

Chapter 22:

Ashton's POV

Today is a new day. So far I've undone most of the damage I've done to the people of my pack. Most of them have accepted my apology but I know as a leader I have to do better by them. I still want to be a powerful alpha and in order to do that I need my pack behind me 100%.

I will rule as the most powerful leader and I'm going to start by killing the rouges that have been troubling me. Their leader is a pain in my ass. So far I've only managed to capture one of the rouges so far, he's being held in the cells for questioning. It's frustrating because he won't talk but soon he'll crack and tell me everything that I need to know.

I've been thinking of the perfect date to take serenity on but nothing is coming to mind. I'm trying really hard to impress her. I want her to know I've changed. I look at all of the mated wolves in my pack. I look at the love that they have for each other, I desperately want that but I fear my little mate won't forgive for everything that I put her through.

I don't blame her, your an ass.

Shut up who asked you! shake my head trying to clear my thoughts.

I want mateMy wolf whimpered. I know I do too. I was so stupid to have ever let her go. I should've accepted her and loved her. I think back to all of the good times we had together before I was shipped o

to training school....

***FLASHBACK!!!!**

"Ash? Do you think that I'll have a mate?" Serenity asked. "Of course you will, you're a werewolf. Duh" I replied. "Yeah I know that I'm a werewolf but I still haven't shi ed yet so maybe I won't." She said sadly. I gave her a look

"Catch me if you can slow poke". Serenity yelledchased a er her at a slower pace because she hasn't shi ed yet and she's super slow .

I'm gonna get you!I called out to her. I decided I'd walk to catch up with her. I wanted her to have fun. While walking I became distracted by a butterfly. "Aaaaaaah help me!!! Someone help!!!!Iheard.

"Serenity"!!!!I yelled. I picked up her scent.

She was surrounded by rouges. **Protect her**My wolf said. I shi ed into my wolf and began to fight with the rouges. "Serenity get out of here now!I yelled through the mind link. "What about you!" She said. " I'll be okay, just go!I replied. I grabbed a rouge by the throat and bit down hard. I snapped it's neck and charged at the next one.

Kill them! No one goes a er my girl!!! " Wait, What?"

I was too busy fighting that I didn't notice another rouge sneaking up on me. He attacked my flank! I let out a strangled yelp! "Mother fucker!"That hurt! Out of nowhere I watch as the wolf collapsed.

Serenity hit it over the head with a huge rock. He got knocked the fuck out!!!

The rest of the rouges started to flee! Thank god!Are you okay Ashy poo?" She asked with a smile. ☹️ " I'll told you a million times not to call me that prince\$I replied. We started to walk back to the pack house but I felt a sharp pain in my butt. I le out a whine, I was still in my wolf form so my wounds will heal faster. But it still hurts like a bitch.

"Are you okay ash?" She asked, with a concerned look on her face. I nodded my head. "Come on lets get you to the healers" She said. " fine princess.I said through the mind link. She gave me a look☹️.

"Your going to the healers now! Don't play with me boy" She said trying to be a hard ass.

She's so cute. When we finally made it to the healers I was immediately surrounded by the doctors. I then decided to shi back into my human form. Serenity turned her head and blushed. I smirked at her, My mother and father soon came while my wound was being treated. "What happened son?" My father asked. "Serenity and I were hanging out in the forest when we were ambushed by rouges, I was bitten while fighting them o ." I told him.

My dad nodded his head and spoke to me through the mind link. " You are next in line to be Alpha, a few rouges shouldn't have been a problem"he snarled. I looked down feeling disappointed. He's right though. I need to be stronger if I'm going to lead a pack full of people.

"I'm going to send you o to a training school in Russia this summer, prepare yourself son. It's time you became a marlIjust nodded my head.

Damn. I have to leave my friends and serenity. I felt a pull in my chest when I thought about leaving her, she's my best friend and the most important person in my life. **Don't want to leave.** My wolf said sadly. Me neither buddy, but this will be good for u\$told him.

A er my parents le , it was only me and serenity. "How you holding up water head?" She asked. "You got jokes" i replied. She smiled and said "yup!" Popping the P at the end. "Lets blow this joint fighting o rouges got ya girl hungry" she said. "You ain't fight shit little girl!" I said.

"You right, but I'm hungry and I want takis!!!" She said with a pout. "Okay big baby lets go get your food." I told her shaking my head.

She's something else. My wolf said. Perfect.

****END OF FLASHBACK!!****

Everything changed a er that. Training was hard and borderline torture. That's why I have to be powerful, there is no room for weakness. I don't want to disappoint my pack or my father but I'm weak. I have a big weakness. Serenity. I've known for a while now that there was a possibility of her being my mate. I knew she would be my weakness so I pushed her away.

Now I'm su ering even more without her. I can't think straight, I can't eat or sleep. I need her but I fucked up. Hopefully I'll win her back one day but for now I'll take what I can get. Her friendship, I need my best friend back. I'm gonna take her out on a date she will never forget.

Hopefully I can tell her how I really feel.

Until then I'll just say dream for now. Whether she likes it or not, she's mine!

Eryan's POV:

I'm currently on a mission to get to my parents place. It's a true mission indeed because my mind won't leave me alone.

It's been so long

But I'm so happy to be apart of the pack again. It feels great! I'm finally going to be able to see my family again. Im super nervous though, I haven't seen anyone in years and I can't help but feel like a disappointment. I was a rouge a er all, they probably hate me....

Maybe I shouldn't visit so soon....

Nope I have to face them eventually. I finally made it to the front door. Knock stupid. **"Who you calling stupid? Stupid!!**My wolf said. Shut up!

I'd raised my fist to knock on the door when it swung open and almost hit me in the face. "My baby!" My mother yelled. She pulled me into a bone crushing hug. "Can't breathe woman!" I choked out.

She let me go and grabbed me by the cheeks. She looked into my eyes as hers began to water. "I thought I'd never see you again" she said as she began to sob.

Her tears brought out my tears. She hugged me to her chest. "I'm so sorry I couldn't stop him darling, it hurt so much to let you go. I should've been there for you, please forgive me" she said. All I could do was hold her closer to me and nod my head. I know it hurts to watch your only child become a rouge. It like losing a part of yourself.

I'll always forgive her. I'm just happy she's not angry with me.

"How's daddy?" I asked. Her face lost its smile and a frown replaced it. "Your father hasn't been the same since you le . He doesn't talk anymore. All he ever does is sit in his o ice and stare at the picture of you and him when you were 5. He misses you terribly." She said. Oh daddy.

"Is he here?" I asked. She nodded. I ran as quick as my feet would take me. I knocked on the o ice door and waited. Nothing...J knocked again. Humph..."daddy!" I said quietly. A er I uttered that word, i heard shu ling in the next room. Okay now I'm worriedI opened the door to his o ice to find him on the floor in fetal position holding his head. "Stop playing tricks on me" he yelled.

"Daddy stop" i said. He squeeze his eyes shut and opened them again. "It's me daddy." I said in a small voice. "E e Eryan?" He whispered. "Yes daddy I'm here." I told him. I held him tight. I felt horrible, i didn't realize how much I put my family through. **It wasn't your fault**My wolf said.

But still I felt my parents pain. They felt like they lost a child, which they kinda did. "I'm so sorry daddy" I whispered. He held on to me like his life depended on it. We held each other for what felt like hours.

I spent the entire day with my family and I can honestly say that it was the best day I've had in years. When it was time for me to go my parents didn't want to let me leave but I promised them that I'd come back tomorrow.

While walking home I had a feel that I was being watched. Hmmmmm. **Do you smell that?!** I smell it if you smell it!rolled my eyes. When I caught on to the scent and growled. "Stay away from me" I said calmly. "Why?" He asked. "Because if you come near me I will lay your ass out! Try me!" I said. He walked into the clearing.

Hot damn!!! Shut up you horny wolf!!!! **Don't be mad because bae is fine!** I've seen better.... **umhm**growled out a warning. He began to walk closer to me. He stopped just a foot before me. Oh he think this is a joke? crossed my arms and gave him a look. ☹️

"How've you been?" He asked "wtf do you want Jordan? I don't have time for this" I said with much attitude. " you don't have time for your mate?" He asked. "Mate? What mate?" I asked confused. He growled at me barring his teeth.

I laughed at him. "I don't have a mate honey. But when I do find me one and you better believe I will. He will cherish me, be faithful to me, and be there when I need him to be." I finished with my hands on my hips.

That's when fuckboy Jordan lost his flipping mind! His eyes turned pitch black and his teeth sharpened. He launched for me so I did the only thing I could think of. I kneed him in the balls! He instantly fell to the ground in pain. "Let this be a warning to you fuckboy!" I said and ran to my house before he could get up. That will teach himWhile making my great escape I heard him yell my name.
