

The Savior 341

Chapter 341: The origin of the war against foreign countries (1)

“I heard that there are water ghosts in the moat recently. I’m afraid the messenger of death will rush over soon.”

“The Academy has given you a day off today, so you should stay at home. You’re not allowed to go out and mess around. The weather has been hot recently, so you’re not allowed to go into the river to take a bath.” It was June and July, and it was almost Lulu’s birthday. Madam Xia did not forget to remind her.

Jiang huailu’s lips curled up.

“Lulu doesn’t want to play with them. They’re competing to see who can urinate the highest, and they don’t even bring Lulu along.” Jiang huailu was not happy.

Lulu, you’re a girl now. You can’t mess around. Madam Xia’s forehead twitched. He was afraid that his daughter would be corrupted.

“Oh,” Lulu replied quietly, looking very honest.

“Little Lu, I’ve been quite busy these days. I’ll have to trouble you to look after Lulu for me. Don’t let her eat any sweet food or greasy food. He also made her run a few laps in the courtyard every day and let her finish the homework prepared by the teacher. That’s right, keep an eye on her needlework. If she goes back in the future, she won’t be a laughingstock.” The Xia family seemed to be very busy recently, and they were already very busy with the upper-class nobles of Huangdu.

Mrs. Zheng was also happy to bring her along and support her.

Jiang huailu also heard some rumors.

Probably, probably this group of people from the barren capital was not far from returning to the capital.

His mother had left the Jiang family and had to seek refuge with someone else before she could return to the capital.

Lu huaijiang looked at Madam Xia and nodded. alright. I will watch over it strictly.

Jiang huailu shrunk her head. Lu huaijiang looked at her deeply before asking someone to prepare hot water for her.”It’s too hot today. Lulu, go and wash up first. Later, big brother Lu will bring you to write and do embroidery.” Jiang huailu responded slowly.

When she came back from washing up, Lu huaijiang was already standing in the courtyard with his hair down.

Under the scorching sun, the young man was dressed in white, as beautiful as a painting.

Jiang huailu's hair was still dripping water. Lu huaijiang frowned slightly and had to let her sit down, gently wiping her little hair. It was furry and very comfortable.

"Lulu, do you want to go back to the capital?" Lu huaijiang asked softly.

Lulu leaned back in his chair, his eyes still drowsy and his little face still a little dazed from the sun."Yes, I do."

Lu Jinghong said that there's a lot of good food in the capital, so I want to go back ... Eat, kill, kill, kill ... Evil ..." Huhu, before he could finish speaking, he fell into a deep sleep on the chair.

Lu huaijiang's hand that was drying his hair paused slightly. His eyes were deep and his expression was calm.

It was as if he had regained some of the calmness he had when he was the Crown Prince.

"What will you do after you return to the capital?" It was as if a soft sigh had come from the wind and disappeared with it.

Yet, it was as if nothing had happened.

Jiang huailu fell asleep and it was already evening when he woke up.

Lights were lit everywhere, and the few maidservants in the residence were already busy. Because of the hot weather, dinner was prepared early.

The Xia family also took the watermelon frozen in the well. The skin was green and the inside was red.

It was said that they were Tributes from foreign countries, and that the first Prince had brought them from the palace. She gave a few to city Lord yang, and Mrs. Zheng gave her one.

It was cut into several pieces. Because Lulu was a woman and the watermelon was too sweet, she only ate one piece.

After eating, he ate the melon skin.

He looked at the crowd and swallowed his saliva. the melons of the foreigners are so delicious. Why don't you take them down? "

The two people from the Jiang family rolled their eyes in unison.

Lu huaijiang suddenly raised his head and looked at her seriously.

His eyes seemed to be thinking about something. Jiang huailu didn't take a closer look, but brother Lu looked away..

Chapter 342 - 342: Helping her do her homework again (1)

"In order to eat a few mouthfuls of melon, I'll beat up foreign countries for you. Do you think you're a demoness who can bring disaster to a country and its people? You're really capable!"

Jiang Huaian couldn't help but complain.

“I’m not a demoness, I’m not a demoness, ” Jiang huailu said with her hands on her hips. You’re insulting me!” This is an insult to the Savior!

Mrs. Xia didn’t even raise her head and glanced at her daughter’s small round belly.

“A demoness? The demoness has long legs and a thin waist. For the sake of two mouthfuls of watermelons, she’ll conquer the world for you. You have short arms, short legs, and a round stomach?”

“What are they planning? Was it because Lulu ate a lot? Trying to make Lulu’s stomach round? Are you trying to make Lulu thick-skinned?” Madam Xia couldn’t help but tease her daughter. This girl really thought too much.

The only ones who could conquer the world now were His Majesty and the Crown Prince.

These two people fighting foreign countries for a little fatty, what a joke.

Little Huai Lu was so angry that the braids on her head were raised.

“Mother, you’re bullying me, you’re bullying Lulu. Which part of Lulu was chubby? Which part of Lulu was short? Lulu isn’t ugly.” Lulu stomped his feet in anger.

Everyone in the room was overjoyed.

Jiang Huaian wiped the tears from the corners of his eyes and grinned widely. “Yes, yes, yes, you’re not ugly. But His Majesty and his Highness are not so blind as to fight for a little fat girl, are they?”

Little Huai Lu pouted and mumbled, her eyes wide open.

Lu huaijiang saw her aggrieved look and coughed lightly. well, not necessarily. He coughed dryly. He, he really wasn’t sure.

what’s so good about having a thin waist and long legs? brother Lu, who do you think is prettier, Lulu or a Vixen with a thin waist and long legs? ” Jiang huailu immediately turned around and pointed at Lu huaijiang. Lu huaijiang was clearly enjoying the show, but he didn’t know how the fire had spread to him.

Just as he was about to make fun of her, he saw that the girl’s eyes were filled with stubbornness and anticipation.

That trace of anticipation actually made him unable to even say a word of ridicule.

He immediately took a bite of his melon and said slowly, “”You’re good-looking, you’re good-looking. You look good, okay?”

To him, there was no difference between men and women.

There were many beauties in the palace, but the ones he had killed the most were also beauties.

Jiang huailu smiled through her tears and immediately turned to look at her brother and mother arrogantly, it’s obvious that your eyes are disabled. Brother Lu said that I look better. He even patted his stomach smugly after he finished speaking.

Mrs. Xia laughed so hard that she covered her face, little Lu, don't spoil her. This girl is being pampered and spoiled by us all day long until she can't find her North. In the future, ah, she won't be able to get married."

His tone was filled with love.

"If she can't get married, my brother Lu will." The little girl lowered her head and muttered, but no one heard her clearly.

On the contrary, Lu huaijiang's fingers curled slightly and clenched into a fist.

As she was speaking, Madam Xia threw away the melon skin and said lightly, "'Oh, right. Lulu, bring today's homework and the flowers you embroidered here."

The little girl's face stiffened, and her lips opened slightly, showing a rare panic.

Lu huaijiang couldn't bear to see her frightened look. He raised his hand and held her hand, as if comforting her. Then, she handed over her homework and two crooked flowers that she had embroidered.

Jiang huailu's expression tightened, but Lu huaijiang was very calm.

Xia Shi opened it and saw that it was Lulu's handwriting.

This little flower was much better than before. It could be seen that she had worked hard in private.

Xiaolu heaved a sigh of relief and squeezed brother Lu's palm.

A smile appeared on Madam Xia's face, "it's good that you know how to work hard." Mother, there's hope now. Mother had always thought that such an outstanding pair of children would be implicated by the Jiang family, but did not think that there would be a ray of light at the end of the tunnel. We, ah, will soon have a way to return to the capital."

"Lulu, you need to work harder."

Madam Xia gently took a breath, and there was some struggle between her eyebrows..

Chapter 343 - 343: Lu huaijiang's hostility (1)

"Lulu, you didn't have to leave the capital back then."

Madam Xia sighed softly, and the servant brought some clean water to wipe her hands.

"The Jiang family still has some connections. You're just a three-year-old child, so no one will argue with you."

"At that time, someone came to ask the Jiang family if they could send the female family members to the palace to be maidservants. In order to avoid the death penalty, being a servant girl is also possible."

Lu huaijiang's expression turned dark again.

“It is just that one did not know why the Crown Prince knew about it. He had once bluntly said, “wasn’t the Jiang family all proud and unyielding? Since you are not willing to submit to him, then you should have some backbone and not

CIO nmgs 11Ke Demg a slave and slapping your race.”

“If he sees a daughter of the Jiang family enter the palace, he will not let her off easily.”

At that time, when His Highness said this, no one dared to help the Jiang family. Only then was Lulu sent here to be beheaded. Fortunately, the tables had turned and he was exiled instead.

“When the Jiang family returns to the capital this time, if His Highness awakens, he will definitely make things difficult for the Jiang family. Lulu, when you left the capital, you even tore the hem of His Highness “clothes, causing His Highness to lose face. I’m afraid he’ll be caught for his little braids.”

“Mother can only teach you strictly. If I let you go now, I will only harm you when I return to the capital in the future.”

“Everyone says that the barren capital is a city of exiles. They were all places where evil people gathered. But Lulu, do you know that aristocratic families are even more filthy and hide evil that the world can’t see? When we return to the capital this time, because His Highness is not happy, I’m afraid that many of the noble families will use you against you and make Lulu feel embarrassed.” The Xia family didn’t know if Lulu would be able to adapt to life in the capital.

Lulu was so happy here.

In the capital, he was locked up for three years and did not even take a step out of the door.

In terms of happiness, the capital was far from being comparable to the barren capital.

Lu huaijiang’s throat was dry, and he couldn’t help but touch his throat. He carefully looked down at Jiang huailu’s eyes.

“So he’s that bad?” Lulu’s eyes widened.

It was indeed an evil. No wonder they had to kill the evil to return peace to the world.

Wouldn’t he be even more terrifying if he were to destroy the world in the future?

“Maybe he’s excusable?” A trace of guilt flashed past Lu huaijiang’s eyes as he spoke in a low voice. But thinking about it, it didn’t seem like there was any reason for it, but he couldn’t just admit it.

The little girl’s delicate nose wrinkled. there’s no reason. I just did as I pleased. I did whatever I wanted.

Lu huaijiang’s heart twitched when he saw the trace of disgust in her expression.

It was so painful that his limbs gradually turned cold.

“When we get back to Beijing, Lulu, you’re not allowed to say anything bad about him. No matter what, he was the Crown Prince, a Highness who held the power of life and death. Lulu had to learn proper etiquette so that no one could find any mistakes. To avoid being blamed by His Highness and being caught by the capital.” Xia Shi carefully instructed her, and Jiang huailu nodded seriously. Lu huaijiang didn’t know what to say when he saw how serious and cautious they were.

He only felt an unbearable sourness in his heart.

That night, after the Jiang family fell asleep, Lu huaijiang laid on the bed and felt a fire burning in his chest.

It was as if a raging fire was burning him, and there was a faint black gas between his eyebrows. His eyes were slightly red, as if he was about to lose his mind.

Lu huaijiang suddenly sat up and clenched his fists. The surrounding space was distorted.

Lu huaijiang held on to his last trace of rationality and turned into a ghost and left the room.

No one noticed the sudden hostility between Lu huaijiang’s brows that could not be dissolved.

Late at night.

The night watchman was wandering around, and the stall vendor was still setting up his stall at night. A pregnant woman was standing beside him to help.

Lu huaijiang landed behind the stall owner.

There was no emotion in his eyes, and his entire body was filled with an irrepressible killing intent..

Chapter 344 - 344: A moment of clarity for her (1)

The darkness seemed to have surrounded Lu huaijiang.

The hostility and loathing of the world almost made him sink into it, and there was a faint red light around his eyes. The murderous aura that shot up to the sky made everyone from the hall of salvation pale.

“There’s an evil.” The mother-in-law at the head of the bed suddenly appeared in the hall of salvation.

“This aura is somewhat familiar, as if it had appeared in huangdu before. It’s huge and presumptuous, have the messenger of death return to the city quickly.” In an instant, Chu Liang headed towards the inner city.

At this moment, Lu huaijiang seemed to have lost his mind. The light in his eyes was filled with deep ruthlessness.

The stall owner was chubby and was currently kneading the dough into small balls. The pregnant woman next to her reached out to wipe the cold sweat from her husband’s forehead.

“It’s been hard on you. You’re eight months pregnant, but you still have to come and help. After I’m done with my work, I’ll stay at home with you until the child is born.” The honest man was apologetic, and the woman beside him was kind and gentle.

“What are you saying? you’re doing this for our family. You wake up early and sleep late, the child in your belly knows that it’s hard on father.” The woman was very understanding of her husband and lived a harmonious life.

At this moment, Lu huaijiang did not have any reaction. Instead, he raised his hand slightly and was filled with killing intent.

Just as she raised her hand, she saw the stall owner suddenly wipe his hands and take out a pair of clean Pearl embroidered shoes from under the table.

The mud on the embroidered shoes had been wiped clean.

“Wifey, look, these are the Pearl shoes I collected today. A young master came in the day and in order to coax his little wife, he even pawned his shoes for me. I exchanged it for a string of glutinous rice and Osmanthus honey balls.”

“Look at these pearls, they’re all high-quality goods. It wasn’t washed before, so it couldn’t be seen, but it was a pair of good things. When you give birth, I’ll take it out and leave a few for you. I’ll sell the rest for the child to save.”

“You don’t say, that young man and the little girl are very compatible. They were like a Golden Boy and Jade girl, and they would definitely be a good couple when they grew up. I didn’t expect that the young master, who looks cold and quiet, would dote on his wife.”

The woman holding her stomach reached out and took the Pearl shoes. The shoes looked like they were tightly stitched with exquisite and small pearls sewn on the sides.

“That young lady has a good life. There are several child brides in Huangdu, but they have never met the right person and have been in pain for a lifetime. Don’t you know how to give her a few more skewers? if the little girl likes it, then give her more.” The woman was kind and smiled, seemingly extremely kind.

The stall owner hurriedly wiped his hands and helped her sit down.

“This is also a coincidence. It just so happens that it’s sold out, and there’s only one string left. The little girl was so greedy that she was about to cry.”

“I’ll give her more when I see her tomorrow.”

“I hope that our child can be as delicate and lovely as her. Forget it, forget it. No, no. Although that girl looked chubby, her aura was not ordinary. We can’t protect such a good-looking child.”

He was full of praise for the child.

“Don’t tell me that she and that young master are really a good match. The little girl was so anxious that she was about to cry. That arrogant young master actually took off his shoes and pawned them for me. ”

Lu huaijiang, who had lost his rationality, only heard that she was about to cry.

I’m going to cry, I’m going to cry.

It was as if only that one sentence had broken through the barrier and reached the bottom of his heart. In that pair of chaotic eyes, there was a moment of clarity.

I can’t kill him!

If she killed him and couldn’t eat the glutinous rice balls, she would cry. In that moment of clarity, Lu huaijiang turned his head and walked out of the city..

Chapter 345 - 345: Lu huaijiang’s disappearance (1)

Lu huaijiang had not returned for three days.

Ever since they finished eating the honeydew that day, Lu huaijiang was clearly still sleeping well that night, but the next day, he was nowhere to be found.

However, Yin souls were often killed outside the forest.

“Will little Lu be in danger? Little Lu doesn’t have anyone to rely on in huangdu, so where can he go?” The Xia family was indeed good to Lu huaijiang. Knowing that he had no relatives in huangdu, they simply took him in to live in the mansion.

Lulu was indebted to him, so she was willing to take care of him.

Jiang Huai ‘an thought for a moment before he left the house. Seeing his mother’s expression, he said, ” I’ll find some time to look for him when I’m on duty this afternoon. Little Lu is a person with a sense of propriety. He must be tied down by something.

“You and Lulu don’t have to worry. It’s almost the middle of the seventh month. However, the outside world is no longer peaceful. I’m afraid the strange happenings in huangdu can’t be suppressed anymore.” The hall of salvation was very famous now, and the outside world wanted to rope them in.

In the past two months alone, countless groups of outside forces had come to the barren capital.

They were all trying to rope in the hall of salvation.

Even the evil spirits in the outside world were panicking. There were even rumors that countless ghosts would come to barren city in the middle of July this year.

The city Lord and the others had been going in and out of the Savior Hall frequently in order to cooperate with the Savior Hall to resist the threat.

Originally, the hall of salvation had not attracted any attention from the outside world. Now that the hall of salvation was getting stronger day by day and was walking out of Huangdu step by step, there was no way to stop it in the future.

“Mother knows. Be careful on duty. Recently, there have been many foreigners in the city. Some have come to ask the door God to guard their houses, and some have asked for the protection of the hall of the world. No matter what, Huangdu has lost its former peace.”

The two of them could not calm down.

On the contrary, Jiang Huailu was squatting at the foot of the wall, holding a cup and gargling with salt on a willow branch, but she was a little absent-minded.

“It’s Lulu’s birthday the day after tomorrow, what would Lulu like to eat? Big brother will bring some back.”

“Her birthday was half of the seventh month. Although Huangdu has returned to peace, I’m afraid that the city will be sealed off on half of the seventh month.

Lulu won’t be able to go out then. I’ll bring back whatever you want.” Jiang

Huaian said with a smile. Lulu’s mind had been elsewhere for the past few days, and she was probably thinking about young master Lu Jiang.

For the first time, the little guy felt that his appetite was weak. He spat out some mouthwash and waved his hand dispiritedly.

“Lulu is probably sick and doesn’t want to eat,” Jiang Huailu was sickly and seemed to be out of energy.

Madam Xia laughed and looked at her. Ignore her. Just buy what she likes as usual. It’s probably because the weather is too hot and the summer is a little bitter. ”

Lulu and little Lu were on good terms, so this little girl was probably worried about brother little Lu.

From time to time, Jiang Huailu would sit on the steps, his eyes dazed as he looked into the distance.

It was as if she could no longer sense brother Lu’s presence.

These days, the hall of salvation had been searching for Chu Liang, but three days ago, Chu Liang felt a power that was out of control. Jiang Huailu guessed that it was probably him.

“Don’t be anxious. By the way, I accidentally heard that little Lu’s birthday is also in July and a half. This was his eleventh birthday. After the seventh month and a half, he would be twelve years old, a teenager. Mother will rush out a set of clothes for him these few days, Lulu must not be jealous.” Mrs. Xia pinched her daughter with a smile, wondering if she had really lost weight. This girl’s cheeks were not as thick as before.

“Just make it for him. Lulu isn’t a miser.” After he finished speaking, he lowered his head and returned to his room with a gloomy expression.

She seemed to be used to having brother Lu’s company day and night. Ever since brother Lu was no longer by her side, she had been hit on the palm by the teacher for three days..

Chapter 346 - 346: Demonic generals attacking the city (1)

At night, Lulu was lying on the windowsill.

“Brother Lu, where are you? It’s Lulu’s fifth birthday soon, aren’t you coming back?”

“You and Lulu have the same birthday. Lulu even prepared a gift for you.” brother Lu Jiang ... The little girl fell into a deep sleep by the window.

Her hair was tied into two small buns, with two small bells hanging on a red silk belt and a string of red furballs. She looked extremely cute.

The little girl sat on the chair with her feet hanging down. The wind blew and the window closed gently.

The teenager’s pale arms picked her up and gently placed her on the soft couch, covering her with the brocade quilt.

The black-clothed youth reeked of blood. His sword-like eyebrows were stained with blood, and the blood extended to the corner of his mouth.

It was as if something had splattered blood on it.

The young man stood in front of the bed and looked at her quietly. His eyes flashed with a trace of clarity, but they were quickly filled with chaos.

It was not until dawn when the rooster crowed that the figure slowly disappeared.

On the second day.

Even huangdu seemed to feel that something was wrong.

The sun was shining brightly, but walking under the scorching sun, one could still feel the bone-chilling cold. The chill went straight to the bottom of his heart, making him have layer after layer of goosebumps.

When foreigners came to the barren capital, they brought a lot of gossip.

There were even rumors that the world salvation Hall could sweep away all evil in the world and seize the position of the Imperial court. There were even rumors that the Savior had taken over the world.

The waters of the barren capital had been completely disturbed by outsiders.

This also pushed the hall of salvation to the forefront of the storm, and the number of evil spirits in the forest of the fog sect had increased sharply in recent days. There were even evil spirits from the outside world trying to break through the dense fog sect’s forest and attack barren city. He was only stopped by the messenger of death.

Usually, the chirping of insects and birds and the chirping of cicadas were constant, but today, huangdu was eerily quiet. Not a single Crow could be seen, and there was no sound of insects at all. The people who had come out to set up their stalls could not help but lower their voices.

It became even quieter in the barren capital.

Even a three-year-old child could feel that it was unusual.

“It’s the Zhongyuan Festival after midnight tonight. Lulu, you can’t just run around.” Madam Xia hurriedly entrusted this to her and went to the Yang family.

Yang pinfeng had been checking the accounts these days and was ready to move to the capital.

In the afternoon, the sky in huangdu was even darker.

The blazing sun was shrouded in dark clouds, bringing in the whistling in the distance, which was harsh and sharp.

Even Jiang huailu couldn’t help but straighten her mind. She wrinkled her beautiful and delicate little nose and looked into the distance.

At the top of the wall, general Fang held his divine weapon and frowned. “I’m afraid tonight will be difficult. Yesterday, when I explored the forest of the fog sect, there were quite a few ghost generals there. They all have hundreds of years of cultivation and tens of thousands of evil ghosts. I’m afraid they’re the outside world’s evil spirits trying to test huangdu.”

“They seem to be looking for something.” But general Fang didn’t find out what they were looking for.

“The nether soldiers have already made preparations, but there’s a tough battle to fight tonight. If we win, the reputation of the hall of salvation will skyrocket. If we lose, I’m afraid the hall of salvation won’t be able to leave huangdu.” “Tonight, I’ll personally oversee things.” Jiang huailu said softly.

Hearing these words, general Fang felt at ease. Now, he didn’t look down on this five-year-old little man in the slightest.

After general Fang left, Jiang huailu had dinner prepared early.

As soon as Mrs. Xia came back, she ate and drank to her heart’s content. She told taozhi not to be disturbed and that she wanted to sleep early.

Mrs. Xia sneaked in and took a look. The little girl’s cheeks were red from sleep. She had long fallen asleep and looked peaceful.

“Happy Birthday, Lulu!” Mrs. Xia said softly and kissed her cheek.

What she didn’t know was that Lulu was already standing in front of the thousands of otherworldly soldiers.

They would become their pillar of support..

Chapter 347

Jiang huailu stood in front of the hall of salvation.

Everyone probably sensed something and closed their doors even before it was dark.

Every household had the portrait of the door God, general Fang, pasted on it. It looked like an ordinary drawing paper, drawn with cinnabar, and even a little scribbled.

No one knew if it would be effective, but it was better than nothing.

It was much better than the bare wooden door that was blessed by luck.

Granny Zhu had already told everyone to stay as far away from the hall of salvation as possible.

No one said anything. The tallest tree in the forest would be destroyed by the wind. The ability of the hall of salvation was too outstanding. If they were to leave huangdu, they would sooner or later attract the anger of the evil spirits in the world.

This was only the first wave.

However, as long as they won, the hall of salvation would truly stand firm.

“Eliminate the evil, clear the world, kill them!” The red-lipped and white-teethed little huailu stood between heaven and earth, her clothes fluttering in the wind.

A loud and clear sound spread across the sky.

“Kill him, kill him, kill him!”

“Eliminate the evil, clear the world, kill them! Kill them! Kill him!” The nether soldier’s voice shook the heavens, and a sense of justice rushed towards the heaven realm. It was like the might of the heavens. Even the people hiding in their homes could sense it, and invisible courage was injected into their bodies.

The door God, the day wandering God, the night wandering God, the bedhead granny, and even the black and white impermanences all joined the camp. The moment the entire sky fell into darkness, countless evils swarmed out.

It was so dark that even the crescent moon was blocked.

In the middle of the seventh month, many evil spirits showed themselves in front of the world.

The commoners hid in their homes and covered their mouths, staring out of the windows at the vast sky.

Many people felt weak and knelt on the ground to pray.

the hall of salvation must expel the evil! It must expel the evil! Now, be it the Imperial court, the common people, or the evils, all eyes were on the hall of salvation.

If the hall of salvation was defeated today, huangdu would no longer exist.

If the hall of salvation could dispel the evil spirits, they would have a chance of returning to the capital with the help of the hall of salvation.

At this moment, everyone could also see the ghost soldiers guarding the barren capital. They were all ghost souls, but they could tell the difference between the two at a glance. There was a faint divine light on the nether soldier, and a trace of the divine might of a heavenly soldier.

Many of them bowed to the nether soldiers, thanking them for their hard work.

Jiang huailu was suspended in the middle. Everyone could only vaguely see a ball of golden light protecting him, but they couldn't see his figure. They could only bow their heads in awe and worship him.

That person must be the Savior.

At the Jiang residence.

"Should I wake Lulu up to see the Savior?" Madam Xia and Jiang Huai 'an sat outside the Lulu house, looking up at the sky in awe.

"The Savior rarely shows his spirit, so one more look might get some divine intent. Lulu is favored by the hall of salvation, so it's good to pray to the Savior." Xia Shi was a little moved.

"Forget it. Lulu is still young. Don't scare her. It's good that she's sleeping, what if you scare her?" Jiang Huai 'an didn't dare to go out on duty now.

At this moment, he did not dare to leave his home.

He was righteous, but he was also selfish.

Righteousness could never be placed above his own.

It wasn't until the Xia family dispelled the idea that Shui GUI, who was standing on the side, secretly breathed a sigh of relief. Oh my God, you're going to wake her up to see the Savior. Then ...

You won't be able to see the Savior.

He was the Savior of the world!

Why are you still looking at the ball when you're awake!

Chapter 348 - 348: The Fang family Army's spirit (1)

The dark mass of Yin souls wantonly shrouded the area, and everyone's hearts were in their throats.

But this year, he felt more at ease. The Golden light in the sky was a calming needle.

Jiang huailu was suspended in the air and could clearly see the other party.

"As expected, three ghost generals. I'm afraid that they're here to test the hall of salvation. If we win tonight, the hall of salvation will truly enrage the evil." Day wandering God Chu Liang looked at the opposite side with a dark expression.

Jiang huailu's eyes were indifferent,"so what if I'm angry?" So what if it was a murderous aura? My only wish is to get rid of the last evil in the world." She had come for the evil.

At his command, the nether soldiers began to fight with the countless malicious ghosts.

There were also countless Yin souls heading toward huangdu.

It was so dark that it made people's hearts go numb.

However, the wooden door that had once been easily pushed open and had no defensive power at all. This time ...

The ordinary door God on the door flashed with a golden light, and the God of War, who was holding a divine weapon and wearing armor, stood in front of the door.

If there were any Yin souls causing trouble, one sword strike would destroy the soul.

it's really protected by the gods ...

"So the door God can really protect the house and prevent ghosts from entering."

Everyone cried tears of joy. So there really was a door guard in the world.

Many people recognized him. He was general Fang, who had been appointed by their Savior in their dreams. General Fang, who sacrificed himself to the heavens to save countless people at the border.

"The great kindness of the hall of salvation, the great kindness of the hall of salvation."

"The hall of salvation is saving people from suffering." The commoners were truly crying. This was the true hope of the world. It could bring hope to the world.

"Those three ghost generals seemed to be a general from the previous dynasty. They once slaughtered 30000 soldiers, and I'm afraid that these soldiers were turned into malicious ghosts by them." Chu Liang was a little shocked. Those dark spirits were extremely vicious and were not something that ordinary dark spirits could compare to.

"We can fight against the ghost generals, but our nether soldiers have not been trained."

Jiang huailu looked at general Fang who was covered in armor.

"General Fang, how many people from the Fang family's Army died in battle?" The little girl's eyes were clear, without the slightest fear.

General Fang's body trembled, and he gritted his teeth, "'The Fang clan has been part of the Fang clan's Army for generations, and it has been passed down from generation to generation. Since ancient times, there have been more than 40000!" The Fang family had served the Imperial court for generations.

The Fang family also had a military genealogy, which was dedicated to recording all the generals Fang who had died on the battlefield.

It had been passed down for four generations, and by the time he killed himself, it had already reached 40000.

It was really an inch of white bone.

that ghost general brought 30000 nether soldiers with him. Do you think the men of the Fang family are afraid of them? ”

“Today, I'll give you the chance to call back the Fang family's Army.”

“A General's success is built on ten thousand bones, it's time to let our ancestors see our world.” Jiang huailu's voice gradually became louder, with some agitation. With a wave of his hand, countless armored soldiers gathered from the heavens and earth.

Countless soldiers with killing intent and killing intent emerged.

“Fang family's Army, Fang family's Army, kill, kill kill!”

The violent Qi that soared to the sky broke through the clouds and broke into the sky.

General Fang's eyes turned red almost instantly.

“This is the spirit of the Army.” Chu Liang pointed to the sky.

“All the soldiers who died in battle for the country have a military spirit. The Fang family's Army is truly the world's iron-boned soldiers.”

General Fang laughed out loud three times, drew out the long sword in his hand, and waved it forward, “Children of the Fang family, let us fight again to protect the world!”

“Charge!”

As soon as he gave the order, a murderous aura swirled between heaven and earth.

He charged straight into the enemy's camp..

Chapter 349 - 349: You 'll definitely come _1

“The Fang family's Army died to protect the country.”

“Tens of thousands of people have died, but because no one has taken care of them, they have become lonely ghosts. It was the Fang family who collected the corpses of the soldiers and raised them all these years.”

“Other than the Fang clan, no one else can control these tens of thousands of nether soldiers.”

“Do you know who the ghost general is?” The granny at the head of the bed stood respectfully behind Jiang huailu, looking at the sky.

“When we set off from Dongli, we were unstoppable. It was the Fang family's Army that blocked everything with their bodies, the two sides were mortal enemies. An

enemy from life to death." The old woman at the head of the bed sighed. These things were passed down by the old man.

The relationship between the great Zhou and Dongli had eased a lot, but they had once been irreconcilable enemies.

no wonder after the Fang family's Army came out, their momentum was suppressed. Jiang huailu responded, but he was thinking that he couldn't let the hero be disappointed. Although this group of dead souls had a strong killing intent, it was not a problem with general Fang controlling them.

It was just that her eyes were always wandering, shuttling back and forth in the crowd.

Jiang huailu looked left and right, slightly pursing her lips to hide the disappointment in her heart.

"Kill, kill, kill ...n

"Protect the master, the master ... I'll clear the threat for master." The three ghost generals had some tricks up their sleeves. They fought with general Fang and managed to tie him down.

"In three years, master will return to the throne and we will definitely be able to clear the hall of salvation!" One of the ghost generals looked at Jiang huailu.

Killing intent burst out from his eyes.

"Ghost hag, kill her! We can't let her ruin our big plan!" One of the ghost generals shouted, and The Woman in Black immediately walked towards Jiang huailu.

Jiang huailu stood quietly in the sky, looking at the ghost general in black quickly approaching.

The old woman at the head of the bed wanted to stop him, but she found that she could not move at all. As expected, ghost generals were comparable to divine generals. No wonder ghost generals could always dominate an area and set up their own camp.

Qiang Qiang, a mere Hall of salvation dares to spoil this old woman's plans ...

"Thanks to you, we were able to find master's traces ..." Granny ghost's eyes were astonishingly bright. She used her hand as a claw and actually turned it into an Eagle's claw as she attacked Jiang huailu.

The strong wind made Jiang Huai's deer coat flutter.

However, she tightly pursed her lips and refused to move.

He was getting closer and closer to her ..

He was getting closer and closer.

Granny ghost's claws almost touched the tip of her hair, and she broke a soft, fluffy hair.

Suddenly, she heard a helpless sigh.

Jiang huailu's eyes brightened. When he came back to his senses, he was already in the arms of someone who smelled blood. The surroundings were slightly cold, and the smell of blood made one feel slightly uncomfortable.

As the sword streaked across, granny ghost's eyes widened in shock, staring at Lu huaijiang.

He didn't even have time to say a word before he disappeared from the world.

Jiang huailu didn't even turn his head as he pouted his lips and shouted, "Brother Lu ... Where have you been? Lulu has been looking for you." The Savior, who was still fierce just now, was now pouting as he hugged brother Lu's neck and groaned.

Lu huaijiang's eyes struggled, clarity and ruthlessness intertwined.

"Why didn't you Dodge?"

Lu huaijiang pressed her into his arms. His throat was hoarse, and when he opened his mouth, it was as if he had not spoken for a long time.

His tone was stiff and his eyebrows were tightly furrowed. The sword in his hand was dripping with blood.

"I knew that brother Lu would come. Brother Lu would definitely come. When you mention Lulu's birthday, you have to be the first to wish him Happy

Birthday. You haven't even given me a birthday gift." The little guy chattered and did not notice the chaos in Lu huaijiang's eyes..

Chapter 350 - 350: The real big evil (1)

"Brother Lu, where did you go? Lulu's palm was broken by the teacher."

"When you weren't home, mother didn't allow Lulu to eat sweet food, and brother didn't give Lulu any special treatment."

"Look at Lulu, he's so thin."

"Brother Lu, did you miss me?"

Lu huaijiang's hand that was holding the sword trembled slightly, the chaos in his eyes gradually suppressed that weak trace of clarity. When he raised his eyes again, his eyes were dark and filled with ruthlessness.

The long sword in his hand buzzed and trembled.

The veins on the back of his hand were already bulging, as if he was restraining something.

He put Lulu down, took out a handkerchief from his pocket, and carefully opened it. His entire body was stiff, as if he had used up all his strength.

He solemnly opened the handkerchief, and inside was a piece of malt candy wrapped in oil paper. There were also flowers in the caramels, and they smelled very fragrant.

Jiang huailu saw that the buggy was three feet tall and excitedly called out 'brother Lu'.

“I knew that brother Lu is the best. Brother Lu, you’re the best. Lulu likes you the most ...” His eyes were staring straight at the malt candy.

However, the young man threw the sword away and used his bloodied hand to break off a small piece for her.

He stuffed it into his mouth.

There was a slight smell of blood mixed with the unique fragrance of flowers and caramels. Lulu did not hesitate at all.

It was so sweet that it was intoxicating, so sweet that it was sickening. The little girl’s eyes curved, and her entire person became happy.

“Mother said that Lulu should eat less sugar. It’s almost time for Lulu to get new teeth. Moreover, one of his teeth was already loose, and he was probably going to get a new one soon, so he kept Lulu in check and refused to let him eat. But today is Lulu’s birthday, Lulu ...”

“Kacha ...”

She seemed to have chewed on something cold and hard, causing her mouth to creak.

Jiang huailu’s eyes widened and her mouth was agape. She was dumbfounded.

Lu huaijiang seemed to be a little confused. He looked at the candy and then at her.

Then, he stretched out his hands.

Jiang huailu stood on tiptoe and spat out, ““What is this thing?”” Lulu grinned, feeling as if he had bitten his mouth open and blood was all over it.

Lu huaijiang, on the other hand, was slightly dazed.

He saw that there seemed to be something suspicious stuck on the malt candy that was already sticky.

At this moment, Lu huaijiang, who had lost his mind, was a little flustered.

He had saved her out of instinct, and he had also taken out the candy from his arms out of instinct.

However, this was something he never expected.

He had stuck Jiang huailu’s teeth out!

Even though Lu huaijiang didn’t know anyone at this moment and had even lost his mind, he could see the little girl’s face drooped when she saw this tooth. Her eyes were filled with tears. Lu huaijiang could not help but panic.

“Wuwuwu ... Lulu’s teeth got stuck, my teeth got stuck.” Her tears fell.

However, the little girl was also very prideful. She wiped away her tears and looked around vigilantly. I have to endure it. I can’t be discovered. Wuwuwu ... My teeth, wuwuwuwu! Savior’s teeth were stuck to the ground.

Lulu’s big eyes were full of tears.

Lu huaijiang clumsily squatted down and reached out to wipe his tears, but the more he wiped, the more tears he shed.

Just now, he was filled with killing intent, but now, he was panicking and only cared about wiping his tears.

they saw me lose my teeth and cried ... Lulu's face fell off." Jiang huailu pointed at the ghost general camp.

The group of ghost generals felt their blood run cold.

The young man who had been squatting on the ground just now stood up expressionlessly and picked up his sword.

The ghost General's eyes widened, and before he could say anything, he was killed by Lu huaijiang.

Lu huaijiang replied, "as long as you don't cry, anything is fine"
