Chapter 12

At 12 o'clock in the afternoon, in the manager's room of Ruyi Hotel.

Lin Feng sat in the boss' chair, eating iced watermelon while looking around the room. He was calm and relaxed, as if this was his territory.

Opposite him sat several female secretaries of Liu Yang.

They poured tea for Lin Feng in fear, cut the watermelon, and removed the melon seeds.

They saw Lin Feng beat down several of Liu Yang's men in an instant with their own eyes. They also saw Liu Yang's extremely respectful look when he faced Lin Feng.

Liu Yang was like a wasp in front of Lin Feng.

Now, they could only worship and flatter Lin Feng.

If Lin Feng needed it, they would throw themselves into his arms at any time.

However, Lin Feng did not pay much attention to them.

"Lin Feng, the matter has been clarified."

At this time, Liu Yang ran in from the door. Unlike his lazy look before, he was like a lackey, extremely attentive.

"Yesterday afternoon, the hotel served a female customer who was a frequent visitor of the hotel."

"Her name is Jin Rushui. She is a live streamer on a platform. She is unruly and very difficult to deal with. The other waiters in the hotel have all suffered from her."

"So Wang Hao thought he was smart and urgently hired a new guest

14:17 

room waiter to serve Jin Rushui."

"And the waitress that was hired happened to be your mother."

He wiped the sweat from his forehead and explained the whole thing.

"This morning, when Jin Rushui checked out, she found a pair of socks missing, so she made a scene in the hotel, saying that a hotel staff stole her socks."

"The truth was that when your mother cleaned up the room, she found the lost socks in the kettle, which were cooked by the hot water."

He looked at Lin Feng and said cautiously, "Auntie is a kind person. When she returned the socks to Jin Rushui, she casually told her not to do this in the future because it's not hygienic!"

"Because of this, Jin Rushui accused her of destroying her socks. She not only gave the hotel a bad comment, but also asked aunt to compensate her."

Speaking of this, Liu Yang slammed his fist on the table angrily. "I didn't expect that Wang Hao would put all the blame on her in order not to offend the client."

"But Lin Feng, don't worry. Wang Hao has been punished. One of his hands and one of his legs have been broken."

While investigating the matter, Liu Yang also called Ye Tiannan.

Unexpectedly, Ye Tiannan only replied, "Do as Lin Feng please."

It was also because of this that Liu Yang was even more certain that Lin Feng was someone that he could not afford to offend.

Seeing that Lin Feng was silent, Liu Yang made up his mind. "Lin Feng, if you're still mad, why don't I kill that b*stard Wang Hao?"

"Kill him?"

Lin Feng looked at Liu Yang with interest. "Isn't he your cousin?"

14:17 

Liu Yang was stunned, and then he couldn't help but smile bitterly. "Yes, he's a distant cousin of mine."

"He defiled a girl in the countryside. He couldn't stay there any longer, so he found me and begged me to arrange a position for him in the hotel."

"I thought that it would be better to trap him in a hotel so that he won't harm others."

"I didn't expect that he still didn't repent."

There was a trace of cruelty in Liu Yang's eyes. He said, "He deserves to die."

"No. There's no point in killing him!"

Lin Feng thought for a moment and decided to let Wang Hao go for the time being. It was not that Lin Feng suddenly became merciful, but that Wang Hao had indeed suffered retribution.

With one hand and one leg broken, he would live like a good-for-nothing or worse than a dog.

The most important thing was that he didn't want to have too much to do with Ye Tiannan. As long as Ye Tiannan's men didn't offend him, he couldn't be bothered to talk to them.

"Okay, I understand!" Liu Yang agreed.

He then took out two checks and said, "Lin Feng, here's your one million check from before."

"As for this one million, it's to apologize to your mother. She suffered a lot."

He presented the two checks to Lin Feng with great respect.

Lin Feng frowned. "What do you mean?"

Liu Yang should indeed apologize to his mother, but this check

14:18 

definitely meant more than that.

Liu Yang nodded and bowed, extremely nervous. "This is our fault, we are willing to compensate. But please don't tell Mr. Ye about all this, otherwise..."

He looked a little scared. "Otherwise, I'm afraid I won't be able to see the sun tomorrow."

Previously, when he called Ye Tiannan, he only said that Lin Feng had been bullied in the hotel and did not mention anything about Su Biyun.

Lin Feng was slightly stunned. He didn't expect that Ye Tiannan's men would be so respectful and scared of him. Ye Tiannan was indeed a powerful man.

"Okay, I'll keep this a secret for you, but your men..."

Lin Feng was naturally willing to hide this matter involving his mother from Ye Tiannan. After all, it was still uncertain whether he and Ye Tiannan would be enemies or friends in the future.

After receiving Lin Feng's reply, Liu Yang's face was full of excitement. "Yes, of course, don't worry, my men will keep their mouths shut."

"As for Wang Hao, that guy has no chance to see Mr. Ye at all."

In this way, Lin Feng was relieved.

He took the two check, got up, patted his ass, and left. "Well, since it's settled, it's time for me to go back."

He hesitated for a moment and decided to remind Liu Yang, "Take good care of your men in the future, or you will get into trouble."

There was another advice that Lin Feng did not give, because he could sense Liu Yang's bloody disaster.

However, it was not surprising that people like Liu Yang, who had been fighting and killing all day, got injured.

14:18 

"Of course, of course."

Liu Yang smiled indifferently and did not take it seriously.

Lin Feng heard the perfunctory tone in Liu Yang's tone. He did not say anything more, picked up a pen and paper, and wrote down his phone number.

"Call me if you need anything."

Although Liu Yang was Ye Tiannan's man, his condition was still within Lin Feng's ability and was not hopeless.

As soon as they arrived at the first floor of the hotel, Lin Feng found that the broken glass door had been changed. The whole hall looked as if there had never been a fight.

He couldn't help but be impressed. "It's so good to be rich!" he thought.

Just as Lin Feng walked out of the hotel, Liu Yang answered a phone call in the manager's room.

Then, he looked extremely serious. After a moment of hesitation, he dialed Lin Feng's number.

"Lin Feng, I forgot to tell you one thing. Jin Rushui has been banned from major streamers platforms. She has paid for what she has done to your mother."

Lin Feng replied with a brief hum in an indifferent manner. A woman like her would naturally face her karma.

"There's one more thing."

"Mr. Ye wants me to provide him with your mother's job application information."

After Lin Feng hung up the phone, he always felt uneasy.

He didn't tell Ye Tiannan, Liu Yang wouldn't have been so stupid as to tell Ye Tiannan that his mother had been beaten by his men, unless he

14:18 

wanted to become the second Wang Hao.

This was obviously impossible, but how did Ye Tiannan know about his mother?

Suddenly, Lin Feng remembered that when he beat Wang Hao, the beautiful lady at the front desk made a phone call.

"D*mn it, how did I forget her? It must have been leaked by her."

If Ye Tiannan knew where Su Biyun lived, he would definitely use her to threaten Lin Feng and make him treat him when he had no choice.

"Hey, did you see that? There was a car accident over there!"

"Yes, the scene is very scary. That BMW was completely destroyed."

"There seem to be two women inside. It's so miserable!"

Just as Lin Feng was walking with his head buried, several passers-by were whispering.

Their eyes were still in shock, as if they had seen the scene of the car accident with their own eyes.

Then, quite a few people walked in a certain direction, sticking their heads out to take a look.

Two women!

In a BMW!

Lin Feng shivered and quickly rushed to the scene of the car accident.
