Section 241

What was a good fight turned into a bladder fight.

It can only be said that the mutated chaos beast is too tough.

If his power of law were not strong enough to suppress the Chaos Beast continuously.

They really have no way to deal with this mutated chaos beast.

Of course.

Mainly Zhang Yuhe has not used his life-saving trump card to press the bottom of the box.

If at the beginning.

Just activate the magical power of Hunyuan Guiyi.

This mutated six-star chaos beast probably couldn't even catch his two sticks.

Hunyuan Guiyi's magical power can increase his strength tenfold.

This kind of improvement is no joke.

Just this kind of life-saving magic power.

Zhang Yuhe obviously would not use it easily.

Especially now, the beast tide may break out at any time.

Who knows what will happen in the next time?

This is not the Ji'an sea area.

In the Chaos Continent, danger may come at any time.

Zhang Yuhe had a vague premonition.

Hunyuan Guiyi's magical power should be preserved as much as possible.

Maybe in the next battle.

This burst of magical power might be able to save his life.

...

Chapter 210 Transplanting the Yunling Fairy Fruit Tree

Looking at the corpse of the mutated Chaos Beast lying on the ground in front of him, Zhang Yuhe felt quite a sense of accomplishment.

He had just broken through to the early stage of Golden Immortal and was able to kill such a powerful Chaos Beast.

At least in the South China Sea Immortal Domain, it should be considered the only one.

Of course.

There is also Yu Liwei's contribution to this.

If it weren't for Yu Liwei, who controlled eight middle-grade immortal-killing cannons to help.

Just by himself.

I am afraid that I will have to fight with this mutated chaos beast for several days in a row.

As for whether he can be beaten to death, that's a matter for two people.

Mutated Chaos Beasts will reveal their original form after death.

The Chaos Beast in front of him has transformed from a humanoid monster into a huge lizard monster.

Zhang Yuhe stretched out his hand and waved.

Collect the corpse of the Chaos Beast into the All Souls Map.

Chaos beasts are all treasures, and mutated chaos beasts are even more so.

If he's willing to trade out.

It is estimated that in exchange, a large amount of immortal cultivation resources can be obtained.

However, Zhang Yuhe had no intention of trading the mutated chaos beast's body.

Keep this thing for yourself first.

Although he did not have the corresponding elixir recipe, he could not use the mutant chaos beast crystal core to refine the elixir.

There is no corresponding blueprint, and it is impossible to refine the middle-grade Chaos Immortal Armor.

But sooner or later he can get these things.

Putting away the body of this mutated chaos beast, he would be able to use it sooner or later.

Yu Liwei drove the flying boat and quickly flew over from a distance.

When she looked at Zhang Yuhe, her eyes were full of admiration.

At this time, she no longer regarded Zhang Yuhe as a junior.

How could she dare to regard a golden immortal monk who could kill a mutated six-star chaos beast as a junior?

Even Lu Yunfei back then didn't have such a record.

To know.

Back then, Lu Yunfei was a veteran Dzogchen Golden Immortal.

And various means emerge in endlessly.

despite this.

Back then, Lu Yunfei could only defeat ordinary six-star chaos beasts at best.

Even so.

Lu Yunfei is still favored by all parties.

I think it is very likely that he will successfully break through and become Taiyi Immortal Lord.

Unfortunately, after an immortal disaster, Lu Yunfei disappeared.

No one has been seen for hundreds of thousands of years.

If it weren't for the soul lamp, it would still be on.

She almost thought that Lu Yunfei should have died long ago.

Seeing Yu Liwei coming over.

Zhang Yuhe said excitedly.

"Come on, let's go over and see the Yunyuan Immortal Fruit."

After saying this, the two of them quickly flew towards the hidden valley.

When they arrived,

I saw that the original valley had long been flattened by the boundless sword energy.

However, because Zhang Yuhe was controlling the Nine Heavens Hunyuan Sword Formation.

Deliberately avoiding the Yunyuan fruit tree.

The boundless sword energy did not damage the fruit tree at all.

Looking at the trees full of Yunyuan Immortal Fruit, both of them could not help but show joy on their faces.

This is a good thing that Golden Immortal monks dream of.

Eat a piece of Yunyuan Fairy Fruit.

It can improve the cultivation level of Jinxian in the early stage by 10%.

Converted to the late Golden Immortal stage, it can also be improved a lot.

Looking at the Yunyuan Immortal Fruit in front of me.

Zhang Yuhe turned around and asked Yu Liwei.

"There are a total of forty-nine Yunyuan Immortal Fruits, how should we distribute them."

These Yunyuan Immortal Fruits were discovered by two of them at the same time.

And when fighting against the Chaos Beast, Yu Liwei also helped.

Of course he couldn't take it all to himself.

But if the two of them had to split the money equally, Zhang Yuhe was a little reluctant.

After all, he contributes more.

If he wasn't there.

If any Golden Immortal monk came over, he would only be able to stare blankly.

Yu Liwei looked at the Yunyuan Immortal Fruit in front of her, pondered for a while and then responded.

"Can you give me five Yunyuan Immortal Fruits?"

"As long as I have five Yuanyuan Immortal Fruits, I should have a chance to break through to the state of Dzogchen."

Zhang Yuhe nodded silently.

Yu Liwei was very sensible and didn't think about splitting the money equally between the two.

Compared to the entire fruit tree, there are a total of forty-nine Yunyuan fruits.

Five is not too much.

Zhang Yuhe waved his right hand and offered the Ten Thousand Spirits Map.

A small man with two green leaves on his head appeared out of thin air in front of the two of them.

Zhang Can now stood up and respectfully called out to Zhang Yuhe.

"Hello, sir."

After saying that, he curiously looked at Yu Liwei next to him.

Zhang Yuhe said with a smile.

Section 242

"This is Fairy Yu, Senior Yu."

Zhang Can immediately shouted respectfully to Yu Liwei.

"Greetings to Fairy Yu."

Yu Liwei glanced at the Wanlingtu in Zhang Yuhe's hand, and then glanced at Zhang Can.

She instantly understood what was going on.

She couldn't help but sigh.

Zhang Yuhe is really a man with great luck.

He can even get a treasure like a space fairy.

And the little man with two green leaves in front of him is obviously transformed by a spiritual medicine.

It is incredible that a spiritual medicine can grow to a human form.

But she didn't ask.

Everyone has their own secrets.

Zhang Yuhe didn't care.

The Wanlingtu was what he had seized after killing Ouyang Lishan.

With his current strength, it is not too eye-catching to master a space fairy.

Zhang Yuhe said to Zhang Can.

"Pick five Yunyuan Immortal Fruits and give them to Fairy Yu, then transplant this Yunyuan Fruit Tree to the Wanling Map."

The Yunyuan Fruit Tree is more than ten feet tall.

Under normal circumstances, it is not easy to transplant.

But he has the Wanling Map, a space fairy artifact, so it is much easier.

And Zhang Shen is a professional who is proficient in planting.

It is just right to solve this problem.

In this case.

Zhang Yuhe will naturally transplant the entire Yunyuan Fruit Tree.

Although the Yunyuan Immortal Fruit takes a very long time to mature.

It may be tens of millions of years before the next fruit is produced.

He will definitely not be able to use it by then.

But it doesn't matter.

If he can't use it, he can keep it first.

He was born in the Daosheng Sect, not a lone casual cultivator.

When he breaks through to Taiyi Immortal in the future, he will become the ancestor of the Daosheng Sect.

Will he have to take care of the younger generation in the sect?

Rare things like the Yunyuan Fruit Tree can be regarded as the foundation of the sect.

Zhang Can picked five Yunyuan Immortal Fruits and handed them to Yu Liwei.

Looking at the immortal fruit in her hand, Yu Liwei was extremely excited.

She slowly bowed to Zhang Yuhe, then spoke solemnly.

"Thank you."

Zhang Yuhe waved his hand gently in response.

"Fairy Yu, you don't have to be polite. We are looking for treasures together and fighting against the Chaos Beast together. Naturally, everyone who sees it will have a share."

"And the fairy has taken care of it. Daosheng Sect has been here for so many years. A mere Yunyuan Immortal Fruit is nothing."

Yu Liwei didn't say anything else, but just silently remembered her gratitude in her heart.

After a while.

After Zhang Can transplanted the entire Yunyuan Fruit Tree into the Wanlingtu.

He bowed to Zhang Yuhe, bowed, and then returned to the Wanlingtu.

As a spiritual medicine, a living being transformed.

Zhang Can didn't like to appear in the outside world.

That made him feel very insecure.

I always feel that as long as he is a person, he wants to use him to refine immortal pills.

It's still comfortable in the Wanlingtu.

As long as Zhang Yuhe doesn't get ruthless, he'll be safe.

...

Chapter 211 Mingshaling Sand Demon

After the Yunling Immortal Fruit Tree was transplanted.

Zhang Yuhe quickly flashed and collected the corpses of the surrounding Chaos Beasts.

In addition to the mutant six-star Chaos Beast.

He also killed more than twenty Chaos Beasts above four stars.

As for Chaos Beasts below four stars, he killed tens of thousands.

He naturally couldn't waste so many Chaos Beast corpses.

However, those Chaos Beasts below four stars.

They have been cut into pieces by the invisible sword energy.

There's no need to count on the corpses.

Just pick up the crystal core.

After a while of work, the two drove the flying boat and quickly returned to the direction of Yingyue City.

This place can't stay any longer.

It's been a long time since they started to do it.

I don't know if the Liuyuan tribe has asked Mingshaling for help.

Maybe the support from Mingsha Ridge is on the way.

Zhang Yuhe is not interested in meeting the Chaos Beasts of Mingsha Ridge.

Mingsha Ridge is a large tribe.

There are dozens of Chaos Beasts of Taiyi Realm above seven stars.

There are even nine-star, top-level Chaos Beasts of Taiyi Realm.

This is a very large force.

Even the Nangong Immortal Clan has to be careful when facing Mingsha Ridge.

To be precise.

As long as Mingsha Ridge is out in full force.

The Nangong Immortal Clan can only hide in Tiangong City for defense.

They dare not confront Mingsha Ridge head-on outside.

Zhang Yuhe can't afford to provoke Chaos Beasts of Taiyi Realm.

It is the right choice to get a handful of benefits and run away quickly.

The two of them drove the flying boat and flew quickly towards Yingyue City.

As for the original task of investigating and clearing Chaos Beasts, it is no longer important.

The entire Liuyuan tribe was swept away by them.

What's the point of investigating then?

Now, there are not many Chaos Beasts in the southeast of Yingyue City, tens of millions of miles ahead.

You can say that.

Zhang Yuhe's operation has solved a major threat around Yingyue City for the Nangong Immortal Clan.

About half a day later, two streams of light flew into Yingyue City.

Seeing the two of them return so quickly.

Nangong Youxi couldn't help but feel a little strange.

She asked with a frown.

"But what happened?"

In her opinion.

【Disgusted Che Zhuanli Zhan

With the strength of Zhang Yuhe and Yu Liwei, the Chaos Beasts of an ordinary team can't threaten them at all.

There's no reason to come back so soon.

Zhang Yuhe and Yu Liwei looked at each other.

Then he roughly told the matter.

But he just said.

They accidentally fell into the encirclement of the Chaos Beasts of Liuyuan Tribe.

Section 243

Then the two of them simply used the mid-grade immortal-killing cannon to wipe out all the chaos beasts in the Liuyuan tribe.

Zhang Yuhe didn't want to hide too much.

People with strength will be respected everywhere.

Showing your strength appropriately has only advantages and no disadvantages.

Moreover, if he deliberately concealed it.

It may affect the judgment of the Nangong Immortal Clan.

If this causes any unpredictable accidents, it will be in big trouble.

Of course.

They didn't say anything about Yunyuan Immortal Fruit.

This thing is their own opportunity.

There is no need to explain it so clearly to Nangong Youxi.

Moreover, before eating it into the stomach.

If you talk about this too much, it will be troublesome.

After listening to Zhang Yuhe narrate the whole incident.

Nangong Youxi couldn't help being shocked.

Of course she wouldn't believe Zhang Yuhe's lies.

What are you talking about, relying on the middle-grade immortal-killing cannon to destroy the entire Liuyuan tribe?

This is a joke.

Although the medium-grade immortal cannon is indeed extremely powerful.

But according to the information she obtained.

The entire Liuyuan tribe has dozens of four-star or above Golden Fairy Realm Chaos Beasts.

And among them, there are six-star chaos beasts.

Facing this huge force, can a few mid-level immortal-killing cannons be enough to solve it?

She doesn't know yet.

In fact, the Liuyuan tribe was much more powerful than she knew.

Not only are there Chaos Beasts in the Golden Fairy Realm, there are more than twenty of them.

There is even a six-star Chaos Beast that has mutated.

Nangong Youxi asked with some suspicion.

"Are you mistaken? Are you sure it's the Liuyuan tribe?"

She had some doubts that Zhang Yuhe and the others had gone to the wrong place.

Conveniently wiped out other small tribes.

Zhang Yuhe didn't talk nonsense either.

I saw him wave his right hand.

The corpses of huge chaos beasts were instantly suspended in mid-air.

These are all four-star or above Golden Fairy Realm Chaos Beasts.

He showed them all except the mutated six-star chaos beast.

There are more than twenty in number.

Although these chaos beasts have been dead for a long time.

But the whole body still exudes a frightening aura of terror.

Looking at the corpse of the Chaos Beast in front of him.

Nangong Youxi's face was filled with an incredible expression.

But she soon turned to ecstasy again.

The Liuyuan tribe was destroyed.

That means, in the coming tide of beasts.

The pressure Yingyue City needs to face will be much less.

Zhang Yuhe waved his hand and put away the Chaos Beast corpse.

Then he asked Nangong Youxi in a low voice.

"I heard that the Liuyuan tribe is a subordinate force of Mingsha Ridge."

"We will wipe out the Liuyuan tribe. Nothing will happen, right?"

Nangong Youxi naturally knew the purpose of Zhang Yuhe's question.

Hao responded with a smile.

"Don't worry, as long as the Chaos Beast can be destroyed, that's a good thing."

"I will inform Patriarch Tianming."

"If the high-level chaos beasts from Mingsha Ridge come here to cause trouble, our ancestors will deal with them."

Zhang Yuhe nodded slightly.

Hearing this, he finally felt relieved.

He was worried at first.

After the Liuyuan tribe is destroyed, Mingshaling will come to cause trouble.

In case there are a few chaotic beasts with seven stars or above, come to Yingyue City.

They may not even have a chance to teleport and escape.

After the younger ones were beaten, the older ones came.

This kind of thing is inherently annoying.

Now he has the support of Taiyi Immortal Lord from the Nangong Immortal Clan.

He wouldn't have to worry about it anymore.

...

The former site of Liuyuan tribe.

A huge humanoid Chaos Beast, exuding a frightening pressure.

It is from Mingsha Ridge, the seven-star mutated chaos beast Shamok.

If a Chaos Beast wants to be promoted to Seven Stars, it must mutate at least once.

That is to say.

All Chaos Beasts with seven stars or above can transform into human form.

Looking at the sword energy in front of him, the mountain peaks collapsed and collapsed.

Shamok couldn't help but frown.

It muttered to itself.

"We are still too late, the Liuyuan tribe no longer exists."

A mutated six-star chaos beast next to him said angrily.

"Sir, the monks dare to destroy the Liu tribe, we have to show them some shame."

"Oh, how far is the nearest monk city?"

Shamok responded calmly and asked.

The war between monks and chaos beasts has never been justified.

You hit my man.

I'm going to call back.

This is not just a matter of face.

It's a question of momentum.

They cannot lose in terms of momentum.

Since there are monks, Liuyuan tribe will be destroyed.

Then it is only natural for them to destroy a monk fairy city.

They can not only launch siege operations when the beast tide breaks out.

It's okay to do it naturally.

Just to see if there is demand.

Hearing Shamok's words, the mutated six-star chaos beast immediately responded.

"Sir, thousands of miles away, there is a city belonging to the Nangong Immortal Clan, called Yingyue City."

"Then let's go over there now and destroy Yingyue City."

"By the way, capture some monk sacrifices and go back to offer sacrifices to the True God."

Shamok said calmly.

It seems like he is just talking about a trivial matter.

This is indeed the case.

In Shamok's opinion,

it is just a small acropolis.

It can be destroyed with a flick of the hand.

Section 244

...

Chapter 212 The middle stage of Golden Immortal

As a subordinate force of Mingsha Ridge, the Liuyuan tribe could not just be destroyed for no reason.

After receiving the news of Liu Chang's request for help.

Shamok led the people and rushed towards this side quickly.

However, it was still a step too late.

At this time, the Liuyuan tribe had completely ceased to exist.

He was wiped out to the point where not even the dregs were left.

That being the case.

Shamok naturally wanted to take revenge.

Otherwise.

Where to put Mingshaling's face?

It looked cold and said to the Chaos Beast beside it.

"Let's go and destroy Yingyue City."

In the war between monks and chaos beasts.

Chaos beasts have always been the stronger side.

They have never had any intention of suffering a loss.

Since the monks destroyed the Liuyuan tribe, it was a means of revenge.

It destroyed a fairy city of monks.

Otherwise, how could you swallow this bad breath?

Just as Sand Moke was preparing to lead his Chaos Beasts to attack Yingyue City.

A faint voice came from far away.

"Where do you want to go?"

Hearing this sound, Shamok was stunned for a moment, and then shouted in horror.

"It's Tianming, the old monster is here, run quickly."

After saying this.

Sha Mo Ke gave up and ran towards Sand Mo Ridge quickly.

"Hmph, now that you've met me, don't run away."

A huge fairy ship came quickly from a distance.

Nangong Tianming stood on the top of the fairy ship.

Chaos beasts were seen fleeing in all directions.

He ignored those low-level chaos beasts, but stared at Shamok closely.

In Nangong Tianming's eyes.

Chaos beasts below seven stars are all small fish, so don't worry about them at all.

But he was not going to let this seven-star chaos beast go.

Saw Shamok running wildly.

The speed is not even much slower than the fairy ship?

Nangong Tianming frowned slightly.

He had no intention of engaging in a long-distance chase with the Chaos Beast.

If they appear again in the front, and a large number of high-level chaos beasts come to respond, it will be a big trouble.

Think of this.

He waved his right hand.

Boom...

Three dazzling rays of light shot out from the fairy ship.

The three high-grade immortal-killing cannons on the fairy ship suddenly opened fire.

Three scorching rainbow lights locked directly on Shamok.

Roar.

Shamok let out a thunderous roar, and his whole body flashed with dazzling seven-color light.

It didn't try to dodge.

Nangong Tianming piloted the fairy ship and followed closely behind.

Once it gets distracted and dodges, it will be caught up immediately.

Although Shamok is a Chaos Beast, it doesn't mean he has no brains.

As early as hundreds of millions of years ago, Nangong Tianming had already broken through to the Great Perfection of Taiyi Immortal.

Its strength is far from comparable to that of a seven-star chaotic beast.

Even the top nine-star chaos beast in the Mingsha Ridge tribe dare not say that he is sure.

Can definitely defeat Nangong Tianming

Shamok is self-aware.

It knows.

Now I am running away, there is still a glimmer of hope.

Once Nangong Tianming catches up with him, he will definitely die.

So it was thinking about whether it could rely on its own strong defense capabilities. .

Withstand a wave of high-grade immortal-killing cannon bombardment.

However, Shamok obviously thought too much.

Boom...

Three scorching rainbow lights directly bombarded Shamok's huge body.

The power of the top-grade immortal-killing cannon is truly terrifying.

Even Shamok has mobilized his defense forces in advance.

But it was still unable to block the heaven-destroying and earth-destroying bombardment of the top-grade Immortal-Destroying Cannon.

Three rainbow lights directly penetrated it.

"Roar."

Shamok let out a thundering roar, then fell to the ground unwillingly and ran away on the street.

It is only a seventh-level Chaos Beast, and it is impossible to withstand the frontal bombardment of the top-grade Immortal-Destroying Cannon.

Nangong Tianming waved his hand and put away the Chaos Beast's body.

He smiled to himself.

"Yes, yes, I picked up a seven-star chaos beast for free."

"I knew these fools from Mingsha Ridge would definitely come out to take revenge, and it was not in vain that I came here and squatted for half a day."

After receiving the summons from Nangong Youxi.

He knew that the high-level chaos beasts in Mingsha Ridge would definitely take revenge on Yingyue City nearby.

For this reason, he deliberately waited in the middle of the road to intercept.

Unexpectedly, he actually crouched down to a seven-star chaos beast.

To know.

Under normal circumstances, those high-level Chaos Beasts stay deep in the Chaos Continent.

When there is no outbreak of beast tide.

It's not easy for him to kill one.

There is no agreement between the monk and the Chaos Beast not to kill the junior.

As long as it happens.

Even if they were one-star chaos beasts, Nangong Tianming wouldn't mind killing a few.

After putting away Shamok's body.

Nangong Tianming drove the battleship and quickly returned towards Tiangong City.

After Zhang Yuhe returned to Yingyue City, he immediately entered the cave to practice.

He didn't know.

Because of Nangong Tianming's action.

A huge crisis was resolved invisible in an instant.

At this time, Zhang Yuhe was sitting cross-legged on the training platform.

In front of him, there were forty-four attractive fruits.

Yunyuan Fairy Fruit.

Looking at the fairy fruit in front of me.

Zhang Yuhe couldn't help but smile.

Muttered to himself.

Section 245

"I hope that after refining all these immortal fruits, I can break through to the middle stage of golden immortality."

He picked up a fairy fruit, put it to his mouth and took a bite.

The fairy fruit melts in your mouth.

A majestic medicinal power instantly filled the whole body.

Zhang Yuhe quickly ran the Hunyuan Scripture,

Guide this majestic medicinal power to continuously gather towards Dantian.

A year has passed.

Zhang Yuhe slowly opened his eyes, with a look of joy on his face.

The medicinal power of Yunyuan Fairy Fruit is extremely powerful.

After a year of continuous practice, he refined this medicinal power.

He silently felt the changes in his Dantian.

His cultivation level has indeed improved, to about half a percent.

Although it is not as recorded in the classics.

Directly improve your cultivation level by 10%.

But he would be very satisfied if he could improve by half a percent.

After all, everyone's situation is different.

He originally thought.

Because my Dantian is as wide as the ocean.

Like the Yunyuan Immortal Fruit, this kind of heavenly material and earthly treasure can directly improve your cultivation level.

If you put it on him, the effect will be greatly reduced.

Now it seems.

Although the effect is slightly worse, it is still acceptable.

Anyway, he still has forty-three Yuanyuan Immortal Fruits.

Wait until he eats all these fairy fruits.

Not only can the cultivation level be directly promoted to the middle stage of Golden Immortal.

Maybe in the middle stage of Golden Immortal, we can still make a lot of progress.

"Keep eating the fruit."

Think of this.

Zhang Yuhe once again took out a fairy fruit and ate it, then ran the Hunyuan Heavenly Scripture to refine the majestic medicinal power in it.

Time passes slowly.

Fifty years passed quickly.

Zhang Yuhe walked out of the cave gate.

At this time, the aura on his body was already in the middle stage of Golden Immortal.

From the time he broke through to the Golden Fairy Realm to now, it probably only took more than a thousand years.

Zhang Yuhe directly broke through from the early stage of Jinxian to the middle stage of Jinxian.

This is where he spends most of his time on understanding the rules.

During this period of time, he had almost no real practice.

However, after eating more than forty Yunyuan Immortal Fruits, he immediately broke through.

And it's not just as simple as just breaking through.

In the middle stage of Golden Immortal, Zhang Yuhe has advanced at least a small half.

Think of this.

He couldn't help but sigh.

The monk's opportunity is indeed very important.

If there were not these Yunyuan Immortal Fruits.

It would take him at least tens of thousands of years to reach his current state.

This needs to be done without interference from other things.

...

Chapter 213 The Beast Tide Arrives

Zhang Yuhe walked out of the cave door.

I saw people coming and going in Yingyue City, and it still had a prosperous and peaceful atmosphere.

Since the Liuyuan tribe was destroyed by them last time.

The chaos beasts around Yingyue City immediately restrained themselves a lot.

In the past, there were occasionally Chaos Beasts wandering around Yingyue City.

It often happens and the whole city is in a state of uproar.

However, now around Yingyue City, there is no trace of the Chaos Beast at all.

Nangong Youxi regularly sends out Golden Immortal monks to patrol and sweep along the periphery of Yingyue City.

It's just that every time everyone goes out on patrol, they always come back empty-handed.

If we say, when everyone went out before.

I am also worried that I might encounter a high-level Chaos Beast.

So now, everyone is worried about not being able to encounter the Chaos Beast.

Every time I go out, I come back empty-handed, and I can't even touch a one-star Chaos Beast.

It's depressing just thinking about it.

For these monks who were recruited.

If you can't kill the Chaos Beast, there is no gain.

It's like a trip in vain.

Of course.

In the depths of the Chaos Continent far away from the Immortal City, there must be Chaos Beasts everywhere.

But who dares to go to that kind of place?

Everyone just wants to rely on the defense of the fairy city and occasionally miss and kill some lone Chaos beasts.

To gain income.

However, I didn't expect this recruitment.

But there was no trace of the Chaos Beast.

It has been decades since they came to Yingyue City.

Among them, there are several Jinxian monks who have never eaten meat until now.

Not even a one-star Chaos Beast has been killed yet.

Compared with preparing for the beast tide in the past.

They have never had it so easy as now.

despite this.

Everyone still hasn't let down their guard.

Everyone understands.

This may just be the calm before the storm.

...

Niulan Mountain is hundreds of millions of miles away from Yingyue City.

A tall humanoid Chaos Beast stood on a mysterious altar.

This person is none other than Niu Man, the chief priest of the Niulan Mountain tribe.

Around Niu Man, there were countless chaotic beasts standing densely packed, and they could not be seen at a glance.

Niu Man glanced around, holding a thick mace high in his hand.

He shouted with excitement.

"Warriors, the sacrificial ceremony that takes place once every 100,000 years is coming soon."

"Do you want to be promoted to a higher level?"

"Go ahead and attack the monk's city and capture enough sacrifices."

"Dedicate the sacrifice to the True God, the Supreme Lord."

"The True God, the Supreme Lord, will definitely reward you generously."

Roar.....

Roar.....

Countless chaos beasts roared like mountains and tsunami.

The sound echoed through the sky.

For ordinary chaos beasts

The sacrificial ceremony held every 100,000 years is their best opportunity to advance to a higher realm.

Section 246

As long as you can get enough sacrifices.

Offerings to the True God, the Supreme Being, through the Altar.

There will definitely be feedback.

With any luck.

Not only can you directly break through to a higher realm.

It is even possible that in the process of evolution, incredible mutation capabilities will occur.

As for the sacrifice in the eyes of the Chaos Beast.

Naturally, they are monks from various ethnic groups.

Whether it is human race, monster race or demon race.

In the eyes of the Chaos Beast, there is no difference.

As long as they are creatures who follow the path of cultivating immortals, they are all sacrifices in their eyes.

Following Niu Man's order.

A large number of chaos beasts rushed out of the wilderness and ran towards the nearby fairy city.

at the same time.

All the tribal forces under Niulan Mountain also received orders from Niu Man.

Start heading to various fairy cities.

The chaos beast tide that occurs once in a hundred thousand years completely broke out.

Zhang Yuhe walked on the street.

Suddenly, a loud siren sounded from the top of the city.

Nangong Youxi River rises into the sky.

She shouted loudly and solemnly.

"The beast tide has broken out."

"Now I order all monks below the True Immortal level to quickly evacuate to Tiangong City through the teleportation array."

"All monks above True Immortal will go to the city wall to defend."

"yes."

Everyone responded loudly.

After Nangong Youxi gave the order.

The monks in the city took action quickly.

The monks who were under the True Immortal turned into streams of light one after another.

They rushed towards the teleportation hall in an orderly manner.

These people are basically monks born and raised in Yingyue City.

Relative to Zhang Yuhe et al.

These monks under the True Immortal obviously have rich experience in dealing with them.

The teleportation and retreat were tight and orderly, but not fast.

Follow the monks under the True Immortal and quickly evacuate.

There are only a few hundred true immortal disciples left in Nuo Da Yingyue City.

Plus them, these eleven Golden Immortal monks.

This is all the power that Yingyue City has to deal with the beast tide.

Although the number is small, they are all elite forces.

In the eyes of everyone, the beast tide is no big deal.

If that doesn't work, they can also teleport away.

Anyway, in the eyes of the Nangong Immortal Clan.

Yingyue City is not a place that must be defended.

You can give up if you can't hold on.

When facing the beast tide.

Almost any monk has no idea of coexisting with the city.

Because if you really want to do that, you may really die.

If you can't beat him, then run away. This is the right choice.

Unless it is an important core place like Tiangong City.

The Nangong Immortal Clan is really unwilling to give up.

No matter what, they will find a way to defend it.

As for the dozens of acropolis below, they can be defended as long as they can.

If you really can't hold on, there's nothing you can do about it.

Anyway, wait until the beast tide recedes.

The Nangong Immortal Clan is still okay and can re-establish the Immortal City on the same spot.

Chaos beasts cannot destroy the mineral veins under the fairy city.

Only those special spiritual places are easily destroyed by chaos beasts.

...

Zhang Yuhe flew to the top of the city.

At this time, all the guards in Yingyue City have arrived.

Zhang Yuhe glanced at everyone.

When he saw Yu Liwei, he couldn't help but look a little surprised.

At this time, the aura exuding from Yu Liwei's body was clearly that of Golden Immortal Dzogchen.

It seems that those five Yun Yuan Immortal Fruits have brought great help to Yu Liwei.

Not only did her cultivation level improve, but she even directly broke through the bottleneck.

Promoted to the Golden Immortal Dzogchen.

Seeing Zhang Yuhe arriving, everyone immediately shouted respectfully.

"I've met fellow Daoist Zhang."

"Fellow Daoist Zhang is here."

"With Fellow Daoist Zhang here, we will be able to easily survive this beast wave."

Zhang Yuhe smiled and nodded to everyone.

Seeing how enthusiastic everyone was, he felt a little helpless.

Since the last time, after returning from the Liuyuan tribe.

He became the focus of the entire Yingyue City.

One man broke into the Chaos Beast tribe alone and even destroyed the entire tribe.

As for Yu Liwei, who was traveling with her, she was automatically ignored by everyone.

the reason is simple.

Although Yu Liwei's strength is indeed not weak.

But everyone knows it.

Without Zhang Yuhe, Yu Liwei would have destroyed the entire Liuyuan tribe.

The fact that she was able to escape with her life from the tribe was considered a great feat.

obviously.

The person who really caused the destruction of the Liuyuan tribe must be Zhang Yuhe, the newly promoted supreme genius.

Only the supreme genius can create such an amazing record.

despite this.

The original incident had just spread in Yingyue City.

Everyone is even a little reluctant to believe it.

After all, just one person could destroy a tribe of Chaos Beasts.

Why does it sound a bit fantasy?

However, after Nangong Youxi confirmed it, they couldn't believe it or not.

Because everyone knows it.

There is no need for the Nangong Immortal Clan to flatter Zhang Yuhe.

This must be true.

From now on.

Zhang Yuhe was infinitely elevated in the hearts of everyone.

Even if you don't want to come over and hug your thighs.

There is absolutely no one who dares to look down on him.

Even Nangong Youxi, who is responsible for commanding the entire Yingyue City.

While talking to Zhang Yuhe.

Also kind-hearted.

Section 247

He didn't dare to put on the airs of the immortal clan's forces at all.

...

Chapter 214 Dark clouds over the city

Following Niu Man's order.

All the nearby Chaos Beast tribes responded and mobilized.

For these weaker tribes.

The sacrificial ceremony held once every 100,000 times is their opportunity to improve their strength.

Although in normal times.

Various wars often break out between monks and chaos beasts.

But the scale of these wars will not be too large.

And the party that suffers is often the Chaos Beast.

no way.

Who told the monks to build teleportation arrays in their fairy cities?

Once a fairy city is attacked, other cities will quickly send support.

But in the case of a large-scale melee like a sacrificial ceremony.

In the entire area, all the monks' fairy cities.

Whether it's an ordinary acropolis or those towering royal cities.

Even the high-altitude royal city will be attacked by chaos beasts.

In this situation.

There is no city where people can be spared to support others.

Even if it was temporarily repelled, the attack of the Chaos Beast.

No one dared to leave easily.

I'm afraid that the Chaos Beast will kill someone with a counterattack.

It is precisely because of this.

Every time the beast tide breaks out, many fairy cities will be attacked.

A large number of monks were captured by the Chaos Beasts and used as sacrifices to the True God Supreme.

Although teleportation arrays exist in fairy cities.

But when the beast tide breaks out. .

All fairy cities are at war.

No one can guarantee which fairy city is the safest.

Because even the royal city has records of being captured by chaos beasts.

As for the monarch-level fairy cities of various major forces, there are quite a few that have been captured by chaos beasts.

For example, when Zhang Yuhe met Li Jiuyue and others.

The Jiuli Sect they were in.

Originally, Immortal Lord Taiyi was also in charge.

They once owned a huge monarch-level fairy city in Chaos Continent.

However, during a great catastrophe hundreds of thousands of years ago, the Jiuli Sect's Juncheng was destroyed.

It was captured by the Chaos Beast.

Even the two ancestors of Taiyi Immortal Lord who were sitting in the city were captured by the Chaos Beast and used as sacrifices.

Therefore, in every sacrificial ceremony.

Chaos beasts from each tribe will gain something.

Although their losses are not small.

But in the eyes of those high-level chaos beasts.

As long as a large number of sacrifices can be obtained, no matter how big the loss is, it is nothing.

...

Yingyue City.

A group of golden immortal monks seemed to be chatting and laughing.

But everyone often involuntarily looks nervously at the wilderness in the distance.

Only Zhang Yuhe still looked indifferent.

There was no trace of nervousness on his face.

Because he is very confident in his own strength.

When there is no breakthrough.

He can kill even the mutated six-star chaos beast.

Now it has broken through to the middle stage of Golden Immortal.

Even if it is equivalent to the Seven-Star Chaos Beast in the Taiyi Realm, he dares to pass a few moves.

If you activate the magical power of Hunyuan Guiyi.

He was confident that he could beat an ordinary seven-star chaos beast to death.

Yingyue City is just a small acropolis.

No matter how large the scale of the beast tide is.

Chaos beasts that are stronger than Seven Stars will generally not appear.

In that case, what else does he have to worry about?

He just needs to wait quietly for the Chaos Beast to come and die.

Suddenly, Zhang Yuhe looked far away.

I can only see it in the sky.

Dark clouds slowly rose across the sky.

Bursts of rumbling sounds came vaguely from a distance.

Nangong Youxi looked stern and said slowly to everyone.

"Everyone, get ready, the Chaos Beast is here."

Everyone looked nervously into the distance.

Although there is no trace of the Chaos Beast yet.

But the tense atmosphere made everyone feel breathless.

After a while.

Endless chaos beasts appeared in the sky.

A large number of Chaos Beasts are running towards Yingyue City at a fast speed.

Zhang Yuhe mobilized his consciousness with all his strength and carefully observed the lineup of Chaos Beasts.

Soon, he regained his composure.

When the consciousness sweeps over.

He has clearly seen the lineup of Chaos Beasts.

There are approximately 20,000 Chaos Beasts with three stars or below.

As for the Chaos Beasts in the Golden Fairy Realm with four stars or above, there are about thirty of them.

Five six-star chaos beasts.

However, among these six-star Chaos Beasts, there is actually a mutated humanoid Chaos Beast.

This surprised Zhang Yuhe.

Wasn't the mutated six-star chaos beast in the Liuyuan tribe killed by him?

Where did this mutated six-star chaos beast come from?

Of course.

He was just a little curious and didn't care too much.

Since in the early stage of Golden Immortal, he could defeat the mutated six-star Chaos Beast.

So now it is no problem to break through to the middle stage of Golden Immortal.

Zhang Yuhe didn't take this mutant six-star chaos beast seriously at all.

In his eyes.

This mutated chaos beast is just a walking treasure of heaven and earth.

And it's already booked.

Don't even think about running.

Compared to Zhang Yuhe's indifference, the other Golden Immortal monks on the city wall looked panicked.

Nangong Youxi looked into the distance with a solemn expression.

When she saw the mutant six-star chaos beast, her heart tightened.

She was confident that she could defeat an ordinary six-star chaos beast.

Even if she couldn't kill it, she was confident that she could repel the six-star chaos beast.

Chapter 248

But facing the mutant six-star chaos beast, she didn't have the slightest confidence.

Despite this.

She didn't mean to give up.

Even if she couldn't beat it, she had to give it a try first.

Nangong Youxi looked around and said solemnly.

"Wait a minute, Zhang Daoyou and Fairy Yu, come with me to deal with that mutant six-star chaos beast."

"Others rely on the formation and try to hold back the remaining golden fairyland chaos beasts."

Everyone looked silent.

Everyone knew that this would be a tough battle.

Although they had formations to rely on.

But the chaos beasts were huge and their attack power was extremely fierce.

Once the chaos beasts were allowed to get close to the walls of Yingyue City.

The defense formation of the fairy city could not hold on for too long.

The chaos beasts only needed to launch a few rounds of attacks to break the defense of the fairy city.

In other words.

If they wanted to hold back the chaos beasts, they had to fight outside the city.

Looking at the more than 30 golden fairyland chaos beasts in the distance, everyone couldn't help but feel a little scared.

The gap in strength is a bit big.

Despite this.

No one has proposed to teleport and retreat directly.

Running away without fighting a battle, where can everyone put their face?

And Nangong Youxi will not allow everyone to retreat directly.

The resources of the Acropolis itself are indeed not particularly important to the Nangong Immortal Clan.

But the role of the Acropolis is not just to mine resources.

It is to protect Tiangong City.

Acropolis after Acropolis was built around Tiangong City.

When the beast tide comes, it can attract and disperse the strength of the Chaos Beast.

Once they retreat directly.

Then these Chaos Beasts will not go to Tiangong City?

The existence of the Acropolis is to reduce the defense pressure of Tiangong City.

Unless it is really impossible to hold on.

Otherwise, Nangong Youxi will obviously not lead everyone to retreat easily.

Even if it takes a little longer, it can reduce the defense pressure of Tiangong City.

Even if you want to retreat, you have to wait until you can no longer hold on.

Now I just saw the figure of the Chaos Beast.

There is no reason to retreat directly like this.

...

Chapter 215 This is a monster robbery

Seeing the endless chaos beasts in the distance, especially the existence of a mutant six-star chaos beast.

Among the Jinxian cultivators at the scene, except Zhang Yuhe.

Only Yu Liwei had no nervousness on her face.

She had truly seen Zhang Yuhe's strength.

Although the number of chaos beasts outside the city is slightly more than that of the Liuyuan tribe at the beginning.

The overall strength is also stronger.

But not much stronger.

At the beginning, she cooperated with Zhang Yuhe to wipe out the entire Liu tribe.

Now there are so many cultivators in Yingyue City.

They are much stronger than the two of them at the beginning.

And she believes.

After refining the Yunyuan Immortal Fruit, Zhang Yuhe's strength will definitely increase significantly.

Even if he has not reached the late Jinxian, he is at least in the middle Jinxian.

You know, there are as many as 44 Yunyuan Immortal Fruits.

She only ate five immortal fruits and successfully broke through to the Golden Immortal Great Perfection.

And Zhang Yuhe ate a full forty immortal fruits.

Yu Liwei didn't dare to imagine what realm he could reach.

But what is certain is that Zhang Yuhe's current strength is far from what it was before.

Maybe they don't even need to do anything.

Maybe Zhang Yuhe alone can wipe out the Chaos Beasts outside the city.

Looking at everyone's faces, they were all nervous.

Zhang Yuhe smiled and said to Nangong Youxi.

"Don't bother so much, let me deal with the mutant six-star Chaos Beast. You just need to hold back the other Chaos Beasts."

Hearing this, Nangong Youxi was stunned.

"Are you sure, Fellow Daoist Zhang, this is not the time to joke."

Zhang Yuhe responded lightly.

"Don't worry, it's just a mutant six-star Chaos Beast, it's not a big problem."

Seeing Zhang Yuhe's confident look, Nangong Youxi didn't hesitate anymore.

Although she didn't know how strong Zhang Yuhe's real strength was.

But she believed that as a ruthless person who could destroy the Chaos Beast Tribe alone.

Even if Zhang Yuhe could not defeat the mutant six-star Chaos Beast, he would not suffer too much.

And everyone was nearby.

In case of any unexpected situation, they could also provide timely support.

After roughly discussing some specific details of the enemy, everyone stayed quietly on the city wall.

Waiting for the impact of the Chaos Beast.

...

Endless Chaos Beasts ran all the way.

When they came, thousands of miles away from Yingyue City.

The mutant Chaos Beast suddenly raised the black spear in his hand high.

Boom...

The Chaos Beast, which was originally running all the way, stopped in an instant.

The humanoid Chaos Beast looked at the fairy city in the distance with a cold look.

It was Sha Liumang from Mingsha Ridge.

Due to the destruction of the Liuyuan Tribe, several nearby small tribes suddenly became leaderless.

So the Mingsha Ridge priest sent it over to lead several nearby small tribes.

Attack Yingyue City together.

As for the main force of Mingsha Ridge, they naturally set their sights on Tiangong City.

To be honest.

When Sha Liumang received the order to perform the sacrifice, he resisted in his heart.

Everyone went to Tiangong City to eat meat, but it was asked to attack this small city.

How many cultivators are left in Yingyue City?

Even if the city is breached, it can't catch many sacrifices.

But Tiangong City is completely different.

All the elite forces of the Nangong Immortal Clan are gathered there.

Even if the immortal city cannot be breached.

Even in the melee outside the city, they can catch a large number of sacrifices.

What if Tiangong City is breached by luck.

It is still unknown in the tribe how many guys will be able to take the opportunity to advance to the Seven Stars Realm.

It can tell the difference by counting with its feet.

Thinking of this, Sha Liumang was very unhappy.

It felt that it was looked down upon by the sacrifice.

Chapter 249

Then it was sent to the battlefield that originally belonged to a small tribe.

Looking at the fairy city in the distance.

Sha Liumang thought silently.

"If I move faster, maybe I can still get to Tiangong City."

"Maybe there is still a chance to drink some soup."

"But the premise of all this is that I have to break through this small city in front of me as soon as possible."

Thinking of this.

Sha Liumang waved the black spear in his hand and shouted excitedly.

"Warriors, for the tribe, for the True God Supreme."

"Charge forward and crush the human cultivators into slag."

Roar...

Roar...

Hearing Sha Liumang's encouragement, the surrounding Chaos Beasts were like chicken blood.

The deafening roar resounded through the world and rushed straight into the sky.

The boundless Chaos Beasts, like a tide, quickly rushed towards Yingyue City.

Sha Liumang took the lead, taking broad steps and rushing all the way to the front.

In its view,

It is impossible for a mere cultivator city to have such strong defense.

The priest sent it here, which was a bit of a sledgehammer to kill a chicken.

...

Seeing the Chaos Beast rushing over.

Nangong Youxi quickly pinched the spell.

A light blue light curtain slowly rose above Yingyue City.

The light curtain not only covered the entire city.

But also extended thousands of miles outside the city.

The second-level immortal formation, the two-element dust formation.

Although this formation does not have a very outstanding defensive ability.

But in the Chaos Continent, it is very practical.

Because the two-element dust formation, while taking into account defense, also has a certain gain effect.

Under the cover of the formation, the strength of the cultivator can be increased by about 30%.

The attack ability of the Chaos Beast is really too strong.

Even the immortal formation with the strongest defensive ability cannot stop the attack of the Chaos Beast.

It is precisely because of this.

The formation that can improve the strength of the cultivator is more practical.

When a large number of Chaos Beasts rushed into the coverage of the light curtain.

Everyone jumped out of the city wall and rushed towards the Chaos Beasts in the distance.

Except for a few people who stayed on the city wall to control those low-grade immortal-killing cannons.

Almost all the Golden Immortal cultivators and True Immortal disciples were dispatched.

Despite this.

There is still a huge gap in their numbers compared with the Chaos Beasts.

At present, all the cultivators in Yingyue City add up to only a few hundred people.

And the number of Chaos Beasts outside the city is at least more than 20,000.

But everyone is still fearless.

They are all elite forces from all over the world, not comparable to ordinary cultivators.

Even in the face of powerful Chaos Beasts, everyone is still full of confidence.

...

Zhang Yuhe jumped out of the city wall.

He waved his right hand.

Nine flying swords shone with a magnificent aura and quickly fell towards the distance.

As the spell was pinched.

A huge sword energy light curtain slowly rose.

The sword energy light curtain enveloped all the Chaos Beasts outside the city.

Zhang Yuhe continued to make incantations.

A large amount of invisible sword energy soon formed in the light curtain.

The dense sword energy cut through the void and quickly cut through the beast tide.

Those low-level Chaos Beasts were cut into pieces in an instant.

Seeing this situation, everyone was stunned.

Especially those True Immortal disciples.

Originally thought that they would have to face a large number of Chaos Beasts.

But now it seems that they have nothing to do.

After Zhang Yuhe swept through several rounds of sword light.

Almost all the Chaos Beasts below three stars on the scene were swept away by him.

The rest were Chaos Beasts of the Golden Immortal Realm above four stars.

Facing Chaos Beasts above four stars.

They, the True Immortal disciples, are not even qualified to be cannon fodder.

What to do now?

Seeing this situation.

Everyone was a little numb.

It seems that Zhang Laozu has gone too far.

Is this a fucking monster grabber?

Zhang Yuhe took away all their tasks?

Then in this beast tide.

Wouldn't they, the True Immortal disciples, be just spectators?

Thinking of this.

The True Immortal disciples felt both relieved and a little weird.

Zhang Yuhe instantly wiped out those low-level Chaos Beasts.

This means that they, the True Immortal disciples, don't have to risk their lives.

But they have nothing to do.

This feeling is a little weird no matter how you look at it.

...

Chapter 216 All stunned

Compared to those True Immortal disciples, Zhang Yuhe cleared all the monsters with a few rounds of sword light.

They were at a loss.

They didn't know what to do now.

The Golden Immortal cultivators at the scene were all shocked.

Because everyone knew.

Chaos Beasts are immune to most of the magical powers and law damage of cultivators.

General large-scale magical powers can't seriously injure Chaos Beasts at all.

Even if Taiyi Immortal Lord takes action.

When facing a large number of Chaos Beasts, they have to be killed one by one slowly.

It is impossible to kill a large group of Chaos Beasts with one slap.

That is why, before each beast tide comes.

All the major forces will recruit monks from all over to participate in the battle.

Instead of just sending a few top masters.

Because when facing a beast tide.

Even if it was a top expert, it would be too busy.

However, everyone saw it just now.

Zhang Yuhe just summoned a huge sword formation.

He swept away all the low-level chaos beasts on the scene.

Section 250

Such a result was beyond everyone's cognition.

What kind of sword formation would have such a powerful force?

Everyone was completely confused.

Zhang Yuhe ignored other people's thoughts.

He continued to pinch the magic formula to control the sword formation to quickly narrow the range.

The remaining more than 30 four-star or above Golden Immortal Realm Chaos Beasts were tightly circled in the formation.

At this time, Sha Liumang was completely confused.

It originally thought that Yingyue City was just a small acropolis.

Under the attack of the Chaos Beast, it was not captured with one hand?

However, the result of the matter made it feel very incredible.

It was just a blink of an eye.

The more than 20,000 Chaos Beasts under its command were swept away.

There was nothing left on the ground except some shining crystal cores.

Such a result was completely unacceptable to Sha Liumang.

Originally, it wanted to break through Yingyue City as soon as possible.

Then it would rush to Tiangong City immediately.

But now, there are only more than 30 Golden Immortal Realm Chaos Beasts left around it.

Even if they break through Yingyue City and rush to Tiangong City, what's the point?

Thinking of this.

Roar...

Sha Liumang couldn't help but let out a thunderous roar.

"Break the sword formation and rush over, and crush all the human cultivators into slag."

Although Zhang Yuhe instantly wiped out a large number of low-level chaos beasts.

But Sha Liumang was still full of confidence.

Because in its view.

Zhang Yuhe's cultivation is at most the middle stage of the Golden Immortal.

Even if he knows some special means.

It is impossible for him to take any advantage of him.

Zhuan

It is Sha Liumang, but a mutated chaos beast from Mingsha Ridge.

It is not comparable to those low-level chaos beasts.

As long as he breaks the sword formation and rushes out.

Sha Liumang is confident that he can blow up Zhang Yuhe with two punches.

Seeing a group of Chaos Beasts, they were violently attacking the Sword Array Light Curtain.

Zhang Yuhe snorted coldly.

He quickly pinched the magic formula.

Under the blessing of the three supreme laws.

The powerful invisible sword energy instantly swept across the remaining Chaos Beasts.

Under the suppression of the Supreme Law.

These Chaos Beasts in the Golden Immortal Realm had no power to resist at all.

They were directly pressed to the ground.

Except for Sha Liumang, the mutant Chaos Beast.

The remaining Chaos Beasts, whether they were four-star, five-star, or six-star.

There was no difference.

All were directly imprisoned in place by the three supreme laws, and could not move at all.

Zhang Yuhe swung the Nine Heavens Flying Spirit Stick and rushed over directly.

The golden stick shadows in the sky swiftly chopped down towards Sha Liumang.

At this time, Sha Liumang finally felt the power of Zhang Yuhe.

Before the stick shadow came to him, the powerful imprisonment force instantly suppressed him to the point where he could not move.

This made Sha Liumang feel shocked.

"What kind of magical power law is this?"

It couldn't understand it at all.

You know.

It was Sha Liumang, a real mutant chaos beast.

It was not comparable to those small fish.

What kind of magical power law could imprison it?

Sha Liumang felt that he was not facing a golden immortal cultivator.

But a powerful Taiyi Immortal Lord.

Otherwise.

How could the other party completely suppress and imprison it with the power of the law?

Thinking of this.

Sha Liumang couldn't help but feel greatly frightened.

Originally, it thought that it was a powerful lion.

And the cultivators in Yingyue City were just a group of sheep that had not grown up yet.

Now it seems.

It is the little white rabbit.

And the other party is a tiger with a big mouth.

Maybe it will swallow it whole in the next bite.

Zhang Yuhe didn't care what Sha Liumang was thinking at this time.

He swung the long stick quickly.

The Nine Heavens Flying Spirit Stick turned into a golden stick shadow that completely enveloped Sha Liumang.

Boom...

As the stick shadows kept falling.

Sha Liumang was blasted back and forth.

It simply had no power to resist.

Zhang Yuhe quickly flashed his body and blasted out one stick after another.

He looked like he would not stop until Sha Liumang was killed.

It must be said that the defense ability of the mutant chaos beast was indeed strong enough.

Even though he had broken through to the middle stage of the Golden Immortal.

He still could not be killed by the mutant chaos beast with a few sticks.

He wanted to kill this humanoid monster.

He might have to spend more effort.

Seeing this scene, all the cultivators at the scene were completely stunned.

They originally thought that the six-star mutant chaos beast was too powerful to deal with.

In Zhang Yuhe's hands, it was like beating his son.

He was beaten to the point of having no temper at all.

How could this be a mutant six-star chaos beast?

This is probably not just an ordinary one-star Chaos Beast, disguised, right?

The huge contrast made everyone forget for a moment that they were in the beast tide period.

There were more than 30 Chaos Beasts imprisoned by Zhang Yuhe's law power nearby.

Yu Liwei was the first to come to her senses.

She waved her right hand.

The five middle-grade Immortal-killing Cannons on the flying boat instantly sprayed out a scorching rainbow light.

The light was like thunder, rushing straight to the Chaos Beast imprisoned by Zhang Yuhe.

The sound of cannons was heard.

Everyone reacted at this moment.

Damn it.

They actually stood there in a daze during this once-in-a-millennium opportunity to grab a head.

This is simply unforgivable.

In the beast tide, whoever kills the Chaos Beast will own the body.
