

Bank of the Universe

Chapter 511: Questioning!

Tian Guangming carried the Celestial and exited the Everlasting Life Dynasty carefully.

No one noticed them.

Like Tian Guangming had said, the Everlasting Life Dynasty had been at peace for too long and their psychological defences were relaxed.

In their minds, it was impossible for people to dare to charge into Everlasting Life Dynasty, much less kidnap someone from within.

That was just total nonsense.

But Tian Guangming did it and was able to exit safely. This made the Celestial whose soul had come to the lower world really furious. His eyes were filled with rage that burned bright.

But that was all he could do.

Tian Guangming didn't ask him for his opinion and just carried him back to the Bank of the Universe like that.

Within the Bank of the Universe, Li Xiandao was looking at the Weapon Crafting Mountain Range. Nether Purple Mountain was turned into a purple long sword. Like a shining crystal, it was really eye-catching.

Purple Crystal Sword!

This was the name that Li Xiandao gave it. The mountain spirit of Nether Purple Mountain had woken up. Like before, it was just a small kid and really cute.

"Master, please give me a drop of blood. I will help you imprint yourself in the core of the purple crystal sword." Weapon Crafting Mountain Range gave out a rumbling voice.

Li Xiandao immediately forced a drip of essence blood which flew into the Weapon Crafting Mountain Range.

Hong!

Within the Weapon Crafting Mountain Range, flames burned and wrapped up Li Xiandao's blood, sending it into the purple crystal sword.

Crack!

Within Purple Crystal Sword, numerous formations and celestial seals exploded and swallowed up Li Xiandao's essence blood.

Li Xiandao instantly sensed it and his heart was connected to the Purple Crystal Sword.

The feeling of being connected by blood was really magical and it gave Li Xiandao a sense of familiarity.

"Come sword!" Li Xiandao reached out and said firmly.

The Weapon Crafting Mountain Range's blazing flames extinguished. A purple colored glow flashed across the sky. It was really eye-catching and a purple colored sword was revealed from within.

It flew into Li Xiandao's hands.

Hong!

The Purple Crystal Sword's aura suppressed that of the white clouds, the mountains, and the thick fog.

The strength of the Celestial Artifact spread out in the region.

Li Xiandao grabbed it and played around with it. He felt Purple Crystal Sword's strength and was really satisfied.

Purple Crystal Sword was not weaker than Great Ancient Fallen Star. These two celestial swords were perfect for Li Xiandao. He would use different swords for different enemies.

"Are you satisfied?" Seven smiled and asked.

"Very, this Purple Crystal Sword is really suitable for me." Li Xiandao was really happy.

"It is good that you are happy. It has been a long time since Weapon Crafting Mountain Range crafted anything. Now it's used all of its powers to craft it, so the quality of Purple Crystal Sword must be better than expected." Seven took the Purple Crystal Sword and touched it. She praised.

Li Xiandao was satisfied, "I am really happy with this sixth mountain. It is time to work hard to unlock the seventh one."

Li Xiandao used up all the treasures he accumulated to unlock the sixth mountain peak. The Bank of the Universe only had the most basic items left.

These basic things just helped to ensure that the Bank of the Universe could operate as per normal.

So he needed to receive more guests and also deal with the contracts from Heaven Sky.

Speaking of guests, Tian Guangming brought Changsen Men back.

More accurately it was Changsen Men but his soul was consumed by someone else. The current Changsen Men was not the one from before.

Peng!

Tian Guangming tossed Changsen Men on the ground and said, "Master, I have brought him here. This Celestial consumed Changsen Men and caused your contract to fail."

The Celestial that took Changsen Men's body looked around in shock. After seeing Li Xiandao, he opened his eyes in terror.

Li Xiandao's aura was even thicker than his teacher's.

His teacher was a Celestial World expert. Where was Li Xiandao even?

Nine Skies and Ten Lands!

How was that possible?

"You... Who are you? Why can't I see through you?" The Celestial asked in terror.

Li Xiandao said coldly, "I am the Master of the Bank of the Universe. You took the body of my guest. Aren't you going to give me an explanation?"

As for why he couldn't see through him?

In the Bank of the Universe, anyone could see through Li Xiandao if they wanted to. If he didn't, then even if the Master of the Celestial World came, he wouldn't be able to.

It was normal that this Celestial couldn't see through Li Xiandao.

"Your guest?" The Celestial was stunned and said in shock, "Changsen Men was your guest?"

“Right. The Bank of the Universe signed a contract with him and he owes us many things. Now that you’ve taken his body and he’s died, the contract has ended.” Li Xiandao looked at him angrily.

“I can compensate you.” The Celestial was afraid. This was his weakest stage and he just wanted it to drag on.

“No need, I have thought about how you are to compensate me.” Li Xiandao said calmly.

“How?” The Celestial suddenly had a bad feeling.

“Rip your body up with five horses, skin you alive, liquidify your head...” Li Xiandao said many things at once.

“What is that?” The Celestial trembled and asked.

“It is to open a hole in your head and pour in quicksilver. The quicksilver will separate your skin from your flesh. It will be really painful and you will understand what it is like for your heart to feel cold.” Tian Guangming explained.

The Celestial was silent. He couldn’t help but think about how he was so unlucky...

“I can compensate you with many things. I am a Celestial and I’ve come from the Celestial World.” The Celestial kept silent for a while before saying anxiously.

“I know.” Li Xiandao said simply.

“You know?” The Celestial was stunned.

“I eavesdropped on your conversation with your teacher.” Tian Guangming was delighted.

The Celestial was stunned.

“I know that you are a Celestial and I know that you’ve come for the key and also Emperor Gouchen.” Li Xiandao continued.

“Then, you should know that I have many treasures. I can give you many things, you just need to release me.” The Celestial argued for himself.

“You stole a soul and you can’t bring things down from the Celestial World. You have nothing now. Do you think I do not know that?” Li Xiandao looked on coldly.

The Celestial was speechless. Li Xiandao was right. He had nothing now and only had a life celestial artifact.

“Do you recognize this?” Li Xiandao took out a key and asked calmly.

“This is... Celestial Gate’s key! !” He opened his eyes wide and looked at Li Xiandao in disbelief. He felt as if he was struck by lightning.

“Right, so you don’t have to head to Cold Moon Sky. You don’t need to find in Heaven Mountain. The key is in my hands and you won’t be able to take it away.” Li Xiandao smiled.

“Who are you?” The Celestial asked in disbelief after the shock disappeared.

He felt like he was being played by Li Xiandao.

“I... A Nine Skies and Ten Lands person. Tell me where is Emperor Gouchen?” Li Xiandao asked.

Li Xiandao wanted to find Emperor Gouchen. He wanted to recruit him, so after he entered the Celestial World, he could have a top Celestial Dynasty expert as his subordinate.

Chapter 512: Locking Up Zhang San!

Li Xiandao wanted to know about where Emperor Gouchen was and if he had the chance to, he would try to recruit him.

But the Celestial shook his head, “I don’t know where Emperor Gouchen is.”

Tian Guangming frowned, “You don’t know?”

“You don’t know but your teacher told you to find him?”

“If you don’t know, then won’t you be finding a needle in a haystack?”

Tian Guangming’s questioning made the Celestial open his eyes wide. He tried to defend himself, “I don’t know. My teacher told me to find Emperor Gouchen because once I get the key, I’ll be able to open the Celestial Gate and draw Emperor Gouchen over.”

Tian Guangming looked at Li Xiandao right away.

Li Xiandao looked at the key in his hands and asked, “So you are saying that if you get the key and open the gate, Emperor Gouchen will appear?”

“Right. If Emperor Gouchen’s reincarnation wants to enter the Celestial World without being found, he has to go past the Celestial Gate. If he ascends by flying, he will definitely be monitored by Celestial Dynasty.” The Celestial nodded.

“Why was he noticed?” Tian Guangming asked.

“That is because his body will have the lord’s divinity and if he enters Celestial Dynasty, he will be noticed.” The Celestial explained.

“So if he doesn’t want to, he has to enter from the Celestial Gate.” Li Xiandao understood.

“Right, this is the reason why I had to get the key in advance.” The Celestial sighed.

“But now that the key is in your hands, so you can open the Celestial Gate. Once you do, Emperor Gouchen will definitely come.” The Celestial suggested to Li Xiandao.

Li Xiandao didn’t believe him and just looked at him calmly. He asked, “Emperor Gouchen has a noble status, so why would he come to the Nine Skies and Ten Lands?”

Seven looked at him curiously. She too wanted to know the reason.

Emperor Gouchen, one of the four lords of the Celestial World, was a true top expert.

For such a person to choose to restart his cultivation, something must have happened.

Tian Guangming was also really nosy and he too wanted to know.

The Celestial shook his head, “I don’t know the exact situation either.

But I know that it happened 1,000 years ago. I wasn’t born then and I just heard that Emperor Gouchen and the ruler weren’t happy with one another. They fought and he was defeated. His body was shattered and only a part of his soul escaped to the Nine Skies and Ten Lands.”

Emperor Gouchen and the Ruler fought and he lost. A part of his soul escaped into the Nine Skies and Ten Lands?

Li Xiandao asked, “How true is that?”

The Celestial shrugged, “I am not sure. Anyway, Emperor Gouchen’s name is a banned word in Celestial Dynasty. My teacher is someone from their judicial squad and he wants to kill Emperor Gouchen.”

“Your teacher is from their judicial squad?” Li Xiandao frowned.

“Right, I managed to be his student after paying huge amounts of treasures. But he didn’t pay attention to me and he just used me. Moreover, I only call him teacher and not Master.” The Celestial sighed and he felt really crestfallen.

“Why is your teacher so certain that you can kill Emperor Gouchen?” Li Xiandao asked.

“That is because he prepared a huge team. As long as I opened the Celestial Gate, they can come down and lay out a Heaven Slaying Star Fighting Formation to kill Emperor Gouchen.” The Celestial didn’t hesitate to say what he knew.

But his current situation was not good. If he didn’t say it or if he said something fake, and if Li Xiandao was angry, he would be unlucky.

So, he to not hold back and answer every question they asked.

Li Xiandao thought about it and said, “You are really honest. Tell me, how would you like to die?”

The Celestial shuddered and shouted, “I have tried my best to help you. I don’t want to die, is there any other choice?”

The Celestial didn’t want to die. When he was in the Celestial World, he was a talent with some future. Even if he didn’t go back and cultivated in Nine Skies and Ten Lands he could have a good life. He didn’t want to die.

Li Xiandao thought about it and said, “Okay, I shall give you a choice.”

“Okay.” The Celestial’s eyes lit up in gratitude.

“Pass your soul core to me and from now onwards you will be my prisoner.” Li Xiandao said calmly.

“This...” The Celestial looked at Li Xiandao with a complicated expression. What choice was that? If he didn’t die, then he would be a prisoner.

“Then die.” Li Xiandao took the Purple Crystal Sword from Seven. The sword laid straight in the sky and the cold sword energy pointed forwards, making the Celestial’s neck hurt.

“I choose the second option. Master, please accept me as your slave. I will give you everything. Even if you want to use me to be happy, just don’t lock me up.” The Celestial shouted. He lowered his head and actually raised his butt.

He was prepared to sacrifice himself.

Li Xiandao's face turned black and he was annoyed, "Who wants you? I won't take you as a slave. Hand over your soul and then just be a prisoner or I shall shatter your soul core."

"Okay, okay." The Celestial didn't dare to say anything and just handed his soul core over.

Li Xiandao kept it and said, "What is your name?"

From start to finish, Li Xiandao didn't know what his name was. Now that the problem was solved, he had to find out.

"Zhang San." The Celestial said.

"Such a basic name?" Tian Guangming was shocked.

"My parents gave it to me. My parents aren't cultured, so they named me according to the sequence of birth. The eldest is Zhang Da and I am the second, Zhang San. There is also Zhang Si and Zhang Wu, etc..." Zhang San said helplessly.

"There are so many in your family?" Tian Guangming giggled and said.

"All of them are gone. There are a bunch of corpses on the road to cultivation. I am 250 this year and their bodies have long turned into bones." Zhang San sighed and said.

"That is quite tragic." Tian Guangming understood that feeling. He was an orphan with no surviving family members.

Zhang San and Tian Guangming started to talk about such sad things in front of Li Xiandao.

Li Xiandao frowned and said calmly, "Tian Guangming, if you want to talk then go down. From now onwards, Zhang San will be imprisoned in the Bank of the Universe and won't be allowed to head out. I don't care about anything else."

"Understood, Master!" Tian Guangming nodded.

"Bring him down." Li Xiandao waved.

Tian Guangming immediately brought Zhang San down. Zhang San spoke the truth and Li Xiandao didn't treat him too badly. He was locked up in the Bank of the Universe and apart from not being able to head out, there were no restrictions.

Tian Guangming brought Zhang San away and maybe because they were both alone, Tian Guangming built a house beside his own for Zhang San.

“You can just stay here. I carried you in so for you to stay near me, it has to be fate.” Tian Guangming said.

“What kind of person is your Master? What is this place? I can’t sense the Celestial World.” Zhang San asked curiously.

“My Master is the noblest person in the world. He is the strongest person and the best Master. Naturally, you will know if you come into contact with him. As for being unable to contact the Celestial World, of course, you aren’t able to do so. This is the Bank of the Universe’s main camp.” Tian Guangming said proudly.

Chapter 513: Lady Ah Qing Appears Once Again

Li Xiandao didn’t worry that he had imprisoned someone who came from the Celestial World.

On the contrary, he knew that there were many people in the Celestial World that thought a lot about the Nine Skies and Ten Lands. They wanted to get Celestial Gate’s key.

After fiddling around with the Celestial Gate key, Li Xiandao kept the Purple Crystal Sword into his body and nurtured it in his own consciousness. Great Ancient Fallen Star was placed in his dantian and they didn’t affect one another.

“There will probably be many Celestials who come down so as to get this.” Seven said.

Li Xiandao spun the key around and said, “The Celestial Gate will be opened but definitely not now.”

Seven agreed with Li Xiandao’s words.

The Celestial Gate was closed and it would be tough for people from Nine Skies and Ten Lands to fly up.

Since the Celestial Gate was closed, there were few who ascended. All of them were people who suppressed the whole generation.

But even so, many would fail and die...

The Celestial Gate was closed and the path upwards became narrow. Li Xiandao had to unlock it.

The current Nine Skies and Ten Lands couldn't be compared to the Celestial World. To close the Celestial Gate forever would mean wiping out the last bit of hope for Nine Skies and Ten Lands.

When Old Man Tianchi and the others closed the Celestial Gate, it was because the Celestial World were bullies and were ripping the Nine Skies and Ten Lands off. So they broke the connection between Celestial World and the Nine Skies and Ten Lands.

Since they were unable to deal with Celestial World, they didn't contact them and they just developed on their own.

They had no choice but to do that.

Li Xiandao looked at the key and said solemnly, "Unfortunately, I am not Old Man Tianchi."

Old Man Tianchi was strong but his strength was only relative to Nine Skies and Ten Lands. He wasn't strong in the Celestial World and wasn't able to change how they treated the Nine Skies and Ten Lands.

But Li Xiandao would definitely head up to Celestial World. So all of these things weren't his problem.

Since he could open the Celestial Gate, he could ensure that people from above couldn't head down and interfere in Nine Skies and Ten Lands matters.

Li Xiandao firmly looked at the key.

At this time, Seven smiled and said happily, "There is a guest."

Li Xiandao kept the key and asked, "What is the guest's background?"

"It's someone you are really familiar with." Seven's eyes lit up.

Li Xiandao shook his head and didn't believe Seven, "I've just come to Human Celestial for a few days and I don't even know a single person. Changsen Men was my first guest and his body was stolen. Who else could I possibly know?"

"Are you sure?" Seven gave him a smile that didn't look like a smile.

"I am sure." Li Xiandao nodded his head confidently.

"Then, let me ask you. When you took over the Bank of the Universe, do you still remember the first few guests you met?" Seven asked.

Li Xiandao smiled, "So few years have passed, so of course, I remember."

“Tell me about them.” Seven was going to test him.

“The first guest is the Li Family old ancestor.” Li Xiandao remembered very clearly.

“The second guest is Lady Ah Qing.” Li Xiandao couldn’t forget about this at all. She failed to break through and trade for 100 years of lifespan.

A few years have passed only, so how would Li Xiandao forget about that?

Wait...

Li Xiandao was shocked as he looked at Seven. He said slowly, “Are you talking about Lady Ah Qing?”

Lady Ah Qing who had reached the realm required to ascend 3,000 years ago.

The Lady Ah Qing who swore that she would wipe out the experts.

The one who said she wanted Celestial World to know that the Nine Skies and Ten Lands was strong.

After that deal was done, she appeared once and helped Li Xiandao.

One could say that when Li Xiandao was at his weakest, Lady Ah Qing helped him once. Until now, Li Xiandao remembered that in his heart.

If it was really Lady Ah Qing, then it was indeed someone he was familiar with.

Those acquaintances in the past were fake. Only Lady Ah Qing was genuine.

Li Xiandao looked at Seven in hope.

Seven also knew that Ah Qing had helped Li Xiandao, so she knew that Li Xiandao was a little emotional.

She wasn’t angry or jealous. Instead, she was actually excited. They were happy together and both smiled.

“I said that it was an acquaintance. But unfortunately, it isn’t Ah Qing herself.” Seven shook her head regretfully.

Li Xiandao was stunned, “It isn’t her herself?”

“What do you mean?” Li Xiandao asked curiously.

“The guest is her disciple.” Seven said.

“Ah Qing took in a disciple.” Li Xiandao calmed down and collected his thoughts, “Please enter, I will welcome him.”

Seven nodded. She would personally receive the guest.

Li Xiandao went to take a bath and change. His white clothing was like snow. His expression was cold and he looked at the mask. He thought about it and decided to put it down again.

When he was weak, he had to wear the mask so as to not cause trouble.

Li Xiandao didn't care anymore. He didn't bother about wearing masks anymore.

He walked into the Trading Hall. Li Xiandao didn't sit down and just stood with his arms behind his back. He stood in the center of the hall.

Very few people could affect his mood and Lady Ah Qing was one of them.

Li Xiandao didn't love her but he was just shocked and worshipped her.

To this day, Li Xiandao remembered when he had no cultivation at all, he heard that Ah Qing was someone who failed her tribulation and she actually wanted to fly up to the Celestial World...

At that time, Li Xiandao's worship of Ah Qing was etched deep in his heart.

Until now, Ah Qing's cultivation was still higher than Li Xiandao's.

Li Xiandao's cultivation rose up like a rocket but he still fell behind her.

This was the reason he worshipped and respected her.,

Lady Ah Qing really shocked Li Xiandao's weak heart. Until now, that shock hadn't lessened at all.

So Li Xiandao looked forwards to meeting Lady Ah Qing's disciple.

In just a moment, Seven brought a little boy in.

He was just five or six and was really thin. His skin was a little black. Only his eyes were shining bright, making him stand out from others.

He walked in front of Li Xiandao with his fist clenched. He was really nervous but he tried to calm himself down, “Are you the Master of the Bank of the Universe?”

Li Xiandao asked curiously, “You know me?”

“My Master talked about you before.” After Li Xiandao admitted it, the boy heaved a sigh of relief and knew that he had found the right person.

“Who is your Master?” Li Xiandao’s eyes shone bright and he asked.

“My Master is Ah Qing. My Master said that the Master of the bank should know her name.” The boy said.

“I know, then what is your name?” Li Xiandao nodded and asked.

“Jin Jiu is my name. It’s the name Master gave me.” Jin Jiu replied. Hope flashed in his eyes as he stared at Li Xiandao without blinking.

“When did your Master accept you?” Li Xiandao asked.

“Two months ago when she came to Heaven Sky. It was fate that she took me in. I am her first and last disciple. This was what she said.” Jin Jiu said proudly.

Chapter 514: One Contract!

Within the silent Trading Hall, Li Xiandao and Jin Jiu stood opposite one another. The sunlight cast long shadows of both of them.

Li Xiandao looked at Jin Jiu and then walked to his seat, “Your Master told you to find me?”

Jin Jiu nodded, “Master said that you can help us.”

“Sit down and speak slowly.” Li Xiandao reached out and invited.

Jin Jiu listened and sat down but he still looked at Li Xiandao anxiously.

“Is your Master in trouble?” Li Xiandao asked.

“My Master is trapped in the college.” When Jin Jiu talked about it, he started to become really anxious.

“College?” Li Xiandao looked at Jin Jiu in confusion.

“Celestial College, in Heaven Sky it is a top faction. The college develops many talents each generation and the college dean is the most intellectual person in Heaven Sky.” Jin Jiu was really anxious and clearly said the message.

“Celestial College has trapped Lady Ah Qing?” Li Xiandao didn’t understand. The two factions shouldn’t have any relation with one another.

“Why?” Li Xiandao asked.

“Master doesn’t want to ascend but they are forcing her to.” Jin Jiu gritted her teeth.

Li Xiandao frowned, “Why are they forcing her to ascend?”

Lady Ah Qing had failed to ascend because her mentality hadn’t reached the level required. She reached the final level but still failed.

But even then, she still had top talent and strength.

When the Celestial Gate was closed, there weren’t many who succeeded in ascending. Lady Ah Qing reached the final stage and nearly did it.

It was not because she was not strong but because she had regret in her heart.

If she didn’t overcome this regret, she wouldn’t be able to ascend.

Her strength had long reached the limit. As long as she fulfilled her regrets she could ascend at any time.

She still had over 90 years of time, more than enough to improve herself.

So, she wasn’t in a rush to ascend.

But now, Celestial College was forcing her to ascend. They even locked her up. What was the reason?

Jin Jiu gritted her teeth, “I don’t know the exact situation but others said that they want Master to open up the Celestial and Mortal Pathway to show them how difficult it was to ascend.”

Li Xiandao frowned. They wanted Lady Ah Qing to test out the strength of the heaven tribulation for them.

“Can’t they wait?” Li Xiandao asked.

“No. They are all really fierce and force my Master to ascend within three months.” Jin Jiu shook his head.

“Why did your Master go to Celestial College?” Li Xiandao asked curiously.

“Because she studied there in the past and she was invited back. Who knew that such a thing would happen? What nonsense Celestial College... They are just a bunch of fake people, forcing a girl to ascend.” Jin Jiu was furious.

Li Xiandao roughly understood what was going on.

But he still had to understand some details.

“Your Master gave you the watch?” Li Xiandao continued to ask.

“Right, when my Master was locked up, she told the Celestial College to let me out. She gave me a watch and told me to crush it when I was in danger. She said I would find the Master of the Bank of the Universe and trade with him to save my life.” Jin Jiu said honestly.

“So, are you in danger?” Li Xiandao asked.

“No, but I am also imprisoned in a small courtyard in Celestial College and can’t head out. I had no choice but to shatter the watch and come here.” Jin Jiu shook his head.

“This is Bank of the Universe. We can trade anything. Tell me what you would like to trade.” Li Xiandao said calmly.

“I want you to save my Master.” Jin Jiu said without hesitation.

Li Xiandao nodded. As expected, he couldn’t save a person without compensation.

“What price can you pay for you to save my Master?” Li Xiandao asked.

Li Xiandao was indebted to Ah Qing, so Li Xiandao would save her.

But he would do so in his personal capacity.

Now that Jin Jiu shattered the watch and came to the Bank of the Universe to tell Li Xiandao to save his Master...

This was work!

In terms of work, Li Xiandao wouldn’t give leeway. He would charge as much as it was worth. So, Li Xiandao was looking at Jin Jiu with a calm expression.

Li Xiandao also decided that even if Jin Jiu couldn’t pay a price and the trade didn’t go through.

He would save Ah Qing as a friend.

That was he himself and not the Bank of the Universe.

This wasn't greed. But Li Xiandao was being professional.

Jin Jiu looked at Li Xiandao and asked, "What do you need to save my Master?"

"The price is different for different people. Your Master is trapped within a top faction. To save her you have to pay a lot. So, if you can't take out huge amounts of treasures, I can't agree." Li Xiandao said.

"Is an Ancient Demon's treasure enough?" Jin Jiu said solemnly.

"Ancient Demon's treasure?" Li Xiandao's brow rose up. He was shocked that such a black and thin kid actually had an Ancient Demon's treasure.

"My grandfather left it for me. He went deep into the abyss and the demon world to notice the treasure. But he wasn't able to take it and drew a map which he gave to me." Jin Jiu collected his thoughts and told Li Xiandao about the background of the treasure.

"Your grandfather went deep into the abyss?" Li Xiandao asked.

"Right, my grandfather was from the same era as Master. My Master was my grandfather's senior. My grandfather died two months ago and before he died, he passed me to her." Jin Jiu gritted his teeth. No matter what price he had to pay, he had to save his Master.

"Where is the map?" Li Xiandao reached out.

"Here." Jin Jiu passed a piece of leather that was soaked in butter to Li Xiandao.

On it, there was a clear map and the destination was the Ancient Demon's treasure.

"How is it, can you save my Master with this?" Jin Jiu asked anxiously.

Li Xiandao looked at the map and was in deep thought.

He didn't know how many treasures were in this place. Logically speaking, Li Xiandao should have rejected it.

But looking Jin Jiu's anticipation and also the fact that it was bad luck if he failed his first two guests in Heaven Sky.

Moreover, if there was a huge gain from the Ancient Demon treasure, then Li Xiandao's deal would be a huge win.

So, Li Xiandao pointed and said, "Seven, prepare the contract and let him sign it."

Seven passed the prepared contract to Li Xiandao.

Li Xiandao took a look. No problem. He placed it on the table and then pushed it to Jin Jiu...

"Sign it, sign it and I will save your Master." Li Xiandao said calmly.

"Okay." Jin Jiu looked at the contract carefully and realized that it was written that he had to save his Master. He calmed down and signed it right away.

Chapter 515: Dean And Ah Qing's Conversation!

Celestial College was really famous in Heaven Sky and it was undoubtedly the top out of all the colleges.

The dean was a famous intellectual. He had taken charge of Celestial College for tens of thousands of years and it was still under his charge up until now.

Celestial College was situated on a wide stretch of secluded land. It was a huge, ancient college that took up a large area.

In the center was a building. At the top was a copper bell and beneath it sat a woman cross-legged.

Her hair danced in the wind and each strand was translucent. The girl was really beautiful but it was different from the softness of others. She had an aura that made one impressed and attracted them the moment they looked at her.

Noble!

She just sat there cross-legged and still seemed really arrogant. This was Ah Qing, a strong and beautiful woman.

"When one becomes old, one loves to talk about the past. I am no exception." An old man stood outside and looked at Lady Ah Qing.

Lady Ah Qing just looked at him and didn't say a word.

"I was the same as you when I was young. I was arrogant and as one of the founding ancestors of the college, I felt like I could compete with the Celestials above."

"So, I founded Celestial College and the five of us gave it that name. We wanted to develop new Celestials because we all failed to ascend."

“Since the Celestial Gate closed down, it was so tough to reach the Celestial World. We all failed. In fact, we didn’t fail just once; we failed until we lost all our confidence.”

“Third Brother always said: The moment one has no more confidence, one has nothing at all. Who knew when things started that I would actually decide to step on this path of cultivating random things which I had looked down upon in the past.”

“I just feel like not being able to see what Celestial World looked like made me feel really regretful.”

“100 years ago, second brother left and before he died, he pulled my hand. His words weren’t clear but he kept on muttering, heart energy, heart energy, heart energy.”

“I didn’t understand, was it so important?”

“I lost it and chose to cultivate random stuff and managed to survive. But none of the four of them did. They rather died than give up on their path. When the lightning hacked down, their heart energy was shattered, so why didn’t they give up on it?”

“I have been thinking over these years, what was the point? I lost it but I was still alive and I could live for a long time. I can also continue to work towards heading to Celestial World, so why didn’t they choose to restart?”

The dean’s questions reverberated in the building.

Ah Qing listened on but didn’t interrupt. After the dean finished, she said, “So, time will really change a person. There really will be people who would turn into the evil dragon after killing the evil dragon.”

“You really turned into what you hated the most.” Ah Qing sighed.

The old man smiled and was really bitter, “I have never tasted the feeling of the top but I know about the feeling of falling to the abyss. I looked at the four brothers of mine dying one by one. They were all so confident in the past and they looked down on the heavens. But now they died one by one in front of me.”

“Have you personally sent a loved one of yours off?”

“The five of us were like brothers. I sent them off one by one. I’ve already forgotten what second brother meant by heart energy?”

“It is something you have when you’re confident and it is something that I don’t agree with. It is also something that you hate the most.” Ah Qing said calmly.

The dean looked at her, “I have to admit, I see the heart energy that second brother mentioned in you. You are right; I hate it now.”

“So, you should agree with that Celestial who came down into the mortal world. Let me sacrifice myself and open the Celestial and Mortal pathway to send more Celestials down and imprison the Nine Skies and Ten Lands?” Ah Qing asked.

“How is it called imprisoning and enslaving for the weak to listen to the strong?” The dean asked.

“Like you said, the weak should listen to the strong. That Celestial restarted his cultivation and he will be able to ascend soon. Why didn’t he try and why does he want me to open that path up?” Ah Qing asked.

“That is because you are much weaker than me.” A stage nine young man walked in. He was really handsome but his aura was ice-cold. He didn’t like to smile and he was as solemn as an old man.

“Let me out and I will beat you up so badly that your mother won’t be able to recognize you. A reincarnated Celestial? You are just trash.” Ah Qing looked at him and said calmly.

“I know that you are strong and that you are a genius. Even the dean said that you were the strongest disciple to date. You cultivated for 3,000 years and I cultivated for only 30, so it is expected that I can’t beat you.” This young man was a reincarnated Celestial. He found the talent of his spirit and was the most talented disciple in this generation of the Celestial College.

Chang Qing!

Chang Qing and the dean each took one side, one persuaded and one threatened so as to make Ah Qing agree to ascend.

This was also because Ah Qing was too strong and if they really fought, Celestial College would definitely be destroyed.

The dean definitely wouldn’t agree to that.

He had lost his heart energy. The intellectual him knew that once the college was gone, his hard work over the years would all be for nothing.

So, he suppressed Ah Qing and that bell above her head was a really strong Celestial Artifact.

That bell seemed like it wasn’t doing anything but all of its celestial seals were activated to suppress her in the building.

She wasn’t able to leave it. She couldn’t move her body either. She could only move her mouth.

“Even if you try to hold on, you have to think for your disciple. I brought him back.” The dean said.

Ah Qing didn’t rage as imagined, but she just burst out laughing, “When did the top intellectual, the dean that has lived for so many years, actually end up using such despicable methods?”

“Aren’t you worried about your disciple at all?” The dean’s expression became ugly. Ah Qing’s insults made him really embarrassed.

“I prepared a way out for him, as for you, are you still so stupid?” Ah Qing looked at him in disdain...

“Right now, you love your image. You don’t care about anything else. It seems like your judgment has been clouded by the Celestial World and you can’t use your brain anymore. I really feel sad for you. 3,000 years ago, you could think for yourself. You judged and criticized the world and talked about your dreams. Time is like a river that splashes onto one’s body. We are like stone; some have our horns removed while some continue to stay strong.”

“Your four brothers all stand strong while you aren’t even worthy of recognition.” Ah Qing grinned. Her blunt words hurt the dean’s heart.

Chapter 516: Celestials Are Still People!

Ah Qing’s insults made the dean really furious but there was nothing he could do.

He wasn’t that intellectual and smart dean anymore. He became more stubborn and more afraid of death the older he got.

He didn’t want to die, so he decided to work together with Chang Qing to think of a way for people from the Celestial World to come down.

Since the Celestial Gate was closed and the key was nowhere to be found, he would let one person ascend and open up the Celestial and Mortal Pathway so that people from the Celestial World could seize this chance and head down.

Such an outcome made Ah Qing’s life really dangerous. If people charged in, they would incur the wrath of the lightning tribulation. Of course, Celestials could block it but what about Ah Qing?

No one cared whether she lived or died.

“As long as you open it and the Celestial descends, a small heaven tribulation isn’t much.” The dean took in a deep breath. He suppressed his rage and continued to speak.

Chang Qing said too, “Once it is open, you will have helped me a lot. My faction there will be really happy and they will respect you. With your talent, we will support you and help you improve.”

Ah Qing smiled, “Your words have no skill at all. You might not even succeed in lying to a kid much less me?”

The dean and Chang Qing looked at one another and saw the helplessness in each other’s eyes.

Ah Qing’s stubborn attitude made them really infuriated and there was nothing they could do about Lady Ah Qing.

They couldn’t kill her because she had to draw the lightning tribulation down by herself and open the pathway.

The dean took in a deep breath and said, “Ah Qing, you are the best disciple that I developed. I know that you are stubborn and I can’t convince you. Don’t blame me for being vicious. Jin Jiu is in my hands, I won’t harm him but I will throw him into the abyss. You do know how scary it is.”

Ah Qing’s expression changed.

The dean seemed to have made his mind up, “I don’t know what trump card you left for him but now I will bring him over. I will open the abyss in front of you and kick him in. I think your trump card won’t be enough, right?”

Ah Qing didn’t say a word. She looked coldly at the dean.

That intelligent dean had turned evil.

“Bring Jin Jiu over.” The dean and Ah Qing stared at each other and neither backed down. His calmness and her ice-cold gaze became a fresh comparison.

Chang Qing turned around and left and wanted to bring Jin Jiu over.

But he only took a few steps before he stopped.

“Why?” The dean frowned and asked.

“Jin Jiu... Came by himself.” Chang Qing hesitated and said.

The dean turned his head and looked.

There was a passage to the tower with maple trees on both sides. It covered the sunlight. The black and thin Jin Jiu walked over.

His expression was one of confidence and behind him there was one more person.

A tall guy with a straight back.

A calm and collected guy.

With each step he took, the dean and Chang Qing felt like the world was about to turn on its head.

* Hong!*

Li Xiandao's energy turned into a giant hammer which smashed down.

Both their expressions changed.

"Expert!" Chang Qing said solemnly.

"A person at only stage eight... How is his mental energy so terrifying?" The dean gritted his teeth and found it unbelievable.

Ah Qing saw Li Xiandao and her eyes lit up. She smiled, "I think you can't solve the trump card I left for Jin Jiu."

"This guy is your friend?" Chang Qing frowned and asked.

"A friend I met once." Ah Qing said easily.

"Stage eight Destiny, I will kill him." Chang Qing was confident. He was a reincarnated Celestial who had cultivated for 30 years and reached stage nine.

"I think that you won't be able to kill me." After Li Xiandao got close, he shook his head.

"You are too arrogant to charge into my Celestial College alone." The dean said coldly.

Li Xiandao looked at everything in the tower and said with a calm expression, "Since I am here, naturally, I don't hold any of you in high regard."

"So arrogant... Which faction are you from?" The dean frowned. He was worried that Li Xiandao had some highly respectable background.

There were a few factions that Celestial College couldn't offend in Heaven Sky.

So, he was really wary.

“Me? I just came to Heaven Sky and I don’t belong to any faction. I opened a bank that trades anything in the world. If you don’t die today, then I welcome you.” Li Xiandao said warmly.

“You have no faction and opened a bank of your own. How bold! You came here just like that. I don’t know if you are ignorant or fearless.” The dean smiled coldly. The stone in his heart landed on the ground. It was good that he wasn’t from any other faction.

“In your eyes, this is ignorance and fearlessness but to me, this is just normal. I came here to ask for an explanation for the kid.” Li Xiandao looked towards Jin Jiu.

“Explanation?” Chang Qing smiled in disdain.

“Did we do anything wrong?” The dean said coldly.

“Release my Master.” Jin Jiu gritted his teeth and shouted.

“Kid, that’s not something you can decide.” Chang Qing said in disdain.

“No, he can.” Li Xiandao retorted.

“You are sticking up for him?” Chang Qing stared at Li Xiandao with a dark gaze.

Although Li Xiandao’s mental energy threatened him, he was a reincarnated Celestial and his strength couldn’t be underestimated. He was also at stage nine, so he had nothing to fear.

“Right I am sticking out for him.” Li Xiandao nodded his head.

“Don’t you know that the bird that sticks out will be shot?” Chang Qing said viciously. He stepped out and numerous palaces appeared behind him. They were enormous and really terrifying.

Li Xiandao looked at his aura. He didn’t fear or worry and treated it as normal. Instead, he looked at Jin Jiu and passed his Purple Crystal Sword to him.

“Take it and open your Master’s locks.” Li Xiandao instructed.

Jin Jiu’s eyes lit up as he took Li Xiandao’s Purple Crystal Sword. He wanted to walk forwards but Chang Qing attacked.

“You want to head over when I am here, what a dream!” Chang Qing hollered in rage. He stepped over like a mountain. With a slap, the air shook and Li Xiandao and Jin Jiu were both covered.

Jin Jiu was so scared he couldn't move. He hugged Li Xiandao's Purple Crystal Sword and shivered...

When Li Xiandao saw this, he frowned and said coldly, "You are bullying a kid. Is that what a Celestial does?"

"Celestials are human too, so naturally, we have emotions and desires. Why do you think that Celestials must be righteous and not do human things?" Chang Qing said coldly.

Bank of the Universe - Chapter 517 - Li Xiandao's Fury!

Chapter 517: Li Xiandao's Fury!

Chang Qing was right.

Celestials were humans too!

Celestials weren't supreme gods at first but they were people who hid in the mountains and cultivated.

Celestials cultivated in the mountains alone.

That was the initial meaning of a Celestial but as time went on and the Nine Skies and Ten Lands weakened, the Celestial World rose up and looked down on common life.

Celestials were being respected and looked up to by many and were covered in a veil of glory.

Li Xiandao agreed, "Celestials were the same as us. The only thing was because their cultivation was a little higher, we envied them."

"Good that you know that, we have desires too: joy, anger, sadness, happiness. I am angry now. Since you are stepping out, I will kill you." Chang Qing scoffed coldly. His palm lit up and he pressed down with the giant palace which was on his back.

Even Jin Jiu was in range, he didn't care to let him off at all.

This strike was really fierce and really terrifying too.

But in Li Xiandao's eyes it was just so so. He flipped his palm and welcomed it.

Li Xiandao didn't have many tricks up his sleeves. He only had a clear target and terrifying power.

Hong!

The two clashed with one another. Li Xiandao's rumbling power exploded from his body and instantly destroyed a large part of Chang Qing's palace.

Although Li Xiandao was at stage eight, his strength far exceeded that realm.

Moreover, his strength was really terrifying. Chang Qing didn't expect that at all and took a loss. He was instantly sent flying by Li Xiandao.

Dong!

Chang Qing smashed onto the floor of the tower and the ground instantly shattered. Numerous pieces of stone shot around and even the ground was shaking like there was an earthquake. The ground shook and it was really scary.

Chang Qing's face flashed black and white as he coughed out blood. He looked at Li Xiandao in anger, "How are you so strong?"

That strength made his attacks into a joke.

In front of Li Xiandao, his attacks were just child's play. Li Xiandao instantly wiped them out.

"I told you that I am here to stand up for them. If I didn't have any skill at all, then why would I stand up for them?" Li Xiandao asked calmly.

"Are you really insisting on doing so?" Chang Qing climbed up. He held his chest and tried to catch his breath. He stared at Li Xiandao angrily.

"Today, I will ask for justice." Li Xiandao looked at the two of them and said with a powerful voice.

"Justice, justice, nonsense justice. The strong eat the weak in this world. You are weak and just deserve to be eaten. Millions of weaklings need justice, so can you afford to claim it all for them?" The dean scolded. His eyes were filled with a cold gaze.

Chang Qing smiled coldly, "This is the biggest joke I've heard this year. The world lives under the law of the jungle. You wanting justice for everyone is just such a joke."

Ah Qing looked on quietly.

What did Li Xiandao mean by justice?

Ah Qing looked at Li Xiandao and her eyes lit up with curiosity.

“The world is cold so you are cold too. Then someone else lit up a flame and gathered together to stay warm. You got angry so you destroyed the flame and beat them up. You also looked at them in disdain and became confused about why they went against the ice-cold world?” Li Xiandao said coldly.

“Our lives are like that of ants; we can still look into the sky and live in the mud but we mustn’t be used this. When you have no skills to change things and correct this world, then you must look at how others change things.” Li Xiandao looked at Chang Qing coldly.

“Don’t be afraid of others making change. You aren’t mocking me for asking for justice. You are afraid.” Li Xiandao was really aggressive and made it hard for Chang Qing to breathe.

Li Xiandao’s words provoked him and made him grit his teeth, “So, today you are going to die because of this justice.”

* Hong!*

Li Xiandao forced Chang Qing to attack. Even though he fell to Li Xiandao just now, now he activated all of his skills, techniques, and also used the Celestial soul.

Hong!

Chang Qing pointed forwards and a sharp light shot out from his fingertips. It was really eye-catching and gave out a terrifying light. It turned into a roaring ice dragon.

This distance was really short and it was so fast that there were no afterimages at all. Right after he attacked, it covered Li Xiandao.

Kacha!

But when the ice smacked Li Xiandao’s body, it shattered right away. Li Xiandao grabbed. His true qi was like a bunch of chains that wrapped forwards. He then shouted loudly, his voice like thunder.

Shatter!

In the air, the ice dragon ripped open. Li Xiandao used all of his strength. He didn’t dare to be careless at all. Chang Qing was a reincarnated Celestial and if he dared to be arrogant, Chang Qing might kill him.

* Peng peng peng!*

The true qi were like chains that trapped Chang Qing but he instantly broke free. He grabbed the air and pulled out a long spear. Numerous fire snakes flashed around and swept towards Li Xiandao.

Huge strength exploded out from the spear. It was really terrifying causing the space around to shake. The flame serpents were roaring in anger. Their faces were twisted and all of them wanted to swallow Li Xiandao.

Keng!

Li Xiandao took out his own treasure, Great Ancient Fallen Star.

He just smashed in the air. The Great Ancient Fallen Star and its terrifying pressure smashed onto the spear.

Hong long long!

The terrifying aura swept all around and affected the area miles around.

Buildings were destroyed and the college walls were turned to dust. The trees were uprooted, flying backwards and smashing into the ground.

Everything changed in an instant.

Suddenly, only the tower was perfectly fine. That was because there was a Celestial Artifact with all the celestial seals unlocked which was suppressing Lady Ah Qing.

The dean's clothing danced in the wind but he still stood up totally uninjured.

The dean looked at Jin Jiu. Under such strikes, he was perfectly fine too.

The Purple Crystal Sword protected him. It raised up a shield to block the attacks.

Ah Qing heaved a sigh of relief when she saw that.

Chang Qing's spear shook. He sensed huge pressure. Great Ancient Fallen Star along with all of Li Xiandao's strength smashing down caused Chang Qing to spit out blood. His face was white and he retreated swiftly. The flames on his spear were all gone, revealing its true body: a black spear.

Li Xiandao carried the Great Ancient Fallen Star and advanced. He wanted to smash once more.

The best way to use the Great Ancient Fallen Star was to smash it forwards. Li Xiandao instantly showed its strength.

His second strike followed suit. When Chang Qing was retreating, he smashed down.

Dang!

This time Chang Qing couldn't dodge. If he didn't want to get injured, he could only block...

But the block caused him to cough up blood. His body rolled on the ground and his energy dissipated.

Li Xiandao forced a reincarnated Celestial to the ground with just two swords.

Chapter 518: Sword Of Extinction!

The two swords caused Chang Qing to collapse. Li Xiandao then turned towards the dean.

The true threat wasn't Chang Qing but the dean.

The dean was the true foundation of the college. Even if he was corrupted and forgot everything that he stood for in the past, he was still really strong.

He went from stage nine Destiny Realm all the way to an unorthodox celestial.

Once one's cultivation reached stage nine, there would be a long transition period.

During this period, one had to continue to improve. Once one reached a certain strength, one would change.

This was what Heaven Sky called the Honorable One.

After stage nine, the Honorable One was one more realm. Although they were both stage nine, the combat strength couldn't be compared at all.

Above the Honorable One was the Ascension Realm.

Ascension was an overarching realm. Some people would reach this but not dare to ascend because they knew that if they faced the lightning tribulation, they would definitely fail.

Some people were really confident in themselves in this realm that they would definitely succeed.

Ah Qing was the second type. She only had a weakness in her soul and this regret would be solved once she taught Jin Jiu and allowed him to strengthen. Lady Ah Qing would be able to rise up through the sky and enter the Celestial World.

But, some people who failed the tribulation didn't die, so what would happen to them?

They would be an unorthodox cultivation, going through that tribulation and becoming an unorthodox celestial.

Unorthodox celestial sounds good but it is just a realm prepared for a failure. So, it was actually really difficult.

Every period of time they would go through a tribulation. They would go through a total of nine tribulations and each time they would get stronger and stronger until one succeeded and ascended to the Celestial World. If not, one's soul would be wiped out.

The dean passed one tribulation, so his strength was above that of Chang Qing.

But he chose to listen to Chang Qing and work with him. He knew that the tribulation was really terrifying and it might even be hard for him to pass the second stage. He would definitely die in the third, much less the ninth one.

The dean worked with Chang Qing so as to let Celestials come down, using their strength to help him pass the nine stages.

That was his goal and to reach it, he didn't mind forcing Ah Qing.

Unfortunately, all of this was messed up due to Li Xiandao's sudden appearance.

The dean didn't say a word and just stared at Li Xiandao viciously. His eyes were filled with hatred.

Li Xiandao stopped his plan meant that he was forcing him to face the tribulation and that he was sending him to death.

They were enemies.

Obviously the dean would be angry. In his heart, he even had the thought of tearing Li Xiandao's heart out.

"Die!"

So the dean also said such a word coldly before attacking. Killing intent spread out.

The temperature in the air reduced several degrees and the cold killing intent pierced his bones.

Explosion!

The moment the dean raised his hand, an ancient law exploded. The red flames surged. It was like a lightning storm which exploded and swept towards Li Xiandao.

"Taste my Blazing Flame Lightning. This is one of the ancient god laws and it's the Ancient Demon God's attack skill." The dean said solely. His voice reverberated in Li Xiandao's ears and he wanted to distract Li Xiandao.

Li Xiandao's expression was ice-cold. The ancient god law was strong but to Li Xiandao it wasn't invincible.

He spun the Great Ancient Fallen Star, rumbling true qi exploded around his body and activated all the celestial seals within the Great Ancient Fallen Star. All of it was used.

Hong!

Li Xiandao smashed it on the law, causing a bright light to shine. It was extremely eye-catching and it made it hard for one to open their eyes.

Peng!

Under Li Xiandao's hits, the ancient god laws exploded. Even if it was strong, it wasn't used by an ancient god demon. How would it be able to block the Great Ancient Fallen Star that had its celestial seals activated?

The dean didn't fear anything. He was a one tribulation unorthodox celestial and the upper limit of his strength was really high. At this moment, he took out one of his treasures, a book.

A celestial book!

This was a really strong celestial artifact. The dean activated all its seals and flipped to the first page.

"Celestial suppression!" The dean said coldly.

Instantly, a dozen celestials appeared around Li Xiandao. They brought their strongest strike to smash down.

These celestial images had only one strike. That strike was really fierce and really violent.

This was the same as the dozen of them attacking him at the same time.

The dozen of them had the same realm and strength as the dean.

Although it was only one strike, Li Xiandao felt hug pressure.

This was the reason why Li Xiandao was solemn.

"This time you are definitely dead." The dean said coldly.

"I don't want to die and no one can kill me too." Li Xiandao decided to have a war of words. He didn't fear anyone at all.

"Then you can try. Suppress him!" The dean shouted coldly. He pressed a palm down on the book. True qi spat out and his clothing danced in the wind. His hair blew around and he was as terrifying as that of a demon.

Hong long long!

The color of the sky around changed. Dark clouds gathered and the lightning grew violent.

Li Xiandao grabbed onto the Great Ancient Fallen Star. His lips curled up and his blood boiled.

"The pressure you give me is the largest. Now, I can finally use my strongest attack." Li Xiandao held the Great Ancient Fallen Star up and said with a cold gaze.

The wind around swept up everything. The dark clouds clumped together, the lightning snakes surged around and it was really scary.

Li Xiandao raised the Great Ancient Fallen Star high up, becoming the target of all these energy. Instantly, all of them charged into Li Xiandao's Great Ancient Fallen Star.

Kacha!

Thousands of streaks of lightning smashed onto the Great Ancient Fallen Star. Fortunately, the Great Ancient Fallen Star was a Celestial Artifact and it was extremely strong and tough.

But the energy of the lightning shook Li Xiandao's body. He took in a deep breath and his eyes lit up. It was extremely bright, like two lamps in the night sky.

"Extinction!"

Li Xiandao stepped out and shouted in rage. Great Ancient Fallen Star slashed down viciously.

Hong! ! !

At that moment, all the dao that Li Xiandao comprehended was merged into this sword. In his body, the dao turned into the scene of an extinction.

When the sword slashed down, the dark sky was shattered and the clouds spread out. The entire sky was cleared.

The dozen celestials were swept.

When the dean who was still controlling the Celestial book saw this, his gaze sharpened. He flipped it open to the last page and slapped it down.

Hong long long!

All of his energy surged in.

When a Celestial got mad, there would be a million corpses.

The dean decided to fight Li Xiandao head-on. He injected all his true qi into the Celestial book.

Dong dong dong!

At that moment, the entire Celestial College shook. Everyone looked in terror as a few dozen mile sword energy and an invincible celestial's apparition clashed together.

In the next second, the Celestial's apparition was shattered by that sword.

Hong long long!

1,000 miles around the tower were wiped out. It was all scorched and there were no signs of life.

There was only the panting and sweating Li Xiandao...

And the shocked Ah Qing.

Also, the stunned Jin Jiu.

Chapter 519: Weak Li Xiandao!

1,000 miles of land around were destroyed. The ground sunk down and formed a giant basin.

A large part of the entire Celestial College was wiped out. Fortunately, many students fled before the battle.

Now when they looked at the Celestial College, they sucked in deep breaths. Celestial College was totally destroyed and it wouldn't have the fame and reputation it had before.

Only the tower at the center was perfectly fine.

But the bell was not controlled by the dean. It calmed down and there was no movement at all.

Ah Qing stood up and grabbed the Celestial Artifact in her hands, "You have suppressed me for so many days. Now that your Master is dead, you should follow my disciple."

Ah Qing passed the bell to Jin Jiu.

Jin Jiu said, "Master, I don't need Celestial Artifacts."

"Take it. This thing isn't of much help to me, you can take it to defend yourself." Ah Qing passed the shrunken bell to Jin Jiu.

Jin Jiu just took it and looked at his Master.

Ah Qing walked to Li Xiandao and smiled, "I didn't expect the Bank Master who needed my help earlier to not be weaker than me now."

Li Xiandao's body was totally empty. All his true qi had been used. Even the Great Ancient Fallen Star was stabbed into the ground and he couldn't pull it out.

Although the battle with the dean seemed simple, it consumed all his strength.

Right now, he was out of combat strength.

If the dean could block it, then Li Xiandao would have to return to the Bank of the Universe.

This made Li Xiandao realize that he could only deal with stage one unorthodox cultivators. He wouldn't be the match of those who went through the second tribulation.

Li Xiandao smiled and looked at Ah Qing, "It was like that in the past and it is still the same now. You save me once, I saved you once."

Ah Qing smiled, "We can't count it like that. My disciple invited you here. What price did he pay?"

Li Xiandao looked at Ah Qing and smiled. He didn't reveal anything about the Bank of the Universe.

Ah Qing said, "Did he pay something that is hard to describe?"

"Master, I passed the map that grandfather gave me to the Bank Master." Jin Jiu said.

Li Xiandao smiled. He didn't say it; in fact, the guest said it himself.

Ah Qing also entered the Bank of the Universe before, so secrets were not being leaked.

"That's still okay. I was afraid you pawned something of your own. That wouldn't be worth it." Ah Qing relaxed. Her only regret would be solved by passing a technique to Jin Jiu. Then, she could ascend, so she was really devoted to this disciple.

"Now, you have recovered. I find this weird. Why did you appear in Dali Land?" Li Xiandao asked curiously.

In Dali Land, after Li Xiandao got to the Bank of the Universe, his second guest was Ah Qing. She was at the ascension realm so why did she enter Dali Land?

Ah Qing heaved a sigh of relief, "I fell from Heaven Sky right to Dali Land. After I failed the lightning tribulation, I suffered the decay of the angel and was facing death. Then, the lightning caused me to fall all the way to Dali Land. I lost all my cultivation, so Dali Land didn't notice me. I was able to meet you and start from scratch."

Ah Qing felt like she was lucky. The lightning tribulation nearly killed her but it gave her a chance to live and meet Li Xiandao.

But if she was in Heaven Sky, she would have died long ago.

"Okay, since you are fine then I will go back. We will meet again if we are fated." Li Xiandao recovered some strength. He pulled out the Great Ancient Fallen Star and kept it in his dantian. He took back his Purple Crystal Sword and placed it in his mind.

"Goodbye." Ah Qing cleanly said goodbye to Li Xiandao.

"Right, when you ascend tell me, I want to observe." Li Xiandao smiled.

“Okay, how should I inform you?” Ah Qing asked.

“Tell the wind, tell the sun, tell the rain, tell the snow. Once you fly, I should be able to communicate with all things.” Li Xiandao waved his hands and left just like that.

Ah Qing saw Li Xiandao’s back view and didn’t say a single word.

...

He returned to the Bank of the Universe once more. Li Xiandao absorbed spiritual energy into his body and replenished what he lost.

This battle once again reminded Li Xiandao that he wasn’t strong enough.

A first tribulation unorthodox celestial was so terrifying. Then, what about second, third, fourth...

Wouldn’t they become more and more terrifying?

Thinking about it, Li Xiandao felt like he was really weak. When he absorbed the spiritual energy, he continued to cultivate without stopping at all.

“What happened to you?” Seven walked over and saw how weak Li Xiandao was. She was worried.

“I am too weak, I need to become stronger.” Li Xiandao sighed. He was really sad. He thought that with his strength, he could sweep Heaven Sky but it seemed like he couldn’t.

Seven saw that Li Xiandao was fine, so she heaved a sigh of relief. She was a little annoyed, “You aren’t weak, your foundations are so deep and you can kill experts far stronger. In the future when you enter Celestial World, with your foundations, you won’t face any obstacles. Your break through speed will be too quick.”

“But I am too weak now.” Li Xiandao emphasized the fact that he was weak.

“Didn’t you kill that one tribulation unorthodox celestial?” Seven asked.

“But I consumed all my energy.” Li Xiandao was unhappy.

“What effect would you like to achieve?” Seven asked.

“It was best if one sword energy could sweep all enemies.” Li Xiandao said.

He didn’t like such intense fights. Although he won, he became really tired. He was so weak like he had kidney failure.

Battles, where he crushed the enemy, were much more fun.

Seven was annoyed, "Do you think this is a lowly world?"

"In other worlds, one streak of sword energy could kill an enemy but that was because you suppressed them by too much. This is Heaven Sky, the final stop in Nine Skies and Ten Lands. It is tough for you to do that." Seven added.

"It is okay that it is a little tough. I have to change the current situation. I am too weak." Li Xiandao emphasized.

Seven looked at Li Xiandao helplessly. Li Xiandao was so strong but because he didn't kill an enemy with one sword he felt like he was weak. Was he being careful?

But Li Xiandao didn't care so much. He just contacted the demon and Zhong Zi Qi.

"Have you found news of the four demon god pillars?" Li Xiandao asked.

If he got the four demon god pillars, Li Xiandao would be able to break to the peak. This time he didn't need to merge them into the Nine Skies and Ten Lands and could use them all to cultivate. This was the best resource to allow him to break through.

So, Li Xiandao cared about the four demon god pillars.

They would be able to help Li Xiandao get strong. No one could take them away and whoever did so would be Li Xiandao's enemy.

Chapter 520: Clues!

The demon and Zhong Zi Qi had arrived in Heaven Sky a long time ago.

Before Heaven and Earth Celestial Sect was destroyed by Li Xiandao, they paid the fees and entered Heaven Sky.

Until now, the two of them were still searching.

Heaven Sky was too huge. From the mountains to the rivers, from north to south, from the grasslands to the snowfields, Zhong Zi Qi and the demon went everywhere.

They didn't run aimlessly. They found many factions and intel organizations. After paying a huge sum, they still didn't obtain much information.

They had no resources, no information, and were totally exhausted.

In a small city, the demon sat alone in the inn. He drank wine and ate lamb. Although it tasted good, he didn't care much about it.

Zhong Zi Qi's soul that was sitting opposite him could only watch and he couldn't reach out.

Both of them didn't look good.

"We have been in Heaven for such a long time and still haven't found a demon god pillar. If Master blames us, we won't be able to handle the consequences." Zhong Zi Qi sighed.

"Have you searched everywhere for treasure? Have you been to Heaven Sky before?" The demon asked.

"I have but I usually just search for treasure. The people here are too strong. I don't dare to behave so arrogantly in front of them." Zhong Zi Qi said regretfully.

His understanding of Heaven Sky was very limited and far from what he knew about the other worlds.

In Heaven Sky, he was weak. Even if there were troubles, he wouldn't dare to find them. If he met an expert, he would definitely lose his life.

In other worlds, he could take care of himself and could suppress others. That meant that he was safe.

So, Zhong Zi Qi was totally confused.

"The demon god pillar is something that you wanted to find. Now, I've ended up as the main person looking. When you were talking big, did you think about this?" Zhong Zi Qi was annoyed.

The demon sighed, "Who thought that what one bragged about would come true?"

If he knew about the problems they were facing now, the demon would have talked less. Why did he mention all twelve? He should have just said eight.

If he said eight, he would have completed the mission now.

"Master has entered Heaven already. If he wants the demon god pillars and you can't take them out, let's see what will happen to you." Zhong Zi Qi sighed.

"I can only tell the truth. If Master wants to punish me, then let him." The demon sighed and bit off a piece of meat.

“We came to this town because we heard that someone here saw the demon god pillar before. Who knows if it is true or not?” Zhong Zi Qi said calmly.

“Don’t hold much hope. We have found around 100 such people who said that they have seen demon god pillars before but when we went over to take a look, they were just nonsense. Anyway, I don’t have much hope anymore.” The demon shook his head.

“Since we are here, let’s just take a look.” Zhong Zi Qi said helplessly.

“Okay then, let’s finish the food before heading over.” The demon sped up. After finishing the lamb, he paid and left.

There was an ancient city with tens of thousands of people. It occupied an important path on the outskirts, so many merchants passed this place. They transported many items to sell and earn some money.

These were all basic cultivators while those top cultivators didn’t bother about these sales.

So, the demon and Zhong Zi Qi didn’t face any problems along the way.

After the demon took over Zhong Zi Qi’s body, he didn’t stop cultivating at all. Even when he was eating or searching for people, he would cultivate the Demon Summoning Technique when he was resting.

So, the current demon was already at stage nine, above that of Li Xiandao.

The demon was a Demon World expert with his memory intact. Along with the thick spiritual energy in Heaven Sky and the strength of the Demon Summoning Technique, the demon unknowingly reached stage nine.

But even then, he was still afraid of Li Xiandao. He was afraid that Li Xiandao would come and ask about the Demon God Pillars.

The demon was already traumatized by Li Xiandao.

They walked about in the ancient city and under the leadership of others, they came to a dojo.

“The Master of the dojo has seen the pillar that you spoke of. I visited him many times before he agreed to see you. Please don’t forget about my hard work.” A local person said.

The demon casually tossed a god source to him and said impatiently, “Bring us in. If the news is not right, then you will not get anything else.”

“What if the news is right?” The local said confidently.

The demon smiled. He had seen 100 such people, so how would he know what was going on?

“If your news is true, I will pay you 10 times the price. But if it is wrong, don’t blame me.” The demon squinted his eyes.

“Don’t worry, as long as the information you give me is right, I am sure this will not go wrong. This 10 times price is definitely mine.” He smiled and giggled.

“Are you so confident?” Zhong Zi Qi was really surprised and listened on.

“There have been so many confident people in the past but the truth proved that it was fake.” The demon didn’t care and told the local to lead.

After entering the dojo, they saw an old man walk out.

A white-haired old man who was really old with decent cultivation at only Legend Realm stage 33.

Logically speaking, he should have been able to live for a really long time at this stage but he was already at the end of his lifespan.

“This is the last Dojo Head. Because of the dangers he encountered during a trip, he lost his life force and became like this.” The local introduced him.

The demon greeted and then asked, “Old Dojo Head, do you know about the pillar I am looking for?”

The demon didn’t have hope in his answer.

“Four giant black pillars stuck right into the clouds. They are really tough and can’t be damaged no matter what, not even leaving a mark.” The dojo head added.

The demon was stunned. That seemed like it, he didn’t look like he was talking nonsense.

Thinking about it, the demon had a bit of hope, but just a bit.

“Then, can you draw it for me?” The demon asked.

“I drew it before you came. I will never forget them four in my life.” The old Dojo Head gritted his teeth and said.

Immediately, someone passed him a drawing.

The demon looked at it and his eyes opened wide.

The four pillars were lifelike and it was exactly the same thing that the demon was looking for.

He had been disappointed 100 times and finally saw hope. He wanted to cry but before he cried, Li Xiandao's voice rang out in his head...

The demon said right away, "Master, there are clues about the demon god pillars. Please wait, I will confirm the location right away."

"Okay." Li Xiandao's cold voice rang out. He then ended the conversation and waited silently.

Chapter 521: 18 Levels Of The Abyss

Li Xiandao was waiting for news. The demon and Zhong Zi Qi were asking the old dojo head warmly.

"500 years ago when I was still a hot-headed guy at stage 33 of Legend Realm, although I wasn't much in Heaven Sky, I was top two in this far off area. I opened a dojo and had hundreds of disciples." The dojo head recalled and regret appeared on his face.

"I shouldn't have agreed to search for treasures in the abyss. This treasure finding journey conned me." The dojo head sighed.

"Where is the deep abyss?" The demon asked.

"There is an underground world that has 18 levels. It is really terrifying and the deeper we go, the stronger the monsters are." The dojo head was terrified. 500 years passed and he still couldn't forget his fear from the past.

"18 levels of the abyss... Which level did you see the pillar on?" The demon asked curiously.

"I saw it at the first level but I only saw the head. I don't know where its other parts were." The head shook his head.

The demon took out many god source and passed them over, "Can you draw the map of when you went?"

The dojo head looked at the god source and nodded his head, "I will take it for you."

A few minutes later, the demon had the map. After asking for some details, he left in delight.

"I should report to Master. I didn't expect to have such gains here." After heading out of the dojo, the demon was filled with emotions.

"Hard work finally paid off. We met hundreds of such people but gained nothing. The one that we had no hopes for was the one who rewarded us." Zhong Zi Qi was really happy.

As long as he found all 12 pillars and passed them to Master, the demon just needed to cultivate and raise his own strength and ascend to the Celestial World to deal with his greatest enemy.

Within the Bank of the Universe, Li Xiandao knew that they received the news. He made the Bank of the Universe pick them up.

On the square, Li Xiandao looked at the demon and Zhong Zi Qi who was in his soul form. He smiled, "The two of you are so efficient."

"Of course, Master I told you that I can sense the demon god pillars. We found it so quickly because of me. Of course, Zhong Zi Qi helped too." The demon couldn't help but brag. He forgot about how worried he was before.

Zhong Zi Qi rolled his eyes and was speechless. He decided to act cool now and the key was that he turned Zhong Zi Qi into a total slacker.

If he didn't need the demon to take revenge for him, he would have definitely fought him to death.

Zhong Zi Qi's head was filled with thoughts but all that turned into one sentence, "Master, the demon worked really hard."

What else could he do?

He just had to back the demon up.

Li Xiandao didn't pay attention to the process so he didn't know what happened. When he heard that, he was satisfied, "Very good. Once we found all four demon god pillars, I will reward the two of you."

"Thank you, Master." The demon and Zhong Zi Qi thanked happily.

"Speak! Where are the four demon god pillars?" Li Xiandao asked.

"The 18 levels of the abyss." The demon said right away.

"The abyss!" Li Xiandao blinked in astonishment. He had just learned of this place from Celestial College. The treasure map that Jin Jiu gave him was also of that place.

"What is there?" Li Xiandao asked Seven.

"The 18 levels of the abyss are also referred to as the 18 levels of the demon abyss. It is a mysterious place in Heaven Sky and they are beneath us. But it is impossible for you to pierce through the ground to enter it. The 18 levels are like two sides of a paper with our world. If you pierce through it, you can only see space but not the abyss." Seven pointed.

"Then how should I enter it?" Li Xiandao asked.

"It is really simple. Some places are connected to our world and the space is unstable. We can open some cracks and enter from there. There are also some other methods, some people are able to open up an entrance to the deep abyss." Seven added.

Li Xiandao looked at the demon and Zhong Zi Qi and thought about it, "Since you two have clues, then from now onwards, head there to take a look. Once you confirm it is there and which floor it's on, I will go take it."

"Understood." The demon said solemnly.

"Don't worry Master, we will find it as soon as possible." Zhong Zi Qi ensured too. Now that they knew the target was there, they didn't need to fear anything anymore.

Demon Summoning Technique was an invincible demonic technique. His cultivation reached stage nine too and to enter the 18 levels of the deep abyss like that, he didn't need to worry too much.

With such strength, they could head to most places in Heaven Sky.

Li Xiandao was satisfied, "Once you get the four demon god pillars, you can rest well for a period of time. You can improve yourself and the resources of the Bank of the Universe and the mountain peaks will be open to all of you."

"Thank you, Master." The demon's eyes lit up and said emotionally.

Zhong Zi Qi became emotional too. If the demon strengthens, he will be able to deal with his enemies.

So the two of them became really happy.

"Head to the deep abyss and stay safe." Li Xiandao looked on as they left.

They came and went in a hurry.

After reporting to Li Xiandao, they left the Bank of the Universe right away to search for ways to enter the abyss.

Li Xiandao and Seven were free in the Bank of the Universe.

Li Xiandao was a head taller than Seven and they walked side by side. Their shadows slowly merged.

“Why don’t you go on your own? Don’t you still have that treasure map?” Seven asked Li Xiandao.

“I have so many subordinates so why must I do such things myself?” Li Xiandao asked.

“Then who are you going to send to find that primitive demon god treasure?” Seven looked at Li Xiandao curiously.

Li Xiandao pinched her nose and smiled, “Of course, Heaven Heart. He is as pure as a buddha but also like a fallen demon. These 18 levels are suitable for him.”

Seven smiled and said, “That is true. Heaven Heart is improving quickly. If he heads over and improves further, he will become much stronger.”

Li Xiandao said, “They have been working hard, so it is time for them to head out to do things. Now, we can reduce the requirements for guests. As long as we can earn, let them in.”

Li Xiandao needed to do a lot of business to expand the Bank of the Universe and fill their treasury.

“Okay, I will inform the watches to be more relaxed when selecting guests.” Seven nodded.

Li Xiandao grabbed her waist and kissed, “You really are the best butler.”

Seven’s eyes flashed red and she looked around. Since there was no one around, she allowed Li Xiandao to hold her.

Chapter 522: Huge Guest

Li Xiandao chose to lower the standards because he was in Heaven Sky now.

Apart from those unorthodox cultivators, Li Xiandao didn’t fear anyone else.

Moreover, to fill up the treasury, this was something that he had to do.

After Li Xiandao reduced the conditions and before he and Seven and continued flirting, the new guests arrived.

Li Xiandao was prepared to have a deep kiss but Seven smiled, "There is a new guest."

Li Xiandao looked at Seven. He felt as if he had lifted a rock and smashed it onto his own foot.

"Let him wait." Li Xiandao wanted to continue.

Seven pushed Li Xiandao aside and her face flushed red, "Don't harm me. I don't want to be a jinx. Go and receive the guest."

Li Xiandao sighed, "Okay then, eh, why did the guest come in by himself?"

Seven twisted her head but she didn't see anything.

In the next moment, Li Xiandao kissed her face. Muacks, and he left right after.

Seven was embarrassed and furious. She covered her cheeks which were so cute when they turned red.

...

In the Trading Hall, Li Xiandao received this guest.

It was a young man.

He was wearing beautiful clothes and really expensive jewelry. His cultivation was decent and he was at stage ten Grotto-Heaven Realm.

This was a young master that came from a good family.

Li Xiandao deduced before asking calmly, "What is your name?"

"Qian Tongtian." The young man was careful, especially because he couldn't see through Li Xiandao's cultivation. He was really scared. But since he was the kid of a well-known family, he calmed himself down.

It was rare to see people with this surname. Also, his name was not easy to understand.

Li Xiandao looked at him with some interest, like he was looking at a fat lamb.

"Can I really trade everything here?" Qian Tongtian was unsure.

Li Xiandao's lips curled up, "Anything in the world can be traded as long as you can pay the price."

Qian Tiantong said, "I would like you to kill someone."

Li Xiandao giggled, "That is simple but who and what is the price?"

"Kill the young master of Heaven and Earth Sect." Qian Tiantong gritted his teeth and said.

"Heaven and Earth Sect..." Li Xiandao muttered.

"Right, Heaven and Earth Sect's young master." Qian Tiantong nodded. His expression was one of grievance and hatred.

"You hate him." Li Xiandao asked.

"He took my fiancée." Qian Tiantong was furious.

Li Xiandao understood. No guy would be able to suppress that rage.

Of course, if one suppressed one's anger, one wasn't a man but a coward.

"You seem rich but your wife still left you?" Li Xiandao sized Qian Tiantong up and asked.

"You don't understand. I have money but strength matters in this world. I am weaker than the young master. He is at Emperor Realm and even though he is fat, my fiancée couldn't help but fall in love with him." Qian Tiantong said helplessly.

"A fatty... couldn't help but fall in love with him..." Li Xiandao was about to be touched. What kind of love was that?

"Right, she said that to me herself. She said that she liked his 150 kg body and loved how he could eat an entire chicken in one mouthful. He could bring her warmth, unlike my thin body that can be blown away by the wind." Qian Tiantong talked to Li Xiandao and he wasn't nervous at all. He scolded, "Even if there was a 10-degree storm I wouldn't even be sent flying. Disgusting."

Li Xiandao smiled, "Maybe they really like one another?"

"Then I will allow them to be happy but this girl always spent my money and resources to dress herself up. Then she went to hook that bastard. Now, she says they like one another... That is an insult to that phrase in itself." Qian Tiantong scolded.

She hooked a fat bastard!

Those words amused Li Xiandao, “Okay, I know your request. I can help you kill him but what price can you pay?”

“Let me say something in advance. He is the young master of Heaven and Earth Celestial Sect and Heaven and Earth Celestial Sect is really strong in Heaven Sky. You need to pay a lot to kill their young master.” Li Xiandao made Heaven and Earth Sect sound like the top faction in Heaven Sky so as to raise the price. He was really going against his conscience.

In truth, Heaven and Earth Sect was on the same level as the Everlasting Life Dynasty and Celestial College.

Qian Tiantong was weak and didn’t know that so Li Xiandao decided to exaggerate it.

“What about 10 million top quality spiritual energy dragon veins?” Qian Tiantong thought about it and said.

Li Xiandao was stunned.

Seven also looked at Qian Tiantong.

Huge guest!

This was the first thought that the two of them had.

“Not enough.” Li Xiandao got emotional but he still calmly shook his head. He rejected it cleanly.

If he wasn’t so rich then he would have agreed.

But he showed off his richest. Li Xiandao hated two types of people. First were those who showed off in front of him and secondly, those who didn’t let him show off in front of them.

Qian Tiantong frowned, “I don’t have that many savings. The rest are with my father.”

Savings!!!

He was just casually showing off his wealth.

Li Xiandao didn’t even have 10 million top quality spiritual energy dragon veins in total.

Qian Tiantong said that that was his savings.

“What do you do?” Li Xiandao was curious. To be able to give his son 10 million spiritual energy dragon veins, how rich did he have to be?

“My father is someone who specializes in digging out spiritual energy dragon veins from the ground so he has a lot. He only gave me a strand on the cow’s back.” Qian Tiantong said honestly.

A strand of hair on the cow’s back!

Li Xiandao felt like he was bragging so much. He gave an awkward but polite smile, “How many sons does your father have?”

“Just me. Each generation only has one kid.” Qian Tiantong said honestly.

Li Xiandao smiled gently and raised one finger, “100 million, I will help you kill the Heaven and Earth Sect young master and I ensure that no one knows that it is related to you.”

“100 million?” Qian Tiantong was shocked.

Li Xiandao smiled and nodded. He was straight up robbing him.

“Can I discuss this with my father?” Qian Tiantong asked.

“Don’t worry, even if my father doesn’t give me any, I can get them from my mother. It is just 100 million, that isn’t much.” Qian Tiantong ensured.

Just 100 million!

Not much!

Li Xiandao awkwardly placed down his finger and he really wanted to put up two fingers.

What an important guest.

But to save the Bank of the Universe’s face, since he had already set it, he couldn’t randomly change it.

“You can head out to discuss. I will give you one day. At this time tomorrow, just think about the Bank of the Universe and we will receive you.” Li Xiandao stood up and waved his hands. Qian Tiantong turned into smoke and disappeared from the Bank of the Universe.

Chapter 523: New Primordial Divinity!

After releasing Qian Tiantong from the Bank of the Universe, Li Xiandao exclaimed, “There are so many rich people in the world.”

“Heaven Sky is the biggest world in the Nine Skies and Ten Lands and it has the richest resources. 100 million spiritual energy dragon veins might seem a lot to you but to others, it is just so so.” Seven said.

“So you are saying that I am ignorant and am a frog at the bottom of the well?” Li Xiandao glanced at Seven.

“Right.” Seven nodded her head seriously.

“Nice, since you dare to mock Master, I shall punish you.” Li Xiandao reached out and wanted to grab Seven.

Seven was really quick and broke free from Li Xiandao’s clutches. She giggled, “Stop playing around. You already sneak attacked me just now. Also, the second guest has arrived.”

Li Xiandao was stunned, “So quick?”

“The two of them have the same target so they would naturally enter the Bank of the Universe at the same time.” Seven said.

“Same target? Both the Heaven and Earth Sect young master?” Li Xiandao looked at Seven.

“Right, they are both targeting Heaven and Earth Sect’s young master.” Seven nodded.

“Another rich person?” Li Xiandao’s eyes lit up.

“Whether or not he is rich, you will know when you meet him.” Seven shook her head and wasn’t willing to say anything.

...

Trading Hall, same position. Li Xiandao sat down and looked at the teen in front of him.

The teen had thick brows and a cold demeanor. He looked towards Li Xiandao with a probing gaze.

“Welcome to the Bank of the Universe. Everything can be traded here as long as you are able to pay the price.” Li Xiandao smiled calmly.

This teen was dressed up in fighting gear with a sword by his waist. Apart from this sword, he had nothing else. He was totally opposite to Qian Tiantong.

The rich person in Li Xiandao’s heart disappeared but he didn’t feel dispirited. Since he was a guest, Li Xiandao had a good attitude towards him.

“Introduce yourself.” Li Xiandao said.

The teen nodded, “I am Xiao Fei, a lone cultivator. I came here because I want you to help me kill someone.”

Li Xiandao looked at Xiao Fei. He wasn’t old but his cultivation was really high. He was at the peak of Boundless Realm and nearly at Legend Realm.

For a lone cultivator to reach such a step at such a young age, he had to have paid a lot of sweat and blood.

Li Xiandao asked, “Who do you want me to help you kill?”

Although he asked this question, Li Xiandao already knew the answer.

“Heaven and Earth Sect’s young master.” Xiao Fei said firmly. The hatred in his eyes wasn’t as thick as before. As time went on, it instead became imprinted in his bones.

Li Xiandao was unsurprised and continued, “Why do you hate him?”

It wasn’t that Li Xiandao was being nosy but it would be easier for him to ask for rewards after asking for the answer.

“I am related to him.” Xiao Fei sighed.

“What relationship?” Li Xiandao asked.

“I am his sister’s fiancée!” Xiao Fei lowered his head and said.

“His sister and I agreed to marry since young but when my parents died when I was young, Heaven and Earth Sect swallowed up my family’s business. He also forced his sister to renege the marriage. My grandfather died from anger and I swore that I would take revenge.” Xiao Fei added. When he talked about the past hatred, he was really calm.

“You don’t seem that angry?” Li Xiandao found it weird. Qian Tiantong was so angry previously but Xiao Fei seemed so calm.

“My anger has faded after these 10 years. My only goal now is to kill Heaven and Earth Sect’s young master. At the same time, I also thank you.” Xiao Fei said.

“Thank him?” Li Xiandao looked at Xiao Fei in shock.

“Last year, his sister married a famous genius from a strong family. In less than a year, her private life was leaked. It was said that it was really messy and her child didn’t belong to her husband. Now the two factions are in a war and that girl was chased out

back to Heaven and Earth Sect.” Xiao Fei smiled as he said. He was really happy deep down.

“So I don’t plan on taking revenge on her. Her reputation is ruined and her child’s name is too. The key is that she herself doesn’t know who the father is, that is just preposterous. So I just want to take revenge by killing the Heaven and Earth Sect’s young master.” Xiao Fei smiled happily. The more unlucky that woman was, the happier he was.

Li Xiandao listened on and exclaimed, “You really know how to play.”

“So I don’t hope that she dies otherwise her life will just be constant suffering. His human world is hell to her. Her child was the proof of her biggest humiliation. To her, the world is her greatest torture.” Xiao Fei smiled and said out those vicious words.

After Li Xiandao heard this, he didn’t judge him. Xiao Fei said that his hatred reduced due to time but to Li Xiandao, Xiao Fei’s hate was deep in his bones and it didn’t reduce.

Of course, this was not his concern and he didn’t care. He just asked, “Of course I can kill him but his cultivation is high. What price are you willing to pay for me to kill him?”

Xiao Fei’s expression turned solemn, “I know that he broke through to Emperor Realm. This is a realm that I won’t be able to reach in my life. I won’t be able to rely on my strength to kill him so I found you. As long as you kill him, I can take this thing out for all of you.”

Xiao Fei took out something that Li Xiandao was familiar with from his storage room.

Primordial divinity!

The divinity of a god race member from the last eon. Since Tian Guangming found the Goddess of Light’s one, Li Xiandao hadn’t seen anyone else.

“This thing came from the last eon. He said that if I merged with him, he could give me invincible strength.” Xiao Fei said.

“Then why didn’t you?” Li Xiandao asked curiously.

“He says that we will merge but isn’t he trying to replace me?” Xiao Fei smiled coldly. He went through torture so he wouldn’t fall for it so easily. He didn’t listen to that voice and took it out to trade with Li Xiandao.

“I don’t want to be replaced.” Xiao Fei said firmly.

Li Xiandao was deep in thought. That was right, he merged for Lucifer and the others because the Bank of the Universe had power such that the divinity couldn't replace the host.

Xiao Fei didn't have Li Xiandao's help so his body could only be stolen. Taking it out to trade was a wise choice.

"Okay, deal." Li Xiandao told Seven to prepare a contract.

Chapter 524: Lackey Ocean God

Seven prepared the contract and Li Xiandao added a time restriction inside.

"Within 10 days of you signing it, Heaven and Earth Sect's young master has to die and the news will spread to the world. You can just try to find out about it and you will." Li Xiandao passed the contract to Xiao Fei.

"What if he doesn't die?" Xiao Fei asked.

"If he doesn't then I would have failed the contract and I would pay you a million spiritual meridians." Li Xiandao smiled.

"Okay, I will sign it." Xiao Fei looked at the contract carefully and signed it after confirming that it was fine.

Li Xiandao was satisfied, "Pay attention after you head out, I might kill him at any moment. At most, it will be in 10 days."

Xiao Fei nodded his head and said, "I will pay attention to it."

Li Xiandao waved and Xiao Fei disappeared from in front of him like smoke.

The two guests were met and now Li Xiandao stood up. He took up the god divinity and played with it.

The divinity was really special and this time the color was different. It was bluish like water. Li Xiandao took it in his hands and he felt as if an ocean was sweeping towards him.

"I didn't expect that fool to really give me away. There is actually such a person in the world. I am impressed." A furious voice rang out from the divinity.

Li Xiandao asked calmly, "Which spirit are you?"

"A normal person like you actually knows about god spirits?" A voice of disdain and shock spread out.

Li Xiandao had a calm expression and he didn't get angry. He was someone who didn't like to get mad but he remembered things that made him angry so he said, "I was planning to save you but it seems like there is no need to."

"Mortal, merge with the god source and I will bring you immense power. Then, you will be able to ascend to the Celestial World." The god spirit still behaved really arrogantly.

Li Xiandao looked at Seven and said, "Should we lock him up permanently?"

"I feel like the way we dealt with Goddess of Light would be good." Seven suggested.

Goddess of Light's divinity was gained by Tian Guangming and then merged. But during that process, Li Xiandao took out her consciousness.

Now, they should try it on this one.

"Wait, what did you just say?" The divinity asked emotionally.

"Did you mention Goddess of Light?"

"Do you know where she is?"

"Or do you all believe in her?"

"I knew it. When the world exploded, since I didn't die, my goddess is definitely still alive too."

The god spirit was delighted and he spoke on and on.

Li Xiandao and Seven looked at one another and saw the shock in each of their eyes.

"Lackey!" Such a phrase appeared in Li Xiandao's mind.

"Beta!" This phrase appeared in Seven's mind.

"Oi tell me, is my Goddess of Light still alive?" The spirit asked Li Xiandao furiously.

Li Xiandao nodded, "She is."

But she didn't have much of a life.

Tian Guangming got the divinity and her consciousness was merged with Feng Jiuer. She was now Feng Jiuer's slave.

Luckily Feng Jiuer was kind and didn't wipe her out. She kept her consciousness intact but Feng Jiuer could still destroy her with one thought.

But Feng Jiuer promised her that once she reached the peak, she would use her skills to give her a chance to be reborn.

Of course, that would happen far in the future. But with this hope, the Goddess of Light wished that Feng Jiuer would get stronger soon.

The spirit in the divinity didn't know about all these and he thought that the Goddess of Light was living well. He said emotionally, "As expected from my goddess, she is so amazing. Why aren't you bringing me to see her? I will talk to her nicely and all of you will have a blessed life."

Li Xiandao didn't want all that because for the Goddess of Light to give him a blessed life, that would be near impossible.

"What spirit are you? You keep saying that Goddess of Light is your goddess then what are you to her?" Li Xiandao asked curiously.

"Listen up, I am the Ocean God, Goddess of Light's friend and someone who chased her for a whole eon from birth to destruction. My love for her will never change." This Ocean God said.

Li Xiandao took in a deep cold breath. He chased her for a whole eon and one eon was at least tens of millions of years.

"She still didn't agree?" Seven found it unbelievable. Li Xiandao's chasing managed to take her down already while Goddess of Light didn't agree even after an eon.

"I am not good enough. The Goddess of Light liked the God King and I personally saw them together before. But I believed that as long as I get strong enough, I will be able to replace in and win her heart." Ocean God was in a daze.

"You ended up touching yourself." Li Xiandao dissed coldly.

What a lackey... Who knew how his strength increased? Maybe it was the faith of being a lackey.

"You still haven't told me where she is?" Ocean God questioned.

"You can't meet your goddess. You belong to me so I think I should seal you up." Li Xiandao shook his head. He was speechless towards the lackey and told Seven to keep him.

Seven sealed the Ocean God and placed him in the treasury. She heaved a sigh of relief, "He is so stubborn. Is it because the Goddess of Light is playing with him or is he just willing?"

Li Xiandao said calmly, "Since the Goddess of Light didn't accept the confession and didn't reject him, even caring for him, then it means that she is a player!"

"But if she rejected him and he willingly became a lackey, that would be harassment. He is just asking for it, and in the end, he will get nothing in return." Li Xiandao analyzed.

"How are you planning to deal with this?" Seven asked.

"Let Feng Jiuer head to Heaven and Earth Sect to kill their young master and then send Tian Guangming to help. Tell them about Ocean God too." Li Xiandao thought about it and arranged.

Tian Guangming and Feng Jiuer both inherited things from the Goddess of Light. One was the divinity and one was a portion of her soul so they had the right to know about the Ocean God.

Li Xiandao wanted to know whether the Goddess of Light treated him as a reserve or whether it was just his one-sided thinking.

"Then, I shall call Feng Jiuer and Tian Guangming out." Seven said.

Chapter 525: Preparing To Kill!

Feng Jiuer and Tian Guangming both entered Destiny Realm but as Tian Guangming was cultivating alone, he was only at stage three. But Feng Jiuer was different. She had the ancient phoenix bloodline and Goddess of Light's cultivation memories. She far exceeded the improvement speed of Tian Guangming and had reached stage six.

Which was why Tian Guangming stood far away from Feng Jiuer in case he would be beaten up again.

Although he could become stronger from being beaten up by Feng Jiuer, Tian Guangming was still unhappy.

If he wanted to become stronger from taking hits, he would search for Heaven Heart, Moon Angel, and Lucifer...

"Master!" The two of them shouted respectfully.

"What does Master have to instruct?" Tian Guangming asked right away.

"I called you here for a matter..." Li Xiandao mentioned the Ocean God divinity that he had just gotten.

When Tian Guangming heard that, he didn't feel anything. What he got was the divinity and he knew nothing about the memories within.

Feng Jiuer recalled many things.

Goddess of Light's memories were all in her head. She clearly knew about it and Goddess of Light's consciousness was still there.

"I didn't bait him, I love God King but we didn't end up together." Goddess of Light argued for herself. Although she was a proud person, she wasn't someone who played with the feelings of others.

"I can ensure that Goddess of Light's memories doesn't have any flirting with Ocean God. It was just really calm conversations. Ocean God was just one-sided." Feng Jiuer said solemnly.

Li Xiandao smiled, "Then, that's okay. Since Ocean God was one-sided. That would be harrassment. I have sealed him up so this matter will end here."

Li Xiandao just asked. If Goddess of Light was the one who baited Ocean God, then Li Xiandao would wipe away her consciousness, only leaving the purest of memories to Feng Jiuer.

But since she confirmed that Ocean God was one-sided, then this matter ended just like that. Li Xiandao started to talk about killing Heaven and Earth Sect's young master.

"Feng Jiuer, you need to go kill Heaven and Earth Sect's young master, you need to succeed within 10 days." Li Xiandao said solemnly.

"Don't worry Master, I will definitely succeed." Feng Jiuer said coldly.

"Tian Guangming, follow Feng Jiuer. If Heaven and Earth Sect fights back, at least you will have a helper." Li Xiandao instructed Tian Guangming.

"Don't worry Master, I will take good care of her. I will make her white and fat." Tian Guangming teased.

Shua!

Feng Jiuer swept him with a cold gaze, terrifying Tian Guangming such that he didn't dare to say a single word.

"Okay, both of you head out, solve it quickly and then return." Li Xiandao didn't bother about the two of them.

"Goodbye, Master." The two of them left respectfully. Only Li Xiandao and Seven were left in the Trading Hall.

"Everything has been arranged now. We are just waiting for Qian Tongtian to return and sign the contract." Li Xiandao anticipated.

The bigger of the two deals was the 100 million top quality spiritual energy dragon veins that Qian Tongtian offered.

...

Within Heaven Sky, a mountain that was like a fairytale. Cherry blossoms bloomed across the entire mountain and it was really beautiful.

There was a giant villa nearby. This was Qian Tiantong's home.

Qian Tiantong's parents were all experts at searching for spiritual energy dragon veins. They had gone to numerous mountains and rivers in their life and collected large amounts of spiritual energy dragon veins.

Heaven Sky was the closest place to the Celestial World and the energy from Celestial World leaked out. When the energy entered Heaven Sky, they would all form spiritual energy dragon veins.

So Heaven Sky had endless amounts of spiritual energy dragon veins. If you dug ten million today, it would be replenished in just a few days.

All of this why Qian Tiantong had so many spiritual energy dragon veins.

"Father, give me spiritual energy dragon veins." Qian Tiantong said right away. He dashed to his parents and reached out.

His father was a middle-aged man with decent cultivation at Grandmaster Realm. He was dressed humbly and formed a clear difference from Qian Tiantong.

His mother was really humble too. Although she was naturally beautiful, she only slightly dressed up. She didn't doll herself up too much and wore gold and silver.

“Why do you need spiritual energy dragon veins?” The father didn’t understand.

“Kill someone!” Qian Tiantong said right away.

“Kill someone?” The mother was terrified.

“Kill Heaven and Earth Sect’s young master?” The father guessed who it was right away.

“Right, I found someone that can help me kill him. Moreover, no one will know who it was. This deal is doable.” Qian Tiantong said firmly.

“How many spiritual energy dragon veins?” The father looked at his son and knew that he couldn’t persuade him. It was such huge humiliation that his fiancée was stolen. If they could hire someone to kill, that was an acceptable choice.

“100 million spiritual energy dragon veins.” Qian Tiantong said.

“100 million spiritual energy dragon veins isn’t much but are you sure that you won’t be dragged in? Heaven and Earth Sect isn’t a friendly place and once we offend them and they find out, we will all pay a price.” The mother was worried.

“Don’t worry, I can ensure that nothing will go wrong. The person I found is even more secretive than Heaven and Earth Sect.” Qian Tiantong said confidently.

The Bank of the Universe’s strength and mystery shocked Qian Tiantong and they were definitely even scarier than Heaven and Earth Sect.

“Okay then take this. 100 million spiritual energy dragon veins isn’t much and if it can solve your hatred and not drag you in, it is worth it.” The father agreed and went to take 100 million spiritual energy dragon veins right away.

Qian Tiantong followed and entered his own small world.

This small world was obtained out of luck. Different from the outside world, no one would notice what was being hidden inside here.

So Qian Family’s spiritual energy dragon veins were all placed here.

Father took out 100 million from here and placed them into 100 storage treasures. “Son, go and kill this person who bullied you and end the depression in your heart. In the future, cultivate well and inherit the business.”

Qian Tiantong nodded his head firmly, “He will definitely die.”

With 100 million spiritual energy dragon veins, Qian Tiantong arrived in the Bank of the Universe the next day.

Still the Trading Hall. Li Xiandao and Seven received him.

Qian Tiantong passed the 100 million to Li Xiandao and said firmly, "Kill him."

Li Xiandao told Seven to prepare the contract. He counted the spiritual energy dragon veins and smiled, "Sign it. Within ten days, he would definitely die."

Qian Tiantong didn't say a word and signed his name right away.

Chapter 526: Strike And Flee!

Heaven and Earth Sect was a very famous faction in Heaven Sky.

Heaven and Earth Sect had their own legacy and had seniors that ascended to Celestial World. Before the Celestial Gate closed, Heaven and Earth Sect became stronger and stronger and they were about to reach the peak of Heaven Sky.

But the moment Celestial Gate closed, they lost their support to the Celestial World and their rising momentum stopped. After these years, they started to slip and as a result, they even had to collect fees in Great Sky.

But a thin camel was bigger than a horse. Heaven and Earth Sect was still a top faction.

Heaven and Earth Sect's Sect Leader was called Bai Yuhua. He had two kids, one was the young master Bai Tianran and his sister.

Bai Tianran was really talented and reached Emperor Realm. Although he reached it using a large amount of resources, Emperor Realm was still Emperor Realm.

He also looked forward to taking over his father's position. He wanted to lead Heaven and Earth Sect to rise up and suppress everyone in Heaven Sky.

Of course, this was what father wanted.

Heaven and Earth Sect didn't really like this young master. Like his sister, he was too arrogant.

Bai Tianran was fat, a 150 kg fatty. Luckily, he wasn't short, otherwise, he would be short and fat.

Heaven and Earth Sect occupied a region in Heaven Sky and there were dozens of small countries under their control. Each year they would hand over numerous resources for Heaven and Earth Sect to ensure their safety.

The huge Heaven and Earth Sect was established in a mountain range and it was really majestic.

There were buildings and pavilions, the houses were of different sizes and designs, making it look like a country in the mountains. There were about 30,000 core disciples and hundreds of thousands of outer sect ones.

The entire mountain range was known as Heaven and Earth Mountain Range.

Tian Guangming and Feng Jiuer arrived here and saw the majestic mountain range. There were people flying across and it looked really busy.

“A decent place.” Tian Guangming praised.

“Heaven and Earth Sect’s young master is called Bai Tianran and he is not in secluded meditation. This is our chance.” Feng Jiuer said coldly.

On the way here, the two of them carefully investigated Heaven and Earth Sect’s sect leader’s situation.

Truthfully, Feng Jiuer could easily kill him.

She just needed to raise her hand.

A stage six Destiny Realm expert killing one emperor. If she couldn’t instantly kill him, then she would be trash.

Was Feng Jiuer trash?

Definitely not, so as long as she saw him, she could attack.

“It is easy to kill him, the key is for us to flee after that and not let them find us.” Tian Guangming said calmly.

“Bai Tianran is definitely here so should we charge in?” Feng Jiuer looked from another mountain. Everything about Heaven and Earth Sect was in her eyes. She didn’t really want to charge in.

If they entered to kill Bai Tianran, it would be too difficult to leave. Heaven and Earth Sect’s elders weren’t useless.

“There is no need to, someone is coming out.” Tian Guangming saw that outside Heaven and Earth mountain Range, a bunch of people walked out. The one leading the way was a fatty.

A huge fatty.

150 kilograms of fat would be a giant burden for anyone. Fortunately, Bai Tianran was at Emperor Realm and was strong so he could move quickly.

“Can’t you lose that weight?” Tian Guangming was curious.

“It isn’t fat. This is just nutrient storage. He ate too many resources and treasure and whatever wasn’t absorbed was left in his body.” Feng Jiuer used Goddess of Light’s enormous knowledge bank to analyze the situation.

Since they were so far away and they were Destiny Realm, Bai Tianran couldn’t notice them at all.

Bai Tianran didn’t come out alone. Beside him was a flower-like girl hugging his arm. Under everyone’s envious eyes, they left proudly.

“Where are they going?” Tian Guangming was shocked.

“Who cares? Just kill him. Once they are out of Heaven and Earth Sect’s range, kill them right away.” Feng Jiuer looked on from afar.

Tian Guangming followed.

Bai Tianran didn’t know that he was being targeted. He was an emperor and this was Heaven and Earth Sect. His father was the sect leader so who would dare to touch him here.

One could say that in his heart. This was the safest place. He wasn’t wary at all.

With a beauty by his side, he obviously didn’t care about the surroundings. He was a perverted guy...

Tian Guangming and Feng Jiuer split up and just silently followed Bai Tianran. They were far away so no one would notice.

Bai Tianran didn’t sense anything and just walked out of Heaven and Earth Sect’s range.

While walking, he was still bragging, “Now, I will go to your family and renege your marriage agreement. Just follow me.”

The girl's eyes lit up and her face flushed red. She said with a sweet voice, "Then, you have to marry me."

"Don't worry, if you get pregnant then I will marry you." Bai Tianran laughed out loud.

The girl acted cute, "Annoying."

Bai Tianran said in disdain, "Your trash fiancé only has a few resources. But in Heaven Sky, without strength, what is the point of resources?"

"So I don't want to marry him." The beauty said firmly.

"Of course, how can he have such a top beauty? Beauties belong to the strong. I am strong so you are mine." Bai Tianran laughed out loud.

"Okay, I shall cancel the marriage. Stop talking about him. He is trash so why keep talking about him?" The beauty was unhappy. Talking about Qian Tiantong made her unhappy, she obviously didn't feel as safe as Bai Tianran and his 150 kilograms.

"Okay then. Today, you need to work harder. I will get you pregnant sooner, so I can marry you." Bai Tianran laughed out loud, the fats on his body jiggled.

In the next second, he brought the beauty out of Heaven and Earth Sect's range.

Feng Jiuer's gaze turned cold as she silently headed forward.

Peng!

Her thin fingers hit the back of his head. With one strike, all her energy exploded and surged in before she fled.

"Leave." Tian Guangming left quickly. Like Feng Jiuer, he didn't turn his head.

All of this happened in the blink of an eye. Bai Tianran didn't even have time to scream before his brain was totally destroyed.

Bai Tianran was stunned. His eyes lost their glow.

The beauty was stunning. Why wasn't Bai Tianran moving?

"Why aren't you moving?" The beauty raised her head and asked.

But in the next second, she screamed. Bai Tianran was bleeding from all his seven holes and he died terribly.

Feng Jiuer and Tian Guangming who were the cause of this all left silently.

As for the Sect Leader, he noticed it right away and flew over in rage. His aura covered the entire range and he tried to search but he didn't find anything.

Chapter 527: Carry Me

Feng Jiuer was like the assassin in those novels.

She killed someone 1,000 miles away before fleeing right away.

With the matter done and settled, she left with no one finding out.

Heaven and Earth Sect reacted really quickly too. They locked up the land, using a Celestial Artifact to cover the land around to not let anyone leave.

Unfortunately, Feng Jiuer was still too fast.

Tian Guangming and her left the area long ago. They were prepared to return to the Bank of the Universe.

...

Within the Bank of the Universe, Li Xiandao opened his eyes. When he saw this, he was quite satisfied. He was even too careful to send Tian Guangming to help.

The truth proved that with or without Tian Guangming, the outcome would be the same.

"The two contracts have ended. Be it the ocean god divinity or the 100 million spiritual energy dragon veins, they belong to me." Li Xiandao was in deep thought.

The 100 million spiritual energy dragon veins seemed like a lot but in Heaven Sky, it wasn't as much as he thought.

Of course, it was okay to fill up his treasury. But to open up the seventh mountain peak, it was lacking by a lot.

Li Xiandao didn't touch the resources at all. He passed it to Seven to fill up the treasury.

Li Xiandao looked forward to the demon and Zhong Zi Qi finding the last four pillars.

"The resources in the demon god pillars are enormous. I used the eight previous ones all in my Nine Skies and Ten Lands and merged them into my body. The last four will be used on my body." Li Xiandao muttered.

Nine Skies and Ten Lands referred to the 19 worlds and after they absorbed the demon god pillars' energy, they could become his trump card.

When Li Xiandao himself went to absorb them for himself, one pillar could cause his cultivation to soar.

After all, the resources in the pillars were those of hell, that wasn't something that the resources of the Nine Skies and Ten Lands could compare to.

So these four would be enough for Li Xiandao to use for a long period of time.

Li Xiandao turned all his attention to the demon and Zhong Zi Qi.

Now, they still hadn't entered the 18 levels of the abyss.

After leaving Bank of the Universe, they went to search for a method to enter the abyss. They asked many people and had some clues. They were teaming up with some people to enter.

Li Xiandao wanted it and was looking forwards to getting it.

He calmed down and just rested up in his room. He waited for the moment that the demon god pillars appeared.

"Heaven Heart, come and see me." Li Xiandao said calmly.

Heaven Heart who was cultivating opened his eyes. One eye appeared in the Ten Thousand Buddha Hall and that eye was bloodshot.

Buddha and Demon Body in one, Heaven Heart had a deep comprehension of it.

He got up and closed his eyes. When he opened it once more, everything was much clearer.

"Master I am coming." Heaven Heart didn't head to Li Xiandao's room right away.

Before Heaven Heart even knocked, Li Xiandao's voice spread out, "Enter."

Heaven Heart pushed the door open and walked in. He saw Li Xiandao who was standing by the window.

"Master!" Heaven Heart said respectfully.

"I called you here because I like you to find a treasure." Li Xiandao took out the map of Jin Jiu's treasure and passed it to Heaven Heart.

Heaven Heart picked it up and took a close look. He asked, "What kind of treasure map is this?"

"I don't know, it is the treasure of an ancient demon that is in the eighteen levels of the abyss. Take a look and if there is such a treasure, bring it back. If not, then treat it as training." Li Xiandao said calmly.

"Understood." Heaven Heart nodded and kept the treasure.

"How do I get there?" Heaven Heart asked.

Li Xiandao instructed him, "Go find Zhong Zi Qi and the demon and head down with them. Then just split up and do your own things."

"Okay, I will find them." Heaven Heart said directly.

Li Xiandao watched as he left before continuing to cultivate himself.

...

Heaven Sky, Northern land.

The northern land was really cold and there was no one for thousands of miles. Large amounts of mountain ranges were totally naked. The sun was scorching and the temperature was really high. One couldn't even find a single bug on the ground.

The demon was here. He arranged a time with a bunch of people to enter the deep abyss.

There were over 10 people here and two young masters led the way. They were at Legend Realm, and to the demon, they weren't that strong.

The strongest out of them were at Emperor Realm. There were two old men who stood by their sides.

The demon hid his own strength and joined in. He didn't reveal his strength. He just wanted to use them to enter the deep abyss.

After they entered the abyss, they would split up.

So the demon was really low profile and only revealed Grandmaster Realm cultivation.

"If I knew how to enter the abyss, I would have left long ago." The demon sighed helplessly. He was waiting for the two young masters to head out.

Fortunately, the wait was about to end.

The two young masters waved their hands and brought everyone towards the endless dessert.

But at that moment, Heaven Heart arrived and he wanted the demon to bring him along.

The demon had no choice. He found the two young masters to tell them that he wanted to bring one more person along.

“Zhong Zi Qi, we are already setting off and you say that you want one more person?” A young master was unhappy.

“Sorry, my friend is a monk, a monk with high cultivation. He just wants to enter the abyss and then leave right after we enter. He won’t disturb young master at all.” The demon explained patiently.

“Monk?” A young master was shocked.

“High cultivation, how high?” The other young master laughed coldly.

“Grade three or four.” The demon smiled.

“Where is he? We won’t wait for people.” The two of them discussed. Since the demon was at Grandmaster Realm, they agreed.

“Here, he is here.” The demon turned around and Heaven Heart walked over from afar. He stepped out and a complicated six star teleportation formation appeared. He instantly appeared beside the demon.

“Thank you for bringing me along.” Heaven Heart placed his palms together and thanked him.

“A handsome monk. Since you came on time then follow us. But remember, after entering the abyss, you need to leave us.” A young master sized Heaven Heart up and said.

“No worries.” Heaven Heart nodded his head. Anyway, he wasn’t planning to be together with them. He came to find the ancient treasure.

“Thank you, Zhong Zi Qi.” Heaven Heart thanked the demon.

“This is because of Master.” Zhong Zi Qi said.

“Let’s head out.” The two of them didn’t delay the journey because of this. They headed forwards and headed deep into the desert. They found a place where the abyss was connected to the world. The space was really thick and they were prepared to open a teleportation gate.

Chapter 528: I Am First!

Heaven Heart's entered late so he automatically stood to the back. He didn't ask anything and didn't talk to anyone else. His attitude was obvious, he would just follow them into the abyss and then leave.

So, they wouldn't talk much to one another, and naturally, they wouldn't worry about Heaven Heart having other intentions.

The demon had the same thoughts as Heaven Heart but different from how everyone was wary of Heaven Heart, the demon was familiar with them. They were close so they could obviously talk to one another.

So, the dozen of them walked at the front, flying under the blazing sun.

Heaven Heart followed far behind and ensured he didn't get left behind.

They flew a whole day just like that before the two young masters stopped.

The night sky descended. The ground was still blazing hot, the heat from the day was absorbed by the land and was being released. When the night breeze blew across, it still felt hot.

"Here it is." A young master looked around. He took out an astronomy set and after observing it, he was certain.

"Young Master Ming, we enter the 18 levels of the abyss from here?" An old man asked curiously.

"Right, this place seems normal. It doesn't look like an entrance at all."

"Young Master Mi, Young Master Ming, what was the reason for all of you gathering us here? Can you tell us now?" A thin male said solemnly.

"Of course, we will be searching the abyss. Once we find treasures, we will split them. Even if we don't find anything, being able to return peacefully would also be a beautiful memory." Young Master Mi smiled and said gently.

"All of you are experts so I gathered all of you to scout the abyss. Once we enter, and we confirm that we can head in and out, it will be easier for us to enter next time." Young Master Ming's expression was a little cold. He was finding the location and was testing for traces of destiny.

The two young masters with unknown backgrounds gathered the dozen of them to head into the abyss. They even said that they could open a tunnel so that everyone can follow.

The demon met them coincidentally and when he heard that he could enter the abyss, he signed up right away. He even hid his cultivation and showed that he was only at Grandmaster Realm which was why he was allowed in.

“All of you rest here. I will search the area and lay out the formation to open the gate.” Young Master Mi shouted around. He then walked to the side with Young Master Ming to discuss something.

The others looked at one another and started to rest and wait for the information from the two young masters.

The demon walked to Heaven Heart’s side.

Night fell and the stars scattered across the sky. It was really beautiful. Heaven Heart’s white robe and jade-like skin. He stood beneath the moonlight and looked on at the sky.

He was waiting for the two young masters to open the gate to the abyss.

“Why did Master tell you to head in?” The demon asked curiously.

“Find a treasure.” Heaven Heart smiled.

“To think that a demon of the Demon World, will actually hide his cultivation to enter the abyss and hide amongst people far weaker than you. You have changed?” Heaven Heart asked with a weird expression.

This wasn’t something that a demon should do.

“You thought that as a demon I should kill everyone and force them to tell me the method?” The demon asked.

“If that was the case, that would be something I expect from the demon.” Heaven Heart giggled.

“I am a demon from hell and I follow my own heart. I am not someone who randomly kills others. I believe in using the smallest price to do the biggest thing. I shall just follow them quietly and will be able to enter the abyss, so why should I kill and ask for trouble?” The demon and Heaven Heart stood together.

There was wearing a white robe while the other wore a black robe.

The two of them looked at one another, one white and one black, a stark contrast to one another.

“The two young masters seem to have their own plans. Do you know what they’re up to?” Heaven Heart asked.

“Why should I?” The demon asked Li Xiandao.

“What goals do they have? Do they have bad intentions? All that has nothing to do with me. Once we enter, we will go our separate ways, so what is the point in knowing all that?” The demon shook his head.

He knew that Young Master Mi and Young Master Ming had problems and it wasn’t as simple as they said it was.

But so what?

In front of absolute strength, the demon wasn’t worried that they would hurt him.

“That’s right, if they have bad intentions, they are the unlucky ones.” Heaven Heart broke into a laugh. He could sense the terrifying energy in the demon’s body.

Stage nine Destiny Realm, was that a joke?

“Look at their actions, they are drawing the laws of heaven and earth to find a weak spot to the deep abyss.” Heaven Heart looked at them.

The demon glanced across and nodded, “So simple, I can lay it out casually. If I had the formation diagram, I wouldn’t have followed them.”

In front of Heaven Heart and the demon, Young Master Mi and Young Master Ming’s actions weren’t a secret. They saw everything clearly.

The more clearly they saw it, the simpler they knew how opening the abyss was.

The only problematic thing was to find the weak spot, that was also the most basic thing.

Now that the weak spot was found here, the two of them remembered it and didn’t move.

Anyway, someone was opening the tunnel up. They waited for so long and didn’t mind waiting a little longer.

There were two of them, one monk one demon, one pure one fallen. The moonlight shone onto Heaven Heart’s body and cast their long shadows.

In just a moment, Young Master Mi and Young Master Ming completed it. After activating the formation, a bottomless black hole appeared in the space.

* Hong long long!*

The aura from within was filled with a thick blood stench like millions of people were killed.

“Okay, the tunnel has been opened. We can enter now.” Young Master Mi smiled.

No one dared to enter.

The black hole seemed terrifying. Who knew what was inside?

“Let me be the courageous one, I will be the first to enter.” Heaven Heart opened his mouth and with a step, he was in front of the two of them.

“Okay, you will be the first. Show everyone whether or not I lied to them.” Young Master Ming looked at Heaven Heart with satisfaction. He was glad he didn’t reject him previously.

Chapter 529: How Now?

Heaven Heart took the initiative to enter the first black hole, making the others heave a sigh of relief. Who knew where this black and dark hole led to?

Now that someone was scouting the way, it was exactly what they wanted.

Heaven Heart walked to the human-height black hole and just walked in right away.

Hong long long!

Spiritual energy changed all around him. It wasn’t so pure and gentle as before. It became really extreme and violent. It was as if one went out in the winter and the wind pierced right into one’s skin.

Heaven Heart walked into the black hole and apart from the spiritual energy, everything else was okay. He took huge strides and suddenly his eyes lit up. He saw a new world.

A world filled with white bones.

The ground was covered in bones and there was nothing growing. It was a patch of scorched land and in the distance there was a broken and old city. It hadn’t been repaired in a long time and it looked like it was about to collapse.

This seemed like a place to bury corpses. So many bodies were tossed here.

Heaven Heart looked behind him at a crack in space. He had came out from this crack.

Heaven Heart remembered this place and everything else around. If he wanted to head out, he had a target and didn't need to ask others.

The formation was really simple and Heaven Heart learnt it with one look. The tough part was finding the weakness in the space.

After entering this world, the spiritual energy was still really fierce and overbearing. He absorbed it into his body and it felt like he was sucking in pieces of blades. They were scratching his meridians and as his blood flowed, it felt unbearable for him.

If someone with slightly lower cultivation entered this place, they would feel like their body was burning. It wasn't from the outside but burning from the inside.

Meridians, dantian, consciousness, all of them were burning.

Fortunately Heaven Heart was really determined, blocking them all and not being affected.

He didn't bother about whether or not people entered behind him. He did his own things, taking out the treasure map and looked at it carefully. He said, "This map said that the ancient demon god's treasure will be found on the third floor. Which floor am I at now?"

Heaven Heart guessed that he was roughly at the first level, after all this was connected to the basic world.

Of course, this was just what he guessed. He still needed to find some clues.

If he really was at the first level, then he needed to enter the second and the third to find the treasure.

So Heaven Heart was prepared to leave to find the answer to prove which level he was at.

But a voice stopped him.

"Monk, follow us. It is very dangerous to travel alone in this hell." Young Master Mi entered and shouted warmly.

The others entered one by one. They found it unbearable but they didn't have as strong of a tolerance as Heaven Heart.

The violent spiritual energy were like small blades slicing their flesh. The key was that the blade was not sharp, it wouldn't slice off anything at all.

But the process would make one feel extreme pain.

Everyone was like that apart from Young Master Mi and Young Master Ming and their emperor guards.

They were calm, it was as if they adapted really quickly. Heaven Heart had a weird gaze as they warmly invited him.

"I have something else to deal with, I agreed before that after we enter, I have to leave. Now I will keep my promise." Heaven Heart rejected it.

Young Master Mi had an awkward expression. His warm invitation was rejected just like that by Heaven Heart.

"Monk, this place is the eighteen floors of the deep abyss. To the morals, it is like hell. It is easy for you to get killed if you are alone. Isn't it better if we are all together and helping one another?" Young Master Ming tried to persuade Heaven Heart.

Heaven Heart found it weird.

Young Master Mi was someone that often smiled but not Young Master Ming. He was a cold person that didn't smile and had a straight face like people owed him money.

But now, this Young Master Ming invited Heaven Heart. That was weird.

"I am more used to moving alone." Heaven Heart rejected once more.

Young Master Ming and Young Master Mi's face collapsed and they looked at Heaven Heart with an unfriendly gaze.

The speed at which he turned on him was unimaginable.

"We invited you but you still reject, you really don't give me face at all?" Young Master Ming said coldly.

"This is the first level of the deep abyss, do you know who this piece of land belongs to?" Young Master Mi looked at Heaven Heart coldly. He didn't hide himself and just smiled coldly.

When the others saw that, they looked at one another. How did it turn so hostile when they were just having a good conversation?

Only the demon squinted his eyes and looked at those scenes. He stood there calmly. He didn't interfere in this and just looked on silently.

Heaven Heart had the ability to handle this.

"You invited me to stay and then after I reject you, you become angry. Listening to your tone, you are from the deep abyss. Moreover you seem so used to this place, it is obvious that this isn't your first time here. You are able to be so calm in such a violent spiritual energy and you even tore your mask open without hiding anything. You can tell me, who gave you that courage?" Heaven Heart asked.

"All of you entered deep abyss and into this white bone filled battlefield, why do I still need to hide?" Young Master Mi shouted coldly.

"The two of us are warriors under White Bone Demon Lord, we make people enter. The moment they step foot here, the White Bone Demon Lord will swallow all of you up to replenish his body." Young Master Ming smiled.

The moment he said that, the dozen of people he cheated in were furious. They knew that they were lied to and wanted to grab the two of them.

But the one protecting them were emperors and these people couldn't break their defences.

"Hahaha, these are the bodyguards that the White Bone Demon Lord gave us, they have emperor realm strength. Unfortunately, they can only use it in the deep abyss. If they could use it outside, I wouldn't need to spend so much effort to cheat all of you in." Young Master Ming said regretfully.

The two emperors that protected them just had emperor aura in the real world but not the strength of an emperor. So when the demon said that he was to join in, Young Master Ming and Young Master Mi's tricks were seen through and they were terrified.

But now that they were back in the abyss, the two emperors weren't decorative pieces anymore.

For the two of them to deal with the Grandmaster and Legend Realm people, weren't they more than enough?

"You make it seem like you will definitely kill me?" Heaven Heart asked curiously, "Do I look so easy to bully?"

"How can a monk like you do anything in this deep abyss?" Young Master Mi smiled coldly. .

“Is that so?” Heaven Heart suddenly gave a devilish smile. His left eye gave out a blood glow and it turned into a rushing blood ocean. His aura changed, from a saint-like monk into an extreme demon. An evil demonic pattern appeared on his face and stretched to his neck. A drip of cinnabar ink appeared on his forehead.

“What about now?” Heaven Heart looked at Young Master Mi and grinned.

Chapter 530: Leaving Together!

Heaven Heart’s smile was like a hall of demons which appeared in front of everyone, it was extremely terrifying.

Who would have thought that this tender fleshed, white and pure young monk would instantly become an envoy from hell.

In his eyes, there was a surging blood ocean. Behind his back, demonic energy was swirling about too.

This scene shocked everyone here.

Young Master Mi opened his eyes wide and trembled, “You... How... Did you end up like this?”

Young Master Mi panicked. He looked at Heaven Heart whose aura and demeanour had totally changed. For some reason he panicked, he was panicking for no reason at all. He scolded, “Kill that monk, once he dies then bring him to White Bone Demon Lord, he would probably be very happy.”

Young Master Ming’s cultivation wasn’t high and the only thing he relied on was the emperor realm guards.

So he immediately ordered one of them.

The emperor’s expression was really cold as he stepped out. he grabbed and scoffed coldly, “Who are you to behave so arrogantly in front of me?”

The emperor guard was proud. In his eyes, Heaven Heart and the others were all at Legend Realm or Grandmaster Realm. Anyways he didn’t reach emperor realm yet.

If they hadn’t reached Emperor Realm, they were still ants.

Would he care when he wiped out a single ant?

But his confidence met Heaven Heart.

“You are relying on him?” Heaven Heart muttered.

“Since that was the case then I shall destroy him. Let’s see how weak you are in front of me.” Heaven Heart raised his hand and slapped.

Hong long long!

That slap was really natural and really simple too.

But the strength of it wasn’t simple.

After Heaven Heart slapped, death, extinction, killing, destruction daos all appeared in the air.

Instantly that slap covered a hundred meters before suppressing everyone.

Dong!

The scorched land trembled like an earthquake had occurred. After the intense shaking, a huge hole appeared.

In the hole, there was a pile of dust, bone dust which belonged to that emperor guard.

Young Master Ming was stunned.

Young Master Mi opened his eyes wide.

The people who were cheated in all opened their eyes wide and they didn’t dare to believe their own eyes.

He was beaten to death just like that?

An emperor!

Not an ant!

Heaven Heart didn’t bother about their shock. Just like how this emperor guard treated Heaven Heart as an ant, now Heaven Heart treated him as an ant too.

“Your courage has shattered.” Heaven Heart looked at Young Master Ming and said calmly.

“Who are you, why do you have such terrifying strength?” Young Master Ming asked in terror.

“Who I am has nothing to do with you. I don’t want to interfere in your matter so why did you have to forcefully make me stay?” Heaven Heart sighed regretfully.

I wanted to go but you all didn’t let me.

Then I had no choice, I could only kill you.

What was this called?

They were just asking for it!

“You are so strong but disguised as a weakling and joined our group. Are you here to deal with White Bone Demon Lord?” Young Master Mi scolded.

Heaven Heart was speechless and said, “If you didn’t mention White Bone Demon Lord, I wouldn’t have known that there was such a person. But now I am quite interested in him. Tell me, where is he?”

“You are dreaming, even if I die I won’t tell you about it.” Young Master Mi said.

“Then just die then.” Heaven Heart said calmly.

Pu!

A streak of demonic energy pierced through Young Master Mi’s brow and took away his last bit of life force.

Young Master Ming opened his eyes wide and looked on in terror.

The others were stunned.

So decisive?

He killed him right away.

The most unlucky one was Young Master Mi. In the end he looked at Heaven Heart angrily and with unwillingness.

“Dumb baldy, can’t you just ask more. If you ask again I would have told you.” Young Master Mi was filled with grievances.

His death was really unlucky and frustrating.

But Heaven Heart didn’t care. He killed Young Master Mi as easily as stepping an ant to death. There was no hesitation at all.

Would you feel differently when you killed an ant?

Heaven Heart pointed, "You answer this question."

Young Master Ming's body shook and he said, "White Bone Demon Lord is on the white bone ocean ahead, you can see it when you walk over."

"Thank ou for your answer." Heaven Heart nodded his head politely.

"You don't have to thank..." Young Master Ming was terrified.

But in the next second, with a piercing sound, he felt his head hurt. Then his eyes turned dark.

Before the entire world turned black, the last sentence he heard was, "Thank you so I killed you."

Young Master Ming wanted to scold Heaven Heart, his thanking method was really special.

The two young masters were killed so the remaining emperor guard wanted to flee.

This was too terrifying, so terrifying that it made one tremble. This person was both a buddha and a demon, that was just terrifying.

He had to flee and tell White Bone Demon Lord about the matter and let White Bone Demon Lord deal with this monk.

The guard's plan was great. He was decisive too, running without caring about anything else.

But he met the demon.

It was as if the demon teleported in front of him and looked at him expressionlessly.

"Scram!" The panicked emperor guard didn't look at the demon's expression. He just reached out, using his hand as a blade to slash down.

He would kill everyone that blocked his way.

For someone to block him now, weren't they forcing him to die?

Dang!

But the moment he slashed down and landed on the demon's body, the rumbling true qi and sharp blade energy dissipated.

Not to mention being injured, even the demon's clothing didn't tear.

"You... You have been hiding your cultivation?" The emperor panicked. There was an extremely strong monk there and now there was a shocking expert that hid his strength?

"I didn't, you just couldn't see through it. Now you can die peacefully." The demon said coldly. He reached out and touched the guard's heart before leaving.

The guard lowered his head and was stunned as he looked at his heart.

Now it seemed like there was nothing much.

But he knew that he was dead.

That was because a streak of true qi exploded in his heart.

Peng!

A huge whole appeared at his heart area and all his lifeforce was gone.

His eyes turned grey and he understood something.

It was best to be low profile.

....

Heaven Heart had turned back to normal to that pure and handsome monk. That blood ocean and killing energy, demonic patterns were all gone.

The demon and Heaven Heart didn't bother about those people who were dragged in. After scouring their winnings from the battle, they left together.
