refused to accept the decree. She turned her head and looked at Changshou viciously, and said angrily, "Mother, this is what you said Yes, the emperor's uncle won't let me marry? Mother, are you the emperor's uncle's biological sister, or the daughter of the emperor's grandmother? Pity me, a princess who is going to marry, my rank is not as good as that \*\*\*\* Duan Xian, She is still the first grade, I am just a first grade, what is this?"

Chang Shou was so frightened that her face turned pale. When she looked up and saw Tangyuan smiling at Huihe, she knew that the \*\*\*\* had listened to these words, and she was not sure what to say in front of the emperor!

Chang Shou had no choice but to raise his hand, slapped Huihe on the face, and said angrily, "If you don't accept the order, do you want to resist it?"

Huihe laughed and said, "Kangzhi, I can't even survive, why didn't I dare? If you want me to make a kiss, that's fine, unless you carry my dead body!"

Tangyuan laughed, "Princess Huihe, we advise you to accept the order. Since ancient times, I have never seen anyone who dares to resist the order. Sometimes death is not difficult, but the difficult thing is that life is worse than death!"

"Presumptuous! Are you threatening me?" Hui He stood up abruptly, and she took a step closer to Tangyuan, "How dare you threaten me with an \*\*\*\* like you?"

Tangyuan blinked her eyes, "Our family dare not, the princess is the princess who was conferred by the emperor himself, even if we give our family 10,000 courage, our family will not dare, our family is for the sake of Princess Changshou. Where is the princess!"

As soon as he finished speaking, a porter ran over, "His Royal Highness, Your Royal Highness, the person in front of the old lady at the uncle's mansion came, and said that the princess was awarded the title, which is a great event, and they want to take the princess back to the uncle." Let's go to the mansion, let's have a good celebration!"

Princess Changshouchang felt hostility in her chest, and she had nowhere to vent it at this moment. Seeing that her daughter was so angry that she was about to lose her mind, she quickly winked at the woman next to her, who skillfully stuffed a purse into Eunuch Mi Tuan, "Eunuch, our princess will not dare to resist the order no matter what. The princess is young, please take care of me!"

Eunuch Mi Tuan smiled. After Chang Shou accepted the imperial decree, he shook his sleeves and left.

Chang Shou sat down on the main seat, and it was the embarrassing woman in front of Mrs. Bo Tai who came here. She learned from Mrs. Tai not to take Chang Shou seriously. Now she came in. After saluting Chang Shou, she saw Chang Shou didn't get up to greet Mrs. Tai as usual, she couldn't help being very upset.

"Just say what you have to say!" Chang Shou took a sip from the teacup and said casually, "Take my daughter over? What are you going to do with it? Let uncle come over, I want to make peace with uncle."

The woman jumped up in shock, "His Royal Highness, what do you mean? How can there be any talk about He Li in the rich family?"

"There is no such thing in the rich and powerful family. I am not an ordinary rich and powerful. You are a servant, dare to jump in front of this palace. I think you are going to die. Come here and beat me to death!"

Even Huihe was stunned. As long as she can remember, her mother has been flattering the old lady and never dared to disobey the old lady. In order to please the old lady, she served the old lady herself every time she went to the uncle's mansion as the eldest princess. Have a meal and set rules in front of the old lady.

This old lady has the deepest understanding of Chang Shou's filial piety to the old lady. At this time, seeing Chang Shou's face turning, if she hadn't experienced it herself, she couldn't believe it. For sake, if the old slave has something..."

"Beat me to death, and then throw it to the uncle's house!"

If it wasn't for the old lady, that old godmother, why would she have lived so miserable for so many years?

If I hadn't been blind when I was young, was bewitched by Jiang Xian, insisted on marrying, and worked with others, how could I have disappointed my mother and become a joke all over the capital?

It seemed that only blood could wash away the humiliation left in her heart.

At the gate of Dongping Bo's Mansion, there was a black lacquered thin wooden coffin, and blood dripped from the cracks in the crude coffin. The threshold of the door tripped and fell to the ground.

"Uncle, someone died!"

A stone stirred up a thousand waves, and the whole Dongpingbo mansion was boiling. The old lady came to the door with a cane, supported by her daughters-in-law. The coffin lid had been opened, and she saw that she was accompanying her Nurse who was nearly fifty years old, the old lady closed her eyes and passed out.

"Mother!" Uncle Dong Ping let out a miserable scream, he hurried over to support the old lady, and shouted, "Please call for the imperial physician, please hurry up and call for the imperial physician!"

Seeing that the winter solstice is approaching, it will be sealed. At the next day's court meeting, the censors acted like crazy, impeaching the long-lived princess, disobeying filial piety, and killing the mother-in-law's close mother-in-law, it is simply tyrannical and immoral.

The second update!

## Chapter 549 Regret

The emperor was so angry that his face turned black. The key point is that in the entire court meeting, except for the censors who impeached Chang Shou one-sidedly, no one stood up to speak for Chang Shou, which made the emperor very embarrassed.

At the gate of Qingshou Palace, Chang Shou knelt in the snow, the cold air came in through the cracks in his bones, and he lost feeling in both knees.

She is a royal daughter, when did she suffer so much, and what made her very sad was that it was her biological mother who made her kneel on the ground like this.

The empress dowager was lying on the couch, listening to King Xiang talking about Xiao Xun's great achievements in the western borders, her face was full of smiles, and at the end, she sighed again, "It's the end of the year, why is he outside alone? What about Chinese New Year? Since the Three Kingdoms are afraid to move now, why didn't the emperor order him to come back?"

"How long has it been since I saw brother Xun, alas, how many days can I live? This is the fact that we see each other less often."

King Xiang rubbed his eyes, and moved closer to the Empress Dowager, his eyes were red, "Mother, you must live a few more years, son and ah-xun will depend on you, if you are gone, son and a-xun How can we live? Brother Huang will definitely not let us go."

The empress dowager was moved to tears by King Xiang's words. Just like when she was a child, the empress dowager lovingly touched the king's head, "Do you think I don't want to live a few more years? Don't worry, before I leave, I must take care of you and me." Ah Xun arranged it properly, so that no one will bully you."

It's just that she can sleep less and less at night. She once heard from the old people in the palace that if she can't fall asleep, it's time to sleep for a long time.

There was a deep sorrow between the mother and the child, and King Xiang shed a few tears, "Mother, Ah Xun's daughter-in-law has good medical skills, why should the mother ask Ah Xun's daughter-in-law to come in and feel the queen's pulse, she will definitely not be hurt. Empress Dowager, the prescriptions prescribed can be used boldly."

It seems that everyone in the imperial physician wants to kill the Queen Mother. The people in the Qingshou Palace are used to King Xiang's tune, and they don't think it's abnormal.

The empress dowager sighed. She raised two sons and a daughter. The three of them had three hearts, but the youngest son always regarded his daughter and the eldest son as thorns in his eyes.

After all, it was still for a woman.

Just as she was talking, Mammy tiptoed in and said in a low voice, "Empress Dowager, the Eldest Princess has gone to Linde Hall!"

"I went as soon as I went, didn't I just go to plot with the emperor?" King Xiang said impatiently, "Mother, Changshou must have discussed with the emperor how to plot against the son, mother, you must stand by the son's side."

The empress dowager was so sad that she shed tears, "You, for so many years, this has become your inner demon. If you want to blame, you can blame the empress mother. Why bother to think about what happened more than ten years ago?"

King Xiang smiled just like a child, "Mother, the son has long forgotten, but once bitten by a snake for ten years, he is afraid of well ropes. The son is also a human being. The son is not up to date and has no ambition, which makes the mother sad."

He lowered his head and buried his face in the arms of the empress dowager, but a coldness flashed in his eyes, and chills shot out.

In the Linde Hall, Chang Shou rushed into the Dongnuan Pavilion. The emperor was taking medicine. She stood on the edge of the collapse, condescending, "Brother Emperor, are you really going to send Huihe to marry?"

The emperor drank the medicine slowly, raised his head, "Chang Shou, is this your rule for me?"

Chang Shou cried, "Brother Huang, how did you promise me back then? You said, as long as I help you, you will definitely treat me well in the future. After all these years, how did you treat me well?"

"Chang Shou, when you insisted on marrying Jiang Xian back then, I did not hesitate to disobey my mother and give you a marriage. You also said back then that if I can help you achieve your wish, you will be satisfied. You are also a mother Yes, let me ask you, Huihe stays in Dayong, what kind of marriage do you plan to find for her? I am Huihe's uncle, and I am doing it for her own good!"

Chang Shou felt desperate for a while, her legs softened, she knelt down, and cried, "Brother Emperor, the queen mother doesn't want to talk to me anymore, don't you even care about my life, I only have this child Huihe, is it true that in the future, I don't even have someone to send me to the end?"

The emperor naturally didn't care about this, he was not moved at all, "Chang Shou, you still have a nephew, if you get old in the future, who would dare to disrespect your aunt, my children, the children of King Xiang? With such a thing, how do you ask Huihe to marry someone in Dayong? She is ignorant, and even you are ignorant?"

Chang Shou finally cried aloud, the emperor was bored for a while, he waved his hand, and Lu Yan walked over, "Princess, it's time for the emperor to rest in the morning, I send the princess out!"

Chang Shou didn't dare to disobey, so she had to get up, she walked to the eaves in front of Linde Hall, stood on the high steps, she said to Lu Yan, "Ah Yan, tell me, when the elder brother stood here, What did you think when you took the sword to kill yourself?"

A taunt flashed across Lu Yan's bewitching eyes, and he whispered respectfully, "Princess, I don't know about that!"

As he spoke, he turned around and drifted away. The bright red embroidered robe fluttered among the pillars of the porch. The beautiful young man was unparalleled, and one person became a wonderful scene in the world.

Chang Shou followed his gaze, feeling deep sadness in her heart. If she could do it again in her life, she would definitely listen to the elder brother. Back then, the elder brother said, "Chang Shou, you are still young, how many times have you met?" Man? In another three years, if you still want to marry Uncle Dongping, I will definitely make your wish come true, how about it?"

At that time, did she already know vaguely in her heart that in another three years, Uncle Dongping, whom she was thinking of at that time, would definitely be forgotten by her. Is it because of this, that she was afraid, so she couldn't wait to agree to the fourth brother and help him? He planned Yun Ni?

What was she doing at the moment when the elder brother committed suicide in front of the palace gate?

She hid alone in the corner of the bedroom, listening to the sound of fighting outside, the emperor's wife was roaring in the fire, and she was trembling with fright.

When she came out of the pavilion, she was dressed in red makeup, but the queen mother didn't even take a picture of her face. She went to the Qingshou Palace to say goodbye, and the queen mother only let the nanny come out, and said, "You don't regret it in your life!"

When Chang Shou went out of the palace, he met Princess Dagon. Seeing the flamboyant red Dagon, Chang Shou sneered, "I don't know, I thought the princess was getting married today!"

Princess Dagon is a widow. In the past, she married Marquis Changyang. During the palace coup fifteen years ago, Marquis Changyang died as a false emperor.

Zheng Nanyi, the Marquis of Changyang, and Princess Dagon had a son and a daughter. Zheng Jingyan, the son Zheng Jingyan, was conferred the title of Marquis of Changyang at birth, but Zheng Nanyi had been dead for so many years. It's like forgetting.

Zheng Jingyan is still an eldest son, and his daughter Zheng Jingshuang, the princess of Liyang, was conferred by imperial edict when the puppet emperor was in power. Although she still holds the title, she has never received a salary.

The third update!

## Chapter 550 The Truth

Princess Dagon took a deep look at Chang Shou, she took two steps closer, stared into Chang Shou's eyes, "Chang Shou, after so many years, you are still so stupid!"

Chang Shou suddenly became angry, "Miss Huang, please speak respectfully, your father is no longer here, so what if you are a princess of the super-grade country who enjoys the prince's salary?"

"Hahaha!" Princess Dagon laughed. After laughing, she shook her head at Changshou, "Stupid. To this day, I'm still haggling about the title of the princess. Some things are brought out of the mother's womb, such as the brain. Look at it. Come on, you didn't have a brain when you were reincarnated."

"I heard that Huihe has been proclaimed a princess, and will be the fourth concubine of Lou Kingdom in the future. Congratulations! When will you get married? Don't forget to notify Ben Gong to add makeup!"

Princess Dagon smiled brightly, she passed by Chang Shou, and the flying skirt slapped on the back of Chang Shou's hand. Chang Shou couldn't help but grabbed her. The eyes are the same after closing, step aside and avoid it.

At the entrance of the Qingshou Palace, King Xiang just came out. When he saw Princess Dagon coming, he hurriedly followed behind and entered the Qingshou Palace.

When the Empress Dowager saw Princess Dagon, her eyes lit up and she hurriedly waved, "Why did you enter the palace?"

"I heard that the empress dowager is back. I'll come to the palace to have a look. Are you in good health? How are you sleeping at night? The day before yesterday, someone recommended me a master who practiced inner qi with good massage techniques. I tried it." , Sleeping at night is indeed better than usual, or, the empress dowager announced her into the palace to try?"

The empress dowager waved her hand, "You think it's good, you can keep it. I don't want to try it anymore. If I can't sleep, I can't sleep. I'm used to it these years. Why didn't Shuang'er enter the palace with you?"

"She is coming, the winter solstice is coming soon, anyway, she is going to come to the palace to have a New Year's Eve dinner."

"Where's Yan'er? He's not young anymore, you still plan to marry him?"

"If you can't be high, you can't be low, let's see!" Princess Dagon said, "Empress Dowager, I came to the palace to ask for a favor so that Ayan can go to Xijiang."

The empress dowager was taken aback. Before she could speak, Princess Dagon said, "Ayan is not young, and he should do something. What can he do in the capital? Go to the army and experience it. If you can use it, use it, if you can't use it, don't use it, I'm not asking for anything, but I'm begging him to be a man, to have a chance."

The empress dowager nodded, "Don't worry, I will mention this matter to the emperor."

King Xiang said on the sidelines, "Sister Huang, why don't you go talk to Brother Huang yourself?"

Princess Dagon glanced at him, but said goodbye to the Empress Dowager before turning around and leaving the palace without saying a word.

King Xiang followed behind Princess Dagon again, and when he arrived at the gate of the palace, King Xiang offered to send her back to the mansion again, regardless of whether Dagon agreed or not, he followed her car on horseback.

When he arrived at the door of the eldest princess, Dagon got out of the car and couldn't help asking, "Can't you get rid of the poison in your body? I heard that Princess Duanxian has extraordinary medical skills. Why don't you let her show you?"

King Xiang smiled, with a hint of insidiousness flashing in his eyes, he said, "Sister Huang, why don't I get rid of this poison? Others don't know, and you don't know either?"

His poisonous body was caused by the emperor's desire to make him give up on Concubine Yun Gui. The Prince Xiang, who was once a jade tree facing the wind, had the title of Jade Face King, but now he has become a round and obscene man, and his two legs can no longer bear his obesity. His body and internal organs are being corroded by toxins every day.

It was because of his poisonous body that the emperor let him live under his nose and relaxed his vigilance against him. Among the many brothers, he was the only one who survived.

In the blink of an eye, it was the winter solstice, the imperial court sealed it, and the seal was opened on the seventh day of the lunar month.

There is a big banquet in the palace, and all civil and military officials above the third rank enter the palace for the banquet.

Early in the morning, Xie Zhiwei got up and put on a lot of makeup. On Yuan's side, she put on Mrs. Guo's court dress, and waited in Fuyun Courtyard. After Xie Zhiwei came, the mother and daughter got into the carriage together.

The banquet was held in Jiying Hall, when the carriage was in the west corner building, it started to walk very slowly, the carriage moved forward slowly for a while, just when Xie Zhiwei thought it would take at least an hour, a \*\*\*\* came over, He led Xie Zhiwei's carriage to the front, and politely asked Xie Zhiwei's mother and daughter to get off the carriage.

"This is really... County Princess Duanxian still has such a big face, and they are all lined up like this, but Princess Duanxian has a big face and can suddenly go to the front."

Xie Zhiwei raised his eyes and glanced at the person who was speaking. A Cuiwei Zhulun car showed a face. Xie Zhiwei recognized Huihe, and she smiled, "Princess Huihe, please go ahead!"

She said, stretched out her hand towards Huihe, and looked at Huihe with a smile, "No matter how big anyone's face here is, it can't be bigger than Princess Huihe, you guest!"

That day, when I was in Yushou Mountain, Xie Zhiwei soon found out who had spread the fake news, and she also knew who was plotting against Huihe.

When Huihe heard the word "guest", he was stunned for a moment, but when he thought of getting married and following her husband, she would go to Lou country to get married in the future, her face turned blue, and she rushed down from the carriage with a whip in her hand, is about to draw towards Xie Zhiwei.

Du Yuan took a step forward and stopped Xie Zhiwei. She grabbed Hui He's wrist, and Hui He's arm went numb, and he involuntarily let go of the whip.

Xie Zhiwei took a step forward and said in a low voice, "Princess, 150,000 taels of silver is a bit expensive for your face, but it will come back when it goes away. You owe me, I haven't settled with you yet, I don't know if you will pay it back in the future." Is there a chance? If the princess goes to the Lou Kingdom in the future, she might not have a chance."

Huihe took a deep breath, "Do you know who hurt me?"

"I don't know, at least not me, because no matter what, it's impossible for me to make a kiss, isn't it?"

"It can't be my turn", Huihe seemed to be stupid, there seemed to be countless voices shouting in her mind, who should it be?

It's Shu Ning, it's her, it should be her!

Who helped her?

Huihe thought that Shu Ning had approached Xue Wanqing when they were in Yushou Mountain. She didn't know what they talked about together, but Xue Wanqing was always resourceful, and Xue Wanqing married the fourth prince and became Shu Ning's concubine. Isn't it natural to help Shuning?

Huihe only felt that the five thunderbolts were on top of her head, how much she admired Xue Wanqing once, and she felt how ridiculous she was once!

Seeing Huihe's appearance, Xie Zhiwei knew that Huihe probably thought of Xue Wanqing, she smiled slightly, and took Yuan Shi's arm, "Mother, let's go!"

Behind, there are countless pairs of eyes full of envy looking at Yuan Shi. There are only a handful of first-class wives in Dayong, who are not old and frail, and Yuan Shi is the only one who is so young.
