

The Queen 931

Chapter 931: At Most, She's Just a Bimbo

After wrapping up her work in the United States, Su Cha prepared to return to the country.

In the end, Lian Chi was caught. Because of Su Cha's mark, he did not seem to want to run.

He needed to be brought back to the country to be interrogated. With Bo Mui's power watching over him, even if he had extraordinary means, he would not be able to protect himself. Now, he was being held in a high-security prison in the country.

If it was just an ordinary white-collar crime, it would not have come to such a state. Obviously, he had something else on him.

But Su Cha did not care in the end.

Lian Chi's fall had also affected the Killing Alliance. According to Bo Mui's speculations, Greya wanted to destroy the Killing Alliance, but on the surface, the Killing Alliance still had her. Following Lian Chi's downfall, in private, the conflicts became more intense.

Some people from the big families started to make their final moves on the Killing Alliance.

They had mobilized the spies who had infiltrated the Killing Alliance. Of course, their losses were not small.

On the day Su Cha returned to the country, Zuo Zhici asked to meet her.

This was the first time the two of them had met since Ruan Yin's funeral.

Su Cha found it strange that Zuo Zhici was staying in a hotel.

"Why are you staying in a hotel when you have a home?"

After entering the passcode given by Zuo Zhici, Su Cha had entered the room and saw Zuo Zhici lying in the bedroom with her body tilted. Compared to the last time they met, she looked thinner. Her chin had become sharp, and she did not look inferior to trending influencers nowadays.

Her eyes were especially big, and her facial features were unique. She was thin and good-looking.

But in the end, this meant that she had not been doing well.

“I don’t want to be at home.”

Seeing Su Cha, she stood up and sniffed.

Tears welled up in her eyes. “Daddy is crazy now.”

Su Cha frowned. “Does he not care about the Zuo family anymore? What about the company?”

The Zuo Corporation was not small, and they were a typical wealthy family. It was Zuo Shaoxin who made it that way, so could it go on without him?

“Grandpa and Grandma are taking care of it for now. I’m also helping.”

She was also a smart girl. Otherwise, she would not have skipped a grade to enter the Imperial Capital University. She was helping her family and starting her internship at their company. However, she was too busy. Her father was now being eccentric. She felt too oppressed at home and could only come out to meet Su Cha.

“Then do it well. The Zuo family will always belong to you and your brother.”

After saying this, Su Cha sat down at the side. Zuo Zhici’s gaze followed her. “What about you? If we give you a portion of the Zuo family’s assets, will you be willing to come back and help us take care of it?”

In terms of wealth, it was hard not to be tempted by the immense one that the Zuo family had.

However, Zuo Zhici had been carefree since she was young and had never suffered. She did not have the suspiciousness of ordinary people. Previously, she did not like Su Cha because she did not know the truth. Now that such a thing had happened, she had to give Su Cha a portion of the huge family fortune. She did not feel pressured at all. She wanted Su Cha to come back and be with her.

Otherwise, she did not know who else she could rely on.

Her grandparents did not look as steady as her sister.

“Forget it.”

Su Cha raised her eyebrows and smiled. “I’m just someone from the entertainment industry. I don’t know anything about business. At most, I’m just an empty vase fit for decoration.”

Zuo Zhici: “...”

She did not know how to reply.

Chapter 932: Release of the New Album

She was silent for a while and suddenly begged Su Cha in a low voice, “Sister, can you ask Brother-in-law for help?”

Su Cha hummed. “What do you mean?”

She was calling him brother-in-law?

Zuo Zhici seemed to be on the verge of crying. “Dad is not pulling himself together. He keeps losing his temper. Although we are dealing with the company’s matters, we are not as good as him. I’m young and many people are watching. I’m afraid that if I don’t do well, Grandpa and Grandma will not be able to protect the Zuo family. If we ask Brother-in-law for help, we can at least intimidate others.”

She was smart.

If Bo Muyi could manage the Imperial Mu Group easily, what more the Zuo Corporation?

Su Cha frowned and rejected her. “He’s too busy. It’s not appropriate for him to be involved in the Zuo family’s matters. Nothing happened to your father.”

It was just a broken leg.

There was a hint of schadenfreude in her words. She did not say it out loud but it stabbed Zuo Zhici in the heart. Seeing the face that darkened instantly, she turned her head and said tactfully, “But don’t worry. Even if we don’t help, your brother-in-law and I will be standing here. No one will have any thoughts about the Zuo family.”

To put it bluntly, Su Cha did not want the Zuo family because it had Zuo Zhici and Zuo Nanfan. She was not needed.

However, she would not sit back and watch the siblings be left alone. In other words, the Zuo family could only be in the hands of Zuo Zhici and Zuo Nanfan.

Although she did not admit it to the Zuo family, she was still Zuo Shaoxin’s daughter and Bo Muyi’s girlfriend. It was a fact.

Just by seeing her and Bo Muyi, others would be afraid and not dare to do anything to the Zuo family. Su Cha had another identity as well: the Alliance Master of the Star Alliance.

Hearing her words, Zuo Zhici felt relieved. She forced a smile. After her mother passed away, her father went completely crazy. As an 18-year-old, she had already done well to maintain her current situation.

Su Cha: “Where’s Nanfan?”

Zuo Zhici said, “He’s in school. He’s stronger than I thought.”

He also knew what had happened to his mother. Although he was sad, he knew that he was the only man left in the family.

Seeing that her brother was being so strong, Zuo Zhici naturally could not cry all day.

Su Cha was relieved.

After talking to Zuo Zhici, she returned to the Lookout Pavilion.

She also received a piece of news. “The Legend of the Crane” had officially been confirmed to be screened during the summer.

In addition, Tan Jinsui had accepted a few appearances in variety shows for her to strengthen her popularity. There was also her new album that had been officially released online.

She did not do any promotions. Seeing as she had already entered the entertainment industry, after the album was ready, Tan Jinsui directly released it.

Due to the sudden appearance of the new album, the sales on the first day were not very good. However, it was the first album after all. Su Cha’s voice and song quality were too good. Once it was released, the good reviews came in. The sales unexpectedly started to rise continuously. In the end, it was only when the sales rose to the trending searches that everyone realized that Su Cha’s new album had actually been released.

[Ah... I suddenly heard her new song and remembered that she is a national embroidery master. She is really awesome...]

[An embroidery master who doesn’t want to sing and is not a good actress.]

[The new album is very nice. The song ‘Illusion Moon’ is simply too beautiful. Going crazy for my girl Cha!]

[What is her main career now? After seeing her release an album, I recalled that she actually debuted as a singer...]

Chapter 933: We Have a Salary

Su Cha’s album sales rose higher and higher. Amid the current situation in the singing industry, despite her not being an established superstar, Su Cha’s electronic album sold more than 100,000 sales a week.

This was a shocking number.

Of course, many people were not only a fan of hers as a celebrity but also a fan of her embroidery works.

No matter what, a master's album had to be supported, right?

Hence, many people in the industry were not surprised by this result.

After all, she was the only one with such a powerful status.

Ever since her identities as the Zong family's little princess and a national master were exposed, very few people talked about her and the Imperial Mu Group. There were also fewer discussions about the sugar daddy.

Her boyfriend's identity was also very intriguing, but no one knew who it was.

Today was a rare good day. Su Cha stayed at home while Bo MUYI dealt with work beside her. She placed her feet on Bo MUYI's legs and did embroidery.

After a while, her phone rang. She picked it up and saw that it was a message from Elder Yun.

Yun Zu: "5000.00"

Yun Zu: "Your salary this month"

Su Cha almost laughed out loud.

Cha Yi: "Only now?"

Yun Zu: "We have been postponing it for a month, so we are only posting it now."

Cha Yi: “Then why is it only 5000?”

Yun Zu: “Do you think it’s too little??? My official salary is only 4,500! You earn 500 yuan more than me. Sigh, how infuriating!”

Cha Yi: “Then for how much does each piece sell?”

Yun Zu: “Not much. If you are diligent, you will see hundreds of millions. If you produce infrequently, some tens of millions.”

Cha Yi: “...”

She was indeed a master.

In fact, if Su Cha was willing, there were many people who were willing to buy a piece of work she’d embroidered.

However, once a person had lost their pursuit, it was equivalent to having no goal to strive for. She did not lack money or time. Other than when she occasionally recorded a few videos following the Embroidery Union’s requirements, she rarely embroidered.

Su Cha showed Bo Muyi the message on her phone. “Look, I’ve been given my salary. Shall we split it equally?”

The handsome man turned his head and looked at it briefly. When he saw the number on it, his pupils seemed to shrink in surprise.

She understood his surprise.

Perhaps in Bo Muyi’s world, he had no concept of money below 10,000.

He looked at Su Cha and suddenly asked seriously, “What can I buy with 2500 yuan?”

Su Cha: "...A lot, a lot. I can't spend it all even if I went to the supermarket. A kilo of fruits cost only so much, and there are also a few cheaper ones."

She was referring to the prices in a normal supermarket.

Bo Mui was surprised. "Are fruits so cheap? Can such fruits be eaten?"

Su Cha: "..."

It was not his fault. He had been born with a golden spoon in his mouth. With the Imperial Mu Group's wealth, the great Young Master Bo could have fresh fruit flown over that same day. It was not the most expensive thing for him, even if it was tens of kilos.

Hence, in Bo Mui's eyes, how could a fruit worth tens of yuan be edible?

The corner of Su Cha's mouth twitched. "You've never shopped in the supermarket?"

Bo Mui shook his head. He never went to those places.

Su Cha's eyes lit up. Since she had nothing to do today, she pulled Bo Mui's sleeve. "Do you have time? If you do, shall we go to the supermarket today?"

The man was deep in thought. "Do you want to use your 2500?"

Su Cha: "...Yes!"

Bo Mui: "Let's go."

Chapter 934: Don't Care

Ah Chen had grown up with the young master, but he had never seen him enter a commoners' place like the supermarket.

Of course, the supermarket they were going to this time was not an ordinary supermarket. It was a well-known market in the Imperial Capital.

Usually, many celebrities would go there. The price inside was many times higher than in ordinary supermarkets, but it was not as exaggerated as in Bo Mui's life.

In other words, Bo Mui was someone who did not live in a normal world.

Su Cha went there because there were not many people. Most of the people who went were housekeepers from wealthy families. This would not affect her and Bo Mui.

When the car drove to the underground parking lot, Su Cha got out of the car and excitedly pushed a small cart at the edge.

She had actually thought about this scene a long time ago, the two of them quietly shopping at the supermarket like ordinary people.

She felt very happy.

Seeing the rare purity in her smile, the man who did not like to go out smiled faintly.

He was wearing a long winter coat and a white windbreaker. He was tall and slender. His extraordinary aura separated him from the environment here, making him look out of place. One also felt that the quality of this place had been raised by his presence.

This kind of person usually only appeared in fashion shows, not a supermarket.

Even this supermarket was not good enough to keep up...

"Let's go."

Su Cha pushed the shopping cart and called to Bo Mui. Bo Mui walked over a few steps. She naturally held Bo Mui's hand and entered the supermarket according to the directions.

It was very big inside. It was still only a department store, but this place was basically a paradise for luxury goods. Very few ordinary brands could be sold here.

The price here was not ordinary. There were not many people in the day, and today was not a rest day. When Su Cha and Bo Mui entered, there were only a few people strolling in the supermarket. There were really one or two celebrities and some middle-aged women who looked elegant.

When Su Cha and Bo Mui walked in, they attracted a lot of attention, especially from the celebrities. When they saw Su Cha and Bo Mui, their eyes widened.

She did not hide from the others when she entered. She held Bo Mui's hand and entered the fruits section first. She liked to eat pomegranates and grapes. There were many types here, and there were imported goods from all over the world. Su Cha picked a few wrapped pomegranates. When she placed them in the shopping cart, the man who had been silent quietly interrupted, "Your 2,500 yuan has already been exceeded."

Su Cha: "..."

She reacted and looked at the price. In the end, she gasped—2600.

It was indeed over their budget.

The price of some things here was far beyond the imagination of ordinary people. Su Cha thought about it for a while and said in pain, "We'll use your 2,500."

Bo Mui: "..."

Su Cha went to the weighing area to buy candy while Bo Mui stood aside.

He was too eye-catching standing there alone. Soon, a fashionable and exquisite girl walked towards him with shy eyes. "Hello."

She was also very beautiful. When she noticed Bo Mui coming up to where she stood, she was really shocked by his appearance.

Unexpectedly, Bo Mui frowned as soon as she spoke. He seemed to feel uncomfortable and walked towards Su Cha, ignoring her.

The girl's shy smile stiffened.

Chapter 935: Do You Have a Number?

Seeing Bo Muyi suddenly coming over, Su Cha glanced over.

The girl's face had turned red with anger.

As she stood there, she saw Bo Muyi walking towards Su Cha. There was a flash of realization in her eyes. Then, she glanced at Su Cha as if she was unwilling to accept it.

With a woman's intuition, Su Cha felt that the girl's glance at her was probably for making a comparison in her heart.

Unfortunately, it was useless no matter how beautiful she was.

The man in front of her was completely unromantic.

With Su Cha as the exception, he was unreasonable to others. If you made him unhappy, he would throw you out, regardless of gender.

Despite seeing that Bo Muyi obviously had a girlfriend, the girl in front of her seemed to be a little unwilling to accept it. She walked over and saw Su Cha picking sweets. She reached out and pointed at Su Cha. "This is new. It's delicious."

Su Cha was silent for a while and said softly, "Oh, really? Thank you."

She was not stupid. If other people had designs on her boyfriend, why should she greet them with a smile?

Of course, the other party did not say anything. It was not appropriate for them to have a fallout here.

As she'd answered coldly, the other party could tell that Su Cha did not like her. She was stunned for a moment and realized that Su Cha looked familiar.

She was also one of the rich girls here. When she saw the extraordinary aura of these two people, she felt a little indignant.

This was the first time she had met a man who could move her heart.

Unfortunately, the man in front of her was too silent and heartless. His rejection was too obvious.

She looked at Su Cha and was about to leave when she suddenly remembered that Su Cha was that popular celebrity.

A celebrity?

The girl sized Su Cha up again. She stood at the side and did not seem to have any intention of leaving. Su Cha casually picked some other sweets and pulled Bo Muyi to another place.

Halfway through, Su Cha suddenly felt a surge of emotions. She realized that something was wrong. It was almost her period.

She quickly went to get a pack of napkins. After settling the bill, she asked Bo Muyi to take the cart and wait for her.

Bo Muyi was unhappy at once. He wanted to go with her, but Su Cha did not let him. "I'm going to the female washroom. I haven't finished shopping yet. Wait for me here."

Seeing the man's gloomy expression, she did not have time to care so much and went into the washroom.

After Su Cha left, Bo Muyi stood still and looked at the people around the supermarket. He became anxious.

It was not that he could not stand the attention, but he felt that without Su Cha around, he was too surrounded by other people, making him very irritable.

Seeing that Su Cha had left, the girl just now realized that she had a chance. She walked over and asked Bo Muyi shyly, “May I have your WeChat?”

The handsome man looked cold and did not respond.

He did not even look at the girl in front of him for a moment. At most, he glanced at her before looking in the direction Su Cha had gone to.

Despite seeing that he did not speak, the girl did not give up. She bit her lips and continued to ask, “If you don’t have WeChat, do you have a phone number?”

She was still confident in herself. As long as it was a normal man, he would accept a pretty and forward girl.

Chapter 936: Completely Forgot Who This Person Is

Was there a man in this world who did not cheat?

Even if he had a girlfriend, she was just a celebrity. The man in front of her looked like he was from a super-wealthy family.

Bo Muyi was already a little irritated. Seeing that this woman kept talking in front of him, anger rose in his heart. “Get lost.”

He could not be bothered to say anything to other women.

His voice was neither high nor low. It even sounded rude. It gave off a sense of extreme dominance and coldness.

When the girl heard him speak, she found his voice to be as clear as a spring and as pleasant as the sound of a zither. Before she became intoxicated, she was stunned by the content.

She looked at Bo Muyi in disbelief. The celebrities who were watching could not help but cover their mouths and laugh.

When they saw Su Cha holding hands with him earlier, everyone was shocked. Now that they saw another woman approaching recklessly and being treated like this by this young master, there was a hint of jealousy in their eyes.

It was rumored in the industry that Su Cha was a kept woman. It was fine if she was proved in the end to be the little princess of the Zong family, but now, her boyfriend turned out to be such an outstanding man.

Not to mention anything else, just his appearance and aura were top-notch. It was obvious that he was not from an ordinary family. He was fascinating.

How could Su Cha be so lucky as to have such a perfect boyfriend?

To say they were jealous was an understatement.

Especially when they saw that he even rejected such a bold hit from another woman. He was not even polite.

Would an ordinary person reject her?

In their hearts, his seemingly impolite behavior could not help but evoke masculinity.

He was already as high and mighty as a king. This attitude made people feel even more conquered.

After being treated like this, the girl no longer had the face to stay at the scene. Her eyes turned red and she ran away.

When Su Cha came out, she did not know what had just happened. She skipped over and placed her hand in Bo Muye's pocket. "Okay, okay. Let's continue shopping."

The man who was frowning and looking fierce just now quickly regained his gentle expression. His eyes were filled with warmth as he looked at Su Cha. He let Su Cha put her hand in his pocket and walked with her like that while he pushed the cart, looking extremely obedient.

For a man to behave like this in front of a girl was simply too enviable.

All the celebrities present wanted to secretly take out their phones to take pictures of this scene. He was simply a replica of the legendary boyfriend!

After shopping in the supermarket, Su Cha and Bo Mui returned home and received a call from Zong Yanxiu. "Xiao Cha, bring Mui home for dinner tonight. There is a relative coming over."

"Oh, okay."

Although she did not know which relative it was, Su Cha still agreed. After hanging up the phone, she asked Bo Mui, "Mui, my father asked us to go over for dinner tonight. He said that there is a relative visiting. Do you want to go?"

Bo Mui nodded. "I'll go wherever you go."

Su Cha smiled and went over with Bo Mui that night. Unexpectedly, the relative Zong Yanxiu was talking about was the girl who had hit on Bo Mui at the supermarket today.

Su Cha did not know that Bo Mui had rejected her, and Bo Mui did not react when he saw the girl.

He had forgotten who this person was.

Chapter 937: It's Useless to Act Soft

"This is your sister. Just call her Manru," Zong Yanxiu explained to Su Cha with a smile.

Su Cha's expression froze. "Ah, hello."

Sheng Manru was wearing a limited edition branded dress, but she looked like a lady from a wealthy family. She looked obedient. She was not as rude as she was at the supermarket today. She looked at Su Cha and said obediently, "Hello, Sister."

She called to her shyly and intimately, which made her look pitiful.

However, Su Cha could tell at a glance that after she called her, her gaze was clearly thrown next at Bo Mui, who was behind Su Cha.

This was a girl that elders would especially like.

It could be seen from Zong Bingyi's attitude.

He liked this girl called Sheng Manru and said a few more words to Su Cha, "Manru and the daughter of a brother of mine have been staying overseas. They are preparing to transfer back this year and are going to the Imperial Capital University. Xiao Cha, you are also a student of the Imperial Capital University. Take care of Manru."

Su Cha knew that he had not seen this girl for a long time and did not know the truth. The old man simply had a soft spot for his juniors. She did not say anything and just smiled.

Zong Yanxiu sat down and said politely, "Father, Manru is in her first year of university. Xiao Cha is also in her first year of university. They go to different departments. Manru also just came back from overseas, so she's used to freedom. Does she need someone to take care of her?"

He was Su Cha's father. He could infer things from Su Cha's subtle expression, so he quickly went along with her.

Sheng Manru did not speak. She looked at Bo Mui curiously. "Grandpa, Uncle, who is this beside Sister...?"

Zong Bingyi looked at Bo Mui and said naturally, "Ah, this is your Sister Xiao Cha's boyfriend. His surname is Bo."

As soon as he finished speaking, Sheng Manru seemed to come to a realization and called out obediently, "Hello, Brother Bo."

Her form of address was subtly disquieting. Even Zong Bingyi felt that something was wrong. Su Cha also felt uncomfortable. Before she could speak, Bo Mui's face darkened. "Who is your brother? I have nothing to do with your family."

His words were too cold and even a little impolite.

Zong Bingyi and Zong Yanxiu knew his temper. He did not like anyone to have connections with him for no reason.

Even the children of the old lady were not allowed to have anything to do with Bo Muyi. How could an outsider call him that?

Although Zong Bingyi was a little embarrassed, he did not think that Bo Muyi had done anything wrong. Sheng Manru seemed to be frightened, though, so Zong Yanxiu spoke gently to her as if he was saying Bo Muyi was not at fault. "It's okay, Manru. He has a bad temper. Just don't call him that in the future."

In fact, he was telling Sheng Manru not to provoke Bo Muyi.

Sheng Manru was silent for a moment as if she was wronged. "But I have to call him something. If I don't, others will think that I am being rude."

"Don't worry, they won't."

Su Cha smiled and said, "I don't live with the Zong family, so he basically won't come over here. You won't see him in the future. It's fine if you don't call him anything."

Her words were a warning.

She was possessive of her boyfriend.

It was obvious that Sheng Manru was a weak white lotus.

Couldn't she come up with something new?

It was useless to pretend to be weak in front of her father and boyfriend.

Chapter 938: How Happy Would She Be If It Were Her?

Zong Bingyi could also see it now, but this was his sworn brother's granddaughter. He could not say anything about it, nor would he say anything to Su Cha.

Zong Yanxiu quickly changed the topic and covered it up.

At the dining table, Su Cha roughly came to understand Sheng Manru's identity. She was the granddaughter of one of Zong Bingyi's former brothers. Now that she had returned to the country, she was preparing to buy a house. She did not have anywhere else to stay during this period of time, so she was temporarily staying at the Zong family's house.

Su Cha had no objections to this. Since she did not live with the Zong family, what could she say?

Sheng Manru did not know much about the Zong family. She only knew that Su Cha was Zong Yanxiu's daughter.

Then why was Su Cha not surnamed Zong?

However, she did not ask. Instead, she kept asking Su Cha questions at the dining table as if she wanted to build a good relationship with her.

It was all empty and meaningless. Sheng Manru was pretending to be obedient. Su Cha had no reason to fall out with her. Moreover, she was the granddaughter of her grandfather's brother. It was not good for her to fall out with her, so she could only deal with her indifferently.

Sheng Manru did not seem to notice Su Cha's indifference. After dinner, she pestered Su Cha to add her on WeChat.

She wanted to ask for Bo Mui's WeChat, but Su Cha smiled and asked, "Why do you want his WeChat? Do you have something to ask him that I can't know about?"

The meaning was obvious, especially since it was said in front of Zong Yanxiu and Zong Bingyi.

No matter how stupid Sheng Manru was, she knew that something would happen if she continued pestering him. It was impossible for her to attack Bo Mui directly.

She could only take a step back and build a good relationship with Su Cha.

Yes, she had just returned to the country recently, and her personality was not as obedient as it seemed.

She was used to living overseas. Her thoughts and actions were very Westernized and free. Otherwise, with her appearance, how could she directly ask Bo Muyi for his WeChat?

After she went back, she found out Su Cha's identity and was a little unwilling to accept it. Later, she was surprised to find that she was the Zong family's granddaughter.

Coincidentally, she had something to do with the Zong family.

She immediately agreed with her family and found an excuse to stay in the Zong family's house for the time being. She thought that Su Cha would stay there, but she did not expect Su Cha to be staying directly at Bo Muyi's house.

She lived with her boyfriend at such a young age?

In the past, her grandfather said that the people in the country were conservative, so she deliberately pretended to be obedient and pleasing towards the old man. Now it seemed that he was very open-minded.

His granddaughter was living with someone else?

Of course, no matter how stupid she was, she would not say it out loud. She just realized that this was a good opportunity. When Su Cha and Bo Muyi were about to leave that night, she asked innocently, "Sister, I want to play with you. Can I stay with you tonight?"

Su Cha turned her head. If not for her rationality, she would have asked, Are you sick?

Of course, Bo Muyi did not disappoint and rejected her again. "No outsiders are allowed to enter my residence."

After saying this, he pulled Su Cha and left.

Sheng Manru turned around in shock. Zong Bingyi coughed awkwardly. “Well... He has always had a strange temper. He’s very possessive of your sister. Don’t say anything in front of him. He will be unhappy.”

Hearing this, Sheng Manru became increasingly jealous.

Such a perfect man was so possessive of his girlfriend. If it were her, how happy would she be?

She restrained the emotions in her eyes. Zong Yanxiu glanced at her and did not say anything.

Chapter 939: A Very Intense Film

When Su Cha returned, she chatted with Bo Muyi about Sheng Manru. “I think she’s quite funny. She intends to get you through me?”

Sheng Manru’s intention was too obvious. She wanted to build a good relationship with her to get close to Bo Muyi.

Unfortunately, it was impossible.

Fu Mo, Le Anqi, and the others who were on good terms with her had never seen Bo Muyi.

It was good enough that she could see him.

Bo Muyi thought for a while and said concisely, “She’s sick.”

He also knew that he was charming, but in his eyes, those who rushed up without hesitation to leave an impression on him were undoubtedly idiots.

He only cared about Su Cha. Others were like sand in his eyes, which was very annoying.

“But she has to stay at the Zong residence for a while. To be honest, I’m so annoyed. She’s also going to the Imperial Capital University. Will she harass me in the future?”

To be honest, Su Cha was a little afraid of this. She could not fall out with her, but that person would probably harass her often.

Just thinking about it gave her a headache.

Bo Mui thought for a while and suddenly smiled. "I have a solution."

Su Cha hummed. "What can you do?"

However, Bo Mui did not say anything.

When Su Cha was about to sleep at night, she heard Bo Mui calling Bai Kun, as if he was explaining something.

His words were actually related to Zuo Zhici.

Su Cha instantly understood. Could it be that he wanted to use Zuo Zhici to deal with Sheng Manru? But... what could she do?

Su Cha soon found out.

After a day of classes, Su Cha and Fu Mo left the campus in the afternoon to work at the company. Soon, they heard about Sheng Manru.

Sheng Manru was quite capable. She became famous on the first day of school.

She introduced Su Cha to others as her sister. Of course, she did not do it on purpose. She just "unintentionally" revealed it when she was making friends.

Fu Mo was surprised when she saw the news. "Your sister?"

“What sister?”

Su Cha rolled her eyes unhappily. “Isn’t she just a relative? The granddaughter of my grandfather’s brother has returned to the country and is staying at the Zong residence temporarily. She can’t be any more unrelated.”

Fu Mo smiled when she saw Su Cha. “Do you not like her?”

“Who would like a woman who has designs on her boyfriend?”

Fu Mo was enlightened.

She went to the company with Fu Mo. When Tan Jinsui saw her, he teased, “I heard you have another sister?”

Su Cha sneered. “Uncle Tan, with your ability, don’t you know the whole story?”

“How would I know? Your father only said a few words to me.”

Tan Jinsui gloated. “But this kind of existence is not worth your attention. Are you worried about that man of yours? Even mosquitoes can’t get close to him—and women are worse than mosquitoes.”

Su Cha chuckled. “I’m not worried about him at all. I just feel that she wants to use my name to get close to him and harass me every day. I find it annoying.”

“That’s not what you should be bothered about.”

Tan Jinsui waved his hand and suddenly took out his phone. He took out a few photos.

Su Cha took a closer look and realized that it was a few photos of her and Bo Muyi shopping in the supermarket yesterday. They were completely high-definition.

She and Bo Muyi looked intimate, like a normal couple.

Su Cha smiled. “This quality is very good. The photo is very artistic. Hmm... it looks like a supermodel photo. It’s really me and my boyfriend.”

Chapter 940: Completely Wrong

“Don’t flatter yourself.”

Tan Jinsui sneered. “These were taken by those celebrities. If I hadn’t seen them and held back the news from spreading them, while these photos would not have been posted by the celebrities themselves, the netizens could still have forwarded them. Even if we could have suppressed that, Bo Muyi would have been exposed.”

Su Cha shrugged. “What can I do? Can’t I go out with him for a walk?”

“I didn’t say that. You have to thank your husband for being powerful. Ordinary people would not dare to expose this photo, but I have another one here.”

As he spoke, he took out another video.

This video was taken one night when Su Cha went to see Lian Chi and Bo Muyi lost his temper.

The car stopped near a square.

It was very noisy in the video, and one could not hear anything clearly. One could only see Su Cha and Bo Muyi hugging at the end. Bo Muyi’s face was a little blurry, but his tall figure and extraordinary aura were enough to leave a deep impression.

Su Cha was stunned. “Someone took this video?”

How could the paparazzi nowadays be so awesome?

“How dare they!”

Tan Jinsui frowned. “The paparazzi didn’t dare to post it even if they took it, but there’s a problem. Someone bought the original copy of this video. The paparazzi originally planned to extort you, but after realizing that they could not afford to offend Bo Muye, they stopped. However, the video was still bought by someone. I don’t know who has the original video, so I can’t find anything.”

“Are you afraid that the buyer will announce it?”

Tan Jinsui pinched his chin and thought for a while. “I don’t think anyone has the guts to announce this matter recklessly under Bo Muye’s deterrence, but I suspect the person who bought it...”

He looked at Su Cha meaningfully. “Was your husband.”

“Muye bought it?”

Su Cha raised her eyebrows. “I didn’t know about this. He never said anything.”

“How could he tell you that he bought this video?”

Tan Jinsui smiled. “It seems that some people will not be able to control themselves sooner or later.”

Su Cha sighed. “If he really bought it, let him be. Can I stop him?”

Although it was not appropriate, if Bo Muye really wanted to do it, Su Cha would not stop him.

However, after the announcement, there would definitely be more issues.

Bo Muye had not made a move yet. Su Cha was not stupid enough to ask him, so she just pretended not to know.

That night, Su Cha received a call from Zong Yanxiu. He asked in a low voice, “Did you tell Zhici about Manru?”

“No, I didn’t see Zuo Zhici today. What’s wrong?”

Zong Yanxiu sighed. “She came over tonight.”

Most importantly, Zong Yanxiu could tell that she was up to no good.

The atmosphere in the house was very subtle. Su Cha knew the reason as soon as she heard that. She chuckled. “Then I definitely won’t come over tonight. Father, tell me if there’s anything.”

Zong Yanxiu was a little helpless. “Okay, I just wanted to tell you first.”

After hanging up, he heard the girl talking on the phone. He rubbed his forehead helplessly.

On the other side, Sheng Manru was dumbfounded by the unexpected guest of the Zong family.

The moment she saw Sheng Manru, she could feel a subtle magnetic field rising between them. That magnetic field was called—complete incompatibility.

She could tell that the other party was looking at her with fire in her eyes, but Sheng Manru did not know why.
