

## Toxic Ex 606

### Chapter 606: Get Lost!

In the presidential suite, Chu Yue stared fixedly at the unconscious man on the bed, unable to resist reaching out to touch his extraordinarily handsome face.

"Brother Feng, don't blame me, I had no other choice. I love you so much, I couldn't just watch you marry someone else."

"I know you'll be angry when you wake up and realize I've plotted against you, but I'm not afraid, as long as I can become your woman."

As she spoke, Chu Yue reached out to unbutton Feng Chengyu's shirt. But just as her fingers touched the collar, the man who had been unconscious suddenly opened his eyes, and in the next moment, his hand fiercely grasped hers.

His gaze was as cold as ice, and the strength in his hand was astonishing.

Chu Yue felt the bones in her wrist being squeezed to the point of breaking, and she couldn't help but cry out in pain, "It hurts! Brother Feng, let go! Let go now!"

"You still feel pain?" The man narrowed his eyes dangerously. "You have the guts to plot against me?"

If it weren't for his cautious nature, detecting something unusual upon entering the room, he would have already fallen into her trap.

Feng Chengyu was very angry. In his life, the number of people who dared to plot against him could be counted on one hand. Chu Yue, this younger sister of Chu Feng, had quite the nerve.

Not only did Feng Chengyu not release his grip, he tightened it even more. "Do you know what happens to those who plot against me?"

Chu Yue shook her head fearfully.

Feng Chengyu made a gun gesture with his hand and pointed it heavily at his own forehead. His thin lips parted lightly, "They all die."

Upon hearing this, the blood drained from Chu Yue's face. "Brother Feng, but I love you!"

"Loving me gives you the courage to act so recklessly?" Feng Chengyu sneered. "If you weren't Chu Feng's sister, you wouldn't even have the chance to talk here. Get out, and don't ever show up in front of me again."

As the man released his grip, Chu Yue found her wrist dislocated. She laughed bitterly, "Is Feng Chengyu showing leniency by sparing my life?"

However, she still refused to give up, asking resolutely, "Brother Feng, do you like me, even just a little bit?"

"I don't like you. Not now, and never will." The man's answer was merciless.

"Then do you like Shi?"

The man's gaze shifted slightly before reverting to its usual coldness, "Whether I like her or not is none of your business."

Upon hearing this, Chu Yue's tears streamed down uncontrollably. Despite the pain earlier, Chu Yue hadn't shed a tear, but now she couldn't stop crying.

Feng Chengyu's answer was obvious. Shi Yi was his chosen one, and she had naively believed Shi Yi's words. Ha, what a joke... an arranged marriage for mutual benefit? She took herself for a fool.

Had Shi Yi wanted to make her retreat in the face of difficulties and took the opportunity to humiliate her? Yet she had foolishly fallen for her trick, truly believing she would help her.

Chu Yue turned slowly, her hand hidden under her sleeve clenched into a fist as she walked step by step towards the door.

She swore she would reclaim the humiliation she faced today from Shi Yi!

...

After Chu Yue took Feng Chengyu away, Lin Yixun began to feel anxious. This unease grew with time.

She tossed and turned in bed for ages, unable to fall asleep, until she heard the doorbell ring outside.

Through the peephole, Lin Yixun saw Feng Chengyu at the door. Her heart skipped a beat. Wasn't Feng Chengyu supposed to be with Chu Yue right now? Why was he here in the middle of the night?

Could it be...

#### Chapter 607: You're Just Taking Advantage of My Love for You

Lin Yixun noticed Feng Chengyu's face didn't look good and couldn't help but feel a bit guilty, but she still braced herself and opened the door.

"You... didn't Chu Yue send you back? Why are you here in the middle of the night?" Lin Yixun stammered.

Just as she finished speaking, the man abruptly grabbed her shoulders and then pushed her hard against the wall.

Her back hit the wall harshly, and Lin Yixun groaned in pain, but the man's cold voice overwhelmed her.

"Lin Yixun, are you still pretending now?"

"I... I don't know what you're talking about?"

"You don't know?" Feng Chengyu sneered, "Wasn't tonight's incident planned by you and Chu Yue together?"

With the man making things so clear, Lin Yixun could no longer feign ignorance. She lowered her head in guilt and softly said, "I'm sorry."

Lin Yixun's apology completely confirmed the man's suspicions. On the way over, he still harbored a sliver of hope that this matter was only Chu Yue's plan and that Lin Yixun was not involved. He never expected that Lin Yixun was indeed a participant.

"You actually conspired against me with someone else?" The man looked at her coldly, his eyes filled with both anger and pain.

In truth, what angered Feng Chengyu the most wasn't Lin Yixun's scheming, but that she had pushed him towards another woman without hesitation.

"Why did you do it?"

The grip on her shoulders was astonishingly strong. From Lin Yixun's impression, he was always cold and self-controlled; he had never been this angry.

Knowing that telling the truth at this moment was akin to adding fuel to the fire, Lin Yixun still forced herself to speak, "Because I don't want to marry..."

Just as Lin Yixun started to speak, before she could finish her sentence, a sudden gust of wind hit her face, and the man's iron-like fist came straight at her.

Feng Chengyu was a trained fighter, skillful and powerful. Lin Yixun could easily imagine that if that punch landed, she would be severely injured if not dead.

But Lin Yixun didn't dodge. This time, conspiring with Chu Yue was indeed her wrongdoing, she deserved this punch.

However, the intense pain didn't come. Lin Yixun slowly opened her eyes, and what she saw was a cold, stern face.

The man stared at her unblinkingly, his gaze sharp as a knife. Just when she thought he would tear her apart, she saw him speak in a listless voice.

"Lin Yixun, you're just taking advantage of my love for you!"

Feng Chengyu's words hit Lin Yixun's heart like a heavy hammer. She looked at him in disbelief, both shocked and helpless.

But the man no longer paid attention to her. He turned around and walked away, leaving her with a lonely silhouette.

Lin Yixun snapped out of her shock and tried to say something, but found that she couldn't utter a single word.

She never expected this outcome. She always thought that a man like Feng Chengyu would never easily fall in love, especially not with a divorced woman with children like herself.

But the truth caught her off guard. Just now, Feng Chengyu had personally told her he loved her.

She moved her steps in a daze, only to inadvertently see a smear of bright red on the wall.

Bloodstains on the pristine wallpaper; it was clear how furious Feng Chengyu must have been.

Lin Yixun was despondent. Feng Chengyu had every right to be angry. If this had happened to her, she would have been furious too.

Shortly after Feng Chengyu left, Lin Yixun's phone vibrated.

She took out her phone and saw a message from Feng Chengyu.

"As you wish."

#### Chapter 608: Do You Have No Shame?

Lin Yixun stared at that text message for a long time, her heart a mix of emotions. She achieved her purpose, she should be happy, but she couldn't feel any joy because she had inadvertently hurt Feng Chengyu.

She had thought that her marriage with Feng Chengyu was merely a matter of mutual need; Feng Chengyu marrying her was just to appease Old Madam Feng, so it didn't really matter who Feng Chengyu married.

Chu Yue was beautiful and had liked Feng Chengyu since childhood. Compared to her, the ulterior-motivated fiancée, Chu Yue was far superior.

Who knew she hadn't understood the situation at all, ending up doing a good deed badly.

She had calculated again and again but ultimately neglected one thing: Feng Chengyu liked her.

In fact, now that she recalled carefully, Feng Chengyu's feelings for her weren't that hard to detect, she just never wanted to believe or dared to believe.

In the end, she was too selfish.

Lin Yixun hesitated for a while, ultimately replying with a few words, "I'm sorry."

Although these words meant nothing now, to Lin Yixun, they were the only thing she could do.

This was destined to be a sleepless night; Chu Feng, upon learning of Chu Yue's outrageous actions towards Feng Chengyu, flew into a rage.

He wanted that girl to set her mind straight, but she ended up causing such a mess for him.

That evening, Chu Feng dragged Chu Yue out and gave her a thorough scolding.

"I told you to stop thinking about him, and yet you dared to pull such a stunt! You're a girl, do you not care about your own reputation?"

"I love Brother Feng, what's wrong with that!"

"You still don't see your fault?" Chu Feng couldn't stand it, "You say you love him, but does he love you? Using such despicable means, knowing he was about to get married, yet you shamelessly climbed into his bed. If this gets out, the Chu Family wouldn't be able to hold their head up for generations."

Chu Yue, having been harshly reprimanded by Chu Feng, lowered her head and silently shed tears. After a long while, she wiped the tears from her face forcefully, "Yes, what I did was disgraceful and vile, but that woman is deceitful and malicious! She's absolutely no good. Why should she get to marry Brother Feng?"

"You... still trying to justify yourself. I don't know what kind of person Shi Yi is, but I do know she is dear to Feng Chengyu. You colluding with her to scheme against Feng, did you know you were touching Feng's bottom line?"

Chu Feng took a deep breath, his gaze falling on Chu Yue's plastered left hand, "This time you're lucky, it's just a dislocated wrist. Next time you act recklessly, you might only end up making uncle and aunt mourn your death. You should be glad you are my sister."

Chu Feng was not exaggerating. If Chu Yue hadn't been his sister, if Feng Chengyu didn't consider their friendship, she would have been dead long ago.

Feng Chengyu hated being schemed against, especially when the one scheming was the person he loved. He couldn't bear to hurt Shi Yi, so he vented his anger on his foolish sister.

Chu Feng explained the severe consequences thoroughly, making Chu Yue feel a bit frightened. Her actions tonight were akin to licking blood off the blade.

The more she understood the dangers, the more scared she became, and her hatred for Shi Yi grew even stronger.

Shi Yi had been with Feng Chengyu for so long, it was impossible for her not to understand Feng Chengyu's personality. Yet she incited Chu Yue to seduce him, clearly wanting her dead, wasn't she?

Unexpectedly, that woman was so vicious!

#### Chapter 609: Bad Woman!

This night, Lin Yixun tossed and turned in bed, hardly getting any sleep. When she woke up in the morning, Xiao Yi Xun teased her about having panda eyes.

"Alright, Mommy has panda eyes, but my little princess's eyes are like stars, starry eyes."

Lin Yixun found that no matter how difficult things got, as long as she saw Xiao Yi Xun, all her worries would dissipate.

After breakfast, she put on Xiao Yi Xun's shoes, intending to take her to kindergarten, but at that moment, the doorbell suddenly rang.

Who could be looking for her at this hour? Could it be Feng Chengyu?

To her surprise, when she opened the door, it was Chu Yue standing there.

Lin Yixun suddenly remembered how unsettled she felt last night and had forgotten to ask Chu Yue about her situation.

"How was it? Did Feng Chengyu... did he give you a hard time last night?"

But the response she got was a loud slap, "You liar!"

Lin Yixun was stunned, momentarily confused. Her cheek stung with pain, but she wasn't angry or resentful; she just wanted to figure out what had happened.

"Chu Yue, I don't understand what you mean."

"Don't understand what I mean?" Chu Yue sneered, "Fine, I'll make it clear. Shi Yi, was this all part of your plan? From start to finish, you never truly intended to help me; you just wanted to humiliate me, to make me back off. Isn't that right?"

"Chu Yue, you've misunderstood me. I never had such thoughts, nor am I that despicable."

"Misunderstood you? Really? You knew Brother Feng liked you, yet you claimed you both were just using each other. He married you just to appease Grandma Feng and encouraged me to pursue him. Isn't that humiliating me? No, maybe your intention wasn't just that..." Chu Yue looked at her cast-covered wrist, her voice turning sharp, "Maybe you didn't just want to humiliate me; you wanted to destroy me."

"I didn't!"

"Didn't? Shi Yi, do you know what happened last night?"

Lin Yixun stared at her, remaining silent.

"If it hadn't been for my brother, I would have nearly died, died! My beloved Brother Feng actually tried to kill me, hahaha... He even said he never wants to see me again in this lifetime! Why? Why?"

Suddenly, a maniacal look flashed in Chu Yue's eyes as she took several swift steps forward and grabbed Lin Yixun's throat.

"It's you! All because of you! If it weren't for you, I wouldn't have ended up like this, and Brother Feng wouldn't hate me so much. It's you! All because of you!"

"Chu Yue, that's not how it is. Listen to my explanation."

"Explain what? You deceitful woman, I won't listen to your lies!"

When a woman goes mad, she's truly unreasonable. Lin Yixun struggled to pry Chu Yue's hands off, worried about hurting her cast-covered hand, fearing collateral damage.

Xiao Yi Xun saw Chu Yue choking Lin Yixun and rushed forward, her little fists pounding on Chu Yue's legs.

"Don't hurt Mommy! Don't hurt Mommy!"

Chu Yue got enraged by Xiao Yi Xun, glaring down angrily, "Brat, get lost!"

Xiao Yi Xun refused, crying and yelling, "Bad woman, bad woman! Don't hurt my mommy!"

Saying this, she bit down hard on Chu Yue's thigh.

With a scream of pain, Chu Yue's leg reflexively kicked out, sending Xiao Yi Xun's small body flying. In the next instant, her forehead unexpectedly smashed into the edge of the threshold behind her.

Chapter 610: Leukemia

Lin Yixun heard a loud "wah" cry and turned to look at Xiao Yi Xun, only to see blood all over her forehead and face.

Her heart tightened as she shouted at Chu Yue, "Chu Yue, the child is hurt, let go quickly!"

Chu Yue was brought back to her senses by the shout. She looked at Xiao Yi Xun and saw her face covered in blood. For a moment, she was at a loss, dazedly standing there as she let go.

What did she do? What had she done!

Lin Yixun hugged Xiao Yi Xun tightly in her arms, comforting her, "Baby, don't cry, baby, don't cry. Mommy will take you to the hospital, Mommy will take you to the hospital right away."

Xiao Yi Xun was very obedient, only cried a few times, and then stopped crying, but the wound kept bleeding profusely, shocking to see.

Lin Yixun roughly treated Xiao Yi Xun's wound but found that the wound on her forehead was still bleeding, even more furiously.

Lin Yixun didn't know what to do, so she had to hold her and rushed straight to the hospital.

When she stepped out of the elevator, Lin Yixun saw Chu Yue standing there.

Unlike her earlier hysteria, Chu Yue had calmed down a lot.

Even though she disliked Shi Yi, their grudges had nothing to do with the child. It was ultimately her fault for hurting the child.

She glanced at Lin Yixun expressionlessly and said, "It's inconvenient for you to drive while holding the child. I'll take you to the hospital."

Lin Yixun didn't have the luxury to think much and got into Chu Yue's car.

On the way, Lin Yixun tried various ways to stop the bleeding, but none worked.

What's going on?

Lin Yixun was very anxious, carefully observing Xiao Yi Xun's face. She saw her little face pale, her small eyes wide open, looking at her pitifully.

"Mommy, it doesn't hurt, not at all, so Mommy, don't worry."

The little one had lost so much blood but was still trying to comfort her. The more sensible she was, the more Lin Yixun's heart ached, and the more guilty she felt.

"It's all Mommy's fault. Mommy didn't take good care of you."

Seeing Xiao Yi Xun's forehead a mess of blood and flesh, Lin Yixun's heartache was indescribable. The child was so small and had lost so much blood. Besides the external injury, she didn't know if there was any damage to the brain.

When they arrived at the hospital, Lin Yixun registered Xiao Yi Xun for emergency care. The doctor examined the wound and took some X-rays.

"It's just a superficial wound, it didn't harm the brain."

"But why is my daughter's wound still bleeding? Doctor, what is going on?"

"We are not sure at the moment. We need to wait for the results to know more."

"When will the test results be out?"

"In two hours."

Two hours later, the doctor put down the report with a stern face and looked up at Lin Yixun, "What's your relationship with the patient?"

Upon hearing this, Lin Yixun's heart skipped a beat. She remembered when she got her mother's medical report, the doctor had also asked this question.

No, it couldn't be. She must be overthinking.

Lin Yixun opened her mouth and said quietly, "I am the child's mother."

"Since that is the case, I'll be honest. The report shows an abnormal white blood cell count, so we suspect the patient might have pediatric leukemia. However, we can't be sure yet and need to conduct further tests."

The doctor's words were like a thunderclap in Lin Yixun's mind. She stood there in a daze, feeling the world spin, and everything turned gray.
