

The Power 571

Chapter 571 Heli

Today in the Linde Hall, both he and Xu Jinyi could only stand outside the hall. Inside the hall were a group of civil servants and Lord Xiang. Lord Xiang was crying, saying that his son was alone in the western Xinjiang, and there were so many dignitaries in the capital. Everyone is greedy for life and afraid of death, civil servants all pretended to be dead, and said nothing in the court.

The emperor was dizzy from King Xiang's crying, so he asked King Xiang who he would order to follow Xiao Xun to the western border. King Xiang didn't know if he had Alzheimer's or what was going on, so he ordered him and Xiao Junxi.

Xuande Houyuan didn't think much about it, but when he heard what the eldest princess said, he felt that he was afraid that Prince Xiang would point his finger at him and Xiao Junxi. Xiao Xun asked them to go to the border to die.

It is too easy for a person to die on the battlefield.

That night, when Zhang Hongqian came back from the outside, the elder son Zhang Yanqing called his son into the house, and the Han family was also there. Zhang Yanqing asked Zhang Hongqian to write a letter of reconciliation and departure.

Zhang Hongqian was stunned for a moment, "Father, what will people outside say when I write and leave the book at this time?"

If Mrs. Cui has been living in Xuandehou Mansion, and Zhang Hongqian writes a letter of reconciliation and divorce, then it would not even count as a divorce. What a shameful thing this is?

Cui Shi has been in her natal family for almost half a year, and at the beginning, people from Cui Xie's family took her back with great fanfare, but he pleaded guilty to pick her up, but he didn't take her back.

The Cui family has made up their minds and is unwilling to have this marriage. Zhang Hongqian is now writing and leaving the book. In the eyes of others, isn't it a submission?

Zhang Yanqing didn't like this son in vain, and said angrily, "As long as you are a little bit more aggressive, this marriage can still go on today? You two have been married for four years, and your wife has already lost two children. Now Cui has no Son, please release your wife, it is already giving the Xuande Hou Mansion the greatest face, what else do you want?"

Mrs. Han couldn't hear such words, and said unhappily, "How can my son say such a thing? Cui's body is weak and can't sit still. It's because she is unlucky, and she also implicated Qian'er. Why did she become a child when she came to my son? Is it Qianer's fault?"

"Since ancient times, loving mothers have had many failures, and you are the one who is talking about you!" Zhang Yanqing gave Han a dissatisfied look, and didn't bother to explain to the stupid mother and son, "If you don't write this and Li Shu, I will help you!"

As he spoke, he said to Han Shi, "I don't need to say more, Cui Shi's dowry will be given to her in every cent. If there is any damage, I will make up for it with money from the public."

Mrs. Han couldn't get angry, "Master Cui said this, did she not eat, drink, or spend money during the four years of her marriage? Her dowry was damaged, and that was her own business. Why do you have to make up for her now that you have divorced? According to me, you should divorce your wife!"

Zhang Yanqing looked at Han coldly, and waited for her to finish speaking in one breath, "If you can't handle this matter, I can find someone else to do it!"

Mrs. Han endured the anger in her heart. Since the incident last time, Zhang Yanqing's attitude towards her has changed a lot. He brought in two concubines one after another. One concubine was pregnant. After she shot to death, Zhang Yanqing Yanqing has never been kind to her again.

Now that the threat has started, Han is furious, thinking whether it is tolerable or unbearable, she sneers, "Master, my father's support is no longer needed in the Hou Mansion, and even the land and concubine are useless Worth, this is why my nose is not a nose, and my face is not a face?"

Zhang Yanqing looked at Han Shi with disgust, and sneered, "It's just like buying and selling. Since there is no value for using each other, this son is not afraid of breaking up."

Han shivered with anger, "Master, how could you say such a thing?"

"This son is the son of the eldest princess. This son was named the son as soon as he landed. No matter whether Huaiyuanhou was promoted or not, the title of Xuandehou's mansion is the same."

Now, in the court hall, the dark tide is surging, Zhang Yanqing's heart slowly rises a feeling of uneasiness, always feeling that under the turbulent waves, the big ship of Xuandehou Mansion will capsize.

Early the next morning, 18 cars came out of the Xuandehou Mansion, full of the dowry of the Cui family when Cui Nanyuan married into the Xuandehou Mansion.

While it was still early in the day, Zhang Hongqian sat on the horse with a livid face, holding the Heli book for Cui Nanwan in his arms. Along the way, he would inevitably think of the day when he and Cui Shi were married. With red makeup, Cui Shi looked shy during the wedding night in the bridal chamber.

The Cui family had received the news a long time ago, the door was wide open, the servants came out, Xin Yi held the dowry list in his hand, and counted them one by one. She has already got Cui's words, if there is something missing, just turn a blind eye and forget it. Right now, Cui's only wants to get rid of the relationship with Xuande Hou Mansion.

Cui Tingzhan stood under the eaves, saw Zhang Hongqian coming, walked over to greet him, "Second Master Zhang, please come inside!"

Zhang Hongqian was annoyed when he heard that, and Li Shu hadn't made a bond with him yet. Did Cui Tingzhan not consider him his brother-in-law?

"Ting Zhan, where is your eldest sister?"

"Eldest sister has not fully recovered yet. I, as the younger brother, can also make decisions about today's matter. Second son, He Lishu must have been brought. Let's sign it and send a copy to Shuntian Mansion for archiving?"

"Can you call her out? I have something I want to tell her face to face." Zhang Hongqian's eye circles couldn't help turning red. He still doesn't know what he did wrong. It's not like this way of life, why can't she tolerate it when she comes to Cui's place, and insists on making things irreversible?

Cui Tingzhan nodded to the maid by the door, and the maid hurriedly ran to the backyard.

After a while, Cui Nanwan came out. She was wearing a peony tunic with gems and blue woven silver silk. Underneath was a pink silk satin skirt with brocade ribbons and lotus root. She was wearing a ponytail, and she was wearing a coral bead for double knots. Chai, a phoenix head on the hairpin, holding out a string of ruby tassels, which set off her already bright and bright face with a radiant complexion like snow, and a delicate dimple like a flower.

Zhang Hongqian stared straight. He hadn't seen Cui Shi like this for many years. She seemed to have an invisible shackle broken by her. Every word and action revealed a charming laziness and casualness, detached. Yu things.

"Guan'er?" Zhang Hongqian moved his **** on the chair and couldn't help shouting, waiting for Cui Nanwan to come over and salute him as usual.

Cui Nanwan frowned, sat down beside Cui Tingzhan, smoothed the skirt on her knees slowly, and then raised her head and said to Zhang Hongqian, "Second Young Master, I don't know what's the matter with you, you must tell me in front of me, please tell me Bar!"

"Guan'er, you have always been virtuous and reasonable, why do you insist on being so stubborn this time. If you go back to me today, we will still be the same as before, loving and respecting each other as husband and wife, how about it?"

The first update!

Chapter 572 Let go

Cui Nanwan smiled, her eyes were full of sarcasm, she glanced at the dowry piled up in the yard, she was very satisfied, "Second Young Master, I have always respected you, but I have never felt your respect for me, someone I told me that the relationship between husband and wife is like saving money in a bank. If you save more and get less, you will become richer and closer; If you can't make ends meet, you will end up bankrupt sooner or later."

Isn't that what it is now?

Cui Nanwan heard from her second uncle yesterday that the Marquis of Xuande might not be able to sit still, and sooner or later she would send her a letter of reconciliation. When she asked what was going on, her second uncle said that the Xie family would probably take action and would not let this Things dragged on.

The second uncle asked her what her plan was. Cui Nanwan thought that Xie Zhiwei would go to Zhending Mansion after he left the cabinet in the future, so she decided to go to Zhending Mansion too. She went first and got familiar with the environment there first. When Xie Zhiwei passed by in the future, she also It's better to protect Xie Zhiwei.

The second uncle agreed.

In her life, if it wasn't for the cousin of the Xie family, the grass on the grave would have been taller than someone else. When she was young, she liked to count things in and out, but unfortunately, she was born in such a family as the Cui family, and the Cui family would not allow her to start a business, but from then on, she was alone and no longer had to worry about the Cui family.

She wants to stand upright. If she can take good care of Xie's cousin in this life, she will have no regrets in her life.

"Second son, you and I both know that this marriage can't be done by us, and it can't be broken up by you and me. If struggle is useful, I will struggle hard back then. Now, for the sake of husband and wife for four years, I advise Second Young Master, let's get together and get away!"

Tears were rolling in Zhang Hongqian's eyes. At this moment, looking at Cui Nanwan's flushed face, as delicate and beautiful as the first time he saw her back then, Zhang Hongqian felt like a knife was stabbing desperately in his heart. Are you willing to let go?

"Is it true that if I don't give you and Li Shu, you will let my grandfather die in Xijiang?"

Cui Nanwan was shocked, but her face was not emotional, "Second Master Zhang, please be careful, I am a girl, and I don't have this ability."

"Master Duanxian has this ability, my grandfather is so old, the emperor ordered my grandfather to go to war..."

Cui Nanwan hurriedly stopped him, "Second Master Zhang, please be careful, you and I are not qualified to comment on the court affairs, if Master Zhang sent He Li Shu, please take out He Li Shu as soon as possible. You and I sign as soon as possible, so we can get together and leave, if Mr. Zhang Er came to pick things up, please leave."

Zhang Hongqian wanted to cry, but Cui Nanwan treated him as his ancestor for four years, making him cry in front of Cui Nanwan, he couldn't do it.

He said so many soft words today, which already made him feel extremely humiliated.

Anyway, it is impossible for a reconciled woman to find a good husband's family in this life. The Cui family has never remarried a daughter. In this life, it is impossible for Cui Nanwan to have a good future. Since she wants to reconcile, why don't you make it happen and let her try it? Taste the feeling of losing your husband and in-law's family, drifting like duckweed?

Thinking like this, Zhang Hongqian felt relieved. He took out the Heli book, signed it in triplicate, and threw it to Cui Nanwan.

Cui Nanwan took one copy, and Cui Tingzhan sent the rest to Shuntian Mansion. She held the Heli book and wept with joy. Tears fell one by one and hit the Heli book. Wipe it clean and order Xin Yi to keep it well.

Cui Nankou came out of the room and turned to Cui Nanwan, "Big sister, congratulations!"

She also breathed a sigh of relief. After coming to the capital, Cui Nankou witnessed the actions of the Xuandehou Mansion with her own eyes, and she was terrified. But this time, if it wasn't for the cousin of Xie's family, I am afraid that the eldest sister would not be able to get away so easily.

Cui Nanwan couldn't bear it anymore, she rushed over and hugged Cui Nankou, "Sixth Sister, Big Sister is incompetent, and you are also troubled."

Cui Nankou hugged the elder sister tightly, "Elder sister, between you and me, why do you say such a thing, the elder sister is now in a good position, but I don't know where my future is?"

Not everyone in the Cui family can have a good future. Even Cui Nanjia's fate cannot be determined by herself. Life depends on a single word of gambling. Can Cui Nankou not be worried?

But Cui Nanwan didn't know how to comfort her. The two sisters talked together for a while and then broke up.

Cui Nanwan called the steward who was taking care of her dowry and asked, "If we go to the north, what business can we do there?"

"There are a lot of businesses that can be done in the Northland, and there are also many big households in the Northland. Is the eldest girl going to do business in the Northland?"

"Hmm!" Cui Nanwan thought for a while, and a smile escaped from the corner of her lips, "This time I will go with you!"

"How can I do that? The Northland is at war now, and I heard it is very chaotic. If the eldest girl has any orders, the slaves will just run away. How can I let the eldest girl take risks?"

But Cui Nanwan was determined to go out, and she could not be persuaded by the manager, and decided to set off as soon as possible after everything was settled.

Xie Zhiwei's side, old Zhaotou came, as usual, waiting in Mingyuexuan, seeing Xie Zhiwei leading the servant girl, old Zhaotou rushed to meet Xie Zhiwei, and kowtowed to Xie Zhiwei, "I have seen the big girl!"

"Look, he asked me for a red envelope as soon as he came here." Xie Zhiwei joked.

This time it was Xuantao who followed, she knew that Old Zhao Tou was Zimo's future father-in-law, so she looked at Old Zhao Tou with a teasing look, and felt that the old man was kind and kind. It seemed that Zimo had met a good family.

But Xuantao is not envious at all, she is even glad that she has no marriage so far, so that she can stay by the girl's side for a longer period of time and serve her for a few more days.

She trusts the girl very much. As long as she is loyal and fulfills her duties, the girl will definitely give her a good home.

"Big girl, slaves don't dare!" Old Zhao Tou got up from the ground, and followed Xie Zhiwei, hunched over all the way, very respectful.

Xie Zhiwei sat down in Mingyuexuan, and the old Zhaotou kowtowed to Xie Zhiwei to celebrate the new year in a serious manner.

"Here is a silver note of five hundred taels, and it is not for you alone. Your share is still the same as before, which is one hundred taels. Your two sons traveled all over the world for me last year, two hundred taels each, you help me bring them."

"This, this, how to do this?" Old Zhao Tou seemed to have picked up a hot potato, "Miss, this is too much. You keep giving rewards on weekdays, and you don't take it lightly every time. The servants can do it for you." It is a blessing for the slave family to serve the eldest girl, how can she get such a big award?"

The second update!

Chapter 573 Happiness

Xie Zhiwei waved his hand, "One size is worth one size, I will reward it, you just keep it, don't tell me these things."

Old Zhao Tou just put Feng Hong away, his hands were shaking, which showed how excited he was. After Xie Zhiwei gave the seat, the old Zhaotou told Xie Zhiwei all the events of last year, "Zhuangzi's income from last year, the slaves have already checked the account with Mr. Yin and Mr. Geng, and they are all clear. of..."

Xie Zhiwei listened, and when he had finished speaking, he said, "I also know that you came this time, you didn't just tell me these things, but I happened to have something to explain."

Old Zhao leaned forward, and listened attentively with his ears pricked up, "You probably know that after the wedding in April, I might follow the prince to the north. Do you think you should follow me there or stay behind?" Here?"

Is this something to consider?

Old Zhao head hurriedly said, "If the eldest girl is useful to the servant's family, I will naturally follow the eldest girl to the Northland."

Although the war is chaotic over there, the eldest girl is not afraid. Is the life of their family more precious than the eldest girl? And after they go, they will be the eldest girl's confidantes, and in the future, it may be possible for their descendants to have a good background.

For example, the eldest girl and His Royal Highness Chen Wang will definitely have heirs, and his grandson or granddaughter will be selected in the future, and will be a book boy or maid for the little prince or the little princess.

Xie Zhiwei was extremely satisfied with Old Zhao's answer, "You have made arrangements for this year's spring plowing, and you will hand everything over to Zhao Quan. From now on, let him be the Prime Minister for the matters here and south. I will let Zi Mo prepare the dowry After Zhao An and Zimo get married, let them go to Zhending Mansion first. I will go there at the beginning of next spring at the

latest. Let the two of them go and take care of the house there first, and get familiar with it, so that I won't have to go there in the future Yes, my eyes are black."

"Yes, the servant will go back and get things done. If the young couple can't go for a while, the servant and the slave's wife can also go first."

Xie Zhiwei nodded, "This is the most appropriate."

Xie Zhiwei had just returned to the house, and Zi Mo was looking at Xie Zhiwei's dowry list. As soon as Xuan Tao came in, he saluted Zi Mo, "Congratulations!"

Zi Mo was puzzled, and the other maids in the room gathered around one after another, and asked with a smile, "Sister Xuantao, why don't you explain clearly, what is the happy event for Sister Zimo?"

Xuantao is still playing tricks, Xie Zhiwei has already called Zimo's name, "Come here, I have something to say."

Zi Mo thought of something, his eyes turned red, he shoved the dowry list into Xuan Tao's hand, and followed Xie Zhiwei to Xici Room.

Xie Zhiwei sat down on the couch in front of the window, Zi Mo came over and knelt in front of her, Xie Zhiwei pulled her, she couldn't stand up, and choked up, "Girl, I don't want such a marriage anymore, I want to be with you forever ."

"Nonsense, a man who is a college student should be married and a female college student should be married, how can he be an old girl all his life?"

"The slaves would rather comb themselves, but the slaves just want to stay by the girl's side."

"Okay, let's not talk about this. I promised this marriage. Old Zhao's family is all for you. They are willing to do things for me. I'm saying right now, I can't bear you, old man Isn't Zhao Tou trying to be impatient with me?"

Zi Mo couldn't help crying, Xie Zhiwei pressed her shoulder, Zi Mo and Xuan Tao are the people she wants them to be happy in this life, she gently squeezed Zi Mo's shoulder, only to provoke Zi Mo cried even more sadly.

"I originally wanted to stay with you for two more years, but right now, I want to arrange for someone to go to Zhending Mansion. I am going to send Zhao An, so I want to arrange your marriage with him first. You and him go first." One step, help me arrange all the things over there."

"Even if the servant doesn't marry him, can't he go with him?" Zi Mo wiped away tears when she heard the reason.

"You unmarried couples, there are many changes on the road. If you get married, day trips and overnight stays will be much cheaper, and he will be more convenient to take care of you. Besides, I went there, and I will be independent in the future. I don't want a daughter-in-law in charge? "

What Xie Zhiwei has now is to instigate her mother's in-charge daughter-in-law to get in touch with her. She can be a girl, but it will be inconvenient when she gets married in the future.

Although Xie Zhiwei's family will definitely marry the wife in charge when she leaves the cabinet, Zimo has spent the longest time with her and knows her habits and preferences the most. Naturally, Zimo or Xuantao is the best place to settle in the Zhending Mansion.

Wanting to understand this, Zi Mo had to put away her tears and accept this errand.

Xie Zhiwei took out a sandalwood box with black lacquer and gold landscape pattern from the cabinet on the wall and handed it to Zi Mo, "This is Zhending Mansion and this side, a total of two real estates, and several shops, two hundred acres of farmland, five thousand Two silver coins, this is the dowry I prepared for you."

Zi Mo's hands were trembling. This dowry of no less than 20,000 taels of silver was not much lower than that of an ordinary rich lady from an official family.

"You and Xuantao, to me, are always different. You don't have to think too much. In this life, I will be a master and servant with you. This is not a shallow fate. Although you chose Zhao An , He is also working under my hands, but if he has something wrong with you in the future, you tell me, I will make the decision for you. You are from my house, so don't wrong yourself at any time. "

"Your maidservant, remember!" Zi Mo cried on the ground, unable to control herself.

Outside the door, Xuantao heard all the words, tears rolled down, she turned around, wiped her tears, and made up her mind, she combed herself in this life, she didn't want to leave the girl, and in the future she would be a nanny in charge of the girl's room Mama, it's just as good.

After Xie Zhiwei came out, he told the news that Zi Mo was going to get married. Mother Qiu was overjoyed. Both Zi Mo and Xuan Tao were the girls she trained and taught. Now they can have a good home, she is naturally happy.

"Nurse, regarding Zimo's marriage, you should treat Zimo like a daughter, and make her a family!"

"Okay, okay!" Mother Qiu said to Xie Zhiwei, "On that day, go out of my room, and I will ask Brother Heng to carry her out."

Luo Heng was Xie Zhiwei's caller. A nephew of her husband's family who was recognized by Mother Qiu had a limp in his front leg. Xie Zhiwei helped him break the misplaced bone again and then reattached it. The other leg is a little shorter, but I can't tell if I can't walk fast.

Luo Heng was outside, helping Xie Zhiwei's Zhuangzi to collect rent, and inquiring about some outside news, working very hard.

Nurse Qiu wanted to find a girl with a good temper for this heir. The people around Xie Zhiwei were all good, but she was worried that there were not enough people now, and if she went out, it would be even worse, so she never dared to think about it.

Everyone in the room was happy for Zi Mo, Xie Zhiwei said, "After Zi Mo goes out, I want to make up someone next to me, who is suitable for Mammy?"

The third update!

Chapter 574 Ah Xun

Nurse Qiu came up to make up for Caige, and asked Lianxiu to fill in the lack of Caige. The big maids in Xie Zhiwei's room were Xuantao, Yuqing, Bailing and Caige.

Because Bai Ling is just a bag of inquiries all day long, spreading news everywhere, plus, Xie Zhiwei will leave the cabinet in a few days, and there are more and more things every day, Xie Zhiwei thought about it, so he simply took Tao Yao in the former second-class maid. Together with Qiuman, she became a first-class girl.

Because of being with Xie Zhiwei for more than a year, Gan Tang has learned a few words, and her brows are light and bright. Because of the relationship with Tong Nanny, the two of them came up and became second-class maids.

Nurse Qiu lamented that there were so few people, and asked someone to send some little girls over, and picked out a dozen or so girls at one go and put them in the yard for teaching.

Zi Mo still came up to the servant the next day, and handed things over to Cai Ge bit by bit. Everyone knows that Zimo and Xuantao are the most valued people by the girl, and now they are released and will come back to be the nuns in charge, no one dares to neglect her.

About ten days later, Xie Zhiwei still saw Zi Mo coming in, so he pushed her out, "Is the dowry not ready? Will I send a naked person over there? I won't go to see the Zhuangzi and the shop I gave you? Don't you Are you still going to hand over the dowry to Zhao Ammonium to help you take care of it if you fail the door?"

With tears in his eyes, Zi Mo kowtowed to Xie Zhiwei, and reluctantly left.

After the second day of February, the weather was fine all the way. It was not yet March, and it was so hot that I couldn't even wear a jacket.

Mrs. Yuan was very worried. Now that the weather is so hot, I am afraid that when Xie Zhiwei comes out of the cabinet, there will be some kind of cold spring and a few rains. It will be too bad.

Xie Zhiwei looked at the sky, "Mother, don't worry, it will definitely be cold in two days, but after March, the weather will get better again."

When Yuan Shi heard this, she became anxious, "Mei Mei, I went to make an appointment with Famen Temple two days ago. The weather is fine tomorrow, so we will go to Famen Temple together. You burn incense sticks for your mother, and we will have a vegetarian meal at Famen Temple." ,how?"

On Qian's side, through a matchmaker, they made an appointment with Kang, and when the day came, they went to Famen Temple together in a mighty way.

The two families met at the foot of the mountain. When Qian Shi and Kang Shi met, they were like sisters who had been separated for many years. He went to Famen Temple.

Yuan Mo followed her mother, glanced at Xie Zhiqian from time to time, the two exchanged eyebrows, your face would blush from time to time, and mine would get hot, Xie Zhiwei and Xie Zhihui looked at each other and smiled for a while.

In the Guiyuan Pagoda of Famen Temple, Xie Yuanbai placed a memorial tablet for Cui Shi more than ten years ago and lit the ever-burning lamp here.

Xie Zhiwei donated 1,000 yuan of sesame oil money, and together with Yuan Shi, they came to the Guiyuan Pagoda under the leadership of the Zhike monk. This is not the first time she has come. Xie Zhiwei sneaked in during the temple practice and kowtowed in front of Cui's memorial tablet. At that moment, she was still full of resentment.

She hated Cui's death so early that she lost the protection of her biological mother, and also hated Xie Yuanbai who went to the border for five years without anyone to support her, making it so difficult for her to make a living in the hands of her stepmother and stepgrandmother.

At this time, she was full of gratitude, grateful to her mother for bringing her life, grateful to her mother for being born in Cui's family, and she was able to live a good life under the protection of Cui's family since she was a child, grateful for her mother's good reputation during her lifetime, which made people feel happy. When mentioning her, everyone said that Cui Shisheng's daughter must be very good, and thanked her mother for paving the way for her with glory even though she was gone.

Cui's tablet is now replaced by Mrs. Cui of Gaoyanguo. This is the honor she earned for her mother. Now she is kneeling in front of her mother's tablet, so she feels a little more at ease.

Kneeling on the side, she closed her eyes very piously, she muttered, "Sister Cui, I know I have something to say, and you definitely don't like it, but, Sister Cui, I really appreciate you giving me a Mae Mae Such a daughter..."

Xie Zhiwei got up and walked out slowly. She stood in front of a red plum tree and touched the corners of her eyes with a handkerchief. When she was feeling sad and happy, suddenly a small stone rolled by her feet.

Xie Zhiwei turned his head and looked over, and saw a young man in black standing under a cluster of winter jasmine flowers. On the top of the wall, the winter jasmine flowers climbed all over the wall. The golden yellow winter jasmine flowers were extremely eye-catching under the sunlight, clusters, Behind the young man, a curtain wall was formed, making the young man look like jade.

"Ah Xun!" Xie Zhiwei was overwhelmed with surprise, and hurriedly ran towards Xiao Xun with her skirt in hand. Xiao Xun stretched out his arms, took two steps forward, and hugged Xie Zhiwei into his arms without hesitation.

"I was going back to the city early this morning. When I heard you were coming, I hurried over here. Mei Mei, do you miss me?"

Xiao Xun's sword-like eyebrows were high, his beautiful phoenix eyes were shining brightly, and his handsome facial features were in high spirits. He lifted Xie Zhiwei up, hugged her, and walked around happily.

Xie Zhiwei was so frightened that he quickly put his arms around his neck, which made her even happier.

"Put me down quickly, my mother is inside!" Xie Zhiwei was even more afraid that the monks in the temple would see her, and when she hugged Xiao Xun tightly in fright, her face was attached to Xiao Xun's, this feeling was very strange, it made her extremely nervous.

"Don't be afraid, if the mother-in-law comes out, she doesn't see me, I'll see her first." Xiao Xun refused to put Xie Zhiwei down no matter what, he actually wanted to free up a hand, "Mei Mei, I brought you a present!"

He put one arm around Xie Zhiwei's waist, and with the other hand, he took out a bracelet from his waist purse, held it up to her and looked at it, "I've looked at many shops, and this one is the best one."

This is a bat-patterned bracelet carved from white jade. The two sides are relatively flat and oval in shape. One side is brown, and the other side has a pair of bats engraved with Yin lines. The size is just right for Xie Zhiwei's wrist. Xiao Xun said it was fine. Not good, in fact, the water head is very good, it can be seen that he was very careful when choosing.

"I like it very much!" Xie Zhiwei pinched the bracelet, and she looked at Xiao Xun with a smile, "If you go out to do errands in the future, if you don't have time, you don't have to bring me a gift."

"How can I do that? Besides, why am I so busy that I don't have time to bring you a gift? The world is not as big as you. I can only bring you a gift every time. When I get old, you will fill the room with it is a gift I brought to you. We look at those gifts and recall what happened today, so that we can live a lifetime."

Xie Zhiwei was so moved that tears were about to come out. She leaned her head on Xiao Xun's shoulder, her nose was a little sore. At this moment, her heart, which was apprehensive because the wedding date was approaching, became calm and filled with anticipation.

She looks forward to spending a lifetime with him, as he said, when they grow old in the future, they will stay together and watch the house full of memories.

When she was too old to move and was about to die, she reluctantly took the treasures she had saved all her life into the coffin, and left the rest to her children and grandchildren, watching them gather around the bed and divide her inheritance.

There will be two more updates at the end of the month, and there will be another update!

Meme, I love you all, thank you for your support! Let me remind you again, it's the end of the month, if you have a vote, vote quickly, and it will be invalid after the expiration date.

Chapter 575 Bite

Xie Zhiwei thought about it, and couldn't help biting Xiao Xun's neck, naturally, gently and cautiously, like a thief, Xiao Xun's whole body seemed to be hit by lightning, he was dumbfounded, only heard Xie Zhiwei chuckled lightly, at a loss.

"Mei Mei!" Yuan Shi shouted, and then Yuan Shi asked, "Where is the eldest girl?"

"The servant girl saw the eldest girl going there."

When Xie Zhiwei heard the sound getting closer, he panicked all of a sudden, and with a puffy face, he quickly pushed Xiao Xun to go down. Xiao Xun glanced in the direction of the footsteps, pressed Xie Zhiwei's head, and gnawed down. Just nibbling on her lips, Xie Zhiwei gasped with a "hiss", and stared at Xiao Xun with a pair of round eyes.

Xiao Xun hurriedly put her on the ground, turned around and left like a puff of smoke.

"Mei Mei, why are you here?" Seeing her daughter, Yuan Shi breathed a sigh of relief, saw a red mark on her daughter's lips, and hurriedly leaned over to look, "Mei Mei, what's wrong with your mouth?"

Thanks to Xie Zhiwei's good temper, she also complained enough about Xiao Xun in her heart at this time, she hurriedly dabbed it with a handkerchief, "When I came here just now, I was picked up by a flower branch."

"Huazhi" hid behind the courtyard wall, and when he heard the girl's voice getting farther and farther away, he hurriedly stood up and climbed on the courtyard wall, watching Xie Zhiwei's figure turn to the right with Yuan Shi, and was blocked by the Guiyuan Pagoda No, he climbed over the wall again and turned back.

Mei-Mei took the initiative today!

Xiao Xun was so happy that he couldn't find the north, there were countless little rabbits jumping happily in his chest, he really wanted to find someone to talk about his joy, but it's a pity that this kind of thing doesn't look like a victory, he can show it Loud.

This is a matter between him and Mei Mei. Naturally, no one should know, so he can only go to Mei Mei.

Xie Zhiwei and Yuan Shi just walked to the back of the Daxiong Hall, and were about to cross the threshold to go to the front to have a look at the release pool, when there was a dispute.

"Speaking of which, our two families are in-laws. Even if the in-laws are not very close, they are definitely not like this. When we meet, we fight back and forth like black corns. You are the princess, and I am just a six-year-old. I don't have the face to speak in front of you, you are so right, so wait for my sister-in-law and niece to come and discuss with you."

This is Qian's voice. Beside her, Yuan smiled and said, "Princess, what happened? How angry is this! Seeing that the two children are about to get married, you are such a mother, but you want to call people It's a joke."

"Looking at the joke? I have already let the whole capital read the joke, and I lost face to the empress. What did I say? Did I say something wrong? My niece is about to die, and Princess Duanxian will die. Help, did I say something wrong?"

Princess Xiang just finished speaking, when she saw Xie Zhiwei coming out of the door, her last words stuck in her throat, her eyeballs were about to protrude, she stared at Xie Zhiwei as if she had seen a ghost.

"Princess Xiang!" Xie Zhiwei walked over and blessed Princess Xiangxiang, "Is Miss Zhuang really bad? According to me, this may not be a bad thing."

"What did you say?" Princess Xiang didn't expect Xie Zhiwei, a treasured place of Buddhism, to say such wicked words.

"I heard that the concubine asked several noble families to propose marriage to the eldest son, but none of them agreed. Could it be that the family status of Prince Xiang's mansion is not good? In this world of Dayong, apart from the palace, Prince Xiang's mansion is the most noble and noble family. The tallest, is it because of the bad character of the son? I have been in Beijing for so many years. Although I have not heard much praise about the second uncle, I have never heard of the second uncle bullying men and women and endangering the people. Wangfei Think about it, why is this?"

Princess Xiang's mind was a little shallow, she didn't think much, and asked, "Why?"

Recently, she is worrying about her own son's marriage, and her hair is almost gone. Last year, she also said that she would work with the empress. , she has taken a fancy to a good girl, but no one is willing to marry her daughter to her son.

At the beginning, she was just thinking, could it be that people dislike her son for not being as capable as the eldest son? Because of this, she often scolded her son for not being up to date, and even came up with the idea of sending her son to the western border to seek some military exploits.

She just said this, and the prince looked at her with a smile that was not a smile, just like looking at a fool, and agreed very readily, "Okay, if you want, I will send him there personally."

"Do I still need to ask?" Qian Shi seized a good opportunity at this moment, and gloated, "Princess, you are also the one who raises a daughter. If you are a man from someone else's family, you don't even have a wife, and you have a concubine at home." , or the mother-in-law's niece, do you dare to marry your daughter?"

Princess Xiang's eyes were so angry that she almost fainted. No wonder, when she asked someone to go to someone's house to say goodbye, the matchmaker was unwilling to accept the job. It was because of this, but who is to blame?

If you want to blame, you can only blame Xiao Xun. If Xiao Xun hadn't made a stumbling block, her niece is now Prince Chen's side concubine, and it's her turn to harm her son?

Wang Shipu said that even if Zhuang Fengzhi's injury healed, because Xiao Xun's kick just hit Zhuang Fengzhi's lower abdomen, there might be lacerations in the palace, which would hinder the children in the future.

So, why did she give her son such a concubine that hinders the marriage and will not be able to have children in the future?

At this moment, Princess Xiang hated Xie Zhiwei to the extreme. If Xie Zhiwei was willing to treat his niece, how far would it be now?

Xie Zhiwei saw Zhuang's thoughts at a glance, she was not afraid of Zhuang's, but the wedding was coming, she didn't want to cause extra problems because of Zhuang's, so she greeted her mother, Qian and second aunt, and said goodbye to Zhuang's leave.

"Princess, are you really unwilling to make a move?" Princess Xiang wiped her tears, "After all, you will live under the same roof in the future, and you just have the heart to watch, Zhi'er's life will be ruined like this?"

Xie Zhiwei didn't understand. After all, she didn't know that Zhuang Fengzhi was kicked and injured the palace, but Zhuang Fengzhi was Xiao Xun's concubine in Zhuang's fortress, and even went to King Xiang to sue her. Xie Zhiwei didn't think he was a kind person, couldn't help laughing, "Miss Zhuang has the love of her parents, and the love and affection of the princess, she is a blessed person."

Saying that, Xie Zhiwei walked away.

Mrs. Zhuang was so angry that she almost tore the handkerchief in her hand, and Nanny Ji watched the whole process with sympathy, "Princess, this Princess Duanxian is not a good match at first glance. Not big, but a heart is too hard, this servant has lived for a long time, and I have never seen such a little girl before."

"It's not just that you haven't seen it, even I haven't seen it. Xiao Xun, that bastard, with such help, he may not be able to ride on my head in the future to do his best."

Today's update, am I a hardworking bee? Should it be rewarded?

Chapter 576 It Hurts

Mother Ji thought for a while, and comforted, "The princess doesn't have to be so afraid of her. Right now, the princess has nothing to do with her, but in the future, the princess will be her serious mother-in-law, and the one in the courtyard is not counted." Now, the princess wants to train her, as long as she sets the rules in front of the princess every day."

"As for it, as it was said outside, His Royal Highness Prince Chen will take the princess to go to the feudal clan. If the princess's health is bad, does the emperor dare not let the princess perform filial piety?"

Princess Xiang was very happy when she heard that, "That's the reason, and you are thoughtful about me."

Xie Zhiwei's carriage had just entered Nanxun Gate, when she heard discussions all over the city, she hurriedly asked Bai Ling to inquire, and returned home a little restless.

After going out for a day, Xie Zhiwei was really tired. After taking a bath, he was leaning under the south window holding a book, reading absently, when Bai Ling flew in like a bird, "No, Princess, Something has happened to the eldest daughter of the Marquis of Wu'an."

Xie Zhiwei got up from the couch in shock, "What happened? What happened to Sister Yunhua?"

"I heard that in the Daxiangguo Temple today, Miss Cao was knocked into the release pool. It happened that the fourth prince of Lou Kingdom saw it and rescued Miss Cao. Later, Miss Cao heard about it. It was a conspiracy, a conspiracy entrusted by Princess Huihe. Miss Cao was very angry. It happened that Princess Huihe was also in Daxiangguo Temple. When Miss Cao was fighting with Princess Huihe, she blinded Princess Huihe in one eye. "

Not to mention anything else, Xie Zhiwei heard that the Fourth Prince of Lou Kingdom and Huihe were both in Daxiangguo Temple, and since it was the conspiracy of Huihe envoy, why did Sister Yunhua find out so quickly, when Sister Yunhua came to the door, Huihe Don't you have a maid by your side? Why was she blinded by elder sister Yunhua?

A blind princess is naturally not eligible for marriage. Right now, who is the most suitable candidate for marriage?

Sister Yunhua is the legitimate daughter of the Marquis of Wu'an, the niece and daughter of the queen's empress's direct relative. It is the best arrangement to be named a princess to marry her.

Especially, the married princess was hurt by Sister Yunhua.

"Come here, prepare the car, I'm going to Changshou Princess Mansion."

Bai Ling was startled, she looked up at the sky, "Girl, it's getting dark."

Xie Zhiwei was very irritable, ignored Bai Ling's dissuasion, and said to Xuanta, "Prepare the medicine box and needles, and ask the woman at the door to arrange a car. I'm going to Changshouchang Princess Mansion."

"Girl, I heard that Princess Huihe is still in Daxiangguo Temple." Seeing that the girl didn't listen to persuasion, Bai Ling knew that the girl didn't want Miss Cao to be in a desperate situation.

Xie Zhiwei was about to get into the car, when she felt something strange in the car, she opened the curtain and took a look inside, and seeing that it was Xiao Xun, she turned her head and said to the maids, "Prepare one more car, you guys take the car behind and follow. "

Xuan Tao and the others thought that the girl wanted to be faster, but they didn't think so, since there were many cars in the house anyway, so they ordered another car to follow behind.

Xiao Xun pulled Xie Zhiwei with too much force, Xie Zhiwei slammed into his arms directly, and Xiao Xun let out a muffled snort.

Xie Zhiwei put both hands on Xiao Xun's chest, and asked with concern, "Are you okay?"

"It's something, it hurts here!" Xiao Xun looked at his chest pitifully.

Xie Zhiwei knows this strength, it is nothing to him, but right now this person is in front of his eyes, he is crying, Xie Zhiwei really can't turn a blind eye.

Xie Zhiwei could only rub him for him, and asked softly, "Is it better?"

This taste!

Xiao Xun couldn't describe it, he could only say "Ecstasy, desire is more pitiful, and it's rare in the end", he endured uncomfortably, and was afraid that Xie Zhiwei's arm would hurt, so he had about a few breaths, and said, "Okay, it doesn't hurt anymore."

Xie Zhiwei saw that he was haunted all day long, so he said, "You can't always be so shameless, can you? How long are you going to hide?"

"It will be fine in a few days, Mei Mei, before the big wedding, I will stay with you in the capital! I heard that some people are very afraid of getting married. I am so worried now, I am afraid that you will also be afraid."

Xie Zhiwei looked at him with his eyes, and said angrily, "Ah Xun, tell me, are you afraid?"

"What am I afraid of? What do I have to be afraid of? Others say that there are three great blessings in life. I can have a wife and children right away."

Xie Zhiwei chuckled, looked at his red ears, and gently tugged at his red ears, "You're still coaxing me, tell me, are you nervous?"

"Where is it?" Xiao Xun turned his face away, not looking at Xie Zhiwei.

The carriage soon stopped in front of the mountain gate of Daxiangguo Temple. Xie Zhiwei pushed Xiao Xun away and asked, "Are you waiting for me here or do you have something to go first?"

Because the weather was still cool in the morning and evening, the white tiger skin that Xiao Xun gave to Xie Zhiwei was still covered on the carriage. Xiao Xun lay down on the tiger skin and stretched his waist, "I'll just sleep here! You Go and do your work, and I'll take you back later."

Xiao Xun just felt that the days of hiding in front of him just happened to be able to stick with Mei Mei, and there was nothing wrong with it. However, he had to resolve the immediate predicament as soon as possible, and he had to honor Mei-Mei in an open and aboveboard manner.

Could it be that when sending the dowry, the officials from the Ministry of Rites should help him to deliver it? Of course he went in person.

He has been saving for dowry since he met Mei-Mei. After saving for so long, he has saved a lot of good things. Of course, he has to do it himself for such an important moment.

Lying in the carriage, surrounded by Meimei's aura, hugging and hugging the girl he loves for so long, Xiao Xun is naturally familiar with these auras, as if he and Meimei are sleeping on the same bed. Suddenly, Xiao Xun fell asleep.

"Girl, if things have turned out like this, will Princess Huihe blame the girl?"

"What did she blame me for? She said she didn't want to make a kiss. I asked her if she didn't want to go and have to pay a price. She said that as long as she didn't die, she could pay any price."

Xue Wanqing dismissively said, "At the moment, I just lost one eye. Besides, if my good cousin is willing to take action, she may not be able to keep her eyes. It depends on how she chooses. What can she blame me for?"

Cuixiang breathed a sigh of relief, Xue Wanqing was very satisfied, after she arrived at the Fourth Prince's Mansion, Xiao Changxuan arranged many people to serve her, but Xue Wanqing knew her own situation, and some of her ideas and practices were shocking, so she dared not ask for other maids. Cuixiang was the one who served her personally.

Sure enough, Cuixiang was brought from her natal family, and she was very loyal to her.

She didn't realize the difference between a child born at home and a servant girl bought from outside before, but now she has a deep understanding.

In addition to Cuixiang, she has four first-class maids by her side, who can catch up with Xie Zhiwei in battle, but these four first-class maids are like tung oil lamps, and they will not take the initiative to plan for her. It's very perfunctory to serve at the same pace.

The first update!

Chapter 577 Affection

"Concubine Xue Shu, please stop!"

A woman came out from the Daxiangguo Temple, trotted all the way, and stood in front of Xue Wanqing, just as the three of them were standing next to Xie Zhiwei's carriage.

"Concubine Xue Shu, my lord has something to ask."

The adult the mother-in-law is talking about is Lu Qiling. Such a murder happened in Daxiangguo Temple, and it also involved Lou State envoys. Not only Lu Qiling came, but also Qu Chengyu from Dongchang.

Lu Qiling came out of the Daxiangguo Temple in a crimson official uniform, the last ray of the setting sun shone on him, the youthful elegance exuded a sharpness, and the fortitude wrapped a little calmness.

"Xue Concubine, I have two questions, please answer them truthfully!"

"Biao Uncle Lu, please tell me!" Xue Wanqing was very polite, and Lu Qiling smiled, "I dare not, Lu believes that he is not related to the Xue family and the Fourth Prince."

Xue Wanqing sneered inwardly, and didn't care, her attitude became much colder, "Stop talking nonsense, Lord Lu, please ask me!"

"Princess Huihe said that all this was instigated by Concubine Xue Shu, because the princess didn't want to get married, and begged Concubine Xue Shu to help come up with this idea. I wonder if it is true?"

If it is true, then Xue Wanqing will not be able to get rid of this lawsuit. Her heart skipped a beat, she was very angry again, and said with a sneer, "What does it have to do with me? She said I ordered her to eat shit, and she also went to eat shit." ?"

Lu Qiling didn't expect that Xue Wanqing, a woman, could speak so rudely. He was a little embarrassed. After a long pause, he continued with the second question, "Concubine Xue Shu, I don't know why you came to Daxiangguo Temple today. When the case happened, where were you?" ?"

Xue Wanqing couldn't stand Lu Qiling being so rude to her, "The Daxiangguo Temple is so big that everyone can come, dare to ask Mr. Lu if everyone has to visit it? Three days ago, I planned to come to Daxiangguo Temple today to offer incense. We just met, since I used to be good friends with Hui Hui and the princess, I would of course go to condolences when she was injured, who would have thought that she would actually bite me."

"It's so loud!"

A voice suddenly appeared behind him, so familiar, Xue Wanqing jumped up in fright, turned her head to look, and saw Xiao Xun, who was supposed to be in Xijiang, appeared here like a ghost, she was suddenly surprised and happy.

Xiao Xun looked like he had just woken up, and stared at Lu Qiling with unfriendly eyes, "I said, Master Lu, when did the yamen of Shuntian Mansion burn down? Or the main beam was struck by lightning. Where is it not good to interrogate prisoners? You Run to the side of my car for interrogation, I was woken up by you from a good dream, will you compensate me?"

Lu Qiling was also shocked, after confirming that it was Xiao Xun, he hurriedly stepped forward to salute, "I have seen the prince!"

"Go, go, go, roll as far as you want, don't buzz in my ears!"

Xiao Xun waved it like a fly, and after finishing speaking, he was about to go in, but was stopped by Xue Wanqing, "His Royal Highness, the sentence pays attention to evidence, the concubine is innocent, I am not a criminal, please be careful, Your Highness Chen !"

After Xue Wanqing finished speaking, she looked at Xiao Xun with a righteous face, as if you wanted to return my innocence.

And in her heart, when the word "concubine's body" was uttered just now, a strange feeling arose, as if she had served Xiao Xun before and had a skin-to-skin relationship with him, it was so soft.

Women and men are still different after all. If a woman has had that kind of thing with a man, her heart will fall on that person, unless it is a slut.***.

But men are different, how many women a man sleeps with, for him, what he enjoys is the ultimate pleasure of that moment.

After the matter is over, the person is still the same person, and there is no difference for him.

Xiao Xun didn't know that Xue Wanqing cared about him, he glanced at Xue Wanqing indifferently, the sky was very dark, he didn't see who Xue Wanqing was, he only knew that it was a woman, or a married woman, and he didn't bother to talk to her. Get into the carriage.

Xue Wanqing's obsessive eyes wanted to poke a hole in the carriage. On the way back, she sat in the carriage and couldn't help thinking, Xiao Changxuan, without Xie Zhiwei in this life, is it true that he can't sit on the crown prince?

Xiao Changxuan is counting on her, even if she has the talents of the world, Xiao Changxuan is a mud that can't support the wall, what ability does she have to make Xiao Changxuan the prince?

When the carriage passed through Guozi Street, Xue Wanqing just lifted the curtain and saw the Prince Chen Mansion, which occupied most of the street. The two big stone lions at the entrance were majestic and majestic. The five closed gates had nine rows and seven rows of golden roofs under the lights. The interior is shining, the green glazed tiles on the roof and the stars in the sky complement each other.

Since Xiao Xun was conferred the title of Prince, this mansion has been extensively renovated. The front face has doubled in size, raising the standard of the Prince's Mansion to that of the Prince's Mansion.

The carriage went east for a while, and stopped near Duting West Post Station, where the Fourth Prince's Mansion is located. A general lived in this mansion before. Gongfenfu, the Ministry of Industry bought it.

Xiao Changxuan was overjoyed when he heard that Xue Wanqing had returned, and stood waiting under the eaves of the main room in the west courtyard. Seeing Xue Wanqing coming in, he hurriedly greeted her.

Although Xue Wanqing looked down on Xiao Changxuan, she also knew that at the moment, she could only rely on Xiao Changxuan to live, and she had affection for Xiao Changxuan on the surface, "It's so late, why isn't Your Highness resting?"

"Qing'er, am I still worried about you?"

Xue Wanqing was a little tired, she leaned on Xiao Changxuan, "Your Highness, there will definitely be a marriage ceremony in the hall tomorrow, and there will be another disturbance. At that time, Your Highness must not talk casually."

As he said that, Xue Wanqing told what happened in Daxiangguo Temple, "I never dreamed that Huihe would get me involved. What does this have to do with me? I helped her out of my kindness, but she bit like a mad dog." , If I had known, I wouldn't have helped her."

"The most suitable person for a marriage right now is Miss Cao from the Marquis of Wu'an, who happens to be the empress's nephew. If she is married, the status of the Marquis of Wu'an's mansion will rise when she is made a concubine. The empress now has a son. It is very detrimental to His Highness to be crowned prince."

Thinking of this, Xue Wanqing walked back and forth in the inner room, and could not help but complain, "I really don't know what the second princess thinks. If she can obediently obey and make a kiss, it will be a great help to His Highness."

Maybe, Xiao Changxuan will be named the king of the county because of this.

Huihe came to the door and asked her to help out with ideas. Xue Wanqing was worried that she would tell her the opinions he had told her before, so she casually mentioned a few words to her, and only said that she was not qualified to make a marriage. Thinking that she is so ruthless, in order not to get married, she will use any means.

The counselors around Xiao Changxuan had already thought of this for him. Hearing Xue Wanqing talk about it now, he was moved by Xue Wanqing's dedication to him, but also annoyed Shu Ning. Did she think she could choose a good son-in-law if she stayed in Dayong?

The second update!

Chapter 578 Deceiving the King

Huihe's eye wasn't hurt too badly, but there was a scar on the corner of the eye that reached to the corner of the forehead, which looked extremely hideous.

As soon as Xie Zhiwei came to Daxiangguo Temple, he was welcomed in by Mrs. Wu'anhou and the eldest princess.

Cao Yunhua stood in front of the window, not knowing what he was thinking, expressionless, Xie Zhiwei called her, she looked over, saw that it was Xie Zhiwei, rushed over, hugged Xie Zhiwei and cried, "Sister Wei!"

She just felt very bitter in her heart, unable to get what she asked for, and being framed by others. When she was carried up from the release pool by the Fourth Prince of Lou Kingdom, she saw Huihe leaving hurriedly with her maid, and she already had doubts in her heart.

When the maid next to her told her that it was Huihe who pushed her into the release pond. Before that, the railings had been tampered with. After she found out that the maid had been bribed, she knew that it was all a conspiracy from the beginning to the end.

It just so happened that she came to Daxiangguo Temple to offer incense, Huihe and the fourth prince of the Lou Kingdom also came, and it happened that she was pushed into the release pool, and the fourth prince of the Lou Kingdom also fell into it?

At that moment, Cao Yunhua wanted to destroy everything.

At this moment, she hugged Xie Zhiwei and cried uncontrollably. She just felt that there was no point in her life? Couldn't she even die innocently?

Xie Zhiwei could feel the deep sorrow in her heart, but it was not the time to cry, she looked at Mrs. Wu Anhou, and motioned for her to pull Sister Yunhua away.

Madam Wu Anhou came over and hugged her daughter, "Let your little sister see Princess Huihe, okay?"

Princess Changshouchang waited impatiently. To her, having a blind daughter in one eye must be more terrifying than getting married. Who would marry a blind woman?

"Princess Duanxian, please help Huihe take a good look, it's easy to talk about money." Chang Shou urged.

Cao Yunhua cried for a while, and calmed down a little. She let go of Xie Zhiwei, ignored her mother, and stood aside to wipe her tears secretly.

Huihe's eyes were treated urgently. When he saw Xie Zhiwei approaching, he sneered, "Xie Zhiwei, don't try to blackmail me this time. I don't have that much money to pay the consultation fee."

Xie Zhiwei ignored her, took off the cloth covering her eyes and took a look. The scars on the corners of her eyes were terrible. She lightly pressed around Huihe's eyes. It was not as scary as the rumors outside said. Presumably those rumors were mostly Huihe's. Rumors spread.

Xie Zhiwei withdrew her hand, she asked Du Yuan to fetch water, and after cleaning her hands, she said to Huihe, "Princess, your eyes really don't need to spend a lot of money. I was also skeptical at first. How can a woman with the power of a chicken hurt your eyes! I don't know if the emperor knows that the princess set up such a situation in order not to get married, and even said that one eye is going to be blind, will he cure you? What about the crime of bullying the king?"

Princess Changshouchang knew what was going on as soon as she heard it. She was shocked and frightened.

"Huihe, is what the princess said true?"

If this is the case, as Xie Zhiwei said, the royal censor of the imperial court will definitely turn Huihe into a sieve. This is the crime of deceiving the emperor, unless Huihe really loses one eye.

Surviving with broken arms, not everyone can have such great determination and courage!

There is no such person as Huihe.

"Nonsense, Xie Zhiwei, don't frame me, my eyes can't see, I don't know?"

"Since your eyes can't see all the time, why don't I use a needle for you, maybe you can still see a little bit, maybe I'll cure it slowly?"

Xie Zhiwei looked at her with a half-smile, Huihe's expression changed drastically. How could she trust Xie Zhiwei? Today, if it wasn't Cao Yunhua who hurt her, would Xie Zhiwei come here so kindly?

As Xie Zhiwei said, when Cao Yunhua's nails pinched her eyes, she was also terrified, and she used all her strength to break away from Cao Yunhua.

If a person's eyes are attacked, they will immediately protect their eyes by conditioned reflex. If they are not experts, with equal strength, and if they take precautions in advance, it is difficult for a person's eyes to be injured.

This is also what Xie Zhiwei suspects. The eyes are the most vigilant part of the human body. Even if there is dust or flying insects, the eyes will automatically defend themselves.

Huihe's plotting against Cao Yunhua is intentional and unintentional. Huihe will let Cao Yunhua blind her? Coupled with the fact that there are each other's maids next to each other, this kind of accident will definitely not happen.

Chang Shou gasped, she never dreamed that her daughter would tell such a big lie, which is related to the marriage, the covenant between Dayong and Lou.

"Princess Duanxian is really wonderful, my son Huihe's eyes are all thanks to the princess..."

"It's easy to say!" Xie Zhi smiled, "If the princess's eyes want to fully recover, the consultation fee will be 500,000 taels. Although it is a bit expensive, who will hurt the eyes?"

Chang Shou's face changed drastically, did Xie Zhiwei fall into Qian's eye? Her expression was stiff, and she couldn't laugh, "Princess, is this too much?"

Xie Zhiwei glanced at Chang Shou lightly, "His Royal Highness, this is just Duan Xian's meaning, is Sister Yunhua willing to keep this secret for the eldest princess? Good intentions, Duan Xian will never know."

Chang Shou tightly clenched her fists, once again she felt the desolation and powerlessness of no one behind her. If no one was protecting her, how could a mere princess dare to be so arrogant in front of her?

Mrs. Wu'an Hou witnessed all this and knew that her daughter was framed by Huihe, she couldn't help being furious, "Your Highness, there are rumors all over the capital that my daughter has blinded your daughter. The palace already knew about it, but I don't know, if the palace knew that all of this was for Princess Huihe's discord, what would he think?"

"Mrs. Hou, don't bother Madam about this matter. I will enter the palace and explain everything!" Chang Shou was very annoyed.

Mrs. Marquis Wu'an breathed a sigh of relief at this point, she thanked Xie Zhiwei for her blessing, but Xie Zhiwei didn't dare to accept it, so she hurriedly avoided, and stretched out her hand to help her up, "Mrs. How can constitutional feelings be tolerated?"

Since there is no problem with Huihe's eyes, Xie Zhiwei and the others did not stay here any longer, and the guards from Shuntian Mansion outside also dispersed after hearing about it.

Standing under the eaves of the Daxiangguo Temple, Cao Yunhua looked at the lights all over the city, feeling bitter in his heart, "Sister Wei, if Huihe's eyes are really blind, I plan to make a marriage right here. I don't know where my future is?"

Xie Zhiwei has long seen that there is a rift between Cao Yunhua and Mrs. Wu Anhou. Mrs. Wu Anhou is very anxious when her daughter has an accident, but Cao Yunhua is very cold to her mother.

She couldn't bear it very much, "Sister Yunhua, there will never be anyone in this world who loves Sister Yunhua more than Mrs. Hou, and hopes that Sister Yunhua will get well. It is a thing to be able to grow up under her mother's lap." What a happy thing, do you have to get it if you like someone? Do you know that there is a kind of liking in this world that can be so deep that, just watching her happy from the sidelines, you feel that you have also obtained happiness? "

The third update!

Chapter 579 Really Beautiful

Mrs. Wu'anhou was listening, wiping her tears.

She never dreamed that her daughter would fall in love with a **** at the age of first love, and even insisted on marrying him regardless of shame.

Lu Yan has a high position and authority, and Dongchang is ruthless and devoid of conscience. Can such a person be provoked?

If Yunhua can really achieve good things with that person, can the girls in the family still find a good husband?

Mrs. Marquis Wu'an felt sorry for her daughter, and was worried that she would bring disaster to the family. She hadn't had a good night's sleep in the past six months. Hearing Xie Zhiwei's words, she couldn't help feeling sad, and she covered her face and cried.

Cao Yunhua's heart suddenly felt guilty, only thinking of her relationship that ended without a cause, she felt sad, she hadn't had time to let that person know, no matter what kind of person he was, she was willing to follow him and serve as a slave, Life without regret.

She didn't have time to say anything, she kept telling herself that he shouldn't have known that she fell to the ground that day, why did she think he didn't want to talk to her at that time? Bravely chase after him and speak clearly to him!

She wanted to talk now, but her mother followed her every step of the way.

"Sister Yunhua, do you think you are still the same you used to be? Sister Yunhua was not like this. She never made things difficult for others, let alone hurt her relatives. Sister Yunhua, why?"

In Cao Yunhua's mind, it was as if someone had woken up a wake-up call. A voice echoed in his mind, "If I like someone, I will chase him no matter where the world is. As long as the man is unmarried and the woman is unmarried, I like him. Wrong? Even if he doesn't like it, one day, I will make him like me!"

She remembered that when she went to someone's house for a banquet, she accidentally heard this sentence. When she heard it, she spat and felt that the person who said it was shameless, but after hearing it, she never forgot It won't drop.

"Sister Wei, am I shameless?" Cao Yunhua's heart was full of remorse and sorrow, and his originally bright face was pale.

She looked at the ground under the steps, feeling an urge to jump down.

Xie Zhiwei glanced at her death-willed face, and winked at Du Yuan calmly. Du Yuan leaned slightly, and if Cao Yunhua made any changes, she could quickly rescue her.

"In this life, who can be without fault? Sister Yunhua didn't do anything wrong. We hope that in this world, people who are good to us will live well, and we hope that people who are good to him will live well, so we will live well too." alright."

On the left side of the steps, there was a crabapple tree planted. The flowers on the tree were still as bright as bright clouds in the night. She walked over, held a flower branch, took a deep breath, and looked at Cao Yunhua with a smile, "Sister Yunhua, look, it's so beautiful, it's so beautiful blooming on the branches like this!"

Cao Yunhua's eyes were filled with tears. After a long time, she nodded and cried and laughed. An invisible shackle on her body seemed to be broken away. Although she was sad and sad, she felt relaxed after the attachment was let go.

"Sister Wei, thank you!"

Xie Zhiwei and Cao Yunhua bid farewell, it was getting late, she hurriedly got into the carriage, Xiao Xun slept soundly in the carriage, when the carriage drove out of the Dalushi Lane where Daxiangguo Temple is located, Xiao Xun woke up, he opened his eyes Seeing that Xie Zhiwei was looking down at him with unresolved tenderness in his eyes, he thought he was dreaming.

"Mae Mee?"

Xie Zhiwei let out a "hmm", hearing that his voice was a little hoarse, he handed a cup of half-cold tea to Xiao Xun.

Xiao Xun sat up, drank it in one gulp, put the teacup away, then sat beside Xie Zhiwei, lifted her up, and let her sit on his lap.

Ass. Under the buttocks are Xiao Xun's legs, Xie Zhiwei is uncomfortable in every way, but Xiao Xun hugs her and doesn't let her go down, burying his face on Xie Zhiwei's shoulder, "Mei Mei, let me hug you for a while, I just had a nightmare ,very scary!"

Xie Zhiwei stopped struggling. Hearing the deep sadness in his voice, she hurriedly said, "It's just a dream, and it's not real. When you wake up from the dream, it will be fine."

Xiao Xun felt that he couldn't get better, he had to hold Mei Mei in his arms all the time, and truly feel her presence, so that he could get better.

He had a dream, the dream that Meimei said, in the dream, Meimei was locked in the cold palace by that **** Xiao Changxuan, and he led Yanbei's soldiers to attack the capital, just to avenge Meimei, take Go down to Dayong's country and rescue Meimei from the cold palace.

But at the last moment, when he rushed into the palace, he happened to see Mei Mei dead.

In the dream, the heart at that moment was so painful that he would rather die than live, and he wished he could just go with Mei Mei.

If he hadn't promised Mei Mei that Xiao Changxuan and his new queen would kneel in front of Xie's family tablet for ten years, he would have followed Mei Mei and never let anyone bully her again.

Xiao Changxuan, Xiao Xun remembered him, he remembered the first time he met Meimei in the palace, Meimei attacked Xiao Changxuan, it must be Meimei had this dream before, and she was out of breath.

Xiao Xun, who felt that he knew the truth, regretted it too much. If he had known earlier, he should have helped Meimei in the first place.

The carriage left Nanmen Street, went north for a while, and then boarded Zhouqiao. Going east, you will find Xiaotianshuijing Lane.

Xie Zhiwei couldn't bear it anymore, and struggled to get off Xiao Xun's lap, blushing, "Ah Xun, shall I ask Uncle Zhu to take you back?"

"No, Mae Mae, I'm going to watch you fall asleep tonight, before I leave."

"Why?" Xie Zhiwei was very helpless, "What kind of dream did you have? It scared you like this?"

"I had a terrible nightmare, Mei Mei, don't ask me, I don't want to talk about it, if I say it, I'm afraid I'll cry."

He had a bitter face, as if he was about to cry, and Xie Zhiwei couldn't force it. When the carriage entered the east corner gate and stopped at Yimen, Xie Zhiwei got out of the carriage and decided to leave him alone.

Uncle Zhu already knew that there was someone in the carriage, so he didn't care about Xiao Xun. After parking the carriage, he took off the yoke, took the horse to graze and brush, and left Xiao Xun in the carriage.

Xiao Xun sat for a while, still immersed in the dream just now, if Mei Mei was not in front of his eyes, he would really feel that everything in the dream was real.

He couldn't imagine how he would spend the rest of his life without Mae Mae? It seems that he is not a complete person, only with Meimei, his life is a complete life, Meimei is his life, and with Meimei, he is a living person with flesh and blood.

Thinking of this, Xiao Xun got out of the carriage, listened to Xie's voice, avoided crowded places, and sneaked towards Meimei's Yizhaoyuan.

Songfeng and Zhuying, who were lying on the courtyard wall, saw Xiao Xun coming again, looked at each other, and hurriedly turned their heads away silently.

Leaning in the courtyard, Dou Xiuniang, who just came out of Xie Zhiwei's room, was alerted immediately, ran two steps quickly, turned over and jumped up, and shot at the crabapple tree where Xiao Xun was.

Chapter 580 Distressed

Dou Xiuniang was in vain. Xie Zhiwei stood in front of the window and saw a figure running towards the darkness like a cat and disappeared. She suddenly had a headache and called Dou Xiuniang, "Xiuniang, come back!"

Dou Xiuniang glanced at the place where the black shadow disappeared unwillingly, and had to come back, and gave Xie Zhiwei a fistful salute, "Miss, who is that person?"

Xie Zhiwei hesitated to speak, let's not talk, what if one of his friends gets into a fight and gets injured?

Seeing that Dou Xiuniang even took out her weapon, she said shamefully, "It's either His Royal Highness, or someone sent by His Royal Highness."

Dou Xiuniang was taken aback, "His Royal Highness is back?"

Dou Xiuniang did not know where Lu Yan found her. She was in her thirties, and her real name was said to be Dou Xiangjun.

It is precisely because of this that Xie Zhiwei is worried. Compared with Du Yuan and Du Yan, this person is more than twice as capable.

"Well, I'm back. I'll let Matsukaze and Zhuying come out to meet you later, so that you won't accidentally hurt your own people in the future."

Dou Xiangjun was very embarrassed. She was too anxious just now, and felt that the strength of the other party was much higher than her, so she was extremely nervous, but forgot to detect the man's breath.

After a while, Xiao Xun came back, Xie Zhiwei was leaning on the couch, asking Xuantao to dry her hair, he stood in front of the window, knocked on the window, Xie Zhiwei, master and servant looked up, Xuantao had eaten Surprised, he quickly lowered his head.

Xie Zhiwei walked over with her hair loose. She was wearing a peach-red tunic and a jacket of the same color. Her long hair fell down to her thighs. It was as smooth and black as black satin, making her small face even more radiant. Xue, because she was well nourished, had a faint pink on her face, as delicate as a flower bone.

Xiao Xun stared straight at her chest, his gaze wandered around her chest, only the slightly protruding buns, his face flushed with embarrassment, and he turned away.

"Aren't you going to go back to sleep?" Xie Zhiwei asked.

Xiao Xun was afraid that Xie Zhiwei would drive him away, so he hurriedly supported the window sill, turned over, and said pitifully, "Mei Mei, I have been busy all day, so I just drank a bowl of tofu nao in the morning and ate it. I ordered a deep-fried dough stick, and I haven't eaten yet, and I'm starving to death."

Xie Zhiwei couldn't see Xiao Xun pretending to be pitiful, he said he didn't eat, he must have really didn't eat, and he didn't care to say anything else at the moment, he turned his head and said to Xuantao, "Go to the small kitchen and cook a bowl of noodles for His Highness."

Xuan Tao hesitated. Although the princess and His Royal Highness Chen Wang are unmarried couples, they are unmarried after all, and the princess is so young. How could she rest assured that the princess and Prince Chen are alone in the same room in the middle of the night?

"Princess..." Xuantao shouted, glanced at Xiao Xun meaningfully, and also looked at Xie Zhiwei pitifully, with a look of pleading in his eyes.

Can she ask someone else to cook noodles for His Highness? Even though it was so late, His Royal Highness Chen Wang couldn't get a bite to eat, so he came to the girl's boudoir, obviously with some intentions.

"Mei Mei, you are so loyal!" Xiao Xun sat on the edge of Xie Zhiwei's bed without seeing anything else. Before his **** fell, he suddenly jumped up. He hadn't washed it before, so he didn't dislike it. Sit down on the pedals.

Xie Zhiwei blinked, and said to Xuantao, "If you are worried, let Yuqing go."

Xuan Tao was overwhelmed, blushed, walked to the door, opened the door, and called Yuqing outside, now, all the maids in her room knew about Xiao Xun's stay in Xie Zhiwei's room.

Xie Zhiwei was ashamed to the extreme, but Xiao Xun felt very good, he and Mei Mei Mingming are a serious fiancée, and they will become a real couple in two months, why should he come to see her and sneak around ?

Xie Zhiwei sat down on a chair beside her, her face flushed with shame, and after a while, Mother Qiu came in, and asked Xiao Xun to sit in the outside room for a while.

Xie Zhiwei thought for a while, and said to Aunt Qiu, "Auntie, I don't need to let my father and mother know about this, so as not to worry them."

Mother Qiu is all for Xie Zhiwei's good. She raised Xie Zhiwei from a young age and treated her as if she was her own. Now that the girl is about to leave the cabinet, she has always been worried. If the girl and uncle consummate their marriage, it will take two or three years. Fifteen years old, at the age of knowing people's affairs, if the eldest son is born in the future, where will the girl's face be put?

If the girl and the son-in-law have a deep relationship, and the son-in-law is willing to show the girl face, even if there is a joint room in the future, but it is not allowed to give birth to a concubine and a concubine, wouldn't it be good?

Nurse Qiu said with a smile, "Young lady doesn't order, but the slaves also understand that the young lady and the uncle are unmarried couples, and they got married in the blink of an eye. Even if the master and wife know about it, they will only be happy for the young lady and the uncle."

Xiao Xun said in his heart that there are some good people around Mei Mei. Although this nanny is old, she is quite sensible, especially the word "uncle" makes Xiao Xun very useful.

Yuqing quickly brought a bowl of mushroom noodles in chicken soup, served with two or three refreshing side dishes, with an egg lying on the surface, mixed with a few green vegetables, it looked very appetizing.

It's just that this bowl is too big, almost as big as a washbasin.

Xie Zhiwei glanced at Yuqing reproachfully, Yuqing understood the girl's eyes, felt aggrieved, and muttered, "Yunniang in the kitchen heard that she was cooking noodles for my uncle, so she said that now my uncle is just... when he can eat, so I eat more noodles." Cooked some."

What else can Xie Zhiwei say?

Xiao Xun had already happily picked up the chopsticks, and was about to eat, he asked Xie Zhiwei, "Mei Mei, do you want to eat, I will give you some."

"I don't eat, you eat by yourself." She said, sat down at the table, pushed a few side dishes towards Xiao Xun, and watched Xiao Xun gobble it up, she felt happier than eating by herself, until she saw When Xiao Xun finished eating a large bowl of noodles, she couldn't help feeling distressed.

"How old are you, what are you so busy with that you can't even eat?"

Xie Zhiwei's tone was slightly reproachful, but Xiao Xun sounded very helpful, his Mei Mei cared about him.

Xiao Xun has been living alone in the courtyard to the east of him since he was four years old. Prince Xiang regards him as an eyeball, but he rarely interferes with him. He is rarely allowed to go to the courtyard.

It can be said that he was very lonely since he was a child, and most of the people around him who cared about him were servants.

Few people talk to him in such a concerned and reproachful tone for him, Xiao Xun finished the last bowl of noodle soup, Xie Zhiwei handed him the handkerchief, Xiao Xun smelled the fragrance on the handkerchief, he was not yet married , I felt that I was drunk and didn't want to wake up.

In the fourth prince's mansion, the concierge received a greeting card early in the morning, and when it was delivered to the West Courtyard, Xiao Changxuan hadn't gotten up yet.
