

The Queen 416

Chapter 416: Tan Luo

Since the drama queen wanted to act, Su Cha went along and smiled at Tan Yezhu. “I was in a hurry last time. I didn’t catch Miss Tan’s name.”

“My name is Yeluo.”

Su Cha: “...”

If she had not already heard the truth from Bo Mui, Su Cha would really have believed that Yezhu had a younger sister.

But it was obvious that others did not know.

Su Cha glanced around and noticed that some men’s infatuated gazes were on Tan Yezhu.

Su Cha shivered and tried to calm herself down. “Miss Tan’s name is so nice.”

Tan Yezhu smiled enchantingly. “I think Miss Su’s name is nice too.”

After an awkward conversation, Su Cha glanced at Tan Yezhu. “Why didn’t Miss Tan’s brother come?”

“My brother is very busy. Not everyone comes to banquets.”

“...”

Su Cha felt a little uncomfortable, as if a knot was stuck in her throat.

As Tan Yezhu spoke on, he forgot to rein in his subconscious behavior. Soon, he began to relax as he sat on the sofa. Like the last time they met, he spread his arms over the armrests. This action seemed a little out of place for such a woman. Tan Yezhu noticed that Su Cha’s gaze was too

intense, so he quickly pursed his lips and smiled. He straightened up as if nothing had happened and sat down with his legs crossed.

Su Cha's eyelids twitched.

"Why are you here?"

All of a sudden, Su Cha heard a surprised voice. She turned around and saw Zuo Zhici standing there in a pink evening gown with a train. The exquisite girl was exuding a youthful aura. She'd inherited Mrs. Zuo's perfect appearance, making Zuo Zhici an impeccable beauty.

She was still in disbelief after spotting Su Cha. She dragged her dress and walked over quickly. She did not hide her surprise. "Why are you here?"

Since Su Cha had not returned to the Zuo family, she should not be able to enter such an occasion.

Su Cha smiled and leaned back on the sofa. "Do I need to tell you why I'm here?"

Her casual attitude did not make Zuo Zhici feel uncomfortable.

She had always felt that this big sister who had been separated from her parents for many years was strange. According to their investigation, she had been raised in an ordinary family since she was young, but Zuo Zhici could sense that she was not raised by an ordinary family.

This strange feeling puzzled her.

Of course, Su Cha's attitude towards her made her a little unhappy. "I'm just asking you. It's fine if you don't answer. Do you have to be like this?"

Zuo Zhici rolled her eyes. To many people, this was impolite.

But Zuo Zhici had been spoiled since she was young.

Besides, Su Cha rolled her eyes at her last time!

“Does Miss Zuo know Miss Su?”

Tan Yezhu, who had been silent all this while, suddenly smiled. Zuo Zhici was stunned when she saw Tan Yezhu. Then she called out slowly, “Sister Yeluo, you’re here too. Sorry, I didn’t notice...”

She’d subconsciously ignored Tan Yezhu because she was too surprised.

Su Cha could not help but give Tan Yezhu a thumbs up.

She did not expect that this person’s female guise was in the public eyes so much that even Zuo Zhici knew him.

Chapter 417: Goodbye

Tan Yezhu smiled and said understandingly, “It’s okay.”

He was probably quite smart. When he was dressed in a male outfit, he appeared to be very promiscuous. When he was dressed in a female outfit, he was gentle and dignified, but he also looked very understanding.

He was really a goddess of contradictions.

The corner of Su Cha’s lips curled up, but she did not say the complaints in her heart. She only listened as Tan Yezhu said, “Does Zhici know Miss Su?”

Zuo Zhici glanced at him in surprise and then at Su Cha. “How does Sister Yeluo know her?”

She was reluctant to reveal Su Cha’s true identity, but she did not expect Su Cha to know the famous Tan Yeluo.

“I met her by chance.”

Tan Yezhu did not say anything more. Zuo Zhici glanced at Su Cha, then at Tan Yeluo. She pursed her lips and said unwillingly, “She is my sister. My parents had her before...”

“Oh?”

Tan Yezhu’s exaggerated performance looked a little surprised. “Really? Miss Su?”

He looked at Su Cha, who rolled her eyes at him.

He must have known but was still acting.

Could someone who could become Bo Muyi’s brother not know these things?

Su Cha’s rude behavior made Tan Yezhu cover his mouth and laugh. “I didn’t expect something so fateful.”

Zuo Zhici did not know what to say when she saw that Su Cha was not willing to answer her at all. She could not let go of her dignity as a Missy and stay somewhere she’s unwelcome. She just casually spoke with Yezhu and left.

Su Cha could not help but ask, “Do you want Muyi to see you like this when he arrives later?”

Tan Yezhu looked at Su Cha with his eyes wide open as if he was innocent.

“...”

She really hoped that Bo Muyi could give justice for her.

Tan Yezhu was not really idle. Not long after he sat down, someone came again to greet him. She could tell that they were discussing work matters. Although she did not know why he liked to dress up as a woman, she saw that he did not hesitate to talk about work. Soon, he left after talking to someone else.

Su Cha sat alone.

She looked at the time. The banquet was about to begin. When would Bo Muyi come?

While she was thinking, the guests suddenly spoke louder. She looked at the crowd and saw a few men in black suits walking out.

The leader was mature and generous, comparable to Zuo Shaoxin. Behind him were three handsome men.

The appearance of these people attracted everyone's attention.

Su Cha quickly fixed her gaze on one of them.

Lian Chi.

Just like what Su Cha saw last time, he had become even more outstanding.

There was a perfect smile on his face. His eyes seemed to have magic. As long as he looked at them, the deep light could make people lose control of their thoughts.

It was so confusing.

This was Lian Chi.

The other two men were probably his brothers.

He was originally smiling, but he looked distracted. Looking at the crowd, he could tell the deeper meaning behind everyone's smile. Soon, he found it boring and inconsequential.

When his eyes were about to fall, he saw a familiar shadow in the crowd.

He paused and looked up again. He saw the girl sitting on the sofa in a white dress. It was a familiar face, but it was also unfamiliar.

Chapter 418: Lian Family

The man did not expect to see Su Cha here.

Su Cha could clearly see the surprise in his eyes. She paused and thought about what she should feel the moment she saw him.

Heartache, shock, disbelief?

In the end, she could only show a little surprise.

It was as if she had never thought that she would meet someone she had always wanted to see.

And then?

Su Cha put a hand under her dress and pinched herself hard.

She wanted to drown herself in pain. She must not show any murderous intent.

His mind seemed to be in a mess. Su Cha saw that the man who was probably his father was saying a few words to welcome everyone to this birthday banquet. When Lian Chi went on stage, his reaction was obviously slower.

At this moment, the smile on Lian Chi's father's face stiffened.

Lian Chi took over the speech from his father and quickly calmed himself down. He spoke to the guests present in a dignified manner.

He was so familiar with the words that he seemed to have just memorized them all.

It also showed that he was out of sorts today.

Lian Chi's two brothers could tell that something was wrong with him.

They glanced at each other and saw their father's pale face.

Lian Nuo whispered to his father, "Father, Lian Chi might be tired today."

His father sneered and did not say anything. Soon, he called for the others.

After Lian Chi finished speaking, Lian Nuo reached out to grab him. But when he saw him walking straight ahead, his face stiffened.

They looked in the direction he went. In a corner of the crowd, there was a girl sitting quietly. She gave off a very pure feeling, which showed that she was alienated from these people.

Lian Chi walked over and stood there quietly looking at Su Cha. The girl also stared at him with her eyes open. Neither of them spoke, as if it was a silent tug-of-war.

This surprised Lian Nuo and his brother. Who was that girl?

In the end, Lian Chi sighed softly and relaxed his body. He was defeated and sat in front of Su Cha. "Why are you here?"

Unlike Zuo Zhici's questioning, his question was obviously helpless.

Su Cha's lips curled up slowly as if she was facing a stranger. "Are you asking me? Xiao Chi?"

Lian Chi's previous name was Xiao Chi.

When he heard this name, Lian Chi's pupils constricted slightly. "Xiao Cha..."

"Just call me Su Cha."

Her voice was cold. "We are not close."

Her attitude was sincere, but to Lian Chi, Su Cha looked like she was just throwing a tantrum because she was too angry.

After all, it had been so many years since they last met, and he did leave without saying goodbye.

Besides, he knew that Su Cha had not been living well all these years.

But he could not say that he knew.

Lian Chi was the main character of today's banquet. His behavior was equivalent to him putting all his attention on Su Cha. Before he could say anything, his second brother walked over and looked at Su Cha with deep meaning. "Third Brother, who is this? Aren't you going to introduce her to us?"

To make his third brother, who had been perfect since he came back, behave abnormally, this girl must be extraordinary.

Lian Nuo did not have to speculate.

Chapter 419: Untitled we ever

Su Cha noticed that Lian Chi's body was tense for a moment. He quickly said, "An old friend."

Friend...

How could she be considered a sister?

Su Cha remained silent.

The Lian family and Su Cha were not familiar with each other, but Lian Nuo was very handsome. He even looked like Tan Yezhu, but he appeared cold and heartless. It was hard to get along with him.

Su Cha noticed that the man was looking at her with some intensity, which displeased her.

She wanted to find an opportunity to beat him up.

“Second Brother...”

Lian Chi did not seem to want Lian Nuo to notice Su Cha. He quickly found an excuse to send Lian Nuo away, but when Lian Nuo left, he looked at Su Cha with an uncomfortable gaze.

“Ah, you really know how to attract people...”

Tan Yezhu had appeared behind Su Cha at some point in time. He covered his mouth and smiled as if she was a disaster. Su Cha’s smile was cold. “If you don’t know how to speak properly, do you want me to teach you?”

Tan Yezhu looked at Su Cha in fear. “Are you threatening me? I’m going to tell your boyfriend!”

Su Cha: “...”

So quick to put on an act!

Who knows who would get beaten up if he complained?

Tan Yezhu was originally smiling, but he suddenly moved closer to Su Cha’s ear and said directly, “These brothers of the Lian family are not to be messed with, but they are not as scary as Bo Muye. Don’t play with fire.”

She suddenly felt that Tan Yezhu was being a little talkative.

It was within Su Cha’s expectations that she would meet Lian Chi today. But now, it seemed that she could not stop others from adding fuel to the fire.

Su Cha suddenly reached out and grabbed Tan Yezhu’s wrist. Although he was pretending to be a woman, his wrist obviously did not have the shape a woman’s should have. It was thick and strong. Tan Yezhu obviously did not expect Su Cha to do this and was stunned.

Su Cha whispered, “Guess who Muye will kill first if he sees me touching your hand?”

Tan Yezhu's expression darkened.

His eyes were full of complaints about Su Cha. He gritted his teeth and struggled to break free. He continued in a female voice, "You are really vicious!"

As he was too agitated, his voice broke and sounded a little deep.

Su Cha sneered. Tan Yezhu was a little agitated just now, but as soon as he calmed down, he looked at Su Cha with deep meaning. "Little White Rabbit is quite ruthless, remember this."

After saying this, he turned around and left.

After he left, Su Cha looked at the time again. She could not help but want to call Bo Muyi. He said that he would come later, but Su Cha did not expect him to be so late.

The banquet had officially begun.

More and more people gathered, and the center of the room became a dance floor. Amid the soothing music, both men and women were dancing with each other. Perhaps it was because of Lian Chi's actions just now, but no one bothered Su Cha.

Of course, Su Cha was not interested.

She recalled that Zuo Zhici came alone. Su Cha did not see Zuo Shaoxin and Ruan Yin.

Maybe it'd just be Zuo Zhici attending.

She had nothing to do here, so she kept drinking fruit juice. Finally, she felt bloated and wanted to go to the washroom.

She stood up immediately and asked a waiter for directions to the washroom before heading there.

Perhaps she was born with bad luck. As Su Cha came out of the washroom, she suddenly heard a movement.

Extending to both sides was the corridor of the cruise. There were rooms all around. Su Cha heard some movement and took a few steps forward. When she turned her head, she saw something unexpected.

Chapter 420: Don't Look at the Violent Scene

An unfamiliar young man supported Zuo Zhici.

Zuo Zhici was blushing and seemed to be in a daze. The man helped her into a room.

Zuo Zhici resisted, "I'm a little dizzy, I don't want to go in, I want to find my sister..."

Su Cha: "..."

Could this sister she was referring to be her?

"Zhici, you're drunk. Since when did you have a sister?" The man coaxed her gently. "I know your head hurts. I'll help you rub it when you go in."

In this situation, even if Su Cha was stupid, she'd still be able to tell that Zuo Zhici was not willing.

Anyone could tell what this man was up to.

Zuo Zhici was only 17 years old. She might usually look like she was arrogant and willful, but she did not look like she was the type to fool around.

And her expression was abnormal.

Su Cha frowned and hid her aura. Since Zuo Zhici did not manage to dissuade him, she was pushed into the room.

She leaned against the wall and pondered for a few seconds.

She did not want to return to the Zuo family, and she did not like Zuo Zhici.

But if she was honest with herself, Zuo Zhici was still her biological sister.

It was fine if she did not see it today, but she did so...

She was not a kind person. She had learned to be cold and heartless in the palace, but it was different now.

While she was hesitating, Su Cha saw another man coming from the other side of the corridor. He walked straight to the room that Zuo Zhici and the other man had just entered.

What made Su Cha's pupils shrink was that the man was holding a camera.

Why did he enter the room with his camera?

Su Cha was not stupid. She felt disgusted that Zuo Zhici was the one who went in just now.

She did not want to be nosy, but she could not ignore the fact that they were related by blood.

She walked over and knocked on the door.

"Who is it?"

The male voice in the room sounded cautious.

Su Cha cleared her throat and said, "Open the door, I'm looking for Zuo Zhici."

It was obvious that he was panicking. Soon, a male voice continued, "What Zuo Zhici? There's no Zuo Zhici here!"

Su Cha frowned. "Don't play dumb. I saw Zuo Zhici coming in. Are you opening the door yourself or do you want me to kick both of you away?"

Perhaps this threat was useful. Soon, the door was opened for her.

The young man in the suit looked fierce. “Do you want to die?”

When he saw Su Cha, he was stunned. “Who are you?”

Su Cha placed her hands behind her back and looked into the room.

The layout of the room was huge, and one could see Zuo Zhici lying on the bed with her clothes obviously in a mess. She was whispering something.

A man was standing by the bed holding a camera.

“What are you looking at? They are both my friends.”

The man who opened the door was obviously uncomfortable and a little guilty.

After all, the people who came to this cruise were either wealthy or influential. It was risky for them to do such a thing.

He wanted to stop Su Cha, but he did not expect Su Cha to reach out and push him. She did not use much strength, but the man felt that he could not help but step back and even hit the cabinet on his right.

“What are you doing?!”

He shouted, and the other man in the room turned around to stop Su Cha. Su Cha had already entered. With a wave of her hand, she covered Zuo Zhici with the quilt on the bed.

She was still underage. It was better for her not to look at the violent scene about to take place. After all, it could easily leave her traumatized.
