

The Savior 571

Chapter 571: A deadly surprise _1

Yang pinfeng was already very experienced in this matter. He wailed as soon as he entered the room, crying so much that he almost fainted. He could only barely stand by holding onto the table.

He also expressed his regret for not being filial to his grandfather, which made the old masters shed tears.

Yang pinfeng got his wish and took three days off.

She turned around and ran after Lulu.

The Directorate's master wiped his tears, ""Sir yang can be considered an official of the same court, and his son is also pure-hearted. A master at the peak should set an example."

He then ordered a flower ring to be sent to the Yang family, and also sent his deep condolences.

May the Yang family restrain their grief.

Everyone from the Yang family was dumbfounded. While they were still in a daze, the entrance of the house was filled with flower rings.

Mrs. Zheng's eyelids kept twitching, and she gritted her teeth.

At this moment, yang pinfeng was sitting in Lulu's carriage, "Oh my, I'm so smart. This time, he didn't have a grandfather. Next time, he didn't have a

grandmother. The next time, I can still have no mother ... My father can't. He goes to court every day and his cover will be blown." Yang pinfeng still felt a little regretful.

However, when he thought about how his father could give birth to a brother for him outside, he was happy again.

He was prepared to give his parents a surprise.

This time, he was going to bring back an outstanding beauty from the capital so that she could bear him a brother.

Father and mother would definitely be very surprised.

"Lulu, why do you suddenly want to leave the capital(Don't tell me you know what I'm planning? I'm preparing to build a Street at the foot of the mountain of the temple of salvation and the temple of protection." Yang pinfeng was so happy that he even brought a plan when he went out.

Lulu didn't want to see it, so he lifted the curtain and looked at the rolling mountains.

She knew that the outside world was not peaceful, but she really saw the world shrouded in black fog with her eyes. Lulu was still a little apprehensive.

How could this be? father had clearly expelled the evil spirit back then. He shouldn't have done this.

Where did the Qi that protected the peace of the world go?

The horse carriage twisted and turned as it headed out.

Seeing that Lulu was in a bad mood, yang pingfeng did not dare to be cheeky anymore.

She only asked carefully when she saw that Lulu had eaten a lot and seemed to be in a better mood.

“Lulu, where do you want to go? We’ve already changed horses, aren’t you going to rest?” Yang fenfeng counted the time he left the Imperial College. It was around noon.

The sky was already dark, and he had just changed horses at the relay station.

It was roughly a hundred miles away.

“There’s a village being massacred three hundred Li away from the capital. I want to go and take a look. He would only be at ease after seeing it for himself. I want to see what those sneaky people are up to!” Chu Liang had found out that they were holding a sacrifice here. They were probably going to summon something.

“If His Highness the Crown Prince knows that you left the capital alone, he will be angry.” Yang Feng Feng knew that the Crown Prince valued her and couldn’t help but look at her in shock.

“There are some paths that only one person can walk,” Lulu said, lowering his eyes. I’ve already told him in advance that I’ll be returning to the Xia family in the next three days.”

Along the way, Lulu could feel the yin Qi getting stronger. A hundred miles away, she could feel a cold killing intent.

It was the aura of the ghost general.

To be able to make the ghost general appear, it was probably not a good thing. Lulu even suspected that they had found an evil god, a God that controlled the evil in the world.

Lulu thought of the evil, and then of Lu huaijiang, who had destroyed the world.

He was also known as the great evil.

Even the divine realm was talking about his change in expression.

Was there any connection between the two?

Lulu pursed his lips tightly, and his childish features betrayed his uneasiness..

Chapter 572 - 572: The awkward shuraba (1)

It was already late at night, and Lulu and yang Feng alighted from the carriage.

“It’s bad for the stomach to eat too much dry food. There’s a eatery by the road. Go down and have some hot soup.” Yang pinfeng had brought many people along the way, and now most of the world’s wealth was in his hands.

He valued his own life.

Besides, Lulu’s life was much more valuable than his. He couldn’t afford to let anything happen to her.

“It’s a good thing we escaped quickly. If His Highness finds out, we won’t be able to leave the city.” Yang pinfeng and the others alighted from the carriage, feeling their entire bodies aching and weak. However, Lulu walked in a hurry and did not allow her to rest.

A small lamp was lit in a small eatery on the side of the road.

A pair of lanterns were hung on both sides of the eatery, swaying in the wind.

Steam was rising from the pot, and a fragrant aroma could be smelled.

Lulu took a deep breath. At the moment, jiangjiang was still in the capital meeting with the envoy. She should be at ease.

Lulu consoled himself.

A bowl of steaming hot soup noodles was placed in front of Lulu. He picked up his chopsticks and took a bite.

He raised his head ...

She saw a young man in black looking at her deeply.

The two of them sat face to face, their eyes met, both of them expressionless.

At this moment, he should be in the capital meeting with the envoy.

As for her, she should be accompanying her mother in the Xia family.

But they met at a roadside eatery.

Pa da.

The chopsticks in yang pinfeng’s hand fell to the ground, and his mouth was wide open in shock. He covered his mouth with his hand and his face was filled with horror.

F * ck, I’m a little unlucky!

I miss mother, I want to accompany mother, I want to be filial to Mother? ” The young man picked up the White porcelain cup and said in a cold voice.

The little girl drooped her head and said slowly, “”An envoy from the Ling country is here to discuss matters? As we discussed, we even brought pretty sister to the wilderness.” With a glance, he saw the woman sitting below the young man in black.

Lulu rolled his eyes when he saw the woman.

“Sister’s face is covered all day, is it because she can’t see people?” Young Lulu glanced at Ming su and was a little unhappy.

“It’s still sister who owes money and is afraid of being recognized by the creditor.” Lulu asked innocently.

Ming su was embarrassed. The servant girl had ruined the deer Pearl Flower last time.

He had to pay more than ten thousand taels, and eunuch Lu had personally gone to the Ming family to get it.

He really didn’t like Lulu.

However, he also understood that this little girl was his Highness’s protective talisman. His Highness could not leave her until he was fifteen. He also knew that she was arrogant, so he immediately said, “I’ve embarrassed myself in front of miss Lulu. Everyone in the world was an ordinary person, and susu didn’t want to be ambiguous with susu because of this face. Susu hopes that the people who admire susu are all because of her character and talent.”

Ming su touched her veil.

Lu huaijiang was rendered speechless by Lulu’s words.

However, the little girl was looking at him with a pair of inexplicable eyes at this moment, which made him feel uncomfortable all over. It was as if, as if she had been caught in the act of adultery.

And the kind that was caught red-handed.

What a ridiculous thought.

He wanted to scold her for leaving the capital alone, but he felt guilty for some reason.

This awkward shuraba.

“The entire village three hundred Li away was massacred. Bengong came out to patrol and was afraid of alerting the enemy so I did not tell you. I’m also worried that you’ll force yourself to come and put you in danger. It just so happened that young lady Ming came from that village, so bengong summoned her to accompany.” Lu huaijiang saw her eyes and couldn’t help but explain the reason for this trip.

His Highness had never explained anything to anyone when he killed someone.

But at this moment, he was afraid that the little girl would overthink.

Of course, he didn’t say that there was a voice calling him from the bottom of his heart, and he took the opportunity to come out and check it out.

He had heard it when he was left in front of Lulu as a spirit.

Miss Ming’s body stiffened, and she told Lulu that she was afraid that she would be in danger if she followed him.

Then what about summoning her to accompany him?

Miss Ming felt a sharp pain in her heart..

Chapter 573 - 573: Luan gang village that moved overnight (1)

Lulu grabbed his chopsticks and buried his head in his food.

Ming su, however, furrowed her beautiful eyebrows slightly.

However, he quickly returned to normal.

Before the Crown Prince turned 15, his soul was unstable and he needed a destined person to suppress it.

That person was Jiang huailu.

There were already a few people in the capital who knew about this, and Ming su was one of them.

Jiang huailu was only five years old, so she didn't think much about it. They only felt that the Crown Prince was the chosen one, the only heir to the throne of the great Zhou Dynasty. Jiang huailu, on the other hand, was spoiled and willful, and at this moment, he was giving the Crown Prince a hard time.

He didn't know good from bad.

Ming su didn't say anything. His Highness spent ten to twenty thousand taels on her, so she naturally knew that the other party was favored.

In her heart, she was only wondering what she would do when His Highness turned 15 and Jiang huailu was no longer of any use.

She gently pursed her lips and said softly, "it's this official's daughter's blessing to be able to help Your Highness." Human lives are at stake, this subject's daughter knows this in her heart. Young lady Lulu must not be angry with His Highness, political affairs are more important."

"Moreover, this world is the Royal territory, so it doesn't matter where your Highness goes."

Lulu took a deep breath, the bowl in his hand larger than his face.

She didn't say anything even after Ming su finished speaking.

"Aren't I your only child?" he asked after a long time. You actually have another dog outside!

Ah, I'm not a dog.

Lulu's face darkened.

Lu huaijiang saw the aggrieved look on her little face and felt a little wronged in his heart.

"Lulu, come here," he beckoned her over.

The little girl finished a bowl of noodles and then slowly moved over.

“Lulu is the only one, of course.” Lu huaijiang raised his hand and wiped the oil off her face, revealing a white and chubby little face. It was not even the size of his palm, chubby, and still sulking.

“You still talk about bengong, didn’t you return to your mother’s home? When we return to the eastern Palace, bengong will tell you in detail.” Lu huaijiang glanced at Lulu. As expected, the little girl was feeling a little guilty.

She dared to leave the capital alone with yang pinfeng and a few guards. This little girl’s courage had grown.

The little girl lowered her head, not daring to look up at him.

“Later sit with bengong in the carriage. Didn’t bengong tell you before? He had to keep a distance from the little Lord. Men and women should not be too close. How could you forget again ...” The Crown Prince led Lulu up the carriage and spoke as they walked.

Yang pinfeng’s face was full of tears, why can’t I do it when you can?

Just because my family doesn’t have an heir to the throne ...

Ming su’s eyes dimmed when she saw the two of them leave in the blink of an eye. She forced a smile and followed the Crown Prince to the carriage behind.

It was already late at night. Lu huaijiang’s original intention was to rush to wanhe village directly. He didn’t care if Ming su was tired or not.

But since Lulu was already here, he had to find a place to stay.

If the child stayed up too late, he would not grow up in the future!

“Lie on bengong’s body and sleep for a while. I’ll call you when I find a place to stay.” As soon as Lu huaijiang finished speaking, the little girl fell asleep in his arms. Her breathing was light, and she seemed to be at ease.

Lu huaijiang was stunned.

“Your Highness, miss Ming said that on her way back, she saw a chaotic mound village twenty to thirty Li ahead. It was better to enter the village and rest. Your Highness, please don’t hurt your body.”

Lu huaijiang nodded.

“But young lady Ming also said that the village’s management is extremely strict, and even has some eccentricities.. If it’s possible, can you disguise miss Lulu as a boy?”

Chapter 574 - 574: The devil’s haunting presence (1)

Lu huaijiang frowned when he heard this.

they say that the village has some quirks. It's a village rule passed down from generation to generation.

“There is a pair of red lanterns hanging at the entrance of the village, and there is a hunchbacked old lady standing guard at the entrance. There were three rules in the village: Firstly, five to six year old girls are not allowed to enter the village. Secondly, people with the surname Jiang are not allowed to enter the village. Thirdly, chubby children are not allowed to enter the village.” The eunuch replied softly.

Even he was surprised that there was such a unique rule in the village.

Hearing this, Lu huaijiang raised his eyebrows and looked at the sleeping baby in his arms.

The little girl's chubby belly rose and fell slightly. She fell asleep and smacked her lips from time to time. Occasionally, he could hear her reciting the names of the dishes.

Lu huaijiang suddenly sneered and let out a low laugh.

Why did he feel that the village had only almost mentioned Jiang huailu's name?

She was a five or six-year-old girl with the surname Jiang. She was chubby, and every dress seemed to be tailor-made for her.

Every single one of them was pointing at her, but he had no evidence!

Lu huaijiang thought that it would be better to take her there.

This anxiousness directly sped up the process.

The carriage galloped all the way to the village, but the little girl did not show any signs of waking up in jiangjiang's arms.

Ming su's entire body ached from the jolting. She got into the carriage and took off her veil.

“His Highness really does not know how to be tender to a woman. This young lady's skin is thin and tender, what should we do if she is jolted?” The usually calm head maidservant's face was full of anxiety. She took a brocade quilt and wrapped the girl several times before she felt better.

Ming su didn't have the strength to speak.

His Highness was a man, so he ate quickly and politely. However, she was a woman, and she pursued the principle of eating slowly. When Lulu arrived just now, His Highness immediately got into the carriage.

As a result, she was not full at all.

At this moment, his stomach was empty, and he directly retched.

“Young lady, quickly eat something to fill your stomach. Later, you will be better after boiling some hot soup to warm your stomach.” He looked out of the window. The carriage had stopped.

“Young lady, we’re almost at the village from last time. That old lady from last time was still standing at the village entrance. She’s really dedicated to her work.” The servant girl exclaimed.

It was the first time he saw the old lady standing under a Red Lantern, and he was shocked.

Ming su covered the churning in her stomach and forced herself to get up.”Your Highness, let’s go and talk about this.” The old lady didn’t seem to be easy to talk to, so Ming su got off the carriage with her.

She had been back in the capital for two months, and at least her reputation of being a gentle and virtuous lady had spread.

“I’ll have to trouble young lady Ming.” The eunuch saw miss Ming get off the carriage and saluted her.

Then, they went to the village head to reconcile with the hunchbacked old lady.

The old lady’s face was filled with kindness, and anyone who saw her would think that she was kind.

“We don’t have a six or seven year old girl here, but we do have a boy. We will be staying in the village for a day, and hope that old Furen will fulfill our wish.” The eunuch handed over the silver, and the old lady grinned, her smile becoming more and more kind.

“Old Madam, why does the village not allow a chubby six or seven year old girl with the surname Jiang to enter? Is that girl’s fate bad?” Miss Ming was full of curiosity. Seeing His Highness’s carriage approach, she couldn’t help but ask.

Who knew that the old lady, who had been kind just now, would suddenly turn green?

His expression was serious and solemn.

“Young lady can not speak nonsense. It is that young lady’s fate that is precious and the small village is not worthy of her. Only people like you are fit to live in our village.” The old lady had just finished speaking when she heard someone yawning in the carriage closest to her.

She even called out to Jiang Jiang.

The hunchbacked old lady suddenly shivered when she heard the voice.

“Is it the Demon King?”

Chapter 575 - 575: Here comes the head (1)

What he was afraid of came.

The old lady raised her head stiffly, and the curtains moved slightly. Then, she saw Xiao Zhoujue, who had been a nightmare to her, being the first to be revealed.

Then there was the round head and the pair of eyes that were more brilliant than the stars in the sky.

“Oh my God!” The old lady let out a shrill scream.

“This village refuses to see guests and refuses to stay overnight. Please leave quickly.”

The old lady, who had been swaying with every step just now, turned around nimbly and threw the lantern-shaped walking stick in her hand.

He turned around and rushed into the village. As he walked, he howled, “”Move My home ...”
They moved overnight!

The fear of being dominated by the devil emerged again!

There was no longer a place for them in the great Zhou!

Her cries were mournful, filled with fear and despair.

They had only been blind once and had only offended her once. Why did she keep following them like a ghost? they knew their mistake!

Lulu had just poked his head out and before he could say a word, he saw the old lady running away in tears.

Everyone looked at her in unison.

Lulu blinked his eyes innocently.”If I say that it has nothing to do with me, would you believe me?”

Ming su watched as the old lady fled. In a flash, she returned to the warm village full of lights.

Everything fell into darkness, without a trace of light.

Ming su only revealed her eyes, but Lulu could see the shock in her eyes.

“Let’s go. There’s no need to take care of Lulu. We definitely can’t stay in this village.”

Lulu got into the car. According to the usual rules, they had already abandoned the village and fled.

Lulu did not notice Ming su’s expression, which had suddenly darkened outside the carriage.

The head maidservant blocked the carriage, and with some skillful movements, she gently shook her head at the young lady.

“Yes. It’s late at night, Your Highness, please take care of yourself.” After bowing, he returned to the carriage.

The silk in his hands was almost crushed into a ball.

Lulu returned to the carriage with a helpless expression.”Jiang Jiang and the others are targeting me ...” He pointed in the direction of the village.

Lu huaijiang’s eyebrows revealed a smile.

what kind of indelible damage did your astral body cause to them? why don't you have a chat with Jiang Jiang? ” Lu huaijiang suppressed his smile. He could tell at a glance that the village was full of evil.

But to target Lulu like this, he must have suffered Lulu's torture.

One look and one could tell that he was an experienced person. Ah pui, an experienced ghost.

The entire village was moved.

What a huge trauma this was.

Even Lu huaijiang, who had killed countless lives, felt some sympathy for those lonely souls.

I didn't hurt them. I didn't take them. I didn't drink this time, and I didn't pluck their heads to use as lanterns. They're just unlucky. No matter where Lulu goes, they'll always run into him.” Lulu's round eyes were extremely serious.

After saying that, she even covered her mouth tightly. Aiya, she had let it slip.

The first time, she had drunk too much and caused some fear.

However, the second and third time, she really wasn't the one seeking revenge.

It was heaven's will for them to meet, and they were the ones who couldn't withstand the fear and moved the village!

Lu huaijiang sighed faintly. She didn't know how much pressure she had on ghosts and evil spirits.

For example, at this moment, he could hear the cries of ghosts and wolves not far from the village.

There was even a vague sentence mixed in, “the head is coming, run quickly.”

At this moment, he actually felt a little sympathy.

It didn't seem easy to be an evil either.

Even though the horse carriage had rushed at full speed, it still took them two days to reach wanhe village.

Before they even got close to the village, they could smell the faint fishy smell of the river when they rested by the river.

Occasionally, there were traces of blood..

Chapter 576 - 576: Forensic expert (1)

Lulu smelled the blood and felt a little uncomfortable.

Lu huaijiang's eyes glanced around, then he pinched two mint and put them between her nose.

“The mint fragrance assails the nose, it will make you feel better.” Lu huaijiang saw her covering her mouth with her hand from time to time and rubbed some mint juice on her hand.

Lulu heaved a sigh of relief when he caught a whiff of the light fragrance.

Ming su raised her hand and placed it on the tip of her nose. She leaned against the tree beautifully, her willowy eyebrows slightly furrowed.

The head maidservant said in a low voice, “miss, the smell of blood in this River is too strong.” I vomited once last time, so you should go back to the carriage and rest. After returning from wanhe village, you haven’t rested yet and are in such a hurry, be careful not to hurt yourself.”

His voice was neither loud nor soft, just enough for the Crown Prince to hear.

“No need, I’ve been cooped up in the carriage all day, my bones are going to go soft.” The woman’s voice was full of comfort, and from time to time, she raised her hand to touch her heart.

When the Crown Prince heard this, he looked at Ming su.

Ming su felt the Crown Prince’s gaze lower, and the corners of her mouth curled up into a smile.

Two bunches of hair fell down from her temples, and when the wind blew, she looked very shy.

The Crown Prince lowered his head and looked at the mint in his hand.

Ming su’s eyes flashed with a smile.

“Miss Ming, this smell is pungent. You should go further away. If you vomit here, Lulu will feel disgusted.” Then, he placed the mint into Lulu’s hands.

Ming su .

His eyelids twitched. ‘If you vomit here, will Lulu be disgusted?’

Ming su glanced at the mint in Lulu’s hand. She pursed her lips and forced herself to look pale.

“Yes,” he bowed.

Her voice trembled, and she almost cried.

She even suspected that Lu huaijiang had a problem with his judgment. How many generations of empresses the Ming family could produce showed how stunning the Ming family’s appearance was.

They had even forced the Ming family to go far away in order to avoid the outside world from taking the Ming family by force.

She was even praised by her grandparents and parents as the most outstanding person.

She had been cared for since she was young, and this face had given her countless conveniences. She had never suffered such a defeat!

Lulu was still holding onto the mint when miss Ming shakily got into the carriage.

“Why didn’t Jiang Jiang give her one?” Lulu took a deep breath. It smelled really good.

“You don’t understand. You can’t read a woman’s mind with your eyes.” Lu huaijiang glanced at her.

“If bengong gave her one, she would definitely think that bengong is interested in her and she would pester bengong. She always thought that bengong treated her differently and was unwilling to give up.” Lu huaijiang could see through it.

Lulu was taken aback.

“Bengong will definitely not give her this hope! Don’t even think about it!” Lu huaijiang snorted in a low voice, full of disdain.

There were many women like this.

Every time he went out of the palace, he would always meet a few women who had been forcibly taken away by evil tyrants. And those women would all struggle free from the tyrant and then throw themselves in front of his carriage. She cried and begged young master to take her in, and was willing to be young master’s slave for the rest of her life.

Every time this happened, he would ask someone to cut off the woman’s legs and return them to the bully.

Since he had no legs, he couldn’t run.

Moreover, they would meet people who would sell their bodies to bury their parents.

Often, such people were women.

On the main street, people were coming and going, but they just had to grab onto his trousers.

She begged him to buy her, only willing to give her father a place to stay.

Without a word, he gave her a coffin.

He sealed the man on the straw mat into a coffin and found a place to bury him in front of her.

It didn’t matter whether it was wailing or begging for help from the coffin.

Even if it was an orphan girl who sold herself to bury her father begging for mercy, he didn’t show any mercy at all.

No woman could hide from his eyes!

Chapter 577 - 577: Block all possibilities (1)

Lu huaijiang’s originally calm character was actually a little proud at this moment.

His face was full of praise, praise.

Lulu, who was holding the mint, was taken aback. “T-then you’re pretty good.” He didn’t care at all.

Lu huaijiang saw that she was listening and immediately walked forward.

“Lulu, men know men best.” Lu huaijiang stared at her deeply, then carried Lulu up the carriage.

In the carriage, the guard was reporting that there were still ten miles to go before they reached wanhe village.

Lu huaijiang waved his hand.

He held Lulu in his arms and looked at her with a serious expression.

“Lulu, if a man gives you jewelries or treasures for no reason, you must stay away from him. He must be a lecher with bad intentions.” Lu huaijiang looked at her deeply. The girl was still young. In order to avoid being deceived by others in the future, he must take precautions in advance. To grasp feelings, one had to start from a baby.

Lulu nodded in confusion.

“If a man gives you flowers and tells you jokes to make you happy, then you will gradually drift away from him. This kind of person is very scheming, he must be trying to get close to you after coaxing you.”

“If someone writes a poem for you, give him a slap. After working hard for so many years, he actually wrote love poems to make a woman happy, his thoughts are not right.”

“If someone is willing to hand over their family fortune to you, you have to be even more careful with such a person! Money is the foundation of one’s life, to be able to hand over all of it to you, one must have a great plan. Lulu had to be careful. Do you understand?” Lu huaijiang took a sip of tea to moisten his throat and told her all the tricks that men often used.

Lulu looked at him in confusion.

“Also, if a man sees you and suddenly blushes or stammered and wants to ask you out for a walk ... Don’t doubt it, it’s definitely not a good thing!” Lu huaijiang said righteously.

He racked his brain and told her all the tricks that men used to make women happy.

How could he know that the pit he had dug today was ultimately his own responsibility?

Blocking all his paths, he would have to shed his own tears in the future.

“You’re only five years old now, so you might not understand. But as long as you remember brother Jiang Jiang’s words, you’ll understand when you grow up.”

“If someone treats you like this, they definitely don’t have good intentions.” Lu huaijiang touched the little girl. She was smart and had a good memory. She would definitely remember these words for more than ten years. In the future, the men who covet Lulu would probably cry.

Lu huaijiang thought evilly.

At this moment, he had forgotten to remove himself from the situation!

Lulu's bright eyes flickered as he nodded seriously."Lulu, I'll remember. Those who were attentive to Lulu, sent flowers, jewelry, money, and family heirlooms, wrote love poems and paintings, found excuses to ask Lulu out for a walk at the temple fair, and blushed at the sight of Lulu. You're all lechers, slapping me when you see me ..." The little girl raised her little fist fiercely.

Lu huaijiang laughed without restraint, his eyes showing some satisfaction. "Good girl." Lu huaijiang had blocked off all the men in the world, and no one could try to deceive his Lulu.

Just as he finished speaking, the carriage stopped.

"Your Highness, we've arrived at myriad River Village," the guard reported from outside the curtain.

The moment he arrived at the entrance of myriad River Village, the thick smell of blood was so thick that it almost materialized.

Seven days ago, myriad River Village was exterminated, and no one survived.

It was said that none of the people sent by the state government to inspect returned.

Only the Ming family's young lady who happened to pass by this place managed to escape..

Chapter 578 - 578: Massacre (1)

It was evening when they arrived at wanhe village.

At this moment, the sky was slightly dark and the surroundings were extremely quiet.

Occasionally, the cawing of crows could be heard, as if they were flapping their wings and howling hoarsely.

As it flapped its wings and flew over, a drop of blood fell on miss Ming, who was wearing a white dress.

"That Crow is injured?" Miss Ming's slender fingers touched the Scarlet blood, and she put it to her lips to sniff.

He frowned in disgust and almost vomited.

"I'm not injured. Crows liked to eat rotten meat. Too many people in the village had died, so they ate rotten meat. The blood on your body should belong to the people in the village." Lulu innocently pointed at her clothes. Miss Ming shuddered.

miss Lulu, don't make it sound so scary. Our young lady is timid. The servant girl held her up.

The Crown Prince cast her a sidelong glance, then took Lulu's hand and led the way.

"Lulu's right."

Yang pinfeng blinked his eyes and followed.

Miss Ming bit her lower lip. Her shoulder and veil were stained with blood.

“Young lady, take off your veil first. This servant will change the outer clothes for young lady. I hope you don’t mind. With blood stains, young lady will definitely be uncomfortable.” The servant girl was very considerate. Miss Ming frowned, and the tip of her nose revealed a bit of disgust.

“Forget it, let’s take off your veil first. It’s fine to wear the outer clothes, just bear with it. ” Now that she was by the Crown Prince’s side, if she did this, she was afraid that the Crown Prince would be disgusted.

“Then this servant will take you to wash your fingertips.” Just now, Ming su twisted it with her hand and took off her veil. Her face was slightly pale.

There were only two guards left, so the two of them went to the stream outside the village.

Lulu suddenly turned to look at them.

“What’s wrong?” Lu huaijiang looked around calmly. Ten thousand River Village was a well-known big village. Before this incident, the village had probably been extremely lively.

Many of them had red lanterns hanging in front of their doors.

‘The ground was so wet, and each step left a footprint.

Why are these footprints so black and red? they’ve even stained my shoes. Yang pinfeng walked on the wet ground and saw a stone slab in front of a house. He stepped on it, and it was a black and red footprint.

“It’s blood that soaked the ground. It seeped into the soil and came out when it rained.” Lu huaijiang only needed a glance to know that he had often seen such a scene on the battlefield.

Yang pinfeng was stunned for a moment, and fell silent.

“The entire village is empty, and blood is everywhere. Not a single one of them managed to escape this calamity.” The guard brought some people on patrol and quickly returned to report.

“Where’s the corpse?” Lu huaijiang grabbed Lulu’s wrist, not allowing her to run around.

The Guard’s expression turned serious and he took a deep breath.

“Your Highness, they’re all on the grain -sunning ground in the village. It was unknown who had piled them up, but there was a pattern drawn on the ground, as if it was some kind of sacrificial ceremony. Just now, this subordinate only took a glance from afar and could smell the rancid smell.”

“The outermost one is wearing the clothes of the prefecture guards. He was afraid that none of those who were sent in would leave alive. However, they don’t have any injuries on their bodies, so we don’t know what caused them to be injured.” The Guard’s face was solemn, his hand still on the hilt of his blade.

As he spoke, Lulu suddenly tilted his head and looked behind him.

“What are you looking at?” Yang pinfeng knew that she was a Savior, and as long as she was not right, she would be a little ... He was a little flustered.

He wasn’t afraid of ghosts, but he was afraid that she didn’t look right.

“I’m just thinking that the servant girl’s words are still too humble. Sister Ming su is quite bold.” From a distance, he seemed to see her holding a little girl’s hand and walking over..

Chapter 579 - 579: Ghost’s worry (1)

Yang pinfeng didn’t even have time to think.

Ming su led the disheveled little girl, whose hair was hanging on both sides, over.

The little girl looked to be about eight or nine years old, and her face was covered in mud and blood. Her eyes were filled with fear and uneasiness. When she saw a stranger, she immediately hid behind Ming su, looking like she was relying on her.

Ming su quickly patted her head and comforted her, ““Don’t be afraid, we’re here to save people. We’ll definitely find out the truth and prove the innocence of the village. Don’t be afraid.” The little girl trembled in fear and shrank behind her, not even daring to stick her head out.

Ming su had to give up and said softly, ““Your Highness, this is the little girl that this official’s daughter picked up when she went to wash her hands just now.”

“When myriad River Village was massacred, she happened to go up the mountain in search of sheep. He had just dodged a bullet. When she came down the mountain, she saw that the ground was covered in blood and everyone was lying in a pool of blood. She had been guarding outside the village. After waiting for four days, she was so scared that she cried when she met this official’s daughter. She’s crying and begging this official’s daughter not to kill her. ‘

“This official’s daughter saw that she was pitiful and thought that she could ask for some clues, so she brought her here.”

Ming su’s eyes were filled with gentleness. She squatted down and didn’t mind the dirt on the little girl’s body. He took out a handkerchief and gently wiped the mud off her hands. He seemed to be very kind.

“Young lady Ming is really compassionate.” Lulu couldn’t help but praise.

Miss Ming blushed and smiled shyly. "The child is so pitiful, he can't care about anything else."

"Xiao Yu, he's the one who can make decisions for you. Don't be afraid." He pulled Xiao Yu out and gave her a push. Xiao Yu seemed to be extremely afraid of Lu huaijiang, her entire body was trembling.

"I, I'm the daughter of the Wang family. Her name was Wang Xiaoyu, and she lived at the east end of the village. That day, my sheep didn't come home, so I went to look for it. When she returned, her uncles were all lying in a pool of blood. Yu 'er was scared ... All of them are spitting blood. They're so scared."

Yu 'er was crying and smoking. Her thin and small appearance was very lovable.

Miss Ming wiped the corners of her eyes.

"Are there any bandits in the village?" Lu huaijiang stared at her.

Xiao Yu was a little scared and hid behind Ming su. "No, my sheep is on the mountain. I can see the way into the village. No one is entering the village." Her eyes were filled with tears.

"That's strange. No one entered the village, but the entire village was slaughtered. Could it be ... Ghost? Is it a malicious ghost doing evil?" The shadow guard hugged his sword and said.

Xiao Yu, on the other hand, was so frightened that her face turned pale.

"Ghost? Are there really ghosts?" The little girl had been hiding outside the village for four days. When she heard that there was a ghost, she was so scared that she started trembling.

"Don't be afraid, big sister will protect you." Ming su hurriedly held her in her arms, the tip of her nose wrinkled slightly.

The little girl had been hiding in the haystack for too long, and there was a foul smell on her body.

"Sister, you're hugging me too tightly. I can't breathe." Xiao Yu said in a muffled voice.

Ming su hurriedly let go of her, looking a little embarrassed.

She clearly didn't use much strength.

"Recently, there have been strange deaths of people all over the great Zhou. It's the first time it's on such a large scale. If we can't control it, I'm afraid something big will happen." Lu huaijiang's face was dark, and his aura was terrifying.

Yang pinfeng silently lowered his head.

I think you guys are scarier than ghosts.

But he didn't dare to say it.

GUI jianchou, it's probably you two.

“We’ll rest in the village tonight. Bengong would like to see what kind of ghostly thing is causing trouble!” Lu huaijiang’s sword-like brows were slightly cold. Everyone’s expression changed when they heard this.

They lived in the village that was slaughtered.

Everyone shivered..

Chapter 580 - 580: It won’t be sweet anymore 1

“Yes, you can stay in my house.” Xiao Yu hid behind Ming su and whispered.

“My father is the village chief, and our house is very big. You can stay in my house temporarily.” Xiaoyu’s voice was low. She was the youngest daughter in the family.

Her brother, sister-in-law, father, and mother were all gone. The more she thought about it, the more she wanted to cry.

Lu huaijiang had no objections.

Ming su held her hand and led the way. The sky was getting darker, and Ming su was scared.

The guards were at the forefront.

“We also have a little sister here, called Lulu. If you’re afraid, you can talk to Lulu.”

Ming su saw her holding her hand tightly and comforted her.

Xiao Yu shook her head and only held her hand tightly.

Ming su felt a little pain, but seeing her frightened look, she could only give up.

Wanhe village was indeed huge. They had yet to reach Xiaoyu’s house.

It was dark along the way. The guards took out a few red lanterns, which barely illuminated the way forward.

Xiao Yu’s footsteps became heavier as she walked. When she saw the door of her house, tears rolled down her face.

“Father, mother, Xiao Yu has returned with the sheep.” The door was wide open, and the little girl sobbed, looking rather pitiful under the moonlight.

Lu huaijiang took a look. This family was indeed a reputable one in the village.

Several green-roofed houses were built, and they must have many children and grandchildren. It was a happy family.

Xiao Yu wiped her tears and pushed open the door. She could not help but cry again when she saw the bloodstains in the courtyard.

“Honored guest, please stay in the central room first. Xiaoyu, go and pack up.” At first glance, the little girl was a child who often did housework at home. She wiped the table and chairs nimbly.

After lighting the candle, everyone could see the furnishings in the room clearly.

It was a poor family, but it should be one of the best families in the village.

The female owner must be very clean, the house was clean.

Xiao Yu 'er must have also inherited some of it. After packing up, she immediately went to the kitchen to start a fire and boil some hot water to make tea for everyone.

She then went into the house and brought out two handfuls of desserts. It could be seen that their family was extremely hospitable.

The little girl opened the dessert, and her face fell.

“It’s all broken, it’s all broken. Father and mother went to town to buy it and said that they were waiting for Xiao Yu to find sheep to eat with nephew.” The little girl held back her tears as she looked at the moldy snacks.

Ming su’s heart ached when she saw this, and she hurriedly asked the maidservant to pass her the desserts she had brought from the carriage.

The little girl didn’t want to eat, but Ming su persuaded her.

“Mother said that I can’t eat other people’s food casually. Xiao Yu, just have a bite.” She carefully picked up a piece. The little girl picked up a piece. The dessert was extremely exquisite.

A piece was only the size of her thumb, and the layers were so beautiful that she couldn’t bear to eat it.

He opened his mouth and took a small bite.

The little face that was filled with anticipation just now instantly frowned.

“It’s not too sweet,” He finished it in two or three bites and went back into the kitchen.

Everyone sat in the central room and could see her running back and forth to pick a handful of green onions and vegetables. Then, she went to the yard and took a few eggs.

When the water was boiling, he cleaned the bloodstains in the yard.

Not long after, he brought a bowl of noodles into the main room.

“What a poor child. After this is over, susu wants to adopt her. It’s good to raise her as a sister.” Ming su immediately burst into tears when she saw how busy she was.

Xiao Yu 'er had just entered the room with a bowl in her hands and knelt down in front of her with a plop when she heard this.

“Thank you, sister.” The little girl’s eyes were red, and she didn’t have time to tidy herself up, but she tidied up the room very well.

Even the guards present sighed.

This child really had a tough life..
