

Chapter 14: Damn she fine.

Ashton's POV

It's time for this meeting. I've decided to bump up training, we still have a few weak links within the pack and I'm gonna weed them out. While walking into the meeting room I was smacked in the face with a heavenly aroma. I took in the scent, I wanted to bottle it up and roll in it.

My eyes rolled to the back of my head. **Mate**My eyes widen, that can only mean one thing. SerenityThe little thing survived my rejection. Well good for her, I bet as soon as she sees me she will come running into my arms. She can never be my Luna but she can definitely be my play thing. I heard sex with your mate was the best experience in life. Hmrrrrrr.

Walking to the middle of the stage, I started the meeting. All the while scanning the building for her. While looking for the runt I spotted a beautiful piece of chocolate. DamnShe was so beautiful. I felt myself drool a little bit. I shook my head to clear my mind. I carried on with the meeting. I was trying to catch her eye but her mind seemed preoccupied with something. Hmrrrr this won't do.

I need to get her attention. One look is all it takes, I'm irresistible. HmrrrrI'll look for her a er the meeting, I need to know who that beautiful woman is and make her mine. I can already feel myself falling for her. Damn she fine! bit my lip with the thought of her withering with pleasure beneath me. Yes I would definitely fuck some shit up.

A er the meeting I went looking for her. I felt a need I've never felt before. I must talk to her before I drive myself crazy. When I finally located her she was conversing with a few of the pack members. Good god!

I've never witnessed such curves on anyone. Most of the female weres around here are sticks. Flat ass, flat tits. I used to think that was my type but just by looking at this woman I'll never be able to go back. Once you go black you never go backShe started for the exit. Oh hell no! have to stop her to get her attention before she leaves.

I started walking towards her. I stopped a few feet in front of her, hoping she would li her head up and see me. But she didn't, she ran smack into me and fell to the floor with a thud. "Excuse me" she said a bit too harshly for my liking. But I couldn't pay attention to that. I was too busy feeling the electric shocks of euphoria flowing through my body. My heart beat accelerated, it felt like it would beat out of my chest. I felt my breathing becomes labored. **MATE!**My wolf roared.

My eyes widen. Serenity!!!. I was frozen. What the heck is wrong with meShe stood up and pushed her shoulders back. Her head was held up, she had a certain confidence radiating from her. Damn baby girlWhen I looked into her eyes I felt like someone stabbed me in the chest. No this is definitely not the serenity I'm use to. Her eyes used to show so much love for me, so full of emotions. She was always so easy to read.

Now I couldn't read her at all. Her face was completely blank, set in stone. She began to walk past me but I was surprised when she shoulder bumped me hard enough to move me aside. Ouch There was no way she was about side step me like that. I grabbed her arm, I don't know why. I just didn't want her to leave. For the first time in my life I wanted someone's action. I wanted to hold her. Something is definitely wrong with me!!!

"Wait." I said. Before I could say another word she turned around and gave me a glare that shook me to my soul. "Screw you asshole!" she spat. Then she yanked her arm from my grasp and stomped out of the house. Woosoooo she is sexy when she's mads it sad to say I was completely turned on? She had my boy standing to attention! I bit my lip.

mmmm mmm mmmml smh. I have to do something. I don't know what but that piece of fine ass is mine and I will have her.

Unknown POV

I watched her stomp out of the pack house a er dissing the alpha. There you go baby, fuck himTo say she became even more beautiful during her slumber would be an understatement. She had the body of a goddess. My goddess.

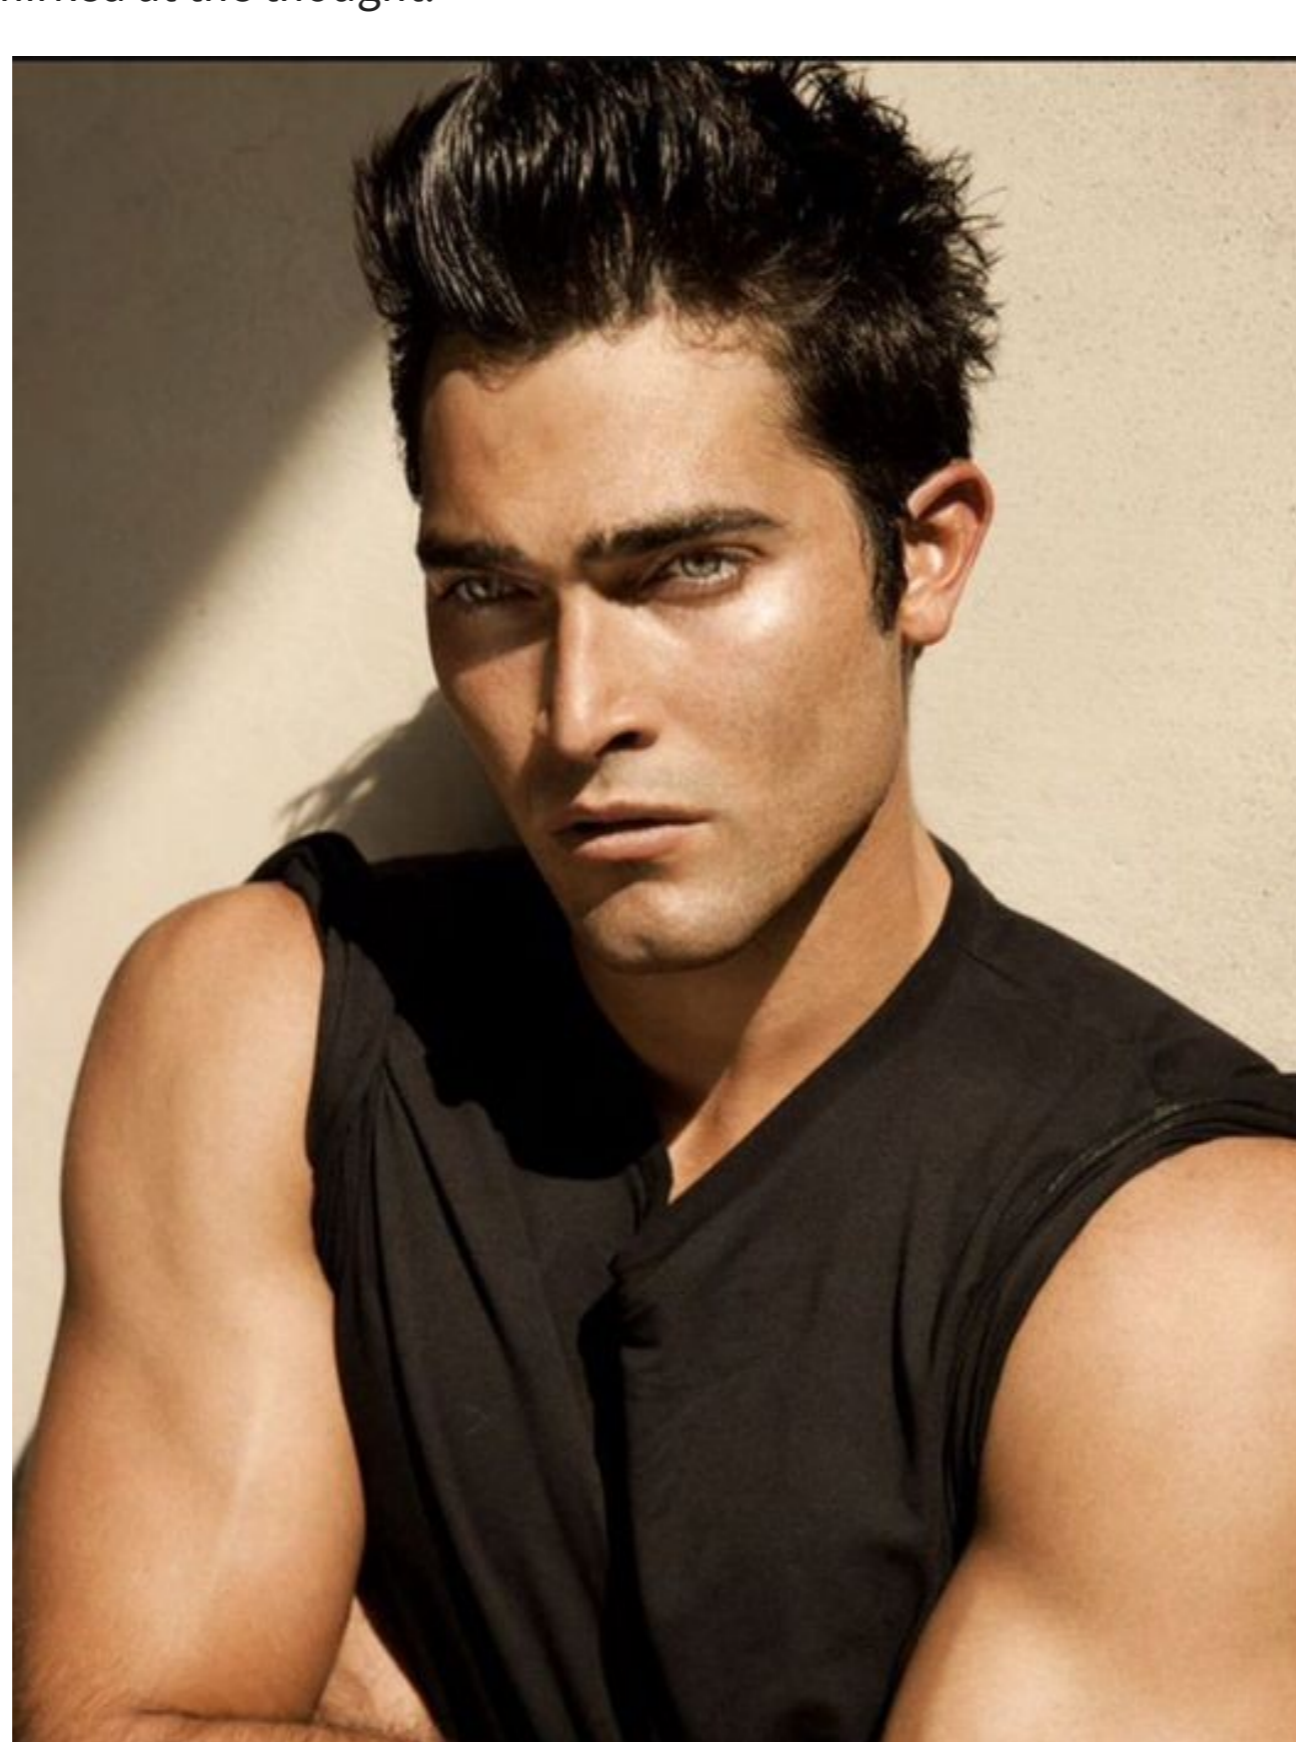

I stopped fantasizing about her when I saw her fall to the ground. Oh babyI ran to her not caring if anyone saw me. What's wrong baby? Her body felt hot, really hot. She's shi ing!! wanted to dance! But now is not the time. I pick up my queen and run into the forest. When I reached a clearing I set her down and she began to shi . I hid in the bushes I didn't want to alarm her.

Being able to witness this beautiful moment with my woman was magnificent. When she finally became a wolf I was in awe. She was beautiful and she had the mark upon her forehead that symbolizes who she was. My my my I never knew I could get turned on by her wolf form. Mmm

I heard her growl out a warning to me. She knew I was here. Should I reveal myself to herShe growled again so I stepped out with my hands raised in surrender. I wanted her to know I meant no harm. When she looked at my face I knew she recognized me. "Hi darling, I was just checking on you. I wanted to make sure my number 1 patient was doing well." I told her.

She yelped out a reply but I couldn't understand her because I wasn't a part of her pack. She gave me the cutest sideways glance. She so damn cute! Do you know how to shi back?" I asked her. She shook her head no. "When you get home picture yourself in your human form, do not do it now because when you shi the back you will be completely naked." I told her. Lord knows I wouldn't be able to control myself if she shi ed back in front of me.

I'd ravish her on the spot, not to mention I've been dying to taste that little pussy of hers. All in good time. Down boyShe nodded her head and then took o like a lightning bolt. Damn she's fast! was honestly happy for my baby. She is coming into her powers. No one will push her around any longer. My heart swelled with pride. I can't wait until she is finally mine. She will scream my name!!! Kealan!!(Key laan). I smirked at the thought.

Kealan

My nose picked up a scent. The alpha is on his way. Should I toy with him?I heard a growl so I stood there and waited for him to make his appearance. He finally came into the clearing and glared at me. "YO" I said 😏. "He bares his teeth at me and growled again. Ooooooo I'm so scared! rolled my eyes and that seemed to piss him o. He charged at me and I leaped over his back like I was playing leap frog. He is slow af.

"If you ever plan on catching me you will have to be quicker than that." I said nonchalantly. He growled again. "I think it's time to take my leave dear alpha boy, but I'll be back. My treasure is still here and I'll be collecting it soon" I said. I shi ed into my black wolf and took o, knowing he wouldn't catch me. Serenity.

Serenity's POV

I ran home as fast as I could. When I got to my door I realized that I couldn't open it with my paws. Ugh. So I did the only thing I could do at the moment. I scratched at the door. A er a while my dad opened the door. I smiled my wolfy smile with my tongue hanging out on one side. "Serenity?" He said in shock. " Hi daddy!" said through the mind link. Then I jumped into his arms knocking him down to the ground.

I gave him lots of wet kisses. "Look at you sweetheart! I'm so proud of you!" He said and hugged me close. A er he let me go I trotted to my room to shi back. I did exactly what doctor Ho man told me. Once I was back in my family my stomach decided to make an appearance. My tummy growled with a vengeance. Foosoooooo! ran downstairs to the kitchen to find dinner already served. My mom and dad were waiting for me. Ahhh it feels good to be home.let out a sigh.

A er dinner ya girl was beat. You'd think that a er sleeping for 3 years I wouldn't be tired at all but I am. It's time to get some sleep in my big comfy bed. Yasssssss! stripped down to my underwear and jumped into my bed. There's no place like home, there's no place like home. chanted in my head until I slipped into a deep slumber.
