

## The Power 731

### Chapter 731 Slapped

Xie Zhiwei was a little surprised, thinking that she had made a mistake, and asked, "Did she post the post before?"

Xuantao said, "No, the maidservant also finds it strange that she came here without making a sound. Could it be that the Princess is idle all day long, just waiting for her to visit?"

This was extremely impolite, Xie Zhiwei was also a little upset, and said, "Go and talk to her, just say, I've been driving for half a day today, I'm tired, I want to rest, so I'm gone, see you later when I'm free! "

Chen is over 30 years old, wearing a red-colored thong, sitting in front of the window of Chunhaoxuan, slowly shaking a fan, half a cup of residual tea on the table, when she picked it up, it was no longer hot, and immediately, she A little annoyed, thinking about Princess Duanxian, she is really a daughter of a dignified family, and the emperor can't do this kind of thing well.

However, when it comes to Yuxia, this is indeed a knowledge. She has learned it for many years before she has a little bit of experience. Thinking that Xie Zhiwei is still young after all, we will meet in a while, and then chat with her.

Bailing came in, smiled, and blessed himself in front of Mrs. Chen, "Mrs. Chen, my princess said that I have driven for half a day today and I am tired. I really don't have the energy to meet my wife. If my wife is free, please come and see me." Take a stroll in the courtyard, if there is still something to do at home, let the servants take the wife out of the courtyard, there will be plenty of opportunities to meet each other in the next city, so that the wife does not have to fight for this moment."

Mrs. Chen didn't care too much, she frowned and said, "Didn't the princess come out of the city today?"

Bai Lingxin said, knowing that she came today, she rushed over in such a hurry, and did not post a post in advance, but she smiled on her face, "Returning to Madam, it is exactly."

Mrs. Chen took a deep breath and didn't know what to say. She has always been straightforward. In this Zhending Mansion, no one can surpass her position, and she is less concerned about other people's feelings. Isn't her body too delicate? It's only a few steps from the city to this side? Did the princess take a car all the way? She didn't do much, so why is she so weak? What will happen to her body in the future? Give birth!"

Bai Ling was so shocked that his eyes almost popped out, there are still people who say that about people, not to mention that the princess is not really weak, even if he is, it is not the turn of this person who has never even met to make irresponsible remarks .

Immediately, Bai Ling was very upset, and reminded, "Madam, my princess has a high status, and she is spoiled on weekdays. That is because the elders love the princess. Besides, if my wife wants to see my princess in the future, please send me a gift in advance. Here comes a post."

After finishing speaking, Bai Lingli didn't bother to pay attention to this person, turned around and left Chunhaoxuan, and told the maid at the door, "Lead them out in a while, don't let people wander around in the yard."

Xie Zhiwei moved to another courtyard, and the defense was handed over to Songfeng. Xiao Xun's three hundred soldiers were deployed around the courtyard, and they were not afraid of anything happening. Bailing was simply disgusted by this man.

"Girl, stop!"

Bai Ling turned her head and saw that Mrs. Chen was chasing her, she supported her maid, walked up to Bai Ling vigorously, raised her hand and slapped Bai Ling on the face.

Bai Ling was stunned by the beating. She had been by Xie Zhiwei's side since she was a child. She was always liked by Xie Zhiwei because of her loyalty and dexterity. Let alone being beaten, Xie Zhiwei never said anything serious about her. At this time, it's okay A slap in the face was something that could never have been imagined.

She covered her face, her face was burning hot, she was so wronged that tears fell all of a sudden, and she asked inexplicably, "Why is this madam?"

Chen raised her chin, "I slapped you today on behalf of your master. You take me to see your master now. I want to ask how she managed to slap you like this. little hooves."

A little maid had already told Xie Zhiwei what happened here in detail. Xie Zhiwei was so angry that he ascended to heaven, with a sullen face, went to the light room, sat down on the Arhat bed, and ordered, "Go and get her Come here, I want to see, what identity is she using to help my concubine train her servants?"

Xuan Tao was also trembling with anger. Hearing what Xie Zhiwei said, she exchanged glances with Yuqing, and asked Yuqing to serve here, and she went to invite Mrs. Chen herself.

Bai Ling felt wronged and scared. When she saw Xuantaos coming, she looked at Xuantaos pitifully. Xuantaos nodded to her, signaling her not to be afraid, and she felt a little relieved.

Now that things have happened, she really doesn't know what she did wrong, but the other party is the wife of a second-rank official. If she deliberately finds fault with her, will the Princess be in the way of face and what will happen to her?

"Come here, let me see!"

As soon as he saw Bai Ling, Xie Zhiwei saw five red and swollen fingerprints on her face. The girl's originally delicate cheeks were swollen and tall, and she suddenly felt angry from her heart, but it didn't show at all on her face. He only waved at Bai Ling, "Come over to me!"

Seeing this, Bailing burst into tears, she hurriedly rushed over, knelt at Xie Zhiwei's feet, shouted "Princess", and couldn't help sobbing.

Xie Zhiwei gently wiped her tears with a handkerchief, more and more, and couldn't help laughing, "What's the matter? How long have you been out? I'm the only one in this courtyard. Who dares to

move a finger of yours?" Boss, even if the prince is here, you have done something wrong, and me, the prince will not treat you, this is really strange!"

These words were said on the basis of Mrs. Chen. Naturally, when Mrs. Chen stepped across the threshold, Xie Zhiwei said it. Mrs. Chen heard it as if she hadn't heard it. She walked over slowly and walked in front of Mrs. Xie Zhiwei A gift, "Princess!"

"Madam, let me call me Wangfei. Because I was in Prince Xiang's Mansion, I was afraid of being called too heavy, so I let them call me Princess."

If it's a princess, then Mrs. Chen can't just bow her knees. Even if a maid brought a mat, Mrs. Chen had no choice but to kneel on the mat, kowtow twice and bow six times. Xie Zhiwei called "Excuse me", Chen's The maid helped her up.

This was originally a proper ritual, and Chen didn't think it should be done. It's just that Xie Zhiwei is so young, and she still feels a little bit resentful for using this way to manipulate her.

Sitting down, Chen said with airs, "Didn't Princess Cai say who hit her? I did it myself. For the sake of the princess, I didn't let my servant girl do it."

Xie Zhiwei said "Oh", and ordered Xuanta, "Go get the ointment and apply it to her."

Xie Zhiwei put away the handkerchief, raised her eyebrows and looked at Mrs. Chen, "I see that Madam is not very old, but the wrinkles on her face are not shallow. She must have been so angry in the past, which is not good for her health. I am a house full of maids, By my side, I usually don't move my fingers. Today, I met my wife for the first time, and was beaten by my wife at my place. To be honest, I am ashamed to death right now. !"

Fifth change! There is one more!

## Chapter 732 Offended

Xie Zhiwei spoke extremely impolitely, all he could do was point to Chen's nose and say, you are clearly provoking me by beating my maid.

It's a pity that she half-hidden half of what she said, and she was playing the piano to Chen.

Mrs. Chen was not at all afraid, but said righteously, "If the princess doesn't ask about this matter, I will say it too. The princess is young and doesn't know how to be an imperial servant, her biological mother died early, and her stepmother must have done nothing, so she didn't teach the princess these things. Reasonable, today, I will rely on the old to sell the old, and talk to the princess!"

Not only Xie Zhiwei was shocked, but all the maids in the room were extremely shocked. Xie Zhiwei was so angry that his whole body was shaking, staring at Chen with a pair of peach blossom eyes, a sentence suddenly came to his mind, the world is really big, and there are no surprises.

She laughed angrily, and was about to ask Mrs. Chen why she said her mother didn't do anything?

When Chen spoke, the water couldn't get in, and he didn't care what Xie Zhiwei thought, "I waited for almost half an hour in the Xiaoxuan over there, and from the beginning to the end, only one servant came in and poured me a cup of tea After that, no one paid attention to me. It can be seen how lazy the maid in this house is? When this maid came, she saluted and smiled, and I just said a word, and she dared to leave me there and dump me Face, what kind of hospitality is this?"

"Princess, are the servants..."

Bai Ling was so frightened that he tried to defend himself, Xie Zhiwei raised his hand to stop her, wiped away a piece of ointment that was not evenly spread, and asked, "Madam, can you tell me in front of me that you have already said something to me, my maid?" What did she say to be rude to you?"

"She said that the princess came out of the city today and took a half-day car, she was lazy..."

"Slaves are not..."

Bailing defended again, and Chen gave her a hard look, and continued, "Look, as soon as I opened my mouth, a current person kept interjecting, Wangfei, if this is in my house, what will happen now? I want someone to drag her out to make a top ten board."

The maids in the room suddenly changed color, Xie Zhi smiled, "Ma'am, all the maids in my room can match a seventh-rank official if they are pulled out. what?"

"I just said, it's only a few steps away. The princess's body is so weak. How to give birth in the future is all for the good of the princess."

Xie Zhiwei's face sank, and a sneer appeared on the corner of his lips, "Ma'am, today is indeed my servant girl's fault!"

After hearing this, Mrs. Chen hurriedly said, "It's good that the princess understands the truth!"

Xie Zhiwei continued, "Bailing, do you know what you did wrong today?"

"The servant does not know!"

"Someone slandered me in front of you. As someone close to me, you should give her a slap in the face. You just slapped her face. Are you not doing enough to protect the Lord?"

Bai Ling shed tears, but felt extremely relieved in her heart. She lowered her head and said, "Yes, this servant is willing to accept the punishment!"

"Then you will be fined for one month. Go down and take care of the wounds on your face. It won't be good if you don't leave scars."

"Yes!" Bai Ling kowtowed to Xie Zhiwei three times, and then reluctantly went down.

Chen was so angry that she was about to fall off the chair, she could only point her finger at Xie Zhiwei, "What does the princess mean by that? Could it be that you are still going to let your maid beat me? Did I say something wrong?"

Xie Zhiwei and Xiao Xun have been married for two years. She has never consummated the marriage, but she has also imagined that she will have a few children with Xiao Xun in the future, and she also wants to be a mother.

Mrs. Chen actually said that she is not good at giving birth, how could she not be angry.

This person is really a mallet!

Xie Zhiwei said, "Madam, when you came to visit me today, you didn't post a message in advance, which is extremely rude, this is one of them; Madam hurt someone, and it was the people in my house who provoked me, out of etiquette, this is the other 2. Madam and I have never met, slandering me in private, insulting me with inferiority, which is not tolerated by the law of the country. There are national rituals, and then there will be family rituals. Madam, please!"

After finishing speaking, Xie Zhiwei served tea.

Mrs. Chen still understands the principle of serving tea to see off guests. What else did she want to say, but Mother Qiu has already brought two women with big arms and round waists, "Madam, I will send you out!"

Seeing that Xie Zhiwei didn't even bother to look at her, Chen was also annoyed. She just thought why Prince Chen married such a concubine, who was young, domineering and unreasonable. It was really a flower stuck in cow dung.

Mr. Chen shook her head all the way out of Xiangshan Bieyuan. She didn't care about Xie Zhiwei's rudeness. In any case, she could be Xie Zhiwei's older generation. Why should she care about a junior?

Mrs. Chen came to the Zhou family courtyard the day before yesterday, not far from Xie Zhiwei's Xiangshan courtyard, about three to five li to the east, the carriage arrived soon, and her daughter Zhou Peilan greeted her just after she arrived, "Mother, have you seen the princess? She is about the same age as me, how is her temperament?"

Mrs. Chen shook her head and let her daughter support her, "Even I didn't expect that the prince would marry such a princess. If I get such a daughter-in-law, I won't be able to close my eyes when I die."

Zhou Peilan laughed, "Why, mother, tell me!"

"An elder of mine went to see her, but she still put on airs and refused to see me. Her maid was rude, and I helped her teach the maid a lesson, but she was not happy and threw her face at me."

Mr. Chen patted her daughter's hand lightly, "I'm still the eldest daughter of the Zanying family, and I don't know whose tutor this is, and I don't even know whether it's good or bad. How can I manage such a big palace in the future?"

Zhou Peilan couldn't help but think of that Fengshen Yuxiu man, she seemed to see that man waving at her, from the moment he saw that man on the street, he was engraved in her heart, never to be forgotten.

Every time he goes out to battle, every time he returns triumphantly, she will send him out of the city with affectionate eyes, and then welcome him back, does he know?

"Mother, it's all the emperor's request for marriage. His Royal Highness Chen Wang doesn't know how wronged he is, so don't make sarcastic remarks." Zhou Peilan was considerate and distressed. I don't know when he was facing such a princess. Will you lament the injustice of fate?

Xie Zhiwei was so angry that he threw a teacup on the ground, and called Du Gui to come in, "Go and call Zhou Damo!"

Du Gui wiped the sweat from his forehead, went out quickly, took two steps, and came back again, "Princess, do you want to write a letter to the governor? Move a seat for Zhou Damo?"

Xie Zhiwei originally didn't want to interfere in government affairs, but this incident really made her feel like being bullied by dogs in the Huluo Plain. She knew that she was young, and Zhou Damo's wife had always been the highest-ranking wife in this land, so she was flat.

Thinking that when she met Zhou Damo, she really flattered him too much. She was confused, so she said to Du Gui, "You go to see Zhou Damo, don't let him come to see me, you go and mention this matter to him."

Today's update!

### Chapter 733 Self-combing

Xie Zhiwei walked around the yard twice, and when his heart calmed down, he returned to the house and took up a pen to write a letter to Lu Yan, but he was afraid that a good official would be delayed because of the quarrel between the women in the inner house. .

Xie Zhiwei was hesitating, when he heard the woman on the second door coming, he said to Xuantaο in the yard, "Girl, hurry up and tell the princess, Miss Cui's Biao is here!"

Xie Zhiwei was overwhelmed with surprise, got up quickly, and led the maids and women to greet Cui Nanwan at the door.

Cui Nanwan was dressed as a man, the moment she saw Xie Zhiwei, she rushed over and hugged Xie Zhiwei into her arms, "Cousin, you are finally here!"

Xie Zhiwei was full of joy, "Cousin, you are back. If you don't come back, I will have someone to rush you. I am worried that it is not fun to be here alone."

Xuantaο said from the side, "Biao girl, go in with my princess quickly, don't be seen by others, it's not good to spread gossip about my princess!"

"Hahaha, if the prince finds out, he will die in a hurry."

Cui Nanwan took Xie Zhiwei's hand and walked inside, and asked, "Do you like living here?"

Xie Zhiwei felt a little strange hearing this, "Could this be my cousin's house?"

"It's not mine. At the beginning, I saw that it was a good place. Someone wanted to sell it, so I bought it. Later, I heard that the people in your house wanted to buy you a house, so I sold it to you. There is a hot spring nearby, and when it is winter, the stream is shut off, and the hot spring water is dredged to flow over, so it is good to soak in the hot spring here."

The two sisters walked towards the main room while talking, and drank a cup of tea in the open room. Zi Mo came over and said that the room prepared for the cousin girl has been cleaned up.

Cui Nanwan got up and said, "I'll go wash up first, and come over to have dinner with you later."

"good!"

Xie Zhiwei saw Cui Nanwan as if she was a different person. Although she was a little tanned, she looked good, her eyes were bright and radiant, her temperament was bright, and she had a sense of pride.

very nice!

Xie Zhiwei thought about it, and couldn't help but said to Aunt Qiu, "This woman, either don't marry, or marry a good one. If she doesn't meet a good one, it will be really fatal."

Nurse Qiu laughed, "Or, since ancient times, there has been a saying that men are afraid of entering the wrong profession, and women are afraid of marrying the wrong man."

Xie Zhiwei looked at Xuan Tao, "In this room, you are the oldest, and you haven't told me until now, what kind of one do you like?"

Xuantao is like a cat whose tail has been stepped on, its hair is blown up all over, "Princess, please don't drive this servant away, this servant intends to comb himself tomorrow."

Xie Zhiwei picked up the teacup and took a sip, "I won't let you comb yourselves, what is this? If it's really bad luck and you marry a bad family, you won't be afraid of being wronged if you have my backing for reconciliation in the future. You guys. Don't try it, just comb it yourself. In this life, a woman has never experienced getting married, having children, and living for others all her life. I don't want you to be so loyal."

Xuan Tao's tears were about to come out, she licked her lips, turned her head away, feeling a little overwhelmed by emotion, and simply went out the door.

Gan Tang leaned in front of her, turned his head to glance at her red eye circles, and said with a smile, "Sister Xuantao, if you never get married, I will never be able to be the maid in front of the princess. ?"

Xuan Tao's sadness disappeared immediately, and she grabbed Gan Tang's ear, "Okay, I dare you to wait for my place!"

Xuantao didn't use much force, Gan Tang was an active one, and exaggeratedly exclaimed, "Oh, ouch, Mother Qiu, help me, Sister Xuantao is going to hit me!"

Nurse Qiu got up and took a look, then laughed and cursed, "Little hooves!"

When Xie Zhiwei saw it, he smiled, and asked Aunt Qiu, "Auntie, how do you look at this girl Xuantao?"

Mother Qiu's heart moved, but she shook her head again, "I'm afraid it's not right, let me tell you the princess, there is a girl in the pharmacy, her family is poor, and she was going to be sold to a brothel, Luo Heng took the girl She bought it and placed it in the pharmacy. The girl was an idiot, she kept clamoring to repay her kindness, and said that she was willing to be Luo Heng's maid. It's a little tempting."

Xie Zhiwei hurriedly asked someone to bring over the girl's deed of prostitution, and Du Gui arranged for someone to go.

Mother Qiu said, "All the time, the maids around the girls have to stay until their early twenties, Zi Mo has no choice but Xuantao is capable, servants see, the Princess has always been generous to these maids, and they are willing to follow her." Girl, this marriage is all linked by a thousand miles of marriage, there is no rush, take your time, and it will save you from getting married in the future, which is not good!"

Xie Zhiwei heard that it was indeed what she said, and she said, "It is said that there is an old man in the family, and if there is a treasure, fortunately, the mother reminded me, and I was also in a hurry, so let's stay for a few more years!"

After hearing the letter from here, Xuan Tao finally felt relieved. She doesn't want to go out for the time being. As for the future, let's talk about the future.

At dinner, there were two more fish dishes on the table, one day tofu crucian carp soup, one piece of braised fish, the fish was fresh and tender, and had no fishy smell at all, Xie Zhiwei ate half a bowl of rice extra, and ordered Du Gui to eat this fresh food tomorrow fish.

Du Gui smiled and said, "I heard that there is a lake in the mountain ahead, which is filled with melted snow from the top of the mountain. During the dog days, the water is cold, and the fish inside are different from the outside. I plan to go there tomorrow. Grab a few and satisfy the princess's greed."

"That's just right, brother Xixiu will come over tomorrow. You just take him to play tomorrow and catch fish by the way."

The sunset smeared half the sky red, and the two cousins, who were full after taking a bath, lay down under the apricot tree in the courtyard to enjoy the cool air. From the censer next to it, green smoke rose, and the faint fragrance suffocated the mosquitoes far away. Far.

"Cousin, you've been here for so long, what about Zhou Damo?" Xie Zhiwei asked.

"What's the matter?" Cui Nanwan asked, "Could it be that you have only been here for two days, and Master Zhou's wife offended you?"

Xie Zhiwei was amazed immediately, she told what happened today, and couldn't help saying, "I really can't say this!"

Cui Nanwan laughed, "She is such a person. I heard that she was not from a high family background. Her father was a Juren who was a county magistrate. By chance, she studied with Shen Rongan for two days

and knew a few words. Born in Shili, she likes to teach people. If she is like this today, she will show it off everywhere tomorrow, and the world will know that she has given you a good reputation."

Xie Zhiwei was stunned, "No way!"

No wonder she wasn't here, Zimo gave the Zhou family a gift of one or two thousand taels of silver, probably because she was afraid that if she didn't come, there would be bad rumors about her in Hebei official circles!

Cui Nanwan said, "If you don't believe me, let's make a bet!"

Xie Zhiwei turned around, lay down on the imperial concubine's couch, and asked with a smile, "Did my cousin suffer from her too?"

Otherwise, how could she have expected her back move?

Chapter 734 Self-inflicted

Xie Zhiwei turned around, lay down on the imperial concubine's couch, and asked with a smile, "Did my cousin suffer from her too?"

Otherwise, how could she have expected her back move?

Cui Nanwan scratched Xie Zhiwei's nose with a fan, "You guessed it right!"

The two sisters suddenly found it funny, and laughed haha, Xie Zhiwei urged, "Cousin, tell me quickly, why did she provoke you?"

Cui Nanwan then talked about some things about her first visit to the Northland. It turned out that at that time, she didn't know the dangers of the world, and she didn't hide the matter of her reconciliation. Who knows, this matter somehow reached Chen's ears. At that time, Mrs. Chen took the opportunity to teach Cui Nanwan a lesson, saying that a woman's lack of talent is virtue, and if she marries and obeys her husband, how can she get along with Li Yunyun.

"I was annoyed by her too. I am a woman, and I will not seek remarriage. What good reputation do I want? At that time, I thought, who are you, why do you speak of me? I said, I heard that Zhou My lord has sons and daughters who are raised in my hometown, since you are the wife, you should be responsible for raising and educating the children for your first wife, even if Master Zhou doesn't ask you to raise them, you should also take up this responsibility!"

"Is there such a thing? I haven't heard Zi Mo say anything about it."

"This matter is rarely mentioned, and I also heard from Qiao's family. The Qiao family is a big family in Hebei, and the owner is named Qiao Deyong. He has a daughter under his knees. She used to disguise herself as a man to do business. I also learned from her. She is a straightforward person, and I will introduce you to her someday."

"Okay!" Xie Zhiwei asked as if listening to a story, "What happened next? What about the children of Mr. Zhou's wife?"

"After a month, I heard that Mr. Zhou sent people to Fujian to bring his two sons and daughters. I regretted it at that time, and I thought, why am I so indebted? The children are doing well under the knees of their grandparents." , now I have to come to my stepmother to beg for life just because of my mouth, don't you think I'm a harm?"

"What's the matter, what should come, you can't stop it, what shouldn't come, you can't ask for it, some things in the world, people are not as good as heaven, cousin, don't take it to heart. However, Mr. Zhou Yuan How about matching the daughter-in-law?"

Although Chen's view of her daughter is biased, there is no way, people are like this, and saints are inevitably preconceived. What's more, Xie Zhiwei is still angry now, and he didn't ask Chen's daughter.

"I heard that her name is Zhou Yuqing, and her name was given by her biological mother. As for people, I have met them once, and I have a good attitude towards others. As for my heart, I don't know. I heard that since I came here, I have been in the inner house and the Chen family. Don't be shy, I'm sure he's not just waiting to die."

The two sisters chatted for a while and then moved to the inner room to sleep. They made an appointment to wait for Xie Mingxi to come tomorrow morning and go fishing in the lake in the mountains together.

On the branch of the moon, Zhou Yuqing was still asleep. She put on a coat and sat in front of the window. When the maid told her what happened to Mrs. Chen in Xiao's other courtyard today, she sneered, "She deserves it too. She is too self-righteous. Now that Duanxian Princess is in front, it seems that my father's official position will be very difficult to keep."

Her eldest maid, Shuangyin, stood aside in shock, and asked, "Miss, can't you?"

"No?" Zhou Yuqing smiled, "Have you forgotten Zhou Youjie, the former Shaanxi chief envoy? From the second rank to the fifth rank official, I wrote to my father a few days ago, saying that I was suffering from depression. This good stepmother is on the side, I don't know how bad she said about Princess Duanxian, but my father didn't even say a word."

"If this is the case, what about the girl's marriage?"

Zhou Yuqing and her younger brother came here together. First, they wanted to enter the Ding family's Lantai Study Room, so that younger brother could study hard; Find her a good home.

However, there are no eggs under the overturned nest.

Zhou Yuqing couldn't help but tightly grasped the veil, and said angrily, "I really don't know why my father chose such a person. I'm really obsessed."

Zhou Damo loves his wife who is ten years younger than him very much. When he was inspecting the river when he was the inspector of the river defense department, he accidentally fell into trouble and was rescued by the Chen family who was still in his boudoir at the time.

In the main hall of the Zhou family, Du Gui was sitting at the bottom, ignoring the disdain in Zhou Damo's eyes when he looked at him, and said with a smile, "Master Zhou, don't I want to say something big, this is the first time in this world that someone is so big. You dare to slap the maid of the princess,

and I don't know what His Royal Highness will think when he hears what Mrs. Ling said about the princess?"

Zhou Damo raised his hand to the south and cupped his hands, "I am an upright official, and I care about the people of the Li people. I look up to the sky and bow down to the ground. If it is because of such a trivial matter, the king of Chen will punish this official. As long as you can If you can stop all the students from all over the world talking about it, I have nothing to say!"

He squinted at Du Gui, "According to what I know, Er is an eunuch, right? Who is so brave enough to let you out of Beijing? Did you even ignore the ancestral precepts of Emperor Taizu?"

Du Gui's heart skipped a beat, but when he thought of coming, the princess was also worried about his identity, so he sent two people to follow him, and his heart immediately calmed down. He is a descendant of a dragon and a phoenix, I wonder if he is qualified to use a palace servant? Besides, Master Zhou took off his trousers and looked at it?"

Zhou Damo, a scholar, had never been so rough in front of him before. He couldn't help feeling angry and slammed the table. Just as he was about to get angry, a tragic cry sounded in the backyard.

Du Gui was so frightened that he stood up abruptly and couldn't help but look at Zhou Damo. Seeing that his face changed suddenly, Fang wanted to ask, but Zhou Damo waved his hand as if exorcising a ghost, "Let's go, I have something important to do, Changgui, please send me off." guest!"

After finishing speaking, he went to the inner courtyard without looking back.

Du Gui came out of Zhou's house and walked into a narrow alley. Just as he was about to stop, he heard humanity behind him say, "Guard Du, let's go, someone is watching from behind!"

Du Gui knew that Zhou Damo was worried about him, so he arranged for people to follow him. The people he brought today were just two personal soldiers.

In the backyard of the Zhou family, Zhou Damo came outside his son's study, and when he saw his son swaying out of the inner room, he was furious, and slapped his son, "Niezi, something big happened today. what happened?"

Zhou Mingxue didn't take it seriously, "Father, what did you hit me for? What did I do wrong?"

Zhou Damo pointed to the door of the inner room, "What's going on inside? Where did you get him?"

"You beat me even if you didn't ask clearly. I'm going to tell my mother." Zhou Mingxue covered his face, not bothering to talk to Zhou Damo, and went straight out the door.

The second update!

Chapter 735 Eccentric

Zhou Damo was standing at the door, he was so angry that he endured it again and again, when he saw that the boy next to Zhou Mingxue saw him, like a mouse seeing a cat, and was about to slip away, Zhou Damo shouted angrily, "Stop!"

The young servant trembled all over, hurried over, knelt outside the threshold, trembling.

"Say, what's going on?"

The little servant was terrified and stammered, so the steward came over, kicked the little servant away, and said to Zhou Damo in a low voice, "The young master spent three thousand taels of silver and bought a new girl. It is said that she is from a rich family. A maid from a family background came out to look for someone, and was accidentally sold into a brothel, and was taken by the young master, and just entered the mansion today, and the young master asked her to serve her, so she made a little noise."

Zhou Damo thought over and over again, "Send the man out of the mansion and find a quiet place to deal with it. Don't make any omissions."

"Yes!" The steward breathed a sigh of relief, this woman was different from the previous ones, he was really worried that this woman would stay in the mansion all the time, what would happen if she was not careful. "

Du Gui was about to leave when he saw a carriage coming out of the alley next to Zhou's house. The carriage was heading out of the city, so he followed it silently.

Arrived in the mass graves outside the city, the carriage stopped, and a cloth bag was pulled out from inside. Seeing the situation, Du Gui broke out in a cold sweat.

"Just throw it here?"

"Well, throw it!"

"Aren't you going to kill me?"

"It's the second watch, let's go, this place is very evil, there will be wild dogs coming soon, are you afraid you won't die?"

The two threw the bag on the ground, turned around, got into the carriage and left.

When the carriage was far away, Du Gui hurriedly went forward with the two soldiers, and opened the cloth bag, revealing a woman with a bruised nose and a swollen face, with a trace of vitality, her clothes were disheveled, and Du Gui hurriedly pulled the bag up, Just clip it up and go.

Xie Zhiwei was sleeping soundly, when Xuantaos anxious voice came from outside the door, "Princess, Director Du saved someone and is about to die."

Xie Zhi got up slightly and hurriedly said, "Come in and help me get dressed."

Xuantaos came in hurriedly, the master and servant were in a hurry, Xie Zhiwei put on his clothes, tied his hair in a braid, and went out, "Where is the person placed?"

"In Luozhaoyuan."

"Put the needle on."

In the Luozhao courtyard, the woman had already been taken care of by the maid arranged by Du Gui. The more she cleaned up, the more shocking her injuries would be.

After Xie Zhiwei saw it, he was so shocked that he almost fainted. He couldn't help feeling distressed, and asked, "What's going on?"

Du Gui told the story from the side, "I don't even know who did it."

Xie Zhiwei took a deep breath and calmed down. After feeling the woman's pulse, she looked very dignified. She prescribed a prescription and told Du Gui to arrange someone to take good care of her. "Whether she can wake up or not depends on her fate."

After coming out, Du Gui sent Xie Zhiwei back to the yard, and told him about his meeting with Zhou Damo, without adding any details, "If the princess hadn't arranged for someone to follow the slave in advance, the slave wouldn't even know if he could come back to see the princess."

Seeing the gate of the courtyard, Du Gui naturally couldn't send it off anymore, he stopped, Xie Zhiwei said, "I see, arrange someone to watch Zhou's house, if there is any movement, tell me quickly."

"yes!"

Xie Zhiwei entered the door and did not go to sleep immediately. She let Xuantaorub the ink, sat in front of the lamp, and wrote down what happened in the past two days in a letter to her grandfather, and finally wrote, "Grandfather, please inform Lord Lu of this information, and let Lord Lu decide on the matter together!"

She originally wanted to write a letter to Lu Yan, but thought that this would be a bit of a complaint, and she seemed stingy, and felt quite embarrassed, so she used this roundabout way.

The next day, Xie Zhiwei woke up a bit late, Xie Mingxi got out of the car, did not see his sister, only saw his cousin picking him up, and worried, "What's wrong with my sister? Is she sick?"

Xie Mingxi studied under Fan Wencheng, taking a bath every ten days. Fan Wencheng is knowledgeable, and every time he explains, he can always quote scriptures, or pick some topics that children are interested in, so that Xie Mingxi can understand, Xie Mingxi learns, and feels it is easy and can be remembered quickly, and it is full of energy every day.

"Your sister is in very good health. Something happened at home yesterday. She got up in the middle of the night to deal with it. She missed her sleep, so she slept a little longer in the morning."

Xie Mingxi was relieved, and was about to hold hands habitually, but when she realized that it wasn't her sister, she withdrew her hand.

Cui Nanwan has no children, so she liked Xie Mingxi very much when she saw him, and couldn't help rubbing his head. Unexpectedly, Xie Mingxi was very upset, so she scratched her head, "Cousin, you can only look at the male head and the female waist, but you will still Stop touching a man's head casually."

Cui Nanwan couldn't help laughing, "How old are you, you're already a man?"

Xie Mingxi cast a sideways glance at his cousin, and said nothing, but he thought in his heart that he would soon be a man. Fan Wencheng received Xiao Xun's letter, asking Fan Wencheng to take him to the battlefield along with this food.

Thinking of this, Xie Mingxi was very happy. When he arrived at Xie Zhiwei's yard, Xie Zhiwei just got up, had already washed and washed, and stood under the eaves to welcome him.

"Sister!" Xie Mingxi ran two steps over, hugged her, took a deep breath of her fragrance, and took her hand as she wished, "Sister, are you waiting for me?"

"Well, I'm waiting for you. After eating, we'll go to the lake behind to fish." Xie Zhiwei took Xie Mingxi by the hand and invited Cui Nanwan to go in together.

The three sat down at the table, Xie Zhiwei put a crystal dumpling in Xie Mingxi's bowl, rubbed his head, "Eat more."

Xie Mingxi obediently said "um", picked it up and ate it. He took a bun in his left hand and gnawed happily.

Cui Nanwan smiled and said, "Why didn't you say anything when your sister touched your head?"

Xie Zhiwei was surprised, wondering what happened?

Cui Nanwan winked at her, signaling her not to speak, waiting for Xie Mingxi to answer.

"Only my sister can do it, no one else can do it, not even my mother, and neither can you, my cousin!" Xie Mingxi swallowed a mouthful of food, looked up at Cui Nanwan, and warned.

Cui Nanwan asked in surprise, "Why is this? Isn't it partial? Why is it just your sister?"

Xie Mingxi is grown up now, and knows that he can't say that he can marry his sister when he grows up. Besides, his sister is already married. Fortunately, she married her brother-in-law. He said, "I'm just an older sister, and I only like my older sister."

Cui Nanwan looked at Xie Zhiwei, "This kid, you didn't love him for nothing!"

Xie Zhiwei never thought about this question, she only knew that even in her previous life, Xie Mingxi was a fool, and she was the one who thought of her wholeheartedly.

She raised her hand to press Xie Mingxi's head, thinking that now that her younger brother is older, she really shouldn't touch his head, but Xie Mingxi tilted her head and rubbed Xie Zhiwei's palm.

The third update!

## Chapter 736 Encounter again

After the meal, the three of them led the maidservant out from the back door. Du Gui had already prepared everything. He had a fishing net in his hand, and a few servants carried wooden barrels and forks, and waited far away. When people come, they walk in front.

"Will Mr. Fan come to pick you up tomorrow, or will you go back to the city by yourself and wait for Mr. at the city gate?" Xie Zhiwei asked his brother.

"Mr. Fan said he came here to pick me up. Before I came, I asked the maid to tidy up my clothes and hand them over to Mr. Fan. Mr. Fan picked out a book for me to read on the way."

Cui Nanwan said, "You are so young, you are very good at planning for yourself, really amazing."

"My mother said that I'm not as smart as my elder sister, and she made me think a lot on weekdays. Where was my lack of thoughtfulness? When I'm with my elder sister, I should try my best to take care of myself and not cause trouble for my elder sister." He shook Xie Zhiwei's hand, "Sister, you praise me!"

Xie Zhiwei touched his face with the back of his hand, "You have always been good, my sister has always liked it, just be yourself, no matter what kind of person you are, smart or not, my sister likes you!"

Xie Mingxi raised his head and looked at his sister. His pair of watery peach blossom eyes were exactly the same as Xie Zhiwei's. They were very beautiful. He blinked, "Sister, you almost moved me to tears. What if I am a bad person?"

"I believe you will not be a bad person, no matter how bad you are, you are still my brother!"

Xie Mingxi didn't cry, but grinned, and shook Xie Zhiwei's hand.

After climbing up the hillside, he saw a mirror-like lake below, a mountain spring rushing down from the mountain, and a waterfall seemed to fall from the sky. He was so happy that he let go of his sister's hand and rushed down.

Du Gui hurriedly led others to follow behind him, and shouted, "Fifth Young Master, please slow down!"

The main peak not far away is like an incense burner standing between heaven and earth, surrounded by clouds and mist, like the curling clouds rising from the incense burner. The morning light shines on it, and the colorful colors are reflected, making people feel like they are in a fairyland.

"It's so beautiful!" Cui Nanwan sighed, "I have traveled a lot these years, cousin, the person I am most grateful for in my life is you, you are like my reborn parents."

"Cousin, I don't like to hear you say such things. Are we related? What about reborn parents, between sisters, I hope for your well-being, just like you hope for my well-being."

Xie Zhiwei took Cui Nanwan's hand, and she rested her three fingers on it. After about three breaths of effort, she put it down, "Cousin, love is born from the heart, and the quality of your body has a lot to do with your mood. I think you are in a good mood. In the past two years, my body has taken good care of me."

Cui Nanwan understood what she meant, and shook her head, "I'm fine with this, cousin, the Cui family has no remarried daughter..."

"What does it matter if you don't marry again? Even if you remarry, it's the words of a matchmaker. You don't steal or rob, and you behave properly. Why care about other people's eyes?" Xie Zhiwei strongly disagreed. If she hadn't seen that Cui Nanwan liked children very much, I won't say such things anymore.

"No, I'm scared!"

The two of them were talking, when they heard that there was a dispute ahead, Xie Zhiwei was afraid that Xie Mingxi would suffer, so he hurriedly walked two steps, and Cui Nanwan hurriedly followed.

There were already other people by the lake, Xie Mingxi just went down, when he was stopped by a little fat boy, the kid also looked about ten years old, although he was not as tall as Xie Mingxi, but he was very big, with a palm, he would push Xie Mingxi down .

Xie Mingxi dodged sideways, and pushed the child into the bushes with his backhand.

The child howled loudly, and the adults in the family heard it, and hurried over, pulled the child up, his \*\*\*\* was covered with thorns, naturally he was furious, and wanted to hit Xie Mingxi with his hands.

Naturally, Du Gui would not let anyone touch Xie Mingxi, so he hurriedly stopped Xie Mingxi behind him, and sneered at him, "This is impossible, if children fight and cannot win, if adults help, then our family will not sit idly by." ignore."

"Hey, there are still such tough people in this Hebei area, newcomers, right? Do you know who we are?"

A servant was helping the little fat man clean up the thorns on his butt, the little fat man jumped up and cursed, "Bastard, I will make you die..."

Du Gui's face darkened, he chuckled, "I don't know who you are, I only know that you are like this, it's very unreasonable, could it be that the lake in the mountain belongs to your family?"

"It doesn't matter if it's my family's or not. You just need to know that my family catches the fish in this lake every year."

Only when Xie Zhiwei appeared, Xie Mingxi ran over aggrieved and shouted, "Sister!"

The little fat man kept cursing, Xie Mingxi said angrily, "If you scold again, I, I, I..."

He didn't know how to say the following words, and he couldn't say a word of cursing, but if he listened to it and didn't fight back, he couldn't do it at his age.

Cui Nanwan frowned fiercely when she saw the other party, and whispered to Xie Zhiwei, "Really, Cao Cao Cao Cao will be here. This man is Zhou Damo's brother-in-law."

There was too much commotion here, and Mrs. Chen came over quickly. Seeing Xie Zhiwei, she was stunned for a while, and came to bless Fushen, "It turned out to be the princess, what a coincidence, what happened? Oh, Huier, what are you doing?" What happened? Who hurt you?"

"Sister, it's them!" Chen Song, Chen's younger brother, pointed at Xie Mingxi and said, "This kid pushed Hui Er into the bushes when he came up."

Xie Mingxi was so angry that he almost jumped up, and said, "He did it first, who told him to push me! Hmph, he pushed me but didn't push, I pushed him, he couldn't stand himself, blame me?"

Xie Zhiwei's hand lightly pressed Xie Mingxi's shoulder, and before he could speak, Chen said with a half-smile, "Princess, I heard that the Xie family is a century-old hairpin family. It can be used as a demonstration, but looking at it now, it is really disappointing."

"And Ms. Cui, I finally saw you today. This is my younger brother. Look at how bad it is? I thought, you, a married woman, wanted to see you and my brother. look..."

Cui Nanwan's complexion changed, she saw Chen Song out of the corner of her eye, and saw the other's lewd eyes staring at her, she immediately became furious.

"Bailing!" Xie Zhiwei yelled, and Bailing rushed up, Xie Zhiwei said, "Don't slap your mouth, come to me and say any foul language!"

Bai Ling stepped forward and couldn't wait any longer. He slapped Chen's face both front and back.

Zhou Yuqing happened to come over with Zhou Peilan, and she was shocked to see everything in front of her.

Bai Ling shook her burning and painful hand, regretting that she didn't learn two tricks from Du Yun, and instead hurt her own hand when she hit someone. Seeing Chen's swollen face, she felt very happy, "I thought I thought Mrs. Chen's skin was thinner than mine, but it turned out to be much thicker than mine!"

Today's update!

Dear friends, pass by, leave your tickets! Love you guys!

## Chapter 737 Express

Bai Ling sneered, taunted Chen Shi, who was already stunned, and turned back to Xie Zhiwei.

It turns out that this is Princess Duanxian!

Chen Song took two steps back unconsciously, and by the way pulled his son who was stunned and forgot to cry back into his arms.

Zhou Peilan stared at Xie Zhiwei for a long time. She had fantasized countless times about what kind of person Xie Zhiwei was. She might be excellent in piano, chess, calligraphy and painting, or gentle in temperament, but she would definitely not be as exquisite as the legendary appearance.

At this time, she stood in this mountain forest, like an orchid in the empty valley that was left alone in the world, and also like a crabapple blooming in the elegant garden, with rich, gorgeous and dazzling flowers.

Fortunately, she really is not gentle!

Zhou Peilan Tingting stepped forward, and after saluting, she pinched her cuff with her fingers, raised her chin slightly, and said to Xie Zhiwei, "Princess, my father is the chief envoy of Hebei Province, my name is Zhou Peilan, I don't know what my mother said wrong. What, the princess ordered a servant girl to slap my mother in such a public place, my mother is also a lady of the second rank."

Only those who have the first and second grades are eligible to be called Mrs.

Xie Zhiwei glanced at Zhou Peilan indifferently, and looked at Chen Shi with a sneer, "Mrs. Zhou, tell me, why did my princess slap you?"

Mrs. Chen has come to her senses, she was so ashamed and indignant, she shed tears and said, "I don't know, please tell me clearly!"

"Since you don't know, Bai Ling, tell her again!"

Bai Ling stepped forward again. At this time, the women around Chen surrounded him. Bai Ling stopped, Xie Zhiwei glanced at him, and Du Yuan and Du Jun stepped forward, punching and kicking these women. Knocked down on the ground, he grabbed Chen from left to right, Bai Ling was about to raise his hand, Zhou Peilan rushed over, stopped in front of Chen, and said to Xie Zhiwei righteously, "Princess, what is under the sun?" There is still the law of the king, does the court still have laws?"

"The princess is so bullying, does the prince know? Does the court know? Why doesn't the princess just kill my mother so that she won't be humiliated?"

"Nurse!" Xie Zhiwei yelled, two nuns stepped forward and pulled Zhou Peilan away, Bai Ling raised his hands again and slapped Chen's face so swollen that he couldn't see it.

Xie Zhiwei said with a calm face, "I tell you, this princess is not something you can humiliate, and the Xie family is not someone like you who can casually mention it. Today is just a small punishment."

The implication is that Xie Zhiwei will not let this matter go away!

Mrs. Chen was also furious, she gave Xie Zhiwei and the people behind her a fierce look, if Xie Zhiwei didn't have these two maidservants who are capable of martial arts, she would definitely not let it go.

She wants to let the scholars all over the world judge, Xie family raised such a woman, what kind of family of poetry and etiquette is it!

"Let's go!" Furious, Chen flicked his sleeves, turned around and walked away.

Chen Song took a deep look at Xie Zhiwei, hurriedly pulled his son, and left behind his sister. Zhou Peilan and the others did the same, only Zhou Yuqing turned her head and glanced at Xie Zhiwei, thinking a little.

Everyone left, only Xie Zhiwei and the others were left by the lake, and everyone's mood was not affected by this, especially Bai Ling, although her palm was still hot and painful, but she was very happy and almost jumped up when she walked .

Du Gui and the others did not have good fishing skills, but they were better than the dense fish in the lake. In less than an hour, they caught more than a dozen fat fish weighing more than two catties.

"Sister, let's pick two and roast them!" Xie Mingxi was overjoyed, and picked up an unknown fish. The fish struggled and swung all the water on Xie Mingxi's body.

Xie Zhiwei touched his wet clothes, feeling cold, agreed, fearing that he would catch a cold and it was getting late, he said, "Then go back first, these fish are enough for today, not enough, in the afternoon Come again."

Xie Mingxi was eager to grill the fish, so he quickly agreed, he gave the fish to the boy carrying the bucket, and walked back holding Xie Zhiwei's hand.

On the way, Cui Nanwan was a little worried, and asked Xie Zhiwei, "Tell me, will Zhou Dame write a note to the court about today's matter?"

This was exactly what Xie Zhiwei wanted, and she couldn't help laughing, "Just write it!"

Mrs. Chen returned to the other courtyard of the Zhou family. Zhou Damo happened to come to her for his son. When he saw her face, he was surprised and asked, "Ma'am, what's going on?"

Ms. Chen was so wronged that she threw herself into Zhou Damo's arms and cried until she died, "I don't want to live anymore. I have lived half my life, and I have never been bullied like this before!"

Zhou Peilan was on the side, emphasizing what happened, "For no reason, the princess asked her maid to slap her mother. The daughter just asked a little more, asking if the court still has laws? Treating a court woman like this, Who knows, the princess even wants to beat her daughter together."

Zhou Peilan wiped her tears and said, "Daddy, how can there be such unreasonable people in this world?"

She looked at Zhou Yuqing, "Sister, when you saw the princess committing a crime, not only did you not stop her, but did you just gloat from the sidelines?"

Zhou Yuqing raised her eyelids and glanced at Zhou Peilan, "Sister, the Xie family is a family of hairpin tassels for hundreds of years, the family of poetry and etiquette, the disciples are all over the world, the wife always questions others when she comes up, and Princess Chen is a super high-ranking princess, now that the court is full of life, who else can have a higher status than her? Don't say that the princess is just a minor punishment, but she killed me, so does daddy still have the ability to avenge us today?"

Zhou Damo didn't like to hear this, so he yelled at Zhou Yuqing, "Shut up, the state owns the country's laws, and the family has family rules. I don't believe it. She is so domineering, and the world can't do anything about her. A woman who is not at home, takes care of her husband and children, and outside Taking advantage of the situation to commit murder, hmp, it is simply unreasonable!"

Zhou Yuqing was too lazy to talk, she went back to her room, thinking about how to find a way out for herself with the princess.

She thought about it, and wrote a letter to Mrs. Sun, the wife of Li Erxun, who was a student of Li Erxun, asking her for help. If she had the opportunity, introduce her to Xie Zhiwei.

In the past, her mother and Mrs. Sun were sworn sisters, and Mrs. Sun always took good care of her and her younger brother.

After receiving the letter, Mrs. Sun sighed. The relationship between the Zhou family and the princess is so tense here. How could she not know that they are in the same city? She was also worrying about when would be a better time to visit the princess, so she ordered her mother-in-law to send a greeting card to Xiao's other courtyard.

Here, Zhou Damo traveled six hundred miles to expedite a note filled with righteous indignation, one after the other, and the letter written by Xie Zhiwei to Xie Tiao was delivered to the capital.

Xie Tiao was very happy when he saw the letter from his granddaughter. After reading it, he was furious again. He went to the palace under the scorching sun and handed Xie Zhiwei's letter to Lu Yan.

Lu Yancai finished reading the brochure that Zhou Damo sent over six hundred miles away, and was already very displeased, thinking of going there. After reading Xie Zhiwei's letter, his cold and charming eyes slowly gathered anger.

The first update!

## Chapter 738 Acacia

Xie Tiao was afraid that the world would not be chaotic, so he said with a deep expression, "Master Lu, the prince has been fighting outside all year round, and this is also for the sake of the world. My granddaughter, who is young, is alone outside, and there is no one beside me who can protect her." She has no elders, and now I am being bullied, my heart has really been gouged out."

Lu Yan raised his eyebrows and glanced at him, the seductive charm floating in his eyes, soaked in a layer of coldness, the noble temperament of the son of the aristocratic family, people can no longer feel, he is the old man The governor of the East Factory, who was frightened by the news, was as blurred and cold as the cold moon in the vast sky.

"I will deal with this matter. If Mr. Xie has nothing else to do, please go back!"

How could Xie Tiao be willing to be driven away so easily? Even when Lu Yan served tea, he still sat motionless, but asked, "Lord Lu, I don't know why Master Lu thinks who is worthy of being the Hebei Governor?"

Lu Yan had no choice but to put down the tea bowl, and asked, "What does Mr. Xie Ge mean? Could there be a suitable candidate?"

"Hebei is located in the frontier, and the territory has just been recovered. The governance of the people is the most important thing. If you are not a person with outstanding talents, you should not let him go. If Lord Lu insists on my recommendation, then I recommend Lu Qiling. Although he Young, but he served as Jingzhao Shaoyin first and Jingzhaoyin later, he has outstanding achievements and can be a great leader."

"I remember that Lu Qiling is the nephew of Mr. Xie Ge. If Mr. Xie Ge is so virtuous and doesn't avoid relatives, isn't he afraid of people saying nepotism?"

"What's the matter? Lu Qiling is my nephew. Everyone in the world knows that Lu Qiling is the governor of Jingzhao. Everyone in the world also knows that this pavilion wants Lu Qiling to go to Hebei. How can

I take care of my granddaughter? , I am not afraid that everyone in the world will know, why, is there anything wrong with this?"

Lu Yan was surprised, is this old man crazy? He squinted his eyes, and his voice was cold, with a chilling majesty, "Mr. Xie Ge, the current government is in a period of transition, and everything is very unclear. It will take about a year for His Royal Highness, King Chen, to return to the court." After that, all kinds of wastes are waiting to be done, and the cabinet must be relied on. These are not for a certain person, but for the people of the world. The Xie family has always taken the world as their own responsibility. Back then, they were able to choose silence for the people and go with the flow. Today, why can't they be for the people of the world? Do something more?"

Xie Tiao's heart skipped a beat, his old face blushed involuntarily, he was indeed planning to send Lu Qiling to Hebei, after taking care of his precious granddaughter, he would look for a good time to step down from the position of chief assistant, and take the second child's family with him, Go home to retire.

His eldest son has already reached the second rank from an official position and is an extremely personable minister. His eldest granddaughter is a super-rank princess and will be unspeakably expensive in the future. The third son is now earning money for the royal family. The fourth son will rely on him for the food of the family. Xijiang is a piece of fertile soil. As long as he doesn't do anything wrong, he won't worry about not being able to make great achievements in the future.

One cannot be greedy in one's life. As long as Xie Tiao has been the chief assistant for one day, his reputation will reach its peak.

When the moon is full, it will be short, and things will be reversed at the extreme. Can Xie Tiao not be worried? The reason why the Xie family can last forever is that each generation of patriarchs has the ability to assess the situation, keep their original intentions, and retreat bravely.

Xie Tiao sighed, "Lord Lu, the Xie family did not advance and retreat with the Lu family back then. The Lu family was destroyed and the Xie family lived. No matter what price needs to be paid, the Xie family will fully bear it, and there will be no excuses."

Lu Yan said, "It's so good!"

After finishing speaking, Lu Yan ordered someone to invite King Xiang into the palace.

King Xiang is visiting the West Market. Although his thin body looks a little weak, if you don't look at it from the front, you can still see his handsome appearance in the past.

Only, years of toxin erosion have hurt the foundation after all. After the poison was pulled out, his whole body was cleared up, his skin was loose, and he looked much older.

King Xiang was dressed in a brown robe, with his hands behind his back, and walked slowly. Occasionally, when he encountered a bird under the eaves of someone else making a clear call, he would imitate it, chirp twice, and respond.

A dignified prince, he responded very affectionately to the bird.

"My lord, my lord, I welcome you from the palace!"

Behind him, the servant next to King Xiang ran over, sweating profusely, and followed behind King Xiang, sweating profusely.

In the capital city in July, at noon, it is like a huge furnace. On the street, except for the hurrying farmers, who have to rush out of the city to go home in order to catch up with the farm work in the afternoon, only King Xiang, a rich and idle man, can be so leisurely. I went shopping in the scorching sun.

"Let's just say that the king is sleeping right now and has no time. It's noon and he doesn't sleep. What is King Xuanben doing in the palace?" King Xiang said absently, his eyes kept scanning the bird cages under the eaves of the shops on both sides .

Today's luck is not good, there is no beauty that catches the eye at a glance.

Suddenly, a lovesick bird with a red beak and emerald feathers squatted in the cage and looked at him. The eyes of one person and one bird met in mid-air. In an instant, King Xiang's nose was sour, and he was about to shed tears.

He walked towards the bird without hesitation, and stretched out his hand to caress the cage. When the bird saw the stranger, it didn't dodge. The child thought of someone.

Obviously knowing that it is impossible, but King Xiang still has a voice in his heart that keeps asking, is it you? is it you?

"Guest officer, do you want this bird?" Seeing a customer, the shopkeeper ran out with his waist bent, with a handkerchief on his shoulder, and kept wiping away his sweat.

"How much silver?" King Xiang had already held the bird cage in his hand.

Seeing this, the shopkeeper naturally had the desire to ask for prices, raised a hand, and was about to say "fifty taels". , singing is not as good as songbirds such as thrushes, it is very monotonous, and not many people like it.

"Give him five hundred taels of silver!" King Xiang turned around and left with the bird cage in hand.

The boy hurriedly slapped a silver ticket of one hundred taels into the shopkeeper's hand, and gave the shopkeeper a glance. Although it was not five hundred taels, the shopkeeper also knew the principle of accepting it as soon as he saw it. The two silver coins were stuffed into the boy's hand.

The little servant looked down, turned around and threw it to him, then ran out to chase King Xiang, "My lord, Lord Lu in the palace asks you to enter the palace immediately, saying that it is a matter of Hebei."

When King Xiang heard that it was about Hebei, all the lovesickness and sorrow in his heart were frightened, and he stopped and scolded the boy, "You bastard, why didn't you say it earlier?"

As he spoke, he stomped his feet, "Prepare the sedan chair, hurry up, prepare the sedan chair, the king is going into the palace."

In the palace, Xie Tiao and Lu Yan waited for about half an hour, and King Xiang finally arrived. When he reached the gate of the palace, he handed the bird cage in his hand to Mi Tuan, "Mi Tuan, please take care of me for the king. The king rewards you!"

The second update!

### Chapter 739 Passed away

The three met each other, and Xie Tiao succinctly explained what happened. When King Xiang heard that his daughter-in-law had been wronged, he slammed the table and scolded, "Ah Yan, you should write to Ah Xun now." Letter, let him come back, slap Zhou Naso to death, the two Jinshi scholars, the book has been read into the dog's stomach."

King Xiang couldn't remember Zhou Damo's name, but he hated him to death.

Lu Yan said, "Zhou Damo was single-handedly picked up by the emperor. When Zhou Damo died, he asked to be his successor, and the emperor gave him a special award. I remember that the emperor himself said, 'The Chen family was born in a famous family, Yuxiuwai Zhong', because of this sentence, the Chen family has become a famous family in the local area, and now it can be regarded as a student everywhere."

It's no wonder that Zhou Damo is devoted to the emperor.

King Xiang became more and more worried, "Ah Yan, what should we do now? Zhou Damo must not be able to stay this time, and the princess didn't say that Zhou Damo's family members are suspected of violating the law? Don't you plan to let the people from Dongchang go and have a look? "

Lu Yan said, "My lord, this is also the reason why I invited you into the palace. Now that the emperor is seriously ill, I am going to go out of Beijing and go to the Northland. First, I am here to supervise the war. Second, the officialdom in Hebei needs to be rectified. I can only wrong you." Stay in the palace to take care of the emperor, and the affairs of the court will be decided by you and the Chief Assistant Xie through consultation."

King Xiang jumped up with the cat whose tail was stepped on, "Ah Yan, what are you kidding, how can I stay in the palace? How can this king stay in the palace and work hard, I..."

King Xiang spoke incoherently, Lu Yan raised his cold eyelids and glanced at King Xiang, a glimmer of light flashed in his cold and charming eyes, he curled his lips into a smile, and the untainted and vermilion lips seemed to float. A ray of sunshine said, "My lord, I only have one pair of hands and one brain. I can only take care of one end in the middle of the capital and the north. It is up to the lord to decide whether it is the capital or the north!"

Xie Tiao also let out a faint sigh. He had to admire Lu Yan's young age, but his skill in manipulating people was extremely clever. It seemed that he and King Xiang had to be chained.

"My lord, Mr. Lu is brave and good at fighting like a god. If Mr. Lu was in the north to assist His Highness Prince Chen, Dayong would have ended the war earlier. You and I are two old bones. If you live one day less, you will be fine." It's nothing, you and I will help, together, let's prop up the capital!"

Seeing King Xiang moved, Xie Tiao said, "I still want to spoil my grandson, my lord, look, do I have this blessing? My lord walks birds every day, raising them in the palace and raising them in the palace. What's the difference? "

At this moment, a young \*\*\*\* knelt at the gate of the palace, "Supervisor, urgent report from Mount Wutai!"

As soon as they heard that it was an urgent report from Mount Wutai, the three of them hurriedly stopped talking and ordered people to come in.

"Supervisor, urgent report from Mount Wutai!" The little \*\*\*\* submitted the urgent report, and Lu Yan opened it unhurriedly. After reading it, he handed the letter to King Xiang.

Xie Tiao rushed over, and if he didn't look at it, he took a deep breath. The letter said that His Royal Highness accidentally fell off the rockery and died. In order not to make the Empress Dowager sad, Madam Hu had to report Said that His Royal Highness was accidentally taken away by a tiger in the mountains.

It doesn't matter whether there are tigers in the mountains or not. The important thing is that at this juncture, His Royal Highness is gone.

"A thorough investigation!" Lu Yan said coldly.

Under Lu Yan's order, Qu Chengyu and Mu Jianfeng each led a hundred people, rushed out of the capital, and went straight to Mount Wutai.

The news of His Highness the Crown Prince's death was not concealed after all. The news was quietly passed on in the capital at dusk of the next day. In the Fourth Prince's Mansion, Xiao Changxuan was extremely excited. , the child fell to the ground with a snap of his fingers, and died of a brain burst on the spot.

His people saw with their own eyes that it was the third prince.

"That's great, but, Your Highness, have your people returned?" Liao Kuangtu reminded.

Xiao Changxuan pondered for a while, he didn't take it seriously, and waved his hand, "Don't worry, even if you are caught, you can't find Ben Gong."

Those people were the Jiang Hu people introduced to him by the Ning family. Because he had sheltered them, they were used by him.

In the residence of the Third Prince, Xiao Changye was writing with a pen. What he was copying was "The Preface to the Collection of Lanting", with a sparse and well-organized layout, an upright and graceful Fengshen, varied brushwork, and a free and easy way to take the momentum.

He took the last stroke, wiped the brush clean in a sky blue glaze brush washer, put it on the pen mountain, took the wet handkerchief handed over by the maid, wiped his hands clean, looked at the kneeling person on the ground, "Successful?"

The man was dressed in black, knelt on the ground, said "yes", Xiao Changye walked over, kicked the man on the ground, "Idiot!"

The man was kicked to the ground, and a scar on his face was exposed sideways. Seeing the scar, Xiao Changye was shocked and his pupils shrank, "Have you been discovered?"

Without waiting for this person to speak, Xiao Changxuan pulled out a small knife from his body and stabbed at him. At this moment, a stone bounced from outside the window and hit an acupuncture point on Xiao Changxuan's wrist. Trembling, the knife fell to the ground.

"His Royal Highness, this is not right. If there is anything, you can let the little ones come, why do you have to do it yourself?"

The door was kicked open, and Jinyiwei Qianhu Mu Jianfeng, who was supposed to be on business in Wutai Mountain, appeared in front of Xiao Changye. Xiao Changye's heart was beating like a drum. The man on the ground stabbed at him, the man rolled on the ground, dodged it, got up and squatted on the ground, staring at Xiao Changye like a wolf.

"What are you doing here?" Xiao Changye was panting, his hand holding the hilt of the sword was trembling, watching the brocade guards pouring in from the window, the threat of death enveloped his heart.

Mu Jianfeng raised his hand and waved it violently, and someone came in immediately and took away the man in black on the ground. Mu Jianfeng pointed to the door, "Your Highness, the Third Prince, His Highness the Crown Prince passed away, and you will wait with the last general." Let's go, if there is no such thing, I will make it clear to Sansi, and I will return your innocence."

In the imperial prison of Dongchang, there were two more people. The third prince Xiao Changxuan and the fourth prince Xiao Changye became neighbors. When they saw each other, they were all surprised, but their eyes quickly recovered.

I thought those Jianghu people had gone far away, but what Xiao Changxuan didn't expect was that those people fell into Dongchang's hands and confessed to murdering the crown prince. Xiao Changxuan, like Xiao Changye, wanted to He accepted the joint trial of the three divisions and was convicted according to the national law.

Lu Yan didn't have time to wait for the interrogation of the three divisions. After he handed over the affairs of the court and the capital to King Xiang and Xie Tiao, he talked to Pei Ji, the commander of the imperial army, in the middle of the night. When they reached Baili Road, Qu Chengyu stepped forward and said in a low voice, "Master, I heard that Prince Xiang's son and Princess Nanzhang were found ahead, and my subordinates didn't dare to disturb them. I don't know where they are going?"

The third update!

## Chapter 740 Marriage

Prince Xiang moved into the palace and lived in Meiwu, and the mansion of Prince Xiang is now managed by Concubine Yu.

When Xie Zhiwei was in charge of Zhongfu, he mentioned the monthly bills of several sisters and children to fifty taels. Xiao Lingsu saved money for several months and finally paid off her foreign debts. Hearing that her brother was going to the Northland, She also made up her mind to go.

A cat from the north appeared in the capital. It was said to be called a blue cat. It had a slender body, large and upright pointed ears, and small, round feet. It seemed to be walking on tiptoes. The body is covered with silver-blue glossy short coat, with a slender body and light gait, just like the nobles among cats.

Xiao Ke saw one in the street market, and wanted to buy it. The next day, he didn't know where the cat was. buy this cat.

Xiao Ke happened to be on the road alone, and he was still a little scared. When he heard that his sister was going with him, he became more courageous. The brother and sister walked together for five days and only traveled a hundred miles.

On this day, the two brothers and sisters were resting in a tea house thirty or fifty miles away from the Daming Mansion. Xiao Ke's servant stayed in the woods next to him, found a place to relieve his hand and came back, and said bitterly to Xiao Ke, " Second master, this servant found out that there are people from Dongchang nearby, did they come to arrest master and girl and bring them back?"

If he is arrested, won't he be exposed by the prince?

Although the lord doesn't care about the girls and sons in the mansion, the lord's mansion is not without family rules. They are not allowed to stay outside, not to go out of Beijing by order, and not to go whoring.

These three nos, except for Xiao Xun who committed the first two, no one has ever dared to commit fouls.

After saying this, Xiao Lingsu was also afraid. She looked at her brother tremblingly and asked, "Brother, what should I do? If I'm arrested, I won't be able to go to Zhending Mansion."

She doesn't want to stay at home, she wants to follow her sister-in-law. As for why, she can't say, she just feels that the current home is not like a home anymore.

Xiao Ke had no choice, he glanced around and said, "Let's talk about it when we want to take it back!"

They continued to walk northward for several days, and no one cared about them, but the people of Dongchang followed them everywhere, which gave them a sense of security.

Qu Chengyu also felt strange, and asked Lu Yan, "Did the prince and the princess go to Zhending Mansion to find the princess?"

Lu Yan's horse was fast. Ever since he left the city, Lu Yan had been on his way wholeheartedly, avoiding the town and resting outside, for fear that anyone would stop him for anything.

Xie Mingxi lived in Xiangshan Bieyuan for one day, and the next day, he was taken to the battlefield by Fan Wencheng. He may not be able to do anything, but in the process of growing up alone, the most valuable thing is knowledge.

There is a saying that it is not strange to see more. Many people are not open-minded enough, can't see everything, and like to care about it. Maybe it's because their vision is too narrow and their knowledge is too little.

Xie Zhiwei and Cui Nanwan live in another courtyard, and they live a very carefree life.

The situation of the Zhou family was not very good. After Zhou Damo handed over the booklet, he heard that Lu Yan personally brought people to the Northland. Even though Zhou Damo still firmly scolded the \*\*\*\* for wronging the country and Xie Zhiwei, but he was unavoidably worried. anxious.

At the foot of Xiangshan Mountain, many wealthy people have other homes here. During the hottest three months of the year, Zhending Mansion is almost empty, while Xiangshan is full of fragrant clothes and BMW cars.

Many merchants saw business opportunities, so they built stores here, and over time, towns were formed.

North Qi continued to go south, Xiangshan Town's business was sluggish, and the shops were empty, but in the past two years, it has become prosperous again.

There is a Taoist temple in the southeast of the city, named Yuhua Palace.

Zhou Yuqing would come every time she came to Xiangshan Bieyuan. This time, after kneeling in front of the Sanqing Statue as usual, she clasped her hands together and prayed for a long time before getting up.

Towards the Hall of Sanqing, Zhou Yuqing walked through the courtyard, walked under a century-old wintersweet tree, came out from the side door on the west, and saw the man under the corner of the corner door as expected.

Zhou Yuqing went over, put a silver dime in front of the man, sat down on the small scorpion in front of the man, and asked, "I want to test the divination!"

"Girl, please tell me!" This person was a blind man, fumbled around, and handed a pen to Zhou Yuqing, "Girl, please write down the word you want to test."

Zhou Yuqing did not pick up a pen, but said, "Every time I see you fiddling with calculations, I know that you are calculating the calendar. A person like you should be used by the court, but I know that you have no advancement. Now, There is a chance, if I recommend you, how will you repay me in the future?"

The man was stunned for a long time, then smiled, "Girl, I'm blind, and you actually said that I can be used by the imperial court. I didn't expect the girl to trust me so much. It's a pity, it's impossible for a person like me to have such kindness." Chance."

"Is there any? It's not up to you or me. If you don't try it, how do you know? You just say, if I recommend you, how will you repay me?"

"How would you like me to repay you, girl?" the man asked.

"What's your name? How old are you and where are you from?"

"I, Wei Pu, from Huai'an, lost my sight due to illness when I was sixteen years old. It has been five years now. The girl is right, I like calendars and calculations."

"Okay, if I recommend you successfully, I don't need you to do anything, as long as you marry me."

Wei Pu was so frightened that he almost fell off the stool. He stammered and asked, "Why, why? Miss, I can't even support myself, how can I support my family?"

Shuangyin was also very frightened by the girl, and couldn't help tugging at Zhou Yuqing's sleeve, and said anxiously, "Girl!"

Zhou Yuqing pushed her hand away, and said to Wei Pu seriously, "Mr. Wei, my name is Zhou Yuqing, and I am eighteen years old. Please remember today, my agreement."

After speaking, she stood up, took a deep look at Wei Pu's dull eyes and his thin face, and turned to leave.

Shuangyin hurried to keep up, really can't understand, the girl is the eldest daughter of the rich Zhou family in Fuzhou, and her father is the chief envoy of the second rank, why is she willing to marry a down-and-out blind man?

"Miss, is this appropriate? Even if the wife doesn't care about the girl, the old lady can still find a good marriage for the girl in Fuzhou. It's also very good for the slaves to look at the young masters of the Yuan family. Although the Yuan family is not a serious princess However, isn't the princess also very close to the Yuan family?"

Zhou Yuqing squeezed the handkerchief, her face was full of displeasure, "Although the Yuan family is good, if we think highly of them, they must think highly of us? Now in Fujian, who doesn't want to be married to the Yuan family?"

Although her father was the chief minister, and her grandmother felt that she was worthy of the young master of the Yuan family because of this, but when asked to find out, the Yuan family refused.
