

Bank of the Universe

Chapter 611: Demon God Body!

To Heaven River, Li Xiandao was a foreign person.

But Emperor Beiqiu knew him, this was the person he hated the most in his life. If he really met him in his dreams, he would swallow him alive and not even spit out his bones.

Why did Emperor Beiqiu want to wipe Yun Manor and clear out Heaven Spirit Celestial? All of it was to totally control North Nether Region such that they would be controlled by him. They would spread out a net to surround Li Xiandao.

From this plan, one could tell how much Emperor Beiqiu hated Li Xiandao.

He really didn't expect Tian Guangming to be Li Xiandao's subordinate.

The key was that Li Xiandao wasn't here. One sentence could control Jin Pingmei, that was so unbelievable.

"Who is Li Xiandao?" Heaven River asked curiously. He searched his memories but didn't notice such a person.

"Li Xiandao is the person who stopped me in Nine Skies and Ten Lands, he is also the person who killed my 30 thousand troops." Emperor Beiqiu's eyes were red and he was about to go mad.

Heaven River looked on in shock, "A person who came from such a lowly place like the Nine Skies and Ten Lands can actually make Jin Pingmei kneel?"

"No matter how he made this Jin Pingmei kneel, I will force him out today." Emperor Beiqiu stared at Tian Guangming coldly. the moment he said that, he punched.

Hong!

A bright light shone in the sky and directly covered Tian Guangming.

This was the furious strike of a peak Heaven Celestial, Tian Guangming couldn't block it.

But he didn't block because Li Xiandao said that once Jin Pingmei knelt down, he would be ordered to solve all the troubles.

So Tian Guangming said decisively, "Jin Pingmei, my master said that you will solve this. Kill Emperor Beiqiu and Heaven River and your punishment will be much reduced. You won't have to die."

"Is that true?" Jin Pingmei's eyes lit up and he looked at Tian Guangming emotionally.

"Of course it is true, it will depend on your ability." Tian Guangming nodded.

* Dong dong dong!*

Jin Pingmei didn't say a word and stood up. He slapped right away.

Hong!

Emperor Beiqiu's fist was smashed by Jin Pingmei's slap. The chaotic celestial energy surged all around. dark clouds gathered and swept the land, sending chills down one's spine.

Peng peng peng!

The moment Jin Pingmei attacked, he stunned Emperor Beiqiu and Heaven River. He didn't cover his strength and it was just so easy for him to shatter Emperor Beiqiu's fist. Following which he attacked, the celestial dao laws he comprehended turned into an invincible demon god. The image opened up and pressed down.

Emperor Beiqiu's aura covered half the sky and he was really strong. But now that Jin Pingmei did that, his aura was being suppressed. Jin Pingmei directly attacked Emperor Beiqiu and Heaven River.

He fought one against two with a cold expression on his face. The strong energy in his body exploded like a volcano. It was really terrifying and it shocked everyone.

Especially Jin Pingmei's slap, it caused Emperor Beiqiu's body to shake. It also caused Heaven River to roar out in rage.

"You really infuriated me. I will kill you first and then wipe out Yun Manor. Then I will wipe out Jin Family, and kill all your children and grandchildren." Heaven River said coldly. He attacked, he opened his fingers and a heaven river proceeded forwards from his fingertips. What flowed wasn't water but dao laws. They were like water but they started to boil.

Hong!

The surging aura surged heaven and earth. it smashed forth, shattering the giant demon god image and it wanted to kill Jin Pingmei.

This move was really terrifying. It came from Heaven River's celestial laws. They turned into sharp blades, axes, swords, etc., weapons and hacked down.

"Die!" Heaven River shouted in anger.

But Jin Pingmei wasn't afraid. He didn't retreat and charged forwards instead. A red heart thumped in his body and provided him with terrifying energy, helping him to change into another body.

"Demon God Body!" Jin Pingmei hollered. He didn't explain anything and just took out his trump card.

Demon God Heart!

Because of this, he handed his pure soul source to Bank of the Universe in exchange for the demon god heart.

The demon god heart was really strong and it made one terrified. Jin Pingmei changed his heart into the demon god heart and then he found out how strong it was. He improved a lot in ten thousand years and reached the peak of Heaven Celestial. His strength suppressed that of other Heaven Celestials.

So once the time limit was up, he was reluctant to return the demon god heart to Li Xiandao. He chose to be silent and tide across the time limit.

He was supposed to die.

He broke the contract for ten thousand years so based on the rules, he should get wiped out. But Li Xiandao had just entered Celestial World and needed helpers so he gave him such a chance.

If he appeared slightly later, Li Xiandao didn't need him.

So Jin Pingmei had to grab this chance. He obviously didn't dare to hide anything and used his killing move right away.

Emperor Beiqiu and Heaven River were like people who killed his father and mother. His hatred for them was even deeper than a blood debt.

"You are the ones that deserve to die!" Jin Pingmei shouted in rage and attacked. During these years he found an extremely strong attack technique, Demon God Body.

When he activated it, his old body disappeared and it turned really young, returning back to its peak. He was really handsome and his aura was unparalleled. He used his fingers as a sword and pointed forwards.

Hong long long!

The space in front ripped open. The celestial dao currents were ripped open. Jin Pingmei said coldly, "I didn't attack because I didn't want to reveal my trump card. But now you are fortunate enough to see it."

Dong dong dong.

Space exploded and the river was being evaporated. Jin Pingmei stared at the numerous dao laws and charged about like a war god. He punched space and accurately found Heaven River.

Kacha!

The two fists smashed on Heaven River's chest and caused his Heaven Celestial Body to collapse right away. Like ice, being crushed right away.

"Ah! ! ! It is so painful." Heaven River formed his body again hundred meters out. His face was like a demon, he looked abnormally terrifying.

"How did this happen? Your strength isn't something that Heaven Celestial should have!" Heaven River looked at Jin Pingmei in despair. His body shook.

"I have never said that I only have peak Heaven Celestial strength. If not for me being unable to break through, I would have surged into the sky." Jin Pingmei said coldly. His body disappeared from the spot and turned into a ball of terrifying celestial dao laws to smash onto Heaven River's body.

Hong!

Heaven River's body froze up and his eyes turned grey. His life force dissipated and under Jin Pingmei's attacks, he was killed.

Chapter 612: It Ended Just Like That?

Jin Pingmei's explosion of strength stunned everyone. His attacks were really decisive. He sliced off Heaven River's law river flower. The demon god body exploded and hit Heaven River's body such that he trembled and spat out blood.

"This... This isn't strength of someone at Heaven Celestial Realm." Heaven River looked at Jin Pingmei in despair. The life force in his body was slowly disappearing until death started to spread about.

"I have never said that my strength was only at Heaven Celestial Realm, although I am indeed amongst your ranks." Jin Pingmei said coldly.

He had the demon god heart and this thing was really strong. If he didn't hand out his soul core, the current him would be several times stronger than Heaven Celestial.

But even though he was stuck at Heaven Celestial Realm, his strength couldn't be underestimated.

"You... If you kill me, Celestial Dynasty won't let you off." Heaven River gritted his teeth. His life force slowly flowed away, making him feel really bitter. He could foresee that he would die in a minute so the current him was filled with fear.

Jin Pingmei looked at him coldly and said, "Celestial Dynasty might kill me but you won't be able to see it."

Heaven River was so furious that he spat out blood. His body shook and he knelt on the ground. The power in his body started to leave it and he was powerless to battle Jin Pingmei now.

Jin Pingmei didn't bother about him. He looked at Emperor Beiqiu and attacked.

"Heaven River has already been killed by me. Now if I kill you, Master will forgive me." Jin Pingmei's killing intent was thick like raging flames that exploded right away.

Hong long long!

His celestial energy pressed down along with thick celestial dao laws. Each law was really thick like chains that formed into a jail that locked Emperor Beiqiu in.

"Die!" Jin Pingmei was filled with killing intent because of his future. It exploded, allowing him to use all the strength of the demon god heart.

Emperor Beiqiu was unable to escape and could only accept it. But he was locked in the chains and was unable to break free.

"Shatter!" Emperor Beiqiu shouted in rage and took out his celestial artifact. This was a high-quality celestial, a pure white sword. He shook it and a thirty thousand mile sword energy sliced down.

A high-quality celestial artifact was really strong and could slice all laws. This cage was strong but it started to crack under its attacks.

Crack crack!

The strength of the celestial artifact exploded, causing the cage to tremble. Ripples started to spread all about.

Hong! Hong! Hong!

Emperor Beiqiu showed off his strength. As the person in charge of North Nether Region, naturally, he had many treasures. He had two high-quality celestial artifacts, one was the Gate of Two Worlds and the other was this sword.

Hundred Spirit Sword!

This sword contained hundred spirits, they were all of fierce beasts who were all strong and terrifying.

So he slashed forwards. the hundred spirits appeared and attacked the law chains.

This was a really terrifying picture and everyone looked on in shock. Emperor Beiqiu had the hundred spirits protecting him and he was much stronger than before.

Heaven River saw that and he cursed, "Kill him, I hope to see him accompany me on my journey down."

"I am not walking that path, I am sending you two there." Jin Pingmei looked. Although he was shocked about how rich Emperor Beiqiu was to have high-quality celestial artifacts, but he didn't fear it.

High-quality celestial artifacts were strong but to him, they couldn't compare to the demon god heart.

The power of it was much stronger than that of a high-quality celestial artifact.

Now the Hundred Spirit Sword exploded. Those hundred ancient beast spirits roared out in rage. They shook the skies and gave off a huge aura.

Such a terrifying aura spread a few thousand miles around. This was Emperor Beiqiu's aura, his trump card.

But this couldn't scare Jin Pingmei. He was in the Demon God Body state and his heart beat continuously. Blood energy spread in the sky and dyed the space red. Like a demon was appearing in the world.

In the next second, Jin Pingmei punched. The blood energy was like giant waves. The cold laws were like locks blocking the Hundred Spirit Sword, pressing it down on the ground.

Hong!

This strike terrified everyone. With a loud explosion, it was pressed down. Hundred Spirit Sword was really strong but it was now shaking intensely. The long sword twisted and was pressed down by Jin Pingmei.

Hong long long!

Emperor Beiqiu looked on in rage. He didn't expect that Jin Pingmei was actually so strong.

"Die!" Emperor Beiqiu shouted in anger. His strength was on full display. He activated the celestial spirit in the Hundred Spirit Sword. 100 beasts along with Emperor Beiqiu tried to suppress Jin Pingmei.

"All of them are lousy ancient beasts. Do you dare to act arrogantly in front of my demon god heart? Die!" Jin Pingmei was really strong and he was really arrogant too. He opened his mouth and swallowed. At that moment, all hundred were swallowed into his stomach.

Kacha! Kacha!

Chewing sounds rang out. This made Emperor Beiqiu panic. He tried to flee as he looked at Jin Pingmei with his mouth agape.

Demon!

"My Hundred Spirit Sword!" Emperor Beiqiu cried out in pain. His body shook. The strength of this celestial artifact was because of the hundred spirits. After losing all this, the Hundred Spirit Sword was not worthy of its name and its strength was greatly reduced.

Then his combat strength would reduce by a lot. He wasn't Jin Pingmei's opponent anymore.

He opened his mouth and swallowed the hundred souls. Jin Pingmei's demon heart gave out waves of strong blood which filled the Demon God Body. These hundred beasts were chewed and swallowed, turning into pure energy which he spat out.

"Die!" Jin Pingmei shouted in rage. His aura surged forth. A pillar of light shot towards the sky and hit Emperor Beiqiu.

Hong long long!

Emperor Beiqiu was hit by the spirits from Hundred Spirit Sword. His body started to break apart. He shouted in terror and tried to fight back but it was all for nothing. His body exploded and he died on the spot!

Jin Pingmei killed Emperor Beiqiu and dissipated his Demon God Body. He turned old once more and panted. To use the demon god heart at Heaven Celestial Realm consumed a lot of energy.

But Heaven River and Emperor Beiqiu were both killed and he completed the Master's request.

After killing them, Jin Pingmei returned to Tian Guangming and said, "I did well, right?"

Tian Guangming opened his mouth and wanted to say that he did well.

But to avoid him being arrogant, he said calmly, "Not bad average, I will bring you to see Master later."

"Okay, thank you, sir." Jin Pingmei was delighted. He treated Tian Guangming who was only at True Celestial Realm really respectfully.

People in front of Yun Manor were stunned. Heaven Spirit Celestial said awkwardly, "This... It ended?"

Bank of the Universe - Chapter 613 - Slave For 80,000 Years

Chapter 613: Slave For 80,000 Years

What he thought was about to be a calamity had ended so easily.

He thought that there would be a huge battle but it ended up so simple. They didn't even need to attack and were just audiences.

Jin Pingmei, this North Nether Region Jin Family old ancestor was actually so terrifying. He killed people from Celestial Dynasty so easily and that shocked Yun Manor Lord.

More shocking was the fact that Jin Pingmei was as well behaved like an ant in front of Tian Guangming. He wasn't as overbearing as when he killed Heaven River and Emperor Beiqiu.

Yun Manor Lord and Heaven Spirit Celestial knew that this was because of Tian Guangming's mysterious Master, Li Xiandao!

Although he didn't come, his reputation was flowing here.

Yun Tianxia was shocked, "Are you going to see Master?"

Tian Guangming nodded, "I am going to bring Jin Pingmei to meet Master, he is going to hear what Master is going to do to him."

"I will go too." Yun Tianxia said right away.

When Yun Manor Lord and his wife saw that, they looked at one another. Although they were worried that their son recognized someone else as his Master and was like a slave, but since the Master was so terrifying, they didn't dare to say anything.

After all Yun Tianxia had grown up and he should know how to be responsible for his actions.

"If you want then follow me." Tian Guangming didn't mind.

"Now that Emperor Beiqiu and Heaven River were killed, you should be able to deal with their other troops. We will leave first." Tian Guangming said towards Yun Manor Lord and Heaven Spirit Celestial.

"We can deal with it." Yun Manor Lord said solemnly. Tian Guangming might only be peak of True Celestial but Yun Manor Lord didn't dare to not listen to him.

After all, even Jin Pingmei was standing at a side, not daring to breathe too heavily.

Tian Guangming led Jin Pingmei out of Yun Manor, crossing through space and coming to Lu Mountain, entering the Bank of the Universe.

...

Within the Bank of the Universe, after Li Xiandao broke through to Heaven Celestial Realm, he walked out from Legacy Hall and headed back to Trading Hall.

He was waiting for Tian Guangming to bring Jin Pingmei back.

Although Jin Pingmei listened and killed Heaven River and Emperor Beiqiu, his mistakes weren't cleared yet.

Li Xiandao just didn't want to kill him. Killing Emperor Beiqiu and Heaven River didn't admonish him of all his past mistakes.

So Li Xiandao looked at Tian Guangming and Yun Tianxia coldly as they brought Jin Pingmei in.

In the Bank of the Universe, after ten thousand years, Jin Pingmei stepped into this place once more.

He was really emotional and also really nervous. He had broken the contract and he still didn't know how he was going to get punished.

Tian Guangming and Yun Tianxia were really emotional. They witnessed that Li Xiandao didn't even need to appear and with just one sentence he made Jin Pingmei kneel. They totally worshipped Li Xiandao now.

After entering Trading Hall, Tian Guangming and Yun Tianxia saw Li Xiandao's tall body. They knelt down on one knee and shouted, "Master, we are back!"

Li Xiandao nodded his head and said, "Get up."

Tian Guangming and Yun Tianxia were still really excited but they listened and got up. They looked at Li Xiandao with worship.

Li Xiandao didn't look at them. He just calmly looked at Jin Pingmei who was standing outside.

At that moment, Jin Pingmei was like a kid who made a mistake while studying. He was forced to meet the teacher and he was really nervous.

He totally forgot that he was a peak Heaven Celestial expert!

He forgot that he was an old ancestor that was over 20 thousand years old!

In front of Bank of the Universe, he had no pride at all!

That was because everything of his was given by the Bank of the Universe!

So even though Li Xiandao's gaze was calm like water, but in Jin Pingmei's heart, he felt like there were huge waves smacking down.

Under Li Xiandao's gaze, Jin Pingmei shuddered. He was really afraid. He was regretful and worried. He knelt down right away, "Greetings Bank Master!"

Li Xiandao didn't bother and didn't reply to him. He just said coldly, "You are amazing, you broke the contract that you signed yourself."

Jin Pingmei's body shook. He then buried his head into the ground, "I made a huge mistake, please punish me, Master."

“You know that you made a mistake. Since ancient times few people that break our contracts are still alive. You killed Emperor Beiqiu and Heaven River so that was some good deeds so I won’t kill you.” Li Xiandao said calmly.

“Thank you, Master, thank you for your good grace and kindness.” Jin Pingmei cried in surprise, he had waited for those words for a long time.

“You can avoid death but you still need to be punished. You have to pay the price for breaking the contract.” Li Xiandao said calmly.

“I am willing to pay any price.” Jin Pingmei said firmly, this was his only chance of redeeming himself so he had to grab it.

“You are only at Heaven Celestial Realm but your strength far exceeds that. So from now onwards, your life is controlled by my thought. From now on, you will be used by me for 80 thousand years, after that you will get your freedom.” Li Xiandao said coldly.

The key to recruiting Jin Pingmei was because of his strength. Once Li Xiandao gave him his purest part of his soul, he could break through and become the strongest person under Li Xiandao.

With such a person, the Bank of the Universe can continue to expand in North Nether Region and Celestial World.

Li Xiandao didn’t care about Jin Pingmei’s talents at all. His weakest person La Mo was already better than him. At least La Mo was learning from Book of War and progressing really quickly.

If not for the Demon God Heart, Jin Pingmei would be much weaker.

But because of it, that was why Li Xiandao needed him.

After saying that, Li Xiandao looked at Jin Pingmei with a calm expression.

Slave for 80 thousand years!

The moment this was said, Jin Pingmei didn’t feel like he was being humiliated. He raised his head in surprise and looked at Li Xiandao happily, “Master please accept your slave’s bow.”

Dong dong dong!

His head smashed onto the ground and the loud sound reverberated around. One could see that Jin Pingmei used a lot of strength.

He was delighted. The Bank of the Universe took him in as a slave. Who cared about 80 thousand years? Even if it was 800 thousand he would agree.

“Master, from today onwards I will serve master willingly. I will fight for your wishes and your orders will be my only direction.” Jin Pingmei was really happy.

For Master to take him in was his good fortune.

Jin Pingmei didn't expect that such a thing would land on him.

Tian Guangming and Yun Tianxia looked at one another and felt a bit of pressure.

This Jin Pingmei seemed to be good at sucking up. He was strong too so he would definitely snatch away some of their luster.

“No, we have to work hard.” Tian Guangming and Yun Tianxia both made their minds up.

Chapter 614: Human King

With Jin Pingmei as his slave for 80 thousand years, Li Xiandao was much more relaxed.

Jin Pingmei's talent wasn't high and he relied on the Demon God Heart. If Li Xiandao took it back, there would be nothing special about him.

So he wasn't the Bank of the Universe's future.

The Bank of the Universe's future was Tian Guangming, Heaven Heart, Northern Region Lord, Lucifer etc...

But at this stage, they hadn't grown up yet so he needed Jin Pingmei to hold the fort. Once the time passed and they grew, the Bank of the Universe could expand.

Li Xiandao waved his hands to tell them to head down to rest. He himself went to find Seven.

He had broken through to Heaven Celestial Realm and had a million Heaven Celestial Laws. This was a really terrifying thing. Many peak Heaven Celestials didn't even have so many Heaven Celestial Laws.

Jin Pingmei's arrival gave Li Xiandao a lot of confidence. He knew that he could start to expand the Bank of the Universe in the Celestial World.

For the two months, since he entered Celestial World, Li Xiandao and his men had been keeping silent. Until now when he could finally stand out and say that the Bank of the Universe was planning to expand in Celestial World.

Emperor Beiqiu was killed and no one knew that Bank of the Universe had arrived in Celestial World so no one would hunt him down. Li Xiandao could hide in the shadows and control everything.

This was something Li Xiandao was experienced in.

He found Seven and told her his thoughts.

After Seven heard that, she nodded, "This is a good thing. The Bank of the Universe can continue to develop. I will inform those watches to find Master to trade."

"But we currently don't have many things to trade." Seven was worried.

The Bank of the Universe's treasury was currently empty.

Li Xiandao smiled confidently and said, "Our treasury is empty but Jin Pingmei is not. he is Jin Family's old ancestor and is my servant now for 80 thousand years. Jin Family's riches and treasures are all mine."

Seven smiled and looked at Li Xiandao, "Well done merchant Li, you have passed."

Li Xiandao smiled, "Since I passed, then can I raise a few maids?"

Seven's expression changed and she stared at Li Xiandao, "You can try."

Li Xiandao laughed out loud and said, "I am joking, don't take it to heart."

Seven scoffed, "Some jokes shouldn't be said."

Li Xiandao turned around and left. Seven was a little dangerous now. When he looked at her, for some reason he panicked a little.

After discussing with Seven, Bank of the Universe started to receive new guests.

A thousand Bank of the Universe watches were released at once. Fortunately, he unlocked the seventh mountain peak if not he wouldn't have enough watches.

Out of these thousand watches, there was that one watch that Li Xiandao personally designed.

The others were red, only the one he made was green.

Li Xiandao looked as those watches were released and he looked forwards to new guests arriving.

...

North Nether Region, a giant city sat above the sky. People who entered and left were all strong Celestials.

If one wasn't a celestial, one wouldn't even be able to enter the city. From that, one could see how strong this city was.

Within North Nether Region it was the only neutral land and it didn't belong to any faction. This was the place where lone cultivators gathered. No fighting was allowed here.

Within the city, there were a few Heaven Celestial kings guarding this area. Even the Celestial Dynasty army led by Emperor Beiqiu didn't dare to offend this place. They lived on their own and didn't disturb one another.

At that moment, a numb-looking middle-aged man walked out. He was burly and gave off an extraordinary aura. He looked around and no one knew what his target was.

He was the dead person who had woke up from Corpse Chasing Faction's Yellow Fountain Road.

He had no name, no heartbeat, no memories, no past... also no future...

He stumbled here but he didn't know what he was going to do. He had some celestial crystals from people who wanted to rob him and he countered them.

"The world is so huge but there is no place that I can go. Who am I?" He asked himself.

After he came here, he didn't continue to roam and just lived here. He used his few celestial crystals to buy a courtyard to live.

He still didn't know what he was called and just gave himself a name.

Emptiness.

This meant that his past was empty, his future was too. Everything was empty.

Emptiness often headed to the city's college.

The college was open and free. As long as one followed the rules, one could enter.

He would spend a full day there to read all sorts of books. He didn't look at cultivation techniques and instead looked at all the random books. Life knowledge, Celestial World history etc...

These were what he wanted to see. After looking at all these, he understood the current era.

"I should be a really old person that doesn't belong to this generation." Emptiness returned back to his home and guessed.

He felt foreign to this era. Instead, when he looked at the historical records from 100 thousand years ago, he actually found it much closer to his heart.

He didn't know how to explain that feeling. He started to search the historical records for reasons.

There were many things recorded from 100 thousand years ago. They were described well and it was really life-like.

After Emptiness read it, he didn't feel anything and just found it weird.

Until one day, he saw a name.

A name from 100 thousand years, there wasn't much recorded, only one sentence but it stunned him.

Kings came from nothing, fighting in the sky, wiping out the attack of darkness, sleeping after lifespan ends!

This sentence seemed ordinary but in the next second, a power surged in his body, chasing away that thick death energy.

It was as if he knew this king.

But he didn't remember anything.

Who is this king?

Why did he feel close to him, why did he feel so emotional?

Who was he?

The emptiness was totally confused. After sitting in his courtyard, he found that his mind was empty and he couldn't think about anything at all.

This made him feel bad, like he was having a flu and his nose was stuck. His body felt numb and he nearly fell.

Tick! Tick!

To not feel so bad, Emptiness took out that red watch and crushed it.

“The Bank of the Universe I want to see whether or not you know everything.” Emptiness brought a feeling of anticipation as he shattered the watch.

In the next second, the world shattered.

His body disappeared like water.

Chapter 615: Your Life Belongs To Me

Within the Bank of the Universe, after Li Xiandao and Seven discussed and confirmed they were going to get new guests. In just a moment, a guest arrived.

When Seven told Li Xiandao about it, Li Xiandao asked curiously, “Who is this guest?”

“He is the dead person who came back alive that you have been wanting to meet.” Seven said.

Li Xiandao’s eyes lit up, “Is that him?”

“Right, he gave himself a name, called Emptiness.” Seven nodded.

“Okay let him in, I will wait for him in the Trading Hall.” Li Xiandao was really excited. This person’s background was really complicated and Li Xiandao was really concerned about him.

...

Trading Hall, Li Xiandao changed and sat in the hall with a cold expression.

Seven appeared at the entrance and behind him was a middle-aged man. He looked around warily. Especially when he saw Li Xiandao, he was really shocked.

After walking out from Yellow Fountain Road, Li Xiandao was the first person he couldn’t see through. He was like a mist that trapped one within, unable to pull themselves out from it.

This was abnormal. That only meant that Li Xiandao was really strong, so strong that Emptiness wasn't his match.

Which was why he didn't dare to be careless.

In his heart, Li Xiandao's image rose up by a large amount.

What he didn't know was that Li Xiandao had only just broken through to Heaven Celestial Realm. The reason why he couldn't see through was due to the Bank of the Universe.

"You are the owner of the Bank of the Universe?" Emptiness walked in and asked.

"I am, welcome to the Bank of the Universe, what would you like to trade?" Li Xiandao nodded and admitted his identity.

"Your watch told me that you can trade everything in the world. Is that so?" Emptiness looked at Li Xiandao suspiciously.

"As long as you can pay enough, nothing will be a problem." Li Xiandao said calmly but that calm tone was able to give one huge confidence.

"I... I want to know my past!" Emptiness opened his mouth. He struggled to say it out but managed to do so in the end.

Li Xiandao reached out, "Please sit, tell me about your problem and also about your background."

Emptiness sat opposite Li Xiandao. There was a table between them. The difference was that Li Xiandao was calm and looking at him coldly.

The emptiness was really nervous as he looked at Li Xiandao and said, "I don't know about my background. I am a person without a past."

Li Xiandao knew it long ago and he asked on purpose. He just wanted Emptiness to say it himself.

"Continue." Li Xiandao said calmly.

"I lost my memory and forgot about myself. I am uncertain about my goals and there is no place in this world for me." The emptiness was despondent.

"You can't recall anything?" Li Xiandao asked.

"Empty, moreover I don't fit into this era like I am not from here. I feel really uncomfortable." Emptiness sighed.

Li Xiandao looked at him, "I can explain the reason why to you for free."

"How?" Emptiness didn't understand.

"Because you are dead, your fate is to be buried and not continue living in the world. So of course you feel like you don't fit in." Li Xiandao explained.

Emptiness didn't believe him, "You say that I am dead?"

Li Xiandao nodded.

"Preposterous, I am sitting here so how can I be dead?" Emptiness scoffed coldly.

He didn't believe Li Xiandao's words. He had revived and climbed out from Yellow Fountain Road. How could he be dead?

Li Xiandao was annoyed after being questioned. He stood up and asked, "You don't believe that you are dead?"

Emptiness nodded, "I am talking to you so how can I be dead?"

Li Xiandao walked by Emptiness's side and pointed. He pressed on Emptiness's dantian, "Listen to me, I will use the truth to tell you that you are dead."

Emptiness smiled coldly, "I will listen to you. I hope that you don't feel awkward."

Li Xiandao didn't argue with him. Actions spoke louder than words.

When you personally saw something, it would work better than you being persuaded.

"Relax." Li Xiandao said.

Emptiness relaxed his body. He didn't believe Li Xiandao's words and so he listened so that Li Xiandao would be embarrassed.

But unfortunately, when he relaxed, a thick life energy shot into Emptiness's body.

Hong long long!

In an instance, huge waves surged from the depths of Emptiness's body.

It was a grey colored energy wave filled with thick death energy. It swallowed the life energy that Li Xiandao injected in.

Dong dong dong!

The thick death energy stunned Emptiness. He reached out and his hand was that of a dead person. It was ashen white with no temperature at all. There was no blood and his body started to freeze up.

"I... Am really dead!" Emptiness was shocked.

He thought that he had revived after he climbed out but now he knew that he hadn't revived and he was just dead.

Just that he could move about freely.

Different from other dead people, the death energy in his body totally suppressed that of life energy. In essence, he was still a dead person.

"Now you believe me?" Li Xiandao sat back on his seat and said calmly.

Emptiness nodded. He said in a well-behaved manner, "What should I do now?"

Li Xiandao smiled and said, "You shouldn't ask me what to do, you should ask your own heart. What does it want?"

Emptiness pressed onto his own heart and after a long while, he said firmly, "I want to live again."

Live, be like a normal person, eat drink and shit. Not have death energy spreading and his body turning stiff.

"Sure, I can dissipate your death energy but what can you give me?" Li Xiandao asked.

"That is your life. The moment I chase the death energy away, you will be alive. What can you give me for your life?" Li Xiandao added.

Emptiness looked at Li Xiandao. He touched his body and realized that he had nothing.

He used the few celestial crystals to buy the house.

Now his entire body was empty.

He couldn't take anything out!

Emptiness looked at Li Xiandao awkwardly and opened his mouth, "Can I pay in installments?"

Li Xiandao's lips curled, "Sure, but you have to give some downpayment."

Emptiness was even more awkward, "I can't take anything out."

“I think that your life is quite good. I will save you and then your life will belong to me. How about that?” Li Xiandao asked.

Chapter 616: Human King's Life Story

Emptiness looked at Li Xiandao. This request made him silent.

The moment he was saved, he would belong to Li Xiandao, to the Bank of the Universe and not him.

It made him feel unbearable.

But thinking about it, without the Bank of the Universe's help, he wouldn't be able to live. The thick death energy would explode one day and drown him. When the time comes, even a god wouldn't be able to save him.

Emptiness's body was strong and he wanted to have a second life so he chose to find life in death.

But Chasing Corpse Sect destroyed his plan and dug him out. They used various methods to turn him into a zombie. They destroyed his hope of finding life in death.

The only one who could save him was the Bank of the Universe, Li Xiandao.

So Li Xiandao's request wasn't too much.

Li Xiandao looked at Emptiness calmly. He wanted to see if Emptiness would agree to his request or not.

“If I agree, will I become your slave for you to order around?” Emptiness asked.

Li Xiandao shook his head, “Don't think about it that way. I have many subordinates and I don't lack someone like you. I also don't need slaves. Rather than a one-sided victory, I like win-win situations!”

Emptiness looked at Li Xiandao suspiciously and he didn't know whether or not he should believe him.

“You can treat it as cooperation. Sign a contract as my subordinate and you will get a life. I will get your loyalty. As long as you don't betray me, both of us will be happy.” Li Xiandao continued.

Emptiness was persuaded, “I have no connections in the world, I don't mind signing the contract. But I have a few requests.”

Li Xiandao said calmly, "Say!"

If it wasn't too much, he would fulfill it. After all, to let the goat roam, one had to give it some grass to eat.

But if the requests were too much and harmed his interests, then he definitely wouldn't agree.

"I hope that you can help me find my past and tell me who I am!" Emptiness said seriously. He made up his own name and he had no closeness to it. He wanted to know who he was and where he came from.

Li Xiandao smiled, "No problem!"

Emptiness continued, "My second and final request is for you to help me find someone and collect information about him. I want to know."

Li Xiandao's brow furrowed and he asked, "Who?"

"Human King!" Emptiness said.

When he said that name, his heart shook and he was really emotional.

Who was that? He had to find out.

Li Xiandao nodded, "No problem, as long as this Human King existed, I will find him for you."

Emptiness didn't have any more requests and said, "Then I have no problems."

Li Xiandao pointed and Seven passed the prepared contract to Li Xiandao.

"Take a look, if it is fine then sign it." Li Xiandao swept the contract and then passed it.

The contract was filled with words and many terms were listed clearly. The rough meaning was that Li Xiandao would help Emptiness come back to life and then Emptiness have to serve Li Xiandao. He couldn't go against Li Xiandao's orders.

As for his two requests, Li Xiandao would help him complete them, but they were a part of their unofficial agreement. Li Xiandao didn't have to complete it for him.

Li Xiandao was leaving room for himself just in case he couldn't find Emptiness's past. That would be awkward.

Emptiness looked at the contract. The words dazzled him but there weren't any problems.

Emptiness wanted to emphasize those two requests but Li Xiandao said, "Don't worry. So that you serve me wholeheartedly, I will try my best to complete those two requests."

The moment he said this, Emptiness was totally silent. He had nothing to say and chose to sign it.

He wrote his own name. Emptiness looked at Li Xiandao and was really quiet.

He didn't like smiling and wasn't good with words. He just stood in front of Li Xiandao silently.

"From now onwards, you will stay in Bank of the Universe. Just cultivate. If I need you, I will inform you." Li Xiandao said.

Emptiness nodded.

"Right, Seven do you know about Human King?" Li Xiandao asked curiously.

He just came to Celestial World and didn't know about anything. Whether or not Human King was a guy or girl, he had no idea.

But Seven was different. She had existed for a long time and knew about many things.

"I think I heard about him before. A top expert from the human race that was called Human King." Seven thought about it and said.

"The top king of the human race?" Li Xiandao was shocked.

Emptiness looked at Seven in anticipation.

"I don't know much. Human King appeared for a really short time, only a thousand years. Since then his name disappeared so I didn't pay much attention to her." Seven shook her head.

"So how does she look like?" Li Xiandao asked.

Emptiness didn't blink and just looked at Seven.

"Beautiful! Really beautiful!" Seven emphasized.

"Human King is a girl?" Li Xiandao looked at her in shock. It wasn't that he didn't feel that she couldn't be a girl but the name didn't sound like that of a girl's.

"Right, Human King is a girl, a valiant girl. Maybe because she was a girl which was why I paid attention." Seven smiled.

“Human King is a girl so why are you looking for her?” Li Xiandao asked Emptiness.

Emptiness was lost, “I don’t know about her gender. But when I heard that name, I feel that my blood is boiling, like this name is carved in my blood.”

Li Xiandao joked, “Is she your enemy?”

Emptiness shook his head, he didn’t know.

“Okay, you can head down. Rest up, I will help you chase away the death energy and then you can come back alive. I hope that your memories will come back along with it.” Li Xiandao said.

Emptiness left the Trading Hall.

Only Li Xiandao and Seven were left in the empty Trading Hall.

Li Xiandao looked at Seven and asked, “You really don’t know more information about Human King?”

“I don’t. If you want to know, you should head to Jixia College, which is the biggest college of the human race. They have more books than our Ten Thousand Country Book Depository. There are definitely records of Human King.” seven reminded Li Xiandao.

“Jixia College!” Li Xiandao muttered.

“Right, that is the human race holy land. There are many human race elders there. Celestial World has many races, many stronger than the human race. Jixia College is so as to protect the human race’s interests, legacy, reproduction, education, etc.” Seven said.

Chapter 617: Finger Of Death

Human race’s Jixia College had records regarding Human King but Li Xiandao definitely couldn’t go there now.

He sighed, “The key matter is to scatter the death energy in Emptiness’s body. If the death energy explodes and spreads, it would count as me breaking the contract.”

Once Emptiness’s death energy exploded, even gods wouldn’t be able to save him. The moment he died, it would be judged as Li Xiandao breaking the contract.

Li Xiandao agreed to save Emptiness. If he died, then naturally, it would mean that Li Xiandao broke the contract.

Seven said, "To save Emptiness we need to chase away the death energy in his body. We need to lay out a formation to direct the death energy out."

Li Xiandao nodded his head, "I will ask Book of War. It should know some formations, some very top formations."

"You have a formation but where will you place the death energy?" Seven asked Li Xiandao.

"What do you mean?" Li Xiandao didn't understand.

"The death energy in Emptiness's body should be really thick. He isn't weak and he should be considered strong amongst celestials. Moreover, he tried to find life in death and was refined into a zombie so this death energy would be even thicker." Seven reminded Li Xiandao.

Li Xiandao frowned. The death energy was really thick and once it was released, it would definitely spread all around. If normal people absorbed a single mouthful, their lifeforce would disappear and they would die.

Even cultivators would be affected when they absorbed such death energy such that their deaths would be accelerated. Even if one was at True Celestial Realm, they wouldn't be able to avoid such a fate.

Li Xiandao naturally wouldn't be worried but for him to release the death energy out for no reason and drag down others, wasn't something he wanted to do.

"Right, the place we are at is suitable for releasing death energy." Li Xiandao suddenly recalled. He was currently in the middle of many mausoleums.

Lu Mountain was split into four and there was a grade six celestial meridian underneath. This was a blessed land but the four factions used this as their ancestral land to bury their seniors.

So the death energy here was really thick too.

To release Emptiness's death energy here would allow Li Xiandao to complete his promise.

When he thought about that, Li Xiandao got excited and shouted for Book of War.

"Master, you called me?" Book of War flew over and asked.

“Do you have any formations to direct death energy?” Li Xiandao asked.

“Direct death energy?” Book of War frowned.

“There is a guest...” Li Xiandao described the situation.

Book of War thought about a formation and said, “I have a Yellow Fountain Formation Technique that is really suitable. This formation is most suitable to release death energy.”

“Pass its information to me.” Li Xiandao said right away.

Book of War immediately transmitted some information to Li Xiandao.

Li Xiandao checked it right away and realized that it was a long-lost formation. Apart from the Book of War, very few people knew about it. Even if people knew, it was the incomplete version. Some were even simplified and their strength was largely reduced. The formation technique wasn't of much help to Li Xiandao as its only purpose was to direct death energy.

“Death energy is actually a good thing to use to cultivate but very few people can use it or rather they don't know how to direct it. Master can consider it.” Book of War said.

“Death energy can be used to cultivate?” Li Xiandao was shocked. This was the first time he heard of such a thing.

“Of course, death energy itself is a type of energy. In Celestial dao laws, five elements, time and space, etc., are orthodox laws. But there are evil ones like death, killing, fallen, etc.” Seven explained.

“So-called evil ones is because people differentiate them based on what they like. In truth, there is no difference. If one split them based on the number of people who cultivated, most cultivate the five elements but in truth they are just the basis of all laws. Although they aren't supreme, one can't be without them.” Book of War said.

Li Xiandao listened on and asked, “Then how should I make use of death energy?”

If death energy could be used to cultivate, Li Xiandao didn't want to waste it. He lacked the energy to improve himself.

Lu Mountain had a grade six celestial meridian but most of it was split among the four tombs. Li Xiandao couldn't fight with the dead. Moreover, the Bank of the Universe was hidden and if they absorbed large amounts of energy, a war would break out if they got found out.

Now that he could turn this death energy into energy, Li Xiandao's cultivation would definitely improve.

Heaven Celestial had nine stages, what Li Xiandao lacked was only energy.

Book of War shook its body and said, "I don't know about this."

Li Xiandao looked at Seven.

Seven said, "There are records of this in Ten Thousand Country Book Depository. A very unpopular book that is at the bottom, you probably didn't pay attention to it too."

Li Xiandao stepped out and disappeared from the Trading Hall. He appeared in the Ten Thousand Country Book Depository.

Within the Ten Thousand Country Book Depository, numerous book spirits lived a free life. When they saw Li Xiandao's sudden appearance, they weren't shocked and even greeted him warmly.

Li Xiandao smiled and nodded his head. He then spread out his strong mental energy. After Li Xiandao broke through to Heaven Celestial Realm, his mental energy reached a terrifying level. When he swept around, everything became clear.

Li Xiandao noticed that book that recorded how to absorb death energy,

Finger of death!

This was a cultivation technique to absorb death energy and comprehend death laws.

Once death energy reached a point, one could gather them on their fingers. When one pointed with it, one could inject all of it into the enemy's body, causing them to die instantly.

This was a really strong technique but it had strict conditions so people forgot about it. After all not anyone could absorb death energy.

Li Xiandao took this book and returned to the Trading Hall. He took a close look and memorized it.

His sword techniques were strong and he had just merged everything in the Nine Skies and Ten Lands.

I am the celestial killer!

As Li Xiandao cultivated, it would continue to improve and he didn't need to worry about that.

But apart from sword techniques, Li Xiandao needed a new trump card for emergency situations.

Finger of Death was such a trump card.

After all, not everyone could absorb death energy. Even celestials had a low chance of meeting death energy.

This was why Li Xiandao would choose this as his trump card.

“Let’s go, let’s lay out the Yellow Fountain Formation.” Li Xiandao said.

Chapter 618: Absorbing Death Energy

Yellow Fountain Formation, like the name suggested, was a formation to send someone to hell.

The moment the formation was activated, a yellow river surged and crazily absorbed the death energy all around.

Emptiness just needed to stand in it and the death energy in his body would be sucked dry.

Without it, he would live once more.

Of course, as a formation that had been lost for so long, Yellow Fountain Formation’s strength couldn’t be underestimated. To fully activate its strength, one needed large amounts of resources.

Li Xiandao didn’t need such a large one, he just needed a portion of it so as to absorb the death energy from Emptiness’s body.

So Li Xiandao walked out of the Bank of the Universe and came to Lu Mountain. he looked at the giant mountain ranges around, those many tombstones. They were of people from the four factions.

The death energy here was really thick and it far exceeded what he expected.

“Maybe I can absorb all the death energy here.” Li Xiandao muttered.

He had his goal and didn’t hesitate. There weren’t many here guarding and recently North Nether Region had many matters which attracted the attention of the four factions.

There were only two True Celestial old men guarding the cemetery, one in front and one at the back.

They couldn't stop Li Xiandao. Li Xiandao was at Heaven Celestial Realm now and he could avoid being noticed unless he made a lot of noise.

Under their eyelids, Li Xiandao started to draw many talismans and formations. He shot them deep into the ground and once he activated them, they would start to work.

One after another they appeared and were shot deep underground. Without alerting the guards, Li Xiandao shot 999 talismans down, following the requirements of the Yellow Fountain Formation.

For the other three cemeteries, Li Xiandao did the same. He shot the talismans deep into the ground and connected them. As long as he activated them, they would come alive.

After doing all that, the color of the sky dimmed as night descended. The sky looked like it was in flames, it was red and seemed really beautiful.

Li Xiandao stood at the center of Lu Mountain and looked around calmly, "It is time to activate the Yellow Fountain Formation."

Although it was simplified, in essence it was still the same thing. Although it only inherited a portion of the formation's ability, it was no different from it, unlike other formations.

"Master after you activate it, you need to be careful when absorbing death energy." Book of War was worried.

"Don't worry." Li Xiandao smiled confidently. He had totally memorized and trained in that technique and he didn't need to worry at all.

"Emptiness, come out, I will help you chase the death energy away." Li Xiandao instructed,

Within the Bank of the Universe, Emptiness jolted and rushed over towards Li Xiandao.

He exited the Bank of the Universe and came to Li Xiandao. He looked at the tombs around and asked curiously, "You are going to chase away the death energy here?"

Li Xiandao nodded. He pointed at the center and said, "Just stand there. Don't go anywhere else and don't control the death energy in your body. They would be sucked out by me."

Emptiness stood where Li Xiandao told him to and waited for his next move.

He was looking forwards. What if the death energy was removed, would he regain his memory?

Li Xiandao told Emptiness what to do and he came to the source of the formation. It was a hill without tombstones where he stepped down on.

Dong!

The entire Lu Mountain shook and then a huge wind blew. Lightning flashed and at the depths of the four cemeteries, talismans started to flash and connect with one another.

Hong long long!

Layers of death energy were being swept and under the small version of the Yellow Fountain Formation, they started to explode out into the air.

Death energy which was grey spread around. The True Celestials guarding the tombs were shocked. If they sucked a breath in, they themselves would be unlucky.

“What happened?”

“I don’t know. It was okay before, why did this happen now?”

“This is death energy and it is really thick. I can’t see things five meters out. Wasn’t the death energy suppressed deep down, how did it explode?”

“I don’t know, the only thing I know is that we have to report it and ask them to send people over to deal with it. This death energy is too terrifying. When I breathe a bit of it, I feel like a third of my life force is gone. I am a True Celestial...”

The True Celestial Realm expert ran away in fear. They didn’t have the courage to head into the cemetery to take a close look.

At that moment, the four cemeteries were empty. There were no living people, only dead.

Even Li Xiandao became a dead person.

Who knew how many people were buried here. Moreover, they were quite strong, the weak ones couldn’t be buried. There was a celestial meridian here and the death energy would only explode at a specified date.

But today wasn’t that so-called special day.

The death energy exploded all about but fortunately, Li Xiandao’s body was strong enough. He sat cross-legged like a buddha made out of the mud. He didn’t say anything

and gave off a majestic aura. Li Xiandao directed the death energy into his body and they instantly suppressed his life energy.

This was why Li Xiandao was also a dead person too.

The difference was that as time went on, Li Xiandao's life energy started to recover. The death energy also had a place to go, which was Li Xiandao's finger.

Only then did Li Xiandao heave a sigh of relief and he looked towards Emptiness, "You can relax now."

It wasn't simple to refine a Finger of Death. This was only the start. Li Xiandao absorbed the celestial energy from the grade six celestial meridian to raise his strength.

Hong!

In the next second, balls of death energy exploded from Emptiness's body. All of them followed the formation and entered Li Xiandao's body. They were then gathered towards his finger.

Finger of Death, this was more like it.

"Emptiness's death energy is a little thicker, much more than those in the four cemeteries. But in terms of quality, Emptiness's one is far weaker." Li Xiandao exclaimed.

Didn't you have a lot of death energy?

I lack death energy, I want all that you have.

Spit it all out!

Li Xiandao opened his eyes. His eyes turned grey and he looked really weird.

Hong long long!

From within Emptiness's body, layers of death energy exploded and broke free from his body. The Yellow Fountain Formation separated the death energy from his body.

After the death energy left, Emptiness's life force started to recover.

Li Xiandao opened his mouth wide and absorbed all of the thick death energy.

Chapter 619: Peak Heaven Celestial

Li Xiandao swallowed the death energy and his entire body turned grey. His surroundings turned into a death whirlpool.

What was strong about Li Xiandao was that even when he was drowned in death energy, he was able to ensure that his soul wasn't wiped out. He was able to maintain calm and suppress everything else.

Hong long long!

The death energy was being absorbed and celestial energy surged all about like heatwaves. They were huge and it filled one with disbelief.

The four cemeteries shook. There were many corpses buried here and they contained huge amounts of death energy. Maybe in terms of quality, they couldn't compare to Emptiness's one but Li Xiandao didn't care. That was because there was a large amount.

With the quantity, the quality problem was solved. Li Xiandao himself could also improve.

Fortunately, the four factions were preoccupied with Emperor Beiqiu's death. They didn't have time to care about the cemeteries.

Of course, even if they were free, they wouldn't pay attention to the cemetery. After all, it was peaceful for tens of thousands of years so who would think about targeting a bunch of dead people?

This benefitted Li Xiandao. He was able to absorb as much death energy as he wanted to comprehend the power of death. At the same time, he forced all the death energy into his left index finger.

That was because he held the sword in his right hand. Now that he had the finger of death in his left, the layout was really balanced.

"Death! The end of everything. Death can make a person disappear from the world. No matter how glorious and beautiful their life before was, in the end, they won't be able to avoid death."

"You can be a ruler and looked down on everyone but in the end, you will end up as a skeleton. You can look down from above and suppress a generation but in the end, you will end up as a legend."

Death could let everything calm back down. It could let all traps, plans, and huge businesses turn to smoke.

This was the truth about death!

Li Xiandao comprehended slowly. Each bit that he comprehended, he would force a bit of death energy into his index finger.

Along with Li Xiandao's comprehension, he learned more and more about death. Death energy was being swiftly squeezed into his finger.

At that moment, Li Xiandao was filled with half life and half death energy!

Like a god and a demon, that was unbelievable.

Li Xiandao comprehended the truth about death and only forced half the death energy in. There was still half that didn't listen to the truth.

Li Xiandao frowned and continued to comprehend. His all-knowing talent was in full flow and it analyzed the truth about death.

"Death is not only the end of everything, it is also the start."

"Death and new life is the same line. Death can last for a very long time, so can new life."

"Many people know that death is the end but they don't know that end the end of death is new life. Most experts want a second life but the second life that shock everyone might come after death."

Li Xiandao comprehended.

Death and new life were compatible with one another.

Or rather, life and death were two sides of a mirror that one couldn't escape from. With life, there is death, with death, there is also life.

This comprehension allowed the other half of the death energy to be forced into his index finger.

Dong!

Li Xiandao's index finger turned grey and inside it was filled with death energy. It was filled with Li Xiandao's comprehension of death energy and once it exploded, it could instantly wipe out someone's life.

At the same time, Li Xiandao's comprehension was rising quickly. At that moment, the grade six celestial formation and the death energy merged together and were absorbed by Li Xiandao. He rose up to stage nine of Heaven Celestial!

Li Xiandao looked around and his eyes shone brightly. He looked down on his left index finger and it returned back to normal.

Yellow Fountain Formation also slowly dissipated. What Li Xiandao shot underground was only some talismans and it wouldn't last for a long time. Once the death energy in Emptiness's body was chased away, the talismans would also disappear.

At that time, no one would know that such a thing happened in the four cemeteries.

Li Xiandao sensed the huge surging power in his body. he took in a deep breath and was satisfied.

The current him had a small bit of self-preservation ability in the Celestial World.

In the next second, Li Xiandao looked at Emptiness. He stood there and didn't move.

"The death energy in your body is all gone?" Li Xiandao asked.

Emptiness raised his head and was a little numb, "The death energy is gone but I can't remember who I am?"

This was what frustrated him. His death energy was absorbed but he couldn't remember who he was and where he came from.

He thought that his memories would awaken after the death energy was absorbed. But the more hope he had, the more disappointment he got.

So he was really numb now.

Li Xiandao sighed, "Memories aren't easy to recover. Your death energy has been sucked away by me and only life is left. Recover your strength, maybe when you return to your peak your memories would awaken."

Emptiness nodded, "Let's hope so."

Li Xiandao wanted to say something but his ears moved. He heard many people rushing over from the distance.

"People from the four factions are here, let's return to the Bank of the Universe." Li Xiandao said decisively.

The True Celestial guards definitely reported it and the four factions rushed over right away.

Li Xiandao didn't want to have a conflict with them. this was their ancestral land and for Li Xiandao to lay out a formation here without telling them, he was in the wrong.

Fortunately, Li Xiandao didn't damage any of the corpses. Instead, he absorbed the thick death energy, allowing the celestial energy here to nourish the corpses and not continue to suppress the death energy.

When the people from the four factions arrived, they were shocked.

Flowers and trees bloomed and white petals danced. Each tomb was perfectly fine and celestial energy surged in the air, several times thicker than before.

"What happened?" The people from the four factions looked at one another and they went to check their own cemeteries.

After their checks, they didn't notice anything abnormal. No tomb was opened, there weren't even marks of someone being here.

But something definitely happened here which was why the trees and flowers were blooming.

"Strengthen the supervision here. Once you notice something, report it." The four factions could only give such an order.

That was because they couldn't find anything wrong abnormal. They could only strengthen the guards and then they left in confusion.

At the same time within Bank of the Universe, Li Xiandao told Emptiness to cultivate and recover his life energy. As for him, he received information from Seven.

Chapter 620: Three Green Hats

Seven told Li Xiandao that a new guest was here.

Li Xiandao was shocked, "There is a new guest so quickly."

Emptiness's matter was just half done and there was a new guest?

"This guest is someone that you have to receive." Seven smiled.

Li Xiandao was excited and asked, "I have to receive him so he must have some strong background."

Seven smiled, "Do you still remember the green watch you made when you found out you could create your own watches at the seventh mountain?"

Li Xiandao was shocked and had a weird expression, "So that watch found a guest?"

Seven nodded her head and sighed, "Terrifyingly green!"

Li Xiandao couldn't help but say, "Then let's go take a look."

Seven nodded and followed behind Li Xiandao to the Trading Hall.

In the Trading Hall, Li Xiandao waited for the guest to arrive.

He had just casually created a watch, who knew that someone would really get it.

This world didn't lack green.

In just a moment, a nicely dressed middle-aged man walked over. When he saw Li Xiandao and Seven, he said solemnly, "Who are you two?"

"Welcome to the Bank of the Universe, guests here can trade anything, as long as you can pay the price." Li Xiandao said calmly.

"Bank of the Universe..." The middle-aged man was silent. He suddenly recalled the green watch he got previously. The voice in the watch told him to head to the Bank of the Universe to solve his questions.

"I didn't crush the green watch." the middle-aged man hesitated.

Li Xiandao frowned and looked at Seven. If he didn't then he wouldn't be able to enter.

Seven smiled, "Think about it, did you really not?"

The middle-aged man was shocked and tried to think.

...

Celestial World, North Nether Region, Yuntian Sect.

The middle-aged man was called Zhou Tian An and he came from a poor family but he was really talented. When he was young he joined Yuntian Sect and rose up step by step.

He had no resources and no background. He rose up slowly step by step. He didn't improve quickly like geniuses. After ten thousand years, he became a celestial.

What changed him was during the night when he turned into a Heaven Celestial. Yuntian Sect's sect leader died and they were going to choose the new sect leader. Other people had supporters but he didn't. He wanted to give up and not fight for that spot.

But, the daughter of the last sect leader who was called the most beautiful woman in Yuntian Sect found him and said that she wanted to marry him. Moreover, she would support him in his fight for sect leader position.

What Zhou Tian An had to do was to become her puppet, a microphone for her.

Zhou Tian An agreed!

He came from a lowly family and cultivated for ten thousand years without many relationships. Now that the most beautiful girl in Yuntian Sect found him and gave him such huge rewards, he was tempted.

He revealed the strength that he had hidden for ten thousand years and defeated three opponents to become the sect leader.

Then he married the most beautiful girl in Yuntian Sect.

Seven months later, their first kid was born.

He was really healthy.

But Zhou Tian An felt like something wasn't right.

But as they were in their honeymoon face, he didn't think much. A year later, the second kid was born. Two years later, the third kid was born...

After three kids were born, Zhou Tian An felt like something wasn't right. That was because before the third kid was born, he was in secluded meditation to break through to peak Heaven Celestial.

He did make out with his wife but he remembered that they didn't do the last step.

The third kid was a problem!

This matter was like a nail stabbing into his heart and he felt bad.

He was an honest person but she couldn't bully him like that right.

Not long ago, he got the green watch. The color made pierced his eyes. He thought about it and decided to keep it in the end.

In the next few days, he investigated and noticed many traces. Maybe the three kids all weren't his.

That was the most annoying thing!

To outsiders, he was high above. He was the sect leader of Yuntian Sect, his wife was the daughter of the last sect leader and was really beautiful. He had three kids. His family was so close and harmonious. He was truly the winner in life.

But inside, Zhou Tian An knew that this family was about to be destroyed.

He didn't dare to continue investigating. If he found things out, his face would be lost.

So he came to the Bank of the Universe instead of using his identity as Yuntian Sect Sect Leader to investigate this matter. The reason was that he didn't want others to find out.

As for the green watch, he was drunk and using wine to vent his frustration. He couldn't control himself and crushed the watch.

...

Zhou Tian An calmed down. Since he crushed it then so be it.

"I don't want to trade." Zhou Tian An turned around and wanted to leave. He felt like he shouldn't let outsiders know about his matter as they might spread it.

"Then send him off but remind him that once he heads out, he would forget about the Bank of the Universe and never be able to enter again." Li Xiandao said calmly. He wasn't afraid of such a person.

Zhou Tian An's footsteps stopped. He turned around and looked at Li Xiandao and asked, "You will help me to keep it a secret?"

"We will sign a contract and you can add a nondisclosure clause." Li Xiandao said.

Zhou Tian An returned and sat opposite Li Xiandao. He took in a deep breath.

He felt really complicated.

If this thing happened to anyone else, they would find it really complicated.

Celestials were no exceptions.

"Speak, what would you like to trade?" Li Xiandao asked calmly.

Zhou Tian An recalled that he could be wearing three green hats and was totally furious. His eyes were red as he said, "I want to know, are those three children mine?"

Li Xiandao looked at him, "Since you are asking and since this is your first time here, I will tell you for free."

Zhou Tian An looked at Li Xiandao nervously.

"None of them are!" Li Xiandao's heartless words made him hold his heart in pain.

"I hate it! ! !" Zhou Tian An shouted in rage. Blood from his hurt spurted out and he looked really pitiful.

None of the three kids were his which means that from start to now he was just raising another person's kid.

Honest!

This was something that Zhou Tian An couldn't accept.

"Help me find out who the person is, I will make him pay the price." Zhou Tian An gritted his teeth.

"What can you pay?" Li Xiandao asked.

"A million celestial crystals, high quality!" Zhou Tian An raised a finger and said firmly.

"A million so that I find him or that I kill him?" Li Xiandao asked carefully.

"A million high-quality celestial crystals, kill that cheater!" Zhou Tian An said coldly.
