

Toxic Ex 631

Chapter 631: I Just Want Her to Live Well

The man left the master bedroom without any hesitation after throwing down those words.

Watching Leng Yixiu's departing figure, Lin Yixun painfully covered her face and collapsed weakly to the ground.

Leng Yixiu wasn't wrong; right now, she was just like a socialite, equally cheap, equally shameless.

But, even though she had proactively climbed into his bed, he still didn't want her. Was it because his willpower was too strong? Or was it, as he said, because he despised her? Or perhaps for some other reason?

...

After leaving the apartment, Leng Yixiu drove to the hospital. By the time he arrived at the ward, Xiao Yi Xun was already asleep, and Sister Yi was alone, leaning against the bedside, dozing off.

Hearing the footsteps, Sister Yi woke up with a start and said, a bit guiltily, "Sir, you're here?"

"Did you give Lin Yixun the key to the apartment?"

"Yes, sir." Sister Yi noticed the man's unpleasant expression and knew she had probably angered him, so she steeled herself and said, "It was all my decision, sir, you can punish me. But there's one thing I don't understand: why didn't you accept Miss Lin's proposal?"

In Sister Yi's view, if Leng Yixiu and Lin Yixun had another child together, it would be a perfect solution. The umbilical cord blood could save Xiao Yi Xun and might also mend the broken relationship between Leng Yixiu and Lin Yixun. Why was sir so adamant in refusing?

"Sister Yi, there are some things you don't understand." Leng Yixiu didn't pursue further about Sister Yi giving the apartment key to Lin Yixun, after all, she simply wanted to help them out of kindness.

Not long after Leng Yixiu arrived at the hospital, Lin Yixun also returned to the ward.

The words the man said to her in the apartment still echoed in her ears, leaving Lin Yixun at a loss for how to face him.

She slowly approached the bedside, gently caressing Xiao Yi Xun's cheek, her whole heart softening, though the soft heart was mixed with excruciating pain.

The man stood not far from her by the floor-to-ceiling window. From the moment Lin Yixun walked into the ward until now, they hadn't exchanged a single glance, nor had they spoken, until Lin Yixun's voice broke the silence in the room.

"Leng Yixiu, if anything happens to Yixun, I will hate you for a lifetime!"

The man's back stiffened suddenly. After a long silence, Lin Yixun heard his sneer, "Haven't you always hated me to the bone? What's one more bit of hate?"

Thus began their cold war, although Lin Yixun never showed any sign of it in front of Xiao Yi Xun.

That day, Lin Yixun was feeling physically unwell. Sister Yi suggested she go home, saying she would take care of things at the hospital. Lin Yixun thought it wouldn't help if she kept pushing herself and might even infect the child with her cold, so she agreed.

She had just left the hospital when she suddenly remembered a test report she hadn't given to Cen Lin, so she turned back.

However, when she reached the ward door, she suddenly stopped in her tracks. Through the ajar office door, she saw Leng Yixiu's figure.

They seemed to be discussing something, presumably about Xiao Yi Xun's condition.

These days, the relationship between Lin Yixun and Leng Yixiu had hit rock bottom; they avoided each other as much as possible.

So, Lin Yixun only stood at the door without entering. But she hadn't expected that Cen Lin would mention her name during the conversation.

"Do you really not plan on telling Lin Yixun the truth?" Cen Lin asked.

"Whether she knows or not doesn't matter; I just want her to live well."

Chapter 632: Is Mom Going to Have a Little Brother for Me?

Yixun is her only relative in this world, and Leng Yixiu knows what Lin Yixun means to her.

"From what I know about her, even if she knows she shouldn't get pregnant, she would still take the risk without hesitation."

"But if you tell her the truth, at least she won't hate you..."

As they were talking, the office door was pushed open by Lin Yixun.

She slowly raised her eyes to look at Leng Yixiu, and bitterly smiled, "So this is the reason you don't want to? But, Leng Yixiu, I am responsible for my own body, whether I want to have a child or not is my own decision, why do you think you can decide for me?"

"Yixun... I just..."

"Just don't want me to be in danger, right? Leng Yixiu, do you know what I really want? If Yixun dies, I wouldn't continue to live in this world either, do you understand?"

Saying so, Lin Yixun turned her gaze to Cen Lin and asked in a low voice, "Miss Cen, given my current condition, what are the risks of having a child?"

"I'm sorry, childbirth has many variables and uncontrollable factors, I can't give you a definite answer."

"Since it's uncertain, does that mean there's also a chance of success?"

Cen Lin said in a serious tone, "Yes, if all conditions are favorable, there is also the possibility of both mother and child being safe."

"Then that's good." Lin Yixun suddenly curled her lips into a smile and turned to look at Leng Yixiu, "Leng Yixiu, would you be willing to take a gamble with me?"

"Lin Yixun, let's wait a little longer, maybe soon we'll find a bone marrow match."

"Wait, why do you always say wait? Our daughter can't wait any longer! Leng Yixiu, I'm telling you, Yixun and I are one life now. If she lives, I live; if anything happens to her, I will go with her!"

Lin Yixun had said everything so definitively that Leng Yixiu had no other choice.

He gave her a deep look, his thin lips lightly parting, "Fine, I agree with you, we'll have another child. But I have one condition, you must condition your body for another month."

"There's nothing wrong with my body."

"I'm not negotiating with you." The man said coldly.

Seeing this, Cen Lin spoke up, "Conditioning your body for a month would make it easier to conceive, and the child would be healthier, which benefits both the mother and the baby. Besides, if your body isn't well conditioned, there's a high risk of miscarriage. Miss Lin, I understand your concerns. Right now, Xiao Yixun's condition is stabilized temporarily, so if everything goes smoothly, there is still time."

Lin Yixun thought about it, and Cen Lin's words made sense. If she rushed, she might end up doing more harm than good.

During the following month, as Cen Lin said, Leng Yixiu found a renowned traditional Chinese medicine doctor to specifically regulate Lin Yixun's body. Every day, Lin Yixun had to drink several large bowls of Chinese medicine.

Lin Yixun had hated taking medicine since she was a child, especially Chinese medicine. Every time she drank it, her stomach churned, but she had to endure it because the medicine wouldn't work if she vomited it up.

Xiao Yixun watched as Lin Yixun faced drinking Chinese medicine as if going to battle, staring at the dark substance in the bag, and asked, "Mom, what are you drinking?"

"This is Chinese medicine."

"Are you sick, Mom?"

"No, I'm just trying to regulate my body."

"Oh..." Xiao Yixun seemed to understand but then suddenly blurted out, "But why did Sister Yi say that you're drinking medicine to have a little brother for me?"

Chapter 633: Travel

Lin Yixun's face changed slightly, then she smiled and said, "So, does our little Xiao Yi Xun want Mommy to give you a baby brother?"

Xiao Yi Xun nodded, but then shook her head vigorously, "I prefer a baby sister. If Mommy gives birth to a baby sister, we can play with Barbie dolls together."

Lin Yixun couldn't help but laugh. A child's world is truly innocent. No matter what happens, they remain carefree.

Lin Yixun lovingly patted her head and said, "Alright, Mommy will have a baby sister for you."

"Yay, that's great! I'm going to have a baby sister!"

When Leng Yixiu came in, he heard the little one cheering excitedly. Xiao Yi Xun saw Leng Yixiu come in and quickly shared the good news with him.

"Daddy, Mommy said I'm going to have a baby sister."

Leng Yixiu glanced at Lin Yixun by the bedside, then shifted his gaze away and walked to Xiao Yi Xun, picking her up in his arms.

"Today, has my little darling been good and listened to Auntie Nurse?"

Xiao Yi Xun nodded, "Daddy, I've been very good. Just now, when Auntie Nurse gave me an IV, my hand got a huge lump, but I didn't cry."

As she spoke, Xiao Yi Xun extended her right hand to show the back of her hand to him.

The man looked down and saw a big bruise on her small hand, with a large swelling.

His heart ached as if pricked by a needle. He held her tighter and planted a deep kiss on her forehead.

"Our little princess is the bravest. Once you get out of the hospital, Daddy will take you to play at the beach."

"Daddy, when can I get out of the hospital?"

"When your body gets better, you'll get out."

"I'm already better."

"It's not up to you, Aunt Cen has to say you're well enough before you can be discharged."

Xiao Yi Xun took Leng Yixiu's words to heart. Each time Cen Lin came to the room for her routine checkup, she would ask, "Aunt Cen, can I get out of the hospital today?"

But every time, she got the same answer, "Not yet, Xiao Yi Xun has to listen to Auntie Nurse to get better quickly."

So, every time Auntie Nurse came to give her an injection, she would endure without crying, and even swallowed the bitter pills obediently.

She had to be good, so she could get out of the hospital sooner and go play at the beach faster.

In the blink of an eye, a month had passed. This day, Xiao Yi Xun received good news: she would be discharged tomorrow.

Xiao Yi Xun was so happy she nearly flew.

"Daddy, I'm really going to the beach, right?"

"As long as you are as good after discharge as you were in the hospital, Daddy will take you." Leng Yixiu said with a smile.

"Will Mommy come with us?"

Leng Yixiu paused slightly and looked at Lin Yixun, who was not far away and making some warm water for her, "You need to ask Mommy about that."

"Mommy, will you go to the beach with us?"

"Wherever my little princess is, Mommy will be there too. Mommy will definitely go with you."

"Really?" Xiao Yi Xun batted her eyelashes.

"When has Mommy ever lied to you?"

"Yay, yay!"

Xiao Yi Xun jumped up with joy. Leng Yixiu's heart tightened, and he quickly stepped forward to protect her, preventing her from falling off the bed.

The next day, Leng Yixiu completed the discharge procedures for Xiao Yi Xun. After leaving the hospital, the three of them headed straight for the airport.

Assistant Chen handed over the tickets and luggage in front of the man and said, "Sir, here are your and Miss Lin's luggage and tickets. I've also confirmed the hotel arrangements. Have a great trip."

Chapter 634: Facing Dawn and Dusk

As soon as the three landed, a designated person greeted them. The guide was a young man, probably in his twenties, with dark skin that made him look slightly like a Chinese. He was very enthusiastic.

"Hello President Leng, I am Xiao Zhou, the guide arranged by Mr. Chen to take care of your accommodations, meals, and transportation during these few days."

Saying that, Xiao Zhou took the luggage from Leng Yixiu's hands, "The car is parked outside the airport, please follow me."

"Is your surname Zhou?"

"Yes, I am of Chinese descent. My grandfather's generation came here searching for gold, though they didn't find any, they settled here. Although our family has been living here for many generations, we haven't forgotten the heritage left by our ancestors. Everyone in our family speaks Mandarin."

Lin Yixun nodded understandingly and followed Xiao Zhou into an off-road vehicle.

While driving, Xiao Zhou introduced the local customs and landscapes. He was very talkative but without being annoying, Lin Yixun finally understood why Assistant Chen chose him as their guide.

This was Xiao Yi Xun's first time traveling such a long distance, and with both her parents accompanying her, the child was extremely excited, despite feeling a bit tired from the long flight.

Suddenly, Xiao Yi Xun pointed out the window and shouted excitedly, "Mom, mom, I see the sea! Wow, it's so beautiful!"

"This sea here is not the most beautiful. When we go out to the island tomorrow, the sea there will be stunning." Xiao Zhou said with a smile.

"Really?" Xiao Yi Xun asked.

"Really! Little one, uncle will take you there tomorrow, okay?"

Listening to the conversation between the older one and the little one, Lin Yixun's lips curved into a gentle smile. She wished for Xiao Yi Xun to always be carefree and grow up healthy and happy.

She subconsciously glanced at Leng Yixiu beside her. He was calmly gazing out the window with an indifferent expression, making it hard to tell what he was thinking.

After a long day of traveling, they decided to rest at the hotel for the night. That night, Lin Yixun and Xiao Yi Xun stayed in one room, while Leng Yixiu stayed in the room next to theirs.

The next morning, Leng Yixiu was awakened by a knocking at the door. He turned over and got out of bed to open it, only to find Lin Yixun standing at the doorway holding Xiao Yi Xun's hand.

As he had just gotten up and hadn't changed, Leng Yixiu was only wearing a pair of CK underwear, causing Lin Yixun to instinctively avert her gaze from his nearly naked body.

However, Xiao Yi Xun seemed unphased. She walked into the presidential suite, pouting and said, "Dad, why did you just get up now? The sun is almost going to toast your butt."

Xiao Yi Xun's words made Leng Yixiu laugh. He gently pinched her nose, "Who taught you that phrase?"

"Sister Yi taught me. She used to say that when she woke me up."

After explaining, Xiao Yi Xun noticed Lin Yixun still standing at the door and asked, "Mom, why aren't you coming in?"

"I will wait for you at the door."

Confused, Xiao Yi Xun stepped out to the doorway, looked up at Lin Yixun and said, "Then I will wait outside with you."

After having breakfast at the hotel, the three boarded a yacht with Xiao Zhou.

The yacht sailed for an endless time on the boundless sea until a small island appeared on the water's horizon.

One side of the island was surrounded by Red Forest, and beyond the forest was the azure sea, its water an enchanting blue, breathtakingly beautiful.

Chapter 635: The More Beautiful the Dream, the Easier It Is to Break

This island is famous for the surrounding Red Forest and white sand beaches, and Xiao Yi Xun prefers the latter.

As soon as she reached the beach, Xiao Yi Xun excitedly ran towards the white sand beach.

"Slow down, slow down!" Lin Yixun followed closely behind her, afraid she might fall.

"Mom, come quick, there are so many beautiful shells here!"

Lin Yixun walked slowly up behind her and saw her hands already full of shells.

Since Xiao Yi Xun couldn't carry them all, she handed some to Lin Yixun for safekeeping.

Wherever Xiao Yi Xun hopped and jumped on the beach, Lin Yixun would follow.

The azure sky, the ocean as deep as gemstones, and the Golden Coast illuminated by the sun. People and scenery blended so perfectly together, it felt almost unreal in its beauty.

Not far away, Leng Yixiu watched the big and small figures on the beach, feeling his heart soften.

This scene, he had dreamed of countless times; every time he woke up in the dead of night, he realized it was just a dream. But at this moment, his dream had come true, and he could hardly believe it.

The corners of Leng Yixiu's lips lifted involuntarily, but then fell again, a hint of worry appearing between his brows.

The more beautiful something is, the more fragile it tends to be. What could he do to protect this rare beauty?

Suddenly, not far away, Xiao Yi Xun's excited voice rang out, "Daddy, daddy, come and see!"

Upon hearing this, the man quickly walked towards the big and small figures nearby.

It turned out they had built a small castle on the beach.

Xiao Yi Xun glanced at the castle on the ground, her small face full of pride, "Daddy, I built this castle all by myself."

"Mommy didn't help?" the man asked with a smile.

"Mommy said she couldn't, I have a clumsy mommy." Xiao Yi Xun said with an expression of disdain.

Leng Yixiu was amused by Xiao Yi Xun's small expression and turned to glance at Lin Yixun, laughing, "Mommy is not clumsy, Mommy is very clever."

"Then... why can't she build a castle?"

"There's a saying that everyone has their own expertise. It's normal that Mommy can't."

"What does 'everyone has their own expertise' mean?" Xiao Yi Xun looked curious.

"It means that everyone has something they are good at," Leng Yixiu patiently explained.

Listening to the conversation between father and daughter, Lin Yixun realized that she had never known Leng Yixiu could be so patient with children.

He wasn't a good husband, but she had to admit, he was a good father.

She thought, even if one day she was unfortunate enough not to be here, Leng Yixiu would still be able to take good care of Xiao Yi Xun.

Seeing Lin Yixun's pale face, Xiao Yi Xun softly said, "Mommy, don't be sad. It's not a big deal not to know how to build a castle. I'll teach you."

Lin Yixun squatted down, gently stroking her head, her eyes tender but filled with sorrow.

Xiao Yi Xun is so young, how could she be so understanding?

That evening, they didn't return to the hotel where they stayed the previous night but stayed at a hotel on the island instead.

The hotel was by the sea, and when the windows were opened, there was the ocean. Even past the beach, they could smell the sea breeze.

After finishing his shower, Leng Yixiu was surprised to see Lin Yixun appear in the suite.

Since she had stepped into this door on her own initiative, Lin Yixun had no right to be pretentious.

She looked up at Leng Yixiu, bit her lip, and then said in a deep voice, "Leng Yixiu, my body is now fully recovered."
