

## The Power 551

### Chapter 551 Prince

At today's banquet, Xiao Changxuan only brought Xue Wanqing. In his words, the concubine Haishi was ill.

The queen wished that the backyard of the concubines would be at odds, and that the family would be harmonious and everything would be prosperous.

Discord is a good thing for her. She really doesn't care whether Hai's disease is real or fake. She only greets her symbolically and then throws it aside.

The imperial concubine sat on one side, tilted her body, drinking tea by herself.

At the beginning, the Jiang family planned to marry a girl from a concubine to be a concubine, but she was rejected by Concubine Yun. Now her son has only one concubine and two concubines in his backyard. Jiang Yijun is her favorite daughter-in-law. Desire, but also newlyweds, respect each other as guests.

As soon as Hui and the county master came in, they looked towards the fourth prince, and saw that only Xue Wanqing was talking and laughing with Shu Ning who was closer to her, so she became very angry.

When she was sitting in her seat, she was holding a wine glass in her hand. At first she had a special liking for Xiao Xun. It was Xue Wanqing who persuaded her that instead of marrying someone she loved, it was better to marry someone who loved herself. Tossed aside.

Hehe, why didn't she persuade herself to pursue happiness bravely? Isn't that what she should have said?

Huihe thought that before Xue Wanqing always inquired about Xiao Xun's whereabouts, and rushed to Xiao Xun many times to show his presence, she understood what Xue Wanqing was up to.

Huihe was so angry that tears came out. She saw Xie Zhiwei finished talking with the queen and came to the seat, which happened to be her seat next to Xie Zhiwei, so she asked, "Princess Duanxian, do you know that His Royal Highness the Fourth Prince The concubine of the concubine, has a heart for the king of Chenjun?"

Xie Zhiwei was stunned for a moment, and it took him a long time to figure out who the "Concubine of His Highness the Fourth Prince" was. She took a sip of the tea cup and said with a smile, "So what?"

Huihe was like hitting the cotton with a fist, she endured it, "Can you help me? If you help me, I can help you deal with her in the future!"

She must tear Xue Wanqing into pieces!

Xie Zhi smiled lightly, "Princess Huihe, what made you have such an illusion that I should personally end up fighting with you? Why should I help you? What do you think Xue Wanqing deserves for me to deal with her?"

"I know you almost had an accident when you were in Yushou Mountain. Don't you suspect that it's Xue Wanqing? She's jealous of you!"

Xie Zhiwei looked at Huihe with eyes like looking at a fool. After a long time, she nodded, "Princess Huihe, I heard that Princess Changshouchang has a good relationship with Marshal Lou Guo. It is better to ask for others than to ask for yourself. Instead of negotiating terms with me, why don't you ask the eldest princess?"

Hui He's face turned red, but I have to say, Xie Zhiwei pointed out a bright way for her.

King Xiang came in with a fat body twisted. Concubine Yun raised her eyelids, glanced at him, and quickly lowered her eyelids to cover the flashing pain and tumbling hatred in her eyes.

King Xiang was also very surprised to see Concubine Yun Gui. She hadn't participated in this kind of banquet for many years. It seemed that she had changed since the trip to Yushou Mountain.

This is great!

He is already like this, I just hope that she can live happily, her children are all grown up, in the future when the eldest prince is crowned king, if she works harder, she will be able to leave the palace and live with her son.

"Brother Huang, Ah Xun has made great contributions and should be rewarded according to the rules. Brother Huang, don't be stingy, you should be awarded the title of Ah Xun, and you should still be rewarded!" King Xiang yelled as soon as he came in.

The emperor couldn't help looking at Lu Yan. Fortunately, A Yan helped him think of a good way, otherwise, today, in front of so many people, he would be strangled by his good brother again.

If he was not afraid that future generations would record him as "unfilial" and "mean and ungrateful" in the history books, he would not have kept this good brother.

"Ah Xun has established a great achievement!" The emperor said happily, "I will also take this opportunity today to let my ministers and ministers share the joy with me, Ah Yan, remember to issue a clear decree to bestow upon the Prince of Chen County the title of prince. The salary of the two princes was given to Zhending Mansion as their fiefdom, and they became feudal lords after they got married."

"Zhending Mansion?" King Xiang couldn't remember where Zhending Mansion was for a moment, but seeing the constipated look on the faces of Beiqi envoys, he knew that it must be very close to Beiqi, so he couldn't help being angry, "Brother, Zhending Where is the mansion? You don't want to use Ah Xun as a line of defense, do you?"

King Xiang said, with tears in his eyes, just looking at the emperor eagerly, making the emperor's face hot, he coughed, and was about to speak, when Lu Yan said beside him, "Your Majesty, my princess!"

The emperor's eyes lit up, and he looked at Xie Zhiwei, "Since I have made you the king of Chen, girl Wei, I still have to make you my concubine, concubine Chen, husband and wife, what do you think?"

Xie Zhiwei hurriedly got up, walked to King Xiang, and looked at King Xiang, he lowered his head, looked at Xie Zhiwei out of the corner of his eye, blinked, Xie Zhiwei had an idea in his mind, and after saluting

at a distance of three steps away , Said, "Your Majesty, the husband sings and the wife follows, and the concubine takes the order on behalf of the prince to thank you!"

That's it!

The emperor was generally very satisfied with Xie Zhiwei's knowledge. If Xie Zhiwei could always think of the emperor's favor and bestow Xiao Xun as the princess, it would be the best arrangement.

The emperor said to King Xiang, "My brother, the children are grown up, and everything should be decided by them. I see that Princess Chen has always had a heart-to-heart relationship with King Chen. She must be very satisfied with the fief I gave him."

King Xiang turned his head and said to Xie Zhiwei, "Son, do you know where the Zhending Mansion is? You and Ah Xun went there, do you know what it means?"

King Xiang looked very sad, as if he was also very disappointed in Xie Zhiwei, Xie Zhiwei's eyes flashed a trace of sadness, she closed her eyes, resisting the urge to shed tears, "My lord, thunder, rain and dew are all due to your favor, Duan Xian and Chen Wang Your Highness is deeply favored by the emperor, no matter what the emperor wants us to do, we will go through fire and water without hesitation!"

"Whoo  
oo...but this king is only a son!" king  
xiang wiped his tears in front of everyone.

Princess Xiang was furious when she heard this. Could it be that her Ke'er is not the seed of King Xiang? Xiao Xun is just a concubine, and when he came to the prince, he became the prince's only child. Where does this leave them?

"Nonsense! Isn't Xiao Ke your son?" The emperor glanced at Princess Xiang meaningfully, "If you say this, your son has other sons, what do you think?"

Xiang Wang said, "I don't care, my brother, the Zhending mansion is not good, brother, you can change the place."

The emperor smiled and said, "Do you still remember the last words of Emperor Taizu? If Ah Xun can conquer the sixteen prefectures of Yanyun in the future, I will follow the ancestor's instruction and give the sixteen prefectures of Yanyun to Ah Xun as a fief, which will be guarded from generation to generation and hereditary. ,how?"

This is because he gave face to King Xiang's younger brother. Fortunately, he didn't state all the conditions in one breath before, otherwise, if his good brother cried, he would really not end well.

"Duanxian, thank you Lord Long En!" Without waiting for the emperor to speak, Xie Zhiwei bowed down.

The emperor was puzzled for a moment, and suddenly laughed in satisfaction, and said to King Xiang, "Okay, you go down, this matter is settled."

The civil and military ministers on the left and right were all dreaming. Xie Tiao looked at his granddaughter and saw her calm in the face of such a major change, feeling both proud and sad.

Xie Zhiwei returned to her seat, Huihe looked at her gloatingly, and said, "Congratulations to Princess Chen!"

"Thank you, Tongxi!" Xie Zhiwei glanced at her meaningfully, and then glanced past Xue Wanqing, seeing that her eyes were full of sympathy and compassion, which made her very disgusted, and she didn't bother to respond, and met Yuan Jia's eyes full of concern. Then she nodded and smiled.

The first update!

## Chapter 552 Price

"Ah Yan, tell Qin Tianjian to choose an auspicious day for the wedding of King Chen!" said the emperor.

A companion is like a tiger!

All the ministers couldn't help but think in their minds, what a glorious thing it is for King Xiang to have one mansion, one family and two princes, but if the prince's fiefdom is in Zhending Mansion, if he goes out to the Yanyun Sixteen Prefectures occupied by Beiqi, then it will be a success. made a joke.

After the banquet, when Yuan went out, her legs were trembling. Although she didn't know where the Zhending Mansion was, she was obedient and obedient. King Xiang had already objected so much. It is conceivable that the Zhending Mansion must be nothing Good place.

But the palace is not the place to talk.

When the carriage returned to Xie's house, Yuan Shi was about to drag Xie Zhiwei to talk, the old man called Xie Zhiwei to the study to talk.

The Xie Yuanbai brothers were also called over. Xie Zhiwei faced the elders and knew what they were going to say. She felt guilty and nervous. She held the teacup, and the heat passed through the cup to her hands. Only a little stable.

In this life, she must protect her family!

"Miss Wei, tell your grandfather that you are really willing to accompany Prince Chen to become a vassal in the future? Grandfather believes that you know where the Zhending Mansion is, and you are really willing to go?" Xie Tiao inevitably felt heartbroken, the eldest daughter of the Xie family. There is no need to sacrifice your life for the Xie family.

"Grandfather, right now is the best arrangement. The Zhending Mansion is the Datong Mansion ahead. In the future, if the prince can conquer Datong, or go a little further, the place under his control will be even bigger. According to the granddaughter, the prince's ambition is far away. Not here, since we will be husband and wife in the future, the granddaughter will naturally stand by the prince's side."

When Xie Zhiwei said this, she stood up, looked at Xie Tiao and Xie Yuanbai, and knelt down, "In this way, the granddaughter will not be able to accept her love, and it will be difficult to repay her family's favor!"

Xie Yuanbai stepped over and grabbed Xie Zhiwei, "Sit down, family, what are you talking about?"

Xie Yuanbai felt very sad. He had only just reunited with his daughter, and he was about to separate again. The chances of seeing each other in the future will be less and less.

The fate between the girl and her parents is just a few years old. If he had known that today would happen, Xie Yuanbai would definitely not go to the border. To him, nothing is more important than his daughter.

Xie Tiao understands, what must Xiao Xun and his granddaughter have said, this is not married yet, just a husband and wife to this step?

In an instant, Xie Tiao hated Xiao Xun very much.

"Miss Wei, do you need my family to do anything for you?" Xie Tiao regretted it. He knew that he would stop this marriage no matter what. Send the granddaughter to the fire pit.

"Grandfather, one is the income from the distillery, the other is to see if we can promote two-season rice in the south next year, and one-season Champa rice, and the third is to start the Shibo Division. With the help of my grandfather, the prince will have a lot of money in the front." Assure."

Xie Zhiwei thought for a while and said, "After the year, the elder brother will take the annual examination. The granddaughter's idea is that after the elder brother's annual examination, it is better to send her to the Cui family to study for a few years before studying. The Xie family no longer needs to be sixteen years old. In the next few years, granddaughter means, it is better to hide your strength and bide your time."

Xie Tiao's heart was unavoidably vigilant. If others said this, he might not take it seriously, but it was Xie Zhiwei who said it. In the past two years, his granddaughter's talent was second only to her extraordinary insight. Pay attention to.

"Grandfather knows. Grandfather has been under your care for the past two years, and his health is getting better. Your father and uncles still have a long way to go. There is no need for you to get up for the time being. After Brother Cheng's trial, send him away. It's good to go out and practice."

Xie Zhongbai hurriedly stood up, "Yes, father, my son will make arrangements!"

Xie Zhiwei saw that her grandfather didn't plan to ask any questions, and the elders still had something to discuss, so she got up and left.

As soon as she left, Xie Zhongbai asked curiously, "Father, is something going to happen?"

Xie Tiao already had a premonition that the seed he had planted would have broken out of the ground long ago, grown vigorously, and already possessed the ability to call the wind and rain. In the future, Dayong might not be peaceful.

But everything was just his premonition, Xie Tiao didn't want the atmosphere in the house to be abnormal, he waved his hand, "There is no need to panic when something happens, you are also in your thirties, why are you still so restless? Plan ahead and be prepared for danger in times of peace, you are not as good as Miss Wei."

Xie Tiao was a little impatient, he waved his hand, telling the second child and others to go out, the fourth child Xie Jibo walked to the door, thought for a while, then turned to Xie Tiao and said, "Father, will I still enter the venue this year?"

"What are you going to do if you don't enter the market?" Xie Tiao frowned and thought, "If you can get an official position, go to Jiangnan to promote two-season rice!"

"Father, both my son and the uncle of the Hai family will definitely be able to win. The son wants to let the uncle of the Hai family go there. My son can go to Zhending Mansion. Sister Wei can go there alone, it is definitely not possible."

Xie Tiao thought for a while, then nodded, "That's fine, don't think about it now, wait until you are on the list. If you can only get the top three, you don't want to shame yourself."

Xie Jibai was used to being scolded, and he didn't care. He left with his second and third brothers. The three of them were thinking about it. Although their father said it was nothing, they all knew that things might not be as simple as they imagined.

"Boss, tell me, what is Miss Wei worrying about?"

"What happened fifteen years ago will come back one day. The Xie family didn't make things right back then, relying on the Xie family's reputation to escape disaster, I'm afraid one day they will have to pay the price."

Xie Tiao nodded, "Back then, when the Lu family was overwhelmed with no eggs, the Cui family was also hit hard. Only the Xie family survived. You are right. If there is a price to pay, it is the Xie family's responsibility." ."

The father and son drank tea in the study for a long time, relatively speechless.

Last year during the Chinese New Year, Xie Zhiwei stayed in the palace. This year, on the second day of the first lunar month, the Yuan family held a spring wine. The Xie Zhiwei siblings followed Xie Yuanbai and his wife to the Yuan family early in the morning.

The door of the Yuan family was wide open. The second master of the Yuan family, Yuan Qinying, and the second wife, Mrs. Kang, led the family's brothers, sisters, and servants to wait at the door. When they saw the Xie family's car coming, they rushed up to greet it.

"Second brother, how did you get such a big fight?"

Yuan Qinying said, "Yesterday, father came back and said that Sister Wei has been named Princess Chen. Although the decree has not come down, the emperor has said well that the eldest sister is the wife of Yipin, so there must be some rules in the family."

Mrs. Yuan was very happy when she heard this, but said to Mrs. Kang, "Farewell from now on, where's dad?"

Yuan Yi was already waiting under the eaves of the front hall. Seeing his son and daughter-in-law welcoming his daughter's family in, he was overjoyed and hurriedly said, "Hurry up, sit inside!"

The second update!

## Chapter 553 Pampering

Xie Mingxi took his sister's hand and went over to wish his grandfather a new year. Yuan Yi was overjoyed, and gave another big red seal. Xie Zhiwei blushed when he thought of the fifty thousand taels of silver that Yuan Yi had given him before, and said, "Didn't my grandfather give it a long time ago?" Did you give me the New Year's money?"

"Two things, let's not talk about this, come, sit in the house, no one is invited at home today, just your family, our family is reunited, and we have a good reunion dinner."

Yuan Yi left Xie Yuanbai in the front yard, and Kang took Yuan's mother and son to the backyard and sat in the open room of the upper room. Kang said, "The old lady was happy when you came last time and ate two more glutinous rice balls. , I was a little upset, the house was very lively on the winter solstice, the old lady ate a few more snacks, and she said she was not feeling well the night before, and she woke up twice last night, only to say that she couldn't hold it, I asked the old lady Go and rest first, and you should wake up in a while."

Yuan Shi hurriedly said, "When the old lady wakes up, let Mei Mei show the old lady, Mei Mei's medical skills are very good."

"That's great!" Kang said.

Xie Zhi smiled and said, "It's such a big deal. If I had said it earlier, I would have come over to help my grandmother take a look earlier, and I would have saved myself from suffering."

After a while, the woman on the second door came and said, "Second Wife, My Aunt and Second Aunt Grandma are here to celebrate the New Year together. When I heard that Eldest Aunt Grandma is here, they said to stay."

Cai Yuan Yi said, only Xie Yuanbai's family, and now there are two more, and they didn't post a post asking to come.

"Then invite my aunt and second aunt to come in." Yuan Shi thought, she has been angry with these two for so many years, now how do they bully me?

Mrs. Yuan's aunt is Yuan Yi's biological sister, and she married a small official named Ma. Because her husband's family was originally from the capital, there was no shortage of houses to live in. She lived a small life on her husband's salary, the family property left by her ancestors, and her own dowry. Very good.

Only Mrs. Yuan is Yuan Yi's own daughter. Over the years, in order to support her daughter, the Yuan family has given Yuan Mrs. a lot of gifts, boxes and boxes of silver notes. Naturally, the aunt doesn't like it. When they were invited to drink at home, Ma and Yuanshi would often say sour things about Yuan when they were together.

The second aunt's grandma is the younger sister of the Yuan family's concubine. She was the concubine who married Yao Rang, the prefect of Fuzhou in her early years.

After a while, the aunt and the second aunt came in under the leadership of the mother-in-law. It happened that Xie Zhiwei was talking with the two sisters of the Yuan family. He spoke very happily, but he didn't notice that there were two more people in the room.

"Ahem!" Ma Yuanshi looked very unhappy, coughed twice, and seeing Xie Zhiwei's eyes turned, she was satisfied, seeing the eldest sister of the Yuan family standing up to greet her, Xie Zhiwei and his brother sat still, the look on her face became ugly.

"Sister, are these Sister Wei and Brother Xi? They've grown up so much, come quickly, this is your aunt, I haven't seen it before, so it's no wonder I don't know each other." To make the rudder, just by saying this, it seems that Yuan's family is not very good at raising, seeing the elders coming, he doesn't know how to ask the children to shout.

Xie Zhiwei was about to get up when she saw Ma Yuanshi's stinky face and the calculation in Yao Yuanshi's eyes, she sat still, wrapped her younger brother in her arms, and glanced at the two of them coolly, did not speak.

Yao Yuanshi was overjoyed, and pretended to be ignorant, "Elder sister, what's going on? These two children saw the elder coming, and they didn't even lift themselves up. This... can't be justified by any family!"

At the beginning, the Yuan family was the first to be promised to the eldest son of Yao Rang. When the two families met, the Yao family was the first to get involved with the concubine of the Yao family. It didn't sound good to go out, so the Yuan family had no choice but to give up. The old lady of the Yuan family was so angry that she hurriedly sent the concubine out of the house.

"What is this talking about?"

The old lady of the Yuan family walked out holding the hand of the maidservant. The old man was in good spirits, and after hearing about it earlier, she gave her sister-in-law a dissatisfied look.

Xie Zhiwei and his brother had already got up and came over to support the old lady from left to right. Xie Zhiwei took the opportunity to put his hand on the old lady's pulse. Seeing that the old lady was fine, he said, "Grandma, if I tell you, you must be upset." gone."

"What's the matter, tell me, and see if grandma is unhappy?" The old lady fell in love with Xie Zhiwei's siblings when she saw them. She sat on the Arhat bed by herself, leaving both siblings by her side, smiling authentically.

"The old lady should be hungry for two meals." As he spoke, Xie Zhiwei said to Kang, "Second aunt, show me the prescription prescribed by the doctor later."

The aunt made a fuss, she came up with a very bad face, and said to the old lady, "Sister-in-law, Ah Xian does not spoil children in this way, and I don't have to ask these two children to kowtow to me, just do it." Etiquette or something, this is teaching them etiquette."

After hearing this, Mrs. Kang thought it was extremely ridiculous. What kind of family is the Xie family? In this world, there is no one who dares to teach the etiquette of the Xie family. How many etiquette books have been published by the Xie family ancestors?

The words of the aunt can also be said.

The old lady has always looked down on this sister-in-law. When her mother-in-law was alive, this sister-in-law used to put eye drops in front of her mother-in-law to embarrass her.

Later, her mother-in-law left, and in a fit of anger, she married her sister-in-law to a petty official. Later, the Yuan family went to Fuzhou, and they hadn't contacted her for many years.

The old lady didn't speak, and Yuan Shi sneered, "Auntie, where did you say that? My daughter doesn't say that she is a princess of the first grade, but that the emperor made a decree to make a prince and concubine of a super grade. My son is from the ninth grade." Since ancient times, national etiquette is greater than family etiquette, my daughter and son did not ask my aunt to salute, it was already for the sake of relatives, so my aunt should not go too far."

The aunt was stunned. When did her eldest niece speak so hard? Ma Yuanshi couldn't help laughing dryly, "Axian, you are a son and daughter who are promising now, don't take me as an elder seriously, do you?"

Yuan pursed her lips. She didn't know how to answer, Xie Zhiwei was already angry, "What's the matter?"

She stood up and stood on the footboard of the Luohan bed, taller than the aunt, "Since you are my mother's aunt, my mother should respect the elders, but you are old and unkind, and preemptively attack my mother. You What do you want to do again? My mother is a first-class Mrs. Guo. On the winter solstice day, I went to the palace to meet the empress, and the empress refused to salute my mother. You are even more noble than the empress!"

Third change

## Chapter 554 Being a Pro

The aunt did not expect that a little girl would be so terrifying when she became fierce. She trembled and dared not look directly at Xie Zhiwei, "This, this, isn't this at home?"

"At home? Don't you have to follow the national etiquette at home? Yes, at home, we are all a family, and we usually don't put etiquette too much on the surface. That's for people who know good and bad. Why should my mother be like you? Want to give you face?" Xie Zhiwei said, and glanced at Yao Yuanshi by the way, and seeing her smile flatteringly, looking like she was not on the stage, she didn't take it to heart.

In the front yard, the little official of the Ma family, and the concubine Yao Rang wished to confess to Xie Yuanbai. Xie Yuanbai was very embarrassed and impatient to deal with these two people. After lunch, he asked someone to come to the backyard and say, Ask Yuan Shi if he will go back.

Yuan wanted to know what happened in the front yard, and said a few words of kindness to the old lady, mother and daughter, and then offered to leave.

After Xie Yuanbai's family left, the aunt asked Kang, "Why did you leave so soon? It couldn't be me and Ah Hao, she doesn't want to deal with us, does she?"

Before Kang could speak, she said dissatisfiedly, "It's true, I don't take my relatives seriously when I get well. Thinking back, her stepdaughter didn't take her seriously, and the Xie family didn't take her seriously either." When they took her seriously, it wasn't her natal family who was helping her!"

The old lady slapped the table with a "slap", "Since when did the Xie family stop paying attention to Axian? The child used to be young and ignorant, but now she is sensible. See how kind she is to her mother? Child It wasn't born by Axian, and feelings can't be cultivated in a day or two. In the world, from ancient times to the present, have you ever seen a daughter earning her mother's life? No, let alone a stepmother."

The old lady was furious, and she didn't want to talk to this idiot, so she turned her face away.

The aunt had suffered a lot under the hands of the old lady. Seeing that the old lady got angry, the memories of the past flooded into her heart. She didn't dare to say more, and sat silently.

"Mother, my daughter is here this time. I need to ask my mother to show me something." Yao Yuan walked up to the old lady, glanced at Yuan Yintong, the eldest daughter of the Yuan family, and said, "Brother Xu is here today, and my daughter wants him Kowtow to the old lady, he is very competitive in his studies, he is already a child at a young age, my daughter thinks that if he is successful, she wants to get married with the second brother's family."

This is the meaning of wanting Yuan Yintong to marry her son. Kang slumped in anger. If she hadn't heard it with her own ears, she wouldn't believe it. Which of my daughters did you hit?"

The second room has two daughters, a concubine and a concubine. Yuan Yintong is the eldest daughter of the concubine, and Yuan Yinyu is the second daughter, born of a concubine.

"Sister Tong and my brother Xu are exactly the same age, and my father-in-law is quite satisfied with this marriage."

This is not even a horoscope!

Yuan Yintong got up without saying a word, and went into the inner room, so angry that she burst into tears.

Although Kang knew that the old lady would not agree, she didn't want to make the second aunt feel bad, so she said to the old lady, "Mother, it just so happens that the daughter-in-law also has something to say. I told my aunt the day before yesterday that Sister Tong is now here to discuss marriage." I'm getting old, and my aunt is often in and out of the palace. There are noble girls in the capital, which one doesn't have a good relationship with the princess? I'll ask my aunt to help you pay attention, and I will talk about a good marriage for Sister Tong in the future."

The old lady said "hmm", "The sparrow holds the straw sandals, and one generation manages the next. I am old, and I can only help to check the marriage of brothers and sisters. As for which girl is better, please listen to it." Xian."

As he spoke, the old lady brought tea, and the old woman came over and asked the aunt and the second aunt, "Slave maid, send you out!"

The two were so angry and ashamed that they had to get up and go out.

When the people left, Kang's tears burst out, "Mother, tell me, today, the daughter-in-law originally said that she would invite the eldest aunt to have a good time. Isn't that offending people?"

The old lady pondered, "Ah Xian is not someone else, and today is not your fault, how can I be angry with you for this matter? Only sister Wei, after all, it is a little bit far away, so I must not offend you. It is good to bring it here this time." Has the tea been delivered yet?"

"Sent it, sent it early in the morning."

"It's spring, and every household has to make new clothes. Pick some good materials and send them to Sister Wei."

"Yes!" Kang hesitated to speak, the old lady said, "Speak up if you have something to say."

"Daughter-in-law asked, although the third wife of Xie's family is a concubine, I heard from my aunt that since last year, I have learned from my aunt and often went in and out with the princess. The Xie family proposes to marry Miss Xie for brother Mo."

The old lady took a deep look at this daughter-in-law. The Kang family has always been very good at planning. Is this going to tie Mo Geer and the Xie family to death?

"I have nothing to disagree with. For a family like Cui Xie, a concubine's daughter is brought up like a concubine's daughter, and she is close to the princess. Her character should be good."

"My daughter-in-law has seen that appearance before. It is very beautiful. The child has a good temperament, with both hardness and softness. She has the demeanor of a princess. The more I look at it, the more my daughter-in-law likes it."

"Go and talk to your sister-in-law. If the Xie family is willing, when the spring is warm and the flowers are blooming, find an opportunity for the two children to see each other."

Ms. Kang was overjoyed, and managed to suppress her excitement. The old lady didn't blame her today, and she promised her son's marriage, which is really great.

At night, Yuan Qinying came to rest in her room. While serving Yuan Qinying, she expressed her thoughts.

"I wonder if the Xie family will agree?"

Yuan Qinying said, "The Xie family attaches great importance to their daughter. If the third master of the Xie family was still white in the past, this matter might have happened, but it is really hard to say now. However, how will you know if you don't try everything?"

This is the promise of this matter.

Ms. Kang was so excited that she didn't fall asleep in the middle of the night. On the third day of the second day, she sent her nanny to Xie's house and asked when Mrs. Yuan would be free so they could get together again.

Yuan didn't think much about it yet, Xie Zhiwei said from the side, "Mama, what's the matter with the second aunt? If there's nothing in the way, you should reveal the truth first, otherwise, my mother will think about it."

Xie Zhiwei and Yuan's identities were placed, in order not to make people uncomfortable, neither of them went to ordinary people's spring wine, Hai's pregnant and couldn't move, Qian's ran alone, fortunately there were three girls to help, Even so, she broke her legs every day.

Seeing that there was no one else, the wife was also very anxious at home, so she said, "If the wife has something to say to the eldest aunt, she can't speak."

Xie Zhiwei knew what was going on as soon as she heard it, so she found an excuse to avoid it, and when the nanny left and she came back, Yuan Shi took her hand, "Your second aunt wants to marry us, but she's afraid of being too tall, so why not?" I can't open my mouth."

Today's update!

Dear friends, ask for votes!

#### Chapter 555 Preparing for Marriage

Xie Zhiwei is so clever, he immediately said, "Is it for Cousin Mo and Third Sister?"

"That's not true!" Yuan Shi said, "I heard from Mammy that your second aunt is very fond of the girl from Xie's family. She has been so anxious for the past two days that her mouth is blistered."

Xie Zhiwei said, "Mother might as well listen to what Third Aunt said, Dad is now a general, and Xie's family and Yuan's family are relatives by marriage, there is nothing wrong with getting closer."

Hearing what Xie Zhiwei said, Mrs. Yuan felt a little more at ease. At night, Mrs. Qian came back and came to talk to her. Mrs. Yuan took the opportunity to listen to Mrs. Qian's mind.

Ms. Qian has learned to be smart now, knowing that she has no control over the marriage of her children, so she said to go back and discuss it with Xie Shibo.

Fortunately, the next day, Mrs. Qian came again and said to Mrs. Yuan, "We as parents don't have any objections. It depends on what the old man says. Sister-in-law, you also know that the old man has nothing to do with the marriages of brothers and sisters." Inquiry."

Yuan Shi also knew this truth, and couldn't be in a hurry for a while.

Xie Tiao was relaxing at home every day, and from time to time called Xie Zhiwei to play chess with him. Seeing that Yuan was anxious, Xie Zhiwei saw the opportunity and said straight to Xie Tiao, "Grandfather, my mother and third aunt have been discussing the situation of my third sister these two days. For marriage, the second aunt of the Yuan family wants to marry the third aunt."

Xie Tiao thought for a while, then asked, "Sister Wei, what do you think? What do you think of this marriage?"

"Marriage is good with two surnames. Xie's family and Yuan's family are originally in-laws. There is no problem of inappropriate households. Now it depends on what the third sister and Cousin Mo think. The granddaughter thinks that this matter, we are anxious. There's no rush either."

Xie Tiao laughed loudly, and told Xie Zhiwei the news he had received, "I heard that King Chen fought Beiqi on the winter solstice and captured Yingzhou."

Xie Zhiwei was overjoyed immediately, his eyes crooked with a smile, Zhending Mansion is adjacent to Yingzhou, in this way, they are connected together, and Xiao Xun's fief area is even bigger.

"My lord is amazing!" Xie Zhiwei couldn't help saying.

She returned to Yizhaoyuan, there was a letter on the table, Xie Zhiwei knew it was from Xiao Xun when she saw the handwriting, her heart felt like a deer was jumping, she took the letter, went into the study, and shut herself in the study, Open the letter.

"Mei Meiqing, seeing words is like meeting..."

When Xie Zhiwei saw the beginning, his face was burnt immediately, he pursed his lips, spat in his heart, and looked down, the letter said how he played tricks on the enemy soldiers on the border and beat them dizzy, He was so proud of himself and claimed credit that he was not injured all this time, isn't he amazing?

At the end of the letter, Xiao Xun said that he would come back as soon as possible. He had already arranged someone to watch the house at the Zhending Mansion. At the beginning, she might be wronged, but soon, he would bring down Yanyun Sixteen Prefectures. In the future, they will build a palace in Yanjing and so on.

On the eighth day of the lunar new year, an imperial decree came from the palace, and Xie Zhiwei was conferred the title of Concubine Chen. The wedding date between her and Xiao Xun was set in April, and there were only three months left before the big wedding.

Ms. Yuan was panicked at first, and now she is even more panicked. Although Xie Zhiwei's dowry has been saved since the day she was born, this is the first time she has married a daughter, and she doesn't know what to do.

Mr. Kang came to Xie's house on the 13th day of the first lunar month, and invited Mrs. Yuan to eat steamed buns made with new wheat on the 16th. This is a southern custom.

Yuan Shi spread her hands and said, "You saw it too, where can I find time now? I also asked you about the things you are thinking about. The old man and the third siblings have no objections, mainly because of the two children. ."

Ms. Kang was overjoyed, but also nervous, "I asked Brother Mo. Thanks to the Princess, Brother Mo met the third girl and was very satisfied. I don't know what the third girl means?"

Yuan could only say, "Since that's the case, I'll ask Meimei to help you. Second sister-in-law, you always know more than me. You can help me find out about Meimei's marriage. Alas, fortunately, mother is here. You tell mother not to go back to Fuzhou for the time being, and help me get over the difficulties in front of me first."

The Kang family naturally had nothing to do, and after a few instructions to the Yuan family, they rushed back.

The old couple of the Yuan family originally planned to return to Fuzhou after the fifteenth day of the first lunar month. Kang has been making preparations for the past two days. When he returned home, he went to the old lady's room and told Yuan's request, "Mother, or you can stay in the capital for a while, since the princess is getting married, someone from the family must go to Xie's house for a wedding."

Seeing that his own son is going to marry the Xie family, the Kang family is now paying more and more attention to the Xie family's aunt.

The old lady has only one daughter, Yuan Shi, who has always been very precious to her. Since her daughter encounters difficulties, she will help her a lot. "I will talk to the old man later."

Of course, the old man is all right. If the old lady doesn't accompany him, he can go all the way on horseback, which is faster. He had discussed with Xie Tiao's in-laws several times about the matter of the Shibosi. With the charter, it was related to his grandson and son-in-law, so he had to go back and speed up the action.

Mrs. Yuan specially went to Xie Zhiwei's room. Xie Zhiwei was instructing the maidservants to draw flowers. When he saw his mother coming, he hurriedly got up to greet her.

"Sit down, I'll tell you a few things, I still have things to do."

"No matter how busy my mother is, she should take care of her health."

Xie Zhiwei raised her hand and asked all the maids in the room to go out. She personally brewed tea and handed it to Yuan Shi. Yuan Shi was flattered, "How can I ask you to do it yourself? What if it burns?"

As she said that, Yuan Shi first talked about the dowry, and then said, "What your father meant is to make two sets of furniture and the like, one set will be sent to Prince Xiang's Mansion, and the other set will be sent to Zhending Mansion. There is no suitable house in Zhending Mansion yet, your father is going to ask the steward of the family to go and see if he can find a better house, and we will buy it."

Xie Zhi smiled and said, "Mother, please tell my father that the mansion over there in Zhending Mansion, the prince is already looking for it. I will buy it and repair it. I'm afraid it will be the end of the year. I want to go to Zhending Mansion next year. The time is good." It's early, don't worry too much."

Yuan Shi breathed a sigh of relief, "That's right, you won't be sent to Zhending mansion as soon as you get married. Only this year, you are in Prince Xiang's mansion, and there is a mother-in-law on top, which really makes mother anxious! "

"Mother, don't worry, by the way, is the second aunt here because of the third sister?"

"Yes, is your third aunt dissatisfied with this marriage? Don't give me an accurate answer. I originally wanted you to ask your third sister what she meant, but I think it's better for your third aunt to ask."

In case the couple can't get along in the future, shouldn't the daughter be dragged into it? Yuan's will inevitably have selfishness.

After finishing speaking, Yuan asked her daughter not to tire herself out, and then left.

She just left when Xie Zhiqian came, her face was red, Xie Zhiwei knew why she came when she saw it, and said with a smile, "Come and sit down!"

The first update!

## Chapter 556 Return

It wasn't the first time Xie Zhiqian came to play in the big sister's room, or the first time she was so restless. The more nervous she was, the redder her face became.

Xie Zhiwei looked at her, and knew what her sister was thinking without asking.

She was very happy. In her previous life, the third sister was married to her natal family by the Qian family. When the second sister came to the palace to talk to her, she told her that after something happened to the Xie family, the second sister was sent to the family temple by the Qian family.

The day Xie's family was ransacked and beheaded, the third sister hanged herself. Although I don't know what kind of person Yuan Mo is, but if the third sister is willing, there is nothing wrong with it.

"You came to me to discuss relatives, right? I was about to ask you too. Although the Yuan family is relatives, it is because of relatives. If you are not happy, there is nothing you can't justify. Don't be afraid of offending The relatives, the second aunt of the Yuan family, and the old lady are all very open-minded people, and they will never force themselves."

Xie Zhiwei was also very worried that the third sister would lose face because the marriage was discussed with the Yuan family, "You have met cousin Yuan, what do you think?"

Xie Zhiqian lowered her head even more, her face was almost buried between her knees, and Qian's joyful voice was repeated in her mind, "You are only a young ladle dancer, you are now a martial artist, you have seen it several times Yes, you are also a good-looking talent, how can you be wronged?"

"Big sister, what do you think?"

Xie Zhiwei couldn't help laughing, "What's the use if I think it's good? What's the use if I don't think it's bad? It depends on your own wishes."

Xie Zhiqian raised her head, her eyes clarified, "Big sister, what did big sister think when the emperor bestowed the marriage? Did big sister also feel that she couldn't resist the decree, and she was afraid of disaster?"

Xie Zhiwei shook his head solemnly, "No, third sister, my grandfather said that if I don't want to, my grandfather will deal with me. I have known His Royal Highness Chen Wang for a long time. He is very good, and I am willing to obey the order." The same is true for you. No one in the family will force you. If

you are unwilling, I will go back to the second aunt of the Yuan family for you. In the future, we will find someone you are willing to. You are still young anyway, so you are not in a hurry to discuss marriage. ."

Xie Zhiqian breathed a sigh of relief, "Big sister, I am willing."

She was afraid that her elder sister would be overwhelmed, so she said bluntly, "Elder sister, I have met cousin Yuan's family several times, and he once helped me once. During the flowering party at home last time, something happened at the ladies' table. I walked in a hurry and almost fell, but cousin Yuan helped me up."

Speaking of this, Xie Zhiqian blushed, "He is a very gentle person."

Xie Zhi pursed her lips and smiled. Seeing that Xie Zhiqian was blushing more and more, afraid of her embarrassment, she withdrew her smile, "I also told you two to see each other. In my opinion, there is no need. Isn't tomorrow the Lantern Festival? Let cousin Yuan take us out to watch The lantern is ready."

Ms. Yuan passed a word to her natal family, and Mrs. Kang naturally wanted it. She took out the newly made clothes for Yuan Mo and put them on.

Except for the youngest Xie Mingyu, almost all of the Xie family brothers and sisters came out.

Hai Shi originally sent Xie Jibai to take his nephews and nieces out to play, but Xie Mingcheng instead persuaded the fourth uncle to go back, saying that he should let the servants follow.

Sisters Dou Xiuniang and Du Yuan stayed close to Xie Zhiwei, and they each brought their maids and servants to follow.

There were so many people on the street, so Xie Zhiwei asked the older one to look at the younger ones, and she took Xie Mingxi's hand and ran with Xie Mingxi, he wanted this one, bought another, and after a while, the young man was holding the hand. Carried two packages.

"This child, you are too greedy, be careful to grow into a big fat man!"

Suddenly, a man wearing a pig face mask stopped in front of Xie Mingxi, with his hands behind his back, his voice was rough, although he was talking to Xie Mingxi, his eyes met with Xie Zhiwei's, Xie Zhiwei was taken aback for a moment, and then recognized him People, suddenly a pair of beautiful peach eyes, it seems that there are fireworks blooming.

"Brother-in-law!" Xie Mingxi also recognized it, jumped up, reached out to pick off Xiao Xun's mask, Xiao Xun stepped aside, took out his hand from behind, and handed a mask to Xie Zhiwei and his brother.

Xie Mingxi took a squirrel mask. Xie Zhiwei belonged to a big white rabbit. Xiao Xun walked on the other side of Xie Zhiwei. He took Xie Zhiwei's hand and squeezed it gently, "Mei Mei, do you miss me?"

Xie Zhiwei was inevitably moved, but fortunately the mask covered her face, she held Xiao Xun's hand back and asked, "Why are you back?"

"I came back quickly! Mei Mei, have you ever thought about me?"

Xie Mingxi heard it, and walked around to Xiao Xun, "Brother-in-law, my sister doesn't miss you, she only misses me every day."

Xiao Xun suddenly became upset, what does this kid mean? Being so kind to him, his conscience was eaten by a dog, "Your sister sees you every day, what does she miss you? What is there to think about?"

"Brother-in-law, I miss you every day. I heard that you have won many battles. You are amazing!"

Hitting the cotton with a fist, Xie Zhiwei saw that Xiao Xun was speechless, and couldn't help laughing. She looked at Xiao Xun, her eyes were shining, as if peach blossoms were blooming, reminding him of last year's In April, they watched peach blossoms together in Famen Temple.

Xiao Xun's heart skipped a beat, "Mei Mei, this April, I'll take you to Famen Temple to see peach blossoms again!"

Xie Zhiwei looked deeply at Xiao Xun, April 18 this year is their big wedding day, her eyes seem to be able to speak, Xiao Xun only felt that the blood in his whole body was boiling, why are there so many people on the street Well, he really wanted to hug Meimei, he missed her day and night, his heart was about to burst.

The brothers and sisters of Xie's family followed. Xiao Xun originally came back secretly and didn't want to be discovered, so he pushed towards the crowd beside him. Seeing that Xie Zhiwei was about to lose sight of him, he was in a hurry and shouted, "Ah Xun!"

She held Xie Mingxi's hand and was about to catch up, but Matsukaze rushed over and took Xie Mingxi from her hand, "Princess, leave it to your subordinates!"

Xie Zhiwei chased after her, she looked around, but she didn't see Xiao Xun, her eyes suddenly became hot, suddenly, a warm embrace surrounded her, and a familiar voice said in her ear, "Mei Mei!"

"Let's go to Panlou. I have booked two private rooms in Panlou. Cousin Yuan will take the younger brothers and sisters to Panlou later."

Xiao Xun gestured not far away, and a figure quickly disappeared. When he brought Xie Zhiwei to Panlou, a servant came over and took the two of them to the private room on the third floor.

Xiao Xun held Xie Zhiwei's hand as soon as he went in, turned around and threw away the masks of the two, hugging them up, he lowered his head and kissed Xie Zhiwei's brow, "Tell me, do you miss me? "

The second update!

## Chapter 557 Lingering

Xie Zhiwei stretched out her hand and hugged Xiao Xun's neck. She didn't know if she missed him, but she only knew that when she saw this person, her heart was filled with joy.

There were countless birds chirping happily in Xiao Xun's heart, he carefully placed Xie Zhiwei on the couch in front of the window, knelt down on one knee, held Xie Zhiwei's hand and kissed deeply, then

looked at Xie Zhiwei's face with a silly smile, "Mei Mei, today is your birthday, I'm afraid I won't make it!"

Xie Zhiwei is still young, and Xie's family is not happy to celebrate her children's birthdays. Every year on her birthday, Yuan Shi will get up early, do it herself, make a bowl of longevity noodles, lay an egg, and celebrate her birthday.

No one in the yard is allowed to congratulate the girls or young masters on their birthdays.

Xiao Xun took a piece of snow jade from his neck, the jade was of high quality, wearing a red silk thread, it looked like a fish, the carver was not flattering, the jade still carried the temperature of his skin.

Xiao Xun solemnly hung the jade around her neck, stuffed it in from her neckline, and said with a smile, "I have specially asked Master Yunde to consecrate it, and I will bless you with peace every year, and you are not allowed to take it off."

Master Yunde is a well-known eminent monk in Tianxiong Temple in the north. He is highly respected and profound in Buddhism.

"How did you go to such a dangerous place?"

Tianxiong Temple is still on the land belonging to Beiqi, Xiao Xun is the commander of Dayong, if he goes there, it will be thousands of times more dangerous than ordinary people.

Xie Zhiwei clutched the jade on her chest, unconsciously, her hands tightened, and she felt that it was meaningless to say such words, she supported Xiao Xun's shoulders, and gently leaned her head against Xiao Xun's chest.

Xiao Xun was overjoyed, got up and sat on the couch with her, put his arms around her, and pulled her into his arms, "Mei Mei, we are going to get married in April, and the wedding date is set on the eighteenth, why not What about next month?"

He said to himself, "I asked Fan Wencheng to look for a house. I have three or four places. I will go back later. Let's see, what kind of house do you want?"

Xie Zhiwei thought, there are not many of them now, just two people, the front yard and the back yard, and the four-way house are enough, so he said, "It's okay, whatever you say is fine."

This is a couple who live at home. Xiao Xun didn't expect his Mei Mei to be so talkative. He hugged Xie Zhiwei tightly and wished he could stuff her into his body, so he should carry her with him all the time.

He thought, he must have missed her for several lifetimes, and he finally got her in this life, that's why he cherished her so much.

"Mei Mei!" Xiao Xun bit her earlobe, grinding his teeth lightly, Xie Zhiwei felt numb all over, she couldn't help but push him away, covered her ears, her eyes blamed, but there was no majesty, She looked more and more charming.

Xiao Xun laughed heartily and reached out to her, Xie Zhiwei slapped his hand away, "You must not do this in the future!"

"What is not allowed?" Xiao Xun licked his face, held her hand, and said sternly, "Mei Mei, you are my princess now, except that you can't consummate the house, you can do anything."

"You're talking nonsense!" Xie Zhiwei blushed like an apple in late autumn, she stood up abruptly, "I'm going to see if my brothers and sisters are back!"

"Mei Mei, I'll let people watch them, they will be fine, don't go, stay with me, I will go back soon." Xiao Xun took Xie Zhiwei's hand, "I will accompany you to the window to watch Are the lanterns okay?"

Xie Zhiwei's heart suddenly softened like a pool of water, and she couldn't help but clenched his hand, "Then what are you doing when you come back?"

"Come back to see you! You don't know how much I miss you, Mei Mei, I've heard it all, I'm so happy, but don't worry, I won't let you suffer with me, and I won't let you get involved risk."

Fireworks bloomed in the night sky, and the blurred and bright firelight passed through the window and shone on the young man's jade-like face. His eyes only reflected her shadow. He couldn't hold everything in this world.

Xie Zhi lowered her head slightly, and rested her head on Xiao Xun's shoulder, her hands tightly grasped Xiao Xun's clothes on both sides, her nose was a little sore, "I'm not afraid, I'm not afraid to suffer hardships with you, and I'm not afraid to follow you at risk."

As long as you are well!

Thinking in this way, her hand slipped down and held Xiao Xun's wrist, pressing her fingertips on his pulse, "Ah Xun, after we get married, I will detoxify you!"

"Okay!" Xiao Xun lowered his head, the hot air from his mouth and nose sprayed on her neck, and his hands pressed on her back, the warmth spread to her skin through her thick clothes, so warm, it also made her feel warm. She felt a little relieved.

"Mei Mei, don't worry about me, I will be fine. We still have a long way to go in the future, and there are many happy days to spend together. Mei Mei, you will give me Make a son, a daughter, one like me, one like..."

Before the word "you" was uttered, Xiao Xun let out an exaggerated howl. He quickly grabbed Xie Zhiwei's hand and said with a smile, "Mei Mei, don't you want to?"

"Tell me, where did you hear these stupid words and always say them in front of me?" Xie Zhi bit his lip slightly, and looked at Xiao Xun with a reluctant look, the smile in his eyes was like a flower bloom.

Xiao Xun was so rare, he hurriedly begged for mercy, and put a handsome face in front of Xie Zhiwei, "I'm in the barracks all day long, with those bastards, I can't hear anything, and I need to specialize Where did you hear it from?"

"However, Mae Mae, I only say these words to you."

Xie Zhiwei snorted slightly, turned around, not knowing how to face him. She has been a human being in two lifetimes, but she has very little experience in getting along with husband and wife.

In the previous life, whenever Xiao Changxuan asked her for something, he would say some nice words of love, but most of them praised her. Never before was Xiao Xun so sincere, always thinking about her emotions, which made her Very happy to hear.

Xie Zhiwei took out an amulet from his pocket and handed it to Xiao Xun, "When I was in Yushou Mountain, Linghua and I asked for it from Pule Temple. On the battlefield, swords and guns don't have eyes, so you must be careful. "

Xiao Xun held the amulet in his hand, and stared at Xie Zhiwei with a pair of beautiful phoenix eyes, not letting go of any look on her face. This is the girl he begged for, and his girl also has him in her heart. What could be happier than this?

Although, with some words, he wanted to test her and see if she would annoy him because of it. If she was annoyed, it would prove that she didn't like him as much as he imagined. If she wasn't annoyed, it would be the same as before, just shy , not really angry with him, it proves that she actually likes him too, but these words are also his sincere words, he really wants to walk a long way with her, and he will hold her in his heart all his life Pampered in the palm of your hand.

He wanted her to bear him two little monkeys.

The third update!

## Chapter 558 Apology

"Have you received all the letters I sent you?" Xiao Xun asked in a low voice, and Xie Zhiwei nodded.

Xiao Xun asked again, "Did you eat well and sleep soundly when I was away?"

Xie Zhiwei couldn't help laughing, and asked in a different way, did she think what he meant?

"It's all good!"

Xiao Xun was inevitably disappointed, and asked unwillingly, "Do you miss me a little bit? I'm not here, and no one will play with you. Let's go horseback riding tomorrow, shall we?"

When Xie Zhiwei heard this, Xiao Xun meant that he would not go back for a while, so he couldn't help but look up at him, "Aren't you going back for a while?"

"It depends on the situation. If the people over there don't know that I have returned to the capital, I will stay in the capital. If they know that I am back, I will hurry back." Xiao Xun said proudly, "Mei Mei, you don't even know , I played them so hard recently that they didn't dare to figure out my will at all. They thought I was fighting Beiqi, so I went to fight Xiliang, and they thought I was fighting Xiliang, so I went to Uighur."

"Oh, by the way, I have something for you!" Xiao Xun said, and took out a few banknotes from his pocket, "Spring is coming, it's time for a new outfit, I'll buy you jewelry."

Xie Zhiwei took it over and saw that they were all 10,000 taels of silver bills. She smiled and slapped the silver bills on his chest, "Do you know that my grandfather is almost bald because of the military salary in Xijiang?" , have you filled your own pocket with the general's salary?"

"Nonsense, this is money earned by my own caravan. I use it to raise my daughter-in-law. Who has provoked whom?" The taels of silver are in my hands, check to see if there is 10,000 taels, I haven't settled with those pickpockets yet, sooner or later I will raid their homes. "

Outside the door, Song Feng knocked on the door and said in a low voice, "My lord, the sons and girls of the Xie family are all coming this way."

Xiao Xun was very reluctant, and said impatiently, "Understood, you are the one who talks too much."

Xie Zhiwei hurriedly held Xiao Xun's sleeve, before she could speak, Xiao Xun sighed, "Mei Mei, I miss you too, but right now I can't show my face in the capital, but don't worry, I'll wait for you to come back You can see me by leaning on Zhaoyuan, okay?"

Xie Zhiwei knew that he was definitely going to open her window again, and gave him a look, "Hurry up and come back, don't sleep well, even if you go tonight, I won't open the window for you."

"It's okay, I'll just sleep on the biggonia tree outside for a night. Mei Mei, as long as I can get closer to you, I'll be content!" Xiao Xun said the love words without money, seeing Xie Zhiwei a little bit Immunized, he wailed in his heart, his Mei-Mei is not easy to coax!

There was a commotion outside the door, Xie Zhiwei heard Xie Zhihui's voice and said, "You are talking nonsense, I don't know you, if you dare to say such things again, I will report to the police!"

"Report to the official, what are you kidding, you are my fiancée, let me tell you a few words, you still have to report to the official, don't think you are a girl from the Xie family, you can do whatever you want, you are not Princess Duanxian !"

The man's voice was very strange, Xie Zhi frowned slightly, thinking who this man was, Xiao Xun whispered in her ear, "It's the eldest son of Prince Zhongjing's residence."

The eldest son of Prince Zhongjing's mansion is the eldest son of Zheng'er Bajing, and his identity is different from Xiao Xun. Xiao Xun is the eldest son of a commoner, and he has a title on him. Moreover, Xie Zhiwei guessed that his identity may be that of Emperor Zhaoyang and Empress Yuan. out.

"You go back first and have a good rest. In two days, I'm going to Famen Temple to offer incense, and then we'll go spring, okay?" Xie Zhiwei coaxed Xiao Xun.

"Not good!" Xiao Xun pointed to his side face, "Here!"

Just like a child who wants candy, Xie Zhi rolled his eyes at him, not intending to get used to his bad habit, turned around and walked towards the door, only took two steps, and was pulled into his arms by Xiao Xun Li, before she recovered, he kissed her on the cheek.

"If the mountain doesn't come, it will be me, and I will go to the mountain."

Outside the door, Xiao Junxi was still taunting Xie Zhihui, "Your mother has already agreed with my mother that you will be betrothed to me, and the only thing left now is to exchange invitations. Marriage has been a major event since ancient times, and the parents ordered the matchmaker's words. You are thanking me." The girl from my family has read a lot of poetry and books, so don't you even understand this truth?"

Xiao Junxi was followed by a group of sons of the rich and powerful, who were divided into groups.

Xie Mingcheng was trembling with anger, and pointed at Xiao Junxi's nose, "You mustn't say that my sister's marriage will be decided by my grandfather. For a person like you, even if my sister can't get married, she won't marry you."

"Okay, you're ruthless, I'll just wait until your sister can't get married, and your mother comes to curry favor with my mother again, insisting on giving your sister to me! Don't you know what your sister is worth now? Hehe, Hong Yanxuan It's a thing that I don't want to play anymore..."

Before he finished speaking, he heard a scolding voice, "What are you still doing in a daze? Call me and teach him how to behave!"

Du Yuan and Du Yun rushed forward, they punched and kicked Xiao Junxi so that he was rolling on the ground, Xie Zhiwei was so angry that his face was livid, walked over, looked down at Xiao Junxi on the ground, "Aren't you good at cursing? In the capital, even a shrew who can scold people to death can't beat you. I think you can retreat 100,000 soldiers from Xiliang with just one word. Don't worry, I'll save your life today." , Tomorrow, I will write a letter to the prince, asking him to conscript you into the army, and Dayong will recover the sixteen prefectures of Yanyun, and it will be up to you!"

Pfft!

In the lobby, someone couldn't help but laugh out loud, and the others didn't have to hold back their laughter to cause internal injuries, they laughed out loud.

"Oh, I just said that something doesn't sound right, so it's true. Really, it seems that the woman in our neighborhood doesn't take a nap when she scolds people."

"Hahaha, Mr. Xiao can retreat 100,000 soldiers with just one mouth, that's amazing!"

"What kind of civil and martial arts do you need to learn? It depends on the prince conscripting him into the army." "The Emperor Taizu has an order that whoever recovers the sixteen prefectures of Yanyun will be made a prince. Alas, we will call him the eldest son in the future." Say hello!"

Everyone knows that the prince Xie Zhiwei is talking about is naturally His Royal Highness Chen Wang. Only then did Xiao Junxi open his swollen eyes, and when he saw clearly that the woman in front of him was Princess Duanxian, he immediately became angry. "Princess Duanxian, where did I go wrong? It was originally the marriage that my second aunt and my mother made. When I saw my cousin and said hello to her, she turned her eyebrows coldly, making me ashamed."

In the past, if the two families engaged in marriage, if they did not exchange Geng Tie, they would have to keep it a secret from each other, for fear that the matter would become dirty and it would not sound good if it was revealed, especially if the woman's reputation would not be very good.

Xie's family only Xiao Xiao said it doesn't count, this matter has not been written yet, what is Zhongjing Palace trying to do?

Xie Zhihui was very angry at first, but now seeing her sister coming, she was not angry at all, and walked over and said, "Big sister, don't worry, let him say what he wants!"

"That's unbelievable. My daughter of the Xie family will not be insulted at will. Today, if Mr. Xiao can't kneel in front of my second sister to apologize, if she dies on the battlefield in the future, don't blame me for not reminding her today." you!"

Today's update!

Dear friends, remember to vote after reading it. It's the end of the month, and the tickets will expire if you keep them!

## Chapter 559 Sudden death

Xiao Junxi said angrily, "Xie Zhiwei, don't forget my identity, I am not just a cat or a dog, I am also the blood of Emperor Taizu!"

Xie Zhi sneered slightly, "My dignified prince and concubine, the same royal clan, you are a concubine of the county prince's mansion, and you bullied others and bullied me. Who gave you such a big face? The princess of the county?"

Da Xiao's family has been married to Prince Zhongjing's mansion for many years. So far, she has only one daughter and has no children. It seems that she will not be able to give birth to a son. A few years ago, Xiao Junxi's biological mother died of illness, so Xiao Junxi was recorded in Da Xiao's name. Excuse me, but no matter what, his status as a concubine is a certainty. Whether he can be canonized as the son of the county prince's mansion in the future depends on the emperor's mood.

A long follower beside Xiao Junxi saw this, hurried over, and said to Xiao Junxi in a low voice, "Master, for the sake of the one in the palace, it's better not to offend the princess."

The one in the palace is naturally Lu Yan, and the Zhezi who was invited by the county prince's mansion has to go through Lu Yan to reach the imperial court. This is also the reason why the Da Xiao family planned for him to marry Xie Zhihui. .

He knew very well that the matter was of great importance, but it was impossible for him to apologize to Xie Zhihui, his future wife.

"Young master, the future will last forever!" As expected of Xiao Junxi who was chosen by Xiao Junxi by the Da Xiao family, once he said that, Xiao Junxi also understood that when he married in the future, it would not be too late to clean up.

As the saying goes, ten years is not too late for a gentleman to take revenge.

He knelt in front of Xie Zhihui, "The next time I was in a hurry, I offended the girl, and I asked the girl to be generous, forgive me!"

Xie Zhihui quickly took two steps back, afraid of being tarnished by the aura of this person, but Xie Zhiwei said beside him, "Young Master Xiao, are you talking about making an apology? Do you want my maids to teach you? "

Xiao Junxi was frightened by Du Yuan and Du Yan, he quickly kowtowed and said, "Girl, you uttered lies and almost ruined your reputation, please forgive me!"

As he said that, he slapped his face with the left and the right, and there was an evil fire in his heart. He will tell his mother when he goes back today, to settle the marriage as soon as possible, and he must let the sisters of the Xie family nice!

Xie Zhiwei gave Du Yuan a look, Du Yuan rushed up, kicked Xiao Junxi down the stairs, Xiao Junxi's body rolled down like a big water tank, screaming, almost toppled the roof.

Everyone gasped, everyone was as frightened as a quail, and no one dared to speak out, for fear of offending Xie's family by saying that sentence badly.

Xie Zhiwei looked around, saw everyone in his eyes, and said loudly, "The second sister of the princess is innocent and virtuous. Today, being humiliated for no reason is tolerable or unbearable. This is the end of the matter. If you dare to spread the word about my second sister outside, no matter how high the sky is or how far the water is, my Xie family will come to you and make a clear distinction."

Everyone hurriedly got up and cupped their hands, and one of them said, "The princess speaks seriously. I understand the so-called 'three people become a tiger'. Don't worry, the princess, I didn't hear Mr. Xiao's nonsense today. If in the future, There were one or two noises outside, and we will come to investigate before the princess speaks."

"It's so good! Today's incident happened for a reason, and the little girl must have offended me. All of you's expenses in Panlou should be counted on my account, so please have fun!" Xie Zhiwei finished speaking, and asked someone to come up with Panlou's anecdote. , said the order.

The shopkeeper laughed, and when sending everyone from the Xie family out, he whispered to Xie Zhiwei, "My lord, the lord has sent a message, and the lord will bear all the expenses. This restaurant is the lord's property."

Xie Zhiwei was stunned for a moment, but his face was half hidden, and he smiled, "Then thank you, my lord!"

She winked at Dou Xiuniang. After serving Xie Zhiwei into the carriage, Dou Xiuniang turned around and stuffed a purse into the shopkeeper.

It was still early, but after this incident, no one was in the mood to continue playing. A group of people went back in a mighty manner. It was not until they entered Xiaotianshuijing Street that Xie Zhiwei calmed down and thought about it carefully.

However, before she could figure out why, Xie Zhihui, who was in the same car with her, took her by the sleeve, "Big sister, don't feel sorry for me. It's actually nothing. What happened in Famen Temple back

then?" Afterwards, I knew that my reputation would be ruined in this life, and I was only worried that it would affect my elder sister and younger sisters. Fortunately, the third younger sister has a good marriage now, and the fourth younger sister will be watched by the elder sister in the future, so nothing will happen. "

Xie Zhiwei thought for a while and said, "Fame is only for a moment, not for a lifetime. People in the world are easy to forget, and time will smooth out many things. I can rest assured if you can think about it. If it really comes to the time when I can't do anything, I will follow the prince in the future." Just fan, I will find a good family for you in Beidi when the time comes, you go to Beidi to accompany me, and we sisters can still communicate with each other."

Xie Zhihui's eyes lit up, "Really? Big sister, can I really go to Beidi with you?"

"Of course, as long as you are willing to leave the capital."

Xie Zhihui clasped her hands together, closed her eyes, and said a Buddha's name. When she opened her eyes, there seemed to be stars twinkling in her eyes, "Big sister, Xu Liang followed her brother-in-law to Beidi. If he mentions this again, I will just promise him, as long as I'm with Big Sister, I'm not afraid of anything!"

"Fool!" Xie Zhiwei was very moved, and took Xie Zhihui's hand, "If you only agreed to him because of this, you must not agree, lest you harm him and yourself in the future."

Back at Xie's house, Xie Zhiwei went to Qijianzhai first, and told her grandfather what happened today, she was filled with righteous indignation, "Grandfather, granddaughter means, since Second Aunt's madness is still not cured, don't let her Deal with the outside world, so as not to harm others or yourself."

Xie Tiao was so angry that he trembled all over, and said angrily, "Go and call the second master!"

Shen Shuang's legs trembled with fright, her voice trembled, "Yes!"

She went there in a hurry. After serving the old man for so many years, Shen Shuang had never seen the old man get so angry.

Xie Zhongbai was in Aunt Yu's yard, and rushed over after hearing the news. After hearing what his father repeated, he almost broke the teacup in his hand.

"You said she was thinking about her mistakes behind closed doors. Is that how she thinks about her mistakes behind closed doors? From today on, let your daughter-in-law serve the old lady, and the Fuhe courtyard will be free. If she is still restless in the future, she will die violently!"

"Yes!" Xie Zhongbai couldn't bear it when he heard the word "violent death". The sadness in his voice hardened his heart.

"Mother, did you really tell your aunt that you want to betroth your younger sister to the eldest son of Prince Zhongjing's mansion? Did you agree to your aunt?"

In the Fuhe courtyard, Xie Mingcheng questioned Xiao Shidao.

The first update!

## Chapter 560 Waiting Illness

Mrs. Xiao leaned on the couch, looking at Xie Mingcheng's sad and angry expression, she couldn't understand, "Prince Zhongjing's mansion has no legitimate sons, and the eldest son is recorded under your aunt's name. Once this marriage is settled, your aunt will What's wrong with asking the prince of the county to make Zhezi the eldest son of the concubine, and your sister will be the concubine when she gets married in the future?"

"King Zhongjing is also the blood of Emperor Taizu. Although Mr. Xiao is the eldest son of the concubine, isn't the king of Chenjun the eldest son of the concubine?" Xiao was very dissatisfied with his son's questioning, "I'm not doing it for your sister's good. Sisters from a family, when you were in the Xie family, your younger sister was not as good as the big girl, so is it possible that the future husband's family will be dominated by the big girl?"

Xie Mingcheng only felt that his mother was crazy, "The Duke of Chen has already become a prince. Even if the eldest son of Prince Zhongjing can inherit the title of Duke of the county in the future, he will never be better than a prince. Mother, if you are not as good as the sky, then What is mother going to do?"

Xiao couldn't believe it, and stared wide-eyed, "How is it possible, how could there be two princes in one mansion? Besides, why can Xiao Xun become a prince?"

"Why, relying on the great military exploits of the elder brother-in-law, relying on his own strength to frighten the enemy forces of the three countries, relying on him alone to guard the northwest border, so that the enemy countries will not dare to offend. Mother, son is not stupid, why did the Zhongjing Palace marry our family? The Taizu has ordered that the concubine cannot inherit the title, if there is no son, the title will be taken back after a hundred years from the county prince, the county prince's mansion wants to use the power of the Xie family to keep their title!"

Xiao's face turned red rarely, she didn't know it. But it was her elder sister who could not give birth to a son in Prince Zhongjing's mansion, and her sister had always treated her kindly. She could not just sit and watch Prince Zhongjing's mansion lose its title because of her sister, and be despised by the county prince.

Even if she knew that the eldest son of Prince Zhongjing's mansion was disabled by her sister, so what, the eldest son's title was obtained by her daughter, would she dare to treat her daughter badly in the future? "

How could Xiao Xun be crowned prince? He is less than fifteen years old, right? He has made great military exploits, huh, who are you kidding?

However, Xiao also knows that her son can't lie to her, but in this way, if she plans these things for her daughter, will she still lose to Xie Zhiwei in the end?

After all, it's all because of her daughter's failure to live up to expectations. Xie Zhiwei was able to catch such a wealthy son-in-law. The daughter really has a brain for nothing.

"That's all I can plan for your sister. Your sister doesn't live up to her expectations, and the mud can't support the wall. What can I do? You said that the Xie family can help keep the title of Prince Zhongjing's mansion. Your aunt loves you a lot. , why don't you try to do your best?"

boom!

The door was kicked open, Xiao jumped up in fright, Xie Mingcheng hurriedly looked over, and saw his father coming in with a livid face, his heart couldn't help but raise.

He is Xiao's son who was born in October. He knows that Xiao's stupid things have ruined his sister, but he still can't bear to see his mother being punished by his father, but let him watch his mother avoid punishment. Not reconciled.

In this world, who has done something wrong and can not pay the price?

"Dad!"

A clear voice sounded behind Xie Zhongbai, Xie Zhongbai froze all over, he turned his head and saw Xie Zhihui coming.

"Hui'er?" Xiao Shi suddenly saw her daughter, feeling sad and happy.

Xie Zhihui glanced at Xiao Shi indifferently, didn't pay much attention to it, and walked up to Xie Zhongbai, "Father, if it's because of the daughter, the daughter begs the father to let the mother go."

"Hui'er!" Xie Zhongbai was so distressed that he couldn't help himself. How painful his daughter must be. It was her own mother who hurt her like this. She hurt her again and again, but she couldn't do anything.

"Father, I made an agreement with my eldest sister. In the future, my eldest sister will follow her brother-in-law and she will find a way to take me there. I was in the capital, and my reputation was ruined, but when I went to the north, no one knew me, so it didn't matter." of."

She said, walked in front of Xiao Shi, said nothing, knelt down, kowtowed three times, raised her head, she turned and left without looking at Xiao Shi.

"Hui'er!" Xiao felt that she was about to lose something. She wanted to rush out, but was stopped by the gatekeepers. She could only watch Xie Zhihui walk out of the courtyard, without even turning her head.

"Master, go and tell Huier, how can the eldest girl treat her well? The purpose of bringing her to Beidi is to harm her. She is a princess herself. Take Huier there, and she can find her." What a good in-law's house..."

Xie Zhongbai took a deep look at Xiao Shi, threw her away, walked out by himself, and ordered, "The second wife has recovered, and the old lady has no one to take care of her bed. Send the second wife to the old lady's room." Let the second wife wait on the bed."

Ms. Xiao was stunned, "Master, what are you talking about? Ask me to serve the old lady? Why?"

"Why? As a daughter-in-law, you are especially valued by the old lady. Now the old lady is blind, old and weak, shouldn't you go to serve the sick?"

"Where is sister-in-law? Why not sister-in-law?" Xiao roared, "Why me?"

Xie Mingcheng was taken to the front yard by Xie Zhongbai to be educated since he was a child, and he rarely got along with Xiao Shi. It was the first time he saw Xiao Shi's hysterical appearance, and it was because he refused to serve the old lady. He just felt that the world was turned upside down. all of them.

"Mother, is it wrong for an elder to be filial to the bedside when an elder is sick? My aunt has to take care of the daily life of the whole family, and I am tired of feeding the family on weekdays. Since my mother has so much free time Why can't you be filial in front of the old lady?"

Ms. Xiao was very angry. This is her son, the son with high hopes. Instead of standing on her side to defend her, instead of blaming her again and again.

Ms. Xiao slapped Xie Mingcheng across the face, pointed at the door, and shouted angrily, "Get out, get out, I don't want to see you again, I don't have you as an unfilial son!"

Xie Mingcheng covered his burning cheeks, tears were about to fall from the grievance, Xie Zhongbai looked at it with distress, "Cheng'er, you go out, this matter has nothing to do with you, it's not your turn to take care of it."

"Yes, Father!" Xie Mingcheng covered his face and rushed out without looking back.

He went outside the yard and saw Xie Zhihui standing under the big camphor tree, holding a rabbit lantern. He was very surprised, walked over and said, "Big sister."

"Brother, did she hit you?" Xie Zhihui looked at Xie Mingcheng's face, not surprised at all, "Brother, don't come to the backyard in the future, study hard by yourself, take good care of Brother Yuan, don't worry about the backyard. I'm worried."

Xie Mingcheng clenched his fist, feeling very disappointed, "Are you really going to go to Beidi with big sister?"

Speaking of this, Xie Zhihui had a smile on his face, "Brother, what do you think of Yongxinbo Shizi?"

Xie Mingcheng was very surprised, knowing that his sister would not ask such a question for no reason, so he said, "You mean...?"
