Section 1191

Every time he smashed the invisible sword energy around him, he quickly advanced forward a certain distance.

However, with Zhang Yuhe, the majestic divine power aura poured into the sword formation.

Those shattered sword energy light curtains quickly recovered as before.

He was forced to retreat.

This went on and on.

Taihua Supreme suddenly discovered.

He had been fighting for most of the day, but there was no effect.

He was the invincible Supreme.

He actually had no way to deal with Zhang Yuhe.

Originally, Taihua Supreme was still thinking.

Zhang Yuhe relied on the burst of magical power to temporarily improve his cultivation.

It must not last long.

It is estimated that he only needs to spend some time to drag Zhang Yuhe's burst of magical power to end.

He can control it at will.

However, what Taihua Supreme did not expect was that.

Most of the day passed.

Zhang Yuhe's power was still as strong as ever.

Those damn sword energy light curtains were still so vast and endless.

He couldn't move forward at all.

Bolin and Tianguang, the two supremes who were holding the line in the distance, could not help but feel a little anxious at this time.

Supreme Taihua has not succeeded yet.

Then how long do they have to wait?

Could it be that the three holy realms joined forces to deal with a chaotic universe without a supreme.

Will it take tens of thousands of years?

This is not okay.

If this is the case.

Even if they win in the end.

Then their faces will be very shameful.

The crushing game they want is a refreshing victory.

Not like now, it has become a bladder game.

This is not the result they want to see.

Supreme Tianguang watched silently for a long time, and then he tentatively said to Supreme Bolin next to him.

"Bolin, why don't we attack together."

"This kid's defensive sword formation is really a bit weird."

"I don't think Taihua can take him down by himself."

At this point.

Supreme Tianguang paused for a while, and then continued with a solemn expression.

"We should resolve this matter as soon as possible, so as not to delay and cause changes."

"This kid's strength is indeed very terrifying."

"I am worried that there will be someone in the Dao League who is paying attention to this war."

"What if the Dao League takes a fancy to this kid's potential."

"Take him in to join the Dao League."

"Then I am afraid we will be in big trouble in the future."

Hearing what the Supreme Tianguang said.

The Supreme Bolin did not rush to respond, but pondered silently.

Originally, he planned to wait for a while.

He was also happy to see the Supreme Taihua make a fool of himself.

In the scope of the Three Holy Heavens.

The three supremes are far from being harmonious.

The friction between them has never stopped.

The Supreme Taihua cannot take down Zhang Yuhe.

The Supreme Bolin is also happy to watch the show from the side.

But what the Supreme Tianguang said just now is indeed very reasonable.

They can't delay any longer.

Zhang Yuhe has shown such terrible potential.

What if he is absorbed into the Dao League.

They will have no chance to attack Zhang Yuhe again.

The hatred has been formed.

If Zhang Yuhe cannot be killed this time.

Then they will never have a good life again.

Supreme Bolin hesitated for a while.

He turned his head to look at Supreme Tianguang next to him, and then responded solemnly.

"Okay, let's do it together."

"Get rid of this kid as soon as possible to avoid future troubles."

After saying this.

Supreme Bolin sacrificed a sharp long sword.

He chopped directly at Zhang Yuhe in the center of the sword energy light curtain.

Supreme Tianguang next to him also jumped up at the same time.

A golden spear appeared in his hand in an instant.

He waved the golden spear and quickly passed through the sword energy light curtain.

Killed towards Zhang Yuhe.

After the battle lasted for half a day.

The two supremes, Bolin and Tianguang, finally couldn't sit still.

The three supremes each sacrificed their artifacts to smash the sword energy light curtains on the periphery layer by layer.

The bright sword light, the golden spear, and the hammer shadows that filled the sky.

The three supreme beings attacked with all their strength, surrounding Zhang Yuhe and launching a swift attack.

The terrifying might shook the sky.

The terrifying aftermath of the divine might even forced the battle near the distant city wall to stop.

The Holy Realm Army quickly withdrew from the Tianguan range to avoid being affected by the battle between the supreme beings.

Seeing the Holy Realm Army retreat.

The Chaos Sea monks on the city wall couldn't help but breathe a sigh of relief.

The battle that lasted for half a day made them all a little tired.

But they all knew.

This war is not over yet.

Unless the three supreme beings retreat.

Otherwise.

This battle will still have to be fought.

Thinking of this.

Everyone looked towards Zhang Yuhe at the same time.

...

Chapter 833: Don't move

As the two supreme beings Bolin and Tianguang joined the battlefield.

The bright sword light shattered the long river, the golden spear shone in the void, and the terrifying hammer shadow shook the sky and the earth.

The three supreme beings attacked together.

Soon Zhang Yuhe felt a huge pressure.

The sword energy light curtain surrounding him began to shatter layer by layer.

Various terrible attack powers soon got closer and closer to him.

Even at the closest moment.

The bright sword light of Supreme Bolin had almost reached him, within a few miles.

Section 1192

Facing the siege of the three supreme beings.

Zhang Yuhe is no longer as calm as before.

While he was frantically activating the Nine Heavens Hunyuan Sword Formation, the majestic aura of divine power continued to pour into the sword formation.

While slowly retreating.

I hope I can put some distance between them to avoid being hurt by those terrifying powers.

See this situation.

Taihua Supreme couldn't help but snorted coldly.

"Humph, at this point, you still want to fight to the death. Let me see where you can retreat."

After saying this.

He quickly walked around behind him.

The hammer shadows in the sky shattered countless sword energy light screens, blocking Zhang Yuhe's retreat.

Nearly a million Chaos Seagod King monks stood on the city wall, nervously watching the battle in the distance.

when they see.

Under the siege of the three supreme beings.

The situation seems to be becoming more and more unfavorable for Zhang Yuhe.

Everyone's hearts couldn't help but hang up.

Nangong Damo frowned slightly.

He muttered to himself.

"You've been forced to this point, do you still want to hide something?"

"It's not necessary."

He really couldn't understand it.

Why didn't Zhang Yuhe activate that terrifying sword-light magical power?

Why not summon the clone?

He was kept pressed and beaten like this.

Don't accidentally overturn the car, isn't that nonsense?

Even if he wants to wait for the opportunity to kill one of the Invincible Supremes.

That should be almost done.

What else is there to wait for?

Is it possible that Zhang Yuhe still wants to keep these three invincible supreme beings under this heavenly barrier?

Not that exaggerated?

Compared to Nangong Desert.

Looking at the battle situation in front of me, the rest of Eternity felt even more worried.

They had only seen Zhang Yuhe's amazing power on the photo stone.

I haven't really experienced it on site.

Now Zhang Yuhe has not launched a counterattack for a long time.

Being beaten all the time.

The situation seems to be very bad.

This made everyone a little suspicious.

Zhang Yuhe can't be defeated by these three supreme beings.

If that's the case.

They're in big trouble.

If Zhang Yuhe cannot repel the three supreme beings.

How to fight this battle?

Do you want them all to come together?

But this way.

I'm afraid those God King monks alone won't be able to defend the city wall of Tianguan.

Supreme Beiyuan observed silently for a while.

He turned his head and looked at Nangong Damo next to him, and then asked solemnly.

"Da Mo, do you think the Lord of Galaxy Palace can stop it?"

"If that doesn't work, why don't we hurry up and go together?"

"If it's any later, I'm afraid the Lord of Galaxy Palace will suffer a loss."

Nangong Dasho pondered for a while.

Then he responded slowly.

"There's no rush, we'll wait and see."

"We're still far from reaching the limit."

"Don't worry, the Lord of the Galaxy Palace is definitely much more powerful than we imagined."

"Maybe he had some plan, so he didn't rush to fight back."

"If we intervene rashly, we may ruin his plan."

Nangong Damo is indeed not worried about Zhang Yuhe's safety like others.

Because he knows it very well.

Zhang Yuhe's strength is far from being as simple as shown currently.

Nangong Damo believes it.

Once Zhang Yuhe takes action with all his strength, the shocking power will be enough to shock the world.

To know.

Nangong Damo not only saw it with his own eyes, Zhang Yuhe killed Wan Kongyuan with just a few swords.

What impressed him even more.

Zhang Yuhe just activated a clone and completely destroyed a secret realm.

Such strength really shocked him.

The secret realm is equivalent to the existence of a chaotic universe.

It's just shrunk countless times.

Zhang Yuhe can destroy the secret realm with the power of his clone.

And only one clone was dispatched.

What if Zhang Yuhe exploded with all his strength and summoned all the clones.

Then who can stop it?

I'm afraid none of the three supreme beings can do it.

Not to mention that there is still the source of the Chaos Sea here, which suppresses most of the Supreme's strength.

Even in the void of the long river.

Zhang Yuhe had an unexpected encounter with Supreme.

He won't necessarily suffer a loss.

So although Nangong Damo didn't understand what kind of plan Zhang Yuhe had.

But he never worried that Zhang Yuhe would suffer in this battle.

Because that's impossible.

He knew the strength of the three supreme beings very well.

Back then, he was able to withstand the attack of Supreme Bolin.

What's more, it's Zhang Yuhe.

Zhang Yuhe's strength is far ten times better than his.

So don't worry at all.

They just watch slowly.

Hearing Nangong Damo's words.

Emperor Beiyuan nodded silently, thoughtfully in his heart.

Since Nangong Damo said it was okay, there was no need for them to intervene.

That must be no problem.

Because among them, only Nangong Damo knew Zhang Yuhe best.

Others have never dealt with Zhang Yuhe.

I have never seen him take action.

This will make you look unsure.

Now that they heard Nangong Damo's words, they felt relieved.

Everyone stood above the city wall, silently paying attention to the battle situation in the distance.

...

Supreme Bolin swung the long sword in his hand.

Section 1193

The sharp sword light passed between heaven and earth, as if it could split everything in the world.

Surrounding Zhang Yuhe were the vast and endless sword energy light curtains.

It was directly chopped into pieces by Paulin Supreme.

The light of the sword passed through the light curtain and quickly struck Zhang Yuhe.

Zhang Yuhe quickly moved his figure to avoid the arrogant and devastating sword light.

follow closely.

A golden spear shot directly in front of him.

Zhang Yuhe activated his body movements and quickly dodged the gun shadows that seemed to be able to penetrate everything.

Taihua Supreme wields his double hammers.

Hammer shadows all over the sky quickly enveloped Zhang Yuhe.

The shadow of the hammer shook the world.

Zhang Yuhe's figure couldn't help but feel a little sluggish.

He quickly activated the power of rules and broke away from Taihua Supreme's hammer shadow attack.

The three supreme beings joined forces to attack and cooperated tacitly.

Zhang Yuhe's activity space was gradually compressed into a very small range.

A little careless.

He might.

It was directly smashed into pieces by those terrifying powers.

despite this.

There was still no sign of anxiety on Zhang Yuhe's face.

Because this was the result that he had been waiting for for a long time.

He just wants to attract all the three supreme beings to him.

Keep the opponent away from that Chaos Ship, which looks very difficult to deal with.

In Zhang Yuhe's view.

These invincible supreme beings themselves are not that scary.

Except for the divine aura, which is deeper than him.

There is nothing left worthy of praise.

Moreover, the artifacts in the hands of the Supreme are all of the eternal level.

Not much of a threat.

The only thing that made Zhang Yuhe feel a little worried.

That is.

The chaos ship Bolin in the distance.

He felt a very unusual aura from the Chaos Boat.

Zhang Yuhe guessed.

Maybe that Chaos Boat is a higher-level existence than the Eternal Artifact.

Therefore, he had to drag the three supreme beings as far away as possible.

Keep the opponent away from the Chaos Boat.

Without the protection of the Chaos Divine Ship.

Zhang Yuhe is completely confident.

The three supreme beings can all be beaten to death under this heavenly barrier.

Even if the Supreme Being is immortal.

But as long as it can be killed once.

It was enough to make the three supreme beings afraid.

This is what Zhang Yuhe wants to achieve.

So he has to wait.

Wait until the three supreme beings are dragged far enough away.

Then launch a counterattack.

Wipe out all opponents.

In Zhang Yuhe's thoughts.

Either he won't take action.

When you take action, you must hit it with full force.

...

Chapter 834 Beat them all to death

As Zhang Yuhe moves around, the space is constantly being compressed.

The offensive of the three supreme beings became more and more fierce.

Taihua Supreme swung his hammers wildly, his eyes showing a fiery look.

The stronger Zhang Yuhe showed, the more determined his idea became.

This indicates that.

Their previous decision was so correct.

Such a peerless genius who seems to be able to explode infinitely.

If not killed in advance.

Where will there be a foothold for veteran supremes like them in the future?

How to make Zhang Yuhe grow up.

I'm afraid they can only huddle in the holy world and dare not go out even half a step.

If that's the case.

In the future, these three holy heavens may not even be able to be changed into the four holy heavens.

Maybe it has to be changed to Galaxy Sky.

Zhang Yuhe is alone.

This is not the result that the three supreme beings want to see.

Seeing Zhang Yuhe, he gradually fell into decline.

Taihua Supreme seemed more and more excited.

A generation of peerless genius is about to fall in their hands.

How could this not make him excited?

...

Zhang Yuhe kept dodging and moving, avoiding the terrifying attacks that were stronger than the previous ones.

He glanced at the Bolin Chaos Ark in the distance.

Then he looked around and saw the three supreme beings who were still attacking quickly.

I thought silently in my heart.

"It should be almost done here."

"This place is far enough away from the Chaos Divine Ark."

"It's Supreme Bolin who wants to summon the Chaos Boat back."

"Those take some time."

"This time interval is enough for me to kill them all."

Zhang Yuhe's eyes flashed with a sharp look, and he murmured to himself.

"Let me make this your burial place."

Think of this.

Zhang Yuhe's heart moved slightly.

Sudden.

In the void far away from Zhenshi Tianguan.

Nine terrifying figures appeared quietly in all directions.

This is Zhang Yuhe's clone.

In order to be able to keep the three supreme beings under this heavenly barrier.

As early as more than two hundred years ago.

Zhang Yuhe was ready.

He mobilized all nine clones near Tianguan.

And hidden in the void in the distance.

Including the clone that was originally left in the Sea of Chaos to save his life.

Zhang Yuhe also transferred over.

This time he didn't want to make any reservations.

Section 1194

Totally unnecessary.

Near this sea of chaos.

Zhang Yuhe never worried about his own safety.

He was only afraid that if he held anything back, the three supreme beings would run away.

This was not the result he wanted to see.

When I first returned to Zhenshi Tianguan, I knew that the three holy realms were about to launch an attack.

Zhang Yuhe had already planned it.

As long as the three supreme beings dare to come.

He wanted to keep the other party under this heavenly barrier.

Beat them all to death.

No matter it is the Supreme God King, the Eternal Emperor, or the Invincible Supreme.

As long as you dare to go wild around the Sea of Chaos.

Then there is only a dead end.

No matter who it is, there will be no exceptions.

This is Zhang Yuhe's determination.

In order to achieve this purpose.

He has endured this for a long time.

Now he finally got the chance.

The nine clones quietly emerged in the void, but no one saw them.

In order to ensure that the effect of killing with one hit is achieved.

Zhang Yuhe specially asked the clone to hide in a place far away from Zhenshi Tianguan.

As long as he doesn't start.

Then no one would know that he was hiding such a skill.

The nine clones stand in the void, and at the same time activate the magical power of Hunyuan Guiyi.

The terrifying divine power spread across the world, seeming to make the void lose its color.

The clones sacrificed their natal divine sword at the same time.

Nine divine swords appeared in a flash.

They quickly merged together to form a terrifying golden giant sword.

The clone looked at Zhenshi Tianguan in the distance and gave a soft drink almost at the same time.

"Gods and demons kill the sky, kill them."

The golden giant sword crossed the sky and quickly struck towards the Zhenshi Tianguan in the distance.

The terrifying sword light power seems to ignore time and space.

Appeared near Tianguan in an instant.

The shocking sword light spread across the sky and the earth, and the terrifying divine power enveloped all directions.

Seeing the giant sword crossing the sky, he quickly slashed towards this side.

At this time, the three supreme beings surrounding Zhang Yuhe were rapidly attacking.

Completely stunned.

What's happening here?

Do the Chaos Sea monks have other reinforcements?

This is impossible.

They have never heard of which universe the Chaos Sea has formed an alliance with.

What is even more difficult for them to understand is.

The power emitted by each of the nine golden giant swords in the void.

They are completely comparable to the Invincible Supreme.

And it is the invincible supreme in its complete state.

Is it within the scope of these Three Holy Heavens?

When did there appear to be more nine invincible supreme beings?

This is impossible.

When the golden sword light swept across the sky and the earth, it quickly appeared near Tianguan.

The three supreme beings were completely confused.

They couldn't figure out what was going on.

Could it be that there are external forces that want to interfere in the affairs of the Three Holy Heavens?

They were stunned for a moment.

The golden sword light spanned time and space and quickly struck their heads.

Until this time.

They suddenly woke up.

Supreme Bolin roared.

"Quickly retreat, everyone hides behind me."

"I'll let the Chaos Divine Boat resist these golden sword lights."

Pauline Supreme reacted very quickly.

He quickly pressed the magic formula.

The Chaos Divine Boat parked in the distance quickly burst out with vast divine power.

The Chaos Divine Boat turned into a stream of light and quickly flew towards them.

However.

The Bolin Chaos Divine Boat is indeed extremely fast.

But the sword light of God and Demon Zhutian Zhan is faster.

Almost at the moment Paulin Supreme reacted.

Nine terrifying golden giant swords were already slashing towards them.

"not good."

Supreme Bolin screamed secretly.

He quickly pulled out a silver shield.

The shield bloomed with bright silver light, firmly protecting him.

The eternal artifact, the Wall of Wind.

This is one of the most powerful defensive artifacts in the hands of Supreme Bolin.

But compared to his Chaos Divine Boat.

The defensive power of the Wall of Wind is still a bit lacking.

But there is no way.

time does not wait.

Bolin Supreme knew.

If you wait until the Chaos Boat flies close to guard it.

He was probably chopped into pieces by the world-destroying sword light in the sky.

The two Supremes, Taihua and Tianguang, also reacted quickly.

They first ducked behind Paulin Supreme.

I want to use the Bolin Supreme, the unparalleled and powerful Chaos Ark.

Provide them with an effective defense.

However, when they saw those golden sword lights, they seemed to be crossing time and space, and they were heading towards them quickly.

The two Supremes understood immediately.

If you still want this, wait for Paulin Supreme's Chaos Ark to save your life.

That is tantamount to waiting for death.

You have to rely on yourself.

Think of this.

The two Supremes, Taihua and Tianguang, each used the defensive artifacts at the bottom of the box.

Various defensive light curtains bloomed with brilliant colors, firmly guarding them.

despite this.

The three supreme beings were still panicking in their hearts.

Looking at the golden sword light in the sky that covers the sky with divine power.

They have absolutely no bottom.

But due to limited time.

That's all they can do.

Because Zhang Yuhe didn't, leaving them more time to react.

Section 1195

Just at this time.

The vast sword light has already struck down.

Boom...

The shocking loud noise instantly spread throughout the void.

The terrifying power seemed to silence the whole world.

...

Chapter 835 Where is the Holy Lord?

Nine golden sword lights struck straight down towards the three supreme beings.

The terrifying divine power spread across the void and wreaked havoc on the entire world.

The thunderous roar spread in all directions.

The terrifying aftermath quickly spread around, even to the monks far away on the wall of Zhenshi Tianguan.

They were all knocked to the ground by the horrific aftermath.

Feeling the boundless divine power, the monks on both sides were completely stunned.

They had never seen such terrifying power.

Even if the Supreme takes action with all his strength.

It doesn't seem so scary.

After a while.

As the aftermath gradually dissipated.

Everyone looked towards the center of the aftermath.

Zhang Yuhe was the only one left on the spot, standing quietly in the void.

As for the three powerful invincible supreme beings, they have long disappeared.

See this situation.

Everyone couldn't help but be stunned.

"How is this going?"

"What about the three supreme beings? Didn't they run away?"

"I do not know."

"Those shocking sword lights are really terrifying."

"At that moment, I seemed to have suddenly lost consciousness."

"Can't see anything, can't hear anything."

"The Lord of the Galaxy Palace is still there, but the three supreme beings are missing."

"Do you think those three supreme beings ran away or died?"

"Maybe he ran away?"

"Can the Supreme Being still be beaten to death?"

"This is impossible."

"I've never heard of anything like this happening."

"That's right, he probably ran away."

"But it's okay to run away."

"Even the Invincible Supreme was beaten away by the Galaxy Palace Master."

"Then this war should be over."

"Haha, Brother Tao is right."

"Originally, I thought that this war would last hundreds or thousands of years."

"I didn't expect that after only half a day of fighting, the three supreme beings were beaten away."

"The Lord of Galaxy Palace is mighty."

"The Lord of Galaxy Palace is mighty..."

Countless Chaos Sea monks stood on the city wall and cheered excitedly.

There was not even a trace of the three supreme beings at the scene, only Zhang Yuhe was left standing in the void.

Although they didn't understand what happened just now.

But there is no doubt about it.

Zhang Yuhe must have won the battle, successfully repelling the three supreme beings.

In contrast to the excited cheers of the God King monks.

All the Eternal Emperors of the Sea of Chaos were completely numb.

Because they clearly see it.

The moment when the nine world-destroying sword lights struck down quickly.

The three invincible supreme beings could not even resist a little.

He was directly split into nothingness by that terrifying sword light.

Emperor Beiyuan looked at everything in front of him silently.

He muttered to himself.

"The auras of the three supreme beings have completely disappeared."

Nangong Damo, who was next to him, also followed Yuyou's response.

"yes."

"All dead."

"The Lord of the Galaxy Palace will wipe out all three supreme beings in one attack."

"This kind of terrifying power is really unimaginable."

"If you hadn't seen it with your own eyes."

"I can't believe this is true."

The other Eternal Emperors around him were completely silent.

Although before that.

They have thought about many possibilities.

everybody knows.

Zhang Yuhe is very strong.

It should be possible to successfully repel the three supreme beings.

But it never occurred to them.

Zhang Yuhe was actually able to kill all three supreme beings.

And the process turned out to be so simple.

Just one round of attacks.

Those three seemingly invincible supreme beings were unable to resist even a little bit.

It was immediately chopped into ashes.

What kind of strength is this?

Is he still the Nine-step God King?

Can the Nine-step God King really be so powerful?

Even though things are right in front of you.

Everyone still can't believe this is true.

Because of this result.

It's really scary.

Completely subverting everyone's understanding of the Nine-Step God King.

Is this still some kind of adversity?

It's simply outrageous.

Now they even have some doubts.

Even if there is no suppression from the origin of the Chaos Sea, maybe Zhang Yuhe can do it.

With those terrifying fusion sword lights, he chopped a supreme being in full state to death.

Zhang Yuhe took action with all his strength.

He will never lose to pseudo-supremes like Paulin and Taihua.

Maybe even stronger.

Strong enough to kill the opponent in a head-on collision.

...

See the three supreme beings disappear.

The Chaos Sea monks were excited and jubilant.

However, those Holy World armies that had already retreated far away had a look of blindness on their faces.

They had no idea what happened just now.

Section 1196

Where is the Holy Lord?

Where are the Holy Lords of their three holy realms?

Why did you suddenly disappear?

The Holy Lord is gone.

So what are they going to do?

Do you want to continue attacking?

Without the Holy Lord to suppress the formation, they would be completely unable to defeat them.

Not to mention continuing to attack Zhenshi Tianguan.

If they don't break away from the source of the Chaos Sea as soon as possible.

I'm afraid even saving one's life is a problem.

Wait for the terrifying Galaxy Palace Master to lead the Chaos Sea monks to fight out.

Aren't they all finished?

"Great Elder, what should we do now?"

"Is there any latest order from the Holy Master?"

"No."

"Then what do we do?"

"We can't be allowed to stay here and wait to die, right?"

"Great Elder, please give the order as soon as possible for everyone to evacuate Zhenshi Tianguan immediately."

There was chaos in the holy army.

Although they all know it.

If you don't leave, you probably won't be able to leave later.

But they dare not leave without the orders of the three supreme beings.

It is different from the ordinary chaotic universe.

The monks in the holy world have everything completely in the hands of the Supreme.

Including his own life.

Because the Supreme Body Fusion Origin represents the will of the Holy World.

As long as they are creatures born in the holy world.

The invincible supreme being can take life and death.

The Supreme is the heaven of the holy world, and no one dares to disobey it.

But now the situation is critical.

If they don't run away.

You may really not be able to leave later.

I don't know who took the lead.

Although no latest orders have been sent.

Individual holy monks suddenly broke away from the army and quickly fled into the distance.

"No one is allowed to leave."

"No one is allowed to leave without the Supreme Order."

The various commanders of the Holy World Army also tried their best to restrain the monks under their command.

But faced with death threats.

This kind of restraint seems very feeble.

Just a moment later.

The tens of millions of holy armies dispersed in an instant.

Everyone fled quickly away from Tianguan.

Even the emperors and commanders no longer shouted for restraint.

Instead, he quietly blended into the scattered army and quickly ran towards the void in the distance.

Because they understand better than anyone else.

The Holy Lord is dead.

just now.

They were all wiped out by the peerless prodigy from the Chaos Sea in one round of sword light.

Although the Holy Lord can still be resurrected.

Moreover, through the origin of the holy world, one can quickly restore the cultivation strength.

But so what?

Can they still hope that the Holy Lord will come to rescue them?

The peerless talent in the Chaos Sea was able to kill the Holy Lord for the first time.

Then you can definitely kill him a second time.

They know it very well.

Even if the Holy Lord is resurrected, he will never dare to approach the Sea of Chaos again.

That is to say.

They can only rely on themselves.

But can they block those terrifying sword lights?

Even the Holy Lord can't stop it.

Why should they block it?

so.

Although they haven't received orders from the Holy Lord yet, everyone ran away in tacit agreement.

Running early may save a dog's life.

If you run a little slower.

Maybe he will fall directly under this desperate sky.

...

Chapter 836 Surrounded by a person

The three supreme beings were seen disappearing.

Those tens of millions of Holy World troops no longer dared to stay near Tianguan.

Even without any orders, everyone still fled in all directions in tacit agreement.

Because they all know it very well.

If I don't run again.

It's like waiting to die.

As for saying.

Will they run away again after the Supreme order comes?

What a joke.

Can they wait that long?

Although after the death of the Supreme Being, he can still be resurrected in his origin.

But that will take time.

Wait until the Supreme Being is resurrected and then pass on the order.

How long will it take?

It is estimated that the cucumber vegetables will be cold by then.

Now they would be fools if they didn't run.

...

Zhang Yuhe stood quietly in the void.

Looking at the Holy World army fleeing in the distance.

He couldn't help but snorted coldly and muttered to himself.

"Hmph, you dare to go to the Sea of Chaos to act wild, and now you actually want to escape."

"I'm afraid I haven't woken up yet."

Zhang Yuhe's thoughts moved slightly.

soon.

Nine figures with vast auras soon appeared in all directions outside Tianguan.

Every figure exudes the terrifying aura of the top eternal realm.

What made the Holy World army feel even more desperate was.

They suddenly found out.

These figures actually look exactly like Zhang Yuhe.

Even the imperial envoy's artifacts are exactly the same.

Section 1197

They are all surrounded by nine frightening divine swords.

Nine figures stood in the void, plus Zhang Yuhe himself in the direction of Tianguan.

A group of ten people.

A huge encirclement was formed, cutting off the retreat of the Holy World army.

The tens of millions of holy armies suddenly discovered.

It was as if they were caught in an ambush from all sides.

Zhang Yuhe alone surrounded tens of millions of them.

It sounds like it is very incredible.

But that's what they really think.

"rush."

"Everyone rushed out quickly."

"As long as we break through the suppression range of the origin of the Chaos Sea, we no longer need to be afraid of him."

An eternal emperor roared.

Then he looked in the right direction and avoided the location of Zhang Yuhe's clone.

Running quickly towards the void in the distance.

In this person's opinion.

They also have tens of millions of supreme god kings and two to three thousand eternal emperors.

As long as they are freed from the suppression of the origin of the Chaos Sea, they can display their complete cultivation.

Once so many people rush to kill.

Even if it is the Invincible Supreme, he still has to retreat three points.

Zhang Yuhe looked at everything in front of him silently.

He shook his head gently and murmured to himself.

"Now that we've reached this point, why bother struggling anymore."

"Isn't it better to die honestly?"

As soon as he finished speaking.

The nine clones took action at the same time.

Huge sword energy light curtains slowly rose around the periphery.

All the Holy World armies on the scene were enveloped.

Not only that.

As the sword array unfolded.

The sky also followed and suddenly became dark.

Everyone looked up to the sky.

I don't know when, but there are terrifying millstone shadows everywhere.

Suddenly it appeared in the sky.

The millstone carried terrifying power and instantly suppressed most of the holy monks below.

Except for a few powerful eternal emperors.

The others were suppressed to the point of being completely unable to move.

follow closely.

Boundless sword energy swept across.

All kinds of terrifying power of rules are intertwined in the sword energy.

Exuding terrifying pressure.

soon.

Invisible sword energy swept past.

In an instant, the tens of millions of Holy World troops were basically wiped out.

Except for a few eternal emperors.

When the invisible sword energy passed by.

The monks from the other three holy realms seemed like the first snow falling upon the sun.

Melts instantly.

Disappeared without a trace.

The nine clones pinched the magic formula continuously.

The phantom of the millstone rotates rapidly in the sky, and the sword formation gradually shrinks in scope.

After a while.

The remaining eternal emperors were slowly wiped out by the vast divine power.

The holy army, including the three invincible supremes, all fell.

Under Zhang Yuhe's strong sweep.

Not even a single person ran away.

All died.

Countless Chaos Sea monks stood on the city wall, looking at the terrifying power in front of them.

They even forgot to cheer.

Those golden fusion sword lights came too fast and suddenly.

Moreover, the terrifying power of the sword light is completely beyond everyone's understanding.

So they haven't understood what happened.

The three supreme beings have disappeared.

But this time Zhang Yuhe summoned his clone and activated the terrifying sword formation and millstone magical power.

But everyone can see it clearly.

Just two magical powers.

Then all the tens of millions of Holy World troops were wiped out.

To know.

These holy armies are not just cabbages.

All of them are supreme god-kings, even eternal emperors.

If placed in a universe.

Each of them is a great person who stands upright.

However, under Zhang Yuhe's sword energy.

These big shots are no different from Chinese cabbage.

He couldn't even hold on for the blink of an eye.

It was quickly dissolved into nothingness by the vast invisible sword energy.

"terrible."

"Is this the strength of Galaxy Palace Master?"

"The same nine-step divine king."

"I feel like I may not even be able to catch the lingering power of his sword energy."

"Brother Dao, please remove the word feeling."

"You will definitely not be able to withstand the remaining power of the sword energy of the Palace Master of the Galaxy."

"In the holy army just now, there are many who are stronger than you."

"Do you think any of them can hold on for even a moment longer under the sword energy of Galaxy Palace?"

"Brother is right, I think too highly of myself."

"The Lord of the Galaxy Palace swept through tens of millions of holy armies, and also defeated the three supreme beings."

"Do you think his current strength is similar to that of the Supreme?"

"Guess so."

"Then our Chaos Sea can also become a holy world?"

"That's natural."

"The Lord of Galaxy Palace is in charge."

"From now on, our sea of chaos will be a true holy world."

"Maybe the name should be changed."

"Why don't we just call it Galaxy Holy World, hehe."

"Haha, that's a good idea."

"If that really happens, we will be considered monks in the holy world from now on."

...

Seeing Zhang Yuhe's sword energy flowing freely, he directly wiped out tens of millions of Holy World troops.

This made the Chaos Sea monks on the city wall extremely excited.

While they were amazed at Zhang Yuhe's strength, they were also discussing the future of the Chaos Sea.

Section 1198

In everyone's opinion.

There is Zhang Yuhe, a powerful and ruthless person in the Chaos Sea.

It can be regarded as a holy world.

There is a chaotic universe with supreme power sitting there. What else can this be if it is not a holy world?

And this is still an open holy world whose origin has not been integrated.

They can enjoy all the conveniences brought by the prestige of the holy world.

And there is no need to be constrained by the origin of the holy world.

They are all free.

Think of this.

Everyone can't help but yearn for it.

...

Chapter 837 Do you still want to take it back?

A place far away from Zhenshi Tianguan.

A vast chaotic universe bloomed with blazing light in the long river.

The thick original breath is constantly radiating outward from the universe.

It spreads all the way to the depths of the distant river.

At the center of the universe here.

There is a towering mountain in the sky.

in the Legends.

There is the Holy Mountain where the Holy Lord lives.

At the top of the Holy Mountain.

Countless magnificent towers and pavilions are scattered everywhere.

In the middle of these balconies.

There is a strange fairy pond.

All kinds of mysterious and inexplicable auras are constantly emitted from the fairy pool to the entire universe.

Countless rhyme patterns, visible to the naked eye, rise and float above the fairy pond.

Just at this time.

An illusory figure slowly appeared in the fairy pond.

The figure's aura was extremely weak, as if it were a newborn baby.

As the figure changes from virtual to real.

The breath also began to gradually increase.

Qi refining period, foundation building, golden elixir...

Almost only for a moment.

The aura of this figure quickly rushed to the virtual god realm.

Not only that.

The aura rising from the figure has not diminished at all.

He rushed to the eternal realm and then slowly slowed down.

Supreme Bolin slowly walked out of the fairy pond.

Thinking of Zhang Yuhe's vast golden sword light in front of Zhenshi Tianguan.

He couldn't help but look gloomy.

He actually died.

Death was so sudden and so hard to accept.

He didn't even react in any way just now.

He was overwhelmed by the vast sword light.

Until now.

Paulin Supreme still didn't understand.

How could Zhang Yuhe activate such terrifying magical powers based on his level of cultivation as the Nine-Step God King?

Although Zhang Yuhe's strength has reached the peak of the eternal realm after the outbreak.

But even so.

The Eternal Realm shouldn't be able to display such terrifying strength.

Just a round of sword light swept across.

Then all three of them were wiped out under the Heavenly Gate of Zhenshi.

Because things happened too fast.

Supreme Bolin did not see the last conditions of Taihua and Tianguang.

But he knows.

Those two people must be dead too.

Even he couldn't stop Zhang Yuhe's vast sword light.

Taihua and Tianguang are even less able to stop him.

Supreme Bolin stood quietly beside the fairy pond, looking up into the distance into the void.

He said silently to himself.

"The Lord of the Galaxy Palace has emerged from the Three Holy Heavens, such a peerless genius."

"I'm afraid we, the invincible supreme beings, will have to be more restrained from now on."

Even though I was under Tianguan just now.

Because they were suppressed by their origin, they were unable to activate the rules of the avenue.

The strength is greatly restricted.

Even Bian's usual strength of 10% may not be able to be exerted.

But Supreme Bolin recalled the vast golden sword light.

He knew it very well.

Even if you are in a complete state.

Facing the continuous world-destroying sword light, he probably still couldn't stop it.

Unless avoided in advance.

That is to say.

Even if he encounters him in the river of chaos, he may not be able to defeat Zhang Yuhe.

Think of this.

Supreme Paulin couldn't help but feel a little frustrated.

Thinking that he, the invincible supreme being, could not help but become a nine-step god king.

Maybe even beat it.

This is simply very difficult to understand.

But Bolin the Supreme knew.

That's the truth.

He really couldn't beat Zhang Yuhe.

Even if we do it all over again.

Even if you don't get hacked to death.

I guess he still has to run away.

Until now.

Supreme Bolin did not expect to face Zhang Yuhe's vast world-destroying sword light.

What should he do to survive this.

There seems to be no way.

He could only run away.

Even if he activates it with all his strength, the defensive power of the Bolin Chaos Ark will be lost.

I guess it's still unstoppable.

Zhang Yuhe continuously struck out the nine world-destroying sword lights.

There is simply no solution.

If it was just one or two sword rays, that would be okay.

Bolin Supreme believed.

With his supreme strength, he can definitely take it on.

But the nine sword lights struck at the same time, the superimposed power.

It's really scary.

It's simply unstoppable.

Section 1199

As long as you are enveloped by the sword light, you can only wait for death.

"No, my Chaos Ark."

Only then did Supreme Paulin suddenly remember.

Just now, my Dharma body fell, and all the belongings on my body were left behind under the sky gate.

Those eternal artifacts are not bad.

Even if he loses everything, he won't feel bad.

Just put some thought into it.

It's not too easy to get a few eternal artifacts.

But that Chaos Divine Boat must not be lost.

It was a Chaos Divine Boat that was infinitely close to the semi-supreme level.

It took a lot of effort from him to accidentally kill a seriously injured chaotic creature.

Then he went around to collect all kinds of precious divine materials.

In the end, it took dozens of epochs to build this Chaos Ark.

This is the artifact that I am most proud of.

Once the Chaos Divine Ark is lost, his overall strength will drop a lot.

It is estimated that it can only be comparable to the two supreme beings Taihua and Tianguang.

There is no advantage anymore.

Think of this.

Supreme Bolin quickly used the magic formula.

Want to summon the Chaos Divine Ship back.

He only lost his Dharma body, but his soul was still intact.

The imprint of the divine soul imprinted on the Chaos Divine Boat can still be clearly sensed.

Under normal circumstances.

No matter where you are.

Even Paulin Supreme can summon the Chaos Ark back quickly.

But there is a premise here.

That is.

The Chaos Shenzhou couldn't and was suppressed by other powerful monks' seals.

Once the Chaos Divine Boat is sealed by others, then the mark of the divine soul left by him will be erased.

Then this Chaos Divine Ship no longer belongs to you.

Think of this.

Paulin Supreme seemed very anxious.

He quickly pressed the magic formula, hoping that Zhang Yuhe hadn't noticed it yet.

Allowing him to quickly summon the Chaos Divine Boat back.

...

Zhang Yuhe stood in the void, looking quietly into the distance.

The nine clones each sacrificed a pagoda and were collecting items scattered everywhere.

Just now, tens of millions of holy armies were wiped out in succession.

All of these people are supreme divine kings and eternal emperors.

Everyone carries a lot of wealth with them.

Now all these people have been swept away by Zhang Yuhe.

Naturally, he wanted to collect his loot.

After all, neither Donghua Palace nor the entire Chaos Sea is considered very wealthy.

He couldn't waste it.

Waste is shameful.

The clone carried the Dongtian artifact and quickly collected the fallen items.

Zhang Yuhe's true form was quietly looking into the distance.

He was looking at the Chaos Ark left by Supreme Bolin.

Zhang Yuhe has seen countless ordinary Chaos Divine Boats.

The number of Chaos Divine Boats on his body is countless.

But like the Chaos Ark left by Supreme Paulin.

That momentum was like a blue dragon floating in the sky.

He had never seen such a Chaos Divine Boat before.

It's definitely good stuff.

Gotta find a way to get it.

Zhang Yuhe knows very well.

What he just killed was the dharma body of Supreme Bolin.

As the invincible supreme being integrated into the holy world, no matter how many times he is killed.

All can be resurrected quickly.

That is to say.

The Chaos Divine Boat in the distance still belongs to Paulin Supreme.

It has his mark on it.

If these marks are not erased.

Paulin Supreme can summon the Chaos Ark back at any time.

Zhang Yuhe stood quietly in the void and kept pinching the magic formula in his hand.

Countless vast powers of rules quickly enveloped the Chaos Divine Ark.

Just at this time.

The Bolin Chaos Divine Boat suddenly burst into dazzling light.

Want to break free from Zhang Yuhe's rules and regulations.

See this situation.

Zhang Yuhe couldn't help but snorted coldly.

"Hmph, it's all mine, do you still want to take it back?"

"Stop dreaming."

...

Chapter 838 Galaxy Holy Lord

Seeing the Chaos Divine Boat, a blazing light suddenly burst out.

Zhang Yuhe knew it.

Paulin Supreme has been resurrected, and this is to summon the Chaos Ark back.

But how is this possible?

Everyone dies once.

Still want to get back what you left behind?

It was just a dream.

This Chaos Ark is very good.

Zhang Yuhe also likes it.

Since something has been taken care of by him, it is his own.

Don't even think about running.

Zhang Yuhe quickly pinched the magic formula in his hand.

Countless powers of vast rules are shrouding the Chaos Divine Ark.

Ban, suppress, imprison...

The rules of various avenues are layered on top of each other, completely locking the Chaos Shenzhou in place.

As time passes slowly.

The light emitted by the Chaos Divine Boat also gradually became dimmed.

Another moment passed.

Zhang Yuhe activated the power of rules and finally invaded the inner core of the Chaos Shenzhou.

After completely erasing the soul imprint left by Supreme Paulin.

Zhang Yuhe separated a ray of soul and left a mark inside the Chaos Divine Boat.

follow closely.

He stretched out his right hand.

The Chaos Divine Boat quickly shrank and turned into a mini airship, which landed in his hand.

Section 1200

Looking at the mini flying boat in his hand.

Zhang Yuhe couldn't help but have a faint smile on his face.

"Good stuff."

Looking at the shape of the flying boat like a blue dragon flying into the sky, I felt the inner core of the flying boat.

That vast and boundless power.

The more Zhang Yuhe looked at it, the more he liked it.

The Chaos Ark of Supreme Bolin is very special.

It should be completely crafted from the body of some powerful chaotic creature.

It not only retains the powerful power of chaotic creatures in life.

It also incorporates various exquisite weapon refining techniques.

The performance of the entire Chaos Shenzhou in all aspects has been pushed to the limit.

Playing with the mini flying boat in his hand, Zhang Yuhe liked it more and more.

"This will be my ship from now on."

"Well, I have to change my name first."

Think of this.

Zhang Yuhe's thoughts moved slightly.

The flying flag on the Chaos Divine Ship quickly changed its appearance.

The rules of the avenue are intertwined and presented.

Slowly, the flag was combined to form [Galaxy], two large characters with mysterious Taoist rhyme.

Zhang Yuhe turned his right hand and put away the Yinhe Shenzhou.

...

Next to the Holy World Immortal Pond.

Paulin Supreme felt disappointed.

Not only did he fail to take back the Chaos Ark.

And just now.

Chaos Shenzhou suddenly lost contact with him.

The mark of his soul that he left in the core of Shenzhou has been obliterated.

That is to say.

From now on.

That Chaos Divine Ship no longer belongs to him.

Think of this.

Paulin Supreme had some liver pain.

It seems like losing the most important thing in life.

After a while.

Supreme Paulin took a deep breath, and then silently walked into the fairy pond.

Things have been lost, and there is nothing that can be done about it.

He didn't have the ability to snatch things back from Zhang Yuhe.

That being the case.

What's the point in thinking more.

It's better to restore your cultivation first.

The invincible supreme body is integrated with the origin, even if it is beaten to death outside.

It can also be resurrected quickly and regain its strength quickly.

But it can only be restored to the eternal state.

If you want to continue to recover to the supreme state, it will take some time.

Pauline Supreme has already made plans.

From now on, I will stay in the holy world honestly.

Unless they heard the news of Zhang Yuhe's death.

Otherwise.

He will never step out of the holy world again.

As long as you don't leave the holy world.

No one can do anything to get him.

Paulin Supreme is in harmony with the origin of the Holy World.

In the holy world.

He is truly invincible.

Even if he is the Lord of the Dao Alliance, he is not afraid at all.

What's more, it's Zhang Yuhe.

From now on I will live in the holy world.

Not going anywhere.

Supreme Bolin sat cross-legged in the immortal pond, thinking silently in his heart.

...

Zhang Yuhe stands in the void.

The nine clones carefully cleaned the surrounding battlefield.

Follow and leave quickly.

Zhenshi Tianguan, Shifang Hall.

After the war.

Zhang Yuhe and a group of eternal emperors gathered together in the Shifang Hall.

All the Holy Army was destroyed.

Even the three invincible supreme beings were all beaten to death by Zhang Yuhe.

From now on.

The Chaos Sea stands proudly on the long river, and you no longer have to worry about being bullied by anyone.

Everyone was chatting and laughing in the hall, and at the same time looked at Zhang Yuhe in awe.

Although they are all eternal emperors, in terms of cultivation level.

A lot taller than Zhang Yuhe.

On the years of cultivation.

They are even more like senior antiques.

Even the youngest Eternal Emperor has practiced for at least hundreds of Chaos Era.

It has only been 50 billion years since Zhang Yuhe practiced.

He is simply too young to be ridiculous.

But among the Eternal Emperors in the hall, no one dared to treat Zhang Yuhe as a descendant.

In the world of cultivation, strength is respected.

Zhang Yuhe can even beat the Supreme to death.

The strength left them behind, and they didn't even know how far away they were.

Faced with such a peerless power.

Who dares to take advantage of him?

Just at this time.

Emperor Heihe suddenly smiled and said.

"The strength of the Galaxy Palace Master is completely comparable to that of the Invincible Supreme."

"Maybe even a little stronger."

"Now in our Chaos Sea, the Lord of the Galaxy Palace is in charge."

"I wonder if we should openly display the banner of the Holy World."

"Also let people outside the territory know."

"From now on, our place is no longer an ordinary chaotic universe."

"It is an eternal holy world."

The Beiyuan Emperor next to him immediately echoed.

"Yes, Heihe is right."

"The Lord of the Galaxy Palace is so powerful that he can suppress the whole world."

"We are playing the banner of the Holy World and there is no problem at all."

"I propose that the external name of the Sea of Chaos be slightly changed."

"From now on, let's call it the Galaxy Holy World in the name of the Lord of Galaxy Palace."

"good."
