

Bank of the Universe

Chapter 381: New Guest

Seven prepared the contract.

It recorded the agreement that Zhong Zi Qi and the demon had come to.

Zhong Zi Qi agreed to enter the demon's body. The two of them shared the body and the demon would be the main one in charge. But Zhong Zi Qi could only freely observe. He couldn't stop him.

The demon would use Zhong Zi Qi's body to cultivate Demon Summoning Technique to increase his strength, entering Celestial World to kill Huode Starlord.

After killing Huode Starlord, Zhong Zi Qi would leave the body to the demon.

Before killing Huode Starlord, the demon and Zhong Zi Qi would live peacefully and listen to Li Xiandao's orders.

There were all sorts of rules, a total of 30 of them, and they were all very detailed. The demon wanted to reject and directly ignore it.

But in the end, he still signed his name under Li Xiandao's cold gaze.

Zhong Zi Qi signed it too.

Li Xiandao took the contract and said, "This contract is signed under my eyes. Whoever dares to go against it, don't blame me for not showing mercy."

Zhong Zi Qi said, "I don't dare to go against Master."

The demon sighed, "My life and death are left in your hands. I don't dare to oppose at all."

Li Xiandao was satisfied, "I hope that the two of you can successfully merge and also since you can't take revenge now, go find those 12 Demon God Pillars. With the two of you working together, if you find them, I will give both of you rewards."

Zhong Zi Qi said firmly, "Don't worry Master, I will definitely help you find the 12 Demon God Pillars."

Li Xiandao looked towards the demon.

“I will try my best.” Demon forced a smile and said.

“Okay, then go out and merge.” Li Xiandao waved his hands. Zhong Zi Qi and the demon’s body dissipated.

...

The demon and Zhong Zi Qi appeared in the broken temple.

The two of them kept silent and didn’t say a word.

Demon cursed out.

The signing of the contract tied him down. He just wanted to find the 12 Demon God Pillars to be free but now he had to get to Celestial World to kill Huode Starlord.

But even if he cursed, it was useless as the contract had already been signed.

“Merge.” All words ended up into this one helpless sentence.

Zhong Zi Qi nodded. He released his soul and hugged the demon.

The rumbling demonic energy entered Zhong Zi Qi’s body and drowned him.

“I want to trash your cultivation to forge new foundations to cultivate the Demon Summoning Technique. Suppress it. It will be a little painful.” The demon reminded.

Zhong Zi Qi closed his eyes and gritted his teeth, “Bring it on.”

Hong!

Zhong Zi Qi’s cultivation was trashed by the demon. He scoffed, his body went soft, and he fell to the ground.

Hong long long!

But as more and more demonic energy surged into Zhong Zi Qi’s body and nourished it, his body became stronger and stronger.

His cultivation was also swiftly rising.

From start to now, he cultivated along with the Demon Summoning Technique. He didn’t hesitate and his cultivation soared.

Six hours later, Zhong Zi Qi flew into the sky with the rumbling demonic energy. Under the moonlight, he opened his arms.

Hong long long!

A terrifying demon appeared behind his back and roared. The invisible shockwaves forced by the jungle monsters made them shiver.

Zhong Zi Qi's cultivation not only recovered but he also broke through to Grandmaster Realm.

He broke through Transcendent Realm Stage 33, past the 10 stages of Grotto-Heaven, entered Boundless Realm, and then reached Grandmaster Realm.

Zhong Zi Qi was nearly about to break through to Emperor Realm.

This quick increase made him believe the strength of the Demon Summoning Technique, that it couldn't be underestimated.

"Let's go. I will help your master find the 12 Demon God Pillars. Only after finding them can we cultivate peacefully." The demon sighed. He was now totally merged with Zhong Zi Qi.

The demon didn't harm Zhong Zi Qi because of the contract.

"Great!" Zhong Zi Qi replied

The demon headed towards the world grade teleportation formation so he could head to Great Sky to see what was going on.

...

In the Bank of the Universe, Li Xiandao opened his eyes, "Not bad, the merger is decent and strength has increased. I hope that you can quickly help us find the 12 Demon God Pillars."

With the 12 Demon God Pillars, Li Xiandao dared to say that he would be invincible in the entire Nine Skies and Ten Lands.

At the moment, Li Xiandao didn't dare to say such words.

So Li Xiandao was in the Bank of the Universe. He continued to cultivate and without the Demon God Pillars, he would eat dragontooth rice to absorb spiritual energy to improve himself.

Although it seemed slow to Li Xiandao, for many people, Li Xiandao's speed was not something that they could compare to.

Li Xiandao got up and walked to the square outside. He looked at the clouds above, they were really majestic, and for some reason, he felt great.

"I'm hiding now so that one day I'll be able to rise up. With the 12 Demon God Pillars in hand, I will start to absorb them so that I can improve quickly." Li Xiandao stood with his arms by his back. He took off his mask and his handsome face was filled with unrivaled confidence.

The other worlds in the Nine Skies probably didn't know that Li Xiandao was hidden in Cold Moon Sky.

"The day I exit Cold Moon Sky will be the day I become invincible." Li Xiandao pointed the sword forwards and sword energy swept the sky.

Silent without anyone knowing. The sword energy exited the Bank of the Universe and instantly flew into the endless ocean. With a loud explosion, the ocean surged and a 100-mile hole was sliced open in the ocean. It was extremely deep, unable to close up for a long time.

Li Xiandao smiled. That sword energy without anything mixed in. Who knew how many worlds it crossed? For it to still have such ability, he was satisfied.

"There is a guest!" Seven's voice rang out. She stood behind Li Xiandao and smiled.

"Another guest?" Li Xiandao said with a weird expression.

Zhong Zi Qi was just sent away, so why was there a guest again so quickly?

"Right, we can only earn something when there are new guests." Seven nodded.

"Is it someone we know?" Li Xiandao asked.

"No, it is someone new." Seven shook her head.

"Tell me about the guest." Li Xiandao turned around and with their backs facing the sunset, they walked towards the Trading Hall.

"So, it is a child of the Qin Family." Seven said.

Li Xiandao stopped and said with a weird expression, "The Qin Family from the moon? Moon Angel's family?"

"Right, that family." Seven nodded.

“Suddenly, I am interested. Do you think he is here to ask for help?” Li Xiandao smiled.

Anyone who comes to the Bank of the Universe has something urgent. It is either they have a blood debt or they have something extremely urgent.

Why would someone come to the Bank of the Universe if they didn't have something to trade?

Chapter 382: 1000-year-old Qin Ming

Li Xiandao and Seven walked into the Trading Hall.

Li Xiandao sat down and put on his mask as he saw an old man walk in.

The old man's hair was grey, and his face was red and well nourished. He was dressed simply and looked very clean.

When the old man saw Li Xiandao, he focused on him. He noticed that he couldn't see through Li Xiandao at all. That was the most terrifying thing.

Instantly, the old man stopped underestimating him.

“This is the Bank of the Universe?” The old man asked. He stared at Li Xiandao and the fairy-like Seven who was standing to the side. He glanced a little before retracting his gaze.

No matter how beautiful a woman was, in front of the old man, who felt like he wasn't strong enough, she was nothing.

The old man stopped looking at Seven not because he didn't like beautiful girls but because he wasn't that horny young man in the past.

“This is the Bank of the Universe. Welcome.” Li Xiandao said calmly and invited the old man to sit.

“Anything can be traded here?” The old man asked eagerly.

“Yes, anything can be traded, but it depends on what you pay to tempt me.” Li Xiandao nodded.

The old man wanted to continue to ask questions but Li Xiandao stopped him. He said, “Introduce yourself.”

The old man nodded, “I am Qin Ming, I come from the Qin Family on the moon.”

Li Xiandao listened quietly.

"I came to the Bank of the Universe to buy some lifespan for myself." Qin Ming said.

"Cold Moon Sky has a moon, Flame Sky has a sun, and these two worlds are unique. Since your Qin Family occupies the moon, you should be the top family in Cold Moon Sky. Your cultivation is not bad too, peak Emperor realm, so why didn't you leave Cold Moon Sky and head to Heaven Sky?" Li Xiandao asked.

Cold Moon Sky is close to the moon and Flame Sky was close to the sun which was where they got their names.

"I can't leave Qin Family at least until we develop the next peak emperor." Qin Ming sighed.

"I heard that there is a demon sealed at your Moon Palace. Is that true?" Li Xiandao was interested.

A demon that was sealed, making the Qin Family select a beautiful girl as martyr to accompany this demon.

No one in the huge Qin Family wanted to fight back?

They sacrificed women in exchange for peace. They didn't have any courage at all.

Of course, this had nothing to do with Li Xiandao. He was a merchant and he was not to judge.

He just asked because he was curious.

Qin Ming gave a bitter smile, "All of these aren't secrets, my Qin Family does indeed have a sealed demon."

"This demon is quite complicated and we can't solve it yet." Qin Ming shook his head.

"I was only just asking, I don't care much" Li Xiandao explained. So what if there was a demon? It doesn't affect his business, so Li Xiandao didn't want to worry himself about it.

"How many years of lifespan do you want?" Li Xiandao asked.

Qin Ming said, "1,000 years."

Li Xiandao said seriously, "1,000 years is okay but what can you pay?"

Qin Ming thought about it and wanted to say something.

“Wait, you must remember that the price will change. It is decided on your needs. If you need it badly, the price will be expensive. If you don’t really need it, the price will be much lower.” Li Xiandao added.

1,000 years... Did the old man really need that much?

He needed it!

So, the price was going to be expensive.

Qin Ming smiled bitterly, “What do you need?”

“10,000 top grade spiritual energy dragon veins.” Li Xiandao said calmly.

Qin Ming’s pupils constricted. That was too much?

“You could say that 100 spiritual energy dragon veins to buy a year of lifespan. Although it isn’t cheap, it is definitely worth it.” Li Xiandao added.

1,000 was okay but Li Xiandao was dark now and started to ask for a higher price.

The Qin Family was also from the Moon’s Qin Family. He was the Moon Angel’s enemy, so as the Master, naturally he had to ask for more.

“We don’t have so many top grade spiritual energy dragon veins, so can you exchange other resources instead?” Qin Ming asked.

Li Xiandao blinked. He wasn’t going to bargain?

Li Xiandao said 10,000 spiritual energy dragon veins, but in this heart, he knew that the Qin Family wouldn’t be able to take it out so easily.

So, he was prepared to bargain and lower it a little.

But Qin Ming actually didn’t bargain!

He admitted that he didn’t have 10,000 but he could exchange for other things.

Li Xiandao would definitely agree and nodded, “Exchange for it with what? You can just discuss with my assistant. After you confirm, I will help you to increase your lifespan.”

After Li Xiandao said all this, he got up and left. Only Seven and Qin Ming was left to tabulate everything.

Outside the Trading Hall, once Li Xiandao walked out, he contacted Moon Angel.

Moon Angel was still helping Li Xiandao clear his bad debts. She just completed a contract and killed the person who broke the contract. She was prepared to rest and then head to the next place.

At that moment, Li Xiandao's voice rang.

"Do you know Moon Palace's Qin Ming?" Li Xiandao asked.

When Moon Angel heard Li Xiandao's voice, she said right away, "I know that person. One of the three emperors of the Qin Family. He is a very mysterious person and thinks differently from the others. He is someone with courage, but unfortunately, those without chased him away."

"This Qin Ming just came to the Bank of the Universe and wanted to trade for 1,000 years of lifespan." Li Xiandao told Moon Angel about that news.

"Impossible. Qin Ming was the genius from Qin Family's last generation. Even if he was old, he was only 1,000 years old." Moon Angel was confused.

"But I saw him. His lifeforce was dried up and he has only 300 years left." Li Xiandao frowned.

Everything seemed weird.

Qin Ming, who should at most been 1,000, should have been at his peak and have had at least 30,000-40,000 years.

But the Qin Ming that Li Xiandao saw only had 300.

"When I left Qin Family, Qin Ming was at Emperor Realm. He shouldn't be as old as what Master said." Moon Angel said firmly.

"Hand the contract to people near to you, I will control the bank to pick you up." Li Xiandao thought about it. He needed Moon Angel to come back.

If something happened to Qin Family, Li Xiandao wanted to see whether or not he could obtain something useful from all this.

After all, the Qin Family had occupied the moon for so many years and they definitely had accumulated many things. Li Xiandao didn't want to miss this chance.

"Okay Master, I will come back right away." Moon Angel said decisively. She handed her remaining eight contracts to Tian Guangming and rushed back herself.

Chapter 383: Asking Li Xiandao To Attack

In the Trading Hall, Seven and Qin Ming carefully decided on the details of the trade.

5,000 top quality spiritual energy dragon veins along with 5,000 sets of other resources mixed together in exchange for 1,000 years of lifespan.

When the deal was done, Qin Ming was much more relaxed. At least he got the 1,000 years of lifespan.

As for the resources that were lost, they were all physical items. Although his heart hurt, compared to his precious lifespan, it was nothing.

But this trade sucked Qin Ming dry. He really didn't have a single drop left.

Li Xiandao entered the Trading Hall. Seven nodded towards him to say that everything was done.

Moreover, Seven placed a contract on Li Xiandao's table.

Li Xiandao sat down and placed a pen on the contract. He pushed it across, "Mr Qin Ming, please sign this contract."

Qin Ming opened it and on it was written that he would exchange 10,000 spiritual energy dragon veins worth of items for 1,000 years of lifespan.

This was a simple trading contract and there were no compensation requirements.

You give me resources and I will give you lifespan.

The contract was simple. It was a simple handover of goods.

Qin Ming took several looks at it and after confirming that there weren't any mistakes, he picked up the pen and wrote down his own name.

After signing, Qin Ming was really relaxed. He passed everything he prepared over to Seven.

Li Xiandao stood up and walked to Qin Ming, "Close your eyes. Don't think about anything and don't do anything."

Qin Ming took in a deep breath and closed his eyes. He waited for Li Xiandao to do something.

Li Xiandao didn't do anything extra. He just told Seven to take 1,000 years of lifespan over.

In the Bank of the Universe, several thousand years were saved in case they were needed.

Seven took a jade box. She opened it and light spun about like time was being lost.

Lifespan!

It was formless and colorless and it just looked extremely magical. It was the most mysterious thing and many people worked hard for their entire lives to acquire more lifespan.

Li Xiandao reached out, using the strength of the Bank of the Universe to take some lifespan in his hands. He then pressed it into Qin Ming's body.

Hong!

Qin Ming felt his body shake. Large amounts of lifeforce surged into his bones and limbs like they were actually a part of him.

In a short time, Qin Ming's white hair disappeared and black hair appeared. His creased skin became young and supple once again.

He turned from an old man into a middle-aged man and recovered extremely quickly.

Qin Ming opened his eyes and pinched his arms. He felt the thick power and was satisfied, "I've actually acquired 1,000 years of lifespan."

"The Bank of the Universe will never bully anyone. Once the deal is sealed, we will fulfill our promise." Li Xiandao's voice rang out and his words were firm and powerful.

Qin Ming exclaimed, "There is actually such a mysterious place in the world. It has really opened up my eyes."

"Okay, I have given you 1,000 years. Now, you should leave." Li Xiandao said calmly. He waved his hands and wanted to chase Qin Ming out.

"Wait, let me ask you something." Qin Ming said eagerly.

Li Xiandao said, "Ask me but I can't guarantee that I will reply."

"If I use up my lifespan again, can I come in and trade again?" Qin Ming asked.

"If you have a watch then of course." Li Xiandao said calmly.

"I don't have anymore." Qin Ming said regretfully.

“So, cherish your own life.” Li Xiandao said calmly.

“Let me ask you one more question.” Qin Ming begged Li Xiandao.

“Last one.” Li Xiandao frowned and was a little impatient.

Qin Ming nodded and asked, “If I face a problem sometime, can I ask for your help?”

Li Xiandao was stunned. Ask for his help?

“I am expensive.” Li Xiandao didn’t reject. This could be considered a part time job?

No need to sign a contract. You pay and I will help.

It was a win win.

“10 Celestial Crystals?” Qin Ming asked.

“Celestial Crystals!” Li Xiandao looked at Qin Ming.

His eyes lit up.

“Right, my Qin Family has our own Celestial Crystal and it contains celestial energy. It far exceeds the spiritual energy in Nine Skies and Ten Lands and is a supreme treasure. In the Celestial World, Celestial Crystals are the currency of celestials. One Celestial Crystal is worth 1,000 top quality spiritual energy dragon veins.” Qin Ming said.

10 Celestial Crystals were the same as 10,000 top quality spiritual energy dragon veins.

If someone chose one or the other, one would definitely choose Celestial Crystals. No one would choose the spiritual energy dragon veins.

Although 10,000 spiritual energy dragon veins were huge, there were impurities and only a few pure parts.

But Celestial Crystals were different. They were crystals formed by accumulating Celestial Artifacts. They were usually the size of a thumb but that was the same as 1,000 spiritual energy dragon veins.

Everyone knew about that.

Now that Qin Ming suggested using 10 of them to invite Li Xiandao to attack, truthfully, Li Xiandao was tempted.

But Li Xiandao didn't agree right away and just asked, "You are a peak emperor and the Qin Family is an emperor aristocratic family. They are top two in Cold Moon Sky. Who is the enemy you want me to help with?"

Only by truly knowing one's enemy could one win all battles.

Li Xiandao had to be clear.

"The enemy is the demon sealed in the moon." Qin Ming said seriously.

Li Xiandao had guessed that. The only problem they faced was this demon. The other threats weren't worth them paying 10 Celestial Crystals for Li Xiandao's help.

"Didn't you prepare a martyr every time to calm the demon down?" Li Xiandao mocked him. He looked down on their strategy of using their daughter's bodies in exchange for peace.

Qin Ming gave a bitter smile, "I object to this strategy too but the other emperors support it, so my objection is useless."

"Then, what about now?" A cold voice rang out along with some crisp footsteps. A petite woman walked over and asked coldly.

Moon Angel had rushed back!

"Master." Moon Angel bowed.

Li Xiandao nodded and didn't say anything.

Qin Ming frowned and looked at her. His expression changed, "You are Qin Ming, the last generation martyr!"

"You know me?" Moon Angel asked coldly.

"The Qin Family learned that you weren't dead and they're back in Cold Moon Sky with help. I didn't expect you to be a member of the Bank of the Universe," Qin Ming smiled bitterly.

"Since you know that I am here, are you going to capture me and make me a martyr again?" Moon Angel mocked.

"Others have such thoughts but I don't think that it is a good idea." Qin Ming said directly.

"So, what do you think?" Qin Yue didn't believe Qin Ming and asked coldly.

Chapter 384: Cooperation Between Two Qin Family Members

Moon Angel's questions made Qin Ming silent.

"Why can't you say anything?" Moon Angel's words were aggressive.

"Do you know why I am only left with 300 years lifespan when I am just 1,000 years old?" Qin Ming didn't reply and asked instead.

Moon Angel looked at him coldly.

"I chose to cultivate a technique to swiftly raise my strength. The price to pay is that I sacrificed my lifespan." Qin Ming gave his answer.

Moon Angel's expression changed, "No wonder the Qin Family people say that you are a monster and your cultivation speed is so shockingly quick. You were able to reach emperor realm in just 1,000 years."

"The reason why I cultivated so quickly is because I want to take control of Qin Family." Qin Ming said honestly.

Moon Angel looked at him coldly, "Those old stubborn people won't agree to that."

Qin Ming sighed, "Since even you know, then how wouldn't I know?"

"Then, how are you going to solve this problem?" Moon Angel asked.

"These bunch of old stubborn men have lived for so long and lost their courage. They just want piece and even if they lost their pride, they don't care. I am going back to invite them to hell." Qin Ming said firmly.

Moon Angel smiled. Her smile was really touching. It was a sincere smile. "Qin Ming, the Qin Family genius is going to send the old ancestors down to hell. Interesting, interesting."

Qin Ming didn't care about Moon Angel mocking him. He knew that Moon Angel hated the Qin Family because she was the one who was being sacrificed.

"They have lived long enough, their presence now is causing the Qin Family to lose our ability to advance. So, it is time they were dealt with and killed. When the power falls to my hands, that is when I will deal with the demon." Qin Ming looked at Moon Angel and said coldly.

“Why are you telling me your plan?” Moon Angel frowned.

“No matter whether you recognize the Qin Family, our blood flows in you. You are born in this family and you can’t wipe this past away. I am telling you my plan because I want to invite you to join me to clean Qin Family and wipe out the demon.” Qin Ming said solemnly.

Moon Angel frowned and he turned towards Li Xiandao who was sitting down.

Li Xiandao sat on his own seat.

Seven sat to the side. She looked on silently and didn’t say a word.

“There is no need to look at me. That is your own matter. It is your own choice.” Li Xiandao didn’t care.

Moon Angel looked at Qin Ming and said coldly, “You sound really sincere and your plan is huge. If you want to help me, help Qin Family, what will I get?”

Qin Ming was confident, “You are part of the Qin Family, you haven’t gone through the bloodline cleansing, right?”

Moon Angel frowned. Those words reached deep into her heart.

Qin Family was built when the Nine Skies and Ten Lands was still strong. The first generation ancestor was the Moon Palace’s King and the descendants could cleanse their bloodlines. Not only would their cultivation increase but so would their potential.

Moon Angel was advertised as the daughter of the moon because she was tested to have bloodline density at never before seen levels.

Another meaning was that her bloodline purity was so thick that she was like the daughter of the old ancestor.

But even if her bloodline was so thick, because she was a daughter, she wasn’t supported and was designated as the martyr.

From start to finish, Moon Angel had never been cleansed by the Qin Family.

Qin Ming looked at Moon Angel and said, “If you agree to help me, I will bring you to the cleansing, not the normal one, but to receive the old ancestor’s cleansing from his tomb.”

Moon Angel blinked. This suggestion was really tempting.

“Great!” Moon Angel agreed after thinking about it.

Just as Qin Ming said, no matter whether Moon Angel cared or not, she was born into the Qin Family. She spent her first few years in the Qin Family.

The Qin Family had a huge influence on her.

So, Moon Angel had to solve this period which affected her deeply.

Killing those stubborn old men, then killing the demon. Only then would Moon Angel put everything down and not have anything to do with the Qin Family.

She would stop caring about being chosen as a martyr and it wouldn't continue to have a negative impact on her mental health.

"Very good, head to Qin Family with me. We will work together to turn everything around." Qin Ming said emotionally.

"Just the two of us?" Moon Angel frowned.

"Also, your Master. When needed, I will invite your Master to help." Qin Ming said honestly.

Moon Angel looked at Li Xiandao.

Keng!

A sword energy flew out from Li Xiandao's brow. It was cold and it made one feel really uncomfortable.

The sword energy landed in front of Moon Angel!

"Take it. Activate it if you face trouble. It will be able to use one of my slashes. Use it to protect your life." Li Xiandao pointed and said.

"Thank you, Master." Moon Angel knelt down on one knee gratefully and lowered her head.

"This is your Qin Family matter. I hope that I don't need to do anything. As for that demon, if you can't handle it, remember to find me with the Celestial Crystals." Li Xiandao reminded Qin Ming.

"I will." Qin Ming nodded respectfully.

"Head out." Li Xiandao waved. Moon Angel and Qin Ming disappeared.

The trading hall was empty and only Li Xiandao and Seven were left.

“You have gained a lot this time.” Seven smiled.

“Right, now we have enough spiritual energy dragon veins to use, right?” Li Xiandao asked.

“Enough for now.” Seven nodded.

“Place all of them in the Bank of the Universe and let them nourish one another to develop a main dragon vein. Then, we won’t lack top quality spiritual energy dragon veins anymore.” Li Xiandao reminded.

“I will do that.” Seven’s eyes lit up. That was a good idea.

Once the main dragon vein was born, branches would appear and all of these branches would be top quality spiritual energy dragon veins.

Using these branches wouldn’t harm the main vein. That would mean that Li Xiandao would have endless top quality spiritual energy dragon veins.

Seven smiled and looked at Li Xiandao, reaching out to touch Li Xiandao’s head, “Why are you so smart to think of such a good idea?”

“Maybe it is not that I am smart but that you are stupid.” Li Xiandao took off his mask and smiled.

“Scoff!” Seven unhappily smacked Li Xiandao before leaving.

After heading out of the Trading Hall, Seven turned around and said quickly, “You are the dumb one, you are stupid. You don’t know how to flirt at all. I hope you will be single for the rest of your life.”

After saying this, Seven just left quickly.

Li Xiandao didn’t care and said, “With you here, I won’t be single.”

Chapter 385: Asking Old Ancestor To Die!

Looking down from below, the moon was far. It was round and very bright.

The moonlight shone down and seemed really beautiful. People below couldn’t look away at all.

But when you were on the moon, you would notice that it wasn’t as beautiful as you thought.

Qin Family needed a teleportation formation to enter. If they flew, it would take a long time.

Moon Angel stepped foot here after many years.

Things were the same but she was not!

Moon Angel didn't understand those words before and felt like it was really sad.

But now when she stepped onto the moon, she suddenly understood what it meant.

The scenery was the same as before but she had changed.

A large portion of the moon was desolate and covered in holes. The Moon Palace Qin Family repaired a portion of the area, buildings houses and planting trees to add some beauty to the moon.

Standing on the desolate and empty land, Moon Angel was filled with emotions.

In her heart, she felt like she hated the Qin Family to death.

She always said that she wasn't a part of Qin Family.

But...

When she stepped on the land that she had spent her youth, Moon Angel understood what home was.

At that moment, she suddenly understood that what she hated was people of Qin Family and those who managed the Qin Family.

She had always thought about and loved the place which gave her life.

Qin Ming looked at Moon Angel's back view and kept silent.

He knew that Moon Angel's heart was definitely filled with complicated feelings.

There were all sorts of words, but in the end, all of them turned into a sigh.

"I will go pray to my mother." Moon Angel said.

Qin Ming nodded, "Go. Do you remember where your mother was buried?"

Moon Angel mocked herself and laughed, "Many times when I wanted to give up, I dreamed that I would head back to my mother and speak to her. I will find new motivation from that. Till now, I still clearly remember the path."

“Then, go over yourself, I will wait for you before starting.” Qin Ming turned around and left. He didn’t want to disturb Moon Angel.

Moon Angel took off her veil and put on the Moon Angel battle armor. She looked really heroic; her long legs moved elegantly and she used the path she remembered to head to her mother’s tomb.

Moon Palace Qin Family had their own mausoleum!

Outside the family home, those of the family were all buried here.

After tens of thousands of years, the mausoleum got bigger and bigger.

She walked to the mausoleum and a blind and deaf old man was standing guard.

Moon Angel recognized this old man. When his mother was buried, no one helped her. This old man dug open a hole to place her mother’s coffin in.

After a few years of not meeting, the old man got older and older and he seemed like he was a step closer to death.

He had his own wooden hut and often sat at the door to look at the cherry blossoms around.

3,000 cherry blossoms were planted all around the mausoleum. They were split up as they were planted in batches. All year round, some cherry blossoms would bloom.

The old man loved to look at the cherry blossoms.

Moon Angel loved them too. This was because there was one in front of her mother’s tomb. It accompanied her and helped her to block the wind and rain.

Moon Angel walked over and saw the old man sitting there alone.

“Old Master, these are god sources. Please absorb some. It can help you extend your lifespan.” Moon Angel took out her own god source and passed it to the old man.

“Who are you?” The old man was confused.

“A grateful little girl.” Moon Angel didn’t introduce herself and just left.

“Brat, although I don’t know who you are, you should just leave quickly.” The old man’s voice spread over.

Moon Angel didn’t care about what he said, and just treated it as him reminding herself.

She waved her hands. Her amor touched each other and gave out a crisp sound, "Old Master, take care of yourself."

The old master sat silently in front of the small wooden hut and looked on with a listless gaze.

Moon Angel passed by his hut and walked forwards. She saw numerous luxurious tombs with the names of the descendants carved on them. They were lined up in an orderly row.

Moon Angel's mother didn't have the right to be buried here because she was a servant. Although she married her father and loved each other, she only had one child and thus wasn't able to get into the mausoleum.

At the corner of the tombs was a region where many small soil hills were caved out. There weren't any tombs and some had, but as time passed, the wood decomposed and the stone was breaking apart. No one knew who was buried in most of the tombs.

Moon Angel's mother was buried here.

A very quiet place. Moon Angel walked to her mother's tomb and personally cleaned up the grass around. She repaired the tomb and slowly walked to the front of it.

"Mother!" Moon Angel shouted and her eyes turned red. Tears flowed out.

When she left the Qin Family at a young age, she would think of her mother and start crying.

All her tears ran dry over these few years.

Now, she was mature and had gone through a lot. Her eyes were red but no tears flowed out.

Moon Angel smiled, "Mother, I found a very good Master and he treats me well. I am planning to spend my entire life beside him and be a well behaved subordinate. You will support me, right?"

"Yue'er is really amazing now, so don't worry. I will get stronger and stronger." Moon Angel said.

Moon Angel spent the whole night speaking to her mother like that.

The cherry blossom beside her tomb would drop some petals. They drifted past her face really gently like her mother's hands were touching her.

Moon Angel rested on the tree and sat for the night.

She said many things over the night that only her mother, the tree, the wind and she knew.

But the others didn't know.

...

Qin Family, Qin Ming's cultivation area.

Qin Ming's thoughts and those others were really different, so he was looked down upon. No one would come and find him where he cultivated.

Da da da!

Moon Angel's face turned cold and she walked in with her veil.

"When are we starting?" Moon Angel asked coldly.

On a stone, Qin Ming who was sitting cross legged open his eyes and stood up, "Now!"

"Let's go. Those old fellows are already corrupted and having a tight grab on Qin Family. They want to drag Qin Family into the abyss." Moon Angel said coldly.

Qin Ming expression was cold as he stepped forwards. The aura around him changed.

Hong long long!s

The peak emperor aura was like stacks of clouds, exploding layer after layer. It spread all around and caused a huge commotion on the moon.

Everyone in Qin Family was awakened. They ran out and looked on in awe.

Dong!!!

"Who dares to behave arrogantly in my Qin Family?" A white haired old man scolded. It nearly made his heart stop from shock.

"The Qin Family's descendant Qin Ming invites the various old ancestors to die!" In mid air, a giant demon body formed. It was Qin Ming who spoke coldly.

Chapter 386: No Room For Discussion

"Qin Ming, what are you doing?"

“Qin Ming. you dare to be unfilial?”

“Qin Ming, I am your grandfather’s brother and you are my blood descendant. What are you doing?”

“Qin Ming, are you ignoring my Qin Family laws?”

All of them scolded him and it resounded in the area all around. The management level of the Qin Family was furious.

Moon Angel looked closely. All the old men were all of age and the youngest one was already tens of thousand years old.

They used the Qin Family resources to extend their lifespan. The younger generation could only struggle or suck up to them to become a puppet chief.

The Qin Family Chief that Li Xiandao killed on Heaven Mountain was a puppet chief.

So, he was killed and Qin Family didn’t panic at all. Their lives were still really calm and peaceful.

What was worse was the fact that this bunch of old men didn’t think about taking revenge for the chief.

Right, the chief had been killed. No matter whether you could defeat the enemy, they didn’t even bother to ask. They were like turtles hiding in their shells and passing their time peacefully.

Those people all had such thoughts.

As long as nothing happened to them and they didn’t die, they could just live peacefully.

Then, the Qin Family would continue on and their mission would be completed.

Qin Ming was an ambitious person, so he was ignored by them.

Qin Ming, who formed his demon body, stared at them coldly, “Qin Ming invites all the old ancestors to die.”

The second time, Qin Ming said it for the second time. His gaze was cold and the patience in his heart was disappearing.

These old men took up too many resources such that the younger generation had no right to speak at all.

“Qin Ming, do you really think that you have the right to speak just because you broke through to Emperor Realm?” A man with an eagle hooked-nose said coldly.

“Qin Ming doesn’t think that way.” Qin Ming said coldly.

“Then, you invite us to die. Do you know what you just said?” The old man said viciously and he was really furious.

“Of course, I know. The Qin Family is a pond of dead water and buried within is a bunch of old men like you that are decomposing and have been eliminated by the times. You don’t want to give up your spots and instead hold on to power and resources to extend your own lives. You are like parasites attached to all the young people, absorbing their blood to extend your pitiful lives.” Qin Ming scolded without any care.

“Qin Ming, you really are bold!” A Qin Family elder spoke. It was one of the three emperors who held high power.

“I am bold; since I invite all of you to dare, then naturally, I won’t fear you. The Qin Family needs a revolution. I will find that once overbearing emperor Qin Family and not the cowardly ones who are just struggling to stay alive. To survive you do everything dirty. The pride and honor of the Qin Family has been lost. All you old fellows who just aren’t willing to die are the ones who did all that.” Qin Ming showed no politeness and just scolded them.

He scolded them viciously and showed no face at all. It shocked everyone around.

The older generation people scolded Qin Ming for being too arrogant.

Many of the younger disciples were silent, and in their hearts, they felt like he was right.

But facing the angry elders, they didn’t dare to support Qin Ming.

“You are asking for death!!!” Qin Family elder was infuriated and slapped.

Hong!

He was an emperor and that slap was terrifying. The dao attainments it had directly suppressed the land.

“You are already old and corrupt.” Qin Ming didn’t fear and immediately punched. He was extremely quick and powerful.

It caused the space around to shake and shatter like glass.

Qin Ming’s fist was like iron that couldn’t be destroyed at all. It smashed into the elder’s palm, and with a crack, his palm shattered.

The elder's expression changed and he screamed. He held onto his palm in disbelief, "You have reached peak emperor?"

The moment he said this, all the Qin Family members looked at him in shock. They all found it unbelievable.

"How old are you and you have already reached the fourth level of Emperor Realm? That is unbelievable." An old voice trembled and he found this whole thing really dangerous.

"There were four levels of Emperor Realm, split into start, legacy, transformation, and merge. I am unable to break through the legacy stage. How old is he and he actually reached the merge stage? What a monster!" The second emperor trembled as he spoke.

"Qin Ming is just 1,000 years old." A senior familiar with Qin Ming said.

The moment he said this, all the old men felt like they had eaten sh*t. They felt like it was unbearable.

They couldn't increase their cultivation by much and they were all tens of thousands of years old and still couldn't reach Emperor Realm.

On the contrary, Qin Ming was 1,000 years old and broke through to Emperor Realm. He even reached the fourth stage of Emperor Realm.

Merge!

The fourth of all four realms!

Thinking about it, their lives were all useless.

"You... How did you become so strong?" The elder's heart shook. He was also in Merge Realm, so he was the elder.

But it was obvious that he wasn't Qin Ming's opponent at all. The moment they came into contact, the elder's palm was smashed.

"It isn't that I am strong but all of you are too old and have lost your ambition to improve. You have lived for too long and all your bones are so old and can't take a single strike." Qin Ming walked over step by step and stared at all the old men.

"Qin Ming, you want to become a slaughterer?" The other emperor, the second elder, scolded.

The elder looked towards Qin Ming with a shocked expression, “Qin Ming, don’t you just want power? I will give it to you and you will be the one in control from now onwards. I will hide among the curtains.”

Qin Ming shook his head, “If I agree now, I will turn into you a few hundred years from now. The slaughterer will often become evil. I don’t want that to happen.”

Hong long long!

Qin Ming’s aura was like a giant wave smashing down, causing Qin Family’s elderly to shiver.

“What do you want? Do you just want to kill us?” The elder asked in shock.

“I want to restore the pride and honor of the Qin Family.” Qin Ming said firmly.

“What do you mean?” The elder didn’t understand.

All of the old men looked on in shock.

Honor?

What honor?

Isn’t it good to be alive?

Qin Ming looked at them and laughed sarcastically. With just these people, how could they restore the honor of the Qin Family?

“It is simple if you don’t want to die; just follow me to kill that demon. He has tramped many of our children and this time I’ll definitely have to kill him. All of you will attack and if you don’t I will invite all of you to die.” Qin Ming said coldly.

There was no room for discussion.

Chapter 387: Clearing The Family

Translator: Exodus Tales **Editor:** Exodus Tales

“What? You are going to deal with the demon?” The elder was shocked.

The other old men looked on in shock. There were even some who started to shiver when they thought about the demon.

“Qin Ming, you must think about it carefully. Although you are at peak Emperor Realm and have reached the merge stage, 30,000 years ago, big brother was also at your realm. However, that old demon taught him a heavy lesson.” The second elder couldn’t help but say. He was worried and didn’t want to clash with the demon.

The elder’s face turned black as some bad history of his was raised which made him really unhappy. The elder saw how Qin Ming was so stubborn and advised, “Qin Ming, the second elder is right. I tried it before but I wasn’t his match and was totally suppressed. I even felt like he was playing with me.”

Qin Ming’s gaze was filled with disdain, “Just because of that, you stopped trying?”

“How can I continue to try? Even a peak Emperor couldn’t win!” The elder was furious, he was infuriated by Qin Ming’s gaze.

“A Peak Emperor couldn’t win, so you stopped trying. You are willing to send a Qin Family girl up every few years. During these tens of thousands of years, how many Qin Family girls have you sent up?” Moon Angel couldn’t help but question him with a cold gaze.

“Who are you? You have no right to speak here, so scram!” The old man was furious. He couldn’t vent it on Qin Ming, so he vented it all on Moon Angel.

Moon Angel’s expression was cold, “Elder, you really are forgetful. 10 years ago, I was the one who you personally gave the nickname of daughter of the moon.”

The elder was stunned. He stared at Moon Angel carefully and was shocked, “You are Qin Yue!”

The second elder stared nervously at Moon Angel and said emotionally, “You were the last generation martyr. The demon knew you were lost and often raged. Now that you are back, if we sent you up, our Qin Family can have a few more decades of peace.”

The elder couldn’t help but nod his head. He comprehended instantly and looked at Qin Ming right away.

Qin Ming’s gaze was so cold like a layer of ice 1,000 miles beneath the polar ice caps. He looked at both the elders, causing both of them to shiver.

Qin Ming’s gaze was too frightening.

“Till now, you still want to send the Qin Family daughters to get trampled by the demon. Today, I will kill all you bugs first.” Qin Ming was furious. He didn’t dare to imagine what it would be like if Moon Angel was captured by them and sent to the demon. How furious would the Bank of the Universe’s Master be?

When he thought of this, Qin Ming's heart was overcome with rage. He punched and didn't give them a chance to choose.

A bunch of corrupt and messed up people... They deserved to die a long time ago.

Hong long long!

Qin Ming's hateful strike allowed the peak emperor strength totally explode. It pressed down upon them, causing those who weren't at Emperor Realm to instantly explode.

Plop!

One after another died. The elder and second elder were shocked and furious. They stared at Qin Ming and their eyes were about to pop out.

Their deaths made the two of them panic.

"You unfilial kid, you are a traitor to the Qin Family." The elder scolded the Qin Family and he was badly frightened.

"Whether or not I am a traitor will be left for the descendants to judge. But now, all of you will die. I am going to clear out the Qin Family." Qin Family said cruelly. His body shrunk and the demon body disappeared. He raised his palm and it landed. It was about to slice the elder to death.

"Second brother, let's block it together." The elder knew that he alone wouldn't be Qin Ming's match, so he called for the second elder.

But suddenly, a weird glow exploded from Qin Ming's palm. He changed the target and with a loud explosion, he struck the second elder's chest.

Kacha!

Second elder's chest collapsed and the rumbling strength caused his emperor body to split into pieces.

Death!

Qin Family's second elder was totally dead.

He couldn't even take one move from Qin Ming. The young generation of Qin Family all around were stunned.

This was what invincibility was.

"Second brother!!!" The elder shouted in rage. He was really furious.

But what was the point?

In the next second, Qin Ming's body was like a mountain that struck his body.

The elder wanted to flee but Qin Ming was much faster than him. He also had the demonic technique, and with one step, a large distance shrunk beneath his feet.

With just one step, he was in front of the elder.

He turned around.

Hong!

The elder's body was devoid of peak power and his emperor body was trashed.

That strike caused everyone behind the elder to fly back and all of them died right away.

Pu!

The old elder spat out blood. His body was ripping apart and that included his bones, veins, dantian, and mind.

Qin Ming's strike shattered the elder and he was on his dying breaths.

"Cough, you will harm the Qin Family." The elder stared at Qin Ming viciously before he died and cursed.

"The Qin Family is already like that. If all of you continue to take charge, there is no need for us to exist." Qin Ming said coldly.

"The demon will kill you. Qin Family will be dragged down by you and all of us will be killed by that demon." The elder cursed.

"You don't have to worry about that. Second elder is lonely on the path to hell, so you should go join him." Qin Ming said coldly.

"You... You..." The elder pointed at Qin Ming. He was so furious that he shivered. He wasn't able to take a breath properly and passed away.

The huge Qin Family was totally silent, including Moon Angel; she didn't expect Qin Ming to be so strong and decisive.

He attacked right away without giving any chance at all.

There were dozens of old corpses on the floor and the youngest was 40,000 years old. All of them were people who weren't willing to give up power.

Now, all of them had died tragically.

Qin Ming looked around calmly. He felt no guilt at all and instead felt a little relaxed.

Those old people were like vampires sucking the blood from the young. They were like chains locking up the Qin Family such that they weren't able to break free.

Now that Qin Ming had shattered this chain, he immediately felt refreshed.

The other young people also felt the same way. They all looked towards Qin Ming with worship in their eyes.

The middle-aged people were feeling really conflicted.

Not only did Qin Ming see the Qin Family's problem, but so did many others.

Despite this, no one had a good idea as to how to solve it.

Now, Qin Ming stepped out and killed all the old people.

He was clean and did it without mercy at all.

The Qin Family was under him now.

"Clear these bodies and bury them in the mausoleum. From now onwards, life will continue. I won't take over yet as I will deal with the demon first." Qin Ming said firmly.

After dealing with the stubborn people in the Qin Family, his next target was the demon that always threatened the Qin Family.

After wiping him out, Qin Ming felt like his mission would be more or less complete.

Chapter 388: Why See Through Others!

What Qin Ming wanted to do was simple; he wanted to clean out the Qin Family, wipe out the old people who took up 80% of the Qin Family's resources, and then develop a new generation of disciples to reestablish honor and confidence in the family.

Those old people had to consume numerous resources to extend their lifespans each year. The youth weren't able to get any resources and that was a truly weird development model.

But before developing family descendants, Qin Ming had to solve the Qin Family's biggest problem.

This problem was the demon!

This was why when Qin Ming said that he wanted to wipe out the demon, the remaining people in the Qin Family were unsure of whether they could succeed.

"Qin Ming, you are the only emperor in Qin Family. Although you are strong and can support the Qin Family, if you are not here, then what will happen to us?" A middle-aged man was worried.

The others looked at Qin Ming with worry too.

The Qin Family people knew that if they didn't have emperors, they definitely wouldn't be able to defend the moon and might get chased out.

The Qin Family only had one emperor, Qin Ming, and if something happened to him, then the Qin Family would be on the verge of collapsing.

Qin Ming looked at the middle-aged man and smiled, "Sixth uncle, if I don't deal with this demon, would you be supportive if I sent another martyr over like those bunch of old men?"

The middle-aged man he called sixth uncle hesitated, "That is still a solution. I think that if we have no choice we can still bear with it."

"Okay, I heard that sixth uncle has a precious daughter who just turned sixteen. She is so beautiful, so I think that she can be the new martyr. Does sixth uncle agree?" Qin Ming's lips curled up as he asked.

"This..." Sixth uncle looked at Qin Ming in shock. He didn't expect Qin Ming to actually want his daughter to be the martyr.

"What? Sixth uncle doesn't agree?" Qin Ming's face turned cold.

"This isn't a problem about agreeing or not. Qin Yue, beside you is a martyr and after her, another was chosen. So, why did you mention my daughter?" Sixth uncle was furious.

"Sixth uncle!" Qin Ming said coldly.

"I gave you face and called you sixth uncle. If I don't give you face, a Boundless Realm like you won't be good enough to rage in front of an Emperor Realm!" Qin Ming was angry as he looked coldly at the middle-aged man in front of him.

The middle-aged man was terrified.

Now, he recalled the gap between the two of them, and that made him really frustrated.

“You are okay with someone else’s daughter becoming the martyr but when I make your daughter the martyr, then you get furious. You really love your daughter.” Qin Ming mocked.

Sixth uncle’s face turned red and then it instantly turned black as he looked helplessly at Qin Ming.

“It’s fate.” Sixth uncle said in frustration.

Just one sentence totally infuriated Moon Angel who was standing to the side.

Fate!

Fate again!

Moon Angel hated it when cowards kept mentioning fate.

“In the end, you just can’t bear to send your daughter but you’re willing to send others. Exchanging women for time while you were free... The Qin Family has many like you, so we became a bunch of cowards with no balls.” Moon Angel said coldly.

Sixth uncle was speechless and many Qin Family people looked at him with weird expressions.

No one was able to ensure that the martyr wouldn’t come from their own relatives or daughters.

So, most of them were happy with Qin Ming’s choice.

Qin Ming was the first person from Qin Family to say that he wanted to wipe out the demon after these tens of thousands of years.

But everyone was worried. Could he really do that?

After Qin Ming dissed sixth uncle, he looked at the people around and said firmly, “For the peaceful lives of all daughters of the Qin Family and for them not needing to worry about being chosen as martyr, I will definitely destroy that demon.”

“Good luck!” Suddenly, a 13-year-old girl shouted emotionally.

Qin Ming looked and smiled.

This girl was the new martyr after Moon Angel. Once she reached 16, she would be sent to the demon.

The little girl's well wishes were like streaks of light giving Qin Ming strength.

For this girl's smile, Qin Ming felt like he had to solve this demon problem at once.

"Scatter, just stay at home, if... If I fail, then use the teleportation formation to leave."
Qin Ming left them a way out.

Then, Qin Ming turned around and left.

If he failed, he told the Qin Family people to leave with the teleportation formation, but he didn't say what would happen to him.

Everyone clearly knew that if he failed, Qin Ming would definitely be dead. A large portion of them felt like Qin Ming would fail, but he still decided to do this.

The outline of his back view seemed really majestic and noble.

Moon Angel looked at Qin Ming and felt happy. Although Qin Family was corrupted to the core, Qin Ming's appearance meant that they had hope and he would be the one to save the Qin Family.

...

Qin Ming and Moon Angel headed towards the Qin Family tomb!

In this mausoleum, there was a main tomb.

This was the tomb of the Qin Family old ancestor, a very strong person.

There was also a bloodline cleansing power. Qin Ming promised Moon Angel and now he brought her over.

Walking into the mausoleum, the elder at the entrance was sitting on the ground in silence looking at the cherry blossoms.

He was deaf and blind, so why did he like to look at the trees?

Could he even see them?

Moon Angel had many questions in her heart.

"Do you know this old man?" Moon Angel asked Qin Ming.

"I do. He's an old man. When I came to pray to the ancestors I would often see him here. Now, he is still here, but looking at him, he doesn't have long left." Qin Ming said as he sized up the old man and shook his head.

"The old man's cultivation is so high?" Moon Angel was curious. She didn't detect the old man's cultivation.

"If he doesn't, how can a blind and deaf old man possibly live here for so long?" Qin Ming said.

Moon Angel looked. It did make sense.

"This old man hid it well and even I couldn't see through his cultivation." Moon Angel exclaimed.

"It is normal because I can't either." Qin Ming smiled.

"You are already an emperor and you can't?" Moon Angel was shocked.

"Why do you have to see through a blind and deaf old man?" Qin Ming didn't understand.

Moon Angel was speechless.

"Everyone has their own secrets and each person is hiding many things. Many people are afraid of others finding out so that they can have a good life."

"Regardless of the level of his cultivation, he has guarded this place for so many years, so why would you see through him?" Qin Ming's philosophical words made Moon Angel silent.

Bank of the Universe - Chapter 389 - Bloodline Legacy

Chapter 389: Bloodline Legacy

Moon Angel and Qin Ming stopped talking about the old man and they arrived in front of a large tomb.

This was the biggest tomb in the entire mausoleum and there was a very big stele on which the old ancestor's name was carved as well as what happened in his life.

His nickname was Invincible Qin, but his real name was Qin Wu!

He was an invincible expert but he had been long forgotten and was just laying here now.

Qin Ming and Moon Angel stood in front of the tomb.

“When the old ancestor was on the verge of death, he left 10 streaks of power in his tomb. He set a rule that one has to have extreme blood density before activating it. Over these years, nine people got it and all of them became experts.” Qin Ming added.

Moon Angel looked at the tomb. Her blood was flowing quickly like it sensed something.

“I believe that your bloodline density has reached the requirement, so you can receive the cleansing here. I will leave first.” Qin Ming turned around and left.

Moon Angel stood there and looked on.

“Oh right, do you want me to shift your mother’s tomb into the mausoleum?” Qin Ming stopped and asked.

Although Moon Angel’s mother’s tomb was in the mausoleum, it was far away and there were no tombs around it such that no one knew who they belonged to.

This was why Qin Ming suggested.

“There’s no need. Death is like a flame going out; it doesn’t matter where one is buried. Moreover, that place is good and quiet. She was surrounded by noisy matters when she was alive and now that she is dead, she needs some peace.” Moon Angel thought about it and shook her head.

Of course, she knew that her mother had totally disappeared from the world. That tomb was just for her to have something to think about. As for moving it, it didn’t mean much to Moon Angel.

Qin Ming left in a cherry blossom rain.

Hu hu! Hu hu!

A huge wind caused the cherry blossom trees in the mausoleum to shake and the petals fell off. They looked really beautiful as they danced in the wind.

This cherry blossom rain circled Moon Angel, making her look like a fairy, a beautiful war god.

Moon Angel stared at her ancestor’s tomb.

She closed her eyes and sensed the surging power in her body. That power came from the depths of her bloodline.

Facing the old ancestor's tomb, Moon Angel's bloodline couldn't help but boil. It was like the damn of the yellow river, raging and roaring.

Hong!

In the next second, in front of the stone stele, a red energy exploded and wrapped Moon Angel up. With a thud, her body was controlled.

She flew up into the air and was wrapped in a ball of red energy. The red energy invaded her body, causing indescribable changes to occur to her bloodline.

Crack, crack!

Her bloodline was changing, her bones were being shaped, and they gave out a crisp sound.

Moon Angel's body was transforming.

Her cultivation was also soaring.

She could sense it all. Such evolution caused her to be really calm and she didn't resist it at all.

This was a very good change. The old ancestor's final bloodline power cleansed her. Moon Angel would be the last in the Qin Family to be cleansed.

The cleansing continued. In the quiet mausoleum, cherry blossoms swept the area and danced in the air. The snow-white petals wrapped around her and tangled with the blood-red energy. It looked extremely beautiful.

Moon Angel, who was being wrapped up, seemed even more beautiful.

Outside the mausoleum, the blind and dead old man turned his head and stopped looking at the flowers. He turned to look at Moon Angel, who knew what he was thinking.

After taking one look, he retracted his gaze. He returned to his own wooden hut and stopped looking at the cherry blossoms.

...

This bloodline cleansing lasted a full three days.

During that time, Qin Ming stabilized the Qin Family situation. He selected many middle-aged men with ambitions to control the family.

Qin Family even managed the treasury. There were a total of 13. Originally, they were filled with treasures, but to extend their lives, those old men wasted heaps.

Luckily, the 10 Celestial Crystals that he needed were still there.

After getting them, Qin Ming heaved a sigh of relief. At least there was some hope.

With these 10 Celestial Crystals, he could hire Li Xiandao. Li Xiandao would be able to easily wipe out the demon.

Hong long long!

Right as Qin Ming was thinking about that, a huge energy wave spread out from the mausoleum.

At that moment, all the Qin Family people felt it. They stood up and looked towards the mausoleum.

“She reached Emperor Realm?” Qin Ming looked on in surprise and shock. He didn’t expect one bloodline cleansing to let Moon Angel enter Emperor Realm.

Three days ago, she was just at initial Grandmaster Realm. Who knew that in three days she would cross the nine stages and enter Emperor Realm?

Even with the bloodline cleansing, it was hard to enter Emperor Realm.

Thinking about it, Qin Ming rushed to the mausoleum to meet Moon Angel.

After reaching Emperor Realm, Moon Angel stood tall and retracted the energy. Her eyes shone and she felt surprised too.

“The bloodline cleansing activated Moon Angel’s divinity and the two of them helped me break through.” Moon Angel muttered. She was very clear about how she managed to break through.

Just one bloodline cleansing could help purify and improve her blood and allow her cultivation to slightly improve, but definitely not to the extent of reaching Emperor Realm.

But along with Moon Angel’s divinity, things were different.

Qin Ming rushed over and smiled, “Congratulations for reaching Emperor Realm.”

Moon Angel said truthfully, "I was lucky."

Without the bloodline cleansing activating Moon Angel's divinity, she wouldn't have been able to break through. Maybe she would reach the ninth stage of Grandmaster Realm but the difference between that and Emperor Realm was like the difference between a fish and a bird.

"Luck is just your accumulated hard work. Without it, how can one be lucky?" Qin Ming didn't agree.

"The one of the previous nine directly broke through to Emperor Realm. You are the first. You really are amazing." Qin Ming praised her honestly.

Moon Angel smiled and didn't say anything.

She felt that luck was when one worked hard to grab something.

"Since you have entered Emperor Realm, we can go wipe out the demon." Qin Ming said solemnly.

"Okay." Moon Angel said firmly. She too really wanted to kill the demon.

"But before that, bring these 10 Celestial Crystals to find your master and invite him to help." Qin Ming passed the 10 thumb-sized crystals to Moon Angel.

Moon Angel was really curious and took a look at the Celestial Crystals. They were so small but contained so much energy.

"I will inform Master now!" Moon Angel took the Celestial Crystals and said.

Chapter 390: Demon Swallowing Formation

Li Xiandao was still cultivating in the Bank of the Universe.

After Seven released all the top quality spiritual energy dragon veins, the spiritual energy in the Bank of the Universe was comparable to Great Sky and Heaven Sky.

Heaven Mountain's 100,000 spiritual energy dragon veins were all moved into the Bank of the Universe and he started his rearing plan.

So, each breath he took felt like dragons were being sucked into his body to help increase his strength.

The enormous power that the 10 lands needed was slowly climbing.

“Master!” Moon Angel’s voice spread forth.

Li Xiandao stopped cultivating and opened his eyes, “What thing?”

“Qin Ming has cleared out the Qin Family and I have broken through to Emperor Realm. We are planning to wipe out that demon. Qin Ming handed me 10 Celestial Crystals and hopes that you will help us.” Moon Angel summarised the situation very simply.

Li Xiandao thought about it and said, “You can keep the Celestial Crystals first, then I will attack at the crucial moment.”

Moon Angel received Li Xiandao’s promise and became much more relaxed. No matter how strong the demon was, in her eyes, he wasn’t as strong as Master.

After ending the call, Li Xiandao got up and left the room.

In the Bank of the Universe square, Li Xiandao stood with his arms behind his back. He looked at the fifth mountain and muttered, “That sealed demon should be strong. I can test my strength.”

Li Xiandao, who had constantly been cultivating and improving, didn’t know how strong he was now.

Anyway, he could easily defeat Peak Emperor experts.

The demon was probably the only one that could make Li Xiandao go all out.

“I hope that you don’t disappoint me.” Li Xiandao’s fighting spirit started to rise.

...

In the mausoleum, Moon Angel looked at Qin Ming and smiled, “Master has agreed and he will help at the crucial moment.”

Qin Ming’s eyes lit up and said emotionally, “That is good. This time, I am filled with more confidence.”

“Now, let’s go destroy this demon.” Moon Angel took in a deep breath and said confidently.

The first half of her life was a nightmare and it filled Moon Angel with pain. At this moment, she was going to personally end this nightmare.

Qin Ming looked in one direction and said with a determined gaze, “Let’s go.”

Moon Angel followed behind Qin Ming. The two of them walked towards the back of all of the Qin Family buildings.

There was a high mountain that was totally naked. In the center of the high mountains was a giant formation.

This formation had thick and long lines and they were all carved on the ground. The moon was the eye of the formation to seal the demon.

The demon was really strong, and at the start, the formation could suppress him here. The Qin Family had built their home here and developed slowly. However, they didn't notice the demon here.

Once the Qin Family members reproduced for many generations, the older, bold generation died and the new generation took over. The demon started to resist the seal and it scared the Qin Family people.

"At the start, those people also wanted to kill the demon but after trying once, the demon easily defeated them and they lost their confidence." Qin Ming stood on the mountain and looked at the giant formation and mocked.

That failure caused martyrs to be born and the demon's requests became worse and worse.

All this could be traced to the source.

Now, looking at the giant formation, Qin Ming's gaze was cold. He wanted to destroy this demon that had killed numerous Qin Family daughters.

Moon Angel was also looking at the giant black formation. The giant lines were carved on the ground and they were filled with demonic energy. The core area of the formation was a giant demonic ball like a human's heart rising up and down. It was really terrifying and the voice reverberated all around.

"That is the demon?" Moon Angel asked Qin Ming.

"Right, that is the demon. He is sleeping now and he will wake up at night." Qin Ming nodded.

"We are going to wait until night?" Moon Angel asked.

"I will lay out a killing formation. This is my gift to the demon. He is sleeping now, so this is the time." Qin Ming smiled coldly. He had prepared for this a long time ago.

Qin Ming took a large amount of the Qin Family's resources so as to lay out this killing formation.

Moon Angel saw Qin Ming get busy. Her eyes lit up and she looked on quietly.

Qin Ming buried treasure after treasure around. Any one of them was something that tens of thousands would fight for. He casually buried them to be used as points of the formation.

Apart from the treasures that were generously buried around, there were all sorts of diagrams that were refined using rare stones. They were all pinned into the ground.

Qin Ming continued on like this while Moon Angel watched silently. Anyway, she wouldn't be of much help.

Moon Angel didn't know about this formation at all. If she tried to help, she would just create problems, so it was better for her to just watch quietly.

Qin Ming was busy for the whole day.

Hong, hong, hong!

The heart of the demon was beating heavily with a thunder-like sound.

The demonic energy was several times thicker and it turned the mountain into a demonic energy ocean.

At night, the demon's heart began beating more and more intensely like it was about to wake up. Moon Angel's expression became solemn.

Qin Ming was still laying the formation out. If the demon woke up, the outcome would be disastrous.

But luckily, Qin Ming managed to lay out the formation while the demon's heart was still beating.

The last flag was pinned viciously into the ground by Qin Ming.

Hong!

The ground shook and the demonic energy spread into the air. Terrifying demonic energy exploded where the heart was located.

Hong long long!

It was like a fountain as it spat out demonic energy while Qin Ming and Moon Angel looked on with solemn expressions.

“Who laid the formation?” A furious roar rang out from the demonic energy. It was like a prehistoric beast roaring in front of them.

Moon Angel immediately summoned her Celestial Artifact, Full Moon!

A silver moon rose up.

Moon Angel held the two sides of Full Moon. A full moon appeared behind her and the Celestial Artifact gave off sharp killing intent.

Keng!

The sharp killing intent helped her to block the demonic energy. Now that she was at Emperor Realm, Moon Angel could activate more of Full Moon. The Celestial Artifact was becoming stronger and stronger in her hands.

Qin Ming hollered in rage, “Demon, today Qin Family’s Qin Ming is here to wipe you out.”

Hong long long!

The moment Qin Ming said this, he slapped the ground and the whole area shook. Numerous flags flew out and struck the sky. The treasures he buried were all activated and they were terrifyingly strong.

“Taste my Demon Swallowing Formation!” Qin Ming said coldly.

Chapter 391: How Scary Is The Demon!

The demon woke up and immediately noticed Qin Ming’s formation. He was furious and the aggressive demonic energy surged forth.

Qin Ming knew that this was a great opportunity and immediately activated the Demon Swallowing Formation.

Demon Swallowing Formation was the trump card that Qin Ming had prepared. It was a demon destroying formation that he got from the Buddhist faction. It could absorb demonic energy, turning it into its own strength to strengthen the formation. The demon would be trapped inside and suppressed.

As long as the demonic energy was thick, the Demon Swallowing Formation would become stronger and stronger. The chances of suppressing the demon would then increase.

So, Qin Ming chose to refine the formation to deal with the demon.

Although he believed in the Demon Swallowing Formation, Qin Ming still decided to buy some insurance and hire Li Xiandao.

With the double insurance, Qin Ming didn't believe that he couldn't wipe out the demon.

So, there was nothing to worry about. He just had to try his best.

"Demon, over these years, how many daughters have you tainted? Today, you will pay the price." Qin Ming hollered.

Hong long long!

Demon Swallowing Formation crazily absorbed the demonic energy around. In an instant, it became really strong. A giant formation appeared, flashed in gold, and suppressed the demon.

It absorbed the pitch-black demonic energy, turning it into golden energy with which it suppressed the demon.

This was a really smart formation. The person who invented this was definitely very intelligent.

The demonic energy from the demon was instantly absorbed and converted into immense power. It activated the formation and floated in the air. The star shape was extremely strong and pressed down onto the eye of the formation.

Hong!

The demon gave out a frustrated scoff and became consumed with endless rage. His heart was beating intensely as he gave out endless amounts of demonic energy that turned into a huge hand and tried to destroy the formation.

But the moment the demonic energy appeared, the Demon Swallowing Formation swallowed it. Not to mention a huge hand, but even a shadow couldn't be formed.

The rumbling demonic energy increased the strength of the formation instead, increasing the power of the Demon Swallowing Formation.

Hong!

Another huge strike smashed down directly on the demon's heart.

The demon's body was locked under the formation, but since the formation was on the verge of shattering, he could release his aura to beat the Qin Family elders.

But now, the Demon Swallowing Formation that absorbed the demonic energy attacked, causing the demon's body to tremble. The shaking body seemed really terrifying.

But, the formation that suppressed the demon started to become more and more damaged.

"I am going to kill you!" The demon hollered in rage, gathering more demonic energy.

Hong long long!

The demonic energy exceeded the upper limit of what the demon could use. This meant that it reached peak Emperor Realm.

That was terrifying.

So, the formation that suppressed the demon gave off light, turning into a god spirit which said, "Demon, the Heaven Emperor was merciful to suppress your heart here. If you dare to offend this Demon Restricting Formation again, I will use the energy to teach you a lesson."

The energy spirit's appearance was something that Qin Ming and Moon Angel didn't expect.

What it said shocked them even more.

It was actually just a heart that was suppressed here. A single heart had such terrifying powers.

Just one heart had so much demonic energy. That was just frightening.

"Hahaha, just a formation clone. What can you do to me? You suppressed me for so long and you're going to disappear. Today, I will destroy this formation." The demon laughed out loud. He didn't care and activated all of his demonic energy.

Hong long long!

The demonic energy exploded and surged out.

But they were instantly swallowed by the Demon Swallowing Formation which only strengthened it.

Qin Ming didn't understand, "Why is he strengthening the Demon Swallowing Formation?"

If the Demon Swallowing Formation became stronger, wouldn't the demon be the unlucky one?

“No, he plans to let the Demon Swallowing Formation and the Demon Restricting Formation harm each other.” Moon Angel was far away and could see things clearly.

Qin Ming took a step back and instantly saw something terrifying.

The Demon Swallowing Formation absorbed a lot of demonic energy and turned it into its own strength which pressed down heavily.

Hong!

It was a really terrifying scene. When it pressed down, the ground would shake and that strike was something that neither Qin Ming or Moon Angel dared to take.

The demon hid beneath the Demon Restricting Formation.

Hong long long!

The energy of the Demon Swallowing Formation's first target was the Demon Restricting Formation.

The Demon Restricting Formation's spirit appeared and was attacked for no reason. It raged and instantly attacked the Demon Swallowing Formation.

The two formations fought. The ensuing fight was really intense and scary.

Hong long long!

Qin Ming was stunned, “This demon is using my formation to unlock his own formation?”

Moon Angel nodded.

The two of them could see the fight clearly from afar. When the two formations fought, the demon's heart was not suppressed, so it ran instead.

“Die!” The demon's heart released terrifying strength. He didn't give Demon Swallowing Formation time to absorb anything and just struck the Demon Restricting Formation.

Kacha!

The Demon Restricting Formation collapsed. The energy wave caused the Demon Swallowing Formation to collapse too.

When the demon saw this, he laughed out loud in excitement. His heart was beating excitedly, “100,000 years... So long... I am finally out.”

Qin Ming and Moon Angel looked at one another and saw the seriousness in each others' eyes.

This demon wasn't easy to deal with.

He was smart and knew how to make use of the two formations. He gave his demonic energy to the Demon Swallowing Formation to strengthen it, such that the two formations would fight each other. Then, he would break out and be free.

"Heaven Emperor, you split me up and suppressed me in different places. Now that I have escaped, I will definitely kill you." The demon's heart was beating powerfully. The demonic energy turned into a body. It turned into the demon's original form.

Shua!

The demon stared at Qin Ming and Moon Angel with a fierce gaze. He said coldly, "You wanted to kill me with the Demon Swallowing Formation?"

The moment he said this, an aura that could suppress Emperor Realms surged forth. Qin Ming's face turned white. He tried to block it as he gritted his teeth and said, "You already saw it, so why would you ask?"

"How bold, your Qin Family is useless. I didn't expect such a man to appear." The demon laughed coldly and said.

"Qin Family's spine has always been straight. I am here today to kill you." Qin Ming gritted his teeth.

"Kill me?" The demon smiled in disdain. He pointed at Qin Ming and Moon Angel, "With just the two of you?"

"No, my Master is the one who will kill you." Moon Angel was confident. In her eyes, the demon was terrifying, but he couldn't compare to Li Xiandao.

Master could definitely beat this demon.

Chapter 392: You Want To Kill My Subordinate?

"Your Master?" This demon was still filled with disdain. He came from the Celestial World and was a supreme demon that had been sealed here by the Celestial Emperor. Why would he care about a small being from the Nine Skies?

Moon Angel was an emperor!

Her master might have also been an emperor!

Maybe he exceeded Emperor Realm!

But so what?

"I can easily kill your Master." The demon said confidently and he didn't care about Li Xiandao at all.

"Since you helped me unveil the Demon Restricting Formation, I will let you live. In the future, you will be my servant." The demon pointed at Qin Ming like he was giving him a chance to live.

Qin Ming's face turned black. A servant? That was a huge insult to him.

"I will kill you!" Qin Ming shouted in rage.

"Keep quiet." With just one gaze, his heart was beating intensely. Demonic energy surged out and suppressed Qin Ming.

Hong long long!

The demonic energy was like the sky collapsing. Qin Ming found it hard to block and he couldn't move at all.

"Be my servant and you will have a chance to live. If you struggle, you are going to die." The demon said coldly. He didn't care about Qin Ming who was squeezed so badly till he couldn't speak. Instead, he turned towards Moon Angel.

"Celestial Artifact." When the demon saw Full Moon in Moon Angel's hands, he laughed coldly.

"Do you really think that you can fight on my level with just one Celestial Artifact?" The demon smiled in disdain. He was mocking Moon Angel's innocence.

"I have never thought that way." Moon Angel said coldly.

The demon was floating in the sky and the demonic energy formed a body. It was illusionary and only the heart was real. It was really powerful as it was beating in the sky. Each beat could squeeze out demonic energy which made the body become even firmer.

"What gave you confidence?" The demon looked at Moon Angel with a teasing expression and suddenly comprehended.

“Why do you look so familiar? So, you were the martyr, the one who escaped.” The demon suddenly recognized Moon Angel.

Moon Angel’s face turned codly, “What an honor, the demon actually remembers me.”

“Suddenly, I don’t want to kill you. You need to fulfill your destiny. A martyr should be a martyr. You have been on the run for years and now you can’t flee anymore.” The demon gave a cruel laugh. He walked towards Moon Angel and grabbed her.

“Scram!” Moon Angel shouted coldly. She didn’t care at all and activated the sword energy that Li Xiandao gave her.

Keng!

The sword energy shot out. It was extremely beautiful and the light turned into terrifying power which sliced forth.

The demon only saw a beautiful sword shadow flash across. Through the process, he saw a really beautiful woman who he couldn’t shift his eyes away from.

Moon Angel saw it too and became really jealous. The only person who could be carved onto Master’s sword energy was Seven.

Seven had that glow and beauty.

Seven’s beauty together with Li Xiandao’s sword...

The strike born from that sword was called Unrivalled Beauty.

This sword was one that Seven had specially created for Li Xiandao.

Now, the first person it was going to kill was this terrifying demon.

Kacha!

The demon’s gaze was attracted by that light but he didn’t know how terrifying that sword was. In the next second, the sword energy shot through his body and struck his beating heart.

Hong!

This awakened the demon. He screamed and the demonic energy body exploded.

“No...” The demon roared and his tone was filled with disbelief.

The sword energy stabbed into his heart just like that.

Tick!

A drop of blood dripped onto the ground and turned into a blood ocean.

After it landed, a drop of demon blood became an ocean of blood.

“You actually... Injured me!” The demon’s heart was beating intensely. It was really terrifying and along with Li Xiandao’s sword energy, it blocked the momentum of the sword.

If he didn’t, the demon felt like his heart would be pierced through.

That was just too terrifying.

The demon didn’t expect that someone from the Nine Skies and Ten Lands would actually be able to pierce through his heart. If someone learned about it, he would be treated as a joke.

Who was he?

The invincible demon, the person who fought against the Heaven Emperor, the expert of the demon world.

His heart was not something that someone from Nine Skies and Ten Lands could pierce.

This was what the demon thought before.

But now, that sword energy had shattered his arrogant thoughts.

He was bleeding and his heart was hurting.

The terrifying power of the sword caused the demon to tremble in rage.

“How bold, you actually dared to hurt me. I am going to kill you.” The demon hollered. The heart suddenly expanded and a deep power exploded out. After it was activated, that sword energy was struck away.

Kacha!

The sword energy broke in mid-air and was sliced into dozens of pieces which fell into the blood ocean.

Hong long long!

The blood ocean was instantly sliced by the sword energy. Not a single drop remained.

The demon sensed that and was extremely angry. There was a wound on his heart that was left by that sword.

“Numerous Celestials failed to leave marks on my heart and now your Master did it. Where is he? Tell him to scram, I definitely have to kill him.” The demon hollered in rage. Anger came from the depths of his heart.

“You underestimated my Master previously. Now, you know how strong he is, right?” Moon Angel said proudly. As Li Xiandao’s subordinate, she felt really proud.

“I asked you where your Master is?” The demon shouted in anger. He used demonic energy to form a body and punch down with his fists.

Hong long long!

The strike was really terrifying and Moon Angel couldn’t block it at all.

Moreover, that strike also locked down space, so she couldn’t escape either.

“If you don’t speak, I will kill you.” The demon looked coldly at Moon Angel. He didn’t care about the fact that she was a martyr. He was now consumed by rage.

To the demon, for a Nine Skies and Ten Lands swordsman to stab him in the heart, that was a huge insult.

This was worse than being sealed by Heaven Emperor.

He had to kill Li Xiandao. He had to annihilate his entire existence so as to wash away this unbearable humiliation.

“You can’t kill me because my Master will definitely save me.” Moon Angel raised her head. She didn’t even blink as she watched carefully.

She wanted to see how her Master would appear.

“Then, die.” The demon said coldly and punched once more.

Hong long long!

The aura surged and a demonic energy charged forwards like a river, drowning out 10 miles of area around.

The strength of this fist seemed like it had the power to open up new lands.

Keng!

But that strike couldn't kill Moon Angel. Halfway through, it was pierced by a streak of sword energy.

Behind the sword energy, a guy wearing a scenic mask stepped out and said coldly, "You want to kill my subordinate?"

Chapter 393: Sword Energy Suppression

Amongst the demonic energy, a streak of sword energy swept through the darkness. Hope shone in Moon Angel's eyes.

As expected, Master arrived and hadn't give up on her.

With the sword energy surging down, the demon hollered in rage, "You are the Master of this martyr?"

His fist was sliced by Li Xiandao's sword and he crazily absorbed demonic energy to replenish himself. He stared viciously at Li Xiandao.

"Martyr?"

"I don't like that name. I like to call her Moon Angel. She is one of my four angels." Li Xiandao said coldly. He wasn't happy with the demon calling her martyr.

"She was mine." The demon pointed at her coldly.

Moon Angel looked at the demon in rage and unhappiness.

She would only be Li Xiandao's.

"Oh, then call her over. Let's see whether or not she listens to you?" Li Xiandao said in a relaxed manner.

The demon laughed coldly, "I don't care whether she listens. As long as I kill you, she is mine."

Moon Angel said firmly, "You are no match for my Master."

"I didn't notice before, but now that I am facing you, you are an emperor and want to kill me?" The demon said in disdain. He saw through Li Xiandao's cultivation right away.

Li Xiandao was stunned and smiled, "Right, I am only peak emperor. I hope that I won't disappoint you."

“Even if I only have one heart, a peak emperor like you can’t be so arrogant. Do you see this?” The demon pointed out.

Li Xiandao looked and Qin Ming found it hard to breathe under the suppression of the demon’s demonic energy.

As the demon said, a peak emperor shouldn’t have behaved like that in front of him.

So, he looked down on Li Xiandao.

“There is a slight difference between me and him.” Li Xiandao said honestly.

“What difference? Isn’t it just that you cultivated the sword you’re slightly stronger?” The demon scoffed coldly.

“No, you got something wrong.” Li Xiandao shook his head.

“What?” The demon frowned and looked at Li Xiandao.

Hong!

Li Xiandao combined his fingers together to form a sword and tapped forwards. Sword energy surged and like a dazzling firework, it exploded with Li Xiandao’s touch.

Li Xiandao stepped forwards and said, “I am not just a little stronger.”

Keng, keng, keng!

Streaks of sword energy shot out. They were all of different colors and seemed really bright in the darkness.

Li Xiandao raised his head and said the last sentence, “I am much higher!”

Hong!

Along with Li Xiandao’s sword, a multi-colored sword energy exploded and trapped the demon. It viciously slashed it.

This sword was the emperor sword that Li Xiandao comprehended.

Bright Stars!

Numerous sword energy slashed down like stars, giving off their own light in the darkness.

That sword made the demon holler in anger. His body grew tall and with the rumbling demonic energy, a huge hand pressed down.

Six Path Reincarnation!

This was a strong demon path technique. Beside the demon, six black caves appeared. They absorbed the demonic energy and then pressed down towards Li Xiandao.

“Die!”

The demon shouted in rage and took a large step forwards. He wanted to slap Li Xiandao to death.

Li Xiandao squinted. The demon was really strong and could actually solve his sword. If it was someone else, they would have been killed by Li Xiandao’s sword energy.

Since one streak of sword energy was not enough, he would use a few more.

Li Xiandao’s blood boiled. He didn’t feel afraid or worried. Instead, he was excited that he had met his match.

Li Xiandao reached out and formed a sword in the air.

Several streaks of sword energy formed around Li Xiandao. He held his sword and his body was like a wandering dragon that sliced forwards.

This sword was so quick that there was no afterimage at all. It sliced the demon’s wrist and the sharp sword glow sliced the demonic energy’s body.

This time, the Six Path Reincarnation was not effective at all.

In the next second, Li Xiandao’s sword was right in front of the demon.

Keng!

There was a crisp sword ring. Like a sword being formed from the dragon fountain, it gave out its first sound.

That sword was Li Xiandao’s quickest sword.

The demon couldn’t react at all and his head was sliced off.

In the blink of an eye, Li Xiandao directly dismembered the demon. Only a beating heart remained.

This heart wasn’t able to resist or fight back against Li Xiandao.

“Great Swallowing Technique!”

The demon was shocked. He knew that Li Xiandao was strong. As expected, compared to Qin Ming, Li Xiandao was much stronger.

So, he used his own technique and a giant black hole appeared behind him. A huge suction power surged forwards and swept Li Xiandao into the black hole.

Li Xiandao’s body couldn’t be controlled. The suction force was too strong and he was instantly sucked in.

“Watch how I am going to suppress you.” The demon was delighted. His heart was beating quickly. It constricted and spat out rumbling energy. All the demonic energy seeped into the black hole and suppressed Li Xiandao.

Moon Angel and Qin Ming looked on in shock. Was the demon going to kill Li Xiandao?

In the black hole, the giant squeezing force caused Li Xiandao’s face to turn cold. As expected, this demon who came from a much stronger world was different from people from the Nine Skies and Ten Lands. He was actually able to force Li Xiandao to such a stage.

“But that is it.” Li Xiandao used his full cultivation.

Hong long long!

Sword energy surged in his body. Li Xiandao merged all the sword moves, sword energies, and dao attainments he learned so far together, and it was extremely strong.

“Ten thousand Sword Retraces!”

Streaks of sword light shot out from Li Xiandao’s body. Many streaks of them all exploded together.

Hong long long!

The black hole was instantly shattered like tofu, breaking to the touch.

The demonic energy just entered the black hole and it exploded in the next second. Rumbling demonic energy exploded and made the feel really dizzy.

Hong!

When he stabilized, an ice-cold sword energy was waiting for him as well as a pair of terrifying eyes.

The demon asked in shock, "How were you able to shatter my Great Swallowing Technique?"

"Because... I am stronger than you!" Li Xiandao said coldly.

The demon didn't know what to say. His heart was beating but he didn't dare to move at all because he could sense that Li Xiandao's sword could pierce his heart.

"You win." The demon said reluctantly.

"But you can't kill me." The demon warned Li Xiandao.

"Why?" Li Xiandao asked.

"That year when the Heaven Emperor defeated me, he sealed my body in many different places and didn't kill me. If you even think about you killing me, what will the outcome be?" The demon threatened Li Xiandao.

"I do want to find out. Can you make it happen?" Li Xiandao said suddenly.

... The demon was stunned.

Chapter 394: Sealing Heart

When the demon heard Li Xiandao's words, his heartbeat slowed down.

Threads of demonic energy wrapped around and formed a body. The demon looked at Li Xiandao and said, "Don't be so angry. I am an expert from the Demon World and although I am in trouble and my corpse has been split into pieces, reducing my strength, I have many babies."

The demon knew that he was no match for Li Xiandao and started to promise other things.

Li Xiandao looked at him calmly.

The demon found it really uncomfortable and coughed, "Although my body has been split up, I am not dead. I have 100 tonnes of top quality demon crystals in the Demon World. I need others to help me find other bodies and as long as you find enough for me to enter Celestial World and Demon World, you can do whatever you want. I have 30 million Demon World troops under me. Help me and I will let you command the armies and become the Demon Path Saint."

When the demon was saying this, he felt really emotional. He wanted to affect Li Xiandao and tempt Li Xiandao.

When one was emotional, one wouldn't be able to think straight. Then, it would be possible for Li Xiandao to let him go.

But Li Xiandao was unfazed. His sword was steady and he continued to point at the demon's heart.

"Consider it a huge win. If you kill me, you won't gain anything at all." The demon was still trying to persuade Li Xiandao.

He felt really frustrated. If his corpse hadn't been split up into so many places, and with only one heart in Cold Moon Sky, why would he be afraid of Li Xiandao?

If he had one other part of his body, he was confident that he could defeat Li Xiandao.

This wasn't him being arrogant. That was because if he had another part of his body, he would reach the peak of Nine Skies and Ten Lands.

Although Li Xiandao was at peak Emperor Realm and could use extreme strength, he was a long way away from the peak of Nine Skies and Ten Lands.

Li Xiandao knew that but what made him speechless was that the demon's words were just like what those liars said in the name of old Emperor Qin.

Hello, I am Emperor Qin. I'm not actually dead...

The demon's words were exactly the same. Was he treating Li Xiandao like a fool?

"Master, you can't let him go." Moon Angel walked over and said coldly.

Moon Angel looked at the demon coldly. Her eyes were filled with hate and she really wanted the demon to die.

On the other side, Qin Ming broke free and ran over, "Master of the bank, this demon deserves to die. You mustn't let him go."

"What did the two of you say?" The demon's face was filled with rage.

Peng!

Li Xiandao tapped his sword energy onto the demon's heart and it instantly shattered the demon's demonic energy body.

It turned back into the beating heart.

“Do you still have the right to be angry?” Li Xiandao said coldly.

“You lost to me. It is up to me whether you will die. As for you, you have no right to speak.” Li Xiandao reached out and tapped. True Qi exploded and sealed the demon’s heart.

The demon was anxious. What was he doing?

But Li Xiandao didn’t give him a chance at all. He collected the heart in his sleeves and sent it to the Bank of the Universe.

After he entered the Bank of the Universe, whether or not he was dead or alive depended entirely on Li Xiandao’s mood.

On the moon, Li Xiandao looked at Moon Angel and Qin Ming.

Moon Angel was uninjured because she didn’t join in the battle and was just suppressed by the demon’s aura.

On the contrary, Qin Ming was slightly injured. But with his peak Emperor Realm strength, he recovered really quickly.

“Master, here are 10 Celestial Crystals.” Moon Angel respectfully passed the Celestial Crystals to Li Xiandao.

Li Xiandao reached out and grabbed them. They disappeared and entered the Bank of the Universe.

“No, we are done with each other.” Li Xiandao said to Qin Ming.

“Thank you Senior for helping.” Qin Ming bowed with a complicated expression.

They were both peak emperor. Under the demon’s demonic energy, he was tortured and found things really tough. However, Li Xiandao could defeat the demon. This gap was just too huge.

Li Xiandao reached out, “We are just getting what we each need. You gave me Celestial Crystals and I helped you deal with the demon.”

“You gave me Celestial Crystals and I helped you deal with the demon. We are done and don’t owe each other anything.” Li Xiandao said coldly.

After saying that, Li Xiandao looked towards Moon Angel, “Will you go back with me or will you stay here?”

“I will follow Master back.” Moon Angel said without hesitation.

Li Xiandao nodded and reached out. He waved and a black hole appeared.

Li Xiandao wanted to step in but sensed something and looked into the distance.

In the distance, over at the Qin Family mausoleum, a blind and deaf old man sensed Li Xiandao's gaze and smiled.

Li Xiandao frowned. His expression under the mask was really solemn.

"Master, what happened?" Moon Angel asked.

Li Xiandao shook his head, "Nothing."

After stepping into the black hole, Li Xiandao disappeared from the moon.

"In the future, the Qin Family will depend on you. You must restore the honor of the Qin Family." Moon Angel said just before she left.

Qin Ming nodded, "Don't worry, I will restore the Qin Family's dignity and pride. I swear on my life."

Moon Angel didn't say anything and just took one step into the black hole.

Hong!

The black hole closed very closely.

Qin Ming looked around in a daze. The problem that had troubled the Qin Family for so long was so simple to Li Xiandao.

This was strength.

...

After returning to the Bank of the Universe, Li Xiandao separated from Moon Angel.

Li Xiandao went back to his room and met Seven.

"How was it? Was that demon amazing?" Seven asked.

Li Xiandao shook his head, "Not really. He only had one heart and his strength reached Destiny but I still defeated him."

Destiny was after Emperor Realm!

Destiny was unparalleled. It was another huge realm with nine stages.

The demon's heart was at stage five and it was expected that Li Xiandao would defeat him.

"It was just one heart and his strength had been split up. If there was one more part, you wouldn't be able to beat him." Seven found it really dangerous.

Li Xiandao nodded, "One more part and he would have definitely reached stage nine. He might have even broken through and entered an unbelievable level. I will definitely lose to him."

"But with this heart in our hands, we might meet his other parts in the future." Li Xiandao smiled and passed the sealed heart to Seven.

"Keep it and place it in the treasury." Li Xiandao said calmly.

"Are you not going to ask who he is?" Seven was curious.

Li Xiandao shook his head, "There's no need. This person is definitely strong at his peak. He can offend the Heaven Emperor to split him up and seal him. Even if I ask him now, it will be of no help."

Seven thought about it and felt like it made sense. Heaven Emperor was just so far away from Li Xiandao.

Chapter 395: Shameless Hand Holding!

The demon's heart was kept by Seven.

After entering the Bank of the Universe, his skills were all sealed up and he had no choice but to listen to instructions.

The demon wanted to fight back but with a casual seal by Li Xiandao, he was frozen. Then, Seven placed him in the treasury.

The demon's matter was solved. Moon Angel had also solved her own psychological burden and began to cultivate.

Emperors were strong in Cold Moon Sky as they were top experts. But in other worlds, they were far from the top.

There was still Destiny above Emperor!

They could snatch the destiny of the heavens and allow one to live along with heaven and earth. People of this realm who stole more and more from the heavens would become more and more terrifying.

Li Xiandao could defeat those at stage five but he wouldn't be able to win those at stage six.

Li Xiandao even had to be careful. This was because the more times someone stole from the heavens, one's combat strength would increase in folds.

The first time one stole from the heavens, one would be at stage one. The difference with Emperor Realm was visible to the naked eye.

But when one stole for the second time, it would increase by two folds.

The third time would be three folds.

The fourth...

The fifth...

Until the sixth, the increase would be terrifying. After an increase of six times, one could instantly kill those at stage five.

This was why the demon was so confident that after one more body part, Li Xiandao would be defeated.

Unfortunately, he wasn't able to get one more part.

...

Within the Bank of the Universe, Li Xiandao closed his eyes and cultivated. He breathed in the thick spiritual energy.

He had the 10 Celestial Crystals in his hands.

This was Qin Ming's reward for Li Xiandao helping out. Each Celestial Crystal contained vast and pure energy with no impurities at all.

The energy was suitable for the Li Xiandao at the moment.

Till now, his 10 grotto-heavens hadn't expanded or merged into his source.

The main reason was because the 10 grotto-heavens were too terrifying and required an ocean of spiritual energy to fill it up.

If one took out all the resources of the Bank of the Universe, it might have been just enough.

But Li Xiandao wasn't so foolish. It was tough for the Bank of the Universe to finally have some resources. To take it all out to break through, his brain had to be spoiled.

He was waiting for the good news from Zhong Zi Qi and the demon. The 12 demon god pillars were Li Xiandao's hope.

As for the 10 Celestial Crystals, they weren't able to help Li Xiandao break through but they were better than nothing. They were still able to help Li Xiandao improve a little.

Hong long long!

Each vein in Li Xiandao's body was like a river. It was really terrifying and spiritual energy surged into his dantian.

His dantian was like an endless ocean. Under it were 10 giant worlds that were crazily absorbing the dantian's energy in an attempt to merge into it.

But this rate of improvement was still too slow.

Each breath sucked an ocean of spiritual energy into his body. But to the 10 worlds, it wasn't much at all.

Luckily, Li Xiandao had the 10 Celestial Crystals in his hands.

The Celestial Crystals merged into his body and cracking sounds resounded.

Li Xiandao's dantian formed a grinder which smashed the 10 Celestial Crystals into dust.

Hong long long!

After the Celestial Crystals were shattered, terrifying power exploded out.

Dong dong dong!

Like a storm, it swept his entire dantian. The terrifying energy from the 10 Celestial Crystals caused a tsunami in his dantian.

It was huge!

Luckily, Li Xiandao had the 10 worlds to handle such a huge amount of energy.

The waves of energy were led into the Ten Worlds by Li Xiandao.

Hong long long!

Like the milky way hanging above the 10 worlds, it looked really strong and terrifying.

The tsunami like energy was split up by the 10 worlds and couldn't cause any huge waves.

The 10 worlds swallowed the energy and became even hungrier instead.

They required more energy to merge into Li Xiandao's source.

At that time, Li Xiandao's source would have endless energy.

He would dare to say that he would be truly invincible.

...

After opening his eyes, Li Xiandao felt a little disappointed. Logically speaking, such terrifying energy should have been able to help him improve.

But the truth was that Li Xiandao's improvement was slow. The 10 Celestial Crystals split into the 10 worlds was like one for each.

Little!

Too little!

Li Xiandao walked out of the room and looked at the beautiful scenery of the mountains. However, he didn't feel good at all.

Seven arrived and sensed that Li Xiandao was feeling a bit down. She smiled happily and said, "The Celestial Crystals didn't meet your expectations?"

"Is it that I am too terrifying and require too much energy or that these Celestial Crystals are too weak? I barely even improved at all." Li Xiandao shook his head.

"I know the reason." Seven predicted it. She grabbed his palm and explained, "These are just ordinary Celestial Crystals from the Celestial World, so how much energy do you expect them to have?"

Li Xiandao turned around and looked at Seven. His gaze was gentle and he didn't say anything.

"Celestial Crystals have different grades. This thumb sized one is of low quality and in Celestial World it is of the lowest level. Normal celestials use them to trade." Seven explained.

“There are also medium quality, high quality, and top quality ones. If you get some top quality ones, then you will break through faster.” Seven giggled.

Li Xiandao grabbed her waist, “How can there be top quality Celestial Crystals in Nine Skies and Ten Lands?”

“You also know that we are in the Nine Skies and Ten Lands. I thought that you felt like we were in Celestial World.” Seven said.

“Not so soon. My men haven’t grown. If we enter Celestial World, we will just be asking for trouble.” Li Xiandao smiled and held onto Seven’s hands. He didn’t want to let go and they just looked at the scenery together.

“It hurts.” Seven acted cute.

Li Xiandao released his hands but instantly reacted. He didn’t even use strength, so how did it hurt?

Seven giggled, “Let go of me. You’re not allowed to grab me.”

Li Xiandao smiled helplessly and looked at Seven who was smiling like a flower. His face turned serious and he reached out with his arm, “Hold it!”

Seven looked at Li Xiandao and her face was filled with frustration.

“Hold my hand or I will get angry.” Li Xiandao continued.

“Let go of it yourself.” Seven muttered and hesitantly placed her hand in his palm.

Li Xiandao grabbed her snow white wrist and then looked at the mountains. The mist was really beautiful and it looked like a fairyland.

“In the future, you can only hold my hand.” Li Xiandao suddenly said to Seven. His expression was solemn and but also really confident.

Seven pouted, “I didn’t agree to let you hold my hand. You forced me.”

Li Xiandao ignored her cat-like grumbling and continued to hold her arm, “When no one is around, you aren’t allowed to reject my hand-holding.”

Seven’s face turned red and her eyes started watering, “You really are bossy.”

Li Xiandao’s lips curled up. He had to be bossy sometimes and not allow himself to be controlled by Seven.

Chapter 396: Celestial World General

Moon Palace!

Qin Family!

There were 2 hours ago. The place that the demon was locked up in was covered in demonic energy and it shocked everyone in the Qin Family.

The demonic energy covered half the moon and some cowards ran away. They brought their families into the teleportation formation to flee.

But some people stayed.

The young, some with courage, were praying for Qin Ming.

He had to wipe out this demon and allow the Qin Family to stabilize.

At noon, when Qin Ming walked out alone, everyone in the Qin Family was shocked.

Qin Ming walked out of the demonic energy. He was injured. No matter what, it looked like he had wiped out the demon.

Many Qin Family people walked out in shock and looked at Qin Ming respectfully.

“Greeting Emperor Qin Ming!” An old man knelt down with tears covering his face. His Qin Family finally had an emperor with a straight spine.

Moreover, this courageous emperor had even gone to wipe out the demon.

How could he not be emotional?

How could he not?

All of a sudden, everyone in the Qin Family knelt down and shouted for emperor Qin Ming.

Qin Ming wanted to say the truth but when he realized that everyone felt like he wiped out the demon, his mood changed entirely.

At the moment, Qin Ming wanted to mold the Qin Family’s spirit, so he didn’t mention that he had invited someone else to help.

He would allow this matter to improve the Qin Family’s spirit and brainwash them.

...

The Qin Family members were all emotional. Those who fled and wanted to return were all rejected. Those who left weren't from the Qin Family anymore and had been kicked out of the family.

This helped to make the Qin Family closer to one another and they all worked hard to improve.

The Qin Family tried their best to improve.

But all of this had nothing to do with the old man in the mausoleum.

After Li Xiandao wiped out the demon and solved the Qin Family's problem, the old man changed.

The cherry blossoms in the mausoleum bloomed beautifully. They scattered and covered the ground in flower petals.

The old man stepped on them and walked around in a daze.

"The demon's heart is unsealed and someone took it away. I have to report it." The old man muttered.

He was filled with hatred.

"But, I don't want to." The old man stopped. He was at the entrance of the mausoleum and three miles from his wooden hut.

The blind and dead old man seemed like he could see everything now.

"100,000 years ago, the demon was split up by the Heaven Emperor because he was worried of the Head of the Demon World. So, he sealed him all around and sent a Celestial World warrior to guard him at each spot." The old man recalled his past.

The old man was sealed for 100,000 years.

He had been here for 100,000 years.

The celestial gate was opened. The Celestial suppressed his cultivation and controlled it at the peak of Nine Skies and Ten Lands to guard the moon and keep a lookout for the heart.

He had done this for 100,000 years.

The Celestial General didn't want to do it anymore!

He had wasted 100,000 years just like that.

What was the point in guarding a demon's heart?

He was a Celestial General and it was his destiny to die on the battlefield. But he didn't get that chance over the past 100,000 years. Even when he wanted to return to the Celestial World, he was coldly rejected.

A few years ago, the Celestial General suppressed the demon's heart and he didn't have the ability to fight back.

But after the Celestial Gate was closed by Old Man Tianchi and people from Celestial World couldn't come down easily, the Celestial General wasn't able to receive news from Heaven Emperor anymore.

Slowly, he stopped suppressing the demon's heart.

The demon started to destroy the formation and then those weak people from the Qin Family surrendered.

All of this started with him.

Every few thousand years, he would change bodies. Most of them would be old men that couldn't live on. He would then ask to guard the mausoleum and stand there with a cold expression.

He couldn't return to the Celestial World. Heaven Emperor was really strong and if he dared to disobey his orders, he would definitely die.

But the Celestial General was unwilling to waste his time here. So, he worked hard to improve and also waited for the demon to unseal and cause trouble in the Nine Skies and Ten Lands. He wanted him to surge up to the Celestial World.

Then, he could enter the Celestial World, reject his past identity, and start anew.

The only problem with this plan was time. It would take a really long time.

But now, this plan was spoiled by Li Xiandao.

Or rather, the Celestial General didn't expect someone as strong as Li Xiandao to suppress the demon heart.

The Celestial General wanted to save the demon but thinking about it, this felt good too.

The demon's heart was taken by Li Xiandao and the Heaven Emperor didn't know about it. But the demon's main body definitely knew and would come to the Nine Skies and Ten Lands to cause trouble.

The Celestial Gate would be reopened and he could sneak back up.

“I need to leave and find the past me.” Celestial General’s eyes shone brightly. He stepped out and his body glowed brightly.

Deaf and blind, his limp body fell to the ground. A Celestial General dressed in armor and holding a spear appeared.

The difference was that the Celestial General was old and was nearing the end of his life.

Even Celestials found it hard to live for more than 100,000 years.

The Celestial General only had 1,000 years of lifespan left.

He was old.

“Heaven Emperor’s order caused me to waste 100,000 years here for nothing.” Celestial General gritted his teeth in hatred.

100,000 years ago, he was a young handsome teen with huge potential.

100,000 years later, he was still at that realm but he only had 1,000 years left.

Life was just so tragic.

“Heaven Emperor high above never thought about me. In his eyes, I am just a chess piece and I shouldn’t have my own mind and thinking.” Celestial General raised his head with grievance and looked at deep space.

Above the Nine Skies was the Celestial World.

As long as he used his full strength, he could fly into the Celestial World.

But the old Celestial General didn’t dare to.

He suppressed his cultivation too much, so the lightning tribulation was definitely really terrifying. With his current situation, he definitely wouldn’t be able to handle it.

He had to increase the strength of his body.

But how?

Celestial General was confused. The only thing he looked forward to was for the demon to be furious and for the other parts to break free. Then, he would come to the Nine

Skies and Ten Lands to stir trouble, allowing people from Celestial World to come down to the lower worlds.

By sneaking around, he would pass the Celestial Tunnel and enter the Celestial World without needing to go through the tribulation.

But, could this wish be fulfilled in 1,000 years?

Celestial General started to suspect...

Could he wait until that time?

Apart from that, did he have any other choice?

Weng weng weng!

A red watch appeared in front of the Celestial General.

The red glow seemed so devilish that it instantly attracted his gaze.

Chapter 397: Guest From The Celestial World!

In the Bank of the Universe, Li Xiandao was preparing to cultivate. Although he lacked energy, by slowly absorbing and accumulating, even without demon god pillars, Li Xiandao was still able to break through.

But Seven stopped him, "There is a new guest."

Li Xiandao smiled and asked, "I don't know him do I?"

Seven shook her head, "This person is from the Celestial World."

Li Xiandao was stunned. From the Celestial World?

This time he was really interested.

...

In the Trading Hall, Li Xiandao changed his clothes, put on his mask and walked in.

An old man wielding a silver spear appeared in the Trading Hall.

Li Xiandao recognized him right away.

This was the person from the Qin Family who gave him a special feeling.

Celestial General recognized Li Xiandao and his expression was filled with shock, "You are actually the Master of Bank of the Universe?"

Li Xiandao sat down and said, "I am the Master of Bank of the Universe. Since you are here, what do you want to trade?"

Celestial General looked at Li Xiandao and had a suspicious gaze, "You are just peak Emperor, so what can you give me?"

He was really direct and held nothing back at all with that question. The Celestial General's cultivation was not weak. In fact, he was one the strongest in the Nine Skies.

He was even stronger than Li Xiandao which was why Li Xiandao only noticed him after he killed the demon at Moon Palace.

It was undeniable that Celestial General suspected Li Xiandao's strength.

Li Xiandao wasn't angry that he was being looked down on, "In the Bank of the Universe, everything can be traded: cultivation, treasures, resources, cultivation techniques, and also lifespan..."

The Celestial General's eyes focused and he stared at Li Xiandao, "Did you just say... Lifespan?"

Li Xiandao raised his hand and invited the Celestial General to sit down, "Sit and we will talk slowly about it."

Although the Celestial General looked down on Li Xiandao's cultivation, he cared a lot about life.

So, he sat down. He retracted his spear and looked at Li Xiandao without blinking at all. He was really serious.

Lifespan was what he badly needed.

"How can I exchange for lifespan?" Celestial General asked eagerly.

Li Xiandao said slowly, "Lifespan depends on how much you need and what you can give?"

"I can buy it." Celestial General said right away.

"You only have 1,000 years. If you want to buy it, the price is going to be very expensive." Li Xiandao said with a serious tone.

Seven looked on from the side and smiled. She knew that Li Xiandao was going to con him.

“What price?” Celestial General asked.

“Celestial Crystals!” Li Xiandao squinted and said.

“I have them and I can give them to you.” The Celestial General heaved a sigh of relief and deep down he actually looked down on Li Xiandao. He actually wanted Celestial Crystals... As expected from someone from a small place. He hadn’t seen the world at all.

Li Xiandao shook his head and said, “Answer after you think about it. I don’t want just a few Celestial Crystals.”

“How many do you want?” The Celestial General asked solemnly.

Li Xiandao raised a finger, “A million low-grade Celestial Crystals for 100 years.”

Huang!

The Celestial General stood up and stared at Li Xiandao in rage, “Are you robbing me?”

Li Xiandao said casually, “This is a trade. You lack lifespan, so I will give you what you need. Anyway, a million low-grade Celestial Crystals isn’t a lot. After all, you come from the Celestial World, so you’re really strong.”

The Celestial General stared at Li Xiandao angrily and gritted his teeth, “Although I come from the Celestial World, I have been here for 100,000 years. I have so few Celestial Crystals. I don’t even have 10,000 low-grade Celestial Crystals.”

Li Xiandao said apologetically, “If you don’t have them, then I can only say goodbye.”

The Celestial General was stunned. He didn’t expect Li Xiandao to be so decisive to say goodbye just like that.

“Wait, do you have any other request? Don’t request something that I can’t provide.” Celestial General suppressed his rage and begged Li Xiandao.

Da da da!

Li Xiandao tapped the table with his fingers, “Okay, since you are from Celestial World, I will give you one request that you can fulfil.”

Celestial General looked at Li Xiandao and listened intently.

“Be my slave for 1,000 years in exchange for 1,000 years of lifespan.” Li Xiandao said calmly.

Peng!

The Celestial General was furious and he stood up, slapping the table right away, “You are dreaming.”

The Celestial General had wasted 100,000 years for Heaven Emperor and saw through that so-called Master. He swore that he wouldn’t be a subordinate anymore and he wanted to be his own Master.

Moreover, Li Xiandao wasn’t as strong as him yet he wanted him to be a slave for 1,000 years?

What a preposterous dream!

Li Xiandao looked on coldly, “You want to act strong here?”

The Celestial General stared at Li Xiandao and then slowly calmed down. He shook his head, “I lost my mind, but I really can’t do what you said.”

“Then, please leave.” Li Xiandao said without hesitation. If he couldn’t do that, then he would just have to wait for 1,000 years and then die.

“You don’t have any other requests?” The Celestial General suppressed his anger and continued to ask.

“I have two other requests. If you can fulfil either of them, I’ll welcome you to trade in the Bank of the Universe. If you can’t, then goodbye.” Li Xiandao stood up and tossed the red watch to the Celestial General. He then waved his sleeves and sent the Celestial General out.

Hong!

The Celestial General couldn’t fight back and disappeared from the Trading Hall.

Seven asked curiously, “He has other treasures. Why don’t you want them?”

“I have other things and don’t need them. He is a Celestial General and knows where to get Celestial Crystals. As long as he wants lifespan, he will come return.” Li Xiandao was confident.

Seven nodded, “That is true. His lifespan is lacking and his body is old. Now, he wouldn’t dare to ascend as that lightning will kill him on the spot.”

“So, apart from asking help from us, he can only have some weird thoughts. But if he goes rogue and cultivates evil techniques, it’ll be a huge loss to him.” Li Xiandao saw the Celestial General’s situation clearly and gave him another red watch so he could return.

Seven raised a thumb towards Li Xiandao and then gave him a cute finger heart.

...

At Moon Palace, the Celestial General had actually been swept out by Li Xiandao and he looked around in shock. He said in disbelief, “There is actually such a mysterious place in this world.”

“A million low-grade Celestial Crystals for 100 years, that is too much.” Celestial General felt his head hurt.

He wasn’t in the Celestial World, so where would he go to get so many Celestial Crystals?

But being a slave for 1,000 years?

He didn’t want to do that. He would rather die than be a slave.

So, he had to get those Celestial Crystals in order to extend his own lifespan.

He held onto the red watch that Li Xiandao gave him and looked at the vast world with determination.

“I need to get Celestial Crystals to return to my peak.”

Only then could he ascend through the tribulation to the Celestial World. Then, he could break through and extend his lifespan.

Chapter 398: End Of Contract!

Celestial General went to find the Celestial Crystals. Li Xiandao gave him two paths. He couldn’t choose to be a slave, so he could only think of ways to acquire Celestial Crystals so he could exchange them for lifespan from Li Xiandao.

“If I was in the celestial world, a million low-grade Celestial Crystals would be like nothing. I could acquire so many just like that and I could bankrupt the Bank of the Universe from exchanging all of them.” Celestial General thought about it helplessly.

Unfortunately, this was the Nine Skies and Ten Lands, not the Celestial World.

He could only go to someplace to search for Celestial Crystals.

...

Within the Bank of the Universe, after the Celestial General left, no more guests arrived.

Li Xiandao cultivated in peace. He absorbed spiritual energy, stored them in his dantian, and then injected them into the worlds.

Seven was dealing with the Bank of the Universe matters. She was in charge of everything in the bank. Li Xiandao never asked and just passed the responsibility over to Seven.

Seven had never been respected so much, so she put in a lot of effort to run the Bank of the Universe in an orderly matter.

The dragontooth rice collected each month, nurturing the top grade spiritual energy dragon veins, guest details, treasury records, etc...

Seven was really busy.

It was tough for her to find some time to flirt and talk to Li Xiandao.

Li Xiandao didn't care about all that and let Seven busy herself with those. He just focused solely on cultivation.

In the outside world, Li Xiandao's subordinates were working hard to solve the contract problems.

Close to 1,000 contracts were passed to them and each person had dozens. Everyone was working hard to collect those debts.

A large portion of them didn't want to pay the compensation and some couldn't even pay the compensation and were killed one by one.

Among them, many were from large factions, sects, and aristocratic families...

Their elders, old ancestors, and seniors were killed, turning the families into a mess. They wanted to take revenge but they couldn't win Blood Dragon and the others.

Even Li Wuya and Tian Guangming were too strong for them.

Li Wuya had the overlord blade, demonic technique, and demonic energy space, so he improved very quickly. During the debt collection process, he broke through to Grandmaster Realm and became even stronger.

The demonic space in his body released more demonic energy, so he continued to improve. Every few days he would break through once.

After 15 days, most of them collected their debts.

This referred to those apart from Tian Guangming.

Right, Tian Guangming hadn't completed his contracts.

But he couldn't be blamed. After all, Moon Angel left halfway and passed all her contracts to Tian Guangming.

Tian Guangming was doing much more than the rest.

Moreover, Moon Angel's contracts were of Grandmaster Realm.

As Moon Angel was at Grandmaster Realm, the contract hosts were also at Grandmaster Realm.

But Tian Guangming wasn't at Grandmaster Realm.

He was only at Legend Realm which was why when he completed his contracts and saw those of Moon Angel's he became frustrated.

Could he beat them?

Definitely not!

Could he not go?

No!

So, he found them one by one. He thought about being more magnanimous to those with good attitudes.

But...

None of them had a good attitude.

Some of them started to panic when they learned that he was here to collect debts. When they saw that he was only at Legend Realm, they wanted to kill him.

Of course, Tian Guangming wasn't weak. He couldn't beat most people under Li Xiandao but that was because they were really talented and were all geniuses.

Tian Guangming's strength allowed him to kill people above him.

So, Tian Guangming fought all the hosts to collect those eight contracts.

He would fight those who he could beat to the death.

But those who he couldn't defeat would beat Tian Guangming up.

After all, no matter how skilled Tian Guangming was, he couldn't deal with those above stage five.

Of course, Tian Guangming was not afraid of being beaten up.

Even if he was beaten, his recovery skills were decent and he could outlast them.

Relying on this ability, either Tian Guangming beat others up to get what was recorded on the contract, or Tian Guangming was beaten up. He used his invincible recovery ability to drag the enemy down to death and complete the contract.

When Tian Guangming completed the contract, his face was swollen like a pig's head. He looked quite pitiful.

Luckily, he didn't get beaten up for nothing. During the process, Tian Guangming also broke through to Grandmaster Realm.

"If I didn't reach Grandmaster Realm, I would have been sliced to death. That guy was so amazing." Tian Guangming cursed.

The last host was a Grandmaster Stage Nine person. Tian Guangming was at stage one and outlasted him.

"If Moon Angel doesn't treat me to food, eight meals, it won't be worth me getting beaten up." Tian Guangming said.

The contracts were ended. He brought his full storage space back to the Bank of the Universe. He wanted to ask for rewards in front of Li Xiandao and Moon Angel.

But when Tian Guangming returned, Li Xiandao was in secluded meditation and he didn't see Li Xiandao.

Moon Angel was also stabilizing her Emperor Realm cultivation, so even if he was beaten up, he couldn't gain credit for it.

Tian Guangming was really sad.

A bunch of treasures were handed to Seven. Tian Guangming felt like he was hurt, so he returned to his room to heal up.

“Master, I heard that Moon Angel broke through to Emperor Realm.” Li Wuya brought his sister to come see his Master.

Tian Guangming was hurt and felt like Moon Angel was such a cheat. But now, his eyes lit up and he jumped up. It didn't seem like he was hurt at all.

“She really broke through to Emperor Realm?” Tian Guangming was shocked.

How long was that?

Moon Angel was at initial Grandmaster Realm and passed him the contracts. After a few days, she was at Emperor Realm.

What did she eat? She cultivated so quickly?

Tian Guangming was so envious.

“It should be true. Murong Longcheng and the others said that her aura is of Emperor Realm and they could sense it.” Li Wuya said.

“Not bad. Now, she owes me a favor. I'll allow her to slowly repay me.” Tian Guangming nodded in satisfaction and felt like the beating was worth it.

“Master, are you going to the Time Hall?” Li Wuya asked.

“Why? It is too expensive; it takes double the time to enter.” Time Hall shook his head.

“I feel like I am going to break through, so I would like to cultivate for 500 years inside.” Li Wuya said.

“You are breaking through again?” Tian Guangming looked at his disciple in shock. His cultivation speed was just too quick and it placed him in a bad spot.

“No choice. The more people the Overlord Blade kills, the stronger it gets. It'll also give me strength. Along with my demonic energy space, I have reached Grandmaster Realm Stage Eight. I will definitely reach stage nine and even Emperor Realm.” Li Wuya said confidently.

Chapter 399: Mr. Mule's Marriage

Li Wuya was going to reach stage nine or even Emperor Realm. That was a surprise for Tian Guangming.

This was his disciple, his only disciple.

The two of them had a good relationship and they were like family. After all, when Li Wuya was young, Tian Guangming protected him and brought him out of danger.

Now that Li Wuya was breaking through to Emperor Realm, Tian Guangming was really happy.

But after that joy and after Tian Guangming sent him off, he was a little despondent, not because of Li Wuya but because of himself.

His disciple was about to reach Emperor Realm and as a Master, he had just entered Grandmaster Realm.

He was just too slow...

Tian Guangming closed the door and started to cultivate.

Even if he couldn't catch up to his disciple, he couldn't be much slower than him.

...

This cultivation lasted for over two months.

The Bank of the Universe was silent for over two months.

During this period of time, there were no guests. Everyone cultivated and no one dared to slack off.

Even Tian Ya and Li Qing'er, these two young girls, were working hard.

This was because Li Xiandao had gathered tens of thousands of spiritual energy dragon veins in the Bank of the Universe to nurture the energy. The Bank of the Universe's spiritual energy was really thick and one breath would allow one to breathe in spiritual energy as thick as liquid.

Spiritual energy surged into one's body, making one's improvement speed unimaginable.

100 years after Li Wuya entered the Time Hall, he broke through to Emperor Realm.

Of course, only a minute passed outside.

When he did, the others were spurred on. Tian Guangming's disciple had reached Emperor Realm, and if they didn't work hard, they would be eliminated.

No one wanted to be eliminated. All of them were talented and if they compared their talents, no one would say that they were not talented.

La Mo, who was the least talented, was sent to the Book of War's side.

He was learning the war formations from the Book of War.

Those left by Li Xiandao's side were all talented.

Li Xiandao even rejected the person with the God King Body because those under him were hugely talented and he didn't lack talented people.

So, these people worked hard and the outcome was really shocking too.

After two months, apart from Tian Ya and Li Qing'er, who were still growing and didn't improve that quickly, everyone reached stage seven or eight of Grandmaster Realm.

Many reached Emperor Realm.

Out of those were the four angels, Heaven Heart, Northern Region Lord, and also a few of the monsters...

Tian Guangming, who was the fifth angel, only reached stage six.

Of course, he was satisfied. Although he wasn't as good as those who reached Emperor Realm, he didn't fall too far behind.

Two months later, everyone stopped, not because they didn't want to continue but because the first joyous thing in the Bank of the Universe was about to start.

Mr. Mule was getting married!

This was a happy thing.

Most of Li Xiandao's subordinates were single. Only the Northern Region Lord and Qiu Bai were flirting with one another.

So since Mr. Mule was first to get married, it was worth it to make a big deal about it.

Everyone woke up from cultivation and started to decorate the Bank of the Universe to make it look auspicious.

Mr. Mule smiled every day and thanked everyone he saw. He was so happy that his smile was about to wrap around his whole face.

Li Xiandao woke up too. He put on his mask and stood on the second floor of the Trading Hall. He looked at Mr. Mule in his red robe and his peach eyes seemed really handsome today.

Li Xiandao looked on quietly.

“He is about to receive the bride. Are you not going to go down?” Seven was also dressed really well and she was the most beautiful thing ever.

Li Xiandao wore white. He stood with his arms behind his back and said, “I will go down right away.”

“Are you a little envious?” Seven smiled and asked.

Li Xiandao nodded and didn't hide anything, “Yes, I am. I just don't know when my Miss Seven will be willing to let me wear a red robe?”

Seven's face turned red, “Don't think about it. We are still starting out. I haven't even agreed and you are thinking about marriage?”

Li Xiandao nodded his head seriously and said, “Not only do I think about marriage, but I have even thought about what to call our son and daughter. I've even thought about the day we die, where we'll be buried, and what to write on our tombstone.”

Seven looked at Li Xiandao in shock. His heart was shaken. She really didn't expect for Li Xiandao to think so much and think so far.

With their cultivation, they could last for a long long time but Li Xiandao was even thinking about death, this...

Seven was really touched but she didn't want Li Xiandao to see that. This bad guy said such touching words. He definitely wanted to see her cry.

“Today is Mr. Mule's big day and everyone is waiting for you to announce it. Don't miss the auspicious hour.” Seven turned around and left. She was really afraid that if she spent time alone with Li Xiandao, she couldn't help herself but to hug him.

“Seven calm down, it isn't time yet.” Seven cheered herself on in the dark.

On the Trading Hall square, Seven and Li Xiandao walked out.

When the two of them appeared, Mr. Mule and the others stopped talking and looked at Li Xiandao respectfully.

Li Xiandao stood on the platform and he said in a relaxed tone, “Today is Mr. Mule's big day. As the first subordinate of mine to marry, it is worth celebrating. Now, head out to get the bride. Tomorrow, we will hold the feast here to congratulate the new couple.”

“Thank you, Master!” Mr. Mule was really touched, kneeling down and kowtowing.

“Go, show yourself off to the female’s family.” Li Xiandao waved and told them all to head out.

Mr. Mule’s squad was huge. Two little girls led the way and behind followed many Grandmaster Realm experts and Emperor Realm experts.

Li Xiandao subordinates all went to welcome the new bride.

Five golden dragons pulled the chariot towards the Gold Family.

The five golden dragons were those five that leaped over the dragon gate. To show thanks, they helped Mr. Mule pull the marriage carriage.

The Gold Family members were waiting long ago. When they saw Mr. Mule’s welcoming squad, they opened the gates. The firecrackers exploded in unison and it was really boisterous and exciting.

Kong!

In the Dragon Valley, a giant golden dragon flew over, stunning everyone around.

“Jin Wudi leads the golden dragon race to congratulate the new couple.” Jin Wudi laughed in mid-air.

“Thank you, brother.” Mr. Mule cupped his fists gratefully.

The Gold Family was stunned by this lineup. An Emperor Dragon came to congratulate them. Five golden dragons pulled the carriage and those who followed were all top experts. This lineup totally impressed the Gold Family.

Chapter 400: Drink Tea, Drink Tea!

The five golden dragons pulled one red carriage. It was really overbearing and gave off a stunning aura.

Everyone from the Gold Family was astonished. What kind of person was Mr. Mule to actually let golden dragons pull his carriage?

All of a sudden, everyone in the Gold Family heard about it.

After Feng Longque, who was dressed in her wedding dress, heard the news, she looked out the window in surprise. Her beautiful eyes were touched.

Every girl dreamed about their wedding and Feng Longque was no exception. But no matter how she dreamt, she would never have expected that five golden dragons would pull her carriage and emperors would appear.

At that moment, she really wanted to jump out and hug Mr. Mule.

Luckily, the huge family's manners allowed her to calm down. Amongst the envy and laughter, she sat there and a red veil covered her smile.

Some mocked that she was a servant who had been captured, no one wanted her and she had no choice but to marry a mule.

Some congratulated her on the surface but in the dark, they insulted her for not having a pure body.

Some said that she was just dozens of years old but she had married a 10,000-year-old monster mule. She had tarnished the Gold Family's honor.

Over these few months at home, Feng Longque really saw how fake people could be.

She felt really wronged but she couldn't argue for herself. In the end, she gave up on doing so.

They were all dumb and knew how to talk bad about people behind their backs.

But now, Feng Longque's face that was covered in the red veil smiled.

Everyone who had mocked her were all shocked.

Five golden dragons pulled her carriage for her and many emperors came to welcome. That was the glory that her husband brought for her.

Feng Longque just sat there quietly and looked at the envious gazes. She seemed really generous and magnanimous.

Her husband brought her so much honor and as his wife, she couldn't lose face and do anything spiteful.

She had to worry about her husband to protect the honor of the Bank of the Universe.

Mr. Mule entered the Gold Family.

The first thing he did was meet the elders and hand over the gifts. He had sent the gifts over before this and today he would stay here for a day.

On the second day, he would bring Feng Longque back to the Bank of the Universe.

The Gold Family didn't have the right to enter the Bank of the Universe, so they only held the feast here for a day while Mr. Mule was here.

On that day, from morning to night, the Gold Family was really noisy and exciting. News of Feng Longque's wedding spread out and many people arrived. The Gold Family held a feast to welcome guests from all around.

Only on the morning of the second day did Mr. Mule bring Feng Longque away under the noisy drums. He hugged his wife, stepping on the body of the golden dragon and into the carriage.

Feng Longque opened the curtains and waved goodbye to her parents. Her eyes were red.

"Go. Since you married him, you need to be a good wife." Gold Family's chief waved his hand with a complicated expression.

"Father and mother in law, we will be back." Mr. Mule promised. The golden dragon flew into the air and rushed back to the Bank of the Universe.

The 10 emperors all released their auras, charged into the sky, and followed behind.

This high profile wedding had ended over on the Gold Family's side.

But for the Bank of the Universe, it had just begun.

For Mr. Mule and the others, the Gold Family was just a process. The fun part would be in the Bank of the Universe.

The Trading Hall was turned into a hall for the wedding. Li Xiandao and Seven changed and waited quietly.

Hong long long!

Golden dragon shot through the air, entering while pulling a marriage carriage. A huge bunch followed behind.

When Golden dragon stopped on the square, the newlyweds came down.

Mr. Mule and Feng Longque, the two of them, held hands and walked to Li Xiandao. They were about to kneel but Li Xiandao stopped them.

"It is your wedding day. There is no need to kneel."

Feng Longque didn't know what to do. She looked at her husband.

Mr. Mule said firmly, "Mr. Mule is able to have everything today because of Master. Master is like my parents. I don't have parents for my wedding, so you are my only senior. Please accept our bow."

Mr. Mule knelt down.

Feng Longque saw this and knelt down too. Her expression was one of respect.

Li Xiandao was touched. As expected, he didn't help the wrong person. Mr. Mule didn't let the joy get to his head and still treated him respectfully.

"Master, the auspicious hour is here. They should kowtow to the heavens and earth." Tian Guangming walked over and said.

Tian Guangming was the host of the wedding.

He was in charge of the processes. Li Xiandao nodded, "Rise, the auspicious hour has arrived. Go through the process and get married."

Mr. Mule and Feng Longque got up, following Li Xiandao into the Trading Hall.

The Trading Hall was decorated into a wedding hall and looked really joyous.

"Master, please sit." Tian Guangming said respectfully.

Li Xiandao didn't reject and sat on the seat.

"Seven, please sit." Tian Guangming reached out and invited Seven.

"Me too?" Seven looked at the seat beside Li Xiandao and she was a little shy.

If she sat, wasn't she just admitting there was something going on with Li Xiandao?

Only father and mothers could sit on that seat. Mr. Mule didn't have parents, so he let Li Xiandao who was his Master sit down. It made sense but what about her?

Seven was really shy.

"If you don't sit, then I will let another woman sit." Li Xiandao didn't persuade her and tried to provoke her.

As expected, her expression changed. She stared at him and scoffed, sitting right next to him.

When Tian Guangming saw this, he shouted, "Let's begin."

A bunch of people squeezed in to look. Tian Ya and Li Qing'er looked on emotionally and curiously.

"First bow to the heavens!"

Mr. Mule and Feng Longque wore thick makeup and bowed to the sky.

"Next bow to your elders!" Tian Guangming shouted

Mr. Mule and Feng Longque turned around and looked towards Li Xiandao.

Feng Jiuer and Li Wuya brought over teacups and passed them over.

They knelt down and passed the tea to Li Xiandao and Seven.

Li Xiandao looked at them and smiled. He took off his mask and revealed his face.

Wow!

Tian Guangming exclaimed. Out of these people, this was the first time they saw Li Xiandao took off his mask.

"Granddad Deity is so young." Tian Ya exclaimed.

The others nodded. They didn't expect Li Xiandao to be so handsome.

"Your Grandma Seven is so young, so if I am not young, I am not worthy of her." Li Xiandao smiled.

Shua!

Seven stared at Li Xiandao unhappily.

"Drink, drink." Li Xiandao told Seven to drink. He said this because he was too happy but he forgot that those were forbidden words.
