

The Power 931

Chapter 931 Guozhang

Who is Yuan Yi? It was Xie Zhiwei's grandfather, Gao Changshui knew it clearly, but he wanted to sue so blatantly in front of Xiao Xun, his disobedience was well known to all passers-by.

Xiao Xun laughed angrily, and asked, "Then tell me, Mr. Gao, what crime should I punish Yuan Yi for?"

"I believe that the emperor should issue an order to take Yuan Yisuo to Beijing, order the three divisions to interrogate him, and convict him according to the "Great Yong Law"!"

"Oh, I thought that Lord Gao would teach me to kill Yuan Yi directly, let's forget it, and then another family will be confiscated and exterminated! If the extermination of three and five clans, my queen will not be able to get rid of it!" Xiao Xun turned his face and became angry. "Come on, get it for me!"

Gao Changshui suddenly raised his head and looked at the emperor in horror. Seeing Xiao Xun's anger, he couldn't help but die of fright, "Your Majesty, Zhejiang and Nanzhili are the most important taxes in the world. If you are imprisoned, Zhejiang and Nanzhili will definitely be in chaos... "

"Chaos? I don't believe it. With me here, Zhejiang and Nanzhili can be in chaos." Xiao Xun stepped down from the throne and walked up to Gao Changshui. He bent down and looked at Gao Changshui with a half-smile, " Do you know what a rooster sits in the morning? That's what it is called! Who told you that Zhejiang and Nanzhili can't be messed up? Has anyone told you that our treasury is not as fast as the first emperor's? Western Wall?"

Xiao Xun stood up, condescending, staring at Gao Changshui coldly, "I don't have to rely on you, I not only want Zhejiang and Nanzhili to be chaotic, I want Zhejiang and Nanzhili to be shaken, and you will wait for the big rats of these countries , all of them were shocked to death!"

Gao Changshui realized that he was afraid, and kowtowed desperately, "Your Majesty, please forgive me, Your Majesty, please forgive me!"

If you want to blame, you will blame the Empress Dowager, if she didn't say that the emperor needn't be afraid, that the emperor, like Emperor Shoukang, had to rely on the money from Zhejiang and Nanzhili to live. He himself was also confused, without asking first, where did the tax money come from in the treasury?

Emperor's Western Expeditions and Northern Wars don't mention that the Miyagi was built in just a few years, not to mention that horses can run in the treasury. I'm afraid that the rats in the barn will starve to death, right?

Xiao Xun and others, although they couldn't see Gao Changshui's expression, they could think of it. Gao Changshui couldn't help but sneered at the thought in Gao Changshui's heart, "I built the palace city without spending a tael of silver from the treasury. Destroy the country, dignified two Jinshi, act without a brain, no wonder he was tricked!"

Destroying a country is naturally different. Besides, who would have thought that Xiao Xun would destroy Xiliang and Beiqi in less than two years. Neither Xiliang nor Beiqi came back to their senses.

Naturally, it was too late to fortify the walls and clear the country, and the treasury was seized by Xiao Xun.

Xiao Xun made war windfalls, and he was the leading general, so what he gained was astonishing.

Gao Changshui closed his eyes, so as not to show regret, he stood up without saying a word, and followed Jin Yiwei out of the gate of Qianqing Palace.

Lu Yan glanced at Xiao Xun and asked, "How many people will Jin Yiwei send to Zhejiang?"

Zhejiang can't be really chaotic, although Xiao Xun said so, but both of them understood this in their hearts at the same time.

"Jinyiwei and Dongchang, brother, you come and make arrangements. The news is temporarily blocked, don't spread it to Zhejiang and Nanzhili, I can't just arrest people, I will spit out all the greedy people all these years" Xiao Xun said bitterly, "All those involved will be convicted according to the amount of money embezzled in the future. The serious ones are ransacking the family and exterminating the family, and the minor ones are exiled."

It means that the house must be ransacked no matter what.

Lu Yan also felt very good. Zhejiang and Nanzhili could no longer be tolerant. He said, "Okay, but you have to know who Zhejiang and Nanzhili will send."

Xiao Xun didn't have much in his mind, so he told Li Baozhen, "Xuan Shoufu, thank you for your presence!"

As Xie Zhiwei was about to give birth, Xie Tiao received the oral order, his heart skipped a beat, he came to his senses after a while, and stepped forward to stuff a purse for Li Baozhen, "May I ask if it is for political affairs or for the empress?"

Because Xie's family is different, Li Baozhen tried his best to go there personally every time he delivered the decree. He took Xie Tiao's purse, knowing what Xie Tiao was worried about, and said with a smile, "Don't worry, Mr. Xie Ge, the empress is not enough yet." What about the month?"

Xie Tiao breathed a sigh of relief, wiped the sweat off his forehead, "Eunuch Li wait a moment, wait for me to change clothes, and then enter the palace with Eunuch."

Xie Yuanbai came out to talk with Li Baozhen, and ordered, "Bring some of the specialties from the Western Regions that I brought back to my father-in-law."

Li Baozhen was flattered, and quickly got up to thank Xie Yuanbai. Xie Yuanbai hurriedly avoided it, and said politely, "It's not a rare thing, just try to find something new. Now the road from the capital to the Western Regions is not very easy. There is an endless stream of people, and it may be sold everywhere in the capital, you take it back and reward those godsons of yours!"

Xie Yuanbai is good at this. As long as he is willing, he can say anything sincerely and easily touch people's hearts.

Li Baozhen was very moved, "Then our family will thank the father-in-law on behalf of our godsons!"

Xie Yuanbai laughed loudly. When Li Baozhen left, the Xie family filled a box full of special products given to him, and one box of agate was especially precious.

Xiao Xun and Xie Tiao discussed the matter of dispatching officials from Zhejiang and Nanzhili in the front hall of the Hall of Mental Cultivation. Xie Tiao thought for a while and said, "If there is no good candidate for the time being, the emperor might as well install a governor there. Two governors are appointed below, and some magistrates are recommended by these three people respectively."

In this way, the three of them can restrain each other without mentioning the outline. This is really a seasoned plan.

Xiao Xun knew that Xie Tiao was teaching him the way to be a king, so he stood up and bowed his hands to Xie Tiao, "Thank you, grandfather!"

Xie Tiao hurriedly avoided, "The emperor has been intelligent since he was a child. He captured King Ning at the age of fourteen or fifteen to avenge his father. If he is not as young as the weak crown, he will have the power to destroy the country. The proud son of heaven is not as good as the emperor. It has never been like this before. Governing a big country is like cooking a small fish, and the emperor does not need to worry about things in the future, as long as he focuses on the world, there will be no shortage of things."

"Grandpa taught you a lesson!" Xiao Xun said sincerely, the Xie family has survived for hundreds of years, and Xie Zhiwei alone knows its profound heritage. This is why Xiao Xun dared to use the Xie family and insisted on using the Xie family.

"The emperor said that the lesson is too serious." Xie Tiao said, "Zhejiang and Nanzhili must not be chaotic no matter what. The governor of Jiangnan is very important. If you want me to recommend someone, I think you can send Shen Tingyang Go. As for the provincial governors of Zhejiang and Nanzhili, I think Han Yanshou and Ming An can be considered."

"Ming An? Isn't he the minister of the Ministry of Industry?"

"Although Ming An is the minister of the Ministry of Industry, at present seven or eight out of ten of the palace city have been built. Zhejiang's disaster, and what is going on, we need people who know how to see it. First of all, Ming An has a family and country in his heart. , if you can do a good job as a governor, you can also assist the emperor in the future."

The first update!

There will be more updates today, it's the end of the month, ask for a ticket!

Chapter 932 Chaotang

Xiao Xun understood, this is to cultivate Ming An as the future cabinet.

Xie Zhiwei talked with Mrs. Zeng and Zeng Yaoqi in Yanxitang. She asked Xiao Lingsu to take Shan to play. Shan and Xiao Lingsu knew each other very well. They hit it off very well. Go to the imperial garden again.

After the Mid-Autumn Festival, sweet-scented osmanthus is fragrant, chrysanthemums are blooming one after another, and the garden is full of colorful flowers. The fragrance is refreshing and refreshing.

One big and one small, they also had fun in the garden.

Zeng Yaoqi looked at Xie Zhiwei's stomach in amazement, "Why is it so big? It used to be big, but now it's getting bigger and bigger. Are you tired?"

Xie Zhiwei shook his head, "Maybe I'm used to it, it's okay."

Seeing that Zeng Yaoqi had lost a lot of weight and her energy was not good, she couldn't help but feel extremely distressed, "You don't have to worry too much about it. Everything will be straight when the boat reaches the bridge. If you can't think of a good way today, tomorrow it will come down from the sky." A good opportunity. You worry about it every day, and when the opportunity comes, your body will collapse, wouldn't it be worthwhile."

Zeng Yaoqi couldn't understand the mystery in these words, but Mrs. Zeng thought about it a little, and said, "The empress doesn't know how much the Zhou family has gone too far!"

Xie Zhiwei said, "Elder wife and sister Yaoqi don't have to worry, since sister Yaoqi has made up her mind to reconcile, then there is no need to worry, just like my eldest cousin back then, let's see who can afford it?"

Zeng Yaoqi thought of this reason, but Mrs. Zeng thought of another meaning.

Xie Zhiwei left lunch, and ordered Bai Ling to go to the front hall and tell the emperor to let the emperor have dinner with Mr. Lu. She has guests here.

Du Yuan hurriedly said, "Empress, servant girl, go, sister Bailing is not feeling well."

Xie Zhiwei was taken aback, but didn't ask any further questions.

After lunch, she always wanted to take a nap. Mrs. Zeng took a reassurance, and she and Zeng Yaoqi took Sister Shan away. Sister Shan still wanted to play with Xiao Lingsu, so Xie Zhiwei kept Sister Shan. Xiao Lingsu lived in the palace for a few days, and asked someone to clean up a side hall in Xiao Lingsu's palace and come out for her to live in.

Although Zeng Yaoqi was somewhat reluctant to part with her daughter, she was also happy to see her success.

After leaving the palace, Mrs. Zeng heaved a sigh of relief and returned to Zeng's house. When she heard that Mrs. Zhou's family had handed over the post again, she was not so irritable and said, "Come on!"

Zeng Yaoqi couldn't help being surprised, Mrs. Zeng said in a low voice, "You don't understand some things, we'll just listen to the empress, don't be in a hurry for now, wait for the Zhou family to get anxious first."

Why is the Zhou family not in a hurry?

The governor of Zhejiang went to Beijing to report on his duties. He first met the empress dowager, and then he went to see the emperor, but he could no longer be contacted. It took a lot of effort for the Zhou family to hear that Gao Changshui was sent to prison. Don't know, but somehow something is wrong.

The Zhou family has been letting go, and Jingzhong relies entirely on the Zeng family. Originally, if the one mile and one outside were well coordinated, the two families would be fine. Who knows, these things will happen now.

To Mrs. Zhou, Zeng Yaoqi has gone too far. If she proposes to leave the mother and keep the child, the Zhou family has no objection, but she wants to make up with her. How can she have any morals?

Could it be that the Zhou family can't even support a bastard? Mrs. Zhou originally wanted to say that she would raise the concubine in front of Zeng Yaoqi and dismiss the prostitute, but thinking that Zeng Yaoqi would definitely not agree, she simply started a fight with the Zeng family.

Don't give an inch!

The Zhou family cannot do without the Zeng family, can the Zeng family lose the Zhou family? Without the Zhou family behind him, and when Xie Tiao becomes an official in the future, will Zeng Shiyi be able to become the chief assistant smoothly?

The Zhou family heard that since the emperor succeeded to the throne, Xie Tiao was walking on thin ice. He was afraid that the Xie family would move in the middle of the day, and proposed to resign several times. However, there are not many available people in the court now, and the emperor refused to allow it several times.

Zeng Shiyi is now the second assistant, and he must be the next first assistant. Of course, the Zhou family will not let go of this good opportunity. In any case, it is impossible for Zhou Xiuwen and Zeng Yao to reconcile.

Mrs. Zhou intends to open the window with Mrs. Zeng to talk brightly, explain the matter clearly, and reconcile the two children as soon as possible. The Zhou family does not have a son yet.

Laying on the bed at night, Zeng Shiyi asked about going to the palace today, Mrs. Zeng said Xie Zhiwei's original words, "I always feel that there is something wrong with the empress's words, but I can't figure it out."

The court hall and the harem, the court hall and the back house, seem to be distinct, but in fact they have never been separated.

Zeng Shiyi said in a low voice, "Just listen to the Empress Dowager. It is impossible for the Empress Dowager to ignore Yao Qi's nostalgia for the past. Let Yao Qi stay at home these days and make more clothes for children. Produced."

Mrs. Zeng thought something clear and asked, "What happened in the court? Or something happened in Zhejiang? I heard that Zhejiang flooded two counties, and the rich merchants there docked their grain ships at the pier." , ten stones of grain per mu, doesn't the court care about it?"

Zeng Shiyi said, "Why don't you care? The governor of Zhejiang has already entered Beijing. Alas, you don't care about these things. You just know what I said. Don't ask any more questions."

Mrs. Zeng felt relieved and had a good night's sleep.

The next day, her face was radiant. When Mrs. Zhou came, Mrs. Zeng didn't keep a straight face like before, but asked the maid to make tea in a good voice.

"Is there something good about my mother-in-law? I heard that the empress announced that my mother-in-law entered the palace yesterday. I have been in the capital for a few days, but I have met the empress dowager. I have never seen the empress dowager and empress."

Mrs. Zeng didn't answer her words, "The empress is about to give birth, and she will not see anyone in her spare time. We were called in because we had a good relationship with Yaoqi when we were in the boudoir. No, seeing that the prince is about to be born, I asked some advice about raising children. thing."

Mrs. Zhou was a little startled, and asked, "Why didn't you see Yao Qi?"

"Going to the palace. Sister Shan stayed in the palace yesterday. Today I let her enter the palace to pick up Sister Shan. It won't be good to live in the palace forever."

Mrs. Zhou didn't expect that the money-losing product of her family would be liked by the empress, and she thought that the empress's birth might be a daughter.

"So that's the case. I came here this time to take Yaoqi back. It's really not good to live at my mother's house even during the Mid-Autumn Festival." Mrs. Zhou said.

Mrs. Zeng picked up the teacup and took a sip, she didn't miss the anxiety in her eyebrows, she couldn't help being happy, "What's so bad about it, isn't my mother-in-law's family all my own? My master and I are still alive, she can be with us One more day of filial piety is also our blessing."

The two of you came and went back and forth, and Mrs. Zeng was not as angry as usual. Mrs. Zhou felt that Mrs. Zeng must have something to rely on, so she became more anxious and didn't stay any longer, and left before noon.

Mrs. Lu had long wanted to pass the sign to the palace, and mention Zhang Qinghan's matter with Xie Zhiwei. First, there was a storm in the court, and then there was news about Xie Zhiwei's unstable fetal position. When she heard that the empress had met Mrs. Zeng, she couldn't wait. Passed the sign to the palace without hesitation.

The second update!

Chapter 933 Poisoning

Xie Zhiwei heard that Zhang Qinghan was back, so he must see Zhang Qinghan, so he asked Xuan to come in.

Xiao Lingsu led Sister Shan to be a female celebrity in Yanxi Hall, Zeng Yaoqi watched from the sidelines, Xie Zhiwei met Lu Shi and Zhang Qinghan in Tishun Hall, and she could hardly recognize Zhang Qinghan when she saw her.

This is still the beautiful and beautiful sister Qinghan from before, she is more than ten years older, with a sad face and no meat on her body.

Xie Zhiwei couldn't help being taken aback, and pulled her up without waiting for her to salute, "Sister Qinghan, what's wrong with you? Who bullied you?"

Lu's tears came down in a flash, and he cried, "Empress Empress, I am the one who is sorry for your sister Qinghan!"

Zhang Qinghan said with tears, "How can mother say such a thing, this is everyone's fate, if you want to blame it, you can only blame my bad fate."

Xie Zhiwei said, "How do you say that? What kind of fate is it? If sister Qinghan's fate is not good, how can she still be reborn in the Xuandehou Mansion?"

Lu's said about Zhang Qinghan, "This is not a good marriage, if your sister Qinghan gets married, she can have a son and a half daughter, and her grandmother will protect her, so it won't be too difficult It's as difficult as it is now. To be honest with the empress, even the eldest princess has sent a message, saying that she wants me to tell my natal sister-in-law to open the face of Tongfang next to my son-in-law and stop the medicine. Where is your sister Qinghan's foothold?"

Xie Zhiwei stretched out his hand, "Sister Qinghan, sit here, I'll give you a pulse and see what's going on?"

Zhang Qinghan took her seat, Xie Zhiwei cut off her left hand first, within three breaths of time, she frowned, asked to change her right hand, and within three breaths of time, she said to Lu Shi, "Mrs. A person has been given medicine for a long time, and the palace cold appears, if the poison is not detoxified for a day, it is impossible to conceive in a day."

The mother and daughter were so shocked that they looked at each other, but they didn't know where the poison came from.

However, no one will doubt Xie Zhiwei's medical skills.

After a long while, Lu's tears came down, "This is really, really, we have also invited many doctors, but no one has diagnosed this."

The words were originally ambiguous, but Xie Zhiwei was not the kind of person who waited for a small belly, and said, "Ma'am, this poison is not common, and I have seen it in medical books. It is a medicine from the North, and it is called Jue Mingzi. It is also easy to check." I will write a prescription for sister Qinghan, eat it first, use it for a month, and then sister Qinghan will come to the palace, and I will take a look. Here, the eldest lady thinks about who is most likely to get Beidi Who is the most suspicious of this drug?"

Lu raised her head and forced down her tears. Jue Mingzi, it was not a good thing to hear, so she quickly knelt down and kowtowed, "Thank you, Empress, for your kindness!"

Zhang Qinghan wanted to kneel down too, Xie Zhiwei hurriedly held her back, and asked Du Yuan to help Mrs. Lu up, "Don't be so polite, speaking of it, they are still relatives, so it's good, the eldest wife can just take this matter Talk to your in-laws and wives, buy some time for sister Qinghan, and when your body is recuperated, it will be a matter of time before you get pregnant."

Lu laughed through tears, "That's right, I think so too, saying that your sister Qinghan's life is not good, and you have encountered such a thing, but you have the empress to take care of you like this, so it can be seen that you are lucky."

Xie Zhi smiled and asked people to send Lu's mother and daughter away. Here, Zeng Yaoqi also led sister Shan to bid farewell, saying that she would go with Zhang Qinghan, just to talk.

Xie Zhiwei sent someone to send him out, and bid farewell to Sister Shan, "Come and play often from now on!"

She returned to the apse and asked Du Yuan, "What's the matter with Bailing?"

Du Yuan said, "As soon as I came out of the Empress Dowager's palace that day, my servant looked at Elder Sister Bailing and asked her if she was not feeling well. Sister Bailing said yes, but my servant didn't look like she seemed to have something on her mind. "

"What's on your mind?" Xie Zhiwei asked.

"The servant girl can't tell, Gan Tang even helped her feel the pulse, and the pulse is also very good, even if she sits and looks out the window, she can sit for a whole day."

Xie Zhiwei said, "You or Xuantaos, find a way to ask and see what's going on? If you can't find out, just say it in front of her, and say that Lulenga has committed a major crime, and the emperor wants to punish him. See if she is What's the reaction?"

Du Yuan had a little realization, felt incredible, and asked, "Empress Empress, then Lulenga has a wife, can't it be..."

Xie Zhiwei raised his hand to stop her words, "Just do what I say, don't say anything else."

When Bai Ling heard that the emperor was going to punish Lu Lenga, he jumped up in shock and rushed out. When she reached the door, Du Yuan grabbed her and stared at her closely.

Bai Ling froze for a moment, Du Yuan whispered, "Do you know who told me to say these words?"

Bailing asked in shock, "Who is it?"

She had the answer in her heart, but she didn't dare to say it. Du Yuan sighed, pulled her back into the room, and closed the door, "You know who it is, and you still ask!"

Bai Ling was afraid for a while, no one said what was going on in her heart, but how did the empress know?

The queen empress is so insightful, it's not that they don't know, but that they have never had a second heart, and they have never taken it to heart.

"You are a person close to the Empress Empress. Being a successor to someone else is wronging you and discrediting the Empress Empress. Don't say that the Empress Empress will let you become a concubine. Don't even think about it."

Bai Ling's heart was pierced, but she also knew that Du Yuan was for her own good, "I know, I never thought about it at all, I just, I just couldn't accept it, I never knew that he was a man with a wife, I thought he didn't."

At the beginning, when she followed Lulenga on the way to Zhending Mansion, he was considerate and considerate to her, and he was a learned man. If the empress praised him, how could she not be tempted?

Du Yuan persuaded her again, "Have you ever thought about it? If you want to go with Lulenga, it will be fine if Lulenga paints Buddha statues for the empress dowager for the rest of his life. Once it comes, you may not be able to enter the palace for the rest of your life."

Bai Ling shook his head involuntarily, "No, I won't leave Empress Empress. Sister Xuantao said that she wants to comb herself, why don't I be her companion."

"Forget it, Sister Xuantao wants to comb herself, but the Empress Dowager has not agreed to it until now. I also heard the day before yesterday that the Empress Empress asked the Emperor if there was any suitable candidate, and the Emperor chose several people from the army. It should be I want to give a marriage to Sister Xuantao."

Bai Ling is also a free and easy person. Although she still can't cheer up, she also understands that if she follows Lu Lenga, she will have to give up too much. Even if Lu Lenga has no wife, she can't afford to give up.

He treats me well because I am the empress's side, right? Bai Ling thought to himself mockingly, and tears followed.

The third update!

Chapter 934 Production

Du Yuan did not dare to hide from Xie Zhiwei. After Xie Zhiwei heard about it, he was silent for a long time.

Du Yuan was afraid that Xie Zhiwei's heart would be uncomfortable and his body would also be affected, so he hurriedly said, "The Empress, Sister Bailing is smart, and the Empress treats her well, she must understand, and the servant has already explained the truth to her clearly, It's just that she needs time to figure it out."

Xie Zhiwei said, "That's fine!"

Soon, August passed, and in September, the weather became cooler and cooler. On the third day of September, there was a gust of cool wind, and when I slept at night, I was covered with a quilt.

Maybe it was in August, I was too scared, but now Xiao Xun is not nervous anymore, but the time to discuss matters in front is getting shorter and shorter every day.

On the fifth day of the lunar new year, Xiao Xun woke up early, because he was resting today, he didn't want to get up for a while, Xie Zhi moved slightly in his arms, and he held his breath, and pulled the quilt on her body up.

Xie Zhiwei woke up and tried to get up, but Xiao Xun hurriedly stood up and helped her, "Do you want some water? I'll pass it to you?"

Xie Zhiwei was a little embarrassed, she couldn't sleep well at night recently, and even Xiao Xun couldn't sleep well, "No, I'm a little hungry!"

She insisted on getting up and taking a walk, Xiao Xun helped her out of the bed, stood on the footrest, she sneezed, water seemed to flow out from under her body, her **** were wet, she was startled, It is not a good thing if the water is broken first.

Xie Zhiwei hurriedly said, "Ah Xun, get up!"

Xiao Xun was at a loss and jumped up from the bed, "What's the matter, what's the matter? Is it going to give birth?"

Xie Zhiwei was afraid that he would hit her, so she walked two steps, ignoring Xiao Xun was still there, opened her trousers and saw a little red, and then, there was a burst of contractions, her voice changed, "I'm going to give birth!"

Before five o'clock, the palace was like a pot of boiling water, and everyone panicked.

When Lu Yan heard the movement, his heart trembled, he got up from the bed, and asked, "Is there any movement from the empress's side?"

Mi Tuan came in hurriedly, hung the bed curtain on the silver hook, "Yes, Governor, I will help you get up!"

Lu Yan sat on the bed and took a few deep breaths. He just got out of bed and stepped on it. He missed it and almost fell to the ground. Fortunately, Mi Tuan quickly supported him.

"Is everything ready over there? Where is the delivery room?"

"It's all ready. The delivery room is still the original East Wing. The midwife was chosen by the governor himself, and the nurse..." Mi Tuan smiled, because he had never seen such a complicated face of the governor. Both like to cry, but also like to laugh.

Xie Zhiwei was lying on the delivery bed. Although she was a doctor, she had never seen a person give birth, so she was a little nervous for a while. Fortunately, the empress dowager arrived in time, looked at the three midwives, and pointed to one of them who was about 30 years old, simple and honest, and extremely calm, "What's your name?"

"The woman's surname is Gan, and she is the twelfth child in her family. The empress dowager gave birth to three children and raised them up. The ability to deliver babies in the family has been handed down for thirteen generations. The mother of the woman has only one daughter of the woman, and she

has given birth to her whole life. The handicrafts have been passed on to the common women, and the queen's concubine will have a good birth, so you don't have to worry about it."

The empress dowager saw that she spoke fluently and articulately, unlike the other two who were on the battlefield at the moment, who were so nervous that they spoke and acted out of control, so she said, "I will leave the delivery room to you, empress and princes. My life is also entrusted to you, don't let me down!"

"Yes, the lives of the women's family are under the hands of the women!"

"As long as you know!"

After speaking, the empress dowager took a chair and sat beside Xie Zhiwei's bed. "

"Mother, why are you sitting here? It's dirty here. You go outside and wait for your grandson." Xie Zhiwei was very moved.

"Don't talk so much, I asked them to serve you a bowl of chicken noodle soup, you eat it first, and you will have strength after a while." The empress dowager held her hand and said tightly, "Listen to what mother said, don't wait until you At the last moment, don't use your strength, everything is under Gan Shierniang's command."

After Gan Shiriniang heard it, she became more confident. She came over and gently stroked Xie Zhiwei's stomach.

A bowl of chicken noodle soup was brought over. Although Xie Zhiwei had no appetite, she still ate it, and her whole body gained strength. The labor pains began seriously. The person who said this diverted attention.

Lu Yan rushed over and saw Xiao Xun standing in the courtyard, there seemed to be no movement inside, he became more and more worried, "What's the matter?"

"I heard that the short term is three or four hours, and the long term is twenty-four hours!" It was also the first time Xiao Xun saw a child, and he was so nervous that he was about to cry.

Lu Yan is also a master of six gods. For the first time in his life, he was fidgeting and ordered Mi Tuan, "Go to Cui's house quickly and invite Cui Tingwei into the palace! By the way, the old lady of the Cui family and Mrs. Cui are also invited!"

Xiao Xun asked, "Why do you invite so many people in? They can't help Meimei either."

Looking at Xiao Xun's dislike at this moment, Lu Yan was full of worries and turned his anger on Xiao Xun, and said angrily, "You have made a big effort! Please come in, just to reassure the princess."

In his anxiety, he even forgot that Xie Zhiwei is now the empress.

It was the first time Xiao Xun saw Lu Yan so restless, he couldn't help laughing, and leaned into Lu Yan's ear, "Brother, there are two in Mei Mei's stomach, am I doing this for you?"

Lu Yan couldn't help but smile bitterly, and pushed him, "Go away!"

Xiao Xun laughed, and the nervous and helpless mood disappeared.

Mrs. Cui, Mrs. Cui, and Mrs. Cui all entered the palace and were invited to Yanxi Hall to wait. Mrs. Cui held a string of Buddhist beads in her hand, closed her eyes, and kept chanting "Amitabha" , very nervous.

In Prince Xiang's mansion, King Xiang came in with a bird cage, Xiao Ke and Mrs. Zhao entered the palace with their children in their arms, Xiao Lingsu accompanied the Cui family in Yanxi Hall, and Xiao Wei stayed in front of King Xiang.

The Hall of Mental Cultivation was very quiet, three hours had passed, and there was still no movement in the delivery room, only the maids were seen coming in and out, bringing in pots of hot water, Xiao Xun didn't know what to do with it. What.

"Can you sit down for a while?" Lu Yan couldn't stand Xiao Xun walking around, pointing to the chair next to him, "You made my head dizzy!"

After he finished speaking, he leaned back on the chair and closed his eyes.

Suddenly, a suppressed voice came, and Lu Yan jumped up from the chair in shock, and asked anxiously, "What's wrong?"

Xiao Xun didn't know either, he strode towards the delivery room, Lu Yan rushed up and grabbed him, "What are you doing?"

Today's update!

Dear friends, cast your vote!

Chapter 935 Dystocia

"I'll go in and have a look!" Xiao Xun's eyes were red, and Lu Yan let go of him.

"Nonsense, a woman is giving birth, what are you doing in there?" Prince Xiang came over, still holding a birdcage, "The delivery room is unlucky, you go back and wait."

In the delivery room, Xie Zhiwei was in so much pain that life was worse than death. The labor pains were like waves, coming one after another. She heard the midwife nurse say that the cervix had not been opened. Xie Zhiwei could tell that this was very dangerous.

The empress dowager was also a little anxious, she got up and said, "Go and invite third son Cui in, and ask him to prescribe a dose of labor-inducing medicine for the empress."

Xie Zhiwei took a deep breath and tried to calm herself down. She closed her eyes and said softly, "Mother, no, no need to let him in. Someone tell him that the cervix is not dilated. He, he knows what medicine to prescribe."

Cui Tingwei's hands were trembling, and it took him half a day to prescribe the Cui family's prescription for inducing labor, and ordered, "Catch the medicine and send it to me for decoction."

The Empress Dowager heard that the cervix was not open, so she invited someone from the Cui family to prescribe the medicine. She told Madam Hu, "Go and see who is grabbing the medicine. Once it's done, send it to Ai's family to have a look." !"

Nurse Hu would like to advise, at what time is this, how many people are staring at the Empress Dowager, if something goes wrong after passing through the hands of the Empress Dowager, how can I make it clear?

But now, the Empress Dowager is no longer the Empress Dowager she used to be, and I don't know if she is old, so she is a little confused.

"yes!"

Yin Mei was overjoyed. The queen thought that giving birth to the emperor's legitimate son would make her powerful forever, but she didn't know that childbirth was a **** for a woman.

Lu Yan took the prescription and said to Cui Tingwei, "Follow me to get the medicine."

The two quickly went to a medicine storehouse specially carved out of the back hall of Kunming Palace. There were all kinds of medicine in it. Cui Tingwei smelled the fragrance of the medicine inside and gradually calmed down. He didn't know if he was comforting himself or comforting Lu Yan, "The Cui family's dose of oxytocin is very magical. After taking it, the empress will be safe and sound."

A stove was set up under the eaves of the Hall of Mental Cultivation. Lu Yan decocted the medicine himself. Xiao Xun stood aside, staring at the boiling soup in the medicine jar, not knowing what he was thinking.

After a while, the medicine was finally cooked, and it was almost dawn. The medicine was decanted into a jade bowl. Xiao Xun stretched out his hand, "I'll bring it in!"

This time, Lu Yan didn't stop him, but put the medicine bowl in his hand, Xiao Xun took two steps, and Lu Yan suddenly said, "Ah Xun, tell the empress, let nature take its course!"

Xiao Xun closed his eyes, "Brother, I know!"

For him, nothing is more important than Mae Mae.

Seeing the emperor coming in, everyone in the room knelt down one after another, and the empress dowager got up, "What are you doing here, isn't this adding to the trouble?"

Xiao Xun said, "I'll bring medicine to Mei Mei."

He sat on the side of the couch, supported Xie Zhiwei with one hand, and scooped the soup to her lips with the other. Xie Zhiwei took a sip, turned his head to look at Xiao Xun, he was haggard a lot, she didn't know that he would also have stubble, What a mess.

Xie Zhiwei reached out and touched his chin, feeling a little prickly, "Ah Xun, I'm fine, you bring me the medicine, I'll drink it, you can go out!"

"Huh!" Xiao Xun's nose was a little sour, and the hand holding the soup was shaking.

Xie Zhiwei pretended not to see it, she picked up the medicine bowl and drank it in one gulp, very boldly, after that, she smiled at Xiao Xun, "When you go out, just tell the big brother and them that I'm fine. Although it's a little risky to have a baby, But it's not as dangerous as fighting."

Xiao Xun hugged her into his arms, "I know, with me here, you will be fine."

The medicine took effect, and the cervix gradually opened, but after opening three fingers, it stopped moving.

Xie Zhiwei had a piece of ginseng in her mouth. She knew that it was a dystocia. She closed her eyes and let the contractions come and go. She bit the bedding tightly, not letting herself make a sound.

The midwife had no choice but to kneel down with a thud, Rong stood up in shock, but in front of Xie Zhiwei, she couldn't ask anything.

"Mother, you ask, is it very bad?"

It's already daylight, and the sun is almost at noon. It's been half a night, and the cervix has been closed. Adults can't stand it, and neither can children.

Sweat beads rolled down Rong's forehead, Gan Shiriniang's face was also pale, and she boldly said, "Empress Dowager, Empress Dowager, let's see whether to save the adults or the children."

In the palace, we always keep the children first, and don't care about the adults' life and death easily. Gan Shiriniang asked this because the empress dowager sits here in person and the emperor comes in to feed the medicine in person. It's not a concubine, but As for the Empress Zhenggong, how could she dare to make up her mind easily.

"Of course it is to keep the adults!" Rong's eyes were scarlet.

"No, mother, keep the child." Xie Zhiwei stretched out his hand to Mrs. Rong, his eyes full of pleading.

Rong couldn't bear to watch, and held Xie Zhiwei's hand tightly, "Son, you are a doctor, so there is nothing you can do?"

"Mother, can I please, please, Xun, come in, come in?"

Men cannot enter the delivery room, but Xiao Xun has already entered once, not this time.

"Hurry up and invite the emperor in!"

Du Yuan was swept away like a gust of wind. Xiao Xun and Lu Yan were standing under the eaves of the corridor. At this time, they were no longer in the mood for joking. They were all staring at the door of the delivery room. Seeing Du Yuan, the two rushed forward.

"Your Majesty, the Empress Dowager invites you in!"

"What's going on?" The two said in unison.

"The cervix is not open, the empress is extremely dangerous, the empress wants to protect the child, and the empress dowager wants to protect the adults."

"Of course it's Master Bao!"

Xiao Xun rushed over without saying a word. He pushed open the door and almost bumped into a palace man who was carrying hot soup. He stared at Xie Zhiwei, and his eye circles were red.

"Mei Mei!" Xiao Xun rushed over with one step, knelt down on the side of the couch, tightly holding Xie Zhiwei's hand, "Don't be afraid, I'm here, don't be afraid!"

Xie Zhiwei smiled and said, "Not afraid!"

She also wanted him to see her best appearance, but this appearance must be ugly now, her hair is all sweaty, and her complexion must be bad, very embarrassing.

"Ah Xun, do you still remember the two things I asked you for?"

Xiao Xun stood up and bit her lips, blocking her words, "Don't talk, everything will wait until you give birth to the child."

But, I'm afraid I won't have a chance!

It's fine not to say, if she is really gone, the Xie family will not be relatives. According to the character of grandfather and father, they will definitely resign from office and stay dormant for ten or twenty years until brother Xi grows up in the future.

"Mei Mei, tell me, is there any other way? Then let Cui Tingwei prescribe another dose of oxytocin, okay?"

Xie Zhiwei shook his head, "Ah Xun, you ask Xuantao to get my needle, I'll teach you, you can identify acupuncture points, just give me a needle."

Chapter 936 Consonance

Hearing this, Xuantao ran to get the needle without waiting for Xiao Xun's order, and stood beside the empress, she burst into tears.

Xiao Xun couldn't hold the needle steadily anymore, Xie Zhiwei wanted him to pierce it on the back waist, where there are dense acupuncture points, how could he dare to say, "Mei Mei, I don't care about these, as long as it can save your life, I don't care about these, I will ask Cui Tingwei to give you an injection, okay?"

Xie Zhiwei couldn't pass this test, she shook her head, "Let Gan Tang come!"

Gan Tang was so frightened that he cried, and shook his head violently, "Your Majesty, this servant dare not!"

Xiao Xun closed his eyes and said, "Mei Mei, tell me, I'll do it!"

"It only takes three minutes for the needle to be done. First **** Guanyuan and then **** Jingmen!" Xie Zhiwei was exhausted. She gently stroked her belly, comforting the child while feeling Xiao Xun's needle injection, but the contractions were too severe, she couldn't feel it at all, but she believed in Xiao Xun.

Not long after, I heard the midwife Madam Jie say in surprise, "Okay, okay, the cervix is opened!" Xie Zhiwei could only turn sideways until Gongkou opened her ten fingers, and then Xie Zhiwei asked Xiao Xun to pull out the needle. At this time, she couldn't even lift her fingers, and let Xuanta and others hold her body. Break it over and lie down.

"Ah Xun, get out!" Xie Zhiwei raised his finger and pointed at the door.

Xiao Xun shook his head, he was drenched in sweat, half kneeling in front of the couch, holding Xie Zhiwei's hand, and letting her hold his hand tightly when she exerted strength, even if it hurt like a bone crack, he I am also willing to do it, I always feel that I am helping Xie Zhiwei share part of the pain.

The courtyard was full of people, Mrs. Cui was getting old, and she refused to sit on the back of her two daughters-in-law. King Xiang wandered back and forth with the bird cage. Yesterday and night, and today, he was so worried that his hair turned white. halfway through.

"This is really a dragon son, tossing people!"

Mrs. Cui said "Amitabha". Suddenly, there seemed to be a red light flashing in the room, followed by a cry that broke through the sky. It was the cry of a baby. The sound was so loud that the roof would be torn off. open.

Everyone was stunned. Mrs. Cui thought she was hallucinating and asked, "Did you hear that? Did you hear that? My great-grandson was born!"

"Congratulations, old lady!" Mrs. Cui and Mrs. Cui were both overjoyed. After worrying for a day and a night, they finally came back to life.

Lu Yan's eyes were a little moist. He looked up at the sky, swayed his body, and supported the pillar in time.

"Why don't you take the child out and show it to me?" King Xiang was very dissatisfied, stomping his feet in the yard.

"There's one more, there's another one!" Someone shouted in the delivery room.

Immediately afterwards, there was another cry, but it was much weaker, and it made people's hearts tremble.

Lu Yan stared at the door of the delivery room.

The moon was rising, and the lanterns were lit in the courtyard. Xiao Xun finally came out holding the child, one in each hand. Although he was a new parent, he was very familiar with it, and he was not afraid of dropping the child. "Brother, come quickly, you choose one!"

Lu Yan hurriedly rushed over. He looked at the two red faces, which were exactly the same. The hair was thick but wet, the eyebrows were a little light, the eyes were closed, the small nose, the small mouth, in the arms of his father. It was crowded into a ball, and beside the ears were two small hands clenched into fists, which were also red.

Lu Yan's heart suddenly turned into water, extremely soft, he looked up at Xiao Xun.

Xiao Xun also looked at him, "Brother, it's agreed, I will adopt one for you, Mei Mei said, it doesn't matter which one you want."

Mei Mei also said that it doesn't matter if the eldest brother chooses a son, as long as he is born again in the future.

Lu Yan's nose has been sore for a whole day and night, and his voice is a little choked up at this time, "No, I'll just help you!"

"Brother, I will adopt your surname as Lu!"

Mrs. Cui and Prince Xiang also came over, watching the children around. The old lady Cui was naturally extremely reluctant, and King Xiang patted Lu Yan on the shoulder, "Don't talk too much, the child can understand, whether it is raising Under your knees, or under the knees of Ah Xun and his wife, it's just that there is one more person who loves them, so you can hug one!"

Lu Yan looked at the two children, he stretched out a hand, and gently tapped one of the small cheeks, the child was a little disgusted, turned his face away, he smiled, and changed another one, suddenly a small hand stretched out came out and took his fingers.

His heart trembled violently at this moment, and said, "Just this one!"

As he spoke, he took the child from Xiao Xun's arms, Xiao Xun's arm was suddenly emptied, and he looked at the child, feeling that half of his heart had been pulled away, extremely reluctant.

Just seeing Lu Yan's eyes holding back tears, Xiao Xun was proud of his child, just as the father said, it was just one more person who loved her.

Xiao Xun said, "Brother, Mei Mei gave birth to a pair of dragon and phoenix twins. You are holding a daughter. From now on, she will also be your daughter."

Lu Yan's tears finally rolled down and dripped on the child's head, he raised his arms, and gently pressed his face against the child's face, "Ah Xun, her title should be Lingxi! "

Princess Consonance, you know everything with a heart!

Xiao Xun carried her son back. Xie Zhiwei was already extremely tired, but she hadn't closed her eyes yet. She glanced at the child and asked, "Is the elder brother taking away the son or the daughter?"

"It's a daughter!" Xiao Xun obviously didn't want to say this anymore, he gently placed the child next to Xie Zhiwei's pillow, staring blankly at the child in a daze.

When Xie Zhiwei was not born, he didn't feel it, he always felt that it was right to adopt a child to his eldest brother, but when the child was born and held in his arms, he realized that adopting it was really a cut.

Xie Zhiwei could understand his feelings, and took his hand and held it tightly, "I have lost a lot of money this time, and I can't take care of the two children. It's just right that my elder brother can help take care of one. If you want Now that the child is born, you can go to see it anytime."

Seeing that Xie Zhiwei was relieved, Xiao Xun no longer entangled, "Father and mother both agree that we adopt a child to our eldest brother. I think this is what we should do. I don't think about it, I just wonder, will my daughter blame us in the future?"

Xie Zhi smiled and said, "How could it be? I heard that the daughter stretched out her hand and held the big brother's finger. It was her own choice!"

Everything is God's will, no wonder the eldest brother said that he would give her the title of "Princess Lingxi", Xiao Xun sighed, and lightly touched his son's face with the back of his hand, "Oh, sure enough, the girl is not allowed to stay, hurt her for more than nine months in vain!"

Xie Zhi smiled, seeing that Xiao Xun had finally figured it out, she was also extremely tired, closed her eyes, and fell asleep.

Xiao Xun looked at Xie Zhiwei distressedly for a long time, he leaned down, put a kiss on Xie Zhiwei's face, and kissed his son again, seeing the mother and son sleeping together with their heads next to each other, his heart was full of warmth.

The second update!

Chapter 937 Pampering

Old lady Cui came in and took a look at Xie Zhiwei, seeing that Xie Zhiwei was sleeping, she stepped forward to tuck the quilt for her, and said tearfully, "Let her sleep, let her sleep well.

He also ordered Nanny Shi and Nanny Bai, "Serve the Empress well during the confinement period and take care of her body. I have a great reward. Let her confine her to the confinement period, and just say I said so."

"yes!"

The old lady was exhausted after a day and a night. Seeing that her granddaughter and two children were all well, she felt relieved. After meeting with the empress dowager, she said goodbye and left the palace.

Mr. Rong asked Nanny Rong to send the old lady out of the palace, and sent someone to announce the good news to Xie's family, and rewarded a lot of things.

Lu Yan carried his daughter all the way back to the South Study Room. It was obviously not suitable for living here, but the child was still young, so he was worried about taking the child out of the palace, and ordered the three rooms next door to be cleaned up for his daughter.

He hugged his daughter and did not let go, with a feminine attitude.

The nanny came over and said, "Master Du, the child cannot be hugged to sleep all the time. If she gets used to it, she will not sleep on the bed in the future."

Lu Yan said indifferently, "If you don't sleep on the bed, you don't sleep on the bed. I will sleep with her in my arms."

The nanny thought that she might not be able to handle this errand in the future, but fortunately she is a responsible nanny, "Master, I heard from the old people in the village when I was young that the child is at the age of growing bones. , put it on the bed to sleep, the bed is flat, the bones can grow evenly, and the skeleton will look good in the future!"

Lu Yan was so kind, he hurriedly got up and put the child in the cradle, who knew that the child started to cry just after he let it go, and he was so frightened that he was at a loss, so he stepped forward to untie the swaddle himself, "What's wrong with her? Is it somewhere?" uncomfortable?"

"Look, servant girl!" The nanny hurriedly stepped forward to touch the swaddle. It was dry and did not urinate, so she suspected that the child was hungry and needed to be fed, but who knew that the child would not eat. She was so anxious that she was sweating profusely and held the child Shaking gently, the child was still crying and waving his little hands.

Lu Yan couldn't help but stepped forward to take the child. As soon as the child was in his arms, he calmed down, tilted his head towards his chest, and fell asleep peacefully again.

Such attachment!

Looking at the child, Lu Yan's eyes were red, but he smiled again, raised his hand and touched her little nose lightly, and said, "What a squeamish!"

The tone is full of pampering.

It was Li Baozhen who came to Xie's house to announce the good news. Xie's house opened the middle door, and Xie Tiao went out to greet him in person. Li Baozhen also had a smile on his face. When he saw Xie Tiao, he cupped his hands, "Xie Shoufu, congratulations!"

"Same joy, same joy!" Xie Tiao also had an uncontrollable smile on his face, but he was thinking in his heart that Mei Mei had suffered a great crime in giving birth this time, and it was all the fault of the emperor!

However, if there is no danger, we should also thank the Buddha!

Li Baozhen is also very good at talking, "Xie Shoufu is right, this is a great event to be celebrated by the whole world!"

The entire family of Xie's family gathered in the main hall. Li Baozhen stood at the door and cleared his throat, "The empress gave birth to a pair of twins, and the mother and child are safe! Both the empress dowager and the emperor have rewards, accept the order!"

Although they had heard about it a long time ago, when they heard it with their own ears, the whole family was overjoyed, especially the Yuan family, who wept with joy and murmured, "It's really not easy for Meimei!"

Ms. Qian hurriedly gave Yuan's a hand and asked her to kneel down to receive the order, followed by a long list of rewards.

Li Baozhen also left after receiving a generous reward from Xie Tiao. He ordered Yuan Shi to take care of the three rites in the harem for three days, and then called two or three sons into Qijianzhai to talk about the matter.

"Your Majesty made an agreement with Mr. Lu earlier. The second child born to the empress, regardless of gender, must be adopted by Mr. Lu. As soon as the two children landed yesterday, the emperor asked Mr. Lu to choose one. It should be fate, the princess has chosen Mr. Lu."

It was not Master Lu who chose the princess, but the princess took the initiative to hold Lu Yan's hand.

Xie Zhongbai felt a little uncomfortable, "The empress gave birth to a legitimate son, how can he be adopted?"

Xie Tiao glared at him fiercely, "Reluctant to adopt a son-in-law, what do you mean, the emperor should accept the harem widely, and adopt after the birth of a son-in-law?"

Of course Xie Zhongbai is unwilling, how could he be happy to see other women come to share favor with his niece and daughter!

"Father, it's nothing. Even if the child is adopted by Mr. Lu, it's just one more person who loves him, and it can't change that the child was born by the emperor and the empress. But, what do the empress dowager and King Xiang think?"

Xie Tiao was successfully appeased by Xie Yuanbai. Anyway, as long as the eldest son understands, the family will not decline. He said, "King Xiang also said that, and the empress dowager was also present at that time. Since there was no objection, it must be Agreed."

Xie Shibai said, "Lord Lu is the son of Marquis Dingyuan back then. I heard that Princess An also gave birth to a pair of twins. Not many people know about it, and at that time, Lord Lu's younger sister always liked to dress up as his brother's." It looks like it has deceived many people, so when the incident happened, Master Lu survived, making the first emperor think that the one who was burned to death in the fire was the princess."

Xie Tiao is quite satisfied with Xie Shibai, "The purpose of calling you here is to let you go back and tell your own people not to say anything to the outside world. You should only be the empress and give birth to the eldest son of the emperor. Don't talk too much."

"Yes!" The three sons stood up and said.

After Xie Shibai went back, he told Qian again and again, "We can't afford to offend either the emperor or Mr. Lu. Although these things can't be mentioned outside, in the future, as long as the eldest son of the emperor has one, there must be Princess Lingxi. "

How many princesses in history were enshrined as soon as they landed? The empress and empress didn't have a formal canonization. The emperor issued a decree early this morning, and asked the officials of the Ministry of Rites to read it out in front of Zhengyang Gate, and bestowed the name "Lu Lingxi".

So that later, when Lu Lingxi grew up, every time she introduced herself, she would say, "I have two names, one is Lu Lingxi and the other is Xiao Yuchen. My father's surname is Lu, my father's surname is Xiao, and my father's surname is Xiao. He was named Chen Wang before."

The canonization of the holy order was read outside the Zhengyang Gate, which is unprecedented.

Ordinary canonization is nothing more than letting the **** promulgate the imperial edict to the person concerned, and then pass it on to the Ministry of Rites to know and file it.

When Qian heard this, she got a headache, "The children's clothes prepared by my concubine before were all in the shape of a prince, and now it's too late to make them in a hurry. Forget it, I'll make two bellybands by myself overnight, no, little one." It will take a day or two to make the child's inner clothes, and I will use the Songjiang cotton cloth that the empress donated last time."

"How can children's underwear be divided into men and women? Could it be that you are still embroidering on it?"

"What did the master say? The child's inner coat, what kind of flowers to embroider, I am also confused, this coat will not be sent to the palace until a hundred days later, the inner coat will be sent first."

Ms. Qian thought that the Empress gave birth to a dragon and a phoenix twin in one breath, and she not only made meritorious deeds, but also received such great auspiciousness. Who dares to blame the Empress.

The third update!

Chapter 938 Confinement

In King Xiang's mansion, King Xiang was so happy that he didn't even care about the birds, so he ordered Hua Ying, "Hurry up and pack up your things, we're going to live in the palace for a few days, and you also go to help the empress take care of the child. The empress This delivery is very dangerous, although it is not dangerous, but after all, the body is damaged, and there are two children, I am afraid that the empress dowager will not be able to bring them."

How can the empress dowager take care of the children in person? But you can't leave it all to the nanny, someone must be watching!

It was early in the morning, both Yu Shi and Zhong Shi came, as usual, they came to pay their respects to King Xiang, after hearing this, Zhong Shi never responded, but Yu Shi was shocked, the prince went to the palace, What do you mean by only taking the side concubine with flowers?

Although at their age, they are less likely to serve the bed, but the prince has always lived in the Eastern Headquarters, which is unacceptable.

The so-called don't suffer from few, but suffer from inequality.

They are all the concubine of the prince, so why does the prince spoil Hua so much and put them all in the back row?

After all, Xie Zhiwei is all to blame. During the Chinese New Year, the third master just put the maid in Zhao's house to sleep. Xie Zhiwei's few words made the emperor want to give the maid to Xiao Heng as his wife.

Xie Zhiwei can be regarded as the scourge of the Xiao family.

"Congratulations, my lord. Who would have thought that the queen empress would bring such a big couple to the Xiao family, and the first-born twins would be dragon and phoenix twins. This is a veritable dragon and phoenix twin!"

Prince Xiang has been grinning from ear to ear until now. When he saw Mrs. Zhao bringing his eldest grandson, he hurriedly recruited his eldest grandson Xiao Shicheng, "Brother Cheng, come quickly to grandfather!"

Mrs. Hua took the child from the nanny and put it in King Xiang's arms. King Xiang was used to holding the child and looked decent, "Brother Cheng, go to the palace with grandfather to visit your brother and sister OK?"

Zhao was pleasantly surprised, "Father, are you going to live in the palace for a few days?"

"Well, I plan to live in the palace for a few days. You are also full moon, so you can worry about family affairs."

"This is what the daughter-in-law should do. I don't know when the father will enter the palace. The daughter-in-law prepares some food gifts, and the father helps the daughter-in-law bring them into the palace for the empress."

"Well, I will enter the palace tomorrow morning."

Yu said with a smile, "Then I also need to prepare some for the empress to bring into the palace. The empress's birth is dangerous. I heard that her body will be seriously damaged. I'm afraid she won't be able to give birth in three to five months. It's also fortunate that the Empress Dowager and the Empress Dowager are sitting in charge, otherwise wouldn't it be a mess?"

While talking, Mrs. Yu looked towards King Xiang, and seeing that King Xiang listened seriously, she smiled and said, "The emperor is about to hold a grand enthronement ceremony, and the courtiers are busy with political affairs every day. , Your lord, you are an elder, you have to worry more about helping the emperor, you can't let the empress confine herself to confinement and serve the emperor at the same time, how can this body take care of itself?"

Mrs. Zhao only heard a burst of disgust, but she was a junior, so she couldn't speak easily.

She herself was not doing well enough. Whether it was pregnancy or confinement, she didn't arrange a room for the eldest son, so she was wronged.

Concubine Hua said, "How can a father-in-law care about the affairs of his son's house? The empress is in confinement, isn't there an empress dowager in the palace? The concubine feels that the prince does not need to worry about this matter. You enter the palace. Just take a good look at your grandchildren."

King Xiang nodded, approving, Yu Shi was very annoyed, "I'm meddling in my own business, I just think that we are all elders."

"Among the empress's elders, there is no Sister Yu and I. It's not that Sister Yu is meddling in other things, she shouldn't meddle in these things."

Shi Yu became angry with embarrassment, and stared, "You..."

King Xiang glanced over, and Yu Shi had no choice but to swallow his breath.

In the palace, Xie Zhiwei got up and drank a bowl of chicken soup. When she heard that someone from Leshou Palace came to visit, she asked people to come in.

She got up and leaned against the head of the bed, with a big welcoming pillow behind her, her son was lying beside her, she stroked him gently, he tilted his head, his face was leaning against his mother's lap, sleeping soundly.

It was Yin Mei who came in. Xie Zhiwei did not expect that even though they lived together in a palace city for half a year, it was the first time Xie Zhiwei met Yin Mei.

"Cousin!"

Yin Mei did not salute, but blessed her body. Before Xie Zhiwei could speak, she got up and walked to the footrest, and glanced at the bed, "Is this my nephew? He looks so good!"

The son frowned, his little nose twitched, he was so cute, Xie Zhiwei's heart melted, he picked up his son, coaxed him softly, Yin Mei said, "This is really delicate, did I quarrel with him?"

"I don't know Miss Yin is here, but something is up?"

Said that he came to visit her, but she had just given birth, but she came empty-handed, and when she came, she said that she was a nephew, and said that her son was delicate, so Xie Zhiwei's temper became a little bad.

Yin Mei looked around, "Is my cousin here?"

Xie Zhiwei raised his eyes to look at her, combed a ponytail, a carnelian inlaid golden phoenix hairpin was inserted obliquely on his head, and a ruby forehead ornament set off a jade face very brightly, and he was wearing a gold brocade sash woven with big phoenix lotus flowers, which was very special. Jewelry.

Xie Zhiwei didn't even raise his head, "The emperor is going to deal with political affairs at this time, and if Miss Yin has anything to say, just tell me."

Yin Meidao, "I have nothing to do, so I just thought about coming, at least I want to say hello to my cousin."

Xie Zhiwei said, "You don't have to be so polite, I will bring Miss Yin's kindness to the emperor. If Miss Yin is fine, I will rest first."

Zi Mo came in, picked up the child, Xuan Tao took the pillow behind her, and helped Xie Zhiwei to lie down.

Yin Mei stretched out her hand towards Zi Mo, "Come, let me hug you!"

Zi Mo hurriedly put the child into Xie Zhiwei's arms, and said in a low voice, "Girl, the eldest prince is asleep!"

As he spoke, he backed away from the bed.

Xie Zhiwei closed his eyes, and said mercilessly, "Xuantao, see off!"

Yin Mei didn't intend to please Xie Zhiwei, she didn't even bend her knees, she followed Zi Mo out of the door of the side hall, she glanced in the direction of the back hall, she didn't plan to leave from the north, but walked to the south, "I Come back from here!"

Xuan Tao was very embarrassed, "Miss Yin, the front hall is where the emperor summons the ministers. There are often adults coming and going. It will be bad if they are bumped into."

Yin Mei is going to see Xiao Xun. She feels that the reason why Xiao Xun was so rude to her in Leshou Palace last time is because of the conflict with the Empress Dowager.

If there is no Empress Dowager, maybe it will be different.

Yin Mei ignored Xuan Tao, and walked directly towards the front hall. She was afraid that Xuan Tao would hold her back, so she walked very quickly, and bumped into the person who came out of it.

Yin Mei's nose just hit the opponent's chest, she stepped back, the opponent thought she was about to hit her, so she stretched out her hand and pulled it so hard that Yin Mei couldn't rub her hands, and threw herself into the opponent's arms.

Today's update!

It will probably end around the middle of next month.

Dear friends, ask for a ticket!

Besides, who do you want to watch? You can make a reservation so I can get ready.

Chapter 939 Cousin

Xuan Tao was so surprised that she couldn't close her mouth from ear to ear, she couldn't help saying "ah", and looked up at the person behind this person. Lu Yan and Xiao Xun came from the front hall while talking, and saw this scene at the same time.

Yin Mei raised her hand and slapped this person in the face. The other party was a young man. How could Yin Mei succeed? He grabbed her hand suddenly, his eyes were burning, and he almost slapped her in return. up.

"Your Majesty, I should die!"

Xiao Xun and Lu Yan stood under the eaves of the corridor, looking at Xiao Xun who was kneeling on the ground, Lu Yan didn't have time to watch such jokes, so he bowed his hands to Xiao Xun, "Your Majesty, I have something to do, so please leave first!"

Xiao Xun knew that all Lu Yan's thoughts were on his princess now, and he didn't care about the affairs of the court at all. If Xiao Xun complained, Lu Yan would still have plausible words, "I only have this baby, I don't want to miss her. growth at any point."

Xiao Xun understands his difficulties in these years, but he can't be too reluctant.

Xiao Xun waved his hand, and Lu Yan couldn't wait to leave without looking back.

Xiao Xun looked at Xiao Xuan with serious eyes, before he could speak, he heard the sound of crying, he frowned and looked, and saw a woman was crying with her face covered, Yingying bowed down, and yelled "cousin!"

Xiao Xuan trembled with fright. Since she is a woman in the palace, as long as she is not the emperor's younger sister, she must be related to the emperor. He didn't pay attention to Yin Mei just now. If it is the emperor's woman, he is really dead today.

Xiao Juan is the eldest son of King Min's mansion. The relationship between King Min and the emperor is almost five years old, and they have never been very close. This time, he entered the palace to receive an errand. Who knows, such a thing happened.

Hearing Yin Mei call "cousin" and being so delicate, Xiao Xuan secretly called it bad.

Xuantao cursed secretly in her heart, and came forward, "Your Majesty, this servant deserves to die. The Empress ordered this servant to send Miss Yin out of the Hall of Mental Cultivation. Who knows, Miss Yin must go this way, so she was accidentally bumped into!"

Xiao Xun didn't even look at Yin Mei, so he said to Xiao Xuan, "Go to the Le Shoutang to plead guilty to the Empress Dowager, since you collided, you should take responsibility."

Xiao Xuan was stunned for a moment, and raised his head, not knowing how to understand, Yin Mei was already crying, "Cousin, how can you be so cruel?"

Xuan Tao gave Yin Mei a sideways look, and was so angry that she was dying, but it was her master, and it was not her turn to speak.

Xiao Xun ignored her, and walked away, Yin Mei took two steps on her knees, trying to hug Xiao Xun's thigh, who is Xiao Xun, if he wants to be hugged, he can naturally hug him, if he doesn't want to, how can ordinary people get close? Got his body?

Xiao Xuan then understood, he took a deep look at Yin Mei, Yin Mei didn't catch up with Xiao Xun, she didn't get angry, she transferred all her grievances to Xiao Xuan, stared at him fiercely, and was about to attack Xiao Xuan. When I met his rolling eyes, it was as if I was appraising an object.

"If you dare to go to Le Shou Palace and tell the Empress Dowager, I will not let you go!" Yin Mei stood up and threatened Xiao Xuan.

The emperor was gone, so he didn't have to kneel anymore, he got up and gave Yin Mei a cold look, then walked towards Leshou Palace.

Xiao Xuan's surname is Xiao anyway, how could he be threatened by Yin Mei.

In the Leshou Palace, the Empress Dowager was drinking a bowl of goat milk, took a sip, and pushed it to Madam Hu, "It's too sweet! I reward you!"

Nurse Hu was flattered, "Tomorrow, I will tell the small kitchen who cooked the goat milk. It's a waste of money, but it's a cheap servant."

"What a good thing, you too, always so cautious." The Empress Dowager was waiting for Yin Mei's news, she couldn't sit still, "The Yin family will rely on her from now on!"

Mother Hu wiped off the milk on her lips with a handkerchief, "Don't worry too much, the empress dowager, the emperor is young and vigorous, and after the empress was pregnant, she didn't arrange someone to sleep with the emperor. How can she bear it when she is young?" ? This time, without the Empress Dowager in front of me, it will be successful!"

"I hope!" The Empress Dowager also believed a little bit, with a smile on her lips, "If it happens, I won't be afraid. I watched him grow up, and I didn't pay attention to it before, but now I look at him, The more you look at it, the more you look like Xiao Lang, the father and son seem to come out of the same mold, not to mention their personalities."

"That's not true, this servant also thinks the same. If Miss Yin can serve the emperor, the Empress Dowager really doesn't have to worry anymore. If the Qingyunhou Mansion doesn't talk about improving, at least the Empress Dowager won't be worried. ."

"Isn't that the reason? How old am I? I have raised two sons. The eldest son has won me a sigh of relief, but I didn't raise a good grandson. Needless to say, the second child, I have loved him for nothing." field."

Speaking of this, the empress dowager touched the corners of her eyes, and her eye circles turned red.

Nurse Hu was about to say a few words of comfort when the little maid at the door came in, "Empress Dowager, Prince Min please see me!"

The Empress Dowager was very surprised, what did Prince Min ask her for? Before she had time to ask, Yin Mei rushed in and threw herself into the arms of the Empress Dowager, "Grandmother, don't see him, don't see him!"

When the Empress Dowager saw this posture, her heart jumped, and she said to the little maid, "Let him in, and Ai's family wants to see what's going on?"

Yin Mei was so angry that she got up and rushed into the second room, and there was the sound of crying. The empress dowager got angry when she heard this, and she winked at Nanny Hu, who sighed inwardly, all the aura of the Yin family was really occupied by the empress dowager, and none of the future generations had a bright mind.

She walked in and comforted Yin Mei in a low voice, "Girl, this is in the palace, and the nobles are most afraid of people crying. What's the matter with you, tell the Empress Dowager, if the Empress Dowager still refuses to make decisions for you? "

"What do you know?" Yin Mei didn't pay much attention to Madam Hu. She was just a servant in front of her aunt, and she dared to warn herself, "My lord? Your lord is my aunt. In front of my aunt, I will Why can't I cry? Do I have to bear it when I was wronged in the palace?"

Nurse Hu couldn't help but smile bitterly. She had seen someone stupid, but she had never seen someone so stupid.

It's no wonder that the emperor doesn't like Yin Mei. Compared with the empress, Yin Mei is really not only a little bit worse.

There was the sound of patting the table outside the door, and Madam Hu didn't dare to let Yin Mei continue to make trouble for no reason and angered the Empress Dowager, she hurriedly followed her words, "Miss is right, it's the servant who is confused, but the servant didn't mean it that way." , the servant girl is saying that you should also be considerate of the Empress Dowager, because of you, the Empress Dowager has been so worried that she can't sleep recently. When you cry, the Empress Dowager may be very sad!"

Yin Mei loves to hear these words, she wiped away her tears, "Cousin is really too much, and I didn't do much, but I was bumped into by someone, and he actually dared to despise me!"

The first update!

Chapter 940 Concubine

When Nanny Hu heard this, she secretly thought something was wrong, and sure enough, Fudong came in, "Miss Yin, the Empress Dowager asked you to go out and talk."

In the main hall, Xiao Xuan was no longer there, and Yin Mei was in a better mood. It was only when she walked over that the Empress Dowager said angrily, "Kneel down!"

Yin Mei was so frightened that the Empress Dowager didn't even look at her, "Tell me, what happened just now?"

Yin Mei cried and told what happened, and also complained to Xiao Xun, "I didn't mean it, he clearly despised me!"

The Empress Dowager just wanted to slap her twice, "I don't know, your mother taught you like this, not to mention the past, how did I teach you after you entered the palace? Could it be that you don't have a brain?" No? How dare you let someone touch you, or in front of the emperor!"

Just now, Xiao Yan said bluntly that he and Yin Mei had skin-to-skin relationship, and since Yin Mei is a girl from Qingyunhou Mansion, he was willing to be responsible to Yin Mei.

Yin Mei is the most age-appropriate girl in the Qingyunhou Mansion. Good steel should be used wisely. How could the Empress Dowager marry a daughter from the Qingyunhou Mansion to a prince who has no right to speak?

What's more, Xiao Xuan still has a concubine, and Yin Mei can only enter the palace as a concubine for Xiao Xuan, even if she is a concubine, she is still a concubine!

The Empress Dowager did not dare to refuse directly, otherwise, what good reputation would Yin Mei have if Xiao Yan talked about it outside?

"Whoa, aunt, I also want to find the emperor, this is the best opportunity!"

"What's the best opportunity? She Xie Zhiwei has to sit in the right confinement period. In two months, there are plenty of opportunities. At worst, I'll call him over and create opportunities for the two of you, but how do you do it? Okay." If you play a card like this, you still have face."

"However, I have been in the palace for half a year, and I can't even catch my cousin's figure. As long as I think that I can't even see my cousin's face, my heart feels like a knife. How can she, Xie Zhiwei, occupy the cousin alone? elder brother?"

The empress dowager was trembling with anger, but she also knew that it was a waste of time to talk to such an unclear person.

She said to Nanny Hu, "Go and find out where Xiao Xun is, call him to see me!"

To the Empress Dowager, Yin Mei is just a tool, as long as she becomes Xiao Xun's woman, it is best to give birth to a boy and a half girl, and it is enough to win an amulet from Xiao Xun for the Qingyunhou Mansion.

It doesn't matter whether she is confused or not, anyway, she will never be the queen of Xie Zhiwei in this life.

Xie Zhiwei gave birth to a pair of dragon and phoenix twins. With Cui Xie and his family, her son will be a stable prince in the future. Even if the newly born baby died today, and Xie Zhiwei also died, the Yin family would never want to take advantage of it.

Unless future courtiers forget all the dirty things between her and Xie Zhiwei today.

The day before yesterday, Princess Taiping and Mrs. Qingyunhou entered the palace, insinuating that the Empress Dowager was a little too impatient, and there had been a censor impeaching the Empress Dowager, saying that the Empress Dowager almost caused the empress to give birth prematurely, and the emperor should Take the country as the most important thing.

Nurse Hu hurried to find out where the emperor was, and after a while, someone found out that the emperor was with the empress, the eldest son had spat out milk, and the emperor was coaxing the child.

Yin Mei cried again, "Grandmother, look, how unvirtuous the empress is, to ask the emperor to coax the child."

Xiao Xun was afraid that he would be compared to Lu Yan, and besides, he really loved his wife and children. After his son vomited milk after eating, he was so frightened that he was at a loss. Hearing Xie Zhiwei's words, let him stand up a little while holding the child. Gently patted his son on the back, and he did just that.

"Mei Mei, I heard from my eldest brother today that he named his daughter Yutu'er, and asked his son if he had a nickname, and said that if he didn't have one, he would choose one for him."

Xie Zhiwei was stunned, "Why, why is it called Jade Rabbit?"

"He said that the night before yesterday, his daughter slept with the nanny and woke up crying. When he went to pick up his daughter, he saw a bright moon in the sky and thought it would be good to call

him Yutuer. When he called Yutuer , and my daughter laughed, which shows that she likes this name very much.”

"Then now, who is the daughter sleeping with?"

Xie Zhiwei doesn't need to worry about his daughter, because whenever Lu Yan handles government affairs, he will bring his daughter here in person, saying that he has a companion with his son, but Xie Zhiwei knows that Lu Yan is probably afraid that he will miss the child.

"Since the night before yesterday, I have slept with my eldest brother, and the nanny has slept on the kang in the next room." Xiao Xun hugged his son and teased him for a while, then heard Xie Zhiwei say, "The son's nickname should be Ju Nu !"

"What allusion is this?"

"Taking a part of your name, and taking the word 'slave', is to make it cheaper and easier to support."

Xiao Xun was very happy when he heard it, "Okay, this baby name is good. I will give them two names when the full moon is over. Mei Mei, since you want to sit on the right moon, the full moon wine for the two children should be It will be done on the day you give birth."

It's not a big deal, Xie Zhiwei said, "That's the sixth day of November, don't make a big deal, just invite a few relatives to the palace for a meal."

"Ministers still need to be invited, please invite ministers above the second grade in Beijing." Xiao Xun said, "Mei Mei, what kind of posthumous ceremony do you want? I want to be as grand as possible."

Xie Zhiwei said, "It's not an important matter, you can just figure it out."

Xiao Xun put the child beside Xie Zhiwei, stroked her hair, and said affectionately, "For me, this is the most important thing!"

Junu seemed to feel the neglect of his parents, and suddenly opened his mouth wide and began to cry. Xiao Xun had no choice but to hug him and walk up, and he stopped crying immediately. Xie Zhiwei hurriedly said, "Did you hug him too much? If he insists on sleeping with you in his arms, what should we do?"

The Empress Dowager asked Xiao Xun to come and talk, but Xiao Xun had no choice but to hand over Ju Nu to the nanny before letting go, and Ju Nu started crying again, Xiao Xun was very impatient, took the child, and asked the **** who came to invite him, "What is it?" What? There are a lot of political affairs in the court now, and the child is young, why do you have to go there?"

Fang Palm didn't dare to offend Xiao Xun, knelt down and said, "Your Majesty, the reason is that Prince Min offended Miss Yin. The Empress Dowager asked the Emperor to discuss it."

"What does the matter of the girl from the Yin family have to do with me? You go back and tell the Empress Dowager, if Miss Yin leaves the cabinet, I will just ask the Empress to add makeup, and I will go to greet the Empress Dowager tomorrow morning!"

Fang Palm didn't invite the emperor, and he didn't dare to tell the truth in front of the empress dowager, so he said tactfully, "The emperor really can't get away from it. Let's ask the empress dowager to decide about Miss Yin!"

The empress dowager said "yes" three times in a row, "how about the Ai family's decree to make Miss Mei a concubine for him?"
