

## Toxic Ex 591

Chapter 591: She Doesn't Want to Force Her

"What should I help with?" Feng Chengyu asked.

"You'll find out when the time comes."

.....

Lin Yixun went to Shengde Hospital again the next afternoon. Compared with the day before, Xiao Yi Xun's complexion had improved, and she seemed more spirited.

"Mommy, the nurse auntie said I can be discharged the day after tomorrow."

"Then our Xiao Yi Xun won't need to get drips or take medicine anymore." Lin Yixun affectionately tapped the little one's small nose.

"Uh-huh." Xiao Yi Xun nodded vigorously, "If I get more drips, the back of my hand will look like a sieve."

"Do you know what a sieve looks like?" Lin Yixun asked with a smile.

Xiao Yi Xun shook her head, "I don't know, isn't that what they say on TV?"

Lin Yixun shook her head helplessly, having to admit the influence of mainstream media, even on children as young as three or four years old.

Fortunately, it wasn't something inappropriate for children.

"Mommy, can you take me to the amusement park when I'm discharged?"

"Sure, no problem. Once you're out of the hospital, we can go wherever you want." Lin Yixun pinched Xiao Yi Xun's chubby cheeks.

"Can I go to the Ocean Park to see the dolphins?"

"Of course."

"I also want to go to the beach to build sandcastles."

"No problem."

"Will Daddy come with us?"

"....."

She responded with silence. Lin Yixun's expression stiffened but quickly returned to normal. She patted the little one's head and softly said, "Daddy has to work and can't go with us."

"What if Daddy is available? Daddy is the boss, he can give himself a holiday."

"Because Daddy is the boss, he can't skip work; otherwise, what if something happens to the company?"

"But Daddy has taken me out before. Daddy has time." Xiao Yi Xun said persistently.

"When Daddy has time, Mommy may not be free." Lin Yixun paused, then asked tentatively, "Yixun, do you want to wait until Daddy is free to go with him, or go with Mommy?"

Lin Yixun asked this to see who was more important in Xiao Yi Xun's heart.

Xiao Yi Xun twisted her fingers, feeling troubled, and softly said, "I want to go with both Daddy and Mommy."

Lin Yixun sighed helplessly, deciding not to pressure her child on this matter.

For every child, both parents are important. Why force Xiao Yi Xun to choose between her and Leng Yixiu?

However, she was destined not to fulfill Xiao Yi Xun's wish. She could never give her a complete family.

Lin Yixun glanced at the time; it was already six o'clock in the evening. Leng Yixiu was probably getting off work and coming over.

She slowly stood up and, while Sister Yi went to fetch water, whispered to Xiao Yi Xun, "Mommy will come later to pick you up, okay?"

She hadn't taken Xiao Yi Xun away these days because her cold hadn't fully recovered, but she had consulted the doctor who said she could be discharged the day after tomorrow.

At that time, regardless of whether Leng Yixiu allowed it or not, she would take Xiao Yi Xun away.

Hearing that Lin Yixun was going to take her away, Xiao Yi Xun was so excited she couldn't sleep, even late at night.

Leng Yixiu told her one story after another and coaxed her for a long time, but her eyes remained wide open.

"Our little princess, why aren't you asleep yet?" Leng Yixiu asked helplessly.

"Daddy, Mommy said she's going to take me to the amusement park the day after tomorrow." Mommy had repeatedly told her not to tell Daddy that she had been here, but telling Daddy that they were going to the amusement park should be fine, right?

Chapter 592: He Truly Loves You!

"Did Mom really say that?" The man frowned and asked.

"Dad, do you not want me to go? If you're unhappy, I... I'll tell Mom tomorrow that I won't go."

"That's not the case, silly little thing." The man affectionately tapped the little one's nose. "How could Dad be unhappy when Mom takes our little princess out to play?"

"Then will Dad come with us?"

"Dad still has things to handle at the company, so he won't be going with you."

"Mom was right, after all." Xiao Yi Xun pouted, displeased.

Seeing Xiao Yi Xun's disappointed look, Leng Yixiu couldn't help but feel a bit bitter. How could he not want to enjoy the happiness of being together as a family, but he knew very well that Lin Yixun would not be pleased to see him.

A harmonious family gathering is nothing but an unattainable dream.

Just as Lin Yixun had said, on this day for Xiao Yi Xun, she went to Shengde again.

This time, she was not alone; Feng Chengyu accompanied her to Shengde.

Feng Chengyu glanced at the gate of Shengde and frowned, "You asked me to come with you, not to help you snatch someone, right?"

"You guessed it right." Lin Yixun couldn't guarantee that she wouldn't run into Leng Yixiu later.

To avoid a repeat of what happened last time, she decided to bring Feng Chengyu along for protection. She had seen Feng Chengyu's skills before; handling a few bodyguards should be no problem.

Seeing Feng Chengyu's unhappy expression, Lin Yixun felt uneasy, "If you don't want to help me, I'll go up alone. I won't force you."

"Since I'm here, going up is no problem." The man said calmly.

After getting out of the car, they went to the inpatient department. When they reached the door of the ward, Feng Chengyu did not enter. Instead, he said to Lin Yixun, "I'll wait here. If you encounter any trouble, just call me."

"Okay."

With that, Lin Yixun walked in.

Lin Yixun walked into the ward and found that Leng Yixiu was still not there. Inside the ward were only Sister Yi and Xiao Yi Xun.

Seeing Lin Yixun, Xiao Yi Xun opened her arms for a hug. Lin Yixun smiled and held her in her arms. "Little Princess, are you ready? Let's go!"

With that, she lifted Xiao Yi Xun from the bed and started walking towards the door.

To her surprise, Sister Yi didn't stop her. Instead, she handed her a bag, "Miss Lin, these are the little miss's change of clothes."

Seeing Lin Yixun's surprise, Sister Yi explained, "Sir said he has to go abroad for a business trip soon and won't be able to take care of the little miss, so for this period, the little miss will be in your care."

Lin Yixun never expected Leng Yixiu to suddenly relent on this matter and agree to let Xiao Yi Xun return to her, even if only temporarily. It was beyond her expectations.

"Did he say anything else?" Lin Yixun didn't believe Leng Yixiu would be so agreeable; there must be conditions.

"Sir also said that whatever Miss Lin wants, he will give, even the child's custody."

"Did he really say that?"

"Yes." Sister Yi nodded. "Miss Lin, actually, Sir keeping the little miss by his side wasn't to fight for custody. He just... just because..."

Sister Yi hesitated for a long time and then softly said, "Because... because he can't let go of the little miss. Sir personally and painstakingly raised the little miss, doing everything himself. To him, she is his precious darling, the person he loves most in this world. But no matter how much he loves the little miss, as long as you ask, he will give you custody. Miss Lin, Sir really loves you."

Chapter 593: I'm Just Heartbroken for Sir

"Sister Yi, are you playing the persuader?"

"I... I'm just heartache for sir. All these years, he thought you were dead, it has been tough for him."

"How he has lived has nothing to do with me," Lin Yixun said expressionlessly.

"But..."

"Sister Yi, stop mentioning him," Lin Yixun's face turned colder.

Xiao Yi Xun looked at Sister Yi in confusion, then at Lin Yixun, "Mommy, are you talking about me and daddy?"

Xiao Yi Xun's voice brought some warmth back to Lin Yixun's face. She lowered her eyes to look at her, "Mommy and Sister Yi are discussing adult matters. You're just a child, you wouldn't understand."

Xiao Yi Xun protested, "I'm much older than Fei Yiji. Even Uncle Fei says I'm a little adult, don't look down on me!"

The Uncle Fei in Xiao Yi Xun's words was Fei Yichen. Recently Fei Yichen had a daughter, and naturally, he joined the ranks of doting fathers.

Lin Yixun was amused by the little one and said with a smile, "Alright, alright, our little adult. It's getting late, let's go!"

Lin Yixun carried Xiao Yi Xun out of the hospital room. Feng Chengyu took the luggage from Sister Yi's hands and followed them.

Xiao Yi Xun rested her little head on Lin Yixun's shoulder, staring intently at the man following them, and whispered, "Mommy, who is that uncle?"

"He's Uncle Feng, mommy's...friend."

"He looks so fierce," Yixun murmured.

"Don't be afraid, Uncle Feng just has a stern face that looks fierce. But he's really kind-hearted and won't bully our little Yi Xun."

The three of them got into the car, with Lin Yixun hesitating for a moment before saying to Feng Chengyu, "You should still take me back to the Central Apartment."

Lin Yixun was afraid that suddenly bringing a child to the Feng Family mansion would be hard to explain to the old lady, and was also worried that Xiao Yi Xun would be uncomfortable in a strange environment with unfamiliar people.

Feng Chengyu naturally understood Lin Yixun's concerns and said in a deep voice, "I've already explained the situation to Grandma, so you don't need to worry."

Lin Yixun knew Grandma Feng liked her. However, she was still uncertain if she would have any ill feelings towards Xiao Yi Xun, as she's not Feng Chengyu's child but the child of another man and her.

"For the time being, I will still move back to the apartment; it's more convenient."

"Alright."

Lin Yixun was somewhat surprised, not expecting Feng Chengyu to agree so quickly and decisively.

But before she could feel happy about it, she heard the man say in a deep voice, "I'll give you twenty days to adjust, after the marriage, you must move back and live with me."

Lin Yixun nodded. She thought this might be the man's biggest concession to her.

After escorting them upstairs, the man left, leaving the car keys with her.

Lin Yixun was somewhat moved. Although Feng Chengyu said nothing, she understood his good intentions.

Lin Yixun actually had a car, but it got rear-ended not long ago and had not been repaired yet.

Going out with a child, although you can take a taxi, having a car is still more convenient.

"Thank you then." Lin Yixun did not stand on ceremony, "How will you get back later?"

"I have a friend who happens to be passing by here, he'll give me a ride."

Another coincidence? Really just a coincidence?

Lin Yixun did not delve deeper. Subconsciously, she didn't want to dig deeper.

She was afraid that if she dug too deep, she would get an answer she couldn't bear.

Chapter 594: The 24 Filial Piety Fiancé?

Chu Feng couldn't understand Feng Chengyu's behavior at all. "I say, Young Master Feng, you're such a considerate fiancé, practically like a saint. Are you really planning to raise someone else's child?"

"Doing nothing and having a child for free, isn't that great?" Feng Chengyu raised his eyebrows and said.

"You're so open-minded, but I can't accept it. If I'm going to raise a child, it has to be my own."

"Your own?" The man frowned slightly, then curled his lips, "That's actually a good idea."

.....

After Lin Yixun had tidied up the luggage, the first stop was the amusement park with Xiao Yi Xun.

On Sunday, the amusement park was bustling with people. Love for noisy places is a child's nature, and seeing the crowd, Xiao Yi Xun was beyond happy.

"Mommy, I want to ride the carousel."

"Okay, Mommy will take you."

Holding her small hand with her big hand, Lin Yixun took Xiao Yi Xun to the carousel.

Since Xiao Yi Xun was still small and afraid that she might fall, Lin Yixun held her while riding the same carousel.

As the music started and the carousel began to rotate, Xiao Yi Xun laughed happily, her eyes curved into crescents.

She turned her head and looked at Lin Yixun behind her, tilting her head, "It's so fun, Mommy, I want to ride the carousel often."

"Alright, alright, whatever you say."

"This is really great, Mommy, I love you!" Saying that, Xiao Yi Xun gave Lin Yixun a big kiss on the cheek.

Lin Yixun took the little one for a round in the amusement park. By the time they returned home in the evening, Xiao Yi Xun fell asleep as soon as she touched the safety seat.

Looking at Xiao Yi Xun in the safety seat through the rearview mirror, Lin Yixun couldn't help but gently smile.

The little one must be exhausted, understandably so, they had been walking back and forth in the amusement park all day, probably covering a long distance.

As the car drove into the garage, Lin Yixun noticed a Lotus sports car following closely behind.

Through the rearview mirror, Lin Yixun saw the owner of the sports car and her heart skipped a beat.

She wasn't sure if it was just a coincidence or fate, she kept running into Ouyang Hao lately.

Her first reaction was to look at Xiao Yi Xun in the safety seat in the back, wondering if Ouyang Hao recognized her. If he did, seeing Xiao Yi Xun with her might raise suspicions.

So, Lin Yixun stepped hard on the gas, driving the car in the direction opposite to Ouyang Hao's parking spot, and parked the car in the most inconspicuous corner of the garage.

Through the rearview mirror, Lin Yixun saw the Lotus sports car smoothly driving into the second-floor parking garage, and she breathed a long sigh of relief.

To avoid an unexpected encounter with Ouyang Hao in the elevator, she stayed in the garage for about fifteen minutes, thinking that even at a snail's pace, Ouyang Hao should have gone upstairs by now.

However, what she didn't expect was that shortly after Ouyang Hao went upstairs, he realized that there wasn't even a single bottle of mineral water left at home, so he went downstairs to the vending machine to buy a drink.

So, by a stroke of luck, they still ran into each other in the elevator.

When the elevator door opened and Ouyang Hao appeared in the doorway, Lin Yixun's body involuntarily tensed up.

She felt somewhat relieved that Xiao Yi Xun was upright in her arms, facing away from Ouyang Hao, so he couldn't see her face immediately.

Running into Lin Yixun in the elevator was not surprising for Ouyang Hao. After all, they lived on different floors of the same building, inevitably bumping into each other.

However, why was there a child in Lin Yixun's arms?

Chapter 595: Mom, I Miss Dad

Ouyang Hao's gaze lingered on Xiao Yi Xun for a few seconds before moving away.

Given that every encounter had ended unpleasantly, this time, they both treated each other as invisible, not greeting one another.

This made Lin Yixun feel somewhat relieved, but just then, the originally sleeping Xiao Yi Xun suddenly woke up.

She turned her little head and mumbled, "Mommy, are we home yet?"

Upon hearing this, Lin Yixun's heart skipped a beat, and she quickly covered her face with her hand.

"We're almost there, baby, be good."

"Oh." Xiao Yi Xun yawned and then lay back on Lin Yixun's shoulder, falling asleep again.

This scene happened to catch Ouyang Hao's eye. The man frowned slightly; when did Shi Yi have a daughter?

As far as he knew, Shi Yi had never been married. Could she be an illegitimate child?

Ouyang Hao thought about it and found it possible. In their circle, nothing was surprising.

Initially, Ouyang Hao wasn't interested in Shi Yi's private life, but seeing her tense expression, like she was facing a great enemy, he suddenly became a bit intrigued.

He was about to step forward to find out more, to see what the little girl looked like, but the elevator suddenly stopped.

To his surprise, as soon as the elevator doors opened, Shi Yi darted out like a frightened rabbit.

Ouyang Hao couldn't help but find it amusing. What was wrong with this woman? He wasn't a human trafficker; did she need to guard against him like a wolf?

Actually, although Shi Yi fled quickly, when she left the elevator, Ouyang Hao still caught a glimpse of Xiao Yi Xun's face.

He squinted his eyes, "Why does that child look somewhat familiar?"

...

Lin Yixun hurriedly left the elevator. Seeing that Ouyang Hao didn't follow, she couldn't help but breathe a sigh of relief.

It seemed he didn't notice anything.

As soon as they got home, Sister Yi's call came in, reminding her in a stern voice, "Miss Lin, although the little miss is out of the hospital, her cold isn't completely gone. To avoid recurrence, don't forget to give her the medicine before she goes to sleep. The medicine is in the outermost pocket of the luggage bag, each small packet is a single dose."

"Okay, I understand."

Xiao Yi Xun stood by, hearing most of Sister Yi's words, and upon hearing that she had to take medicine, her little face wrinkled up.

"Mommy, can I not take the medicine?"

"You can't do that."

Seeing the little one looking aggrieved and pitiful, Lin Yixun thought she'd better give her a little incentive, "If you take the medicine obediently, Mommy will take you to see dolphins and eat at Pizza Hut tomorrow, how about that!"

"Yes, yes!" Upon hearing about seeing dolphins and eating at Pizza Hut, Xiao Yi Xun cheered, "I've never seen dolphins or eaten at Pizza Hut. Daddy said it's junk food and wouldn't let me eat it."

Hearing this, Lin Yixun wavered slightly. Pizza Hut indeed wasn't suitable for children, but since she'd already said it, she couldn't take it back.

Oh well, eating it once in a while shouldn't be a big issue.

After dinner, Lin Yixun gave Xiao Yi Xun a bath and then coaxed her to bed.

Knowing that Xiao Yi Xun had a habit of listening to stories before bed, she had specifically bought a fairy tale collection when she went to the supermarket for groceries.

However, after finishing the story and tucking her in, she saw Xiao Yi Xun looking at her pitifully.

"What's wrong?"

"Mommy, I miss Daddy."
