### Chapter 241 I Can Help You Find Your Parents

"Outsiders can't be as dedicated as our own people..." Shen Yuegui said hurriedly, then blushed and lowered her head, "I mean, I mean... I can take care of your mother and your family as long as I take care of my meals every day. to make....."

Seeing Yun Chang's face down, Shen Yuegui glanced around, approached Yun Shang, lowered her voice and continued, "I can help you find your parents!"

Yun Chang was stunned for a moment, and immediately reacted.

Shen Yuegui had indeed been in contact with the enemy agents, and she came here today, and the enemy agents were behind her.

The original owner was young and had been abused by Widow Wang all year round. Suddenly knowing that she was not Widow Wang's biological daughter, she would definitely follow Shen Yuegui's words and want to find her biological parents.

And Widow Wang's family and Lao Yun's family have been separated for many years, as long as the original owner insists on letting Shen Yuegui take care of Widow Wang, the members of Lao Yun's family will not object.

At that time, Shen Yuegui will have a legitimate reason to stay at Lao Yun's house, and with the pretense of helping the original owner find his biological parents, he can coax the original owner away at any time.

Yun Chang had a stern face and was very angry in her heart.

This enemy agent's mind is really fast enough, one move after another, interlocking, even adults can't guard against these moves, let alone the original owner, a six-year-old child.

Even if the core of this body is replaced by her, if you don't know from the Widow Wang that the original owner is not your own, if you don't hear what the enemy said to the Widow Wang, if you don't know that you are being targeted by the enemy, maybe you will because of Out of curiosity, Shen Yuegui stayed behind.

At that time, Shen Yuegui may suffer a big loss if she has mental calculations but not intentions.

Yun Chang didn't speak, and stared at Shen Yuegui for a long time, until the other side's face was flushed, and his hands and feet were stiff and he dared not move, then he said:

"Did you fall in love with my second uncle? You took care of my mother because you wanted to stay in my house and be my brother Shuanzi's stepmother in the future. After you marry my second uncle, you still want to trick me out to give away. Send my mother back to the village, and my house in the city will be yours..."

The more Yun Chang said, Shen Yuegui's face became paler, and finally she waved her hands in a daze, "No, no! I never thought of sending you away, I did, I just wanted to send you back to my home..."

"Then the house my Aunt Lin bought for me will be yours."

Shen Yuegui was stunned, she didn't know how Yunshang, a six-year-old kid, knew what she was thinking.

And when she heard that she was not the daughter of Widow Wang, she was not surprised at all, nor did she have the slightest thought of finding her biological parents.

Did this girl not believe what she said, or did she believe it but didn't want to leave Lao Yun's house?

What should we do now?

Didn't Lao Wu say that this trick would definitely work, that she would definitely be able to go to Fenyang and marry into Lao Yun's family? Why didn't the little girl take the bait?

Yunshang looked at Shen Yuegui angrily, and was about to call out Yun Erchuan, to break Shen Yuegui's small thoughts face to face, and then suddenly thought that since the enemy agent was determined to let her go, she rejected Shen Yuegui, and the other party He will also find a way to send others to approach her.

Moreover, this time, after the enemy agent was injured, he suddenly learned that she was going to take Widow Wang to Fenyang, so he coaxed the idiot Shen Yuegui to approach her hastily.

If the enemy agent is given enough time to react, the enemy does not know what method they will come up with to plot against her.

Instead of being on guard against strangers who appear around him every day, it is better to use tricks and keep Shen Yuegui, a fool, by his side to fool the enemy agents.

Thinking of this, Yunshang raised her head and smiled brightly at Shen Yuegui, "Aunt Yuegui, then I will trouble you to take care of my mother in the future."

After finishing speaking, she blinked again, and said in a low voice, "Don't worry, as long as you can take good care of my mother, I will definitely let my second uncle marry you!" Hmph, a bad woman with a stupid heart and a bad eye, she still wants to enter Lao Yun's house for me. Be the second aunt? Go dreaming!

Shen Yuegui was feeling uneasy, and suddenly heard Yunshang's words, but didn't react for a long time, until Yunshang repeated it again, then grinned happily and nodded.

Yun Chang glanced sideways at the room,

Then she winked at Shen Yuegui, "Auntie Yuegui, I know what you said just now was nonsense. You wanted to go to Fenyang with my second uncle, so you had to make up nonsense to coax me. Don't worry, I won't tell others. "How can you coax me after telling others?"

Hurry up, tell the enemy agents that I don't believe that I am not the real flesh and blood of Lao Yun's family, and then follow the instructions of the enemy agents to start performing early and make up stories to win my trust.

Shen Yuegui was so happy, she didn't hear what Yun Shang said clearly, she nodded indiscriminately, asked about the moving time, then looked into the house reluctantly, and ran out blushing.

When Yun Shang returned to the house, she didn't say anything about her plan to take Shen Yuegui to Fenyang. Chang Cai withdrew his gaze with a smirk.

Yun Erchuan didn't know that Yun Shang regarded him as the carrot hanging in front of the donkey. Help Yunshang pack the big items, and at night, I went out to borrow a scooter, and found several people to help transport all the belongings to the town.

When we arrived at the entrance of the town, we didn't see the driver Xue, but we saw Shen Yuegui with a small bundle first.

Yun Erchuan was so startled that his eyeballs almost fell off, he huddled next to the boys pulling the scooter, not daring to lean over for a long time.

Damn! Why is Shen Yuegui here?

What kind of look does she have? She doesn't want to stalk him, does she?

Yunshang held back a smile and waved to Shen Yuegui, "Aunt Yuegui, why are you here so early? I haven't told my grandma that you are going to Fenyang to take care of my mother."

"Shang, Changnan?" Yun Erchuan was so startled that his tongue was tied up, he looked at Yunshang in a daze, "What are you talking about? Shen Yuegui, are you going to Fenyang to take care of your mother?"

Why didn't I know about this?

There are only two rooms in the house, where did Shen Yuegui live in the past?

Also, if you just brought Shen Yuegui to Fenyang, the villagers can't spread gossip?

Yun Shang didn't care what Yun Erchuan was thinking, pulled Shen Yuegui who was swaying, turned around and said to the villagers who helped move the house:

"Aunt Yuegui said that my grandma is old and her legs and feet are not flexible, so she can't stay up late in the hospital to take care of my mother. She has a good relationship with my mother, and she can't bear to see my mother suffer, so she wants to go to Fenyang to help take care of my mother for a while."

Yun Erchuan and the villagers around him were stunned.

Shen Yuegui is from another village, when did she get on good terms with Widow Wang?

Not to mention that she has never seen Shen Yuegui come to the village to look for Widow Wang, even if she has a really good relationship with Widow Wang, can it be so good that she goes to the hospital to serve her personally?

At this time, some people also recalled it, and felt that Shen Yuegui actually made up nonsense to fool a six-year-old child for the sake of Bashang Laoyun's family, it was really shameless!

Yun Erchuan looked at the coy Shen Yuegui, then at Yunshang who was smiling silly, and felt that he was not well.

#### Chapter 242 Buying the Wrong Building

Avoiding Shen Yuegui's gaze, Yun Erchuan secretly decided that when he arrived in Fenyang, he must eat and live at the construction site.

Never go home!

However, as the second uncle, if he should persuade Yun Shang, he still has to persuade:

"Shangnan, our house only has two rooms. Where did the old Shen's daughter live? Be good, your grandma and your aunt can take good care of your mother, so we won't bother others."

"Second Uncle, Aunt Yuegui doesn't live in our house." Yunshang squeezed Shen Yuegui's hand quietly, and said in a loud voice, "Aunt Yuegui told me that when my mother was hospitalized, she lived with my mother in the hospital, When my mother is discharged from the hospital, Aunt Yuegui will go back to the village by herself, and she will not go to our house."

The car hasn't come yet, everyone has nothing to do, so they just make fun of Shen Yuegui.

A tall young man came over, glanced at Shen Yuegui frivolously, then squatted down and asked Yunshang with a smile, "Shang girl, how much do you want this girl from Shen Laohan's family to

serve your mother for a day? Can't you?" If there is less, people will say that people in our village are stingy."

"What kind of money do you give me? If you give me money, wouldn't I become a rich landlord who oppresses the poor peasants?" Yunshang waved her small hand and explained solemnly, "Besides, my Aunt Yuegui is not that kind of person either!"

"What kind of person is that?"

"My Aunt Yuegui has a very high level of thinking. When I go to Fenyang this time, Aunt Yuegui not only doesn't want money, but also doesn't want my family to take care of the food. Aunt Yuegui is selfless and serves the people wholeheartedly!"

"Pfft!" The young man let out a laugh, and looked up at Shen Yuegui, "Shen Yuegui, so you paid to go to Fenyang to take care of Changnan's mother by yourself? Promising!"

The young man gave Shen Yuegui a thumbs up.

Shen Yuegui has never been flattered by a man before. She blushed and waved her hands again and again, "No, no, I didn't do anything... the folks in my hometown, help if you can, and it will only take a few days thing."

Yun Shang nodded proudly, "My Aunt Yuegui is a kind person!"

Gu Shinian: "... " Enough is enough, if you act again, you will be exposed!

Yun Erchuan: "... " Changnan, there is something wrong with your eyesight, your second uncle is the kind person.

Villagers: "... " Chang girl is really honest, she was so coaxed by Shen Yuegui that she was fascinated.

After waiting for half an hour, driver Xiao Xue finally rushed over.

The car was parked on the side of the road, and five or six young men started working together, and quickly loaded the belongings into the car.

After leaving the town, driver Xiao Xue drove the car to the county hospital first, picked up Widow Wang and the old lady, said goodbye to Gu Shinian and the old man, and the family rushed to Fenyang overnight.

The old lady also looked confused when she saw Shen Yuegui in the car. After Yunshang explained for a long time, the old lady agreed with an unhappy expression.

It's just that secretly, he didn't use his eyes to look at Yuegui.

This Shen Laohan's daughter is too unreserved.

A big girl's family wanted to see her family Erchuan over and over again, and now she is still coaxing Changnan to come to her house so shamelessly, it is really shameless.

Since Shen Yuegui is determined not to go back, then follow Changnan's arrangement, and send her to the hospital when she arrives in Fenyang, and then let her stay in the hospital to serve Wang Guihua, but she can't be taken home.

By the way, I can't feed her...

The car drove fast all the way, and it was less than ten o'clock when we arrived in Fenyang.

The family first sent Widow Wang to the hospital, and left Shen Yuegui, who was reluctant, to take care of her in the hospital. Afterwards, the family asked Xiao Xue's driver to send a carload of belongings back to Xiaoyanglou.

This time moving, apart from Officer Ren's family and Dr. Huang's family, a few neighbors who were close to Yun Shuilian these days also came down to help.

Yun Shang first ran up and opened the door of Gu Shinian's room, and asked everyone to help stuff in Widow Wang's belongings.

The things belonging to Yun Erchuan and the old lady were moved to Yun Shuilian's room on the third floor.

After moving the furniture, Yunshang quietly handed the white noodles prepared early in the morning to driver Xue,

The family thanked the neighbor who helped move, and then took the old lady who had been dumbfounded to go upstairs.

In the corridor, the old lady stared, almost unable to walk.

Damn, this small western-style building is really scary to step on!

It's so tall, and the bottom is empty, so what if it falls?

What if the ground in the house collapses?

The old lady held on to the concrete railing, and walked forward cautiously while feeling it. When she reached the door of Yunshang's room, the old lady refused to go in.

"Shangnan! This place is so bright that it can reflect shadows, so don't dare to step on it! What if it gets dirty after stepping on it?"

"Grandma, don't be afraid, you can still wipe it if you step on it. Let's wipe it twice a day, so the floor won't be dirty."

Yun Erchuan nodded frantically at the side, "Yes, mother, Changnan's side is made of marble tiles, which can be polished with just a rub."

"Is there still such a good place?" The old lady felt relieved, tiptoed, and entered the door carefully, looking around at the layout of Yunshang's room with the light in the room.

Looking at it, the old lady's eye circles turned red.

"My daughter-in-law is well ahead of her time, and I can live in such a nice bungalow. The curtains are made of such good fabrics, there is a big terrace, and there are such beautiful lanterns on my head... In the future, my daughter-in-law is waiting to enjoy the blessings. "

After finishing speaking, the old lady wiped the corners of her eyes again, and said regretfully, "It's just that there is no yard, and people's hearts are not open when they live in it."

Yun Erchuan: "... " Where does the building have a yard?

Yun Shang: "... " It turns out that the old lady still cares about the small courtyard!

Seeing the old lady's slightly hunched back and legs that couldn't be straightened, Yun Shang felt that Yun Shuilian's apartment upstairs was a bad buy.

At the beginning, she should have bought a small courtyard for Yun Shuilian nearby, so that the old lady would not be able to climb the stairs with her legs up and down every day, and it would be inconvenient to get in and out.

At the moment, I secretly decided to ask Aunt Wu tomorrow to see if there are any better small yards nearby.

Yun Shuilian pokes open the stove on it, and brings out a pot of dried noodles. The whole family gathered around the table and ate hot noodles, and quickly settled down.

Yunshang and the old lady slept in the master bedroom downstairs, Yun Shuilian and Yun Erchuan slept on the third floor with Shuanzi, and Gu Shinian's room temporarily piled up Widow Wang's cage.

Early the next morning, Yunshang urged the old lady to steam a pot of black corn bread mixed with elm bark and food substitutes, stewed ribs for Widow Wang, and served rib soup noodles. The grandpa and grandson took the food box to the hospital to deliver meals.

Entering the ward, the old lady had a cold face, first stuffed Shen Yuegui with two black buns, and said angrily:

"Our whole family only lives on three rations, and the rations are not enough. You can get two corn buns at most every day. You can take it well, this is your daily meal, and it will be gone after you eat it."

Shen Yuegui's last meal was on the road at noon yesterday, and she was already hungry. Although she was not satisfied with the black buns in the hands of the old lady, she still took it with a smile on her face.

Although this food is unpalatable, it can fill your stomach anyway. Although it is not as delicious as the steamed buns provided on the road, it is better than drinking cold water at home to fill your stomach. Except that the ration of two per day is too small, the food is barely satisfactory.

Chapter 243: Filial piety

Shen Yuegui ate a nest of buns in a few mouthfuls without any image, while Yunshang, under the dumbfounded gaze of the others in the ward, opened the thermos bucket and poured out a bowl of fragrant pork rib noodle soup for Widow Wang.

As the aroma of the pork rib soup spread around, Yun Chang could clearly hear the sound of drooling in the ward.

Shen Yuegui's eyes widened even more, and while swallowing wildly, she asked, "Shang girl! You, your mother can eat flour?"

Isn't your family only able to receive three rations, and the rations are not enough? Where did this white flour come from?

And white flour and meaty bones are still for a fool, what flavor can she taste?

What a waste!

Shen Yuegui pinched the black corn bun the size of a child's fist, looked at the pork rib noodles in Yunshang's hand, and suddenly felt that the old lady and the little girl had bad intentions, and they gave her black corn buns even though they had delicious food at home. Not giving her enough food, isn't this deliberately treating her harshly.

It's too bad for someone like Mrs. Yun to be a kind person from ten miles and eight villages!

Yun Chang looked back at Shen Yuegui, rubbed her eyes pretendingly, and said with red eye circles, "My grandma said to eat to make up for it. My mother's bone was broken, so I stewed some bone soup to drink. This white flour is what I eat this month. I exchanged my rations with others, my mother has suffered so much, I have to make up for my mother."

After finishing speaking, he gulped down a mouthful of saliva, looked greedily at the black corn bun in Shen Yuegui's hand, touched the little belly that was sucked in hard, "Aunt Yuegui, the corn bun in your hand is the ration for me and my grandma, you Just make do with it, my grandma and I... just go out and dig wild vegetables to eat."

The old lady was stunned.

Didn't you specially prepare that black corn bun for Shen Yuegui? When did it become our ration?

And go out to dig wild vegetables to eat, this... Isn't this bullshit!

I also ate a big bowl of pork rib noodle soup in the morning!

Shen Yuegui on the side clenched the Wowotou, and looked out the window with a guilty conscience, not daring to look at the white noodles in Yunshang's hand anymore.

Hold back, can't watch!

This white noodles can't even be eaten by Chang girl, if Aunt Yun knows that she is greedy for white noodles, she will call her a gluttonous mother-in-law.

Besides, Yatou Chang and Aunt Yun couldn't even eat the buns, so they had to go out to dig wild vegetables to eat. How could she think that the buns were too small and unpalatable.

However, the life of the people in the city is not so good, and they have to go out to dig wild vegetables to eat, which is not as good as the people in the village who have a better life!

Thinking about it this way, Shen Yuegui suddenly felt that the identity of the people in Yunerchuan City was not so high.

Yun Shang didn't know what Shen Yuegui was thinking, she was accepting compliments from other people in the ward with a shy face.

She knew how to be filial to her parents at a young age, eat wild vegetables by herself, and exchange her rations for fine grains to supplement her mother's health. How can this girl teach so well?

And smart and good-looking, so attractive.

The old lady couldn't understand how Yunshang and Shen Yuegui pretended to be poor, but she heard what other people in the ward praised Yunshang, and immediately echoed with a smile:

"Yes! My eldest granddaughter is very obedient and filial. She knows how to love others, and she is also smart. She hasn't gone to school yet, and she has learned a lot of words with her aunt!"

The old lady boasted without humility, adding another layer of halo to Yunshang, which was shining brightly for a while.

After feeding Widow Wang, even the ward next door heard that Yunshang ate wild vegetables by herself and gave her mother rations for fine grains.

Sitting in the ward, Shen Yuegui listened to her fellow patients praising Yunshang, and then touched the black buns in her pockets, she didn't dare to dislike that the food that Lao Yun's family gave her was too little and too rough.

No matter how stupid she is, she knows that if she dares to say something disgusting, everyone in the room will point at her nose and curse.

Before leaving the hospital, Yunshang asked Shen Yuegui to take good care of Widow Wang with a sincere face, and then excused that she had just moved and needed to go home to resettle the house, and hurriedly dragged the old lady out of the hospital.

out of the ward,

The old lady asked with some hesitation, "Shangnan, can your mother be put in the hospital like this? Can Shen Yuegui take good care of your mother?"

"Grandma, don't worry, there are many people watching in the ward. Aunt Yuegui will definitely take good care of my mother." Now everyone in the ward is her eyeline. If Shen Yuegui dares to treat Widow Wang harshly, most people will criticize her. educate her.

The old lady sighed, followed Yun Shang's strength and took a few steps forward, muttering:

"This Shen Laohan's daughter is so worried, why can't she know how to count? We all said that there is no food ration at home, so I have to dig wild vegetables to eat. That girl is like a fool. She can't understand people's words, so she keeps silent. It's about going back."

Yun Chang was amused when she heard this, and curled her lips secretly.

It's not that Shen Yuegui doesn't understand people's words, but she's pretending to be stupid on purpose to play her own tricks!

If Shen Yuegui had a thin skin and couldn't stand the old lady's words and went back, she would have no chance to stay in the city in the future.

Now as long as she stays stubborn and doesn't go back until Widow Wang is discharged from the hospital, she can go to Lao Yun's house with her. As long as she enters Lao Yun's house, it is equivalent to half-stepping into Fenyang City. How can she be at this juncture? The criminal shrinks back home.

Besides, with her as a support person, Shen Yuegui is full of confidence in marrying Yun Erchuan, so she naturally wants to stay and prepare to marry into Lao Yun's family at all times, how can she run back in despair because of poor rations.

After leaving the hospital, Yunshang helped the old lady, pointing to the sign on the side of the road to introduce, "Grandma, this is a movie theater. When Second Brother Gu comes, our family will go to the movies."

"Okay, after the movie is over, I have to talk to your grandfather about what happened." The old man must be greedy.

As soon as she finished speaking, the old lady looked at the long queue for buying movie tickets, and then asked, "Shangnan, what are these people doing?"

"Grandma, this is buying movie tickets."

"What?" The old lady subconsciously covered her pockets, "Will it cost money to watch a movie?"

Seeing Yunshang nodded, the corners of the old lady's distressed mouth twitched, "The people in this city are really stupid, and they still spend money to watch movies. We don't charge for showing movies in our town, so you can watch whatever you want! Changnan, listen Damn, let's not be fools and waste this money."

Yun Shang: "... Well, I can't watch this movie, I'm not a fool.

"Grandma, you are still smart! I listen to you, let's not watch movies, save money to buy candy."

After Yunshang finished speaking, she continued to pull the old lady forward, "This is a supply and marketing cooperative, and it is very close to the small foreign building. It will be convenient for us to buy everything in the future. There is a grain store over there, and we will receive our monthly rations from the grain store in the future." , this is here, this is a non-staple food store, grandma, we will buy vegetables here from now on..."

During the short distance of a few hundred meters, the grandfather and grandson stopped and stopped all the way, and walked for 20 minutes.

When I got home, it happened to be off work time at noon, and there were people coming and going in the corridor, and every family was preparing lunch outside.

Chapter 244 Who is the thief?

The old lady was afraid that it would delay Yun Shuilian's return for lunch, so she took a short rest and immediately went to the kitchen to get busy.

Yun Shang went to the third floor and called Yun Erchuan and Shuanzi to come down, and sent Yun Erchuan into the house to mop the floor and put things away, while he took Shuanzi to play in the corridor.

Sister He next door is also cooking outside, probably because she is in a bad mood, with a long face, and when she goes in and out, the wooden door of the house is slapped.

Through the door panel, one could still hear the voice of an old lady scolding Sister He at the top of her voice.

Yun Shang quickly fed Shuan Zi a red date, and was going to Gu Shinian's room to listen to the news of Sister He's house.

Unexpectedly, as soon as he stood up, he heard a crash of things knocked over, and the shrill cry of a little girl.

Immediately afterwards, Erya opened the door curtain and rushed out, raised her face, showing the red palm prints on her face, crying and begging for mercy, "Mom! I don't have money or food stamps for stealing milk! I will go out to pick it up before dawn today." Coal core, just came back, I really didn't see..."

Before Erya finished speaking, the gray-haired, thick-boned old lady Zhou rushed out of the room and slapped Erya directly.

"You're the only bastard in the room, you're a bastard at heart! You didn't steal it and whoever stole it! Take out my money ticket!"

Er Ya shrank her neck, tears fell more fiercely, "Grandma, I didn't take it, I really didn't take it..."

Before Mrs. Zhou could speak, Sister He opened the door curtain, supported Mrs. Zhou with one hand, grabbed Erya's arm with the other, and pulled them into the room.

"Erya, be obedient, quickly go into the house and take out your grandma's money and food stamps."

After speaking, he said to the old lady, "Mom, Erya is young and doesn't know the seriousness of stealing. Let's go home and teach slowly... Girls want face, so don't beat them outside."

Yun Chang on the side was speechless.

Sister He is not helping Er Ya to speak here, it is simply adding fuel to the flames, directly confirming Er Ya's reputation for stealing things!

Sure enough, as soon as Sister He finished speaking, Mrs. Zhou became even more angry. She pushed Sister He away with her backhand, rushed over to grab Erya, and slapped Erya again:

"What face does a lowly bitch want? When a thief steals something, why don't you know how to have face! Let me tell you! If you don't take out my things today, I will take your clothes and go parading in the street!"

Sister He hurried forward, grabbed Erya again and dragged her into the room, with an indescribably cold expression on her face, "Erya, go home. If you make trouble again, I don't care about your business. If you offend your grandma, What if you were stripped naked and paraded through the streets? Our family lost face, and your father would be angry too."

Erya was able to avoid Mrs. Zhou's slap, but because Sister He grabbed her arm and couldn't break free, she was hit hard on the face several times.

And after listening to Sister He's threats, she didn't look at Mrs. Zhou, and fixed her eyes on Sister He with a ferocious expression, and her eyes were full of coldness.

At this time, the old lady Zhou was still beating Er Ya's back from behind. A few meters away, Yun Chang could hear the sound of fists pounding down.

The old lady and Yun Erchuan couldn't see it, and they were about to step forward to stop them, but Yunshang grabbed the hem of their clothes.

He motioned the two of them to look downstairs, and lowered his voice, "Grandma, Second Uncle, Director Ren and my aunt are back. It would be better for Director Ren to come forward." Lao Yun's family just moved here, so don't just meddle in other people's homes 's business.

What's more, Sister He and Erya are not fuel-efficient lamps.

At this moment, some of the neighbors who can't see clearly have spoken for Er Ya,

"Aunt Zhou, since the child said he didn't take your things, you can go back and look for them. What if you remember wrongly?"

"Yes, the child is still young, but I can't stand you beating like this."

"Even if the child does make a mistake, we can teach it slowly, but we can't beat the child like this."

"Erya is such an honest child, if you say you didn't take it, you will definitely not take it, Sister He, go back and help your mother-in-law look for it."

"

...

Sister He felt very ashamed by the discussions around her, her complexion instantly turned black, and her disgust towards Erya grew even stronger, her hands almost pinched into Erya's flesh.

The old lady Zhou raised her head like a cockfighting cock, and yelled at the gossiping neighbors:

"My mother disciplines her granddaughter, and cares about your shit! They all stretch their arms and want to control my head! Go back and take a good look in the mirror to see if your rotten fetus is straight..."

"What are you doing? What are you doing around here if you don't cook at noon?" Director Ren and Yun Shuilian saw that this place was crowded with people as soon as they went upstairs, and they didn't have time to go home, so they hurried Pa pulled away the crowd and squeezed to the front to ask.

The old lady Zhou dared to talk loudly with other neighbors, but she didn't dare to play tricks with Director Ren, pointing at the second girl and saying:

"Officer Ren, you are a cadre of the Women's Federation, please teach me a lesson for this disobedient girl, who didn't learn well at a young age, and actually became a thief and stole fifty cents and four taels of food stamps from my pillow. Ouch, That's what I've been saving for a long time, I can't let this little bastard be banned!"

Erya saw Director Ren coming, her eyes lit up, she broke away from Sister He's hand as if seeing a savior, and ran over to Director Ren:

"Aunt Ren, please tell my grandma, I didn't steal the money, I'm not a thief, I didn't steal my grandma's money, it was Zhou..."

When Erya said this, she immediately covered her mouth with her hand, and looked back at Sister He, her eyes were full of fear.

Seeing this scene, Yun Shang suddenly had an indescribable feeling in her heart, and she always felt that there was a gloating smile hidden under Erya's frightened eyes.

Director Ren didn't miss Erya's abnormality, took a look at Sister He, reached out and pinned the broken hair on Erya's face behind her ears, sighed, and asked, "Erya, do you know who took you?" Milk's money?"

Erya looked at Sister He timidly, nodded, then lowered her head and said nothing.

Sister He softened her voice and continued to ask, "Erya, don't be afraid, tell Aunt Ren, who took it?"

Elder Sister He who was at the side suddenly had a bad premonition in her heart, her face darkened all of a sudden, she stared at Er Ya, her eyes were cold and frightening.

Seeing that Erya knew who took her money, Mrs. Zhou became anxious, "Little bastard! Tell me, who stole my money!"

As he spoke, he gave Sister He a hard look.

Obviously, Mrs. Zhou put her suspicion on Sister He again.

Er Ya was forced to question by Mrs. Zhou, her whole body couldn't stop shaking. She raised her head and said with a choked voice, "...Grandma, before I went out this morning, I saw my sister come out of your room..."

"Impossible!" Sister He cut Erya's words sharply, "I, Xiuxiu, have never been short of money! How dare you slander your sister!"

"Mom... I, I saw my sister, hiding money..."

Chapter 245 Kicked out of the house

The onlookers were collectively stunned.

Zhou Xiu was the one who stole the money?

That precious girl who is held in the palm of Sister He every day?

how can that be!

Erya said to the old lady Zhou who opened her mouth wide and obviously didn't react, "Grandma, I saw my sister put the money in her schoolbag."

The old lady Zhou howled out, pointed at Sister He and started cursing, "I knew that you, a monster, can't teach you anything good! Raising a bastard makes tongue-tied every day! And raising my good granddaughter Cheng thief, are you planning to harm my grandson next time!"

Sister He became sober after being scolded by Mrs. Zhou, and she no longer cared about her own image, so she rushed over and beat Erya, "I'll make you curse! I'll make you put a pot of shit on Xiuxiu's head! Xiuxiu what? Was she short of money? Is she worthy of stealing fifty cents! It's you! You must be the bastard who framed me, Xiuxiu!"

Even if there was an officer blocking her, Er Ya was 'terrified' enough by Sister He, and she hid behind the crowd and cried loudly.

Sister He became more and more angry, her face was flushed, her eyes could almost burst out with anger, and she cursed even louder.

In addition, the old lady Zhou was also jumping around scolding Sister He, Erya, and Zhou Xiu, and the corridor was very lively for a while.

Director Ren was so quarreled that his scalp was about to explode. With a cold face, he pushed Sister He away, and stopped the old lady Zhou's scolding loudly, and the surroundings became quiet again.

"Comrade He Aidang, where's your Zhou Xiu? Call Zhou Xiu out and ask what's going on."

Sister He didn't answer Director Ren's words, and stared at Erya fiercely, but Mrs. Zhou snorted coldly, turned her head and looked downstairs, "I haven't come back from school yet! I told you a long time ago, what kind of school does a girl go to? , Look at what you have learned in school, you are all thieves..."

As soon as Mrs. Zhou finished speaking, Zhou Xiu dragged a six or seven-year-old boy back along the street.

Seeing a crowd around the door, Zhou Xiu let go of the little boy and ran upstairs, shouting, "Mom, mom, why are there so many people in our house today? What's going on?"

"You still have the face to ask! Where's my money?"

Before Sister He could answer, Mrs. Zhou pushed aside the crowd a few times, grabbed Zhou Xiu's schoolbag, and poured out the contents with her backhand.

As the things in the schoolbag fell to the ground one by one, fifty cents fluttered on the top, and there were two two-two food stamps.

Zhou Xiu was taken aback by Mrs. Zhou's actions, and couldn't recover for a long time.

Erya, on the other hand, hurried over to pick up the money and food stamps, and held them in front of Mrs. Zhou like a dog's legs, "Grandma, take a look, is this your fifty cents and food stamps?"

With a dark face, the old lady Zhou gave Zhou Xiu a hard look, snatched the money from Er Ya's hand, grabbed the eldest grandson who had just squeezed over, and turned back to the house.

The eyes of the neighbors looking at Zhou Xiu suddenly changed. Although no one discussed it face to face, there was more or less a look of incredulity or contempt on their faces...

Elder Sister He on the side was not feeling well, and she only had one thought in her mind, that is, Zhou Xiu would no longer be able to behave in front of her neighbors.

With the reputation of a thief child on her back, how can she find her husband's family in the future?

After regaining her senses, looking at Zhou Xiu who was still confused and still confused about the situation, Sister He forcibly suppressed the anger in her heart, and said:

"Xiuxiu, tell mom, what happened to the money and food stamps in your schoolbag, who gave them to you?"

As soon as the words came out, the faces of the neighbors all changed.

What does He Aidang mean?

At this time, you still want to push the scapegoat for stealing money and pin it on the second girl?

This is too much! Even if Erya is not her own, she can't spoil the child like this.

Elder Sister He had a good plan in her heart, but Zhou Xiu was spoiled by her on weekdays, and she had a carefree temper, so she couldn't hear the subtext in Sister He's words at all. She raised her head and asked with a blank expression:

"Mom, what happened to the money? Well, I don't know where the money came from."

Sister He's face twisted for a moment, a mouthful of old blood almost spewed out, she took a few deep breaths,

Pointing to Erya's nose and scolding:

"Erya, why is your heart so poisonous? I will feed you and wear you, how can I be sorry for you? You want to harm Xiuxiu like this..."

Before the words fell, Erya wiped her tears and cried again, "Mom, don't hit me, I don't dare to go out and talk nonsense anymore... In the morning, I misread, that money, that money, I put it in my sister's schoolbag of....."

Yun Shang: "... " Oh my god, the number of paragraphs is really high, a proper white lotus!

The simple act of smearing oneself, seemed to follow Sister He's wishes and cleanse Zhou Xiu's reputation, but the neighbors were even more convinced that Zhou Xiu stole the fifty cents.

After all, everyone knew in their hearts that Erya would have to make a living under Sister He in the future, and if she didn't follow Sister He's wishes, she would have a hard time living in the future.

Therefore, no matter whether the person who stole the money is Erya or not, she must bear the reputation of stealing money!

Sister He also realized this, her whole body trembled with anger, and the way she looked at Erya was like looking at a dead person.

"Argh, you're capable now, and you dare to play tricks on me. You're rushing me to Xiuxiu, isn't it because you provoked Xiuxiu to find trouble with Yunshang next door, so I scolded you, and you have a grudge in your heart.

Okay, now your wings are hardened and you can bear it. I, He Ai Dang, can't control you, and I dare not control you anymore.

From now on, you will get out of our old Zhou's house. I dare not support a white-eyed wolf like you. "

Yun Chang was suddenly stunned.

Why does this have anything to do with her again?

Could it be that she guessed right last time? Zhou Xiu asked Gu Shinian to tease him blindly, is it Erya who is behind the scenes?

The neighbors around were also a little puzzled, but everyone heard what Sister He meant:

The old Zhou's family doesn't want to be silly anymore!

Officer Ren on the side frowned, and said coldly, "Comrade He Aidang, what do you mean by that?"

Whether the fifty cents is taken by Zhou Xiu or Erya, it is the family affairs of the old Zhou family, and the old Zhou family is unwilling to publicize it, so it is inconvenient for her to meddle in the business.

But if He Aidang kicks Erya out of the Zhou family, it will involve the issue of abandonment, so it's not a family matter.

As the secretary of the Women's Federation, she had to ask about this matter.

With a dark face, Sister He pointed at Erya and said to Director Ren: "...the last time I went back to Lao Yun's house to buy things, this white-eyed wolf secretly told Xiuxiu that all the things in Lao Yun's house were bought by a little comrade surnamed Gu. He also said that Yunshang cheated Comrade Gu Xiaoxiu of his money, and urged Xiuxiu to quarrel with Yunshang next door.

After I knew about this, I gave Erya a few words. In the end, this white-eyed wolf hated me in his heart, and accused me of stealing money, Xiuxiu, when he found an opportunity!

Everyone who has been neighbors for so many years should know that I, Xiuxiu, will give you whatever you want on weekdays, and she has never been short of money. Is it worth stealing fifty cents from her milk..."

"I didn't steal money! Mother! Who said I stole money?"

Chapter 246 Return the money and the house to me

"Xiuxiu!" Elder Sister He pulled Zhou Xiu back, looked at Director Ren again, and said, "Even if I have a dog, I would still wag my tail at me. How good is this white-eyed wolf, who has changed his ways to harm me, Xiuxiu! I don't care today. Whoever said it, our family would not dare to have this child."

Sister He's words made the neighbors murmur again.

Erya is an eight-year-old kid who usually seems to be honest and honest. Does he really have so many eyes?

Besides, Lao Yun's family has just moved here, and the little girl Yunshang is in the way of the second girl again, why does she want Zhou Xiu to bully the little girl?

Damn! If what He Aidang was telling the truth, this erya would not only be mean-spirited, but also mean-spirited.

Contrary to the discussions of the neighbors, Yunshang stared at Erya closely at this time, secretly thinking about the purpose of tearing her face off with Sister He's family.

Judging from the series of tricks Arya used to plot against Zhou Xiu, she is not a brainless, careless idiot.

On the contrary, Erya's IQ is far higher than that of her peers, almost comparable to that of adults.

Before calculating Zhou Xiu, she must have thought of the consequences of tearing apart her face with the Zhou family, but she still did it.

Isn't she afraid that Ruo will annoy Sister He, be kicked out of the Zhou family, and become an orphan completely?

Or, what did she leave behind to make her life better after leaving Zhou's house?

Yun Chang frowned slightly, and looked at Er Ya carefully.

Seeing her with her head bowed halfway, a mocking smile hung on the corner of her mouth, her eyes flickered coldly, and her eyes turned downstairs from time to time.

It looked like he was waiting for someone...

Officer Ren at the side also had a headache, turned his head, and asked Yun Shang, "Shangnan, did you quarrel with Zhou Xiu when you came back last time?"

"It's noisy." Yun Shang nodded, "Zhou Xiu came to my house early in the morning and said that my aunt's property after moving was bought with Gu Erge's money, and that I was a liar, and I was not allowed to spend Gu Erge's money in the future. But My aunt gave money for those things, Zhou Xiu was talking nonsense, and we got into an argument."

After the words fell, Zhou Xiu hurriedly broke Sister He's hand, and said with a displeased face:

"I'm not talking nonsense! Erya heard it when she was hiding in the corridor. Those things were bought with Gu Ge's money, and your family spent Gu Ge's money!"

Yun Shang: "... Made, mentally retarded!

It deserves to be dunked!

Erya hooked the corners of her mouth, raised her head, tears quickly filled her eyes, and explained, "Sister, you heard me wrong. I didn't say that Sister Yunshang's family spent Comrade Gu's money, I meant that Comrade Gu spent money." I bought delicious food for sister Yunshang..."

"You still dare to talk nonsense!" Sister He was furious again, "I asked Xiuxiu what the hell you said. If you hadn't picked trouble in the middle, I, Xiuxiu, a big girl, could go to Gu... Is the little girl of the Yun family cursing and crying?"

Yun Chang rolled her eyes, and cursed in her heart: You scold Erya, you scold Erya, why are you scolding me for filming?

Aren't you a girl too?

Old girl film!

Sister He was very angry, and she pushed Zhou Xiu to the door of the room, "Xiu Xiu, go in and tell your grandma, pack up the little bastard's things, and let her get out of our old Zhou's house!"

An eight-year-old little girl left home to see how she survived!

The old lady Zhou, who had been hiding in the room and eavesdropping, responded immediately, "I have long said that this bastard is a white-eyed wolf, but you must not listen! Are you okay now, are you worried?"

After finishing speaking, he called Zhou Xiu again, and said at the top of his voice, "Don't listen to your mother, let that little bastard get out now! Nothing in the house belongs to her, it's all ours! Let her get out!"

Just when everyone thought that Erya was about to soften and beg for mercy, Erya suddenly raised her head and asked Sister He, "Comrade He Aidang, do you mean what you say if you want to drive me away?"

"...What do you call me?" Sister He blushed with anger, "It counts! I keep my word on this matter,

You get out of the old Zhou's house, and it has nothing to do with our family in the future! "

Erya nodded, "That's fine, I have nothing to do with your family. However, it's your old Zhou's who should leave, not me!"

Everyone was stunned for a moment, what did Er Ya mean by this?

What do you mean it's Lao Zhou's family who should go, not her?

Could it be that she wants to drive away the old Zhou family and live here alone?

Seeing that Sister He couldn't recover for a while, Er Ya continued to count with her fingers, "There is still my food, and I have to share it with me.

I now have eighteen catties of rations a month, and I can only eat two fist-sized black corn buns a day, up to four liang. Calculated, I am still rich in six catties of food rations every month. Your family will return these grains to me. "

As if afraid that the impact on everyone would not be big enough, Erya finished talking about food, and then started talking about houses and money.

"When your family brought me back, my parents left me money and a house. Now that you want to drive me away, the money and the house should be returned to me, right?"

Sister He's face turned pale immediately, and she looked at Er Ya as if she had seen a ghost.

The old lady Zhou in the room couldn't help it either, she rushed out with a groan, pointed at Erya's nose and cursed:

"What money and a house? You little girl is crazy about money! Your damn parents didn't leave you anything! Get out, get out! Our family doesn't owe you anything!"

"Comrade He Aidang knows whether you owe me or not!" Erya raised the corner of her mouth, showing a threatening smile, "Aunt Sanbiao, am I right?"

Third cousin?

Is it called He Ai Dang?

Could it be that Erya is the child of He Aidang's natal sister?

The neighbors around did not expect that Erya would suddenly release such a big news, and they all started discussing quietly on the sidelines.

"It's no wonder that the old Zhou's family has had a good time these years. It turns out that they have been greedy for Erya's family property."

"Isn't it? Otherwise, Comrade He Aidang, a worker, why does he still dress up like a big cadre every day, isn't he loose and rich?"

"I remember that Erya was brought back by the old Zhou's family in the second month. At that time, Erya was less than two years old. How did she know about this?"

"No matter how you know, this old Zhou's family is too dishonest. Spending Erya's money, living in Erya's house, and not feeding Erya enough, no wonder the family's children are going against the old Zhou's family."

"..."

Everyone said something to each other, and quickly found a suitable reason for Erya to frame Zhou Xiu and leave the old Zhou family.

Yun Chang curled her lips in disgust.

Whether it's Erya or Sister He's family, they are not good people in Yunshang's opinion.

But if she was given a choice, she would rather be neighbors with Sister He's family.

At the very least, this family will not play tricks and plot people as soon as they meet. Even if there is a conflict, they will confront each other openly. Be a good person later.

#### Chapter 247: Relatives Appear

The old lady Zhou kept patting her thigh and screaming, "Get out! That's the foster care money your damn parents gave to our old Zhou family. It's for our family and has nothing to do with you! You don't want to take anything away... .."

"Fuck your mother!" A woman outside the crowd suddenly answered and scolded, "When did my brother say that the money and the house are for the foster care of your old Zhou family? Erya, a little girl can eat a room for a few years. The house plus a thousand dollars?"

Before everyone could react, the woman who spoke broke through the crowd and squeezed in, pulled Erya behind her, went up and slapped Sister He, "He Aidang! Open your dog eyes and take a good look, remember Am I Chen Cuiqiao?"

Before Sister He could react, the woman pointed at her nose and cursed:

"You wolf-hearted thing! This house and money are left to my niece by my brother, and he gave you another two hundred yuan to send my niece to my house. Where did you send it? You detain me Niece, don't you just want to covet our house and money?"

When Chen Cuiqiao spoke, her fingers almost poked Sister He's face, forcing Sister He to back away.

The old lady Zhou didn't know whether she was guilty or because she saw that Chen Cuiqiao was too tough, she shrank her neck, dodged and hid back in the room, and after a few seconds, stretched out her arms and pulled Zhou Xiu into it.

The neighbors around immediately fried the pot.

It turns out that Erya still has her own aunt?

The old Zhou family has lived in Erya's house for so many years?

This is too bad!

Living in Erya's house, spending Erya's money, and making Erya work every day, not giving her enough to eat, no wonder her aunt came and wanted to slap He Aidang.

Only Yunshang quietly noticed that there was a mocking smile on Er Ya's face again...

Director Ren frowned, looked at Sister He, then at Erya, and finally at Chen Cuiqiao who appeared suddenly,

I found that Chen Cuiqiao was about 30 years old, with short hair combed neatly, not tall, wearing a new cadre attire, and seemed to have a aggressive temperament.

Moreover, her brows and Erya are somewhat similar, standing together, they don't look like aunts and nephews, but rather like mother and daughter.

The doubts in Director Ren's heart dissipated a bit, and he asked:

"Comrade, what do you mean by what you just said? Erya is your child? Comrade He Aidang kidnapped your child and wants to seize your property..."

"Officer Ren! That's not the case!" Elder Sister He pushed the woman away and interrupted hastily, "I took Erya to the provincial capital..."

"You fart!" Chen Cuiqiao's face was full of anger, and her saliva almost sprayed on Sister He's face when she spoke, "My family hasn't moved the land for so many years. When did you take my niece to the provincial capital to find me?"

"Our neighbors can all testify! That year when our family moved here, Erya was brought back in the second month. In the first month, we asked someone to take Erya to the provincial capital. We didn't find you later, and the money was gone." After the flowers were over, we had no choice but to bring Erya back."

This time, the neighbors around nodded their heads and became witnesses for Sister He.

"Yes, He Aidang is not lying about this, the old Zhou's family brought Er Ya back almost a month after they moved here."

"That's right. At that time, our neighbors were still wondering for a long time. They said that Lao Zhou's family had a baby boy and a baby girl. Why did they suddenly bring back a baby?"

"..."

When Chen Cuiqiao heard this, the anger on her face dissipated a little, but the aura all over her body still forced Sister He not to raise her head.

"I think you didn't find it, or you didn't even want to look for it! If you wanted to find it, you would have found the military compound all these years ago! If I hadn't asked someone to inquire about my niece, you wouldn't be here today." Drive my niece away and occupy my niece's house?"

Seeing that Sister He was about to speak again, Chen Cuiqiao continued, "Damn! I almost let you fool me! This room is recorded in my sister-in-law's name, and it is my niece's house. Who told your family to move?" Came in? I think your family planned to occupy my house back then!"

Sister He was also very angry, she slapped Chen Cuiqiao's palm away with her backhand,

Angrily said:

"This house belongs to my cousin. When she left, she voluntarily lent it to our family to live in! She said it was for Erya to guard the house, and it will be used as a dowry when Erya gets married..."

"But your family drove me away just now, and said that the house and money belong to your family, and I can't take anything."

As soon as Sister He explained something, Er Ya secretly poked and disrupted the stage behind, making Sister He's face flushed with embarrassment, and she couldn't say a word for a long time.

"You have the guts to say that I don't have the guts to listen! If I hadn't happened to come over, my niece would have been driven away by your family!"

As Chen Cuiqiao said, she stared at Big Sister He's face gloomily, as if she was thinking about how to fight in order to enjoy the fight.

Erya didn't even look at Elder Sister He's pale face, pulled Chen Cuiqiao's lapel, and asked, "Are you really my aunt?"

"You child, why am I not your aunt? Ask He Aidang to see if she recognizes me!"

"aunt."

Erya accepted it very quickly, and immediately called Chen Cuiqiao, then pointed to Director Ren and said, "Auntie, this is Director Ren of the Women's Federation, we can ask Director Ren to help me get my house and money back! "

Chen Cuiqiao was also an ordinary person, and immediately greeted Director Ren with a smile on his face.

Then he immediately said, "Officer Ren, look, the He Aidang has admitted to occupying my house and 1,000 yuan. Your Women's Federation should be able to solve this problem, right? You should be able to urge the old Zhou family to vacate the house today Bar?"

Without waiting for the officer to reply, Erya immediately turned to look at Yunshang, and answered with a smile, "Sister Yunshang, I heard that the room upstairs in your house is for sale, or should I sell it to Zhou Xiu's family? It's easy to move. , and we can continue to be neighbors."

As soon as these words came out, not only the neighbors and Lao Yun's family were dumbfounded, but even Yun Chang was a little dumbfounded.

She did have the idea of selling the upstairs room and changing Yunshuilian to a small courtyard, but that was just an idea, no one said it, how did Erya know?

And the head of that house was Yun Shuilian, even if Erya wanted to ask whether the house was for sale, she should ask Yun Shuilian, instead of skipping the adults of Lao Yun's family and directly asking her, a little brat.

Besides, it's too strange to ask this question, Lao Yun's family has just moved here, how did Erya know that she can be the head of Lao Yun's family?

Combined with Erya's words, and thinking about the timing of Chen Cuiqiao's appearance, and the mocking smile on Erya's face, Yun Chang thought of a possibility...

However, no matter what she thought was right or not, she had no intention of getting involved at the moment.

Avoiding everyone's gaze, Yun Shang pretended to hide behind the old lady timidly:

"Grandma, my aunt just bought a new house, why is she selling it again?"

"Don't listen to nonsense, your aunt's house has just been tidied up, so we are reluctant to sell it!"

Chapter 248 biggest winners

Chen Cuiqiao followed Erya's words and looked over at the old lady and Yun Erchuan up and down, her eyes were casual and slightly contemptuous. [bookmark our website](#)

"You girl, you are so soft-hearted. The old Zhou family has been torturing you so much, and you still want to find a house for them..." Chen Cuiqiao sighed, and continued, "But the old Zhou family took care of you anyway. One game, we can't do too much."

Erya's eyes flickered, and she asked Chen Cuiqiao, "Auntie, what do you think?"

"My aunt is here to take you to the provincial capital. Look, you won't need this room in the future. Why don't you sell it to the old Zhou's family? The money from the sale and the thousand yuan can buy you a room in the provincial capital. house, aunt can also save it for you, and use it as a dowry in the future, how about it?"

"It's a good idea. Lao Zhou's family doesn't have to move, and Erya can be a native of the provincial capital in the future, with her aunt taking care of her. Life will be better than it is now." A neighbor said.

"That's fine, otherwise the old Zhou's family would have to find a house temporarily, and it would take four or five days to move out. How could it be so easy?"

"Yes, it will be easier for everyone."

...

Elder Sister He has also slowed down now, and echoed everyone's words, "Chen Cuiqiao, Erya, the house in Xiaoyanglou is now selling for about 450 yuan. If you agree, we will go to the housing management office to transfer the ownership in the afternoon. ."

Chen Cuiqiao was about to nod, when Erya interrupted, "I don't sell the house."

Everyone was stunned, including Chen Cuiqiao and Sister He.

Chen Cuiqiao turned cold, "Ah, you don't want to sell the house, are you planning to grow up in your aunt's house, and then go back to Fenyang to work alone?"

Elder Sister He also said with a look of concern, "Er, your father has treated you well all these years. You don't sell the house, and your aunt wants us to move out today. Is your aunt and nephew working together to drive us to sleep on the street?"

Even the officer Ren at the side tried to persuade Erya, suggesting that she sell the house to the old Zhou's family.

It's just that no matter who came to persuade, Erya shook her head and refused, refusing to sell the house to Lao Zhou's family.

However, Erya also let go, and promised to give the old Zhou family three days to move out. If the old Zhou family did not move out after three days, she would go to the police to sue the old Zhou family.

Chen Cuiqiao looked more impatiently at the side, and said with a serious face: "Argh, you should think about it, if you don't sell the house here, you can't buy a house in the provincial capital for a thousand yuan. Even if you are in the provincial capital Even if you study, you won't be able to become a provincial citizen in the future."

She worked hard to make plans for Erya, but she didn't appreciate it, as if she would covet her niece's property. Although she thought about using the money to meet emergencies, it's not that she didn't return it to Erya. By doing this, Erya didn't trust her!

Seeing that Chen Cuiqiao's expression became more and more ugly, Erya finally said, "Auntie, I want to wait until next year before going to the provincial capital."

As soon as these words came out, the people around were stunned again, and they couldn't figure out what Erya was thinking.

Since she was going to the provincial capital, why did she stay in Fenyang for a year?

And the old Zhou's family definitely won't care about Erya anymore, how can she live alone in Fenyang with a child's family?

Er Ya twitched the corners of her mouth, and explained to everyone, "I want to study in Fenyang for a year first, so as not to embarrass my aunt if I can't keep up with the studies in the provincial capital."

Chen Cuiqiao's face darkened instantly.

Nowadays, children generally go to school late, and it is very common for them to go to the first grade at the age of eight. It is obvious that Erya is looking for an excuse to fool her.

This little girl didn't believe her at all, she didn't plan to go to the provincial capital from the beginning!

Seeing this, Yun Shang became more and more sure of her guess.

This Erya might really be reborn.

She refused to sell the house, obviously because she didn't want to move her household registration to the provincial capital, and she was guarding against Chen Cuiqiao.

Just why is she doing it?

Could it be that Chen Cuiqiao took away all the money Erya had in her last life? Or suffered a bigger loss at the hands of Chen Cuiqiao?

Yun Shang carefully went through what Chen Cuiqiao said after she appeared, and found that when she was arguing with Sister He, she said "our house" one by one, while Erya said from the beginning to the end. 'my house',

This point exposes many problems.

Moreover, as soon as Chen Cuiqiao came over, she hurriedly asked Sister He for Erya's house and money, and turned a blind eye to the slap marks on Erya's face from the beginning to the end. It can be seen that what Chen Cuiqiao really cared about was not Erya, but It belongs to Erya's money.

If Erya is really reborn, then everything that happened today can be explained.

She knew that Chen Cuiqiao was coming to live today, so she framed Zhou Xiu to steal money early in the morning, and ruined Zhou Xiu's reputation in front of the neighbors, causing Sister He and Mrs. Zhou to fight her outside and kicked her out. Old Zhou's house.

Erya took the opportunity to reveal that Zhou's family lived in her house and took her 1,000 yuan, so that the neighbors in the neighborhood could clearly see the Zhou family's greedy and vicious face.

And Chen Cuiqiao's role is to confirm the fact that Zhou's family embezzled and embezzled other people's property, and used her aunt's identity to help Erya drive Zhou's family out of the house.

Once the Zhou family agreed to move, Chen Cuiqiao's role would disappear, and Erya would find any reason to stay in Fenyang, so Chen Cuiqiao could not blatantly embezzle her money.

As for Erya's move to the provincial capital after a year, perhaps Erya wanted to use this time to deal with the thousand yuan in her hand. Or, Chen Cuiqiao needs money recently, and Erya delays going to the provincial capital for a year, just to miss the time when Chen Cuiqiao's family needs money.

Of course, Erya may have other purposes for doing this, but it is undeniable that in today's matter, Erya is the biggest winner.

The old Zhou's family lost all face and face. The family was notorious for embezzling the orphan's property, and Zhou Xiu was also notorious for being a thief.

And Chen Cuiqiao rushed over from the provincial capital, and her role was to vent her anger on Erya's behalf, and successfully recovered Erya's house and money, and then returned to the provincial capital empty-handed.

Only Erya, after leaving the old Zhou's house, she has a house to live in, food to eat, and money in hand, and no one beats her, scolds her, or forces her to work. Her life is worse than most of the people in the building. better off.

Thinking about this, Yunshang, while admiring Erya, was even more afraid of her.

Yun Shang didn't forget that Erya was hostile to her.

When Yunshang was thinking about these questions, Sister He came over and said with a embarrassed expression:

"Aunt Yun, there is no one living in this room in your house. Can you borrow our house for a few days? Don't worry, we will move out as soon as we find a house."

The old lady was stunned for a moment, with a troubled expression on her face, "Comrade He, this room does not belong to our family, it is the house of the Gu family, and I can't make the decision."

Yun Shang poked her head out and added, "Second Brother Gu's furniture has been put in, and I'm going to move in these two days. I'm afraid I can't lend it to your house."

#### Chapter 249 Staying Over

Sister He's complexion was scary, she nodded indiscriminately, turned around and gave Erya a cold look, then opened the door curtain and entered the room. [bookmark our website](#)

Yun Chang glanced at Erya who had a smile on her mouth but cold eyes, sighed in her heart, took the old lady's arm and walked into the house, "Grandma, I'm hungry, let's eat quickly."

After finishing speaking, he called Yun Erchuan and Yun Shuilian again, and the family quickly returned to the house, shutting out the noise in the corridor.

At the dinner table, Yun Shuilian took a sip of rib soup, looked around Yun Shang several times, and finally couldn't help asking:

"Shangnan, Erya, why did you ask you that our house is going to be sold?"

"I don't know either." Yun Shang shook her head in confusion, "When I went to the hospital in the morning, I saw my grandma struggling to climb the stairs, so I wondered if our family should sell the upstairs house and buy a nearby one. Xiaoyuaner. I didn't tell anyone, how did Erya know?"

As soon as these words came out, everyone at the table was stunned.

The old lady quickly swallowed what was in her mouth, and patted Yunshang's buttocks with her big hand, "You disobedient girl, how can you be so upset! Such a good house, why change it to a small yard? All money is forbidden !"

Yun Erchuan also nodded at the side, "That's right, how many people want to live in a building with thatched huts but can't live in it, let's not do that stupid thing, and replace the good building."

Yun Shang was very wronged, she changed the courtyard to make the old lady live comfortably, why did the whole family talk about her together?

It's so irritating!

Seeing that the corners of Yunshang's mouth drooped, Yunshuilian smiled and said, "Mother, what Changnan said is right, this building is convenient to live in, but I worry about you climbing up and down all day long. If you change to Xiaoyuaner, if you live in your heart, you can rest assured that my second brother and I will go to work in the future."

The old lady refused without thinking.

"What do you want to change? No change! How long can I stay in Fenyang? When Changnan and Shuanzi get older, I'll go back to the village to be with your father. How can I stay in the city to eat?"

After the old lady finished speaking, she gave Yun Erchuan a sideways glance, and then continued, "Besides, this building belongs to you, so even if I want to live in it

In the city, you should also live in your second brother's room, there is no reason to live in a maiden's room. "

Yun Erchuan: "... " Huge boulders fell from the sky, and the pressure was enormous.

Yun Chang looked at Yun Shuilian, then at Yun Erchuan, and suddenly felt that what the old lady said made sense. She couldn't change Aunt Shuilian's building into a small courtyard for the sake of the old lady.

It seems that in the future, he will have to urge Yun Erchuan to make progress, and buy a small courtyard earlier.

Thinking of this, Yun Chang was stunned again.

Yun Shuilian had another disagreement, "Mother, what's wrong with my daughter, she can't take care of you? Besides, my second brother and I are both in Fenyang, what are you and my father doing in the village? There is a heavy job and no one will do it for you ."

"I just like to stay in the village. The village is lively and convenient. When I go out, I can pick up wild vegetables and eat them as vegetables. I can grow vegetables in the backyard. I can eat whatever I want. Look at this city, there are always long queues for vegetables. The team is not new, even to watch a movie, you have to ask me to pay for it! I don't like to stay!"

When it came to the matter of spending money to watch a movie, the old lady's tone became a little more serious, which showed how much she cared about this matter in her heart.

Yunshang immediately put down her job, and stretched out her small fist to beat the old lady's shoulders, "It's okay, grandma. When my second uncle enters the aluminum factory to work as a worker, I will let my second uncle take you to the movies. There is no money to watch movies in the factory!"

Regardless of whether you want money or not, first draw a big cake for the old lady to calm down.

Otherwise, the old lady clearly wanted to watch a movie, but she felt sorry for the money for the movie ticket. She had no hope, and felt so aggrieved.

"Okay, I'll just wait to enjoy your second uncle's blessing, and watch free movies in the city from now on!"

The old lady smiled and pressed Yunshang on the stool, and scooped up a large spoonful of ribs for Yunshang.

Sensing that there was little movement outside, Yun Shuilian put down the bowl, and lowered her voice to tell Yun Shang, "Shang Nan, stay away from Er Ya in the future, that girl has too many eyes, you can't join her to take advantage of her. Do you understand?"

The old lady also echoed Yun Shuilian's words, "Shangnan,

Listen to your aunt, that girl's eyes are scary when she looks at you, let's stay away from her from now on. "

Yun Chang nodded, "I remember. From now on, I will take Shuanzi and not play with Er Ya."

Yun Shuilian still said solemnly, "Well, no matter how Erya knew you wanted to sell the house, we won't deal with her, and don't tell others about the family affairs in the future. People in the village are different."

These words made Yun Erchuan and the old lady wake up, and the old lady was even more worried that Yun Shuilian had been bullied these days, and asked Yun Shuilian for a long time before she was relieved.

The family had just had dinner when there was a knock on the door outside.

Yunshang was playing with Shuanzi in the living room, and hurried over to open the door, only to find Erya standing outside the door.

In just one meal, Er Ya's body has undergone earth-shaking changes.

At this time, her face had been washed again, and her hair was tied back. Although her face was still a little red and swollen, she looked much refreshed after washing.

When looking at people, he no longer has a timid look, but straightens his back, and when talking to people, he can bravely look into other people's eyes, giving people a very generous and natural impression.

Probably because she realized that Yunshang didn't intend to invite her in, Erya stood outside the door with a smile on her face, and asked very enthusiastically, "Sister Yunshang, what are you doing at home?"

"Have a meal."

Those two short words froze the smile on Erya's face for a moment.

"Sister Yunshang, can you do me a favor..."

cannot!

You provoked Zhou Xiu to quarrel with me, saying that I lied to Brother Gu's money and wanted to ruin my reputation. Why should I help you?

Erya's words continued, "My third cousin's house won't move until the day after tomorrow. I don't have a place to live these two days. Can I stay at your house for two days?"

Yun Chang frowned.

It does take a few days for the old Zhou's family to move out, but the thousand dollars can always be given to you today, right?

If you have no place to live, you can go to a hostel, why do you have to stay with someone you don't know?

Besides, I have lived with the old Zhou's family for a few years, and it will be over in just two days?

What's more, you've been plotting against me behind your back, and everything has been exposed, so why do you still have the face to stay overnight with me?

Yun Chang frowned.

Chapter 250 Suspected declaration of war

Yun Shang glared at Er Ya angrily, feeling annoyed in her heart.

An old hag who didn't know that she had lived for decades was reborn, and she still wanted to take this piece of fresh and tender meat from Second Brother Gu, she wasn't afraid to hold her teeth!

Moreover, Er Ya's attitude of taking it for granted clearly regarded Second Brother Gu as her meat on the plate!

It's just too shameless and shameless!

Yun Shang decided that from today onwards, she would swear to the death to defend the innocence of Second Brother Gu, and she must not let Second Brother Gu be humiliated by Er Ya, a female hooligan.

"My Second Brother Gu doesn't like other people sleeping in his room! Besides, without the consent of Second Brother Gu, I can't just let people sleep in his room."

Being rejected, Er Ya not only didn't get angry, but also smiled, "Sister Yunshang, so you can't be Comrade Gu's home?"

Yun Shang sensed sensitively that when Erya asked this question, she felt much better.

Although I don't know what Erya is happy about, it doesn't prevent Yunshang from poking her lungs:

"My second brother, Gu, is a boy. What does it mean for me to be the head of a girl's house? My second brother Gu and I are both good comrades. Unlike you, a girl's house, who takes the initiative to come to the door to sleep in the boy's bed. It's ridiculous. If you are a few years older, others will say you are indiscreet!"

Yun Chang watched helplessly as the smile on Er Ya's face disappeared bit by bit, and the last face turned black and red, and she felt extremely comfortable in her heart.

"Sister Yunshang, I know you don't like me..." Erya took a few steps back and distanced herself from Yunshang, "But, thirty years in Hedong, thirty years in Hexi, who will say what will happen in the future? Did you come? Maybe someday you will beg me."

Yun Shang felt a 'thump' in her heart, stared closely at Er Ya's eyes and asked, "What do you mean by that?"

Erya didn't answer, but just raised one corner of her mouth, showing a weird smile, her eyes turned several times on Yunshang's face, and said:

"It's nothing interesting, I just think it's better to be a quiet person, don't want extravagant things that don't belong to you, and don't... grab other people's hearts."

Yun Chang frowned irritably, thinking that Erya was really sick.

This means that her core has been changed, and she can almost figure out what Erya is thinking. If she is really replaced by the original owner, she probably won't understand a single word.

An adult who has lived a new life, ran to a six-year-old child and said something mysterious and incomprehensible. If he is not sick, what is it?

Besides, she is not someone who has never seen the world. What good things did she not have in her previous life? Still need to steal other people's things?

Yun Shang immediately lost the desire to talk to Erya, looked over calmly, and asked, "Is there anything else?"

Seeing that Yunshang didn't take her words to heart at all, Erya wasn't annoyed, the corners of her mouth turned up slightly, and she stared at Yunshang for a long while, with probing and provocative eyes, occasionally mixed with disgust and envy .

Facing Erya's annoying gaze, Yun Chang frowned more and more, and there was always a feeling that Erya was declaring war on her.

But what is there to fight between her and Erya?

Could it be that she had a feud with Er Ya in her previous life?

Er Ya reminded her not to steal other people's favors, what does this favors refer to?

Is it work?

No, it could be a man too!

Thinking about it this way, Yunshang suddenly regained his energy, staring at Erya with shining eyes, and really wanted to ask, did the two of us rob a man in our previous life? In the end, you couldn't beat me, and let me embrace the beauty? Tell me quickly, who is that man? What are you doing? Does he look as good-looking as Brother Gu...

Facing Shang Yunshang's sudden eager eyes, Erya was a little confused,

He took a step back again and said, "It's okay, since it's not convenient for your family to take me in, then I'll ask somewhere else." After speaking, he quickly entered Lao Zhou's house.

Looking at the empty corridor, Yun Chang sighed regretfully, raised her hand and closed the door.

The old lady came out of the house, seeing Yunshang sighing like a little adult, she couldn't help asking amusedly, "Shangnan, who is outside?"

"Grandma, it's Erya. She wanted to stay in Brother Gu's room for two days, but I didn't agree."

"It's right if you don't agree!" The old lady's face was pulled down, and she muttered authentically, "The girls in this city are not as sensible as the girls in the village!"

Yun Shang nodded seriously, "That's right, I'm not as sensible as I am, I know I won't live in someone else's boy's bed." Except for the second brother Gu!

"Yes! I am like a grown-up, knowing everything." After the old lady finished speaking, she put the packed lunch box in Yunshang's small army bag, and put the army bag on Yunshang's shoulder, "Go, grandma Take you and Shuanzi to the hospital to deliver meals to your mother."

Yunshang looked at the old lady's little feet, and the corners of her mouth twitched a few times, "Grandma, you can take Shuanzi to rest at home in the afternoon, and my aunt and I will go to the hospital to deliver meals. After the meals are delivered, I will go to my aunt again." Play with the Women's Federation, come back with my aunt after get off work."

Yun Shuilian has been working at the Women's Federation for many days, so she has to go to the Women's Federation to prevent anyone from the Women's Federation from bullying Yun Shuilian.

Besides, she had to find a chance to talk to Yun Shuilian about the five hundred yuan.

The old lady was stunned for a moment, "Shangnan, your aunt is going to work, can you follow me?"

"Grandma, you say I'm a grown-up, what's wrong? When I get to the Women's Federation, I will be obedient and not disturb my aunt's work." Yun Shang patted her small chest as a guarantee for the old lady.

Yun Shuilian came out of the bathroom after washing her face, listened to Yun Shang's words, and agreed.

"Mother, it's okay, you can rest at home in the afternoon, and I will take Changnan to the Women's Federation."

After all, the old lady was getting old. First, she stayed with Widow Wang in the county hospital for one night, and then moved overnight. She was too busy during the day without any rest.

Seeing Yun Shuilian speak now, and confirming that Yunshang's going to the Women's Federation will not affect Yun Shuilian's work, she agreed.

Coming out of the house, Yun Shuilian went to Director Ren's house to say hello, telling him not to wait for her to go to work in the afternoon, and then took Yunshang to the hospital.

Shen Yuegui's stomach was growling with hunger at the moment, she touched the only black corn bun left in her pocket, and was reluctant to take a bite for a long time.

This bun is the only ration she has left today. Now that she eats it, what will she have for dinner?

Besides, Lao Yun's family will deliver meals to Widow Wang soon, so she will coax the little girl Pianzi well later, maybe when the little girl Pianzi is happy, she can pester the old lady to share some of Widow Wang's food with her.

Thinking of the delicious bowl of ribs and white noodles in the morning, Shen Yuegui's saliva dripped even more.
