

# Bank of the Universe

## Chapter 401: Entering Legacy Hall Once More

Seven was a little annoyed as she stared at Li Xiandao. She then looked towards the couple and smiled as she drank the tea.

Tian Guangming shouted right away, "Husband and wife bow towards each other!"

Mr. Mule and Feng Longque stood up and looked at one another. There was joy and shyness on their faces.

They then bent their backs and bowed towards one another.

"Enter the room!" Tian Guangming shouted happily.

"Wait. Kiss first, then enter." Blood Dragon suddenly shouted.

"Right, kiss each other." Demon Frog shouted too.

"Kiss, kiss!" The others joined in the fun and shouted too.

Feng Longque was embarrassed and hid in Mr. Mule's embrace.

Mr. Mule saw how excited everyone was and kissed her right on the lips.

Muacks!

A crisp kiss that made all the single people in the room feel uncomfortable.

"Enter the room first and then we will have the feast." Li Xiandao stood up and ended the ceremony.

Since Li Xiandao spoke, no one dared to mess around anymore and looked on as Mr. Mule and Feng Longque left.

"Master, are you going to drink with us?" Tian Guangming invited.

Li Xiandao rejected, "Have fun. Without me there, all of you will be more free. Remember, don't get too out of hand."

Tian Guangming promised, "I will keep a lookout on them."

“I have taken out the wine that I brewed for all of you. Just drink it.” Seven said.

“Okay.” Tian Guangming’s eyes lit up. After drinking it the last time, he had been thinking about it. This time he could finally drink some more.

“Go and have some fun.” Li Xiandao chased Tian Guangming away.

In the joyous Trading Hall, only Li Xiandao and Seven were left.

Li Xiandao grabbed Seven’s waist and said, “Walk with me. Let’s go look at your flower garden.”

Seven smiled gently.

“Recently, I saw that some flowers bloomed. It should be really beautiful now. Let’s go over.”

The two of them held each other’s hands and walked to the garden.

The fragrance entered their noses. The scents of dozens of flowers wrapped together. It didn’t seem messy. Instead, each one was unique.

After stepping into the flower garden, there were a bunch of different flowers. Some were pure, some were bright, some were colorful...

Li Xiandao held Seven’s hand and didn’t let go. They just looked at the flowers.

In the distance, the feast had already begun.

Mr. Mule and Feng Longque came out and started to welcome and talk to everyone. They raised their cups and drank.

Seven looked on with a reminiscing gaze and exclaimed, “It has been a long time since the Bank of the Universe was so busy.”

“Don’t worry. It will be more joyous in the future.” Li Xiandao said firmly.

“I believe you.” Seven raised her head and showed a sweet smile. She looked at Li Xiandao.

Li Xiandao’s heart became emotional for some reason.

“Look, a shooting star.” Li Xiandao pointed towards Seven’s back.

Xiu!

Seven didn't fall for it and instead just tiptoed and kissed Li Xiandao's lips.

"Is that the only move you know?" Seven kissed. She then retreated and asked.

Li Xiandao touched his chin, "It doesn't matter how many moves I know. It is enough as long as I can kiss you."

Seven frowned, "No more, you are just perverted."

"Don't." Li Xiandao said unhappily and reached his hands to touch Seven's arm.

Seven giggled and started to run, "I told you no more. You can't get too out of hand."

...

On the second day that Mr. Mule got married, the Bank of the Universe was totally silent.

Early in the morning, Seven's wine was so strong that even the emperors got drunk. Those people were all in deep sleep now.

Li Xiandao didn't wear his mask. Since he took it off in the Bank of the Universe, from now onward, he wouldn't wear it in front of his subordinates.

Of course, when facing guests and enemies, he would still need to wear a mask.

Early in the morning when there was no one around, Legacy Hall walked alone in the mountain range. This time he wanted to head to the Legacy Hall.

It had been a long time since he had come. Since Legacy Hall broke through to Emperor Realm, he had never come to Legacy Hall.

First he would have some time to rest.

During this period of time, everyone was tortured badly by Li Xiandao and he wanted to let them rest.

Secondly was because his cultivation was not at a bottleneck, so there was no need to discuss the Dao with them.

But Li Xiandao could come now.

Legacy Hall was still really simple and there were many paper cranes that seemed to give off a happy clashing sound because of Li Xiandao's arrival.

Li Xiandao smiled and walked towards the mountain.

The mountain path curved. Li Xiandao walked past War God Zhao Wuji's tomb and saw that this War God was just sun tanning.

Zhao Wuji saw Li Xiandao and smiled, "It has been a long time since you've last come."

Li Xiandao smiled, "When I came, you grumbled that I came too often. Now that I haven't come for a few months, you say that I haven't come for so long. It is just so tough."

Zhao Wuji laughed out loud and dissed, "You are quite funny when you are not absorbing our dao attainments. When you are, you are just terrifying. No one can defend against you and will be quickly sucked dry."

"Am I that terrifying?" Li Xiandao asked.

"Go ask Sword God, go ask the priest, go ask Zhong Baishen. Aren't you sick in the head?" Zhao Wuji was annoyed.

Li Xiandao smiled, "Since you say that, I have no choice but to spar with you."

Zhao Wuji gukped, "You are already peak emperor. You are not far from when I was strong. Spar? You have comprehended more dao attainments than me. You are drawing from all our strengths and merging them to walk your own path."

Li Xiandao nodded. Those words were true. He was merging the strengths of everyone to form his own.

"You are saying so much because you don't want to spar with me, right?" Li Xiandao laughed out loud and pointed out Zhao Wuji's thoughts.

"Who wouldn't be afraid when they see you?" Zhao Wuji muttered.

Li Xiandao acted like he didn't hear it, "Go and meet Sword God with me."

"Sword God isn't in a good mood during this period of time." Zhao Wuji hesitated.

"I know why. Let's just go and see him now." Li Xiandao was confident.

Zhao Wuji didn't care, splitting out a part of his consciousness to meet Sword God with Li Xiandao.

Li Xiandao knew why Sword God was so sad.

After Li Xiandao told him about Old Man Tianchi, he felt really sad.

Li Xiandao and Zhao Wuji came to his tomb and as expected, it was tightly shut and there was no movement at all.

The sun was so bright and it was fantastic for sunbathing. However, Sword God buried himself in his coffin and there was no movement at all.

## Chapter 402: For Ideals

Sword God and Old Man Tianchi fought side by side. They worked together to kill a bunch of celestials. Then, Sword God died and Old Man Tianchi closed the Celestial Gate himself, hiding the key at Heaven Mountain.

Now, Sword God was able to live on due to Bank of the Universe while Old Man Tianchi was totally dead. This was why Sword God was in a bad mood.

*Dong dong dong!*

Li Xiandao reached out and knocked onto the Sword God's tomb.

"Since you are feeling bad, then come out to talk." Li Xiandao said.

Soil fell off and the coffin was revealed. Sword God walked out from within.

He was really in a bad mood but since it was Li Xiandao, he had no choice but to receive him.

"The Bank's master seems to be in a good mood?" Sword God forced a smile and asked.

"Let me show you something." Li Xiandao smiled. He didn't say the reason why he felt good but he just took out something.

A key!

A special key!

When Sword God saw that, he was stunned, "This is..."

"Old Man Tianchi closed the Celestial Gate and this is the key to open it." Li Xiandao smiled.

"How did it end up in your hands?" Sword God was stunned.

“Old Man Tianchi’s junior brother passed this to me, so I am now the owner of the key.” Li Xiandao said.

Sword God took a look at the key and was really surprised. It was like he was carrying a baby. He was in a daze.

“Do you know?” Sword God suddenly looked towards Li Xiandao.

“What?” Li Xiandao asked.

“Old Man Tianchi and I, as well as all our friends, do you know what our wish was?” Sword God asked Li Xiandao.

Li Xiandao shook his head.

Zhao Wuji frowned and it was like he had thought about something.

“Our wish is for the Celestial World people not to look down on us.” Sword God said firmly.

“Celestial World looks down on the Nine Skies?” Li Xiandao asked curiously.

“Of course, people like us who fly up and enter the Celestial World need to be workers, digging mines, being slaves, etc...” Sword God said with rage.

“Your talents will be tested and those who don’t reach the mark will be sent to the border and to work for 1,000 years before being freed.” Sword God’s gaze was filled with rage.

“What kind of talent meets the mark?” Li Xiandao asked curiously.

“Talent is split into 10 grades. The first grade is the highest and the tenth is the lowest. People who have reached the fifth grade just pass and don’t need to be coolies.” Sword God said coldly.

“So, if you reach grade five, then will you be able to have a normal life?” Zhao Wuji asked.

He didn’t enter Celestial World when he was at his peak and just beat all the experts in the Nine Skies and Ten Lands. He was unwilling to step out towards the Celestial World until he died for some reason and a part of his soul came to the Bank of the Universe.

As he didn’t enter Celestial World he was not far from the entrance of the Legacy Hall.

“No.” Sword God shook his head and interrupted Zhao Wudi’s thoughts.

“Celestial World is cold and cruel. The law of the jungle is even more dangerous there than in the Nine Skies and Ten Lands. Although they have many resources, after so many years of development, their statuses have recovered. It is impossible for normal people to make a comeback.” Sword God sighed and said with a heavy tone.

“Enter Celestial World, test talent, those who don’t reach grade five will have a tragic life. Those who do will be forced to hand out their souls and then enter an army to be a small soldier. If they dare to flee, their souls will be crushed.” Sword God made it sound really cruel and it made both Li Xiandao and Zhao Wuji silent.

They spent so much effort cultivating, flying into Celestial World and what they saw wasn’t perfection but ice-cold cruelty.

People of the Nine Skies had no right. An arm was always weaker than a leg. Moreover, people from the Nine Skies and Ten Lands couldn’t even be considered arms.

“So, Old Man Tianchi and I fled back and offended that faction. He sent people to kill us and we fought back. It was a bloody battle and it resulted in many deaths. I died then but I didn’t expect that Old Man Tianchi and the others would have the strength to close the Celestial Gate.” Sword God was impressed.

Old Man Tianchi’s move was perfect. He sliced apart the relationship between Celestial World and the Nine Skies and Ten Lands. Even if they looked down on them, they weren’t able to disturb them.

If the Celestial Gate was not opened, Celestial World wouldn’t be able to interfere in Nine Skies and Ten Lands matters.

“Bank Master, since you got the key, what are you planning to do?” Sword God looked at Li Xiandao and asked nervously.

Li Xiandao thought about it, “In the future, I will open the Celestial Gate.”

Sword God was shocked, “Why will you do that?”

“Once it is opened, people from Celestial World can come down when they want. Although their strength won’t be able to exceed the limit of the Nine Skies and Ten Lands, once there are many of them, it will still be quite terrifying. Nine Skies and Ten Lands would end up in their rule once more.” Sword God said anxiously.

He didn’t want Li Xiandao to do something foolish.

Li Xiandao smiled and said with a firm gaze, “Since I want to open up the Celestial Gate, I won’t let them do any nonsense. I would like to see who dares come down when I have a sword in hand?”

Li Xiandao was confident in his strength. He also didn't want Nine Skies and Ten Lands to be separated from Celestial World for too long. Closing Celestial Gate was so as to prevent Nine Skies and Ten Lands from being threatened but that also meant that fewer people flew up. Thus, one could only go through the tribulation to head up.

Over these years, not many people flew up.

This was not good news.

The channel to improvement had been broken. That was really cruel for cultivators.

As for Celestials causing problems in the Nine Skies and Ten Lands?

Li Xiandao didn't care. When the time came he would still be here.

Li Xiandao told his considerations to Sword God and once he heard it, he thought about it, "You must ensure that you are the strongest."

Li Xiandao smiled confidently, "Do you think I won't be?"

Sword God had nothing to say.

When he thought about Li Xiandao's terrifying learning speed, that terrifying sword technique and his terrifying talent.

For some reason, he had much more confidence in Li Xiandao.

"I will help you." Sword God said firmly and passed the key back to Li Xiandao.

He knew that he couldn't persuade Li Xiandao and opening the gate was Li Xiandao's plan. He could only support him.

Li Xiandao took the key and said, "You are very helpful to me. Pass all your dao attainments to me and also those of Emperor Realm."

Sword God finally smiled, "No problem, I can pass everything to you."

To fulfill Li Xiandao's wishes, the Celestial Gate would be opened, allowing the celestial path to be unobstructed. Sword God could give up everything so no one could come down.

"Since you are thinking for Nine Skies and Ten Lands, I can also pass all my dao attainments to you." Zhao Wudi followed. He was someone from Nine Skies and Ten Lands and had huge gratitude towards this land.

“And us too.” The priest and Zhong Baishen’s soul forms also came here. They looked at one another and smiled.

## Chapter 403: Huaxia Company!

On this side, Li Xiandao accepted Zhao Wuji, Sword God, Zhong Baishen, and the priest’s teachings.

Each person had their own understanding of the dao and passed them all on to Li Xiandao.

Before this, everyone showed off their skills realm by realm to let Li Xiandao learn.

But now, everyone used their strongest dao attainments without hiding anything at all. While Li Xiandao felt pressure, he also tried his best to improve himself.

He had all sorts of deep dao attainments, far above Emperor Realm. He fought one against four and was totally immersed in it.

Even if he lost badly and was beaten up till his face swelled, he was still able to improve by a lot.

...

Outside the Bank of the Universe, outside Cold Moon Sky, Great Sky!

The second-ranked world in the Nine Skies. Apart from Heaven Sky, they didn’t yield to anyone.

They didn’t even care about Xuan Sky who was said to be second too.

It was uncontested that Heaven Sky was the top in the Nine Skies.

There were two worlds fighting for second place: Great Sky and Xuan Sky!

These two worlds said that they were second and that the other was third.

The fourth was Flame Sky!

Then, for 5th, 6th, and 7th, there was no competition and everyone just lined themselves up.

Cold Moon Sky was 8th and Hell Sky was 9th.

The rankings were really clear. Only the second sky was being contested by those two worlds. They compared everything and it was hard to decide who won.

Great Sky's area was several times that of Cold Moon Sky and the spiritual energy was also dozens of times thicker. After all, it was the place that was closest to the Celestial World.

They were just slightly weaker than Heaven Sky.

They were much higher than Xuan Sky who was third.

This was what everyone from Great Sky thought.

They admitted that they weren't as strong as Heaven Sky but they were nearly there. If they worked hard, they could chase up and squeeze Heaven Sky down.

They were also definitely better than Xuan Sky. People from Xuan Sky were trash, so how could they compare to them?

Heaven Sky just sat down and observed, not saying their opinion regarding this matter.

Xuan Sky was pissed. They often fought with Great Sky, having world wars and both sides won. This also caused the deepening of the hate between them.

In a corner of Great Sky, Zhong Zi Qi sat on a big rock with a complicated expression on his face.

"You searched for so long and have no news at all. Do you have the wrong location?" the demon asked.

"You said to go to the east, so we went east. You said go into the sky, so we went into the sky. You said in the ocean, so we went to the ocean. So many months have passed and you can't even find a single demon god pillar, so how are you going to answer to Master?" Zhong Zi Qi was annoyed.

"That doesn't make sense. We ran so far and still couldn't sense the Demon God Pillars. Are they really not in Great Sky?" The demon found it puzzling.

"Over these few months, apart from focusing on cultivation, in terms of searching for the Demon God Pillars, you haven't been working hard." Zhong Zi Qi scolded.

"Nonsense, you can't find a single pillar and you blame me?" The demon was annoyed.

"You promised Master that you would definitely be able to find it." Zhong Zi Qi said.

Demon opened his mouth and couldn't say anything.

"I think you were just lying to Master." Zhong Zi Qi muttered.

"Okay, we are one now. If I am punished by Master do you think that you'll take revenge?" The demon consoled Zhong Zi Qi.

"But if you can't make any headway, Master will know that you are lying to him. When Master rages, we will be unlucky." Zhong Zi Qi was worried.

The demon stood up and looked at the mountainous world. He muttered, "I saw the Demon God Pillars land here. Did someone take them?"

"Will others notice the treasures within?" Zhong Zi Qi's soul floated out and asked.

"No, the Demon God Pillars are wrapped up and apart from being firm, people without such knowledge won't notice and use them." Demon shook his head. This was why he swore to Li Xiandao that he would be able to find them.

Ordinary people wouldn't recognize them and they were huge and couldn't be shrunk down, so people wouldn't be able to use them.

Which was why even if they got it, they wouldn't be able to use it.

The demon's only worry was that people from Demon World or Celestial World would take the Demon God Pillar away.

"It shouldn't be such a coincidence," Demon muttered and he was also panicking.

If people from Celestial World and Demon World really took it, then he wouldn't be able to fulfill his promise. When the time came, it would be extremely easy for the Bank Master to kill him.

This was also why he was so anxious too.

"If we can't, then let's go buy intel." Zhong Zi Qi suddenly thought about something and suggested.

"Buy intel?" The demon's eyes lit up. He had been suppressed for 100,000 years and his mind had become so slow. He forgot that he could buy some intel.

"Right, I've bought intel so many times and now they all know me. They will give me a discount and I also have a membership card with them." Zhong Zi Qi said.

"A membership card? So advanced?" The demon was shocked. Things had developed so quickly in 100,000 years?

“Of course, I am a gold member and have a special manager. For this intel organization to rise up above the rest obviously means that they were special. They rely on their service above all.” Zhong Zi Qi was delighted. He told the demon to take out the gold card from his storage space.

With the golden card in hand, the demon expressed that his eyes had been opened wide today.

“Apart from the gold card, what other cards are there?” The demon asked.

“It starts from silver, then gold, then crystal, and then black.” Zhong Zi Qi explained.

“Why is the black card at the end?” The demon asked in shock.

“That is because it is unique and black represents nobility. Crystal is a little fake.” Zhong Zi Qi said.

“An intel organization made things so big?” The demon expressed that he had fallen behind or was it because this world was too insane??

“You are wrong. This is a large chain company that is in many industries and has many different products. In just 10 years they swept past the entire Great Sky and became a large company.” Zhong Zi Qi introduced proudly.

“Look at this gold card. Not only can I buy much cheaper intel, but I can get good service from all the enterprises under this company.” Zhong Zi Qi was from Great Sky and for his world to have such an idea, such a company with foresight, he was really happy.

“What is a company?” The demon asked. He realized that there were many things that he didn’t know about.

“I am not sure, but you can understand it as an organization. This company is called Huaxia, Huaxia Private Limited and it appeared 10 years ago and has grown very quickly. They earn a lot of God Source every day.” Zhong Zi Qi thought about it and said.

“What kind of name is that? It is so weird.” The demon dissed.

“Don’t worry so much. Let’s ask whether or not they have intel about the Demon God Pillars.” Zhong Zi Qi suggested.

“Okay, let’s go take a look.” The demon had no choice and could only try this method.

## **Chapter 404: Service!**

Huaxia Company had risen up the most in the past 10 years and became a huge conglomerate.

Not only in terms of an intel organization, but in all parts of life, Huaxia Company was involved.

Moreover, it had a huge effect and became first in that area right away.

Huaxia Company had many new products or new treasures that had improved functions. It caused the prices to be very low such that everyone could use.

When Zhong Zi Qi told the demon about it, his tone was filled with respect.

“Who is this Huaxia Company?” Demon asked.

“This is also the reason I respect him. The owner of Huaxia Company is a normal person with no cultivation at all.” Zhong Zi Qi said.

“Someone with no cultivation has such ability?” The demon was shocked.

“I was also shocked. Someone with no cultivation actually created such a huge company with millions of workers. They have many experts serving him.” Zhong Zi Qi nodded.

“What does he rely on to maintain such a huge organization... No, a company.” The demon found it unbelievable, a person with no cultivation, how did he control millions?

“It was said that he pulled over numerous aristocratic families and factions to split the company into many pieces. He formed a committee and he became the CEO. The others are directors and are in charge of management and dividends.” Zhong Zi Qi thought about it and said what he had heard.

“What nonsense is he up to?” The demon was enlightened.

“Is he not afraid of messing things up?” The asked. A person with no cultivation could chase him out and kill him right away.

“I don’t know about that. Anyway, I respect him for his ability to create such a huge business without any cultivation at all and being able to maintain it.” Zhong Zi Qi said.

“Okay, if you respect him, then I also respect him. But we should still go and ask about the Demon God Pillars.” The demon said casually.

“Just walk quickly to the south. There is a city there with a branch of Huaxia Company.” Zhong Zi Qi said right away.

Demon rushed quickly. Now that Zhong Zi Qi and the demon were in one, his cultivation increased significantly. It reached a high level now and moreover they were still cultivating the demonic technique hard. That speed would definitely not be slow at all.

There was a huge city with many people inside. The most obvious infrastructure in the city was that 100-meter tall building.

Huaxia Company branch!

It had glass windows, cement infrastructure, and wooden huts all around it. Compared to the brick buildings, this seemed much more advanced.

When the demon saw such a building, he was shocked.

“How is it? Has the Huaxia Company lit up your eyes?” Zhong Zi Qi hid in the body and asked.

“It is shocking. Such infrastructure really is outstanding. The transparent glass is really beautiful.” The demon nodded.

“Take my gold card and swipe it to enter.” Zhong Zi Qi said.

The demon took out the golden card and walked to the entrance of Huaxia Company.

“Welcome, gold card owner.” A sweet-looking girl walked over and said respectfully.

“I want to buy some intel.” The demon followed Zhong Zi Qi’s instructions and said.

“No problem, please come in and sit down. I will tell someone to head over.” The girl gave a sweet smile and led the demon into a guest area. Glass table and vine chairs... everything seemed so out of this world. But looking closely, it looked really harmonious.

The demon sat down as the girl carried over a cup of tea and said, “Please wait, the manager is coming right away.”

The demon acted calm and nodded his head, drinking that cup of tea down.

*Si!*

The first reaction, hot!

Second reaction, spit it out!

Third reaction, no!

If he spat it out, it would be too embarrassing. So, the demon's expression didn't change and he just drank the hot water.

The girl blinked, totally confused.

Was this person not afraid of heat?

"This is my body. Don't trample over it." Zhong Zi Qi felt his heart hurt.

"Who knew that this tea would be so hot?" The demon argued.

"It is my fault, I forgot to remind you. Every time you come, they will pour tea for you. Their service is really good." Zhong Zi Qi said helplessly.

"Let's just wait but this service attitude is really good. No wonder this Huaxia Company was able to become so huge. That mortal with no cultivation is truly a genius." The demon praised.

"Of course, if not I wouldn't respect him." Zhong Zi Qi said delightfully.

Right as the two of them were talking in their head, a guy walked over with a smile on his face, "Hello Mr Zhong, I am the manager here. You can call me Manger Lin."

"Hello." The demon who was in Zhong Zi Qi's body nodded.

"I heard that you want to buy intel. What kind of intel do you want to buy?" Manager Lin was very direct and asked right away.

This was what the demon wanted. He took out a piece of paper, "Do you have intel about this?"

Manager Lin looked at the 12 Demon God Pillars on the paper. They were living like like they were all real. The demon was the one who personally drew all of them.

"Do you mind if I head to the back and ask my colleagues?" Manager Lin asked.

"No, take it." The demon didn't care. Anyway, he could draw it at any moment.

Manager Lim gave and apologetic smile and then left.

"This service attitude is not bad." The demon praised.

His tone was really respectful and he smiled from the side. Even when he left he gave an apologetic smile.

The demon had bought many things and this was the first time he experienced such a caring service.

The difference in service to the other shops wasn't that huge but in terms of how caring they were, they really tried very hard.

The demon asked, "What must we do to get to diamond?"

"What do you want to do?" Zhong Zi Qi asked.

"Just for the service, I want to increase it. Gold isn't worthy of my identity." The demon said proudly.

"Spend 100,000 top quality spiritual energy dragon veins and then you can upgrade to crystal card." Zhong Zi Qi said calmly.

"So many?" The demon was shocked. He didn't have so many spiritual energy dragon veins on him now.

"Right." Zhong Zi Qi said.

"What about the black card?" The demon wanted to know how much to spend to get to black.

"Black cards aren't sold and are only given to those with supreme power and strength. They are also given to some work partners, so we can't get them." Zhong Zi Qi said.

"They really have good business sense." Demon understood why right away.

The black card was a sort of status.

With it, Huaxia Company admitted that you were strong or a very powerful person.

The black card indicated status and identity which made it really precious.

This black card was more valuable than any price that money could buy. It was even more precious.

"I have to promote such a talent to Master." The demon muttered.

"If we can't find the Demon God Pillars, we can just tell Master about this person. Maybe he'll be happy and forgive us?" The demon was delighted.

He had to think of a backup plan. What if they couldn't find the Demon God Pillars?

## **Chapter 405: Entering Great Sky**

The demon and Zhong Zi Qi waited for less than 10 minutes and Manager Lin walked over. He had an apologetic smile on his face, "Esteemed guests have waited for long but we have some news."

The demon was delighted, "Is there news?"

"Right, the pillars that you draw are recorded in our intel system but it was from a long time ago and we are unsure if it is correct." Manager Lin said.

"I want old information." The demon was delighted. It was good if it came from long ago. He had been suppressed for 100,000 years, so how could the news not be old?

"This is the information. Take a look and I will introduce them to you." Manager Lin smiled.

The demon took the bunch of information and looked at them closely.

"The most recent one is from 30,000 years ago and our company collected it with much hardship. The oldest one is from 100,000 years ago. It was said that one day the pillars fell from the sky and smashed into the ocean, causing huge waves and causing a tsunami. Dragon Island defended the ocean and also brought the pillars back to Dragon Island." Manager Lin added.

The demon raised his head and said in shock, "It is on the Dragon Island?"

"Right, based on records, someone went to Dragon Island as a guest and saw four of such giant pillars around the island." Manager Lin nodded his head.

"The most recent information recorded that 30,000 years ago when the current fire dragon chief took the helm, he flew about the four pillars to show his strength." Manager Lin nodded.

The demon grinned, "Okay, give me a copy of this information and I will pay."

"Okay please wait, I will make a copy of them." Manager Lin got up and left with the information.

The demon said excitedly, "I knew that the Demon God Pillars were in Great Sky. They were just on Dragon Island and we couldn't find them."

"You dare to head to Dragon Island?" Zhong Zi Qi asked a fatal question right away.

The demon was stunned.

Zhong Zi Qi's cultivation wasn't high and after merging, he used the demon's demonic energy to raise himself. Along with cultivating the demonic technique, he improved greatly and just broke through to Emperor Realm.

Emperor Realm was not bad.

But that was Dragon Island!

The Dragon Island where the eight dragon races lived!

Truthfully, the demon head didn't dare to head there.

If those dragon race elders targetted him, he wouldn't be able to escape.

"So, we need to ask help from Master." Zhong Zi Qi calmed down and thought about Li Xiandao right away.

That was because he too didn't dare to go either.

That was Dragon Island and there were many experts there. There might even be old dragon elders who had reached peak strength.

This was why they decisively contacted Li Xiandao.

At Cold Moon Sky, in the Legacy Hall, Li Xiandao had just ended his sparring with Zhong Baishen and the others.

He fought one against four and was beaten up really badly. He died 1,000 times.

As the Master of Bank of the Universe, Li Xiandao was really strong.

He totally disregarded death.

He relied on this to walk on the edge of death time after time and also to stand up perfectly after every encounter.

This sparring lasted for three days and Li Xiandao had died over 300 times. However, he gained a lot.

Although he wasn't able to break through, he was building stable foundations.

For a 1,000-foot building to be built, the foundations had to be stable.

Only by having a stable foundation would Li Xiandao be able to improve.

He walked out of the Legacy Hall and was exhausted. He was prepared to bathe and then sleep to relax himself.

When you were beaten to death over 300 times in three days, you would be tired too.

Mentally exhausted...

But in the next second, Li Xiandao was jolted to his senses.

Information was sent by Zhong Zi Qi and the demon.

"Have you found the Demon God Pillars?" Li Xiandao asked.

"We found four." Zhong Zi Qi asked.

"Where?" Li Xiandao instantly felt that all his tiredness was gone and he felt like his body was filled with energy.

"In Great Sky but Master, these four are not easy to acquire." Zhong Zi Qi hesitated.

"Which faction?" Li Xiandao guessed the reason right away.

He asked.

"In Dragon Island." Zhong Zi Qi said softly.

"Dragon Island?" Li Xiandao frowned. He had a deep affinity with Dragon Island.

"Master, what should we do now?" Zhong Zi Qi asked.

"Stay there and I will head over right away." Li Xiandao said solemnly.

"Okay." Zhong Zi Qi ended the report and waited patiently.

...

In the Bank of the Universe, Legacy Hall walked out of the Legacy Hall and returned to the Trading Hall. "Seven, are all my subordinates here?"

"Right, everyone else is cultivating." Seven replied.

After the wedding, when they woke up the second day, everyone went to cultivate.

"Good, activate the teleportation peak and head to Great Sky." Li Xiandao instructed.

"We are heading to Great Sky now?" Seven walked over and asked curiously.

“Zhong Zi Qi found the Demon God Pillars on Dragon Island, four of them.” Li Xiandao said calmly.

“What a coincidence... Dragon Island was unwilling to return the Great Ancient Fallen Star and now the Demon God Pillars you want are there.” Seven was amazed.

“So, I need to cross worlds, to enter Great Sky and head to Dragon Island.” Li Xiandao said coldly.

The animosity of the Great Ancient Fallen Star, the blood debt, and also the Demon God Pillars that Li Xiandao wanted. All of this was related to Dragon Island.

No matter what, he had to head to Great Sky.

“Then, let’s cross worlds. The debt from Cold Moon Sky has been collected and this place is emptied out. Let’s head to Great Sky.” Seven said.

“Activate the Teleportation Peak.” Li Xiandao instructed.

Seven went to inject in 1,000 top grade spiritual energy dragon veins.

*Hong long long!*

The entire Bank of the Universe was shaking. A hole appeared in the sky and swallowed the Bank of the Universe.

A hole was ripped open in Great Sky. The Bank of the Universe appeared and spiritual energy surged over towards them.

It was much thicker than that of Cold Moon Sky.

Apart from the initial shaking, the whole world teleportation process was silent.

People from Great Sky didn’t even know that Li Xiandao brought the Bank of the Universe over.

Li Xiandao was going to get rich.

The subordinates were cultivating. Li Xiandao said goodbye to Seven, “I am going to meet Zhong Zi Qi and the demon.”

Seven nodded and looked on as Li Xiandao left. She had to settle some things too.

...

Zhong Zi Qi and the demon just sat over at Huaxia Company and waited.

In the next second, the Li Xiandao suddenly appeared, frightening the two of them.

“Bank Master!” The demon stood up from fear and said respectfully.

“Master.” Zhong Zi Qi shouted too.

Li Xiandao didn’t care about them and just looked around.

Suddenly, he felt like he had returned to the modern world.

“What place is this?” Li Xiandao asked Zhong Zi Qi.

“Huaxia Company. A kid without cultivation in Great Sky spent 10 years building this up. Although I don’t know what the management model is, I respect him.” Zhong Zi Qi said right away.

Li Xiandao instantly understood. This fellow was the same and came to this world by accident.

The difference was that Li Xiandao inherited the Bank of the Universe. He couldn’t cultivate, so he used his memory of the last world to start a company.

## **Chapter 406: Get The Business Done First!**

“Not bad.” Li Xiandao looked around and praised.

He had met someone from his old home but he didn’t feel emotional about it.

As for meeting this person, Li Xiandao didn’t think about it and was uninterested. They had their own lives and were living well, so why disturb him?

“You said that the four Demon God Pillars are on Dragon Island?” Li Xiandao asked.

“Right, they are all on Dragon Island.” The demon said respectfully.

Manager Lin carried the information over and passed it to the demon, “This is the duplicated information. I hope that it’ll help you.”

The demon passed it over to Li Xiandao right away.

Li Xiandao took a close look and didn’t say a word.

The demon said, “What’s the cost?”

“You have a gold card, so after 10 transactions, you’ll get a free one. This one will be free.” Manager Lin smiled.

The demon loved such service. Although he was definitely able to pay for this, for them to say such words made him feel good.

“Okay, I will spend more next time to upgrade the gold card.” The demon smiled.

Manager Lin smiled, “This is our honor.”

Li Xiandao raised his head and looked at Manager Lin. This level of service... he had been taught well.

“Let’s go.” Li Xiandao turned around and left.

The demon followed right away.

“Walk slowly.” Manager Lin sent him to the entrance.

Li Xiandao nodded and told him not to. He looked at the busy streets and the demon walked behind him.

Li Xiandao held his hands behind his back with a copy of the information in it. Li Xiandao read all of it with a few glances.

He could be certain that the four Demon God Pillars were on Dragon Island.

The problem was when to head to Dragon Island to get back the Great Ancient Fallen Star that belonged to the Bank of the Universe and also to take revenge for Blood Dragon. Next was also these four Demon God Pillars.

Demon followed closely behind Li Xiandao and he didn’t dare to say anything.

“How are we going to get the Demon God Pillars back from dragon island?” Li Xiandao asked.

The demon was shocked, “The Demon God Pillars on Dragon Island aren’t easy. Even if I am Emperor Realm, if I go there, I’ll just be asking to die. Master, we can just wait and improve our cultivation.”

Li Xiandao muttered, “Wait?”

“Right, I just reached Emperor Realm. Give me a few months and I ensure that I will enter the next realm. Then, we can head to Dragon Island and get the four Demon God Pillars.” The demon said.

"A few months?" Li Xiandao looked at the demon. He could afford to wait for a few months.

"Right, Dragon race do have some elders who reached the peak. Rushing over won't be a smart choice." The demon said.

"I am also considering that point." Li Xiandao nodded. If he didn't care about that old dragon that snatched from destiny five times, he would charge to Dragon Island right away.

Li Xiandao could easily defeat those who stole from destiny less than five times. Without those old dragons, he would be able to sweep Dragon Island.

"Master, give me some time. I will work hard to cultivate. After a few months, I will help you to get the Demon God Pillars." The demon said confidently.

"No need, you just cultivate hard and search for other Demon God Pillars with Zhong Zi Qi. You don't have to worry about those on Dragon Island, I will deal with them." Li Xiandao shook his head.

"How can I do that? I want to help you with your stress Master." The demon said in a caring manner.

But one of the reasons was the fact that he didn't know where the other Demon God Pillars were. If he didn't get these four, where would he go to find the others?

But Li Xiandao said firmly, "There are 12 of them and there are only four here. Since there are eight outside, you can go find them."

The demon's face froze and there was nothing he could say.

*Brother, I am totally lost. Where should I go to find them?*

It wasn't easy to buy some information from the organization to get four of them. He couldn't target those four and had to find others?

The demon grumbled but facing Li Xiandao, he couldn't say anything.

He was the one who bragged in front of Li Xiandao.

Now that it was about to be exposed, he had to grit his teeth and hold on. He nodded his head with tears in his eyes, "Don't worry Master, I will definitely find the other Demon God Pillars."

Li Xiandao nodded his head in satisfaction, "I hope to get good news from you soon."

The demon could only swallow his annoyance, "I will try my best."

"Not bad, Zhong Zi Qi and you are not bad. Once this is over I shall reward the two of you." Li Xiandao stepped forwards. A teleportation formation appeared and he entered the Bank of the Universe.

The demon stood on the spot, rubbing his forehead. He was totally speechless.

"Why didn't you just admit that you couldn't find them?" Zhong Zi Qi didn't know what to say.

Now if they couldn't find anymore, he would be responsible too.

"We only found four. If we told Master we can't find anymore, would he think that we failed him?" The demon was helpless.

They were in a tough situation now. These four Demon God Pillars arrived at a perfect time, causing them to be stuck in the middle.

"Let's go, I hope that we will be lucky." The demon was helpless. He turned around and went to search for Manager Lin again.

"Do you have any more information about these pillars?" The demon asked with hope in his eyes.

"I am sorry, these are all, there is no more." Manager Lin said regretfully.

The demon's heart shattered.

They were really going to find a needle in a haystack.

...

In the Bank of the Universe, after Li Xiandao returned, he passed the information to Seven, "What should we do now?"

"Develop for a few months and then attack." Seven thought about it and said.

Dragon Island had old dragons who stole from destiny for seven to eight times, even nine or ten. They were really terrifying and even Li Xiandao now couldn't beat them.

"How many red watches do we have?" Li Xiandao asked.

"100. You cleared those of Cold Moon Sky and filled up the treasury, so you are rewarded with a 100." Seven said.

“Send them all out. I want to do a deal. I need a large amount of resources to improve myself.” Li Xiandao said.

“Okay.” Seven nodded. She listened to Li Xiandao, releasing the red watch and letting them find suitable guests.

Li Xiandao needed a lot of resources.

“Seven, separate the contracts in Great Sky. Pass those with resources to me, I have to get them.” Li Xiandao instructed Seven.

“I know.” Seven nodded before turning around and leaving.

Li Xiandao himself started to plan. A few months later, he would use the resources to get out of Emperor Realm.

Then, he could head to Dragon Island.

“Now, I should just run the business well.” Li Xiandao muttered.

## **Chapter 407: Second Guest That Automatically Paid Up!**

There was not much difference between entering Great Sky and being in Cold Moon Sky.

The main thing was to cultivate and to develop their operations.

Li Xiandao continued to cultivate and waited for guests to arrive. Seven was dealing with the Great Sky contracts, picking out those who owed the Bank of the Universe a large amount of resources.

Seven suddenly received the news when she was busy. She came to find Li Xiandao with a weird expression on her face.

“Why?” Li Xiandao looked at her expression and asked.

Seven smiled, “You have a guest.”

Li Xiandao was baffled, “So fast?”

“Not a new guest.” Seven shook her head.

“Someone familiar?” Li Xiandao felt like he didn’t have any acquaintances in Great Sky.

Zhong Zi Qi and the demon were his subordinates and apart from them, Li Xiandao didn’t know a single person in Great Sky.

Seven smiled, “You definitely won’t be able to guess. You just came to Great Sky and someone wants to pay up.”

Li Xiandao looked at Seven in surprise and asked, “Someone is so honest?”

“Right, I was shocked too. I didn’t expect that someone would want to return what they owed right after we just entered Great Sky.” Seven nodded. She was in a good mood.

“Let him come inside.” Li Xiandao said right away. This was a good guest, so he had to welcome him.

Since he inherited the Bank of the Universe, only one person had proactively decided to pay up.

That was when he was in Dali Land.

Thinking about it, Li Xiandao felt like the people in the Nine Skies and Ten Lands lacked a contract spirit.

Now that he was going to meet another such person, he was in a really good mood. He stopped cultivating and came to the Trading Hall.

Here, Seven brought a woman into the hall.

The woman was beautiful, a mature kind of beauty. Just from her looks, she didn’t give one a shocking feeling but along with her aura and rational demeanor, one didn’t dare to underestimate her.

She and Seven walked over together.

“Greetings, Bank Master!” She bowed towards Li Xiandao. Her tone was gentle. When she saw Li Xiandao, her gaze was profound.

When she had originally signed the contract, that Master didn’t wear a mask.

Had there been a change?

Li Xiandao reached out, “Please sit.”

“Thank you.” She sat down with her back straight. She looked at Li Xiandao and smiled.

“You are here to clear the contract?” Li Xiandao asked.

“Right, I still have three days. I prepared everything, so I contacted you.” The girl nodded and said.

Li Xiandao pointed.

Seven understood and passed the contract to Li Xiandao.

This contract was signed over 10,000 years ago by the last master. But the contents surprised him.

It wasn't preposterous!

Instead, it seemed quite normal!

Li Xiandao was mentally prepared with regards to the last master's preposterous contracts. He had seen many of them and most of them were randomly signed by him. If he was in a good mood he would give you many benefits and if he was in a bad mood, he would casually sign contracts.

This was why Li Xiandao thought that the contract was about to anger him to death.

But looking at it now, the contract seemed very ordinary.

It was even a big win.

The signee wanted strength so that she could clear the name of her husband and in return, she paid 10,000 top grade spiritual energy dragon veins.

Then, after 10,000 years, she would give the Bank of the Universe another million.

A million top-grade spiritual energy dragon veins!

Li Xiandao looked at the contract and his first reaction was that the last master really conned her.

But looking closely, she had borrowed peak emperor cultivation.

Exchanging 10,000 spiritual energy dragon veins for peak Emperor Realm strength and then returning the power to the Bank of the Universe along with a million top-grade spiritual energy dragon veins!

This contract was worth it.

It was totally worth it!

But when he thought that it was signed by the last master, Li Xiandao found it unbelievable.

He had seen too many preposterous contracts and now that he saw this normal one, he was suspicious.

This million could instantly lessen Li Xiandao's problems.

So, Li Xiandao took a close look at it to ensure that it was real.

"Lady Liu Yun, this is your contract. Take a look if it is correct." Li Xiandao passed it back to her.

Liu Yun took a close look and said with an expression of melancholy, "15,000 years ago, my husband died because of his family duties but was maligned for colluding with others. I used my hard work to exchange 10,000 top quality spiritual energy dragon veins for great strength."

Liu Yun gave everything for this contract. With this, she was able to take revenge for her husband and wash away his sins.

"If the contract is correct, then I will take away your strength and your million top-quality spiritual energy dragon veins." Li Xiandao said.

"No worries. But I don't have the million here with me. They're with my son in law. So, you have to come with me. I will tell my son in law to give them to you." Liu Yun said.

"Why did you give them to him?" Li Xiandao asked. A million top-quality spiritual energy dragon veins that wasn't a small amount...

People might have become enemies because of 100. This was a million...

"I am at ease with him. He is a good person and has skills. Although he doesn't have cultivation, I am really satisfied with him." Liu Yun smiled.

Li Xiandao said, "Since you willingly finished the contract, I will give you a small benefit. When I take your cultivation away, you will grow old and lose most of your life force. Now, I will help you fix your current appearance and let you live for another 50 years."

Li Xiandao gave her a discount because she willingly settled the contract.

Of course, the million top-quality spiritual energy dragon veins was the main reason though.

Liu Yun was grateful, "Thank you, thank you."

Of course, she didn't want to die, but she also didn't want to look too old. She was really satisfied to keep her appearance for another 50 years.

Li Xiandao walked out and said, "If all the guests are like you, I will give more discounts and will feel much better too."

After Li Xiandao became the Bank's Master, why wasn't he willing to sign such loans with interests?

The first one was because Li Xiandao didn't have a strong faction supporting him!

Secondly, he didn't have many treasures to loan!

Thirdly, it took too long to show rewards.

Li Xiandao walked behind her and grabbed her head.

*Hong long long!*

A strong power was drawn out by Li Xiandao, leaving only a little in her body such that she could keep her current appearance.

Peak Emperor strength was now in Li Xiandao's hands.

## **Chapter 408: Swallowing 10,000 Dragon Veins!**

With Emperor Realm strength in his hands, Li Xiandao looked towards Seven.

Li Xiandao couldn't swallow this Emperor Realm strength in his hands.

That was because this was eternal.

He wasn't able to break through or drop. He would spend his whole life stuck at this realm.

If Li Xiandao absorbed this strength, it would harm him instead.

This was why Seven took a jade box and opened it in front of Li Xiandao.

Li Xiandao placed the peak Emperor strength inside and then let Seven place it in the treasury.

Liu Yun lost Emperor Realm power. She was sad and feeling mixed emotions in her heart.

But she still stood up and said, “Bank Master, now we will go collect a million top quality spiritual energy dragon veins.”

Li Xiandao nodded and reached out. A black hole appeared and said, “You lead the way.”

Liu Yun walked in and disappeared into the black hole.

“I will come back right away.” Li Xiandao said to Seven and then walked in.

...

Within a majestic ancient city in Great Sky, Liu Yun and Li Xiandao walked one after another and appeared in a corner.

“This is my home, Fallen Emperor City.” Liu Yun introduced.

Li Xiandao nodded. There were quite a few people here. The city walls were huge and many formation patterns were carved on it. There were also flying prohibition domains such that if one wasn’t Emperor Realm, one wouldn’t be able to fly.

Li Xiandao looked around. This was a small alley and when they exited it, it was the main road.

In this Fallen Emperor City, what Li Xiandao saw that most were random shops at the sides of the road.

Li Xiandao thought about something and asked, “Your son in law doesn’t have any cultivation?”

Liu Yun nodded, “Although he can’t cultivate, he has good business sense and is a good person. He respects me too. After my daughter married him, I passed the whole family’s business to him. He worked hard and in just 10 years he developed it to such a huge scale.”

Li Xiandao had an idea and confirmed that Liu Yun’s son in law was from his homeland.

Li Xiandao respected him.

Without cultivation, he made Liu Yun, who was Emperor Realm, marry his daughter. He also acquired all of their assets and quickly developed.

The key was that he was filial.

Not bad. Li Xiandao looked forward to meeting him.

“Let’s go and see him. He earned most of this million spiritual energy dragon veins. Without him, I wouldn’t be able to pay it and would have failed the Bank of the Universe.” Liu Yun was filled with emotion and extremely satisfied with his son in law.

Li Xiandao listened on and was more and more interested in him.

The two of them came to a villa.

Liu Yun entered right away. The guards were all at Legend Realm and were respectful towards Liu Yun.

Li Xiandao stood with his arms behind his back and followed Liu Yun in.

“This villa was built by my son in law and it is beautiful. I like it a lot.” Liu Yun continued to praise his son in law.

Li Xiandao looked at this scenic villa, covered in grass, green stone road, tarmac roads, etc...

This guy didn’t have cultivation talent but he found his own value in this world.

A fatty rushed over. His breath was stable and had no cultivation at all. He seemed really close and sincere.

“Mother, have you completed your matter?” The fatty ran over and asked with concern.

“Done. Come, let me introduce to you, this is the Master of the Bank. He is here to collect the million top quality spiritual energy dragon veins.” Liu Yun pulled her son in law and introduced.

“This is my son in law. His name is Liu Ge.” Liu Yun accepted her son in law.

“Greetings, senior.” Liu Ge saw that Li Xiandao was wearing a mask and gave off an extraordinary aura. He didn’t dare to be careless and bowed.

Li Xiandao nodded his head and then asked, “Where are the spiritual energy dragon veins?”

“In the storage treasure space. Senior, follow me.” Liu Ge led the way.

“Good.” Li Xiandao followed behind.

The villa was huge and there were many maids and slaves. The three of them walked about within and came to a huge room.

There weren't many other things in the room and there were numerous storage treasures.

A million top quality spiritual energy dragon veins took up a lot of space and they even required 100 storage treasures. Each one stored 10,000 spiritual energy dragon veins.

"There are a million top quality spiritual energy dragon veins here." Liu Ge introduced.

Li Xiandao was satisfied, "Very good."

He walked to the middle and flicked his fingers. True qi rotated around and opened up all the storage treasures.

*Hong long long!*

A million top quality spiritual energy dragon veins flowed out.

Like a full dam opening up, it smashed down and gave off a shocking aura.

"Senior, you can't do that. If it spills we won't be able to clean it up." Liu Ge panicked.

Li Xiandao said confidently, "There's no need to worry. With me here, it won't spill."

The moment he said this, the million spiritual energy dragon veins gave off a huge aura. It spread quickly and was about to cause the building to crumble.

Li Xiandao definitely wouldn't allow such a thing to happen.

He stepped out!

Within Li Xiandao's body, the 10 grotto-heavens rotated.

*Hong long long!*

The aura was huge and the grotto-heavens expanded and spread. It crazily absorbed these spiritual energy dragon veins.

There were 10 worlds around Li Xiandao. They looked illusionary and terrifying. The million top quality spiritual energy dragon veins were sucked in and didn't cause any waves.

The million spiritual energy dragon veins were split into the 10 worlds. Each world had 100,000 spiritual energy dragon veins.

This was really nourishing for the 10 worlds but it was still not enough to rely on this to break through from Emperor Realm.

A million top quality spiritual energy dragon veins flowed down. Those scenes were really aggressive and terrifying. It caused Liu Ge and Liu Yun to look on with ashen white faces.

But Li Xiandao's actions solved the crisis. The ten worlds absorbed the million top quality spiritual energy dragon veins, shocking Liu Ge and Liu Yun to not dare to do anything.

Crack!

After absorbing the million spiritual energy dragon veins, the 10 grotto-heavens in Li Xiandao's body rotated. The merger level increased and it gave out a mechanical-like sound.

"One more time and maybe I can try to break through." Li Xiandao muttered.

But it was hard to get a million spiritual energy dragon veins.

Li Xiandao walked out of the room. He looked at Liu Ge and Liu Yun who were shocked. He was in a great mood and took out a red watch. He passed it to Liu Ge, "This is a gift for you."

Liu Ge was confused. What did he give him a gift for?

He wasn't a girl.

Moreover, he was fat.

Liu Yun was delighted and told the stunned Liu Ge to take it. She said gratefully, "Thank you, Bank Master."

Liu Ge thanked him too.

Li Xiandao was really happy, "Treat this as a reward for the million spiritual energy dragon veins. I anticipate your arrival at the Bank of the Universe, so I will leave now."

## **Chapter 409: Infuriating Contract!**

Liu Ge was given a red watch because Li Xiandao was in a good mood. He acquired a million spiritual energy dragon veins and along with the fact that they were from the same place, Li Xiandao decided to give him one.

As for him tearing up after meeting someone from the same homeland, that didn't happen to Li Xiandao.

As for the other extreme where one stabbed the other, Li Xiandao didn't do that either.

He just gave him one watch. In the future, if he encountered problems that he couldn't solve, he could ask Li Xiandao for help.

Apart from that, there was nothing to talk about.

Would Li Xiandao talk to him about business?

Or would Li Xiandao talk to him about opening a bank?

...

After walking out of Liu Ge's residence, Li Xiandao walked on the streets and saw the busy roads. The bunch of people and also the tens of thousands of shops helped him to relax.

"The million spiritual energy dragon veins that I got this time helped me to progress by a large amount. If I get another million, I will be able to break through from Emperor Realm." Li Xiandao was delighted.

Breaking out of Emperor Realm and entering Destiny Realm. Then, Li Xiandao would head to Dragon Island right away to solve the matter there.

This was why Li Xiandao needed to find a million top quality spiritual energy dragon veins.

This was tough.

After Li Xiandao made a few rounds around Fallen Emperor City to show off the joy in his heart, he instantly found it boring and felt like he was dumb. After turning around, he went back to Bank of the Universe.

Within the bank, Seven saw that Li Xiandao was back and asked, "A million spiritual energy dragon veins didn't help you to break through?"

Li Xiandao shook his head, "I lack at least a million spiritual energy dragon veins."

Seven waved her hands helplessly, "I haven't found so many suitable spiritual energy dragon vein contracts. There is one about resources. Do you need to take it back?"

Li Xiandao shook his head, "I will cultivate in the bank and receive guests. As for the contract, hand it to others to go. Anyway, they are all entering Emperor Realm and breaking through."

Seven smiled, "Then, I will let Tian Guangming go?"

Li Xiandao looked at her in confusion.

He reached out to grab her nose, "Tian Guangming was just able to rest and you want him to head out?"

"Tian Guangming's talent is not from cultivating. He needs to be beaten up to improve." Seven was pumped up.

"Then, why didn't you choose Heaven Heart and Lucifer?" Li Xiandao asked.

"I will choose them but the first person will still be Tian Guangming." Seven escaped from his hands and he frowned.

"Are these few contracts dangerous?" Li Xiandao was worried for Tian Guangming. He was a subordinate who had followed him since Dali Land.

"Of course there will be some danger, but not much." Seven thought about it and said.

"If Tian Guangming does well, then he will definitely reach Emperor Realm. But this is a contract where both danger and opportunity exist. If you don't agree to let Tian Guangming go, then I shall let Heaven Heart go." Seven's tone changed and she relaxed a little.

But she knew that Li Xiandao might seem like he was filled with disdain and that he looked down on Tian Guangming, but in his heart, he cared about this subordinate who had followed him since the start.

"Okay then, let Tian Guangming come over. Pass the contract to me." Li Xiandao thought about it and was prepared to let Tian Guangming make his own choice.

Seven passed it to Li Xiandao right away while she went to call Tian Guangming.

Li Xiandao took a look at the contract.

This was a loan contract but there were no fees for breaking the contract.

The deputy alliance leader of Wandering Cultivator Alliance borrowed a secret technique and a celestial artifact. What was the price he paid?

Li Xiandao didn't see the price on the first page. His heart dropped and he immediately flipped to the second.

In 10,000 years, the tomb of the Ancient God Dynasty would be opened to take out all the treasures within and return them along with the celestial artifact and the cultivation technique.

The person who signed it was Zheng Tu!

It had now been 10,000 years and this contract was broken by just three days.

Li Xiandao looked at the contract expressionlessly and he didn't have a good feeling.

Before this, Liu Yun's contract was settled three days before it ended.

That contract allowed Li Xiandao to earn a large number of spiritual energy dragon veins.

He thought that the former master had become good and that all the future contracts would be normal.

The truth proved that Li Xiandao had thought too much.

The contract was still abnormal and this contract was just six days away from the one that Liu Yun signed.

During those six days, two totally different contracts appeared.

One was properly done, clean and was really exceptional.

One was like a relative giving a gift to the former master and letting him close one eye, making him sign this contract that was obviously a loss.

He didn't even treat the Bank of the Universe as his own, wasting the treasures within without feeling heartpained at all.

This deputy alliance leader got a rare technique and a celestial artifact. He didn't even pay a price and had to open some dog sh\*t tomb.

The more Li Xiandao looked at the contract, the more angry he became. He directly smashed it on the table. He took off his mask and his expression was ice cold.

His good mood from the day was all gone.

In just a moment, Seven and Tian Guangming walked in.

Tian Guangming saw his expression and was shocked. Master seemed angry?

Why was he looking for him?

To beat him up to vent his anger?

Tian Guangming was really uneasy and instantly became very careful. He shouted carefully, “Master.”

Seven knew why Li Xiandao was angry. She was angry about it at the start, much less the Master Li Xiandao.

Li Xiandao opened his eyes and was so furious that he didn’t want to say anything. He pointed at the contract and told Tian Guangming to look at it himself.

Tian Guangming took the contract carefully and took a close look. He understood why Li Xiandao was so angry.

“Master, Tian Guangming will definitely help you solve this contract.” Tian Guangming said confidently.

“Kill this Zheng Tu.” Li Xiandao said coldly.

He took advantage of the Bank of the Universe and even broke the contract.

Damn!

Li Xiandao didn’t want to give him a chance to beg.

“Okay, I will definitely kill him.” Tian Guangming said firmly.

“Wait!” Seven reached out and blocked Tian Guangming.

“Lady Seven, what instructions do you have?” Tian Guangming asked.

“Don’t kill him, he is now at Emperor Realm and you can’t do that.” Seven said.

“I am doing so for Master. Even if I lose my life, I will kill him.” Tian Guangming was pumped up.

“Okay, stop faking in front of me. I took out this contract because I wanted you to pay attention to that Ancient God Dynasty tomb.” Seven reminded.

Li Xiandao and Tian Guangming looked at Seven. What was up with this tomb?

## **Chapter 410: Ancient God Dynasty**

Li Xiandao frowned and asked, “What is this Ancient God Dynasty?”

Tian Guangming looked at Seven curiously. He really wanted to know.

Seven explained, "God Dynasty, God Race, do you still not know?"

Li Xiandao was enlightened, "God Race's Ancient God Dynasty?"

"Right which is why he would sign such a preposterous contract. 10,000 years later, Ancient God Dynasty will open and the key is on his body. He hid it well and no one knew about it." Seven nodded.

"What is there in this Ancient God Dynasty?" Li Xiandao frowned and said.

To pay such a huge price for an Ancient God Dynasty and also having to wait 10,000 years for nothing?

Li Xiandao felt like if he was the one, Zheng Tu definitely wouldn't be able to enter Bank of the Universe, much less sign any contract.

"I don't know either. Anyway, the 10,000 years is up and recently they should be heading to open the Ancient God Dynasty. Based on the contract, it is ours, so I wanted to let Tian Guangming go." Seven explained.

"No need to say, I will go!" Tian Guangming said right away.

"I am considered half a god race member. I feel like it'll be alright for me to go." Tian Guangming said proudly.

"Ancient God Dynasty definitely has records regarding God Race. If you enter, you will easily get benefits and you might even exceed Emperor Realm." Seven said.

Tian Guangming's eyes lit up and said right away, "Master, I will go right away."

Li Xiandao calmed down, "If they are opening the Ancient God Dynasty, there will be many experts. It won't work with just you alone."

"I can do it!" Tian Guangming said firmly.

"I will definitely complete the mission." Tian Guangming said eagerly. This was a good opportunity and he definitely wouldn't give up on it.

Li Xiandao looked towards Seven. This mission changed from killing Zheng Tu to the current Ancient God Dynasty. Just listening to it, one knew that the danger level climbed by several levels.

"Let Tian Guangming try. If he can't, then send people to help him." Seven said.

Only then did Li Xiandao nod.

Thinking about it, he still formed a streak of sword energy.

*Keng!*

The sword energy was cold and the aura was sharp. Although it was sealed, one could still feel that bone chilling killing intent.

This sword energy, terrifying!

Li Xiandao passed his sword energy to Tian Guangming to defend himself, "When needed activate this. I will pay attention and if there are problems I will send others to help."

Tian Guangming looked at Li Xiandao gratefully, "Don't worry Master, I will complete this matter well and cleanly. You won't have to worry."

Li Xiandao treated those words as nonsense. He didn't expect Tian Guangming to do it well and cleanly.

He had to pay attention to this Ancient God Dynasty.

"Let's go." Li Xiandao waved his hands to chase Tian Guangming away.

Only Li Xiandao and Seven were left in the hall. Li Xiandao grumbled, "If you told me that Ancient God Dynasty and the angels were related, I would have sent all four of them out."

Seven explained, "I feel like there is no need. Tian Guangming can solve it. For this Ancient God Dynasty to appear in Great Sky means it isn't the peak. Moreover, Tian Guangming inherited Goddess of Light's divinity and will be fine."

"Why would Ancient God Dynasty appear here? Didn't the god race disappear after the last eon ended. Even Ancient God Dynasty shouldn't appear in Great Sky." Li Xiandao was confused.

"I can answer that." Seven explained to Li Xiandao.

"God Race's God Dynasty fell when the last eon was destroyed. There were many treasures in it and at that time, many people wanted to find it to gain a killing. But many people searched for their lives but they couldn't find the real Ancient God Dynasty." Seven said.

Li Xiandao nodded. Everyone knew about Ancient God Dynasty and they were really hard to find.

"This time it is real?" Li Xiandao asked.

"I am not sure if it is the real Ancient God Dynasty but what we can be sure that it is one of the replicas." Seven said seriously.

"Replica?" Li Xiandao found it amusing. It was already destroyed, so why do so many tricks?

"It was said that before they were wiped out they sensed danger and laid out 81 replicas. Once it was totally destroyed, the true Ancient God Dynasty and the 81 replicas were spread in the mouths of the people." Seven said.

Li Xiandao gave a thumbs up. Amazing, actually having so many replicas.

The same as Cao Cao.

"So after so many years, no one found Ancient God Dynasty?" Li Xiandao asked.

"Many people noticed the replicas and some had treasures inside. It was filled with dangers that would kill one mercilessly. Some were empty and some even had carvings on the wall."

"You are too late!"

Some had stolen it first.

"So until now, there are fewer and fewer replicas which was why I said that Tian Guangming had to go." Seven added.

"Then, let him go. If he gets it then he is lucky, otherwise, he is too unlucky and he needs to wash his hands when he returns." Li Xiandao said.

Truthfully, Li Xiandao wasn't too interested in Ancient God Dynasty.

"Now, it will depend on his luck. Will it be a replica or a real one, that is unknown. Let's wish him luck." Seven said casually.

"Go and rest, I will pay attention to him." Li Xiandao nodded.

"Okay." Seven turned around and left.

...

Tian Guangming left the Bank of the Universe, bringing Li Xiandao's contract. His body shook with emotions.

"Ancient God Dynasty, God Race territory. Angel Race was also of the God Race. If I enter, I might improve by a lot." Tian Guangming was pumped up.

He had seen the light to break through from emperor realm.

“Heaven Heart, Feng Jiuer, since the two of you broke through from Emperor Realm, I can’t fall too far behind. Now, I will chase up.” Tian Guangming thought about it confidently.

He rushed out and didn’t hear what Li Xiandao and Seven said.

Ancient God Dynasty had 81 replicas and in it were mostly empty. No one knew whether or not the one he met was a replica or the real one.

“Time to find that deputy sect leader.” Tian Guangming checked carefully and muttered.

“He has a Celestial Artifact, a cultivation technique and isn’t weak, so why is he the deputy alliance leader?”

To willingly be the second, how strong was the first?

Tian Guangming’s expression changed and muttered, “I am not here to fight but I still need to find that Ancient God Dynasty first.”

## **Chapter 411: Joining The Enemy Camp**

Tian Guangming was really emotional and wanted to find this so-called Wandering Cultivator Alliance and then observe this deputy alliance leader at a close distance.

Since Lady Seven said that Zheng Tu was an emperor. Although Tian Guangming was protected by Li Xiandao’s sword energy, he didn’t dare to waste it.

What if he scared him off?

So, Tian Guangming came to the nearby city to scout for news.

Who knew that this Wandering Cultivator Alliance was quite famous and that he would find news about them right away?

This Wandering Cultivator Alliance was located at the foot of Broken Sky Mountain Range. They built their own city at first, recruiting hooligans and random people to farm for them and build homes...

Wandering Cultivator Alliance did well and many people praised them. Now, they opened up 12 cities to surround the mountain. The cities helped one another and they recruited 50 million refugees. They were now a decently sized faction.

Wandering Cultivator Alliance's leader was really strong and really responsible. He was the one that pushed forth the development.

So, no one could snatch the position away from him.

As for Zheng Tu!

When Tian Guangming entered the Wandering Cultivator Alliance city, he asked around. Each person knew about the leader but no one knew about Zheng Tu.

Someone said that there were 11 deputies and they couldn't remember the exact number. However, they weren't as strong as the leader and couldn't protect them, so not many people remembered them.

This made Tian Guangming really frustrated.

Since the leader was so strong, then why was Zheng Tu willing to be a deputy with no power and no fame?

For an Emperor Realm to be the deputy, how strong was the leader?

Thinking about that, Tian Guangming felt a chill down his spine. He hid the contract well so that he wouldn't be noticed. If he was, he could only use Li Xiandao's sword energy to flee.

Luckily, after 100 years of development, there were over 100 million people. In this era where there was no entertainment after the sky turned dark, the only thing people do was to go home and make babies.

Which was how Wandering Cultivator Alliance started from just a few million, bringing in refugees and then reproducing.

After three generations, there were 100 million of them.

There was food and drinks but no entertainment. Thus giving birth to kids became the only entertainment.

With so many people, Tian Guangming hid inside and wasn't noticed.

He continued to walk around and find out more. He collected more and more intel.

He noticed a recruitment order!

Honest people with high cultivation can be rewarded.

On that night, Tian Guangming returned to his inn and contacted Li Xiandao.

“Master, I am planning to sneak into the enemy group.” Tian Guangming said solemnly.

Li Xiandao looked at the scenes ahead of him. Tian Guangming hid in a corner and it was pitch black. He was contacting him in secret.

Li Xiandao was slightly speechless, “You can light up the lamp, no one is staring at you.”

Tian Guangming gave an awkward smile and looked around. It wasn’t really good for the area to be pitch black.

He lit up the candles and said solemnly, “Master, I observed carefully. This Wandering Cultivator Alliance is really strong and I can’t beat them.”

When one said such cowardly things with such a serious expression, one would think that Tian Guangming was very brave.

“You can’t beat them, so you need help?” Li Xiandao asked.

“No, no, no.” Tian Guangming waved his hands. How could he need help? This was a chance to prove himself and get past Emperor Realm.

If Li Xiandao sent others over, then they would split the rewards. What if he couldn’t break through past Emperor Realm?

“Master, I don’t need help. Although I can’t beat them, I have brains. I can enter the enemy lines and get familiar with them. Then, I can improve myself and when Zheng Tu goes to find the Ancient God Dynasty, I can follow.” Tian Guangming designed a plan and was really confident.

When Li Xiandao heard this, he blinked and said helplessly, “Should I give you three years, then another three, then 10 and then you will become the boss of Wandering Cultivator Alliance?”

“Er...” Tian Guangming waved his hand, “Master, I don’t need so long. I am confident that I can do so in a short while.”

Li Xiandao instructed, “You need to be more careful. You can torture yourself but don’t get yourself killed. Apart from the sword energy, I won’t be going to save you.”

Li Xiandao’s warning made Tian Guangming nervous but instantly he gritted his teeth, “Don’t worry Master, I will definitely succeed.”

Li Xiandao said, “Then, good luck.”

After ending the conversation, Li Xiandao looked at the scenes ahead of him. Tian Guangming was packing up, writing down things he had to record and memorising them.

“If Tian Guangming is really in danger, will you help?” Seven asked.

“He has sword energy!” Li Xiandao said coldly.

As long as he don't face anyone above stage five destiny, Li Xiandao's sword energy could block it and ensure that Tian Guangming was fine.

“If he meets an enemy that your sword energy can't beat?” Seven continued. He smiled. He just wanted to see whether or not Li Xiandao truly loved Tian Guangming.

“Impossible.” Li Xiandao said stubbornly.

“What if?” Seven was aggressive in her question and she stared at Li Xiandao.

“What if..” Li Xiandao's gaze turned cold and he said expressionly, “Why will I let others kill my subordinate?”

“I knew it. Out of your subordinates the person you care the most about is still Tian Guangming. Although he isn't the strongest and not the most talented, you like him the most.” Seven clapped and said excitedly.

Li Xiandao stood up and shook his head, “You are wrong.”

“What?” Seven was stunned.

“The person I like most isn't Tian Guangming!” Li Xiandao looked at her and smiled.

“Who?” Seven was shocked. She felt like it was Tian Guangming.

“An idiot.” Li Xiandao was annoyed.

Seven reacted and her face turned red. She was shy, and had a mix of joy and embarrassment.

...

On this side, Seven's face turned red and on the other, Tian Guangming continued to prepare.

He didn't rush to prove himself but instead went to read large amounts of books. They were regarding the history of Great Sky, geography, local specialities. After memorizing them all, he entered the recruitment hall.

But he had no chance to use them.

After showing his cultivation, Tian Guangming was obviously recruited. He was even able to meet Jing Chuan right away.

Tian Guangming was speechless. The books he spent a whole day of memorising, but he didn't ask him anything at all.

What a waste!

## **Chapter 412: Lady Ah Qing**

Tian Guangming met Jing Chuan.

Wandering Cultivator Alliance's alliance leader was the undisputed number one.

He had 11 emperors under him who were all his deputies.

This was why Jing Chuan was really strong.

But no one was sure exactly how strong he was.

Some said that he broke through to Emperor Realm and was a true expert.

There were some who said that he was only peak emperor and didn't get past that realm.

But without an exception, the lowest he was was peak emperor and that was something everyone admitted.

If not, how could he rely on his own strength to suppress 11 emperors?

Wandering Cultivator Alliance had 12 experts suppressing and was a top class faction. This was why no one came to find trouble with them.

Of course, Wandering Cultivator Alliance didn't offend others. They just defended their land and passed life peacefully.

This was why their reputation was quite decent and many respected Jing Chuan. He also trained the Wandering Cultivator Alliance up well.

When Tian Guangming met Jing Chuan, he was different from what the outside world said.

They said that he was valiant, that he was muscular, handsome and was a true beauty.

All sorts of praises were pushed to his body.

But when Tian Guangming saw Jing Chuan, he was a guy with a huge tummy that was eating his meal.

“Do you want to eat a little?” Jing Chuan’s attitude was really gentle and he invited Tian Guangming.

“Okay.” Tian Guangming agreed. He sat opposite Jing Chuan.

Jing Chuan laughed out loud, “Not bad, your cultivation is so high at such a young age. Do you have any Master or faction?”

That question seemed random but Tian Guangming felt like he needed to answer it carefully.

That was because Jing Chuan was really terrifying and it seemed like he could tell whether or not he was lying.

Of course, this was just his intuition.

He had no evidence but he still chose to tell the truth. He abandoned the identity and information that he had planned.

“I flew from the Ten Lands.” Tian Guangming said honestly.

Jing Chuan looked at Tian Guangming in shock and asked, “You flew?”

“Right, Nine Skies and Ten Lands’s Dali Land, and then I went to Ancient Desolate Land, then Eternal Land, and then Ancient Buddha Land. I flew to Cold Moon Sky first and then Great Sky.” Tian Guangming told him about his past.

Jing Chuan stopped eating and just looked at Tian Guangming, his eyes were filled with joy, “No wonder I felt that you were amazing. I didn’t expect that you actually flew up layer by layer.”

“I flew to Great Sky and wanted to find a quiet place to cultivate. I came here and found that this place suits me, so I entered the recruitment hall.” Tian Guangming said.

“Good choice, let me tell you, in Great Sky, our Wandering Cultivator Alliance is very free. As long as you don’t hurt our interests, then you don’t have to do anything.” Jing Chuan smiled.

“Welcome.” Jing Chuan passed Tian Guangming a piece of meat.

Tian Guangming was shocked, "Thank you, I just want a place to cultivate."

"No worries, you shall remain here in my courtyard to cultivate. If you don't know anything, you can ask me. I can also ask you about the Ten Lands. I have never been there before and that has been my regret." Jing Chuan sighed.

"People from the nine skies all look down on the Ten Lands and wish they don't have to go. Why do you regret it?" Tian Guangming asked. He really wanted to know the answer.

He had come to nine skies for so long and he knew that people in the nine skies, including the bosses who all hated the Ten Lands.

In their eyes, the Ten Lands were backwards, trash... Their spiritual energy was thin.

Jing Chuan was the first person that Tian Guangming saw that said that he liked the ten lands.

Jing Chuan even said that it was his regret to not head to Ten Lands.

That shocked Tian Guangming.

Jing Chuan told the servant to pass Tian Guangming a pair of chopsticks, "Don't be affected by those words. Ten Lands is a huge treasure just that many people don't know about it."

"Treasure?" Tian Guangming was confused. If Ten Lands was a treasure and he had spent so long there, why hadn't he found anything?

"I don't know much, a senior was the one who told me about that." Jing Chuan was filled with emotions.

Tian Guangming was more and more interested. He poured a cup of wine for Jing Chuan and then asked, "Who is this senior?"

"This senior is someone I have spent my whole life working towards." Jing Chuan exclaimed.

"A female senior?" Tian Guangming's eyes lit up and started to be nosy.

He had merged with the Goddess of Light's divinity. Before that, Tian Guangming didn't like to listen to such gossip.

But Tian Guangming loved it.

"Right." Jing Chuan drank the wine and nodded his head.

“What is her name? Who said that the Ten Lands was a treasure?” Tian Guangming poured wine right away.

“Let’s drink together.” Jing Chuan picked up the wine cup.

Tian Guangming picked his up and drank together.

“Now, I believe you come from the ten lands.” Jing Chuan laughed out loud and said.

Tian Guangming smiled and didn’t say a word. He just listened.

“No one knows her name, I just know that her nickname was Ah Qing and everyone calls her Lady Ah Qing. Her strength is immense and she is as beautiful as a fairy. The key is that she just returned from the ten lands.” Jing Chuan said.

“How did such a strong senior enter the ten lands?” Tian Guangming was shocked.

“I don’t know about that. But she appeared in Great Sky not long ago and I was fortunate to speak to her.” Jing Chuan smiled in delight.

“What did you say?” Tian Guangming was interested.

“Hello.” Jing Chuan said.

Tian Guangming blinked his eyes and was speechless, “That was it?”

“She also said something to me!” Jing Chuan gave a blissful smile.

“Hello?” Tian Guangming hesitated.

“No ” Jing Chuan shook his head.

“Then?” Tian Guangming heaved a sigh of relief, luckily it wasn’t that.

“Move aside!” Jing Chuan was reminiscing and said.

Tian Guangming looked at Jing Chuan with a weird expression and didn’t know what to say.

“This is a bootlicker.” Tian Guangming thought to himself.

Of course, Tian Guangming definitely wouldn’t say that.

“Ah Qing appeared in Great Sky because someone insulted the ten lands and said that it was trash. She came out to argue for them and said that the ten lands would shock everyone in the future.” Jing Chuan added.

Tian Guangming nodded. His Master came from the ten lands and most of the subordinates did too.

In the future, they would totally change everyone's thoughts towards the ten lands.

To change the way people from the Celestial World thought of the Nine Skies and Ten Lands.

## **Chapter 413: Little Baby Ginseng**

Tian Guangming and Jing Chuan ate a lot.

Jing Chuan talked a lot and being with Tian Guangming, so he felt like he should have met him much earlier.

The feeling between people just felt so magical.

Some people felt like enemies after meeting the first time and they got annoyed and hated one another.

But it was just the first time they met.

It felt like they were enemies for their past three lives.

Some people met only for the first time, but after a few sentences, they felt really comfortable. That comfort came from their hearts and they wished that they met a lot earlier.

You could only base that on one's vibes.

Each person gave off vibes and a different atmosphere.

Some people's vibes were different and clashed with one another.

Some were really compatible like Jing Chuan and Tian Guangming.

The two of them drank a lot, so Jing Chuan arranged for Tian Guangming to stay in his courtyard.

After that, days passed one after another. Many times, Tian Guangming and Jing Chuan would spend hours talking. Sometimes they would even talk until the dead of night.

Naturally, they didn't speak about cultivation. Tian Guangming didn't have the right to talk about that and only Jing Chuan could instruct Tian Guangming.

They talked about the lives of people in the Ten Lands and the differences in the worlds.

Also the people in the ten lands, like Heaven Heart, like Northern Region Lord, like Lucifer, like Qiu Bai and Lingren.

Wait...

Jing Chuan totally believed that Tian Guangming was from the ten lands. He trusted him a lot.

With that, 15 days passed.

Within the Bank of the Universe...

After being in secluded meditation for 15 days, Li Xiandao opened his eyes and waved. Immediately, Tian Guangming's scenes appeared in front of him.

He saw that Tian Guangming was inside Wandering Cultivator Alliance and walking about. He was talking happily to a fatty.

Li Xiandao glanced at this fatty's cultivation.

"This should be Wandering Cultivator Alliance's leader, but how is Tian Guangming so close to him?" Li Xiandao found it weird.

He didn't look for half a month and he was already in their ranks?

If this continued, in less than three years, he would succeed.

An undercover might become a boss!

This storyline was amazing.

Li Xiandao was impressed by Guangming. His relationship was so close to the leader of Wandering Cultivator Alliance now.

Li Xiandao took a look before closing those scenes. There was nothing good to look at. Did he want to look at Tian Guangming brag and talk big?

Li Xiandao stood up. Tian Guangming wasn't in any danger, so there was no need for him to worry.

He could just play with this contract by himself. Li Xiandao walked out of his own room.

The sunlight outside was like a waterfall, scattering down warmly. Li Xiandao looked at the mountains which looked like they were wearing a golden coat. It was extremely beautiful.

Li Xiandao breathed in the sweet air.

There was thick spiritual energy in the air.

The clouds surged under the sunlight. One was giant, a huge true dragon cloud which was the ancestral dragon spiritual energy dragon vein.

Numerous top quality spiritual energy dragon vein after months of fighting and competition, but this one rose up and became the dragon ancestor.

This dragon ancestor spiritual energy dragon vein would never be used up.

On its body, 10 top quality spiritual energy dragon veins will grow each day.

All these could be absorbed.

The key problem was that this was still too weak.

If Li Xiandao didn't swallow those million spiritual energy dragon veins and gave them to this ancestor dragon, it would be able to produce 100 each day without being affected.

But Li Xiandao didn't care and just swallowed it himself.

Anyway, this spiritual energy dragon vein would still grow in the future.

He had many opportunities.

Right as Li Xiandao admired the ancestor dragon spiritual energy dragon vein, Seven walked over, "There is a new guest."

Li Xiandao smiled, "Is it someone I know?"

"A new one. This is strictly speaking your first guest since you entered Great Sky." Seven said.

Li Xiandao smiled, "Not bad, let's go take a look at how much we can extort from this person."

"You are more and more cunning now." Seven praised.

His face turned black, was that something to be praised about?

In the trading Hall, Li Xiandao and Seven walked in. They saw a kid that was around three to four and he wore a red baby clothing. On his head were five pieces of leaf like things standing tall.

This kid had a small serious face as he looked at Li Xiandao and Seven.

Seven was beautiful but the kid didn't care and just turned towards Li Xiandao.

His eyes lit up and he looked at his mask.

This was different from others. His eyes lit up because he saw a sliver of hope.

Of course, it was not because of Li Xiandao.

But because of Li Xiandao's mask.

This kid loved the ink mask.

"Who are you?" Li Xiandao walked over and sat on his chair.

Even if the guest was a kid, Li Xiandao didn't care. He calmly received every guest.

Moreover, since this kid could enter the Bank of the Universe, he definitely had a lot of resources.

This batch of watches received orders to prioritize resources.

"Little Kid Ginseng." Little Kid Ginseng said confidently. His crotch was covered by the kid dress but his butt was still revealed. It was pink and looked cute.

Little Kid Ginseng!

Little Kid Ginseng and Seven looked at him together and looked closely. They could smell the fragrance on him and just by smelling, they felt refreshed.

Much less if they ate him.

Li Xiandao thought about it.

"Oi, I am your guest, what are you thinking?" Little Kid Ginseng was furious.

"Sorry, I was distracted." Li Xiandao retracted his thoughts and warned himself that this was a guest and not a nourishing medicine.

"So guest, what did you want to trade by entering the Bank of the Universe?" Li Xiandao asked.

Little Kid Ginseng thought about it, “safety!”

“What do you mean?” Li Xiandao blinked.

He didn’t understand.

“I am not safe.” Little Kid Ginseng climbed up on the chair, jumping onto the table and standing in front of Li Xiandao.

“So, what dangers have you faced?” Li Xiandao asked curiously.

“Someone wants to sweep my home. We are worried that we would end up in the stomachs of humans.” Little Kid Ginseng said seriously.

Li Xiandao nodded and asked, “Since you said that, who is your enemy and how would you like me to deal with them?”

Little Kid Ginseng stopped.

“I don’t know who he is. Truthfully, before he opens my house gate, I won’t know who they are.” Little Kid Ginseng waved his hands and said.

Chapter 414: Really A Loss?

Li Xiandao and Seven were both amused by him.

He said that he wasn’t safe.

And then he said that he didn’t know who his enemy was.

Li Xiandao looked at him with interest and asked, “Can you tell me in detail about your difficulty?”

Little Kid Ginseng thought about it. He stood on the table and nodded, “I will start from the beginning.”

Li Xiandao and Seven listened intently.

“I don’t know when it happened but I birthed intelligence. Instantly, I knew about human and other matters.” Little Kid Ginseng said.

Li Xiandao and Seven listened.

“There are many treasures like me who have given birth to intelligence who are playing about in our own farms and god halls. We don’t come into contact with the outside world and live really peacefully.” Little Kid Ginseng continued.

Li Xiandao heard something.

God Hall!

Seven heard it too.

The two of them looked at one another and understood each other’s thoughts. They didn’t say anything and continued to listen to Little Kid Ginseng’s words.

“Such a simple life was just so joyous, but not long ago, we faced a nightmare.” Little Kid Ginseng was terrified. He looked at Li Xiandao and Seven and shivered. It was fear that came from his heart.

“What kind of nightmare?” Li Xiandao asked.

“Someone wanted to open the entrance to the god hall and bring us out.” Little Kid Ginseng was afraid.

“You are afraid of being eaten?” Li Xiandao continued to ask.

“Of course. I know that I am a baby and many people said that I am. But I am a 100,000-year-old top quality ginseng. One mouthful is more useful than 100 years of cultivation.” Little Kid Ginseng exaggerated.

“I don’t believe you.” Li Xiandao shook his head.

“Really, my 100,000 years is still 100,000 years of intellect.” Little Kid Ginseng emphasized.

“Can you let me taste a mouthful to see whether or not it really is worth 100 years of cultivation?” Li Xiandao suggested.

Little Kid Ginseng retreated and looked at Li Xiandao in terror, “Your ambition is finally revealed?”

Li Xiandao smiled helplessly, “I am joking, don’t be too afraid. The Bank of the Universe is trustworthy. I am a kind merchant and often take losses but I still insist on doing good. I am a kind person and I want to be useful to society and the world. I am quite noble, so you don’t have to worry.”

Li Xiandao who took losses!

Li Xiandao who lost even what he invested!

Noble Li Xiandao!

Little Kid Ginseng patted his own chest and said, "Don't scare me already, I am quite timid."

Seven burst out laughing and felt that Little Kid Ginseng was so cute. 100,000 years and he was still a kid...

Little Kid Ginseng looked at Seven unhappily.

Ugly woman, what were you laughing at?

Little Kid Ginseng thought about it in his heart and didn't say anything.

To him, beautiful girls should be like his ginseng sister.

Human girls were all ugly.

Li Xiandao coughed to tell Seven to stop. He asked, "You said that you knew in advance that someone wanted to break in. How did you know? "

Little Kid Ginseng said, "I have a prophecy tree. It sensed that in the next week or two, we would all be unlucky. We would be captured by humans and shattered, entering their stomachs."

"Prophecy Tree?" Li Xiandao was shocked. He didn't expect there to be such a magical tree.

"A Prophecy Tree is a god race tree from the last eon. It is rare and once it grows, it can predict the future and avoid life dangers." Seven said to Li Xiandao.

Li Xiandao was enlightened, so it was such an item.

Amazing!

"What he prophesized made all of you anxious and then the red watch appeared?" Li Xiandao understood everything.

"Basically. I don't want to be sliced up by humans, so I came to find you." Little Kid Ginseng nodded.

"I roughly understand. Now, let me ask some questions." Li Xiandao asked.

"You can ask me." Little Kid Ginseng was well behaved and said.

“Where are all of you at?” Li Xiandao asked.

“Within the God Hall.” The baby replied.

“Where is it?” Li Xiandao changed the question.

“I don’t know.” Little Kid Ginseng was really blur.

Li Xiandao frowned but with the mask covering him, the Little Kid Ginseng didn’t see it.

But he knew from Li Xiandao’s silence, “We have never walked out before and don’t know where we are at. This is the first time I left the God Hall thanks to the watch.”

Li Xiandao nodded and knew that he really wasn’t good at asking questions.

But Li Xiandao was more and more sure that Little Kid Ginseng was a treasure in an ancient god hall.

As for his enemy, it was Zheng Tu.

Little Kid Ginseng’s appearance proved that the god hall that Zheng Tu found was real.

Ancient God Dynasty’s God Hall had many treasures but now they were in danger.

Which was why they came to ask help from Li Xiandao.

“Okay, I basically understand everything. Now let me ask you, what do you want to trade?” Li Xiandao asked curiously.

Little Kid Ginseng thought about it, “I want my brothers and sisters to be safe.”

“What can you give up for that?” Li Xiandao continued to ask.

“I... I...” Little Kid Ginseng hesitated.

“I can dig out some ginseng to nourish your body.” Little Kid Ginseng said.

Li Xiandao’s face turned dark. Nourish his body?

His body wasn’t weak!

“Not enough!” Li Xiandao said with a black face.

“I can dig out others to nourish you too.” Little Kid Ginseng felt heartpained.

All of these were seeds that he scattered. They were his food.

If he took the ginseng out, many people would fight for it. But they didn't have a mind of their own and were just basic ingredients.

Usually, ginseng was just food.

"Not enough!" Li Xiandao shook his head.

Little Kid Ginseng was furious, "Then, what do you want?"

"I want you to move all your friends, the spiritual beings in the god hall all to the Bank of the Universe." Li Xiandao said out his goal.

Little Kid Ginseng's eyes opened wide, "You just want to eat me. You draw me here and then I will be under your control?"

Li Xiandao was speechless, "It seems like you are still under my control."

... Little Kid Ginseng blinked and kept silent.

"I can write in the contract that I won't harm any of the intelligent beings in the Bank of the Universe." Li Xiandao ensured.

Little Kid Ginseng hesitated, "Is that real?"

Li Xiandao pointed.

Seven passed a contract to Little Kid Ginseng so he could take a close look.

"Sign it, once you do then the contract would come into effect. At that time, I will raise all of you and that'll be such a huge loss to me." Li Xiandao sighed helplessly.

Little Kid Ginseng looked at Little Kid Ginseng hesitantly.

Did he really lose out?

## **Chapter 415: Operation Begin!**

Little Kid Ginseng agreed in the end but he couldn't sign.

"I don't know how to write my name and I also don't have a name." Little Kid Ginseng said.

In the sealed space in the god hall, Little Kid Ginseng didn't give himself a name as he felt like there was no need to.

“Just stamp your palm.” Li Xiandao said calmly. If he didn’t sign it, then he could at least give him a stamp.

Of course, it had to be voluntary. The Bank of the Universe never forced someone else to sign.

The contract had to be willing from both sides and no threat had to be involved which was why the moment one signed, they weren’t allowed to regret.

Little Kid Ginseng saw that and picked up its pink and tender small claw. It pressed its palm down on where he was supposed to sign on the contract.

After Li Xiandao saw this, he kept the contract and said towards Little Kid Ginseng, “Now go back, before the gates of Ancient God Dynasty opens, someone will pick you up and bring you back here.”

“What if no one picks us up?” Little Kid Ginseng was worried.

“Then, that is our problem and we went against the contract, so we will be punished.” Li Xiandao said.

“Okay then, but you all have to be faster.” Little Kid Ginseng instructed Li Xiandao.

“Don’t worry, the Bank of the Universe strictly follows its contracts.” Li Xiandao nodded.

Little Kid Ginseng jumped off the table and wanted to leave right away.

“Wait, let me ask you something.” Seven stopped Little Kid Ginseng.

“What do you want to ask?” Little Kid Ginseng looked at Seven with a suspicious look.

“Does the god hall all of you are in only have medicinal ingredients that have birthed intelligence?” Seven asked.

“Right, only us, there are nothing else.” Little Kid Ginseng nodded.

“Treasures, books, god race history items?” Seven asked.

Little Kid Ginseng shook his head, “None of them. Although the God Dynasty we are in is huge, it should be a god medicine hall and not the real Ancient God Dynasty.”

Seven understood right away.

Although this god hall was real, the Little Kid Ginseng and the others were the only thing inside and there was nothing else.

Seven stopped asking and looked on as Little Kid Ginseng left.

“This Ancient God Dynasty is real but it is only one small portion. It should be their medicine farm or their God Medicine Hall.” Seven said to Li Xiandao.

Li Xiandao didn't mind, “Anyway, I am interested in these beings. As for whether or not they are god dynasty, I don't really care.”

“You signed a contract with Little Kid Ginseng not to touch those with intelligence.” Seven reminded Li Xiandao.

Li Xiandao smiled, “I won't touched them but moving them all here would just let our spiritual energy increase by a lot.”

“Moreover, the treasures that haven't birthed intelligence would all be ours.” Li Xiandao smiled and said.

Why would Li Xiandao do anything at a loss?

It took a really long time for a spiritual being to form intelligence. They also had to be really lucky.

A million ginseng grew together and after 100,000 years, probably less than five would birth intelligence.

Li Xiandao wouldn't harm the five and would take care of them. As for the other 999,995, they were his.

He could do anything to them.

Why would Li Xiandao let himself lose?

Seven raised a thumb. She was impressed by Li Xiandao's far reaching thoughts.

“I will go inform Tian Guangming to tell him to pay attention to Zheng Tu. I will send someone to intercept and solve this issue.” Li Xiandao muttered.

Originally, he didn't plan to interfere in this and wanted Tian Guangming to slowly turn into the boss from the inside.

But now, it seemed like he had no choice. He had just signed a contract with Little Kid Ginseng and had to do it.

...

Wandering Cultivator Alliance. It had been dozens of days since Tian Guangming arrived here and he lived really comfortably.

He got familiar with everyone in Wandering Cultivator Alliance and everyone knew that he was important to Alliance Leader Jing Chuan.

Jing Chuan brought Tian Guangming all around to observe alliance matters. He would talk to him, give him pointers regarding cultivation and just took good care of him.

If not for knowing that Jing Chuan was an admirer of Lady Ah Qing, Tian Guangming would have thought that he was eyeing him.

Of course, these actions allowed Tian Guangming to understand the powerful people in Wandering Cultivator Alliance.

Especially the 11 deputies.

All of them were at Emperor Realm. Some were arrogant, some were cold, some were warm, some were filled with disdain...

But in front of Jing Chuan everyone was very friendly and on the surface they acted like brothers.

During these days, under the care of Jing Chuan, Tian Guangming was actually going to forget what he had to do.

Fortunately, Li Xiandao's orders came which made him focus once more.

He had met all 11 and Zheng Tu was just one of the unassuming ones. He was in charge of logistics and if not for his Emperor Realm cultivation, probably no one would notice him.

But Tian Guangming knew that it was often such unassuming people that hid the deepest.

On this day, Tian Guangming was cultivating in Jing Chuan's residence. Suddenly, he heard someone discuss that deputy Zheng Tu was here to meet Jing Chuan.

Tian Guangming had an idea. Why did he come to meet Jing Chuan at this timing?

He just walked there and the moment Tian Guangming arrived, Zheng Tu left.

The two of them greeted one another. Tian Guangming smiled and nodded to show his friendliness.

As for Zheng Tu, he looked at him warily like he was a thief. He didn't say a word and just left.

Tian Guangming muttered, "You can ignore me now but after this you would beg me to talk to you."

After entering the courtyard, Tian Guangming asked curiously, "I saw Zheng Tu when I came in. Was he here to report on his job?"

Jing Chuan shook his head, "He wants to rest and head out to relax for a while. I approved it."

Tian Guangming had an idea. Heading out to relax now meant that he was going to open up the Ancient God Dynasty's treasure.

"Alliance Leader, thinking about it, I don't understand the area around. Please give me three months to look around and enjoy the area." Tian Guangming said right away.

Jing Chuan didn't suspect anything when Tian Guangming said he wanted to head out. he thought about it, "It is good that you go and take a look. Stay safe."

Tian Guangming was grateful towards Jing Chuan for trusting him so much. Unfortunately, he still lied to him.

But he had no choice. Master's mission was the biggest. He had to clear the contract and get past emperor Realm.

So, he had to lie to Jing Chuan but he wouldn't harm Jing Chuan and his Wandering Cultivator Alliance.

Tian Guangming chatted with Jing Chuan for a day and immediately after, he sent Zheng Tu's news to Li Xiandao.

## **Chapter 416: If You Don't Come Out I Will Die!**

Within the Bank of the Universe, Li Xiandao received Tian Guangming's news.

Zheng Tu wanted to go and relax and take a break, so he asked to take leave from Jing Chuan.

At this point, he just wanted to relax, but would Li Xiandao not know what he wanted to do?

"I will send someone to help you." Li Xiandao said right away.

“Master, will the person that helps me steal my rewards?” Tian Guangming asked carefully.

“No, they all broke past Emperor Realm and they won’t take your rewards.” Li Xiandao replied with certainty.

“That’s good, send a few more. I think Zheng Tu will call helpers. I was prepared to bring Jing Chuan, but it seems like there is no need, so let’s just call our own.” The moment Tian Guangming heard that the person wouldn’t steal his rewards, he was so happy that they wanted him to send more.

Li Xiandao was too lazy to bother about him and switched off the call.

“Battle Angel Michael, Archangel Gabriel, Fallen Angel Lucifer, Moon Angel Usuna come and meet me.” Li Xiandao informed the few of them.

This mission was to head to Ancient God Dynasty.

Ancient God Dynasty was something from the last eon and was something from the god race. Angels belonged to the God Race too so it was best to let them go.

The others weren’t able to participate.

In just a short moment, the four angels appeared.

Battle Angel Michael was really strong, Archangel Gabriel was noble, Fallen Angel Lucifer was dark and Moon Angel Usuna was pure.

“Master.” The four of them knelt down on one knee.

Li Xiandao looked at them. When they were in Dali Land and he just took over the Bank of the Universe, he created them. Now, the four of them were all present and their cultivation all passed Emperor Realm.

The strongest was Lucifer who had reached a deep level.

The other three were nearly there. Moon Angel was second and Michael and Gabriel were around that level.

“We found an Ancient God Dynasty with many intelligent spiritual items. Find it and bring it back.” Li Xiandao instructed.

“Master, where is the god dynasty?” Lucifer asked.

“Go find Tian Guangming and he will know about everything. Listen to his instructions and if there are any rewards inside, leave it to him and let him break past Emperor Realm.” Li Xiandao instructed.

“Yes, Master.” Lucifer nodded.

“Now, go and bring the things back.” Li Xiandao waved. A black hole appeared and connected to the region where Tian Guangming was at.

The four angels walked towards the black hole and disappeared from the Bank of the Universe.

Li Xiandao wiped out the black hole and tossed this matter to the back of his head. Four angels along with Tian Guangming, if they couldn’t solve this, that would be a problem.

After all, even Zheng Tu had to find help. He wouldn’t find too many as he was worried that he would be cheated too.

So, Li Xiandao was relaxed and sent his four angels.

Li Xiandao himself just silently cultivated.

...

Outside Wandering Cultivator Alliance, Tian Guangming was waiting silently.

He was waiting for someone.

Zheng Tu!

Based on his informant’s intel, Zheng Tu was going to leave Wandering Cultivator Alliance today.

So, Tian Guangming waited here.

Who was that informant?

Zheng Tu’s concubine that Tian Guangming spent large amount of money to bribe.

The concubine didn’t agree but Tian Guangming gave too much.

No one could reject so many treasures, especially when they were placed in front of your eyes and not in the storage bag.

This visual impact made the concubine kneel down with her mouth wide open.

Tian Guangming didn't try anything else and just ordered her to inform him if Zheng Tu left.

Zheng Tu specially did it many times with his concubine and relaxed himself. He casually said that he was leaving at night and wouldn't be at home for a period of time. He told her to wait patiently and then passed some treasures to her.

After Zheng Tu left, the concubine informed Tian Guangming and also took some treasures from him.

She ate from both sides and took treasures from both people.

Luckily Tian Guangming wasn't a violent person and didn't deal with this concubine.

Tian Guangming admired her methods which was why after giving her the treasures, he waited at the path where one had to pass when they left Wandering Cultivator Alliance.

Wandering Cultivator Alliance main castle that rested on Broken Heaven Mountain was surrounded in three sides by mountains and there was only one way out.

This path was easy to block.

*Hong!*

Moonlight scattered down like milk and it added some light to the world.

A person flew out from Wandering Cultivator Alliance, chasing the moon while stepping on the clouds.

"You are leaving so quickly. Where are you going?" Tian Guangming appeared in the air and smiled.

Zheng Tu stopped and his expression changed. He stared at Tian Guangming and saw him clearly under the moonlight.

"It's you?" Zheng Tu said coldly and had a really bad attitude.

"Thank you for remembering me." Tian Guangming said easily.

"I won't usually remember bootlickers but you are too good at it and I really remembered who you were, Tian Guangming." Zheng Tu smiled coldly in disdain. To him, Tian Guangming was just someone good at bootlicking and he wasn't worth his respect.

"I don't care about how you look at me, you might view me as a bootlicker so be it." Tian Guangming said calmly and wasn't angry at all.

“Are you not curious about why I stopped you?” Tian Guangming gave a devilish smile.

Zheng Tu squinted and said coldly, “Scram, I don’t want to say it again, don’t force me to kill you. Don’t think that with Jing Chuan’s protection that you are safe, I can crush you like how I crush an ant.”

Zheng Tu was filled with killing intent but he still feared Jing Chuan which was why he spoke so much nonsense.

“You are really anxious to leave. Are you going to look for some treasure?” Tian Guangming didn’t bother about him and just smiled.

“You are asking to die!” Killing intent flashed in Zheng Tu’s eyes. It felt like there was a volcano hidden in his body and if it erupted, it would be really terrifying.

Emperor Realm Realm had four stages, and Zheng Tu was at the third.

Transform!

Transform heaven and earth, turning it into a huge grinding stone which smashed down.

That strike was instant and really quick, with a palm it covered down and blocked Tian Guangming’s way out.

That strike was extremely strong and really terrifying.

Tian Guangming couldn’t block it.

Nine realms of Grandmaster and was called quasi emperor. But the difference between a quasi emperor and a real emperor was huge.

Tian Guangming couldn’t move. He was like meat on a chopping board he was just there to be sliced by him.

“Die!” The giant grinding stone smashed down. It felt like the entire sky was collapsing, giving off a terrifying aura.

This made Tian Guangming’s body shake and he wanted to spit out blood.

“Damn, if all of you don’t come I am going to get killed.” Tian Guangming cursed.

## **Chapter 417: Zheng Tu Was Trying His Best To Block!**

*Hong!*

Zheng Tu's giant stone smashed down. The aura was unparalleled and shockwaves surged. He stared at Tian Guangming in rage and his eyes were filled with killing intent. Tian Guangming actually said that he was finding a treasure. This astonished Zheng Tu and was why he attacked.

He looked at Tian Guangming coldly. Right as it was about to land, he heard Tian Guangming's shouts and was shocked.

In the next moment, a cold moonlight bloomed. It was a blade glow like that of a crescent moon. A girl held the sides of a silver moon crescent blade and flew over. The middle of the blade was extremely sharp and instantly shattered the grinding stone.

Tian Guangming was saved.

Zheng Tu looked at him with a dark gaze.

A girl!

Aa very beautiful girl!

A woman that was like the moon!

Her body was devilish and she held a moon-like weapon. It was behind her head like that of a crescent moon shining on her.

"Who are you?" Zheng Tu frowned and asked with a solemn expression.

He realized that this woman's cultivation seemed high and wasn't weak at all. She also had a Celestial Artifact in her hands.

"Moon Angel, Usuna." The woman holding the blade said calmly.

"Moon Angel?" Zheng Tu frowned. He had never heard such a name before.

"You are on the same side as Tian Guangming?" Zheng Tu questioned.

"Yes." Moon Angel admitted it.

Tian Guangming was delighted, "Do you see that? She is my goddess. Now that she is here, you don't have any power."

Zheng Tu had a solemn expression and didn't understand, "I have no animosity with all of you, so why are you stopping me here?"

"No animosity?" Tian Guangming laughed in disdain.

"If it is really as you said, then why would I enter Wandering Cultivator Alliance to get close to you?" Tian Guangming laughed coldly.

Zheng Tu's expression became serious.

Killing intent surged and he scolded, "Who are you? You really spent so much effort on me."

"It doesn't matter whether or not you recognize me, but you would definitely know what this is." Tian Guangming took out the contract that he carried on him.

"What is that?" Zheng Tu's expression changed. That contract was a huge blow to his heart and it continued to sink.

But he didn't want to admit it and continued to be stubborn.

As long as he didn't admit it, then the contract didn't exist.

"A contract you personally signed. Now, you are acting like you don't know it?" Tian Guangming mocked.

"No, I am no, don't spout nonsense." Zheng Tu denied it cleanly.

"Acting like you don't know and you can treat it like it didn't happen. Do you think that you can hide from all of this?" Tian Guangming said coldly.

"A Grandmaster Realm person. Without this Moon Angel, I would kill you right away." Zheng Tu threatened.

"I am weaker than you but I am here on behalf of the Bank of the Universe. You still remember that name, right?" Tian Guangming asked.

Zheng Tu's body shook. In the Bank of the Universe, that name was tossed aside by him, but who knew that he would actually hear it once more?

"You are from the Bank of the Universe?" Zheng Tu gritted his teeth and asked.

"Right, I am here to clear the contract." Tian Guangming nodded.

"So many years have passed and we have cleared everything. Why did you have to find me like a mosquito?" Zheng Tu shouted angrily.

"If you followed the contract, then we wouldn't have found you. Now take out the technique, celestial artifact, and also the Ancient God Dynasty key. They all belong to the Bank of the Universe." Tian Guangming shouted.

“Stop dreaming!” Zheng Tu’s eyes opened wide in anger like he was about to eat someone.

“That is my Celestial Artifact, my technique, and my key, so why do I need to give it to you?” Zheng Tu raged. He stared at Tian Guangming and was so furious that air shot out from his nose.

“You signed the contract and it was written clearly on it.” Tian Guangming pointed at it.

“What use is it? I don’t admit it and it is only just a bunch of waste paper.” Zheng Tu stared at Tian Guangming coldly and didn’t care at all.

“That is your problem since we recognize it. I have met people like you and dealt with you. Why does the Bank of the Universe need to have strong people?” Tian Guangming said coldly.

“Because when we meet shameless people like you, we can crush you and even take your life.” Tian Guangming looked at Moon Angel and waved his head to tell her to attack.

She didn’t say a word, slashing with Full Moon in her hands.

*Keng!*

A cold light shot forwards, surging towards Zheng Tu. This was Moon Angel’s strong attack and it was really strong.

There was no dazzling movement and it was just a full-strength slice.

Zheng Tu was annoyed, “I will kill your goddess and then kill you. Then, I will rip the contract. I want to see, what will you then use to incriminate me?”

*Hong!*

Zheng Tu pulled out his treasure. It was the celestial artifact that he borrowed from the Bank of the Universe.

A spear and it was made of items from the milky way. It was really firm.

With a spear in hand, Zheng Tu’s aura was instantly different.

*Hong!*

The spear was held in the air and instantly blocked Moon Angel’s attack. With a vicious flick, it struck Moon Angel aside.

Of course, this was done on purpose. After being flicked aside, she spun in the air and counterattacked.

“Die!” Moon Angel was really confident that she could kill Zheng Tu.

Her blade techniques were fierce and each blade was lethal. She didn’t care about her own body and was risking her body for every move.

She didn’t defend and just attacked. *If you can harm me, then you are skilled. If you can kill me, then you are amazing.*

*But no matter what, a second later you will die.*

That was because Moon Angel’s blade had sliced Zheng Tu’s head off.

Zheng Tu didn’t dare to gamble!

So, he flicked the spear and it exploded in the air. Like a pear, it was really beautiful and blocked Moon Angel’s attack.

Moon Angel wasn’t dispirited. In fact, her expression was cold. She stared at Zheng Tu and said, “You won’t be able to leave.”

Zheng Tu’s expression was black and his hand on the spear shook. That strike was already his strongest, but it didn’t do anything in front of Moon Angel.

“You are actually third stage of Emperor Realm.” Zheng Tu was really bitter. He sent someone from Emperor Realm to catch him and that was enough to show the Bank of the Universe’s rage.

When he thought back to that arrogant, gleeful, and flamboyant owner, he was so annoyed that he wanted to die.

10,000 years had passed, so did the owner not remember him anymore?

When he signed the contract, the Bank of the Universe’s master gave him a lot of chances. He barely paid some interest and all his words were just empty promises that had high difficulty.

The master had to personally agree to such a contract.

The last owner would pass it if he was in a good mood. If he felt good, then he would help them settle such contracts.

If Li Xiandao saw such a contract, he would directly pull out his sword to kill the person. He wouldn’t care about his identity as the Master of the Bank.

## Chapter 418: Group Attack Or Solo Attack?

“Zheng Tu, hand that thing over and bring us to the Ancient God Dynasty’s ruins. Maybe, then you will be able to live.” Tian Guangming warned.

“Are you dreaming?” Zheng Tu smiled in disdain. He pointed at Moon Angel, “She is the third stage of Emperor Realm, I am too and you aren’t even in Emperor Realm. You are just a piece of trash.”

“For you to ask me to surrender just like that, you really are shameless.” Zheng Tu looked at Tian Guangming in disdain.

He was being looked down but he didn’t get angry, “Are you sure that only Moon Angel was sent to kill you?”

Zheng Tu was shocked. He looked around and his expression changed.

In the distant sky, a sword-wielding, six-winged male angel flew over.

Archangel Gabriel.

He was really quick, and as he floated over, he gave off a really strong aura.

Zheng Tu’s heart sank, “Second stage Emperor.”

“Accept the holy judgment.” Archangel Gabriel’s sword was wrapped in a layer of flames. It was really terrifying. This was the God Race’s judgment flame that could let the enemy burn and recall all the sins that they had done in their lives.

*Hong!*

The judgment flame was really strong. Along with the celestial artifact, it would shine on the world and chase away the darkness. The six pairs of wings behind Gabriel swelled up, turning into a twelve-winged angel. He became even more terrifying. With the judgment armor on his body, he slashed across. The aura was so terrifying that it made the entire sky collapse.

Although Archangel Gabriel was only at stage two, the power that he had shown caused Zheng Tu’s expression to change right away

Even he wasn’t able to use such strength.

The entire sky turned white. If not for the moon in the sky, one would have thought that this was daytime.

The judgment flames surged and made Zheng Tu feel unlimited torture.

In this heart, emotions swelled up. Everything he did wrong in his life, guilt, even things he wasn't willing to recall. All of them clearly appeared in his mind like a light.

What made Zheng Tu feel bad was the fact that the memories that he had sealed up all exploded.

When he was young, Zheng Tu's surname wasn't Zheng. But because he joined the side of a godfather, relying on his father's powers to start to rise up, his name was Zheng Tu.

His godfather treated him well and allowed him to marry such a beautiful wife. Each day his godfather would help massage her and poke needles into her. This made her body heat up and she would scream out loud.

Zheng Tu's expression turned green when he stood in the room outside.

Worse still, when outsiders found out what his godfather and wife was doing, all sorts of rumors spread through the organization. Zheng Tu had no choice but was forced to clear up this matter to the public.

"All rumors end with intelligent people. I ensure with my own dignity that my wife is pure and is a fantastic wife. My godfather is righteous and doesn't like women. I have not been cheated on." Zheng Tu solemnly flung aside all cheating allegations.

"Good!!" His godfather clapped and looked towards Zheng Tu with an appreciative gaze.

Just like that, Zheng Tu was fully supported by his godfather and grew up quickly. When he had absolute power, the first thing he did was kill both of them and leave the organization.

Then, Zheng Tu sealed that memory and he didn't want to think about that period of his life.

But now, under the scorching judgment of the flames, he clearly recalled everything. That made him go mad.

"I sealed it myself, so why do you want to let me remember it?" Zheng Tu was furious. His eyes were bloodshot. With the spear in hand, he used all his strength and used the power that exceeded what he could use usually.

Heaving Breaking Strike.

That spear stabbed through the sky and dotted Archangel Gabriel's sword tip.

*Ding!*

A crisp clashing sound as both sides used really strong strength to fight with one another.

Both the blazing sword and sharp spear had power injected into them.

“You are not my match in terms of strength.” Archangel Gabriel’s twelve pairs of wings flapped, raising his combat strength by 12 times. It was so terrifying that it made one tremble.

*Hong long long!*

The sword that was shining bright with flames slashed the spear aside. An invincible power struck Zheng Tu several hundred meters away and caused him to spit out blood.

In front of absolute power, even if one was slightly weaker, but Archangel Gabriel’s strength still far exceeded Zheng Tu.

Zheng Tu’s organs started to twist and he cried out in pain. He looked at Archangel and Moon Angel viciously and scolded, “This isn’t the end. Just you wait.”

After saying this, Zheng Tu was planning to flee.

“What are you running for?” But Lucifer landed behind him. He didn’t expose his wings and just stood in mid-air, calmly looking towards his direction.

*Hong!*

A terrifying aura swept around and flung Zheng Tu who was trying to flee back.

*Pu!*

Zheng Tu spat out blood. He was in a tragic state and he exclaimed, “Peak Emperor!”

Lucifer, peak emperor, strength that made one terrified. Without him even needing to attack, Zheng Tu was sent flying.

“Do you feel despair?” Another voice rang out. Similar to Archangel Gabriel, twelve wings spread wide, reaching five meters in the air. Battle Angel Michael landed.

“Another stage two Emperor!” Zheng Tu felt bitter. His path was sealed off and there was no way to flee at all.

“So many emperors were sent just for me. Should I feel honored for that?” Zheng Tu smiled and tried to wipe off the fresh blood at the corner of his mouth.

“The moment you broke the contract, you should have expected us. The Bank of the Universe doesn’t allow anyone to break the contract. Be it Nine Skies and Ten Lands or even the Celestial World, no matter where you are, we will kill you.” Tian Guangming said coldly.

“Cough cough, do you think that you have won?” Zheng Tu hollered. He didn’t want to surrender and didn’t want his spear and cultivation techniques to be taken away. There was also the Ancient God Dynasty’s key.

Especially the Ancient God Dynasty’s key, that was his hope to get past Emperor Realm.

If he handed it out, he wouldn’t be able to do so.

“You can choose to fight solo or fight all of us. If you win, you can leave.” Tian Guangming smiled.

“What solo? What group battle?” Hope flashed in his eyes. He would definitely choose solo.

“Solo means that we will all beat you up, group battle means you fighting all of us.”

“Damn!” Zheng Tu’s face twitched. He stared at Tian Guangming’s face and cursed.

## **Chapter 419: Don’t Leave If You Don’t Want To Leave!**

He was scolded for no reason. His expression changed and he shouted, “You actually dare to scold me. Brothers, chop him to death.”

Moon Angel looked at Tian Guangming and her cold gaze caused Tian Guangming to cough. She coughed, “Kill him, stop doing those useless things. Get the key.”

“Okay.” Archangel Gabriel agreed right away. He raised the Judgement Sword, stepping into the air and walking over.

“Wait, you can’t kill me.” Zheng Tu shouted.

“Why not? What background do you have that makes our Bank of the Universe fear you?” Tian Guangming mocked.

“I know where it is and you don’t. Even if you get the key, it’ll be of no use to all of you.” Zheng Tu shouted.

He wanted some breathing space to buy some time for himself.

But Archangel Gabriel didn't give him the chance at all.

*Keng!*

He pulled the sword out of its sheath. It had flames wrapped around it as it stabbed into Zheng Tu's body.

*Puchi!*

Zheng Tu looked at Gabriel with a stunned expression. He didn't understand and asked, "Aren't you going to ask me about where the god dynasty is?"

"There is no need because Tian Guangming is in charge of that." Gabriel replied coldly.

"If anything happens and we can't find it, that is his problem. I am only in charge of killing." Gabriel pulled out his own sword. He kept the twelve pairs of wings and stood in the air.

Zheng Tu looked over with a stunned expression. He covered his chest and his aura slowly turned weak.

Tian Guangming rushed over and said, "As long as we have the key, I will be able to guess its exact location. You are worth nothing at all. You can just die."

"Damn!" Zheng Tu used all of his strength to curse for the last time before dying.

"He scolded me twice." Tian Guangming was furious.

"There is nothing you can do about it. He is dead so you can only accept that." Gabriel said coldly.

"Forget it, since you are dead I won't argue with you. I hope that you don't meet me in your next life." Tian Guangming started to look through Zheng Tu's treasures.

He collected all of his celestial artifacts and also a spear technique that was compatible to one of the spears.

He also found many treasures. Out of all of them, there was one key with the mark of the God Race.

"This is the one, the Ancient God Dynasty's key that can open the Ancient God Dynasty." Tian Guangming said happily. He used a streak of true qi to destroy Zheng Tu's corpse such that nothing remained.

Who asked you to scold me!

Tian Guangming was someone who was petty.

“Can you locate the Ancient God Dynasty?” Lucifer asked.

“No worries. The Ancient God Dynasty location is recorded in this key. Whoever gets the key will know the location. For Zheng Tu to use such a method to live is just wishful thinking.” Tian Guangming said in disdain.

“Since you know it, then leave. Although it is easy to kill Zheng Tu, since I can sense it, people from Wandering Cultivator Alliance can sense it too. It seems like they will be heading over soon.” Lucifer frowned.

This place wasn't far from Wandering Cultivator Alliance. They might not notice it but as time gets longer, they would definitely find out.

“Then, let's go. Only Jing Chuan can notice us, he treats me well so let's not fight with him.” Tian Guangming said right away. He didn't want to fight with Jing Chuan.

“Let's go.” Lucifer led the way and left.

The other people left too.

A minute after they left, a person flashed over. Looking at the energy waves around, he frowned and muttered, “Did Zheng Tu meet trouble?”

If Tian Guangming was here, he would be able to tell that this person was Jing Chuan. The Alliance Leader of Wandering Cultivator Alliance.

...

Near the ocean, the bunch of them took the whole night to appear at the edge of the ocean, 100,000 miles away from Wandering Cultivator Alliance.

“Ancient God Dynasty is on the ocean.” Tian Guangming said firmly.

“Are you sure?” Michael asked.

“I am sure.” Tian Guangming said confidently.

“Then, let's go. Solve it and then bring the treasures back to let Master break through.” Lucifer said.

Li Xiandao's subordinates all knew that he needed large amounts of resources to get to Emperor Realm.

Not long ago, Heaven Heart, Lucifer, Northern Region Lord and the old priest joined hands to attack Li Xiandao. The outcome was quite tragic. They didn't even touch his body and was swept by his sword energy.

This outcome told them that even though they were of similar realms, but the difference in strength was enormous.

What shocked them was that Li Xiandao was still unable to get to Emperor Realm. This made Lucifer remember that Li Xiandao lacked energy and resources.

Once he got them, Master would be able to break through.

Lucifer wanted to get large amounts of resources for Li Xiandao. This Ancient God Dynasty treasure was a good chance.

The bunch of them flew above the ocean and very quickly came to the location that Tian Guangming specified.

But there was someone waiting for them here.

Five emperor realm experts. When they saw Tian Guangming's arrival, they looked at one another.

"Didn't Zheng Tu say that we were the only ones invited?"

"This person even said that if there were too many, it would be hard to control and would cause internal strife."

"We were played. That person couldn't trust us and found another group to keep us down."

"The four of them are emperors and they can counter us but what is the point of bringing this Grandmaster Realm person?"

"Maybe he is trying to break through?"

Five emperors had their own guesses. They stared at Tian Guangming and the others.

"They are the helpers that Zheng Tu invited." Tian Guangming looked at them and instantly guessed their identities.

"Chase them away." Lucifer said coldly.

"Let Gabriel and I walk over." Michael said calmly.

“No, let’s go together. Let Tian Guangming open it up and I will tell them to leave. If they don’t, then I will kill them.” Lucifer shook his head and said coldly.

“Then, let’s do it.” Moon Angel walked to the bunch of emperors.

“We have already killed Zheng Tu. All of you can leave now.” Moon Angel said coldly.

“What?”

“You killed Zheng Tu, then what about us?”

“Since you killed Zheng Tu, then the key must be on your body. Let’s search for the treasure together.”

“Right, there is no chance if you want us to leave just like that.”

The five emperors laughed coldly and didn’t bother about Moon Angel’s warnings at all.

“Since you don’t want to go then don’t.” Lucifer pulled. The sky changed color as two emperors were covered in his light and darkness space.

“Kill!” Moon Angel said coldly. Full Moon started to shine sharply.

On the endless ocean, Tian Guangming was focused on summoning the Ancient God Dynasty while Lucifer and the others fought.

It shouldn’t have been described as a fight.

It was a massacre!

Moon Angel and Lucifer were massacring them.

## **Chapter 420: Heart Turned To Stone!**

Tian Guangming was trying his best to summon the Ancient God Dynasty.

In the last eon, the god dynasty fell and the god race broke apart. A dynasty collapsed and not many people survived.

Even the top experts in the Angel Race all fell and only their god divinities were left.

A portion of the god dynasty fell into the ocean. The key that hung on the door broke free and flowed away onto Zheng Tu’s body and now onto Tian Guangming’s hand.

Tian Guangming dove into the ocean to search for a portion of the Ancient God Dynasty.

Since the key was leading the way, it wasn't very difficult to find it.

When Tian Guangming found it, the battle on the surface of the ocean had ended.

Five emperors had no way to fight back in front of the four angels.

Lucifer fought one against two, easily killing them. The remaining people all died too.

"Come down quickly. Help me open the Ancient God Dynasty's entrance." Tian Guangming shouted.

The four angels headed down. They saw that in the endless deep ocean, a blue palace stood tall.

The palace had the obvious god race style and on it were many angel drawings curved on it. They were really life like and there were others of the other races.

The palace wasn't huge. In the depths of the ocean, it withstood huge pressure. Who knew how many years passed as it hadn't moved at all?

In front of the entrance, the few of them looked at Tian Guangming.

Tian Guangming pointed to the words on the palace.

The five of them merged with the god race angels and apart from Tian Guangming, the rest of them knew god race words.

"God Medicine Hall!" Lucifer recognised the words on the building and said.

"It is obvious that this is Ancient God Dynasty's medicinal all. It broke away from the Ancient God Dynasty and fell into this ocean and have been laying in rest here until now." Battle Angel Michael's voice transmitted into their ears.

"Since it is the God Medicine Hall, then there are definitely many ingredients that can help me reach Emperor Realm." Tian Guangming got really emotional.

He called out for Lucifer and the others to help. He couldn't open this alone.

Although he had the key, the entrance was still hard to open. First was the ocean's pressure. This was the depths of the ocean and the pressure was huge. To open the dozen over meter door required immense strength.

Tian Guangming tried but his strength was far from it.

The four angels combined their strengths to try to pull the palace door.

*Hong long long!*

At the depths of the ocean, a loud rumbling sound spread out. The ocean started to bubble and the immense pressure was being pushed back.

Normal people couldn't open it.

Luckily, Li Xiandao sent the four angels. They worked together to slowly pull open the gate of the God Medicine Hall.

To prevent water from entering, Tian Guangming laid out a waterproof formation.

Behind it, what one saw was an endless sea of treasures.

Those treasures all had a mind of their own. Under the leadership of Little Kid Ginseng, they all looked on curiously.

"Little Kid Ginseng, are these the helpers that you found?" A Dragon Blood Tree asked.

"Are you sure they won't hurt us?" A million year spiritual tree said.

"Little Kid Ginseng, our lives are all on you. You mustn't hurt any of us." A celestial peach said.

Little Kid Ginseng suddenly felt huge pressure on his body.

"Don't worry. I have negotiated with someone and the people who enter are definitely on our side." Little Kid Ginseng could only be firm on his thoughts.

Under their gaze, the door was opened and five people walked in.

"Who is Little Kid Ginseng?" Tian Guangming shouted.

"Me, its me." Little Kid Ginseng said emotionally.

"Master told me to get you. Do you know about that?" Tian Guangming asked.

"I do, the Bank of the Universe's Master is really a trustworthy person." Little Kid Ginseng's face turned red. He looked at the look of envy from everyone else and also his goddess, Sister Ginseng's shy gaze, he felt really happy.

"Since that is the case, then all of you prepare and I will bring all of you away. Also, clear this place up." Tian Guangming said right away.

“How are we going to leave?” Little Kid Ginseng asked.

Tian Guangming looked towards Lucifer.

He didn't know either.

The key was that there were too many treasures here and if they were not careful and damaged some, it would count as Li Xiandao spoiling the contract.

Lucifer contacted Li Xiandao.

“Don't rush, the Bank of the Universe will head over. I will bring them in.” Li Xiandao replied quickly.

Lucifer said towards Tian Guangming, “We will settle this. Take a look around to see if you have any luck that can help you break through.”

Tian Guangming didn't deny it. He passed the job of calming down Little Kid Ginseng to Lucifer and the others and he himself got busy.

This was a God Medicine Hall which was why there were so many herbs. 100-year-olds were a small sprout here, 1,000-year ones were babies, 10,000 years were teens and those at a million years old were adults...

Only by reaching a million years old would one have a chance of birthing intelligence.

It was also not a sure thing!

There was no other reason other than the chance being too low. If someone else took it, then you wouldn't be able to.

This was why in this god hall, there were millions of herbs, there were so many that they couldn't be counted but there were only a few hundred intelligent ones.

Tian Guangming looked at those million year old and even ten million year old herbs and started to drool.

But he felt like these weren't helpful to him.

There was something else that was.

Tian Guangming was helpless and continued to search.

He searched for half a day, flipping the entire god hall and still not finding anything.

The drawings on the wall, the stone in the corner, the light on the ceiling. Tian Guangming searched everything but still didn't notice anything.

Where was it?

"Are you looking for this?" A small tree ran over and passed Tian Guangming a stone.

Tian Guangming was stunned and asked, "What is that?"

"A stone that can jump." The tree replied.

Tian Guangming took it and looked on as the small sapling left. He carefully sized up the stone.

*Putong, putong, putong.*

The stone gave out a low voice, like that of a human heart. It beat intensely which caused Tian Guangming's heart to beat along with it.

At that moment, Tian Guangming's blood started to boil.

He turned red and his strength increased by a little.

"This stone is it." Tian Guangming said emotionally. He held it and didn't want to let go.

This wasn't a stone!

It was a transformation stone!

Heart Transformation Stone!

Tian Guangming was sure that this was the heart of one of the god race experts that had turned into a stone. The heart of an invincible expert.

Even after turning into a stone, it could give out such terrifying sounds which affected his blood.

If this was placed in the dantian, wouldn't it be able to activate the blood in his body?

Would his cultivation continue to swell upwards?

Thinking about that, Tian Guangming was really excited. Along with his talent, undying body and extremely quick recovery speed.
