

Bank of the Universe

Chapter 551: Demon God Pillars All In Hand!

The unorthodox celestial that was hiding in the dark exploded out and controlled King Lanling. He was so quick and so well trained. Just by looking at what he did, one knew that he was experienced.

This was a white-skinned guy. His skin was so white like it hadn't seen the light of day.

Another unorthodox celestial that hid in the darkness.

King Giant exclaimed, "You are the founder of Assassin Alliance, the king of assassins!"

The assassin that Li Xiandao killed before was also from the Assassin Alliance. Now the founder came himself.

The King of Assassins controlled King Lanling's body, reaching out to remove King Lanling's mask. He was impressed, "As expected, King Lanling was born handsome which was why he wore a fierce ghost mask. He looks nicer than girls, you wouldn't want such a person to die right?"

Li Xiandao's gaze turned cold. Of course, he didn't want King Lanling to die.

But it wasn't because of King Lanling's looks but because King Lanling was his guest. The contract was not over so if King Lanling died, the contract would be trashed and Li Xiandao would lose out.

"I told you that I will kill you before you kill him." Li Xiandao said coldly.

"Do you think you can scare me?" King of Assassins said in disdain and didn't believe Li Xiandao's words.

He was an assassin and the speed of killing was far quicker than others. He didn't believe that Li Xiandao could defeat him so quickly.

"Did you not see how I forced back those three stage seven unorthodox celestials?" Li Xiandao asked calmly.

"I saw that, you are strong and terrifying but I don't care. When I passed my fifth tribulation, I have consumed all my resources and luck. I would definitely die for my sixth time. Rather than die from lightning, why not I fight to the death. Hand the world

core to me and I will let King Lanling go. If not then just wait to collect his body.” King of Assassins said coldly.

Li Xiandao looked at him and then at King Lanling.

King Lanling was really calm and said firmly, “I trust Boss Li.”

Li Xiandao smiled. He looked towards King of Assassins with a cold smile, “Let’s have a competition.”

King of Assassins’ heart shook, “What competition?”

“Let’s see whether the speed at which you kill King Lanling is quicker or will I be quicker in killing you.” King Lanling said honestly.

“What is the best?” King of Assassins asked coldly.

“Your life.” Li Xiandao smiled coldly, “If you win, you can go down to hell with King Lanling. If you lose then you go down yourself.”

King of Assassins’ pupils constricted, either choice was death.

“Why not you hand over the world core and we go our separate ways?” King of Assassins couldn’t help but say.

Li Xiandao shook his head, “I don’t like it when people threaten me. The more you do, the more annoyed I get and you will definitely die.”

King of Assassins suddenly grabbed King Lanling’s neck and held him up, “Then you can watch King Lanling die.”

Li Xiandao smiled calmly, “With you accompanying him, he won’t be lonely.”

King of Assassins looked at Li Xiandao in disbelief. Who knew that he was so cold and cruel. Now he was in a tough spot.

That moment of hesitation was when Li Xiandao attacked.

Hong!

The sky around changed and huge amounts of dao pressed forth. Li Xiandao’s body flashed and he was so quick that the unorthodox celestial couldn’t react at all. The sword pressed onto his brow right away.

Pu!

King of Assassins looked at Li Xiandao as his eyes lost their luster. His hands fell down powerlessly and his lips trembled. He wanted to say something but nothing came out at all.

Li Xiandao didn't bother to look at him. He turned around and left, "I told you that you will definitely be slower."

King of Assassins didn't believe his words but now he did.

But the price to pay was a little too much.

King Lanling was out of danger and he was shocked, "Killing a stage five unorthodox celestial with one strike?"

Li Xiandao took a look at him and didn't explain. Was that strike him using the 19 worlds all at one moment.

It was the same as Li Xiandao consolidating all his strength on his index finger which was why he could kill a stage five unorthodox celestial.

"Everyone who is peaking scram!" Li Xiandao looked around coldly and shouted.

His voice caused numerous gazes to leave. Some of them who were tempted were filled with despair after seeing Li Xiandao kill him in one move.

Li Xiandao closed his eyes and searched the area around. After confirming that no one was left, he retracted his sensory ability.

"Now that this tribulation is over, we need to calculate debts." Li Xiandao looked at King Lanling and said.

King Lanling asked, "How much?"

"Like we mentioned, one person is worth 200 million but that is with regards to stage nine Destiny Realm. As for stage one unorthodox celestial, stage two etc., or people like Ice Queen, Shi Cheng, Shi Potian, King of Assassins etc., the price has to increase in folds." Li Xiandao started to calculate.

When King Lanling thought about how strong Ice Queen and the others were, he nodded, "Of course."

"King of Assassins is counted two, Ice Queen is counted three. The three of them are nine. Just them, there are 11, which is 2.2 billion." Li Xiandao said calmly.

This was even before calculating those people before.

King Lanling sucked in a cold breath and shook his head, "I don't have that many top quality spirit meridians."

"Sure, then you have the second choice which is 100 years of freedom." Li Xiandao said decisively.

"No problem." King Lanling kept silent for a while before nodding.

"Wait, what are you two talking about, what freedom, what 2.2 billion?" King Giant questioned King Lanling.

"The price I need to pay for hiring Boss Li is to work for him for 100 years." King Lanling explained.

King Giant grumbled, "You aren't a brother. We worked together for thousands of years and now you are leaving me alone?"

"Boss Li I will be your subordinate too. 100 years, I too want to learn somethings from Boss Li." King Giant recommended himself.

Li Xiandao's lips curled up, "Of course I would want that, sign a contract with me later."

King Giant smiled towards King Lanling, "Now we won't separate."

King Lanling smiled, "I didn't think about abandoning you."

Li Xiandao didn't bother about the deep relationship between the two brothers and just flew to the layers in the middle of the abyss.

Li Xiandao started to pull out the three demon god pillars here.

The abyss started to shake but fortunately, Li Xiandao was quick and settled everything in just five minutes.

"12 demon god pillars are all with me." Li Xiandao felt great and really satisfied. He wouldn't lack resources for a short period of time.

Chapter 552: Slaying A Celestial!

The problem of the deep abyss was solved. Li Xiandao brought King Lanling and King Giant as well as the three demon god pillars back to the Bank of the Universe.

Within the bank, Li Xiandao placed the three demon god pillars in the Time Hall before looking at King Lanling and King Giant, "Come and sign a contract."

Seven walked over calmly and she prepared the hundred-year contracts.

Trading Hall, Li Xiandao looked at King Lanling and King Giant, especially King Giant who he asked, "You are signing this willingly and no one is forcing, threatening, or hiding things from you?"

King Giant nodded, "I am willing."

Li Xiandao was satisfied, "That is good, sign it."

Two contracts, on it, clearly written that he would serve Li Xiandao for 100 years. During the 100 years, they would listen to Li Xiandao's orders and they would be punished if they didn't.

Hundred years later, they would receive their freedom.

King Lanling had to sign this contract. He had no money to pay Li Xiandao while King Giant was voluntary.

"Serve me for 100 years. You will lose your freedom so why do you want to sign this?" Li Xiandao didn't understand.

King Giant gave an honest smile, "I woke up in the deep abyss and the first person I saw was King Lanling. He wasn't so strong so we supported and helped one another. It was tough but we are used to one another. He is my only friend, loved one and if I separate with him, where should I go?"

King Giant only had one friend, one loved one, one person to follow.

This person was King Lanling.

Now that King Lanling was going to serve Li Xiandao for hundred years, he followed.

"We agreed to share happiness and sadness, now I will accompany him." King Giant said firmly.

King Lanling smiled. His heart felt really warm. He had chosen the right brother.

"That is touching. Sign the contract and you two will serve me for a hundred years." Li Xiandao clapped.

Both of them signed their names and the contract came into effect.

Li Xiandao passed the contracts to Seven before standing up, "Since you two are my subordinates now, you can stroll around the Bank of the Universe and understand the place. I am busy so I won't bring you around."

King Lanling and King Giant walked about themselves. Li Xiandao passed the contract to Seven and told her to deal with him. He himself returned to the Time Hall.

Li Xiandao was going to comprehend the sword techniques that he didn't fully comprehend and merge before.

When he fought Ice Queen and the other two, Li Xiandao comprehended a lot. But after the three of them realized that he was using them, they stopped attacking. So Li Xiandao was not able to learn more.

This time, Li Xiandao directly burnt a thousand years of his lifespan.

Hong long long!

Within the Time Hall, energy surged. Three and a half demon god pillars stood tall, enough for him to absorb for a long period of time.

He was training his sword here.

From the basics, flick, sweep, slash, hack...

Each move, each flick, he started slowly. At the crucial moment, she slashed forwards.

Hong!

Sword energy spread out in the Time Hall and caused the wind to blow.

"I comprehended large amounts of the dao and learned many sword moves. Some are suitable but a lot are not strong enough but are still within my body."

After Li Xiandao finished, he sat cross-legged and closed his eyes. He slowly comprehended.

He was about to merge all his sword techniques together and create one that was suitable for him.

He wanted to create a new sword path dynasty.

This was Li Xiandao's own dao.

At that moment, his talent was shining bright. A sword image appeared within him.

All-knowing talent!

Another Li Xiandao appeared, he held a sword and was slashing about.

Each one of them was a streak of the sword dao and used one sword technique.

At that moment, numerous Li Xiandao appeared.

With the all-knowing talent, these Li Xiandao started to merge. Two into one, the strength increased largely.

Their merger was exactly what Li Xiandao wanted.

Sword energy, dao, moves.

He wanted to merge them all into one and turn them into his own sword technique.

The all-knowing talent was activated and the moves were merged quickly. Li Xiandao opened his eyes and saw the stars and clouds. All things could be merged into one.

This sword technique was slowly turning real.

During the thousand years, Li Xiandao's trained close to 100 million sword techniques. He perfected himself and finally obtained one that was most suitable for him.

Human Slays Celestial!

This technique was one that Li Xiandao decided on after great thought.

Like the name suggests, this sword technique didn't target people from Nine Skies and Ten Lands. Li Xiandao only had one target which were Celestials!

Celestials were what Li Xiandao had to consider. This Human Slays Celestial had nine swords.

First move: 100 forms! Second move: Thousand snowy mountains! Third move: Big River Sword!

Fourth Move: Heaven cliff! Fifth move: Unprecedented Beauty! Sixth move: Mountain, Ocean, Cloud, Sky!

Seventh: Sword opens heaven gate! Eighth: Soul Breaking Sword! Ninth: Human Slays Celestial!

This Human Slays Celestial encapsulated all the sword daos that Li Xiandao comprehended before.

Like the Big River Sword, the mysteries of the entire Big River Sword were merged into that.

Like the fifth move, it was the technique that Li Xiandao created for Seven.

Like the sixth move, Li Xiandao merged all his few sword moves together and caused it to be extremely strong.

Li Xiandao meditated and studied for a thousand years before being able to merge all his studies together.

From then on, Li Xiandao's path wouldn't be so messy. He had a system which was the Human Slays Celestial that he created.

This name showed his ambition. He was now invincible in the Nine Skies and Ten Lands and his next target was the Celestial World.

The supreme Celestial World wasn't so far away from his eyes anymore.

Like, he could reach out to touch it. It was also really simple for him to open the Celestial Gate.

Lightning tribulation was scary for the others in Heaven Sky but to Li Xiandao, it was just that.

"I have to settle the Nine Skies and Ten Lands before I head to Celestial World. I am not in a rush yet." Li Xiandao retracted his goals of climbing Celestial World. He got up and left the Time Hall.

He looked at the three demon god pillars in the Time Hall and smiled. He released control of that half a pillar.

Hong long long!

Instantly, the entire Bank of the Universe was surrounded by resources that came from Hell World.

Chapter 553: Guest From Celestial World!

Li Xiandao spread out that pillar. The rumbling energy spread about the Bank of the Universe and everyone could absorb it.

The energy was terrifying.

It came from hell. They used most of their resources to craft 108 demon god pillars. Each pillar had huge amounts of resources. Li Xiandao used eight to craft the 19 worlds and used half of this to cultivate himself.

The remaining half was what Li Xiandao spread out in Bank of the Universe so that his subordinates could break through quickly.

Their cultivation speed was just too slow for Li Xiandao.

Of course, to others, this was extremely quick.

But Li Xiandao was not satisfied.

He was unhappy so he wanted them to speed up.

When Heaven Heart sensed the huge energy that came from hell, he was delighted and knew that Master was blessing them. He immediately kowtowed towards Li Xiandao's direction and then started to absorb them. He reached the peak of stage nine.

The others were the same. Lucifer and Northern Region Lord all started to break through.

Li Xiandao stood on the square and looked at them break through. Especially people like Tian Guangming who had just entered Destiny Realm. They absorbed it and broke through.

Li Xiandao nodded his head in satisfaction and was looking forwards, "The next break through would be ascension."

Nine Skies and Ten Lands didn't have so many resources to support them in breaking through to the Celestial World. If one reached stage nine and wanted to break through, it was impossible unless one failed the tribulation and became an unorthodox celestial.

But that was the path of a failure. Li Xiandao's subordinates didn't need to take that path.

Maybe there was a solution. Li Xiandao had a world core on him.

It was left from the last eon. Although it wasn't much, it could help people become celestials.

But Li Xiandao didn't want to use it for that.

He was already like a Celestial in the world so there wasn't much of a point.

Moreover, Li Xiandao had the Celestial Gate key and could open it at any moment. So what was the point in becoming a Celestial in the human world now?

If he opened the Celestial Gate, he could fly up. This world core would be saved and he could merge it into his Nine Skies and Ten Lands.

This was what Li Xiandao was thinking about so he didn't touch the world core.

He was thinking about when to open the Celestial Gate.

This was a problem that Li Xiandao had been thinking about. He had to open the Celestial Gate. Now it was tough for people from the Nine Skies and Ten Lands to ascend. Old Man Tianchi closed the Celestial Gate for the people of the Nine Skies and Ten Lands but the times were different. When the Celestial Gate closed, there were too few people who ascended and those who failed became unorthodox celestial. This was a really long path.

So he had to open the Celestial Gate.

But he had to choose a good time and he couldn't let what happened ten thousand years ago to repeat. The upper world controlled the Celestial Gate and Nine Skies and Ten Lands became their back garden. They nurtured and enslaved talents.

Li Xiandao had to plan well for it.

Right when he was thinking, Seven came to his side and said, "There is a new guest."

Li Xiandao's eyes lit up, "What kind?"

"A... Guest from Celestial World!" Seven said with a weird expression on her face.

Li Xiandao was stunned, from Celestial World?

This was the first time he received a guest from the Celestial World, which was interesting.

"Please enter." Li Xiandao smiled. He wanted to see what this guest was like... What his goal was...

Heaven Sky, a demon path sect. A black building stood amongst the mountains and was really eye-catching and overbearing.

Ancient Demon Sect!

This was one of the top demon path sects and was a top faction. It was even stronger than Heaven and Earth Sect.

But at that moment, someone screamed from within, "I don't want to come to Nine Skies and Ten Lands. They forced me to come down and want me to find what Celestial Gate key for you? Pui!"

A baby that was just born cursed out as the nanny looked at it in terror.

Beside them were the unconscious pregnant woman and a few terrified maids.

This baby really just jumped down and cursed towards the sky, "All of you will give birth to sons without dicks. I didn't agree and you kicked me down to make me reincarnate. You even made me, who was so handsome into a milk-drinking piss leaking baby."

The baby's performance caused the maids to scream and it also drew in the husband who was waiting nervously.

Ancient Demon Sect's sect leader, Gu Yingling.

Peng!

Gu Yingling entered right away and saw the baby scolding towards the heavens. He also saw his wife who was unconscious at the side.

"Unfilial child, what are you doing?" Gu Yingling shouted coldly. He grabbed the baby and smacked his butt.

"I am a Celestial, you dare to hit me like that?" The Celestial that reincarnated was furious. He bared his teeth but what he got was more slaps.

Pa pa pa!

The slaps made him cry out loud before he fell asleep. How strong could a baby be? Without the Celestial's soul supporting him, he cried out loud before sleeping.

Definitely, it wouldn't be jumping up and down and cursing at the heavens.

Three years later!

A jade-like baby was sitting in the garden. A beautiful lady asked, "Qing'er what is going on?"

"Mother I am fine you don't have to care about me, I would like some silence." The ex Celestial said.

Even after knowing that her son might be a Celestial reincarnate, the mother didn't abandon him. She took care of him and warmed up his heart.

He willingly called her mother.

"Then good, but remember not to talk back to your father." The lady instructed.

"I know." Gu Qing agreed.

After she left, Gu Qing looked around and after confirming that there was no one, he took out his treasure.

A red watch.

“During these three years, I merged into this world and my cultivation is gone. Even my Celestial soul is often asleep. If not for a mother taking care of me I would have died.” Gu Qing sighed helplessly.

He placed all of his hopes onto this watch.

“I will make those who kicked me down pay the price. They even wanted me to find some dogshit Celestial Gate key.” Gu Qing scolded.

“This time I will make them pay a price. but the more important thing is to stop those Celestials who are coming down.” Gu Qing muttered. He used strength and with a crack, the watch shattered.

Chapter 554: Gate Of The Two Worlds!

Bank of the Universe, Trading Hall.

Li Xiandao sat on his own seat and waited for this guest who came from the Celestial World.

This was the first guest that he got from the Celestial World and he was looking forward to it. Why did someone from the Celestial World come to the Bank of the Universe?

Did he want him to help find the Celestial Gate key?

The Bank of the Universe’s watch wouldn’t find such a guest. Li Xiandao did select all his guests.

Right when Li Xiandao was in deep thought, Seven brought the guest over.

A little kid!

A kid that should still be drinking milk just walked in with his hands behind his back. He seemed really confident.

But the large pants he was wearing made him look really funny.

“Welcome guest to Bank of the Universe, you can trade everything here. The prerequisite is that you are able to pay enough.” Although Li Xiandao was shocked at how young he was, he didn’t ask anything. He just welcomed him warmly.

Gu Qing jumped right away and sat on his chair. He reached his head forward to stare at Li Xiandao, “You are the boss of Bank of the Universe?”

Li Xiandao nodded his head calmly.

“You can do anything?” Gu Qing continued to ask.

“Right, the condition is that the guest gives a treasure or resource of an equal price.” Li Xiandao smiled calmly and said.

“Do you dare to kill a Celestial?” Gu Qing looked at Li Xiandao and asked.

Li Xiandao smiled confidently, “How many?”

Gu Qing was delighted and said, “If you have the courage then I shall trade with you.”

Li Xiandao said simply, “What are the details?”

“I want you to kill everyone who came down from the Celestial World.” Gu Qing gritted his teeth.

Li Xiandao looked at him and laughed. He was so young and was at the age of someone drinking milk but he said that he wanted to kill someone.

“Tell me about your background and then about why they would come down. I remember that the Celestial Gate is closed.” Li Xiandao asked.

Gu Qing gritted his teeth, “I am a reincarnated celestial. I didn’t want to but they forced me.

My Celestial soul is often asleep such that I am still wearing these diapers. This is such an insult.”

Li Xiandao couldn’t help but look at Gu Qing and he continued to listen.

“I told them I wouldn’t go but they chose me. I spent a hundred years of hard work to become a glorious Celestial Dynasty Guard, but those people destroyed everything.” Gu Qing gritted his teeth.

“Celestial Dynasty Guard?” Li Xiandao asked curiously.

“Right, Celestial Dynasty was the one that eyed the Nine Skies and Ten Lands. Celestial Dynasty rules half of Celestial World and they are supreme naturally the Nine Skies and Ten Lands are under them too. But 30 thousand years ago someone laid out a Heaven Destroying Earth Crashing Formation to kill hundred over people from the guard’s army, shocking the entire Celestial Dynasty.” Gu Qing said.

Li Xiandao knew about that, it was done by Old Man Tianchi, Sword God, and their friends.

They were people who went to fight against the Celestial World. The battles occurred in Heaven Sky and the place where Old Man Tianchi closed the Celestial Gate was also at Heaven Sky.

In the very end, Old Man Tianchi suddenly fell when he went to Cold Moon Sky and he passed the key to his junior brother.

“and then.” Li Xiandao told Gu Qing to continue. He didn’t expect that the people Old Man Tianchi killed were from the guard’s army.

“100 people were killed, that was a huge insult. Much less the fact that Nine Skies and Ten Lands was the one who did it. Celestial Dynasty was naturally furious and they sent a huge army. They wanted to wipe out Nine Skies and Ten Lands but they suddenly realized that they couldn’t enter the Nine Skies and Ten Lands.” Gu Qing smiled.

“Celestial Gate was closed.” Li Xiandao added.

“Right, since the Celestial Gate was closed by the Nine Skies and Ten Lands, the route has been totally sealed dead. Either you steal a body or you reincarnate. Apart from that, there are other risky methods but no one dares to try them.” Gu Qing shook his head.

“Then why did they kick you down?” Li Xiandao asked curiously.

“They are using me as an experiment.” When he said that, Gu Qing got emotional once more. He gritted his teeth and was extremely angry.

“Use you as an experiment?” Li Xiandao frowned.

“There are many restrictions with stealing a body and it damages the Celestial too. 30 Celestials tried reincarnation but most of them died halfway. This was even riskier and had much uncertainty. Even if they don’t die halfway, if they don’t find the Celestial Gate key they would be trapped in the Nine Skies and Ten Lands. Slowly, no one was willing to reincarnate.” Gu Qing was furious.

“So they kicked you down?” Li Xiandao asked.

“They are bullying me for not having a backer. And also that nonsense flower shifting wood combining method. They said that once I grow up, the gate of the two worlds in my soul would be activated. When the time comes, they would use it to send a bunch of Celestials into Nine Skies and Ten Lands. Aren’t they using me as a guinea pig? I didn’t agree but they didn’t care. They knocked me out and tossed me into the reincarnation tunnel.” Gu Qing was annoyed.

“Gate of the two worlds?” Li Xiandao was confused.

“This is a Celestial Artifact, the treasure of an emperor. The guard’s army couldn’t do anything about the Nine Skies and Ten Lands so they asked this emperor to lend the treasure. They shoved it into my soul so that I will do things for them. I definitely won’t unless the sun rises from the west.” Gu Qing scoffed coldly.

“The gate can temporarily open up a tunnel between the Celestial World and Nine Skies and Ten Lands?” Li Xiandao frowned.

“Of course. Nine Skies and Ten Lands might seem sealed up but that is to the normal Celestials. To those higher-ups, they do have some skills. But naturally, they don’t care about the Nine Skies and Ten Lands. They are facing more threats so the only people who want the Nine Skies and Ten Lands are the guard’s army.” Gu Qing explained.

Li Xiandao understood. That was reasonable, Nine Skies and Ten Lands was not important to them.

“Can you take out the gate?” Li Xiandao asked.

“Yes. I am using it to trade. This is a high quality celestial artifact, it is close to top quality. It is not something the low quality celestial artifacts you have in Nine Skies and Ten Lands can compare to.” Gu Qing said proudly.

Li Xiandao smiled, “I need to see whether or not the Gate of two worlds is valuable.”

Gu Qing looked at him and said helplessly, “I will release my soul, you take it out.”

Li Xiandao nodded. He walked in front of Gu Qing and touched his forehead. He searched for the celestial artifact deep in his soul, the Gate of Two Worlds.

Chapter 555: Fallen Celestial Cliff!

Hong long long!

Li Xiandao took out the Gate of Two Worlds from Gu Qing’s soul.

A high quality celestial artifact. It was really amazing. Li Xiandao placed it in the Trading Hall.

Dong!

The Gate of Two Worlds landed on the ground, giving out a heavy sound that reverberated all around.

The gate was a mix of black and white mixing together like the taichi yin and yang pattern.

Gu Qing looked at it and gritted his teeth, "Those bastards. I didn't agree when they shoved this into my soul. How unreasonable, it was like a girl being ... by guys."

Li Xiandao listened to his amazing analogy and laughed, "Once this thing is activated, it can open a tunnel with the Celestial World?"

"Right, it would but not for a long time, roughly around 1-2 minutes. Anyways a bunch of Celestials will come down to search for the Celestial Gate key. Once they open it, there would be no problems at all." Gu Qing nodded.

Li Xiandao was in deep thought. The Gate of Two Worlds seemed like something good and it seemed strong too and could open up a tunnel.

"So your wish is to use the Gate of Two Worlds to open the tunnel and to kill all the Celestials who came over?" Li Xiandao asked.

"Right, kill them all." Gu Qing waved his hands and said emotionally.

"Okay, I can kill all of them and this Gate of Two Worlds will belong to me." Li Xiandao said.

"No problem, I don't have the ability to keep this either." Gu Qing said without hesitation. He knew his own place. He knew that this belonged to an emperor and he couldn't keep it all. Why not just trade it and toss it to Li Xiandao?

"If you do this, aren't you afraid that Celestial Dynasty will take revenge?" Li Xiandao asked.

"What should I be afraid of. Once I ascend I will just head to someplace not under their control. They are strong but in Celestial World they don't control everything. There are still many factions that aren't happy with them." Gu Qing said confidently. He entered Bank of the Universe only after considering everything.

"Okay then sign the contract." Li Xiandao nodded his head and told Seven to prepare the contract.

“Then when are you going to kill those people?” Gu Qing asked.

Li Xiandao thought about it and said, “Wait a while.”

“Wait for what?” Gu Qing didn’t understand.

“I am not rushing you, I just want to see the scenes. My Celestial soul often sleeps and each time I am awake I can last for half a month. Can you let me see those scenes personally?” Gu Qing asked.

His desire for revenge was really intense.

“Wait for a place, it will be soon.” Li Xiandao smiled.

“What place?” Gu Qing didn’t understand.

“Old Man Tianchi joined hands with some friends and killed hundred Celestials. Where was that?” Li Xiandao asked.

“How would I know?” Gu Qing shook his head. He only came to this world three years ago and most of the time he was in deep sleep.

“I don’t know either but I would soon. Once I find that place, I will place the Gate of Two Worlds there. Things started there and so there should be where we welcome the Celestials.” Li Xiandao smiled.

Gu Qing clapped and said emotionally, “Good idea, those bastards should all die there.”

“Sign it.” Li Xiandao nodded and pushed the contract over. He then took out a pen and pressed down.

Gu Qing flipped the contract and after ensuring that it was correct, he decisively signed his name.

“I will wait for your good news. Don’t let me fall asleep.” After Gu Qing signed it, he instructed Li Xiandao.

Li Xiandao smiled, “No problem, see you next time.”

He waved his hands and Gu Qing just turned into the wind. He dissipated and everything disappeared.

Only a contract remained with that curly and twisted signature.

It wasn’t easy for a three-year-old to write like that.

Li Xiandao kept the contract and passed it to Seven. He walked to the window and looked at the mountains outside. He was totally silent.

Seven was concerned, "Your enemies will be Celestials, are you confident?"

Li Xiandao said calmly, "Celestials are humans too, they are just slightly stronger humans."

"Moreover once they enter the Nine Skies and Ten Lands, they have to follow our rules. You pray to the buddha of the temple that you enter, that is something that is always correct." Li Xiandao added.

"That is true. In the Nine Skies and Ten Lands, anyone who enters has to follow the rules here." Seven nodded.

The Nine Skies and Ten Lands's dao restricted the limit of strength. If not Old Man Tianchi couldn't have killed those hundred Celestials thirty thousand years ago.

Li Xiandao hadn't reached Celestial Realm but his strength had exceeded the limit of the world.

But because he was a native, the world dao was more relaxed and didn't punish him.

But was that the same for Celestials?

Of course not. When they enter, they had to suppress their aura and strength or the lightning will strike down on them.

Li Xiandao was using that to deal with them.

So Li Xiandao could definitely complete this contract.

He looked at the Gate of Two Worlds and said, "Now let's find the place where Old Man Tianchi conned those Celestials. Tell the subordinates to watch how strong Celestials are so that they are motivated."

Seven nodded, "I will make the preparations, you can rest up."

Li Xiandao smiled, "No need to be afraid. I am the celestial killer, this time, the Celestials above will know my name."

...

The place where Old Man Tianchi killed the Celestials had turned into a restricted land.

There were 100 Celestial corpses. The surging killing intent and Celestial aura were still tough for people who just entered Destiny Realm to suppress.

30,000 years and those corpses still seemed alive. They didn't decompose and just remained on this giant land.

This broken cliff didn't have a name but since the 100 Celestials died here, people called this the Fallen Celestial Cliff.

There was no one in the thousand miles around Fallen Celestial Cliff. No normal person dared to come close. Someone did try to get the treasures or techniques but without an exception, they all failed and died terribly.

This place was secluded but Seven could find it easily. Although 30,000 years had passed and its reputation fell by a lot, but such a place still existed in their memories.

Once Li Xiandao knew the exact location, he stepped out and appeared here.

Hong long long!

Inside the giant Fallen Celestial Cliff, the magnetic field was chaotic. Celestials' aura surged about and affected the spiritual energy around. It was really unstable and there was killing energy too. Ten thousand years passed and it still didn't dissipate. The aura was still extremely strong and could easily kill those at stage one.

Chapter 556: I Think I Can!

Fallen Celestial Cliff. It didn't look majestic and there weren't any giant peaks. It was just a normal cliff.

But 30,000 years ago, Old Man Tianchi and his group laid out a shocking formation and unexpectedly killed many Celestials. This was the reason why this place got famous.

It was able to leave its name in the annals of history.

Now that Li Xiandao was here, he ignored all the interference. The killing energy had to back off when it touched him.

He walked into the area and he saw the 100 corpses.

Those Celestials died a tragic death.

Some were poisoned to death, some had arrows pierce their hearts, some had their souls pinned. Some were beheaded...

These corpses remained in their original states and weren't changed.

The formation left some traces here, for example, the land was sliced and covered in cracks. There was also a giant hole in the center of the formation where there were a few corpses. They were blown to death by the formation.

A kid appeared behind Li Xiandao. This time he wasn't in diapers. He looked around and sighed, "These people deserved their deaths. When the formation was being laid out, no one had any news. The Celestials were arrogant too and walked to the center of the formation. They took on all of its strength. They were just asking to die."

Li Xiandao looked at Gu Qing and said, "This is because Old Man Tianchi and the others were courageous and dared to do such a shocking thing."

"Right, if it was me, I wouldn't dare to kill so many Celestials but they did. They tried and they succeeded." Gu Qing only had one comment, "Amazing."

Li Xiandao looked around and at the same time, he protected Gu Qing. If not he would definitely be killed by the Celestial killing energy.

"Look at this place, it seems good to be a Celestial's tomb. I will send you out and then I will open up the Gate of Two Worlds." Li Xiandao said calmly.

Gu Qing nodded his head eagerly.

Li Xiandao used his true qi to send Gu Qing out. He looked on from afar.

Many people stood near Fallen Celestial Cliff.

Li Xiandao's subordinates all headed out of the Bank of the Universe to take a look.

Master was about to fight Celestials.

This was really exciting and they paid huge attention to that.

Like Blood Dragon, Chaos Dragon Crocodile, Heaven Heart, Lucifer, Northern Region Lord, Old priest etc., they all looked on solemnly.

"Letting Master attack while we wait and see, that is us failing him." Northern Region Lord blamed himself.

"We are too weak. If we all reached the peak, we would be standing there and Master would be standing here." Heaven Heart sighed.

“We can only let this happen once. Next time Master opens the Celestial Gate, we must help Master clear out all enemies. We don’t care even if they are Celestials.” Blood Dragon said coldly.

Chaos Dragon Crocodile grinned, “Master treats us so well. Only by working hard and improving ourselves can we repay Master.”

Lucifer’s eyes were ice cold. A voice in his heart told him that he was too weak and his improvement speed was too slow...

Master gave you so many resources and you still improved so slowly. You even have a god divinity. You were just too weak.

Those voices reverberated in his heart, causing his expression to turn ice cold. He was furious.

Furious with himself.

He was too weak that he couldn’t help Li Xiandao at all. He could only watch on as Master fought with Celestials.

“I need to improve myself.” Lucifer had a sense of need and pressure. He had to totally absorb the god divinity and follow the path of Fallen Angel Lucifer.

The Fallen Angel Lucifer could compare to the gods. He was coming back.

Anyone who was loyal to Li Xiandao felt bad. They hated themselves for being too weak.

They watched while Li Xiandao faced the enemy, then what was the need for them?

They were being nurtured for nothing?

At that moment, even Tian Guangming couldn’t help but blame himself for improving too slowly.

Li Xiandao wanted them to see the strength of Celestials to motivate themselves. But who knew that it would actually stir up so much faith and determination.

Get stronger!

They would work hard to get stronger, to help Master defeat all enemies.

If Li Xiandao knew that, he would feel really happy.

But he was not in the mood to bother about his subordinates. He pulled out the Gate of Two Worlds and placed it on the ground.

* Dong!*

The ground shook and dust rose up. It shook away the deathly energy all around and gave the Fallen Celestial Cliff more life.

The true qi within Li Xiandao's body injected into the Gate of Two Worlds and activated it.

The Gate of Two Worlds shook. It absorbed Li Xiandao's enormous energy and started to shake.

Hong long long!

The Gate of Two Worlds actually rose three feet in the air. With a large explosion, large ripples spread out and about. This aura came from a high quality Celestial Artifact.

It was the aura from the Celestial World.

Gate of Two Worlds was activated and the tunnel was opened. Celestial energy surged over, like a flood smashing a dam. All of it surged out from the tunnel.

Fortunately, Li Xiandao had 19 worlds in his body. He didn't reject any of the energy and absorbed it all into his body.

Li Xiandao stood ten meters away from the Gate of Two Worlds and looked on calmly.

Within the Gate of Two Worlds, the sound of footsteps spread out. Someone was crossing.

Hong!

Before the person arrived, the Celestial energy surged towards his face. It was really strong and it wrapped up Li Xiandao.

Celestial!

Celestial at full strength!

This was the first time Li Xiandao saw one but he didn't get emotional. He wasn't angry, he was just calm.

When one removed the layer of worship when one looked at a Celestial, they were just a slightly stronger cultivator.

Li Xiandao was progressing on the cultivation path and Celestials were just a few steps ahead.

There was nothing to fear.

A person crossed the Gate of Two Worlds. This was a white shirt young man who frowned, "The spiritual energy here is so impure unlike the Celestial World. It isn't even one percent."

The teen looked at Li Xiandao and his brow rose up, "You just reincarnated for three years and reached ascension realm?"

He thought that Li Xiandao was Gu Qing. After all only Gu Qing's soul had the Gate of Two Worlds.

But Li Xiandao shook his head, "You are wrong, I am not that reincarnated Celestial. I am a native that is here to welcome you."

The young Celestial frowned and said coldly, "You don't look like you are here to welcome me, you seem like you are here to cause trouble."

"No, I just want you to eat one of my swords." Li Xiandao smiled and revealed his white teeth.

"You are worthy?" The young man's face turned cold and he said proudly and in disdain. He didn't bother about Li Xiandao at all.

"I think I can." Li Xiandao emphasized. Whether or not he respected him or not didn't matter. I respect myself and you would respect me soon.

Chapter 557: Killing A Celestial With One Sword!

The Celestial seemed young but he was at least a few hundred years old. He looked at Li Xiandao when he heard that, "You are provoking a Celestial?"

Li Xiandao nodded his head, "If you want to see it as that, then yes."

The young Celestial walked out from the Gate of Two Worlds and laughed coldly, "Who knew that I would meet such a young kid right after arriving in Nine Skies and Ten Lands. Forget it, I shall let you taste the rage of a Celestial."

He didn't bother about Li Xiandao. He was really casual, like Li Xiandao was a small fry that he could kill casually.

"I hadn't seen the other skills of a Celestial but your arrogance is definitely much above mine." Li Xiandao smiled in disdain.

"Since you have confidence in killing me then why not choose to ascend?" The young Celestial shook his head.

"Although there is a chance you might die, but if you are lucky and you enter Celestial World, you might be able to live. But now that you are trying to kill me, you will definitely die." The young Celestial said coldly. His aura climbed like flames blazing in the grass plains. It instantly ignited into flames and shock the area 100 miles around.

The strength of a Celestial was just so terrifying!

Keng!

Li Xiandao directly pulled out his purple crystal sword and pointed at the young celestial, "You talk too much. As a Celestial haven't you noticed the situation around?"

Only then did the young Celestial look around. The hundred Celestial corpses in Fallen Celestial Cliff looked at him.

His expression changed and he stared at Li Xiandao in shock, "This is the battlefield from 30 thousand years ago?"

Li Xiandao grinned, "Are you satisfied that I am welcoming you here?"

The young Celestial stared at Li Xiandao with madness in his eyes. He said coldly, "What happened 30,000 years ago was an accident. It is impossible if you want to recreate that. I shall kill you today."

Hong!

The young Celestial's aura exploded. It was as eye-catching as fireworks. However, his killing intent was like ice which sealed up 3,000 miles around. It stabbed into one's bone and covered Li Xiandao.

The moment a Celestial was angry, corpses would be lying everywhere.

Li Xiandao sensed the killing energy of Celestials. He took in a deep breath and smiled instead of feeling uncomfortable. His sword came out from the sheath and he pointed at the sky, "I am the Celestial Killer, please take my sword."

Li Xiandao slashed, the first move: 100 forms.

The sword energy flashed about in an instance. When the sword slashed, what landed was 100 different forms.

In these 100 forms, there was life and death, son and daughters, a peaceful life, country, and home. In the end, it turned into a picture of mountains and waters, different kinds of life, one that peace was bliss.

That sword slashed forth and the target was to kill the young Celestial.

A cold light flashed in the teen Celestial's eyes. He was really furious. As the first person who crossed worlds, he was filled with confidence. he felt like he could sweep the Nine Skies and Ten Lands but who knew that he would bump into Li Xiandao right away?

Li Xiandao's sword shocked him. It was really strong and it could hurt him.

This shocked the young celestial. He was actually worried that he would be hurt by such a Nine Skies and Ten Lands cultivator?

Hong!

"Die." While the young celestial was furious, he attacked. Lightning flashed within his palm. The lightning formed a lightning ocean, turning into a picture that slashed down like a light slash.

Lightning Dao Diagram!

This was a really terrifying picture. It was like a manmade lightning tribulation. When one pressed down with it, it was really strong.

But all of this wasn't worth anything under Li Xiandao's 100 forms.

Kacha!

Sounds of cracking rang out. This Lightning Dao Diagram collapsed. The young Celestial was unable to go all out because he couldn't exceed the limit of the Nine Skies and Ten Lands.

So although he was above Li Xiandao in the cultivation realm, in terms of strength, Li Xiandao was higher.

When Li Xiandao's swords landed, it also gave off a giant aura that surged forth. A world-destroying aura headed towards the young celestial's face.

His expression changed. He didn't expect this to be the case. His Lightning Dao Diagram couldn't even block one strike from Li Xiandao.

How was that possible?

He was a Celestial!

Weng weng weng!

The space about shook and Li Xiandao followed behind. He slashed once more.

Thousand snowy mountains!

The moment he used it, a sharp chill mixed up with killing energy caused one's soul to freeze. This sword also slashed towards the Celestial.

This sword was a lethal one.

“Scram! ! !”

The young Celestial hollered in anger. Celestial light charged into the sky like many beautiful red flowers blooming above to try and block Li Xiandao's sword.

But Li Xiandao's sword ignored all that. No matter what you did, my sword will be invincible and take down everything.

* Kacha!*

That strike passed through the young Celestial's attempt to block and stabbed into his heart.

“Five Element Armor, block.” The young Celestial shouted as he activated his armor to try and block that strike.

He didn't expect that Li Xiandao was about to hurt him with just two swords.

Li Xiandao's strength was far above that of a normal stage nine Destiny Realm expert. He was unbelievably strong.

At that moment, the Celestial's aura surged. A five element armor tried to block Li Xiandao's sword.

“The strength of a Celestial depends on the celestial artifact. I can fully activate my Celestial Artifact but you can't.” The young celestial stared at Li Xiandao in anger. If he blocked it, he would go all out to kill Li Xiandao.

Li Xiandao looked at him coldly. He stepped forwards with a sword, the other hand brought with it the strength of 19 words to smash it viciously onto the sword handle.

Dong!

This was the last straw on the camel's back. Under the force of the 19 worlds, Purple Crystal Sword went all out and stabbed viciously.

Kacha!

The Five Element Armor collapsed. This defensive celestial artifact lost its sentence from the Purple Crystal Sword's attacks and wasn't able to block it.

Pu!

Li Xiandao's sword stabbed into the young Celestial's chest. It accurately pierced through the Celestial's heart.

Li Xiandao held the sword with both hands and looked at the Celestial calmly, "Are you satisfied with my sword?"

"How would I die... To your hands?" The young celestial was really unwilling. He wanted to fight back but the Purple Crystal Sword shredded his soul.

One couldn't kill a Celestial by killing their heart as they could recover and regenerate.

Li Xiandao remembered clearly that the first thing one had to do was to crush the soul.

A celestial without a soul. was like a tiger without fangs and claws.

Chapter 558: Celestials Please Die!

The giant Fallen Celestial Cliff, the floating Gate of Two Worlds and the calm Li Xiandao.

It was a sharp contrast to the young Celestial who had a face filled with terror. He looked at Li Xiandao in shock and his aura got weaker and weaker.

This comparison caused Li Xiandao's subordinates to get excited. Their Master killed a Celestial so easily, that made all of their blood boil.

On the other side, the Gate of Two Worlds was activated once more and a dozen Celestials walked out.

After they exited, the aura they gave off announced their arrival.

But what welcomed them was Li Xiandao's sword piercing that Celestial.

"Captain!"

“Captain, how did your body get pierced?”

“Who is that person, he is killing a Celestial?”

“Damn you, let go of my captain.”

The Celestials stared at Li Xiandao in rage and scolded. Their aura caused a storm to gather and the earth to shake.

Li Xiandao looked at them. The young Celestial also saw them but he had no more strength left. He used his final bit of strength to say, “I will wait for you down there, you will die right away.”

Li Xiandao pulled his Purple Crystal Sword coldly. He pushed and the young Celestial fell to the ground. His body gave off no more energy.

“You will be lonely on the journey down so I shall send some of your friends to accompany you.” Li Xiandao said coldly.

He looked towards these people.

On one look, there were 12 of them. Their auras were all extraordinary and they could totally crush stage nine Destiny Realm experts.

This young Celestial and them should be a small section of the guards army. They were supposed to enter the Nine Skies and Ten Lands and complete their mission. So Gu Qing was the one they smacked down with the Gate of Two Worlds.

Now the Gate of Two Worlds lost its value. After opening up the tunnel, Nine Skies and Ten Lands swiftly repaired it so it was impossible for it to be opened once more. So after they came down, the Gate of Two Worlds fell to the ground.

Li Xiandao looked at them. The Celestials looked at Li Xiandao too. Some were furious, if not for the fact that Li Xiandao had just killed their captain, they would have charged at him right away.

“Are you from the Demon World or the Monster World?” A middle-aged Celestial stared at Li Xiandao in rage and questioned.

“I am from the Nine Skies and Ten Lands.” Li Xiandao said strongly.

“Impossible. Nine Skies and Ten Lands doesn’t have any growing land, how can you be from Nine Skies and Ten Lands?” A Celestials said.

“Don’t be so confident, be careful that you might be slapped in the face.” Li Xiandao looked at them coldly.

“No matter where you are from, you killed our captain so you should be punished. How can us 12 not take you down?” A solemn Celestial said coldly.

Li Xiandao suddenly laughed and said, “Actually I have something to tell you.”

“What?” A Celestial holding a giant axe said coldly.

Li Xiandao pointed at the twelve of them and said, “All of you please die!”

The moment he said that, everyone was shocked.

He was asking Celestials to die!

Celestials who were supreme in Nine Skies and Ten Lands were now being pointed at by Li Xiandao. And he even said such cold things.

The twelve of them were furious. They charged over and slapped at him.

“You actually told us to die, you are so bold.”

Peng!

The giant palm slapped down and it caused a huge ripple, covering a few miles of land. It locked off Li Xiandao from the surrounding environment.

Yin and Yang wrapped around the giant palm. It was black and white, similar to the Gate of Two Worlds. It was really terrifying and if it smashed down, it could destroy the world.

Yin Yang Palm!

The strength of this palm reached the limit of the Nine Skies and Ten Lands and caused a huge commotion.

But Li Xiandao was like a mountain range. He pulled out his own Great Ancient Fallen Star and slashed into the sky, breaking the space ahead of him. This heavy blow struck the Yin Yang Palm.

Dang!

Under Great Ancient Fallen Star’s heavy hits, the Yin Yang Palm was shattered. What was more terrifying was that the strength from Li Xiandao continued to spread and it exploded in space.

“You are the first to die.” Li Xiandao said coldly.

Peng!

This impulsive and hot-tempered Celestials definitely didn't expect that the outcome would be like that. He was smashed back and he spat out large mouthfuls of blood. Li Xiandao along with the Great Ancient Fallen Star was invincible in the Nine Skies and Ten Lands.

"This strength, it is actually so huge, this... this... How is that possible?" The Celestial spat out blood mixed with his organs. The Celestial couldn't block that hit, he flew out and was on his dying breaths.

Celestials could repair their bodies but each vein and meridian on his body had broken. Each bone had broken and even his dantian had scattered. His soul was also really smashed.

He was not far from death!

After Li Xiandao sent the Celestial flying, he didn't continue to chase. He held the Great Ancient Fallen Star and the Purple Crystal Sword to charge into the Celestial group and started to kill them.

Hong!

Li Xiandao used Big River Sword and a big river descended from above to cut off a few of them. He attacked one and then the Great Ancient Fallen Star used Mountain, Ocean, Cloud, and Sky.

Hong long long!

A huge ocean, huge mountain, white clouds and the sky appeared one by one and smashed down.

The 12 Celestials were all being suppressed by Li Xiandao's two swords.

Even if they worked together and used all sorts of attacks that were dazzling and strong, but under Li Xiandao's attacks, they seemed much weaker.

"Human Slays Celestial!"

When he used the ninth sword, Li Xiandao's aura climbed. It was really overbearing and his eyes were really cold. He raised the Purple Crystal Sword and slashed down in front of the 12 Celestials.

Celestial Slayer?

No, he was massacring celestials!

When Li Xiandao's sword slashed down, 11 heads flew out and landed on the ground. When the Celestial that Li Xiandao hit first saw that, he died from despair and terror.

After Li Xiandao killed him, he swiftly dissipated the power of the 19 worlds. His body instantly felt empty, devoid of any true qi but his eyes were bright and emotional.

Celestial!

Were just so-so!

"I can kill Celestials here so I am the king here. Celestial World, wait for me." Li Xiandao looked into the endless space and his eyes glowed.

Before heading to Celestial World, he had to settle the Nine Skies and Ten Lands matters.

He kept the Great Ancient Fallen Star and Purple Crystal Sword. Li Xiandao reached out and Tian Guangming ran over. He said loudly, "Master is really courageous. Killing 12 celestials in the human world at one time. Amazing."

Li Xiandao didn't bother about him and was a little annoyed, "Carry the Gate of Two Worlds back."

Chapter 559: God Soul In The Gate

Li Xiandao went all out, using the power of the 19 worlds to kill 12 celestials. He completed Gu Qing's contract.

The Gate of Two Worlds belonged to him now.

Tian Guangming carried the Gate of Two Worlds back. When the others saw how valiant Li Xiandao was, they were determined to cultivate and improve themselves so that Master didn't need to worry ever again.

Gu Qing was stunned and muttered, "Damn, so strong."

"Celestial Dynasty's guard army has miscalculated. Their section has been wiped out so treat it like I have died too. Let's not contact each other anymore. I shall hide myself."
After Gu Qing

cleared up everything, Li Xiandao sent him back to Ancient Demon Sect.

Li Xiandao and the rest returned to the Bank of the Universe.

Now that they were back, it was as if they were on drugs. They started to cultivate, break through and improve themselves.

Even the old priest who used time to cultivate started to work hard and proceed towards the ascension stage.

There was no realm after stage nine but there was still an infinitely large room to improve. For example, normal stage nine ones, Honorable Ones, and those at Ascension Realm.

Only after reaching Honorable One would one have a chance to enter the next level which was ascension.

They were all of stage nine Destiny Realm but their strengths were different and can be seen as totally different realms.

Li Xiandao stood at the peak of stage nine. He reached this realm and was unable to improve. He could only ascend.

Of course, Li Xiandao could continue to perfect his Nine Skies and Ten Lands. That was one of the ways he could improve.

But his subordinates could improve so these people were working hard.

After Li Xiandao got back, what welcomed him was Seven's warm smile.

"It has been tough on you." Seven smiled gently at Li Xiandao.

Li Xiandao shook his head, "It wasn't tough. The few celestials I killed were obviously just minions in the Celestial World but I am really happy and I yearn to enter the Celestial World."

Seven smiled, "Of course, 90% of the power in the universe gathers in the Celestial World. Nine Skies and Ten Lands occupies less than 10% so how can they be compared?"

Li Xiandao was filled with emotions, "But although I really want to enter the Celestial World, there are still many things that I have to deal with. Once we are done, let's enter the Celestial World."

Seven nodded, "The contracts need to be cleared and also you need to unlock the seventh mountain peak and also open up the Celestial Gate. You have to do all these."

Li Xiandao said with determination, "Things have to be done one by one, food has to be eaten mouth by mouth."

“Let’s wait for them to breakthrough, absorb the power of the demon god pillars and then deal with the contracts.” Li Xiandao thought about it and said.

“Okay.” Seven nodded her head and agreed with Li Xiandao. Anyway, they weren’t in a rush.

“The 13 Celestials you killed were a section. Now that you wiped them out, there are definitely people in the Celestial World that are furious.” Seven reminded Li Xiandao.

“So what if they are angry, if I don’t open the Celestial Gate can they still enter at a large scale?” Li Xiandao said proudly.

He had the confidence to say such things now.

Either you steal a body and temporarily descend or you reincarnate and cultivate.

Apart from that, no other methods will work. If Li Xiandao doesn’t open the Celestial Gate, no matter how many come, they were all asking for death.

“That is true, but you must be careful too.” Seven agreed with Li Xiandao but still instructed him.

“Okay, I am going into secluded meditation, you should rest for a few days too. They are filled with desires towards cultivation. This time they are so motivated. If they don’t cultivate they won’t be able to keep up to me, when the time comes, they will remain in Heaven Sky.” Li Xiandao said his thoughts.

Seven smiled, “Then they will definitely risk their lives, no one will one to be abandoned by you.”

“That will depend on themselves, whether or not they can keep up with me. If they can then we will walk on together, if not they will be eliminated.” Li Xiandao said. This was the rule of the jungle.

Li Xiandao gave them the same amount of resources, spiritual energy, dragontooth rice, demon god pillars, Ten Thousand Country Book Depository books, etc. If you are weaker than others, then you can only get eliminated.

Luckily Li Xiandao’s subordinates were all talented. Anyone of them was able to suppress an entire generation.

With resources, they could utilize them to their fullest very quickly. This was something that delighted Li Xiandao.

...

In the room, Li Xiandao stood alone in front of the Gate of Two Worlds.

The Gate of Two Worlds which was a mix of black and white seemed so unique in Li

Xiandao's room. This celestial artifact was Li Xiandao's now and it belonged to the Bank of the Universe. However, its core still had the soul mark of its previous Master.

Li Xiandao looked at it coldly and knocked it.

Inside the Gate of Two Worlds, at the core region, a soul was sleeping.

Li Xiandao's knocking spread in like that of thunder ringing and he was woken up.

"What is going on. I loaned the Gate of Two Worlds and sealed the core. How can someone find this?" The soul didn't understand.

Dong dong dong!

The thunder-like knocking reverberated, causing the soul to frown. It instantly appeared outside.

Within Li Xiandao's room, a soul apparition appeared in front of the Gate of Two Worlds.

"What is going on, why is the spiritual energy here so thin?" This soul frowned right away and was really unhappy.

Although Bank of the Universe's spiritual energy was higher than Heaven Sky it was still unable to compare to Celestial World. Moreover, the main body of the soul was from the Celestial Dynasty and that place had spiritual energy higher than usual Celestial World places.

So he felt that the spiritual energy within Bank of the Universe was impure.

"Who are you, you are not from Celestial Dynasty, where are they?" This soul saw Li Xiandao and frowned. He questioned.

Li Xiandao sat on the chair and crossed his legs. He asked calmly, "Tell me, who are you and what is your position in Celestial Dynasty?"

"How funny, I am questioning you and not the other way around. Tell me, where did the people from Celestial Dynasty go to?" This soul scoffed coldly.

"You should ask them." Li Xiandao pointed, "Dead."

"Dead?" This soul looked at Li Xiandao in shock and asked seriously, "Who killed them?"

Li Xiandao pointed at himself, "I did."

"You..." This soul stared at Li Xiandao in rage and he was about to go berserk.

But in the next second, Li Xiandao's expression turned cold and he scolded, "I answered your question so now it is your turn. Stand properly!"

The soul was furious and wanted to turn and warn Li Xiandao. But his body stood up straight uncontrollably and he was unable to move.

He looked like a small kid standing still.

"This is my territory. I am unhappy that you are so arrogant." Li Xiandao squinted his eyes and said coldly.

Chapter 560: Emperor Beiqiu!

Within the Bank of the Universe, Li Xiandao was god.

He was the only god!

No one could block him. In the Bank of the Universe, one word from him could decide life or death.

Not to mention how this was just a soul. Even if the main body was here, that Celestial Dynasty Emperor, Li Xiandao could still make him stand still.

"What technique did you use?" This soul was about to go mad. It looked at Li Xiandao in terror.

Li Xiandao sat on the chair, unmoving like a mountain. He said simply, "Stop struggling and answer my question. If not I will make you kneel to speak to me."

The soul was silent and it stopped struggling.

If it really knelt down, its face would be all thrown. His sense of shame made him listen to Li Xiandao.

"Tell me, what is your name?" Li Xiandao asked.

"Emperor Beiqiu." The soul replied.

"Emperor Beiqiu, is your position high in Celestial Dynasty?" Li Xiandao rested his head on his hands and asked leisurely.

“Not high but not low.” Emperor Beiqiu replied.

“So you are average.” Li Xiandao asked.

“Yes.” Emperor Beiqiu nodded.

“Your Gate of Two Worlds can temporarily open a tunnel?” Li Xiandao asked.

“It can open once, using the carelessness of the Nine Skies and Ten Lands. But after it was noticed, it can’t open another.” Emperor Beiqiu explained.

“Now this belongs to me.” Li Xiandao pointed at the Gate of Two Worlds and said calmly.

Emperor Beiqiu was furious and he suppressed his anger, “A man doesn’t steal things from others.”

“I am not a man, I am a merchant. Someone used this to trade with me and I gave him what he wanted. So this Gate of Two Worlds is naturally mine now.” Li Xiandao said coldly.

“Don’t you know that the owner of the Gate of Two Worlds is me?” Emperor Beiqiu questioned.

“You loaned it out so if you want it, you need to find the person that loaned it. When you loaned it out, you should be prepared to lose it.” Li Xiandao said calmly.

Emperor Beiqiu was about to spit out blood. He stared at Li Xiandao, “Are you not afraid that Celestial Dynasty takes revenge?”

“Or do you think that I am just a soul and can’t do anything to you which is why you are so unrestrained?” Emperor Beiqiu questioned Li Xiandao.

“I don’t think that way. Moreover, even if your body comes to Nine Skies and Ten Lands, things will end the same. You will still listen to me.” Li Xiandao shook his head.

“You are strong but why aren’t you heading to Celestial World?” Emperor Beiqiu suppressed his anger and asked.

“I am going.” Li Xiandao nodded his head.

“Then aren’t you afraid that Celestial Dynasty will hunt you down?” Emperor Beiqiu shouted and his aura climbed.

“To be honest, I am not afraid of the Celestial Dynasty.” Li Xiandao said seriously.

With Bank of the Universe, would Li Xiandao be afraid of the Celestial Dynasty?

Wasn't it just the case that because you are strong, I will avoid you? But since I did business, I won't fight for land with you, I just needed to serve guests.

So Li Xiandao didn't really fear the Celestial Dynasty.

Emperor Beiqiu saw that he couldn't provoke Li Xiandao and asked, "What do you want?"

Li Xiandao's lips curled, "I just want to know whether your main body can receive anything from our conversation?"

Emperor Beiqiu shook his head, "Not for now."

"Temporarily?" Li Xiandao looked on curiously.

"I am unable to contact my main body now, the only way is that once I disappear, the main body will sense it. he would use a technique and maybe then he will know." Emperor Beiqiu said.

"Oh, then please die, you can also help me bring some words to your main body." Li Xiandao's lips curled and his eyes shone bright.

"What... You want to destroy me?" Emperor Beiqiu was shocked.

"Anyways you are just a soul so I can just destroy you. At most your main body will spit out some blood but he would be fine after a few days." Li Xiandao smiled.

Emperor Beiqiu asked, "Then what would you like me to tell him?"

"Nine Skies and Ten Lands is an independent world and belongs to the people who grew up here. We are not Celestial Dynasty's back garden. I don't allow you to interfere here and treat it like your back garden." Li Xiandao said coldly.

"Just you, do you think those words can come true?" Emperor Beiqiu smiled coldly.

"I will try my best, we will find out then." Li Xiandao smiled. He stood up and looked at Emperor Beiqiu. He sucked in a deep breath.

Hong long long!

This break caused the soul to scatter. Gate of Two Worlds became an item with no master.

Li Xiandao smiled and with a grab, he kept the Gate of Two Worlds.

...

Somewhere in Celestial World, there was a beautiful palace. A middle-aged man was in secluded meditation. He worked hard for three thousand years for this moment, to break through to the next realm.

3,000 years of hard work and accumulations. He felt like he could definitely do it.

He had nourished his soul and since he was well prepared, he started to break through.

Suddenly, a sense of terror made him open his eyes wide in fear.

“What?”

“What happened, why does my heart feel so panicky?”

That person just felt like something bad was about to happen. As expected, in the next second his soul felt a huge pain which made him scream.

“My soul... No...” He couldn’t help but holler like a beast. He covered his head.

His attempt to break through had failed and the recoil caused him to spit out a mouthful of blood.

3,000 years of preparation was all for nothing.

After a long while, this guy stood up. His gaze was like that of a wild beast as he stared towards a location.

“Damn, you actually dare to destroy my soul and make me unable to break through. You even warn me? When did such a person appear in Nine Skies and Ten Lands?” The true Emperor Beiqiu hollered in rage. Depression gathered on his chest and it was hard to break down.

3,000 years of hard work and he was about to break through. He was very confident.

But now it was all gone.

His soul was injured and he had to rest up. Moreover, now that he missed the chance, who knew when would be the next time.

It seems like another person has appeared in Nine Skies and Ten Lands. The section was wiped out and my Gate of Two Worlds is taken away. Damn.” Emperor Beiqiu’s expression was solemn and he was really annoyed.

“We have to let someone open the Celestial Gate and then send an army to sweep Nine Skies and Ten Lands. I remember your face, I have to kill you.” Emperor Beiqiu said coldly. He didn’t care about breaking through. He was filled with rage with no place to vent it. He had to kill Li Xiandao to vent that anger.

Chapter 561: Promise To You!

After Li Xiandao solved the problem, he passed this so-called high quality Celestial Artifact to Seven.

He told Seven to deal with it as Li Xiandao didn’t have too high demands for Celestial Artifacts.

High quality celestial artifacts were good, mid tier ones and low tier ones were good. Li Xiandao felt that those who were a fit for him were the best.

The ones that were a good fit for him were the Purple Crystal Sword and the Great Ancient Fallen Star.

Li Xiandao didn’t study Great Ancient Fallen Star’s grade. Anyways it was strong and sturdy and it didn’t feel like it was low or mid quality.

Maybe it was high quality or a top quality celestial artifact.

Li Xiandao was lazy to study it. When the time comes where he found it unsuitable and he felt like he needed to change, then he would change another.

He was really happy now and that was all that mattered.

As for the Purple Crystal Sword, it was even stronger than the Great Ancient Fallen Star. It was crafted by the Weapon Crafting Mountain Range especially for Li Xiandao. Its quality was the extremely rare Nether Purple Mountain and it was even the best part of it. Li Xiandao definitely couldn’t give it up.

After resting for seven days in the Bank of the Universe, Li Xiandao found Seven and asked, “How much do we lack before we can unlock the seventh mountain?”

What they lacked were resources and treasures and Li Xiandao had to know the exact amount.

Seven knew all about this so when Li Xiandao asked, she answered right away, “We are lacking by a lot. But I have arranged close to 5 thousand contracts in Heaven Sky and I noticed that if we collect back the items as well as the compensation amount, we would have enough.”

Li Xiandao decided right away, "Prepare the contracts and shift them out. They have cultivated for a long time and it is time for them to head out and take a look."

Seven ran out right away and quickly carried out a bunch of contracts.

Li Xiandao knocked the copper clock that was hanging at the border of the square.

Dong dong dong!

The sound of the clock reverberated in the Bank of the Universe. Li Xiandao knocked it three times before walking to the stairs and waiting.

Everyone who was cultivating all opened their eyes. Those who had been through this knew what it meant. They stopped and rushed towards the square.

King Lanling and King Giant looked at one another and walked out of the room. When they saw everyone flying towards the square, they followed too.

In just a moment, the square was filled with people.

Heaven Heart, Li Wuya, Murong Longcheng, Moon Angel, Lucifer, Archangel, Tian Guangming, Wu Xian'er, Old priest, Qiu Bai, Demon Frog, Northern Region Lord, Feng Jiuer, Giant Titan, Poison Python, Ling Wu, Jin Wudi, Chaos Dragon Crocodile...

Li Xiandao took a look and he realized that he had many subordinates and all of them had potential.

"Master!" They all shouted in unison and it was a really majestic sight.

Li Xiandao nodded his head in satisfaction and said, "I called all of you here to deal with the Bank of the Universe's contracts. Seven has close to five thousand, a large amount. You can choose any amount, my only request is to deal with all of them within three months."

"Kill those who you should kill and take the compensation fees that you need to get." Li Xiandao said coldly.

"Do you understand?" Li Xiandao asked.

"Understood." All of them shouted.

Li Xiandao told Seven to place the contracts in the center for them to choose from.

Tian Guangming stepped out right away and cupped his fists around, "Brothers and sister, I shall be the first to choose."

He didn't care whether others agreed or not. Tian Guangming took away three hundred.

He wanted to do more. He wanted to help Master more so that he can ask for credit.

Moreover, the contracts from Heaven Sky weren't too difficult for Tian Guangming and he improved really quickly.

Second, third, fourth...

More and more people took the contracts, close to five thousand of them. In the end, King Lanling and King Giant only had 50 left.

"The two of you just joined so just take fewer and get more familiar." Li Xiandao said towards King Lanling.

King Lanling and King Giant split the 50 and each of them took 25.

"Since the contracts are split then head out. All of you return in three months." Li Xiandao waved and told them to leave.

Every one of them brought a whole bunch of contracts to leave. Even Tian Ya and Li Qing'er were brought out by Li Wuya to see Heaven Sky.

Only Li Xiandao and Seven remained in the Bank of the Universe.

Li Xiandao naturally held her hand. They walked into the Bank of the Universe and then hugged.

Of course, that was it.

He hugged her for just a moment and she pushed him aside. She left with her face flushing red.

Li Xiandao didn't force her and just happily headed to Legacy Hall.

He hadn't come to Legacy Hall for a long time. Legacy Hall met Zhao Wudi, Sword God, the priest, and Zhong Baishen.

The four of them had a great life now. They talked when they were free and led a free life.

Before this, they didn't know one another. Because experts were usually lonely and not good at speaking. But now after Li Xiandao improved their relationships and made everyone familiar with one another, naturally, they were able to talk to each other.

“I am going to open the Celestial Gate.” Li Xiandao found Sword God and told him his plan.

Sword God was stunned and nodded, “It is time. 30 thousand years have passed. If you don’t open it, they might shatter our spine.”

Li Xiandao shook his head, “You are heroes, preventing Celestial Dynasty from interfering in Nine Skies and Ten Lands. Nine Skies and Ten Lands weren’t their slaves and you gave Celestial Dynasty a loud slap. You told them that people from the Nine Skies and Ten Lands weren’t to be offended.”

Now the Celestial Gate has to be opened but 30 thousand years ago, it had to be closed.

30 thousand years ago, Celestials all came down and treated Nine Skies and Ten Lands as a playground. Anyone could come and take away everything they wanted.

They even killed millions to refine artifacts.

Some massacred a few dozen cities to form a white bone hell...

The books recorded all these bloody stories. People from the Nine Skies and Ten Lands weren’t having as good a life as now.

The people should thank Sword God and thank Old Man Tianchi for their sacrifice.

“Forget it, it is pointless to talk about all this. Are you confident in unlocking the Celestial Gate?” Sword God shook his head and sighed. He didn’t want to think about the past and asked Li Xiandao.

Li Xiandao raised his head and looked at the sky. He stood with his arms behind his back, “Even if there are three million Celestials above, they won’t be able to pass the Celestial Gate to enter the Nine Skies and Ten Lands. That is my promise to you.”

Chapter 562: New Guest!

For Li Xiandao to say that he didn’t allow Celestials to descend, that wasn’t a simple thing.

He had to do actual actions.

After speaking to Sword God and the others, he got up and left.

At the moment, Li Xiandao didn't need Sword God, Zhao Wuji, Priest, and Zhong Baishen to teach him anymore.

That was because Li Xiandao was already at the peak of the Nine Skies and Ten Lands. Moreover, his 19 worlds were all stacked together such that Li Xiandao was invincible.

Li Xiandao wanted to learn the dao of the Celestials.

He needed to enter the Celestial World before asking for advice from others in the Legacy Hall.

The four of them taught Li Xiandao the true cultivation path of the Nine Skies and Ten Lands but they weren't able to teach him anymore.

So the priest didn't need to worry that Li Xiandao would suck him dry and he could rest peacefully.

...

Li Xiandao left the Legacy Hall and returned to his room. He was thinking about how to stop the Celestials after opening the Celestial Gate.

Now that the Celestial Gate was closed, Celestials were unable to enter. But after it was opened, Li Xiandao was here and could stop them.

Once Li Xiandao ascended and entered the Celestial World, he would put his effort into the Celestial World. He couldn't come down often and he had to use Bank of the Universe to cross both worlds to stop them from heading down.

This was impractical.

One would only be a thief for thousand days, one wouldn't defend against a thief for a thousand days.

So Li Xiandao had to find a way to stop Celestials from coming down.

Or rather he had to prevent ordinary Celestials from coming down.

He thought about it for a moment. Li Xiandao had no clues. At this time, he thought about Seven.

He called Seven over and Li Xiandao asked, "What way do you have to stop normal Celestials from crossing worlds?"

Li Xiandao didn't think about stopping those true elders but he didn't allow the normal Celestials to enter. Especially those with bad intentions, Li Xiandao had to stop them.

Seven thought about it and said, "I remember that Book of War recorded a rare war formation called Ten Thousand Man Hole, maybe it would be effective. You can go ask the Book of War."

Li Xiandao nodded and said, "Then, I will go and ask."

Book of War was leading the Burning Legion and had been cultivating in Flame Sky. Now they were slowly entering their optimal state.

The special environment of Flame Sky was suitable for Burning Legion. Along with the Book of War's teachings, they were improving real quick. Li Xiandao sensed and realized that they were all actually at Destiny Realm. They swept Flame Sky and made all the factions terrified.

Li Xiandao smiled and contacted Book of War, "Burning Legion improved so quickly?"

"Right Master, they are entering their mature ages. Of course, they are improving quickly." Book of War answered right away.

With Flame Sky's environment and Book of War's teachings, naturally, they improved quickly.

Li Xiandao was satisfied, "Not bad, Burning Legion will definitely shake the various skies under your teachings."

Book of War said firmly, "I will teach them well."

"Right, do you have a war formation to stop normal Celestials from entering Nine Skies and Ten Lands?" Li Xiandao asked.

Book of War thought about it and answered, "Yes, it is called Ten Thousand Man Hole, it is a bloody war formation that needs ten thousand Celestials to be killed to lay out."

Li Xiandao didn't care, "That is okay, I will open the Celestial Gate soon and many Celestials will want to enter. They will all be punished and would provide you with enough materials."

"Then, that's fine, if Master needs me then call me over. It is time Burning Legion show off their strength." Book of War said seriously.

Li Xiandao nodded his head in satisfaction, "No rush, I will give you the other contracts of the other worlds. Tell Burning Legion to deal with them and then bring Burning Legion to Heaven Sky."

“No problem.” Book of War agreed right away.

Li Xiandao ended the conversation and said towards Seven, “Take out all the other contracts in the Nine Skies, I will send it over to Book of War and let the Burning Legion deal with them.”

Seven smiled, “I prepared a long while ago, I can send them out now.”

Li Xiandao was satisfied, “As expected from my good helper, let me kiss you.”

“Move aside, don’t take advantage of me.” Seven’s face turned red and pushed Li Xiandao aside.

Muacks!

But Li Xiandao managed to sneak attack her.

...

After Li Xiandao entered the Nine Skies, he dealt with Cold Moon Sky, Hell Sky, and Great Sky.

Now his subordinates were dealing with Heaven Sky contracts so he was left with the five worlds.

They were Hidden Sky, Xuan Sky, Flame Sky, Falling Sky, Bright Sky.

The five worlds had more contracts than Heaven Sky. Li Xiandao brought these contracts, using the Bank of the Universe’s world crossing ability to come to Flame Sky.

Flame Sky was the world closest to the sun. It was the brightest and the temperature was really high. People here were able to bear with heat well.

The races in Flame Sky were related to the sun. To them, it was better being in Flame Sky than Heaven Sky.

So although there weren’t many people in Flame Sky but those who lived there were races most suitable for it. If they ascend they would do so from Flame Sky and not Heaven Sky.

But now, Flame Sky belonged to Burning Legion.

Ten thousand peak Destiny Realm Flame Giants. Who could block them?

Even if one gathered all experts in Flame Sky, they weren’t enough for Burning Legion.

So Flame Sky was Burning Legion's territory and Burning Legion occupied the sun.

Like how Cold Moon Sky's Qin Family occupied the moon, Burning Legion occupied the sun. They bathed in the sun so how could they not improve quickly?

They had the Book of War to teach and also had the energy of the sun to nourish. All of this caused the Burning Legion to reach the same realm as Li Xiandao.

They were about to ascend.

Heat waves surged in the sun. The flame giants in Burning Legion were working hard. If they couldn't increase their realms then they would strengthen their bodies to make it invincible.

When Li Xiandao came here, even he felt that the temperature was high. He had no place to step on. He floated in the air to talk to Book of War.

Book of War floated up in this high temperature and didn't burn.

"Here are the contracts from the five worlds, can you solve all of them with the Burning Legion in three months?" Li Xiandao asked.

"No problem Master." Book of War agreed right away.

Li Xiandao looked at the Flame Giants bathing in the sun, "Then good, solve them and then see me in Heaven Sky. I will need you to lay out a war formation."

"Okay." Book of War's eyes lit up and he agreed.

Li Xiandao turned around and left right away. He burned a thousand top quality spiritual energy dragon veins to return to Heaven Sky.

Now Li Xiandao could peacefully wait for three months to pass.

"Master, a guest is here." Who knew that right after he returned, Seven came to notify Li Xiandao.

Chapter 563: Mo Qian!

New guest?

Li Xiandao wanted to go into secluded meditation for three months to solidify his cultivation. But now it seemed like he had to receive guests.

The Bank of the Universe couldn't reject guests.

"Who is he and what does he want to trade?" Li Xiandao asked as he walked towards the Trading Hall.

Seven followed behind and said, "A demon path disciple called Mo Qian, he is trading something really important to him."

Li Xiandao nodded and remembered it in his heart, "Bring him into the Trading Hall."

Seven immediately went to receive the person. Li Xiandao saw him in the ice-cold Trading Hall.

A cold-looking teen was dressed in black and he looked really handsome. His cultivation wasn't ordinary and he was at the peak of Destiny Realm.

Moreover, Li Xiandao observed that his body had a terrifying power surging about like it would break free at any moment. This power didn't belong to him.

But due to Bank of the Universe's restrictions, or rather, only because Mo Qian entered the Bank of the Universe did this energy get suppressed.

Li Xiandao reached out to ask him to sit, "Sit, tell me, what would you like to trade?"

"Can I trade everything in the Bank of the Universe?" Confusion appeared on Mo Qian's ice-cold face. He looked at Li Xiandao and into the depths of his eyes. Mo Qian could see his anticipation.

Mo Qian was questioning Li Xiandao but at the same time, he wanted Li Xiandao's reply to be certain.

Li Xiandao smiled, "In the Bank of the Universe, everything and anything can be traded. There is nothing that we can't complete, the prerequisite is that you have to be able to pay enough,"

After Mo Qian received Li Xiandao's definite reply, he was delighted. A smile appeared on his ice-cold face but because he hadn't left in a long time, that smile was a little awkward.

Li Xiandao looked at him and said, "Speak, what would you like to trade?"

"I want Bank of the Universe to save my life." Mo Qian said.

Li Xiandao's brow rose up and he roughly guessed the reason. However, he still asked, "What is the reason why your life is under threat?"

“Someone is trying to steal my body.” Mo Qian gritted his teeth when he said that and he was furious.

“Who wants to steal your body?” As expected, that power within his body did seem like he wanted to steal his body.

The Bank of the Universe’s strength was suppressing it, otherwise, his body would have been taken over.

“A Celestial, A Celestial from the Celestial World. They found my sect and persuaded my Master. Then they scammed me to walk into a formation and then allow a Celestial to steal my body.” Mo Qian said coldly.

“Your Sect and your Master allowed that?” Li Xiandao was confused.

“You are now stage nine Destiny Realm and have reached the Honorable One stage. You are right about 300 years old and am a genius.” Li Xiandao added. He saw through Mo Qian when he entered.

Mo Qian was expressionless, “No matter how talented I am, this is just the Nine Skies and Ten Lands. I am just an outsider. The Celestial promised that if he takes my body and opens the Celestial Gate, he will give my Master a spot to enter the Celestial Dynasty. That interest was better than having a disciple so he made me enter the formation and allowed the soul of the Celestial to descend.”

When Mo Qian was talking about that, although he was expressionless, Li Xiandao could tell that he was really sad.

To have his current strength, apart from his own talents, his Master played a huge part. Mo Qian saw his Master like his father but now he was pushed to the edge of the cliff by his ‘father’.

“Is that the soul that wants to steal your body?” Li Xiandao asked.

Mo Qian nodded and said in terror, “I got the watch by accident and then kept hesitating about whether or not to shatter it. But when the Celestial wanted to steal my body, I recalled that the Bank of the Universe could help me.”

“The Bank of the Universe can help you but what can you give me?” Li Xiandao asked.

Mo Qian was silent.

“Your opponent is a Celestial and his value is huge. You have to pay a huge price too.” Li Xiandao said.

"I can pay my life!" Mo Qian looked at Li Xiandao. His eyes were bloodshot and he said firmly.

Li Xiandao frowned and he looked on calmly.

"Mo Qian can dedicate my life to you, your orders will be bigger than anything else. Even if I die, I will complete your missions." Mo Qian said.

He knew that his opponent was a Celestial. At the same time, he knew in the past, his biggest support was his sect but now they were his enemy too.

He could only rely on himself.

The only thing he had of value was his time, cultivation, and loyalty.

As someone of the demon sect, Mo Qian knew that he had to put in effort to get what he wanted.

Mo Qian paid his entire life to obtain a longer life as well as the death of the Celestial.

"I use myself as the price, my time, my cultivation, giving them all to Master. Master's orders are higher than everything else and I will forever be Master's shadow. I will use all of that in exchange for the Celestial's death, I will personally kill him." Mo Qian said coldly.

He was vicious.

Didn't you want to steal my body?

I will die with you now. I will sacrifice myself and be a slave to kill you.

The Celestial that was being suppressed heard Mo Qian's words. He was really emotional and wanted to break free and steal Mo Qian's body. He didn't give Mo Qian the chance to do such a thing.

But Bank of the Universe's strength suppressed him such that he couldn't break free.

Li Xiandao smiled, "I admire your decisiveness, sign the contract."

Seven passed the contract over which Li Xiandao pushed to him.

Mo Qian looked at the time, it was just so eye-piercing. Lifetime!

His entire life in exchange for the death of a Celestial.

“No...” Within Mo Qian’s body, the Celestial was roaring in rage. He screamed in terror. He started to be afraid.

Mo Qian smiled. The ice-cold smile seemed a little awkward but it was nice.

“You shouldn’t have found me. Once I became vicious, I won’t even give myself a chance.” Mo Qian said coldly and wrote his name down.

The contract went into effect!

Li Xiandao kept the contract and passed it to Seven. Then he stood up and walked in front of Mo Qian.

Mo Qian was really tall, around the same height as Li Xiandao. He looked at Li Xiandao, lowering his head and kneeling on one knee. He shouted, “Master!”

Li Xiandao reached out and grabbed Mo Qian’s shoulder, “Scram out!”

He grabbed and tossed him aside. A Celestial’s soul was tossed out.

Peng!

The Bank of the Universe’s strength suppressed the Celestial’s soul. He couldn’t move and just laid on the ground, looking at Mo Qian with a vengeful gaze. “You are actually so vicious. You rather be a dog for someone to wipe me out?”

“We can discuss this, I won’t destroy you. Once we complete the mission and I return to Celestial World, you are still you so why did you do that?” The Celestial shouted in rage.

“You found me so I have to wipe you out. It doesn’t matter what price I pay.” Mo Qian said coldly.

“My body doesn’t allow you to interfere, I feel disgusted by you.” Mo Qian said proudly.

Chapter 564: True Dragon And Earthworm!

The celestial looked at Mo Qian with a stunned expression and had totally no idea what he was thinking about.

“I am a Celestial and it is your good fortune that I have occupied your body.” The Celestial was so furious that his body started to shiver.

“I don’t think so. So what if you are a Celestial? If you give me time, I would definitely exceed you.” Mo Qian scoffed coldly.

“You... You offended Emperor Beiqiu, you will definitely be unlucky.” The Celestial screamed out loud. Mo Qian had made him mad.

It was a simple stealing of the body and after he completed the mission he could just leave. The entire process was perfect.

But because of Mo Qian, everything changed.

Before all this happened, no one cared about what Mo Qian thought.

The Celestial didn't care, Emperor Beiqiu didn't care, Mo Qian's Master didn't care.

To them, the Celestial will steal his body and Mo Qian's soul would be swallowed with no trace remaining.

Maybe Mo Qian's Master would shed a few crocodile tears but that was it.

But Mo Qian made his voice heard.

He didn't agree!

Even if he sacrificed everything, he didn't agree.

Li Xiandao looked at the Celestial and his lips curled, “You mentioned Emperor Beiqiu?”

“You know Emperor Beiqiu?” The Celestial stared at Li Xiandao and was delighted.

“Since you know Emperor Beiqiu then you should know how amazing he is. He sent me down to release me and let me steal this kid's body. I will let the matter rest.” The Celestial said anxiously.

“I won't tell Emperor Beiqiu. I know you are strong so I will treat it like nothing happened and that we hadn't met before.” This Celestial added.

Who knew what he was thinking deep down, but on the surface he made it sound nice.

Li Xiandao laughed when he heard it. He bent down and asked, “Do you know why Emperor Beiqiu sent you down?”

The Celestial's heart creaked. He saw Li Xiandao's smile. Although he was smiling, in his eyes, that was a terrifying picture.

“... Because he wants to open the Celestial Gate.” The Celestial shivered as he answered.

“Why does he want to do that?” Li Xiandao smiled and continued.

"Because... Because he wants to enter Nine Skies and Ten Lands." The Celestial was terrified of Li Xiandao.

"Then.. Why does he want to enter the Nine Skies and Ten Lands?" Li Xiandao asked.

"I don't know..." The Celestial shivered and retreated. He was weak and pitiful.

Li Xiandao looked at him and his smile turned cold, "Let me tell you. I took his Celestial Artifact and wiped out his soul. He is really angry now and wants to come down to kill me. He made you open the Celestial Gate because he wants to enter Nine Skies and Ten Lands."

The Celestial's soul went stiff.

He just slammed into the barrel of the gun.

"Now you know your situation right?" Li Xiandao stood up and said calmly.

"Can you let me off?" The Celestial begged.

"You ask Mo Qian." Li Xiandao said coldly.

Mo Qian replied right away, "How would you like me to pay respects to you next year?"

The Celestial opened his mouth, "I can give you treasures, cultivation techniques, tips. As long as you let me live, there will be many benefits for you."

"I don't like nonsense." Mo Qian said coldly and his body shook.

Hong!

Behind him, three dark mynas appeared and pounced towards the Celestial's soul.

Mo Qian's secret technique, Three Thousand Myna!

Three thousand mynas were made off his strong energy. After flying out, they swallowed up the Celestial's soul.

Nothing was left at all.

They all returned to his body. Mo Qian knelt down, "Thank you Master for saving me."

Li Xiandao nodded his head in satisfaction, "Rise. In the future watch and learn, you have huge room for improvement."

Mo Qian nodded.

“Your Master betrayed you so do you have any hatred towards him?” Li Xiandao walked out of the Trading Hall and walked along the corridor. In front was the wide square and in front of it were endless amounts of mountains. Some of them were unlocked and the others were locked in mist.

Mo Qian followed behind Li Xiandao, “I was an orphan and entered the sect. Master took me in and he handed me large amounts of resources. Although he had a reason for nurturing me, I don’t want to kill him.”

Li Xiandao didn’t mind and didn’t express his opinions.

“Let this matter rest. He gave me hope and also gave me despair. I have repaid the help he gave me, and in the future, we don’t owe each other anything.” Mo Qian said firmly.

Li Xiandao nodded, “Okay. You shall follow me in the future as my shadow.”

“No problem.” Mo Qian said.

“Let’s go, I shall let you select a few techniques. Out of those you are cultivating, apart from that Three Thousand Darkness Kill, the rest are trash.” Li Xiandao said in disdain.

Mo Qian’s eyes lit up. He didn’t mind Li Xiandao’s disdain, instead, his heart felt warm.

Li Xiandao brought Mo Qian to the Ten Thousand Country Book Depository to select a few techniques to cultivate.

“There is no one here. You must work hard. I have many talented subordinates and if you don’t work hard, don’t blame me for being abandoned.” Li Xiandao instructed Mo Qian.

“Understood.” Mo Qian said with conviction.

...

After handling one contract, Li Xiandao went to find Seven and spent time with her in her garden.

When they spent time together, Li Xiandao had bad thoughts.

Seven thought about a topic, “Do you remember the Celestial who was locked up in the Bank of the Universe, he talked about Emperor Gouchen?”

Li Xiandao recalled. He still had a Celestial locked up in the Bank of the Universe.

“Where is he now?” Li Xiandao was about to forget him.

“He is strolling around the Bank of the Universe. I told him to guard the treasury for 30 thousand years.” Seven said.

Li Xiandao nodded, “Nice idea. If he performs well, then we shall release him.”

“You mentioned Emperor Gouchen, is there a problem?” Li Xiandao asked Seven.

“Didn’t that Celestial say that once you open the Celestial Gate, Emperor Gouchen would appear? He would use it to enter the Celestial World.” Seven reminded Li Xiandao.

“Right, Emperor Gouchen will appear when I open the Celestial Gate. But I don’t know where his reincarnated body is?” Li Xiandao was filled with many questions.

He wanted to recruit this Emperor Gouchen but it seemed like this plan was hard.

Emperor Gouchen had his own thoughts and continued to hide in the crowd. Finding him was like finding a needle in the haystack.

“We still need to pay attention to him. After all, he is one of the higher-ups in the Celestial Dynasty.” Seven reminded.

“How is he as compared to Emperor Beiqiu?” Li Xiandao asked. They both had the word emperor in their titles.

“As compared to Emperor Beiqiu, Emperor Gouchen is a true dragon up there while Emperor Beiqiu is like mud. Although they both have emperor in their title, the difference is like night and day.” Seven didn’t hold back.

Chapter 565: You Are Emperor Gouchen!

In Heaven Sky, within a huge forest, there was a waterfall flowing in the distance and there was the scent of flowers and sound of birds all around.

In a room, a man and a cow sat together.

“Master, why don’t you ascend?” A yellow cow spoke in human language and asked curiously.

The young man who was cooking tea said lazily, “If I ascend now then won’t I fall for their tricks?”

“But you can’t continue in the Nine Skies and Ten Lands. You can’t grow up here and we can’t waste time.” The cow was really anxious. It waved its tail and looked really impatient.

“So many years have passed and you still can’t calm yourself down. Why are you so rash? You aren’t a monkey.” The young priest scolded.

The cow felt wronged. It rested on the ground and didn’t want to say anything.

The young priest said helplessly, “This again, I really shouldn’t have brought you down.”

“Master has always been so mysterious and you don’t tell me anything so I have no choice but to feel anxious.” The cow felt wronged.

“Why are you worried? Or rather, what are you worried about?” The young priest asked.

“You need to increase your strength, reaching your peak and then going back to glory.” The cow said emotionally.

“Did you forget about the enemies in the Celestial World?” The cow asked.

“The enemies are there and they won’t run away or die. Sooner or later I can kill them.” The young priest said helplessly.

“I am uncomfortable seeing him live well even for a day. It is his fault that your life is like this.” The cow was frustrated.

“Okay, from now onwards you should stop talking for three days. You are so impulsive. We are close to ascending and you don’t seem to be in a good state.” The priest frowned and stared at the cow.

The cow opened his mouth and wanted to retort but in the end he walked out to eat grass.

The young priest drank a cup and then shook his head, “Hatred is right there, we just don’t have to forget about it. If we have a chance then go and take revenge. We don’t have to think about it every moment and turn ourselves into a weapon of hate. We control our own emotions and not let our emotions control us.”

The cow shook its tail angrily. It just didn’t understand why he didn’t improve himself and enter the Celestial World to take revenge.

“Haiz, if you don’t change your thoughts and the way you think, it would be hard to improve. Your brain is filled with hate and you forgot that some troubles aren’t bad. At least for me, I learned and comprehended a lot.” The young priest said calmly.

Only then did the cow calm down.

It then slowly thought back to what his Master said.

The Master and servant were Tai Xuan and the cow.

They had entered Heaven long ago and had stayed here.

Tai Xuan was unhappy, "Think about it. Clear up your emotions and thoughts before speaking, if not then shut up."

The cow nodded and finally started to reflect.

It was just anxious!

After thinking about it, the cow slowly returned to Master's side and said, "Who are you waiting for here?"

Tai Xuan smiled, he took out a blood-red watch and said, "I am cooking tea and waiting for a senior."

Kacha!

Tai Xuan shattered the watch and then started to boil the tea slowly.

...

Within the Bank of the Universe, Li Xiandao and Seven were talking about Emperor Gouchen and Emperor Beiqiu.

Suddenly, Li Xiandao received a signal.

A watch he had given out was shattered.

"That cause and effect!" Li Xiandao knew that he had taken away a cause so now he had to return him an effect.

"I will head out." Li Xiandao got up and left.

Seven didn't ask for the reason and just looked on as Li Xiandao left.

After heading out of Bank of the Universe, Li Xiandao confirmed a location before stepping out.

The mountains and rivers were all beneath him. With just one step, Li Xiandao appeared at where Tai Xuan was at.

Clear water and green mountains, birds chirping and fragrant flowers.

The coral green mountain range spread and rose up and down like a true dragon was coiled up. The waterfall in the distance was like a hanging milky way and there was some smoke billowing in the distance. It gave off the vibes of a small priest's home.

A thatched house, a bamboo house, a garden, and some vegetable farms.

Tai Xuan lived in a small village, there were around a hundred people. They didn't bother with the world and were self-sufficient.

Tai Xuan's house was at the mid-waist of the mountain while the villagers were at the foot. With one step, Li Xiandao came to the entrance.

"It is my honor to welcome such a guest. I am cooking tea and can't receive you, please forgive me for being impolite." Tai Xuan's gentle voice rang out.

Li Xiandao pushed open the door and saw the cow. He also saw Tai Xuan who was cooking tea.

Li Xiandao didn't hold back and sat opposite Tai Xuan right away. He looked at his movement and it was really elegant. His tea cooking skills were really high.

Li Xiandao looked at him and a thought appeared in his heart.

But he didn't say it. He looked on as Tai Xuan cooked it and poured it into the cup. Only then did he speak, "The cause I took in the past. Is it going to end today?"

Tai Xuan smiled and nodded, "Right. I said that senior was fated with me, this cause and effect was just perfect."

Li Xiandao looked at Tai Xuan's cultivation. He was at the peak of stage nine.

Same realm as him. Of course, there was some gap in energy. After all, Li Xiandao had the 19 worlds.

"Are you going to ask me to help you open the Celestial Gate so that you can ascend?" Li Xiandao looked at Tai Xuan and guessed.

"Right." Tai Xuan nodded and admitted it.

"So the Emperor Gouchen reincarnation the people are looking for is you." Li Xiandao said what he guessed.

This Tai Xuan was the reincarnation of Emperor Gouchen. In Cold Moon Sky he met Li Xiandao by coincidence and they formed this cause and effect which was why they were drinking tea together now.

When Li Xiandao said Tai Xuan's identity, the cow opened his eyes wide and stared at Li Xiandao with a vicious gaze.

Tai Xuan saw it frown and reached out to chase it away. He apologized towards Li Xiandao, "I am sorry for being impolite."

"It is just protecting its master." Li Xiandao didn't care.

"Your guess is right. I am the reincarnation of Emperor Gouchen so I can't ascend. I have to rely on the Celestial Gate to enter Celestial World and then head far away." Tai Xuan nodded.

"You want me to open it now?" Li Xiandao asked.

"No rush, you can do so within six months." Tai Xuan gave him a time.

But if it was later than that, he had to ascend. Emperor Gouchen still had things waiting for him above.

Li Xiandao relaxed upon hearing that, "Three months later the Celestial Gate will open. When the time comes and I fight with them, you can fly up to the Celestial World."

Tai Xuan was delighted, "No problem, I can wait for three months."

Li Xiandao picked up the teacup and enjoyed the early summer tea leaves with Tai Xuan.

It was really sweet.

Chapter 566: Announcing To The World!

Li Xiandao confirmed that Tai Xuan was Emperor Gouchen so he gave up on trying to recruit him.

Tai Xuan had his own thoughts and he had his own goals. He wasn't willing to go under Li Xiandao.

At least the current Li Xiandao was unable to make him yield.

So after the two of them drank tea together, Li Xiandao got up and left.

Before leaving, the two of them didn't mention the Celestial Gate at all. Some things just had to be said once and there was no point in reemphasizing it.

...

Within the Bank of the Universe, Li Xiandao went into secluded meditation right after returning.

He went into the Time Hall.

Within it, there were three more demon god pillars. Li Xiandao wanted to use them to increase the strength of his worlds.

But the Book of War said that he had to use them to lay out the formation. Li Xiandao thought about it and gave it one while leaving two for himself.

These two demon god pillars along with the world core merged into Li Xiandao's Nine Skies and Ten Lands.

Li Xiandao didn't go into secluded meditation to break through. he was already at the peak of the Nine Skies and Ten Lands and was unable to improve any further. He had to enter the Celestial World.

But Li Xiandao's 19 worlds still had a lot of room to grow.

Li Xiandao didn't want to use that small bit of energy from the world core to become a celestial so he used it all to improve himself.

His strength was increasing swiftly.

The nineteen worlds were getting stronger. Although Li Xiandao's realm didn't change, the increase in strength was huge.

At that moment, it seemed like the Bank of the Universe was totally silent.

...

Three months passed really calmly and no new guests arrived in Bank of the Universe.

It seemed like they knew that Li Xiandao was in secluded meditation, the watches didn't find suitable guests too.

Those who were out settling the contracts all tried their bests to end the contracts.

Tian Guangming had the most contracts. He took the most and was really busy.

Each time he found the person, Tian Guangming would knock politely.

“Who is that?”

“I am here to check the water meter!” Tian Guangming smiled.

Check water meter, that was something Tian Guangming loved to say. Each time he would ask the host of the contract whether or not he would pay up.

After getting no for an answer or when he met someone that delayed time, Tian Guangming didn't say anything and attacked. He didn't give him a chance to react at all.

Most of the factions in Heaven Sky were visited.

Those people who borrowed items from Bank of the Universe had now grown into the central pillars of these factions.

Now that Tian Guangming and the others searched for them, naturally, they would face the whole sect.

That was not to be doubted.

But fortunately, Li Xiandao's men were really strong and could withstand the pressure. They killed everyone and made the enemy terrified.

In the first month, the factions were resistant.

In the second month, most of them were silent. They knew that Tian Guangming and the others were strong and they knew that once they tried to resist, it would cause even larger problems.

In the third month, the various factions saw that Tian Guangming and the others came. They tossed the host of the contract out and didn't care about him.

All these changes occurred in the short three months. The various factions in Heaven Sky all knew how strong Tian Guangming and the rest were.

But as compared to the difficulty of Tian Guangming dealing with the contracts, Burning Legion did it really simply.

They swept everyone!

This couldn't be described as simple, it was suppression.

Burning Legion split into five, declaring war on the five worlds to ask for their contracts back. No one could fend them off for five minutes.

When they found you, your first reaction was to pay up if not die.

The moment the Burning Legion sword slashed down, it could break mountains and smash the ground. It was just so simple for them to slice off your head.

...

Three months later, in the Bank of the Universe...

Tian Guangming and the others were back and they stood on the square.

They were waiting for Li Xiandao's arrival. They were all pumped up and excited.

On the other side, the Bank of the Universe also brought the Burning Legion into the Bank of the Universe.

Dong! Dong! Dong! Dong!

Hong long long!

They gave off a huge commotion. The ten-meter-tall Flame Kings were even taller than King Giant and Giant Titan. They were muscular and carried gaint swords.

"Oh my god.." Tian Guangming shuddered and couldn't say a single word.

"Such thick flame energy. Also, their bodies are the same, their aura and steps are the same. Such an invincible army." Blood Dragon was shocked.

"This is Master's army?" Chaos Dragon Crocodile was stunned.

"Yes, they are Master's. I saw them before when they were in Hell Sky. Who knew that they have reached such a realm now." The old priest was impressed.

Book of War flew into the air with La Mo. He was now learning from the Book of War as its disciple. He was learning well and slowly getting the hang of it.

"Burning Legion greets Master!" When they came to the square, all of them knelt down on one knee in unison and shouted.

Their voices were like thunder exploding, causing one's ear to buzz and one nearly went deaf.

These things stunned Li Xiandao's subordinates such that they were all without confidence. In front of Burning Legion, they were really like little brothers.

Even when King Lanling saw that he was filled with emotions, "I feel like I can't beat the members of Burning Legion."

"Be it one-on-one or group attacks, you will at most be on par with them." Li Xiandao's voice rang out. He walked out from his room slowly and said calmly.

"Master!" The subordinates all greeted.

Li Xiandao waved his hands to tell them not to be too polite. He looked at his burning legion with burning eyes. A smile appeared on his face.

"Rise." Li Xiandao said loudly.

Hong!

The ten thousand Flame Kings all got up. Their actions were like one, it was as if the ten thousand Flame Kings were controlled by one brain.

These were Flame Kings that were born from lava.

Li Xiandao used Book of War who had extremely strong early potential to be their coach. This training was showing its effects.

Li Xiandao looked at them and laughed out loud, "Good. My Burning Legion finally has an aura and finally has combat strength. You have cultivated for so long and it is time to test your hands. I shall test you on Celestials. Remember, don't let any Celestial go."

"Yes, Master!" Burning Legion was pumped up and they shouted in unison. Li Xiandao's subordinates all retreated in terror.

"Okay, now pass all the items you collected to Seven, I will head out first." Li Xiandao nodded his head in satisfaction. With a step, he arrived in Heaven Sky.

The peak of a huge mountain. Li Xiandao walked out. There was some distance from the sky but one could see the stars above.

Li Xiandao closed his eyes and adjusted his aura. He reached out and said towards everyone who was beneath the sky, "Today Li Xiandao will open the Celestial Gate, to open a path for all of you to become a Celestial. Anyone who works hard and climbs to the top would be blessed as a Celestial."

"Celestials above listen up. When the Celestial Gate opens, all who descend will die!" Li Xiandao shouted towards the Celestials above.

Chapter 567: Opening The Gate!

Li Xiandao's voice spread throughout Heaven Sky!

Everyone raised their heads and looked above in disbelief.

This person actually wanted to open the Celestial Gate?

He threatened Celestials?

Numerous factions, holy lands, sects, dynasties, aristocratic families, college....

All of them looked towards the sky. Everyone of them were really nervous.

Many people who were trapped at Destiny Realm stage nine but didn't dare to go through the tribulation all teared up.

"Is that real?"

"Someone is really going to open up the Celestial Gate for all the cultivators in the world?"

"Celestial Gate has been closed for 30 thousand years and little to no people ascended. Most people didn't dare to continue cultivating after reaching stage nine. Now finally there is going to be a path up."

Some old people teared up. They all had white hair, filled with joy and sadness.

Some people cried, "I am old and my body is weak. I don't have long to live anymore. I have missed my best years."

Many young men were pumped up, "Finally we can ascend normally. If the Celestial Gate opens, within a thousand years, I will definitely be able to fly up to the Celestial World."

In this endless snow region, a girl who sat on the throne looked at the sky above the plains. Her eyes lit up, "You defeated us and took away the world core energy. You didn't want to become a Celestial in the human world but actually wanted to open up the Celestial Gate."

The Ice Queen didn't expect Li Xiandao to be so confident to open the Celestial Gate for the people. Opening up the Celestial Gate was a huge ideal.

Even if she was a girl, she felt proud of such boldness.

In a messy cemetery, a coffin shook a little and the lid was opened. Gu Cheng climbed out. His eyes shone and he said emotionally, "The kid is so amazing. He defeated the few of us and is invincible here. Now, he wants to open the Celestial Gate. My chance is here."

Gu Cheng finally doesn't need to wait to die. He could enter the Celestial World to improve himself and complete his path on the unorthodox celestial path.

King of the North Shi Potian was so excited like he had returned back to when he was young. He laughed out loud, "Li Xiandao, I love you. You are the best. Li Xiandao you are the best in the world, good luck, open the Celestial Gate."

Shi Potian thought that they wouldn't be able to survive the lightning tribulations but Li Xiandao's actions gave them hope. Not to mention anything else, even if he had to sleep with Li Xiandao, he would be willing to do so.

Of course, Li Xiandao would not be.

Many emotional, anticipatory, questioning, disdain, and suspicious gazes looked into the sky. Everyone looked on silently.

Hong long long!

Everyone in Heaven Sky was focusing above. There was a loud explosion.

White clouds rolled, space ripped apart and chaos descended. It covered a huge distance and filled up half the sky.

A giant gate slowly appeared.

The copper gate had ancient gods carved on it. There were also demons, buddhas, hell...

The moment the giant gate appeared, numerous people held their breaths.

Celestial Gate!

This was the Celestial Gate that many people thought about.

Many people started to tear up when they saw that. They knelt on the ground. The Celestial Gate that they spent their whole lives chasing. They thought that they wouldn't see it in their whole life but now that he saw it personally, they felt really complicated.

The Celestial Gate was tightly shut. It was surrounded by an ancient aura that spread all around. The pressure caused the sky to be smashed like a mirror. The white clouds around were shattered.

Dong!

In the end, the Celestial Gate stopped in mid-air. It was huge, like a ten thousand mile city blocking Celestial World and the nine skies.

No one could cross this Celestial Gate.

Thirty thousand years had passed and the Celestial Gate appeared once more.

When Celestials who stole bodies or reincarnated saw that, they had complicated expressions on their faces. Their goal of coming down was to open up the Celestial Gate but now they didn't need to find it. The Celestial Gate was right in front of their eyes.

But this Celestial Gate was opened by this person called Li Xiandao.

They weren't the ones who opened it. That hurt them.

Under the gazes of many people, a person waked towards the Celestial Gate.

A white shirt like that of snow, black hair dancing in the wind. The young man's eyes were bright.

At that moment, everyone in Heaven Sky knew about Li Xiandao. He pushed his chest out, he looked like an outstanding guy.

Many people got emotional. Li Xiandao appeared and the Celestial Gate appeared too. Could he really open the Celestial Gate and find the path to becoming a Celestial for the people?

At that moment, the sun shone down, placing a colorful sheen onto the Celestial Gate. It was five-colored and extremely beautiful. It was clean, majestic, and just stood there in the air, making everyone look on in respect.

Li Xiandao's white shirt was like that of the drawing. The sun shone onto his body and made him stand out. When he stood in front of the Celestial Gate, his tall body was bright in all of their hearts. It made them uncontrollably believe that he could hold up the sky.

"Such a heroic person, even the Celestials of legend can't compare to him." A senior praised.

Not only did he feel it, but many people also had such a feeling too.

Li Xiandao arrived in front of the Celestial Gate. He didn't open it right away and just looked at the palm on the door.

A blood mark!

This was the bloody palm of a person. It was really clear. The fresh blood didn't dry up and it looked like it was just left there.

Li Xiandao recognized who it was.

Old Man Tianchi!

He learned the dao in Cold Moon Sky, he rose up in Heaven Sky and got famous in front of the Celestial Gate. The most glorious battle and also the final battle. He used his own strength to close the Celestial Gate.

The Celestial Gate closed and it was really hard for people to enter the Nine Skies and Ten Lands for the past 30 thousand years.

From the bloody mark, one could see how much pressure Old Man Tianchi suffered. Li Xiandao could see a stubborn old man standing in front of it, using his own way to deal with the Celestial World.

Celestials could come down randomly and mess up Nine Skies and Ten Lands matters. They could randomly kill people and decide one's life...

Nine Skies and Ten Lands could fight back too. We could close the Celestial Gate and go against the Celestial World with our own strength.

He showed off the power of the Nine Skies and Ten Lands. Even if it couldn't be compared to its peak, but it was enough.

Thirty thousand years later, Li Xiandao was in front of the Celestial Gate. His expression was cold. He took out the key of the Celestial Gate and stuck it in. He looked at the bloody mark and ensured, "The contributions that senior did for the Nine Skies and Ten Lands will not be wiped away. From now onwards, the Celestial Gate that has been closed for 30 thousand years will be opened."

Hong long long!

Li Xiandao stuck the key fully in and then he pulled open the Celestial Gate that had been closed for 30 thousand years.

At that moment, numerous people opened their eyes wide without blinking. They were afraid that they would miss something.

Under their gaze, the Celestial Gate opened bit by bit.

Hong long long!

Celestial energy surged in. But there was a loud clang, like weapons coming out of their sheath.

Keng!!!

A celestial glow shot out. Instantly a bright light bloomed. With an unstoppable aura, a sword slashed down.

The target of this heaven dao sword was Li Xiandao.

Chapter 568: Heavily Injuring Emperor Beiqiu!

A long sword slashed down from the Celestial World. It was the furious slash from a celestial.

“Arrogant fellow, you are asking for death!” A cold shout spread out from behind the Celestial Gate. The sound was like it was from the deep abyss, filled with a strong aura which suppressed everyone and sent a chill down one’s spine.

This was the aura of a celestial!

The aura from the god sword surged. It was like something had smashed into an ocean. The cold glow exploded and landed.

Beneath the sun, Li Xiandao’s body was bathed in gold. This sword went against the light and caused numerous people to look on in shock with bated breath.

If Li Xiandao was killed then the Celestial Gate would close once more. Wouldn’t their hopes be lost once more?

So at that moment, whether or not one liked or disliked Li Xiandao, they were cheering for him.

Not for any other reason, just that they wanted to see the Celestial Gate opened.

Li Xiandao who was the target of the sword raised his head and looked towards the god sword.

This wasn’t an actual sword but it was formed by many laws. It came from someone Li Xiandao was familiar with, Emperor Beiqiu.

The moment the Celestial Gate opened, Emperor Beiqiu attacked. He had waited for this chance for a long time. He waited for the Celestial Gate to open and for him to enter Nine Skies and Ten Lands to kill Li Xiandao.

Now that the Celestial Gate was opened, although Li Xiandao opened it himself, but it didn't matter. His goal was to kill Li Xiandao.

So, he used his strongest strike to slash down.

Celestial World, Emperor Beiqiu looked at Li Xiandao coldly. His eyes were filled with killing intent. He believed that his sword was enough to kill Li Xiandao.

But he was wrong!

This sword was his strongest strike but Li Xiandao was in Nine Skies and Ten Lands and not in Celestial World.

Nine Skies and Ten Lands had an upper limit and once it exceeded it, it would be weakened.

So when the sword entered Nine Skies and Ten Lands, Li Xiandao only did one thing which was to slash with his fingers.

Keng!

The extraordinary god sword shattered under Li Xiandao's fingers. The laws within were extinguished, turning into an eye-catching light that disappeared.

As for Li Xiandao, he was perfectly fine as he stood in front of the Celestial Gate. He used strength to open the Celestial Gate.

Hong!

A giant explosion caused the entire Heaven Sky to shake. The Celestial Gate was totally opened.

That rumbling celestial energy, the supreme Celestial World behind the Celestial Gate appeared in everyone's eyes.

At that moment, many people pointed out emotionally. Tears entered their eyes and their bodies were shaking.

Celestial Gate was really opened by Li Xiandao.

The Celestial Gate that was closed for 30 thousand years was finally opened at that moment.

Once the Celestial Gate was opened, Li Xiandao looked at the Celestial World.

The huge Celestial World was right in front of their eyes. This was an enormous world, bigger than any that Li Xiandao had seen before.

He had once looked up to the nine skies when he was in the ten lands. At that time, Li Xiandao felt like the nine skies were huge.

But now that he was looking up at the Celestial World, Li Xiandao finally knew what was huge.

A corner of the Celestial World was enough for Li Xiandao to look up to.

In the next second, a person appeared in front of Li Xiandao.

Emperor Beiqiu. His true body came. He crossed the space between the two worlds. His aura was really terrifying and the celestial aura surged towards Li Xiandao.

“You opened the Celestial Gate by yourself, it is like you are digging your own grave for me to come and kill you.” Emperor Beiqiu shouted. He crossed the Celestial Gate and entered Heaven Sky.

Hong!

He entered Heaven Sky with his supreme true body. Although his cultivation and strength were instantly suppressed to the upper limit of Heaven Sky, it was still quite terrifying.

Really scary.

When Emperor Beiqiu attacked, the dao gathered in the form of many different colored lights. The stream of attacks covered Li Xiandao.

Celestial music rang out along with his attack. All sorts of bright colors shot out and landed. It was a terrifying sight.

This was a Celestial. Even if their cultivation was being suppressed, but when they attacked in Heaven Sky, they were still so scary.

At that moment, Li Xiandao understood why Old Man Tianchi was so firm in closing the Celestial Gate.

Numerous people were shocked by Emperor Beiqiu's attack. This world crosser was so terrifying and since he wanted to kill Li Xiandao, he attracted all of their attention.

Li Xiandao was not nervous at all. As long as he didn't exit Heaven Sky to fight Emperor Beiqiu, he would be fine.

Keng!

Li Xiandao took out his Purple Crystal Sword and excitement appeared in his eyes, "I called my sword technique Human Slays Celestial, now is the time for me to slay celestials."

Without hesitation, Li Xiandao's first sword struck. The Purple Crystal Sword exploded without any fear at all.

So what if you are a Celestial?

I am the celestial killer!

First strike, 100 forms!

The moment this sword was used, hundred different forms of life appeared around Li Xiandao.

All those scenes formed an exquisite move, 100 forms!

Celestials were humans too!

He couldn't avoid the actions of humans.

Hong!

Li Xiandao's sword went all out. It was totally different from when it was first created. Li Xiandao was much stronger now. The nineteen worlds shook and provided him with energy.

So Li Xiandao's sword shattered the space in front. A chaotic glow appeared and a small world was slashed open.

Emperor Beiqiu's expression changed. Li Xiandao's move exceeded the upper limit of the world but the world laws didn't punish Li Xiandao.

Hong long long!

In the next second, he was hit by Li Xiandao's attack. His chest felt intense pain and he screamed. He struggled and blood spurted out.

The Celestial's body was slashed by Li Xiandao and a wound appeared on his chest with blood flowing out.

Those scenes stunned everyone around. A Celestial crossed and wanted to kill Li Xiandao. But in the blink of an eye, Li Xiandao slashed and the Celestial's chest was ripped apart.

What happened?

Were Celestials so weak?

They didn't know that Celestials had their cultivation and strength suppressed when they entered Nine Skies and Ten Lands and just thought that they were weak.

That was because they couldn't take three moves from Li Xiandao.

After the first sword, the second followed suit.

Thousand snowy mountains!

This was a sword move that closed the distance instantly. Li Xiandao didn't show mercy. His body flashed and he appeared behind Emperor Beiqiu. His sword struck Emperor Beiqiu's heart viciously.

Puchi!

This sword pierced Emperor Beiqiu's heart right away, making him scream out in pain. Huge energy exploded from within his body and sent Li Xiandao flying.

"I have underestimated you. You are strong in Heaven Sky but you are the only one. Are you as strong as my Celestial Dynasty army?" Emperor Beiqiu's covered his wound and flew towards the Celestial Gate. He gritted his teeth as he looked at Li Xiandao.

"Let your Celestial Dynasty army come." Li Xiandao laughed coldly and said.

Chapter 569: 30,000 Army!

Li Xiandao felt regretful that he didn't totally kill Emperor Beiqiu.

To Li Xiandao, Emperor Beiqiu was really strong. If not for him being in Heaven Sky and if Emperor Beiqiu was able to use his full strength, even with the nineteen worlds, Li Xiandao wouldn't be able to deal with him.

Moreover his Celestial body was really strong. Li Xiandao used the Purple Crystal Sword to stab his heart and he was even sent flying. Although he was injured but he would survive.

But even with the heavy injuries, Emperor Beiqiu was still okay. At the very least, he didn't dare to step into Nine Skies and Ten Lands.

Emperor Beiqiu covered his heart and looked on with a cold gaze. He waved his hand and scoffed coldly, "Charge, enter the Nine Skies and Ten Lands and wiped them out. Kill anyone that doesn't listen to the Celestial Dynasty."

Hong!

There was a patch of space between Nine Skies and Ten Lands and the Celestial World but now a hole appeared. A strong and terrifying aura that was really noble and saint-like surged.

30 thousand celestial soldiers walked out from his pocket. Their auras were unparalleled and were really shocking.

"Charge!"

The 30 thousand strong army charged out. The Celestial Gate was opened so they could enter and exit as they pleased.

Hong long long!

The aura was huge. Just now only Emperor Beiqiu charged over to fight Li Xiandao. Li Xiandao forced him back so to everyone else, they didn't feel much pressure.

But now that 30 thousand celestials were charging over, the aura caused even the most confident of people to tremble.

It was a white patch. The celestial glow was all around and killing intent spread. Celestials descended everywhere...

When one celestial after another crossed the Celestial Gate and entered Heaven Sky, people were all in despair.

How were they supposed to fight?

Li Xiandao was alone, was he to fight 30 thousand by himself?

Emperor Beiqiu smiled in delight, "Li Xiandao, kneel. Beg me like a dog and I can let you off."

Li Xiandao said coldly, "I opened the Celestial Gate so I am obviously prepared against the Celestial Dynasty army. Is this the guard's army or the judiciary squad?"

The guard's army and judiciary squads were all armies in the Celestial Dynasty but were under different people. At the same time, they both targetted the Nine Skies and Ten Lands.

"We are the guard's army. Nine Skies and Ten Lands has to yield to us, all of you are lower world, useless people." The leader said in disdain.

Li Xiandao looked at them. They were really proud and looked down on Nine Skies and Ten Lands. Even with their cultivation and strength suppressed, they felt like they could sweep Nine Skies and Ten Lands.

"Great timing. I raised an army that I have kept secret from the world. Now that all of you came down, it is obvious that you forgot what I said before." Li Xiandao smiled.

"Do we have a need to listen about what you said?" The guard's army commander didn't even bother to look at Li Xiandao.

"I told you that anyone who comes down will die!" Li Xiandao's face turned cold.

"Hahaha, that is the best joke that I have ever heard. We have 30 thousand celestials, can you kill us all?" Emperor Beiqiu's mocking voice spread out.

He was mocking Li Xiandao's arrogance.

Li Xiandao raised his head, "Since you don't believe then I shall invite all of you to die."

The moment Li Xiandao said that the space behind him ripped open. Thick flames shot out.

Hong long long!

At that moment, it was as if the sky was in flames. Ten thousand Flame Giants appeared behind Li Xiandao. They were all ten meters tall with huge bodies. Their bodies were wrapped in flames and they all looked really fierce. They carried giant swords and their auras were linked.

This was the first time Li Xiandao's Burning Legion appeared in public and they shocked everyone.

10,000 ten-meter tall Flame Giants. They were really strong and they all looked really cold.

"Kill them!" Li Xiandao waved his hands calmly.

Ten thousand Flame Giants to kill 30 thousand Celestials. They were also the Celestial Dynasty's Guards Army. For Li Xiandao to make them initiate the fight, that showed his confidence.

After being taught by the Book of War and cultivating formation techniques, if they couldn't even deal with these 30 thousand Celestials then Li Xiandao would have been looking forwards to nothing.

Dong dong dong!

After receiving Li Xiandao's orders, the ten thousand Flame Giants raised their giant swords in unison. They stepped in the air and attacked the 30 thousand Celestials.

Three of them in one section, three sections as one platoon, three platoons as one small war formation. They could allow their muscles to recover and heal injuries etc...

Every ten small formations formed one large one. Within this range, they were able to slash and shred enemies.

There were other effects like killing people to regenerate oneself and also absorbing their energy etc...

This was why formations were terrifying. As long as they were united, they would have eternal momentum and could kill the enemy until all of them were dead.

To defeat formations, one had to either have immense strength to destroy it right away.

Next would be to kill some Flame Kings before the formation was formed to reduce their numbers.

Third would be to use your own formation. But no matter what you wouldn't be as connected as ten thousand Flame Kings.

Hong long long!

One Flame King slashed and he smashed into the head of one celestial. Flames surged like lava rumbling from above, instantly able to melt someone.

The Flame Kings weren't weak at all and were in the same realm as Li Xiandao. Dealing with these Celestials who had their cultivations suppressed was just too simple for them.

Peng! ! !

The giant swords smashed down. That Celestial tried to fight back and he wanted to use his techniques to kill the Flame King.

But that was totally useless. The Flame Kings who had bathed in the sun didn't care about these small attacks at all. The giant sword turned the celestial into meat paste right away.

Those were really terrifying scenes. A Celestial being smashed into meat paste with no way to fight back. That was because his attacks which landed on the Flame King's body was of no effect at all.

The Flame King's defense was at the maximum. With the formation buffing it, when the ten thousand of them charged into the 30 thousand strong Celestial Dynasty Guards Army, no one could stop them.

Some Celestials initiated the attacks, forming a phoenix that charged at them.

But what welcomed them was only the cold and emotionless giant sword of the Flame King.

Peng! ! !

There was an intense clash as the phoenix and the sword smashed into one another. There was a bright light as space around collapsed. The phoenix blocked for just a few seconds before it disappeared. The giant sword still had terrifying energy which sliced down.

The Celestial was slashed into two. The Flame King spat and thick lava spurted out which burnt the Celestial's soul. He was directly turned into nourishment and swallowed.

The Guards Army didn't know how terrifying Li Xiandao was. They didn't know how strong the Flame Kings were either. So right away, the gap was seen.

The celestials didn't crush them in one move.

With the world suppressing their cultivation, the Celestial Dynasty army was the same as the Flame King army.

But in terms of combat strength, the gap was huge.

"The 30 thousand Celestials came at the right time. Use your lives to help me lay out this formation." The Book of War appeared beside Li Xiandao. It looked at the battle occurring above and said with satisfaction.

Chapter 570: All Wiped Out!

When he just saw Li Xiandao's Burning Legion, Emperor Beiqiu was still filled with confidence. After all, there were 30 thousand of them against 10 thousand. They were

also flame monsters from the Nine Skies and Ten Lands so how could they be compared to Celestials?

But the moment the Flame King smashed a soldier, Emperor Beiqiu's expression changed.

Although their cultivation was being suppressed to the same level, how could he be smashed in one strike?

Emperor Beiqiu definitely didn't expect that Li Xiandao's Burning Legion was bathing in the sun to improve their bodies. They ended up becoming really strong and invincible.

"Chaotic Killing Formation!" The Book of War shouted, telling Burning Legion to activate the ten thousand men formation.

Hong long long!

Burning Legion's Flame Kings were united as one and could instinctively adjust the formation themselves. Their auras were connected together, wrapping up all of the Celestial Dynasty troops into a giant formation.

Dong dong dong!

In the sky, there were the sounds of war drums that reverberated in the land. Celestials were taking out their weapons and that gave out bright light which swept all about. It looked like a milky way hanging down from above and it was really strong.

Peng!

The terrifying celestial artifact dealt a lethal blow, hitting the body of a Flame King and piercing him. A giant black hole appeared where his heart was.

The Celestial was delighted, "They can be killed, aren't they dead now?"

"Is that so?" The Flame King whose heart was now a hold raised his head. His eyes were filled with rage and his heart was actually regenerating quickly.

At that moment, he wasn't recovering alone. The 9999 other Flame Kings were helping him.

Three seconds later, his injuries were totally recovered. The Flame King grinned and said, "If you want to kill me, you are not strong enough."

The celestial was stunned and fear appeared on his face. The lethal blow from his Celestial Artifact couldn't kill this monster at all so what else could he do?

Hong long long!

The Flame King whose injuries had recovered smashed down viciously with his giant sword. He wasn't moving alone and instead he was moving with everyone else.

At that moment, the entire Burning Legion moved.

"Charge!"

"Charge!"

"Charge!"

Numerous shouts, all of them turned into the bloody "Charge" word. It was really terrifying. Giant swords waved and fresh blood spurted out.

Those scenes in the sky caused one's mouth to be agape.

30 thousand celestials descended confidently and walked with a strong aura which filled with people of Heaven Sky with despair. They thought that Li Xiandao was definitely dead and they had to yield and worship the Celestial Dynasty.

But in the blink of an eye, the ten thousand Flame Kings appeared, using such a barbaric way to start massacring everyone.

Right, it was a massacre.

The war between the Burning Legion and the Celestial Dynasty Guards Army was a one-sided massacre.

It wasn't the Celestial Dynasty Guards Army suppressing the Burning Legion but the other way around.

The Celestial Dynasty Guards Army attacked but if they were unable to kill them in one hit, the Burning Legion would recover and get stronger and stronger. They were really terrifying and caused the Celestials to give up.

"I want to leave this damn place." Some Celestials wanted to leave Heaven Sky right away and leave from the Celestial Gate.

But Li Xiandao wouldn't give him the chance. He stood in front of the Celestial Gate. His body seemed like a huge mountain that blocked the path away.

“Scram.” This Celestial shouted in rage. He held a giant axe in his hands and hacked down. He wanted to slash Li Xiandao who was standing in the sky. Chaotic energy charged out and his body was wrapped up in the elements like he was really trying to open up a new world.

Hong!

But facing all these, Li Xiandao didn't move and just looked on coldly.

He didn't need to attack. Naturally, someone would handle this Celestial.

Hong long long!

A hand that was covered in flames blocked the axe. A ten-meter tall body appeared and blocked the celestial's path. He said coldly, “Master said that anyone who descends would die. Do you want to escape?”

Unless you have Emperor Beiqiu's cultivation but you don't.

So this Flame King formed a seal with one hand and smashed down with the sword in the other.

He was really strong and the wind blew all around him. The clouds scattered and the ground was in a mess.

White bones and fresh blood scattered all around. That giant sword landed and the Celestial had a maniacal expression on his face. He held the axe and tried to block.

Dang!

At that moment, everyone felt their ears fail on them. They couldn't hear anything. That giant clashing sound caused many peoples' years to bleed.

Numerous people felt fortunate when they saw that. Fortunately, they were far enough if not everyone would die and turn to dust. Not even blood would remain.

This was a terrifying shockwave and the ripples were too shocking. It was as if the skies were being pierced through.

Behind this huge destruction, the axe flew out. The Celestial's arm broke as the giant sword continued to smash down and turn him into meat paste.

This was the terrifying truth.

In terms of strength, the Celestial lost to Flame King.

This was just a corner of the war. The other places were the same and the Celestials suffered heavy injuries.

The entire Heaven Sky quietened down and each one of them looked on in shock at Li Xiandao.

How did Li Xiandao nurture such an invincible army?

Li Xiandao's subordinates all came out to spectate. Those scenes filled them with honor.

So what if they were Celestials?

Didn't Master's army massacre them?

Tian Guangming was really smart. He noticed their Celestial Artifacts right away and also the treasures on them.

"These Celestial Artifacts and treasures on their bodies, let's help Master collect them." Tian Guangming suggested.

Everyone agreed. they started to head out and collect all the treasures in the corpses of the bodies.

Outside this region, when Emperor Beiqiu saw that, he closed his eyes and felt really pained.

His heart was pierced through so he was feeling unbearable pain. Now that the only army under him was being massacred, there was nothing he could do.

If Li Xiandao came out, if the Burning Legion exited Nine Skies and Ten Lands, Emperor Beiqiu could swear that he could kill all of them in a minute.

Unfortunately, Li Xiandao knew that if he headed over, he would have no advantage at all. So he was a Celestial Gate away from Emperor Beiqiu.

On a mountain, Emperor Gouchen's reincarnation Tai Xuan sat on the cow's back. When he saw those scenes, he was stunned.

"He was able to kill the 30 thousand Celestial Dynasty army in the Nine Skies and Ten Lands, how many secrets does this person have?" Tai Xuan muttered.

"Master, is this person a reincarnation too?" The cow asked.

"Impossible." Tai Xuan disagreed, "If he was then I would definitely feel it. But he doesn't give me that feeling. This person is really strong."
