Chapter 174

"No, the True Immortal cultivator who sells the Immortal Artifacts is named Zhang Yuhe. He is a new disciple of the Dao Sheng Sect."

"What's so special about this person?"

After hearing the family head's continuous questions, Ouyang Tianwu carefully recalled the information about Zhang Yuhe.

In order to deal with Dao Sheng Sect.

They have carefully investigated every true immortal of the Daosheng Sect.

After a while, Ouyang Tianwu answered slowly.

"About two thousand years ago, Zhang Yuhe ascended from the lower world, landed on the Dao Sheng Sect's ascension platform, and then joined the Dao Sheng Sect."

"If there's anything special about it, this person is a weapon refiner, and his skills are very good. He is very popular among the true immortal circles in Fang City."

After hearing Ouyang Tianwu's answer, Ouyang Tianchen spoke without thinking.

"Xiao Xiami, who has only ascended for two thousand years, seems to be just an errand boy, so there is no need to pay special attention to him."

Ouyang Tianwu next to him nodded silently.

He also recognized the family head's judgment.

In their view, Zhang Yuhe was just an errand boy and had nothing to do with the downfall of Ouyang Lishan and others.

"Master, what are we going to do now? The man behind the scenes has never been found. Do we still want to continue attacking the Dao Sheng Sect?"

According to their original plan, they should have taken action against Dao Sheng Sect long ago.

But the sudden death of Ouyang Lishan and others made them doubtful.

However, no results have been found in this matter, so we can't just give up.

Ouyang Tianchen stood up suddenly and spoke slowly.

"I have already discussed this matter with Qian Mu. He thinks that now is not the time to deal with Dao Sheng Sect."

"I know that old fox Qian Mu. He is worried that the Dao Sheng Sect will have strong support, so he is timid."

Hearing this, Ouyang Tianwu couldn't help but become anxious and spoke quickly.

"Then when will we have to wait until we can deal with the Dao Sheng Sect alone?"

Although the Dao Sheng Sect is weakened, there are still two Golden Immortal monks.

Moreover, Lian Zhengyu is in the middle stage of Golden Immortal and is very difficult to deal with.

In addition, the mountain gate of Daosheng Sect, after many years of management by Lu Yunfei, is not that easy to attack.

It would not be easy for the Ouyang family alone to take down the Dao Sheng Sect.

It might even overturn.

Even if victory is achieved in the end, it will inevitably come at a huge price.

This is not the result they want to see.

Ouyang Tianchen nodded, he naturally understood the reason.

It would definitely be impossible for them to deal with Dao Shengzong alone. He would rather not eat this piece of fat.

I don't want my family's strength to suffer too much.

However, he has been planning this matter for many years, so naturally he will not give up easily.

Ouyang Tianchen said with a smile.

"Don't worry, I've already made an agreement with that old fox Qian Mu."

"With ten thousand years as the limit, no matter whether we can find the mastermind behind it or not."

"Ten thousand years later, we will join forces to launch an attack and destroy the Dao Sheng Sect in one fell swoop."

"The famous name of the head of the family."

Hearing Ouyang Tianchen's words, Ouyang Tianwu felt extremely excited.

They can afford to wait for thousands of years.

And within these ten thousand years, maybe they can still find out the reason why Ouyang Lishan and others died.

As long as the Nine Immortals Sect and Ten Thousand Beasts Sect don't interfere, they will have no scruples.

The two families joined forces to form a crushing force.

The Dao Sheng Sect is completely unable to make waves.

...

Chapter 158 The Return of Song Patriarch

After Zhang Yuhe returned to the cave, he immediately used the Chaos Beast Crystal Core to open the third aperture.

In the early stage of true immortality, the three orifices are opened.

In the Ji'an sea area, if not unique, it is probably extremely rare.

After opening the third orifice, his strength has been improved to a certain extent.

At the same time, the speed of cultivation is also much faster.

Zhang Yuhe made a rough calculation.

If you continue to retreat, it is estimated that it will only take more than two thousand years to break through to the true immortal.

Now, should we practice cultivation first or comprehend the third law first?

Thinking of this, Zhang Yuhe couldn't help but fell into deep thought.

Regarding the third law, he had already made plans, which was the law of space.

Once he understands the laws of space, it will not only fully enhance his combat capabilities.

Moreover, the laws of space have unique advantages in escaping.

With the blessing of the law of space, the monk's flying speed will become extremely fast.

If combined with some special spatial magical powers, the effect of teleportation can even be achieved.

The most important thing is that he also has the medium to understand the laws of space.

The Wanling Tu is a space fairy weapon.

By observing the Taoist rhyme on the Wanling Diagram.

Zhang Yuhe is confident that he can understand the laws of space.

However, based on previous experience.

He has deeply understood that understanding the laws is a very time-consuming matter.

Even if his understanding is against the heavens, he wants to understand a supreme law again.

It could take thousands of years.

More than two thousand years have passed since Zhang Yuhe ascended to the immortal world, but he has not practiced seriously yet.

All the time is basically spent on understanding the rules.

It seems a little wrong to do this.

The state of cultivation is the foundation of immortality.

As long as his cultivation progresses quickly enough, even if he doesn't understand any laws, his strength will still not be weak.

Once he can break through to the Golden Fairyland, even if there is no law to accompany him.

You can also push the Ouyang family horizontally.

In that case, Daosheng Sect would have no worries about its future development.

It would not be like this now.

The entire sect was suppressed by the Ouyang family.

Even he and Xie Mingyuan could only hide in the market and dared not go out at all.

"Practice first, put aside the law for the time being, and comprehend it later when you have time."

Zhang Yuhe made a decision quickly.

Let's improve our cultivation first.

He slowly circulated the Hunyuan Heavenly Scripture, and the surrounding immortal spirits quickly gathered towards him.

In the following time, the Ji'an Sea Area ushered in a rare period of peace.

The Ouyang family and the Qian family seemed to have retracted their claws.

They did not continue to put pressure on Daosheng Sect.

Even the previous attack on the immortals of Daosheng Sect did not happen again.

Not only that, even Ouyang Tianyue, who had been staring at Xie Mingyuan, retreated.

The original disputes seemed to have disappeared.

However, everyone in Daosheng Sect knew that this was just a prelude to the coming storm.

...

Two hundred years later, the ancestor Song Heguang, who had been away for many years, finally returned to Ji'an Market.

After he came back, he immediately summoned Xie Mingyuan and Zhang Yuhe.

On this day, Xie Mingyuan came to his house.

Seeing Xie Mingyuan coming, Zhang Yuhe immediately greeted him and called politely.

"Brother Xie, long time no see."

"Haha, with that old guy Ouyang Tianyue guarding us, how could we meet?"

"But now it's okay, ancestor Song is back, and we can finally move around the market normally."

"Let's go and pay our respects to ancestor Song."
