

The Queen 891

Chapter 891: How Can I Not Bear to?

Bai Kun heard them talking about this and said in enlightenment, "So this time..."

Was it really related to Lian Chi?

Bo Mui narrowed his eyes and did not answer.

Bai Kun added, "He can even kill his own father?"

Su Cha sneered and did not speak.

Bo Mui did not comment on this matter. "The plan has to be brought forward. It's a pity that Lian Xiaofeng died too early."

There was a hint of regret in his tone, but it seemed to be regret for Lian Xiaofeng's early death.

It was too difficult to expect someone like him to sympathize with others.

Su Cha raised her eyebrows. "What's your plan?"

Bai Kun took the initiative to explain to Su Cha, "Actually, Young Master already knew that there was something wrong with Lian Chi."

He took out a document. "Long ago, Lian Xiaofeng took the initiative to work with us. He said that Lian Chi has always been eyeing the important documents in his hands. He has other forces outside. Lian Xiaofeng feels that he can no longer control Lian Chi. The company's interior has gradually been infiltrated, so he has begun working with the young master. He has sold all the industry information related to these documents to the young master, and the remaining fake documents are left at home. Some time ago, Lian Chi left early from your... mother's funeral and went to the Lian family home to take these documents. However, he did not know that the data on them had been invalidated. We originally wanted to use this matter to expose our target."

As he spoke, he shook his head as if he did not expect Lian Chi to be so ruthless. “In the end, I did not expect Lian Chi to directly eliminate Lian Xiaofeng. That was his father. At present, the Lian family is in a dispute over assets. It’s not suitable for us to intervene, but Lian Chi doesn’t have any chips in his hands. We have always suspected the power behind him. Now, we can confirm that it has something to do with the Killing Alliance. If I’m not wrong, the group of subordinates he controls in the Lian family’s internal group might also belong to the Killing Alliance.”

No wonder Lian Xiaofeng said that he could not control Lian Chi anymore.

Su Cha did not understand what was going on in the company. She looked at the man who seemed to be deep in thought. “What do you plan to do?”

“Of course...”

Bo Muyi looked at her with a gloomy expression. “Send him to jail.”

Su Cha was shocked. “You can do it?”

“There are ways, but it will take some time to prepare. This involves business secrets. It’s not that I don’t want to say it, but Miss Su, you might not be able to understand it in a short time.”

Bai Kun was not looking down on Su Cha. These were considered commercial secrets, so there were many complicated steps to take in between. Su Cha was not a professional at all, so of course she could not understand.

She just needed to understand that Bo Muyi had a way to send Lian Chi to jail.

Su Cha nodded in understanding.

It was fine if he went to jail. Bo Muyi targeted Lian Chi in business, so she would deal with the Killing Alliance.

Seeing that she was looking down, Bo Muyi did not know what she was thinking. For a moment, he became unhappy, and coldness spread out into his surroundings. Bai Kun looked at the young master who had turned hostile again, and his heart thumped.

When the young master asked, “You can’t bear to?” Bai Kun wisely took the documents and ran away.

When Su Cha heard that, she smiled helplessly. “What are you thinking? How can I not bear to?”

Chapter 892: What Are You Thinking?

She could not wait for Lian Chi to suffer retribution in this lifetime.

Whether it was a murder in her past life or not, it was something that had not happened now, and there was no answer to be found.

However, it was also a fact that he had sent Zhai Yao to get close to her and orchestrated her tragedy, so Su Cha would definitely not show mercy to him.

At some point in time, she even thought about killing Lian Chi with her own hands.

With her current ability, she could easily do it.

However, she did hesitate.

No matter what it was for, they were childhood sweethearts, even though there was no longer any affection left.

Now that Bo Muyi had said that he wanted him to go to jail, she realized that this might be Lian Chi’s best ending.

How easy it was to die.

For him to go to jail and live a life worse than death might be more satisfying.

With his personality, he could not stand such humiliation.

Bo Muyi reached out to her. "Come here."

Su Cha walked towards him and he grabbed his hand. "Let me ask you, did he do anything else to you other than inflict Zhai Yao?"

Men were also very sensitive.

If it was just the matter of Lian Chi sending Zhai Yao to get close to Su Cha, it was unclear how much that would make Su Cha hate Lian Chi.

She did hate Lian Chi, but it wasn't the usual hatred.

Bo Muyi understood Su Cha's current personality. She was clear about things like gratitude and grudges. Lian Chi's actions did not seem to be enough to make Su Cha hate him so much.

The information was very clear, but Bo Muyi also knew that Su Cha still had parts that she hid from him.

But he could not find out when any other past events had happened.

He found it strange that everything had changed since the college entrance examination.

He even wondered if Su Cha was no longer Su Cha.

However, he refused to acknowledge this thought. In his heart, no matter how outstanding Su Cha was now, if she had become another person in her bones, he would not know what his many years of persistence would have been for.

He liked Su Cha, and only Su Cha.

No matter what Su Cha was like, whether she was weak, inferior, or kind, or whether she was her current persona, he loved her.

But he could not accept it if Su Cha's soul was that of another person.

However, this feeling was very faint. He still felt that this was Su Cha.

It was just that it felt different compared to when she was not with him in the past. Besides, when people grew up, some things would always change.

Su Cha's heart skipped a beat and she hesitated.

Bo Muyi noticed her hesitation.

If he had not, Su Cha would definitely have shaken her head. Since she hesitated now, it meant that he had guessed correctly.

His pupils darkened. "What did he do to you before that I didn't know?"

He even vaguely thought of some bad aspects. The gloomy aura around him became stronger. After he got together with Su Cha, his aura had become more natural and gentle. Although he only behaved like this when facing Su Cha, he was not as temperamental as before. Overall, Su Cha still affected him.

This was a deliberate concealment effect. Once it rebounded, his pupils gradually turned red.

It was terrifying.

Su Cha grabbed his palm and said, "What are you thinking? No."

She actually wanted to tell Bo Muyi the truth, but this kind of thing was too hard to understand and accept.

Chapter 893: Not a Coincidence

"Don't you believe me?"

As Su Cha was standing and he was sitting, he held her palm and looked up at her.

He had given Su Cha so much time already.

He felt that it was enough.

However, Su Cha was still unwilling to tell him.

People were greedy. In the past, Bo Muyi thought that it would be fine as long as Su Cha was by his side. But as time passed, he started to feel dissatisfied.

He felt that Su Cha should not hold anything back from him.

Bo Muyi recalled what he had said to Su Cha but refused to admit it.

The girl lowered her eyes slightly. She was exquisite and beautiful like a porcelain doll. The skin on her face was flawless, like cream, but right now, she looked a little pitiful.

As the man's heart softened, he asked, "Are you still Su Cha?"

He'd asked this cautiously and helplessly.

He seemed to be confirming something.

Su Cha nodded without hesitation.

Of course, this was true.

She used to be Su Cha, but she was still Su Cha now. She always had been.

However, she had experienced some unimaginable things.

Seeing her nod without hesitation, Bo Muyi heaved a sigh of relief. He pinched Su Cha's palm and asked pleadingly, "When will you be willing to tell me?"

His humble attitude made Su Cha feel uncomfortable.

The discomfort was not for her, but for him.

He was a proud person. His only weakness was Su Cha.

He lowered his noble head just for Su Cha.

He had sacrificed a lot for her. Su Cha did not deny it.

But what was she worried about? She did not know.

She thought for a while and said carefully, "Can you accept it if I tell you?"

Bo Muyi nodded without hesitation. "Why not? As long as you are willing to tell me."

He trusted her completely and hoped that Su Cha would be the same.

Hearing this, Su Cha thought of the past. Her eyelashes trembled slightly, and her eyes seemed to sting. She slowly started to talk about the past.

"I'm Su Cha, but not the Su Cha you used to know."

The opening sentence alone could stun people. Bo Muyi did not expect to hear such a vague sentence. For a moment, he was thinking about the deeper meaning behind it.

Then Su Cha started to tell him everything.

"I only realized that I was back before the college entrance examination..."

From the time she was reborn before the college entrance examination, she started to explain everything clearly, including what happened to her in her first life and what happened to him.

Bo Mui listened attentively. He did not show any surprise. Perhaps he had already accepted it in his heart. After all, what had happened to Su Cha had always been strange.

Su Cha briefly talked about her second life. The main thing was that her embroidery and martial arts skills were brought forth from her second life. If she had not had a second life, she might not have been able to do these things.

But if she lived with hatred, things might have changed.

“So... I came back. I thought of you immediately, but... the timing was not too coincidental.”

Su Cha felt a little embarrassed.

She remembered that when she woke up, it was after she got drunk with Bo Mui...

Chapter 894: Retribution

At first, she was worried that the man might misunderstand or be unable to accept it, but his expression was calm throughout, which made Su Cha feel much more at ease.

After he heard her words, Bo Mui's eyes darkened. He suddenly asked an irrelevant question, “You were not with anyone in your second life?”

“Of course not.”

Su Cha smiled. “I already said that because the child who was adopted became the emperor, I became the Empress Dowager. I've only enjoyed that position for a few years before I came back.”

Bo Mui's eyes lit up. “Now I know why you came back.”

He accepted everything naturally, as if it was not unexpected at all.

Su Cha was puzzled. “You know?”

“You came back to make it up to me. God couldn't stand it anymore.”

He looked at her seriously and hugged Su Cha, letting her sit on his lap. “So you had to come back to make it up to me in this life. Your life is mine. You are not allowed to leave me again.”

He spoke seriously and stubbornly as he rubbed against Su Cha’s neck. After knowing everything, he felt extremely relaxed and murmured, “How nice.”

It was great that she’d had a chance to make it up to him.

Su Cha was stunned at first. After she reacted, she patted his shoulder and chuckled. “You are right.”

Perhaps God could not stand it and asked her to come back to make it up to Bo Mui.

After clarifying these things, Su Cha felt extremely relaxed as if she had taken off a heavy burden.

As long as Bo Mui accepted it, there was nothing else to say.

“You just said that you were kidnapped and murdered in your past life. Did I die to save you?”

After hearing her out, Bo Mui raised an important question.

Su Cha nodded. Now that she thought about it, she felt a little resentful. “I don’t know who it was. After I was reborn, I’ve been thinking about possible candidates. At present, other than Lian Chi, I really can’t think of anyone else who would attack me.”

She was alone in Yonggu City and did not provoke anyone.

Zhai Yao did not have the guts to kidnap Su Cha with a gun.

“It’s not just Lian Chi. If it’s my enemy, it might be possible.”

Bo Mui thought about everything. He pondered and said, “I have a few enemies, but there are not many who’d use you to deal with me.”

Making a move on Su Cha was equivalent to wanting a fight to the death.

According to Su Cha's timeline, the kidnapping took place several years from now.

In other words, anything could happen in the next few years.

Bo Mui could not predict this.

"But... they actually dared to break your legs!"

Bo Mui's eyes were cold. When he heard her say this just now, he could not help but feel violent. It was rare for her to see his face close to being ferocious. It was scary. "I won't let them have it easy. From now on."

He used to think that Zhai Yao was trying to get close to Su Cha for money, but now, he knew that Su Cha's legs were broken by them in her first lifetime.

Su Cha was silent. She must have hated him. Zhai Yao had also attacked her. She had just found out that her attack had not crippled Zhai Yao's leg, but it had left such an effect in Su Cha's first life.

Then she thought about Zuo Shaoxin's fate in the wheelchair. Su Cha did not know if God had asked her to come back and witness their retribution.

Chapter 895: Zhai Yao and Sang Shishi

The matter between Zhai Yao and Sang Shishi had caused him to become a rat in the industry. He was just a flash in the pan.

Although he was still being shameless, most of the dirt had been exposed. Su Cha's fans were attacking Zhai Yao every day. It was a different kind of retribution.

Now that Bo Mui knew things, they would not have a good ending...

"I understand how you feel about your biological parents."

His slender fingers gently touched Su Cha's hair. His tone was filled with gentleness and affection. "It's fine now. Everything I have is yours. I'm still here."

Hearing this, Su Cha could not help but tear up. She hummed and shrank into Bo Muyi's arms. She smelled his fresh scent and felt especially safe.

This life was different.

Bo Muyi also acted quickly. Originally, Zhai Yao and Sang Shishi had planned to shamelessly stay in the entertainment industry. After all, the two of them had only just entered the industry and had already gotten a taste of earning quick money. Only then did they remember how rich Su Cha was now.

The two of them could not bear to quit, even if they were being attacked by Su Cha's fans every day.

Of course, they did not dare to find trouble with Su Cha.

Due to Zhai Yao's matter, Sang Shishi had also been exposed. She was especially careful when she went out, afraid that someone would recognize her.

Over the past two days, she had sought out Zhai Yao for a job. She and Zhai Yao were going to meet someone.

That night, when meeting with the "big brothers" from the entertainment industry, she could not regain her senses after a few more drinks.

When she fainted in the end, she thought that Zhai Yao had sent her back.

When she woke up the next day, she saw herself lying in a hotel room with a fat head next to her. It was one of the "big brothers" she had met last night.

She screamed. When she saw her naked body, her mind exploded.

She was not a chaste girl, but after such a thing happened with a person who was so disgusting, she was about to break down.

The person woke up and heard Sang Shishi's scream. Seeing that Sang Shishi was hitting him with her hand, he slapped her face impatiently. "Why are you pretending to be a chaste girl? Your boyfriend has already given you to me. If not for that, how would he have the chance to film this show? Be obedient. You've already entered this industry, why are you still pretending to be pure?"

Sang Shishi's eyes turned red when she heard the words "your boyfriend gave you to me."
"Impossible, impossible. You're lying, you're lying!!"

She had heard about some shameful things in the entertainment industry in the past, but now that it had really happened to her, she could not imagine it.

Then, she screamed non-stop, which only made it worse. Seeing that she was not obedient at all, the person slapped her once more, then pressed himself against her again.

Sang Shishi was not as strong as him, so she could not resist and could only let him do whatever he wanted.

After the matter ended, she was on the verge of a mental breakdown. What was more despairing was that Zhai Yao had turned off the phone when she called him.

In fact, Zhai Yao felt more nauseated than Sang Shishi.

Nothing was scarier than waking up to find himself sleeping with another man.

A straight man, Zhai Yao had screamed and hit the other party, but his body had been drugged and gone soft. In the end, he became a corpse.

Chapter 896: It's All Because of Su Cha!

Of course, Bo Mui had instructed someone to do it.

He had never used such methods to do anything before, but this time, it involved Su Cha. He could not tolerate it.

When he and Su Cha had sex that night, Su Cha was drunk.

And the mastermind was Sang Shishi.

Su Cha had been picked up by someone. If, in her drunkenness, she had not pressed his phone number, he could not imagine the consequences.

At that time, he had always thought that Su Cha went to drink because she was in a bad mood. At that time, he had slept with her, and because Su Cha refused to accept him, he only cared about himself and was secretly happy. He did not investigate the deeper reason behind this matter.

He did not know that this was the root of Su Cha's tragedy.

Why didn't he think about it? She was such a well-behaved girl. Why would she have drunk?

Those two people liked to do this kind of thing. Since it was like that, Bo Muye let them enjoy the same treatment.

Of course, no one could save them.

When this happened to Zhai Yao, he was so ashamed that he wanted to commit suicide, but he could not.

He could not bear to die.

He had a big fight with Sang Shishi. Something had happened to both of them. It seemed that they had been photographed. After Sang Shishi found out that Zhai Yao had also suffered, she almost fainted from anger.

The two of them were not stupid. Naturally, they knew that they had been framed.

However, the person who framed them could not be found. Zhai Yao called Lian Chi.

He was very angry and asked Lian Chi to avenge him. However, Lian Chi and Lian Ye were fighting for the Lian family's inheritance right now. There were also still things to deal with in the Killing Alliance. Now that he saw the fate of those two people, he probably guessed that Bo Muyi had made a move. Bo Muyi was still targeting him, so he could not be bothered with Zhai Yao.

“You don't care?”

In the apartment, Zhai Yao shouted angrily, “You were the one who asked me to come to the Imperial Capital. You were the one who asked me to come!!!”

If not for Lian Chi, how could he have come to the Imperial Capital? How could he have encountered such a thing?

“Why did you lose the drive to earn millions in a few days?”

Even though he was being questioned like this, Lian Chi's voice on the other end of the phone was unbelievably gentle. It was as if he was just reminding the other party of something. Suddenly, he smiled. His smile was a little nasty. “Zhai Yao, actually, you should be grateful that something has happened to you. Because if it had been up to my imagination, your ending now would only be a hundred times worse than this. Do you really think that I asked you to come to the Imperial Capital to pave the way for you to go and disgust Su Cha? No, you can't disgust her. When Su Cha asked me about it back then, before you'd even told me, I'd already wanted to kill you.”

His last sentence became especially cold, making Zhai Yao shudder in fear. Just as he wanted to argue, Lian Chi hung up.

When he called again, he could not get through.

Pa!

Zhai Yao threw his phone in anger.

Sang Shishi's eyes were red from crying. "Who sent you to the Imperial Capital? Who?"

Zhai Yao clenched his fists tightly and gritted his teeth. His eyes were red as he kept calling someone's name, "Su Cha... Su Cha, it's all because of Su Cha!!!"

"Su Cha?"

Sang Shishi was stunned. Her voice suddenly became shrill. "Are you saying that all of this has something to do with Su Cha?"

Like she was thunderstruck, she suddenly thought of the woman who had become very glamorous on stage.

Chapter 897: Little Darling Only Drinks Blood

She was at a loss. After she understood, she felt hatred.

Su Cha, Su Cha.

Such a thing had happened to Sang Shishi, but that woman was still high and mighty, living under the spotlight.

"Su Cha!"

She and Zhai Yao both hated her to the core.

Zhai Yao asked a staff member he knew in the industry about Su Cha's recent shoot.

He went to the location where Su Cha was filming and waited for her in the parking lot.

If Su Cha would not let him off, he would not let her off either!

He was wearing a hoodie and holding a fruit knife in his pocket. His eyes were filled with madness.

There were surveillance cameras nearby, so he deliberately avoided them and had spent a sum of money to get himself a car.

Su Cha only had an assistant.

Zhai Yao had specifically asked around. Su Cha never brought bodyguards with her when she went out to work. Usually, she would be with a staff member. When she was filming, she would not bring anyone else except her assistant.

He did not know why that was, but he was glad that he had such an opportunity.

There were no bodyguards, just an assistant and Su Cha. He just needed to deal with both of them.

That assistant could only blame her bad luck.

There were not many people in this area. Su Cha's nanny van was parked opposite his car. There was no driver inside.

He had been waiting quietly. Suddenly, he saw a little girl walking over from afar with a doll in her arms. She was exquisite and beautiful like a porcelain doll.

She was about 11 or 12 years old.

When she walked over, if Zhai Yao had not seen her, he would have found it a little scary.

She made no sound at all.

On top of that, the little girl's appearance was strange. He merely took a look and thought that it was probably a child brought over by someone in the parking lot.

Yet when the little girl passed by, she probably saw that there was someone inside his car and walked towards him.

Knock, knock, knock...

The little girl actually knocked on the car window. Although Zhai Yao did not want to open the car window to expose himself, this girl's exquisite and beautiful face was too confusing. He rolled down the car window and the little girl in front of him smiled sweetly at him. Her voice was tender and childish. "Brother, did you see my parents passing by here?"

Zhai Yao was stunned. "I don't know who your parents are. I don't know them."

He believed that his answer was normal. The girl in front of him seemed to be a little distressed. "Then did you see my Little Darling? It's only this big..."

The little girl gestured at the size, which made Zhai Yao laugh. Whose pet was so small? It was like a worm.

He was about to speak when he suddenly felt something and his face stiffened.

A ticklish feeling came from his neck. The little girl's eyes lit up. "Oh my, why is my Little Darling here?"

Zhai Yao's calf was cramping. Although he could not see it completely, he could see from the corner of his eyes that there seemed to be a black thing swaggering around his neck. Was it an antenna or a tail...?

The feeling on his neck made him realize that this thing was not small.

He swallowed his saliva and subconsciously wanted to grab it. The little girl suddenly said, "Oh my, Little Darling seems to be hungry. Big Brother, can you feed Little Darling?"

Zhai Yao felt his hair stand on end. "What do you mean by feed your Little Darling? Hurry up and... Ah!!!"

When he tried to pull the worm away, he seemed to have been bitten. He retracted his finger, and the needle-sized wound on it started to bleed.

He was about to curse when he suddenly heard the little girl's faint voice. "Little Darling only drinks blood..."

Chapter 898: Providing Information

These words were enough to make people shudder.

Zhai Yao felt that his scalp was numb, as if it was about to be lifted by someone. His temples were throbbing, and his voice was trembling with nervousness. "You... What do you mean... Ah!!!"

As he screamed, the worm lying on his neck suddenly opened its mouth, and its sharp end pierced his blood vessels.

This scene was comparable to countless horror movies. The bug on his neck was like something from a mutation disaster scene. It was really scary.

At first, Zhai Yao made a little noise. Soon, the vitality on his face visibly weakened, and the little girl walked slowly the moment the worm started to pierce his neck.

In the underground parking lot, someone heard the screams but did not dare to come over.

It was not until the security guard had noticed that the surveillance camera was broken and had rushed over to repair it that he found Zhai Yao, who had been dead for a while.

His body was still warm. There were two wounds on his neck, but strangely, no blood flowed out.

The security guard was shocked and quickly called the police.

When Su Cha and Fu Mo came down to the van, they realized that the police were surrounding it. The scene had been cordoned off.

As she and Fu Mo walked over, a police officer stopped them. "What are you doing?"

Su Cha pointed at the vehicle opposite Zhai Yao's. "Our van is there."

Seeing this, the police looked over and let them pass.

At the same time, Su Cha looked towards the police and saw the person in the car.

She was shocked.

It was Zhai Yao?

Zhai Yao's eyes were wide open. He had probably died too miserably and could not close his eyes.

He was leaning back on the car seat and against the car window.

It was obvious that he had been dead for a long time.

Ordinary people would have been scared out of their wits by this scene, but Su Cha was not afraid at all. She was just a little surprised.

Fu Mo also saw it and was shocked. "Isn't that Zhai Yao?"

She was Su Cha's assistant and usually paid attention to her matters. After the incident with Zhai Yao, she had already investigated Zhai Yao's identity. Naturally, she was familiar with him. She did not expect to see him here.

It seemed that Zhai Yao had been murdered.

Whom did he offend?

The police officer was originally afraid of scaring them, but when they saw the corpse, they were not afraid at all. They were just a little shocked. Besides, Fu Mo had clearly said that she knew him. He immediately became suspicious. He was about to let them go when he reached out to stop them. "Sorry, do you know this victim?"

“Ah...”

Su Cha looked at the police officer. He was quite old and probably did not watch television. It was normal for him not to know Zhai Yao and her.

She did not deny it and nodded. “Yes.”

The police officer was surprised. “You know him? How come you didn’t react when you saw his corpse?”

“Is that strange?”

Su Cha curled her lips. “Besides, I don’t have a good relationship with him. He’s my ex-boyfriend.”

When the police heard this, they immediately became highly vigilant. “I’m sorry, Miss. If you know the victim, we might have to ask you to return to the station to assist in the investigation. The victim was found dead here at 5:13 pm this afternoon. If you know him, we need your information.”

Chapter 899: Not a Heart

Su Cha did not refuse. This was normal.

When she came over and saw Zhai Yao dead, Su Cha had already realized that she could not leave.

She had no choice but to go to the police station with Fu Mo.

They simply recorded a statement, and it was found that Su Cha had an alibi. In addition, Bo Mui knew that the police would release her and would just make a call in the future.

She came out of the police station and returned to the Lookout Pavilion. She saw Bo Mui waiting for her and said directly, “Zhai Yao is dead.”

Hearing this, Bo Mui pursed his thin lips and looked over with his dark pupils. “If he’s dead, so be it.”

Towards such a person, it was already polite that he did not laugh.

“I know you didn’t do it.”

Su Cha put down her coat and frowned. “It was Greya.”

Bo Mui hummed softly.

“It’s strange. Although there’s no evidence, the wound is too obvious. The information Fu Mo knows is that Zhai Yao has two wounds on his neck that were made by worm bites. This kind of wound is too obvious. Moreover, a portion of his blood has been drained. There was a wound on his neck at that time, but there was no blood at the scene, including on his clothes.”

She did not understand Greya’s actions. “Why did Greya kill Zhai Yao? Not that Zhai Yao didn’t deserve it. The police said that he had a knife on him. I had a shoot in that building today. The nanny van is parked opposite his car. What do you think he wants?”

She sneered. Even without Greya, Zhai Yao could not hurt her at all.

Bo Mui’s expression darkened. He sneered. “He was seeking death.”

In other words, he deserved to die.

If he had really attacked Su Cha, perhaps it would not have been Greya who’d killed him.

“Why was Greya interested in attacking him?”

This was indeed a puzzle.

Su Cha shook her head. “It’s troublesome. Anyway, it’s not a good thing for me. The police know that I have some grudges with him. He’s dead now, and the surveillance cameras have been destroyed. There’s no other evidence. They suspect that I hired someone to kill Zhai Yao.”

“I will help you deal with the police station.”

Bo Muyi stood up and hugged her. “I won’t let anything irrelevant get in your way.”

Su Cha nodded, still deep in thought. “How did Zhai Yao meet Greya?”

“Who knows?”

Bo Muyi chuckled. “If you are so interested, why don’t you ask her yourself?”

“Forget it.”

Su Cha smiled. “I’ve gone to the Killing Alliance territory several times. In the past, those elders used this as a pretext to make a fuss. Now, they’ve covered their mouths, but I won’t go touching off such matters unless there are conflicts...”

She paused. “Do you know about the Killing Alliance’s movements recently?”

Bo Muyi shook his head. “Not much. They’ve been going against the Imperial Court’s forces.”

It was similar to the news Su Cha had received.

The competition between the Star Alliance and the Killing Alliance had not ended since the beginning of the year, but the private conflicts had become fewer and fewer. It was as if all the disputes were being fought over openly.

To be honest, this was not in line with the Killing Alliance’s style.

A Hall Master from the Killing Alliance was even being detained. Tree Hall did not send anyone to come and save him.

“I have an idea.”

Bo Muyi rested his chin on Su Cha's shoulder and murmured, "An alliance meeting. With the Alliance Masters and the Vice Alliance Masters. Have you ever thought about it? What if the Alliance Master and the Vice Alliance Master are not on the same side?"

Chapter 900: His Birthday

"Not the same side?"

Su Cha was surprised. "You mean... Lian Chi and Greya have differences?"

"Because of the Lian family, I have some ideas."

The man said in a deep voice, "Lian Chi is now fighting for the Lian family assets. From his style of doing things, I can tell that something is interesting. Although he seems to be suppressed by Lian Xiaofeng on the surface, in fact, he values power very much. The Lian family is almost under his control now. Lian Ye and Lian Nuo are indeed no match for him. Do you think a person like him will let Greya suppress him?"

Su Cha suddenly understood.

"No wonder Greya told me that she could not control Tree Hall because it was controlled by the Vice Alliance Master."

Their Star Alliance was completely fine. There was no difference between Tan Yeluo and her, who was in charge of the Star Alliance.

After the elders left the stage, Su Cha and Tan Yeluo had the final say in the Alliance Meeting. This feeling was too obvious.

The Killing Alliance was such a controversial and extreme alliance. It should have been the Alliance Master who made the decisions. It was indeed a little strange that the Alliance Master and the Vice Alliance Master had different jurisdictions.

Greya had climbed out of a pile of dead people. Why would she be afraid of Lian Chi?

If there were differences, why would Lian Chi's father help him?

They still need to find some clues to figure Lian Chi out. But Su Cha felt that Greya did everything based on her preferences.

It was obvious that she had helped Lian Chi and killed Zhai Yao.

Zhai Yao was Lian Chi's underling. Did she not know?

His slightly cold fingers touched Su Cha's face. "The deployment is coming soon. Soon, you will know what's going on."

Bo Mui's words made Su Cha react. He was going to attack.

She thought of her obsession in her past life and smiled.

It was Bo Mui's birthday during the Lantern Festival.

It was originally a lively and joyous day. Other than the lanterns hanging in the Lookout Pavilion before the New Year, there was no joy, mainly a sense of coldness.

The day before his birthday, the old lady asked Su Cha if she wanted to invite some people to celebrate. Bo Mui was still unwilling.

The old lady could do nothing about it. She could only follow the rules of the past years and have a meal together, which would count as his birthday celebration.

Su Cha had already prepared a birthday gift for Bo Mui, but the poor person was still working overtime on the night before his birthday.

The light in the study room was switched on. Bo Mui sat there with a hint of fatigue between his eyebrows. His handsome facial features did not lose their noble laziness. No matter what, he was a charming man.

If it were not for the indifferent fierceness in his eyes...

Usually, many people were afraid of him because of this.

Su Cha stepped on the soft carpet barefooted. With her hands behind her back, she held a gift box and secretly glanced at the man in the study room.

It was almost midnight. He was not asleep yet, so she wanted to give him this gift at the right time.

Of course, she had lied about going to bed two hours ago.

She looked at herself and blushed.

She was wearing only Bo Mui's shirt. Below the hem, her straight and beautiful legs were exposed. Under the light, they shone brightly.
