

The Savior 711

Chapter 711: A slap (1)

Madam Yu returned to the Yu Manor the next day.

The Yu family had been disgraced the moment the new emperor ascended the throne, and the entire residence was scared out of their wits.

The old lady fainted on the spot when she heard the news.

When Madam Yu returned with her men, the Yu family was in a mess.

As if she had found her pillar of support, the old lady pulled her and kept crying. He packed up quite a lot of money to bribe the bailiffs, and also brought some delicious food from home.

“Sister-in-law, don’t be anxious. I have already begged husband and old Xia Furen.

Today, I must speak a few good words for father and big brother in the court.”

Madam Yu looked at eldest sister-in-law and advised her.

Eldest sister-in-law, Mrs. Du, took her younger sister-in-law’s hand and was very pleased, but she was more sincere.

“I’m glad I have you. Now that the new emperor had ascended the throne, everyone knew his personality and no one dared to persuade him otherwise. Last night, the old Madam had sent out several visiting cards, but there was no reply. I brought people to personally visit your big brother’s benefactor, but he actually refused to see me.”

“I’ve offended the new emperor, and now I’m killing the chicken to warn the monkeys. No one dared to touch it. What did I do wrong? new emperor, please give me a hint.”

The sister-in-law’s eyes were red and swollen from crying. She used a handkerchief to wipe the corners of her eyes.

Not long after, the carriage stopped in the Imperial prison.

Madam Yu supported eldest sister-in-law and forced herself to stay awake. The maidservant behind her took an ingot of silver and hid it under her sleeve, pinching her handkerchief.

“Big brother, we’re from the Yu family. The weather has been cold these few days and the old master has served the court for many years. His health is not good, so I’ll have to trouble you to make an exception and send him some clothes.” After she finished speaking, she leaned forward and took the bailiff’s hand with both hands. A silver ingot slid down her soft and boneless little hand.

The bailiff was overjoyed.

He waved his hand and glanced at the two madams.

“Alright, alright, come back early. I’ve already given orders this morning that no visitors are allowed.”

The maidservant’s face immediately brightened and she bowed in greeting, ““Thank you, big brother. Thank you, big brother.”

After he finished speaking, he turned around and helped his wife hurriedly down the Imperial prison.

There was no light in the Imperial prison, and there was always a damp and moldy smell.

From time to time, a patrolling bailiff would come out and look at the three of them, but he would quickly look away. “Follow me, are you two Sir Yus?” “Yes.” The servant girl replied.

The further they walked, the more they understood the new emperor’s anger. In the Imperial prison, the more serious the crime, the deeper the imprisonment.

Madam du clenched her handkerchief anxiously. Madam Yu hurriedly pulled her hand and gave her a comforting look.

“It’s fine. Father and big brother have served the country for many years. They definitely won’t go to prison just because of a word. As long as we know the reason, we’ll be safe and sound.” Madam Yu’s heart was pounding, and she kept feeling a little uneasy.

He had an ominous premonition.

At the end of the Imperial prison, it was dark even with the lights on.

The bailiff unlocked the door.

“This is the place. You’ll take at most five minutes. Come out quickly after you’re done.” After the bailiff finished speaking, he left in a hurry. That big silver ingot just now had to be split.

The maidservant took a look and stood to the side.

Madam Yu and Madam du pushed open the heavy cell door. The two people inside the cell looked up at her.

In just one night’s time, old master Yu’s hair had turned white, and Lord Yu’s face was full of dejection. The way he looked at Madam Yu was a little strange. “Father, big brother, do you know of any methods? Did the Yu family offend the new ... Pa!” A slap landed on Madam Yu’s face.

Madam Yu’s face was slapped to the side and it swelled up at a speed visible to the naked eye.

“You idiot!” Lord Yu was furious!

Chapter 712: Bearing a Bramble and asking for forgiveness

(1)

“You idiot!”

when you married out of the Yu family, they never benefited from you. Instead, you dug holes for them and harmed them!

“How did the Yu family offend you, you stupid woman! How can you be so stupid! ”

“You’ve offended someone and you still have the face to ask! It’s you who offended!” Lord Yu’s eyes were red with anger. In his anger, he immediately slapped Madam Yu’s face a few more times.

Madam Yu had been beaten silly.

“Hubby, hubby, what’s going on? Younger sister has been busy for the Yu family since she came back and did not even have a drink of water to rest.” Madam du was shocked. Her husband had always doted on this younger sister. At that time, she was not married yet, and she had suffered a lot of anger when she married.

But now, the Yu family still had to rely on the Xia family’s good words, so how could Madam du dare to offend her?

Not to mention that her parents and husband had been protecting her. For so many years, whenever she returned to her maternal family, the whole family would revolve around her.

“Does she have the face to rest?” Lord Yu sneered. If it wasn’t for her, how would the Yu family have faced such a calamity?” Lord Yu gritted his teeth in anger.

“You’re my only younger sister. All these years, I’ve pampered you, indulged you, and always supported you, making you restless even after you got married! That’s why you’ve caused such a disaster. How can you face the Yu family? You evil creature!” Lord Yu was so angry that he wiped away his tears. The hundred years of hard work of the Yu family had all gone to waste.

The Yu family had chosen the wrong side, but this was the time for a new ruler. A few words weren’t worth it.

The Yu family had been wronged.

However, when he thought about how he had spoiled his sister, it didn’t seem to be an injustice.

“Father, what did soo soo do wrong? Soo soo had always supported her husband and taught her children. She had never stepped out of line. Even if he was a little arrogant in the residence, he had never embarrassed the Yu family outside. What did big brother mean? Soo soo did not even close her eyes last night. Her heart was about to break at the thought of the Yu family.

Last night, I had to kowtow to them in order to get them to say something good. How can you wrongly accuse soo soo?” Madam Yu had never been hit in her life, and after a few slaps, she felt dizzy.

However, she didn't expect that old master Yu would look at her with heartache and hatred.

"Hit, you deserve to be hit! If we don't fight, how can we calm our anger?" How could he calm that person's anger?

He had been an official for many years, and the late Emperor had never scolded him before.

Now, he was actually directly sent to prison, just because he gave birth to an evil daughter.

Madam Yu looked at old master Yu in fear and shock.

Mrs. Du pinched her handkerchief. Of course, she was happy that her sister-in-law was beaten, but she didn't dare to really offend her.

"Father, husband, how did soo soo know that she was wrong? why don't you make it clear?"

"Do you know why the entire Jiang family was executed after they were exiled?" the old man took a deep breath.

Madam Yu paused for a moment as she cried. did I offend His Highness? " Back then, the Jiang family's mishap was single-handedly handled by His Highness. 'Why don't you open your mind?' old master Yu sighed again.

we were sent here last night. We finally begged eunuch Lu to give us some guidance.

"That eunuch Lu, however, said bluntly that I have raised a good daughter! He said that you touched a treasure that the new emperor shouldn't touch! You have such a strong backing. If you continue to rely on them, the Emperor will not tolerate the Yu family." Old master Yu glared at her, wishing that he could beat this rebellious girl to death.

She had actually caused such a big disaster for her family.

Madam Yu was startled.

Even Madam du was shocked.

"Little sister, who did you offend? You didn't offend anyone just because the Yu family is backing you up, did you?" Madam DU's tone was somewhat hysterical. If the matters of the Imperial court involved the Yu family, she would have nothing to say.

However, she would never allow her sister-in-law to cause trouble and make the Yu family suffer!

Chapter 713: Coax her until she is happy (1)

Madam Yu's face was pale. and her body was limn as she leaned against the prison wall.

It was so cold that she shivered.

“No, that’s not possible. Your daughter is kind to others outside and has never offended ...” His voice stopped abruptly.

In front of him, a sentence seemed to come to mind.

“All you do is have a good maternal grandfather to back you up. All you know is to bully Lulu.” This sentence immediately appeared in Madam Yu’s mind.

At that time, she held Qing Qing’s hand and Qing Qing said.

She only chided him softly and didn’t think much about it.

Madam Yu’s entire body began to tremble, “What ... How could that be possible? It was just a child’s quarrel, how could it involve the court? You even caused a hundred-year-old family to be imprisoned. How, how is that possible?” Madam Yu’s voice was trembling, and the fear and shock in her eyes had long drowned her.

Seeing that she had finally come to her senses, the old master snorted coldly.

I didn’t expect that the hundred years of hard work of the Yu family would be ruined by you! Lord Yu looked at his sister, and when he saw her like this, he didn’t have the slightest bit of pity.

Madam Yu lowered her eyes and hid the smile in her eyes.

“Impossible, why is it impossible? Do you think that the Jiang family has offended the new emperor? In the end, he still offended that soul suppressing girl of his! He executed all those who mistreated her in the Jiang family, and Jiang Huaian is about to take the Imperial examination. As long as he stays with the Xia family for two years, Jiang huailu will be able to lead a good life.”

“Such a great opportunity, but you actually tormented your entire family and sent them to prison!”

The new emperor had given it much thought before sending her into the Xia family.

It just so happened that his idiotic sister and niece had angered her so much that she had left home.

Madam Yu’s body went soft and she fell to the ground, her face full of fear.

“Big brother, father, soo soo does not know. Soo soo has never been unable to tolerate her. It is just that ...” Madam Yu was a little embarrassed. After all, Jiang huailu was only a few years old.

“Just a fart!” Lord Yu angrily rebuked.

“You’re the daughter of the Yu family, the daughter-in-law of the Xia family’s eldest grandson, and the future matriarch of the Xia family! You’re the matriarch of a family, and Jiang huailu is Qingqing’s little aunt. You actually allowed Qingqing to offend her. It’s fine if she offended you, but you didn’t stop her from hurtful words!”

“Qing Qing, Qing Qing is the young lady of the residence. She ...”

“So what if she’s a big girl? Then the Xia family isn’t miss Jiang’s maternal family? She’s just staying at the Jiang family for a while, and she’s a maternal family, so how can she be fed by you? Why are you so stupid? I’ve taught you so much in vain!” Lord Yu was so angry that his head was dizzy and he couldn’t even stand steadily. Fortunately, Madam du supported him and he didn’t fall to the ground.

go back now and bring Xia Qingqing along to admit your mistakes however you want to until she’s happy! Lord Yu held his forehead, his head throbbing in pain.

Madam Yu looked at him in shock.

“Big brother! She’s only seven years old. I, I’ve at least given birth to a son and a daughter for the Xia family. Would she dare to blame me?” Madam Yu bit her lower lip. Asking her to bow her head to Jiang huailu, a seven-year-old child, and also to admit her mistakes and repent in public, this was asking for her life.

He was stepping on her face and crushing her on the ground.

Lord Yu was so angry that he laughed.

of course, she doesn’t blame you. However, the people behind her can’t wait to execute the entire Yu family!

“I don’t care what methods you use. As long as you can make her happy, she won’t mind and the Yu family will be fine. ”

if she doesn’t forgive you ... Lord Yu’s face trembled and he immediately closed his eyes.

“Madam, please go back and remove her name from the Yu family’s genealogy. I’ll have to trouble Madam to help me and my father collect the corpses.” After saying that, Lord Yu didn’t even want to look at her..

Chapter 714: Bearing brambles and asking for forgiveness

(1)

Madam Yu was helped out of the Imperial prison by a servant girl.

His entire body was weak, and his face was swollen and filled with blood.

His body was covered in cold sweat, and there were hot tears on his face.

Madam du walked at the back. Now that she knew the reason, she was more and more dissatisfied with her sister-in-law, who she was already not happy with.

“I will report this matter to the old Madam when I return. I will have to trouble younger sister to take pity on the Yu family.”

“You’re married off, so you won’t be implicated in anything. The Yu family has raised you and doted on you for so many years. You, on the other hand, can’t wait to harm

the entire Yu family. Back then, the Yu family married you to form an in-law, not to make enemies! You've offended everyone."

Madam du snorted coldly and got on the carriage. She hurried to the Yu family.

Madam Yu stood outside the Imperial prison, as if a lifetime had passed.

She ... She had raised her daughter a little too arrogantly. Her daughter had just had a dispute with the Jiang family's poor family. How did it end up like this?

"Madam ..." Seeing Madam Yu like this, the servant girl was frightened.

Madam Yu's voice was hoarse, and there was a bloody smell in her throat. "Prepare the carriage, let's return to the residence." He paused after saying that.

His eyes were filled with humiliation and fear.

His father's words when he left the Imperial prison still rang in his ears.

The old man's hair was white, and he almost burst into tears as he looked at his daughter.

The old man's knees bent and he almost knelt down in front of her. This was really too much for her. Madam Yu cried again.

'If we don't coax them well, the Yu family will definitely be finished.' "Go and buy a bundle of thorny Bramble. The deeper the stab, the better. He had to get this done before the end of the court session. Otherwise ..." That person was not a slow person.

Madam Yu took a deep breath and bit her lower lip.

The servant girl glanced at her. She had also heard the conversation in the Imperial prison.

He had no choice but to acknowledge her and quickly pass down the orders.

The spring March was the season of life.

It was the season for sightseeing.

However, because of the late Emperor's death, the entire city was in mourning. No one dared to play.

It was unknown if the heavens had felt the sorrow of the people, but it had been raining the entire day.

It was early spring, and the rain brought with it a chill.

The passersby dug out the thick hairpin again.

Sitting in the carriage, Madam Yu had changed into a thin veil, and one could vaguely see the White and tender skin on her body.

His eyes were filled with fear and regret as he said in a low voice, ""Go and bring Qing Qing out. Wear less." The more pitiful they were, the more that person would forgive the Yu family and them.

The Xia family didn't just have a poor family, they had an ancestor.

The maidservant hesitated for a moment, but in the end, she went to bring the person out.

“Mother, it’s so cold. Qing Qing doesn’t want to wear thin gauze. Qing Qing wanted to wear a coat with fox fur around the neck. Uncle bought it for Qingqing in the past.” Xia Qingqing’s face was still red and swollen. She raised her head and saw the wound on her mother’s face.

He was immediately scared silly.

“Mother, mother, what happened? Didn’t you visit your uncle and maternal grandfather? Who injured you to this extent?” Xia Qingqing’s voice had become much shrill.

But Madam Yu did not say another word, She picked up a bundle of thorny brambles and closed her eyes.

“Cui ‘er, hold her down.”

A tragic cry rang out from within the carriage.

“Mother, mother, I don’t want to. Mother, save me ... It hurts.” Xia Qingqing’s voice was hoarse from crying.

How could she have known that today would overturn her understanding?

The so-called poor family in her eyes, the star of death that she often cursed at night, from today on, she could no longer look at them directly.

She was not worthy..

Chapter 715: Kneeling every three steps (1)

It was early spring in March, and the rain was continuous.

It was wet everywhere, and the water flowed past the eaves like a Silver Line.

As soon as the embroidered shoes landed on the ground, they got wet.

Madam Yu was wearing thin clothes, and her right hand was holding onto Xia Qingqing tightly. Xia Qingqing covered her mouth and whimpered. The red and swollen marks that were previously covered with makeup seemed to have been wiped clean.

“Mother, I don’t want to kneel down to her. I don’t want to apologize to her.”

“Qing Qing is already nine years old, so submissive, so embarrassing, how can you raise your head in the future?” Xia Qingqing looked at Madam Yu pleadingly, her eyes full of hot tears.

Why, why did her family still kowtow to Jiang huailu and admit their mistakes?

Jiang huailu was clearly the poor family who came to live here. Why?

“Qing Qing, don’t be afraid. After today’s matter is over, mother will send you to the manor, and outsiders will no longer be able to laugh at you. When they forget about

this matter, mother will bring you back. Don't be afraid." Madam Yu said in a low voice, her voice trembling.

The maidservant raised her umbrella and wanted to go forward, but Madam Yu shook her head gently, so the maidservant had to retreat.

"I'm not going to the manor, I'm not going. She made a mistake and was sent to the village, how can Qing Qing go?" Xia Qingqing's voice was trembling.

"Mother, I'm not going to the manor, so don't send me there. I will obediently admit my mistake." Xia Qingqing bit her lower lip, and her whole body was drenched.

His back was pierced by thorns, and blood dripped down.

Because she was wearing a white chiffon dress, the bright blood was even more conspicuous, a piercing red.

Madam Yu didn't speak. She only looked at the maidservant and asked softly, "Who are in the residence today? How long before father and husband return to the residence?"

The maidservant saw that the madam's head was covered in rainwater and immediately sighed. "There's still nearly two hours."

Madam Yu frowned.

He gritted his teeth and held Xia Qingqing's hand as he stepped through the door.

The maidservant ordered for the door to be closed, and servants ran out from the surroundings. Seeing that the madam did not say anything, the maidservant did not let them leave.

She had thought that Madam would at most kneel outside the perfume Pavilion and admit her mistake. Who knew that she would watch as Madam Yu knelt down with every three steps.

He kowtowed.

He took a deep breath and shouted, "'The Xia family's granddaughter-in-law has apologized to younger cousin. Please punish her."

After saying that, Madam Yu looked at Xia Qingqing quietly.

Xia Qingqing bit her lip and wiped the rain off her face. She knew that something must have happened to her maternal family for her mother to visit the Yu family today.

"Qing Qing apologizes to little aunt. I beg little aunt not to be calculative with Qing Qing. Qing Qing knows her mistake." Xia Qingqing's face was full of humiliation. She saw the servants peeking at her from the corridor and lowered her head.

Cui 'er watched as they stood up, took three steps forward, and knelt down again to admit their mistakes.

Because both of their faces were bruised, their heads were knocked on the cold ground, making them look particularly miserable.

quickly, go and invite eldest Madam and old lady. What's going on? " A maidservant was shocked. Madam Yu glanced at cui 'er, and cui' er immediately stepped forward to stop her.

She kowtowed all the way to the perfume Pavilion. Xia Qingqing's face was pale, and her body was swaying.

After an hour, cui 'er saw that they were still a distance away from the perfume Pavilion. She calculated that master Xia and the eldest young master would be back soon and immediately ran to the backyard.

Cui 'er cried as she ran. When she reached the rain listening Pavilion in the backyard, she knelt down immediately.

"I beg elder sister to pass on a message. When this servant's Madam returned from the Yu family, she knelt every three steps and kowtowed to the perfume Pavilion to admit her mistake. Furen is not willing to get up even after an hour, it is because she does not cherish her body. Young lady is only nine years old and what would be good if she is infected with the cold." Cui 'er's eyes were red

from crying..

Chapter 716: She won't be swayed by force or persuasion

1

The old Madam in the room had yet to wait for the maidservant to report when she heard cui 'er's tearful complaints and immediately stood up.

"Silly!" The old Madam scolded angrily.

He picked up his walking stick and went out with a sullen face.

"Quickly, go and invite the eldest mistress over." The expression of the head maidservant behind her changed slightly. Then, he quickly picked up the umbrella and chased after her. If something happened to the old Madam, it would be a real big deal.

The four generations of the Xia family were all filial children and had always been well known in the capital.

"You're really silly!" The old Madam's walking stick was a little heavy, and she didn't dare to stop.

"Have they reached the perfume Pavilion? Does Lulu know?" The old Madam's expression was a little ugly, and cui-er's heart shrank a little. "I, I don't know yet. Madam was afraid that the servants would stop us and didn't allow us to tell old Madam. It was this servant. Seeing that Furen and young lady Qing Qings faces were white, I was afraid that they couldn't bear it, so I secretly came to inform them."

The old lady's expression was worse than cui 'er had imagined.

As she walked towards the perfume Pavilion, she heard the cries of children.

The old lady's face darkened.

"Who brought the child here? This brother is only a few months old, aren't you afraid of harming him?" The old Madam scolded her sternly. Cui 'er felt a little wronged. She didn't see the little brother when she came over.

The group of people hurried over. The eldest Madam was young and fast, so she arrived almost as soon as the old Madam.

Lady Wang clenched her fists and looked at the old lady with worry.

Madam Yu was holding Xia Qingqing's hand and kneeling in front of them.

They were standing under the eaves.

The old lady raised her hand and slapped the First Lady.

A clear and loud slap.

"Foolish!"

"This is your good daughter-in-law! If you can't set up rules, do you still want an old woman like me, who has half a foot in the coffin, to set them?" The old lady was furious. Seeing that the old lady was furious, the eldest Madam knelt down immediately.

"Mother, don't be angry. It's your daughter-in-law's incompetence that made you angry." When she married over, she was very harmonious with her husband and her in-laws.

This was the first time the old Madam had lost her temper.

But at this moment, she only needed one look to know that she had not suffered unjustly.

The old Madam looked at the mother and daughter who were kneeling in the rain, then at her daughter-in-law and said, "'You may rise."

Only then did lady Wang come forward to help her.

Xia Qingqing seemed to have heard a sound and wanted to turn back to look, but Madam Yu held her hand tightly.

The old master and husband should be back by now, right?

At this moment, they had already arrived outside the perfume Pavilion. A servant girl had already gone in to inform them, but the door had not been opened.

Madam Yu looked at her GE 'er under the eaves, a touch of heartache flashing through her eyes.

Hearing the sound of her mother-in-law being beaten. Madam Yu bit her liD. carry me back. In this heavy rain, if I get caught in the cold wind, none of us will be able to escape.

“Whoever carried GE ‘er out, drag him away and give him thirty canes.” The eldest mistress looked on coldly. She also looked at Madam Yu with some dissatisfaction. This idiot.

The nanny kept begging for mercy, but she was pulled away with her mouth gagged.

The baby was only a few months old. Lady Wang looked at the two in the rain with a blank expression.

“Go and pull Qing Qing up. He would immediately send her to the manor as soon as he saw that she was in good health and was not affected by the cold wind. We’ll bring him back after the wedding ceremony.” Lady Wang hardened her heart. As soon as she said that, Xia Qingqing stood up immediately. Her body swayed, and her frightened face had not faded away when she fainted on the ground.

She didn’t know that when she woke up, she was already in a carriage heading to the manor outside the capital..

Chapter 717: She’s not a silly and sweet person (1)

In the perfume Pavilion.

Lulu sat on a small chair and picked up a piece of pastry with his chubby little hand. He put it into his mouth happily.

He smacked his lips lightly. Sigh, he was as happy as a God.

Yesterday, Jiang Huai ‘an was this year’s Huiyuan. He had already won two Yuan consecutively and was quite famous in the capital.

Today was the day the late Emperor passed away. The scholars in the city wrote many poems to mourn and praise the late Emperor. Although he didn’t like the late Emperor, he had to get along with the others and left the house early.

There were only Jiang huailu and the Xia family in the perfume Pavilion now.

Lulu was eating desserts leisurely, while Madam Xia was anxiously pacing back and forth in the room, holding a handkerchief with both hands, her face full of anxiety.

“Lulu, are you really not going to open the door?

“W-why did he suddenly kneel down and apologize to you?” Mrs. Xia was a little puzzled. She knew that Yu wanxiu, who was born in a wealthy family, was unhappy that she was staying with the Xia family.

Usually, she rarely left the perfume Pavilion. When they occasionally met on the road, Madam Yu only gave a casual bow with a fake smile and then walked away.

Madam Yu was used to having her eyes on the top of her head. What was it that made her kneel in the rain and apologize to Lulu?

it's none of her business. Who made the rule that we have to forgive others just because they admit their mistakes? " Lulu pinched the pastry, not a hint of sympathy in his eyes.

The Xia family knew that Lulu and Xia Qingqing didn't get along, but it was raining heavily outside, and they heard that Yu wanxiu had brought Xia Qingqing along.

From the gate to here, he had probably knelt for more than an hour.

I heard that the little brother is also here outside. The little brother has only been out of confinement for a few months. If he is infected with the cold wind

Before Xia Shi could finish, Lulu raised his head. "Then it's his mother's fault."

A look of disgust flashed across Lulu's eyes.

alas, " Madam Xia sighed.

"She is the Xia family's granddaughter-in-law after all, everyone in the residence is watching. After all, one has to keep one's face. If one were to lose such a big face, your maternal grandmother and eldest aunt would not feel good in their hearts." This daughter-in-law was going to be the matriarch of the Xia family in the future, so it wasn't good to treat her too badly.

"In a while, your uncle and cousin ningze will come back. They won't feel comfortable." Mrs. Xia stood at the door and looked into the distance, and she could vaguely hear the old Madam's voice.

"It's all mother's fault for being useless." Xia Shi felt a little guilty.

When her daughter had been pointed at and criticized, she had been so angry that she had run away from home, but she had no place to take her daughter out.

"Mother, you're good enough," Lulu laughed. Which daughter would take her children away with her husband when they were separated? That's all you can do. You've already given it all to big brother and Lulu."

"Do you believe that if Lulu goes out today, first uncle, first aunt, and even maternal grandmother will not let her get up?"

Lulu chuckled. Who did he think was stupid?

she knelt down as soon as she entered the door. A servant girl reported to her, but she was not allowed to stop her.

"It just had to come to our courtyard's Gate, just when eldest uncle and Biao older brother were about to return to the residence, to come and inform. Wouldn't that be forcing Lulu to forgive her? It doesn't matter if she kneeled for so long or from a moral standpoint, she just wanted to force Lulu to forgive her. " Lulu could eat anything in his life, but not force.

Madam Xia paused, and Lulu continued, "look at her. She's even carrying a child who's only a few months old. Isn't she just trying to increase her chances of survival?" Hmph, Jiang Jiang had already taught him.

She wasn't a silly girl.

Xia Shi's heart suddenly turned cold. "Forget it, you can go out whenever you want."

"As long as my son doesn't feel wronged." He paused for a moment.

"At most, we'll move out. Your brother is already sixteen, and he's been struck by two Yuan in a row. He can also protect us mother and son." Xia Shi stroked Lulu's Black hair, full of pity..

Chapter 718: Backing Lulu up openly (1)

Madam Yu knelt until the sky was getting dark.

It turned out that for some reason, the new emperor had asked Lord Xia to stay behind.

Because it was the late Emperor's funeral, the officials were all offering their condolences these days.

Even Xia ningze had been a little busy these days, waiting for Lord Xia to return home with him every day. On the way, the two of them asked about current affairs.

Who knew that the new emperor would summon him into the palace as well?

He trembled along the way, feeling both happy and worried.

Could it be that he couldn't hide his extraordinary talent? Or him .

How had he angered the newly appointed young Emperor?

He had thought about it countless times along the way, but he was so scared that he was sweating, but he couldn't guess the result.

Who knew that when he arrived outside the Imperial study, he would find his father standing outside the door.

"Father, what's going on?" This was Xia ningze's first time meeting the Emperor, and even his boiling blood was a little cold. He was deeply afraid that he had offended the young Emperor.

Lord Xia's eyes were filled with unease. "We'll wait for now."

The new emperor was busy with the matters of Ascension during the day, and after he was done, he had to follow the others to perform the funeral for the previous Emperor.

He still had to summon the emperor's soul tomorrow, so he needed five high-ranking officials to put on the Imperial robe, call the emperor's name three times, and then throw the robe away. There would be someone in charge of receiving the Imperial robe and placing it on the emperor's body.

After that, he had to prepare a Jade bead, which either the Crown Prince or the new emperor had to personally place into the mouth of the Emperor of the great gan.

At night, he had to review the memorials sent from various places.

He was already so busy, but the new emperor still wanted to see him. It was fine if he wanted to see him, but why did he want to see his son? A sesame official wasn't even fit to carry his shoes.

The father and son of the Xia family waited for more than two hours.

It was not until the rain had stopped that the door of the Royal study was gently pushed open.

Eunuch Lu followed behind the new emperor. The young Emperor's aura had become more and more unfathomable ever since he had ascended the throne.

The two Lord Xia's lowered their heads and bent their backs, not daring to stand straight.

The new emperor seemed to be stunned for a moment.

"The two Xia Daren have not returned." Eunuch Lu said in a low voice.

Lu huaijiang glanced at Xia ningze. your eyes are already bad at such a young age. Her tone made Xia ningze's legs tremble.

If he made the new emperor unhappy, his life would be over.

"How long has it been since the court session?" Lu huaijiang asked casually.

The palace lanterns had already been lit. Eunuch Lu said, ""It's been more than four hours since the end of the court session."

Lu huaijiang looked in the direction of the Xia family's residence."She should be able to cool down a little, right?" "Alright, you may leave." He muttered and waved his hand. After he finished speaking, he strode away.

The two members of the Xia family wanted to ask eunuch Lu about it, but eunuch Lu gave Xia ningze a meaningful look, then left with a profound look on his face.

The two of them left the palace in fear. Xia ningze was drenched in cold sweat as if he had just been fished out of the water.

"Father, what does His Majesty mean by this? Could it be that they want to strike at the Xia family?" Xia ningze was extremely uneasy.

Lord Xia's brows were tightly locked. Recently, the Xia family had not made any allies, nor had they been up and down. As Lord Xia walked, he suddenly yelped.

He smacked his forehead.

"Pig brain!"

"His Majesty is afraid that we will return too early!" Lord Xia stomped his feet. His Majesty was really meticulous.

Today, Madam Yu had gone to the heavenly prison to see Lord Yu, so Lord Yu must have wanted her to go home and apologize to Lulu.

If he returned too early, the new emperor's little ancestor would not be able to vent his anger.

He was trying to support Jiang huailu..

Chapter 719: This is the Xia family's golden thigh (1)

"You, ah, you, open your eyes wide, don't let the harem woman ride on your neck. A man's ambition is to travel far, don't ruin your future because of the dirty things between women." He knew that his eldest son loved Madam Yu and had always indulged her.

The new emperor was personally beating him up.

Lord Xia was so frightened that he felt a chill at the back of his head.

He was not as talented as his father in this life, and he did not have as much insight as his father in officialdom. I'm afraid I won't have much of a future in this life, but my son is still young.

Lord Xia had high hopes for his eldest son, and at the same time ..

He was Lulu's uncle, after all. Since he was no longer able to survive in the Imperial court, he might as well suck up to his little niece.

After crawling for so many years, he had to rely on his father to get to where he was now.

At this moment, Lord Xia had no idea that his greatest glory was actually from when he gave up the Imperial court and started to hug his niece's thigh.

He had never reached the peak to serve the country.

Xia ningze was taken aback by Lord Xia's words. He was the eldest son of the Xia family and had always been raised as the pillar of the family. Now that he heard it, he knew that the problem was with his wife and daughter.

"Whether the Yu family can come out or not depends on whether your little cousin sister can relent."

"Lulu is a sentimental person. After she left home, she's still willing to stay with the Xia family for a while. It means that she doesn't hold grudges against the Xia family, and the quarrels with Qing Qing are just child's play."

"If your Furen is smart, then bring Qingqing to Lulu and apologize. That child had no intention of causing a scene and embarrassing the Xia family. I'll give you a way out."

"If she's so stupid that she's going to let Lulu plot against her, the Yu family won't be able to get through this easily."

"She might not understand it because she's young, but the new emperor won't let her suffer." After saying that, Lord Xia slowly got into the carriage.

Xia ningze's heart trembled. His Highness had doted on Lulu even before he ascended the throne, and now that he was ...

Xia ningze shuddered.

Then, she climbed onto her horse and returned to the Xia family's house with a heavy heart.

As soon as he got off the carriage, he heard the gatekeeper discussing something.

When he heard about young Madam and miss Qingqing, Sir Xia stopped in his tracks. "What are you guys talking about?" His eyelids twitched.

Xia ningze's heart was in his mouth.

"Reporting to master, reporting to first young master. I was just talking about what happened in the afternoon."

"It was still raining heavily in the afternoon. Young Madam suddenly changed into a thin shirt and brought young lady Qing Qing out. His body was covered in thorns, and he knelt every three steps in the rain." The gatekeeper said a long sentence in one breath, and the two Xia Daren's expressions eased a little.

However, before he could relax, the gatekeeper spoke again.

"At that time, a servant girl wanted to invite the old Madam, but she was stopped by cui 'er, who was by the young Madam's side. After kneeling for almost two hours, cui 'er saw that miss Qingqing's expression wasn't good, so she went to invite the old Madam and the eldest Madam. Nanny said that the little brother was crying non-stop, so she also carried the child out."

"Old Furen was furious when she came and flogged nanny thirty times before throwing her out."

"Take the unconscious young lady Qing Qing to the village outside the city. She is not allowed to come back before the funeral."

"Young Madam is still kneeling in front of the courtyard."

Xia ningze's brows were tightly locked together, his eyes filled with worry and anger.

"Hey, what do you think this is about? Miss Lulu is a guest, and she's also a cousin. How did our young Madam offend her again? To actually torture young Madam like this ..." When the gatekeeper saw that the two masters of the Xia family had returned, he immediately said a few words on behalf of the young

Madam.

It wasn't that the young Madam was a good person, but that the eldest young master was famous for doting on the young Madam. Wasn't it just a few words to show his loyalty?

"Don't talk nonsense!"

“Don’t talk nonsense! ” They said in unison.

Chapter 720: Don’t harm my Xia family (1)

The doorkeeper looked at the two old masters with a dazed expression.

No, it’s understandable that Lord Xia dotes on his niece who has lost her father and family, but the eldest young master is famous for doting on his wife!

In the entire mansion, the Xia family was gentle and harmonious.

It was only after he married the young Madam that there were a few disputes, but they were all because the young Madam was well-mannered and arrogant.

But eldest young master was willing to deal with her parents and old Madam for her. Who in the entire residence did not know, who did not know?

Did the sun rise from the West?

The doorkeeper glanced at it. The moon was out as usual.

“Biao young lady is the proper Biao young lady of the Xia family, how is she an outsider. Don’t talk nonsense!”

“Xiuxiu is older than Lulu and as cousin-in-law, she doesn’t care about Qing Qing and instead lets Qing Qing cause trouble. She was in the wrong.” The Yu family was still in prison, and Xia ningze was afraid that it would bring disaster to the Xia family.

At that moment, his head was throbbing. Soo soo was being silly.

At this time, the Yu family was still in prison, and they were still plotting against Lulu.

She had kneeled for so long, invited the matriarch and mother, and even carried the child.

If this wasn’t a scheme, then what was?

He then thought about how he had been invited into the palace to stand for four hours. Wasn’t it because the new emperor was preventing them from returning to the residence and allowing xiuxiu to get up?

“Don’t ever say such words again! Our Xia family’s young miss has never been an outsider. If Lulu is willing, we’ll even include you in the family tree!” Lord Xia glared at the gatekeeper, not knowing how to speak.

This is your Lord’s golden thigh, your Lord’s future promotion all depends on her.

Lord Xia rebuked angrily, turned around, and entered the mansion with his son.

The rain had almost stopped, but the ground was still wet.

The servant girls and servants were sweeping the puddles on the ground.

Lord Xia rushed to the perfume Pavilion, but before he got close, he saw a lot of people surrounding it.

He could still hear Cui's voice, "Biao young lady, I beg you to open the door. The young Madam had only given birth to the child a few months ago. How could it be good to be weak in this cold weather? Even if she's at fault, you can't punish our young Madam." Cui-er shouted at the top of her lungs.

Xia Ningze's eyelids twitched.

The old lady had already gone back and said that no one in the manor was allowed to interfere. She had also taken the eldest mistress away. Xia Ningze skipped over his father and quickly walked over.

Creak.

Just then, the door of the Perfume Pavilion opened.

The little girl less than seven years old stood in front of the gate, and the summer family did not appear.

This was her maiden home, and to her, Madam Yu was a junior. If she stepped forward, she would be the one being talked about.

"Cousin-in-law, Lulu is only taking a short nap. How is he bothering you?" The little girl's cheeks were red, and the hair on her head was a little messy. She yawned, and tears welled up in her eyes.

He looked drowsy.

and you didn't even provoke Lulu. Why are you apologizing to him?" Lulu blinked and tilted his head to look at her.

Of course, she knew why Xia Qingqing would bully her.

It was just that Madam Yu didn't like her mother coming to the Xia family with her and gossiped behind her back, which Xia Qingqing had learned from her.

It could be said that she and Xia Qingqing were just children quarreling, but to put it more deeply, she was Xia Qingqing's elder, and Madam Yu couldn't escape from her mistake of not teaching her.

Madam Yu understood this in her heart, but for so long, she had always been high and mighty in her heart, and had not put these three people in her eyes.

Otherwise, he would have restrained Xia Qingqing to apologize.

Why would he drag it out until now?

Madam Yu knew that she was in the wrong. At this moment, her face was terrifyingly white and her lips moved..
