

## The Power 561

### Chapter 561 Fame

Xie Zhihui's face turned a little red with shame, but her expression was very calm, "If it was before, it might still be possible. I heard from my elder sister that the son of Bo Yongxin followed my brother-in-law. In the future, my elder sister will go to Beidi, I can also go together, but now, what happened today, I don't know."

Xie Zhihui shook her head, but there was no sadness in her expression. She seemed to have been completely reborn. Those injuries, after scabs formed, were vigorously shaken off by her, and fresh and tender granulation sprouted.

Xie Mingcheng was very relieved to see it. He raised his hand and stroked his sister's head, "If he minds, it means he is not a good match. If he doesn't mind, he will not change his mind easily in the future. Isn't this a test?"

In the Yizhao courtyard, Xie Zhiwei turned off the light and went to bed early after taking a bath. She was worried that Xiao Xun would come over, and when she saw that there was a light in her room, she came in to make trouble again. , This cold weather will kill people.

Unexpectedly, when she was about to fall asleep, she heard the sound of breathing coming from the warm pavilion, and she almost screamed in fright. She touched a small machete from under the pillow and asked in a low voice, " who?"

Xiao Xun woke up after a nap, it was already dark outside, when he heard Xie Zhiwei's voice, he hurriedly whispered, "Mei Mei, it's me!"

Xie Zhiwei breathed a sigh of relief, she opened the curtain, and by the moonlight, saw Xiao Xun standing in front of her bed, feeling a little helpless, "Why are you here?"

Xiao Xun had already changed his clothes, he sat down on the pedals, "Mei Mei, I said I will come to talk to you at night!"

While speaking, he hung the tent on the silver hook, pulled up the quilt, and wrapped Xie Zhiwei up, a little embarrassed, "I accidentally fell asleep in the warm room just now."

"You..." Xie Zhiwei was speechless, what if the maids found out?

Fortunately, they are now an unmarried couple. Even if they are seen by the maids, they don't seem to be so embarrassed. Xie Zhiwei is doing psychological construction, and after convincing herself, she feels much more at ease. He lost his principles and gave in, but he was willing to do so.

In her previous life, she was not like this. She abided by the rules and never made herself a mistake. On the wedding night, if Xiao Changxuan did not come to her room, she would not feel resentful. Even later, Xiao Changxuan never stayed in her room overnight. She also took it for granted and did not dare to feel jealous.

But what about this person in front of him?

Even though the moonlight was very hazy, Xiao Xun could still see that there was a trace of sadness on Xie Zhiwei's eyebrows, and he couldn't help being very worried, "Mei Mei, what's wrong? Did I make you feel uncomfortable?"

Xie Zhiwei shook her head slightly, she held Xiao Xun's hand, "I just thought of something, by the way, Ah Xun, if you come back, will Xu Liang be with you?"

"No, he is not as fast as me on horseback. Besides, they are all back. Who will guard the border for me? What's wrong? Is it about your second sister? Before I came back, Xu Liang asked me to ask your second sister for him. I thought it was troublesome, so I didn't agree."

Xie Zhiwei said, "You have also seen what happened to my second sister in Pan Lou today. Although I also told people not to let people talk about it, the second sister's reputation has been ruined."

Xiao Xun raised his hand to stroke the imprint between Xie Zhiwei's eyebrows, "What is this? Reputation is something that men care about before they are famous. Men who don't care about it are nothing. Don't worry, the matter of your second sister is on my shoulders, if she marries Xu Liang, Xu Liang will definitely follow me in the future. This kid beats people hard and is good at fighting. I plan to keep him in Beidi. In the future, your second sister will follow. There is a connection."

He said, his voice softened, "Mei Mei, do you know that I am afraid that you will go to the north with me in the future, and you will not get used to it. After all, it is far away from the capital, and it must not be as good as here."

"Not necessarily, I really want to go to the Northland." Xie Zhiwei was very heartbroken, "There must be a lot of herbs that I have never seen before, and there are many mountains over there. When the spring is warm and the flowers bloom, I can go to the mountains to dig. Herbs, when you conquer Yanyun Sixteen States, we will take care of it very well."

as your backing!

The moonlight shone on the two of them, and as they talked, Xiao Xun sat on the bed, and after talking for a while, he hugged Xie Zhiwei in his arms. He fell asleep without hesitation.

Xiao Xun was reluctant to let her go, and looked at the girl's face in the moonlight, she didn't know what she dreamed of, the corners of her lips were slightly upturned, looking very happy, Xiao Xun was stunned, secretly kissed her lips like cherry blossom petals There was a kiss.

At five o'clock, the light was turned on in the study room of Lu's house on the old Caomen Street, Xiao Xun got in like a night owl, Lu Yan was holding his belted hand, turned his head and saw Xiao Xun, not at all. Surprised, he laughed, "I also said, when did you come over!"

Xiao Xun sat down at the table and poured a cup of tea for himself, "Brother, after Mei Mei and I went to Beidi, will you really be able to come here soon?"

Lu Yan came over and sat down across the table from him, "What's the matter? Didn't we agree? After I take care of the affairs of the capital, I will go there. Next spring at the latest, you will take Tuo Ba Sigong left it to me."

"Brother, let me let Meimei go there at that time. When you go over, I will conquer the Sixteen States of Yanyun. Since I am the commander of the Shaanxi capital, the entire northwest land is under my control. There is also half of the country in Xiliang, at that time, we will have the confidence to compete with him."

There was only one candle lit in the room, but a red moon seemed to rise in Lu Yan's bewitching eyes. He smiled, "Yes, it will be soon!"

"But, brother, we still have to take down Xiliang, how long do you think it will take?"

"Three years, or four years, there will always be that day."

"Well! That's the deal!" Xiao Xun stood up and clapped hands with Lu Yan. The two brothers looked at each other, and they both saw firm belief and courage in each other's eyes.

Xie Zhiwei woke up, she was wrapped tightly in the quilt, she couldn't move her hands and feet, she couldn't help laughing, it must be Xiao Xun's masterpiece.

After getting up and washing up, Xie Mingxi came to accompany her to have breakfast, Bai Lingfeng rushed in, "Girl, Prince Xiang is here, and stopped the old lady at the gate of the yard, saying that he came to discuss the marriage."

"What kind of marriage?" Xie Zhiwei wondered, the emperor asked the Ministry of Rites to handle her marriage with Xiao Xun, so it would not bother Prince Xiang at all.

"Prince Xiang said that he was entrusted by someone to secure a good match for the second girl." Bailing heaved a sigh of relief. The second girl's marriage has been full of twists and turns, is it finally on the horizon now?

The third update!

## Chapter 562 Media Protection

King Xiang came to protect the matchmaker for the second girl? What is Xiao Xun trying to do?

But Xie Zhiwei knew that Xiao Xun was never a person who did what he wanted, and this matter was related to herself, and Xiao Xun would not make her own decisions.

"Go and call the second girl!" Xie Zhiwei instructed Bai Ling.

After a while, Xie Zhihui came. Seeing that breakfast was already on the table, Xie Zhiwei was still sitting in front of the window reading a book. Seeing her coming, he hurriedly said, "Have you used the breakfast? If you haven't, just eat it." Use some with me."

Xie Zhizhi said, "I know that big sister must have delicious food here, so I am useless and come here directly."

The two sisters sat at the table and ate breakfast. After each ordered tea to rinse their mouths, they moved to the window and sat down.

Bai Ling went to inquire about the news again, and said to Xie Zhiwei, "Miss, the old master has already sent Prince Xiang away, and said that Lord Ruoxiang is here for the sake of the girl and His Royal Highness, and everything is easy to discuss, but if it's for other things, the old man doesn't want to talk about other things for the time being."

This means to flatly reject the matter of Yongxinbo's family.

Xie Zhihui was still very ignorant, not knowing what Bailing was talking about, and looked at the big sister blankly.

Xie Zhiwei pondered for a moment, "Prince Xiang is here for Xu Liang's affairs, to protect you and Xu Liang, and my grandfather probably doesn't want you to marry into the Yongxin uncle's mansion. This matter needs to be discussed in the long run. If grandfather treats you better naturally, I don't want you to follow me to the Northland, it's still very dangerous there."

"Even if it's dangerous, it's not that some people have taken root in the Northland. How many people want to return to the Northland after they get old, and the fallen leaves return to their roots. That land still supports many people and carries the dreams of many people."

Xie Zhihui held Xie Zhiwei's hand, "Big sister, I've already thought about it. If I go to Beidi, I can be with my big sister. I still want to go."

Many people don't want to marry far away, and they don't want to be too far away from home, because they are afraid of dying in the in-law's house and don't know why. On the side, she will have some confidence in her heart, but Xie Zhihui has no worries in this regard. She just wants to stay away from her mother now.

Xie Zhiwei thought for a while, "Don't worry, if you want to accomplish something, you have to wait for an opportunity. Now that I know what you think, I can plan it later."

"Well, I'll wait for the good news from big sister." Xie Zhihui only felt that her heart was full of hope, as if the harm and blow brought to her last night didn't exist.

At the door of Qijianzhai, King Xiang refused to leave. He stood under the eaves, admired the scenery in the yard for a while, and said to Xie Tiao, "What kind of prejudice does Mr. Xie have against that child? Listen to Ah Xun, would he know there is a war, Lord Xie, in the future, his grandsons will all be great talents on the apricot list, and his grandson-in-law will be a fierce general who is good at fighting, and he can sing "Full Bed Hut", how wonderful!"

"My lord, please be careful with your words!" Xie Tiao was so frightened that he almost lost his soul. He thought to himself, why did he marry such a person? King Xiang is a lord, so there are many things to say, but the Xie family can't do it. The emperors of all generations regarded the Xie family as a thorn in their side. If this word reached the emperor's ears, wouldn't he have to choose Bai Ding for marriage in the future?

"Are you afraid that my brother will hear this? Oh, don't be too cautious. You are like a tortoise. What are you afraid of? My son Xiao Xun is your grandson-in-law. What's the matter? The palace will stand up and speak for you."

Xie Tiao wished he could rush up and cover King Xiang's mouth, just as Xie Yuanbai came over, he said to King Xiang, "My lord, since we became married, it's almost a gift, and we've never drunk tea together before. Please move your lord to my study, I just have something to discuss with you."

Xie Yuanbai is versatile in both civil and military affairs. King Xiang cherished Xie Yuanbai's character very much before. Hearing this, he felt nothing but, "It's really a blessing that I have cultivated in three lifetimes to be able to marry you, my brother!"

When he arrived at Xie Yuanbai's study, King Xiang began to complain, "Brother, I came this time to protect the second girl in your mansion. It looks like a reporter, why bother?"

Xie Yuanbai naturally wouldn't speak ill of his father, he beckoned the book boy to serve tea, and said with a smile, "I wonder whose son it is?"

"The title is a bit low, and the status is a bit out of the question. He is the son of the Yongxin uncle's mansion, but, you also know, that kid Xu Liang is pestering my son, who is your son-in-law, all day long. Xu Liang will definitely I want to follow your son-in-law and my son to settle down in the Northland, if the second girl marries Xu Liang, in the future, the two sisters will still be able to move around in the Northland with the princess, right?"

"Puff cough cough!" Xie Yuanbai coughed, he quickly covered his mouth with a handkerchief, and after waiting for a while, he said, "My lord, I don't know whose idea this is?"

It's no wonder the old man is angry, is he trying to abduct the two girls from the Xie family to a place like Beidi?

"It's neither my idea nor Ah Xun's idea. It's Xu Liang's own idea. He wants to be brother-in-law with Ah Xun." Prince Xiang was honest.

Xie Yuanbai shook his head, "Marriage matters, you have to pay attention to your love and I am willing. If you get married for these reasons, let alone the old man who is my uncle, he will not agree. Men can take concubines in the future, but what about the daughter's family? If you can't get the pity of your husband, it will be a miserable thing to live in the backyard for the rest of your life!"

"Oh, brother, what you said is too true. But we have to look at who it is. Some women don't deserve your sympathy at all."

Xie Yuanbai smiled, and kept King Xiang for lunch, but the Xie family still refused to let go, and King Xiang had no choice but to go out the door, got into the carriage and returned to the mansion.

In the palace, the emperor soon knew that King Xiang had entered the door of Xie's house, so he couldn't help frowning and asked Lu Yan, "Ah Yan, you said he went to Xie's house to protect the matchmaker? The actor can't let him stop for a moment, and now he's doing the work of mediators again? Who is he mediators for?"

Lu Yan handed a bowl of herbal tea to the emperor, "If you go back to the emperor, I heard that it is for the son of Yongxin Bo and the second daughter of the Xie family to protect the matchmaker."

"Xie Tiao would let his granddaughter marry a shabby household like Uncle Yongxin's mansion?" The emperor only thought that King Xiang was whimsical, "Why, he was the one who imprisoned Uncle Yongxin in the imperial prison, but now he is the one who sent him out of his heart. Guilty?"

I heard that Bo Yongxin was released from the prison and was ill for two months.

"It shouldn't be for this reason. Yichen guessed that it should be His Royal Highness Chen's idea. The son of Yongxin Bo is now under the command of the King of Chen. Give it to Yongxinbo Shizi, the princess will have a sister in Beidi."

Today's update!

Dear friends, it's the end of the month, the ticket will go away, if you don't vote, it will expire.

### Chapter 563 Secretly

When the emperor heard it, it was a good thing, but why didn't the Xie family agree?

Lu Yan pretended not to guess the emperor's mind, and said, "It's just that something happened in Pan Tower last night. Presumably because of this, the Xie family will be extra vigilant, and will not easily marry the girl to the Yongxin uncle's mansion."

"What's up?"

Lu Yan told about the matter of Prince Zhongjing's residence, "Second Mrs. Xie Jia didn't know how to negotiate this marriage with Princess Zhongjing in private, but she couldn't decide this marriage herself, and I don't know if it's because of this. , the eldest son of Prince Zhongjing's mansion actually compares himself with His Highness Prince Chen, not to mention that the second daughter of the Xie family may not have a good reputation in the capital."

The emperor laughed angrily when he heard this, "Princess Zhongjing's idea of killing two birds with one stone is really well done. I'm afraid I'm thinking of using my niece and niece to win over the heart of the concubine, so that I can have someone to rely on when I grow old."

Lu Yan smiled and praised, "The emperor is still wise!"

The emperor suddenly thought of something, and asked Lu Yan, "Has Xun sneaked back again?"

Lu Yan lowered his head and said, "You can't hide anything from the emperor. His Royal Highness Prince Chen returned to Beijing last night, and the subject only found out this morning, and he is about to report to the emperor."

The emperor was furious, "When is this? He's back. Who will preside over the affairs in the northwest?"

Lu Yan thought for a while, "Calm down your anger, the current body of the emperor can no longer be angry. If there is any good thing, there are ministers to share the emperor's worries. The emperor only needs to relax and recover from illness."

The emperor was very touched, and waved his hand, "I know that you are thinking of everything you do, but this important town on the northwest frontier is just handed over to the king of Chenjun. He treats him like a joke every day, how can I sleep well?" ah?"

"Your Majesty, in three months, His Royal Highness Chen Wang will be married. At that time, he will also be an adult, and he must become calmer. Your Majesty, please wait patiently."

"Is Hong Jizhong still alive?"

"If you return to the emperor, Hong Jizhong will not have this blessing, and will not survive the past winter."

The emperor breathed a sigh of relief. It was he who gave Hong Jizhong a secret decree that Hong Jizhong would report on Marquis Dingyuan and Princess An. Later, Hong Jizhong had a secret decree to collude with Xiliang.

It's not that he didn't think that Hong Jizhong would have a second heart, so for so many years, he has shown great kindness to Hong Jizhong, but he didn't expect that Hong Jizhong didn't know good from bad, and threatened him with this matter.

As the king of a country in Dayong, what did he do wrong? After all, Princess An is a sibling of the false emperor, and she is dedicated to the false emperor. The 70,000 cold feather army in the hands of Marquis Dingyuan will rebel sooner or later, he just acted a little too quickly.

Coming out of the Linde Hall, the early spring sunshine shone on Lu Yan's body, and his eyes, which were always bewitching, were covered with a layer of frost. body.

In the imperial prison of Dongchang, even in broad daylight, there are still wall lamps hanging on the walls, and the dim light goes down the passageway, as if extending into the \*\*\*\* of the underworld.

Seeing the governor coming, the Dongchang fanzi all avoided, lowered their eyebrows and lowered their eyes, extremely respectful.

After the nine bends and eighteen bends, on the wall of the innermost cell of the edict prison, there was a man with disheveled hair, torn clothes, festered flesh and bones, exuding a disgusting aura.

Seeing that the governor stopped in front of this person again, a hundred households quickly moved a chair and placed it in front of this person. The little \*\*\*\* behind Lu Yan hurriedly went forward to wipe the chair clean, "Master Du, Please sit down!"

Lu Yan lifted his robe and sat down. He raised his eyes to look at the man, the flames on the four walls danced at the end of his eyes, and a bloodthirsty demon turned into a Firefox, as if about to leave his body. .

The person on the wall heard the movement and raised his head slowly, who is it not Hong Jizhong?

"Lu Yan, what do you want? You killed me!"

"Kill you? There is no need, you are already dead!" Lu Yan took a cup of tea handed over by the little eunuch, picked up the lid with his two jade-like fingers, and gently moved the tea leaves, took a sip

slowly, the dignity and elegance all over his body made him feel like he was in the midst of peach blossoms.

"Today, the emperor asked me, is Hong Jizhong still alive? This seat said that Hong Jizhong's blessings have not survived the past winter. Guess what the emperor said?"

Hong Jizhong's heart skipped a beat, and despair appeared in his eyes, "Lu Yan, how can you let me go?"

"Back then, my father asked you the same way. Hong Jizhong, how can you let me go and give me a way out? What did you say? You said, Lord Hou, it's not that I refuse to give you a way out, but that the emperor He wants your life!"

Lu Yan smiled, his lips were red and his teeth were white, smiling like a male demon, "I dare not let you go, I let you go, my mother, my sister will not let me go, after so many years, I want to have a nightmare Unexpectedly, they never come into my dreams, if I let you go, they pester me every day, what should I do?"

"I just want to die!"

Lu Yan seemed to have heard a big joke, and stood up suddenly, "Death? Who doesn't want to die? Don't you want to? Lord Hou, don't dream, your wife, children, I will help Lord Hou arrange them well. Yes, Master Hou can enjoy his happiness here!"

"Lu Yan, you, what are you going to do with them?"

"Your daughter said that she wants to serve me. It's ridiculous. I'm an eunuch. Why do I want the concubine's daughter to serve me? Your son, I haven't figured out how to do it yet. Maybe it's most appropriate for him to inform Huaiyuanhou But it's okay, your wife, a half-aged lady, leave it to the Secretary of Jiaofang."

"Lu Yan, you are so ruthless! Killing people is nothing more than nodding your head. Are you not afraid of retribution for committing crimes like this?"

"Retribution? Don't you think I'm suffering retribution now?" Lu Yan gritted his teeth, and grabbed Hong Jizhong's neck, "If you can come up with the secret decree, it's not like I can't Consider letting you go."

Hong Jizhong laughed loudly, "Lu Yan, do you think I'm a three-year-old child?"

"Of course not, Lord Hou, but the son is. You said the son should find out something to inform first? Or is someone preemptive?"

Hong Jizhong's eyes stared straight, "Lu Yan, as long as you promise to let go of my son, I will recruit anything. The secret decree is placed in my wife's dowry in the suburbs of Beijing. Don't you want to move Huaiyuanhou? Benhou told You, Your Majesty, have colluded with Xiliang, and it has always been Marquis Huaiyuan who was the one who connected them, and Ren Fu is actually Marquis Huaiyuan."

Lu Yan dismissed it, looked at Hong Jizhong with a smile, and when he finished speaking, Lu Yan ordered, "Take care of him, let him live well, and send him on the road after Yiwuhou's family is on the road."

As soon as Lu Yan finished speaking, a little \*\*\*\* crawled in, "Master, someone sent the news that Miss Hong died on the second day of the first lunar month. She died of Hualiu disease."

The first update!

#### Chapter 564 Cousin

Lu Yan couldn't help but look back, just in time to meet Hong Jizhong's cannibalistic eyes, Lu Yan bent his lips and smiled, "Master Hou only had one son and one daughter in his life, what a pity!"

"Lu Yan, you let my son go, what conditions do you want?" Hong Jizhong begged humbly.

Lu Yan left without looking back. Behind him, Hong Jizhong's scream of tearing the roof was heard, followed by a disgusting burnt smell wafting out.

The little \*\*\*\* who was accompanying Lu Yan was almost fainted by the smoke. He squeezed his nose and rushed outside and began to vomit.

When we got to the door, the carriage was busy. Lu Yan got on the carriage and leaned against the wall of the carriage. The warm sun in early spring was not yet ready to melt the ice and snow. As the carriage was driving on the street, you could occasionally see a branch of tender yellow handed out from the corner of a certain house. winter jasmine.

Xie Zhiwei was shopping with her mother. For her marriage, Yuan Shi hadn't had a good night's sleep since the wedding date was set. She wished she could move all the shops in the entire capital to her home. She hardly had any If you don't come to the street for a walk someday, you have to buy back everything you see.

Today, Yuan Shi made an appointment with several silver shops to make jewelry. Xie Zhiwei had to come and see how they looked. After seeing a few shops, Xie Zhiwei accompanied Yuan Shi out of the shop and saw Lu Yan's carriage passing by. .

It was Mi Tuan who was driving the carriage. When he saw Xie Zhiwei, he let out a "sigh" and stopped the carriage slowly.

Lu Yan sat in the carriage, hesitated for a moment, and then opened the curtain of the carriage.

"Master Lu!" Xie Zhiwei came over and greeted Lu Yan. Lu Yan looked up and saw that it was a silver house, so he glanced at Xie Zhiwei's head, "Is the princess here to choose jewelry?"

Xie Zhi smiled and said, "My mother is afraid that I don't have enough jewelry, so she insists on dragging me to look at the jewelry. Master Lu, are you going back?"

The two of them exchanged only a few words, when Zhuang Fengzhi, who was hiding in a carriage on the street, saw her. She pointed to Xie Zhiwei and said to the woman beside her, "It's her, did you see clearly? The person in the carriage is the supervisor of the East Factory, If you see it, the carriage will stop when it sees her, if you look for a way, the only way to find her is now."

The woman's eyes sparked with hatred, she pursed her lips, and finally couldn't hold back, and cursed, "Sexy!"

"No, I have a pity that my cousin was deceived by her. They are about to get married, and the emperor is even more indiscriminate. Before she married my cousin, he made her the Princess Chen. Dare I say that there is no such thing as this?" Thanks to the eunuch!"

"Sister Zhuang, thank you, but how can I get in touch with the princess right now?"

Zhuang Fengzhi thought for a while, and said, "If you go to her in private, she will definitely dismiss you easily. She is a femme fatale, and she has a lot of tricks. Otherwise, my cousin wouldn't be fooled by her. She won't marry. If you want her to submit, you can only use coercion. "

"What coercion method?"

"She has to agree, otherwise, you will kneel at the gate of Xie's house tomorrow, and let everyone in the city know that you are begging her, how about it?"

Although it is very shameful, Shao Qiaolan also thinks that this is a good way. In order to save Jinglang, she has no other way to go.

Shao Qiaolan and Yang Jingchuan are cousins, and they have been married since they were young. They only waited for Yang Jingchuan to be named on the gold list this year, and they would become a wedding ceremony. Who knows, after Yang Jingchuan came to the capital, he was sent to prison. She asked many times, if it wasn't for Zhuang Fengzhi This old handkerchief was handed over, and she really had nowhere to go.

"Why wait for tomorrow?"

Shao Qiaolan couldn't wait for half an hour, she got off the carriage immediately, and rushed towards Xie Zhiwei, "Princess Duanxian, please forgive me!"

Zhuang Fengzhi was stunned, she felt two sharp gazes, she didn't have time to think, and hurriedly said, "Go!"

She knew very well what would happen if she was targeted by Dongchang.

Dou Xiuniang hurriedly stood sideways in front of Xie Zhiwei, looked down at Shao Qiaolan who was kneeling on the ground, and said, "Oh, which girl is this? Our princess is not Shuntian Fu Yin, where is this?"

Shao Qiaolan cried tears, and kowtowed desperately on the ground, "Princess, please do me a favor, please let my cousin go!"

"Who is your cousin?" Dou Xiuniang said hotly and sarcastically, "Look at this affectionate and friendly person. If you don't know it, you might think it's your fiancée asking for help. Girl, if you're asking for someone sincerely, please speak clearly. ."

Lu Yan sat in the car, closed his eyes slightly, held back his anger, and also resisted the urge to let Mi Tuan drive up.

"Princess, my cousin is Yang Jingchuan, who was imprisoned by the princess in winter last year, and has not been released yet. Princess, I don't know how my cousin offended the princess..."

Before she finished speaking, a group of Dongchang fans rushed out, grabbed her, gagged her and took her away. The onlookers were still whispering when they heard Qu Baihu threatening, "What are you looking at?" , the members of the White Lotus Sect were encouraged to go to Beijing to scare people, if you dare to talk about it, you are with her."

The ordinary people are afraid of things, and no one dares to talk about it, so they avoid it one after another.

"Don't you know, I heard that their crown prince Li Erlang took a fancy to Duanxian Monarch's medical skills, so he asked this woman to go to Beijing to lobby Duanxian County Duanxian to join them."

"How good is this? Seeing that the beginning of spring is here, if there is another plague, who will help us? This woman is a thief!"

"Princess Duanxian is a goddess, how can she be deceived by her? Don't worry, everyone, the princess loves the people the most, and the princess will not leave."

...

Listening to the discussion on the street gradually getting better, Lu Yan breathed a sigh of relief, he tapped on the wall of the carriage lightly, the carriage started slowly, and Mi Tuan said from the outside, "Princess, the slave will serve the governor first and go back. ."

Xie Zhiwei waved his hand, "We're going back too."

Ms. Yuan patted her chest. She was really scared to death just now, "Mei Mei, it's my mother's fault today. Mother shouldn't have pulled you out. Who knew it was so dangerous!"

"Mother, this has nothing to do with you. Some people are going to target your daughter. Even if your daughter stays at home and doesn't come out, she can't avoid it."

After a while, Du Yuan followed, got into the carriage, and said in a low voice, "Princess, the servants have found out, the carriage that just left belongs to the dealer, and the lady in the carriage is the dealer."

Although Xie Zhiwei rescued the two sisters Du Yuan and Du Yan from Lu Yan in time when they were in Yushou Mountain, but Lu Yan was too ruthless and still forced the two sisters to sell themselves as slaves, and the deed of sale was still in Lu Yan's hands inside,

"Who is the dealer?" Xie Zhiwei couldn't remember when he knew the dealer.

The second update!

## Chapter 565 Informant

Du Yuan stomped anxiously, "Girl, you forgot, Princess Xiang's surname is Zhuang, she is one of the four imperial merchants, and her family is very rich."

Xie Zhiwei couldn't help laughing, "You mean rich, so you can blackmail me?"

Du Yuan's eyes lit up, "Girl, how about..."

She didn't wait for Xie Zhiwei to speak, she turned around and hugged Dou Xiuniang's arm, "Aunt Dou, I heard that the elder brother of the Dou family is from the rivers and lakes. If elder brother Dou is willing to contribute, when we have money, we will share it equally."

Xie Zhiwei saw that Dou Xiuniang was very embarrassed, she stopped Du Yuan, "Instead of looking for Dou Xiuniang, I will recommend someone for you."

"who?"

"Qu Chengyu, Qu Baihu, you go to him, he has plenty of Fang Zi to help us punish Zhuang Fengzhi."

Zhuang Fengzhi didn't go back to the dealer's house, she felt very uneasy, so she came to Prince Xiang's mansion. Mrs. Zhuang loves her only niece very much, and because of her own reasons, she has made her a concubine, and she is even more guilty. Hearing that her niece is coming, she hurriedly asked her to welcome her in. .

"Auntie, is the eldest cousin back? I have important news to tell the eldest cousin."

"Nonsense, now that you have an engagement with your second cousin, how can you still keep in touch with your first cousin? You can tell me or your uncle if you have anything to say."

Zhuang Fengzhi said in her heart that her aunt wanted to trip up her cousin all day long. If she was told about this, she would wish to marry her cousin because of such an unruly woman.

"This matter is very important, I'd better tell my uncle, aunt, please tell my uncle for me."

Master Zhuang thought it was a state matter, so she was not suspicious, so she asked someone to pass a message to the front yard, and when she heard that King Xiang was there, she asked someone to lead Zhuang Fengzhi there.

Xiao Xun was leaning on his father's couch, drinking a bowl of ginkgo and kissing his father boredly, "Can't we advance the wedding date a bit? April 18th, it will be so hot at that time, Mei Mei wants Isn't it hot to wear so many clothes?"

To be honest, April in Beijing is not hot at all, and Xiao Xun's actions are purely unreasonable.

"Aren't you tired after running back so much day and night? Son, listen to Dad. When you are young, you must take care of your body, especially this waist. There are many places that will be used in the future. If you are old The root of the disease has fallen lightly, and who will think highly of you in the future!"

Xiao Xun, a young man who had only held a girl's little hand and kissed her secretly while she was asleep, was blushing with embarrassment when he heard his father, an old oily man, say nonsense.

"Father, I'm telling you something serious!" Xiao Xun looked at his father with a half-smile, "Turn around, I'll take this to my mother and ask her what she means? How do I hear it?" Don't understand? Is my son too stupid?"

"No, no!" Prince Xiang also felt that it was too early for him to teach his son these things, he also thought of a serious matter, and said to Xiao Xun, "I went to Prince Xiang's mansion to do Xu Liang's matter for you yesterday, but I was caught by Xie Tiao, gave me a request, it is not impossible to set the wedding date on April 18th, but you have to agree, and the marriage can only be consummated after the princess gets married."

King Xiang said to Xiao Xun earnestly, "Son, it's not easy for your father and I to help you plan this marriage. Besides, Xie's family pays attention to ancient etiquette. How can a girl go through the door without being as good as Ji? Now it's for Let me help you, and put the girl as a hostage in the Northland to restrain you, a tiger, son, I have to help you agree to come down."

"I agreed, I agreed, and I didn't say no!" Xiao Xun twitched uncomfortably, blushing like a monkey's butt. He has also heard that if a girl's family is not mature enough, it will hurt her body to have \*\*\*\*, He originally planned to wait for Mae-Mei-Ji to discuss everything later.

"Who said I want her to be a hostage in the Northland? Dad, I want her to stay by my side. You didn't tell the Xie family that, did you?"

"Your father and I are not stupid, we have to wait until we have coaxed our daughter-in-law over..."

Just as he was talking, the boy in the study came in, "Your Highness, Eldest Son, there is a message from the Princess, saying that the girl from the Zhuang family has something important to report to the Highness."

"What's important about a girl's family? Could it be that Xiliang is about to call in, so I informed her in advance?" King Xiang muttered, also very curious, and said, "What does she have to say? Want to say? Let her in!"

Xiao Xun was still lying on the couch drinking almond milk, it was delicious, wondering if he should bring some to Mei Mei for a while?

"Feng Zhi greets my uncle!" Zhuang Fengzhi saw King Xiang sitting behind the desk reading a book as soon as he entered the door. Because he didn't look sideways, he didn't see clearly Xiao Xun who was crooked under the south window.

"Tell me, what is important, this king is very curious!"

"Uncle, Fengzhi heard that the wedding date of eldest cousin and Princess Duanxian is coming soon."

"Well, your family is rich, if you are going to add makeup to the princess, you should choose something that looks good and useful, and don't be reluctant to sell it." King Xiang just thought of what to say, without raising his eyelids, I didn't look at Zhuang Fengzhi, I was still thinking, if Zhuang Fengzhi went to add makeup to the princess, the princess wouldn't let her in, right?

This is not the same person.

Zhuang Fengzhi was so angry that she couldn't help raising her voice, "Uncle, Fengzhi has heard a lot of bad things about Princess Duanxian recently, and I met the princess on the street today, which proves

that those words are not groundless. Big cousin Longzhang Fengzi, how can you marry a slutty woman as a princess?"

"Who are you talking about?"

A familiar voice came to her ears, Zhuang Fengzhi was overjoyed, as if a hundred flowers were blooming in her heart, she turned her head suddenly and saw Xiao Xun got up from the couch, walked over, and stood in front of her.

His beautiful phoenix eyes are as bright and flawless as obsidian, and the tumbling anger in his eyes makes people shudder.

"Big cousin..."

"You are also qualified to call me my cousin? Heh, where did she come from? She has a crooked melon and a jujube. Come on, who let her in, and hinder my eyes in front of me."

The servant rushed in hurriedly, pulled Zhuang Fengzhi out regardless, and heard Xiao Xun losing his temper with King Xiang, "Are there no rules in this house? Everyone is put in the house. If the princess doesn't manage well, Feed, then change someone to take care of it."

"I'm not wrong, Xie Zhiwei and Lu Yan are unclear..."

Zhuang Fengzhi's words were still being heard intermittently, and the servants serving in the study were all frightened to death, so they took a rag, stuffed it into her mouth, and dragged her out.

King Xiang was stunned, but Xiao Xun was furious. He rushed out and kicked Zhuang Fengzhi fiercely. Zhuang Fengzhi was immediately kicked away, and his back touched the courtyard wall to stop him. Charge. Falling to the ground, she glanced at Xiao Xun weakly, spurring out a mouthful of blood, already exhaling more air than inhaling.

The third update!

## Chapter 566 Miss you

King Xiang was frightened, and stood at the door without saying a word for a long time, but the steward came over and asked, "My lord, do you want to invite the imperial physician?"

Prince Xiang waved his hand, "What kind of imperial doctor are you asking for? Just send it to the princess's yard. Since the princess let me in, whether he is dead or alive, what do you want me to do?"

After hearing the news, Mrs. Zhuang rushed over. Seeing Zhuang Fengzhi vomiting blood profusely, she was so frightened that she almost lost her soul, so she hurriedly asked Wang Shipu to come, and Wang Shipu gave him an injection to stop the vomiting of blood a little bit. She dared not use medicine. "If you want to make it right, you have to ask the princess to take action."

The concubine immediately said, "Hurry up, take my post and go to Xie's house to ask Princess Duanxian to see the eldest girl."

Xiao Lingsu heard that Zhuang Fengzhi was dying, so she came to have a look. Upon hearing this, she stopped the mother-in-law who was going to invite someone, "Speak clearly to Princess Duanxian, she is the cousin girl, not the eldest girl."

Xiao Xun almost kicked someone to death with one kick. He didn't think it was enough, so he wanted to go up and make up for it. The more he thought about it, the more angry he became, so he went to Xie Zhiwei's place.

Xie Zhiwei was looking at the materials in the room, and several bright red materials were placed in the room, choosing flowers from flowers, I don't know which one to choose?

"Just this Yunxia Brocade, oh, by the way, ask the prince what kind of material is used for Xi'an. If the prince chooses other materials, we will also replace it with the same kind of material as the prince."

After Xie Zhiwei finished speaking, he asked people to remove all the materials. Zi Mo showed Xie Zhiwei the dowry list. Xie Zhiwei casually flipped through it and asked, "What does the mother say?"

"Madam said to see if there is anything you want to add or subtract from the girl? Madam will send someone to tell the people in Prince Xiang's Mansion tomorrow to set a time to measure the size of the house."

"En!" Xie Zhiwei waved his hand and told Zi Mo to go down. She yawned and walked towards the inner room. Xuantao was about to follow. Xie Zhiwei had already sensed the breath inside and waved his hand, "Don't follow me."

Xiao Xun stood in front of the window, Xie Zhiwei looked at his back very sadly.

Hearing the movement, he hurriedly turned around and shouted aggrievedly, "Mei-Mei!"

Xie Zhiwei walked over, raised his hand to smooth his frowning eyes, Xiao Xun hugged Xie Zhiwei into his arms, he really wanted to ask, if the elder brother hadn't entered the palace, would there be no today between them ?

Mei Mei met her elder brother when she was three years old, what was he doing at that time? He doesn't understand anything, right? At the age of six, he was restrained by his mother to study his homework every day, and practiced martial arts with his master. He didn't know his own background until he was seven years old. Lose yourself in the crowd, or remember your own life experience, regain your own country, and avenge your father?

He chose the latter. For him, if he can ignore the blood and hatred, what is the point of living in his life?

"What's wrong?"

"Mei Mei, you said if, if..." He closed his eyes, unable to speak.

"Ah Xun, no matter what you encounter, no matter how difficult it is, you have to know that there are no ifs in this world, everything is arranged by God, and everything is our choice, there are not so many ifs. "

Xie Zhiwei hugged his thin waist, patted his back lightly, and comforted him with a smile, "What happened?"

"It's nothing, I just miss you very much!" Xiao Xun took a deep breath of the fragrance of her hair, and calmed down his restless heart.

Outside the door, the servant girl was calling Xie Zhiwei, "Miss, a nanny has come to Prince Xiang's Mansion and said that she has something to ask for instructions."

Xie Zhiwei was puzzled, raised his eyes to look at Xiao Xun, a cold light flashed in Xiao Xun's eyes, he was so angry that he was about to go out, but was stopped by Xie Zhiwei, she said, "Please come in, let me listen, what's the matter?"

It was a second-class woman next to Zhuang's who came, with triangular eyes, very arrogant. Seeing Xie Zhiwei, she just gave a hasty blessing, "Princess, my princess invites the princess to come to Xiangwang's mansion."

"Oh, what's the matter?" Xie Zhiwei picked up the teacup with a smile, it was not the first time she had dealt with Zhuang, and she didn't care about this woman's attitude.

"Biao girl was seriously injured. The imperial doctors in the imperial hospital were helpless. They said that maybe the princess is sure. The princess asked the princess to go. Saving a life is better than building a seven-level pagoda. The princess is a good deed!"

"Yes, life is at stake, but, mother, who is the cousin girl? Why was she seriously injured? Please make it clear and don't let me save someone who shouldn't be saved."

"Since she is the cousin of the palace, why should she not be saved? The reason why the cousin was injured was also because of the princess's drag."

Xie Zhiwei looked out the door, and Bai Ling was poking his head at the door, she said, "Come in!"

Bai Ling came in quickly, and said, "Girl, it was Mohen who was next to the prince, who said that it was the girl from the Zhuang family who made a rumor about the princess. When she reported it to the prince, the prince was so angry that he kicked the girl from the Zhuang family."

Xie Zhiwei heard about the rumors and asked, "What kind of rumors are you making? Is there something shameful about me that she should go to the prince to tell?"

"It's not what I said at the gate of Huanxi Garden before." Bailing couldn't say anything, Xie Zhiwei became angry when he heard it, snorted coldly, and said to the woman, "That's it, let the princess take action? Let alone, she I was just talking about my faults, but I just said, since the prince made a move, I went to heal someone's wounds again, is this asking me to slap the prince in the face? Please go back and tell the princess that life and death are fate, let the princess mourn! "

The dealer girl is not dead yet! Princess Duanxian's mouth is too poisonous.

The woman had a bad impression of Xie Zhiwei, and she wanted to persuade her, but she was dragged out of the house by the woman.

When she got out of the second door, she couldn't help but spit, and returned to Prince Xiang's mansion, and sued Xie Zhiwei Haosheng, "Princess Duanxian said that our cousin girl deserved it, and said that she died early and passed away early, princess, Listen, is this what the girl said?"

Princess Xiang was so angry that she was so angry that she was about to get up and rush out to Xie Zhiwei's house to settle accounts with Xie Zhiwei. Nurse Ji hurriedly stopped her, gave the second-class woman a glance, and spat, "Go away Go out, what are you doing here? Waiting to receive a reward?"

After waiting for someone to go out, Mother Ji said, "Princess, everything should be considered in the long term. Now it is the wedding date of His Royal Highness Prince Chen. The maidservant heard that the cousin girl was going to the prince's house to sue Duanxian Princess, and happened to be bumped by Prince Chen. When it arrives, it will be such a calamity."

Zhuang wondered, "What did she say about Princess Duanxian?"

"I heard that Master Lu was involved, Wangfei, think about it, who is that? On weekdays, the prince is always ingratiating with that person, isn't the cousin girl offending people to death? Also, who is not there outside?" Said, the Duanxian princess is a brother and sister, and she is extremely protective, and the cousin girl said who was wrong, but she just involved that one."

Today's update!

Dear friends, I have to say the important thing for the third time. It's the end of the month, don't hold the ticket in your hand, it will expire!

## Chapter 567 Deserves it

Mrs. Zhuang took a deep breath. How could the people she often enters the palace not know the status and weight of that person? What is Fengzhi trying to do? She still has deep affection for Xiao Xun, seeing that her eldest son is about to get married, she will tarnish Xie Zhiwei's reputation, thinking that Prince Xiang's mansion will cancel this marriage?

This is really whimsical!

Not to mention, Xie Zhiwei is the girl that Prince Xiang and his son favored, she was originally of high status, and this marriage was a marriage bestowed by the emperor, how could the Prince Xiang's mansion resist the order?

Besides, if Xiao Xun doesn't marry Xie Zhiwei, will he go to the dealer's daughter as his wife? Zhuang Shi used to dare to think about it, but now she doesn't dare to think about it anymore. She has to admit that her niece is a bit obsessed.

"Princess, this servant feels that since the cousin girl is already engaged to the prince, when the prince concubine gets married in the future, the cousin girl will be the side concubine. No matter what happened before, the cousin girl will be the prince's man in the future, so don't worry about the uncle." something happened."

When Mrs. Zhuang heard it, it didn't make sense. Her niece was still thinking about Xiao Xun all day long. Doesn't she want to be a woman? Now that I have come to such an end, I really don't know whether I should say that I deserve it?

Xie Zhiwei rejected the person sent by Princess Xiang, turned around and entered the inner room, seeing Xiao Xun about to leave, she hurriedly pulled Xiao Xun, "What are you going to do?"

"Go to her to settle the score!" Xiao Xun was furious, what is Zhuang's, since he kicked and injured this person, what's the point of her making a fuss in front of Mei Mei?

Xie Zhiwei couldn't help laughing, "This is a matter of the inner house, what does it have to do with you? Is there anything I can't take care of? If I can't handle it, I will naturally tell you, you are rushing to meet a woman from the inner house Comparing, what's going on?"

Xie Zhiwei was reluctant to let Xiao Xun be involved in the affairs of the inner house. His battlefield should be in the frontier, not the inner house.

Although Xie Zhiwei's words were not very gentle, Xiao Xun could feel her kindness, yes, he is no longer the same person as before, he has to guard against both the open guns outside and the hidden arrows inside the house, He has Mae Mae, and his back can be handed over to Mae Mae in the future.

"Mei Mei, it's great to have you!" Xiao Xun couldn't help but hugged Xie Zhiwei in his arms, took a deep breath of her fragrance, and felt drunk.

"When you came here just now, you were very upset, did you have something on your mind?" Xie Zhiwei asked again.

Xiao Xun froze all over, screaming in his heart that it was not good, he obviously didn't act that unhappy, why was Mei Mei thinking about it?

However, it feels so good to be cared about.

He swayed, "How can there be?"

"Do you still remember what I said before you went to Xijiang? I said, I am a doctor. If you have any injuries on your body, I can tell at a glance. Now I want to add, if you If you have something on your mind, if you want to hide it from me, you can't hide it."

"Mei Mei, really not!" Xiao Xun categorically denied it, did he want to say that he was actually unhappy about Zhuang Fengzhi's complaint?

Xie Zhiwei didn't say anything, just took two steps back, sat on the edge of the bed, and stared at him.

Xiao Xun was very uncomfortable being watched by her, touched his nose, walked over, and sat down at her feet, "Mei Mei, can I say it's okay? I am, I am a little uncomfortable, but I have already thought about it." Now, there is one more person in this world who treats you well, and this person is the eldest brother, I should be happy. However, no one else can treat you well. "

He shyly buried his face on Xie Zhiwei's lap, and muttered, "I'm not in the capital all year round. If one day, you say you don't want to be with me and want to marry someone else, then I don't know what to do. good."

"What nonsense are you talking about? Is a marriage contract a joke? Do you think I am such a person who does not believe what I promise?"

"Of course not, but, Mei Mei, my biggest wish in this life is not only to marry you, but I think you will be safe and smooth all your life, and everything you want will come true. That's why I'm afraid!"

Xie Zhiwei's heart flowed a warm current, gushing out, wrapping her heart tightly, extremely warm, and making her miss it endlessly.

"Ah Xun, I once had a dream. In the dream, I was married to someone else by the emperor. My elder brother tried his best to make me a queen because I helped him once when I was three years old, but , the person I married, the person he likes is not me. After he took the throne, he abolished me, wiped out my family, and locked me in the cold palace for ten years. Guess who came for me later revenge?"

"Who is it?" Xiao Xun's voice was trembling, and he looked at Xie Zhiwei eagerly.

Xie Zhi smiled and said, "It's you! That dream was so real. I once thought that the dream was my previous life. When I woke up, I thought, I have to repay such a great kindness. I saved my elder brother once and repaid his kindness for protecting me, but your kindness is too heavy, how should I repay you?"

"Mei Mei, it's really great. It turns out that you still owe me such a big favor. You must promise me with your body in this life. So, God really knows how to arrange it. God arranges it the most. Mei Mei, You can't stop listening, can you?"

"Yes!" Xie Zhiwei looked at him with bright eyes, "I heard that if I owe a debt to someone, if I don't pay it back in this life, I have to pay it back twice in the next life. To pay your debt."

Xiao Xun was dumbfounded when he heard this. Is this the result of this life being over and the next life being separated? How can that work? He doesn't want to be separated from Mae-mei, they will be together in this life, and they will be together in the next life.

Thinking about it this way, Xiao Xun only felt that half of his heart was torn apart. He got up and hugged Xie Zhiwei into his arms, "Mei Mei, in this life, I will protect you from harm and make you happy and worry-free all your life. Protect your family well, let you owe me love for the rest of your life, and you will pay me back in the next life, okay?"

Xie Zhiwei did not want to owe favors to others, but at this time, she felt that it was not a bad idea to let herself owe Xiao Xun all the time, she nodded, "Okay!"

"Or let me owe you, Mei Mei, if you detoxify me, I also owe you my life, right? I will ask you to pay the debt in the next life, okay?"

"All good!" Xie Zhi smiled.

Xiao Xun only felt that his Mei-mei was so gentle and beautiful when he smiled, his pair of twinkling peach blossom eyes were curved like a first-quarter moon, and there were two figures reflected in his

eyes, it was himself, he couldn't help it, Leaning over, she kissed Xie Zhiwei's eyebrows and praised, "Mei Mei, you are so pretty!"

Xie Zhiwei's face was a little red, she pursed her lips and smiled, and gently pushed him, "You should go to your business! Tomorrow, my mother will arrange for someone to measure the size of the house so that you can beat the furniture. Remember Tell Uncle Cao."

The first update!

## Chapter 568 To be married

The next day, the Xie family wanted to send someone over to measure the size of the house. Princess Xiang had been waiting early in the morning. Although her niece and daughter were a little meddling, today, she had to say it in front of the Xie family.

Who knows, she waited from the morning until after noon, but she didn't hear that anyone was coming, so she became suspicious and arranged for her mother-in-law to go ahead to inquire.

After asking, I found out that people from the Xie family came early in the morning, and there were quite a few people who came. They had already measured the front and back of the house, and everyone went back.

Mrs. Zhuang was so angry that she slapped the case, "Does this mean that I, the head of the house, is not being looked down upon? Who did the people from Xie's family tell?"

The woman trembled and said, "I have inquired about it, Cao Zhan arranged for someone to meet Fan Wencheng, and Fan Wencheng was responsible for the matter."

"Fan Wencheng? Who is that? I assist the Prince's Mansion, what's the matter with him?"

"Princess, this Fan Wencheng is the long history of Prince Chen's mansion." The mother-in-law hesitated and said again, "Princess, since the eldest son was named the county king, the court has arranged for people to assist the eldest son in his affairs. Now the eldest son is the prince. That's right, there will naturally be people from the imperial court to help with the matter."

It means that besides using filial piety, she can still beat Xiao Xun now, and she can't intervene in other things?

Zhuang only felt that his back was getting chills. Unknowingly, Xiao Xun had grown to this stage, and every step Xiao Xun took could not be said to be without the help of King Xiang.

Although her son is the son of Prince Xiang, if he wants to inherit the throne, he must die before he can inherit it. At that time, his son will only be a dispensable prince, far from the power and status Xiao Xun has today. .

Xie Zhiwei lived a life of waiting to be married, and helped Yuan's dowry every day, and went out to see several Zhuangzi in a row. The Queen's Empress was also rewarded quite generously, and she was rewarded with a 500-acre Zhuangzi with a yard.

When Xie Zhiwei entered the palace to thank him, the Empress and Nanny Xi were looking at a large stack of portraits. Behind each portrait were written the person's name, age, background, and fame. You can tell at a glance. The Empress is in a hurry. Yes, I'm choosing a son-in-law for Yuan Jia.

"Miss Wei, come here quickly, and give me the details." The queen looked at the flowers in her flowers, and the worse she looked, she didn't know who to choose?

Xie Zhiwei glanced at them, they were all from famous families in Beijing, and couldn't help laughing, "Empress, according to Duan Xian, this is something that Sister Yuan Jia must nod, after all, they are people who want to spend a lifetime together."

The queen was like an eggplant beaten by Shuang, and sighed, "Don't I know this yet? It's up to you, sister Yuanjia, to take care of me!"

While talking, Yuan Jia ran over, glanced at the pile of portraits, and complained to Xie Zhiwei, "Sister Wei, my mother's queen is really, after having my younger brother, she wished to kick me out of the palace as soon as possible."

Seeing Yuan Jia's appearance, Xie Zhiwei couldn't help covering his lips and smiling, and joked, "Is it true? Sister Yuan Jia, are you really rejected by the empress?"

"Look, isn't that right?"

The queen was also in a good mood, and said helplessly, "Wei girl, don't listen to your elder sister Yuan Jia's nonsense, am I not in a hurry because I see that you all have a good home?"

Yuan Jia has already turned fourteen this year. Although the princesses of the royal family marry late, the noble ladies and princes in the capital all start discussing marriage after they are ten years old. Got snapped up.

Can the queen not be in a hurry? The point is, the person she picked was sent to Yuan Jia. Didn't Yuan Jia mean that this one was born ugly, that one's nose collapsed, that one couldn't read a single word, that one couldn't even beat a girl...

The queen suspected that she had picked a bunch of rich and powerful children from the garbage dump to do the screening.

Seeing that the empress was so worried that she was about to get angry, and the mother and daughter confronted each other \*\*\*\* for tat, Xie Zhiwei hurriedly said, "Empress, there is still a lot of fate between people, maybe sister Yuan Jia's fate didn't come? This marriage is incomparable. Otherwise, it is better to lack than to overuse."

She thought for a while and said, "Empress, seeing the spring is warm and the flowers are blooming, why don't we hold a flower party and gather the noble ladies and young masters in the capital to play together. If Sister Yuanjia is pleasing to the eye, it would be great. It is also a merit for other people to see right!"

Nanny Xi also said aside, "It's still Princess Duanxian who is young and bright, and the empress and servants also think this is a good idea."

The empress was also very happy, and immediately began to discuss with Madam Xi about where to hold the flower party, who to invite and so on.

The nurse brought the Eighth Prince over, and said with a smile, "Princess, please show us quickly, our little Highness has been hiccupping all the time."

Seeing that the eighth prince was overjoyed, Xie Zhiwei quickly stretched out his hand and hugged the eighth prince. This poor child, he suffered a lot when he was in the mother's womb, so that he was weak. I take more medicine than milk.

Seeing that it was not a problem, Xie Zhiwei had no choice but to prescribe herbal diet and herbal tea for the nurse to eat. In this way, the eighth prince suffered less. In the past half month, he has gained a little weight, and it is a bit heavy to hold .

"Oh, my lord, what have you been eating lately? My sister can't hold you anymore." Xie Zhiwei said while reaching out to hold the hand of the eighth prince. Knowing Xie Zhiwei's words, I only knew that Xie Zhiwei was talking to him, so he smiled shyly and threw himself into Xie Zhiwei's arms.

"This child is sensible!" The queen looked at it extremely rare, and said to Nanny Xi, "He knows that Sister Wei treats him well!"

Nanny Xi looked at her eyes and said, "That's right, His Highness the Eighth Highness is a sensible child, and he must know that the empress has suffered a lot for him."

After Xie Zhiwei hugged the eighth prince to feel his pulse, he said to the nanny, "The eighth prince has a little food, so there is no need to starve him. Although his arms and legs are still ineffective, he can be put on the ground and covered with a thick bed. A clean carpet, let him learn to crawl, to exercise the strength of the arms and legs, and to move more, and to help digestion."

"Don't you need to fast?" The queen listened, Xie Zhiwei's methods were different from what the imperial physician in the palace said.

Xie Zhiwei shook his head, "Empress, the Eighth Prince is different from other children. He was born weak, so how can he be hungry? Just do more exercise, and the diet is still the same as usual."

The empress hurriedly asked someone to lay a new carpet on the floor, Xie Zhiwei asked the maid to check it inch by inch, and then put the eighth prince on the ground, with Yuan Jia on the left and right, helped the eighth prince to teach him to climb.

The Eighth Prince giggled happily, and was so happy that he was shouting for something, so Xie Zhiwei taught the Eighth Prince, "Sister!"

The second update!

Chapter 569 Yizhi

The Eighth Prince couldn't speak clearly, and shouted, "Daddy!"

Xie Zhiwei hurriedly said in surprise, "Oh, empress, the eighth prince will call daddy!"

The queen stood up in shock, only to hear the eighth prince shout "Daddy!"

"This, this, this..." Madam Xi said pleasantly, "Empress Empress, the Eighth Prince is Zaohui, a little older child who can already be called daddy. Oh, Amitabha, Empress Empress, you have finally come to the end of all hardships!"

The queen was so moved that tears came out, she looked at Duan Xian, and said with emotion, "Good boy, it's really thanks to you, when Xiao Ba grows up, I will let him treat you like Yuan Jia, you are also his sister. "

Xie Zhiwei didn't pay attention to these things, but still respectfully said, "Thank you Empress Empress!"

Yuan Jia lightly slapped the eighth prince's ass, "You little flatterer, you know how to flatter, why don't you call me mother?"

The queen felt distressed when she saw this, and knowing that her daughter didn't use any force, she opened her mouth and held back.

Xie Zhiwei stayed in the palace for about half a day, and was about to get up to say goodbye, when the little \*\*\*\* at the gate of the palace ran over and said, "Empress, Princess Xiang, please see me!"

Princess Xiang is a family member after all, and she and the empress are direct sisters-in-law. If there is something urgent, sometimes the post may not be posted in advance. The empress hurriedly said, "Come in, please!"

Xie Zhiwei couldn't stand up and say goodbye at this time. This is her future mother-in-law. She took a cup of tea to moisten her tongue.

When Princess Xiang came and saw Xie Zhiwei, she thought it was just right. After seeing each other, Princess Xiang said, "Princess, I heard that Xie's family has sent someone to measure the house? I don't know about it yet, why don't I see you?" Mother came to tell me in advance?"

The empress was confused, the Xie family sent someone to measure the house so that they could break the furniture, Princess Xiang, the head of the house, didn't know, did she really not know or was it fake?

"Princess Xiang, Duan Xian doesn't know about this matter, but what Duan Xian can guarantee is that my mother is definitely not ignorant of etiquette. I'm afraid Princess Xiang will have to go back and ask about this matter. People, shouldn't it be time to knock?"

Concubine Xiang was furious, she had never seen such an arrogant daughter-in-law before, and she was so domineering in front of her serious mother-in-law before she passed the door. Domineering?

Who is the daughter-in-law and who is the mother-in-law?

In the capital city, which daughter-in-law who has never been married is not a little girl in front of her mother-in-law, and who is like Duan Xian, who will beat her to death? Do not move?

Princess Xiang was so angry that she couldn't speak. After a long time, she turned to the queen and said, "Your Majesty, my concubine is here today to ask for something!"

Queen said, "Oh, what's the matter, begging to come here?"

"Ma'am, yesterday, my concubine's unsatisfactory niece almost lost her life. Fortunately, Wang Shipu's medical skills are quite superb, and she saved her life. Take action, the concubine doesn't have the ability to ask Princess Duanxian, so I have to ask the empress to come here and ask for a decree!"

Said, Princess Xiang looked at Xie Zhiwei provocatively, Xie Zhi smiled, picked up the teacup, took a sip, and didn't take it seriously, if the empress made a decree, she would obey it.

The empress hated Princess Xiang to death. Since Duan Xian was unwilling to take action, there was naturally a reason for her reluctance. Princess Xiang put her on the fire.

The queen laughed, "Wei girl, tell me, what's going on?"

Xie Zhiwei hurriedly got up and said to the queen, "My lady, since Imperial Physician Wang is able to stabilize Miss Zhuang's condition, it proves that he is still sure. Healing a disease is like sending troops, and it is most taboo to change generals before the battle. If Imperial Physician Wang is not sure, what kind of embarrassment did you encounter?" Regarding the matter, I have a half-teacher friendship with Doctor Wang, he can come to ask me, this is the first; second, Empress Empress, Miss Zhuang will be a concubine for my uncle in the future, and Duan Xian is the concubine of Chen Wang personally appointed by the emperor, there is absolutely no reason to treat a concubine's illness for no reason."

The queen knew that there might be other reasons for this, Xie Zhiwei was not easy to speak, she trusted Xie Zhiwei very much, so she looked at Princess Xiang with a half-smile, "Sister and sister, what do you say?"

"Empress, Princess Duanxian really has a sharp mouth. The concubine can't talk to her. The concubine, who is a mother-in-law, will become a joke in the whole capital in the future." Princess Xiang said so, but she didn't. Gan Xin said to Xie Zhiwei, "Princess Duan Xian, my niece will be your sister-in-law in the future, if you are so helpless, aren't you afraid that others will say that you are vicious?"

"Princess Xiang, the side concubine is a concubine. Could it be that I want to match Miss Zhuang's sister-in-law in the future? Well, I have to ask Lord Xiang, is there such a rule in the house?"

Princess Xiang wanted to talk, and the queen was already very impatient. Although Princess Xiang was born in an imperial merchant and her status was low, she could ignore such a person on weekdays, but it was still very annoying when she added trouble.

"Sisters and sisters, let's do it this way. Princess Duanxian is about to get married now, so it's really not suitable to go to Prince Xiang's mansion. People who don't know think what's going on. It's related to the dignity and face of the royal family. Repeatedly, it's like asking Wang Shipu to go to Xie's house to ask for advice. In other words, Miss Zhuang is so good, how could she hurt her life?"

I really couldn't say anything about it, Zhuang's face was embarrassing, but he didn't speak, and finally had no choice but to say, "It's not my unfilial son, Ah Xun's attack is too ruthless!"

Xie Zhi smiled slightly, "Princess, you can't say that. Could it be that His Royal Highness Chen is someone who casually attacks others? As far as I know, His Highness Chen has hit three girls so far. It's coveting him, I don't know what happened to Miss Zhuang?"

After finishing speaking, Xie Zhiwei smiled meaningfully, "His Royal Highness is as beautiful as jade, young and promising, and everyone has a love for beauty. If it is any other girl, it can be justified, but Miss Zhuang's identity may be a bit strange. inappropriate."

The queen was very surprised, but when it got out, it was a royal scandal after all, so the queen hurriedly picked up the tea cup to hide the surprise on her face.

Princess Xiang stood up abruptly, pointed at Xie Zhiwei and said, "You're talking nonsense! Where did you hear these words?"

"Concubine Xiang, His Royal Highness Chen and I are married couples. Your Highness has never kept some things from me. At that time, when Miss Zhuang went to complain to King Xiang, His Highness Chen happened to hear it right next to her. Back then, Princess Xiang wanted to Why did the niece of my natal family become the side concubine of His Royal Highness Prince Chen, and finally became my uncle's side concubine? It's only been a few days, has Princess Xiang forgotten?"

Princess Xiang said angrily, "Xie Zhiwei, this is the upbringing of the Xie family? In the world, how many unmarried daughters-in-law are like you who don't pay attention to their mother-in-law? For a daughter-in-law like you, my Prince Xiang's mansion is really Sorry!"

The third update!

## Chapter 570 Afraid of Death

Saying so, Princess Xiang turned to the empress, raised her robe and knelt down, "Also ask the empress to be the master of my concubine, a daughter-in-law like Xie Zhiwei, a concubine really can't afford it, empress, if Xie Zhiwei wants to marry me Let's step over the corpse of the concubine to the gate of Prince Xiang's Mansion!"

The queen's face darkened. She and Princess Xiang have been sister-in-law for many years. Don't you know how much Princess Xiang dotes on her natal daughter?

She only found out today that Princess Xiang actually made the idea of giving her niece and daughter to Xiao Xun as a side concubine. Xiao Xun must have seen through it and was killed in the end.

"Brothers and sisters, it is better to demolish ten temples than destroy a single marriage. Even the emperor said that the marriage between Ah Xun and Wei girl was a match made in heaven. Just for your personal preference, let me resist the decree. Do you mean or King Xiang's meaning?"

How could the Zhuang family not understand these words? One is that the marriage was bestowed by the emperor himself, and the other is that Princess Xiang has no control over the affairs of Prince Xiang's mansion.

Zhuang has never felt more deeply than this time. Although she is the princess of Xiang, she has no right to speak in the royal family.

The atmosphere became extremely awkward, Xie Zhiwei hurriedly got up and said, "Empress, His Royal Highness Prince Chen also has a palace. After Duan Xian passes through the door in the future, he may not necessarily live in Prince Xiang's Mansion, it is the same if he lives in Prince Chen's Mansion."

In this way, wouldn't it tell everyone that Xie Zhiwei's daughter-in-law doesn't like her mother-in-law?

Princess Xiang was overjoyed when she heard this, and was about to respond when she heard Xie Zhiwei say, "This kind of incident happened between His Royal Highness Prince Chen and Miss Zhuang, it is indeed not suitable to live under the same roof, and it will save the future, Zhuang The girl has done something that damages the reputation of King Chen, so it is really appropriate to live in another residence."

Princess Xiang's face turned dark, "Xie Zhiwei, what nonsense are you talking about?"

Xie Zhiwei turned to look at her, "Princess Xiang, there is nothing more important than His Royal Highness Prince Chen in Duan Xian's place. With Duan Xian here, no one will be allowed to tarnish the reputation and honor of His Highness. Duan Xian can understand Princess Xiang's Miss Zhuang's compassionate heart can be appreciated by Princess Xiang, His Highness is also your son, and after a hundred years from now, it will be Your Highness who will offer incense to you, Duan Xian has never heard of anyone offering incense to Auntie."

The queen also said, "Yes, Wei girl is right. Brother and sister, you also listen to my advice, you should find a good girl for the son to be the concubine early, and you will not be able to treat a serious son The daughter-in-law is on the sidelines, treating the side concubine as a treasure."

It's really not speculative, and Princess Xiang couldn't sit still for a quarter of an hour, so she got up to say goodbye after a few words of greeting.

Xie Zhiwei saw that it was getting late, and went out of the palace with Princess Xiang. Princess Xiang didn't want to say a word to her. After leaving the palace in a hurry, she was not reconciled, so she ran to the Taichang Princess' mansion to talk to the princess .

"Auntie, you said this is the tutor of the Xie family. Oh my God, that sharp mouth almost didn't kill me. The empress is still standing on her side talking. The niece and daughter-in-law have entered the palace for nothing. I'm so angry!"

Princess Taiping was secretly surprised, she never dreamed that Princess Duanxian was favored to such an extent, she naturally wouldn't foolishly say something to Zhuang, after a few words of persuasion, she served tea and ordered Mo sent Princess Xiang out of the door.

Then, Princess Taiping called Mrs. Han over and said, "What are you going to do about Brother Qian and Mrs. Cui? Have you been fighting like this all this time?"

The longer it is delayed, the more the Xie family and the Cui family will be offended to death.

Han naturally couldn't swallow this breath, and said with a sneer, "If you have the ability, the Cui family has been raising her for no reason. Could it be that our family will lose something?"

Princess Taiping is a royal princess, but two generations of emperors didn't like her. The former false emperor gave her some respect, but who knows, she was only a short-lived emperor. If it is said that the royal family is warm and cold, she is the one who understands the deepest.

Princess Taiping took a deep look at Mrs. Han. Back then, Lord Hou took a fancy to this daughter-in-law, mainly for the purpose of getting married to Duke Wei's mansion. Now it seems that she is also an unworthy one.

"Let Brother Qian send a letter to Cui Shi to release his wife, and ask someone to count Cui Shi's dowry before sending it to Cui's family."

"Mother!" Han exclaimed in surprise, "What is the Cui family? Our house is the residence of the Marquis, the residence of the eldest princess..."

"Ridiculous!" Princess Taiping said angrily, "It's okay to be a little stupid, but if it's raining and you don't know how to hold an umbrella, then you're stupid!"

Mrs. Han didn't understand. Marquis Xuande came in with a livid face and glanced at Princess Taiping. Sitting down in the seat, "The cabinet has already drawn up an order, ordering me to set off in ten days and go to the western border, accompanied by the eldest son of Prince Zhongjing's residence."

Princess Taiping gasped, she looked at Xuan Dehou in disbelief, "How old is Hou Ye, why... What did the emperor say?"

His Majesty has long since neglected matters, and he has been concentrating on recuperating his illness. After the opening of the seal after the year, he will not go to court. Except for a few elders in the cabinet, no one can see the Emperor. Lu Yan didn't have the slightest suspicion.

"The emperor has agreed, do you think I want to go? If I don't go, it's the boss' turn." Xuande Hou took a deep breath, closed his eyes, and said with grief, "The emperor sent a message that the family and the country are in danger. , Now it's time for us meritorious families to serve our country."

Xuan Dehou felt that the emperor would definitely not be able to say such a thing, as for who encouraged the emperor to say it, it goes without saying.

"Didn't Xiao Xun provoke this...this crisis? Why should father go?"

Housuke Xuande glanced dissatisfiedly at Mrs. Han. Princess Taiping didn't speak, and a trace of schadenfreude filled her heart. Now she has to remember that she didn't pick this daughter-in-law here, she is really a prodigal wife.

Thinking of this, Princess Taiping said, "I heard that the eldest son of Prince Zhongjing's mansion offended Princess Duanxian. On that day, Princess Duanxian said that His Royal Highness Prince Chen would call him into the army."

Xuande Houdao, "Princess Duanxian is a kind of woman, and I am not afraid that the imperial historians will turn her into a sieve."

However, Xuan Dehou also knew that this kind of unfounded things was not the era of the Zhaoyang Dynasty when rumors played out. In addition, the censors knelt at the gate of the palace to remonstrate, and those who were sent to prison None of them came out yet.

Who is not afraid of death?

Princess Taiping said, "Master Hou, just now I was telling the eldest daughter-in-law that since Brother Qian and the Cui family can't get along, why don't they let each other live?"

Ms. Han was about to speak, but Xuan Dehou glared at her dissatisfiedly again, "If you still want me to come back alive, do this as soon as possible."
