

Chapter 15: Training day

Serenity's POV

"I'm in love with the coco!" I sang as I was eating a bowl of coco pu s. I love this cereal. I awoke this morning feeling like a brand new person! I don't expect to feel so good a er being rejected but I do. I'm currently waiting for Eryan's tank head ass to come over. I feel like she is hiding something from me, I just don't know what. But you better believe I will find out.

I'm so tired of being le in the dark. I know my family, they are super protective. I'm di erent now, stronger. I don't need any to protect me. **Prove it then**My wolf sasses. She's mad that I'm not communicating with her. Well she better get used to it because pay back is a mutha! She didn't speak to me for 3 years and she doesn't feel the need to explain.

Eryan ran into my house fast slamming the door behind her. She let out a deep breath . "Woooooo that was close ." She let out breathlessly. "What's going on berry?" I asked with a raise brow. "Nothing girl! I saw a frog you knooooow I don't like those things ." She said. I don't know who she thinks she's fooling,gave her a look and kissed my teeth. "When you ready to tell the truth get at me." I said walking to my room and slamming the door in her face.

Eryan's POV

To say I am shocked is an understatement. Serena has never and I mean never shut me out. Damn she must really be angry.let out a deep sigh. I'm gonna have to tell her now. She's gonna be pissed. "Serena please open the door, come on I'll spill but you have to promise not to take any form of action." I said through the door. She cracked the door open and stuck her cute little pinky out. Ugghghhhh why is she so cuteWe made a pinky promise and she let me in her room. We both took a seat on her comfy bed. I let out a sigh as I looked at her.

Just be honest:"So 3 years ago a er you went into your coma, I was so upset and distraught that I decided to tell the current alpha what had happened. So he confronted Ashton about it and of course Ashton said it was a lie." I began. She was paying very close attention to what I was saying. "When he rejected you again I'd lost it. I disrespected my future Alpha by calling him a weak asshole. So when he became alpha a few months later, he banished me. Serenity I am a rouge, every day I came to see you in the hospital I was risking my life."

When I looking in her face I was again shocked by her reaction. She was smiling, not a sweet smile but a creepy one. "Serena? Honey are you okay?" I asked. She shrugged her shoulders and nodded her head. "Yeah I'm fine girl, thank you for telling me the truth." Then she let out a sigh.

"I don't want you to continue to put yourself in danger on account of me. We will find a pack for you to join." She said with determination. My eyes began to water, this is why she is my best friend. She will never give up on me. I pulled her to me to hug her. "Ewwwww get o me you got cooties." She said.

Serenity's POV

To say I was angry was a complete understatement, I'm fucking livid. How dare he! I'm gonna get his ass if it's the last thing I do! As I was silently fuming a thought occurred to me..... should I ask her?Sooo what about your mate Jordan? Her face went from happy to sad then mad to heartbroken. Oh sweetheart."He doesn't want or love me." She said sadly. "If he did he would've stuck up for me or even help me in my time of need. He hasn't even tried to find me sis." She said her voice breaking.

Smh both of us got the short end of the stick. "He doesn't deserve you sis, there is someone out there that will bring you complete happiness." I told her. She smiled sadly and said "ditto." We both sat in a comfortable silence for a while. I was thinking of ways I could make both of theses fuckers pay. Jordan is an asshole! Following behind Ashton's every move like the little pup he is. I've made up my mind. I smile evilly. I'm going to break them in every shape and form. **I think it's time for you to take your place as Luna**eah? Who asked you traitor ?

I have training in a few minutes so Eryan had to leave. I pray to the moon goddess that my friend will be okay. I'm gonna help her through this to the best of my abilities. I plopped onto my bed and let out a heavy sigh. I don't wanna train. Don't I get days o or something? **This is the perfect time to get some revenge**My wolf said. I'm listening.

I smiled at her evilness. Oooooo this is going to be good! I put on my jogging pants and a white tee. I ain't trying to be cute today. I'm gonna kick some ass!

I made my way to the training field. With every step I took I felt and I unknown energy flow through me. It felt good. I got to the field a little early. I wanted to meditate and clear my mind. One thing I've learned while in my solitude was that I do things better when my mind is clear.

While doing so my sensitive ears picked up the movements of my fellow pack members approaching. I decided that it would be best to ignore any negativity that is bound to be thrown my way. "Hey." Some random guy said. I waved and that was it. I guess the guy wanted to talk to me but I really wasn't up for it. He kept staring at me. Why do people do that?You are being rude" I said under my breath. "Sorry I can't help it, your the most beautiful woman I've ever come across " he replied.

I blushed. "Errrr umm thanks" I said. He smirked "no problem " he replied. Woah calm down bitch, now is not the time to become side tracked!I'd be lying if I said he wasn't cute. **Pull it together, mate is coming!** Shut up he is YOUR matd.could care less about his fuckboy ass. **Lies!**

"Attention everyone, today we will be training and it will not be a walk in the park. Well will work on combat, stamina, strength, and agility." Ashton began. Fml(ಠ_ಠ) . We will start with stamina, there are over 250 wolves in this pack you all will be put into groups of 10. You will race and the winner will go on to the next training task. Loser will race again and again until they win" Ashton finished. Was I ready? Hell no! Do I got this hell

Everyone started to head towards the track. While walking, me and the guy were talking. He's actually a pretty cool dude. Ashton spotted me and made his way over to me. He had a look of hunger in his eyes. I don't know if I should be happy he finds me attractive or mad. **Happy duh!**"Hey" he said with a smile. Any other time I would've gushed with happiness. But now I would honestly like to scratch his eyes out. "Can I help you alpha?" I asked Cooley.

I can tell he wasn't expecting my response. "Errrr no, I just wanted to see how you were doing" he said, scratching he head. What's that? Alpha nervous?☺️ "I'm doing just fine a er being in a 3 year coma a er YOUR rejection." I said sarcastically. "I'm fucking peachy!" I said with a sneer and walked on to the track.

Ashton finally picked his face o the ground and we got to work. "At the sound of my whistle began" Ashton announced. On your mark, get set , GO! At the sound of the whistle , I took o . **Pace yourself, you don't want to become winded too fast**aking my wolfs advice I soon noticed I took the lead. There was a guy to my right he is known as the fastest runner in our pack and he was advancing on me. **Stay focused and breath.**

2 laps down 1 to go. This guy was catching up to me. There is no way I he'll im running this race again!pushed myself, while doing so I felt the same burst of energy I felt earlier. My breathing increased and i started to run faster! I took o everyone was a good 5 feet behind me. I reached the finish line panting like a dog (no pun intended). What in the world was that?

Ashton came up to me again. What's with this asswipe?Good job serenity." He said. I gave him a dry look and flicked him o . "Fuck o ashton!" I replied. As I walked away I felt pride in myself. I did it! wanted to jump up and down and rejoice. But I couldn't just yet. This is only the beginning of training. Lawd help me!
