

## Toxic Ex 616

Chapter 616: Why Should I Help You?

Chu Feng tentatively asked, "Should we let her in?"

But he was met with a cold glint in the man's eyes.

"Okay, okay, I didn't say anything."

Just as Chu Feng was deciding not to get involved, he saw Feng Chengyu suddenly stand up and stride out of the private room.

Although Lin Yixun struggled desperately, her arm couldn't overpower the bodyguard's strength, and she was dragged to the elevator entrance by two bodyguards.

At this moment, Feng Chengyu's calm and flat voice echoed through the corridor.

"Let her in."

The bodyguards received the order and nodded respectfully, "Yes, boss."

Lin Yixun pushed open the door to the private room. Besides Feng Chengyu, there were two pairs of men and women inside. One of the men she had seen not long ago, but she didn't recognize the others.

Seeing Lin Yixun come in, Chu Feng glanced at Feng Chengyu. He saw him lazily leaning on the sofa, legs crossed, with a cigar between his slender fingers. His cold and stern face was expressionless, making it impossible to discern his emotions.

The man raised his eyes, his cool gaze falling on Lin Yixun's face. The corners of his mouth curled into a faint, mocking smile, "I haven't even touched a single finger of yours, yet you're pregnant. Are you Holy Mary?"

"I'm not pregnant, I just wanted to see you."

"Wanted to see me?" The man lit his cigar, took a puff, and his sharp eyes softened slightly in the smoke, "Tell me, what do you want from me?"

Although they hadn't seen each other for a few days, Lin Yixun could clearly feel Feng Chengyu's indifference and distance towards her.

She had anticipated this outcome but still forced herself to speak, "Yixun is ill."

"What's it got to do with me?"

"She's very ill... I know you have wide connections. Maybe you can find a matching bone marrow, so..."

"So you came to me, wanting me to help you?" The man interrupted her.

"Yes." Even though she knew how shameful it was to say such things, she had no choice but to speak.

"You don't go to the child's father for help but come to me instead. Miss Lin, you really think highly of me."

"I..."

Feng Chengyu's words were not without reason. In terms of power and connections, Leng Yixiu was not inferior to him. However, in three months, Leng Yixiu had probably tried every possible way but still failed to find a solution.

Lin Yixun couldn't wait any longer. As long as there was a glimmer of hope, she wouldn't give up.

She knew Feng Chengyu's capabilities. Unlike Leng Yixiu, who had reservations, Feng would have more means and less scruples.

Lin Yixun looked up at him, lowered her voice, and said, "What happened last time was my fault; I apologize. But, for the sake of our acquaintance, could you help me this once? I beg you!"

"Beg me?" Feng Chengyu's lips curled into a cold smile, "Since you're here to beg, you should act like it. Miss Lin, shouldn't you show some sincerity?"

"What does Mr. Feng want me to do?"

"What to do?" Feng Chengyu rested his chin on his hand, pondering for a moment, then turned to ask Chu Feng, "Do you have any ideas?"

"Me?" Chu Feng was stunned, then gave a dry laugh, "I have no idea at all. Um... Yu, I just remembered I have some business to deal with at the company. I'll take my leave first."

Saying this, without waiting for Feng Chengyu's response, Chu Feng whisked his companion out quickly, while the other couple also found an excuse to leave the private room.

They were curious but knew it was wiser to stay out of such matters to avoid unnecessary trouble.

#### Chapter 617: Lin Yixun, You Know I Like You

For a moment, only Feng Chengyu and Lin Yixun remained in the private room. Feng Chengyu still had a calm expression, while Lin Yixun was filled with anxiety.

After a long silence, she finally repeated in a low voice, "What do you want me to do?"

As soon as she finished speaking, her wrist suddenly tightened.

Beneath her was the soft truth sofa, and before her was the man's aggressive handsome face.

The man's warm breath hit her face, mixed with the smell of alcohol and cigars. For some reason, Lin Yixun felt that his breath carried a burning heat, as if getting closer would scorch her face.

The man's long fingers lightly pinched her chin, and a rich yet cold voice came from above.

"Lin Yixun, you know I like you."

Lin Yixun was no fool and naturally understood what Feng Chengyu meant.

Her lips trembled. Even though she had prepared for the worst before coming, when the moment arrived, she still couldn't remain calm.

She didn't struggle or push Feng Chengyu away but took a deep breath. "Whatever you want, I can give it to you, as long as you help me."

"Heh... Lin Yixun, you don't even know if I can help you find what you're looking for, and you're already agreeing to my demands so easily. Aren't you afraid it'll all be for nothing?"

"I'm afraid, but I'm even more afraid of missing any chance to save Yixun. Even if the probability of you finding a matching bone marrow is only one percent, I'll still beg you because I can't lose her. She is my only one, my only family in this world."

"You are truly great." The man's handsome face suddenly approached.

"I'm just an ordinary mother."

"Alright, ordinary mother. Now, let me see your sincerity."

She didn't know if it was because of the cold or fear.

When Lin Yixun left the house, she was wearing a denim dress.

But just when she thought she was doomed tonight, the weight on her body suddenly disappeared.

A cold voice came from above her head, "Lin Yixun, is that what you think of me?"

#### Chapter 618: Whatever You Want, I Will Give It to You

Before Lin Yixun could understand the meaning in his words, the man had already turned around coldly and walked towards the door of the private room.

As he reached the door, the man suddenly stopped, turned back, and looked at Lin Yixun. "I will help you find the bone marrow. I don't want tonight's events to happen to anyone else."

Actually, when Lin Yixun came to him, he already guessed what her purpose was. Two days ago, he had learned about Xiao Yi Xun's illness.

When Lin Yixun begged him for help, a thought flashed through Feng Chengyu's mind, and that was to take revenge on her ruthlessly.

From childhood to adulthood, as long as it was something he wanted, he could easily get it with just a little effort. As the head of the Feng Group, no one had ever dared to defy him or refuse him.

But Lin Yixun not only defied him, she also schemed against him. Those who schemed against him never had a good ending. He should have dealt with her, but he couldn't bear to.

Even tonight, when he had made up his mind to teach her a harsh lesson, the moment he saw her spread out, trembling helplessly, he couldn't bring himself to do it.

Sometimes, he would ask himself, what is so good about this woman? Clearly, she is so stupid and stubborn.

But in the end, he still couldn't find an answer. He thought maybe he owed her in a previous life, so he had to repay her in this life.

Feng Chengyu mockingly curled his lips. What was happening to him? Clearly, he wasn't superstitious nor believed in fate.

Leaving Nightshade, Feng Chengyu called his assistant. "Do something for me..."

After giving all the instructions, he turned back and took a deep look in the direction of the VIP room. Lin Yixun, you actually don't need to beg me, as long as you want it, I will give it to you.

When Lin Yixun left Nightshade, it started to drizzle outside.

At this moment, Sister Yi called. "Miss Lin, where are you? When are you coming back? The little miss just woke up and cried a lot when she didn't see you. It took a while to calm her down, and she just fell asleep."

Hearing this, Lin Yixun's heart ached deeply. "I'll be back right away."

After hanging up, Sister Yi turned to Leng Yixiu beside her. "Miss Lin said she would be back soon."

Actually, it was Leng Yixiu who had her call. These days, due to Xiao Yi Xun's illness, the two of them were no longer as confrontational when they met, but the estrangement remained.

Although they saw each other frequently, there was almost zero communication between them.

Just now, Mr. Leng was uneasy because Miss Lin was still not back, so he asked Sister Yi to call her.

To this, Sister Yi felt a mix of emotions. Mr. Leng and Miss Lin had been entangled on and off for so many years, and now their child was already so big. Why couldn't they let go of those old grudges from the past!

Even if it's for the sake of the child or themselves, living a whole life filled with resentment and hatred is ultimately too painful.

When Lin Yixun returned to the ward, Xiao Yi Xun was already awake. Leng Yixiu was sitting by the bed, telling her a story. As he narrated, he patiently answered Xiao Yi Xun's questions.

"Daddy, why did Sleeping Beauty wake up when the prince kissed her?"

"That's because the prince broke the Queen's curse. Once the curse is broken, Sleeping Beauty naturally wakes up."

"Will I meet a prince in the future?"

"Of course, every girl will meet her own prince. Our little princess will definitely meet a prince who loves and cherishes you."

"Really? What will my prince look like? Will he be as handsome as daddy?"

#### Chapter 619: Heartless Man?

Leng Yixiu curved his lips into a smile, "Of course, my dear. Your daddy is definitely more handsome than any prince."

Lin Yixun listened to the dialogue between the two in the ward, a wave of sadness washing over her. Her precious child had to endure so much at such a young age. How unfair the heavens were!

She was determined to cure her, to let her grow up healthy and strong, and then watch her marry, have children, and live a happy life to old age.

When Xiao Yi Xun saw Lin Yixun walk into the ward, her heart filled with joy. She spread her arms wide, "Mommy, hug me."

Lin Yixun stepped forward and held her tightly, gently patting her back to soothe her, then asked with a smile, "What is our good little darling doing?"

"Daddy just told me the story of Sleeping Beauty. Mommy, have you heard it before?"

"Mommy has heard it before."

"Was it Daddy who told it to you?" Xiao Yi Xun asked.

Lin Yixun's face stiffened. She turned her eyes slightly to glance at Leng Yixiu and then averted her gaze. She shook her head at Xiao Yi Xun, "No, it was Mommy's daddy, your grandpa."

"Grandpa?" Xiao Yi Xun blinked her eyes. "Where is Grandpa? Why have I never met him?"

In her innocence, Xiao Yi Xun didn't realize she had mentioned someone who should not be mentioned.

Instantly, the atmosphere in the ward dropped to a freezing point.

Leng Yixiu's gaze moved slightly, his eyes fixed on Lin Yixun's face, where he saw the unmistakable trace of profound pain.

The issue with Lin Yixun's parents was an insurmountable chasm between them. He feared that in a moment of hatred, Lin Yixun would tell Xiao Yi Xun that it was indirectly his fault that her grandpa died.

"Grandpa has gone to heaven, so our little princess naturally cannot see him."

Upon hearing this, the man felt a sense of relief. He was grateful that Lin Yixun did not transfer her hatred onto the child.

"Mommy, why are your eyes red?"

"Mommy is fine. It's just a bit of sand in my eyes."

"Mommy, why do you get sand in your eyes so often lately? Let me blow it away for you."

Lin Yixun played with Xiao Yi Xun for a while, and before long, Xiao Yi Xun fell asleep.

"What did the doctor say?" Lin Yixun asked.

"Cen Lin has controlled the situation, there won't be any major issues for now."

"And the bone marrow?"

"The bone marrow matter can't be rushed, it depends on luck."

"Depends on luck?" Xiao Yi Xun's survival depended not on medical technology, but on luck?

"What if we don't have luck?" Her luck had always been bad; the heavens had never been on her side.

"Yixun, don't overthink it. You must be tired. I'll stay here tonight, you go home and rest!"

"I'm not going back. I want to stay with her."

"Lin Yixun, this is a long battle. It tests not only perseverance but also physical strength. In the future... it may get even tougher. If you collapse now, what will happen to Yixun?"

Lin Yixun knew that Leng Yixiu's words made sense, so she nodded.

She needed to conserve her strength to take good care of Yixun.

After a night of rest, Lin Yixun indeed felt better. She got up early to make meat porridge for Xiao Yi Xun. While browsing the internet, she inadvertently saw the news that "Feng Chengyu unilaterally dissolved their engagement."

With only one day left until their wedding, Lin Yixun didn't understand why Feng Chengyu waited until now to announce the dissolution of their engagement.

He didn't mention the reason for the dissolution, but took all the blame on himself.

People believed he was a heartless man who abandoned her, and the online comments were full of abuse.

Lin Yixun pressed down the lock button forcefully, staring at the now black screen, and whispered softly, "Feng Chengyu, by doing this, how can I ever face you with a clear conscience?"

#### Chapter 620: From Now On, We Have No Affiliation Whatsoever

Time flies, and more than half a month has passed in the blink of an eye.

Xiao Yi Xun's condition is temporarily under control. The little one is clamoring to go to kindergarten, and Lin Yixun thought maybe going back to school would make her happier.

She consulted Cen Lin, who also agreed that given her current health, as long as no accidents occurred, it should be fine for now.

Leng Yixiu did not object to this suggestion either.

In the past few days, Lin Yixun had stopped bringing up the issue of custody. For her now, it didn't matter much who the child stayed with. As long as the child was healthy, she wouldn't oppose even if Leng Yixiu wanted to take full custody.

On this day, after dropping Xiao Yi Xun at kindergarten and watching her walk in with her friends, Lin Yixun smiled warmly.

She turned to leave but then spotted Feng Chengyu's figure in the distance.

Lin Yixun paused, hesitated for a moment, but decided to walk over.

"What are you doing here?"

"I came specifically to see you." This time, Feng Chengyu did not use the usual excuse of "just passing by".

Upon hearing this, Lin Yixun's heart fluttered and she cautiously asked, "Did you find a bone marrow match for Yi Xun?"

"It's not certain yet, but I need to go to Mexico personally. I'm here to say goodbye."

Even though Feng Chengyu's answer wasn't definitive, Lin Yixun couldn't hide her inner excitement.

She opened her mouth but didn't know what to say for a moment. In the end, she only managed a dry, "Feng Chengyu, thank you."

Despite how she had treated him, he had given his all to help her. This made her feel deeply ashamed, yet she had no choice but to shamelessly accept his help.

Feng Chengyu looked at her deeply, his thin lips parting lightly, "This is the last time I'm helping you. From now on, we have nothing to do with each other."

Lin Yixun's fingers trembled slightly as she lowered her eyes and said quietly, "Okay."

At that moment, Feng Chengyu's driver approached respectfully and said, "Boss, we should go."

The man nodded, took one last look at Lin Yixun, and turned coldly toward the stretch Lincoln in the distance.

After getting into the car, the driver looked at the man in the back seat through the rearview mirror, hesitated for a moment, and finally couldn't help but speak, "Boss, why didn't you tell Miss Lin the truth?"

"She only needs the result. Why should I burden her with anything else?"

"But you..."

"Li Shuo, you are overstepping."

Upon hearing this, the driver instantly fell silent.

Lin Yixun watched Feng Chengyu leave until his car disappeared among the thousands of vehicles.

What Feng Chengyu brought her was undoubtedly a huge piece of good news.

Although Feng Chengyu said they were still unsure if the bone marrow was a match for Yi Xun, based on Lin Yixun's understanding of him, it was likely already a sure thing.

However, for some reason, Feng Chengyu's appearance made her feel a vague unease.

In the past, no matter how far he traveled, he never said goodbye to her. Why did he do so this time?

Also, the way he looked at her just now, besides his usual aloofness, there was something else she couldn't quite decipher.

What was it?

Lin Yixun drove back to Shengde Hospital, and as soon as she got out of the car, her phone suddenly rang.

She took out her phone and saw an unfamiliar number.

Thinking it was a spam call, she hung up without a second thought. But as she reached the elevator, her phone rang again.

After a moment of hesitation, she answered the call, "Hello, who is this?"

"Shi Yi, it's Chu Feng. Is Chengyu with you?"
